atmospheric GCM, global river runoff, global atmospheric GCM, river runoff, 05136. carbon transport, suspended sediment, dissolved solid, surface water quality, flood, precipitation event, hydrochemistry, dissolved organic carbon, El Nino/Southern Oscillation event, Argentina, Parana River; 11025. channel, tide, estuary, salt-wedge, shoaling, Canada, British Columbia, Fraser River; 02324. compound channel, channel flow estimation, lateral distribution of flow, river channel, velocity, 05164. electrical conductivity, water temperature, isotopic analysis, aquifer characteristic, spring, Madagascar; 02904. flood probability, flow regime, fluvial regime, basin characteristic, topography, river regime, Spain, Soria, Duero River; 02841. flood, sedimentation, suspended sediment, Belgium, Meuse River; 08698. flow regulation, sediment load, sand deposit, campsite, vegetation, USA, Arizona.Grand Canyon National Park, Colorado River; 02313. groundwater quality, fertilizer, manure, contaminant concentration, surface water quality, hydrological model, nitrogen soil model, phosphorus soil model, local surface water model, Netherlands, Hupselse Beek; 06326. ice, daily stream flow, winter ice condition, stream flow record, Canada; 13441. inflow rate, outflow rate, surface water groundwater interaction, groundwater lake system, groundwater exchange, solute transport model, stable isotope plume, flow model, recharge, USA, Wisconsin; 08773. karst aquifer, weathering budget, aquifer, system mixing, chemical flux, 06044. long distance correlation, correlation, fluvial event, temperate zone, channel pattern, sediment facies, deposition rate, braided river, meandering, anthropogenic disturbance, agriculture, 11840. nutrient, biogeochemical process, stratification, sea water, estuary, halocline, salinity, fresh water sea water interface, Yugoslavia, Krka River; 11680. organic matter, macrophyte, standing stock, USA, Idaho, Snake River; 10517. organic matter, production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, nutrient, inflow river, carbon, nitrogen, phosphorus, Japan, Lake Kasumigaura; 11020. pore water chemistry, salt marsh, solute transport, marshland, tidal marsh, groundwater, 04120. rainfall, soil loss, landuse, suspended sediment, sediment yield, soil erosion, transported sediment, urban watershed, humid tropics, Zaire, Lubumbashi; 08700. runoff model, snow storage, glacier, mass balance, mountain basin, melt water, 08788. soil texture, land cover, biogeochemical cycling, land surface atmosphere interaction, climate modelling, basin model, anthropogenic effect, impoundment, landuse change, climate change, hydrologic process, soil water, evapotranspiration, runoff, Africa, Zambezi River; 12275. suspended sediment, hydrologic regression model, ungauged watershed, sediment yield model, Ethiopia, Atbara River; Sudan, Blue Nile River; 12840. tidal range, braided pattern, dredging, port, estuary, China, Changjiang Estuary, Shanghai; Hangzhou Wan, Shanghai; 01218. topography, landuse, loess region, solute transport, suspended sediment, sediment transport, Belgium, Burdinale River; 08699. triggered lightning, lightnining, stroke, length bound, 11159. water chemistry, antecedent precipitation, multivariate model, solute behaviour, acid stream, episodic stream, Germany, Black Forest; 08734.
discharge assessment
compound channel, floodplain roughness, channel geometry, boundary shear force, total shear force, stage discharge curve, floodplain width, channel width, floodplain height, water depth, roughness coefficient, 05163.
discharge calculation method
steady flow, uniform flow, channel hydraulics, main channel, flood plain, shear stress distribution, 01662.
discharge capacity
flow resistance, overbank flow, cross sectional geometry, boundary roughness, river channel, flood, compound channel modelling, hydraulic geometry, 05180.
discharge characteristics
peak discharge, quick flow, storm flow, suspended sediment, sediment concentration, watershed study, watershed pretreatment, forest hydrology, land management, basin stability, USA, California, Caspar Creek; 06382.
discharge data
sea-level change, global sealevel rise, tidal gauge, geodetic levelling, China, Changjiang River; 11990.
discharge depth equation
flow retardation, flood flow, vegetation, overland flooding, erosion control, flow equation, Manning n, strip cropping, Australia; 07461.
discharge drainage area power function
slope drainage area power function, spatial uniformity of power, altitudinal geometry, river network geometry, 08695.
discharge drainage area relationship
base flow, stream flow, topography, elevation, groundwater flow, gravity flow, regional discharge, Canada, Alberta, Plains Region; 07471.
discharge drawdown relationship
aquifer characteristic, hydrogeology, transmissivity, storage coefficient, groundwater flow, leakage coefficient, water chemistry, recharge, USA, Florida; 11117. groundwater management, multiple aquifer system, karst aquifer, groundwater flow model, conjunctive management, storage coefficient, transmissivity, specific yield, China, Taiyuan City; 11129. rectangular confined aquifer, steady state flow, pumping test analysis, groundwater flow, finite element method, 11053.
discharge effluent
nitrous oxide, lightning production, discharge excited species, 09071.
discharge excited species
discharge effluent, nitrous oxide, lightning production, 09071.
discharge forecasting
onchocerciasis, monitoring network, telemetry, river discharge, stream flow, hydrological data, flood, computer model, Togo; 06300.
discharge hydrograph
flood wave, flow behaviour, water depth hydrograph, dam break, wave formation, 12177. snowmelt temperature index model, drainage network, infiltrability index, storage, runoff modelling, snowmelt runoff, infiltration, frozen soil, variable source area model, lake water, Canada, Quebec; 01746.
discharge measurement
stream flow, turbulent stream, salt tracer dilution, current meter, stage discharge relationship, dilution gauging, irregular channel geometry, microcomputer system, 08668. weed bed, stream flow, open water, velocity estimation, water velocity, water plant, 05154.
discharge pH relationship
aluminium speciation, organic forest soil, surface water quality, acidification, acid stream, 13388.
discharge playa
playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, gypseous dune, dune, aridity, dune building, sedimentological evidence, magnetostratigraphic evidence, groundwater discharge, Australia, Northern Territories, Amadeus Lake; 13105.
discharge plume
Landsat data, plume morphology, suspended sediment, estuary, river discharge, USA, Louisiana, Mobile Bay; 05823.
discharge process
subsurface water, hydrogeomorphological characteristic, hillslope, piping, slope failure, valley head hollow, 08392.
discharge profile
unsteady flow, flood reconstruction, computer aided reconstruction, mathematical model, flood protection, Switzerland, Reuss Valley, Reuss River; 05158.
discharge rate
climate event age, climate event origin, Younger Dryas, Dye 3 ice core, preboreal chronozone, melt water pulse IB, deglaciation, Greenland; 08430. selenium flux variability, oil effluent, surface water quality, sewage treatment, chemical speciation, residence time, riverine discharge, USA, California, San Francisco Bay; 08750.
discharge ratio
bed morphology, tributary:main channel discharge ratio, river dynamics, channel confluence, sediment transport, scour depth, junction angle, 08704.
discharge recurrence interval
base flow, gravel bed river, channel capacity, bankfull stage, Belgium; 08701.
discharge surging
moraine formation, subglacial sedimentation, glaciolacustrine sedimen-

tation, rapid sedimentation event, glacial Lake Agassiz, esker, subaqueous fan, drainage network instability, Canada, Ontario; 09575.
ischarge variability
stream flow, runoff, water balance equation, 13319.
ischarge variation
river, bedrock permeability, water retention, spatial variability, stream flow, slope, Poland; 00517. sedimentary sequence, palaeohydrology, Warta Valley Research Project, valley floor morphology, palaeochannel pattern, alluvial sedimentary sequence, chronology, Poland, Warta River; 11851.
ischarge-depth equation
roughness coefficient, channel flow, earthlined channel, Mannings formula, flow capacity, flow resistance, submerged vegetation, 13330.
ischarge-drawdown relationship
boundary effect, pumping test, drawdown, confined aquifer, unsteady state flow, 01712.
ischarge-duration pattern
intermittent streamflow, variable flow, stream discharge, river classification, perennial streamflow, Nigeria; 02839.
iscolouration
organic iron complex, catchment hydrology, chemical composition, environmental genesis, hydrological process, iron complex, reservoir hydrology, water colour, surface water quality, 13353.
iscomfort index
physiologic equivalent temperature, weather, climate, illness, death, bioclimatology, urban environment, smog, heat wave, 02037.
iscontinuity
finite volume scheme, numerical dissipation, piecewise parabolic method, numerical technique, 01795. stratigraphy concept, Quaternary stratigraphy, stratigraphical record, 06072.
iscontinuous gully
allometric pattern, gully erosion, agricultural land, reclamation capability, forest clearance, Romania, Moldavian Hills; 01517.
iscontinuous permafrost
in situ determination, formation density, ice volume distribution, permafrost mound, gravimetric data, topographic data, gravity estimation, volume ice fraction, Canada, Quebec; 01455. Little Ice Age, permafrost, aerial photograph, rock glacier, permafrost, Switzerland, Alps, Wallis, Turtmanntal; 03917. periglacial, geomorphology, permafrost, freezing, thawing, weathering, soil temperature, rock temperature, Switzerland, Alps, Wallis, Unterrothorn; Gornergrat; 06199. radon measurement, permafrost distribution, USA, Alaska; 07286.
iscontinuous permafrost zone
permafrost, terrain, monitoring, pipeline, buried oil pipeline, impact, Canada, Alberta, Northwest Territories; 05041. slope, aspect, biophysical energy budget, surface energy budget, soil temperature, boreal forest, soil degree day, USA, Alaska; 13182.
iscontinuous profile
wind, temperature, gravity wave, atmospheric simulation, eigenvalue equation, dynamic stability, three layer model, 12434.
iscrete angle radiative transfer
albedo paradox, fractal cloud, 06441. fractal, cloud, analytical nonlinear doubling mapping, 06440. optical media, cloud, scattering, 06439.
iscrete state data
binary pattern, Morrison Formation, Jurassic(Upper), latent facies mapping, USA, Kansas; 09478.
iscretisation
design methodology, Hough transform, 13801.
iscriminant analysis
diurnal curve, tropospheric ozone, coniferous forest, cluster analysis, USA; 12544. forecast, 11273. nutrient, geographical zone, lagoon, surface water quality, ammonium, nitrate, phosphate, sampling strategy, classification method, contiguous grouping, France, Herault, Thau Lagoon; 09824. sample, stochastically classified, 02118. stochastic supervision, logistic-normal stochastic supervision, 04514. taxonomic land classification, stream, land classification, surface water quality management, watershed classification, multivariate technique, factor analysis, cluster analysis, 05281. timber harvest area, forest road, dogged area, linear discriminant function, bootstrapping, prediction bias, erosion risk, forest land, USA, California; 02724. validation, geohydrological hypothesis, karst spring, hydrograph, spring, hydrochemistry, decisional statistics, France, Charente, La Rochefoucauld Karst System; Lussac Springs; France, Fontaine de Vaucluse Spring; 13065.
iscriminant function
mode boundary detection, unsupervised classification, 03309. projection pursuit, pattern classification, 06729.
iscriminant function analysis
shelf, sand, shoal deposit, Quaternary(Upper), tidal current, circulation pattern, USA, Virginia, Lower Chesapeake Bay, James River; 09343.
iscriminating
texturally similar till, multivariate technique, Rainy lobe, late Wisconsin advance, Superior lobe, sedimentological parameter, principal component analysis, USA, Minnesota; 03880.
iscrimination
biomass, remote sensing, vegetation, agriculture, spectral consideration, stress, 12754.
iscussion meeting
abstract, radiocarbon dating, app'ication, 01416.
isease
health care, statistical map, map, 04583.
isease atlas mapping
cancer registry, statistical method, 10356.
isease distribution
EDIS, cattle disease, Africa, (East); (South); Africa, (Central; 09253.
isease pathogeny
endemic disease atlas, epidemiological characteristics, atlas, China; 08844.
isinfectant
bacteria, virus, protozoan cyst, by product, groundwater treatment, water purification, ultraviolet technology, ultraviolet disinfection, potable water, USA; 00641.
disintegration
hyphae expansion, quartzite, chelation, weathering, lichen, magaliesberg quartzite, Lecidea aff. Sarcogynoides, weathering pit, South Africa; 02710.
disjunctive kriging
salinity estimation, soil salinity, Israel, Bet Shean Valley; 02793.
disjunctive tectonics
lithology, geological structure, weathering, Poland, Gory Swietokrzyskie, Klonow Range; 03722.
disk modulo allocation
partial match retrieval, multiple key hashing file, 10337.
Disko stade
marine limit, equilibrium line altitude, palaeoclimatic implication, Holocene(Early), glacier advance, raised beach, Godhavn stade, Greenland, West Greenland, Disko Island; 07280.
dislocation model
crustal deformation, leveling network, longitundinal valley fault, plate motion, GPS satellite survey technique, 04900.
dislocation zone
fault breccia, tensiional fault, drainage pattern, fault, carbonatite, neotectonics, India, Western Meghalaya, Nongchram; 08371.
dispatch
automatic vehicle, location system, navigation system, Canada; 13984.
dispersal
Belcher Island erratic, flow pattern, Laurentide ice, erratic, Keewatin ice, Hudson dome concept, indicator erratic, ice-flow pattern, historial review, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.
dispersal pattern
heavy mineral, source rock, foreset bed, glaciolacustrine delta, delta, USA, Connecticut, Lake Quinebaug; 00026. palaeocurrent, Cretaceous, sandstone, cross bedding, transgression, India, Gujarat; 11726.
dispersal train
till composition, glacier marginal area, continental glacier, erratic, USA, Iowa; Massachusetts, Cape Cod; Canada, Ontario, Port Albert; 06121.
dispersibility
crop rotation, clay dispersibility, aggregate surface area, aggregate diameter, antecedent water content, Australia; 08568.
dispersible clay
root exudate, corn, bromegrass, soil stability, wet aggregate stability, 05067.
dispersion
advective-diffusive transport, area source, 03230. argon, wind tunnel, gravitational settlement, recirculation, 03063. arid zone soil, clay dispersivity, structural stability, aluminium oxide, iron oxide, organic matter, flocculation, 08570. buoyant particle, boundary layer, inversion, plume rise, convection, 01999. coastal aquifer, layered aquifer, solute transport model, freshwater-saltwater interface, groundwater flow, transition zone, 01714. complex terrain, tracer transport, Gaussian model, USA, California; 04459. complex terrain, wind tunnel, sulphur hexafluoride, 02002. convection dispersion equation, surface water quality, velocity gradient, mechanical dispersion, pollutant transport, mixing, river pollution, pulse disposal, 11019. convection, contaminant transport, model calibration, groundwater quality model, sulphate, heavy metal, aquifer pollution, electricity production, landfill, waste disposal, Denmark; 11058. Crank Nicolson solution, numerical method, Fourier analysis, Eulerian Lagrangian, least squares collocation method, transport, time stepping, advection, 05279. density gradient, ebb tide, flood tide, tidal variation, estuary, UK, England, Tamar Estuary; 03540. deposition, forest soil, ECCES model, air pollution, contaminant transport, 11101. dilution, saline slug, electrical conductivity logging, in-well tracing, groundwater flow, contaminant migration, transmissive fracture, in-well flow, vertical flow, 00594. elevated source, stack, turbulent boundary layer, numerical calculation, 12371. equiconcentration, equipotential line, 2D-FED model, sea water encroachment model, groundwater flow, coastal aquifer, leaky aquifer, salt water intrusion, 05226. fracture network, groundwater flow, contaminant migration, percolation, random walk model, 09879. Galerkin's method, molecular diffusion, salt water intrusion, coastal aquifer, fresh water-salt water interface, 04118. geostatistical simulation technique, hydraulic conductivity, micro dispersion, transport model, groundwater flow, aquifer model, conductivity distribution, sandy aquifer, particle size analysis, 09887. gravity flow, tracer, urban dispersion, plume dispersion, residential neighbourhood, diffusion, 04428. groundwater flow, vadose zone, transient water flow, solute transport, solute transfer function model, 00588. hexametaphosphate, kaolinite, sand, sodium adsorption ratio, hydraulic conductivity, 12988. Lagrangian velocity, Eulerian velocity, convection dispersion equation, heterogeneity, groundwater flow, 05225. Landsat TM, satellite image, diffusion, plume, 13533. mass balance fracture aperture, solute transport, aperture variability, fracture, groundwater flow, tracer, parallel flow, convergent flow, transport time, 08771. mass transfer, viscous fingering, non-uniform flow, granular media, porous media, contaminant transport, groundwater flow, fluid viscosity difference, 07567. meso scale feature, complex terrain, higher-order closure, tracer experiment, 06503. mixing, jet phase module, nitrogen oxide, plume, power plant, 06605. model calibration, transverse dispersivity, solute transport model, chloride plume, transient flow, groundwater flow, longitudinal dispersivity, 09908. mountain stream, lithium tracer, transient storage, acidic stream water, surface water quality, stream tracer, solute transport, advection, USA, Colorado, Montezuma, Snake River; 01681. nitrogen oxide, emission, nitrogen dioxide, urban pollution, road, motor vehicle, 00860. non linear chemistry, Damkohler number, time scale, model, plume measurement, nitrogen oxide, chemically reactive plume, 11319. parameter identification, solute transport, unsaturated soil, groundwater flow, soil moisture characteristic, unsaturated conductivity, hydrodynamic dispersion, optimisation method, 05208. plume model, cooling tower, diffusion, integral model, electrical generation, 12364. plume, pollution, dispersion model, Cross-Appalachian Tracer Experiment, tracer transport, 02045. pollutant transport, advection, diffusion,

channel flow, reach back characteristics method, 12200. pollutant, valley, complex terrain, wind tunnel modelling, 13693. pollution level, plume trapping, stable flow, on shore flow, Canada, Ontario, Hamilton; 11196. porosity saturation variation, Peclet number, saturated flow, unsaturated flow, groundwater flow, one dimensional flow, mass transport equation, Galerkin finite element method, convection, 07526. residential distribution, carbon monoxide, sulphur dioxide, nitrogen dioxide, air quality, particulate matter, exposure estimate, emission, Norway, Oslo; 01995. roughness, turbulence, urban boundary layer, 03077. sea breeze front, air quality, turbulence, pollution, photochemical product, nitric acid, 00758. solute transport, groundwater flow, heterogeneous porous formation, spatial moment, ergodicity, 01721. solute transport, saturated soil, physical non equilibrium model, groundwater flow, adsorption, 04105. solute transport, volatilisation, organic compound, infiltration, unsaturated zone, groundwater contamination, vapour phase transport, 11076. sulphur hexafluoride, pollution transport, complex terrain, tracer transport, Greece, Thriassion Pedion; Athens; Greece, Mount Aegaleo; 01990. terrain following coordinate system, interpolation, wind field, 04196. thermodynamic equilibrium, chemical reaction, hazardous material, complex behaviour, materials submodel, 13740. topography, fluid dynamic model, complex terrain, meso scale feature, 06502. unsteady flow, cation transport, groundwater flow, unsaturated flow, adsorption, ion exchange, 06343. wind tunnel modelling, accidental release, safety analysis, heavy gas, 13700. wind tunnel study, turbulent dispersion, hill, upwind point source, neutral flow, topographic impact, 10087.

dispersion and deposition model
nuclear accident, Chernobyl, radar data, surface observation, Meteosat imagery, numerical weather prediction, precipitation analysis, Europe; 05325.

dispersion climate
transport, temperature stratification, wind field, cold air, Switzerland; 13554.

dispersion coefficient
Monin-Obukhov length, sodar, pollution meteorology, acoustic sounding, inversion, thermal structure, Pasquill stability, Richardson number, 05496. pollutant dispersion, mathematical simulation model, sewage discharge, time of decay, surface water contamination, Argentina, Buenos Aires, Rio de la Plata; 13355. pollution, dust, Gaussian dispersion model, particulate matter, respirable size range, 04417.

dispersion condition
control measure, emission scenario, smog episode, sulphur dioxide, nitrogen oxide, sulphate, nitrate, transport model, 07831.

dispersion equation
three dimensional flow, one dimensional flow, advection-dispersion equation, solute transport, groundwater flow, advection equation, 04110.

dispersion model
caesium-137, nuclear weapon testing site, radionuclide, marine environment, scenario, impact assessment, Pacific, French Polynesia; 11316. coastal region, complex terrain, sea land breeze circulation, Eulerian numerical model, diffusion, pollutant, mesoscale model, boundary layer model, China, Bohai Sea; 07691. complex terrain, plume, terrain roughness, pollutant transport, terrain roughness, 08960. Cross-Appalachian Tracer Experiment, tracer transport, dispersion, plume, pollution, 02045. emissions model, landfill, dust, wind speed, pool evaporation, 04454. Gaussian distribution, vertical velocity distribution, planetary boundary layer, updraught, 03057. mesoscale feature, complex terrain, operational model, Doppler sodar, 06501. meteorological model, explicit treatment, cloud, regional model, sulphur, Scandinavia; 11341. odour concentration, peak to mean concentration ratio, stability class, wind speed, Gaussian plume, 01993. ozone, sea breeze, emission, nitric oxide, urban atmosphere, photochemical air pollution, Greece, Athens; 03150. plume downwash, turbulence, USA, Alaska, Prudhoe Bay; 04462. receptor model, trace metal, inorganic anion, factor analysis, pollution, Hong Kong; 03170. soiling, particulate, carbon, transport, emission inventory, building surface, particulate elemental carbon, diesel emission, smoke, 13722. solute transport, chloride distribution, wetland, vertical water flux, salinity, subarctic marsh, coastal marsh, subsurface water flux, advection, Canada, James Bay; 09852. sulphur dioxide, Gaussian plume model, Australia, Victoria, Latrobe Valley; 01994. traffic density, vehicular traffic, Gaussian plume, carbon monoxide, Kuwait; 13729. transition zone, groundwater level, tide, saltwater intrusion, coastal aquifer, freshwater-saltwater interface model, Japan, Gogo Island; 02912. tritium, subsurface storage, mobile water, retardation factor, hydrogeological parameter, flow model, environmental isotope, groundwater flow model, fissured rock catchment, fractured rock aquifer, Germany, Harz Mts; 05214. uncertainty model, source, emission estimate, Monin-Obukhov similarity theory, Gaussian plume model, 12511. wet removal process, chemical cloud model, cloud chemistry, cloud microphysics, scavenging, 02008. wind fluctuation, turbulence, tall stack, Gaussian dispersion model, on line model, 13530. wind tunnel experiment, pollution, motor vehicle pollution, 01987.

dispersion modelling
air quality, offshore dispersion, coastal dispersion, 01983. inversion, operational prediction, prediction, daytime mixed layer, mixed layer heights, 12365. nitrogen oxide, trajectory model, power station, motor vehicle, emission, pollution, UK; 04424. personal computer, air quality, 05499. principal components analysis, chemical mass balance, receptor, 01998. surface heat flux, mixing depth, sodar observation, wind profile, turbulence profile, diffusion meteorology, dispersive state, boundary layer, 08957.

dispersion models
Lagrangian chain model, Markov chain model, turbulent system, forest, canopy, 12355.

dispersion parameter
effluent, sulphur dioxide, Mathura refinery, monsoon, winter, stack, India, Agra, Taj Mahal; 11384. wind speed, turbulent diffusivity, stability, surface roughness, 02005.

dispersion patchiness
advection, velocity field, solute cloud, tidal flow, diffusion, shear, Wadden Sea; North Sea, Western Scheldt Estuary; 08144.

dispersion process
sedimentation process, resuspension process, turbulence, Lagrangian modelling, 08145. unsaturated media, variable flow field, plume dispersion, mixing, numerical model, three dimensional method, solute transport, groundwater flow, saturated media, heterogeneous flow system, random walk particle method, advection process, 08776.

dispersion rate
wind tunnel, tracer gas, homogeneous surface roughness, heterogeneous surface roughness, surface roughness, heavier than air gas dispersion, roughness, entrainment rate, 10024.

dispersion regime
groundwater flow, viscosity gradient, density gradient, miscible displacement, mechanical dispersion, pollutant transport, 09899.

dispersion test
soil aggregate, soil stability, infiltration, aggregate stability, rainfall energy, Australia, South Australia, Mount Lofty Ranges; 12054.

dispersion treatment
particle size distribution, carbonate, calcareous soil, Austin soil series, Rio Grande soil series, Victoria soil series, sodium saturation, sonication treatment, soil carbonate, USA, Texas; 10921.

dispersive behaviour
structural stability, hardsetting soil, soil structure, tillage, Australia, Western Australia; 12053.

dispersive erosion
soil morphology, topography, Entisol, panspot, sodium affected landscape, USA, North Dakota; 10898.

dispersive loessial soil
mass movement, tunnel-gully erosion, loess stabilisation, chemical stabilisation technique, New Zealand, Canterbury, Banks Peninsula; 01400.

dispersive soil
nitrite alkaline composition, soil modification, corrosion, 08575.

dispersive state
boundary layer, dispersion modelling, surface heat flux, mixing depth, sodar observation, wind profile, turbulence profile, diffusion meteorology, 08957.

dispersivion
effective porosity, water quality, groundwater flow, transport model, fractured till, contaminant migration, water quality, landfill, dilution, sorption, radioactive decay, diffusion coefficient, 07548.

dispersivity
coastal aquifer, salt water intrusion, concentration profile, mixing zone, convection dispersion equation, groundwater quality, transverse dispersivity, fresh water salt water interface, groundwater flow, 09902. geochemical mixing cell model, water displacement, Gapon selectivity, ion chromatography, multicomponent transport modelling, transport model, fresh water salt water interface, groundwater chemistry, salt water displacement, 12255. groundwater flow, inverse problem, pore geometry, solute transport, solute flux, permeability, porosity, specific surface, biofilm growth, porous medium, 06375. groundwater flow, unsaturated zone, macrodispersivity, heterogeneous soil, Dagans formulae, advection, lateral mixing, solute transport, 13397. matrix diffusion, parameter estimation, tracer test, solute transport, groundwater contamination, fissured media, porosity ratio, 09867. solute transport, porous tuff, groundwater flow simulation, hydraulic conductivity, fracture transmissivity, fracture flow, 12245. three dimensional aquifer, water concentration variability, heterogeneous aquifer, groundwater modelling, 08779.

displacement
automated generalisation, automated line reduction, line morphology, 00976. Hope Fault, earthquake, offset moraine, slip rate, Quaternary(Late), New Zealand, North Canterbury, Glynn Wye; 00239.

displacement height
roughness length, surface roughness, wind velocity, boundary layer, USA, Kansas, Flint Hills; 03075.

displacement transducer
segregational potential, field frost heave measurement, prediction, seasonal frost, time domain reflectometry, Konrad-Morgenstern theory, cumulative frost heave, frost heave, Canada, Ontario, Ottawa; 01454.

display utility
marine borehole data, geotechnical data, borehole data, query utility, three dimensional borehole, Beaufort Sea; 13905.

disposal facility
regional planning, pilot project, data layer, waste storage, USA, Vermont; 13974.

disposal management
parameter identifiability, coupled inverse problem, groundwater modelling, waste water disposal, 08775.

disposal system
sewage, pollution, waste water, Greece, Saronikos Gulf, Athens Sea Outfall; 12905.

disproportionation
organic matter, redox, sedimentation, sulphur, oceanic water, reduction, oxidation, 05942. transformation pathway, bacteria, electron flow, reduction pathway, sulphur, oxidation, Denmark, Kattegat; 09460.

disruption index
aggregate index, particle size distribution, soil disruption, soil texture, size class, 10915.

disseminated calcite
quartz vein, Birrimien schist, aquifer model, volcano sedimentary schist, calcite, hydrogeological model, Burkina Faso; 06367.

dissimilarity measure
symbolic clustering, clustering, 13794.

dissipation
planetary wave critical layer, equivalent barotropic framework, potential vorticity, 04266. shallow water equation, energy conservation, potential enstrophy dissipating, enstrophy, 11251.

dissipation rate
diffusion coefficient, turbulence, middle atmosphere, 11137.

dissipative system
dynamic equilibrium, general system theory, Davis, geomorphological system, geomorphology history, erosion cycle, 11829.

ssociation
ion pairs dissociation, solubility product, calcite, 05931. lake water chemistry, lake water quality, pH, salinity, hydrolysis, USSR, Pamir, Lake Sasykkul; 00538.
ssociation constant
estuarine water, carbonic acid, 09340.
ssolution
acidification, surface water chemistry, aluminium exchange, cation exchange fractionation, organically complexed aluminium, organic matter, ionbinding reaction, adsorption, 13386. breccia, evaporite, Belle Roche breccia, Visean, Belgium; 02406. burial temperature, feldspar, reservoir, albite, potassium, sandstone, sodium, Norway, Norwegian Shelf; 02474. carbonate, bioturbation, sea water, pore fluid, reduction rate, USA, Florida, Florida Keys; 02456. cement, Eocene, hydrocarbon exploration, porosity, limestone, Qatar, Fahaihil; 03620. cement, pore water, adsorption, diffusion, diagenesis, 12959. feldspar, organic solute, weathering rate, microorganism, 03924. foraminifer, turbidite, pelagic sediment, Pleistocene, Pliocene, Indian Ocean, ODP Hole 708C; Mascarene Plateau, ODP Hole 708C; 03577. goethite, hematite, iron oxide, akaganeite, 04865. groundwater, cap rock strata, subrosion, collapse breccia, salt dome, 03610. hydrogeology, karst hydrogeology, phreatic cave system, drainage conduit, carbonate rock, spring, doline, submarine spring, palaeocave system, peneplain, uplift, low sea level, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526. iron oxide, ammonium oxalate, 01556. ligand, humic acid, complexation, water quality, kaolinite, 12971. nonaqueous phase liquid, groundwater flow, water contamination, toluene, mass transfer, aqueous phase velocity, particle size, nonaqueous phase fluid saturation, multiphase flow, 09898. Oligocene, sandstone, Frio Formation, provenance, volcanic debris, heavy mineral, USA, Texas, Rio Grande Province; 04849. pelagic zone, sedimentation, pteropod, shell size, East Greenland Current, Norwegian Current, Norwegian Sea, Lofoten Basin; Greenland Sea, Lofoten Basin; 02442. Permian, apatite, phosphate, diagenesis, aluminium phosphate, sandstone, Mitterberg Formation, hinsdalite, Austria, Northern Calcareous Alps; 02446. phosphorus sink, calcium sink, Gafsa, phosphate rock, 07363. porosity, burial depth, sandstone, feldspar, China, Songliao Basin; 10510. precipitation, burial, limestone, stratiform, stylolite, 04809. precipitation, carbonate, arid soil, calcrete, desertification, Morocco, Ksabi Basin; 13096. precipitation, turbulent motion, calcite solution, liquid solid interface, reaction rate, karst terrane, mass transfer model, 10719. sedimentation, carbonate, skeletal remains, trench, turbidite, Pacific, Palau Trench; Japan Trench; 12885. SEM, hornblende, weathering, 01555. silica, diagenesis, opal, pore water, solubility, marine sediment, 05941. subsidence, karst, gypsum, Kirschberg Evaporite Member, evaporite, solution breccia, USA, Texas, Gillespie County, Fredericksburg; 02347. uranium, vadose, phreatic, cement, fresh water, groundwater, Bahamas, Bahama Bank, South Joulters Cay; 02351.
ssolution basin
pebble flattening, limestone pebble, calcrete, Morocco, Moulouya, Ksabi Basin; 09627.
ssolution cave development
carbonate platform, halocline, sea cave, bioerosion notch, Ghyben-Herzberg lens, mixing zone, carbonate diagenesis, flank margin model, Bahamas; 00317.
ssolution effect
sedimentation process, oxygen isotope, carbonate dissolution, Pleistocene, winnowing effect, Pacific, Ontong Java Plateau; 08450.
ssolution front
mechanism, chemical weathering, mudstone, mountainous area, oxidation, pyrite, oxidation front, Japan; 01487.
ssolution kinetics
karst aquifer, limestone, model, simulation, karst evolution, breakthrough time, Germany; 02557.
ssolution mechanism
kinetic, chemical weathering, B horizon, spodosol, weathering rate, chemical weathering rate, USA, Maine; 12019.
ssolution method
rare earth element, riverine input, crustal abundance, diagenesis, marine sediment, 04872.
ssolution precipitation process
environmental fate, water table contamination, nuclear waste disposal, groundwater monitoring, radionuclide mobility, sampling technique, 05235.
ssolution rate
artesian flow, cave origin, cave morphology, limestone cave, flow route, wall retreat rate, sinkhole recharge, maze cave, ramiform cave, 06043. decomposition, organic carbon, oxygen, carbonate system, sea water, Pacific, (North); 10638. deep sea sediment, carbon dioxide, oxygen, calcium carbonate, Pacific, (North); 05869. dolomitic marble, marble, rainfall, solution rate, pollution, acid rain, anthropogenic influence, Greece, Thessaloniki; Plagiari; 10821. electrical conductivity, alabastrine gypsum, flow velocity, water quality, hydrochemical factor, dissolution rate, gypsiferous rock, flowing water, Spain, Ebro River Basin; 06047. gypsiferous rock, flowing water, dissolution rate, electrical conductivity, alabastrine gypsum, flow velocity, water quality, hydrochemical factor, Spain, Ebro River Basin; 06047. microwave oven, field weathering study, earth science teaching, reaction, kinetic, weathering, geology student, 03923. weathering rate, microorganism, percolation lysimeter, rate, laboratory study, lysimeter study, chemical weathering, feldspar, Sweden, Svartberget; 09625.
ssolution spike
climate optima, glacial maxima, differential dissolution, Pleistocene, oxygen isotope record, calcium carbonate, preservation spike, Pacific; 03867.
ssolved Air Flotation
filtration, sedimentation, water treatment, surface water quality, eutrophication, potable water, South Africa; 05195. micropollutant, taste problem, odour problem, surface water quality, eutrophication, potable water, sedimentation, filtration, South Africa; 07503.
ssolved aluminium species
thermodynamic computer model, oxalic acid, pore water, groundwater contamination, aluminium speciation, podsolisation, WATEQ, GEOCHEM, 11066.
dissolved carbon
particulate carbon, carbon transport, ion flux, mineral transport, nitrogen, global river transport, Canada, St. Lawrence River; Northwest Territories, Mackenzie River; USA, Alaska; USA, Alaska, Yukon River; USSR, Yenisei River; USA, St. Lawrence River; USA, Yukon Territory, Yukon River; 12212.
dissolved compound
salt rejection, ice lensing, soil deformation, solute rejection, freezing soil, 08506.
dissolved flux
ocean, planktonic foraminifer, uplift rate, accumulation rate, marine sedimentary record, tectonism rate, strontium isotopic composition, sea water, chemical weathering rate, 05049.
dissolved free amino acid
cycling, amino acid, anoxic sediment, sediment-water interface, pore water, USA, North Carolina, Cape Lookout Bight; 05952. flow path, soil water chemistry, dissolved organic carbon, riparian zone, UK, Wales; 04093.
dissolved gas
groundwater origin, argon, nitrogen, water quality, USA, Appalachian Mountains; 11077.
dissolved inorganic carbon
isotopic content, tritium, groundwater resdience time, carbon-14 dating, groundwater chemistry, karst aquifer, tufa formation, Yugoslavia; Czechoslovakia; 04143. tracer, ocean, carbon dioxide, phosphate, alkalinity, oxygen, 08895.
dissolved inorganic nitrogen
on site sewage disposal, surface water-groundwater interaction, surface water quality, septic tank, waste disposal, coastal surface water, ammonium, nitrate, soluble reactive phosphate, 04080. soil water chemistry, forest soil, inorganic nitrogen, nitrate leaching, nitrogen loading, surface water quality, bulk precipitation, throughfall, stem flow, nitrogen flux, spruce forest, UK, Wales, Beddgelert; Plynlimon; UK, England, Cumbria, Kershope; 11098.
dissolved load
suspended load, denudation, hydrological year 1986, system, spatial variation, chemical denudation rate, mechanical denudation rate, Poland, Pomerania, Parseta catchment; 08327.
dissolved material
soil erosion, sediment transport, sediment generation, sediment deposition, suspended sediment, Sweden; 07139. suspended sediment, Andean drainage basin, sediment transport, Argentina, Rio de la Plata; Bolivia, Paraguay River; Bolivia, Pilcomayo River; Bolivia, Bermejo River; 09815.
dissolved matter
suspended matter, BOD, COD, surface water quality, self purification, dissolved oxygen, nutrient, Poland, Lupawa River; 02872.
dissolved metal
particle water metal exchange, metal exchange, estuarine chemistry, surface water chemistry, residence time, trace metal, fresh water residence time, first order chemical reaction, chemical equilibrium modelling, kinetic model, 08751.
dissolved organic carbon
acidic soil water, soil water chemistry, peat soil, groundwater quality, iron, calcium, sodium, magnesium, aluminium, UK, Scotland; 01732. acidification, phosphorus, nitrogen, oligotrophication, secci depth, sulphur treatment, sodium sulphate treatment, lake water quality, catchment treatment, Sweden, Gardsjon Lake; 13345. alkalinity level, particulate form sediment, copper, mine related discharge, sedimentation, surface water quality, sediment, suspended load, Papua New Guinea, Fly River System; 08755. bog, peatland, spatial variation, temporal variation, specific conductance, hydrogeochemistry, fen, USA, Wisconsin, Crystal Bog; 02829. bomb radiocarbon, pelagic organism, carbon cycling, organism, Pacific, (North); 02468. carbon removal, carbon flux, surface water quality, Canada, Quebec, Moisie River; 04065. carbonate, dilution by runoff water, microbial mineralisation, lake water quality, organic acid, alkalinity, volcanic eruption, USA, Washington, Mount St. Helens; 06304. El Nino/Southern Oscillation event, discharge, carbon transport, suspended sediment, dissolved solid, surface water quality, flood, precipitation event, hydrochemistry, Argentina, Parana River; 11025. forested hillslope, colloid-mediated contaminant mobility, groundwater quality, preferential flow path, contaminant transport, 02921. humic substance, acid surface water, aluminium binding, ionic charge balance, surface water quality, pH, chemical speciation, 13365. land management, forest catchment, moorland, peat soil, seasonal variation, surface water quality, UK, Scotland, Loch Fleet Catchment; 02961. leachate, organic acid, hydrophilic acid, hydrophobic acid, carboxylic, lake, USA, Maine; 09457. liquid chromatography, groundwater dating, recharge zone, groundwater residence time, gas chromatography, mass spectrometry, carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, geochemical evolution, 04141. metal bioavailability, trace metal, sea water, ecotoxicology, analytical chemistry, 09476. nitrate, calcium, phosphorus, solute retention, stream, abiotic sorption, surface water quality, uptake rate, biotic sorption, sediment, USA, Oregon, Cascade Mountains; North Carolina, Appalachian Mountains; 11021. nitrogen, phosphorus, nonpoint-source pollution, agricultural pollutant, urban pollutant, nutrient, USA, Florida, Indian River Lagoon; 13364. organic acid, aluminium hydroxide complex, carbonic acid, neutralising capacity, acidification, sulphur treatment, sodium sulphate treatment, surface water quality, acid speciation, forested catchment, Sweden, Gardsjon Lake; 13383. particulate organic carbon, carbon cycle, pollution, sewage, waste water, Egypt, Alexandria, Eastern Harbour; 10586. radiocarbon dating, carbon isotope, geochemistry, pore water, clay soil, organic carbon, carbon cycle, glacial till, solid organic matter, Canada, Alberta, Western Interior Great Plains; 09900. rain water, snow, atmospheric deposition, acid, heavy metal, carbon, nutrient, pollutant, wet only sampler, ecotoxic heavy metal, Netherlands, Yerseke; 09043. redox zone, amino acid, sedimentation rate, organic matter, interstitial water, Tyrrhenian Sea; 00186. riparian zone, dissolved free amino acid, flow path, soil water

chemistry, UK, Wales; 04093. silicon, acid neutralisation capacity, surface water quality, acidification, longitudinal variation, chemical flux, subsurface flow path, acidic surface runoff, concentration-discharge relationship, hydrogen, inorganic aluminium, USA, New Hampshire, Hubbard Brook Experimental Forest; 04089. soil solution, land management, iron, aluminium, UK, Wales; 02806. subarctic fen, fen, skin flow, throughfall, soil water, surface water quality, evaporanspiration, Canada, Quebec, Schefferville; 07506. tracer, surface water quality, acidification, runoff water chemistry, organic rich catchment, Birkenes model, 13395.

dissolved organic matter
aliphatic acid, sulphate mobility, forest soil, 03970. black water, coastal stream, fulvic acid, electrical conductivity, hydrogeochemistry, humic fraction, inorganic fraction, surface water quality, USA, South Georgia, Little River; 12196. humic river, water colour, surface water quality, flow regime, fluorescence, iron transport, Finland, Gulf of Bothnia; Kiiminkijoki River; 06320. humus, surface water quality, bioavailability, organic pollutant, boreal water, Finland; 13367. napropamide, sorption, 02771. soil characteristic, catchment characteristic, surface water quality, adsorption, soil clay, clay content, Australia, South Australia, Retreat Valley; Mount Lofty Ranges; Australia, South Australia, Lawless; 13357.

dissolved organic phosphorus
lake water, phytase, phosphate release, soluble reactive phosphorus, UK, Northern Ireland, Lough Neagh; 09333.

dissolved oxygen
acetate, propanoate, butanoate, carboxylic acid, drainage water quality, sediment, drainage channel, hypoxic sediment, eutrophic channel, gas chromatography, 04135. ammonium, surface water groundwater interaction, water quality, exchange flow, channel, hyporheic zone, nitrate production, concentration gradient, 07508. biological denitrification, nitrate:chloride ratio, nitrous oxide, aquifer microcosm, carbon addition, groundwater quality, nitrate reduction, USA, Georgia, Claiborne Aquifer; 13432. BOD, surface water quality, nitrogenous BOD, biological oxygen demand, pollutant, nitrifying bacteria, China, Lee River; 13368. chemical oxygen demand, surface water groundwater interaction, petroleum exploration, industrial pollutant, surface water quality, groundwater contamination, geopollutant, ionic concentration, biochemical oxygen demand, India, Godavary River; 11023. contaminant plume, bacterial growth, heterotrophic activity, chemical gradient, vertical sampling, microbiological gradient, groundwater quality, unconfined aquifer, nitrate, organic compound, specific conductance, USA, Massachusetts, Cape Cod; 13434. groundwater chemistry, selenium contaminated aquifer, Rhodazine-D colorimetric technique, low level dissolved oxygen, USA, California, Kesterson Reservoir; 02924. monitoring, irrigation water quality, wastewater reservoir, BOD, organic contaminant load, water column, transparency, chlorophyll, Israel; 04163. nutrient input, sewage treatment, eutrophication, lake water quality, Swiss lake, lake restoration, phosphorus reduction, Switzerland; 13339. nutrient, dissolved matter, suspended matter, BOD, COD, surface water quality, self purification, Poland, Lupawa River; 02872. nutrient, zooplankton, sediment, metal, NERC research programme, survey station, station measurement, temperature, salinity, North Sea; 11603. oxygen distribution, estuary, surface water quality, probabilistic random function model, geostatistical modelling, Italy, Taranto, Mar Piccolo; 13361. oxygen, ammonia, toxic pollutant, pollutant, water quality, sewer overflow, storm water runoff, urban pollutant, surface water, Netherlands, Amstel-en Gooiland; 13352. pH, lake water quality, canopy formation, macrophyte, USA, Washington State, Bull Lake; Keevies Lake; 09823. phosphate release, lake water quality, eutrophication, catchment characteristic, nutrient source, lake characteristic, 02862. riparian vegetative shading, greenhouse warming, water temperature, water quality, surface water quality, USA, (Southeast); (South Central); 05191. risk evaluation, water quality standard, Streeter-Phelps dissolved oxygen model, 02963. salt water environment, geostatistical technique, surface water quality, estuary, polluted stream, bay, Italy, Taranto, Mar Piccolo; 07495. Secchi depth, algal growth, phytoplankton, reservoir limnology, eutrophication, nutrient condition, Argentina, Uruguay River, Salto Grande Reservoir; 12193. Streeter Phelps equation, transport dispersion model, biodegradation, water quality, oxygen depletion, surface water quality, stream quality model, sewage overflow, 07516. surface runoff, sewage treatment, storm sewage discharge, non-oxygenation, oxygen injection, surface water quality, UK, England, Thames River; 00556. total suspended solid, surface water quality, flow concentration relationship, water quality, Kendall test, chemical parameter, USA, Ohio River; 12206.

dissolved oxygen consumption
eutrophication, loading capacity, river recovery, flow regime, biomass production, ecological modelling, reservoir, tropics, subtropics, morphometry, retention time, thermal stratification, circulation pattern, South America; 12191.

dissolved oxygen content
free carbon dioxide, limnology, biota, groundwater quality, heavy metal, thermal spring, pH, India, Santhal Parganas; 12249.

dissolved oxygen profile
waste water discharge, hydroelectric dam, grab sampling, depth variation, temperature stratification, surface water quality, USA, Ohio River; 12207.

dissolved phase
suspended matter, particle partitioning, salinity, turbidity, fresh water seawater interface, surface water quality, hydrocarbon transport, hydrocarbon fate, particulate phase, organic contaminant, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738.

dissolved salt
dimethylarsinic acid, biogeochemistry, arsenic, methylated species, surface water quality, lake, alkaline lake, phosphate, USA, California, Davis Creek Reservoir; 13360.

dissolved silica
hydrograph separation, end member mixing analysis, acidic deposition, surface water chemistry, soil water chemistry, soil water end member, alkalinity, sulphate, sodium, magnesium, calcium, USA, Georgia, Panola Mountain Catchment; 04099.

dissolved silicate
sedimentation, surface water quality, diatom, biogenic silicate, eutrophication, particulate silicate, phytoplankton, Netherlands, Rhine River; 00554.

dissolved solid
surface water quality, flood, precipitation event, hydrochemistry, dissolved organic carbon, El Nino/Southern Oscillation event, discharge, carbon transport, suspended sediment, Argentina, Parana River; 11025. suspended solid, runoff water quality, base flow water velocity, coastal plain watershed, sediment, surface water quality, USA, Georgia, Tifton, Little River; 04073. water quality, temperature-conductivity relationship, temperature correction, electrical conductivity, solute load, 06321.

dissolved solids
total nitrogen, total ammonia, organic nitrogen, suspended solids, water quality, storm runoff volume, storm runoff load, urban watershed, USA; 01648.

dissolved substance
buffered river, anthropogenic pollution, sulphate, chlorine, alkalinity, fertiliser, lime, calcium, agricultural pollutant, surface water quality, Sweden; 01682.

dissolved sulphur species
bacterial reduction, isotopic study, geothermal aquifer, groundwater quality, sulphate, sulphide, France, Paris Basin, Dogger; 00605.

distal
glacimarine deposit, sedimentation, melt water supply, suspended sediment, Weichselian glacimarine deposit, varve, proximal, Sweden; 05002.

distal ash
pyroclastic flow, volcanic impact, buried forest, eruption, tephra, China, Changbai Volcano; Korea(North), Changbai Volcano; 03729.

distance
map analysis, connectivity, 05620.

distance dependent dispersion
convection dispersion equation, hydrodynamic dispersion, diffusion, pore water velocity, parameter estimation technique, heterogeneous media, solute transport model, 08781.

distance function gradient
shallow water equation, gravity wave noise, assimulation forecast, operational assimilation, variational assimilation, 06505.

distance judgement
coordinate judgment, dimensional variation estimation, 10378.

distance lag
soil survey data, textural fraction, topsoil, semivariogram, calcium carbonate content, spatial variability, Belgium, East Flanders, Polder Region; 08623.

distance transformation
greyscale element, morphological structuring, thresholding, 11478.

distant source
multivariate analysis, PAH, particle, local traffic, 11409.

distortion
coordinate system, map projection, USA; 05595.

distributary channel
Carboniferous, transgression, sandstone, organic matter, reservoir property, diagenesis, UK, England, Yorkshire, Trumfleet Field; 12980. fluvial phase, uranium thorium dating, dating, weathered alluvium, Quaternary alluvium, TL age, alluvial sediment, fan delta, calcrete, diagenesis, Gilbert fan delta, sandy channel, Australia, Queensland, Gilbert River; 13104.

distributed
query optimisation, relational database, buffer capacity, 09105.

distributed computing
geographic database, enhanced production capabibility, 06771. modelling development, GIS, geographic information system, 10318.

distributed database
database system, transaction processing, 09110. GIS, database, text data, graphics data, 13809.

distributed file
street network, network file, revision capacity, Canada; 13985.

distributed GIS
network architecture, GIS, local government, 09304. organisational issue, GIS, USA, Florida; 09127.

distributed hydrological model
hillslope hydrology, flow path, digital terrain model, surface runoff, topography, subsurface flow, 12165.

distributed mass matrix
subsurface flow, hillslope, lumped mass matrix, saturated-unsaturated flow, groundwater flow, Richards' equation, 01703.

distributed model
radar, storage function model, large scale basin, mountain basin, rainfall distribution, runoff prediction, Japan, Kusaki-dam Basin; 08688.

distributed processing
GIS, database management, topological structure, 00999.

distributed query processing
data transmission, semijoin, 03355.

distributed surface model
Lyzenga model, CCRS RADARSAT model, ORE model, SAR, velocity bunching model, 08109.

distribution
particle radii, groundwater flow, particle size distribution, solute transport, aggregated media, aggregate size, 01722.

distribution map
Holocene, plant macrofossil, Weichselian(Late), Denmark; Finland; Norway; Sweden; 09558. tornado, wind speed probability, population bias, Fujita scale rating, 10123.

distribution network
river diversion, water supply, water conservation, water treatment, water resource development, China, Shanghai, Huangpu River; 04173.

distribution pattern
debris flow, geomorphological aspect, meteorological aspect, rainfall amount, periglacial belt, Switzerland, Alps; 06036.

distribution ratio
surface impedance factor, self diffusion coefficent, calcium, sodium,

rubidium, caesium, cation distribution, 07367.
trlbution system
water research, 01141.
sturbance
equatorial atmosphere, disturbance modelling, stationary disturbance, decaying disturbance, 11243. vegetation dynamics, overgrazing, cattle breeding, gallery forest, river bed migration, stress, Argentina, Chaco Region; 08329.
sturbance modelling
stationary disturbance, decaying disturbance, disturbance, equatorial atmosphere, 11243.
sturbed soil
soil excavation, termite, permeability, lateritic soil, Mali, Sankarani River; 10867.
sulphoton fate
oxfate model, model calibration, surface water contamination, volatilisation, transport rate, Germany, Rhine River; Switzerland, Rhine River; Netherlands, Rhine River; 08759.
ch
water, runoff, siltation, farm system adaptation, erosion, taro patch system, Pacific, Micronesia, Caroline Islands, Yap Island; 06248.
hlonite
iron, extractable iron, aluminium, pyrophosphate, oxalate, Australia, Queensland; 00487.
hlonite citrate bicarbonate treatment
phosphate sorption, Paleudult, tropical soil, pH effect, oxalate treatment, Nigeria; 08629.
rnal carbon dioxide exchange
arbon dioxide, photosynthesis, tropical forest, forest ecosystem, espiration, Samoa; 09011.
rnal curve
roposperic ozone, coniferous forest, cluster analysis, discriminant nalysis, USA; 12544.
rnal cycle
tmospheric moisture, surface reading, mixing ratio, Australia; 08872. complex terrain, sea breeze, local breeze, breeze effect, emission, diffusion, industrial area, Italy, Genoa; 11199. ozone, marine boundary layer, latitudinal gradient, Pacific; Indian Ocean; 06540. seasonal cycle, arbon monoxide, ozone, biomass burning, Brazil, Natal; Cuiaba; 03236.
rnal fluctuation
lectric conductance, drought, streamflow fluctuation, forest catchment, vapotranspiration, ion concentration, groundwater flow, throughflow, apan; 02843.
rnal freeze thaw cycle
adiation penetration depth, frozen soil layer, bare soil, soil parameter, 8074.
rnal mode
tmospheric tides, middle atmosphere, tidal oscillation, 11241.
rnal moisture change
are soil surface, bidirectional reflectance factor, surface roughness, olar zenith angle, Tunisia; 12726.
rnal pattern
unoff delay, melt energy computation, ablatometer measurement, melting ice, snow, micrometeorological technique, Canada, Alberta, Peyto Glacier; 00338.
rnal photochemistry
zone destruction, chlorine monoxide, chlorine dioxide, bromine monoxide, visible spectroscopy, near ultraviolet spectroscopy, ntarctica, McMurdo Station; 04390.
rnal photosynthesis respiration cycle
arbon dioxide, sulphur dioxide, urban-rural transect, seasonal variaon, 06562.
rnal rainfall
ainfall variation, precipitation amount, tourist industry, Greece, Thessaloniki; 07680.
rnal tide
iddle atmosphere, tropical station, semi diurnal tide, rocke wind data, ndia, Balasore; 12405. middle atmospheric dynamics, radar, Fabry-erot interferometer, oxygen, Doppler wind, airglow, semidiurnal tide, urora, Canada, Saskatoon; 03094.
rnal variation
irflow pattern, precipitation frequency, Japan; 06449. carbon disulphide, sulphur, dimethyl sulphide, marine boundary layer, Atlantic, Western); 10182. cryogenic collection, cold trap, acetone, hydrogen eroxide, USA, California, Los Angeles; 02053. eddy diffusivity, eteorological parameter, radon, radon daughter, 13723. hydrogen eroxide, formaldehyde, sampling, tunable diode laser absorption spectroscopy, carbonaceous species, USA, California, Glendora; 02052. ixing ratio, ozone, formaldehyde, continental air mass, ambient air, 6593. monoterpene, emission, open top chamber, forest air, alpha-inene, beta-pinene, 13661. nitric oxide, stratosphere, 11331. ozone rend, stratosphere, aerosol, ozone, stratopause, 02031. photochemical mog, annular denuder, titanium (IV) sulphate, dinitrophenylhydrazine, ugenol, spectrophotometry, liquid chromatography, sampling, hydroen peroxide, formaldehyde, ozone, 03164. radiation budget, satellite imatology, bidirectional reflectance, 00696.
rnal warming
ea surface temperature, infrared, Mediterranean Sea; 11622.
ron
andler fine sand, sorption-desorption, herbicide, electrolyte, cation, onic strength, bromacil, simazine, norflurazon, 13254.
rnal trend
nopy air temperature, evaporation, pasture, infrared thermometry, sistance model, sensible heat, aerodynamic resistance, surface temerature, Australia, New South Wales, Goulburn; 00729.
rgence
velogenesis, orographically induced cyclogenesis, shear, curvature, ne mesh analysis, Alps; 04299. dipole, barotropic instability, Venus; 0031. precipitation, whirlwind velocity, kinematic structure, mon-oo , India; 11233. probability, pattern, form, 02116.
rgence measurement
error dynamics, predictability, atmospheric flow, normal mode, forecast, 13618.
divergent circulation
horizontal resolution, systematic error, forecast model, systematic prediction error, Goddard Laboratory for Atmospheres, 07789. sea surface temperature, extended range forecast, forecasting, forecast skill increase, 07787.
divergent flow
DEM, drainage basin, terrain analysis, geomorphometry, catchment area determination, 13303.
divergent flux
water vapour flux, global scale variation, intraseasonal variation, annual variation, 12299.
divergent wind
frontal zone, diabatic initialisation, regional finite element model, satellite data, storm, prediction model, forecasting, spinup problem, latent heating, precipitation rate, Canada; 10102.
diversion capacity
capillary barrier, infiltration, hydraulic conductivity, unsaturated zone, groundwater flow, 08767.
diversion channel
stratigraphy, lacustrine deposit, alluvium, forealpine lake, glaciation, meandering channel, Switzerland, Aare River; 11847.
diversity
valley natural environment, lithomorphogenetic criterion, Svalbard, Spitsbergen, Olva V Land, Ebbadalen; 02522.
divide and conquer
processor pyramid, Hough transform, 03348.
Dizilitasler Formation
basin, sedimentation, Paleocene, fan-delta sequence, mudstone, shale, mass flow, Turkey, Anatolia; 04825.
DLM data
ATKIS, landscape data, topographic information system, orthoprojection, 11457.
DMS
CAD, GIS, digital topographic map, 10360. intercontinental transport, sulphur, nitrogen, sulphur dioxide, sulphate, aerosol, 11309.
DMTA dissipation curve
consolidation rate, Dilatometer, Ch evaluation, 03783.
Dobson network
Umkehr, ozone depletion, solar backscattered ultraviolet, instrument degradation, satellite observation, 03225.
Dobson spectrometer
calibration, ozone mapping, 12597.
Dobson spectrophotometer
ozone, zenith sky observation, ozone trend analysis, 06698. synoptic weather condition, ozone variation, South Africa, Pretoria; 12515.
DOC
deep sea sediment, pore water, pelagic sedument, degradation, organic matter, diagenesis, 03574. organic acid, atmospheric deposition, mineral acid, buffer, acidification, 00551.
document
intelligent interface, database, 04561. property description, title, 08140. scanned map, remote sensing, vector, GIS, cartographic document, Canada, Alberta; 13779.
documentary data
historical evidence, Southern Oscillation, rainfall variation, South Africa; 07678.
Dogger Bank Formation
Bolders Bank Formation, Botney Cut Formation, Yarmouth Roads Formation, glacial valley, Weichselian, Elsterian, bathymetry, geotechnical property, borehole, British Geological Survey, Rijks Geologische Dienst, Quaternary Geology, North Sea, Silver Well; Netherlands; 09565.
dolerite
parent rock, pallid zone, clay matrix, halloysite, mercury injection porosimetry, water retention curve, mineralogical property, physical property, lateritic pallid zone material, granite, Australia, Western Australia, Jarrahdale; 01489. peneplain, kaolinite, rejuvenation, gibbsitisation, weathering character, weathering genesis, weathering product, basaltic rock, Zaire, Shaba, Kibambale; 08527.
dolerite dome
perched aquifer, sedimentary formation, dry wedge formation, groundwater resource, electrical resistivity, hydrogeology, Mauritania, Sarakolle desert; 13417.
doline
submarine spring, palaeocave system, peneplain, uplift, low sea level, dissolution, hydrogeology, karst hydrogeology, phreatic cave system, drainage conduit, carbonate rock, spring, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
dolocrete
Tertiary, groundwater, Dammam Formation, organic matter, clay mineral, Kuwait, Kuwait City; 04816.
dolomite
backarc basin, volcanic arc, subduction zone, manganese, hydrothermal, Tyrrhenian Sea; 00096. Bonneterre Formation, Cambrian, Bayes formula, factor analysis, statistical analysis, USA, Missouri; 12927. burial fluid, fluid inclusion, brine, Cambrian(Upper), Morgan Creek Limestone, USA, Texas; 09398. burial history, Cambrian(Upper), Bonneterre Formation, fluid inclusion, thermal alteration index, thermal maturity, USA, Missouri; 09456. burial history, karstification, geothermal gradient, fluid inclusion, limestone, Germany, Geislingen; Herrlingen; 08287. Canete Dolomites and Limestones Formation, Triassic, carbonate ramp, Muschelkalk Facies, facies identification, Spain, Iberian Ranges; 08229. carbonate, palaeoenvironment, lake, stromatolite, calcium, fluorite, Tanzania, Lake Natron; 05816. Cenozoic, carbonate, sea level fluctuation, mimetism dolomite, 07050. crinoid, Triassic(Middle), Trochitenkalk, diagenesis, thermal activity area, Germany; 08230. crystal, Permian, Guadalupian, Tansill Formation, Yates Formation, Permian, magnesite, USA, New Mexico, Delaware Basin; 00122. cugnite, freshwater, carbonate, 00059. diagenesis, reduction, mineralisation, pore water, sedimentation rate, Neogene,

00117. fracture, grainstone, Triassic(Middle), limestone, Italy; 08232. granitic gneiss, sedge meadow, nitrogen, phosphorus, nutrient uptake, nutrient source, surface water quality, Canada, North West Territories, Ellesmere Island, Sverdrup Pass; 07507. gypsum, ooid, stromatolite, chert, Proterozoic, Big Cusp Algal Dolomite Member, Kona Dolomite, diagenesis, USA, Michigan, Marquette; 05904. Holocene, carbonate sediment, porosity, beachrock, methane, Egypt, Sinai Peninsula, Bardawil Lagoon; 10554. isotopic evidence, Devonian, sea water, clay mineral, carbonate sediment, Poland, Holy Cross Mountains; 09414. karst process, palaeoalpine relief, plantation, weathering crust, limestone, Poland, Carpathian Mountains; Czechoslovakia, Carpathians Mountains; 08343. lake, coastal plain, Holocene, mineralogical association, Australia, South Australia, Coorong Lakes; 05843. leaching, bacteria, Pseudomonas, antimony, copper, tetrahedrite, Austria, Schwaz; 10629. limestone, neomorphism, sea water, mineralization, Bonneterre Formation, Davis Formation, Cambrian, lagoon, USA, Missouri; 02404. magnesite, sandstone, Precambrian, Mundallio Subgroup, Yadlamalka Formation, Australia, South Australia, Adelaide Geosyncline; 12949. magnesium oxide, diagenesis, faulting, Pliocene, Quaternary, deep-sea sediment, Tyrrhenian Sea, Vavilov Basin; Gortani Ridge; Tyrrhenian Sea, Marsili Basin; 00146. mineral dissolution, surface texture, quartz solubility, pore water, quartz grain, precipitation, 05930. mixing corrosion, pothole formation, experimental simulation, helictite, cave study, karstification, karst corrosion, Hungary; 06053. Ordovician, isotopic composition, carbonate, Gordon Group, Australia, Tasmania, Florentine Valley; 02407. pyrite, paragenesis, phosphorite, fluorapatite, nodule, Peru; 00178. sulphate, organic matter, isotopic composition, carbonate sediment, calcite, aragonite, Red Sea, Shaban-Deep; 04819. Toronto Limestone, wackestones, limestone, USA, Kansas, Douglas County, Lawrence; 09407. Triassic, carbonate, sea water, carbon isotope, oxygen isotope, saline formation, isotope, China, Sichuan Province, Huaying Mountain; 07056.

dolomite bedrock
pingo, closed system, Palaeozoic dolomite, permafrost, deglaciation history, Canada, Mackenzie District, Mackenzie River Delta; 11998.

dolomite dissolution
anhydrite dissolution, sulphate reduction, groundwater chemistry, geochemical reaction model, carbon isotope, sulphur isotope, dedolomitisation, calcite precipitation, USA, Montana, Madison Aquifer; South Dakota, Madison Aquifer; USA, Wyoming, Madison Aquifer; 06372.

dolomite lens
cement, brine, fluid inclusion, basin, platform carbonate, USA, Arkansas, Ozarks; Missouri, Ozarks; 09408.

dolomitic limestone
bioherm, fluid inclusion, brine, sediment burial, Laborcita Formation, Wolfcampian, USA, New Mexico, Sacramento Mountains; 09404.

dolomitic marble
marble, rainfall, solution rate, pollution, acid rain, anthropogenic influence, dissolution rate, Greece, Thessaloniki; Plagiari; 10821.

dolomitic parent material
soil lithosequence, soil composition, pedogenesis, gravel, Borofolist, USA, Michigan, Lake Huron, Bois Blanc Island; 13287.

dolomitisation
calcium, stoichiometric composition, aquifer, backscattering imaging, cement, mixing zone, Barbados; 11740. carbonate, sabkha, evaporite, Zechstein, Permian, Main Dolomite, Poland, Leba Elevation Area; 01281. Carboniferous(Lower), Ballagan Formation, mudrock, carbonate, mudflat deposit, cementstone, diagenesis, sea water, UK, Scotland; 09410. Carboniferous, wackestone, Ardross Limestone, Dinantian, delta top sediment, Calciferous Sandstone Measure, UK, Scotland, East Fife; 05906. depositional history, limestone, carbonate, compaction, calcite, Puerto Rico, North Coast Basin, Toa Baja Well; 10600. diagenesis, burial, Arbuckle Group, Ordovician(Early), Cool Creek Formation, sea water, USA, Oklahoma, Slick Hills; 10598. diagenesis, crinoid, calcite, meteoric water, Paleozoic, 08260. diagenesis, mixing zone, isotopic field, Ordovician, Gordon Group, carbonate, Australia, Tasmania, Mole Creek; 08236. dolostone, magnesium, fluid flow, precipitation, 11732. hydrothermal bomb, carbonate, stoichiometry, 01321. magnesium, calcite, organic matter, pore water, 10639. Palaeozoic, carbonate, reef carbonate, cementation, compaction, hydrocarbon, 00121. porosity, Ellenburger Group, carbonate, Ordovician, USA, Texas; New Mexico; 11736. Quaternary, saline, lake, Holocene, lacustrine, 01226. temperature, dolostone, Canada; 11734. wackestone, bioclastic deposit, Eocene, Farafra Limestone, carbonate, Egypt, Western Desert, Farafra Oasis; 10604.

dolomotisation
anhydrite, shoal facies, Ca-2 interval, Permian, diagenesis, Denmark, Logumkloster-1 Well; 05938.

dolostone
burial, sea water, brine, Swan Hills Formation, Devonian, Canada, Alberta, Rosevear Field; 08225. Devonian, parasequence, limestone, Manlius Formation, Rondout Formation, USA, New York, Albany, John Boyd Thacher State Park, Indian Ladder Trail; 00124. dolomitisation, temperature, Canada; 11734. grainstone, cementation, porosity, beach rock, Holocene, 09355. lacustrine playa, geochemical carbonate composition, isotopic analysis, mineralogy, carbonate, shelf sea, Archaean, 07049. limestone, mud, cementation, Devonian, Camsell Formation, Canada, Northwest Territories; 01277. magnesium, fluid flow, precipitation, dolomitisation, 11732. Oligocene, Miocene, Bluff Formation, microorganism, terrestrial oincoid, oncoid, sinkhole, Cayman Islands; 12955. porosity, karst, sea water, Oligocene, Miocene, Bluff Formation, Caribbean, West Indies, Grand Cayman; 04812.

domain recharge
boundary element solution, groundwater flow, random boundary condition, recharge, stochastic boundary value problem, 13413.

domain shape
principal component analysis, eigenvector, empirical orthogonal function, global precipitation, 12298.

domain theory
precipitation estimation, rainfall measurement, snowfall measurement, precipitation gauge, forest hydrology, water use, stream flow, water quality, gauge distribution, UK, Scotland, Balquhidder; 08650.

domal uplift
stream profile adjustment, crustal warping, nonlinear result, model, crustal tilting, 02501.

dome
radar bright surface, volcanic centre, caldera, eruption, edifice volume, Magellan data, Venus; 07161.

dome crater
solid state volcanism, satellite, impact crater morphology, central peak crater, central pit crater, surface rigidity, tectonically degraded terrain, Neptune, Triton; 01389.

domestic sewage
agricultural runoff, hydrochemistry, pollution status, Himalayan lake, manganese, lead, lake water chemistry, effluent, India, Kashmir; 02853.

domestic water consumption
climatic change, water, aquifer, wet period, dry period, Israel; 12496.

dominant point
Gaussian smoothing, polygonal approximation, 12646.

Domnitz interglacial
Rugen (substage 7a), Fennoscandian ice sheet, ice sheet, last glaciation, Weichselian(Early) interstadial, Brorup, Odderade, Warthe glaciation, Elsterian, Saalian ice sheet (stage 8), Eemian interglacial, Norway; Sweden; Finland; 01434.

doorstopper technique
horizontal stress, neotectonic faulting, stress measurement, tectonic interpretation, in situ stress measurement, flatjack technique, UK, England, Gloucestershire, Daglingworth Quarry; 08361.

Doppler
satellite, datum, African Doppler Surveys, Nigeria; 04501.

Doppler acoustic sodar
valley wind, boundary layer, drainage flow, USA, Colorado, Brush Creek; 00732.

Doppler count
refraction correction, ionospheric refraction, satellite, 11439.

Doppler current profiler
hydrothermal vent, macrozooplankton, acoustic scattering layer, Pacific, (Northeast); 12785. river dynamics, flow model, wind drive current, water level fluctuation, flow measurement, lake stage, flow reversal, USA, Michigan, Detroit River; 09794.

Doppler frequency shift
optical density, mass median diameter, aqueous colloid, contaminant transport, photon correlation spectroscopy, photosedimentation analysis, size distribution, colloid, 09826.

Doppler geoid
geoid shape, Sudan; 05589.

Doppler lidar
carbon dioxide, lidar intercomparison, aerosol, backscatter measurement, airborne lidar, ground based lidar, 12569. lidar, backscatter structure, aerosol backscatter measurement, airborne lidar, ground based lidar, 12570. vortex roll instability, out flow, convection, density current, thunderstrom out flow, USA, Colorado, Boulder; 04306.

Doppler observation
squall line, kinematics, thermodynamics, water budget, mesoscale convective system, updraft, 08951.

Doppler operation
weather radar network, Deutscher Wetterdienst, convective development, precipitation, Germany; 05358.

Doppler radar
agriculture, soil water, areal precipitation, hail, thunderstorm, weather radar data, Italy, Emilia-Romagna; 05350. cloud, precipitation, cloud process, 05330. forecasting, thunderstorm, mesocyclone, tornado warning, 01939. ice cloud, storm, supercooled liquid water development, precipitation, microwave radiometer, polarization lidar, radar, USA, Utah; 04317. lighning detection, electric field mill, rain gauge, lightning flash, thunderstorm, USA, Florida, Kennedy Space Center; 00684. mean flow acceleration, momentum flux, radar observation, polar mesopause, Norway, Andoya; 04257. meteorological data, lightning detection, radar data, reflectivity, radial velocity, data presentation, 05326. radar measurement, ocean, wave propagation, 06887. radar, complex terrain, second moment, turbulent velocity, wind velocity, 13518. radar, storm warning, thunderstorm, 05369. riming, precipitation, remote sensing, water vapour, microwave, radiometer, 04311. SUNrise processing system, UK Weather Radar Network, UK; 05329. tropical atmosphere, atmospheric research, wind profiling, 13892. weather radar research, cloud physics, Canada, Toronto; 05331. wind field, funnel cloud, wall cloud, wind spectra, tornado, 11262. wind velocity, radar observation, storm(October 1987), frontal system, jet stream, France, Brittany, Lannion; 00752.

Doppler radar analysis
low precipitation storm, severe storm, dryline, 10136.

Doppler radar observation
convective updraft, vorticity, Rossby radius of deformation, vertical shear, mesoscale vortex couplet, anvil, multicellular convective complex, 05422.

Doppler satellite observation
optimum geodetic datum, geodetic network, Nigeria; 05590.

Doppler sodar
dispersion model, mesoscale feature, complex terrain, operational model, 06501. Mesogers 84 experiment, wind field, sodar observation, boundary layer, frontal system, 13507. monsoon season, cold air flow, snowfall, updraft, downdraft, boundary layer, Japan, Sapporo; 03061.

Doppler station
computation method, geoidal height, World Geodetic System, 07271.

Doppler weather radar
particle velocity, precipitation intensity, polarisation diversity radar, weather radar technique, frequency-agile radar, 05332.

Doppler wind
airglow, semidiurnal tide, aurora, diurnal tide, middle atmospheric dynamics, radar, Fabry-Perot interferometer, oxygen, Canada, Saskatoon; 03094.

Dorset Formation
Jurassic, planktonic algae, kerogen, source rock, chemical mapping, organic matter, UK, England, Dorset; 07097.

ose response relationship
crop loss, pollutant, exposure, plant growth, yield, 11363.
osimeter
aquatic environment, ultra violet B radiation, ozone depletion, biological damage, ultraviolet radiation, Antarctica; 13568.
ot map
region boundary positioning, dot size, region perception, 08058.
ot mapping
ecumene, choropleth mapping, agricultural data, GIS, generalisation, Canada; 01033.
ot size
region perception, dot map, region boundary positioning, 08058.
ouble buffer method
acidic surface soil, buffer method, lime requirement, Mehlich single buffer method, single buffer method, Australia, Queensland; 07436.
ouble difference phase analysis
cycle slip effect, GPS relative positioning, height determination, Antarctica, Breid Bay; 08122.
ouble domed radiometer
radiation balance, radiometer, measurement error, radiation, 09972.
ouble electrical layer
anion exclusion moisture, Chernozem, grey forest soil, sod alluvial loamy sand soil, sod alluvial sandy soil, soil moisture, 10865.
ouble equilibration soil test
Mehlich III, Bray Kurtz 1, fixation, potassium, phosphorus, USA, Arkansas; 07411.
ouble probe technique
ion beam technique, ionosphere, plasmasphere, electric field detector, 03390.
ouble ring infiltrometer
infiltration, soil water content, variance spatial analysis, geostatistical technique, groundwater flow, 09839.
ouble split divisor
runoff plot, design, Thailand; 01522.
ouble substrate limiting model
environmental factor, water quality model, substrate inhibition, nitrification, growth kinetics, nitrifying microorganism, Monod model, 09836.
oubled carbon dioxide climate
cloud feedback, climate model, anthropogenic change, tropical cyclone climate, carbon dioxide, cyclone, storm day, 10146.
ouglas Creek Member
channel sandstone, shoreface deposit, barrier beach facies, Green River Formation, Eocene, USA, Utah, Uinta Basin; 11719.
ouglas fir
spatial resolution, semivariograms, conifer canopy structure, 12748.
ouglas fir stand
carbon dioxide flux, summertime change, root zone, soil water storage, canopy, evapotranspiration, 12356.
ouglas Peucker algorithm
algorithm, map accuracy standard, line simplification algorithm, line sinuosity, 08054.
ouglas-Peucker algorithm
line simplification, visualisation, performance, 03387.
oushantuo Formation
sedimentation, phosphorite, eustatic movement, texture, Sinian, China, Jiangxi Province, Zhaoyang; 10610.
own core diatom analyses
diatom, lake emergence, climatic change, palaeolimnology, Canada, Baffin Island, Jackman Sound; 08494.
own hole experimentation
melting refreezing rate, antifreeze, hot water drilling, bore hole closure, cold ice, 07299.
own slope windstorm
turbulent mixing parameterisation, surface friction, USA, Colorado; 04241.
ownburst
microburst, wind damage, meteorological feature, wind field characteristics, 10125. tornado, cyclone vortex, laboratory simulation, unified theory, 10124.
owncutting
aggradation, gravelly bedload, fill cut terrace, alluvium, strath terrace, chronosequence, diachronous, stream terrace genesis, soil development, climatic stream terrace, tectonic stream terrace, complex response degradation terrace, 02678. backward erosion, erosion rate, morphometric assessment, gully, field measurement, lateral erosion, USSR, Kazakhstan; 08333.
owndip
updip, aquifer, carbon dioxide, bacterial carbon dioxide, isotopic composition, USA, South Carolina, Coastal Plain; 04856.
owndraft
boundary layer, Doppler sodar, monsoon season, cold air flow, snowfall, updraft, Japan, Sapporo; 03061. formation condition, dust devil, Australia; 12469.
owndraft development
anvil, anvil core, cloud draft structure, trace gas transport, cloud model, transport pathway, squall line, ozone, convective transport, photochemical production, 10210.
owndraft modification
mixed layer recovery, boundary layer structure, boundary dynamics, hurricane, rainband, 10108.
owfaulting
tectonic influence, hum, lateral corrosion, downwearing, Quaternary(Early), polje, karst, Greece, Crete; 11900.
owhole log
orbital forcing, Milankovitch, diatom, palaeoclimate, continental margin, illite, Weddell Sea, Dronning Maud Land; Antarctica; 04757.
owhole logging
geochemical logging, sedimentation rate, hiatus, periodicity, Milankovitch obliquity cycle, eccentricity cycle, spectral analysis, Atlantic, South); Southern Ocean, ODP Site 704; 11935.
owpour
storm rainfall, erosion, erosion effectiveness, Czechoslovakia, Svermovo; 09641.
downslope flow
gravity flow, slope wind, terrain, gentle terrain, tower data, 07694. valley wind, boundary layer, radiation cooling, stability, 00734.
downslope motion
ageostrophic component, mountain region, orography, boundary layer, Ekman pumping, 10010. leeside wind, drainage flow, sloping terrain, 10088.
downslope wind
wind speed signature, wind direction signature, hydraulic jump, Australia, Adelaide; 08952.
downslope windstorm
windstorm, pulsation, Kelvin-Helmholtz instability, wave breaking, internal wave, severe, 13595. windstorm, storm damage, small scale flow, vortical flow, 10105.
downsteam channel
bed degradation, suspended sediment, sediment concentration, water surface level, bedload, bed elevation, particle size distribution, Iraq, Tigris River; 08723.
downstream channel
flow regime, dam, channel stability, particle size, suspended sediment, bed slope, depth:width ratio, Saudi Arabia; 08725. melt water, sedimentation basin, channel adjustment, sediment transport regime, hydropower scheme, morphological change, Switzerland, Grande Dixence Hydro Power Scheme, Val de Ferpecle; Val d'Arolla; 08724. reservoir, wave characteristic, numerical simulation, bed evolution, bed elevation, sediment transport model, Taiwan; 08722. sediment flushing, ecological impact, flood control, sediment deposition, dam, flow modification, reservoir, hydrological equilibrium, 08726.
downstream fining
rational regime theory, hydraulic geometry, gravel bed, stream, slope induced change, channel character, channel pattern, UK, Scotland, Allt Dubhaig; 07138.
downstream hydrology
hydrological effect, reservoir, mountain plain ecology, environmental impact, channel shape, sediment accumulation, groundwater regime, salt balance, mountainous terrain, China, Haihe River; 08647.
downstream impact
high mountain forest, resource use issue, lapse rate, mountain hazard, deforestation, 03704.
downstream impoundment effect
Serial Discontinuity Concept, agricultural runoff, urban effluent, nitrate concentration, surface water quality, water chemistry impoundment, reservoir impact, South Africa, Eastern Cape, Buffalo River; 06319.
downstream sampling
water sediment mixture, sediment sampling, suspended sediment, surface water quality, chemical sampling, toxic chemical, USA, Mississippi River; 08742.
downward control principle
residual vertical circulation, troposphere, stratosphere, mass continuity, stratosphere-troposphere exchange, 01883.
downward movement
trace element transport, organic matter, carbon-14, lead-210, caesium-137, 02763.
downwarping
long profile, terrace system, tectonic movement, flysch, fluvial terrace, solifluctional deposit, deluvial deposit, tectonic movement, uplift rate, uplift rate, Poland, Beskid Zywiecki Mountains, Koszarawa River; 11883.
downwash
building, plume rise, pollution concentration, wake dispersion, tracer, USA, Alsaka, Prudhoe Bay; Arctic; 06504.
downwasting
proglacial sediment, Scottish Readvance, delta sediment, weathered sediment, deep weathering, glacial history, Devensian, UK, England, Cumbria; 13133.
downwearing
Quaternary(Early), polje, karst, downfaulting, tectonic influence, hum, lateral corrosion, Greece, Crete; 11900.
downwind
inorganic species, organic species, pollutant concentration, upwind, Bermuda; 12520.
downwind effect
precipitation climatology, urban area, USA, Pennsylvania, Pittsburgh; 03046.
downwind wake cavity
building, detention time, deconvolution technique, laboratory study, pollutant detention time, wake cavity, 10023.
DPFT method
total rainfall, rainfall-runoff model, soil moisture content, excess rainfall, antecedent precipitation index, flood forecasting, France, Aveyron River; 00525.
drafting and design
spatial analysis, GIS, polygon processing, CADD, 06778.
drafting system
CAD, ProSURVEYOR, 04489.
drag
diffusion, gravity wave breaking, temperature inversion, mesospheric dynamical model, 08917.
drag calculation
cloud physical calculation, ice crystal, unsteady flow, hexagonal ice crystal, ice plate, 08969.
drag coefficient
ice, marginal ice zone, aerodynamic roughness, sea ice, 13541. replenishment material, boundary layer, oyster shell, tire chip, shale, USA, Virginia; 04776. Richardson number, aircraft observation, boundary layer, spring, ice motion, Arctic; 13535. roughness, surface resistance, boundary layer, surface layer, surface flux, turbulent transfer, 00740. roughness, wind wave, wave, airflow, 13508. shear stress, numerical study, turbulence, Ekman layer, Navier Stokes equation, 12360. turbulence spectra, forest canopy, leaf area index, 03059.

drag mechanism
along track acceleration, LAGEOS, 10242.
drainage
bearing resistance, subsoiling, plate bearing resistance, New Zealand, South Island; 04015. bog, groundwater chemistry, leaching, nutrient budget, peatland, afforestation, runoff, stream water quality, 01752. climatic change, Kalahari Group, 03606. crop coefficient, soil water balance model, drought, actual evapotranspiration, millet crop, soil texture, soil moisture storage, root zone, evapotranspiration, Niger; 12240. crop wateruse, sensitivity analysis, field test, water balance estimation model, available soil water, Eaglemans parameterisation, lysimeter, actual evapotranspiration, 11040. evaporation, wateruse efficiency, soil water balance, plant physiology, soil characteristic, crop wateruse, water management, soil water movement, infiltration, Africa, Sudan; Sahel; 12290. evaporation, zero flux boundary, soil moisture storage, moisture conservation, sandy soil, bare fallowing, mulching, Niger; 07584. evapotranspiration, DEMGEN model, soil physical characteristic, soil hysteresis, agrohydrological model, agricultural water demand, model calibration, model verification, water management, unsaturated flow, Netherlands; 06388. experiment, storm water, structural damage, silt soil, unstable soil, soil loosening, 07335. lysimeter, evapotranspiration, deterministic method, stochastic method, soil water balance, water balance model, crop characteristic, soil charactersitic, simulation model, tensiometer, neutron probe, water storage, root growth, actual evapotranspiration, Ivory Coast, Bouake; 12236. morphometry, lithology, Iraq; 02205. organic matter, boreal region, peatland, high apparent molecular weight, mining, Finland, Kiiminkioki River; 07102. ponded soil, encapsulated air, drainage first stage, air expansion shrinkage phenomenon, pore drainage, groundwater flow, unsaturated zone, 00580. rift neotectonics, karstic system, neotectonics, brittle tectonics, geomorphology, Madagascar; 08377. salinisation, soil resource, sea level rise, eustatic rise, 07272. soil water content pressure head relationship, soil water characteristic, hydraulic conductivity pressure head function, hillslope hydrology, soil hydraulic property, hysteresis, infiltration, evaporation, 11043. SPOT, Landsat TM, Landsat RBV, Greece, Macedonia; 04653. swamp, rice field, fishery, lipophilic organochlorine, agrochemical, Malaysia, Krian River Basin; 03595. temperature, cloud cover, humidity, wind speed, moisture estimation, soil characteristic, evapotranspiration, water balance model, precipitation, evaporation, transpiration, runoff, USA, Midwest; 12224. unsaturated zone, aquifer recharge, moisture content, piston flow, hydraulic conductivity, tracer experiment, soil moisture potential, chalk, recharge, groundwater hydrology, evaporation, fissure system, UK, England, (Southeast); 07523. water balance study, storage, loss, rainfall, runoff, soil water storage, evaporation, transpiration, 12144. water balance, interception, infiltration, runoff, Africa, Sudan; Sahel; 12143. water balance, urban hydrology, groundwater, evapotranspiration, 13306. watershed management, land management, rangeland, water balance, lysimeter, runoff, interrill erosion, evapotranspiration, water yield, USA, Texas, Rolling Plains; 11096. wetland hydrology, beaver dam, subarctic wetland, runoff, stream flow, basin storage, 07470.
drainage analysis
GIS, terrain analysis, storm water model, surface flow, subsurface flow, urban hydrology, design flow, USA, North Carolina, Asheville; 12167.
drainage area
generalisation scheme, river network generalisation, 09275.
drainage basin
accelerating erosion, loess, geomorphological evolution, area-altitude analysis, China, Loess Plateau; 00210. arid region, model calibration, model verification, channel flow, rainfall runoff model, kinematic wave routing, overland flow, soil moisture, infiltration, peak discharge, runoff volume, Saudi Arabia; 09810. basin monitoring, sediment yield prediction, soil conservation, water resource management, monitoring technique, 13331. carbonate, evaporite, groundwater, playa lake, Australia; 00063. digital elevation data, topographic primal sketch, artificial intelligence, topographic analysis, image analysis, drainage network, automatic delineation, 03705. factorial analysis, linear regression, basin storage, Spain, Basque Country; Canada, Quebec; 08674. forested terrain, rainfall impulse tracking, runoff routing, data logger, storm hyetograph, tipping bucket rain gauge, headwater piezometer, stream flow gauging, lag time, unit area discharge, steep terrain, 08673. geomorphometric database, DEM, terrain feature extraction, C language, automating, object representation, 02502. mountain area, soil landscape, erosion cycle, Mediterranean; 08628. peak flood, topography, flood routing, hypsometry, planform, hydrologic response, basin morphometry, time to peak, basin characteristic, hydrograph, 07462. rain gauge, forecast, radar, areal rainfall, Switzerland; 05349. sandstone, sedimentary provenance, Carboniferous, geochronology, zircon, monazite, UK, England, Pennines; 08270. sediment storage, sediment budget, semi-arid region, equatorial region, aggradation, sediment delivery ratio, Kenya, Katiorin Basin; 00021. terrain analysis, geomorphometry, catchment area determination, divergent flow, DEM, 13303. topography, watershed boundary, land surface morphology, DEM, overland flow path, GIS, 12137. topological data structure, bit mapped classification, terrain feature extraction, 06841. water conservation, protection zone identification, water protection system, surface water, 07494. weathering, erosion, carbonate, evaporite, silicate, atmospheric precipitation, suspended sediment, surface water chemistry, element load, China, Yellow River; Yangtze River; 05193.
drainage basin analysis
palaeodrainage, topography, DEM, Australia; 12138.
drainage basin characteristic
glacier river, spring fed river, direct runoff river, river classification, hydrograph shape, runoff fluctuation, water yield, Iceland; 06272.
drainage basin evolution
karst process, nickpoint, cluster analysis, ergodic hypothesis, rejuvenation, morphometric assessment, lithologic control, USA, Indiana, Crawford Uplands; 01378.
drainage basin geometry
fractal interpretation, mainstream length-drainage area relationship, length-area relation, 01651.
drainage cadastral map
digital map, 10478.
drainage channel
environmental protection, water resource management, channel deterioration, sedimentation, weed growth, channel design, irrigation channel, UK; Europe; 13463. hypoxic sediment, eutrophic channel, gas chromatography, dissolved oxygen, acetate, propanoate, butanoate, carboxylic acid, drainage water quality, sediment, 04135.
drainage condition
inflow rate, karstic water, mine drainage, protective structure, groundwater flow, impervious layer, 07533. rheological model, soil, stress history, consolidation model, Terzaghi, 03819.
drainage conduit
carbonate rock, spring, doline, submarine spring, palaeocave system, peneplain, uplift, low sea level, dissolution, hydrogeology, karst hydrogeology, phreatic cave system, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
drainage current
cold air, katabatic wind, three dimensional model, Antarctica, Adelie Land; 11189.
drainage density
fluvial geomorphology, mapping, channel network, digital elevation data, 12166. hydrogeology, SIR-A, underground water, Iraq; 06904. morphometric analysis, geomorphometry, fluvial process, relief property, basin morphometry, drainage frequency, India, Karnataka, Gangolli River Basin; 11858. runoff, drainage development, precipitation, lithology, vegetation cover, India, Uttar Pradesh, Dhauli-Ganga Basin; 01646. spatial variablity, stream flow, runoff, peak discharge, catchment characteristic, France, Massif des Hautes Vosges; 12168. stream frequency, slope, hypsometric analysis, groundwater accumulation, geomorphological study, drainage pattern, basin development, seventh order basin, bifurcation ratio, Hortons exponential relationship, India, Kabini River Basin; 11872.
drainage design
channel design, mathematical model, flood dynamics, backwater effect, levee failure, flood simulation, Italy, Valtellina, Adda River; 05159.
drainage development
precipitation, lithology, vegetation cover, drainage density, runoff, India, Uttar Pradesh, Dhauli-Ganga Basin; 01646.
drainage diversion
landslide, geomorphic history, pluvial Lake Parman, radiocarbon age, landslide soil, USA, Nevada, Summit Lake; 04919.
drainage evolution
infiltration rate, groundwater recharge, evaporation, Lysimeter, Spain, Barcelona, Valles Occidental; 00573.
drainage first stage
air expansion shrinkage phenomenon, pore drainage, groundwater flow, unsaturated zone, drainage, ponded soil, encapsulated air, 00580.
drainage flow
Doppler acoustic sodar, valley wind, boundary layer, USA, Colorado, Brush Creek; 00732. frost, surface runoff, percolation, snow, soil frost, flow path, frozen soil, soil water-heat model, infiltration, Sweden; 13437. inversion breakup, mountain, valley, air temperature, wind speed, Canada, Alberta; 12446. katabatic wind, nonhydrostatic model, wind speed, ambient wind, valley, 13550. seasonal condition, coastal site, sulphur dioxide, nitrogen oxide, ozone, sea breeze, Spain, Castellon; 12533. sloping terrain, downslope motion, leeside wind, 10088.
drainage flux
hydraulic conductivity, soil water content, chalk, water balance, groundwater recharge, Coombe deposit, soil water potential, zero flux plane method, unsaturated hydraulic conductivity, UK, England, Eastbourne; 07530.
drainage frequency
drainage density, morphometric analysis, geomorphometry, fluvial process, relief property, basin morphometry, India, Karnataka, Gangolli River Basin; 11858.
drainage improvement
irrigation development, surface water groundwater interaction, water resource management, agricultural development, waterlogging, flood control, India, Bihar Plains; 11121.
drainage initiation
surface drainage, short wavelength limit, rill, drainage network, channel, drainage stability, 13012.
drainage loss
soil water tension, available water content, hydrodynamic characteristic, sandy soil, soil hydraulic property, neutron probe, tensiometer, field capacity, rooting zone, Ivory Coast; 12230.
drainage modelling
water balance study, soil hydraulic property, unsaturated hydraulic conductivity, saturated hydraulic conductivity, hydraulic conductivity, soil moisture retention curve, 06333.
drainage network
automatic delineation, drainage basin, digital elevation data, topographic primal sketch, artificial intelligence, topographic analysis, image analysis, 03705. catchment computer model, typhoon, design flood level, flood protection, village flooding, Hong Kong; 05151. channel, drainage stability, drainage initiation, surface drainage, short wavelength limit, rill, 13012. geomorphological spatial self organisation, geomorphology, periodic bedform, patterned ground, scale invariant topography, spatial order, ripple, polygonal pattern, 05986. infiltrability index, storage, runoff modelling, snowmelt runoff, infiltration, frozen soil, variable source area model, lake water, discharge hydrograph, snowmelt temperature index model, Canada, Quebec; 01746. mapping, SPOT, 11618. Pliocene, pediment, inselberg, Pleistocene, climatic phase, geomorphological map, landform, soil, Miocene, Italy, Sardinia, Nurra, La Corte; 08408.
drainage network instability
discharge surging, moraine formation, subglacial sedimentation, glaciolacustrine sedimentation, rapid sedimentation event, glacial Lake Agassiz, esker, subaqueous fan, Canada, Ontario; 09575.
drainage network optimization
stream network, stream capture, stream gradient, 06275.
drainage pattern

aerial MSS, thermal infrared data, optimum threshold selection, India, Cambay Basin; 10445. basin development, seventh order basin, bifurcation ratio, Hortons exponential relationship, drainage density, stream frequency, slope, hypsometric analysis, groundwater accumulation, geomorphological study, India, Kabini River Basin; 11872. engineering design, expert system, 03466. fault, carbonatite, neotectonics, dislocation zone, fault breccia, tensiional fault, India, Western Meghalaya, Nongchram; 08371. river alignment, remote sensing, neotectonics, geology, France, Paris Basin, Champagne, Berry; Sologne; 00231. subsurface runoff, biogeochemical cycling, element budget, precipitation chemistry, throughfall density, stream water chemistry, runoff chemistry, nitrogen, sulphur, canopy throughfall, Germany, Black Forest; 04087. uplift, morphotectonics, morphometric method, neotectonic study, bifurcation ratio, longitudinal river bed profile, Poland, Carpathians; 00234.

rainage ratio
slope, lake depth, lake area, humic content, lake water, lake morphometry, watershed morphometry, water colour, USA; Canada; 07489.

rainage scheme
river regulation, hydrograph characteristic, low flow, flood regime, sediment load, channelization, flow regime, 06281.

rainage stability
drainage initiation, surface drainage, short wavelength limit, rill, drainage network, channel, 13012.

rainage status
soil aeration, capillary retention effect, horticultural soil, soil moisture management, 00575.

rainage system
aridity, meso relief, hydrographic network, Aral Sea; 06007. electromagnetic bipole-bipole method, resistivity map, piezometer, water exploration, groundwater, arid zone, palaeochannel, Niger, Agadez, Teloua; 13422. hydrological system, water balance, groundwater regime, water resources exploitation, surface water groundwater interaction, China, Gansu Province, Hexi Corridor; 09936. subglacial drainage, glacier, dye tracer test, Norway, Midtdalsbreen; 00630. water table rise, slope stability, groundwater level, aquifer recharge, water monitoring network, Italy, Urbino; 08769.

rainage water chemistry
forest hydrology, seasonal variability, nitrate, potassium, phosphate, sodium, chloride, pH, aluminium concentration, iron, clearfelling, 04155.

rainage water quality
alkaline soil, oxidised soil, water quality, biota, sediment, water quality, trace element, pesticide, irrigation water quality, USA, California, Kesterson National Wildlife Refuge; 11085. anion exchange, subsurface drainage, water quality treatment, nitrate adsorption, 04150. cationic monomeric aluminium, surface water quality, acidification, acidic soil, leaching, land use effect, 01755. leaching, land drainage, tile drain, groundwater quality, surface water quality, silt loam soil, preferential flow, pesticide transport, nutrient transport, USA, Indiana; 13453. sediment, drainage channel, hypoxic sediment, eutrophic channel, gas chromatography, dissolved oxygen, acetate, propanoate, butanoate, carboxylic acid, 04135.

rainage water re-use
water conservation, salinity, irrigation water quality, 01777. water conservation, water management, agricultural management practice, irrigation water quality, saline water, USA, California, Imperial Valley; 01776.

raining
vegetation, peatland, forested mire, mire type, aapa mire, bog, Finland; 13154.

raintile
three dimensional flow field, flow analysis, land drainage, tile drain, 13408.

RASTIC
regional model, mapping, groundwater contamination, USA, Florida; 06901.

rawdown
confined aquifer, unsteady state flow, discharge-drawdown relationship, boundary effect, pumping test, 01712. groundwater development, hydrogeology, water resource, Cambro Ordovician sandstone aquifer, specific yield, transmissivity, irrigation water quality, Jordan; Saudi Arabia; 11116. groundwater flow, capillary effect, capillarity correction, free surface flow, water table, 04126. leaky aquifer, well flow, heterogeneous aquifer, groundwater flow, synthesized analytical numerical method, 05222. unconfined condition, well spacing, aquifer transmissivity, fracture zone, fissured sandstone, semi arid area, groundwater resource, aquifer low transmissivity, sandstone aquifer, hydraulic testing, pumping test, delayed yield, Botswana, Kalahari; 06362. water management, model calibration, model reliability, groundwater model, recharge, abstraction, Botswana, Jwaneng Northern Wellfield; 09925.

rawdown phase
spillway channel, bedload transport, outwash apron, ice marginal lake, strandline, Canada, British Columbia, Bridge Glacier; 13111.

rawing conversion
hybrid technology, computer, map digitisation, 06718.

redge
beach, harbour, erosion, accretion, energy flux method, longshore transport, Argentina, Buenos Aires Province, Mar del Plata; 10546. direct pump-out, seafloor, USA; 04773.

redged material
mobilisation, navigation, PCB's, contaminant, USA, Massachusetts, New Bedford Harbour; 11708. soil ripening, nutrient, relief formation, physico chemical study, soil maturation, land disposal site, Germany, Essen Ruhr, Lake Baldeney; 08524.

redging
cadmium, bioavailability, heavy metals, harbour sediment, Canada, New Brunswick, Dalhousie; Belledune; 01256. contamination, sea bed, ocean disposal, consolidation, cap design, USA, Connecticut; 00105. delta, Chasico Formation, continental shelf, navigation, nautical chart, Argentina, Bahia Blanca Estuary, El Toro Channel; 10534. estuary, tidal current, sediment transport, texture, beach, nourishment, New Zealand, Tauranga Harbour, Pilot Bay Beach; 01266. harbour, engineering, erosion, sedimentation, 03582. harbour, PAH's, phototoxicity, hazard, photoactivation, toxic substance, USA, Great Lakes, Lake Michigan; 11703. inlet hydraulic, runoff, bay superelevation, measurement, sea level change, tide gauge, 03901. marine resource, port, sea water, muddy coast, China, Lianyungang; 04794. port, estuary, discharge, tidal range, braided pattern, China, Changjiang Estuary, Shanghai; Hangzhou Wan, Shanghai; 01218. sediment, river, GIS, Canada, St. Lawrence River; 13959. slope, sediment transport, alluvial river, navigation, bedload, estuary, delta, Zaire, River Zaire; 05887. transport, gale, mud, suspended matter, seabed, Netherlands; Belgium, Zeebrugge; 02342.

Dreissena
bottom sediment, suspended matter, mollusc, USSR, Dnieper-Donbass Canal; 01316.

Drente phase
Eem interglacial, Weichsel Glacial, geology, palaeontology, palaeoecology, brown coal opencast mine, borehole, Voigtstedt warm period, Holsteinian, Saalian Glaciation, Zeitz phase, Leipzig phase, Treene Interglacial, Ruegen Interglacial, Germany; 02670.

drift
bedrock, thermal regime, subglacial aquifer, glacial surge, hummocky stagnation moraine, Rainy lobe, Laurentide Ice Sheet, subglacial meltwater production, pore water pressure, permafrost, ice margine thrusting, USA, Minnesota; 02638. floe, arctic polar pack ice, pack ice, Arctic; 02700. iceberg, ice shelf, calving, Antarctica, Ross Sea; 04651.

drift angle
azimuth compression, motion compensation, 10254.

drift deposit
groundwater recharge, chalk aquifer, hydrogeology, hydrochemistry, transmissivity control, nitrate, tritium, denitrification, storage control, UK, England, Norfolk; 07539. Wisconsinan glaciation, glacial geology, ice flow pattern, image enhancement, Canada; 10449.

Drift Experiment
Coordinated Eastern Arctic Experiment, ice floes, research platform, Polarbjorn, Arctic; 03921.

drift geology
geology, Quaternary, geological map, stratigraphy, British Geological Survey, UK, England, Avon, Weston Super Mare; Wales, Cardiff; 10682.

drift ice
atmospheric circulation anomaly, El Nino/Southern Oscillation, atmospheric oceanic process, climate change, aerological data, ice core, Greenland; Arctic; 05461.

drift lineation
ice sheet, lineation, Landsat imagery, ice divide movement, glacial erosion, deposition, Laurentide ice sheet, last glacial cycle, Canada; 09574.

drift map
till, marine deposit, former coastline, morainic landform, Loch Lomond Stadial, raised deposit, British Geological Survey, UK, Scotland, Greenock; Clyde Estuary; 07143.

drift mapping
till, mapping, glacial deposit, lithology, boulder clay, sand, gravel, brick earth, UK; Ireland; 11947.

drift problem
pressure ridge keel, arctic field test, sea ice thickness, airborne electromagnetic sounding system, system noise, 05044.

drift velocity
Rapaiti catamaran, surface wind vector, wind water transfer factor, beaching, 07736.

drifting ice
glaciology, climatology, remote sensing, Antarctica; Southern Ocean; 01130.

drilling core
dating, fossil fauna, transgressive sequence, Huanghai Sea; 13087.

drilling mud
environmental impact, barium, suspension, salinity, China, Zhujiang Estuary; 04793. gypsum, Shihr group, bentonite, volcanism, Yemen, Hadramawt Province, Gayl Bawazir; 00191.

drilling risk
well hydrodynamics, groundwater exploration, groundwater resource, HYDROLAB computer model, portable computer, expert system, Cameroon; 06418.

drilling site
air photo interpretation, groundwater recharge, hydrogeological field study, isotope analyses, lithology, diffuse infiltration, preferential path, geophysical investigation, groundwater resource, Burkina Faso, Yatenga Province; 06368.

drilling vessel
deep sea coring, coring, Ocean Drilling Program, Deep Sea Drilling Project, 01363.

drinking water
morainic soil, peat soil, strontium-90, caesium-137, nuclear fallout, groundwater contamination, surface water contamination, surface geology, radiological contamination, Denmark; Greenland; Faroe Islands; 04023. regulatory programme, US Army Corps of Engineers, legislative change, civil works, mitigation, recreation, USA; 04772. suspended matter, sewage sludge, particulate organic carbon, river water, water quality, PCBs, partitioning, filtration plant, waste water plant, aqueous phase, adsorbed phase, France, Paris, Seine River; 05204.

drinking water contamination
water quality, microbial degradation, xenobiotic, potabilisation process, chemical degradation, toxicology, pesticide, 11088.

drip irrigation
infiltration, hydraulic conductivity, soil water potential, tensiometer, soil moisture movement, Mauritius; 09847.

drip water
pool water, water vapour, stable isotope, cave pool system, cave hydrology, isotopic ratio, hydrologic model, USA, New Mexico, Carlsbad Cavern; 07446.

driving mechanism

subcrustal layering, rheological parameter, uplift paradigm, glacial isostatic theory, Fennoscandia; 13034.
driving time
exhaust gas, air, preheating, automotive emission, carbon monoxide, cold starting effect, vehicle, 07833.
drizzle drop
precipitation drop, particle, collision efficiency, below cloud scavenging, scavenging rate, aerosol, 13695.
drop energy balance
mass transfer, water drop, leaf, cereal, canopy, evaporation rate, 07690.
drop impact
mechanics, raindrop, flow transport, drop size, 02716.
drop sill
overflow weir, gauging station, mountain stream, stream gauging, bedload, 08710.
drop size
drop impact, mechanics, raindrop, flow transport, 02716. raindrop spectra, breakup, coalescence, three peak equilibrium, raindrop distribution, 12448.
drop spectrum
cloud, successive convective element, inversion, parcel, 13611.
droplet
fog collection device, trace substance, vertical mass flux divergence, cloud, fog experiment, aerosol, 06675. impactor, inorganic particle, ion, sulphate, nitrate, aerosol, size distribution, accumulation mode, condensation, USA, California; 06576. temperature, boundary layer, aerosol, humidity, turbulence, latent heat flux, air-sea interaction, marine boundary layer, wind stress, 01860. uptake, hydrogen peroxide, sulphur dioxide, 11343. water, ammonia, evaporation, 03105.
droplet chemistry
acid rain model development, precipitation rate, gas absorption, aqueous chemical reaction, cloud microphysics, 05506. nitrate, sulphate, ammonium, sodium, calcium, magnesium, chloride, cloud water, fog water, Rotating Arm Collector, Caltech Active Strand Cloudwater Collector, USA, California, Santa Barbara Channel; 04421. oxidation, sulphur dioxide, hydrogen peroxide, 06634. precipitation chemistry, sulphur dioxide, ozone, hydrogen peroxide, sea salt nuclei, stratus cloud, cloud droplet chemistry, 03245. sulphate, hydrogen peroxide, sulphur dioxide, cloud chemistry, ozone, 05529. sulphate, sulphur oxidation, acid deposition, fog, cloud droplet, 04310.
droplet concentration
stratiform, cloud, droplet formation mechanism, 06508.
droplet dispersion
size distribution, humidity, model, evaporating spray, spray, 13602.
droplet drying model
canopy, boundary layer, wind, radiation, temperature, humidity, 00726.
droplet evolution
sea spray, spray, time constant, 11218.
droplet formation mechanism
droplet concentration, stratiform, cloud, 06508.
droplet freezing
coagulation, columnar type crystal, ice crystal, 04309.
droplet growth
gravitational settling, liquid water content, radiaiton, fog model, radiative transfer, microphysics, 12450. warm midlatitude cloud, tropical cloud, cloud top, entrainment, mixing process, 10133.
droplet microphysics
smog fog smog cycle, acid deposition, aerosol, 09062.
droplet radius
cloud top, optical thickness, particle radius, cloud, reflected solar radiation, 10128.
droplet sampling
fog water collection, fog sampling station, radiation fog, fog chemistry, Italy, Po Valley; 04028.
droplet size
water flux, forest canopy, model, cloud water, deposition, collection efficiency, liquid water content, wind speed, 11267.
droplet size distribution
adiabatic lifting, cloud model, entrainment, condensation, non precipitating cumuli, 04307.
droplet spectrum
coagulation, spatially inhomogeneous system, Bernoulli test, Stirling number, liquid water content, 03109.
dropstone
Quaternary(Late), circulation pattern, surface current system, southerly current, cyclonic gyre, Greenland Sea; Norwegian Sea; 02608. tidal pumping, iceberg rafting, laminated terrigenous sediment, subglacial, marine process, piston core, Antarctica, Antarctic Peninsula; 05010.
dropwindsonde
aircraft, forecasting application, airborne observation, weather forecasting, 13616.
dropwindsonde data
VISSR Atmospheric Sounder, sounding retrieval process, first guess data, forecasting use, numerical weather prediction, Atlantic; 08913.
drought
actual evapotranspiration, millet crop, soil texture, soil moisture storage, root zone, evapotranspiration, drainage, crop coefficient, soil water balance model, Niger; 12240. agricultural production, seasonality, rainfall, flood, India, Western Ghats; 13496. arroyo cutting, climatic change, arroyo filling, rainfall patterns, USA, New Mexico, Zuni River; 07817. atmospheric circulation, rainbelt, pressure height trend, temperature trend, subsidence, subtropical high, long term drought, Africa, Sahel; 11179. barge, transportation, climate prediction, 05446. climate change, desertification, erosion, soil degradation, seif, barchan, rilling, salinisation, Senegal; 09642. climate change, precipitation trend, confluence, rainy season, Africa, Sahel; Atlantic; 04347. climate information, climatic information, retrieval system, 06806. climatic variation, El Nino/Southern Oscillation, snow melt, annual fluctuation, seasonal fluctuation, precipitation, stream flow, flooding, Chile, Aconcagua River Basin; 09786. continuous record, Holocene, aeolian activity, vegetation change, wind blown silt, dune field, pollen analysis, Anoka Sand Plain, USA, Minnesota, Ann Lake; 05014. crop production, desertification, desert reclamation, climate, human behaviour, 12494. deterministic signal, precipitation, rain gauge, solar cycle, tidal forcing, USA, Wyoming; Montana; USA, Idaho; 05392. drought predictor, 01944. dry weather interval, growing season, rainfall, Yugoslavia, Backa; 05383. El Nino, Southern Oscillation Index, drought anomaly field, ENSO, Zimbabwe; 07661. El Nino/Southern Oscillation, rainfall distribution, precipitation regime, rain fall, Peru; 04348. El Nino/Southern Oscillation, vegetation, rainfall, Australia; 13504. electric potential, electrolyte concentration, soil water, soil electric potential signature, 07647. flash flood, water management, surface water hydrology, hydrogeology, water resource planning, arid region, semi arid region, hydrological data, data shortage, Africa, Sahel; 06260. flood, precipitation, variance analysis, dryness, wetness, China, Beijing; 00709. flow record, river flow, long term drought, climatic change, Ethiopia, Nile River; 06403. forecasting, engineering design, climatic extreme, death, flood, 01957. GCM, climate change, soil moisture, evapotranspiration, 04346. Great Man Made River Project, water budget, aquifer identification, water resource, groundwater development, Africa, Sahel; Libya; 06419. hazard, desertification, climatic fluctuation, arid zone, 11177. ice core, precipitation record, archaeological record, cultural impact, Peru, Andes; 13631. irrigation, water resource management, agricultural water use, water conservation, 02985. landfall, precipitation variation, hurricane activity, Africa, Sahel; USA; Caribbean; Africa, (West); 07663. meteorological drought, agricultural drought, desiccation, precipitation assessment, Niger, Sahel; Africa, Sahel; 00505. precipitation, drying trend, USA; 10144. rainfall deficit, runoff distribution, surface runoff, water resource, interannual fluctuation, stream flow, climatic variation, Africa, Sahel; Senegal River; Africa, Niger River; 06266. rainfall deficit, settlement problem, clay deposit, evapotranspiration method, precipitation, foundation problem, champlain clay, Canada, Quebec, Montreal; 02537. rainfall, Africa, Sahel; 00703. range degradation, Landsat MSS, natural vegetation cover, Botswana; 12744. renewable energy source, water resource, reforestation, climate change, global warming, carbon dioxide, greenhouse gas, agriculture, storm, 05460. resource management, river regulation, water supply, Chad, Chad Basin; Lake Chad; Africa, Congo Zaire Basin; 09931. sea surface temperature, global climate model, statistical method, simulation, prediction, 13622. sediment sampling, erosion pin, surface recession, upland catchment, erosion rate, blanket peat, erosion, UK, Wales, Powys, Plynlimon; 00362. severe drought, Palmer Drought Severity Index, Markov chain analysis, USA; 12328. streamflow fluctuation, forest catchment, evapotranspiration, ion concentration, groundwater flow, throughflow, diurnal fluctuation, electric conductance, Japan; 02843. sunspot activity, volcanic eruption, rainfall, precipitation, Krakatoa eruption, Spain, Valence; 00702. vegetation index number, AVHRR, crop assessment, USA; 08108. vegetation index, weather event, crop monitoring, AVHRR, USA; 05740. warming, greenhouse effect, sea level, 12492. water resource management, subsurface dam, water conservation, dam, small dam, arid region, sand dam, Africa, Sahara; Sahel; 09930. water resource, river runoff, aquifer recharge, UK; 02821. water storage, reservoir, river regulation, water demand, water quality, low flow, France, Garonne River; 02986. weather service, climate service, water balance, yield estimate, flood, 05296.
drought anomaly field
ENSO, drought, El Nino, Southern Oscillation Index, Zimbabwe; 07661.
drought cycle
water balance, forest hydrology, transpiration, eucalypt forest, plant water use, cork oak forest, interception, stem flow, soil moisture, evapotranspiration, Portugal, Alentejo, Odemira; 09914.
drought damage
model simulation, regional spectral radiance, water excess, thermal image, 01139.
drought duration
drought frequency analysis, critical drought analysis, Markov chain, probability distribution function, 09787.
drought frequency analysis
critical drought analysis, Markov chain, probability distribution function, drought duration, 09787.
drought index
Palmers drought index, river stage, stream flow, flood frequency, USA, Tennessee, Hatchie River; 10984. solar activity, sunspot cycle, cross correlation, residual time series, 07640.
drought induced timberline
alpine timberline, timberline, water availability, atmospheric circulation, microclimatological investigation, tropical vegetation, alpine scrub, USA, Hawaii, Maui; 13557.
drought management
arid area, semi arid area, hydrological modelling, water management, rainfall runoff model, data requirement, rainfall, evaporation, runoff formation, hydrological process, Africa; 06289. weather radar, rain gauge data, meteorological data, hydrological forecasting, reservoir operation, flood forecasting, stream flow forecasting, telemetry, water resource forecasting, UK, England, London; 06273.
drought mitigation
water resource management, safe yield, groundwater development, water mining, fossil groundwater resource, Middle East, Arabian Peninsular; Africa, (North); 09929.
drought persistence
hydro metric data, flood, hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, evapotranspiration, evaporation, Africa, (West); (Central); 06262. stochastic model, observation network, theoretical hydrology, data acquisition, rainfall runoff transformation method, Africa, (West); 06261.
drought plan
insurance record, road network, agricultural resource inventory, insurance, claim assessment, Canada, Ontario; 01165.
drought predictor
drought, 01944.

rought survival
coastal wetland, limnology, acid peat flat, water chemistry, invertebrate community, water transparency, Australia; 09781.
rought type
principal components analysis, spatial pattern, USA; 07662.
rought year
summer monsoon, rainfall, India; 09991.
rowned reef
open system behaviour, crustal subsidence, coral reef, subsidence rate, uranium series dating, mass spectrometer, USA, Hawaii; 07277.
rowned river valley
transgression, sea-level stand, channel-fill sequence, paleochannel, estuary, USA, Delmarva Peninsula; Chesapeake Bay; USA, Susquehanna River; 03537.
rumlin
barrier, paraglacial coast, headland, overwash, wave power, Canada, Nova Scotia, Story Head; 06992. directional indicator, ice flow pattern, rock cored drumlin, sedimentary sequence, stratigraphy, Ireland; 11950. glacial stratigraphy, dry valley, ice age, Germany, Bavaria, Iller River; 11959. glaciological model, Valley Heads Moraine System, ice thickness, basal shear stress, outlet glacier, trough, reconstruction, dynamics, Wisconsin(Late), ice dome, USA, New York, Finger Lakes; 01431. lodgement till, glaciofluvial landform, periglacial mass wasting, till, mass wating, landform, glacial deposit, UK, England, Northumbria; 11953. streamlined feature, erratic, esker, kame, delta, cirque, glacial trough, glacial deposit, Landsat TM, Ireland; 13124. superposed till, nonglacial interval, weathering, Sangamon Interglaciation, Illinoian, Pleistocene stratigraphy, USA, Massachusetts, Boston Harbor; 03881.
rumlin field
gravel dune, cross bedding, esker, subglacial dune, dune, gravel, Canada, Ontario, Trenton; 13113. morphometric analysis, Glacial Lake Iroquois, swash zone, submerged drumlin, wave planed summit, proglacial lake, USA, New York; 07230. stagnation lake, kame hummock, flood plain, outwash, kettle gully, Vistula lobe, dead ice melting, river mouth evolution, Poland, Wierzyca Valley, Gniew; 01379.
rumlin long axes
bedrock fluting, melt water flood evidence, large scale subglacial, melt water flood event, flow line pattern, USA, New York State; Canada, Ontario; 04997.
rummer soil
chemical fixation, organic matter, anhydrous ammonia, USA, Illinois; 00416.
runka Formation
carbonate succession, sea level change, Eocene, sedimentation, Ypresian, carbonate basin, Thebes Formation, Egypt, Eastern Desert; 05907.
ry antecedent condition
soil pipe, inorganic aluminium, throughflow, rainfall intensity, storm flow hydrochemistry, upland catchment, runoff chemistry, flow path, subsurface flow, surface water chemistry, rainfall duration, UK, Wales; 04094.
ry area
cold area, lithofacies, organic carbon, carbon stratigraphy, pollen, palaeoclimatic variation, China, Qaidam Basin, Qarhan Salt Lake; 13158.
ry band
radiosonde, satellite imagery, blackbody temperature, radiative transfer, 01813.
ry bulb temperature
relative humidity, heatwave, Greece; 03042.
ry combustion method
organic matter, mineral soil, clay, loss on ignition, Dumas method, organic carbon, Walkley-Black procedure, New Zealand; 13281.
ry convective boundary layer
skewness budget, turbulent exchange, forest, canopy, Brazil, Amazon; 07843. turbulent flux, top hat model, 01850.
ry deposition
aerosol, precipitation, scavenging ratio, calcium, sodium, magnesium, potassium, surface level concentration, deposition, 07887. aerosol, remote concentration, coastal site, marine aerosol, size spectra, UK, Scotland, Outer Hebrides, South Uist; 13709. air-snow fractionation, aerosol, aerosol removal process, sulphate, sea salt aerosol, ice crystal, Antarctica; 03247. ammonium, biological loss mechanism, bulk precipitation collector, wet only precipitation collector, precipitation quality, wet deposition, aerodynamic blockage, ionic composition, sulphate, UK; 10978. atmospheric concentration, lead, cadmium, wet deposition, Ligurian Sea; 06604. cadmium, trace element, deposition, air quality, environmental threat, wet deposition, Netherlands, South Holland; 13725. cloud deposition, interannual variability, acidic deposition, mountain forest, forest decline, wet deposition, USA, North Carolina, Mount Mitchell; 13652. coarse particle, rain chemistry, nitrate, ammonium nitrate, acid deposition, nitrogen, major ion, conifer forest, aerosol, nitric acid vapour, USA; Germany; 05510. energy balance, sensible heat flux, net radiation, soil heat flux, latent heat flux, eddy correlation measurement, USA, Colorado, Pawnee Grasslands; 03076. evapotranspiration, soil chemistry, acidification, afforested catchment, stream water quality, ion uptake, acidic deposition, UK, Scotland; 09917. forest, watershed ecosystem, sulphur, 05474. guttation, aerodynamic resistance, deposition velocity, precipitation chemistry, sulphur dioxide, sulphate, nitrate, dew, 03235. leachate, lichen, USA, California; 07873. leaching, precipitation chemistry, model ecosystem, mineral cycling, forest hydrology, lysimeter, canopy leaching, soil water chemistry, acidification, canopy deposition, cation leaching, throughfall enrichment, sulphate, 11087. leaf, canopy, conductance, deposition velocity, nitrogen dioxide, nitric oxide, nitric acid, vapour, ammonia, nitrate, ammonium, 12548. mineral dust, mineral particle, surrogate surface technique, deposition velocity, particle mass size distribution, Pacific; 04355. net deposition, bulk precipitation, acidification, eutrophication, forest hydrology, throughfall, stemflow, spatial variability, atmospheric deposition, 01633. nitrate, carbonate, sulphate, dew chemistry, frost, potassium, calcium, magnesium, sodium, sulfite, nitrite, acid deposition, USA, Indiana, Indianapolis; 05512. ozone, nitric acid, pollution, transport, Japan; Korea; China; 00859. precipitation chemistry, metal concentration, vasilinated plexiplate, cascade impactor, resuspension flux, trace metal, wet deposition, North Sea; 04422. resistance, model evaluation, summertime ozone measurement, forest, ozone, 12538. sodium, potassium, magnesium, calcium, chloride, sulphate, pine needle, sea salt, marine aerosol, storm, Sweden; 03219. sulphate, potassium, foliar washoff, acid rain, rainfall, deposition, washoff, forest, tree, leaf, 13665. sulphur dioxide, ammonia, carbon dioxide, oxygen, ozone, wind tunnel, deposition, 03161. sulphur dioxide, trajectory model, pollutant, transport, deposition, 11390. transport, heavy metals, urban environment, particulate matter, lead, zinc, cadmium, copper, deposition, surface dust, stormwater runoff, rainfall, wet deposition, 00818. washout, particle, micrometeorological condition, Chernobyl nuclear accident, caesium-137, environmental transfer parameter, Italy, Anguillara Sabazia; 00928. wet deposition, deposition velocity, acid deposition, equilibration process, phase partitioning, 06574. wet deposition, deposition, sulphur, sulphate, 00932. wet deposition, laboratory exposure system, simulation, atmospheric degradation, building stone, wet deposition, atmospheric pollutant, acid rain, wet-dry cycling, Porland stone, pollutant-material response relationship, damage function, 02704.
dry ice
graupel, Bergeron process, accretion, cloud seeding, cold base cloud, 04316.
dry matter
plant yield, phosphorus, soil test, 02795.
dry matter biomass
vegetation index, vegetation dynamics, ecosystem model, 10414.
dry passage
cave expedition, marble, Norway, South Nordland, Bjorkasen Cave; Elgfjell Cave; 10726.
dry period
domestic water consumption, climatic change, water, aquifer, wet period, Israel; 12496. shower event, shower depth, shower duration, Hershenhorn's technique, daily rainfall, parameter transferability, rainfall disaggregation model, USA; 05115.
dry phase
sangol, slope deposit, fire, forest, savannas, cattle grazing, rilling of slopes, gullying, recent evolution, valley, Nigeria, Adamawa Highlands; Cameroon, Adamawa Highlands; 12038.
dry plant material
green plant material, plant decay, laboratory reflectance spectra, 05739.
dry ravel process
debris flow, wildfire, erosion, gravel, colluvium, USA, California, Ventura County; 09323.
dry salt lake
surface wind, albedo, soil thermal property, mesoscale thermal circulation, 05424.
dry savanna
savanna, nutrient status, soil fertility, nutrient rich patch, Africa, (Southern); 09769.
dry season
air mass, marine origin, precipitation chemistry, wet season, sodium, potassium, chloride, Brazil, Amazon; 10208. calcium oxalate, ice nuclei, convective cloud, oxalate source, intertropical zone, biomass burning, aerosol, particle, Ivory Coast; 03207. rainy season, climatic variability, precipitation regime, Mexico, Baja California Peninsula; 06452. savanna site, barotropic result, inertial oscillation, low level jet, sea breeze arrival, katabatic effect, Australia; 13515. savanna site, boundary layer process, Koorin experiment data(1974), surface flux, heat flux, stress, inertial oscillation, sea breeze, Australia; 08871. study contribution, temperature, river, tropical region, Zaire, Lubumbashi, Lubumbashi River; 11171. wet season, erosion, accretion, seasonal variation, spatial variation, beach change, Nigeria; 11684. wet season, nitric oxide, tropical forest soil, canopy, boundary layer, rain forest, clay, Brazil, Amazon; 07849. wet season, rain forest, ozone measurement, Brazil, Amazon; 07855.
dry snow
wet snow, freezing rate, wetting-front propagation, analysis, modelling, melt water, refreezing, 01461.
dry surface
frontogenesis, potential vorticity perturbation, semigeostrophic model, Eady model, zonal wave number, 12441.
dry tropics
tropical forest, nitrous oxide flux, 10224.
dry valley
desertification, soil erosion, tropics, subtropics, debris flow, China, Jinsha River Basin; Minjiang River Basin; 06243. ice age, drumlin, glacial stratigraphy, Germany, Bavaria, Iller River; 11959.
dry valley network
assessment, erosion form, erosion risk, agricultural land, erosion risk, sediment source, France, Paris Basin; 01514.
dry valleys
grounding line position, sea level changes, Cenozoic(Late), glacial history, ice core, Sirius Formation, uplift, reconstructed surface profile, Alpine glacier, Antarctica, Ross Embayment; Transantarctic Mountains; 02656.
dry weather discharge
snow covered area, snowmelt, Landsat, remote sensing, aerial photography, river discharge, snow depth, water content, Israel, Jordan River; Mount Hermon; 00624.
dry weather interval
growing season, rainfall, drought, Yugoslavia, Backa; 05383.
dry wedge formation
groundwater resource, electrical resistivity, hydrogeology, dolerite dome, perched aquifer, sedimentary formation, Mauritania, Sarakolle desert; 13417.
dry well drainage
volatile organic compound, lead, chromium, pesticide, nickel, manganese, Secondary Drinking Water Standards, groundwater recharge, groundwater contamination, pollution potential, USA, Arizona, Pima County; 04139.
dry year

wet year, inter tropical discontinuity, rainfall, anomaly patterns, Nigeria; 12340.
dry-wet hydrological cycle
bog, base flow, piston flow, antecedent conditions, surface water quality, soil water chemistry, flow path, Norway, Birkenes; 13380.
Dryas
Holocene, glacial lake, eustatic fluctuation, glacioisostatic movement, braided river, meandering river, palaeohydrology, Bolling, Allerod, USSR, Estonia; 11855. Laachersee eruption, Allerod peat, coastal landscape, Weichsel, Late Glacial, Germany; 03896.
Dryas stadial
Weichselian, permafrost, Pomeranian stage, palaeoclimatic sequence, periglacial cycle, Europe, (Western); France; Belgium; 06198.
drying
biological weathering, nunatak, chasmolithic algae, granitic rock, wetting, USA, Alaska, Juneau Icefield; 06208. clay, soil aggregate, shrinkage, Netherlands; 01552. engineering behaviour, Cochin marine clay, shear strength, marine clay, liquid limit, India, Kerala State; 09515. incubation, soil solution, soil solution composition, 03992. lacustrine sediment, sulphur, isotopic content, burial, lake, 04875. Little Ice Age, glacier recession, lake shrinkage, climatic warming, Asia, (central); 03120. optimum, Little Ice Age, greenhouse effect, Holocene, carbon dioxide, proxy data, glacier recession, lake shrinkage, warming, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782. subsidence, warmer climate, humidity, water vapour feedback, climate change, 13624. wetting, hydrodynamic simulation, estuary, current, tide, Canada, St Lawrence River; 10987.
drying lake
deflation bowl, ephemeral lake, periodical lake, lake, Mongolia, Gurwan Turuu; 09497.
drying trend
drought, precipitation, USA; 10144.
dryland
desert degradation, post glacial, desiccation, desertification, arid land, overgrazing, deforestation, salinisation, 11937. hyperarid zone, Holocene(Early), summer, rainfall, ecological significance, pollen, Middle East; 06107. tracer, accelerated soil erosion, water erosion, conservation, soil conservation, detachment, transport, runoff, 12027.
dryland crop
diffusion porometer, infrared gas analyser, leaf area index, canopy conductance, evapotranspiration, transpiration, millet, stomatal conductance, Penman-Monteith model, Shuttleworth-Wallace model, Niger, Sadore; 01640.
dryland millet
evaporation, evapotranspiration, transpiration, soil evaporation, Institute of Hydrology, ICRISAT Sahelian Center, porometry, microlysimeter, energy balance, soil wetness, eddy correlation measuring device, semi arid area, water balance, Niger; 06270.
dryline
Doppler radar analysis, low precipitation storm, severe storm, 10136. splitting convective cloud, convective tower, storm, shear, precipitation, convective initiation, 07778. squall line, cloud, precipitation, cold front, occulsion, lee trough, USA; Pacific; 01901.
dryline convection
moisture, specific heat, dryline mixing, buoyancy, 04186.
dryline mixing
buoyancy, dryline convection, moisture, specific heat, 04186.
dryness
wetness, drought, flood, precipitation, variance analysis, China, Beijing; 00709.
dryness index
carbon, climatic change, organic carbon content, 09740. desert, aridity equation, agricultural purpose, marginal zone, Mexico, Baja California Sur; 11183.
dryness-wetness pattern
polar front position, climate change, Little Ice Age, summer record, cooler period, Japan; China; 12490.
DSS test
bender element, triaxial testing, G max, oedometer, 03744.
DTM
analytical photogrammetry, photogrammetry, data acquisition, 04523. automatic correlation, SPOT, geomorphometrical information, Algeria, Beni-Chougrane; 05602. base mapping, land registration, updating, institutional arrangement, Canada, New Brunswick; 13887. computer mapping, grid interpolation, contouring, triangulation, 04527. contour generation, triangular based method, grid based method, 04526. data acquisition, map, modelling, 04522. data collection, phototriangulation, on-line point positioning, photogrammetric system, analytical instrument, 00964. environmental science, planning, geography, GIS, 09169. flooded forest, wetland ecosystem, SAR, Bangladesh; 05604. forest, classification, SPOT-HRV, 02207. geoid, spherical harmonic model, gravimetric geoid, Philippines; 04499. geological detection, three dimensional geological feature, 06832. GIS, DBMS, utility management, terrain modelling, 04553. hazardous zone, SPOT, quantitative geomorphology, GIS, Bolivia, La Paz; 10395. height information, GIS, 11509. high resolution map, soil loss, rain wash, differentiated USLE, modified, USLE, 02715. hydrological modelling, surface hydrology, 09274. landuse mapping, mapping, France, Ardeche; 09213. least square collocation, collocation, algorithm, optimal procedure, 11467. map rectification, orthophoto, data accuracy, Germany, Nordrhein Westfalen; 09091. MOSS survey module, digital surface model, survey, technology, 04531. photogrammetry, civil engineering, 04521. rockfall, hazard, neighbourhood analysis, ILWIS, 02200. software, engineering, 04525. terrain information, triangulation, 11426. TIN creation, data collection, hardware platform, Canada, New Brunswick; 13856.
DTM application
military terrain analysis, environmental impact analysis, 04529.
DTM data
military terrain analysis, GIS, 06941.
DTM production
topographic line mapping, stereo SPOT imagery, Ordnance Survey, map compilation, Yemen; 10359.
DTMs
SPOT, automatic correlation, 12624.
dual channel retrieval technique
water vapour band, anvil temperature, anvil emissivity, cloud temperature, remote sounding, tropical cloud temperature, cirrus cloud temperature, optical depth, radiometers, 09970.
dual frequency radar measurement
retrieval, precipitation profile, airborne radar, radar, radiometer, 12324.
dual gauge system
recording gauge, air temperature, tipping bucket gauge, rainfall measurement, snowfall measurement, precipitation gauge, mountain basin, USA, Idaho, Reynolds Creek Watershed; 08649.
dual polarization radar
rainfall rate, radar measurement, hailfall parameter, urban hydrology, hail detection, rain gauge hailpad network, 05348.
dual probe
calibration, shrinkage, swelling, clay loam soil, surface condition, soil water content, bulk density, nuclear probe, single probe, 01699.
dual water flow
piston flow, saline water, irrigation water quality, unsaturated zone, gypsum amended soil, groundwater flow rate, preferential flow, 01697.
dual-polarisation radar
precipitation event, rainfall rate, gauge network, 09968.
duality
decomposition, rotation matix, 04509.
duck
floodplain vegetation, aerial photograph, goose, Australia, Northern Territory; 03453.
Duck Hawk Bluffs Formation
Morgan Bluffs Formation, Quaternary geology, Tertiary(Late), Pleistocene(Early), glaciation, interglaciation, Beaufort Formation, Worth Point Formation, Canada, Banks Island; 09581.
dug well
measurement, hydraulic conductivity, inverse auger hole method, saturated hydraulic conductivity, till soil, 01713.
dugong
radio transmitter, inshore seagrass beds, Australia, Queensland, Great Barrier Reef; 03454.
Dumas method
organic carbon, Walkley-Black procedure, dry combustion method, organic matter, mineral soil, clay, loss on ignition, New Zealand; 13281.
dumping
floc, waste water, sewage, sludge, ocean dumping, 08195.
Dun and Bradstreet Market Identifier
energy regulatory issue, environmental regulatory issue, GIS, commercial database, USA, Illinois; 09200.
Dunaujvaros Tapiosuly loess complex
loess, Wurm period, malacological result, lithostratigraphy, Hungary, Lakitelek; 10757.
dune
aeolian deposit, stabilisation, vegetation, eolianite, root fossilisation, Tunisia; 03648. aeolian sand transport, wind, Australia; 05807. aeolian sediment, paleosol, Holocene, Quaternary, aridity, USA, Colorado, Hudson; 02306. air flow, lee face flow, ripple, grain flow, grainfall, cross strata, aeolian dune, 05806. animal track, interdune, mud drape, pond, aeolian dune, Tunisia, Tozeur, Chott el Gharsa; Oued el Melah; 09436. anti dune, channel, friction, sand wave, 06958. aridity, dune building, sedimentological evidence, magnetostratigraphic evidence, groundwater discharge, discharge playa, playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, gypseous dune, Australia, Northern Territories, Amadeus Lake; 13105. barrier island, sediment transport, heavy mineral, tracer, radioactivity, USA, Florida, Apalachicola Bay; 09351. beach, engineering, France; 04745. beach, marsh, coast, sea level rise, mudflat, coastal management, cliff, barrier island, 06991. beach, skewness, kurtosis, roundness, sand, India, West Bengal, Midnapur District, Junput Beach; 11685. bedform, ripple, channel, reattachment bar, USA, Arizona, Grand, Canyon; Colorado River; 05810. Bridgnorth Sandstone Formation, sand sheet, bedform, palaeodune, UK, England, Shropshire, Bridgnorth; 05895. calibration test, sand, in situ density, piezocone penetrometer, flat dilatometer, Canada, Quebec, Ottawa River; 13047. coastal protection, barrier island, coast, sand, Wadden Sea; 07015. continental shelf, fossil dune, sand, aeolianite, wind, coastal dune, 10511. deflation, blowout, algae, organism, Netherlands, Schiermonnikoog; 10628. desertification, vegetation, sand, soil, nutrient, agriculture, arid land, 07028. engineer, conservation, plant community, animal community, management, Netherlands, Delta Coast; Wadden Island Coast; Netherlands, Holland Coast; 10548. flow velocity, bed configuration, antidune, ripple, 02296. flume, hot water modelling, scale modelling, temperature, ripple, 02295. gravel, drumlin field, gravel dune, cross bedding, esker, subglacial dune, Canada, Ontario, Trenton; 13113. human impact, geomorphology, coastal dune, management, France; 04743. hydrological cycle, salt lake basin, evaporite, carbonate pedogenesis, aeolian dune, uranium series date, dune stabilisation, Strzelecki dunefield, hyperaridity, uranium series, dating, lake, Australia; 13106. map, aerial photograph, pollen analysis, agriculture, Netherlands, Maas Polder, Herper Dune; 00470. palaeocurrent pattern, Cambrian, coastal dune, aeolian deposit, Vassbo Formation, cross bedding, ripple, Sweden, Vassbo; 05802. palaeowind vector, sand sheet, Pleistocene(Late), aeolian sand, outwash river, USA, Alaska; 06116. planning, beach erosion, coastal defence, Italy, Gulf of Venice, Lido di Jesolo; 01224. radiocarbon chronometry, radiometric dating, fossil dune soil, 06073. recharge, deep well, infiltration, ecological impact, groundwater recharge, potable water, artificial recharge, Netherlands, North Holland Dunes Area; 07576. ripple, shear stress, sand, megaripple, Israel, Sinai desert; 08153. sand, bedform, pattern, fractal dimension, ripple, 04698. sand, grain size distribution, heavy mineral, beach, Bangladesh, Cox's Bazar; 04710. sand, gravel bed river, flume test, movable bed, bedload, France, Chatou; 05798. sand, Holocene, vegetation, Preboreal, wind, aeolian, Finland, Saarijarvi; 09321. sand,

particle size distribution, Laplace distribution, bimodality, 05976. sandsea, aeolian sedimentation, erg, Pleistocene(Upper), sediment homogeneity, sedimentation characteristic, Ogolian sand, sand sample, Senegal, Mbour; Mauritania, Nouakchott; 10759. shore, management, France; 04744. temperature, bed configuration, sediment discharge, flow velocity, ripple, Mars; 02297. transgression, Littorina Sea, groundwater, particle size, beach sand, Poland, Slowinski National Park, Gardno-Leba Lowland, Lake Dolgie Male; 12835. transport rate, bed load transport, bed configuration, load sampling, 09818. tunnel, buoyancy, flood, scouring, scour protection, erosion, riffle, river bottom, Argentina, Parana River, Parana-Sante Fe Tunnel; 05882. vegetation cover, tourism impact, sand budget, Atlantic, Canary Islands, Fuerteventura; 08152. vegetation, sand transport, 10581. water supply, conservation, coastal zone, Netherlands; 10584. wind, orientation, flume, flow direction, bedform alignment, 01186.

dune activation
Pleistocene(Late), cyclic aeolian activity, Younger Dryas, deflation, aridity, Australia, Gulf of Carpentaria; 13103.

dune building
sedimentological evidence, magnetostratigraphic evidence, groundwater discharge, discharge playa, playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, gypseous dune, dune, aridity, Australia, Northern Territories, Amadeus Lake; 13105. vegetation stabilisation, barrier island, beach, erosion, sand fencing, vegetation, USA, Louisiana, Timbalier Island; 09433.

dune classification
management, aeolian activity, foredune, 10514.

dune environment
boulder beach, cementation, transgression, shoreline deposit, diagenesis, late Pleistocene, sedimentary facies, surf zone, breaker zone, swash zone, backbeach, boulder beach, South Africa, Durban; 11987.

dune field
decalcification, sedimentary feature, sand, Bassendean sand, Australia, Western Australia, Swan Coastal Plain, Bassendean Dune; Spearwood Dune; 00017. grainfall, lamination, vegetation, sediment supply, Canada, Alberta, Grande Prairie; 10512. high resolution, topography, albedo, layered deposit, photoclinometric technique, Mariner 9 image, weathering rind, saltating material, Mars; 03718. pollen analysis, Anoka Sand Plain, drought, continuous record, Holocene, aeolian activity, vegetation change, wind blown silt, USA, Minnesota, Ann Lake; 05014. Quaternary(Late), sedimentary record, radiocarbon dated material, eolian landscape, soil formation, USA, New Mexico, Colorado Plateau, Chaco Dune Field; 02511.

dune formation
mudflat, seagrass, root mat, vegetation, Mauritania, Banc d'Arguin; 07072.

dune incursion
archaeology, chronology, palaeoenvironment, aeolian sand, radiocarbon dating, hyperarid climate, climatic condition, Quaternary(Late), Israel, Sinai; Negev; 07220.

dune management
dynamical GIS, landscape component, research, landscape change, 12704.

dune morphometry
Viking orbiter image, sediment volume, sand sea, Mars, North Polar Region; 00230.

dune ridge
palynology, peat, relative sea level change, coastal response, sand beach, coastal dune, progradation, backbarrier marsh, Canada, Newfoundland; 00316.

dune sand
beach sand, loess, raised beach chronology, interglacial raised beach, thermoluminescence, feldspar, Eemian, UK, Channel Islands; France; 07275. coastal dune, radiocarbon dating, aeolian sediment, TL dating, Quaternary(Late), New Zealand, North Island, Manawatu; Horowhenua; 06094.

dune stabilisation
erosion, storm surge, shoreline, barrier island, USA, North Carolina, Outer Bank; 10533. inland dune, Vistulian(Late), aeolian phenomena, palaeoenvironmental interpretation, stratigraphic interpretation, Pleni Vistulian grain, aeolian coversand, permafrost, frost fissure, fragipan, coversand, Poland; 10790. Strzelecki dunefield, hyperaridity, uranium series, dating, lake, dune, hydrological cycle, salt lake basin, evaporite, carbonate pedogenesis, aeolian dune, uranium series date, Australia; 13106.

dune terrain
modelling, water erosion, water repellency, runoff, sediment yield, Netherlands; 12036.

dune type
Mesozoic, aeolian sandstone, sandstone, sedimentary structure, red bed, back arc basin, Chile, Atacama Region; 10504.

dunefield
beach, recreation, sand blowing, South Africa, Port Alfred; 00157. groundwater, salt lake, playa, gypsum, Quaternary, aridity, Australia, Northern Territory, Lake Amadeus; 11661. sea level, carbonate content, coastal sand, radiocarbon age, wind blown sand transport, environmental history, environmental dating, South Africa, Cape Province; 10805. sediment budget, sediment dating, Holocene, Pleistocene, Australia, Queensland, Cape York; Northern Territory, Arnhem Land; 02308.

dunes
sublimation, particle supply, aeolian transport, cold environment, periglacial environment, particle size, pore ice, 07249.

Dunkirk Transgression
cuspate foreland, coast, tombolo, Littorina Transgression, Denmark, Jutland, Blavandsuk; Skagens Odde; 12861.

Dunne overland flow
rainfall-runoff model, overland flow, infiltration, rangeland catchment, Horton overland flow, 01652.

Dupuit Forchheimer analysis
Dozenys parabola solution, Engelunds solution, seepage surface, unconfined aquifer, Laplace equation, groundwater flow, water table height, 07541.

Dupuit-Forchheimer flow
soil water flow, mole drain, soil hydraulic property, land drainage, surface runoff, water table depth, 01698.

Dupuit-Forchheimer theory
Muskat theory, Darcy equation, average river runoff, streamflow, rainfall-runoff model, groundwater flow model, 02844.

duricrust
morphostratigraphic marker, planation surface, ferricrete, Pleistocene(Middle), alucrete, silcrete, Nigeria, Jos Plateau; 06006. weathered quartz grain, quartz grain, surficial sand, highly weathered terrain, deep weathering, laterite, Australia, Western Australia; 09498.

duripan
in situ alteration, eolian dust, loess, opal-A/X-ray amorphous phase, micromorphological technique, silicification process, calcareous pan, USA, Idaho; 12016.

dust
accumulation rate, Quaternary, clay mineral, river runoff, Arabian Sea; 10515. aeolian transport, microfossil, pelagic sediment, climatic change, wind, diatom, Atlantic, Sierra Leone Rise; 07076. aerosol, Pacific easterly, lead, barium, potassium, strontium, rubidium, cascade impactor, isotope dilution mass spectrometry, sea salt, Pacific, American Samoa; 02044. air filter sampling, aerosol, Saharan dust, Senegal, Cape Verde, Dakar; 02490. air quality, aerosol, Netherlands, Maastricht; Nijmegen; 01970. cement industry, vanadium, pollution, fossil fuel, Egypt, Cairo; 03146. cycle periodicity, upwelling, organic matter, Pleistocene, palaeoceanography, Indian Ocean; Arabian Sea; 11660. factory emission, vegetation, soil, pollution, India, Uttar Pradesh, Mirzapur, Dala Cement Factory; 00431. fireball, particle, smoke, nuclear winter, nitric oxide, stratosphere, 02997. Gaussian dispersion model, particulate matter, respirable size range, dispersion coefficient, pollution, 04417. global climatology, optical climatology, tropospheric aerosol, satellite, occultation measurement, extinction ratio, stratosphere, 12562. greenhouse gas, climate change, solar variability, energy use, global climate trends, 04336. heavy metal, migration, smeltery, 06705. metal, surface water, heavy metals, sulphur dioxide, nitrogen oxide, pollution, Poland; 03252. meteorology, topography, pollution element, atmospheric pollution, aluminium reduction plant, Egypt, Nagi Hammady; 07834. nitrogen oxide, objective estimation, pollution, sulphur dioxide, Czechoslovakia, Slovakia; 05489. ozone, air quality monitoring, pollution, emission, Saudi Arabia, Jubail; 01963. palaeoclimatology, Pleistocene, aeolian deposition, ocean circulation, ocean sediment, deep-sea sediment, 02309. particle size distribution, fallout, Egypt, Qena; 11386. particle size, iron, copper, zinc, desert, Egypt, Cairo; 02038. pollution, heavy metal, biomonitoring, sulphur dioxide, nitrogen oxide, hydrocarbon, Poland, Katowice, Upper Silesia; 09025. sediment trapping, moss, desert, vegetation, loess, Israel, Negev Highlands Desert; 12957. stack gas, pollution, sampling, isokinetic sampling system, fly ash, gravimetric method, beta ray, 03192. steppe environment, post depositional weathering, pluvial period, loess, loess like deposit, palaeoclimatic significance, Pleistocene(Upper), France; Italy; Africa, (North); 07216. stratosphere, cosmic dust, pollution, microtektite, 02035. sulphur dioxide, nitrogen dioxide, sampling, air quality, pollution, total suspended particulate, Poland, Lublin Coal Basin; 04452. surface temperature, westerly, proxy data, palaeoclimate, Little Ice Age, palaeoenvironmental condition, oxygen isotope, Antarctica, Siple Station; 03128. tracer, long range transport, mineral, aerosol, transport, deposition, 11307. upwelling, aeolian deposition, monsoon, magnetic susceptibility, periodicity, 12896. wind speed, pool evaporation, dispersion model, emissions model, landfill, 04454.

dust cloud
meteorological survey, planetary observation analysis, Mars, 07622. photoacoustical technique, short-path transmissiometry, aerosol dosimetry, mass extinction coefficient, scattering albedo, radiative transfer, 03202.

dust composition
atmospheric dust, soil development, Harmattan dust, dust fall, Nigeria, Zaria-Kano; 12111.

dust deposition
melt water quality, snow melt, melt water chemistry, water quality, mineral dust, 06380. sedimentation, deposition, loess, aeolian dust, soil formation, Israel; 08632. soil dust source, ice record, aluminium, calcium, France, Alps, Mont Blanc; Africa, Sahara; 07863.

dust devil
boundary layer height, Obkuhov length, convective downdraft, Australia; 05276. downdraft, formation condition, Australia; 12469. soil moisture, surface thermal property, USA, New Mexico, White Sands Missile Range; 05284.

dust event
synoptic vertical velocity, trajectory model, geochemical tracer, Saharan dust, pollution, long range transport, 05500.

dust fall
dust composition, atmospheric dust, soil development, Harmattan dust, Nigeria, Zaria-Kano; 12111.

dust flow
loess, dust flux, glacial maximum, last interglacial, pleniglacial dust, dust storm, late Quaternary, China, Loess Plateau; 11973.

dust flux
glacial maximum, last interglacial, pleniglacial dust, dust storm, late Quaternary, dust flow, loess, China, Loess Plateau; 11973.

dust gauge
salt impaction, coastal location, grapevine, vegetation, Australia; 12576.

dust level
rainy month, residential area, atmospheric dust, India, Chandigarh; 12505.

dust plume
mineral aerosol, aerosol deposition, transport mechanism, arid area, Germany; 09029.

dust radiance
chlorophyll, CZCS imagery, Saharan dust, haze, 12567.

dust related element

biogenic aerosol, forest, canopy, aerosol characteristics, wet season, Brazil, Amazon; 07879.
dust source area
Milankovitch cyclicity, grain size record, periodicity, million year record, summer monsoon wind, continental aridity, monsoon wind, aridity, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11925.
dust storm
aluminium, Saharan dust, aerosol, trace element, Mediterranean Sea; 04715. friction velocity, roughness, thermal stability, mobile surface, snow drift, rough sea, 03068. late Quaternary, dust flow, loess, dust flux, glacial maximum, last interglacial, pleniglacial dust, China, Loess Plateau; 11973. optical property, aerosol, radiative heating, solar absorptivity, 07657. surface wind, Viking Lander 1 site, Mars, 07623. visibility, wind erosion, erosion, Canada, Prairie Provinces; 07668.
dust storm control
soil salinity, irrigation, water erosion, soil conservation, reclamation technique, desert reclamation, degradation, wind erosion, 08532.
dust storm frequency
erodibility, erosion rate, wind erosion, land degradation survey, Australia; 00367.
dust transport
lead, copper, manganese, atmospheric deposition, aerosol, trajectory analysis, long range transport, continental source region, scavenging, France, Corsica; Africa, Sahara; 06586.
dust-storm
control, sand transport, threshold velocities, soil conservation, wind erosion, 12026.
dustfall
air pollution, cement dust, heavy metals, pollutant, Turkey, Elazig; 01262. calcium, chloride, sulphate, tar, boiler furnace, cane bagasse, fuel, Egypt, Abu Qurqas; 02039. deposit, India, Varanasi; 11401.
Dutch East India Company
De Graaff,N.(1619-1688), travelling records, cartographic history, East Indies; 03372.
Dutch National Physical Planning Agency
GIS, planning design, planning legislation, Netherlands; 05647.
Dutch Programme on Soil Ecology of Arable Farming Systems
staining technique, soil preparation method, image analysis, micromorphology, soil structure, biota, micromorphological technique, photographic method, 10910.
dwelling unit
aerial photography, population, Saudi Arabia, Riyadh; 13978.
DWOPER
routing model, river routing, Muskingum-Cunge routing scheme, geomorphologic characteristic, regime theory, 01650.
Dwyka Formation
Karoo Supergroup, diamictite, glacigene, mudrock, Botswana; Namibia; South Africa; 05900. Karoo Supergroup, diamictite, glacigenic valley, glacier, Zimbabwe, Hwange; 05898.
Dye 3 ice core
preboreal chronozone, melt water pulse IB, deglaciation, discharge rate, climate event age, climate event origin, Younger Dryas, Greenland; 08430.
dye plume
Froude number, stable flow, hill, linear theory, laboratory measurement, towing tank, 07761.
dye test
oyster, freshwater, spawning, estuary, larvae, USA, Virginia, James River Estuary; 03643.
dye tracer test
drainage system, subglacial drainage, glacier, Norway, Midtdalsbreen; 00630.
dye tracing
karst hydrogeology, groundwater problem, fluviokarst, Ordovician(Upper), pollutant, sinkhole, caves, disappearing river, blind valley, spring, USA, Minnesota, Fillmore County; 03839.
dyke
clastic dyke, Archean, Chibougamau Formation, conglomerate, sandstone, 04820. fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological structure, graben, horst, Botswana, Kalahari 06413. hydraulic model, erosion, structure stability, flood, embankment, France, Arve River; 12182. silty clay loam texture, marine sediment, embankment, pedogenesis, soil development, Canada, Nova Scotia, Grand Pre; 08520.
dynamic balance
mesoscale model, quasi-geostrophic omega-equation, monlinear balance equation, diabatic processes, 01913.
dynamic behaviour
quantitative solution, fully saturated problem, computer program, SWANDYNE-X, static behaviour, 01396. quantitative solution, semi-saturated problem, cohesion, earthquake induced failure, static behaviour, USA, California, San Fernando Dam; 01397.
dynamic clustering method
satellite cloud imagery, 03010.
dynamic commonalities
semigeostrophic approximation, coastally trapped disturbance, USA, California; Australia; Africa; 03102.
dynamic cone penetration testing
soil condition, Ireland; 03781.
dynamic equilibrium
general system theory, Davis, geomorphological system, geomorphology history, erosion cycle, dissipative system, 11829. river basin evolution model, uplift, hillslope, fluvial geomorphology, channel network, mathematical model, 10706. sediment transport, computer simulation model, flume experiment, river profile, mathematical model, 06301.
dynamic field
data structure, operational structure, GIS, 06752.
dynamic history
cycle number, cyclic-dynamic simple shear test, shear test, 03753.
dynamic image
imaging geometry, point tracking, time varying image, 09109.
dynamic light scattering
zeta potential, colloid, humic acid, groundwater, photon correlation spectroscopy, 02486.
dynamic map
AIDS, applied cartography, visualisation, 01088.
dynamic modelling
land management, vegetation, fire control, Australia; 03426.
dynamic parameter
stratus, cloud, transfer equation, ground based measurement, microwave, 13609.
dynamic phenomenon
mapping scale, floodplain landscape, USSR, River Ob; 03405.
dynamic problem
thixotropic liquefaction, gravitational liquefaction, quicksand liquefaction, water saturated soil, liquefaction, soil, 01407.
dynamic process
ozone valley, subtropics, thermal process, India; 10211. Richardson number, Roach equation, clear air turbulence, mesoscale process, synoptic scale process, 12438. tide, turbulent eddy diffusion coefficient, thermosphere, turbulent energy, 08947. wave interaction, tropical oscillation, low frequency oscillation, water vapour evolution, latent heating, 11235.
dynamic programming
control network, optimisation monitoring, 10269.
dynamic programming
human operator efficiency, image processing, digital terrain model, filtering technique, 07992.
dynamic property
microphysical characteristic, infrared radiative heating rate, optically thin cirrus, cirrus case study, observation, radiation, 12454.
dynamic sea surface
SAR, autocorrelation function, non Gaussian speckle, 10431.
dynamic shape factor
aerosol, aerodynamic particle sizer, nonspherical particle, 05478.
dynamic shear moduli
shear wave velocity, very soft clay, measurement, correlation, clay, Greece, Euboea; 03774.
dynamic stability
three layer model, discontinuous profile, wind, temperature, gravity wave, atmospheric simulation, eigenvalue equation, 12434.
dynamic test
lithomorphogenesis, rock strength, lithomorphic relief, USSR; USSR, Kazakhstan; USSR, Great Caucasus; 03723.
dynamic visualisation
biomedical engineering, surface topography, biological surface, 05572.
dynamical aspects
storm, fine mesh simulation, great storm(16 October 1987), UK; 13599.
dynamical criteria
lee cyclogenesis, cyclogenesis, baroclinic mode, topography, geostrophic model, 13581.
dynamical GIS
landscape component, research, landscape change, dune management, 12704.
dynamical model
blocking, linear theory, instability mode, quasi geostrophic model, Atlantic; 13591.
dynamical model forecast ensemble
long range forecast, weather predictability, forecast skill, 08983.
dynamical observation
monsoon, cloud, rain intensity, electric potential gradient, condensation nuclei, microphysical observation, electrical observation, India; 13610.
dynamical predictability
cluster, European Centre for Medium Range Weather Forecasts model, planetary wave, regime, wintertime circulation, 13590.
dynamical prediction
prediction experiment, analogy dynamical model, long range prediction, 10156.
dynamical property
thermally forced circulation, meridional circulation, tropics, zonal flow, diabatic forcing field, 12398.
dynamics
chronology, Quaternary detritism, mudflow, flood, till, glaciation, gelifraction, shoreline, Mediterranean, mountain, France, Corsica; 01383. debris flow, flow track, cirque floor, talus slope, alluvial slope, stabilised debris flow track, deforestation, Poland, Tatra Mountains, Staroroborocianska Valley; 11897. denudation rate, glaciated catchment, non-glaciated catchment, fluvial transport, Svalbard, Spitsbergen; 02496. global ecology, vegetative cover, 04629. numerical prediction, thunderstorm, computer capacity, 12481. peneplain, soil formation, weathering, saprolitic decomposition, gneiss, Budel's model, deep weathered soil, inselberg, Alfisol, paleosol, genesis, substratum, India; 00227. spatial organisation, geomorphic process, mountain area, timberline, snow, ice, relief evolution, 11836. Wisconsin(Late), ice dome, drumlin, glaciological model, Valley Heads Moraine System, ice thickness, basal shear stress, outlet glacier, trough, reconstruction, USA, New York, Finger Lakes; 01431.
dynamo process
climatic influence, geomagnetic influence, palaeomagentic secular variation record, secular variation, radiocarbon age, Milankovitch, France, Haute Loire, Lac du Bouchet; 08427.
dynamo theory
streamline pattern, chaotic streamline, fluid flow, vortex structure, Stoke flow, 10490.
dysaerobic condition
laminae, marl, shale, Cretaceous, organic carbon, concretion, La Luna Formation, Venezuela, Andes de Merida; 04704.
dysaerobic conditions
anoxia, productivity, Cretaceous, sea floor, nannofossil, macrofossil, Weddell Sea, ODP Site 692; ODP Site 693; 03639.
dysaerobic environment
Mesozoic, benthos, anoxic condition, black shale, bioturbation, France;

(03646.
ystrochreptic Fragiudalf
(compaction, mechanical stress, cultivation, France, Normandy; 01543.
ystrophic lake
l buffer capacity, precipitation quality, acidification, cirque lake, lake
water quality, snow melt, acid pulse, Germany, Black Forest; 08729.
ady model
: zonal wave number, dry surface, frontogenesis, potential vorticity per-
l turbation, semigeostrophic model, 12441.
ady wave
l frontal model, momentum diffusion, warm sector, ageostrophic circula-
l tion, semigeostrophic model, 13587. stability, horizontal shear, shear
l front, potential vorticity, semi geostrophic theory, 12442.
ady wave frontal model
l frontal model, momentum diffusion, kinetic energy, enstrophy dissipa-
l tion, semigeostrophic frontal model, 12445.
aglemans parameterisation
l lysimeter, actual evapotranspiration, drainage, crop wateruse, sensitivity
: analysis, field test, water balance estimation model, available soil water,
11040.
arly cartography
l map collection, Hungary; 03370.
arly postglacial vegetation
l temperature, Mazama tephra, Neoglacial ice advance, Late Quaternary,
vegetation history, pollen zone, radiocarbon, tephra dated, Canada,
, Alberta, Jasper National Park, Wilcox Pass; 05012.
arly rain
l landuse change, rainy season, desertification, afforestation, cultivation,
vegetation cover, albedo, Israel; 10021.
arly warning information system
l ice jam, river ice, hydropower generation, USA, Niagara River; Canada,
l Niagara River; 12271.
arly warning system
(crop growth, agrometeorology, socio economic benefit, crop forecasting
: system, growing season, rainfall, Zimbabwe; 05387. satellite data, fam-
l ine, Africa, Sahara; 13987.
arnley deposit
: Stone deposit, West Wittering deposit, deposit correlation, Pleistocene,
l sea level, neotectonic history, Steyne Wood Clay, raised beach, Bem-
l bridge Raised Beach, Lane End deposit, Priory Bay deposit, Boxgrove
(deposit, UK, England, Isle of Wight, Bembridge; Solent; 02679.
ARSeL symposium
l remote sensing, environmental problem, environmental monitoring,
l land pollution, water pollution, 09080.
ar'h
(crop, ocean, shape determination, microwave radiometer, 00959.
(deforestation, desertification, pollution, 02224. post glacial rebound,
l rheology, lithospheric parameter, glacial isostasy, sea level, mantle
l rheology, viscosity, 13025. universe, water, ice, galactic origin, 12128.
arth atmosphere system
l international cooperation, European Space Agency, polar platform,
12586.
arth dam
(compaction, permeability, shear strength test, dam, red soil, residual
l soil, construction material, Algeria, Souani; 01403.
arth history
l sea level, palaeogeography, Miocene, phosphate, 02401.
arth monitoring
: Space Shuttle, 12584.
arth observation
(climate, space, space observation, remote sensing, altimetry, 11130.
(data system, GIS, global environment, 11495. satellite programme, glo-
l bal change, Japan; 12585.
arth Observation Programme
l gravity, polar orbit, 11417. World Climate Research Programme, space
l programme, 01094.
arth observation satellite
l landuse planning, marginal area, forestry resource, Europe; 10405.
arth observing system
(Global Change Research Programme, policy making, USA; 09959. glo-
l bal process, Moderate Resolution Imaging Spectrometer, 12772.
arth photography
videocamcorder, geographic research, Space Shuttle, 00946.
arth radiation budget
(cloud condensation nuclei, phytoplankton, climate, global warming,
(cloud, radiation balance, 00690. longwave flux, shortwave flux, inver-
sion, Nimbus-7, radiometer measurement, 13486. satellite observation,
l long wave radiation, 03025.
arth radiation budget experiment
l bidirectional model, anisotropy, reflected sunlight, sunlight, radiative
flux bias, 12319. climate model, radiative forcing, cloud forcing,
l 06495. cooling, radiative heating, tropical convective region, forcing
seasonal variation, cloud radiative forcing, 08843. data product,
archival data, radiation budget, 11156. radiation budget, scanner meas-
urement, nonscanner measurement, 06436. solar radiation, radiation
budget, out going longwave radiation, albedo, 04213.
arth relief
mega relief, model, global morphogenesis, geomorphological meta
theory, relief symmetry, 08321.
arth resistivity measurement
groundwater contamination, acidic leachate, horizontal resistivity pro-
iling technique, vertical electrical sounding technique, total dissolved
solid, isoresistivity map, mine drainage, USA, Indiana, Wheatland;
0 608.
arth resource
remote sensing system, environmental hazard, operational system,
weather pattern, USSR; 05560.
arth resources satellite system
hydrometeorology, data coverage, spatial resolution, USSR; 12684.
ar h satellite
surveyor, satellite, galaxy, 11414.
ar h science
cartographic material, energy resource, 02160. scientific concept, teaching, snow, field teaching medium, 09609. spatial data handling, digital cartography, GIS, 01027.
earth science application
topographic mapping, sensor system requirement, 07894. topographic mapping, sensor system requirement, 10241.
earth science mapping
carto-bibliography, database, 05683.
earth science teaching
reaction, kinetic, weathering, geology student, dissolution rate, microwave oven, field weathering study, 03923.
Earth subsurface volume
multiple planimetric projection, visualisation, digital technology, 08057.
Earth surface
general circulation model, CLIMAP Project, European Centre for Medium Range Weather Forecasts, atmospheric response, ice age condition, climatology, 11284. satellite remote sensing, energy balance, modelling, water balance term, Botswana; 11184. solar radiation data, El Nino, volcanic dust, diffuse radiation, Mexico, El Chichon; 08846. surface flux, infrared radiation, Mexico; 08847. thermal infrared, remote sensing, water budget study, energy flux, 11205.
earth's surface
gravimetric measurement, Hungary; 03285.
earth-rheology
coastal submergence, sea-level, deglaciation, Netherlands; USA, Connecticut; USA, Virginia, Delmarva Peninsula; France, Brittany, Marais de Dol; 13166.
earthcrust thickness
crustal thinning, endogenic regime, surface elevation, neotectonic structure, tectonic subdivision, Vietnam; China; Laos; Cambodia; 11884.
earthflow
sensitive clay, river erosion, slope stability, landslide, retrogression surface, Canada, Quebec, James Bay, La Grande River; 13052. shallow slide, saprolite, subsurface soil creep, shear strength, cove slope, landslide, soil process, slope failure mechanism, hillslope development, humid tropical forest, translational failure, Puerto Rico; 02550.
earthlined channel
Mannings formula, flow capacity, flow resistance, submerged vegetation, discharge-depth equation, roughness coefficient, channel flow, 13330.
earthquake
active fault, Holocene, marine terrace surface, tectonics, Japan, Kyushu, Tsushima Strait; 04899. brittle tectonics, neotectonics, palaeostress regime, 04895. consolidation, seismicity, smectite, subduction, decollement, illite, 01184. continental slope, Quaternary, Holocene, fault, glide plane, trench slope basin, plate margin, New Zealand, North Island, Kidnappers Slide; 10568. deformation structure, seismite, Oligocene, Neogene, syndiagenetic structure, Egypt; 00012. deformation, seismic cycle, subduction zone, tectonic displacement, shoreline, USA, Alaska; 07166. extensional tectonic setting, potential earthquake segment, surface faulting, fault segmentation, surface rupture, USA, Basin and Range Province; 08357. geotechnical data, submarine slope, seismicity, slope instability, sediment loading, Banda Sea; 01245. headward migration rate, knickpoints age, gully, knickpoint, piedmont fan, recurrence interval, China, Helanshan Mountain; 02506. Ierissos Earthquake(1932), Agios Efstratios Earthquake(1968), fault geometry, dextral strike slip movement, transtensional deformation, hangingwall, structural characteristic, Aegean Sea; 08368. Katrol Formation, Jurassic, seismite, India, Kutch; 04709. lateral spreading, silty sand, liquefaction, ground failure, Canada, Quebec, Saguenay; 06027. liquefaction potential, standard penetration test, laboratory cyclic test, excess pore pressure, granular soil, energy approach, seismic liquefaction potential, 02541. morphological evidence, Quaternary, normal faulting, seismic hazard, wine glass valley, erosional surface, uplift, hanging glacial valley, Spain, Pyrenees; Catalonia; 08362. natural catastrophy, neotectonic, canal, pipeline, dam, reservoir, seismic energy, Greece; 06016. natural hazard, geological hazard, hazard prediction, loess collapse, karstic collapse, permafrost, flooding, landslide, debris flow, China; 13075. offset moraine, slip rate, Quaternary(Late), displacement, Hope Fault, New Zealand, North Canterbury, Glynn Wye; 00239. pore pressure, lateral stress, in situ property, liquefaction behaviour, earthquake loading, Beaufort Sea; China, Ying Kou City; 03768. postglacial, uplift rate, coseismic uplift, radiocarbon date, sea level, Holocene, marine terrace, New Zealand, North Island, Pourerere; Aramoana; 06190. postseismic uplift, coseismic uplift, uplift rate, postseismic relaxation, tide gauge, subduction zone, eustatic rise, sea level, USA, Alaska; 09503. San Francisco earthquake, Loma Prieta earthquake, strike slip, reverse faulting, geodetic survey, surface displacement, USA, California, San Andreas fault; 07168. sea level, crustal deformation, 09501. short period seismograph network, P wave mechanism, normal faulting, crustal extension, seismotectonics, USA, Oregon, Portland; 10688. slope failure, hazard, sediment failure, slump, debris flow, Japan Sea, Korea Plateau Slope; 10570. strike slip fault, foreland fold thrust belt, Kalabagh Fault, decollement thrust, right lateral offset, gravity anomaly, Pakistan, Salt Range; 04897. surface ruptures, sinistral strike slip motion, neotectonic fault, compression, seismic fault motion, strike slip, fault motion, Greece, Akarnania Region; 08367. tectonism, bookshelf tectonics, seismicity, volcanic zone, intraplate earthquake, neotectonics, Iceland; 10697. tsunami, seafloor, volcano, subsidence, submarine eruption, plate boundary, 08168. tufa, Quaternary, chalk, catastrophic flood, France, Calvados, Honfleur; 06965. turbidity current, bedform, erosion, continental slope, Canada, Newfoundland, Grand Banks; 01240. turbidity current, slumping, autochthonous, debris flow, bedform, Atlantic, Grand Banks; Laurentian Fan; 03572. wave height, natural disaster, tsunami, coast, historical record, Japan, Tsugaru Peninsula; 09354.
earthquake activity
earthquake catalogue, seismicity, focal mechanism, stress pattern, crustal inhomogeneity, neotectonic fault, tectodynamics, Fennoscandia; 11882.
earthquake catalogue

seismicity, focal mechanism, stress pattern, crustal inhomogeneity, neotectonic fault, tectodynamics, earthquake activity, Fennoscandia; 11882.
earthquake damage
Holocene, raised shoreline, palaeoecology, tectonic implication, uplift, Turkey, Hatay Coasts; Syria, Orontes Delta; 08500.
earthquake focal mechanism
seismic network, translational azimuth, rift zone, block tectonics, focal mechanism, basal slip, USA, Hawaii; 11885.
earthquake hazard
historic liquefaction, prehistoric liquefaction, earthquake induced liquefaction, liquefaction, sand dyke, glaciomarine sediment, ground shaking, USA, Massachusetts, Newbury; 13071.
earthquake induced failure
static behaviour, dynamic behaviour, quantitative solution, semi-saturated problem, cohesion, USA, California, San Fernando Dam; 01397.
earthquake induced landslide
radiocarbon date, tree ring analysis, chronology, landslide activity, Canada, Quebec, Charlevoix, Riviere du Gouffre; 11894.
earthquake induced liquefaction
liquefaction, sand dyke, glaciomarine sediment, ground shaking, earthquake hazard, historic liquefaction, prehistoric liquefaction, USA, Massachusetts, Newbury; 13071.
earthquake loading
earthquake, pore pressure, lateral stress, in situ property, liquefaction behaviour, Beaufort Sea; China, Ying Kou City; 03768.
earthquake magnitude
fault timing, fault displacement, Holocene faulting, Median Tectonic Line, slip rate, trench study, seismic event, Japan, Shikoku; 08374.
earthquake potential
palaeoseismic study, Quaternary(Late), faulting, TL dating, fault zone, enechelon, Quaternary normal fault, paleoearthquake, thorium age, USA, Utah, Logan; 10689.
earthquakes
energy loss, trigger, high magnitude process, geomorphic process, landslide, fan, Italy; Algeria; 13057.
Earths rotational speed
Circumpolar Current, geostrophic balance, El Nino, 12782.
earthview
skycover, cloud, nephanalysis, 03007.
earthwork
highway, mine surveying, civil engineering, 04612.
earthworm
forest plantation, forest litter, USSR; Caspian Sea; 00354. microfabric, thin section, burrowing channel, soil alteration, 10911. Sierozem, agrochemical property, hydrophysical property, infiltration rate, USSR, Chimkent Oblast; 09710. woodlice, Gibbs free energy, soil physical property, soil chemical property, 01539.
earthworm burrow
X-ray computed tomography, tomography, macropore, image analysis, 13225.
earthworm cast
Alfisol, tropical soil, physico-chemical property, soil property, cassava, cropping system, Nigeria; 09706. phosphorus mineralisation, phosphate, phosphatase activity, worm activated soil, India, Bangalore; 13247.
East African Rift
tectonics, volcanism, graben, sedimentation, rift, 03628.
East Berlin Formation
black shale, tricyclic terpane, lacustrine, petroleum, source rock, rift basin, Jurassic, USA, Connecticut, Hartford Basin; 02459.
East Greenland Current
Norwegian Current, dissolution, pelagic zone, sedimentation, pteropod, shell size, Norwegian Sea, Lofoten Basin; Greenland Sea, Lofoten Basin; 02442.
East West Fault
crystalline massif, fault hydrogeology, groundwater recharge, pumping test, alluvial aquifer, fracturation, Niger, Air Massif, Awagadi Valley; 06364.
easterly shear
westerly shear, potential vorticity, Coriolis parameter, density stratification, baroclinic instability, shear, vertical shear, 00756.
easterly wave
cloudiness, convection, tropical Africa, Africa, (West); Atlantic; 08857. tropical storm, cumulus heating, Africa; 01881.
Eastern Avalonia terrane
sediment provenance, Llandeilo sediment, Llandovery sediment, mudstone, UK, Wales; 08220.
eastern North Pacific hurricane
tropical storm, flash flood, Pacific; 05414.
eastward movement
low frequency wave, system interaction, ridge, trough, industry, 12394.
eastward propagating disturbance
air sea coupled disturbance, aqua-planet, Kelvin wave, oceanic relaxation time, 12379.
eastward propagating mode
Hadley Cell perturbation, low frequency mode, tropical radiation, radiation budget, monsoon, 12314.
eastward travelling wave
stratosphere, planetary wave, global temperature data, geopotential height data, Southern Hemisphere; 12418.
ebb and flow spring
intermittent spring, siphon action, karst spring, recharge, groundwater discharge, spring model, rhythmic spring, Yugoslavia; 12242.
ebb channel
sedimentation, mudflat, intertidal sedimentation, channel geometry, storm, Korea(South), Inchon; 04738.
ebb current
headland, tidal current, estuary, current meter, USA, Washington State, Hood Canal; 02326.
ebb tide
flood tide, tidal variation, estuary, dispersion, density gradient, UK, England, Tamar Estuary; 03540.
ebb-tidal delta
coastline, flood, sand body, tidal inlet, bar, barrier inlet, South Africa, Natal; 04747. longshore drift, surface sediment, sand transport, wave, tide, Netherlands, Wadden Sea, Texel Inlet; 01216.
Ebbadalen Stage
Thomsondalen Stage, Little Ice Age, Pleistocene(Late), Holocene, relief remodelling, geomorphological mapping, glacier, Petuniabukta-Adolfbukta Stage, Marine terrace, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646.
Ebbadalen-Thomsondalen Stage
Little Ice Age, Late Quaternary, glacial episode, sea level, Petuniabukta-Adolfbukta Stage, Billefjorden Stage, Holocene, Svalbard, Spitsbergen, Billefjorden; 11993.
eccentricity cycle
spectral analysis, downhole logging, geochemical logging, sedimentation rate, hiatus, periodicity, Milankovitch obliquity cycle, Atlantic, (South); Southern Ocean, ODP Site 704; 11935.
ECCES model
air pollution, contaminant transport, dispersion, deposition, forest soil, 11101.
echinoderm
cement, carbonate, calcite, 08223.
echo asymmetry
NEXRAD, storm identification, radar viewing angle, thunderstorm, echo size, 10114.
echo size
echo asymmetry, NEXRAD, storm identification, radar viewing angle, thunderstorm, 10114.
echo sounder
multi beam swath sounding, bathymetry, deep sea sounding, sounding method, 07961.
echo sounding
laser, hydrography, 12621. scour, bedform, depression, turbidity current, sonar image, Canada, Newfoundland, Grand Banks; 02360.
echogram
atmospheric structure, layer, India, Calcutta; 02191.
Echooka Formation
Ivishak Formation, Permian, Triassic, Sadlerochit Group, unconformity, USA, Alaska, Brooks Range; 09396.
echosounding
accuracy evaluation, surveying, shallow water surveying, multibeam echosounding, Monaco; 09266.
ECMWF
ocean, surface heat flux, forecast prediction, shortwave radiation, longwave radiation, latent heat, sensible heat, Atlantic; 06470.
ECMWF analyses
mean meridional circulation, tropics, ocean atmosphere transport, marine data, bulk aerodynamic formulae, meridional transport, energy, 07628.
ECMWF model
forecast field, tropics, baroclinic wave, storm track, operational forecast, experimental systematic error, relaxation experiment, 07791. radiation budget, radiation transfer, transfer parameterisation, cloud optical property, forecast model, 07653.
eco climatic resource
agriculture, eco environment protection, resource exploitation, regional development, China, Chaidamu Basin; 06457.
eco environment protection
resource exploitation, regional development, eco climatic resource, agriculture, China, Chaidamu Basin; 06457.
ecodevelopment
shifting cultivation, irrigated land, soil loss measurement, puente de erosion, farming system stabilizing, hillside farming system, Plan Sierra project, Dominican Republic, Sierra; 06221.
ecohydrological parameter
shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, metacline water type, atmocline water type, lithocline water type, pH electrical conductivity relationship, ionic ratio electrical conductivity relationship, landscape ecology, groundwater quality classification, Netherlands; 09901.
ecohydrological zone
river flow, water supply and demand, groundwater table, climate change, landscape ecological change, hydrological change, soil moisture, water pathway, water quality, 05105.
Ecole Pratique des Hautes Etudes
coastal hydrodynamics, coastal geomorphology, coastal environment management, geomorphology laboratory, 05988.
ecological activity
weather service system, weather forecast, climate analysis, meteorological service, national economy, severe weather event, China; 05305.
ecological approach
GIS, database, conservation management, national park, Canada, Saskatchewan, Grasslands National Park; 01121.
ecological cartography
map, natural resource, geographical catography, 08042.
ecological condition
slope, aspect, Hungary, Tokai Mountains, Bodrogkeresztur, Var Hill; 03831.
ecological consequence
water diversion, flow regime, low flow, peak flow, river regulation, Alpine river, Switzerland; 08809.
ecological consideration
hydrological technical direction, geographical approach, water resource estimation, runoff distribution, water conservation, environmental formation, hydrology, 07450.
ecological degradation
surface water quality, catchment management, water resource management, sedimentation, nutrient leakage, salinisation, heavy metals, rehabilitation, remediation, restoration, upland stream, Australia; 01767.
ecological disturbance

biogenic mound, mound, protozoan, sediment water interface, foraminiferan, USA, California, Santa Catalina Basin; 10620.
ecological effect
biodiversity, climatic change, tropical deforestation, deforestation effect, forest, 07814.
ecological history
moorland, conservation, Holocene(Mid), UK, England; Wales; 01440.
ecological impact
flood control, sediment deposition, dam, flow modification, reservoir, hydrological equilibrium, downstream channel, sediment flushing, 08726. groundwater recharge, potable water, artificial recharge, dune, recharge, deep well, infiltration, Netherlands, North Holland Dunes Area; 07576. surface water quality, oil spill, travel time, contaminant fate, contaminant transport, sedimentation, USA, Ohio River; Monongahela River; 02877. water quality, sediment, estuary, agricultural pollution, non point source pollution, pesticide, runoff, USA, Washington, Padilla Bay, Puget Sound Estuary; 07581.
ecological implication
Bolling, Allerod, Younger Dryas, climatic reconstruction, Late Glacial, Flandrian(Early), Coleoptera, France, Massif Central, La Taphanel; 09587.
ecological landscape planning
ecosystem process, geoecological mapping, land capability assessment, 10426.
ecological map
ecological model, natural resource, GIS, water management, USA, Florida; 06861. environmental disturbance, USSR; 13919.
ecological mapping
modelling, TM data, geological mapping, Peru, Andes; 09179. satellite, information system, Germany; 11585.
ecological model
natural resource, GIS, water management, ecological map, USA, Florida; 06861.
ecological modelling
reservoir, tropics, subtropics, morphometry, retention time, thermal stratification, circulation pattern, dissolved oxygen consumption, eutrophication, loading capacity, river recovery, flow regime, biomass production, South America; 12191. transport modelling, pollution monitoring, AVHRR, North Sea; 02262.
ecological monitoring system
thermal power plant, sulphur dioxide, pollution control, emission, desulphurisation, Yugoslavia, Sostanj; 01962.
ecological network
network, remote sensing, 02230.
ecological planning
GIS, urban development, rural development, simulation modelling, USA, Indiana; 01066.
ecological problem
natural geosystem, ecological-geographical map, USSR; 10425.
ecological process model
computer model, surface water quality, water quality prediction, sea water lagoon, hydrodynamic model, water quality model, Tunisia, Tunis, North Lake; 13354.
ecological research
GIS, natural resource, landscape, USA; 06849. GIS, temporal ecological phenomena, spatial ecological phenomena, raster, vector data, 06803. lake, remote sensing, GIS, USA; 06860.
ecological resource
remote sensing, GIS, meteorological satellite, crop yield, resolution image, Zambia; 11584.
ecological sensitivity
industrial development, GIS, environmental hazard, environmental contamination, Canada, Ontario, Niagara Falls; 01149.
ecological significance
pollen, dryland, hyperarid zone, Holocene(Early), summer, rainfall, Middle East; 06107.
ecological simulation
computer programme, traffic, model, 06926.
ecological study
water, desert, ethological study, Africa, Kalahari Desert; 04611.
ecological system
adverse effect, air quality standard, Clean Air Act, economic term, 11131.
ecological type map
flood plain microform, geomorphological map, land use, Hungary, Danube Floodplain; 10388.
ecological-geographical map
ecological problem, natural geosystem, USSR; 10425.
ecology
habitat management, pike, fish, GIS, Canada, Lake Ontario, Hamilton Harbour; 13930. housing, urban development, inner city, 02284. vegetation, geobotany, remote sensing, physiology, China; 06850. woody debris, vegetation, gravel bar, sediment transport, erosion, USA, Montana; 01312.
ECOMARGE
sediment trap, biogeochemical cycling, settling particle, resuspension, France; 05979.
ECOMARGE program
continental slope, biogenic matter, nepheloid matter, organic matter, seasonality, Mediterranean Sea, Gulf of Lions; 05859.
economic analysis
off farm conservation, soil conservation structure, checkdam, water harvesting structure, cost-benefit analysis, Indonesia; 02742. soil conservation technology, vegetative technique, Vetiveria zizanioides, 02712.
economic base
integrated information system, regional analysis, GIS, land allocation, population, USA, Houston; 06913.
economic benefit
agroclimatic demarcation, China, Liao Ning Province, Jian Ping County; 05316. agrometeorological advisory service, environmental protection, farming, cost to benefit ratio, Deutscher Wetterdienst, Germany; 05298. hydrological service, forecasts, information technology, industry, meteorological service, 07612. hydropower, irrigation, flooding, gauging, hydrological data, hydrological network, China, Yellow River Basin; Jiulongjiang River Basin; 08642. meteorological service, benefit matrix, conjugate matrix, weather forecasting, China; 05291. meteorology, hydrology, planning, budget and finance, Latin America; Caribbean; 05301. river protection, recreation, USA, Colorado, Rocky Mountains; 04162. social benefit, hydrological service, climate service, meteorological service, hydrological service, 08811. social benefit, meteorological service, hydrometeorological service, New Zealand; Sweden; 08815. social benefit, weather service, Canada; 05289. weather forecast, road administration, Sweden; 05299. weather forecasting, meteorological forecast service, 05290.
economic consideration
climate change, greenhouse effect, fossil fuel, 12501.
economic development
commercialization of meteorological service, aeronautical meteorological service, social development, 05303. geological survey, Coal District survey, Highland Society, UK, Scotland; 01073. hurricane season, forecasting, meteorological service, hydrological service, Caribbean; 08814. hydrological service, water legislation, 08643. integrated water management, environmental management, water resource management, 02983. mapping, Third World, natural resource, 05561. meteorological and hydrological service, social development, 05306. meteorological service, social development, sustainable development, Africa; 05307.
economic development project
GIS, database, USA, Alabama; 09299.
economic effectiveness
agrometeorological information, agriculture, forecasting, yield programming, weather crop model, USSR; 08812.
economic evalution
sustainability, agricultural land, land degradation, soil erosion, soil life, residual suitability, modelling, Sierra Leone; Botswana; 03948.
economic factor
mineral exploration, image processing, GIS, 06826.
economic growth
oil wealth, sulphur dioxide, nitrogen oxide, emission, fossil fuel, combustion, inventory, Saudi Arabia; 11388. policy making, GIS, benefit cost study, LIS, 08013.
economic implication
groundwater depletion, groundwater quality, over exploitation, water resource management, Saudi Arabia; 13458.
economic limitation
political limitation, sphere, map use, map production, technology, 04586.
economic map
school atlas, production cost, 10357.
economic methodology
cost-benefit analysis, recreation, surface water quality, water quality improvement, 00655. groundwater pollution, pesticide, legislation, liability, 00654.
economic model
cost-benefit analysis, conjunctive water use, groundwater development, Israel, Negev Desert; 01786. flood prevention program, flooding, cost, USA, California, Sacramento-San Joaquin River Delta; 01785. water pollution, abatement cost comparison, pollution control, efficiency analysis, 01784.
economic principle
hydrological service, information, meteorological service, 05286.
economic science
information science, geographic information value, GIS, cost benefit analysis, 06754.
economic stimulation
pollution control measure, water quality management, water conservation, 11123.
economic study
transformed image, scaling, social study, USA, New York, Troy; 03482.
economic system
mapping, multi state system, social system, 09171.
economic term
ecological system, adverse effect, air quality standard, Clean Air Act, 11131.
economic value
streamflow data, water pollution control, opportunity loss model, 04183. water resource, wateruse data, database management system, 11103.
economic welfare model
water resource management, groundwater protection, groundwater quality, policy model, 00643.
economics
soil conservation, ginger industry, land degradation, Fiji; 06247.
economy
society, landscape, historical atlas, twentieth century atlas, Canada; 10350.
ecostratigraphy
biogeography, Pleistocene, pleniglacial, malacofauna, climatic implication, loess belt, sedimentary interpretation, biozone concept, France, Alsace, Achenheim; Europe; 03846.
ecosystem
acidification, modelling, science, technology, 02783. beach front development, storm damage, Hurricane Hugo, timber industry, tourism industry, USA, South Carolina; 04231. benthos, redox potential, oligotrophy, submarine cave, cave, Mediterranean; 09466. biosphere, climate model, life zone, 13544. climatic change, GIS, 04598. climatic change, greenhouse effect, Canada, St Lawrence; 12482. climatic parameter, rainfall, temperature factor, carbon cycle, vegatation belt, 12495. deposition, acid deposition, mountain, sulphate, nitrate, hydrogen, lead, ozone, elevation, 11321. environmental impact, river basin development, water resource management, land resource management, 05253. estuary, bacteria, glucose uptake, fresh water, water column, Yugoslavia, Krka River; 09461. evaluation, mapping, conservation, natural resource, Mongolia; 13916. interception, forest hydrology, rainfall intensity, boreal forest, through fall, intercepted snow, Sweden,

Vasterbotten Province; 00506. Landsat TM, wildlife, riparian ecosystem, USA; 02271. landuse, wildlife management, island, USA, Hawaii; 13920. mountain building process, post glacial condition, glacial landform, landscape component, Switzerland; 06003. pH, aluminium, manganese, cadmium, zinc, nickel, metal solubility, forest, Sweden; 01603. plant, succesional sequence, calcium carbonate, floodplain, soil, isotope, carbon, USA, Alaska, Tanana River; 07070. salt marsh, estuary, carbon, nitrogen, phosphorus, USA, South Carolina, North Inlet, Bly Creek; 11677. SAR, microwave, forest, USA, Alaska, Fairbanks; 02227. soil, nitrogen oxide, emission, USA, Colorado, Nunn; South Carolina, North Inlet; USA, Tennessee, Oak Ridge; 13647. solar flux, deposition velocity, biosphere exchange, carbon dioxide, ozone, rain forest, respiration, Brazil, Amazon; 07841. tropical ecosystem, forest, pasture, mineralisation, nitrification, burned area, nitrous oxide flux, Brazil, Amazon; 07846. vegetation, soil, desert, semi-arid region, USA, California, Owens Valley; 02216. weather simulation, Markov chain, gamma distribution, China; 10207.

ecosystem alteration
prediction, climate, warming, greenhouse effect, environmental disaster, 07804.

ecosystem change
water quality index, surface water quality, water quality management, UK; 07587.

ecosystem dynamic power
maximum entropy method, carbon dioxide, greenhouse effect, 07818.

ecosystem dynamics
fire scar, tree growth chronology, Southern Oscillation, USA; 07796.

ecosystem interaction
atmosphere interaction, biological system, scale mismatch, South Africa; 12359.

ecosystem management
calcium saturation, regional groundwater flow system, mesotrophic fen, poldered river plain, fenland restoration, groundwater flow, water management, Netherlands, Vecht River, Het Gooi; 11113.

ecosystem model
carbon dioxide exchange, carbon dynamics, seasonal exchange, Monte Carlo simulation, biosphere, 11322. dry matter biomass, vegetation index, vegetation dynamics, 10414.

ecosystem monitoring
global baseline site, pollutant monitoring, 11398.

ecosystem pattern
Quaternary, climatic change, stone line, landform development, landscape development, soil moisture balance, forest, savanna, Brazil; 05999.

ecosystem process
geoecological mapping, land capability assessment, ecological landscape planning, 10426.

ecosystem response
climate change, deforestation, nitrogen, fertilizer, acid precipitation, terrestrial ecosystem, marine ecosystem, carbon dioxide, 04332. climate change, greenhouse effect, sea level, 04325. recycling, meiofauna, sedimentation, continental shelf, nepheloid layer, gyre, Mediterranean Sea, Gulf of Lions; 05852.

ecosystem stability
acid water treatment, buffer, inorganic base, fertiliser, organic material, lake water quality, 07482.

ecotone
riparian zone, phosphorus, groundwater, lake water quality, surface water-groundwater interaction, specific conductance, phosphate, nutrient, eutrophication, Sweden, Bysjon Lake; 13342.

ecotope
Pleistocene, Holocene, soil, Germany, Odenwald; 00471.

ecotoxic heavy metal
dissolved organic carbon, rain water, snow, atmospheric deposition, acid, heavy metal, carbon, nutrient, pollutant, wet only sampler, Netherlands, Yerseke; 09043.

ecotoxicology
analytical chemistry, dissolved organic carbon, metal bioavailability, trace metal, sea water, 09476.

Ecromagny terminal moraine
Servance terminal moraine, glacial maximum, last glacial cycle, Linexert moraine complex, France, Vosges; 00299.

ecumene
choropleth mapping, agricultural data, GIS, generalisation, dot mapping, Canada; 01033.

edaphic parameter
pH, organic matter, boron, 00417.

Eddington's approximation
ultraviolet radiation, aerosol, scattering, 05377.

eddy
barotropic flow, baroclinic flow, beta plane, flow forcing, time mean flow, transient eddy, 10072. basin, topographic beta plane, laboratory experiment, numerical simulation, isolated eddy, barotropic eddy, 12408. diabatic heating, baroclinicity, boundary current, storm track, wave model, 10074. intensity influence, hurricane intensity, vertical structure, baroclinic wave, 10076. ocean modelling system, supercomputer, 08889. sensible heat transport, zonal average, averaged dynamic model, parametrisation, 13586. three dimensional time mean flow, potential vorticity flux, enstrophy, nonacceleration theorem, transient eddy, quasi geostrophic eddy, 10071. weighting function, eigen structure, 07630. zonal flow, El Nino, winter, short term oscillation, climatic oscillation, 12395.

eddy correlation
conditional sampling, chemical sensor resolution, surface flux, micrometeorological technique, gradient sampling, emission, deposition, 03062. deposition velocity, prairie grassland, nitrogen oxide, ozone, USA, Colorado; 06584. energy budget, evaporation, latent heat flux, energy storage, radiation, energy storage term, sensible heat flux, short term measurement, lake evaporation, 13315. Penman combination method, actual evapotranspiration, psychrometer constant, evapotranspiration, Bowen ratio, USA, California, Owens Valley; 01637. soil water, carbon cycle, emission, carbon dioxide, temperate grassland, USA, Kansas; 03065. temperature, humidity, flux variance relation, 07693.

eddy correlation measurement
dry deposition, energy balance, sensible heat flux, net radiation, soil heat flux, latent heat flux, USA, Colorado, Pawnee Grasslands; 03076. stomatal conductance, leaf water potential, surface energy balance, temperate grassland, 01847.

eddy correlation measuring device
semi arid area, water balance, dryland millet, evaporation, evapotranspiration, transpiration, soil evaporation, Institute of Hydrology, ICRISAT Sahelian Center, porometry, microlysimeter, energy balance, soil wetness, Niger; 06270.

eddy covariance
carbon dioxide, flux measurement, water vapour, air sampling tube, 07692.

eddy current
sediment, bathymetry mapping, sea water, 08120.

eddy diffusion
Lagrangian stochastic model, turbulence, boundary layer, K theory, 01852. methane, non methane hydrocarbon, Titan, homopause, molecular diffusion, 04194. numerical method, transport and chemistry model, advection algorithm, 03228.

eddy diffusion coefficient
diapycnal mixing, ocean mixing, 08897.

eddy diffusion model
climate change, lake water level, lake level modelling, evaporation, temperature variation, USA, Oregon, Harney Malheur Lake; 08657.

eddy diffusivity
meteorological parameter, radon, radon daughter, diurnal variation, 13723. micrometeorological measurement, latent heat flux, temperature, humidity, wind, radiation exchange, energy partition, sensible heat flux, Brazil, Amazon Forest; 05405. middle atmosphere circulation, gravity wave, overturning, convection, transience, turbulence, mesosphere, wave drag, 01875.

eddy exchange coefficient
upslope flow, longwave radiation flux, boundary layer, Mars; 01854.

eddy flux
baroclinic wave, moist baroclinic instability, Rossby number, semi geostrophic equation, updraft, hydrostatic approximation, slantwise convective adjustment, Brunt-Vaisala frequency, 04293.

eddy formation
infrared observation, sea surface front, sea surface temperature, Ireland; 09267.

eddy heat flux
heat flux calculation, stratosphere, National Meteorological Center, European Centre for Medium Range Weather Forecasts, Antarctica; 10056.

eddy kinetic energy
atmospheric energetics, kinetic energy, available potential energy, 04269. energy cycle, available potential energy, kinetic energy, 04268. horizontal resolution, horizontal diffusion, two layer general circulation model, 06496. sea surface height, Atlantic mesoscale variability, Geosat data, Atlantic, (North); 09258.

eddy maintenance
stationary eddy, streamfunction budget, budget analysis, quadrature relationship, vorticity advection, 13588.

eddy retention mechanism
groundfish productivity, pelagic larvae, current data, wind data, Canada, British Columbia, Hecate Strait; 08118.

eddy scale
buoy, infrared satellite image, Rossby radius, Atlantic; 06720.

eddy shedding
Geosat, altimeter data, Mexico; 09094.

eddy structure
cold air outbreak, cloud street, surface roughness, boundary layer, 01843.

eddy transport
satellite altimetry, 10434. thermal drive; stratosphere, potential vorticity, barotropic calculation, horizontal eddy transport, 10082. tropopause level jet, deep moist convection, thunderstorm, storm, 04321.

eddy viscosity
channel flow, flow model, mathematical model, multi stage channel, lateral shear, depth averaged eddy viscosity, dimensionless eddy viscosity, two stage channel, depth averaged velocity, boundary shear stress, secondary flow, friction factor, 05169. meridional cell, internally forced rotating spherical system, Hadley flow, Rossby flow, 04260.

Eden subsoil
Lowell subsoil, Nicholson subsoil, titration, crop response, soil acidification, subsoil, fertiliser application, surface charge behaviour, liming, USA, Kentucky; 10929.

edge classification
feature classification, object recognition, edge detection, 03307.

edge contour
Gaussian operator gradient, weak edge, multiple scale, 07978.

edge detection
aerial photography, image enhancement, shadow removal, pattern recognition, 02110. detected contour, Laplacian of Gaussian operator, zero crossing, 07979. detection algorithm, thresholding operation, linear feature extraction, SAR image, speckle, 07980. edge classification, feature classification, object recognition, 03307. Gaussian filter, image segmentation, corner detection, 07982. image processing, texture spectrum, 11464. line drawing, projection, 03326. line generalisation, data compression, feature extraction, zero crossing, digital mapping, 08051. machine vision, template matching, feature detection, 02119. robust edge detection, statistical classification, thin line edge, outlier detection, 03321. rotation invariance, invariance, pixel, 09106. thresholding, segmentation, 03322. Weibull, image noise, 04505.

edge enhancement
fault, remote sensing, linear feature, UK; 09185.

edge entropy
contrast enhancement, deenhancement, 11481.

edge flow

soil core, lysimeter, permeameter, solute leaching, leaching rate, measurement error, instrumentation, hydraulic conductivity, 13396.
edge lift heave condition
field measurement, edge moisture variation distance, soil suction, surface elevation measurement, arid climate, USA, Texas, Amarillo; College Station; 03813.
edge matching
digital data, GIS, quality control, map overlay, USA; 06753.
edge moisture variation distance
soil suction, surface elevation measurement, arid climate, edge lift heave condition, field measurement, USA, Texas, Amarillo; College Station; 03813.
edge of field runoff
herbicide, surface water quality, agricultural chemical, runoff quality, water quality model, SURFACE, runoff loss, hydraulic routing algorithm, alachlor, atrazine, cyanazine, 09911.
edge operator
computer vision, digital terrain model, filtered digital image, zero crossing, 07990.
edge sharpening
linear programming, differentiator design, digital image processing, 03325.
edge support
matching, intensity image, feature extraction, straight line, 13785.
edge wave
wave, morphological change, bar, storm, nearshore, infragravity wave, Denmark; 02343.
edifice volume
Magellan data, dome, radar bright surface, volcanic centre, caldera, eruption, Venus; 07161.
editing
scan digitising, queued editing, 11428.
editing system
name selection, name placement, nautical chart, 08037.
EDM
reflector, precision, 04472.
EDTA
adsorption, desorption, contaminant, soil particle, 07393.
education
agricultural practice, groundwater quality, groundwater protection, agricultural pollutant, 01780. CAM, university, software, technology, Indonesia; 03485. commercial exploitation, GIS, 01170. computer, cartography, NCGIA, curriculum, GIS, USA; 02147. curriculum material, GIS, Canada; 10485. curriculum, GIS, 02148. data collection, data archiving, climatic data, climate archive, observer, USA; 10147. database development, cartography, remote sensing, 02140. digital producer, GIS, exchange format, coordinate projection, 13758. GIS, academic software, commercial sector, 01006. GIS, geoinformation theory, educational institution, production organisation, 01169. GIS, training, 01171. higher education, mapping, UK; 09160. management, GIS, environment, GIS standards, knowledge based GIS, 02137. microcomputer, 01800. photogrammetry, remote sensing, Greece; Cyprus; Yugoslavia; Albania; 06706. surveying licensure, accreditation, USA, New Jersey; 12823. surveying practice diploma, Queensland University of Technology, 01172. surveying, mapping, civil engineering, Hungary; 03486. teaching, map interpretation, Germany, Wikerbach Valley; 02186. teaching, syllabus, GIS, UK; 04538. technical advance, reform, surveying, 06917. technical development, cartography, institutional development, 13848. training, applied meteorology, meteorologist, course inflexibility, 07615. training, environmental modelling, data management, forestry, resource management, agriculture, water, 13756. training, information service, user community, Japan; 07613. training, LIS, GPS, USA; 11413. training, spatial analysis, information management, surveying engineering, 01012. user education, public education, university, training institution, 07616.
education curricula
hardware acquisition, software acquisition, academic geocomputing, 06707.
education program
spring, nitrate, chloride, total dissolved solids, historical data, groundwater quality, groundwater protection, USA, Virginia; 01781.
educational agenda
National Center for Geographic Information and Analysis, research project, 00949.
educational aspect
GIS, implementation, technology transfer, 06755.
educational curriculum
National Center for Geographic Information and Analysis, GIS, research, 05783.
educational establishment
governmental body, remote sensing, remote sensing society, remote sensing data, research establishment, 05554.
educational image processing
training, digital data, 11489.
educational initiative
information management, GIS, USA; 11412.
educational institution
production organisation, education, GIS, geoinformation theory, 01169.
educational model
industry, mapping, surveying, 04468.
educational training
image processing, microcomputer, 09112.
EEC
GIS, thematic mapping, land cover, map, CORINE, Europe; 02232.
EEC Agriculture Project
agricultural statistics, fraud control, 10418.
eel
fish, heavy metal, mercury, methylmercury, pollution plume, food chain, UK, England, Norfolk, Yare River; 08202.
Eem
Weichsel, Holocene, anthropogenic effect, Quaternary climate, landscape genesis, Quaternary(Upper), coast, cave, Saale, Mediterranean; 08459.
Eem interglacial
Weichsel Glacial, geology, palaeontology, palaeoecology, brown coal opencast mine, borehole, Voigtstedt warm period, Holsteinian, Saalian Glaciation, Zeitz phase, Leipzig phase, Treene Interglacial, Ruegen Interglacial, Drente phase, Germany; 02670.
Eemian
bore hole, maar lake sediment, pollen zone, Italy, Rome, Valle di Castiglione; 06104. Chelford, St. Germain II, Odderade, Upton Warren type site, last interglacial glacial cycle, amino acid geochronology, oxygen isotope stratigraphy, Ipswichian, UK; Europe; 06082. Denekamp interstadial, sediment reworking, pedological study, micromorphological study, loessial deposit, soil survey, loess, rubified soil, paleosol, Rissian, Spain, Gerona; 07208. dune sand, beach sand, loess, raised beach chronology, interglacial raised beach, thermoluminescence, feldspar, UK, Channel Islands; France; 07275. interglacial deposit, marine diatom, till covered sediment, core, Finland, Ostrobothnia; 13153. interglacial, Pleistocene, oncolitic level, periglacial, France, Seine Valley, Moisson; Yvelines; 06966. Kleszczow Graben, Pilica Interstadial, Younger Saalian, reforestation, Saalian sediment, till, Holsteinian, Poland, Belchatow; 09579. pollen analysis, glaciofluvial channel, indicator boulder, till stratigraphy, morainic plateau, glacial spillway, Germany; 11957. tidal flat sequence, sea level, Holsteinian interglacial, microfossil, foraminifera, Ostracoda, Denmark, Hojer; 06158. Vistulian vegetation, pollen stratigraphy, Pleistocene, lacustrine deposit, Middle Polish glaciation, Poland, Wroclaw, Imbramowice; 00312. Weichselian(Early), TL dating, Denmark; 06087. Weichselian, Brorup, Odderade, Oerel interstadial, vegetation, climatic gradient, palynostratigraphy, last interglacial glacial cycle, Germany; 06161. Weichselian, ice sheet, Weichselian(Late), foraminiferal stratigraphy, geological framework, Quaternary deposit, marine deposit, Denmark, Jutland, Skagen Area; 11956. Weichselian, oxygen isotope stratigraphy, last interglacial, Stage 5, interstadial, Brorup, Odderade, integlacial correlation, Netherlands; Europe, (Northern); 06081. Yoldia sea, Cardium edule, transgression, spit, isostatic rebound, TL dating, marine record, Denmark, Jutland, Vendsyssel-Skagen; 13152.
Eemian age
stratigraphy, Weichselian, till stratigraphy, glacial history, Pleistocene(Late), stadial, interstadial, Norway, Finnmark, Finnmarksvidda; 06130.
Eemian interglacial
Amersfoort Brorup interstadial, vegetation, climate, Pleistocene(Late), last interglacial glacial cycle, Europe; 06143. Domnitz interglacial, Rugen (substage 7a), Fennoscandian ice sheet, ice sheet, last glaciation, Weichselian(Early) interstadial, Brorup, Odderade, Warthe glaciation, Elsterian, Saalian ice sheet (stage 8), Norway; Sweden; Finland; 01434. gelifluction deposit, permafrost, pleniglacial, colluvial deposit, palaeopedology, interglacial, pedological phenomena, sedimentary phenomena, climatic phenomena, colluvial deposit, France, Dordogne, Les Tares; 06156. palynologic analysis, interglacial lake, Niewodowo II, organic sediment, Poland, Kolno Plateau; 00314.
Eemian Interglacial flora
gyttja, till, lacustrine landscape, interglacial, flora, pollen spectra, Poland, Warsaw, Kasprzak Street; 00313.
Eemian interglaical
Brorup interstadial, pollen analytical data, last interglacial, Larix pollen, vegetational succession, larch, Fennoscandia; 05025.
effective average gradient
automatic threshold selection, transition region, 10307.
effective conductivity
hydraulic conductivity, gradually varying flow, groundwater flow, 01719.
effective continuum approximation
unsaturated tuff, thermohydrologic conditions, groundwater contamination, permeability, capillary pressure, multiphase fluid flow, heat flow, fractured tuff, nuclear waste, nuclear waste repository, 01739.
effective flood
geomorphological change, sediment transport, geomorphologically effective flood, gravel bed river, channel instability, 05161.
effective horizon
steep pasture, solar radiation, shadow, energy budget, 07652.
effective hydraulic conductivity
fracture media, heterogeneous media, groundwater flow, mass transport, hydraulic conductivity, continuum approximation, 09880. unsaturated hydraulic conductivity, layered sand, groundwater flow, heterogeneity, soil moisture suction, hydraulic conductivity, 01720.
effective medium property
groundwater flow, transient flow, infiltration redistribution, Richards equation, unsaturated flow, heterogeneous media, perturbation approach, 09848.
effective partition coefficient
soil temperature, pollutant transport, soil water content, organic pollutant, unsaturated soil, Korea(South); 10874.
effective pore space
soil erosion, erosion, cultural technique, vineyard, porosity, France, Champagne, Epernay, Moussy; 03941.
effective porosity
water quality, groundwater flow, transport model, fractured till, contaminant migration, water quality, landfill, dilution, sorption, radioactive decay, diffusion coefficient, dispersivion, 07548.
effective precipitation
Neoglacial cooling, Holocene, forest development, palaeoclimate, pollen, plant macrofossil, high altitude lake, vegetation change, USA, California, Sierra Nevada; 02661. oblique rain, inclined surface, nomograph, rain gauge correction factor, rain, precipitation assessment, 02834.
effective rain
rain concentration index, mountain basin, rain runoff model, spatial variability, flood prediction, rainfall intensity, 12171.
effective rainfall
water balance, crop management, tensiometer, neutron probe, runoff, hydraulic conductivity, soil moisture, deep percolation, Burkina Faso,

Mossi Plateau, Gampela; 12280.
effective stress
geotechnical, carbonate sediment, seafloor, void ratio, Indian Ocean, ODP Leg 115; Mascarene Plateau; 03520. specific storage, interbed storage change, compaction, groundwater flow, interbed, compressible fine grained interbed, 06348.
effective time lag
induction time, nonstationary homogeneous nucleation, phase formation, condensation, deposition, freezing, delay time, transient time, 03108.
effective-charge balance
Cecil soil, acidic solution, cation removal, acid infiltration, proton concentration, 12091.
effectiveness
single-row shelterbelt, contour land management, shelterbelt, deflation, USSR, Stavropol' Upland; 12040.
efficiency analysis
economic model, water pollution, abatement cost comparison, pollution control, 01784.
efficiency criteria
government regulation, pollution policy, coal region, environmental change, regional conflict, Clean Air Act, USA; 10204.
efficient resource use
water resource planning, water resource management, management structure, water supply policy, Australia; 04172.
efflorescence
soil, salt, trona, crust, Peru, Jequetepeque Valley; 12864.
effluent
aquatic vegetation, water level variation, flood plain lake, water exchange, flow redistribution, hydrochemical regime, hydrologic characteristics, USSR, Dnieper Delta; 00493. contamination, speciation, flood, heavy metals, Egypt, Nile Delta; River Nile Valley; 04792. domestic sewage, agricultural runoff, hydrochemistry, pollution status, Himalayan lake, manganese, lead, lake water chemistry, India, Kashmir; 02853. fish, phosphate, nitrate, nitrite, ammonia, bottom water, nutrient, India, Periyar River Estuary; 12908. heavy metal, sediment texture, organic content, lead, zinc, sediment transport, UK, England, Norfolk, Yare River; Broads; 08204. pollutant, chlorobenzene, suspended particulate, bottom sediment, chemical partition, fishing, Japan, Ise Bay; 09393. soil chemistry, manure application, swine lagoon, bermudagrass, nutrient accumulation, lagoon effluent, 07358. sulphur dioxide, Mathura refinery, monsoon, winter, stack, dispersion parameter, India, Agra, Taj Mahal; 11384. transuranic element, neptunium, UK, England, Ribble Estuary; Irish Sea; 12903.
effluent quality parameter
total dissolved solid, tracer, waste water reservoir, electrical conductivity, detergent, alkalinity, Kjeldahl, multi tracer method, waste water effluent, mixing, 05199.
effluent treatment
wet air oxidation, phenol, COD reduction, 12133.
eggshell
Struthio camelus, dating, lacustrine episode, epimerisation, isoleucine, ostrich eggshell, Africa, Sahara; 13097.
Eh
Arctic soil, oxygen diffusion rate, Arctic; Svalbard, Spitsbergen, Calpsostranda; 02801. bioturbation, manganese nodule, sea floor, sea water, geochemical cycling, Canada, Gulf of St. Lawrence; 00086. iron, magnesium, desorption, pH, 02769. oxygen, trace metal, organic matter, mud-water interface, India, Kumaun Region, Lake Bhim Tal; 00034. pH, chemoreductive dissolution, iron oxide, Oxisol, haematite, goethite, Brazil, Central Plateau; 00466. salinity, nutrient concentration, bacteria, eutrophication, water quality, waste water, water temperature, lagoon water, pH, Italy, Venice; 04052. soil, reduction, sulphate, iron oxide, salinity, marsh, USA, Chesapeake Bay; Maryland, Dorchester County; 02457.
eigen structure
eddy, weighting function, 07630.
eigen value
eigen vector, correlation coefficient matrix, hydrometeorological station, 05104.
eigen vector
correlation coefficient matrix, hydrometeorological station, eigen value, 05104.
Eigenvalue
percentage matrix, grain size distribution, correlation, hyperplane, Italy, Po River Delta; 11825.
eigenvalue equation
dynamic stability, three layer model, discontinuous profile, wind, temperature, gravity wave, atmospheric simulation, 12434.
eigenvalue method
clast fabric strength, periglacial slope deposit, clast size, clast shape, slope deposit, fabric strength, Japan, Hokkaido, Hidaka Mountains; 00334.
eigenvector
empirical orthogonal function, global precipitation, domain shape, principal component analysis, 12298. orthogonal rotation, oblique rotation, pattern analysis, locational consistency, climate regionalisation, principal component analysis, 10004. power plant, particulate sulphur, source attribution, receptor modelling, long range transport, sulphur, USA, (Western); 11374. retrieval accuracy, microwave observation, satellite, empirical orthogonal function analysis, humidity profile, ocean, 13567.
eighteenth century map
pirate, Pacific; 05668.
eitelite
lake, micromorphological study, sediment core, high salt content, nahcolite, gaylussite, magadiite, Sudan, Darfur, Mahla Crater Lake; 01426.
ejecta
impact crater, windblown deposit, mass movement, Magellan observation, dielectric constant, slope, Venus; 11874. radar albedo, volcanic resurfacing, impact crater, Magellan radar image, crater, central peak, Venus; 11876.
ejected material
terrestrial cratering record, impact ejecta, Venera Lander, surface panorama, global budget, impact derived sediment, crater, Venus; 07155.
Ekman
boundary layer, orography, vertical motion, model, 11206.
Ekman layer
diabatic heating, thermal equilibration, planetary wave, three level quasi geostrophic model, Newtonian process, Rossby wave, 04258. Navier Stokes equation, drag coefficient, shear stress, numerical study, turbulence, 12360.
Ekman number
baroclinic wave, topography, principal component analysis, rotating annulus, Rossby number, 01874.
Ekman pumping
air-sea interaction, wind stress, Rossby waves, Pacific, (North); 01867. downslope motion, ageostrophic component, mountain region, orography, boundary layer, 10010.
El Abra Formation
diagenesis, windward platform, carbonate platform, Cretaceous, Mexico; 11739.
El Chichon
stratospheric transport, aerosol, sunradiometry, optical depth, 00789.
El Nino
atmospheric circulation, Community Climate Model, sea surface temperature, ocean response simulation, Pacific; 13572. carbon cycle, sea surface temperature, nutrient, air-sea interaction, carbon dioxide, upwelling, Pacific; 00912. cloud cycle, climate system, biennial schedule, 07799. Earths rotational speed, Circumpolar Current, geostrophic balance, 12782. equatorial heat content, interannual variation, tropical, ocean general circulation model, Pacific; 06481. fatty acid, lipid, sterol, USA, California, Santa Barbara Basin; 07094. flood, sediment, radiocarbon dating, Holocene history, Peru; 11283. Geosat, altimeter data, water transport, surface water, meridional transport, tropical ocean, Pacific; 10028. heat transport, heat storage, oceanic heat content, Pacific; 08882. hydrogen ion concentration, reservoir, atmospheric deposition, acidic pollutant, USA, California, Sierra Nevada, Pardee Reservoir; 01630. interdecadal climate change, climate change, surface temperature, Aleutian low pressure system, Sverdrup transport, USA, Alaska; Pacific; 10150. La Nina, sea surface temperature, teleconnection, tropical cyclone, Pacific; 04264. maize yield, corn yield, agricultural drought, USA; 07806. marker layer, environment history, sedimentation rate, varved sediment, chronology, USA, California, Santa Barbara Basin; 00087. ocean model, ENSO signal, heat flux, sea surface temperature anomaly, Pacific; 06480. planetary scale wave, monsoon rainfall, coupling, India; 12378. precipitation, convection, rainfall, Southern Oscillation, upper air sounding, ship observation, stratiform cloud, Mexico; 01838. primitive equation numerical model, coastal wave, Kelvin wave, Rossby wave, Pacific, (Northeast); 07731. radiosonde, sea surface temperature, tropospheric temperature, 04263. sea level pressure, sea surface temperature, monsoon, Asia; Pacific; Australia; USA, Alaska, Aleutian Islands; 00710. sea surface temperature anomaly, cold tongue water, auto regression model, open loop auto regression model, threshold auto regression model, 04254. sea surface temperature, air-sea interaction, monsoon circulation, 03089. sea surface temperature, extratropical response, extratropical response, 08896. sea surface temperature, seasonal variation, interannual variation, Indonesia, Banda Sea; Arafura Sea; 05391. sea surface temperature, thermocline, wind stress, 01898. Southern Oscillation Index, drought anomaly field, ENSO, drought, Zimbabwe; 07661. Southern Oscillation, atmospheric anomaly, 07738. Southern Oscillation, shrimp harvest, La Nina, coastal water level, estuary, USA, Louisiana; 07727. Southern Oscillation, warming episode, isotope, skeletal accretion, coral, Pacific; Panama; Galapagos Islands; 07737. thermocline, Rossby wave, Kelvin wave, air-sea interaction, ocean response, Pacific, (Northeast); 01862. tropical climate, climate prediction, general circulation, statistical method, numerical modelling, rainfall anomaly, 10157. turbulent stress, stress divergence, equatorial Pacific, zonal momentum balance, ocean measurement, 13580. volcanic dust, diffuse radiation, Earth surface, solar radiation data, Mexico, El Chichon; 08846. winter, short term oscillation, climatic oscillation, eddy, zonal flow, 12395.
El Nino event
meridional oscillation propagation, European Centre for Medium Range Weather Forcasting data, atmospheric oscillation, tropical atmosphere, 12330.
El Nino year
canopy photographs, solar radiation, tropical, forest understory, Panama, Barro Colorado; 06462.
El Nino(1982-83)
Southern Oscillation, tropical atmosphere, atmospheric circulation, 07740.
El Nino/ Southern Oscillation modelling
climate ocean interaction, palaeoclimatic proxy data, ocean atmosphere interaction, El Nino/Southern Oscillation prediction, coupled atmosphere ocean ice model, 08883.
El Nino/Southern Oscillation
aerosol, volcanic eruption, 02066. alkenone, palaeothermometer, temperature, foraminifera, upwelling, Peru; 01369. atmospheric oceanic process, climate change, aerological data, ice core, drift ice, atmospheric circulation anomaly, Greenland; Arctic; 05461. condensation nuclei, baseline, Australia, Tasmania, Cape Grim; 03242. coral, upwelling, river discharge, water mass, trace element indicator, climate variability, 07809. coupled model, atmosphere ocean model, CISK condensation, Kelvin wave theory, 08904. forecasting value, fire history, climate, forest fire, USA, (Southwest); 07797. interannual mode, equatorial disturbance, monsoon, 12397. interannual variability, tropical ocean, coupled ocean atmosphere model, sea level variability, ocean, Pacific; 07732. Intertropical Convergence Zone, sea surface temperature, trade wind, surface atmospheric pressure, Pacific; 03092. intraseasonal variation, atmosphere ocean model, general circulation model,

boundary condition, air sea interaction, 05411. Kelvin wave, coupling parameter, thermocline displacement, wind stress, self excited oscillation, tropical ocean atmosphere, ocean atmosphere system, linear analysis, ocean dynamics, 10047. Kelvin wave, normal mode model, air-sea interaction, Pacific; 00749. long range forecasting, forecast, Northern Hemisphere, Southern Hemisphere, general circulation, Zimbabwe; 07793. multiple circulation regime, anomalous weather, 500 mb height, teleconnection pattern, principal component, Japan; 05393. ocean atmosphere model, interannual variability, 08887. ocean behaviour, event onset model, 07739. principal component pattern, mean sea level pressure, sea surface temperature, Australia; 08906. rainfall distribution, precipitation regime, rain fall, drought, Peru; 04348. sea surface temperature, aerosol, volcanic aerosol, 02065. sea surface temperature, ocean transparency, mixed layer, solar radiation, heat budget, Pacific; 07728. skill, forecasting, numerical weather prediction, Pacific; North America; 01937. snow melt, annual fluctuation, seasonal fluctuation, precipitation, stream flow, flooding, drought, climatic variation, Chile, Aconcagua River Basin; 09786. summer heating, tropical heating, jet stream, cross equatorial wind, meridional wind, 08863. surface stress, Hopf bifurcation, bifurcation diagram, general circulation model, air-sea interaction, coupled general circulation model, 01891. temperature anomaly, South America; Pacific; 03040. terminal lake, lake water quality, nutrient concentration, saline lake, surface water quality, phosphorus, nitrogen, sewage effluent, USA, Nevada, Pyramid Lake, Truckee River; 04058. tree ring, climate reconstruction, teleconnection, dendroclimatic reconstruction, 07810. varve, bioturbation, carbon pump, seasonal forcing, climatic variability, Pleistocene, marine varve, USA, California; 00271. vegetation, rainfall, drought, Australia; 13504. warm pool, sea surface temperature, South Equatorial Current, interannual time scale, Pacific; 10046.

El Nino/Southern Oscillation event
discharge, carbon transport, suspended sediment, dissolved solid, surface water quality, flood, precipitation event, hydrochemistry, dissolved organic carbon, Argentina, Parana River; 11025. surface water, salinity, oxygen isotope record, Southern Oscillation, coral, Pacific, Tarawa Atoli; Galapagos Islands; Pacific; 11281.

El Nino/Southern Oscillation modelling
sea surface temperature, 08885.

El Nino/Southern Oscillation NSO event
monsoon, coupled atmosphere-ocean system, rainfall, mixed layer, sea surface temperature, interannual variability, India; Pacific; 12375.

El Nino/Southern Oscillation prediction
coupled atmosphere ocean ice model, El Nino/ Southern Oscillation modelling, climate ocean interaction, palaeoclimatic proxy data, ocean atmosphere interaction, 08883. warm event mechanism, 08886.

El Nino/Southern Oscillation theory
sea surface temperature, climate oscillation, ocean atmosphere coupled model, 10043.

El Nino/Southern Oscillation variability
sea surface temperature, Southern Oscillation, annual cycle, biennial component, Pacific; 07733.

elastic anisotropy
porous ice, polycrystalline ice, crystal anisotropy, crack nucleation, 07293.

elastic atmospheric model
storm, severe storm, mesogamma scale, 10111.

elastic deformation
modelled elastic deformation, reservoir, isostatic subsidence, artificial lake, Norway, Blasjo Reservoir; 02533.

elastic property
aquitard, gravity drainage, water table, aquifer-water table aquitard system, groundwater flow, pumped aquifer, aquifer characteristics, type curve, 00591.

elastic storage release
gravity drainage, anisotropy, partial penetration, vertical flow, seepage surface, well, unconfined aquifer, groundwater flow, well storage, 07540.

elasticity
laboratory test, shear modulus, test, generalized theory, visco elasticity, London Clay, 04907.

elasticity modulus
cohesive soil, correlation, strength, Iran; 03771.

elasto plastic soil
plastic strain increment, yield function, flow rule, hardening function, boundary stress, shear, isotropic soil, 11890.

elastoplastic model
isotropic workhardening, triaxial test, gravel, soil behaviour, 03816.

elastoplastic soil
shear band inclination, strain localisation, 10698.

elastoplasticity
rate type law, modelling, soil-structure interface behaviour, 00248.

Elatina Formation
Marinoan glaciation, diamictite, Proterozoic, glaciation, tillite, Australia, South Australia, Central Flinders Ranges; 12923.

Elbingerode Complex
conodont chronology, reef, limestone, rudstone, packstone, biogene, Devonian, Germany, Harz Mountains; 08231.

electric charge
airplane, thunderstorm, sailplane, electric field measurement, 06447.

electric conductance
drought, streamflow fluctuation, forest catchment, evapotranspiration, ion concentration, groundwater flow, throughflow, diurnal fluctuation, Japan; 02843.

electric conductivity
marine air, ion production rate, air quality, aerosol, Atlantic; 13488.

electric field
conductivity, Ohms law, electricity, potential gradient, Finland, Helsinki-Vantaa Airport; 07660. electrified raindrop, raindrop shape, 04320. ion mass spectrometer, oxygen ion flux, 03394. lightning stroke, leader electric field, return stroke, 06446. mesosphere, Van de Graaf source mechanism, middle atmosphere, 08844. radiosonde, balloon sounding, observation, storm, pressure, temperature, humidity, wind, 01803.

electric field change
lightning, ground flash, USA, Florida; 08842.

electric field detector
double probe technique, ion beam technique, ionosphere, plasmasphere, 03390.

electric field measurement
electric charge, airplane, thunderstorm, sailplane, 06447.

electric field mill
rain gauge, lightning flash, thunderstorm, Doppler radar, lighning detection, USA, Florida, Kennedy Space Center; 00684.

electric potential
electrolyte concentration, soil water, soil electric potential signature, drought, 07647.

electric potential gradient
condensation nuclei, microphysical observation, electrical observation, dynamical observation, monsoon, cloud, rain intensity, India; 13610.

electric service
utility company, conversion project, AM/FM, Canada, British Columbia; 13991.

electrical anisotropy
fracturation, geophysical reconnaissance, groundwater exploration, hydrogeology, air photo interpretation, satellite imagery, remote sensing, Niger, Liptako; 06410.

electrical charge
aerosol, radioactivity, radioactive aerosol, ionic intensity, 03268.

electrical conductivity
air pollution, precipitation chemistry, wet deposition, snow chemistry, Switzerland, Canton of Appenzell, Gais; Alpstein; 08653. alabastrine gypsum, flow velocity, water quality, hydrochemical factor, dissolution rate, gypsiferous rock, flowing water, dissolution rate, Spain, Ebro River Basin; 06047. anion, clay fraction, variable charge soil, conductivity dispersion, 09728. calcite, metacline water type, atmocline water type, lithocline water type, pH electrical conductivity relationship, ionic ratio electrical conductivity relationship, landscape ecology, groundwater quality classification, ecohydrological parameter, shallow groundwater, residence time, vegetation development, Netherlands; 09901. detergent, alkalinity, Kjeldahl, multi tracer method, waste water effluent, mixing, effluent quality parameter, total dissolved solid, tracer, waste water reservoir, 05199. electromagnetic induction meter, coherency analysis, water storage variability, soil water storage, neutron probe, 07521. electromagnetic induction, field calibration, soil depth, 03996. field indicator, coal mining pollution, sulphate analysis, detection index, surface water quality, USA, Kentucky; Tennessee, Big South Fork National River and Recreation Area; 02874. hydrogeochemistry, humic fraction, inorganic fraction, surface water quality, dissolved organic matter, black water, coastal stream, fulvic acid, USA, South Georgia, Little River; 12196. nitrification, adsorption, leaching, surface water quality, nitrate, forested watershed, ionic concentration, USA, Appalachian Mountains; 13358. pH calculation, sodium adsorption ratio, exchangeable sodium percentage, salinity model, Australia, Murray Basin; 09736. salinity status, salt movement, irrigated soil, Australia, Queensland; 07387. salinity, saturated paste, soil salinity, 07397. salt precipitation, soil salinisation, water quality effect, irrigation, Alfalfa, Williams loam, Barnes loam, Svea loam, Parshall loam, saturation percentage, sodium adsorption ratio, USA, Great Plains; 10856. salt tolerance, plant, salinity, Australia; 02792. sample collection, trace element, sampling method, surface water, water quality analysis, major ion, alkalinity, New Zealand; 13356. saturated soil extract, soil saturation extract, soil salinity, chloride ion, saline soil, Iran, Great Desert; 13279. soil depth profile, electromagnetic induction measurement, 00444. soil profile, recharge, groundwater discharge, saltd degraded landscape, salinity, Thailand; 12218. soil property, instrument parameter, bulk soil, 07389. soil salinity, soil property, 03995. soil variability, texture, moisture, soluble salt, 00370. solute load, dissolved solid, water quality, temperature-conductivity relationship, temperature correction, 06321. time domain reflectometry, dielectric constant, soil water, 05090. tracing, budget investigation, thermal spring, pollution, water hardness, water resource, karst water, mineral characteristic, pH, Hungary; 11064. water temperature, isotopic analysis, aquifer characteristic, spring, discharge, Madagascar; 02904. water temperature, surface water chemistry, computer program, water quality, 05202.

electrical conductivity logging
in-well tracing, groundwater flow, contaminant migration, transmissive fracture, in-well flow, vertical flow, dispersion, dilution, saline slug, 00594.

electrical discharge
thunder storm, lightning, television image, 04214.

electrical field
mechanical stress, landslide prediction, landslip process, borehole observation, USSR, Zagorsk GAES; 04909.

electrical generation
dispersion, plume model, cooling tower, diffusion, integral model, 12364.

electrical logging
spontaneous potential log, hydrogeochemistry, aquifer zone, coastal aquifer, multi-aquifer system, groundwater quality, 01735.

electrical measurement
thundercloud, balloon borne instrumentation, charged water particle, laboratory measurement, conduction current, measurement error, 11157.

electrical observation
dynamical observation, monsoon, cloud, rain intensity, electric potential gradient, condensation nuclei, microphysical observation, India; 13610.

electrical potential
overburden pressure, freeze and thaw point, wet clay, determination, 01449.

electrical power utility
corporate GIS, National Topographic Data Base, data integration, GIS, Canada, Ontario; 01042.

electrical property
videometry, CCD sensor, camera model, optical property, geometrical

property, 06736.
electrical prospecting
geoelectrical method, audiomagnetotelluric prospecting, prospecting instrumentation, groundwater investigation, 06360.
electrical resistivity
Archie's law, saturated hydraulic conductivity, vadose zone sediment, Ottawa sand, unsaturated soil, sandy soil, soil moisture content, specific retention, hydraulic conductivity, 05209. coastal groundwater, fresh water-salt water transition zone, suppression effect, salinity, surface electrical resistivity method, groundwater exploration, 04117. groundwater flow, fault, aquifer assessment, water exploration, transient electromagnetic survey, hydrogeology, USA, Nevada; 13418. hydrogeology, dolerite dome, perched aquifer, sedimentary formation, dry wedge formation, groundwater resource, Mauritania, Sarakolle desert; 13417. hydrogeology, semi arid region, water exploration, khondalitic terrain, groundwater potential index, India, Andhra Pradesh, Vizianagaram District, Chipurupalli Taluk; 13419. instrumentation, water exploration, groundwater, VLF method, Botswana; Burkina Faso; Togo; France; 13421. resistivity recharge relationship, groundwater recharge, artificial groundwater recharge, hydraulic conductivity, vadose zone, USA, Nebraska; 05210. salt water-fresh water interface, groundwater resource, Ghyben-Herzberg model, groundwater abstraction, water quality, salt water intrusion, saline water, geophysical survey method, coastal aquifer, Tanzania, Mtwara Region; 13416. seismic data, hydraulic leakance, seepage, surface water-groundwater interaction, groundwater discharge, groundwater flow, lake sediment, hydrogeophysical method, North America, Great Lakes, Lake Erie; Lake Huron; 01666. water exploration, electromagnetic survey, horizontal loop EM, ground conductivity meter, VLF method, groundwater, 13420.
electrical resistivity cone
groundwater contamination study, groundwater quality, contamination, plume, in situ testing, Canada, British Columbia; 06025.
electrical resistivity profiling
electrical sounding, groundwater exploration, geoelectrical investigation, crystalline terrain, groundwater resource, Brazil, Bahia; 02980.
electrical sounding
groundwater exploration, geoelectrical investigation, crystalline terrain, groundwater resource, electrical resistivity profiling, Brazil, Bahia; 02980.
electrical tracer
induction logging, invasion radius, tracer, hydraulic conductivity, porosity, aquifer formation, aquifer depth, groundwater flow, 01710.
electricity
potential gradient, electric field, conductivity, Ohms law, Finland, Helsinki-Vantaa Airport; 07660. surveying, LIS, Switzerland; 06944.
electricity industry
meteorological service, service package, offshore oil industry, water industry, 05310.
electricity line
surveying system, property register, water pipe, gas pipe, Switzerland, Bern, Muri; 06914.
electricity production
landfill, waste disposal, dispersion, convection, contaminant transport, model calibration, groundwater quality model, sulphate, heavy metal, aquifer pollution, Denmark; 11058.
electrification
lightning, flash, thunderstorm origin, radar precipitation, 12317.
electrified raindrop
raindrop shape, electric field, 04320.
electro magnetic profiling
resistivity sounding, groundwater exploration, hydrogeology, Yemen, Rada District; Dhamar District; 12292.
electro ultrafiltration
phosphorus, potassium, fertiliser addition, Vertisol, Italy; 07383. Vertisol, phosphorus desorption, desorption rate, potassium, phosphorus, Italy; 07384.
electro ultrafiltration technique
alfalfa, potassium supplying power, extraction technique, fertiliser, potassium availability, Canada, Quebec; 10926.
electrochemical
concentration cell, balloon sonde, rocket ozonesonde, stratospheric aerosol, satellite measurement, sampling, ozone profile, lidar, 04363.
electrode error
carbon dioxide concentration, epilimnetic sample, lake water quality, pH, USA, Maine; 00544.
electrode method
colorimetric method, nitrate, nitrogen, coated wire electrode, 07400.
electrode response time
ion selective electrode, potassium, kinetics, 05091.
electrodialysis
nitrogenous pollutant, water quality management, wastewater treatment, microbiological denitrification, water purification, reverse osmosis, ion exchange process, 00657.
electrofacies
dip data, Schlumberger, facies recognition, dipmeter, Stratigraphic High-Resolution Dipmeter Tool, 00193.
electrohydrodynamic technique
soil moisture, soil drying, 01580.
electrolyte
cation, ionic strength, bromacil, simazine, norflurazon, diuron, Candler fine sand, sorption-desorption, herbicide, 13254. flocculation, bentonite, aggregate, kaolin, 08292.
electrolyte concentration
clay swelling, salt solution series, equivalent salt solution series, sodium absorption ratio, Australia, Tasmania; USA; 09737. exchangeable sodium percentage, sodium adsorption ratio, pH, clay, flocculation, 00381. soil water, soil electric potential signature, drought, electric potential, 07647.
electrolytes influence
stress strain behaviour, kaolin, 03752.
electrolytic conductivity
snow sample, acid concentration, ice cap sample, volcanic eruption, oxygen isotope ratio, radioisotope peak, nuclear test, Coulter Counter, ion chromatograph, atomic absorption spectrophotometer, aerosol, 10139. sulphate concentration, pH, bark test, pollution, Pinus sylvestris, Poland, Ojcow National Park; 04455.
electromagnetic bipole method
resistivity method, karstified fracture, geoelectrical method, horizontal loop profiling, Slingram method, Precambrian limestone, electromagnetic horizontal loop method, limestone aquifer, groundwater exploration, low frequency geoelectric method, very low frequency resistivity method, Mali, Gondo Plain; 06358.
electromagnetic bipole-bipole method
resistivity map, piezometer, water exploration, groundwater, arid zone, palaeochannel, drainage system, Niger, Agadez, Teloua; 13422.
electromagnetic energy
sea surface, scattering, 02251.
electromagnetic field
current amplitude, lightning, current risetime, return stroke velocity, 08841.
electromagnetic horizontal loop method
limestone aquifer, groundwater exploration, low frequency geoelectric method, very low frequency resistivity method, electromagnetic bipole method, resistivity method, karstified fracture, geoelectrical method, horizontal loop profiling, Slingram method, Precambrian limestone, Mali, Gondo Plain; 06358.
electromagnetic induction
field calibration, soil depth, electrical conductivity, 03996. rootzone salinity, salinity, calibration, 00445.
electromagnetic induction measurement
electrical conductivity, soil depth profile, 00444.
electromagnetic induction meter
coherency analysis, water storage variability, soil water storage, neutron probe, electrical conductivity, 07521.
electromagnetic mapping
palaeochannel, aquifer hydrogeology, terrain conductivity meter, alluvial aquifer, transient electromagnetic sounding, United Arab Emirates, Abu Dhabi, Al Jaww Plain; 13423.
electromagnetic measurement
sea ice thickness, sub ice bathymetry, AEM sounding system, sea water conductivity, airborne measurement, USA, Alaska, Prudhoe Bay; 10814.
electromagnetic method
groundwater, water exploration, faulting, lineament study, satellite imagery, airborne magnetic survey, fracture zone, Botswana; 13424.
electromagnetic profiling
Precambrian basement complex, well yield, groundwater exploration, Nigeria; 07605.
electromagnetic radiation
atmospheric condition, canopy geometry, vegetation canopy, 12737.
electromagnetic radiation field spectra
energy spectral density, return stroke, leader, cloud pulse, lightning, 11162.
electromagnetic survey
horizontal loop EM, ground conductivity meter, VLF method, groundwater, electrical resistivity, water exploration, 13420. waste water pond, groundwater contamination, leachate plume, lagoon seepage, radar survey, 07551.
electromagnetic theory
radiation, sensor, aircraft, satellite, data process, image processing, remote sensing, 06710.
electromotive force
temperature anisotropy, LAGEOS, rotational dynamics, radiation recoil effect, torque, 12594.
electron "bite out'
rocket measurement, electron density profile, summer mesopause, mesospheric cloud, noctilucent, ice particle, 05436.
electron acceptor
biological process, sediment-water interface, cycling, diagenesis, organic carbon, 02450. reduction activity, Shewanella putrefaciens, iron reduction, oxygen, microorganism, respiration, 08274.
electron capture
algae, coastline, methyl iodide, 06679.
electron capture gas chromatography
cryogenically enriched sample, ambient air, peroxy acetyl nitrate, nitrogen dioxide, nitric acid, sampling, intercomparison, 04365.
electron density profile
summer mesopause, mesospheric cloud, noctilucent, ice particle, electron "bite out', rocket measurement, 05436.
electron diffraction
ferric iron, ferrous iron, nontronite, high resolution electron microscopy, oxidation, gel, 12989.
electron flow
reduction pathway, sulphur, oxidation, disproportionation, transformation pathway, bacteria, Denmark, Kattegat; 09460.
electron imagery
microcrack, hackly fracture surface, sand size, clast, debris avalanche deposit, particle particle interaction, scanning electron microscope, USA, Washington, Mount St. Helens; 09507.
electron paramagnetic resonance
paramagnetism, humic substance, soil science, 00446.
electron spin resonance
Northampton ironstone, Jurassic(Middle), siderite, berthierine, clay mineral, UK, England, (East); 08312. peroxy radical, nitrogen oxide, matrix isolation, 06545.
electron spin resonance spectroscopy
Fourier transform infrared spectroscopy, nuclear magnetic resonance spectroscopy, spectroscopic investigation, peat-water interaction, 04112.
electronic atlas
atlas, cartographic design, system design, Canada; 13852. diffusion, information, HyperCard, 13865. microcomputer, mining, francophone, visual information, hypertext, Canada; 01049.

dectronic chart
chart, seaborne navigation, navigation, 09144.
dectronic design
sonar performance, high frequency sonar, acoustic design, 10284.
dectronic field book
data format, 05568. data processing, surveying instrument, field observation, survey manuscript, 05567.
dectronic field recorder
legal reliability, evidentiary admissibility, modern surveying practice, 12819.
dectronic imager
aerial survey, defoliation survey, Canada, New Brunswick; 11568.
dectronic instrumentation
informatic technique, water resource management, hydrometeorological data, data acquisition, Africa, Sahel; 06264.
dectronic network
Akebono, ground system, 03398.
dectronic record
paper record, archive, historical purpose, legal purpose, 06786.
dectronic tacheometer
Tachymat TC 1600, 10283. trigonometric traverse, height traverse, 04491.
dectronic theodolite system
coordinate measuring, aircraft industry, close range measurement, 12620.
dectrophoretic mobility
water quality analysis, contaminant transport, colloid, surface water quality, sampling, sediment transport, sorption, hydrophobic material, particle size distribution, mineral composition, USA, Missouri, St Louis, Mississippi River; 07501.
dectrophoretic velocity
settling velocity, bubble, zeta potential, particle radius, thermocapillary velocity, 10492.
dectrospray ionisation
mass spectrometry, precipitation chemistry, hydroxymethanesulphonate, precipitation, 11378.
dectrostatic charge
aggregation, ash, volcanic ash, Japan, Sakurajima volcano; 07016.
dectrostatic field
precipitation, lightning, thunderstorm, tilted dipole hypothesis, 01809.
dectrostatic positive ion probe
rocket observation, turbulence, mesosphere, thermosphere, 00679.
dement
soil, plasma spectrometry, chemical analysis, 11815.
dement association
biogenic, terrigenous, hydrogenic, accumulation, transform fault, deep-sea trench, Atlantic, Romanche Fracture Zone; 00091.
dement budget
experimental watershed, forest catchment, water budget, nitrogen, sulphur, fertilizer, acidification, surface water quality, soil water chemistry, atmospheric deposition, Germany, Black Forest; 06392. precipitation chemistry, throughfall density, stream water chemistry, runoff chemistry, nitrogen, sulphur, canopy throughfall, drainage pattern, subsurface runoff, biogeochemical cycling, Germany, Black Forest; 04087.
dement composition
macrophyte, plant tissue, aquatic plant, 11765.
dement deficiency
soil property, variogram, kriging, copper, cobalt, UK, Scotland; 13219.
dement flux
soil acidification, atmospheric deposition, acidification, water chemistry, granitic catchment, forest catchment, soil water chemistry, acid rain, acid neutralisation capacity, open field precipitation, throughfall, France, Vosges Massif; 04088.
dement load
drainage basin, weathering, erosion, carbonate, evaporite, silicate, atmospheric precipitation, suspended sediment, surface water chemistry, China, Yellow River; Yangtze River; 05193.
dement movement
cation, ion exchange resin, adsoprtion, Japan; 02791.
dement pool
soil property, soil nutrient pool, bootstrap method, sample size, carbon pool, exchangeable cation pool, USA, New Hampshire; 08603.
demental analysis
airborne particulate, marine influence, mineral influence, Chile, Santiago; Antofagasta City; Chile, Chillan City; 09075. ICP-AES, ICP-MS, mass spectrometry, total elemental analysis, soil constituent, 08599. Mehlich 3 extractant, soil test comparison, soil testing, USA, South Carolina; North Carolina; USA, Virginia; USA, Delaware; 08609. mineral soil, total elemental abundance, atomic emission spectrometry, microwave digestion technique, 08598. soil texture, lithological discontinuity, soil development sequence, sandstone soil, siltstone soil, New Zealand, Canterbury; 12126.
demental availability
sewage sludge, heavy metal, compost, nitrogen, mineralisation, 07357.
demental carbon
carbon monoxide, seasonal variation, tropospheric transport, hydroxyl, 05477. sampling, thermal optical, photo acoustic, carbonaceous aerosol, aerosol, 04432. woodsmoke, aerosol, sampling, carbonaceous aerosol, intercomparison, organic carbon, USA, California, Claremont; 02057.
demental characterisation
aerosol, particulate source, instrumental neutron activation analysis, energy dispersive X-ray fluorescence, India, Bombay; 06570.
demental composition
aerosol origin, long range transport, trace metal, background condition, Hungary; 13714. air quality, deposition, nitrogen oxide, sulphate, sulphur dioxide, particulate matter, Japan, Tokyo; 05502. chlorine, iodine, arsenic, nitrate, ammonium, sulphate, vanadium, zinc, trace element, aerosol, bromine, aluminium, calcium, cobalt, iron, potassium, lanthanum, manganese, titanium, Arctic; Canada, Ellesmere Island, Alert; 02030.
demental concentration
soil chronosequence, transition metal, metal depletion, soil analysis, metal accumulation, New Zealand, South Island, Reefton; 13301.
elemental ratio
anthropogenic source, long range transport, trace element, aerosol, North Sea; UK, England, Norfolk, Hemsby; 13739.
elemental sulphur
pyrite sulphur, ester sulphate sulphur, carbon bonded sulphur, salt marsh soil, seasonal sulphur variation, soil fractionation, acid volatile sulphide, hydrogen chloride soluble sulphur, USA, Louisiana; 10931.
elementary natural territorial complex dynamics
complex daily state level, landscape area, USSR, Protva River, Borovska; 06008.
elephant
animal population, Space Shuttle photography, forest reserve, Botswana, Chobe National Park; 12775.
elephant hunters
palaeolithic, bone tool, excavation season, Nojiri-ko Formation, radiocarbon dating, Japan, Lake Nojiri, Tategahana; 02673.
elephant impact
teak forest, SPOT, Botswana, Chobe National Park; Zambezi; 04632.
elephant remains
molluscan remains, Baginton Lillington gravel, Palaeoloxodon antiquus, fossil assemblage, deposition environment, UK, England, Warwickshire, Snitterfield; 08477.
elevated limestone
Cenozoic, reef limestone, makatea, reef facies, notch, Holocene, sea level, lithospheric flexure, geomorphology, volcanic island, rim, Pacific, Cook Islands, Makatea Islands, Mauke; Mitiaro; Pacific, Cook Islands, Makatea Islands, Atiu; 11873.
elevated source
stack, turbulent boundary layer, numerical calculation, dispersion, 12371.
elevated water table
hydraulic conductivity, raised bog, ombrotrophic bog, methane reservoir, bog, peatland, greenhouse gas, 02830.
elevation
acidification, surface water quality, cokriging, stream chemistry, acid neutralising capacity, USA, North Carolina, Southern Blue Ridge Province; 04075. atmospheric deposition, snow collector, ionic concentration, snow chemistry, UK, Scotland; 00617. ecosystem, deposition, acid deposition, mountain, sulphate, nitrate, hydrogen, lead, ozone, 11321. forest classification, classification, mountain, Landsat TM, France, Vosges; 09181. groundwater flow, gravity flow, regional discharge, discharge drainage area relationship, base flow, stream flow, topography, Canada, Alberta, Plains Region; 07471. palaeohydrologic technique, geomorphology, sedimentology, botany, spatial characteristic, flood frequency estimate, flood bar, alluvial fan, tree scar, flood hydrometeorology, flash flood, flooding, USA, Colorado, Big Thompson River; Rocky Mountains; 01642. precipitation condition, mountainous region, monsoon system, cyclone activity, China, Xinjiang Province, Tianshan Mountains; 08652. sea level, salinity, marsh, strandline marker, carbon-14 dating, foraminiferal zonation, salt marsh, zonation, USA, Massachusetts, Falmouth, Great Sippewissett Salt Marsh; 10800. slope aspect, slope gradient, DEM, USA, Oregon, Cascade Mountains; 10293. slope gradient, sub aerial denudation, passive margin, regional elevation, local relief, denudation rate, Africa, (Southern); 11833. total soil depth, water holding capacity, rooting depth, soil variable, plant community, USA, Nevada, Humboldt National Forest; 00459. water storage capacity, corn production, GIS, remote sensing, crop quality, Canada, British Columbia, Lower Fraser Valley; 01118.
elevation change
erosion, sedimentation, river flow, tide, morphological change, Germany, Lower Elbe, Rhinplatte Island; 00047.
elevation data
GEOSAT, SEASAT, ice sheet, 07909.
elevation gradient
unframed radiation, elevational gradient, longwave radiation, radiation, India, Himalayas; Nepal, Himalayas; 12312.
elevation map
stereo image, SAR, map resolution, Italy, Panamint Valley; 09178.
elevation model
map overlay, hologrammetry, holographic stereogram, SPOT image, 07935.
elevation profile
accumulation rate, maritime synoptic system, depositional regime, snow accumulation, surface topography, katabatic zone, Antarctica, Wilkes Land; 02701.
elevational gradient
longwave radiation, radiation, elevation gradient, unframed radiation, India, Himalayas; Nepal, Himalayas; 12312. ozone concentration, high elevation site, pressure corrected adjustment, USA; 11303.
elfin cloud
forest, climatic factor, tree stature, Colombia, Serrania de Macuira; 07724.
Eliassen-Palm flux
isentropic mixing coefficient, stratosphere, tracer transport, zonally averaged circulation, 01878.
elk population
erosion rate, lead-210 dating, pollen analysis, range management, sediment geochemistry, environmental change, sediment record, lake, diatom stratigraphy, USA, Wyoming, Yellowstone National Park; 10778.
Ella Bay Formation
Cambrian, progradation, carbonate platform, subsidence, Canada, Ellesmere Island; 00138.
Ellenburger Group
carbonate, Ordovician, dolomitisation, porosity, USA, Texas; New Mexico; 11736.
ellipse
basin chorotype, highland basin, circle, South America, Andes; 11545.
ellipsoid height
GPS, geoid, precision, Switzerland, Alps; 03281.
ellipsoidal fit

image processing, pattern recognition, shape analysis, elliptical fit, 10303.
elliptical fit
ellipsoidal fit, image processing, pattern recognition, shape analysis, 10303.
elm decline
palaeoenvironment, anthropogenic, lake sediment, magnetic susceptibility, accumulation rate, Holocene, UK, Northern Ireland, Lough Catherine; 00027. salt marsh, Devensian(Late), Holocene, stratigraphy, radiocarbon dating, palaeoecology, pollen assemblage, Loch Lomond Stadial, UK, England, Severnside; Vale of Gordano; 07264.
Elsterian
bathymetry, geotechnical property, borehole, British Geological Survey, Rijks Geologische Dienst, Quaternary Geology, Dogger Bank Formation, Bolders Bank Formation, Botney Cut Formation, Yarmouth Roads Formation, glacial valley, Weichselian, North Sea, Silver Well; Netherlands; 09565. Holsteinian, Saalian, glacial advance, glacial stratigraphy, till, melt water deposit, TL dating, Menapian age, Denmark, Jutland; 05004. Pleistocene(Early), Pleistocene(Early Middle), correlation, faunal data, floral data, palaeoclimatic data, Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, North Sea; 08446. Saalian ice sheet (stage 8), Eemian interglacial, Domnitz interglacial, Rugen (substage 7a), Fennoscandian ice sheet, ice sheet, last glaciation, Weichselian(Early) interstadial, Brorup, Odderade, Warthe glaciation, Norway; Sweden; Finland; 01434. Saalian, Weichselian, subglacial channel, British Geological Survey, Quaternary geology, UK Norway median line, Ferdar Formation, Cape Shore Formation, Flags Formation, UK, Scotland, Bressay Bank; 09563.
Elsterian glaciation
melt water sedimentation, Saalian glaciation, ice advance, Main Stationary Line, Quaternary statigraphy, glacial deposit, lithostratigraphy, Denmark, Jutland; 05006.
Elsterian(Late) age
Skaershoj deposit, glacial lake, ice rafted stone, glaciomarine environment, annual variation, Quaternary, marine deposit, transgression, Denmark, Jutland, Thyholm; 05035.
Elsterian(Late) assemblage
glacial erosion, Marine Quaternary deposit, boring, foraminiferal fauna, Denmark, Zealand; 05021.
eluvial horizon
Burozem, amorphous compound, podzol, illuvial horizon, Asia; 10904. mineral genesis, illuvial horizon, alteration horizon, soil chemical characteristics, mineralogical composition, Spain, Madrid Basin; 10941.
eluvial layer
sod podsolic soil, clay mineral, layered silicate, particle size fraction, 10860.
eluvial soil
cinnamon soil, forest soil, China, Beijing; 12122.
EM instrument
seismic method, sediment mapping, Quaternary sediment, ground electromagnetic method, Canada, Ontario, Val Gagne; 07227.
emanation
low latitude, nonlinear response, episodic forcing, equatorial forcing, tropical atmosphere, energy accumulation, 12424.
embanked river
water level, flood plain aquifer, groundwater flow system, river hydrograph, groundwater response, surface water groundwater interaction, 05216.
embankment
deformability characteristic, consolidation characteristic, Bangkok clay, screw plate test, settlement, deformation, triaxial test, 06022. dyke, hydraulic model, erosion, structure stability, flood, France, Arve River; 12182. geotechnical analysis, reinforced embankment, soft ground, road embankment, fabric enforcement, Ireland, Clare County, Bunratty Bypass; 03737. pedogenesis, soil development, dyke, silty clay loam texture, marine sediment, Canada, Nova Scotia, Grand Pre; 08520. soft foundation, finite element method, theory, reinforced embankment, 03736. structural damage, swelling soil, building, Greece; 03812. widening, overconsolidated clay, shallow slope failure, limit equilibrium method, safety factor, design approach, slope repair, UK, England; 03735.
embankment failure
oedometer test, vane test, triaxial test, cohesion, sanitary fill, analysis, sanitary embankment, failure, soft clay, Brazil, Rio de Janeiro, Caju District; 11891.
embankment foundation
unconfined compression strength, soft aged clay, stability analysis, undisturbed sample, 03751.
embankment reliability
safety factor, slide repair, rock toe berm, 08387.
embankment slope
wave run-up, slope cover, asphalt, grass, concrete block, flume, Germany, Hannover; 00199.
embedded convection
frontal cloud, mesostructure, front, USSR; 11269.
embryo growth stage
precipitation production, hailstorm, airflow, particle growth trajectory, updraft fringe, graupel, hail, 10134.
emerged shoreline indicator
sea level, uplift, Quaternary, coastal geomorphology, tectonic history, Vatulele Beqa Ridge, Fiji, Yanuca Islands; Beqa Island; 06191.
emergence
raised marine feature, radiocarbon date, sea level change, raised beach, frost-riving, wash line, archaeology, Canada, Foxe Basin, Melville Peninsula; 11981.
emergence curve
Cockburn moraine system, Melville Moraine, sea level change, Foxe ice dome, marine limit elevation, radiocarbon date, deglaciation, Canada, Northwest Territories, Melville Peninsula; 06117.
emergence rate
transgression, standline tilt, glacier load, post glacial, sea level history, Weichselian(Late), Holocene, raised beach sequence, Svalbard, Spitsbergen; 05039.
emergency
quadtree, nuclear disaster, GIS, 13997.
emergency operation
environemntal protection, hazard, USA, Alaska; 10423.
emergency preparedness
risk assessment, landslide, natural catastrophe, civil protection, municipal vulnerability, natural hazard, Canada, Quebec Province; 11904.
emergency response
management training, GIS, remote sensing, 01155. TIGER, oil spill response, 12820.
emergency response plan
air quality study, transport model, diffusion model, turbulence, plume, complex terrain, tracer release, forecasting model, USA, Utah; 07820.
emergency service
source databank, street network, GIS, Canada, Ontario; 01156. street, address, GIS, Canada; 13996.
emergency situation
civic address, rural area, property location, Canada, Nova Scotia, Queens County; 01151.
emergent
Pleistocene(Late), glaciomarine sequence, Devensian(Late), tidewater ice margin, shallow water glaciomarine environment, glacioisostatic crustal depression, lithofacies association, calving tidewater glacier, crustal rebound, biofacies, sediment, Ireland, Skerries; 01432.
emergent observer
thermal structure, isostatic effect, global isostasy, eustatic curve, modeling, sea level change, submergent, 11977.
emission
acid rain, long range transport, inventory, sulphur dioxide, Asia, (East); 13688. acid rain, nitrate, pollutant emission, sulphate, source receptor relationship, sulphur dioxide, nitrogen oxide, North America; 04437. aerosol acidity, trace element, China, Wuhan; 11400. aerosol, in-situ measurement, aircraft measurement, remote sensing, satellite observation, pollution, 00935. air mass, atmospheric pollutant, trace metal, North Sea; 07867. air pollutant, inventory, Italy; 11360. air quality, nitrogen dioxide, particulate, carbon monoxide, nitrogen oxide, pollution, Finland; 03158. anthropogenic source, natural source, volatile organic compound, Hungary; 11318. anthropogenic source, nitrogen oxide, European survey, Europe; Europe, (Eastern); 13672. asphalt pavement, sunlight intensity, methane, carbon monoxide, 05531. biogenic sulphur emission, salt marsh, sulphur, dimethyl sulfide, methane thiol, carbonyl sulfide, USA, New Hampshire; 04427. biological emission source, long range pollution transport, pollution transport process, convective mixing, carbon monoxide, wet season, Brazil, Amazon; 07854. biological process, long path, field testing, Fourier transform infrared spectroscopy, 11153. biomass fire, nitrous oxide, chlorofluorocarbon-12, ammonia, nitrogen oxide, 00788. boiler, fire place, automobile, diesel truck, meat cooking operation, submicrometer, aerosol mass distribution, 11339. boreal forest fire, hydrogen, nonmethane hydrocarbon, greenhouse gas emission, carbon dioxide, carbon monoxide, methane, nitrous oxide, biomass burning, Canada, Ontraio; USA, Florida; 04418. branch chamber, gaseous flux, hydrogen peroxide, carbon dioxide, water, sulphur dioxide, ozone, 02026. carbon dioxide, ammonium, nitrogen, chaparral, nitrogen oxide, nitrous oxide, biomass burning, USA, California; 00929. carbon dioxide, sulphur dioxide, sulphate aerosol, cooling effect, warming, fossil fuel, 07803. carbon dioxide, temperate grassland, eddy correlation, soil water, carbon cycle, USA, Kansas; 03065. chimney, pollution, sulphur dioxide, Sodar, air quality control, France, Provence; 04444. combustion, crude oil, pollution, smoke, oil spill, organic carbon, fuel layer, PAH, 05538. compensation point, carboxylic monoacid, forest, source, sink, equatorial forest, Africa, Congo, Mayombe Forest; 13748. complex terrain, regional transport, methylchloroform, pollution, CFC 11, carbon tetrachloide, methyl chloroform, USA, Nevada-Arizona Desert; 04399. control equipment, incinerator, pollution, chemical plant, Denmark, Jutland, Cheminova; 11366. deforestation, landscape change, carbon release, carbon dioxide, landuse, Latin America; 13628. deposition, eddy correlation, conditional sampling, chemical sensor resolution, surface flux, micrometeorological technique, gradient sampling, 03062. deposition, mining, geothermal area, volcanic area, lichen, biomonitoring, mercury, Italy; 13751. deposition, sodium-chloride ratio, sodium, rainwater, seasalt, chloride, air-sea interaction, Germany; 00868. desulphurisation, ecological monitoring system, thermal power plant, sulphur dioxide, pollution control, Yugoslavia, Sostanj; 01962. dial, remote sensing technique, sulphur dioxide, volcanic emission, 01969. diffusion, industrial area, diurnal cycle, complex terrain, sea breeze, local breeze, breeze effect, Italy, Genoa; 11199. dimethyl sulphide, precipitation chemistry, methanesulphonate, rainwater, sulphur, wet deposition, Australia, Tasmania, Cape Grim; 02024. dimethylsulphide, algae field, local wind, vertical gradient, coastal source, 06609. dispersion, residential distribution, carbon monoxide, sulphur dioxide, nitrogen dioxide, air quality, particulate matter, exposure estimate, Norway, Oslo; 01995. dust, ozone, air quality monitoring, pollution, Saudi Arabia, Jubail; 01963. ecosystem, soil, nitrogen oxide, USA, Colorado, Nunn; South Carolina, North Inlet; USA, Tennessee, Oak Ridge; 13647. entrapment, salt marsh soil, ammonium, nitrate, denitrification, dinitrogen, nitrous oxide, 13639. fertilised field, biomass burning, ammonia budget, Australia; 11297. fossil fuel combustion, sampling, combustion, nitrous oxide, 03237. fossil fuel, combustion, inventory, economic growth, oil wealth, sulphur dioxide, nitrogen oxide, Saudi Arabia; 11388. fuel cycle, warming potential, carbon dioxide equivalent, greenhouse gas, 11282. greenhouse gas, climate change, research strategy, energy research, 12488. hydrocarbon, nitrogen oxide, chemistry-dispersion model, ozone, pollution control, urban atmosphere, nitrogen dioxide, pollution, 02011. hydroxyl radical, atmospheric trace species, photochemical reaction, convection, ozone, aerosol, wet season observation, Brazil, Amazon; 07856. hydroxyl radical, oxygen, global change, tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, pollution, nitrogen oxide, methane, carbon monoxide,

00914. inventory, air quality management, Europe, (Western); 11361. inventory, cost effectiveness analysis, control policy, Germany, Baden-Wurttemberg; 11362. lidar measurement, numerical model, air pollution research, sulphur dioxide, 04356. long range transport, acid deposition, nitrate, sulphate, wet deposition, storm, Japan; 05498. mercury, Swedish mor layer, deposition, selenium, sulphur, Sweden; 04442. methane, 00866. methane, tundra, taiga, trans-Alaska pipeline, USA, Alaska; 00867. motor vehicle, emission regulation, Europe; 00820. nitrate, snow, nitrogen, anthropogenic emission, natural emission, 00887. nitric oxide, urban atmosphere, photochemical air pollution, dispersion model, ozone, sea breeze, Greece, Athens; 03150. nitrogen dioxide, urban pollution, road, motor vehicle, dispersion, nitrogen oxide, 00860. nitrogen oxide, emission inventory, Europe; 11320. nitrogen, soil microbe, nitrification-denitrification, acetylene, nitrous oxide, 00880. nitrous oxide, seasonal cycle, tropical deforestation, Brazil, Amazon; 00913. open top chamber, forest air, alpha-pinene, beta-pinene, diurnal variation, monoterpene, 13661. ozone, isoprene, alpha-pinene, urban plume, plume model, biogenic hydrocarbon, UK; 13664. particulate, flaming fire, smouldering fire, trace gas, remote sensing, biomass burning, 04359. photochemical smog, non-methane hydrocarbon, formaldehyde, ozone, photochemical diffusion model, nitrogen oxide, Australia, Victoria, Latrobe Valley; 02013. photolysis rate coefficient, PAN, ozone, photochemical model, Europe; 06565. political action, global agenda, pollution, energy efficiency, toxic waste, 07882. pollutant, street traffic, environmental spatial research, 12521. pollution, air quality monitoring, sampling, 04448. pollution, dispersion modelling, nitrogen oxide, trajectory model, power station, motor vehicle, UK; 04424. pollution, motor vehicle, Europe; 00810. pollution, motor vehicle, exhaust, 00816. pollution, motor vehicle, nitrogen oxide, catalytic converter, Germany; 00813. pollution, sulphur dioxide, macroeconomic consequence, Norway; 11133. power plant emission, industrial emission, ozone, air quality, photosmog modelling, pollution, hydrocarbon, nitrogen oxide, 00853. power plant, plume model, nitrogen dioxide, nitrogen oxide, 02010. precipitation chemistry, trend, sulphate, sulphur dioxide, nitrate, nitrogen oxide, hydrogen ion, chemical impact, regional emission, acid rain, USA, (East); Midwest; 13668. red pine plantation, hardwood stand, nitrous oxide, soil, USA; 05530. rising water, methane flux, river floodplain, Brazil, Amazon; 07847. soil moisture, radon, soil gas, soil temperature, USA, Pennsylvania; 00836. soil, fertilisation, forest, savanna, nitrogen oxide, nitrous oxide, Venezuela, Guayana Shield; 11326. soil, fertiliser, groundwater, nitrous oxide, 00939. soil, nitrification, rice, cattle, fertilisation, vegetation, greenhouse warming, biological source, biological sink, methane, nitrous oxide, 09012. soil, radon, lead-210, USA; 00835. stratospheric ozone, Montreal Protocol, ozone depletion, halocarbon, chlorine, halon, CFC's, 04409. Suess effect, carbon dioxide, carbon-14, fossil fuel, Europe, (Central); 05485. sulphur concentration, precipitation, sulphur dioxide, nitrogen dioxide, acid rain, wet deposition, 06677. sulphur dioxide, nitrogen oxide, technical option, clean air concept, cost, Switzerland; 11368. system modelling, environmental model, 11357. termite, hydrocarbon, nitrous oxide, carbon monoxide, hydrogen, carbon dioxide, chloroform, methane, Australia; 02040. transport, sulphur dioxide, RAINS model, acidification, strategy, Europe; 11295. urban atmosphere, heat island, hydrocarbon, urbanisation, ozone, PAN, USA, Georgia, Atlanta; 05527. vegetation, carboxylic acid, pyruvic acid, formic acid, acetic acid, wet season, 07845. wetland ecosystem, methane flux, USA, Florida, Everglades; 10226. wildland, fire, biomass, smoke, 13742.

mission area
ozone, tropics, TROPOZ, bush fire, Africa, (West); South America, (Northern); 11317.

mission calculation
non local thermodymamic equilibrium, radiative transfer model, infrared limb emission, ozone, middle atmosphere, 06697.

mission colour
cathodoluminescence, manganese, calcite, 04871.

mission control
air quality, urban ozone, ozone trend, robust statistical method, statistical method, USA; 12513. forest soil, acidification model, sulphur deposition, lake water quality, soil chemistry, energy use, Finland; 11102. heavy goods vehicle, diesel debate, smoke, 09028. visibility modelling, sulphur dioxide emission, air quality, visibility, sulphur, 06442.

mission control effort
alternative fuel, air quality debate, gasoline, petrol, photochemical smog, methanol, greenhouse gas, carbon dioxide, USA, California; 06703.

mission control technology
acid rain, acid water, deposition chemistry, 09033. pollution control, air quality, 03215.

mission data base
air quality data, concentration isoline, pollution, pollution modelling, Portugal; 06606.

mission efficiency
fracture spacing, specific fracture, surface area, radon-222 concentration, uranium, radon, groundwater quality, fractured rock, crack width, USA, Connecticut; 01727.

mission estimate
boundary layer, nonmethane hydrocarbon, tropospheric chemistry, 03154. Monin-Obukhov similarity theory, Gaussian plume model, dispersion model, uncertainty model, source, 12511.

mission factor
optical property, temperature inversion, smoke, aviation fuel burning, self lofting, solar heating, 04385.

mission flux
deposition flux, anthropogenic input, sulphur budget, nitrogen budget, Europe; 12510.

mission inventory
building surface, particulate elemental carbon, diesel emission, smoke, dispersion model, soiling, particulate, carbon, transport, 13722. CORINAIR project, pollutant, Europe; 11358. emission, nitrogen oxide, Europe; 11320. isoprene, volatile organic compound, non methane hydrocarbon, biogenic emission, hydrocarbon, UK; 13690. regional transport, deposition, nitrogen oxide, 01986.

emission limit value
pollution, air quality, 03255.

emission measurement
oxygenated fuel, carbon monoxide, USA, Colorado, Denver; 03232.

emission rate
inversion layer, mixing height, solar radiation, deposition, hydrogen peroxide, ozone, air quality, photochemical model, USA, California, Los Angeles; 11404. source strength, residence time, interhemispheric distribution, acetonitrile budget, 11346. sulpur dioxide, trace gas, metal, Antarctica, Mount Erebus; 09046.

emission reduction
oxidant limitation, aqueous chemistry, numerical experiment, sulphur dioxide, sulphate ion, ozone, oxidation, 13673. pollution, nitrogen oxide, sulphur oxide, ozone, hydrogen peroxide, non-methane hydrocarbon, pollution damage, PAN, Japan; 05535. regional strategy, warming, climate change, greenhouse effect, convention, Intergovernmental Panel on Climate Change, 10148.

emission reduction cost
RAINS model, receptor area, uncertainty, source receptor relationship, transboundary air, pollution, control strategy, Austria; 11367.

emission regulation
emission, motor vehicle, Europe; 00820.

emission scenario
RAINS model, acidification, strategy, sulphur, nitrogen compound, acid deposition, transport models, Europe; 11296. smog episode, sulphur dioxide, nitrogen oxide, sulphate, nitrate, transport model, dispersion condition, control measure, 07831.

emission standard
vehicle, carbon monoxide, 12697.

emissions model
landfill, dust, wind speed, pool evaporation, dispersion model, 04454.

emissivity
radiative transfer, convection, cloud characteristics, radiometer, sounder observation, cloud top pressure, Brazil, Amazon; 07872. water vapor path length, aerosol, solar radiation, cloud, ozone, Rayleigh scattering, radiation parameterisation scheme, forecast model, 05371.

emissivity box
vegetation cover, savanna, thermal emissivity, Botswana; 12753.

emissivity measurement
box method, agricultural soil, field measurement interpretation, thermal infrared, 03417.

empirical coefficient
scavenging coefficient, radionuclide, radioactive fallout, radar, Finland; USSR, Chernobyl; 13659.

empirical correlation
liquefaction potential, Static Cone Penetration Test, 03789.

empirical data
radiative transfer theory, optical thickness, parameterisation, shortwave transmissivity, transmissivity, stratiform cloud, cloud, 12320.

empirical model
climatic variation, tree ring structure, conifer, dendrochronology, mechanistic model, 12486. motion initiation, gravel, overland flow, cohesive force, entrainment probability, 10830.

empirical orthogonal function
barotrophic instability, tropical extratropical interaction, oscillation, extended range prediction, forecast, general circulation model, outgoing longwave radiation, 12401. coastal Kelvin wave, Kelvin wave propagation, ocean modelling, Rossby wave, Kelvin wave, USA, California; Pacific; 13571. forecasting, prediction verification, stochastic difference model, weather prediction, barotropic stochastic difference model, 10053. global precipitation, domain shape, principal component analysis, eigenvector, 12298. longwave radiation, monsoon, convection, geopotential height, low frequency monsoon, Indonesia; Australia; 12331. multivariate statistics, sulphate, pollution, advection differential equation, receptor modelling, particle, 13683. power spectrum, maximum entropy spectrum, solar radiation, ocean circulation, sea surface temperature, maritime continental contrast, sea ice extent, 10042. pseudo stress, monsoon flow, interannual variability, Indian Ocean; 12351. sea surface temperature, interannual oscillation, rainfall, quasi biennial oscillation, power spectrum analysis, China; 12329. tropical ocean, radiation budget, solar radiation, 06530.

empirical orthogonal function analysis
humidity profile, ocean, eigenvector, retrieval accuracy, microwave observation, satellite, 13567.

empirical separation model
model, direct component, diffuse component, solar irradiation, diffuse irradiation, radiation measurement, 12313.

empirical space time
orthogonal function, pressure surface, algorithm, space time structure, 12302.

empirical uplift estimation
isostatic uplift, lake tilting method, glacio isostatic uplift, eustasy, Sweden, Fegen Lake; Saven Lake:; 06014.

empirical verification
parameter justifiability, hydrometeorological series, Markov autoregressive model, runoff, precipitation, air temperature, 10964.

employment
GIS professional, salary, USA; 10238.

en echelon offset
seismic hazard assessment, segmentation behaviour, coseismic behaviour, normal fault, fault scarp, USA, Idaho, Basin and Range Province; Montana, Basin and Range Province; 08356.

encapsulated air
drainage first stage, air expansion shrinkage phenomenon, pore drainage, groundwater flow, unsaturated zone, drainage, ponded soil, 00580.

enclosed sea
civil engineer, tidal current, pollution, Japan, Osaka Bay; 09391.

encrustation
Aptian marl sandstone, weathering, caliche, piedmont, glacis, epigeny, limestone, Tunisia, Tunisian Ridge, Jebel Bargou; 09628. benthic com-

munity, stromatolite, Holocene, hydroclimatic history, Burundi, Lake Tanganyika; 02320. sulphide deposit, manganese nodule, iron oxide, trace element, nodule, coral, Indonesia, Misool; 00088.

end member mixing analysis
acidic deposition, surface water chemistry, soil water chemistry, soil water end member, alkalinity, sulphate, sodium, magnesium, calcium, dissolved silica, hydrograph separation, USA, Georgia, Panola Mountain Catchment; 04099.

end moraine
Holocene(Late) advance, moraine, equilibrium line altitude, Otira Glaciation, Quaternary(Late), glaciation, New Zealand, Mount Ruapehu; 02643. Quaternary geology, coloured map, superficial deposit, esker, melt water channel, Canada, Alberta, Shetsen; 03879.

endemic disease atlas
epidemiological characteristics, atlas, disease pathogeny, China; 08044.

endochronic plasticity
plasticity theory, shear volumetric coupling, soil behaviour theory, soil constitutive behaviour, dilatant capability, 09514.

endogenic regime
surface elevation, neotectonic structure, tectonic subdivision, earthcrust thickness, crustal thinning, Vietnam; China; Laos; Cambodia; 11884.

endokarst
vertical zoning, karst development, exokarst, 03838.

endolith
boring, photic zone, Hallstatt Limestone, Triassic, microboring organism, 08261.

endoreic basin
groundwater exploitation, groundwater recharge, interflux dam, subsurface dam, alluvial fan deposit, exoreic basin, Africa, Sahel; (Central); Africa, (South); Africa, (East); Africa, (North); 06406.

endosulphan
organic trace contaminant, suspended sediment, surface water quality, chlorobenzene congener, hexachlorocyclohexane isomer, DDT group pesticide, PCB, mirex, dieldrin, Canada, St Lawrence River; USA, St Lawrence River; 08736.

enechelon
Quaternary normal fault, paleoearthquake, thorium age, earthquake potential, palaeoseismic study, Quaternary(Late), faulting, TL dating, fault zone, USA, Utah, Logan; 10689.

energetics
explosive system, available potential energy, 10059.

energy
ECMWF analyses, mean meridional circulation, tropics, ocean atmosphere transport, marine data, bulk aerodynamic formulae, meridional transport, 07628.

energy accumulation
emanation, low latitude, nonlinear response, episodic forcing, equatorial forcing, tropical atmosphere, 12424.

energy active zone
North Atlantic Current, vertical exchange, turbulent exchange, thermocline, Canada, Newfoundland; 11223.

energy approach
seismic liquefaction potential, earthquake, liquefaction potential, standard penetration test, laboratory cyclic test, excess pore pressure, granular soil, 02541.

energy balance
agricultural field, remote sensing, arid environment, reflectance measurement, 06879. arid zone hydrology, evapotranspiration model, surface water balance, crop yield, evaporation, 12157. bimodal climate response, water vapour transport, coupled ocean atmosphere, box model, thermohaline circulation, surface heat flux, evaporation, 05442. Bowen ratio, profile method, Monin Obukhov function, latent heat flux, sensible heat flux, evaporation measurement, Alpine basin, ALPEX RHONEX project, bulk transfer method, Switzerland, Gletsch; Oberwald; 08659. climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, flow regime, flood study, remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, 10960. climate model, zonal air temperature, ice cover, Arctic; 06468. climate modelling, parameterisation, regional climate model, Hungary; 11246. climate sea-ice model, Milaknovitch cycle, surface air temperature, solar radiation, sea ice, 03018. global radiation model, crop radiation model, crop residue, solar radiation transmittance, 00439. ground, radiation flux, radiation component, 13539. ice sheet, temperature change, ablation, outlet glacier, ablation-temperature equation, wind, Fohn event, response, Greenland, Nordbogletscher; Qamanarssup sermia; 01470. Kelvin-Helmholtz instability, mixed-layer model, thermocline, wind forcing, 01864. Leick plate, maize crop, soil temperature gradient, soil moisture gradient, Bowen ratio, dew rise, dew fall, dew formation, 04024. model input, net radiation, soil surface, surface temperature, meteorological data, 13520. model, all-wave radiation, air temperature, snow melt modelling, fir forest, 13529. modelling, water balance term, Earth surface, satellite remote sensing, Botswana; 11184. outgoing longwave radiation, surface downward flux, satellite observation, radiative flux, 01819. palaeo sea surface temperature, oxygen isotope, Tertiary(Middle), zonal wind speed, poleward energy transport, 05453. potential evaporation, heat flux density, soil moisture, mountainous terrain, evaporation, alpine tundra, water balance, Canada, Cordillera; 08658. Priestley-Taylor method, evapotranspiration, Arctic watershed, permafrost, water balance, pan evaporation, USA, Alaska, Imnavait Creek; 13439. radiation climatology, solar radiation, Spain; 01820. radiative temperature, outgoing longwave radiation, radiative entropy, temperature distribution, 01812. sensible heat flux, heat flux measurement, Pinus pinaster stand, forest, sap flow, evaporation, 13540. sensible heat flux, net radiation, soil heat flux, latent heat flux, eddy correlation measurement, dry deposition, USA, Colorado, Pawnee Grasslands; 03076. snowbank, permafrost zone, albedo, snow melt, ablation, energy flux, Canada, Northwest Territories, Melville Island; 06466. soil heat flow, surface energy balance, snow depth, frost depth, soil temperature, temperature, 08878. soil wetness, eddy correlation measuring device, semi arid area, water balance, dryland millet, evaporation, evapotranspiration, transpiration, soil evaporation, Institute of Hydrology, ICRISAT Sahelian Center, porometry, microlysimeter, Niger; 06270. solar radiation, long wave radiation, outgoing longwave, net solar irradiance, 00691. stem flow measurement, evapotranspiration, water balance, evaporation, transpiration, Bowen ratio method, cotton crop, microlysimeter, leaf area, plant density, soil water, USA, Texas, Lubbock; 05119. thermodynamic sea ice model, sensible heat flux, sea ice transport, climate, 03123. water balance, hydroclimate, vegetation cover, soil characteristics, topography, rainfall, interception, wind speed, temperature, radiation, evaporation process, hillslope hydrology, 10999.

energy balance analysis
avalance deposit, snow, ablation, snow melt cycle, condensation, air temperature, Pakistan, Himalaya Mountains; 09910.

energy balance climate model
climate model, radiative forcing, upwelling diffusion climate model, upwelling, 03116. ice cap, albedo feedback, slope stability theorem, multiple solution, 06487.

energy balance comparison
latent heat flux, land surface atmosphere exchange study, 12692.

energy balance component
Bowen ratio, slope, 07697.

energy balance experiment
ground truth, calibration, SEBEX, satellite data, global circulation model, Africa, Sahel; 11204.

energy balance model
ablation, margin, ice sheet, albedo, Fohn event, radiation, turbulent flux, sensible heat flux, short wave radiation, Greenland, Nordbogletscher; Qamanarssup sermia; 01471. annual cycle, supercontinent, summer snow, polar region, albedo feedback, sea ice margin, polar continentality, climate, seasonal energy balance, 08934. climate change, obliquity cycle, Mars, carbon dioxide distribution, 07626. evaporation, regional interaction, canopy, 11190. ice sheet margin, greenhouse-effect climate, ablation, Greenland, Nordbogletscher; West Greenland, Qamanarssup Sermia; 00342. mixed layer, oceanic mixed layer dynamics, climate sensitivity, 08900. soil heat flux, agricultural water, water management, evapotranspiration, shallow watertable, crop evaporation, capillary rise, lysimeter, irrigation practice, watertable management, water balance model, radiant canopy temperature, soil water content, neutron probe, upward flux, 13454. statistical dynamical model, deep ocean temperature, ocean surface temperature, ocean temperature, climate, Cretaceous, 06486. white noise, temperature, stochastically perturbed surface, 07756.

energy balance modelling
cool sun paradox, solar constant, ice cover, 06518. orbital effect, mass balance, ice sheet, climatic sensitivity, climate change, Greenland; 10818.

energy budget
effective horizon, steep pasture, solar radiation, shadow, 07652. enthalpy, convective signal, ITCZ, mass convergence, subgrid scale, vertical energy flux, thermodynamic, 13537. evaporation, latent heat flux, energy storage, radiation, energy storage term, sensible heat flux, short term measurement, lake evaporation, eddy correlation, 13315. hydrological cycle, warming, sea surface warming, greenhouse effect, tropical water, 08995. kinematics, wave, bottom friction, 01174. latent heat flux density, aerodynamic equation, Priestley Taylor model, residual method, evaporation model, alpine tundra, Bowen ratio, Canada, British Columbia; 08660. leaf area index, evapotranspiration, remote sensing, areal evapotranspiration, satellite imagery, soil temperature, soil vegetation atmosphere interface, thermal infrared, remote sensing, Finland, Eurajoki River Basin; 10982. soil temperature, arid site, 07720. surface temperature, air temperature, flux density, latent heat, saturation vapour pressure vs. temperature curve, evapotranspiration, Penman equation, Penman-Monteith equation, 01641. turbulent energy, kinetic energy, Reynolds stress, deciduous forest, forest, canopy, 11181.

energy conservation
climate change, global warming, 04335. fossil fuel, greenhouse gas, environmental protection, ozone depletion, air chemistry, CFC's, carbon dioxide, greenhouse effect, pollution control, 04402. potential enstrophy dissipating, enstrophy, dissipation, shallow water equation, 11251.

energy consumption
fossil fuel, warming, carbon dioxide, greenhouse gas, 08998.

energy cycle
available potential energy, kinetic energy, eddy kinetic energy, 04268. cloud radiation interaction, global change, International Geosphere Biosphere Programme, ocean data system, water cycle, France; 12588. hydrology cycle, latent heat, air-sea interaction, operational analysis, 01861.

energy cycling
microorganism, virus, faecal pellet, organic carbon, particle cycling, sea water, Pacific, (North); 08289.

energy density
wave dissipation, velocity fluctuation, radar, momentum flux, Japan, Shigaraki; 01849.

energy dispersive X-ray fluorescence
elemental characterisation, aerosol, particulate source, instrumental neutron activation analysis, India, Bombay; 06570.

energy dissipation mechanism
stream, channel, steep mountain, large bed element, 05989.

energy efficiency
toxic waste, emission, political action, global agenda, pollution, 07882.

energy exchange process
water flux, heat flux, soil temperature, tillage simulation, experimental verification, 12368.

energy exploration
atmospheric mercury, atomic mercury, geothermal energy exploration, differential absorption lidar technique, Iceland; 12698.

energy flux
Earth surface, thermal infrared, remote sensing, water budget study, 11205. energy balance, snowbank, permafrost zone, albedo, snow melt, ablation, Canada, Northwest Territories, Melville Island; 06466. wave, refraction, rip current, tidal channel, bar, France, Aquitaine, Cap-Ferret

Coast; 04746.
energy flux divergence
sand, salinity, tidal range, fresh water, estuary, USA, Oregon, Columbia River; 05820.
energy flux method
longshore transport, dredge, beach, harbour, erosion, accretion, Argentina, Buenos Aires Province, Mar del Plata; 10546.
energy flux variability
suburban terrain, land use, surface energy balance, Canada, Vancouver; 10009.
energy implication
fossil fuel, greenhouse effect, global circulation model, response strategy, global warming, climate change, 06533.
energy intensive economy
nuclear power, fossil fuel, carbon dioxide, 09002.
energy loss
trigger, high magnitude process, geomorphic process, landslide, fan, earthquakes, Italy; Algeria; 13057.
energy minimisation
fast fluidisation, regime transition, particle, two-phase flow, multi-scale modelling, 00008.
energy parameter
water balance, general circulation, tropical Africa, Africa; 11609.
energy partition
sensible heat flux, eddy diffusivity, micrometeorological measurement, latent heat flux, temperature, humidity, wind, radiation exchange, Brazil, Amazon Forest; 05405.
energy policy
pollution control, legislation, transportation policy, Japan; 03196.
energy regulatory issue
environmental regulatory issue, GIS, commercial database, Dun and Bradstreet Market Identifier, USA, Illinois; 09200.
energy research
emission, greenhouse gas, climate change, research strategy, 12488.
energy resource
earth science, cartographic material, 02160. source rock, graben, terrestrial sediment, glacigene deposit, siliciclastic, Triassic, Permian, Tanzania; 03593.
energy source
normal mode, spectral domain, atmospheric baroclinic instability, baroclinic energy source, 12421.
energy spectral density
return stroke, leader, cloud pulse, lightning, electromagnetic radiation field spectra, 11162.
energy spectrum
intermittency, semi geostrophic flow, front formation, vorticity, 07763.
energy storage
radiation, energy storage term, sensible heat flux, short term measurement, lake evaporation, eddy correlation, energy budget, evaporation, latent heat flux, 13315.
energy storage term
sensible heat flux, short term measurement, lake evaporation, eddy correlation, energy budget, evaporation, latent heat flux, energy storage, radiation, 13315.
energy supply
fishing fleet, hydrometeorological service, agriculture, aviation, USSR; 05287. weather service, meteorological information, Germany; 05314.
energy transforming rate
basalt, geochemistry, soil, resource ecology, China, Zhejiang Province; 04014.
energy transport
sparse crop, heat transport, water vapour transport, canopy transport, gradient diffusion relationships, aerodynamic resistance, surface resistance, 12354.
energy use
climate change, greenhouse effect, deforestation, 03117. emission control, forest soil, acidification model, sulphur deposition, lake water quality, soil chemistry, Finland; 11102. global climate trends, dust, greenhouse gas, climate change, solar variability, 04336. greenhouse gas, climatic warming, fossil fuel energy, 05465.
energy water balance model
sorghum crop, soil water balance, simulation model, crop wateruse, Africa, Sudan; Sahel; 12235.
engelunds solution
seepage surface, unconfined aquifer, Laplace equation, groundwater flow, water table height, Dupuit Forchheimer analysis, Kozenys parabola solution, 07541.
engineer
conservation, plant community, animal community, management, dune, Netherlands, Delta Coast; Wadden Island Coast; Netherlands, Holland Coast; 10548. shear stress, velocity distribution, Galerkin method, beach, longshore current, 12828.
engineer training
engineering geomorphology, landslide mapping, civil engineering, geomorphological mapping, UK; 10729.
engineering
biomass, porous media, biofilm, pore space, 02433. coccolithic, chalk, hardness, nannofossil, Europe, Anglo-Paris Basin; 03588. deposition, erosion, sediment transport, tidal current, estuary, UK, England, Humber Estuary; 09310. deposition, reservoir, sedimentation, flushing, sediment yield, 05812. DTM, software, 04525. dune, beach, France; 04745. entrainment, erosion, flow velocity, sediment transport, shear stress, 00004. erosion, sedimentation, dredging, harbour, 03582. fluid force, friction, shear stress, water depth, wave, sea bed, 00001. harbour, gamma ray density gauge, port, siltation, China, Lianyun Harbour; 02491. hydrology, morphology, control measure, coastal area, Germany; 00198. marginal sea, environmental oceanography, coast, oceanography, 13002. meander, bar, channel, sinuosity, bedform, 10516. observation, surveying, network, 04474. polar research, Korea Ocean Research and Development Institute, oceanography, biotechnology, marine biology, marine geophysics, Korea; 08317. smectite, deformation, clay-water system, soil mechanics, 04691.
engineering behaviour
calcrete, gypcrete, carbonate, gypsum soil, classification, 03747. Cochin marine clay, shear strength, marine clay, liquid limit, drying, India, Kerala State; 09515. sampling, test result, weak rock, Brazil; 10700.
engineering database
functional programming, database machine, relational query language, 03354.
engineering design
climatic extreme, death, flood, drought, forecasting, 01957. expert system, drainage pattern, 03466. uncertainty model, geological uncertainty, parameter uncertainty, waste management, decision analysis, risk analysis, cost benefit analysis, groundwater flow, hydrogeology, contaminant remediation, 07590.
engineering drainage
geotextile, soil geotextile system, hydraulic property, 07179.
engineering drawing
site survey, architectural design, ground modelling, 04528. track equipment siting, railway surveyor, 10281. vectorising, CAD, CAM, 00986.
engineering geological aspect
foundation, soil, review, 01406. foundation, swelling soil, expansive soil, damage, total suction, 01401.
engineering geological map
urban planning, thematic map, regional landuse, landuse planning, environmental geological map, Netherlands; 07189.
engineering geological survey
sulphate, gypsum, soluble salt, geotechnical property, soil, Iraq, Hadiitha; 04911.
engineering geomorphological mapping
cliff stability, photogeomorphological mapping, chalk cliff, UK, England, Kent, Abbots Cliff; Shakespeare Cliff; 04925.
engineering geomorphology
landslide mapping, civil engineering, geomorphological mapping, engineer training, UK; 10729.
engineering hazard
salt weathering, saline groundwater, 09613.
engineering hydrology
flood estimation, low flow research, applications research, instrument development, irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, 08640.
engineering network
monitoring network, least square adjustment, deformation analysis, 07959.
engineering problem
foundation, tunneling, mechanical property, soft rock, Belgium; 10701.
engineering properties
sandstone, conglomerate, cemented, zeolite, humid mountainous area, oxidation front, weathering mechanism, chemical weathering, Japan; 12021.
engineering property
clay, undrained shear strength, plasticity index, liquidity index, plastic limit, over consolidated ratio, lacustrian clay, statistical evaluation, Canada; 02543. compressibility, constitutive relations, fabric-structure of soil, shear strength, structure, natural soil, weak rock, 04904.
engineering protection measure
climate region, hazard, natural hazard, avalanche protection, Switzerland; 10730.
engineering soil
rock, logging technique, soil strength, field description, 13040.
engineering structure
beach, shoreline, bottom sediment, coast, sand transport, Japan, Toyama Prefecture, Miyazaki coast; Sakai coast; 07002.
engineering surveying
intersection, verticality, three-dimensional coordinate, structure, 05607.
engineering-geological evaluation
Eocene(Late), clay rock, civil engineering, weathered rock, sandy-clay, cohesion, USSR, Georgian SSR, Tbilisi; 01398.
engineering-geological investigation
geotechnical investigation, slope stability, deep opencast mine, complex geological condition, stability, opencast mine slope, finite element method, Krusne hory Fault, Czechoslovakia, Bohemia; 01405.
engineers
sediment strength, erosion, tidal power barrage, hypertidal zone, barrage construction, UK, England, Severn Estuary; 09382.
englacial component
hydrograph separation, bulk discharge, subglacial component, conductivity, calcium concentration, glacier, melt water, chemograph separation, Switzerland, Valais, Arolla Glacier; 08800.
English language reprint
Japanese journal(1985-1990), climatic aspect, 09963.
English slope movement feature name
French slope movement feature name, slope movement, nomenclature, landslide, IAEG Commission on Landslides, mass movement, 04914.
enhanced boulder weathering
snow patch, nivation, chemical weathering, Schmidt hammer, Norway, Jotunheimen, Jostedalen; 00351. snowpatch, rapid weathering, permafrost, nivation, weathering, Schmidt hammer, Switzerland; UK, Scotland; Norway, Glittertinden; 00352.
enhanced erosion
chemical weathering rate, silicate erosion, continental erosion, geochemical evidence, Chamberlins theory, glaciation, 09537.
enhanced greenhouse effect
global mean, temperature change, climate sensitivity, 04330.
enhanced production capability
distributed computing, geographic database, 06771.
enhanced reflectivity
radar bright crater, Venera 15 and 16 spacecraft, impact crater, Venus; 07162.
enhancement
labelled dot patterns, Voronoi neighbour, local feature detection,

03351.
enhancement deposition
vegetation ecosystem, soil water flow, sulphate, buffering, flow path, precipitation chemistry, acidification, wet deposition, bulk deposition, mist, fog, UK, Scotland, Allt a'Mharcaidh; Norway; 13374.
Eniwa "a' pumice fall
Tarumae "d' pumice fall, Tokachi "c-2' ash fall, tephrochronological analysis, Last Glacial, Postglacial, terrace chronology, lateral erosion, climatic change, channel condition, valley side, slope development, Last Glacial Stage, fluvial terrace, alluvial cone, tephra cover, Shikotsu pumice fall, Japan, Hokkaido, Tokachi Plain; 04922.
Enos soil
Ethete soil, Apron soil, Glenton soil, soil-landscape relationship, Pleistocene soil, Holocene soil, soil composition, soil classification, Griffy soil, USA, Wyoming, Wind River Basin, Riverton; 13286.
enrichment
concretion, manganese, todorokite, host rock, cement, Nigeria, Igarra; 03656. mineralisation element, clay mineral, salt lake, evaporite, arid weather, China; 10657.
enrichment culture
fresh water sediment, sulphate reducing bacteria, bacteria, mineralisation, organic matter, Germany, Lake Constance; Switzerland, Lake Constance; 09337.
enrichment experiment
biological pump, iron deficiency, phytoplankton growth limitation, Antarctic water, Ross Sea; 08420.
enrichment factor
aerosol, particle, alkaline aerosol, 03261. ionic equivalent ratio, rain depth, acid rain, chemistry, precipitation, Saudi Arabia, Gulf Coast; 11381. multivariate analysis, continental source, trace metal, North Sea; 13735. seawater, actinide dose, air-sea exchange, radionuclide, lake sediment, sheep faeces, UK; 00925.
enrichment ratio
nitrogen loss, soil erosion, nutrient loss, surface contact cover, 04035. nitrogen, runoff sediment, soil erosion, nutrient loss, 04034.
enrichment ratio relationship
sediment, nitrate, phosphate, surface water quality, agricultural pollutant, tillage practice, sorghum culture, nonpoint-source pollution, desorption kinetics, USA, Southern Plains; 13451. surface water quality, groundwater quality, nonpoint-source pollution, sediment, nitrate, phosphate, tillage practice, wheat culture, desorption kinetics, USA, Southern Plains; 13452.
ensemble averaging
backscattering, nonspherical particle, particle, statistical approach, Rayleigh theory, Mie theory, 12561.
ensemble forecasting
European Centre for Medium Range Weather Forecasts, extended range prediction, prediction, skill, forecast, 13615. extended range prediction, European Centre for Medium Range Weather Forecasting model, time lagged forecasting, 12480. lagged ensemble, Monte Carlo method, forecasting, chaos, 08987.
ENSO
drought, El Nino, Southern Oscillation Index, drought anomaly field, Zimbabwe; 07661.
ENSO event
typhoon, sea surface temperature, China Sea; 06484.
ENSO signal
heat flux, sea surface temperature anomaly, El Nino, ocean model, Pacific; 06480.
enstrophy
dissipation, shallow water equation, energy conservation, potential enstrophy dissipating, 11251. nonacceleration theorem, transient eddy, quasi geostrophic eddy, eddy, three dimensional time mean flow, potential vorticity flux, 10071.
enstrophy dissipation
semigeostrophic frontal model, Eady wave frontal model, frontal model, momentum diffusion, kinetic energy, 12445.
Enterobacteriaceae
organomercurial, bacterial resistance, biological indicator, pollution, heavy metals, mercury, 03263.
enterovirus
coastal water quality, virological quality, bathing water, European Community Directive, UK, England; 00572.
enthalpies of formation
entropy, calorimetric measurement, polar stratosphere, nitric acid hydrate, chemical equilibrium, 05551.
enthalpy
activation energy, lithological discontinuity, quartz thermal activation energy, loess, sandstone, limestone, USA, Kentucky; 12099. convective signal, ITCZ, mass convergence, subgrid scale, vertical energy flux, thermodynamic, energy budget, 13537. entropy, hydrogen bond strength, water cluster, cosmic ray, modified neglect of differential overlap, 00846.
entirety effect
entropy, systems theory, geomorphic system, feedback, 11830.
Entisol
Alfisol, sandy Mollisol, jack pine forest, total nitrogen, organic matter, available water capacity, prairie soil, Mollisol, forest soil, USA, Minnesota; 08617. atoll soil, soil taxonomy, calcareous soil, Pacific, Pacific Islands; 12127. Inceptisol, cadmium, lead, soil development, Italy, Bologna, Northern Apennines; 00473. panspot, sodium affected landscape, dispersive erosion, soil morphology, topography, USA, North Dakota; 10898. particle size distribution, weathering, grain size, laumontite, USA, California, San Gabriel Mountains; 07415.
entity relationship
database, 10338.
entity relationship model
cadastral system, database, automated cadastral system, 13862.
entraining detraining model
plume model, convective parameterisation, mass exchange, buoyancy sorting mechanism, air mechanism, 12466.
entrainment
aircraft measurement, stratocumulus, climate modelling, cloud albedo, albedo control, 07770. condensation, non precipitating cumuli, droplet size distribution, adiabatic lifting, cloud model, 04307. erosion modelling, rain impacted flow, flow depth, suspended load, 10828. erosion, flow velocity, sediment transport, shear stress, engineering, 00004. forest, surface energy balance, planetary boundary layer, 03030. inversion, cumulus band cloud, cloud band, convection, latent heat release, USA, Hawaii; 01928. mixed layer depth, advective mixed layer model, heat, moisture, 07689. mixing process, droplet growth, warm midlatitude cloud, tropical cloud, cloud top, 10133. scour, flocculation, erosion, deposition, fine sediment, consolidation, accretion, 04729. turbulent flux, cloud top entrainment, small scale mixing, boundary layer, inversion, kinetic energy, 04303.
entrainment instability
buoyancy reversal, stratification, laboratory experiments, cloud top, 12452. statocumulus, cumulus, buoyancy reversal, cloud top entrainment, 07781. vertical motion, stratocumulus, cloud breakup, 13612.
entrainment limit
soil strength, erodibility, soil erosion, land management, erosion modelling, soil erodibility parameter, 10834.
entrainment probability
empirical model, motion initiation, gravel, overland flow, cohesive force, 10830.
entrainment rate
dispersion rate, wind tunnel, tracer gas, homogeneous surface roughness, heterogeneous surface roughness, surface roughness, heavier than air gas dispersion, roughness, 10024.
entrapment
salt marsh soil, ammonium, nitrate, denitrification, dinitrogen, nitrous oxide, emission, 13639.
entrophication
phosphate, limestone, acidity, lake, USA, North Carolina, Lake Waccamaw; 12845.
entropy
calorimetric measurement, polar stratosphere, nitric acid hydrate, chemical equilibrium, enthalpies of formation, 05551. GIS, multi spectral image, image, 13791. heterogeneous nucleation process, formation heat, hydrogen bond strength, water cluster, ice, quantal calculation, 00845. hydrogen bond strength, water cluster, cosmic ray, modified neglect of differential overlap, enthalpy, 00846. ice albedo feedback, maximum entropy production, climate model, faint young sun paradox, stellar evolution, solar luminosity, 13579. reversible process, thermodynamic foundation, modelling, moist atmosphere, conservative property, mass, 13607. specific heat, complex ion, molecular structure, binding energy, 05520. systems theory, geomorphic system, feedback, entirety effect, 11830.
entropy coding
contour coding, data compression, decomposition, 03329.
envelope orography
mountain blocking, lee cyclogenesis, cyclogenesis, step mountain, China, Altai Sayan; 08963. mountain flow, orography, 03101.
envelope surface
uplift, geomorphological criteria, neotectonics, Quaternary uplift, fluvial terrace, Italy, Apennines; 00233.
environemntal protection
hazard, emergency operation, USA, Alaska; 10423.
environemtnal impact
acidity, sulphates, limestone-lime treatment technique, groundwater pollution, water quality, surface water contamination, remedial treatment, pyrite mine, India, Amjhore; 12277.
environment
atmospheric pall, Space Shuttle, meteorology, urban environment, 06859. biology, coastal erosion, glaciation, periglacial phenomena, bibliography, subantarctic, Southern Ocean, Macquarie Island; 04894. GIS standards, knowledge based GIS, education, management, GIS, 02137. global change, EOS, 04630. International Space Year, global problem, satellite system, data management, 00943. mammoth, Mammuthus primigenius, stratigraphical position, dating, Pleistocene(Late), Denmark; 07267. navigation, GIS, oceanography, fishery, Canada; 02247. physical property, acoustic property, deep sea sediment, palaeoclimatic implication, climatically driven change, sedimentation rate, meltwater, Termination Ia, magnetic susceptibility, Arctic, Eurasian Basin; 02619. remote sensing, polarisation, feature space, 04585. resource database, database, global monitoring, 02235. slopeland utilisation, conceptual framework, slope, land use, Taiwan; 08415. space shuttle, NASA, remote sensing, 04466.
environment history
sedimentation rate, varved sediment, chronology, El Nino, marker layer, USA, California, Santa Barbara Basin; 00087.
environment policy
European Community, air quality, pollution control, 00821.
environment programme
global resource information, database, 11497.
environmental activity
socialist country, environmental management, GIS, China; 06848.
environmental agency
market research, GIS, Europe; 02141.
environmental analysis
reservoir, remote sensing, 02233.
environmental assessment
accretion, land reclamation, sea level rise, productivity, coastal evolution, Spain, Cantabria; 10582. flood plain management, flood defence initiative planning, flood control, modelling, UK, England, River Thames; 05257. forestry, GIS, visualisation, UK, Scotland, Aviemore; 12681. GIS, land combat, terrain analysis, 10484. hydrogeological application, Landsat TM, subsidence, SPOT, Germany; 06902.
environmental change
anthropogenic disturbance, burning regime, vegetation history, pollen analysis, vleis, South Africa, Cape Province, Cederberg; 13155. arid, uplift, volcanic activity, Tyrrhenian Sea, ODP Hole 653A; 00099. climatic condition, Quaternary(Late), pollen record, Uganda, Rukiga Highlands; 04980. delta region, river regulation, flood plain, dam con-

istruction, Mali, Niger Valley; 06422. environmental process, fluvial
response, temperate zone, river terrace, buried channel, meandering,
flood plain, bedload, UK, England, Sussex, Ouse River; 11844. GIS,
video technology, 06851. global warming, palaeoclimatic history,
Cainozoic, Africa, (Southern); 10762. Holocene(Late), snow accumula-
tion hollow, soil stratigraphy, pollen assemblage, snow patch, slope
break, Japan, Echigo Range, Mount Tango; 10794. Holocene, intertid-
al, freshwater biota, pollen diagram, transgression, regression,
mangrove ecosystem, palyno plankton stratigraphy, India, Bengal
Basin; 04985. ice rafting, sea level, last interglacial glacial cycle, stra-
tigraphy, Pleistocene(Late), Denmark; 06086. interglaciation, global
change, proxy data record, anthropogenic modification, 07191. lake
sediment, subAntarctic, pollen, diatom, desmid, rhythmite, Holocene,
Antarctica, South Georgia; 09597. lake, mire, Poland; 00309. Little Ice
Age, climate change, sea level change, human impact, Pacific Islands;
13180. pedogeomorphology, tropical landform, Pleistocene, soil, land-
form evolution, 00219. planning tool, developing world, remote sens-
ing, Peru; Bangladesh; 02275. pollen analysis, swamp deposit, lake
deposit, sinkhole, Lake Otjikoto, radiocarbon measurement, Holocene,
Namibia, Windhoek; 10761. Quaternary, arid zone, Holocene(Late),
vegetation change, pollen analysis, Australia, South Australia,
Dalhousie Springs; 06110. regional conflict, Clean Air Act, efficiency
criteria, government regulation, pollution policy, coal region, USA;
10204. sediment record, lake, diatom stratigraphy, elk population, ero-
sion rate, lead-210 dating, pollen analysis, range management, sediment
geochemistry, USA, Wyoming, Yellowstone National Park; 10778. sed-
iment supply, depositional bias, carbonate, sea level cycle, platform,
eustatic change, 09485. terrestrial environment, estuary, salinity, sea
level, coast, South Africa; 10538. vegetation change, soil degradation,
relief, parent material, river terrace, alluvial fan, soil erosion chronol-
ogy, Mediterranean; 08550. vegetation index, AVHRR, precipitation,
rangeland growth, 01115. vegetational environment, human occupa-
tion, Mesolithic, Iron Age, pollen analysis, late glacial, Holocene,
France, Lede du Gurp; 00307.

environmental change monitoring
geo ecological mapping, satellite imagery, floodplain, ox bow,
backswamp, point bar, human influence, Slovak Hungarian Barrage,
Hungary; 09532.

environmental clean-up
biological treatment plant, industrial discharge control, water quality
management, Turkey, Istanbul; 00659.

environmental condition
GIS, Statistics Canada, cross-sectoral analysis, Canada; 01032. remote
sensing, turbidity, classification technique, industrial activity, Japan,
Seto Inland Sea, Kanmon; Hiroshima Bay; 09483.

environmental conservation
surface water quality, water resource, catchment degradation, flow regu-
lation, irrigated land, GIS, soil erosion, salinisation, water resource
development, Ethiopia, Awash River; 13465.

environmental consideration
mathematical model, water demand, water supply, regional water
resource, large scale water resources planning, water resources plan-
ning, North Atlantic Regional Water Resources Study, storage yield
model, institutional arrangement, 05255. planning, land management,
water quality, water resource, water management, water demand, water
supply, USA; 05254.

environmental contamination
ecological sensitivity, industrial development, GIS, environmental
hazard, Canada, Ontario, Niagara Falls; 01149. sludge, fishing, sedi-
mentation, waste, USA, Massachusetts Bay; Massachusetts, Boston Har-
bour; 07032.

environmental control
power generation, cost effectiveness approach, cost consideration,
abatement, carbon dioxide, greenhouse effect, 11134.

environmental cycle
Jurassic, epeiric basin, mudstone, anoxic condition, seasonal oxygen
budget, 07061.

environmental data
database, offshore activity, oil industry, 13903. defence force, geo-
graphic information, terrain intelligence, 10481. GIS, urban develop-
ment, developing country, Tanzania, Dar es Salaam; 06935. land
management, GIS, UK; 13911.

environmental database
lysimeter, tensiometer, research programme, instrumentation, observa-
tion well, pumping well, groundwater research, soil water process,
unsaturated zone, Germany, Horkheimer Insel; 09780.

environmental dating
dunefield, sea level, carbonate content, coastal sand, radiocarbon age,
wind blown sand transport, environmental history, South Africa, Cape
Province; 10805.

environmental decision
impact statement, database development, USA; 11588.

environmental degradation
geoscientific map, planning, semi arid region, Spain, Valencia; Canary
Islands, Gran Canaria; 09295. multisource satellite data, erosion
feature, burning, overgrazing, deforestation, Greece, Euboia; 10424.
soil erosion, erosion case study, coastal resource, Philippines; 07328.

environmental disaster
ecosystem alteration, prediction, climate, warming, greenhouse effect,
07804.

environmental disturbance
ecological map, USSR; 13919. landuse consequence, nature manage-
ment, mapping, regionalisation, USSR; 13915.

environmental dynamics
environmental unit, geosystem, Brazil, Pantanal; 12770.

environmental effect
flow regulation, river regulation, weir, hydrograph form, water level
variation, Australia, South Australia, Murray River; 07592.

environmental effects
oil burning, oil well, satellite observation, fire, acid rain, photochemical
smog, monsoon, Kuwait; 13646.

environmental engineering
river regime, river engineering, flood alleviation scheme, channel
characteristic, geomorphological survey, channel instability, channel
hydraulics, 04046.

environmental evaluation
geostatistics, software programme, Brazil, Guanabara Bay; 06790.

environmental evolution
glaciation, sea level, global change, climate change, research, China;
Antarctica, King George Island, Great Wall Station; 11838.

environmental factor
cadmium, copper, zinc, surface water quality, metal speciation, speciation
study, trace metal, estuary, India, Muvattupuzha River; Periyar
River; 08752. landuse, GIS, commercial development, 09124. water
quality model, substrate inhibition, nitrification, growth kinetics, nitri-
fying microorganism, Monod model, double substrate limiting model,
09836.

environmental fate
soil chemistry, water chemistry, chemical migration, 04017. water table
contamination, nuclear waste disposal, groundwater monitoring,
radionuclide mobility, sampling technique, dissolution precipitation
process, 05235.

environmental flow
tropical cyclone, cyclone motion, 10055.

environmental force
greenhouse gas, carbon dioxide, investment, defensive measure, global
environment, 11278.

environmental formation
hydrology, ecological consideration, hydrological technical direction,
geographical approach, water resource estimation, runoff distribution,
water conservation, 07450.

environmental genesis
hydrological process, iron complex, reservoir hydrology, water colour,
surface water quality, discolouration, organic iron complex, catchment
hydrology, chemical composition, 13353.

environmental geochemistry
coal, volcanology, carbonate, evaporite, petroleum, 04881.

environmental geological map
engineering geological map, urban planning, thematic map, regional
landuse, landuse planning, Netherlands; 07189.

environmental geomorphology
geomorphic system, human ecology, geomorphological study, 11903.
hazard, threshold analyses, natural surface process, 07132.

environmental gradient
coastal wind, coastal upwelling gradient, Pleistocene(Late), monsoon,
upwelling, Indian Ocean; Arabian Sea; 11919.

environmental group
GIS, site selection, building, 01153.

environmental hazard
environmental contamination, ecological sensitivity, industrial develop-
ment, GIS, Canada, Ontario, Niagara Falls; 01149. operational system,
weather pattern, Earth resource, remote sensing system, USSR; 05560.

environmental history
environmental dating, dunefield, sea level, carbonate content, coastal
sand, radiocarbon age, wind blown sand transport, South Africa, Cape
Province; 10805. flood plain sedimentation, Bronze Age(Late), Iron
Age, valley sedimentation, pollen analysis, UK, England, Sussex,
Combe Haven Valley; 02734. sea level, lateglacial, postglacial, UK,
Isle of Man; 06151. valley mire sediment, archaeological excavation,
pollen data, Mesolithic, Neolithic, Bronze Age, arable agriculture,
postglacial history, UK, England, Cheshire, Tatton Park; 10784.

environmental hydrology
pesticide transport, hydrochemical study, engineering hydrology, flood
estimation, low flow research, applications research, instrument
development, irrigation study, research report, Institute of Hydrology,
hydrological cycle, soil physics, river basin modelling, hydrological
process, climate modelling, water balance study, runoff study, 08640.

environmental hypothesis
Q mode factor analysis, cluster analysis, pollen dispersal data, research
analog, Quaternary, palaeoecological research, pollen analysis, Argen-
tina, Neuquen, Cerro Domuyo; 07196.

environmental impact
barium, suspension, salinity, drilling mud, China, Zhujiang Estuary;
04793. CFC substitute, ozone, CFC's, ozone depletion, 05540. channel
shape, sediment accumulation, groundwater regime, salt balance, moun-
tainous terrain, downstream hydrology, hydrological effect, reservoir,
mountain plain ecology, China, Haihe River; 08647. coal storage pile,
wind tunnel, pollution reduction, scale model test, wind break, coating
agent, 11312. current, sand, beach, littoral process, Spain, Cirro; Ares;
06997. data collection, climatic change, water resource, water manage-
ment, global environmental observation, hydrometric network, organi-
sation structure, Switzerland; 04182. disastrous landslide, landuse
potential, mudflow, casualties, disaster policy, landslide, Taiwan; 08414.
GIS, agriculture, food, 03445. GIS, oil spill, USA, Florida, Atlantic
Coast; Gulf of Mexico; 13922. groundwater recharge, potable water,
artificial recharge, recharge, deep well infiltration, Netherlands, North
Holland Dune Area; 07552. heavy metals, snowpack, snow chemistry,
meltwater chemistry, Sea of Japan; 01743. irrigated agriculture,
groundwater resource exploration, water resource development, Egypt;
07602. organic pollutant, water quality legislation, water quality
management, remedial action, anthropogenic effect, land use effect,
water quality, pesticide, nitrate, Europe; 00649. powerline corridor,
GIS, database, USA, Utah; Nevada; USA, Idaho; 05558. river basin
development, water resource management, land resource management,
ecosystem, 05253. river degradation, water management, National
Rivers Authority, river management, resource overexploitation, water
conservation, UK; 08802. sea water, desalination plant, 11219. wet-
land destruction, climate effect, political hydrology, wetland manage-
ment, urban development, arid land, semi-arid land, 02982.

environmental impact analysis
DTM application, military terrain analysis, 04529. GIS, decision sup-
port system, pattern recognition, optimisation model, expert system,
05632. water resource management, cumulative impact analysis,

hydrologic model, river regulation, USA, Montana, Flathead River Basin; 02966.
environmental impact assessment
natural resource, land consolidation, noise pollution, GIS, Germany; 05752.
environmental implication
slope deposit, humid tropical Africa, Last Glacial Maximum, arid phase, humid climate, Holocene, Kenya; Cameroon; 03876. stratigraphic implication, palaeochannel, molluscan fauna, Pleistocene(Middle), interglacial deposit, UK, England, Essex, Little Oakley; 02667.
environmental isotope
aquifer management, isotope study, hydrogeological study, aquifer boundary, Ecuador, Quito; Peru, Tacna; Bolivia, Oruro; Niger; 00595. groundwater flow model, fissured rock catchment, fractured rock aquifer, dispersion model, tritium, subsurface storage, mobile water, retardation factor, hydrogeological parameter, flow model, Germany, Harz Mts; 05214. groundwater recharge, fissured aquifer, groundwater circulation, isotopic technique, infiltration, hydrogeological study, evapotranspiration, residence time, Burkina Faso, Sudan Shield; 00598. groundwater resources, tritium, carbon-14, water transfer movement, aquifer recharge, circulation, water table depth, evaporation flux, mathematical simulation model, Phreatic aquifer, piezometric depression, Mali, Nara Region, Interior Delta; 06365. isotope concentration, precipitation chemistry, isotope hydrology, 01629. noble gas, carbonate dissolution, groundwater circulation system, carbon-14 dating, Hungary; 04145. Singular Value Decomposition algorithm, groundwater recharge, mixing cell method, quadratic programming algorithm, linear regression theory, recharge component, geochemical species, Botswana; 11054. tracer study, hillslope hydrology, oxygen-18, deuterium, tritium, precipitation to runoff conversion model, storm runoff, snowmelt runoff, runoff generation, New Zealand; 11003.
environmental management
air pollution, pollution index, 11359. expert system, spatial inferencing, production rule, syntax, 05654. flood hazard management, hazard management, 12286. GIS, environmental activity, socialist country, China; 06848. interfacial biomediation, biogeoorganometallic chemistry, heavy element transport, surface microlayer, air sea measurement capability, biogenic organometal(loid)s, 05545. landscape, hydroengineering, water management, hydroenvironment, 07596. line potential, hydropower potential, water resource management, 08807. meteorological information, meteorology, 07621. nutrient, best management practice, agriculture, non point pollution model, water pollution, runoff, erosion, pesticide, 11099. public participation, river corridor management, water resource management, 12287. SPOT, macrophyte zonation, wetland community differentiation, USA, South Carolina, Aiken; 08124. water resource management, economic development, integrated water management, 02983. water resource management, system dynamics, water resource development, catchment management, water law, water administration, water resource, water use, Australia, Victoria; 01779.
environmental mapping
mapping, satellite imagery, land classification system, 09212.
environmental measurement
global environment, 11587.
environmental mismanagement
anthropogenic effect, water resource management, hydrometeorological case study, Argentina; 02965.
environmental model
emission, system modelling, 11357. experimental basin, rainfall runoff relationship, lumped conceptual model, 06277.
environmental modelling
data management, forestry, resource management, agriculture, water, education, training, 13756.
environmental monitoring
air quality model, pollution meteorology, boundary layer, atmospheric diffusion, pollutant, 09047. food security, FAO, locust, plague prevention, 00945. land pollution, water pollution, EARSeL symposium, remote sensing, environmental problem, 09080. map production, SPOT, GIS, LIS, New Zealand; 13917. ocean, ice, 11419. remote sensing, oceanography, 11420. SAR, resolution, RADARSAT Project, 13918.
environmental oceanography
coast, oceanography, engineering, marginal sea, 13002.
environmental perception
flood prevention, Chile, Santiago; Mapocho River; 02967.
environmental planning
landscape analysis, biotope mapping, GIS, 11586. landscape management, remote sensing, monument care, Czechoslovakia, Zdarske Vrchy; 13912. planning, map, small scale map, Scandinavia; 09205. recreation, urban water, water management, 13474. urban region, sulphur dioxide, Gaussian model, industrial source, India, Hyderabad; Mangalore; India, Nagpur; 07878.
environmental policy
CORINE Programme, GIS, Europe; 09206. institutional reappraisal, water resource management, water management, France; UK; 12285. soil map, cartographic method, European Community soil map, Europe; 07332.
environmental pollution
GIS, environmental zoning, land use planning, environmental quality, Netherlands; 05768.
environmental problem
applied climatology, climatology, meteorology, 00669. environmental monitoring, land pollution, water pollution, EARSeL symposium, remote sensing, 09080. geoecology, loess, sand, gravel, soil erosion, groundwater level, Germany, Frankfurt, Main River; 07147. radiometric method, radon, hazard mapping, methodological experiment, 12311. remote sensing, nuclear facility, 02289. uplift, geographical study, palaeogeographical evolution, China, Qinghai-Xizang Plateau; 01386.
environmental process
fluvial response, temperate zone, river terrace, buried channel, meandering, flood plain, bedload, environmental change, UK, England, Sussex, Ouse River; 11844.
environmental project
calibrating model, water development, project impact, USA, Texas; 13977.
environmental protection
airborne microwave radiometer, soil moisture, 10396. capillary rise, loam soil, water table rise, river regulation, Hungary, Danube River, Gabeikovo-Nagymaros; 06331. farming, cost to benefit ratio, Deutscher Wetterdienst, economic benefit, agrometeorological advisory service, Germany; 05298. geopotential use, mineral resource, resource management, Norway; Germany; 09195. industrial pollutant, urban development, groundwater pollution, hydrogeochemical study, India, Andhra Pradesh, Visakhapatnam; 12250. ozone depletion, air chemistry, CFC's, carbon dioxide, greenhouse effect, pollution control, energy conservation, fossil fuel, greenhouse gas, 04402. river regulation, river diversion, flood control, flood regime, France, Aire River; 12297. shelterbelt, terrace, irrigation, erosion hazard, erosion rate, soil conservation, policy, cropland, Hungary, Komarom County; 01518. submersible management, flood mitigation, flood damage, water management, Bangladesh, Ganges-Brahmaputra River; 13464. terrace and gully landscape, nature reserve, gully erosion, glacio fluvial deposit, Sweden; 03944. water resource management, channel deterioration, sedimentation, weed growth, channel design, irrigation channel, drainage channel, UK; Europe; 13463.
Environmental Protection Agency Toxicity Characteristics Leaching Procedure
surface water quality, metal-sediment association, heavy metal transport, sediment accumulation, heavy metal accumulation, detention pond, highway runoff, USA, Florida; 00565.
environmental quality
environmental pollution, GIS, environmental zoning, land use planning, Netherlands; 05768. water quality, indicator species, organic matter, sewage, UK, England, Humber Estuary; North Sea; 00039.
environmental reconstruction
mineralogy, clay mineral, 01364.
environmental record
pollen, sedimentological evidence, aridity, charcoal, burning, Aboriginal people, Pleistocene(Late), Holocene, vegetation, Australia, Victoria, Wangoom Lake; 04986.
environmental regulatory issue
GIS, commercial database, Dun and Bradstreet Market Identifier, energy regulatory issue, USA, Illinois; 09200.
environmental release
water quality analysis, conductivity, pH, chloride, ammonia nitrogen, cyanide, chemical oxygen demand, mercury, organic compounds, groundwater contamination, Spain, Catalonia, Les Franqueses del Valles; 11059.
environmental response
sedimentary environment, Quaternary stratigraphy, palaeoclimatic model, palaeogeographical reconstruction, loess, France, Alsace, Achenheim; Vosges, Grande Pile; 06085.
environmental satellite
commercial venture, remote sensing system, 11411.
environmental science
cloud seeding, rainfall enhancement, metaanalytic reappraisal, 05431. planning, geography, GIS, DTM, 09169.
environmental sensitivity
oil spill, remote sensing, SPOT, GIS, 01122.
environmental significance
perennial snowbank, permafrost, aeolian, mudflow, thaw truncation, snowbank ice, tritium, climate change, internal structure, Canada, Northwest Territories, Melville Island; 11997.
environmental spatial research
emission, pollutant, street traffic, 12521.
environmental steering
vortex, Coriolis parameter, tropical cyclone, 01888.
environmental stress
oil spill, contamination, intertidal sediment, mussel, anthropogenic activity, cytochemical result, Canada, St.Lawrence Estuary; 12899. slopeland development, soil conservation, water conservation, policy problem, Taiwan, Ta Chia River, Te Chi Watershed; 08413. soil erosion, tolerable soil loss, redistribution, caesium-137, chemical indicator, Canada, Saskatchewan; 05052.
environmental study
atmospheric chemistry, ERS-2, ERS-1, 12699.
environmental threat
wet deposition, dry deposition, cadmium, trace element, deposition, air quality, Netherlands, South Holland; 13725.
environmental tracer
aquifer model, basin transmissivity, basin storativity, groundwater flow, hydraulic head distribution, mass balance equation, Gauss Markov optimisation approach, piezometric head, parameter estimation, 09875. model calibration, aquitard storage, storage coefficient, hydrodynamic model, storage effect, hydraulic head, salinity, water transmissivity, solute transport, groundwater flow, France, Paris Basin, Dogger Aquifer; 09855. multiple aquifer system, groundwater chemistry, groundwater recharge, alluvial aquifer, groundwater flow, Israel, Arava Valley; 05219.
environmental transfer parameter
dry deposition, washout, particle, micrometeorological condition, Chernobyl nuclear accident, caesium-137, Italy, Anguillara Sabazia; 00928.
environmental transformation
prehistory, climate change, arid landscape, Ecuador, Loma Alta; 09570.
environmental tritium
groundwater, runoff, water exchange process, tritium, lake, sea, mixing, water balance characteristics, vertical mixing, USSR, White Sea; Black Sea; USSR, Caspian Sea; USSR, Barents Sea; USSR, Azov Sea; USSR, Issyk Kul Lake; 07483.
environmental unit
geosystem, environmental dynamics, Brazil, Pantanal; 12770.
environmental variable
GIS, kriging, variogram interpretation, variable interpolation, 09204.

spatial variation, sediment yield, catchment characteristics, runoff, South Africa; 13318.
environmental water
transpiration, interception, photosynthesis, respiration, precipitation, soil water, groundwater, watershed hydrology, hydrological cycle, water movement, water storage, evaporation, condensation, infiltration, antecedent moisture condition, variable source area, return period, 10963.
environmental zoning
land use planning, environmental quality, environmental pollution, GIS, Netherlands; 05768.
environmentally acceptable channel
conservation channel, design option, hydraulic performance, UK, England, River Roding; River Leam; 05173.
enzyme
phytomass, Chernozem, fauna, microorganism, USSR, Rostov Oblast; 00479.
enzyme activity
denitrifying enzyme, irradiated soil, dentrification potential, soil physical property, chemical property, gamma sterilised soil, 10894. grass legume association, carbon, phosphatase, urease, protease, organic carbon, nitrogen, 10896. humic acid, Chernozem, grey forest soil, peroxidase, humus peroxidase complex, 10895.
Eocene
brown coal seam, volcanism, diagenesis, geotechnical, glauconite, Germany, Egeln; 00162. Bulimes, fauna, detrital deposit, calcrete, Algeria, Maghreb, Oran; Constantine; 12951. carbonate platform, geotechnical, chalk, Cenomanian, Senonian, Israel; 03594. chalk, carbonate, joint, fault, weathering, Israel, Negev; 05910. clay mineral, Cenozoic, weathering, pedogenesis, erosion, Spain, Pyrenees; France, Pyrenees; 10654. conglomerate, carbonate sandstone, mollusc, limestone, coral, foraminifera, Germany, Bavaria, Calcareous Alps; 08256. delta, Queen City Formation, transgression, sand body geometry, USA, Texas; 05894. Douglas Creek Member, channel sandstone, shoreface deposit, barrier beach facies, Green River Formation, USA, Utah, Uinta Basin; 11719. factor analysis, carbonate classification, carbonate rock, Assilina, Naredi Formation, India, Kutch; 05912. Farafra Limestone, carbonate, dolomitisation, wackestone, bioclastic deposit, Egypt, Western Desert, Farafra Oasis; 10604. Gehannam Formation, tomb, cement, halite, sodium chloride, Egypt, Fayum Depression, Fag-el-Gamous; 12866. Green River Formation, lithofacies, sandstone, beach, mudflat, Scheggs Bed, USA, Colorado, Sand Wash Basin; 07041. hydrocarbon exploration, porosity, limestone, dissolution, cement, Qatar, Fahaihil; 03620. hydrocarbon, forearc basin, tectonic history, porosity, cement, Salina Formation, Peru, Talara Basin; 12941. hydrocarbon, phosphorite, bituminous shale, shale, Maastrichtian, Morocco, Oulad Abdoun; Timahdit; 08288. industry, flux grade, limestone, Bandah Formation, Khuiala Formation, India, Rajasthan, Jaisalmer; 05889. lake, Cretaceous, pelagic environment, porphyrin, heterotroph, methanogen, diagenesis, 12968. metallochlorin, chlorin, mesopyrophaeophorbide a, Messel shale, nickel, shale, Germany, Messel; 07100. Oligocene, Neogene, sediment source, current, shelf prism, platform, New Zealand, Canterbury Basin; 07017. Oligocene, thrust, sedimentary provenance, heavy mineral, palaeocurrent, France, Haute Provence; 08246. olistostrome, clay mineral, nannofossil, provenance, Cervarola Sandstone, Cretaceous, Italy, Northern Apennines, Pratomagno Ridge; 03601. palaeochannel, sponge, transgression, regression, Cretaceous, Australia, Western Australia, Eucla Basin; 02423. pelagic sediment, acoustic basement, microblock, Atlantic, Sierra Leone Basin; 00092. porosity, compaction, thermal maturation, temperature, Wilcox Group, Paleocene, Carrizo Formation, USA, Texas, Gulf Coast; 08218. Roda Sandstone, Pleistocene(Late), Holocene(Early), sediment supply, tidal sandbody, sandbody, Spain, Pyrenees; East China Sea; 09400. sediment load, apron, source, volcanism, sedimentation pattern, USA, Texas, Big Bend Region; 02392. sedimentation, Miocene, orogeny, volcanic arc, volcaniclastic sediment, Celebes Sea, ODP Site 767; ODP Site 770; 07026. sedimentation, Ypresian, carbonate basin, Thebes Formation, Drunka Formation, carbonate succession, sea level change, Egypt, Eastern Desert; 05907. shale, Ameki Formation, black shale, calcium carbonate, concretion, Nigeria; 10506. shelf, bryozoan, sponges, biofacies, Spain; 10624. submarine fan, sand, trap, basin, fault, North Sea, Witch Ground Graben, Alba Field; 07066. turbidite, calciturbidite, carbonate platform, limestone, Spain, Betic Cordilleras, Sierra de Aitana; 11758. turbidite, ripple, gravity flow, flysch, Yugoslavia, Dalmatia, Marjan Peninsula; 02398. volcanic ash, deposition cycle, coal, geothermal gradient, graben, Canada, British Columbia, Hat Creek; 01334. volcaniclastics, plagioclase, amphibole, biotite, marl, Miocene, Italy, Avolasca; 03600.
Eocene(Late)
basement rock, Pliocene, Tertiary, slope failure, mass movement, Cretaceous(Late), Puerto Rico; 09365. clay rock, civil engineering, weathered rock, sandy-clay, cohesion, engineering-geological evaluation, USSR, Georgian SSR, Tbilisi; 01398.
eolian deposit
fossil soil, cover sand, stabilization, stratigraphic research, Quaternary, Holocene, radiocarbon dating, France, Pas de Calais, Wissant; 11968. sedimentary facies, depositional process, sand sheet deposit, sand-loess intergrade, sand dune, loess, snow cover, Pleistocene, periglacial, USA, Alaska; 02693.
eolian dust
loess, opal-A/X-ray amorphous phase, micromorphological technique, silicification process, calcareous pan, duripan, in situ alteration, USA, Idaho; 12016.
eolian dust accumulation
spatial soil variability, chronosequence, geochronological tool, soil property, pedogenesis rate, USA, California, Cajon Pass; 02510.
eolian formation
TL dated, Paleosols, Holocene, rainfall, fresh water lakelet, Mali, Tanezrouft Desert; Algeria, Tanezrouft Desert; 03874.
eolian landscape
soil formation, dune field, Quaternary(Late), sedimentary record, radiocarbon dated material, USA, New Mexico, Colorado Plateau, Chaco Dune Field; 02511.
eolian plain
Blackwater Draw Formation, buried soil, stability, pedogenesis, deflation, Ogallala Formation, soil, landscape evolution, USA, New Mexico, High Plains; Texas, High Plains; 02513.
eolian sand
periglacial eolian sand, palaeoenvironment, geomorphology, TL dating, cold climate, 03886.
eolian sediment
radiocarbon age, infiltrating water, glacial sediment, carbon dioxide retention, carbon exchange, unsaturated, Quaternary sediment, USA, Illinois, Sheffield; 03849. sediment grain size, Greenland ice core, Younger Dryas, carbon dioxide content of the atmosphere, wind intensity, USA, Alaska, Nenana River; 03887.
eolian transport
mass accumulation rate, Pleistocene(Late), variability, summer monsoon wind, continental aridity, deep sea sediment, Arabian Sea; 03863.
eolianite
diagenesis, sand ridge, platform, palaeowind, carbonate, China, Fujian, Putian; 03521. root fossilisation, dune, aeolian deposit, stabilisation, vegetation, Tunisia; 03648.
EOS
environment, global change, 04630.
EP flux signature
Rossby wave radiation, zonal mean flow, baroclinic waves, wave life cycle, tropospheric medium scale wave, stratospheric planetary wave, 08924.
epeiric basin
mudstone, anoxic condition, seasonal oxygen budget, environmental cycle, Jurassic, 07061.
epeiric sea
tidal rhythm, storm, cyclic fluctuation, sedimentation, Proterozoic, India; 00112.
ephemera
Ordnance Survey, 11519.
ephemeral gully
rill, erodibility value, USLE, cropland, rangeland, experiment, soil erodibility, Water Erosion Prediction Project, surface runoff, 13202. soil crusting, degradation sensibility, compaction, erodibility, loamy soil, France, Haute-Normandie, Pays de Caux; 03939.
ephemeral gully erosion
cropland, USLE, gullying, annual tillage, prediction, USA; 01497.
ephemeral lake
periodical lake, lake, drying lake, deflation bowl, Mongolia, Gurwan Turuu; 09497.
ephemeral stream
dam, river regulation, resource management, storage capacity, infiltration, bedrock, leakage, groundwater recharge, Cyprus; 09932. flow dynamics, suspended sediment, particle size, Kenya, Baringo District; 00532.
Epiaquic Haplustult
supporting solution, soil solution, variable charge soil, Bladen series, Wedowee series, Podsolic soil, aluminium, Albaqualt, Hapludult, Australia; USA, Georgia; 08581.
EPIC model
agricultural land, erosion impact, soil productivity, USA; 01498. erosion risk, soil erosion, digital terrain model, Austria, Ybbs River; 06227.
epichlorhydrin
phosgene, ranking, toxic contaminant, methyl bromide, 13641.
epicontinental basin
lithofacies map, Mesozoic basin, basin evolution, sedimentation, Permian basin, Poland; 12944.
epicontinental shale
bioturbating organism, Proterozoic(Middle) Belt Basin, shale, basin history, Belt Supergroup, turbidite, microbial mat, USA, Montana; 07040.
epicuticular wax
organic matter, Tertiary, paleosol, humic acid, Canada; Arctic; 04004.
epidemiological characteristics
atlas, disease pathogeny, endemic disease atlas, China; 08044.
epidemiology
GIS, policy recommendation, scientific research, 10480. mapping variation, clustering, 12822.
epidote
heavy mineral, beach sand, magnetite, coast, amphibole, France, Western Channel, Lannion Bay; 05835.
epigene process
ionic ratio, chloride, surface evaporation, isotopic ratio, sediment leachate, brine, salt accumulation, lake water chemistry, hypogene process, Kenya, Lake Magadi; Tanzania, Lake Natron; 09822.
epigenesis
diagenesis, barium, organic carbon, sedimentation, upwelling, Peru; 01342.
epigenic phenomenon
creep, calcrete, weathering, slope, Morocco; 00254.
epigeny
limestone, encrustation, Aptian marl sandstone, weathering, caliche, piedmont, glacis, Tunisia, Tunisian Ridge, Jebel Bargou; 09628.
epilimnetic sample
lake water quality, pH, electrode error, carbon dioxide concentration, USA, Maine; 00544.
epimerisation
isoleucine, ostrich eggshell, eggshell, Struthio camelus, dating, lacustrine episode, Africa, Sahara; 13097.
epiphanometer
alpine aerosol, background aerosol, Fuchs surface, aerosol monitoring, Switzerland, Jungfraujoch; 13718.
epiphyte
evaporation, montane tropical rainforest, rainfall interception, interception, rainforest, storage capacity, canopy storage, 07455.
epiphyte cover

rainfall interception, montane tropical rainforest, interception, canopy storage, storage capacity, rainforest, Colombia; 07454.
epiphytic lichen
vascular plant, pine needle, pine bark, biological monitoring, mercury, moss bag, Finland; 01979.
epipsammic
microphytobenthos, depth profile, primary production, autoradiography, algae, Baltic Sea; 00188.
episodic acidication
snowmelt, acid neutralising capacity, basic cation dilution, lake water chemistry, acidification, USA, New York, Adirondacks; 04057.
episodic acidity
organic carbon, acid runoff, hillslope, organic rich catchment, pH, flow pathway, Sweden, Svartberget Research Catchment; 04084.
episodic concentration
episodic deposition, acidifying components, transport model, smog episode, regional scale model, 07832.
episodic deposition
acidifying components, transport model, smog episode, regional scale model, episodic concentration, 07832.
episodic forcing
equatorial forcing, tropical atmosphere, energy accumulation, emanation, low latitude, nonlinear response, 12424.
episodic permafrost
Weichselian, Pleniglacial(Middle), ice wedge cast, palaeoecological evidence, water budget, Netherlands, Twente District, Hengelo Basin; 10812.
episodic pollution event
river quality management, data interpretation, surface water quality, expert system, European Community Directive, 00558.
episodic stream
discharge, water chemistry, antecedent precipitation, multivariate model, solute behaviour, acid stream, Germany, Black Forest; 08734.
epithermal gold deposit
Landsat TM, gold alteration zone enhancement, Spain; 06815.
epoxy resin
microstructure, mud vein, wet sediment, mud, 02480.
equable climate
climate dynamics, glacial climate, symmetric circulation, 12427.
equal area
pseudocylindrical map projection, minimum error technique, map projection, 01092.
equal shift
spherical excess, triangulation adjustment, calculator, 00969.
equation solution
visualisation technique, particle tracking method, data analysis, solute transport, groundwater flow, computer modelling, supercomputer, 07441.
equatorial
salinity, nutrient level, aragonite preservation, Quaternary(Late), planktonic foraminifer fauna, pteropod preservation, Maldives, Chagos-Laccadive Ridge; Indian Ocean; 03866.
equatorial area
statistical technique, climate data application, Asia, (Southeast); 07619.
equatorial atmosphere
disturbance modelling, stationary disturbance, decaying disturbance, disturbance, 11243.
equatorial disturbance
monsoon, El Nino/Southern Oscillation, interannual mode, 12397.
equatorial divergence
Younger Dryas, nutricline depth variation, last deglaciation, Florisphaera profunda, deep sea core, albedo, sea surface temperature, pressure gradient, Atlantic, (Equatorial); 08443.
equatorial electrojet
ionospheric plasma, radar interferometric imaging, plasma irregularity, Peru, Jicamarca; 12693.
equatorial forcing
tropical atmosphere, energy accumulation, emanation, low latitude, nonlinear response, episodic forcing, 12424.
equatorial forest
emission, compensation point, carboxylic monoacid, forest, source, sink, Africa, Congo, Mayombe Forest; 13748.
equatorial heat content
interannual variation, tropical, ocean general circulation model, El Nino, Pacific; 06481.
equatorial lake
Sacramento Model, Stanford Watershed Model IV, Queen's University Forecasting Model, soil plant atmospheric continuum, design flood, spillway design, reservoir design, water management, hydrosystem maintenance, flood prediction, flood warning system, stochastic model, deterministic model, Africa, Nile River; Canada, Ontario, Big Deer Creek River Basin; Tanzania, Rufiji River Basin; 06416.
equatorial middle atmosphere
semi annual oscillation, residual mean circulation, temperature dependence, stratopause, mesosphere, gravity wave, ozone variability, 04392.
equatorial Pacific
zonal momentum balance, ocean measurement, El Nino, turbulent stress, stress divergence, 13580.
equatorial plain
Goldstone observation, interpretation, Magellan data, Heng-O ring structure, corona, soil dominated, radar characteristic, Venus; 02523.
equatorial plasma turbulence
plasma wave, upper hybrid frequency emission, sounder experiment, 03399.
equatorial rain
particulate carbon, black carbon, combustion, cloud condensation nuclei, biomass, burning, Africa, Congo; 13754.
equatorial rain forest
secondary grassland environment, land cover map, grassland, deforestation, Africa, (Equatorial); 12745.
equatorial region
aggradation, sediment delivery ratio, drainage basin, sediment storage, sediment budget, semi-arid region, Kenya, Katiorin Basin; 00021.
equatorial stratosphere
Kelvin wave induced oscillation, ozone, water vapour, nitric acid, nitrogen dioxide, LIMS data, stratosphere, trace constituent, 09073.
equatorial temperature
mesospheric temperature, temperature variation, 09961.
equatorial wave
Kelvin wave, satellite retrieval, ozone, nitrogen dioxide, LIMS, chemical fluctuation, vertical propagation, 11350. wind forcing, air-sea interaction, Indian Ocean; 01868.
equatorial wind
quasi biennial cycle, stratospheric wind, grain crop, climate changeability, USSR; 09962.
equiconcentration
equipotential line, 2D-FED model, sea water encroachment model, groundwater flow, coastal aquifer, leaky aquifer, salt water intrusion, dispersion, 05226.
equid
Pleistocene(Lower Middle), biostratigraphic succession, Villafranchian, Farneta faunistic unit, Equus caballus, Italy; 08488.
equilibrant thermodynamic method
salinity, brine, salt precipitation, hydrochemical simulation, lake water quality, USSR, Baskunchak Lake; 11012.
equilibrate technique
unfrozen water content, differential scanning calorimeter, frost action, clay soil, temperature step, 07281.
equilibration
clay mineral, pore water, illite, silica, smectite, 11809. undersaturation, seasonal flow, phosphorus, ferric hydroxide, USA, Hudson River; 12977.
equilibration method
illite, potassium, structural formula, solubility, 11810.
equilibration process
phase partitioning, dry deposition, wet deposition, deposition velocity, acid deposition, 06574.
equilibrium
hillslope erosion, sediment yield, storage, steady state, colluvium, erosion rate, USA, Oregon, Coast Range; 13053. precipitation process, HENDYS kinetic equation, speleothem, palaeoclimatic significance, isotopic composition, carbonate cave deposit, 02563.
equilibrium channel
flume experiment, numerical simulation, gravel river widening, numerical model, bank erosion, 03706.
equilibrium climate model
general circulation model, lag, feedback, palaeoclimatic modelling, 09535.
equilibrium constant
peroxynitrate, flash photolysis UV absorption, PAN, kinetic study, tropospheric chemistry, 06622.
equilibrium evaporation method
Brutsaert-Stricker method, Bouchet method, complementary evaporation concept, catchment waterbalance method, actual evapotranspiration, evapotranspiration, soil moisture recharge method, Penman formula, Malawi; 02835.
equilibrium line
climatic change, Holocene(Late), glacier fluctuation, mass balance, lithostratigraphy, radiocarbon date, Norway, Jostedalsbreen, Bevringsdalen; 10817. feedback, oxygen isotope record, palaeoclimatic model, Pleistocene(Mid), climate transition, one-dimensional time dependent ice sheet model, ice sheet, 00268. flow velocity, glacier front position, surging, flow, tide water glacier, Svalbard, Spitsbergen, Kongsfjorden; 05047. ice age, glaciation theory, ice sheet reconstruction, albedo, global cooling, tectonic uplift, planetary cooling, China, Tibet; India, Himalaya Mts; 11913.
equilibrium line altitude
glacier mass balance, climate change, Svalbard; 04344. Holocene, glacier variation, Little Ice Age, marginal moraine, radiocarbon date, lithostratigraphy, Norway, Hardangerjokulen, Blaisen; 07304. Little Ice Age, Holocene, glacier, climate variation, Neoglacial, Hypsithermal, Norway; 13191. moraine limit, neoglacial cooling, Quaternary glaciation, weathered glacial deposit, potassium/argon dating, tectonically active island, mountain ice cap, radiocarbon age, last glaciation, New Guinea; 02633. Otira Glaciation, Quaternary(Late), glaciation, end moraine, Holocene(Late) advance, moraine, New Zealand, Mount Ruapehu; 02643. palaeoclimatic implication, Holocene(Early), glacier advance, raised beach, Godhavn stade, Disko stade, marine limit, Greenland, West Greenland, Disko Island; 07280. palynological investigation, vegetational change, neoglaciation, Holocene, glacial history, climate history, lake sediment, terrestrial deposit, Little Ice Age, moraine, Norway, Jostedalsbreen Region; 08464. tidewater glacier, radiometric dating, raised beach deposit, last glaciation, late glacial, Neoglacial, Quaternary glaciation, Quaternary(Late), glacier fluctuation, sea level control, tectonics, Southern Ocean; Antarctica, Antarctic Peninsula; 02654.
equilibrium model
sorption, pH, phosphorus, acidification, oligotrophication, lake sediment, USA, Wisconsin, Vilas Country, Little Rock Lake; 12843.
equilibrium profile
lagoon, wave, current, tidal inlet, 01213.
equilibrium ratio
biomarker, molecular mechanics, isomer, hopane, 07088.
equilibrium response
surface temperature, carbon dioxide, climate change, GCM experiment, ice age, 04334.
equilibrium state
land surface, hydrology, precipitation, evaporation, general circulation model, soil water storage, climate, 07699. thermodynamic analogy, landform unit, partition function, geomorphic temperature, area altitude distribution, canonical distribution, 03698.
equilibrium-line altitude
glacier, mass balance, area-altitude relationship, climatic variation, longitudinal profile, USA, Washington State, Klawatti Glacier; 00339.

quinox
planetary wave, middle atmosphere, thermospheric meridional wind tide, Argentina; 04233.
quipment
uniaxial stress experiment, experimental result, stress testing, reversed direct stress, ice, 07295.
quipotential line
2D-FED model, sea water encroachment model, groundwater flow, coastal aquifer, leaky aquifer, salt water intrusion, dispersion, equiconcentration, 05226.
quivalent barotropic framework
potential vorticity, dissipation, planetary wave critical layer, 04266.
quivalent barotropic system
stratosphere, potential vorticity, global transport, 01877.
quivalent fresh water head
variable density groundwater, groundwater flow pattern, fluid density, brine aquifer, variable density groundwater, cross sectional flow model, stream function solution, topographically driven flow, stream function, USA, Texas, Palo Duro Basin; 06353.
quivalent freshwater head
stream function equation, groundwater flow pattern, variable density groundwater, streamlines, variable density flow, 06352.
quivalent potential temperature
slantwise convective instability, cyclone, precipitation band, radiosonde data, saturated equivalent potential temperature, absolute angular momentum, 01909.
quivalent salt solution series
sodium absorption ratio, electrolyte concentration, clay swelling, salt solution series, Australia, Tasmania; USA; 09737.
quus caballus
equid, Pleistocene(Lower Middle), biostratigraphic succession, Villafranchian, Farneta faunistic unit, Italy; 08488.
R-2 reconnaissance
high altitude reconnaissance, digital base map, forestry, Canada, Alberta; 09089.
ra valley clay
badland, liquid limit, Pliocene clay, Calanchi, Biancane, grain size, Atterberg limit, Italy, Tuscany, Era Basin; 08386.
rg
Pleistocene(Upper), sediment homogeneity, sedimentation characteristic, Ogolian sand, sand sample, dune, sandsea, aeolian sedimentation, Senegal, Mbour; Mauritania, Nouakchott; 10759. sand sea, palaeowind, Proterozoic, Venkatpur Sandstone, aeolian stratification, India, Pranhita Valley; Godavari Valley; 10595. terrace, crust, hygric gradient, hypsometric gradient, climate change, palaeoclimate, relief, aeolian relief, fluvial relief, Namibia, Namib Desert; 11869.
rgodic hypothesis
rejuvenation, morphometric assessment, lithologic control, drainage basin evolution, karst process, nickpoint, cluster analysis, USA, Indiana, Crawford Uplands; 01378.
rgodicity
dispersion, solute transport, groundwater flow, heterogeneous porous formation, spatial moment, 01721.
RHYM-II
computer model, groundwater flow, model calibration, waste disposal, radioactive waste, soil moisture, runoff, snowmelt, wilting point, evapotranspiration, sensitivity testing, CREAMS, 11032.
rie Interstade
ice retreat initiation, last deglaciation, radiocarbon dating, melt water, oxygen isotope analyses, salinity reduction, deglaciation onset, North Atlantic Deep Water, Fennoscandia; 08465.
riksfjord Formation
graben, conglomerate, braidplain, Majut Member, Precambrian, Greenland, Gardar Province; 03634.
roded hillslope
wind erosion, nutrient, soil productivity, catena, soil erosion, soil quality, yield, grain yield, Dark Brown soil, Weyburn Association, Canada, Saskatchewan; 05054.
roded land
land reclamation, land reclamation, loess, gully erosion, gully plugging, Pakistan, Punjab Province, Pothwar Plateau; 01521.
roded terrace
fluvial gravel, glacial, sedimentary sequence, overdeepened basin, erosion rate, till, melt water channel, Switzerland, Mittelland; Seeland; 11961.
roded upland
Piedmont peneplain, erosion rate, soil, landscape, soil temperature regime, weathering, pedogenesis, erosion, infiltration rate, topographic inversion, Fall Zone, USA, Piedmont; Coastal Plain; 02515.
rodibility
canyon, fan basin relationship, sediment storage, lithologic erodibility, alluvial fan, USA, Nevada, White Mountains; California, White Mountains; 07137. erosion hazard, rill erosion, slope shape, soil erosion hazard, India, Punjab; 12041. erosion rate, wind erosion, land degradation survey, dust storm frequency, Australia; 00367. erosion, erosion map, Wischmeier's protocol, experimental plot, volcanic soil, agricultural development, runoff, Ecuador, Andes; 02728. hillslope hydrology, overland flow, erosion, sediment transport, kinematic wave approach, flow resistance value, soil structure, 11006. interrill erodibility, fragipan soil, erosion, simulated rainfall, runoff, USA, Mississippi, Holly Springs; Tennessee, Alamo; 09634. loamy soil, ephemeral gully, soil crusting, degradation sensibility, compaction, France, Haute-Normandie, Pays de Caux; 03939. modelling, gully advancement, gully erosion, overland flow, India, Bihar, Chotanagpur Plateau; 00215. rainfall simulation, water balance, erosion susceptibility, arid zone ecosystem, Tunisia; 03945. sandy soil, erosion control, experimental plot, Wischmeiers' erosivity index, soil conservation, Zaire; 02739. sediment yield, relief, erosion rate, stream power, slope gradient, precipitation, infiltration, denudation rate, climate, fluvial soil loss, global scale, 01374. simulated rainfall, water stable aggregate, soil erodibility, Nigeria; 13211. soil erosion, land management, erosion modelling, soil erodibility parameter, entrainment limit, soil strength, 10834. transport rate, shear stress, friction angle, grain protrusion, 01183. tropical soil, runoff plot, natural rainfall, erodibility index, Wischmeier's nomograph, ferrallitic soil, spatial variability, temporal variability, Africa; Madagascar; Guyana; 02738. USLE, rainfall erosion index, topographic factor, soil erodibility factor, potato cropping, water runoff, soil erosion, soil loss, rainfall erosion index, Canada, New Brunswick; 00358.
erodibility factor
rainstorm, tillage, USLE, temporal variation, soil erodibility, 10827.
erodibility index
Wischmeier's nomograph, ferrallitic soil, spatial variability, temporal variability, erodibility, tropical soil, runoff plot, natural rainfall, Africa; Madagascar; Guyana; 02738.
erodibility value
USLE, cropland, rangeland, experiment, soil erodibility, Water Erosion Prediction Project, surface runoff, ephemeral gully, rill, 13202.
erodible channel
flood wave, dam failure, channel morphology, flood routing, flood model, microcomputer program, sediment transport, 05170.
erodible loess
aggregate stability, landscape position, spatial pattern, loess soil, wetting rate, clay content, soil erosion, subsoil horizon, USA, Washington, Palouse Region; 08538. erosion rate, erosion frequency, valley floor storage, soil erosion, impact, woodland clearance, UK, England; Wales; 01504.
eroding
natural resource, mire development, peatland, Finland; UK, Scotland, Shetland; 03892.
eroding bed
particle sizing, Gerety and Slingerland (1983), terminal velocity, 02789.
eroding ice sheet
palaeoenvironment, geometry, genesis, glacigenic sediment, ice movement, Barents Sea; 04976.
erosion
accretion, energy flux method, longshore transport, dredge, beach, harbour, Argentina, Buenos Aires Province, Mar del Plata; 10546. accretion, island, sedimentation, littoral zone, beach, sea cliff, Canada, Quebec, Iles de la Madelaine; 03550. accretion, sand body, bathymetry, shoreface, USA, New York, Long Island; 03553. accretion, seasonal variation, spatial variation, beach change, dry season, wet season, Nigeria; 11684. afforested mountain slope, erosion rate, microtopographic evolution, Spain, Pyrenees; 00263. aggradation, floodplain, Lateglacial, Holocene, Belgium, Scheldt River; 10676. agro-forestal soil, fire, accelerated erosion, Portugal; 00363. Alteromonas atlantica, exopolymer, sediment transport, mucus, intergranular adhesion, 08263. anthracite, microcline, geothermal gradient, pressure, temperature, geologic history, 03624. anthropogenic impact, historical investigation, map, Netherlands, North Sea coast; 10666. anthropogenic process, sea level rise, Bruun scheme, coastal zone, coastal submergence, 06987. arable land, soil loss rate, long term rate, sediment budget, Chernobyl accident, caesium-137, UK; 09636. arable slope, accumulation zone, erosion rate, caesium-137, erosion intensity, 09631. barrier island, inlet, wave height, storm, shoreline change, USA, South Carolina; 03554. barrier migration, sea level rise, shoreline change, gravel barrier, Canada, Nova Scotia, Story Head; 10544. bathymetric survey, accretion, navigation, shoreline change, inner shelf, Egypt, Nile Delta; 10557. beach erosion, factor analysis, chemical pollution monitoring, coastal erosion monitoring, pollutant, lake sediment, mathematical model, USA, Lake Michigan; 05978. beach nourishment, groyne, longshore transport, shore profile, forebeach, beachfill, Germany, Island of Norderney; 05875. beach rock, coral sand, cay, shoreline change, typhoon, beach, Japan, Ryukyus, Kume Island; 05839. beach, coastal management, coastal protection, coastal zone, Nigeria; 05836. beach, measuring device, surf zone, sheet flow condition, sediment transport, 05973. bed load transport, channel hydraulics, traction force, pebble charge, flume experiment, shields criterion, bed granulometry, 12185. bedload, sediment transport, mountain stream, concentration record, suspended sediment, Iran, Jajroud River Basin; 08718. black ground, black marl, suspended load, bed load, slope erosion, France, Southern Alps, Buech Valley; 03943. buffer zone, non point source pollution, pollution load, agriculture, vegetated buffer zone, Finland, Vantaa River Basin; 07580. carbonate, evaporite, silicate, atmospheric precipitation, suspended sediment, surface water chemistry, element load, drainage basin, weathering, China, Yellow River; Yangtze River; 05193. classification, tidal flat, coastline, tide gauge, sedimentation, Germany, Elbe Estuary, Neuwerk; Scharhorn; North Sea; 00046. coast, cliff, mass movement, wave refraction, UK, Wales, Cardigan Bay; 09352. coastal protection, recreation, beach, contingent valuation method, UK, England; 08200. coastal recession, barrier system, coastal management, beach, USA, New York, Long Island, Jones Island; 09381. coastline, protection works, Pleistocene deposit, Holocene deposit, UK, Isle of Man; 06994. cohesive sediment, sediment transport, soil structure, sand, gravel, 00005. colluvium deposition, Bovu colluvium, Mphunga colluvium, paleosol, climate dependent, radiocarbon date, denudation rate, badland, Holocene(Late), Swaziland, Mkhondvo Valley; 02740. contamination, estuary, metal, clay mineral, weathering, China, Changjiang; 04795. continental slope, earthquake, turbidity current, bedform, Canada, Newfoundland, Grand Banks; 01240. crop production, bench terrace, sloping land, hilly agricultural land, terrace, experimental study, Yugoslavia, Serbia; 02737. cultural technique, vineyard, porosity, effective pore space, soil erosion, France, Champagne, Epernay, Moussy; 03941. dam, sedimentation, deposition, river bed, 01200. deep sea sediment, manganese, abyssal depth, radiolarian, sedimentation rate, nodule, Indian Ocean, Central Indian Basin; 07027. deforestation, fertiliser, nitrogen transport, particulate nitrogen, suspended matter, 08155. deposition, density gradient, suspended solid, salinity, mathematical model, estuary, current velocity, UK; 08164. deposition, fine sediment, consolidation, accretion, entrainment, scour, flocculation, 04729. deposition, Horton runoff volume, surface sealing, headcut incision, colluvial fan formation, infiltration, percolation, overland flow, runoff generation, rilling, sedimentation, slope length, 05125. drought, sediment sampling, erosion pin, surface recession, upland catchment,

erosion rate, blanket peat, UK, Wales, Powys, Plynlimon; 00362. dust storm, visibility, wind erosion, Canada, Prairie Provinces; 07668. ecology, woody debris, vegetation, gravel bar, sediment transport, USA, Montana; 01312. Eocene, clay mineral, Cenozoic, weathering, pedogenesis, Spain, Pyrenees; France, Pyrenees; 10654. erosion effectiveness, downpour, storm rainfall, Czechoslovakia, Svermovo; 09641. erosion hazard, soil erosion, actual, potential, Zimbabwe; 12039. erosion map, Wischmeier's protocol, experimental plot, volcanic soil, agricultural development, runoff, erodibility, Ecuador, Andes; 02728. escarpment, ravine, canyon, permeability, brine, USA, Gulf of Mexico, Florida Escarpment; 01242. experimental study, crusting modelling, soil surface, crusting process, aggregate, slaking, rainfall, mechanical breakdown, runoff, 10826. expressway, construction, extension, road construction, monitoring, Australia, New South Wales, Sydney; 00368. fishing, hydraulic dredge, suspension, clam, Adriatic Sea, Venice Lagoons; 04791. fishing, management, coastline change, training wall, Malaysia, Kelantan State; 11713. flow depth, scour depth, velocity, vortex, bed geometry, 11650. flow line, depression storage, soil, microtopography, DEM, 02785. flow velocity, sediment transport, shear stress, engineering, entrainment, 00004. foredune, beach profile, accretion, Australia, New South Wales, Moruya; 11543. forest destruction, erosion rate, soil-stratigraphic technique, landform evolution, pedogenesis, terrace, regolith, slope, New Zealand, Southern Alps; 02520. forest hydrology, hydrological research, runoff, remote sensing, China; 13320. forestry, sediment transport, soil loss, pipe flow, hydrograph, channel adjustment process, state of the art timber harvest, mixed conifer forest, overland flow, USA, Arizona; 09912. freeze thaw activity, climatic change, gullying, rock, relief, soil, Algeria, Oran-Atlas, Oued Mina; 07148. geographic distribution, backstacking, apatite, fission track stratigraphy, erosional rebound, isostatic rebound, tectonic uplift, tectonic denudation, 07127. gravel, colluvium, dry ravel process, debris flow, wildfire, USA, California, Ventura County; 09323. grazing, hypothetical paddock, production pattern, arid land, biological change, Australia; 00366. groin, sea wall, sediment transport, property value, International Conference on Coastal Engineering, shore protection, 00051. Grumusol soil, Typic Chromoxerert, slope, aspect, phosphogypsum, runoff, Israel; 03950. gullying, sheetwash, topsoil, sedimentation, steepland, sediment budget, Tanzania, Shinyanga; 07033. gypsiferous soil, gypsum, suspended transport, simulated rainfall, hillslope, semiarid environment, simulated runoff, Spain, Ebro Valley; 12034. infiltration rate, topographic inversion, Fall Zone, eroded upland, Piedmont peneplain, erosion rate, soil, landscape, soil temperature regime, weathering, pedogenesis, USA, Piedmont; Coastal Plain; 02515. interglacial shoreline, radiocarbon dated, Pliocene(Late), Quaternary, glaciation, Ross Glaciation, Porika Glaciation, uplift, New Zealand; 02642. laboratory, rainfall simulator, infiltration rate, polymer effect, 03934. lake level fluctuation, river regulation, river flood hydraulic, road construction, lake level fluctuation, bed scour, meander progression, channel movement, accretion, overtopping, Malawi, Rift Valley, Lake Malawi; 05184. landform, surface erosion modelling, isotropic erosion, Huyghens wavefront construction, computational cellular method, wave method, Snells law, cellular automata, 10668. landscape functioning, anthropogenic factor, hydrological cycle, biogeochemical cycle, human activity, ploughing, USSR, Moscow; 11870. longshore transport, shoreline, sea level rise, wave, headland, Canada, Nova Scotia; 02338. mathematical morphology, image transformation, lattice, dilation, 07994. mountain hydrology, stream flow, suspended solid, sediment transport, Bolivia, Rio Beni; 12181. nourishment, sea level rise, seawall, 09374. Oligocene, source area, sedimentation, depocenter, Cenozoic, Barents Sea; 03580. parent material, soil type, taxonomic soil characteristics, soil erosion, land use effect, Spain, Valencia Province; 09752. pedogenic processes, soil erosion, Late Devensian, aeolian clay, Holocene weathering, chalk dissolution, clay mineral transformation, cultivation, brown calcareous earth, rendzina, chalkland, soil formation, UK, England, Yorkshire Wolds; 12032. pesticide, environmental management, nutrient, best management practice, agriculture, non point pollution model, water pollution, runoff, 11099. phosphorus, surface water quality, temporal variation, sediment transport, sedimentation, suspended solid, nitrogen, Finland, Koiransuelenoja; 05153. platform, provenance reversal, sedimentation, carbonate build up, flysch, Ordovician, foreland basin, orogen, Canada, Newfoundland; 05913. pore pressure field, rapidly eroded soil mass, clay shale, swelling, Italy, Appennines; 02544. precipitation, forestry reserve, Venezuela, Ticopora; 07708. prediction technology, Water Erosion Prediction Project, soil erosion, computer program, 13201. production system, runoff, soil erosion, cotton, coffee, andosol, talpetate, volcanic tuff, Nicaragua, Managua Lake; 02726. rainfall intensity, simulated rainfall, design simulator, rainfall simulator, field study, runoff, Spain; 09637. remote sensing, water, turbidity, France, Ouche, Eure; 04654. research facility, image processing technique, rill, indoor research facility, 09632. revetment, model testing, flood, spillway, overflow, weir, Canada, Alberta, Bow River, Bearspaw Hydroelectric Development; Calgary, Bearspaw Hydroelectric Development; 02377. riffle, river bottom, dune, tunnel, buoyancy, flood, scouring, scour protection, Argentina, Parana River, Parana-Sante Fe Tunnel; 05882. rifting, flysch, sedimentation, weathering, Cretaceous, burial, illite, smectite, Europe, Alps, Lombardian Basin; 11756. risk mapping, agricultural land, soil degradation, crop rotation, tillage, Switzerland, Sullens Region; 09640. river flow, sediment transport, channel hydraulics, riverbed process, fluvial process, 07477. rock mass, flow action, geomechanics, hydraulics, waterfall, hydraulic scale model, block dislodgement mechanism, 01377. runoff, soil erosion, control, vetiver grass, hedge, 00356. salt marsh, accretion, tidal flat, estuary, sediment budget, UK, England, Kent, Medway Estuary; 00040. sand dune, perched dune, cliff, nourishment, management, wind, USA, Lake Superior; Lake Michigan; Canada, Lake Superior; 03586. sand fencing, vegetation, dune building, vegetation stabilisation, barrier island, beach, USA, Louisiana, Timbalier Island; 09433. sandstorm, soil mobilisation, desert dust, sandblasting, mineral aerosol, wind speed, Africa, Sahara; 05522. scour, storm, beach profile, coastal process, structure, 01254. sea defence, harbour, alluvium, wave, beach, coastline, USSR, Georgia, Inguri River; 11711. sediment deposition, wetland fragmentation, hydrologic change, deltaic coast, spoil bank, canalisation, remote sensing, coastal wetland, pond formation, impoundment, open water formation, USA, Louisiana, Gulf of Mexico; 05252. sediment storage, logging, rainforest catchment, suspended sediment, road construction, sediment yield, forestry, Malaysia, Sabah, Ulu Segama; 09921. sediment transport, kinematic wave approach, flow resistance value, soil structure, erodibility, hillslope hydrology, overland flow, 11006. sediment transport, measurement, runoff, 12178. sediment transport, peak discharge, water quality, wild fire, hydrologic process, land stability, total discharge, mineralisation, nutrient, overland flow, 06322. sediment transport, sediment deposition, reservoir, hydropower, sediment regime, Austria, Altenwoerth; Danube River; 08720. sediment transport, tidal current, estuary, engineering, deposition, UK, England, Humber Estuary; 09310. sediment yield, sediment delivery, peat moorland, reservoir, UK, England, Yorkshire, Wessenden Head Moor; 10519. sediment yield, soil erosion, vegetative cover, 10835. sedimentation cycle, sediment flux, uplift, mountain building, Phanerozoic, 09415. sedimentation, cumulative sedimentation, watershed management, cumulative effect, forest management, 13449. sedimentation, dredging, harbour, engineering, 03582. sedimentation, recreation, transportation, management, water supply, cropland, USA, Missouri; 12900. sedimentation, river flow, tide, morphological change, elevation change, Germany, Lower Elbe, Rhinplatte Island; 00047. sedimentation, steepland, road design, secondary road planning, 06058. sedimentation, tidal flat, German Coastal Engineering Board, Germany, Neuwerk; Scharhorner; 00045. sedimentation, tropical steepland, international symposium, research needs, Fiji, Suva; 06213. sedimentation, urban landscape, rural landscape, surface runoff, 12161. sedimentation, World Bank project, soil conservation, moisture conservation, literature review, conservation technology, runoff, 02711. seepage, grass yield, water resource development, soil hydrophysics, soil property, India, Shiwalik; 06237. seismicity, glacial surge, hazard, flood, landslide, uplift, India, Himalayas, Western Himalaya; 04927. simulated rainfall, runoff, erodibility, interrill erodibility, fragipan soil, USA, Mississippi, Holly Springs; Tennessee, Alamo; 09634. slumping, seafloor erosion, continental slope, truncation, USSR, Black Sea; 12878. smog, CORINE, soil, 13896. soil conservation, land suitability, tropical environment, Kali Konto Project, Indonesia; 06240. soil conservation, reservoir, runoff, sediment transport, silting, Morocco, Mohammed Ben Abdelkrim Al Khattabi Dam; 12183. soil degradation, seif, barchan, rilling, salinisation, drought, climate change, desertification, Senegal; 09642. soil deposition, computer program, TEAM, simulation model, windstorm, 07326. soil erosion measurement, runoff sampler, sampler, watershed, agricultural watershed, sediment concentration variation, India; 09481. soil erosion, climatic change, soil moisture regime, soil texture, soil structure, 08535. soil productivity, erosion map, water erosion, wind erosion, Africa; Algeria; Morocco; Tunisia; Ethiopia; Kenya; Uganda; Nigeria; Ghana; Lesotho; Swaziland; Zimbabwe; Burkina Faso; Niger; Burundi; Madagascar; Malawi; Mozambique; South Africa; 05059. storm surge, shoreline, barrier island, dune stabilisation, USA, North Carolina, Outer Bank; 10533. structure stability, flood, embankment, dyke, hydraulic model, France, Arve River; 12182. submergence, coastline, shoreline retreat, subsidence, sea-level rise, USA, Texas, Gulf Coast; 03551. subsidence, sedimentary provenance, basin rifting, Jurassic(Upper), Cretaceous(Lower), uplift, UK; France; 08243. surface collapse, waste disposal, landfill site, surface hydrology, radioactive waste, infiltration, collapse cavity formation, runoff, sediment transport, USA, Illinois, Sheffield; 11092. surging, sedimentation, induced earth tremor, flood characteristic, Nepal, Kali Gandaki River Valley; 05147. suspended matter, river discharge, sediment transport, Poland, Vistula River; 11009. suspended sediment, estuary, provenance, sediment transport, sediment deposition, loess soil, river discharge, delta, China, Huanghe River; 09816. suspension, bed roughness, accretion, beach, flooding, 06988. taro patch system, ditch, water, runoff, siltation, farm system adaptation, Pacific, Micronesia, Caroline Islands, Yap Island; 06248. threshold entrainment, saltation, boundary level, wind tunnel experiment, 05796. tidal power barrage, hypertidal zone, barrage construction, engineers, sediment strength, UK, England, Severn Estuary; 09382. Torridonian, Wealden, provenance research, sandstone, clastic, UK; 07043. transgression, diagenesis, Pleistocene, reef terrace, biota, tectonics, Red Sea; 00062. transgression, regression, coastal development, sediment supply, beachrock, 11682. trawling, otter board, fishery, sediment reworking, Baltic Sea, Kiel Bay; 07038. upland erosion, climatic deterioration, human influence, solifluction, radiocarbon dating, debris flow, Little Ice Age, landuse change, Holocene(Late), UK; 10843. uplift, detrital mineral, soil, isotopic chemistry, sediment transportation, India, Himalayas; Bengal Fan; 04826. uplift, silt, heavy mineral, clay, sedimentation, India, Bengal Fan; Himalayas; 04860. urban park, shoreline, management, park, beach resource, estuary, USA, New York, Conference House Park; 00104. varved sediment, peatland, palaeolimnology, Finland, Lake Heinalampi; 00031. vegetation cover, soil characteristic, rainfall simulator, infiltration, surface runoff, spatial variation, throughflow, France, Mount Lozere; 01645. vegetation, current, intertidal, sedimentation, tidal flat, Canada, St. Lawrence Estuary; 00154. vegetation, wetland, sediment load, flooding, Peru, Ucayali River Basin; 02438. water droplet energy, soil amendment, infiltration, 03933. weathering, sub humid area, plant cover, semi arid area, Morocco, Adour Basin; Sebou Basin; 09325. Weichselian landscape, agricultural land, farmland, run-off, France, Normandy, Pays de Caux; 12037. winnowing, Uranium-series disequilibrium, particle scavenging, sediment accumulation, Pleistocene(Late), seasonal upwelling, interglacial episode, palaeoproductivity, water column scavenging, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11927.

erosion acceleration
clearcutting, plantation forest, Taungya cultivation, paired catchment study, gullying, Indonesia, Java; 06241.

erosion affected land
soil conservation, soil degradation, soil loss, land utilisation, identification, reclamation, Italy, Emilia-Romagna Region; 01516.

erosion case study
coastal resource, environmental degradation, soil erosion, Philippines; 07328.

rosion classification
SPOT, soil erosion, map, China, Deqing; 08070.
rosion control
agricultural land, off-farm impact, cropping pattern, soil water management, UK, England; 01505. arable tropical steepland, steepland, accelerated runoff, soil erosion, agroforestry system, 06217. cost-benefit, accelerated erosion, arable land, off-farm benefit, UK; 01503. eutrophication amelioration, aquatic weed control, flood prevention, herbicide, water quality, soil stability, 02964. experimental plot, Wischmeiers' erosivity index, soil conservation, erodibility, sandy soil, Zaire; 02739. flow equation, Manning n, strip cropping, discharge depth equation, flow retardation, flood flow, vegetation, overland flooding, Australia; 07461. land sensitivity, solifluction, mass movement, Atterberg limit, internal friction angle, permeability, 03824. microclimate, vegetation, wind break, date fronds mat fence, barrier, wind, 12369. movement stabilisation, date frond mat fence, wind erosion, barrier density, sand movement, United Arab Emirates; 06231. Ruhengeri Resource Analysis and Management Project, contour planting, RRAM Project, soil loss, Rwanda, Rhuengeri Prefecture; 06228. runoff plot, tropical steepland, erosion study, Thailand; Jamaica; El Salvador; 06220. sandy soil, soil surface, infiltration, runoff, soil moisture content, Burkina Faso, Yatenga Province, Bidi Village; 06424. sediment delivery, ponderosa pine, pinyon juniper, chaparral, vegetation strip, watershed, hillslope stabilisation, USA, Arizona; 08539. soil erosion, land degradation, groundcover, tree, Australia; 13214. streamflow management, sediment deposition, check dam, flood control structure, catchment management, riparian vegetation, riparian ecosystem management, channel stabilisation, USA; 01782.
rosion cycle
dissipative system, dynamic equilibrium, general system theory, Davis, geomorphological system, geomorphology history, 11829. drainage basin, mountain area, soil landscape, Mediterranean; 08628.
rosion depth
deep weathering, correlation, pre Quaternary, landscape evolution, uplift, relief differentiation, lithostructural control, long term relief, relief development, UK, Scotland, Highlands; 11866.
rosion distribution
soil erosion, slope aspect, parent material, aspect, spatial variation, South Africa, Ciskei; 08556.
rosion effectiveness
downpour, storm rainfall, erosion, Czechoslovakia, Svermovo; 09641.
rosion estimate
soil erosion, photograph, arable field, rill, gully, plot experiment, UK; 08543.
rosion estimate extrapolation
tropical erosion, catchment basin scale, soil erosion rate, spatial heterogeneity, Ecuador; 06223.
rosion estimation
soil erosion rate, erosion model, physical equation, field scale erosion, 10836.
rosion feature
burning, overgrazing, deforestation, environmental degradation, multisource satellite data, Greece, Euboia; 10424.
rosion form
erosion risk, agricultural land, erosion risk, sediment source, dry valley network, assessment, France, Paris Basin; 01514. loess, vineyard, field measurement, piping, runoff, terraced slope, soil erosion, quantitative investigation, Hungary, Tokaj Nagyegy; 08548.
rosion frequency
valley floor storage, soil erosion, impact, woodland clearance, erodible loess, erosion rate, UK, England; Wales; 01504.
rosion hazard
erosion rate, soil conservation, policy, cropland, environmental protection, shelterbelt, terrace, irrigation, Hungary, Komarom County; 01518. rill erosion, slope shape, soil erosion hazard, erodibility, India, Punjab; 12041. soil erosion, actual, potential, erosion, Zimbabwe; 12039. wind tunnel, erosion model, prostrate vegetation cover, wind erosion, vegetation cover, wheat stubble, Fryrears model, threshold wind velocity, Australia, New South Wales; 10852.
rosion hole
sea caldron, buried valley, Shimosueyoshi transgression, land bridge, strait, Quaternary(Late), sea level, Japan; 04966.
rosion impact
soil erosion, review, flooding, rate, frequency, cause, agricultural policy, UK, England, Sussex, South Downs; 01509. soil productivity, EPIC model, agricultural land, USA; 01498.
rosion index
iso erodent map, rainfall data, India, Vidarbha; 06234. sandy soil, climatic erosion index, runoff, sediment transport, soil loss, France, Massif des Maures; 12184.
rosion intensity
erosion, arable slope, accumulation zone, erosion rate, caesium-137, 09631.
rosion map
water erosion, wind erosion, erosion, soil productivity, Africa; Algeria; Morocco; Tunisia; Ethiopia; Kenya; Uganda; Nigeria; Ghana; Lesotho; Swaziland; Zimbabwe; Burkina Faso; Niger; Burundi; Madagascar; Malawi; Mozambique; South Africa; 05059. Wischmeier's protocol, experimental plot, volcanic soil, agricultural development, runoff, erodibility, erosion, Ecuador, Andes; 02728.
rosion model
physical equation, field scale erosion, erosion estimation, soil erosion rate, 10836. prostrate vegetation cover, wind erosion, vegetation cover, wheat stubble, Fryrears model, threshold wind velocity, erosion hazard, wind tunnel, Australia, New South Wales; 10852. runoff prediction, hydrological model, rangeland, runoff model, evapotranspiration model, 10969.
rosion modelling
greenhouse effect, erosion rate, climate change, soil erosion, agricultural land, UK, Wales; England, South Downs; 12033. rain impacted flow, flow depth, suspended load, entrainment, 10828. soil erodibility parameter, entrainment limit, soil strength, erodibility, soil erosion, land management, 10834.
erosion monetizing
sedimentation cost, steepland, logging induced soil erosion, fishery industry, tourism industry, 06059.
erosion monitoring
sheet erosion, rilling, raindrop impact, Guerlach trough, badland slope, Mexico; 13056.
erosion pavement
outwash plain, glacier oscillation, relief, tidal flat, dead form, marine terrace, sea level, Svalbard, Spitsbergen, Petuniabukta; 02689.
erosion phenomena
limestone area, SPOT, bare soil, France, Orleans Forest, Fere-en-Tardenois; 05713.
erosion pin
surface recession, upland catchment, erosion rate, blanket peat, erosion, drought, sediment sampling, UK, Wales, Powys, Plynlimon; 00362.
erosion pin measurement
pluvial regime, soil erosion, soil loss, rainwash, cultivated field, Rwanda, Runyinya Butare, Rwaza Hill; 10848.
erosion prediction
soil erosion area, digital terrain analysis, semi arid area, tropical pastureland, TOPOG model, 06216. USLE, source area, process based modelling, soil erosion, water, agricultural land, USA; 01496.
erosion prediction technology
simulation model, Universal Soil Loss Equation, rill, interrill erosion, prediction technology, soil erosion, water, research, USA; 12028.
erosion problem
research needs, tropical soil, soil productivity, 06215.
erosion process
conservation, policy, soil erosion, agricultural land, British Geomorphological Research Group Workshop, 02713. mountain region, hydrologic regime, global climatic model, lagged response, spatial variability, geomorphic impact, climate change, Canada; 01381. quantitative erosion assessment, regionalisation, erosion prone land, soil erosion, deflation, conservation, map, USSR, (European); 06229. tundra zone, nival process, anthropogenic erosion, land use, USSR, Arkhangel'sk Oblast; Komi ASSR; 05043.
erosion processes
planation surface, laterite crust, piping, saprolith, depression, Bas fond, Togo; 13022.
erosion productivity model
land degradation, land-use model, Erosion Productivity Model, Theoretical Erosion Productivity Model, management response, 01495. Theoretical Erosion Productivity Model, management response, erosion productivity model, land degradation, land-use model, 01495.
erosion prone land
soil erosion, deflation, conservation, map, erosion process, quantitative erosion assessment, regionalisation, USSR, (European); 06229.
erosion prone site
sedimentation, pollution problem, control ordinance, local regulation, soil erosion, cropland, USA, Minnesota, Olmstead County; 05057.
erosion rate
aerial photographic coverage, rate of erosion, shoreline change, USA, Massachusetts, Boston Harbor; 12722. bioerosion, intertidal zone, faecal pellet, chiton, Bahamas, San Salvador; 09438. bioturbation, sediment transport, burrowing mammal, long term sediment transport rate, USA, California, Marin County; 09520. blanket peat, erosion, drought, sediment sampling, erosion pin, surface recession, upland catchment, UK, Wales, Powys, Plynlimon; 00362. caesium-137, erosion intensity, erosion, arable slope, accumulation zone, 09631. catchment characteristic, land use, sediment yield, bulk sediment yield, reservoir, UK, Scotland, Central Lowlands; 02730. climate change, soil erosion, agricultural land, erosion modelling, greenhouse effect, UK, Wales; England, South Downs; 12033. coastal retreat, sea ice, cliff, Beaufort Sea; 02337. cropland, conservation, deposition rate, caesium-137, USA, Tennessee, Reelfoot Lake; 12901. cropland, soil erosion dynamic, soil erosion declining, sheet erosion, rill erosion, USA; 09633. equilibrium, hillslope erosion, sediment yield, storage, steady state, colluvium, USA, Oregon, Coast Range; 13053. erosion frequency, valley floor storage, soil erosion, impact, woodland clearance, erodible loess, UK, England; Wales; 01504. geomorphology, climato tectonic framework, uplift, denudation, monsoon, uplift rate, glacial landform, semi arid landscape, India, Himalaya; 07149. Heiden clay, antecedent soil moisture, splash detachment, simulated rainfall, soil erosion process, splash erosion, wash erosion, 08536. lead-210 dating, pollen analysis, range management, sediment geochemistry, environmental change, sediment record, lake, diatom stratigraphy, elk population, USA, Wyoming, Yellowstone National Park; 10778. microtopographic evolution, erosion, afforested mountain slope, Spain, Pyrenees; 00263. morphometric assessment, gully, field measurement, lateral erosion, downcutting, backward erosion, USSR, Kazakhstan; 08333. probability distribution, event sediment yield, stochastic analysis, laminated reservoir deposit, long term erosion rate, sediment yield, Israel, Negev Desert; 02741. range fire, exposure age, geomorphic surface, spalling, rock varnish, USA, California, Owens Valley; 13195. rill erosion, arable land, rate, control, predictability, Belgium; 12035. sediment yield, catchment erosion rate, valley sedimentation, lake sediment, UK, England, Devon, Slapton; 01508. soil conservation, policy, cropland, environmental protection, shelterbelt, terrace, irrigation, erosion hazard, Hungary, Komarom County; 01518. soil, landscape, soil temperature regime, weathering, pedogenesis, erosion, infiltration rate, topographic inversion, Fall Zone, eroded upland, Piedmont peneplain, USA, Piedmont; Coastal Plain; 02515. soil-stratigraphic technique, landform evolution, pedogenesis, terrace, regolith, slope, erosion, forest destruction, New Zealand, Southern Alps; 02520. stream power, slope gradient, precipitation, infiltration, denudation rate, climate, fluvial soil loss, global scale, erodibility, sediment yield, relief, 01374. thorium-uranium disequilibria, carbonate rich soil, sub-arid area, Syria, Palmyra Basin; 00209. till, melt water channel, eroded terrace, fluvial gravel, glacial, sedimentary sequence, overdeepened basin, Switzerland, Mittelland; Seeland; 11961. transport budget, bed load, solid transport, suspended sediment, France, Alpes du Sud, Buech Vallev, Savournon; 06225. uplift, cosmic ray, neon, quartz,

spallation ratio, Antarctica; 09489. Uranium series dating, speleothem, Tertiary, cave, relief, Miocene, valley entrenchment rate, wall retreat rate, Norway, Rana, Hammarnesgrotta; 00260. urbanisation, recreation, tourism, landuse, USA, Gulf Coast; 11707. wind erosion, land degradation survey, dust storm frequency, erodibility, Australia; 00367.

erosion reduction
sedimentation, tropical watershed, soil erosion, simulation model, FGMOD, Guatemala, Chixoy River; 06222.

erosion resistance
bed process, bedform characteristic, bed armouring, slope development, particle size distribution, sediment distribution, 08727.

erosion risk
agricultural land, erosion risk, sediment source, dry valley network, assessment, erosion form, France, Paris Basin; 01514. agricultural land, soil erosion, landuse, rainfall, UK, England, South Downs; Sussex, Lewes; 10844. forest land, discriminant analysis, timber harvest area, forest road, logged area, linear discriminant function, bootstrapping, prediction bias, USA, California; 02724. mountain footpath, path erosion, low maintenance route, risk assessment technique, South Africa, Drakensberg Mountains; 08412. sediment source, dry valley network, assessment, erosion form, erosion risk, agricultural land, France, Paris Basin; 01514. soil erosion study, assessment, excessive soil erosion, off farm problem, sediment source, 02714. soil erosion, digital terrain model, EPIC model, Austria, Ybbs River; 06227.

erosion risk mapping
gully erosion, loam belt, control measure, gully type, Belgium; 01513.

erosion risk zone
aerial photograph, erosion susceptibility, Universal Soil Loss Equation, geomorphological mapping, delineation tool, Spain, Rio Guadalhorce; 09638.

erosion simulation
size distribution simulation, raindrop, throughfall drop, canopy height, model, 06219.

erosion study
Chernobyl, fallout, Caesium-137, soil erosion, DEM, tracer, Netherlands, South Limburg; 13209. conceptual model, temporal resolution, sediment source identification, catchment delivery ratio, lake sediment, soil erosion, dating, 01492. erosion control, runoff plot, tropical steepland, Thailand; Jamaica; El Salvador; 06220. semi arid zone, runoff sheet, micro basin, Tunisia; 08551.

erosion surface
burial, Cambrian, Wilkawillina Limestone, Woodendinna Dolomite, carbonate, biohermal, cementation, Australia, South Australia, Flinders Ranges, Wilkawillina Gorge; 11747. sea level change, Miocene, Reef Complex, sea cliff, reef, progradation, Spain, Mallorca; 10603. transgression, Viking Formation, Albian, sand ridge, sandstone, cross bedding, Canada, Saskatchewan, Eureka, Viking Oil Field; 04800.

erosion surface origin
geomorphological characteristic, low relief surface, crustal movement, peneplain, planation surface, summit level, landslide, piedmont benchland, high altitude denudation surface, periglacial process, uplifted peneplain, Japan, Akaishi Mountains; Mikawa Plateau; 08351.

erosion survey
land capabilty, soil erosion, Venezuela; 10842.

erosion susceptibility
arid zone ecosystem, erodibility, rainfall simulation, water balance, Tunisia; 03945. GIS, forest management, land use evaluation, Thailand, Chiang Mai; 00942. rain impacted flow, degraded woodland, hazard, fire effect, soil, semi arid woodland, Australia, New South Wales, Coolabah; 07329. soil erodibility, humus, Chernozem soil, 13203. Universal Soil Loss Equation, geomorphological mapping, delineation tool, erosion risk zone, aerial photograph, Spain, Rio Guadalhorce; 09638.

erosion test
clay, cohesive soil, flume test, Canada, Ontario; 06026.

erosion threshold
non-erodible roughness element, sheltering, wind erosion, vegetation, soil erosion, shear stress partitioning, arid land, canopy structure, 12025.

erosional form
palaeogeomorphological reconstruction, magnitude order, buried relief, pre Akchagyl relief, pre Apsheron relief, thalweg length, USSR, Volga Basin, Saratov Region; 08347.

erosional furrow
melt water channel, palaeogeographic reconstruction, USSR, Severnaya Zemlya; 03897.

erosional inlier
Picton Thrust, Old Freezing Works Thrust, Shakespeare Bay Thrust, Cenozoic(Late), thrust tectonics, New Zealand, Picton, Marlborough Sounds; 03727.

erosional landform
karst feature, Holocene, landslip, alpine geomorphology, glacial erosion, Australia, Tasmania, Mt Anne Massif; 07244.

erosional rebound
isostatic rebound, tectonic uplift, tectonic denudation, erosion, geographic distribution, backstacking, apatite, fission track stratigraphy, 07127.

erosional relief
humid tropical climate, oxisol, relief generation, planarian surface, soil development, Thailand, Khorat Plateau; 02518.

erosional soil characteristic
soil, alluvial soil, physico chemical soil characteristic, India, Uttar Pradesh, Deoria District; 06233.

erosional surface
sand sheet deposit, sand drift surface, wind, aeolian deposit, bounding surface, 05799. seafloor, clinoform, tectonic deformation, structural high, Holocene, seismostratigraphic unit, Quaternary, Italy, Adriatic coast, Gargano Promontory; 05848. uplift, hanging glacial valley, earthquake, morphological evidence, Quaternary, normal faulting, seismic hazard, wine glass valley, Spain, Pyrenees; Catalonia; 08362.

erosional unloading
crustal stress, Late Quaternary, fault movement, Aspy Fault, Sangamonian, intertidal rock platform, Canada, Cape Breton Island, Cabot Landing; 04896.

erosive episode
colluvial deposit, aluminisation, colluvium, bauxite, laterite, geological survey, Caraipe Formation, Morrote Formation, Brazil, Para, Serra de Trucara; 08339.

erosivity factor
suspended sediment transport, Williams runoff factor, Universal Soil Loss Equation, sediment yield prediction, runoff factor, Italy, Sicily; 08716.

erosivity index
runoff, soil loss, bare fallow plot, Mollisol, USLE, Australia, New South Wales, Inverell; 02745.

erosivity map
soil erosibility, rill erosion, RUSLE, USLE, 13200.

erratic
dispersal train, till composition, glacier marginal area, continental glacier, USA, Iowa; Massachusetts, Cape Cod; Canada, Ontario, Port Albert; 06121. esker, glacial lithology, transport distance, glaciofluvial material, Sweden; 06131. esker, kame, delta, cirque, glacial trough, glacial deposit, Landsat TM, drumlin, streamlined feature, Ireland; 13124. glacial deposit, Devensian age, raised beach, Amino acid dating, uranium series dating, speleothem, Ipswichian, UK, Wales; 10768. Keewatin ice, Hudson dome concept, indicator erratic, ice-flow pattern, historial review, dispersal, Belcher Island erratic, flow pattern, Laurentide ice, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636. lithofacies, permafrost, tracing, glacial indicator, boulder train, 06113. raised beach, till, Wolstonian, Devensian, head, glacial deposit, UK, England, Scilly Isles; 13143. Teritiary, glacio marine sediment, erratic boulder, boulder assemblage, glacial erratic, Cambrian fossil, Cambrian limestone, Antarctica, West Antarctica, King George Island; 02655.

erratic boulder
boulder assemblage, glacial erratic, Cambrian fossil, Cambrian limestone, erratic, Teritiary, glacio marine sediment, Antarctica, West Antarctica, King George Island; 02655.

erratic distribution
glacial erratic, Late Devensian ice sheet, ice movement, UK, Scotland, Sutherland, Assynt; 06123.

erratic infiltration
infiltration, diffusivity, hysteretic soil, unsaturated flow, groundwater flow, stochastic differential equation model, 00582.

Errol Bed
SEM study, clastic fabric, calcareous concretion, Devensian(Late), UK, Scotland, Tayside, Carse of Gowrie; 06150.

error
accuracy, land use, GIS, database, measurement, UK; 04487. Bagrov, similarity index, 12303. data quality, slope land management, GIS, Taiwan, Taitung; 06880. digitised data, vector database, accuracy, 01024. field measurement, bidirectional reflectance, reflectance, 13787. forecast skill, extended range prediction, European Centre for Medium Range Weather Forecasting model, resolution, 12479. information system, legal theory, contract, liability, 05653. manual digitising, digitising, map data, 04486. photodissociation rate coefficient, ozone, nitrogen dioxide, nitrous acid, methylaldehyde, photolysis, spectral integration, 02022. radiocarbon dating, liquid scintillation, spectrometry, 02574. sensitivity analysis, map, GIS, 04547.

error analyses
relative positioning, GPS, time comparison data, VLBI method, 12614.

error analysis
GIS, conceptual definition, 13831. long range transport, model evaluation, sulphur deposition, source receptor relationship, Europe; 05508. profile, remote sounding, 06725.

error bound
spherical distance, gravimetric geoid determination, Canada; 11431.

error correlation
isobaric wind, geopotential, radiosonde observation, zonal wind, meridional wind, gwostrophic balance, global forecast, 12477.

error cost
Markov random field, computer vision, 11470.

error detection
geographical database, digitising, manual digitising, scanning technology, 05575.

error determination
setting up, levelling staff, 02092.

error distribution
aerotriangulation residual, residual error data, 03291. levelling, precision levelling, 11415.

error dynamics
predictability, atmospheric flow, normal mode, forecast, divergence measurement, 13618.

error ellipse
least squares adjustment, network adjustment, survey network, coordinate variation, 07952.

error estimation model
pH, instrumental drift, random measurement error, nugget variance, 03990.

error growth
four dimensional data, data assimilation, limited area model, mesoscale model, synoptic scale data, rawinsonde observation, 07759.

error polygon
telemetry error, triangulation, 10273.

error probability
area estimate, maximum likelihood classification, 02135.

error propagation
belief calculation, uncertainty, Dempters-Shafer, 02136.

error rate estimation
classification architecture, 03317.

error source identification
radiance distribution, optical absorption coefficient, ocean, 11600.

error spectrum
satellite altimeter, tide gauge data, mean sea surface, geocentric refer-

ence ellipsoid, 12788.
ERS
SAR, data acquisition facility, ice forecasting, land use, 05564.
ERS-1
calibration, radar backscattering, infrared emission, microwave emission, surface wind field, wave spectra, 12596. environmental study, atmospheric chemistry, ERS-2, 12699. ice zone, ocean process, air ice ocean model, experiment buoy, Greenland; Barents Sea; 09283. payload, data distribution, 11418. polar ocean research, ocean research, 09282. research application, polar research, 09291. SAR, map library, archiving, 11514. scanning radiometer, AVHRR, 11422. sea ice, SAR imagery, digitisation, 09293.
ERS-1 data
ground segment data, data product, 09082.
ERS-1 mission
SAR imagery, geocoding, 09103.
ERS-1 mission objective
land use change, operational meterology, sea state forecasting, sea ice distribution, geodetic application, 12592.
ERS-2
ERS-1, environmental study, atmospheric chemistry, 12699.
ertels potential vorticity
potential vorticity, tracer, stratospheric tracer, 10069.
eruption
aerosol, optical depth, volcanic perturbation, stratosphere, Mexico, El Chichon; 12559. alkalic volcano, volcano, nitrogen oxide, sodium chloride, reaction probability, stratospheric chemistry, chlorine, photooxidation, 10218. blast surge deposit, volcano, pyroclastic surge, tephra, USA, Washington, Mount St. Helens; 02358. edifice volume, Magellan data, dome, radar bright surface, volcanic centre, caldera, Venus; 07161. eustacy, crater, magma chamber, ash fall, caldera sediment, Indonesia, Sumbawa Island, Mt. Tambora; Saleh Bay; 00076. ice core, sulphur gas, magma type, radiation budget, volcanic loading, climate response, aerosol, volcanic ash, 07808. lahar, pyroclastic flow, meltwater, debris flow, flood, Colombia, Nevado del Ruiz; 01197. mass wasting, Holocene(Late), destructive phase, volcano, Arenas eruptive stage, Azufrado eruptive stage, Lagunillas eruptive stage, rockslide, debris avalanche, hazard, Colombia, Nevado del Ruiz Volcano; 00244. snow pack, ice cap, slush avalanche, lahar, released meltwater, Colombia, Nevado del Ruiz Volcano; 00243. tephra, distal ash, pyroclastic flow, volcanic impact, buried forest, China, Changbai Volcano; Korea(North), Changbai Volcano; 03729. trajectory, long range forecast, forecast, volcanic ash, volcano, USA, Alaska, Redoubt Volcano; 13640. volcano, lahar, pyroclastic deposit, pumice, magma, Colombia, Central Cordiellera, Nevado del Ruiz volcano; 02359. volcanoclastic, tuff cone, base surge, bed form, pyroclastic, Atlantic, Canary Islands, Lanzarote, El Golfo Volcano; 10566. vulkani, radiation deficit, volcanic ash cloud, 09978.
eruption cloud
sulphur dioxide, TOMS, Colombia, Nevado del Ruiz; 03420.
eruption signal
surface air temperature, volcanic eruption, cooling, climate change, India; 09009.
eruption style
accumulation rate, loess, soil thickness, age, stratigraphic horizon, Omachi APm Tephra Beds, Pleistocene(Middle), Japan, (central); 02675.
eruptions
nitric acid aerosol, ozone, sulphate aerosols, ozone depleting chemistry, heterogeneous chemistry, volcanic aerosol, Mexico, El Chichon; 12522.
eruptive activity
volcanic hazard, avalanche, debris flow, USA, Washington, Mount St. Helens; 00242.
eruptive style
Mars, geomorphology, stratigraphy, volcanic construct, Mars, Alba Patera; 08354.
ESA
gravity field, geopotential, geophysics, oceanography, global change, Solid Earth Programme, 06719.
ESA-Earthnet
Polar Platform, remote sensing, data management, 00944.
escape function
transmission function, carbon dioxide, cooling rate, middle atmosphere, Curtis Matrix interpolation, 01811.
escarpment
ravine, canyon, permeability, brine, erosion, USA, Gulf of Mexico, Florida Escarpment; 01242.
escherichia coli
estuary, bacterial contamination, surface water quality, contaminant transport, faecal pollution, mathematical model, France, Morlaix Estuary; 04064.
esker
glacial lithology, transport distance, glaciofluvial material, erratic, Sweden; 06131. kame, delta, cirque, glacial trough, glacial deposit, Landsat TM, drumlin, streamlined feature, erratic, Ireland; 13124. melt water channel, end moraine, Quaternary geology, coloured map, superficial deposit, Canada, Alberta, Shetsen; 03879. subaqueous fan, drainage network instability, discharge surging, moraine formation, subglacial sedimentation, glaciolacustrine sedimentation, rapid sedimentation event, glacial Lake Agassiz, Canada, Ontario; 09575. subglacial dune, dune, gravel, drumlin field, gravel dune, cross bedding, Canada, Ontario, Trenton; 13113.
eskrick moraine
Withernsea till, Quaternary history, Wolstonian till, Ipswichian beach, Hoxnian, Dimlington Stadial, Skipsea till, weathered mantle, Hessley Clay, proglacial lake, Lake Humber, UK, England, Humberside; Yorkshire; 13138.
espanola Formation
carbonate, Huronian Supergroup, Bruce Formation, glacigenic diamictite, Proterozoic, Canada, Ontario; 01276.
esso Till
Kalkala Sand, Kauhajoki Till, Harrinkangas Formation, sedimentological analysis, lithostratotype, Weichselian, sediment, stratotype, Kauhajoki Formation, Kela Formation, Siuntio Till, Finland; 07238.
ESR analysis
radiometric dating, Quaternary(Late), palaeotemperature record, speleothem, stalagmite, climatic change, Australia, Tasmania, Florentine Valley; 02677.
ESR dating
coral reef, palaeosealevel elevation, Barbados model, uplift rate, Pleistocene(Middle), chronology, Pleistocene(Late), sea level change, morphologic investigation, Barbados; 00319. hominid bearing deposit, stalagmitic floor, Mousterian deposit, Neanderthal remains, Italy, Ligure, Caverna delle Fate; 01417.
essay
bibliography, Festschrift, Derruau(M.), 13010.
essentialism
causal relationship, quantitative substantialism, methodology, terminology, substantialismic geomorphology, phenomenalism, 03694.
ester sulphate
carbon bonded sulphur, organic sulphur, inorganic sulphur, pyrite sulphur, sulphur dynamics, sulphur fraction, USA, Louisiana; 13288.
ester sulphate sulphur
carbon bonded sulphur, salt marsh soil, seasonal sulphur variation, soil fractionation, acid volatile sulphide, hydrogen chloride soluble sulphur, elemental sulphur, pyrite sulphur, USA, Louisiana; 10931.
estimate bias
estimate variance, quantile estimate, partial duration series, maximum likelihood estimate, hydrological variable, Poisson distribution, statistical method, peak magnitude, 09785.
estimate variance
quantile estimate, partial duration series, maximum likelihood estimate, hydrological variable, Poisson distribution, statistical method, peak magnitude, estimate bias, 09785.
estimate variation
measurement, snow water equivalent, computer simulation, airborne measurement technique, gamma radiation attenuation, 00623.
estimation
bias, variance, suspended sediment, sediment load, Walling & Webb (1981), 00535.
estimation error standard deviation
sensitivity analysis, network density, measurement frequency, water level, monitoring network, Kalman filtering, groundwater flow model, China, Zhengzhou; 11050.
estimation technique
temporal groundwater variability, spatial groundwater variability, groundwater recharge, recharge estimation, arid area, semi arid area, 06355.
estimation uncertainty
maximum likelihood problem, Gauss Newton method, Newton method, optimisation method, adjoint state method, inverse problem, gradient method, groundwater flow, parameter estimation, 09869.
estuarine
geomattress, technology, bed protection, port, India, West Bengal, Hugli River; Haldia; India, West Bengal, Calcutta; 11712. shallow marine sediment, salinity, dinoflagellate cyst distribution, Australia; 04969.
estuarine anoxia
estuary, chlorophyll, primary production, nutrient, anthropogenic nutrient, Adriatic Sea, Sibenik Bay; Yugoslavia, Krka River Estuary; 09385.
estuarine chemistry
surface water chemistry, residence time, trace metal, fresh water residence time, first order chemical reaction, chemical equilibrium modelling, kinetic model, dissolved metal, particle water metal exchange, metal exchange, 08751.
estuarine circulation
fluid dynamics, excitation response analysis, circulation model, tidal forcings, USA, Chesapeake Bay; 03501. forcing, time scale, wind driven current, lagoon, USA, Florida, Indian River Lagoon; 02331. hydraulic jump, Froude number, wind forcing, estuary-ocean exchange, spring-neap tidal mixing, tidal mixing, Canada, Columbia, Strait of Georgia; North America, Strait of Juan de Fuca; 01627. kepone cycling, estuary, sedimentological fate, surface water quality, polychlorinated hydrocarbon, sediment sink, hydrodynamic model, particle transport, cycling mechanism, fine sediment dispersal, sorption, USA, Virginia, James River Estuary; 08760. resource, two layered net, wind, seston, oyster, 12854. wind, non-tidal circulation, current, USA, Chesapeake Bay, York River; 02330.
estuarine embayment
beachridge system, lobate delta, sealevel curve, radiocarbon age, coastal landform, stratigraphy, tidal shoal, tidal delta, Australia, Western Australia, Peel-Harvey Estuary; 11992.
estuarine hydrodynamics
channel flow, boundary condition, water depth, mass transport, longitudinal density gradient, water quality simulation, bed slope, bottom friction, 00530.
estuarine hydrography
hydrography, sea bed deposit, sedimentology, UK, England, Plymouth Sound; 09197.
estuarine mixing
spatial variability, river plume, eutrophication, estuary, surface water quality, sediment load, nutrient concentration, mixing water, remote sensing technique, 12210.
estuarine sample
mercury, surface active particle, halocline sample, Yugoslavia, Krka Estuary; 11679.
estuarine sediment
anthropogenic source, reference element, aluminium, contamination, heavy metals, USA, Florida, Miami River; Biscayne Bay; 02379. bioturbation, nitrate, denitrification, nitrous oxide, nutrient, UK, England, Cornwall, Tamar Estuary; Devon, Tamar Estuary; 12856. oxidative pathway, reductive pathway, thiosulphate, sulphur, oxidation, reduction, Denmark, Kysing Fjord; 05828. phosphorus, anthropogenic

enrichment, titanium dioxide, metal contamination, UK, England, Humber Estuary; 04780.

estuarine system
residual current, forcing, sea level fluctuation, residual circulation, USA, New York, Peconic Bays Estuary; 02329. waste water, nitrogen, phosphorus, landuse, wateruse, streamflow characteristics, water quality, USA, Florida, Charlotte Harbour; 09924.

estuarine variability
surface water chemistry, salinity level, turbidity maximum zone, particle microstructure, suspended solid, carbon, iron, manganese, UK, England, Humber Estuary; Mersey Estuary; UK, England, Tamar Estuary; Germany, Elbe Estuary; 08753.

estuarine water
carbonic acid, dissociation constant, 09340.

estuary
abandoned channel, mangrove, inlet channel, shoreline, South Africa, Zululand; 10537. agricultural pollution, non point source pollution, pesticide, runoff, ecological impact, water quality, sediment, USA, Washington, Padilla Bay, Puget Sound Estuary; 07581. anthropogenic event, land clearance, sedimentation rate, historical record, storm, USA, Maryland, Chesapeake Bay; 04733. anthropogenic, shelf sea, pollution, trace metal, suspended sediment, North Sea; 10541. arsenic, antimony, surface water chemistry, comparative geochemistry, river, geochemical process, 08754. bacteria, glucose uptake, fresh water, water column, ecosystem, Yugoslavia, Krka River; 09461. bacterial contamination, surface water quality, contaminant transport, faecal pollution, mathematical model, Escherichia coli, France, Morlaix Estuary; 04064. bar, sediment flux, texture, tidal bore, delta, China, Ganpu, Qiantang Estuary; Hangzhou Bay; 01219. bioaccumulation, anthropogenic mobilised arsenic, toxicity, arsenic, bivalve, USA, California, San Francisco Bay, Sacramento; San Joaquin River Delta; 04730. bottom water, recycling, nitrogen, sewage, nutrient, USA, Rhode Island, Narragansett Bay; 06980. carbon, nitrogen, phosphorus, ecosystem, salt marsh, USA, South Carolina, North Inlet, Bly Creek; 11677. chlorophyll, primary production, nutrient, anthropogenic nutrient, estuarine anoxia, Adriatic Sea, Sibenik Bay; Yugoslavia, Krka River Estuary; 09385. circulation, fresh water, sediment transport, geomorphology, sedimentation, USA, North Carolina, Pamlico-Tar River System; 04732. climate, bryozoa, carbonate, climate change, isotope, Australia, South Australia, Coorong Lagoon; 01211. coast, littoral process, sedimentation, marsh, Spain, La Coruna, Bay of Betanzos; Bay of Ares; 02341. contaminant, lithium, normalisation, trace metal, anthropogenic source, Canada; 01366. contamination, biota, recreation, shellfish, PCBs, USA, Hudson River, New York Harbor; 04777. continental shelf, lipid, PCBs, adsorption, partitioning, suspended matter, zooplankton, Belgium, Scheldt Estuary; 04785. current meter, ebb current, headland, tidal current, USA, Washington State, Hood Canal; 02326. current velocity, erosion, deposition, density gradient, suspended solid, salinity, mathematical model, UK; 08164. current, tide, drying, wetting, hydrodynamic simulation, Canada, St Lawrence River; 10987. delta, beach ridge plain, China, Changjiang River; Taihu Lake; 11681. delta, dredging, slope, sediment transport, alluvial river, navigation, bedload, Zaire, River Zaire; 05887. delta, surface property, suspended solid, organic matter, productivity, anthropogenic influence, Mediterranean Sea; France, Rhone River Delta; Yugoslavia, Krka River Estuary; 11715. diatom, sediment load, mudflat, subaerial exposure, UK, England, Tamar Estuary; Severn Estuary; 03541. discharge, tidal range, braided pattern, dredging, port, China, Changjiang Estuary, Shanghai; Hangzhou Wan, Shanghai; 01218. dispersion, density gradient, ebb tide, flood tide, tidal variation, UK, England, Tamar Estuary; 03540. drowned river valley, transgression, sea-level stand, channel-fill sequence, paleochannel, USA, Delmarva Peninsula; Chesapeake Bay; USA, Susquehanna River; 03537. El Nino, Southern Oscillation, shrimp harvest, La Nina, coastal water level, USA, Louisiana; 07727. energy flux divergence, sand, salinity, tidal range, fresh water, USA, Oregon, Columbia River; 05820. engineering, deposition, erosion, sediment transport, tidal current, UK, England, Humber Estuary; 09310. environmental factor, cadmium, copper, zinc, surface water quality, metal speciation, speciation study, trace metal, India, Muvattupuzha River; Periyar River; 08752. erosion, urban park, shoreline, management, park, beach resource, USA, New York, Conference House Park; 00104. faunal distribution, foraminifera, Norway, Oslo Fjord, Breidangen; 04834. floodplain, transport route, mixing, Pleistocene, resuspension, Brazil, Amazonia; Germany, Weser Estuary; North Sea; 04726. fluorescence, decomposition, pollutant, North Sea, German Bight; 05965. fresh water, hypoxia, mixing, organic matter, anthropogenic nutrient, nutrient, Adriatic Sea; Yugoslavia, Krka Estuary; 09386. freshwater, circulation pattern, tide, fjord, USA, California, San Francisco Bay; Alaska, Columbia Bay; 03534. geographical management software, marine information, coastal water, Netherlands; North Sea; 12623. halocline, salinity, fresh water sea water interface, discharge, nutrient, biogeochemical process, stratification, sea water, Yugoslavia, Krka River; 11680. historical change, numerical flow model, mixing, stratification, tidal forcing, salinity intrusion length, riverflow data, river regulation, channel morphology, carbon budget, sediment budget, USA, Washington, Columbia River; 10965. Holocene, sea level rise, sedimentation rate, USA, Chesapeake Bay; 02332. industrial pollutant, tracer, evaporation, atmospheric transport, halocarbon, 00502. iron, anthropogenic source, trace metal, suspended particulate material, phytoplankton, UK, Scotland, Firth of Clyde; Clyde Estuary; 04779. landform, wetland, conservation, Australia, Western Australia, Peel-Harvey Estuary; 04739. larvae, dye test, oyster, freshwater, spawning, USA, Virginia, James River Estuary; 03643. lead, zinc, heavy metals, contamination, New Zealand, Pauatahanui Inlet, Porirua Harbour; 01267. marsh, nutrient, sea level, USA, Louisiana, Fourleague Bay; Barataria Basin; 06979. metal, clay mineral, weathering, erosion, contamination, China, Changjiang; 04795. metal, periodic table, suspended material, management, neutron activation analysis, China, Huanghe River; 04737. microbial degradation, residence time, turbidity zone, PCB, PAH, Netherlands, Scheldt Estuary; 05884. mixing, salinity gradient, wind stress, cadmium, oxidation, tidal river, metal pollution, surface water quality, marine sediment, fluvial sediment, suspended particulate matter, sediment chemistry, Germany, Elbe River; 08757. model, water quality, management, prediction, USA, Atlantic Coast; 04878. mud flat, salinity, metal, spatial distribution, France, Loire Estuary; 00042. mud, suspended matter, grain size, shelf, France, Gironde Estuary; 06983. mud, tidal flat, storm, typhoon, vegetation, China, Hangzhou Bay, Qian Tang Jiang River; 01317. neogenesis, calcium carbonate, gypsum, sulphide, mud, France, Loire Estuary; 10552. nutrient, algae, chlorophyll, carotenoid, Yugoslavia, Krka River, Sibenik; Adriatic Sea, Sibenik; 09347. nutrient, carbon, nitrogen, phosphorus, India, Hooghly Estuary; 00049. observational evidence, atmospheric forcing, tidal variability, USA, Newark, Upper Delaware Bay; 12382. organic matter, particle, biochemical marker, non aromatic hydrocarbon, alkene, France, Loire Estuary; 12857. particle size distribution, ship traffic, anthropogenic source, trace metal, Yugoslavia, Krka River Estuary; Kornati Islands; 01261. particulate matter process, suspended matter, deposition, clay mineral, organic matter, mineral particle, sediment, 12216. particulate metal variation, metal, surface water quality, sediment concentration, bottom sediment, suspended sediment, metal depth profile, Portugal, Tagus River Estuary; 08743. phosphorus, salt marsh, oyster reef, tidal creek, USA, South Carolina, North Inlet, Bly Creek Basin; 12855. phytoplankton, denitrification, wastewater treatment, ammonia loading, nitrate loading, nitrogen dynamics, surface water quality, tidal river, USA, Virginia, Potomac River; Maryland; 01678. pigment, fatty acid, diatom, algae, biomarker, Yugoslavia, Krka River, Sibenik; Adriatic Sea, Sibenik; 09348. pollutant, anthropogenic metal, mud flat, salt marsh, organic matter, UK, England, Severn Estuary, Tites Point; 09383. polluted stream, bay, dissolved oxygen, salt water environment, geostatistical technique, surface water quality, Italy, Taranto, Mar Piccolo; 07495. pollution, heavy metals, marine sediment, geoaccumulation index, Spain, Guipuzcoa Coast; 04782. provenance, sediment transport, sediment deposition, loess soil, river discharge, delta, erosion, suspended sediment, China, Huanghe River; 09816. pycnocline, storm, eutrophic, sedimentation, nutrient, nitrogen, Japan, Tokyo Bay; 02334. redox profile, anoxic sediment, heavy metal, intertidal flat, mud flat, Belgium, Scheldt Estuary, Ballasplaat Mud Flat; 10583. residence time, cadmium, contamination, oyster, France, Gironde Estuary, Marennes-Oleron; 04787. ria subsidence, valley profile, subsidence, Spain, Galicia, Eo river; 07145. Richardson number, flow measurement, shear stress, suspended solid, tidal flow, turbulence, 10531. river discharge, discharge plume, Landsat data, plume morphology, suspended sediment, USA, Louisiana, Mobile Bay; 05823. salinity, sea level, coast, environmental change, terrestrial environment, South Africa; 10538. salt marsh, fresh water, tidal range, submergence, sediment budget, sediment load, USA, Pennsylvania, Philadelphia; Philadelphia, Delaware River; 06981. salt water intrusion, current velocity, salinity, 04727. salt-wedge, shoaling, discharge, channel, tide, Canada, British Columbia, Fraser River; 02324. sand wave, coating, sand, fluvioglacial origin, trace element, Canada, St. Lawrence Upper Estuary; 04769. sand, mudflat, megaripple, salt marsh, macrotidal, Canada, Bay of Fundy, Cobequid Bay; Salmon River Estuary; 02325. sea water, alkalinity, fresh water, river inflow, mixing, USA, California, San Francisco Bay; Delaware, Delaware Bay; 01214. sea water, trace metal, mixing, Yugoslavia; Mediterranean Sea; Yugoslavia, Krka River Estuary; 11710. sediment budget, erosion, salt marsh, accretion, tidal flat, UK, England, Kent, Medway Estuary; 00040. sediment supply, sediment size, sorting, seasonal change in sediment size, sediment transport, bedform, USA, Oregon, Columbia River Estuary; 05800. sediment transport, accretion, marsh, sea level change, wetland, USA, Louisiana, Atchafalaya River; Fourleague Bay; USA, Louisiana, Barataria Basin; 06978. sediment transport, jetty, river mouth, delta, spit, Colombia, Magdalena River, Puerto Colombia; 05824. sedimentological fate, surface water quality, polychlorinated hydrocarbon, sediment sink, hydrodynamic model, particle transport, cycling mechanism, fine sediment dispersal, sorption, estuarine circulation, kepone cycling, USA, Virginia, James River Estuary; 08760. speciation, anthropogenic input, heavy metal, bioavailbility, trace element, India, Cochin Estuary; 08209. stratification, peat, tidal flat, suspended sediment, sediment budget, mudflat, salt marsh, UK, Severn Estuary; 04734. surface water quality, major element, minor element, aluminium, sediment mixing, trace metal, suspended matter, Netherlands, Rhine River; Meuse River; 08745. surface water quality, probabilistic random function model, geostatistical modelling, dissolved oxygen, oxygen distribution, Italy, Taranto, Mar Piccolo; 13361. surface water quality, sediment load, nutrient concentration, mixing water, remote sensing technique, estuarine mixing, spatial variability, river plume, eutrophication, 12210. suspended matter, organic matter, bank erosion, sediment source, pollutant, natural tracer, salt wedge, Germany, Elbe Estuary; 03542. suspended solid, settling velocity, flocculation, silt, sedimentation, Turkey, Sea of Marmara, Golden Horn Estuary; 04735. tidal circulation, sediment transport, tide gauge data, tidal asymmetry, bedload, 04728. tidal current, accretion, sandbank, sandwave, UK, England, The Wash; Humber; 09345. tidal current, sediment transport, texture, beach, nourishment, dredging, New Zealand, Tauranga Harbour, Pilot Bay Beach; 01266. tidal flow, Quaternary(Late), progradation, delta, Canada, British Columbia, Fraser River; 06976. tidal flow, transportation, delta, Canada, British Columbia, Fraser River Delta; 11676. tidal surge, tidal variation, stream kinematics, stream dynamics, 00529. tidal zone, marine zone, surface water quality, seasonal variation, iron, zinc, manganese, copper, trace metal, India, Vellar Estuary; 02875. tidal, Spartina spp, salt marsh, pyrite, sulphate, China, Huanghe River; 03544. topographic feature, tidal cycle, lee wave, secondary current, 02322. trace metal, adsorption, salinity, calcium, magnesium, Yugoslavia, Krka River; 11678. tracer, nutrient budget, material transport, water exchange, hydrodynamical distribution model, material budget estimate, sampling, Baltic Sea; 01628. waste water treatment facility, PCB, surface water quality, USA, Rhode Island, Narragansett Bay Estuary; 08744.

estuary flow model
irrigation wateruse, water resource management, salt water intrusion, withdrawal rate, salt balance, Bangladesh, Meghna Delta; 11029.

estuary water quality
groundwater discharge, runoff water quality, on site sewage disposal, septic tank, surface water quality, USA, Massachusetts, Cape Cod;

04081.
estuary-ocean exchange
spring-neap tidal mixing, tidal mixing, estuarine circulation, hydraulic jump, Froude number, wind forcing, Canada, Columbia, Strait of Georgia; North America, Strait of Juan de Fuca; 01627.
eta model
step mountain coordinate, turbulence closure model, 10095.
etching
dilatation joint, bornhardt, silicic volcanic rock, inselberg, granitic rock, sheet structure, hillslope profile, subsurface weathering, columnar joint, Australia, South Australia, Gawler Ranges; 09499.
etchplain
pediplain, pediment, planation, tropical region, geomorphological terminology, planation surface, latosol, laterite, 00218.
etchplanation
deep weathering, granite decomposition, landform development, china clay, growan, humid temperate weathering, saprolite age, planation surface, polygenetic surface, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221.
ETH/PSI-AMS facility
accelerator mass spectrometry, tracer, groundwater flow, chlorine isotope, groundwater recharge, Poland, Mazowsze Basin; 05228.
ethane
alkene, ethene, propene, alkane, latitudinal distribution, non methane, hydrocarbon, propane, n butane, acetylene, Atlantic; 06653. ethene, propene, propane, pentane, butane, ocean water, hydrocarbons, biological activity, nonmethane hydrocarbon, remote atmosphere, marine atmosphere, 11345. hydroxyl, methane, carbon monoxide, nonmethane hydrocarbon, pollution, air-sea exchange, marine atmosphere, ethene, Indian Ocean, Amsterdam Island; 03246. Mulliken charge, hydrofluorocarbon, HFC's, reaction rate, fluorine, chlorine, methane, 06573. propane, seasonal variation, hydrocarbon, free troposphere, mid latitude, ozone, 11340. tropospheric burden, seasonal cycle, secular trend, column abundance, Switzerland, Jungfraujoch; 12552.
ethanol
organic emission, alternative fueled vehicle, ozone, fuel, methanol, 06572. ozone, ammonia, water vapour, diethyl sulphate, hydroxyl, chlorine, olefin, sulphur dioxide, 00881.
ethene
ethane, hydroxyl, methane, carbon monoxide, nonmethane hydrocarbon, pollution, air-sea exchange, marine atmosphere, Indian Ocean, Amsterdam Island; 03246. oceanic emission, marine atmosphere, latitudinal distribution, nonmethane, hydrocarbon, mixed layer, ocean, Atlantic; 06652. propane, acetaldehyde, pollution, formaldehyde, photochemical smog, ozone, hydrogen peroxide, hydrocarbon, 02041. propene, alkane, latitudinal distribution, non methane, hydrocarbon, propane, n butane, acetylene, ethane, alkene, Atlantic; 06653. propene, butene, pentene, hexene, rate constant, Arrhenius parameter, ozone, alkene, 06620. propene, propane, pentane, butane, ocean water, hydrocarbons, biological activity, nonmethane hydrocarbon, remote atmosphere, marine atmosphere, ethane, 11345.
ethete soil
Apron soil, Glenton soil, soil-landscape relationship, Pleistocene soil, Holocene soil, soil composition, soil classification, Griffy soil, Enos soil, USA, Wyoming, Wind River Basin, Riverton; 13286.
ethical aspect
satellite, remote sensing, military application, international space law, 10239.
ethnohistorical knowledge
Matonabbee map, copper mine, Canada, Hudson Bay; 08030.
ethological study
ecological study, water, desert, Africa, Kalahari Desert; 04611.
ethyl benzene
xylene, multivariate plot, groundwater contamination, contaminant source, aromatic hydrocarbon residue, benzene, toluene, 00611.
ethyl tert butyl ether
formaldehyde, oxidation, chemistry, diethyl ether, 11300. urban NHMC mix, ozone forming potential, oxygenated compound, organic compound, fuel additive, tert butyl alcohol, dimethyl ether, diethyl ether, methyl tert butyl ether, 11301.
ethylbenzene
methoxybenzene, photochemical aerosol, aerosol, aromatic hydrocarbon, nitrogen oxide, toluene, xylene, 00851.
ethylene
glycol ether, propylene oxide, toxic contaminant, aliphatic, acetaldehyde, dioxane, 07890.
eucalypt forest
antecedent weather, leaf area, water holding capacity, rainfall partitioning, forest hydrology, interception, canopy storage capacity, Australia; 00511. plant water use, cork oak forest, interception, stem flow, soil moisture, evapotranspiration, drought cycle, water balance, forest hydrology, transpiration, Portugal, Alentejo, Odemira; 09914. soil chemical property, forest soil, burning, fire, Australia, Victoria, Wombat State Forest; 12124. tree, pollen, rainforest, Australia, New South Wales, Central Tablelands, Robertson; 06092.
eucalypt research
nutrient status, site drainage, parent material, geomorphic history, classification, soil texture, phosphorus, Australia, Queensland, Toolara State Forest; 10958.
euclidean distance
octagonal distance, digital picture, 03342.
euclidean geometry
surface polynomial, hyperspheres, 03345.
euclidean plane
neighbourhood graph, Gabriel graph, 11455.
eugenol
spectrophotometry, liquid chromatography, sampling, hydrogen peroxide, formaldehyde, ozone, diurnal variation, photochemical smog, annulus denuder, titanium (IV) sulphate, dinitrophenylhydrazine, 03164.
eukaryote
biological process, diatom, diagenesis, chert, silica cycle, 01332.
eulerian
Lagrangian, residual current, conservation equation, convection-dispersion, Fickian hypothesis, 03499.
Eulerian grid
stratospheric chemistry, stratospheric transport, isentropic surface, ozone column, wavenumber one disturbance, photochemistry, semi Lagrangian technique, 06542.
Eulerian Lagrangian
least squares collocation method, transport, time stepping, advection, dispersion, Crank Nicolson solution, numerical method, Fourier analysis, 05279.
Eulerian model
CZCS, biological model, continental shelf, shelf ecosystem, USA; 09217.
Eulerian numerical model
diffusion, pollutant, mesoscale model, boundary layer model, dispersion model, coastal region, complex terrain, sea land breeze circulation, China, Bohai Sea; 07691.
Eulerian theory
Lagrangian theory, turbulent transfer, plant, canopy, microclimate, 11191.
Eulerian velocity
convection dispersion equation, heterogeneity, groundwater flow, dispersion, Lagrangian velocity, 05225. seepage velocity, Monte Carlo simulation, tracer, groundwater flow, heterogeneity, convective dispersion, Lagrangian velocity, 05224.
euphotic layer
coastal water, yellow substance content, water quality, Italy, Gulf of Naples; 10437. productivity map, pigment, algal biomass profile, 11592.
euphotic zone
abyssal sediment, algal bloom, photosynthesis, marine snow, Atlantic, (Central); 11697. biogeochemical system, climatic impact, radiative gas, 05444. biological process, seasonal cycle, phytoplankton, biomass, colour scanner, surface pigment, mixed layer depth, nutrient, Atlantic, (North); 10029. chlorophyll fluorescence, phytoplankton, solar irradiance, seasonal variation, satellite image, 06899. concentration gradient, phytoplankton, mass flux, sediment trap, organic particle, animal, 02431. continental margin, camera tow, sea floor, organic matter, benthic community, Atlantic, Georges Bank; 07018. nutrient, recycling, nitrogen, isotopic ratio, tracer, Bermuda; Sargasso Sea; 04857.
Eurasian Plate
deformation, rapid uplift, horizontal creep, vertical crustal movement, tectonic implication, leveling survey, tidal observation, Philippine Sea Plate, Taiwan; 04902.
European beech
chlorophyll concentration, manganese soil depletion, spectral response, 05737.
European Blue Flag
water quality standard, water quality monitoring, bathing water, microbiological quality, European Community Directive 76/160, Europe; 00567.
European Centre for Medium Range Weather Forcasting data
atmospheric oscillation, tropical atmosphere, El Nino event, meridional oscillation propagation, 12330.
European Centre for Medium Range Weather Forecasting grid datasets
zonal wind, meridional propagation, low frequency mode, low frequency wave, Asia; 12393.
European Centre for Medium Range Weather Forecasting model
interannual variability, operational model integration, wind error, forecast skill, temperature error, extended range prediction, 12478. low frequency variation, tropical convergence, convergence zone, intraseasonal variation, 12399. resolution, error, forecast skill, extended range prediction, 12479. time lagged forecasting, ensemble forecasting, extended range prediction, 12480.
European Centre for Medium Range Weather Forecasts
atmospheric response, ice age condition, climatology, Earth surface, general circulation model, CLIMAP Project, 11284. eddy heat flux, heat flux calculation, stratosphere, National Meteorological Center, Antarctica; 10056. extended range prediction, prediction, skill, forecast, ensemble forecasting, 13615. Meteosat, national meteorological service, Europe, (Western); 08821. scatterometer data, Seasat, analysis forecast model, forecast, Ark Royal storm, 13620. ship observations, scatterometer data, forecast, quality assurance, quality validation, 13619. soil wetness distribution, short range forecasting, rainfall, forecasting, Africa, Sahel; 13621.
European Centre for Medium Range Weather Forecasts analyses
forecast, tropical cyclone, cumulus parameterisation, 08979.
European Centre for Medium Range Weather Forecasts model
planetary wave, regime, wintertime circulation, dynamical predictability, cluster, 13590.
European Community
air quality, pollution control, environment policy, 00821. cartography, advertising, 03380.
European Community Directive
enterovirus, coastal water quality, virological quality, bathing water, UK, England; 00572. episodic pollution event, river quality management, data interpretation, surface water quality, expert system, 00558. microbiological sampling, bathing water, coastal water quality, shore based sampling, bacterial indicator, UK, Scotland; 00571.
European Community Directive 76/160
European Blue Flag, water quality standard, water quality monitoring, bathing water, microbiological quality, Europe; 00567.
European Community soil map
environmental policy, soil map, cartographic method, Europe; 07332.
European Community water policy
waste water treatment, toxic substance, water resource, water quality policy, Europe; 00651.
European cooperation
atlas, Danubian country, 11522.
European geomorphology
International Geomorphological Map, Geomorphological Map of

Europe, cartographic generalisation, Europe; 09529.
European Loess Belt
Mediterranean Belt, Coversand Region, Rocourt soil, climatic condition, last interglacial, glacial, geosoil traverse, stratotype, Italy, Sardina; Belgium; Greece; 07266.
European Monitoring and Evaluation Programme
monitoring programme, standardisation, trend, laboratory intercomparison, 06678.
European Space Agency
polar platform, earth atmosphere system, international cooperation, 12586.
European survey
emission, anthropogenic source, nitrogen oxide, Europe; Europe, (Eastern); 13672.
European trade
land satellite, mobile satellite, Europe; 13769.
Eurotrac project
Polarstern cruise, pollutant, trace component, 06659.
eustacy
crater, magma chamber, ash fall, caldera sediment, eruption, Indonesia, Sumbawa Island, Mt. Tambora; Saleh Bay; 00076. Sequential Bioquantitative Analysis plot, Palaeoenvironment, Senonian, Jouansalles Formation, correspondence analysis, France, Aquitaine Basin; 07122.
eustasy
empirical uplift estimation, isostatic uplift, lake tilting method, glacio isostatic uplift, Sweden, Fegen Lake; Saven Lake:; 06014. mudrock, delta top deposit, overbank deposit, sandstone, fossil sandstone, Askrigg Block, Namurian, UK, England, Cumbria; North Yorkshire; 09399. sea level, dating method, coastline, neotectonics, North Sea; 08497. Triassic, cyclicity, subsidence, Milankovitch theory, sedimentation, Rhaetic, Italy, Lombardy Basin; 02418.
eustatic
glacio-isostatic, peripheral forebulge, transgression, postglacial emergence, Holocene, marine transgression, Svalbard, Spitsbergen; 02687. molasse, sedimentary evolution, West Congolian Supergroup, Proterozoic, intracratonic trough, Congo; 02420. sediment accumulation, sea floor, limestone, ramp, reef, Carboniferous, carbonate platform, 00120. sediment deposition, slope angle, fabric, carbonate platform, 02402. subsidence, sedimentation, sea level curve, passive margin, 01286.
eustatic boundary
sediment accumulation, onlap, offlap, unconformity, sediment supply, 10589.
eustatic change
environmental change, sediment supply, depositional bias, carbonate, sea level cycle, platform, 09485.
eustatic control
season, climatic zone, paralic sedimentation, Quaternary, tectonic control, 12939.
eustatic curve
modeling, sea level change, submergent, emergent observer, thermal structure, isostatic effect, global isostasy, 11977. sedimentation, Jurassic, Tornquist Line, transgression, Poland; Sweden; 11721. unconformity, Pleistocene, magnetostratigraphy, oxygen isotope record, sedimentation, New Zealand, Wanganui Basin; 02356.
eustatic cycle
overbank deposit, mass transport, levee, sand, submarine fan, sedimentation, USA, Gulf of Mexico, Mississippi Fan; 04731. stacking pattern, sequence, parasequence, Milankovitch, stratigraphic sequence, 09314.
eustatic effect
meteorological effect, oceanic effect, sea level change, tide gauge, neotectonics, Mediterranean Sea; 06183.
eustatic fluctuation
glacioisostatic movement, braided river, meandering river, palaeohydrology, Bolling, Allerod, Dryas, Holocene, glacial lake, USSR, Estonia; 11855.
eustatic history
model, data, sea level, magnetic polarity reversal, comparison, post Miocene, diagenetic history, Pacific, Enewetak Atoll; 02685.
eustatic movement
climate eustatic fluctuation, tectonic movement, coral reef, South China Sea; 06185. texture, Sinian, Doushantuo Formation, sedimentation, phosphorite, China, Jiangxi Province, Zhaoyang; 10610.
eustatic oscillation
Triassic, San Cassiano Formation, carbonate platform, deep water cycle, platform progradation, Italy, Dolomites, San Cassiano Formation; 09413.
eustatic record
palaeomagnetic measurement, core, magnetostratigraphy, sea level, coral atoll, atoll magnetostratigraphy, record calibration, French Polynesia, Mururoa Atoll; 08504.
eustatic rise
drainage, salinisation, soil resource, sea level rise, 07272. postglacial rebound, secular change, sea level change, tide gauge, deglaciation, glacier melting, 13162. sea level, earthquake, postseismic uplift, coseismic uplift, uplift rate, postseismic relaxation, tide gauge, subduction zone, USA, Alaska; 09503.
eustatic sea level
fluctuation, polar wander, sea level fluctuation, rheological stratification, depositional sequence, 01445. Holocene deglaciation, ice sheet, Last glacial-interglacial cycle, three dimensional experiment, thermomechanical ice-sheet model, grounding line dynamics, isostatic bed adjustment, model calculation, Antarctica; 00343. mantle convection, sea level, continental flood, mantle lithosphere dynamics, 13164. rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, La Perade Clay, climatic optimum, lithostratigraphy, tectonically stable, allochtonous ice, glacioisostasy, glacial lake, climatic cycle, isostatic rebound, Canada, Quebec, St Lawrence Valley; 02657. sediment supply, barrier beach, beach, Holocene, shoreline, gravel, UK, England, Sussex; 06995. unconformity, delta, shelf margin, sea level stand, continental shelf, seismic stratigraphy, shelf growth pattern, Spain, Ebro Shelf; Cap Salou; Mediterranean Sea, Columbretes Islands; 06098. uranium/thorium dating, coral, Pleistocene terrace, Quaternary uplift, dating, tectonism, terrace, Pacific, New Hebrides, Vanuatu; Ile d'Efate; 01394.
eustatic sea level change
tectonics, palaeoenvironment, Miocene, sea level change, sedimentation cycle, Egypt, Nile Delta; 09349.
eustatic sea-level rise
radiocarbon date, Tapes transgression, sea level, pollen stratigraphy, palaeolake, Allerod, Younger Dryas, Norway, Sunnmore; 00321.
eutrophic
sedimentation, nutrient, nitrogen, estuary, pycnocline, storm, Japan, Tokyo Bay; 02334.
eutrophic channel
gas chromatography, dissolved oxygen, acetate, propanoate, butanoate, carboxylic acid, drainage water quality, sediment, drainage channel, hypoxic sediment, 04135.
eutrophic ecosystem
nutrient, chlorophyll, dilution process, oligotrophic environment, Mediterranean Sea; France, Rhone River; 08266.
eutrophic environment
organism, trap sample, upwelling, particle flux, sedimentation, organic matter, 09453.
eutrophic lagoon
lagoon, atmospheric deposition, lake water quality, nutrient, heavy metals, organic micropollutant, Brazil, Rio de Janeiro State, Lagoa de Guarapina; 04054.
eutrophic lake
anthropogenic activity, lake, trophic state, organic matter, sediment concentration, Japan; 06974. mineralisation, phosphorus, pollutant, lake, productivity, sedimentation, Netherlands, Lake Veluwe; 11667. pollen, diatom, boreal forest, lake, meromixis, fire, Canada, Alberta, Baptiste Lake; 08159.
eutrophic water body
water body, mesotrophic water body, 11615.
eutrophication
algae bloom, multispectral scanner, lagoon water, Italy, Venice; 10439. algae, uncertainty model, parameter identification procedure, shallow lake, model prediction, lake water quality, water quality management, 09821. aquaculture, lake water quality, irrigation water, sludge use, sediment use, water purification, nutrient reuse, 02867. catchment characteristic, nutrient source, lake characteristic, dissolved oxygen, phosphate release, lake water quality, 02862. chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, nutrient, inflow river, carbon, nitrogen, phosphorus, discharge, organic matter, production degradation process, Japan, Lake Kasumigaura; 11020. cycling, carbon, nitrogen, phosphorus, silicate, nutrient cycling, phytoplankton, North Sea; 12986. denitrification, anoxic, nitrous oxide, contaminant, sewage, North Sea, German Bight; 01269. denitrification, diagenesis, nutrient, pelagic ecosystem, sediment-water exchange, phytoplankton, North Sea, Dogger Bank; 05966. ecotone, riparian zone, phosphorus, groundwater, lake water quality, surface water-groundwater interaction, specific conductance, phosphate, nutrient, Sweden, Bysjon Lake; 13342. estuary, surface water quality, sediment load, nutrient concentration, mixing water, remote sensing technique, estuarine mixing, spatial variability, river plume, 12210. eutrophication, sea water, mesocosms, phosphorus, nutrient loading, 00173. evapotranspiration, hydrological process, wetland, phosphorus, Canada, Ontario; 12131. excretion, nutrient, seepage lake, coastal pond, lake water quality, kettle pond, gull, phosphorus, nitrogen, USA, Massachusetts, Cape Cod; 06306. fish farm, sedimentation, nutrient, nitrogen, phosphorus, Secchi depth, Baltic Sea; 12913. flushing, sedimentation, phosphorus dynamics, lake water quality, modelling, 13337. forest hydrology, throughfall, stemflow, spatial variability, atmospheric deposition, dry deposition, net deposition, bulk precipitation, acidification, 01633. fresh water system, salt water system, phosphorus immobilisation, phosphorus, sediment loading, surface water quality, phosphorus release, 00555. lake modelling, lake water quality, expert system, trend analysis, parameter estimation, multivariate analysis, Bayesian decision theory, nutrient, lake restoration, cyanobacteria, Finland, Tuusulanjarvi Lake; 07492. lake restoration, reed harvesting, alum treatment, lake water quality, nutrient, trophic status, polluted lake, Greece, Lake Kastoria; 13335. lake water quality, resource management, water demand, surface water, groundwater, Hungary, Danube River; Tisza River; Hungary, Lake Balaton; Hungary, Gabcikovo-Nagymeros River Dam; 13468. lake water quality, Swiss lake, lake restoration, phosphorus reduction, dissolved oxygen, nutrient input, sewage treatment, Switzerland; 13339. lake, diatom, palaeolimnological, accumulation rate, microfossil, UK, Northern Ireland, Lough Augher; 03531. loading capacity, river recovery, flow regime, biomass production, ecological modelling, reservoir, tropics, subtropics, morphometry, retention time, thermal stratification, circulation pattern, dissolved oxygen consumption, South America; 12191. microfossil, gyttja, diatom, nutrient, Baltic Sea; 00187. nitrogen cycling, atmospheric deposition, sulphur cycling, chalk grassland, acid rain, Netherlands; 01634. nitrogen dynamic, denitrification, sediment oxygen consumption, sedimentation, oxygen, North Sea, Kattegat; 00180. nitrogen transport, sub surface colluviation, colluvial deposit, UK, England, West Sussex; 08394. nutrient condition, dissolved oxygen, Secchi depth, algal growth, phytoplankton, reservoir limnology, Argentina, Uruguay River, Salto Grande Reservoir; 12193. nutrient load, lake water quality, 02864. nutrient, lake sediment, phosphorus speciation, superficial sediment, Switzerland, Lake Geneva; 08161. oil shale fired power plant, lake water quality, phosphorus, nitrogen, sulphur, anaerobic condition, sulphate ion content, USSR, Lake Peipsi; 11013. organic carbon, decomposition, calcium carbonate, solubility, surface water quality, sewage water, Jordan, King Talal Reservoir; 13333. particulate silicate, phytoplankton, dissolved silicate, sedimentation, surface water quality, diatom, biogenic silicate, Netherlands, Rhine River; 00554. peat extraction, conservation area, fen, Germany, Lower Saxony, Helmstedt District, Rieseberg Fen; 12132. phosphorus, lake rehabilitation, lake water quality, cyanobacteria, blue-gree algae, Norway, Mjosa Lake; 00540. phosphorus, potassium, reservoir, nutrient loss, sediment loss, surface water quality, catchment study, pasture improvement,

streamflow, upland management, runoff, nitrate, UK, Wales, Nant-y-Moch; 02947. potable water, Dissolved Air Flotation, filtration, sedimentation, water treatment, surface water quality, South Africa; 05195. potable water, sedimentation, filtration, dissolved air flotation, micropollutant, taste problem, odour problem, surface water quality, South Africa; 07503. reservoir, modified biochemical oxygen demand method, algal growth potential method, lake water quality, phosphorus, limiting nutrient, phytoplankton, biologically available phosphorus, chlorophyll-a, trophic state, Japan, Kiso River; 04051. rill erosion, soil loss, water erosion, agricultural land, nutrient loss, Sweden; 13210. salinity, nutrient loading, sewage, agricultural drainage water, lake water quality, Egypt, Lake Manzala; 01673. scavenging process, suspended particle, sinking particle, marine organism, bioelement, Japan, Osaka Bay; 09389. sea water, mesocosms, phosphorus, nutrient loading, eutrophication, 00173. sediment accretion, pigment stratigraphy, lake, radionuclide dating, Netherlands, Lake Vechten; 01208. sediment loss, solute loss, nutrient loss, lake water quality, runoff, hydrological process, UK, England, Devon, Slapton Ley; 06308. sedimentation, heavy metal, organic matter, carbonate, marine geology, pollution, India, Kerala, Mahe Estuary; 08208. surface water quality, river borne nutrient, algal bloom, mass dieoff, dieoff, Romania, River Danube; Black Sea; 02886. trophic classification system, trophic state indicator, limiting nutrient concept, algal bioassay, lake water quality, physiological indicator, 02861. water chemistry, saprobity, inorganic nitrogen, orthophosphate, chlorophyll-a, biological oxygen demand, historical data, hydrochemistry, phytoplankton, canal, lake water quality, Netherlands, Rijnland; 04068. water quality management, nutrient load, remedial action, lake water quality reservoir, 11111. water quality, phytocenoses, Secchi-disk depth, chlorophyll, Netherlands, Friesland; 01137. water quality, waste water, water temperature, lagoon water, pH, Eh, salinity, nutrient concentration, bacteria, Italy, Venice; 04052.

utrophication amelioration
aquatic weed control, flood prevention, herbicide, water quality, soil stability, erosion control, 02964.

utrophication control
nutrient source control, lake control measure, lake water quality, phosphorus control, water treatment, land use management, 02866.

utrophication control programme
lake control measure, lake water quality, lake limnology, nutrient source control, 02868.

utrophication history
sediment core, diatom, phosphorus fraction, lake management, palaeolimnological investigation, Finland, Tuusulanjarvi Lake; 07491.

utrophication model
trophic state, lake water quality, lake limnology, watershed model, waterbody model, 02863.

utyrrhenian
Neotyrrhenian, Tyrrhenian Stage, Pleistocene(Upper), terrace, tectonic dislocation, Cutro terrace, Leonardo Campolongo Isola di Capo Rizzuto Terrace, Le Castella Capo Rizzuot Terrace, Capo Colonne Terrace, sea level lowering, Crotonian stage, marine regression, Italy, Calabria, Crotone Peninsula; 08499.

uxinic basin
organic matter, black shale, Cretaceous, anoxia, sapropel, 04852.

vacuation strategy
map, flood hazard, landslide hazard map, Cyclone Namu, Pacific, Solomon Islands, Guadalcanal; 06066.

vacuation system
warning system, scientific prediction system, sea level, surge event, coastal hazard, 06168.

valuation
land management, cropping practice, soil conservation, USLE, relative erosion hazard, Australia, New South Wales; 02746. mapping, conservation, natural resource, ecosystem, Mongolia; 13916. municipal model, functional capability, GIS, Canada, Ontario; 13816. organic fraction, paleosol, loess-paleosol sequence, pretreatment technique, radiocarbon dating, China, Xian; 02589.

valuation technique
land evaluation, GIS, UK, Scotland; 12730.

vanston Formation
Sublette Range Conglomerate, proximal deposit, thrust, tectonic provenance, USA, Utah; Wyoming; USA, Idaho; 10590.

vapoclimatonomy
water balance, evapotranspiration, runoff, soil moisture, precipitation, rain fall, surface energy balance, Africa, Sahel; Niger, Niamey; 04249.

vaporanspiration
dissolved organic carbon, subarctic fen, fen, skin flow, throughfall, soil water, surface water quality, Canada, Quebec, Schefferville; 07506.

vaporating spray
spray, droplet dispersion, size distribution, humidity, model, 13602.

vaporation
actual evapotranspiration, potential evapotranspiration, water balance, groundwater recharge, Penman estimate, lysimeter, pan evaporation, soil moisture deficit, water table level, transpiration, UK, Northern Ireland, Coleraine; 09790. alpine tundra, water balance, energy balance, potential evaporation, heat flux density, soil moisture, mountainous terrain, Canada, Cordillera; 08658. approximation error, Penman equation, saturation vapor-pressure curve, combination equation, 12151. atmospheric transport, halocarbon, estuary, industrial pollutant, tracer, 00502. baroclinic experiment, barotropic experiment, stratification, gyre, circulation, precipitation, 01182. condensation, infiltration, antecedent moisture condition, variable source area, return period, environmental water, transpiration, interception, photosynthesis, respiration, precipitation, soil water, groundwater, watershed hydrology, hydrological cycle, water movement, water storage, 10963. convective precipitation, stratiform precipitation, isotopic composition, precipitation, extratropical cyclone, oxygen isotope analysis, cloud top temperature, 01959. crop water requirement, potential evapotranspiration, soil water balance, plant physiology, database, cultural practice, wateruse efficiency, Africa, Sudan; Sahel; 12142. denitrification, mixing, lake water chemistry, sedimentation, mass balance budget, water source, phosphorus, nitrogen, calcium, chlorine, internal sink, water budget, Israel, Lake Kinneret; 07488. dilution, wind, current, sedimentation, biological uptake, microbial oxidation, photooxidation, petroleum contamination, oil spill, hydrocarbon fate, surface water quality, Antarctica, Arthur Harbour; 13362. drainage, soil water content pressure head relationship, soil water characteristic, hydraulic conductivity pressure head function, hillslope hydrology, soil hydraulic property, hysteresis, infiltration, 11043. droplet, water, ammonia, 03105. drought persistence, hydro metric data, flood, hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, evapotranspiration, Africa, (West); (Central); 06262. energy balance, arid zone hydrology, evapotranspiration model, surface water balance, crop yield, 12157. energy balance, bimodal climate response, water vapour transport, coupled ocean atmosphere, box model, thermohaline circulation, surface heat flux, 05442. energy balance, sensible heat flux, heat flux measurement, Pinus pinaster stand, forest, sap flow, 13540. evaporative loss, soil surface, water use efficiency, micro lysimeter, leaf area index, evapotranspiration, Syria; 01639. evapotranspiration, transpiration, soil evaporation, Institute of Hydrology, ICRISAT Sahelian Center, porometry, microlysimeter, energy balance, soil wetness, eddy correlation measuring device, semi arid area, water balance, dryland millet, Niger; 06270. fen, water balance, soil moisture change, hydrological process, permafrost environment, gamma density meter, moisture storage, melt water, infiltration, 13438. fissure system, drainage, unsaturated zone, aquifer recharge, moisture content, piston flow, hydraulic conductivity, tracer experiment, soil moisture potential, chalk, recharge, groundwater hydrology, UK, England, (Southeast); 07523. free water surface, Penman formula, evaporation pan, water management, Sudano-Sahelian climate, 06269. frequency analysis, stability level, Taiwan; 11187. general circulation model, soil water storage, climate, equilibrium state, land surface, hydrology, precipitation, 07699. grassland, soil water balance, neutron probe, water content, surface runoff, infiltration, Niger, Ibecetene; 12233. groundwater recharge, urban catchment, rural catchment, mathematical model, semi arid area, rainfall runoff modelling, model applicability, soil type, topography, rainfall pattern, infiltration, soil moisture storage, rainfall spatial distribution, Tunisia; 06295. groundwater, surface temperature, surface reflectance, soil unit, Egypt; 01140. hill pasture, microclimate, Bellani plate evaporimeter, frost free period, solar radiation, USA, Appalachian Mountains; 00728. hydrologic model, general circulation, climate model, scale problem, surface moisture, moisture flux, 07700. hysteresis, consumptive wateruse, evapotranspiration, recharge, groundwater extraction, water management, irrigation water management, runoff yield model, infiltration, soil moisture, groundwater table, China; 11122. isotopic profile, Sahelian climate, deuterium, oxygen-18, soil characteristic, water table level, Niger, Niger Valley; 12158. lake level, palaeoclimatic implication, high stand, Lake Lahontan, model, USA, Nevada, Lake Lahontan; 04978. land management, soil type, forest hydrology, water resource, forest water use, water quality, climatic variation, 02955. latent heat flux, energy storage, radiation, energy storage term, sensible heat flux, short term measurement, lake evaporation, eddy correlation, energy budget, 13315. lysimeter, clay soil, soil moisture conservation, silty clay soil, cumulative evaporation, ploughless tillage, straw incorporation, Sweden; 05120. Lysimeter, drainage evolution, infiltration rate, groundwater recharge, Spain, Barcelona, Valles Occidental; 00573. lysimeter, permeability, oasis, suspended sediment, recharge, groundwater resource, infiltration, Mali, Air Mountains, Agrar Egalan; 13407. mass balance, solute chemistry, closed basin, groundwater, evaporite, arid area, USA, New Mexico, Southern High Plains; Texas, Southern High Plains; 09356. microwave remote sensing, bare soil, 10399. montane tropical rainforest, rainfall interception, interception, rainforest, storage capacity, canopy storage, epiphyte, 07455. nitric acid, Fourier transform, infrared study, model, polar stratosphere, cloud surface, ice growth, 11334. particulate system, deposition, aerosol, coagulation, 04440. pasture, infrared thermometry, resistance model, sensible heat, aerodynamic resistance, surface temperature, diurunal trend, canopy air temperature, Australia, New South Wales, Goulburn; 00729. phytomass production, transpiration, vegetation cover, plant growth, USSR, Siberia, Desert Region; Asia, (Central); 12155. pollution dispersion, convective boundary layer, 04430. precipitation chemistry, precipitation, storm water, 00869. precipitation, ground level gauge, raingauge, evaporimeter, 07648. radioisotope data, tritium, lake surface, water balance, lake inflow, USSR, Sarykamysh Lake; 07459. rainfall runoff, rainfall duration curve, rainfall frequency curve, urban catchment, rainfall intensity curve, peak flow, continuous model, linear regression model, impervious surface, semipervious surface, infiltration, percolation, 07465. regional evaporation, prairie, atmospheric boundary layer, latent heat flux, planetary boundary layer, Bowen Ratio, 13314. regional interaction, canopy, energy balance model, 11190. runoff formation, hydrological process, drought management, arid area, semi arid area, hydrological modelling, water management, rainfall runoff model, data requirement, rainfall, Africa; 06289. runoff, groundwater, water resource data, development plan, data base system, water resource management, computer system, precipitation, China; 09942. runoff, Sudano-Sahelian climate, groundwater recharge, soil moisture estimation, hydrological balance, precipitation, Africa, Sudano-Sahelian Region; 06356. seepage, water loss, reservoir, pan coefficient, India, Rajasthan, Pali, Sardar Samand Reservoir; 07485. shelterbelt, agroecological effect, semi arid region, China; 07682. snowmelt, salinisation, groundwater, water table, Canada, Alberta; 01583. spruce forest, interception, throughfall, stem flow, forest hydrology, precipitation, UK, Scotland, Balquhidder; 05116. storm flow, parameter estimation, hillslope hydrology, soil property, antecedent condition, surface runoff, subsurface runoff, groundwater flow, hydraulic conductivity, soil porosity, Australia, Western Australia; 07472. sublimation, precipitation, mountain glacial climate, glacier, continentality, longwave radiation, condensation, 03028. temperature variation, eddy diffusion model, climate change, lake water level, lake level modelling, USA, Oregon, Harney Malheur Lake; 08657. Thornthwaite soil moisture model, Morton evaporation model, Bouchet Morton evaporation model, catchment scale evaporation, actual evaporation, model calibration, Penman poten-

tial evaporation, 10981. Tortonian, Pliocene, salinity, Messinian sediment, heavy metals, Cyprus, Polemi Basin; Pissouri Basin; 03618. transpiration, agrometeorological water balance, crop simulation model, crop wateruse, plant physiology, water balance, leaf area index, Africa, Sudan; Sahel; 12159. transpiration, bare soil surface, potential transpiration, actual evaporation, Priestly Taylor equation, runoff, Penman equation, Africa, Sudan; Sahel; Niger; 12156. transpiration, Bowen ratio method, cotton crop, microlysimeter, leaf area, plant density, soil water, energy balance, stem flow measurement, evapotranspiration, water balance, USA, Texas, Lubbock; 05119. transpiration, drainage, water balance study, storage, loss, rainfall, runoff, soil water storage, 12144. transpiration, interception loss, water balance, snow tussock, lysimeter, New Zealand, Otago; 05122. transpiration, runoff, deep drainage, soil water storage, crop wateruse, wateruse efficiency, tillage, fertiliser application, soil characteristic, water balance, plant physiology, crop water balance, rainfall, Africa, Sudan; Sahel; 12141. transpiration, runoff, drainage, temperature, cloud cover, humidity, wind speed, moisture estimation, soil characteristic, evapotranspiration, water balance model, precipitation, USA, Midwest; 12224. transpiration, wetland, groundwater mound, Australia, Western Australia, Perth; 02837. tropical forest, regional climate, precipitation, GCM, land surface-atmopshere coupling, runoff, 04323. turbulent airflow, column evaporation experiment, water table depth, deuterium concentration profile, bare land evaporation, restricted water table, unrestricted water table, 05123. vorticity, cold front, frontogenesis, foehn, Europe, Alps; Germany; 04279. water balance study, crop wateruse, mulch, water conservation, soil moisture, wateruse efficiency, Niger; 12282. water balance study, Neutron moisture meter, calibration procedure, regional evaporation, soil moisture, rainfall, Australia, New South Wales, Goulburn-Marulan Region; 12154. water balance, stream flow, hydrological atlas, water resource, map, lake, water quality, precipitation, glacier, Switzerland; 10967. water exchange, sea river interaction, mixing zone, surface water quality, oxygen isotope, salt exchange, salinity change, isotopic composition, residence time, Arctic Ocean; USSR, Caspian Sea; 07505. wateruse efficiency, soil water balance, plant physiology, soil characteristic, crop wateruse, water management, soil water movement, infiltration, drainage, Africa, Sudan; Sahel; 12290. wind speed, snow evaporation, melt rate, Canada, Alberta; 00621. zero flux boundary, soil moisture storage, moisture conservation, sandy soil, bare fallowing, mulching, drainage, Niger; 07584.

evaporation basin
controlled outflow, dilution flow, aquifer disposal, desalinisation, root zone, saline water reuse, saline water disposal, subsurface drainage effluent, land management, soil degradation, groundwater salinisation, Australia, Murray Basin; 05264.

evaporation calculation
Penman equation, shaded Piche evaporation, lake evaporation, aerodynamic term, open water evaporation, Piche evaporation rate, Sudan, Sennar Lake; 12152.

evaporation efficiency
vegetation cover, Penman's open water evaporation formula, evapotranspiration, wetland, sedge community, 05117.

evaporation estimation
river discharge, precipitation measurement, snow, glacier, water balance, river flow, bed load, water cycle, hydrological modelling, acid rain, basin characteristic, surface water resource, measurement method, mountain hydrology, 12135.

evaporation flux
mathematical simulation model, Phreatic aquifer, piezometric depression, environmental isotope, groundwater resources, tritium, carbon-14, water transfer movement, aquifer recharge, circulation, water table depth, Mali, Nara Region, Interior Delta; 06365. pesticide evaporation rate, soil, 07827.

evaporation loss
surface water resource, reservoir, water resource, runoff loss, river discharge, groundwater recharge, water table rise, USSR; 08808.

evaporation measurement
Alpine basin, ALPEX RHONEX project, bulk transfer method, energy balance, Bowen ratio, profile method, Monin Obukhov function, latent heat flux, sensible heat flux, Switzerland, Gletsch; Oberwald; 08659. grassland catchment, Penman equation, upland area, lysimeter, UK, Scotland; 08661.

evaporation model
alpine tundra, Bowen ratio, energy budget, latent heat flux density, aerodynamic equation, Priestley Taylor model, residual method, Canada, British Columbia; 08660. suburban evaporation regime, advection, landuse effect, surface energy balance, latent heat flux, atmospheric influence, Bowen ratio, moisture availability, soil moisture, saturation deficit, sensible heat flux, 12153.

evaporation pan
water management, Sudano-Sahelian climate, evaporation, free water surface, Penman formula, 06269.

evaporation pond
water quality management, irrigation water quality, reservoir, salinity management, river basin, Iran, Shapur River; Dalaki River; 11106.

evaporation prediction
catchment scale, coupled canopy, canopy, mixed layer model, 13543.

evaporation process
hillslope hydrology, energy balance, water balance, hydroclimate, vegetation cover, soil characteristics, topography, rainfall, interception, wind speed, temperature, radiation, 10999.

evaporation rate
drop energy balance, mass transfer, water drop, leaf, cereal, canopy, 07690. groundwater flow, salt lake, AVHRR, Australia, South Australia, Lake Eyre; 10382.

evaporation reduction
shading, floating material, free water surface, 07458.

evaporative loss
crump weir, v notch weir, water balance, flat v weir, dilution gauging, sediment accretion, velocity distribution, sediment load, solute load, mountain basin, structure calibration, stream gauging, current meter, forested catchment, grass catchment, UK, Scotland, Balquhidder, Kirkton Catchment; Monachyle Catchement; 08708. soil surface, water use efficiency, micro lysimeter, leaf area index, evapotranspiration, evaporation, Syria; 01639.

evaporimeter
evaporation, precipitation, ground level gauge, raingauge, 07648.

evaporite
anhydrite, kieserite, Zechstein, Germany, Gorleben; 03655. anhydrite, Permian, Wolfcamp Formation, Wichita Group, USA, Texas, Paleo Duro Basin; 11738. arid area, evaporation, mass balance, solute chemistry, closed basin, groundwater, USA, New Mexico, Southern High Plains; Texas, Southern High Plains; 09356. arid weather, enrichment, mineralisation element, clay mineral, salt lake, China; 10657. basin, core, salt pan, playa, brine, water chemistry, USA, California, Bristol Dry Lake Basin; 11735. Belle Roche breccia, Visean, dissolution, breccia, Belgium; 02406. carbonate pedogenesis, aeolian dune, uranium series date, dune stabilisation, Strzelecki dunefield, hyperaridity, uranium series, dating, lake, dune, hydrological cycle, salt lake basin, Australia; 13106. clay, diatomite, salinity crisis, celestite, Messinian, Italy, Puglia; 03617. Devonian, Mississippian, carbonate, aquifer, isotopic composition, sea water, USA, Iowa; 10597. diagenesis, sabkha, anhydrite, gypsum, groundwater, Kuwait, Al-Khiran; 07011. groundwater, playa lake, drainage basin, carbonate, Australia; 00063. gypsum, Messinian, isotopic ratio, brine, salinity crisis, sea water, Mediterranean Sea, Nile River; Tyrrhenian Sea; 00137. gypsum, sea water, brine, shell, Messinian, Mediterranean Sea, Bannock Basin; Tyro Basin; 05873. halite, gypsum, Vempalle Formation, Papaghni Group, India, Andhra Pradesh, Cuddapah Basin; 10608. isotope, carbonate, limestone, sea water, Italy, Sicily; 03615. Miocene, Pliocene, transgression, ooze, foraminifera, Messinian, salinity crisis, Tyrrhenian Sea; 00148. petroleum, environmental geochemistry, coal, volcanology, carbonate, 04881. potash, brine, basin, fluid inclusion, 11733. Quaternary, lacustrine evaporite, groundwater, aeolian gypsum, pedogenic gypsum, gypsum, Australia, New South Wales, Willandra Lakes, Prungle Lakes; 11675. Rhinegraben, Oligocene, organic matter, potash, palynology, France, Alsace, Mulhouse; 07053. sabkha, Lias, Mestaoua Formation, basin, Jurassic, 12933. Salado Formation, Permian, fluid inclusion, brine, silicate, diagenesis, USA, New Mexico, Delaware Basin; 10632. salt pond, bacteria, lactone, sterol, hopane, phytanyl thiophene, isoprenoid, Spain, Alacante, Santa Pola; 07098. sea water, ooze, Messinian, mud, Tyrrhenian Sea; 00136. sedimentation, brine, playa, saline lake, palaeohydrology, palaeoclimate, Canada, Saskatchewan, Ceylon Lake; 08158. sedimentation, sulphate, chloride, Pitzers equation, 12925. shale, Lagoa Feia Formation, source rock, rifting, Cretaceous, volcaniclastic conglomerate, Brazil, Campos Basin; 11755. silicate, atmospheric precipitation, suspended sediment, surface water chemistry, element load, drainage basin, weathering, erosion, carbonate, China, Yellow River; Yangtze River; 05193. solution breccia, dissolution, subsidence, karst, gypsum, Kirschberg Evaporite Member, USA, Texas, Gillespie County, Fredericksburg; 02347. subsidence, sedimentation, fault, graben, Messinian, oceanic crust, Tyrrhenian Sea, Site 652; Site 654; 00147. trace element, strontium, marl, carbonate, gypsum, Spain, Duero Basin; 10602. Trans-Aravalli Vindhyan, Proterozoic(Upper), Cambrian(Early), halite, India, Rajasthan; 10609. Zechstein, Permian, Main Dolomite, dolomitisation, carbonate, sabkha, Poland, Leba Elevation Area; 01281.

evaporite basin
salt pond, water depth, aragonite, gypsum, halite, Netherlands Antilles, Bonaire; 01228.

evaporite pool
diagenesis, fluid inclusion, sea water, halite, brine, Permian, USA, Texas, Palo Duro Basin; 08227.

evaporite sediment
theoretical study, U series isochron, total sample dissolution, dating method, radiochemical data, impure carbonate, lacustrine environment, 09553.

evapotranspiration
aerodynamic characteristic, forest hydrology, forest floor evaporation, understorey radiation regime, stomatal conductance characteristic, McNaughton-Jarvis parameter, understorey evapotranspiration, 02836. Arctic watershed, permafrost, water balance, pan evaporation, energy balance, Priestley-Taylor method, USA, Alaska, Imnavait Creek; 13439. artificial drainage, land use, landscape ecology, groundwater flow, groundwater level, forest cover, deforestation, anthropogenic influence, historical geography, ombrotrophic peat, peat formation, Netherlands, Noord-Brabant, Kempen; 06381. atmospheric radiation flux, short wave radiation, surface albedo, vapour transfer coefficient, wind speed, wind correction factor, regional evaporation, Mortons model, daily evaporation, long wave radiation flux, complementary relationship areal evapotranspiration model, Canada; 09791. automatic weather station, irrigation water management, agro-meteorology, solar radiation, temperature, humidity, wind, rainfall, leaf wetness, sugar cane, Reunion; 03012. Bowen ratio, eddy correlation, Penman combination method, actual evapotranspiration, psychrometer constant, USA, California, Owens Valley; 01637. computer model, stream flow, runoff, water balance, water exchange transfer, savannah catchment, Ivory Coast; 06297. cropped field, fallow field, millet crop, water conservation, soil water balance, crop water supply, Niger; 12234. DEMGEN model, soil physical characteristic, soil hysteresis, agrohydrological model, agricultural water demand, model calibration, model verification, water management, unsaturated flow, drainage, Netherlands; 06388. deterministic method, stochastic method, soil water balance, water balance model, crop characteristic, soil charactersitic, simulation model, tensiometer, neutron probe, water storage, root growth, actual evapotranspiration, drainage, lysimeter, Ivory Coast, Bouake; 12236. Douglas fir stand, carbon dioxide flux, summertime change, root zone, soil water storage, canopy, 12356. drainage, crop coefficient, soil water balance model, drought, actual evapotranspiration, millet crop, soil texture, soil moisture storage, root zone, Niger; 12240. drainage, water balance, urban hydrology, groundwater, 13306. drought cycle, water balance, forest hydrology, transpiration, eucalypt forest, plant water use, cork oak forest, interception, stem flow, soil moisture, Portugal, Alentejo, Odemira; 09914. drought, GCM, climate change, soil moisture, 04346.

evaporation, drought persistence, hydro metric data, flood, hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, Africa, (West); (Central); 06262. evaporation, evaporative loss, soil surface, water use efficiency, micro lysimeter, leaf area index, Syria; 01639. fluvial history, braided river, meandering channel, incision, aggradation, floodplain, palaeohydrological development, temperature, precipitation, Netherlands, Mark Basin; 10677. greenhouse effect, carbon dioxide, 01950. groundwater flow, water balance, catchment, interflow, precipitation, runoff, 02826. hydrologic magnification, anti-transpirant effect, atmospheric carbon dioxide, carbon dioxide, climatic change, runoff, precipitation, soil moisture deficit, 04021. hydrological process, wetland, phosphorus, eutrophication, Canada, Ontario; 12131. infiltration, land cover, runoff hydrograph, rainfall runoff relationship, rainfall distribution, interception, Poland, Carpathian Mountains, Trzebunka; 06282. infiltration, precipitation, interception, unsaturated zone model, groundwater flow model, flow characteristics spatial variation, Netherlands, Hupselse Beek; 06337. ion concentration, groundwater flow, throughflow, diurnal fluctuation, electric conductance, drought, streamflow fluctuation, forest catchment, Japan; 02843. island hydrology, groundwater quality, salinity, aridity, airborne salt, Atlantic, Canary Islands; 09894. karst denudation, carbon dioxide, climate, soil carbon dioxide, soil temperature, soil moisture, USA, Georgia, Pigeon Mountain; North Carolina, Rocky Point; 00915. leaching, soil drainage, USA, South Dakota; 00460. leaf area index, fire, shrub steppe ecosystem, soil moisture, 06386. leaf conductance, plant water potential, soil moisture, water use efficiency, grassland ecosystem, soil water dynamics, transpiration, water loss, 05118. lysimeter, infiltration capacity, infiltration, melt water, water balance, sandy aquifer, groundwater recharge, groundwater resource, soil moisture, Finland, Hyryla; 05251. net surface radiation, hydrological balance, deforestation, climate, surface energy balance, Brazil, Amazon; 03129. neutron probe, Bowen ratio method, soil moisture content, actual evapotranspiration, water balance, leaf area index, cassava, water use efficiency, Ivory Coast, Adiopodoume; 01636. one layer model, heat transfer, partial canopy cover, canopy cover, cotton field, soil surface, leaf area index, two layer model, 10016. overland flow, subsurface flow, groundwater flow, flow route, base flow, hillslope hydrology, soil moisture content, storm runoff, 10998. Penman equation, Penman-Monteith equation, energy budget, surface temperature, air temperature, flux density, latent heat, saturation vapour pressure vs. temperature curve, 01641. playa, transpiration, sensible heat flux, microclimate, latent heat flux, Bowen ratio, closed desert basin, osmotic potential, albedo, 09789. postglacial history, glacio-isostatically adjustment, palaeohydrology, incision, aggradation, river terrace, flood plain, Finland, Ivalojoki River; Oulankajoki River; 11848. recharge, groundwater extraction, water management, irrigation water management, runoff yield model, infiltration, soil moisture, groundwater table, evaporation, hysteresis, consumptive wateruse, China; 11122. regional evapotranspiration, geochemical model, radionuclide, precipitation chemistry, chloride, Israel, Jordan River; 04029. remote sensing, areal evapotranspiration, satellite imagery, soil temperature, soil vegetation atmosphere interface, thermal infrared, remote sensing, energy budget, leaf area index, Finland, Eurajoki River Basin; 10982. residence time, environmental isotope, groundwater recharge, fissured aquifer, groundwater circulation, isotopic technique, infiltration, hydrogeological study, Burkina Faso, Sudan Shield; 00598. runoff, atmospheric model, soil moisture, precipitation, topography soils index, water balance flux, land surface atmosphere interaction, surface hydrology, climate modelling, general circulation model, 12129. runoff, discharge, soil texture, land cover, biogeochemical cycling, land surface atmosphere interaction, climate modelling, basin model, anthropogenic effect, impoundment, landuse change, climate change, hydrologic process, soil water, Africa, Zambezi River; 12275. runoff, floodplain inundation, water balance model, water transport model, continental scale model, river discharge, soil moisture, Brazil, Amazon River; 02831. runoff, soil moisture, precipitation, rain fall, surface energy balance, evapoclimatonomy, water balance, Africa, Sahel; Niger, Niamey; 04249. runoff, soil moisture, vegetation change, satellite data, climate change, rainfall decline, surface water balance, Lettau climatonomy model, Africa, Sahel; 12145. salinity, soil salinity, intertidal gradient, sediment, salt marsh, mud flat, precipitation, Netherlands; 12140. satellite method, albedo model, mean bias error, insolation, 06460. semi arid region, hydrogen isotope, oxygen isotope, isotopic composition, soil water, atmospheric water vapour, leaf water, transport mechanism, soil plant atmosphere continuum, 05121. sensitivity testing, CREAMS, ERHYM-II, computer model, groundwater flow, model calibration, waste disposal, radioactive waste, soil moisture, runoff, snowmelt, wilting point, 11032. shallow watertable, crop evaporation, capillary rise, lysimeter, irrigation practice, watertable management, water balance model, radiant canopy temperature, soil water content, neutron probe, upward flux, energy balance model, soil heat flux, agricultural water, water management, 13454. soil chemistry, acidification, afforested catchment, stream water quality, ion uptake, acidic deposition, dry deposition, UK, Scotland; 09917. soil hydraulic property, stream flow generation, water balance, hydrological modelling, mountain basin, spatial variability, water cycle, France, Ringelbach Research Catchment; 08644. soil moisture recharge method, Penman formula, equilibrium evaporation method, Brutsaert-Stricker method, Bouchet method, complementary evaporation concept, catchment waterbalance method, actual evapotranspiration, Malawi; 02835. soil moisture, soil type, surface runoff, normalized difference vegetation index, surface water balance, vegetation cover, Lettaus climatonomy model, soil moisture, runoff, Africa, (West); 12239. surface soil moisture, Priestley Taylor concept, soil heat flux, vegetation cover, soil drying, 10980. thermal infrared data, 02189. transpiration, lysimeter, grassland, soil water evaporation, crop coefficient, rangeland, USA, South Dakota, Newell; Idaho, Reynolds; USA, Wyoming, Gillette; 10979. transpiration, millet, stomatal conductance, Penman-Monteith model, Shuttleworth-Wallace model, dryland crop, diffusion porometer, infrared gas analyser, leaf area index, canopy conductance, Niger, Sadore; 01640. transpiration, soil evaporation, Institute of Hydrology, ICRISAT Sahelian Center, porometry, microlysimeter, energy balance, soil wetness, eddy correlation measuring device, semi arid area, water balance, dryland millet, evaporation, Niger; 06270. tropical forest, forest, canopy, temperature, Costa Rica, Braulio Carrillo National Park; 04617. tundra, cryogenic process, Permafrost, geoecology, subalpine heath, periglacial condition, Sweden, Abisko Valley; 03916. water balance model, precipitation, evaporation, transpiration, runoff, drainage, temperature, cloud cover, humidity, wind speed, moisture estimation, soil characteristic, USA, Midwest; 12224. water balance, evaporation, transpiration, Bowen ratio method, cotton crop, microlysimeter, leaf area, plant density, soil water, energy balance, stem flow measurement, USA, Texas, Lubbock; 05119. water budget, broadleaved sclerophyllous forest, forested catchment, rainfall runoff relationship, interannual variability, precipitation, stream flow, Spain, Montseny Mountains; 06387. water cycle, meteoric water, hydrogenisotope, oxygen isotope, light stable isotope, hydrological regime, precipitation, USA, California; Nevada; 12130. water supply, regional yield forecasting, crop yield, map, soil moisture, water balance, computer program, Mali; Niger; Senegal; 12283. water yield, drainage, watershed management, land management, rangeland, water balance, lysimeter, runoff, interrill erosion, USA, Texas, Rolling Plains; 11096. wetland, sedge community, evaporation efficiency, vegetation cover, Penman's open water evaporation formula, 05117.

evapotranspiration deficit
flux, unsaturated zone, groundwater flow, soil property, hydraulic function, simulation model, 07527.

evapotranspiration equation
cold air drainage, wind velocity, potential evapotranspiration, water body proximity, model calibration, Penman model, Baier and Robertson model, Canada, Quebec; 07460.

evapotranspiration flux
Hortonian overland flow, rainfall-runoff model, catchment dynamics, hillslope hydrology, antecedent condition, overland flow, subsurface flow, model calibration, streamflow time series, saturated overland flow, soil moisture accounting model, 04042. palaeohydrogeology, sedimentary basin, piezometric depression, groundwater anomaly, hollow aquifer, aquifer hydrodynamics, cone of depression, Senegal; 05227.

evapotranspiration loss
stochastic conceptual model, catchment model, unit hydrograph, rainfall-runoff process, Nash-Dooge linear reservoir cascade, streamflow generation, 02842.

evapotranspiration mapping
mapping, ARTEMIS system, Meteosat mapping, rainfall mapping, Africa, Sahel; 09252.

evapotranspiration method
precipitation, foundation problem, champlain clay, drought, rainfall deficit, settlement problem, clay deposit, Canada, Quebec, Montreal; 02537.

evapotranspiration model
arid region, advection-aridity evapotranspiration model, complementary relationship, areal evapotranspiration model, Penman-Monteith model, canopy resistance, surface roughness, surface albedo, China, Xinjiang; 01638. erosion model, runoff prediction, hydrological model, rangeland, runoff model, 10969. surface water balance, crop yield, evaporation, energy balance, arid zone hydrology, 12157.

evapotransporation
streamflow, extreme flood, low flow condition, hydrological model, forest cover, pasture, land use change, vegetation cover, water balance, Belgium, Houille; 01655.

event
Quaternary, glaciomarine deposit, facies pattern, glaciomarine continental margin environment, basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, opal productivity, ice rafted debris input, floating ice shelf, polynya, cycle, rhythm, Arctic; Southern Ocean, Weddell Sea; 02620.

event layer
sedimentation rate, sediment mixing, bioturbation, preservation, 03508.

event onset model
El Nino/Southern Oscillation, ocean behaviour, 07739.

event recurrence
rainfall total, rain day, 06431.

event sediment yield
stochastic analysis, laminated reservoir deposit, long term erosion rate, sediment yield, erosion rate, probability distribution, Israel, Negev Desert; 02741.

everglades
soil, agricultural area, GIS, landuse, USA, Florida; 09210.

evergreen oak forest
steppe vegetation, maquis, garrigue, climatic condition, Quaternary(Late), multivariate analysis, palynological data, phytosociological data, Tenagi Philippon core, interglacial, Greece; 10758.

evidence
Preboreal deglaciation, Rogen moraine, cirque moraine, peat development, deglaciation, Breisterdalen moraine, marginal moraine, radiocarbon date, Breiseterdalen(Upper), Norway, Jotunheimen; 03882.

evidentiary admissibility
modern surveying practice, electronic field recorder, legal reliability, 12819.

EVI distribution
unbiased plotting positions, general extreme value distribution, Arnell et al. formula, ln na formula, statistical method, probability plotting position, Cunnane formula, Gringorten formula, 10968.

evolution
alluvial channel, uncoupled model, coupled model, transient sediment transport problem, sediment transport, Taiwan, Cho-Shui River; 00536.

evolution model
sediment transport equation, slope, soil catena, soil texture, grain size, catena, hillslope evolution, 10708.

evolution stage
lithodependency, ferricrete, hematite:goethite ratio, geochemistry, Burkina Faso, Gaoua; 08526.

evporation

bare soil surface, water vapour transport, vapour diffusion, soil moisture, humidity, wind velocity, 04030.
evporation rate
bulk aerodynamic formula, precipitation, water vapour flux, monsoon, satellite data, Arabian Sea; 00746.
exaration
glacial erosion, tectonic conditionality, fjord, graben trough, Arctic; 08379.
excavating
position finding, level, Channel Tunnel, 12618.
excavation season
Nojiri-ko Formation, radiocarbon dating, elephant hunters, palaeolithic, bone tool, Japan, Lake Nojiri, Tategahana; 02673.
excavation stability
clay, short term stability, long term stability, pore pressure, overconsolidation ratio, 06023.
exceedance probability
parameter estimation, AR(1) log normal model, hydrological sequence, stream flow, historical sequence, index sequential method, reservoir storage, USA, California, Colorado River; Lake Powell; USA, California, Lake Mead; 13310.
exceedence probability
statistical distribution, design flood, expert system, flood frequency analysis, return period, 09793.
excess pore pressure
granular soil, energy approach, seismic liquefaction potential, earthquake, liquefaction potential, standard penetration test, laboratory cyclic test, 02541.
excess pore water pressure
consolidation, clay, cyclic stress, 03738.
excess rainfall
antecedent precipitation index, flood forecasting, DPFT method, total rainfall, rainfall-runoff model, soil moisture content, France, Aveyron River; 00525.
excessive soil erosion
off farm problem, sediment source, erosion risk, soil erosion study, assessment, 02714.
excessively fertilised soil
GEOCHEM computer model, carbon, constant ion activity, solubility equilibrium, phosphorus, 12070. phosphorus, density fraction, phosphorus-rich particle, particle-size fractionation, USA, Illinois; Michigan; USA, Wisconsin; USA, New York; 12068. phosphorus, particle elemental composition, phosphorus-rich particle, Plainfield loamy sand, Blount silt loam, 12069.
exchange
geographic data, standard, architecture, 13878. geomatics, government, integration, Canada, Quebec; 13820. salinity difference, air sea interaction, ocean mixing, Mediterranean Sea; Mediterranean, Strait of Gibraltar; 12388. standard, digitisation, cartographic data, Canada, Quebec; 13877.
exchange capacity
adsorbed-cation charge, chloride, perchlorate, 00456. clay soil, Tripp soil, Mitchell soil, water content, volcanic glass, cation exchange, specific surface, USA, Nebraska; 07418. lime requirement, buffer capacity, acidic surface soil, cation exchange, soil property, clay content, organic carbon, carbon, Australia, Queensland; 07435. Oxisol, Alfisol, Ultisol, Inceptisol, leaching, nitrate leaching, acid soil, tropics, anion exchange, South America; Africa; Asia, (Southeast); 07365.
exchange coefficient
flux, ocean, partial pressure gradient, air sea interface, carbon dioxide, 11227.
exchange complex
cation exchange capacity, base saturation, acid strength, soil pH, conifer, alder, USA, Washington, Wind River; 07414.
exchange equilibrium
Anglberg, Ottenhofen, Buchhofen, potassium, organic matter, potassium calcium exchange, Germany; 08588. potassium, illitic soil, smectitic soil, kaolinitic soil, India; 12118. smectitic soil, exchangeable potassium percentage, potassium, calcium, illitic soil, kaolinitic soil, India; 12119.
exchange flow
channel, hyporheic zone, nitrate production, concentration gradient, dissolved oxygen, ammonium, surface water groundwater interaction, water quality, 07508. hydraulics, oceanography, Rossby radius, sill crest, 03497.
exchange format
cartographic data, computer aided mapping system, 10335. coordinate projection, education, digital producer, GIS, 13758. digital data, computer aided mapping, 08015. digital map data, map data, Canada, Alberta; 13876. microcomputer, commercial system, geographic information, standards, 01021. topographic data, cartographic data, spatial information system, 09172.
exchange isotherm
adsorption isotherm, soil solute transport, standard batch method, miscible displacement method, 00455. cation transport, cation exchange capacity, adsorption isotherm, two step displacement method, 08578. thermodynamic exchange constant, monovalent cation exchange, acid-base model, clay mineral, ion-exchange model, ion-exchange resin, cation exchange, 12066.
exchange leaching
water chemistry, surface water chemistry, weathering, base cation, silica, alkalinity, acid deposition, USA, Blue Ridge Province; Piedmont Province; 07512.
exchange process
groundwater flow, diffusion, advection dispersion, solute transport, clay, porosity model, ion exclusion, UK, England, London; 09844.
exchange property
cation exchange, complexation, peat, copper ion, ion fixation, 07344.
exchange rate
radon 222, rain forest, clay soil, sand, soil, soil exchange rate, canopy exchange rate, Brazil, Amazon; 07859. recharge, coastal lowland, flow model, saline groundwater, peatbog water, groundwater circulation, groundwater recharge, unsteady flow model, water table fluctuation, Poland, Bielawskie Blota; 07543.
exchange reaction
atmospheric pollution, soil acidification, leaching, base cation, base status, Europe, (Central); Denmark; 10902. cation exchange resin, Fuquay soil, soil exchanger, model soil exchanger, fluoro aluminium complex, fluorine, aluminium, kaolinite, USA, South Carolina; 10889. geology, acid rain, lake water chemistry, soil water chemistry, surface water quality, acid rain map, bedrock, glacial sediment, acid buffering, carbonate mineral, clay, acid leaching, Canada, Ontario; 06315.
exchange selectivity coefficient
Sharkey clay soil, cation mobility, calcium, magnesium, sodium, montmorillonite, binary miscible displacement, ternary miscible displacement, USA, Louisiana; 12092.
exchangeable aluminium
soil, aluminium extractant, aluminium fraction, 05080.
exchangeable base
base saturation, soil data, soil taxonomy, USA, Hawaii; Puerto Rico; 08608.
exchangeable cation
aluminium-hydrogen ion relationship, acidification, soil water chemistry, surface water chemistry, ion-exchange, weathering process, UK, Scotland; Wales; Norway; 04083. ammonium chloride, potassium chloride, ammonium acetate, aluminium, cation exchange capacity, aluminium saturation, 07398. cation exchange capacity, unbuffered salt extractant, buffered salt extractant, 03998. forest soil, soil sampling, soil chemical property, cation exchange capacity, sample variation, USA, Minnesota; Wisconsin; USA, Michigan; 13258. heavy metals, desorption, pH, lead, cadmium, zinc, copper, 02766. lattice charge, metal bonding, humic acid, montmorillonite, illite, kaolinite, clay-humus complexation, 13230. litterfall, aluminium, magnesium, soil chemistry, biogeochemistry, tree species effect, soil acidification, 13234. tensile strength, soil mechanical property, sodium, calcium, potassium, shear strength, magnesium, 13221.
exchangeable cation pool
element pool, soil property, soil nutrient pool, bootstrap method, sample size, carbon pool, USA, New Hampshire; 08603.
exchangeable magnesium
water drop kinetic energy, infiltration rate, sodium-calcium-magnesium soil, soil structure, soil sealing, kinetic energy effect, magnesium, 06335.
exchangeable phosphate
soil model, phosphorus, phosphate, surface site, 13276.
exchangeable potassium
fertiliser, soil property, potassium supply, potassium rate, 07369. hydraulic conductivity, infiltration rate, groundwater flow, unsaturated zone, South Africa; 00579.
exchangeable potassium percentage
potassium, calcium, illitic soil, kaolinitic soil, exchange equilibrium, smectitic soil, India; 12119.
exchangeable sodium percentage
salinity model, electrical conductivity, pH calculation, sodium adsorption ratio, Australia, Murray Basin; 09736. sodium adsorption ratio, pH, clay, flocculation, electrolyte concentration, 00381.
excitation function
polar wobble, harmonic oscillator, 12610.
excitation response analysis
circulation model, tidal forcings, estuarine circulation, fluid dynamics, USA, Chesapeake Bay; 03501.
Exclusive Economic Zone
robotics, subsea technology, 10429.
excretion
nutrient, seepage lake, coastal pond, lake water quality, kettle pond, gull, phosphorus, nitrogen, eutrophication, USA, Massachusetts, Cape Cod; 06306.
excursion route
physical geographical characteristics, Pleistocene relief, vegetation, soil, Czechoslovakia, Slovakia; Poland, Slovakia, High Tatras; 01384.
exercise book
school, cartographic work, France; 09162.
exfoliation
cliff recession, notch formation, freeze thaw action, frost weathering, Japan, Asama Volcano; 09604.
exhaust
emission, pollution, motor vehicle, 00816.
exhaust emission
hydrocarbon, carbon monoxide, nitrogen oxide, formaldehyde, aldehyde, acetylene, butadiene, benzene, ambient temperature, tailpipe emission, motor vehicle, pollution, 05503.
exhaust gas
air, preheating, automotive emission, carbon monoxide, cold starting effect, vehicle, driving time, 07833.
exit time
hydraulic conductivity, porosity, time net, groundwater flow method, flow net, coastal aquifer, Glover model, 13409.
exoenzyme
degradation, bacteria, amino acid, mussel deposit, France, Gulf of Fos, Carteau; 08264.
exogenous process
geomorphology, morphodynamical investigation, 00203.
exokarst
endokarst, vertical zoning, karst development, 03838.
exonym
standardised name, school atlas, atlas, 09140.
exopolymer
sediment transport, mucus, intergranular adhesion, erosion, Alteromonas atlantica, 08263.
exoreic basin
endoreic basin, groundwater exploitation, groundwater recharge, interflux dam, subsurface dam, alluvial fan deposit, Africa, Sahel; (Central); Africa, (South); Africa, (East); Africa, (North); 06406.
exoscopic analysis

conglomerate, sandstone, heavy mineral, Mesozoic, Carnot Sandstone, Central African Republic; 04804.
exothermic chemical reaction
odd hydrogen species, hydrogen, middle atmosphere, atmospheric heating, 10223.
exotic forest harvesting
steepland area, prediction policy, prevention policy, forest landing failure, rainfall area, New Zealand; 06065.
expansion
contraction, lake system, Lake Lahontan, Lake Bonneville, Lake Russell, Lake Searles, radiocarbon age, Younger Dryas, Holocene, jetstream, chronology, USA, Great Basin; 00304.
expansion treatment
halloysite, intercalation test, kaolinite, weathering, soil, New Zealand; Fiji; 08298.
expansive
collapsible soil, semi arid region, irrigation project, Brazil, Itaparica Lake; 03811.
expansive soil
damage, total suction, engineering geological aspect, foundation, swelling soil, 01401.
expedition
logistical problem, cave exploration, Indonesia, Irian Jaya, Cloud Mountains; 00262. map, Kopec,J., Asia; 05667.
expedition photogrammetry
surveying, mapping, Arctic; 09092.
experiment
growth, spongy ice, stagnant point, supercooled water droplet, 01463. highly compacted, bentonite, medium scale, 03802. salt weathering, chalk, frost weathering, freeze thaw, 06195. soil erodibility, Water Erosion Prediction Project, surface runoff, ephemeral gully, rill, erodibility value, USLE, cropland, rangeland, 13202. soil hydrophobicity, splash process, splash detachment test, wettable soil, hydrophobic soil, 07325. storm water, structural damage, silt soil, unstable soil, soil loosening, drainage, 07335. tower, sodar, tethered sonde, monsoon trough, boundary layer, 13525. Water Erosion Prediction Project, vegetation canopy, USLE, runoff, soil erosion, canopy cover, infiltration, interception loss, rangeland, USA; 13205.
experiment buoy
ERS-1, ice zone, ocean process, air ice ocean model, Greenland; Barents Sea; 09283.
experimental basin
conceptual distributed model, physically based model, storm frequency, flow measurement, isotopic tracing, water table level monitoring, runoff generation mechanism, land use change, antecedent soil moisture condition, flow process, hydrograph, Switzerland, Haute Menthue Watershed; 06278. forest, soil physical property, USSR; 04013. rainfall runoff relationship, lumped conceptual model, environmental model, 06277. representative basin, basin study, anthropogenic impact, runoff study, China; 06284.
experimental catchment
magnitude, frequency, sediment transport, agricultural catchement, paired lake catchment study, UK, England, Warwickshire, Seeswood Pool; Merevale Lake; 02732.
experimental error
lead, sampling rate, Warren Spring sampler, airborne particle, aerosol, 05515.
experimental evidence
thermodynamic behaviour, complex visco plastic material, thermally induced regelation, Clausius-Clapeyron equation, frozen soil, irreversible thermodynamics, rheology, regelation flow, 01450.
experimental leaching column
inorganic soil process, organic soil process, soil process, percolating water, podsolic soil, acidic soil, upland soil, aluminium, sesquioxide accumulation, acidic pollution, Norway, Hoylandet; UK, Scotland, Allt a, Mharcaidh; UK, Scotland, Loch Chon; UK, Scotland, Kelty Water; 09620.
experimental method
lake sediment, pH, phosphate, release experiment, 09477. theoretical determination, characteristic equation, snow, pendular regime, mathematical model, liquid water content, capillary pressure, 01462.
experimental plot
bare soil, cash crop, forest plantation, runoff, soil loss, Thailand, Phu Wiang Watershed; 06239. rainfall intensity, redeposition, infiltration, snow melt, soil erosion, runoff measurement, Hungary, Gaja Valley; 08549. volcanic soil, agricultural development, runoff, erodibility, erosion, erosion map, Wischmeier's protocol, Ecuador, Andes; 02728. Wischmeiers' erosivity index, soil conservation, erodibility, sandy soil, erosion control, Zaire; 02739.
experimental result
ground mechanical erosion, tillage, upward ploughing, chisel, France, Toulouse, Terrefort toulousain; 03942. stress testing, reversed direct stress, ice, equipment, uniaxial stress experiment, 07295.
experimental simulation
helictite, cave study, karstification, karst corrosion, dolomite, mixing corrosion, pothole formation, Hungary; 06053.
experimental study
crusting modelling, soil surface, crusting process, aggregate, slaking, rainfall, mechanical breakdown, runoff, erosion, 10826. erosion, crop production, bench terrace, sloping land, hilly agricultural land, terrace, Yugoslavia, Serbia; 02737. fluvial geomorphology, channel pattern experiment, China; 08335. fluvial geomorphology, channel pattern simulation, tectonic movement, China; 11859. soil crusting, crust formation, sealing, aggregate breakdown, micromorphology, 03932.
experimental systematic error
relaxation experiment, ECMWF model, forecast field, tropics, baroclinic wave, storm track, operational forecast, 07791.
experimental verification
energy exchange process, water flux, heat flux, soil temperature, tillage simulation, 12368.
experimental watershed
forest catchment, water budget, nitrogen, sulphur, fertilizer, acidification, surface water quality, soil water chemistry, atmospheric deposition, element budget, Germany, Black Forest; 06392.
experimental weathering
frost weathering, freeze thaw, phase change, salt weathering, chalk, 03925.
expert GIS
urban land use, population change, 06937.
expert opinion
groundwater quality, agricultural drainage well, agricultural pollutant, groundwater protection policy, USA, Iowa; 01763.
expert photointerpreter
image interpretation, pattern recognition, computer vision, object based representation, 03299.
expert system
aerosol, pollution, 03178. artificial intelligence, knowledge based system, large system, 13815. artificial intelligence, Landsat, ground processing system, 07969. artificial recharge, underground dam, groundwater resources mapping, groundwater quality, aquifer recharge, groundwater prospecting, borehole technology, hydrogeology, aquifer management, water table recording network, computer assisted cartography, computer data base, Africa, (West); 06401. cartographic application, symbolisation, artificial intelligence, GIS, 01067. climate change, forest renewal, hydrological investigation, water resource management, measurement technique, hydrological data, monitoring system, China; 09935. drainage pattern, engineering design, 03466. drilling risk, well hydrodynamics, groundwater exploration, groundwater resource, HYDROLAB computer model, portable computer, Cameroon; 06418. environmental impact analysis, GIS, decision support system, pattern recognition, optimisation model, 05632. European Community Directive, episodic pollution event, river quality management, data interpretation, surface water quality, 00558. fertility, altitude, rainfall, parent material, acid soil, Rwanda; 05100. field calibration, GIS, trafficability rating, land resource, Australia, Queensland, Cape York Peninsula; 10469. flood frequency analysis, return period, exceedence probability, statistical distribution, design flood, 09793. flow measurement, stream gauging, gauging structure, measurement method selection, 09812. forecast, decision threshold, bridge frost, roadway frost, frost, prediction, 10160. geographical knowledge, model concept, artificial intelligence, model, prediction, 00201. GIS, land evaluation, urban development, New Zealand, Waiheke Island; 03478. GIS, terrain analysis, minefield site, inference system, 08143. intelligent GIS, knowledge base management system, GIS, 01081. knowledge acquisition, fire station, GIS, Canada, Alberta, Calgary; 01068. knowledge base pattern recognition, pattern recognition, syntactic approach, 11477. map production system, geological engineering map, knowledge based GIS, 10339. mapping, database, population, census, China; 11635. navigation, piloting, USA, New York; Alaska; 04563. pest related management, management, planting, land registry, forest cover, Canada, Quebec; 13945. photography, image, 04492. pixel, classification, hierarchy, 04571. rehabilitation planning, water quality, sewerage rehabilitation, water distribution, rehabilitation design, water resource management, water quality management, 00653. relational database, knowledge based technique, 04555. remote sensing application, application strategy, 07895. runoff forecasting, long term forecasting, fuzzy inference method, 09811. spatial inferencing, production rule, syntax, environmental management, 05654. standard, navigation, cartography, GIS, data capture, 13755. Thematic Mapper, knowledge based image analysis, land cover mapping, 08082. trend analysis, parameter estimation, multivariate analysis, Bayesian decision theory, nutrient, lake restoration, cyanobacteria, eutrophication, lake modelling, lake water quality, Finland, Tuusulanjarvi Lake; 07492. village water supply, groundwater development, well location, computer program, groundwater exploration, 07598. water resource management, storage reservoir, inflow hydrograph, reservoir volume, inflow rate, fuzzy inference, reservoir operation, 09944. well location study, site measurement, groundwater development, village water supply, data processing, decision criteria, Africa; 07606.
expert system development
seasonal dynamics, landscape change, 10086.
expert system technique
data integration technique, geochemical data, classification, graphic processing, 12714.
expert systems
GIS, urban management, GIS function, data format, three-dimensional digital map, Japan; 05763.
explicit finite difference formulation
implicit finite difference formulation, characteristic method, suspended sediment, physical model, flood routing, numerical method, sediment laden flow, clear water flow, hyperconcentrated flow, 05150.
explicit treatment
cloud, regional model, sulphur, dispersion model, meteorological model, Scandinavia; 11341.
exploration
explorer, mountain climbing, women, Canada; 12671. facility management, three dimensional analysis, GIS, petroleum industry, 03421. mapping, US Geological Survey, USA, Wyoming, Yellowstone National Park; 06788.
exploration base map
satellite imagery, topographic map, 06787.
exploration index
mineral exploration, binomial distribution function, colour coordinate, 01101.
exploration programme
airborne geophysical survey, image processing, GIS, 05712. basin, ore deposit, hydrocarbon, basin classification, geochemical maturation, 05876.
exploration technique
hydrogeology, gold exploration, GIS, high spectral resolution remote sensing, mining, petroleum, 06813.
exploratory data analysis
nonparametric mapping, linear mapping, mapping, feature extraction, 13796.

exploratory statistical analysis
statistical graphics, GIS, querying, 03365.
explorer
mountain climbing, women, exploration, Canada; 12671.
explosion crater
forest refuge, lithostratigraphy, volcanism, palaeomagnetism, palynology, Quaternary, lacustrine deposit, core, Cameroon, West Cameroon, Barombi Mbo; 02630.
explosive cyclogenesis
cyclogenesis, short range prediction, surface energy flux, Atlantic, (West); 01922. jet streak, warm front, boundary layer, cyclone, surface energy flux, baroclinic process, Japan; 01919. latent heat release, cyclogenesis, Canada; 01917. latent heat release, cyclogenesis, tropopause fold, potential vorticity anomaly, frontogenesis, Canada; 01916.
explosive cyclone
hurricane, wind, temperature, potential vorticity, baroclinic wave, air-sea interaction, sensible heat flux, latent heat flux, slantwise convective adjustment, boundary layer, 04273.
explosive development
surface observation, upper air observation, depression, storm development, ship, forecast, storm(1990), UK; 10162.
explosive system
available potential energy, energetics, 10059.
export coefficient model
representative basin, pollution control, nitrogen loss, phosphorus loss, sediment loss, surface water quality, agricultural pollutant, UK, England, Windrush River; 06325.
export production
seasonality, intermittency, palaeoceanographic implication, primary production, photic zone, glacial North Atlantic, 07194.
exposure
orientation, mapping, hillside, 02170. plant growth, yield, dose response relationship, crop loss, pollutant, 11363.
exposure age
geomorphic surface, spalling, rock varnish, erosion rate, range fire, USA, California, Owens Valley; 13195.
exposure estimate
emission, dispersion, residential distribution, carbon monoxide, sulphur dioxide, nitrogen dioxide, air quality, particulate matter, Norway, Oslo; 01995.
exposure pattern
forest, high altitude, pressure effect, temperature dependence, ozone, deposition, tree, 11302.
exposures
volatile organic compound, particulate matter, factor analysis, source identification, USA, Kanawha Valley; 11403.
expressway
construction, extension, road construction, monitoring, erosion, Australia, New South Wales, Sydney; 00368.
extended integration
filtering, initial state, sea surface temperature, monsoon, predictability, low frequency mode, 12473.
extended range forecast
forecasting, forecast skill increase, divergent circulation, sea surface temperature, 07787.
extended range prediction
European Centre for Medium Range Weather Forecasting model, interannual variability, operational model integration, wind error, forecast skill, temperature error, 12478. European Centre for Medium Range Weather Forecasting model, resolution, error, forecast skill, 12479. European Centre for Medium Range Weather Forecasting model, time lagged forecasting, ensemble forecasting, 12480. forecast, general circulation model, outgoing longwave radiation, empirical orthogonal function, barotrophic instability, tropical extratropical interaction, oscillation, 12401. prediction, skill, forecast, ensemble forecasting, European Centre for Medium Range Weather Forecasts, 13615.
extension
fault, Tertiary, Paleogene, Neogene, structural history, graben, USA, Utah, Salt Lake City; Basin and Range Province; USA, Utah, Great Salt Lake; 01290. normal fault, graben, hangingwall, fault segmentation, footwall lithology, active normal faulting, Greece; 08365. road construction, monitoring, erosion, expressway, construction, Australia, New South Wales, Sydney; 00368. spreading zone, subduction zone, ridge belt, compressional structure, extensional structure, Venus; 07160. syncline, graben, tectonics, sedimentation, Barremo-Aptian, basin, Cameroon; 04824.
extension fracture
normal displacement, regional strain, neotectonics, stress, fracture pattern, Alpine Fault, lineament, New Zealand, Westland; 09505.
extensional faulting
White River Narrows Formation, active fault, stratigraphic effect, internal drainage, external drainage, USA, Nevada, White River Valley; 05997.
extensional feature
geology, thrust front, accretionary complex, deformation phase, forearc basin, Indonesia, Banda Island Arc, Kai Archipelago; 07176.
extensional region
localised uplift, isostasy, flexural rigidity, sediment erosion, sediment deposition, uplift, USA, Basin and Range Province; 07167.
extensional structure
extension, spreading zone, subduction zone, ridge belt, compressional structure, Venus; 07160.
extensional tectonic setting
potential earthquake segment, surface faulting, fault segmentation, surface rupture, earthquake, USA, Basin and Range Province; 08357.
extensional tectonics
graben, fault reactivation, tectonic regime, geodynamical evolution, Peru, Western Cordillera, Cajamarca District, Cajabamba Basin; San Marcos Basin; Peru, Western Cordillera, Cajamarca District, Namora Basin; 09493.
extensional tectonism
neotectonic history, structural style, Campo Grande Fault, fault, basin and range tectonism, fault scarp, movement rate, recurrence interval, USA, Texas, Hueco Basin; 11881.
External Consistency
radiocarbon dating, overview, international radiocarbon intercomparison, Internal Consistency, 04943.
external drainage
extensional faulting, White River Narrows Formation, active fault, stratigraphic effect, internal drainage, USA, Nevada, White River Valley; 05997.
extinct palynomorph
Pleistocene(Late), terrestrial sediment, Pleistocene biostratigraphy, pollen, Pleistocene(Middle), New Zealand, Wanganui Basin; 03851.
extinction
absorption, fine particle, sulphate, nitrate, optics, visibility impairment, particle measurement, chemical species, ammonia, light scattering, USA, Colorado, Denver; 13738. invasion, climate change, 10733. light extinction budget, scattering, fine particle, coarse particle, absorption, nitrogen dioxide, particle, 06438. Pleistocene(Early), plant biostratigraphy, Shobudani Formation, plant extinction, climatic change, topographical change, Japan, Wakayama Prefecture, Hashimoto City; 00287. Younger Dryas, geoarchaeological evidence, palaeohydrological evidence, Clovis age drought, USA, Arizona, Murray Springs; 13090.
extinction coefficient
aerosol, extinction coefficient, tropshere, 06665. aerosol, light extinction, visibility, background aerosol, Europe; South America; North America; 13490. microwave radiative transfer, radar, radiometer, microwave radiometer, storm, rain, melting phase, ice sphere, albedo, 04219. tropshere, extinction coefficient, aerosol, 06665.
extinction ratio
stratosphere, dust, global climatology, optical climatology, tropospheric aerosol, satellite, occultation measurement, 12562.
extractable aluminium
Quaternary(Middle), paleosol, Pleistocene(Early) age, extractable iron, till, loess, palaeomagnetic dating, Kenya, Mount Kenya, Gorges Valley; 08461. surface soil, subsurface soil, pH, aluminium, acidic soil, pH spatial variation, aluminium spatial variation, Australia, Western Australia; 10957.
extractable Fe Al
Quaternary, paleosol, buried paleosol, loess, palaeomagnetic evidence, Kenya, Mount Kenya; 03929.
extractable iron
aluminium, pyrophosphate, oxalate, dithionite, iron, Australia, Queensland; 00487. till, loess, palaeomagnetic dating, extractable aluminium, Quaternary(Middle), paleosol, Pleistocene(Early) age, Kenya, Mount Kenya, Gorges Valley; 08461.
extractable sulphate
soil water, sulphate desorption, desorption modelling, 12074.
extractant
zinc, particle size fraction, ultrasonification, Australia, Queensland; Western Australia; 00486.
extractant procedure
plant available potassium, predictive model, soil extractant, available potassium, potassium, Canada, Ontario; 08614.
extraction
iron, pyritisation, 04873.
extraction method
CNMR analysis, humic substance, carbon-13, 00450. lake sediment, carbonaceous particle, contamination, acidification, ash particle, UK, Scotland, Loch Tinker; 04721.
extraction procedure
Haplaquoll, Cryoboroll, Haploboroll, Haplaquod, organic matter extraction, 10869. hot water extraction, boron, calcium chloride extraction, 08600. organic complex, silylation, humate metal ion complex, plutonium complex, calcium complex, iron complex, copper complex, 08604. soil testing, fertiliser recommendation, calcium chloride extract, nutrient status, Netherlands; 13272.
extraction reagent
soil testing, universal soil extractant, 07404.
extraction technique
fertiliser, potassium availability, electro ultrafiltration technique, alfalfa, potassium supplying power, Canada, Quebec; 10926.
extraterrestrial
spherule, micrometeorite, cosmic spherule, cryoconite, lake, noble gas, 04850.
extraterrestrial body
Cretaceous-Tertiary boundary, uranium, thorium, global catastrophic event, clay layer, USA, Colorado; New Mexico, Raton Basin; 07080.
extraterrestrial cartography
morphographic projection, map projection, non spherical world, 09152.
extraterrestrial disturbance
Younger Dryas, cold spell cause, deep sea record, climatic change, last deglaciation, Nordic heat pump, heat pumping mechanism, positive feedback, feedback amplification, volcanic activity, 07193.
extraterrestrial impact
volcano, climate, sea level, 06172.
extratropical cyclone
oxygen isotope analysis, cloud top temperature, evaporation, convective precipitation, stratiform precipitation, isotopic composition, precipitation, 01959.
extratropical response
El Nino, sea surface temperature, extratropical response, 08896. extratropical response, El Nino, sea surface temperature, 08896.
extratropical warm sector
marine cyclone, warm sector, cold underlying water, ocean, stable stratification, wind shear, cold frontal zone, diabatic modification, 10027.
extratropics
cold season, teleconnection pattern, geopotential height data, time variability, 12407. general circulation model, geographical distribution, observed variability, modelled variability, 13576. Hopf bifurcation, topographic instability, intraseasonal oscillation, 12428. tropopause level, subtropical jet, jet location, zonal wind variability, tropospheric

zonal wind, stratospheric zonal wind, 10079.
extrema detection
image processing, fuzzy component, 03335.
extreme climate
growing season, frost, precipitation, rare weather event, Sweden, Karesuando; 03035.
extreme discharge
design discharge, flood protection scheme, Switzerland, Alps; 05146.
extreme downstream storm surge
extreme value analysis, correlation analysis, storm surge, river discharge, extreme event, extreme upstream discharge, UK, England, Medway River; 05145.
extreme event
bed erosion, bank erosion, unsteady flow model, flood event frequency, morphological change, Switzerland, Reuss Valley; 08692. climatological analysis, rainfall, climatic change, agricultural production, Argentina, Buenos Aires Province; 11172. design flood, structure life, flood, return period, 07474. extreme upstream discharge, extreme downstream storm surge, extreme value analysis, correlation analysis, storm surge, river discharge, UK, England, Medway River; 05145. geomorphological study, Israeli literature, runoff generation, runoff erosion, Israel; 02498. geomorphology, flood damage, landslide, bank erosion, water table rise, foundation undermining, slope stability, flood, Spain, Pyrenees; 08690. gust definition, wind, theory of excursions, 13549. historical record, precipitation, flood prediction, flood, France, Ariege Valley; 02846. landuse effect, urbanisation, runoff, stream flow, catchment characteristics, runoff regime, afforestation, flood, return period, Switzerland, Emme River; Reuss Valley; 09916. occlusion, depression, stormy weather, 08850.
extreme flood
flood control system, probable maximum flood, retrofit, reservoir safety, risk evaluation, dam safety, USA, Ohio, Walhonding River, Mohawk Dam; 01787. flood dynamics, morphological change, flood protection scheme, hydraulic model, model testing, flood reconstruction, flood damage, Switzerland, Canton of Uri, Reuss River; 05176. low flow condition, hydrological model, forest cover, pasture, land use change, vegetation cover, water balance, evapotransporation, streamflow, Belgium, Houille; 01655. morphological consequence, mass movement, alpine river, aggradation, debris flow, Switzerland; 05991. mountain hydrology, sediment deposition, flushing, slope morphology, hillslope hydrology, flood hazard, landslide hazard, hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, 12136. return period, climatic change, flood assessment, water resource, 01643.
extreme flood event
palaeoflood record, parameter estimation, probability distribution, flood frequency analysis, streamflow record, 00514.
extreme precipitation event
rainfall intensity, hyetograph, stochastic model, convective precipitation, rain gauge site, rainfall duration, Spain, Valencia, Alicante; 05113.
extreme sea level
coastal structure design, extreme wave height, joint probability method, Korea, Pusan; 00322.
extreme upstream discharge
extreme downstream storm surge, extreme value analysis, correlation analysis, storm surge, river discharge, extreme event, UK, England, Medway River; 05145.
extreme value
value prediction, snow avalanche, avalanche runout, runout distance, 13070.
extreme value analysis
correlation analysis, storm surge, river discharge, extreme event, extreme upstream discharge, extreme downstream storm surge, UK, England, Medway River; 05145.
extreme value theory
observed hailstone, maximum size, hailstone size, 13605.
extreme variable prediction
surface water quality, acidification, maximum likelihood technique, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04102.
extreme wave height
joint probability method, extreme sea level, coastal structure design, Korea, Pusan; 00322.
extrusion
Landsate MSS, strike-slip fault, Turkey; 03410.
fabric
biogenic constituent, cement, foraminifera, carbonate platform, Cretaceous, Yugoslavia, Slovenia, Trnovo; 04814. carbonate platform, eustatic, sediment deposition, slope angle, 02402. ferrallitic soil, goethite, haematite, Cuba; 01590. granular soil, pore volume, statistical analysis, 03818. sample processing, plant remains, sediment identification method, 09556. varve, palaeoceanography, seasonal event, upwelling, lamination, Pacific, Peru Margin; 01194.
fabric analysis
glacial stratigraphy, glaciogenic deposit, ice tongue, till, diamict, stone count, USA, New Hampshire, Gorham, Peabody Valley; 11944. periglacial environment, periglacial process, frost action, permafrost, mass-movement, periglacial smooth slope, Japan; Finland; Antarctica; 12006. surface crust, simulated rainfall, loess soil, soil strength, crust strength index, crust formation, aggregate, China, Lishi; 10851.
fabric classification
soil, micrograph, clay, microfabric, 08304.
fabric enforcement
embankment, geotechnical analysis, reinforced embankment, soft ground, road embankment, Ireland, Clare County, Bunratty Bypass; 03737.
fabric evolution
granular media, macroscopic stress strain response, dilatancy rate, 03822.
fabric reinforcement
cohesive soil slope, reinforced soil, slope stability, 07177.
fabric strength
eigenvalue method, clast fabric strength, periglacial slope deposit, clast size, clast shape, slope deposit, Japan, Hokkaido, Hidaka Mountains; 00334.
fabric-structure of soil
mechanics, uncemented, carbonate sand, triaxial testing, 04906. shear strength, structure, natural soil, weak rock, engineering property, compressibility, constitutive relations, 04904.
Fabry-Perot interferometer
oxygen, Doppler wind, airglow, semidiurnal tide, aurora, diurnal tide, middle atmospheric dynamics, radar, Canada, Saskatoon; 03094. thermospheric temperature, thermospheric neutral wind, optical interferometer, Peru, Arequipa; Brazil, Sao Jose dos Campos; 03014.
face velocity effect
quartz fiber filter, vapour adsorption artifact, organic aerosol, 06560.
facies
Aptian, Tata Limestone Formation, limestone, crinoidal limestone, microfacies, Hungary, Bakony Mountains; 04813. Cretaceous, shale, sandstone, India, Gujarat, Narmada Basin; 00111. depression, sedimentation, geochemical feature, Cretaceous, USSR, Tadzhikistan; 04806. gravel, Holocene, raised beach, sediment transport, sea level change, Greece, Crete, Chora Skafion; 02345. ice cover, mud, sedimentation, shelf, source, Canada, Axel Heiberg Island, Axel Heiberg Shelf; 01239. intracratonic basin, denudation, Carboniferous, Jurassic, Pangea, transgression, Egypt; 03629. palaeobiogeography, biostratigraphy, Cretaceous, Bansi Formation, platform deposit, India, Himalayas; 04827. palaeoenvironmental setting, lacustrine carbonate, spring travertine, terminal lake, Pleistocene, lake, Sayif Formation, Israel, Arava Valley; 03877. sandstone, shale, Frontier Formation, Mancos Group, Cretaceous, marine rock, USA, Colorado; Utah; 01270. Silurian, transgression, sandstone, alluvial deposit, sedimentation, Egypt; Sudan; 03603. taxa, palynomorph, Paleogene, USA, Wyoming, Bighorn Basin; 10622.
facies analysis
glaciomarine deposit, glacio isostatic disequilibrium, Irish Sea; 13081. proglacial sediment, glacial tectonism, pleistocene, sedimentation, macrotidal piedmont coast, wave-cut exposure, USA, Alaska, Nushagak Lowland, Ekuk Bluffs; 01429.
facies architecture
basin, subsidence, Maastrichtian, Lance Formation, fluvio deltaic environment, USA, Wyoming, Wind River Basin; 11753. passive margin, rift-valley lake, source rock, Tanzania, Lake Tanganyika; Zaire, Lake Tanganyika; Malawi, Lake Malawi; 11669.
facies change
Budleigh Salterton Pebble Bed, accretionary style, gravel bed stream, Triassic, conglomerate, sandstone, cross bedding, UK, England, Devon, Budleigh Salterton; 01272. Mikasa Formation, sandstone, ravinement, forearc basin, Middle Yezo Group, Cretaceous, Japan, Yezo Basin; 11728. strike-slip fault, fan delta, sediment supply, Gilbert type, Miocene, alluvial fan, sandstone, Korea, Ulleung Back-arc Basin, Pohang Basin; 00144.
facies evolution
deepening event, shallowing event, sea level change, bathymetric change, sedimentation, subsidence, syncline, Devonian, Carboniferous, Belgium, Dinant; 07062.
facies geometry
glacial influence, continental shelf, Yakataga Formation, intertidal platform, ice rafted debris, sedimentation pattern, USA, Alaska, Middleton Island; 04972.
facies identification
dolomite, Canete Dolomites and Limestones Formation, Triassic, carbonate ramp, Muschelkalk Facies, Spain, Iberian Ranges; 08229.
facies mixing
sediment supply, cyclicity, shelf, mixing, karst, siliclastic rock, carbonate, 13003.
facies pattern
Cretaceous, tectonic subsidence, plate boundary, sea level fluctuation, palaeogeography, Spain, Jumilla-Cieza Region; 01295. glaciomarine continental margin environment, basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, opal productivity, ice rafted debris input, floating ice shelf, polynya, cycle, rhythm, event, Quaternary, glaciomarine deposit, Arctic; Southern Ocean, Weddell Sea; 02620.
facies recognition
dipmeter, Stratigraphic High-Resolution Dipmeter Tool, electrofacies, dip data, Schlumberger, 00193.
facies trend
cycle, substitutability analyses, sandstone, conglomerate, shelf sediment, 11822.
facilities data
quadtree, GIS, relational database, 01054.
facilities database
GIS, AM-FM, regional planning, cartographic accuracy, 01162.
facilities management mapping system
pipeline drawing, pipeline replacement planning, Japan, Yokohama; 03473.
facility management
computer software, digital database, GIS, mapping, 06764. land information system, municipal department, utility, Canada, Alberta, Edmonton; 01144. three dimensional analysis, GIS, petroleum industry, exploration, 03421.
factor analysis
aerial photography, river, coastal water, suspended matter, phytoplankton, Gelbstoff, 12795. carbonate classification, carbonate rock, Assilina, Naredi Formation, Eocene, India, Kutch; 05912. chemical pollution monitoring, coastal erosion monitoring, pollutant, lake sediment, mathematical model, erosion, beach erosion, USA, Lake Michigan; 05978. cluster analysis, discriminant analysis, taxonomic land classification, stream, land classification, surface water quality management, watershed classification, multivariate technique, 05281. cluster analysis, Koppen's classification scheme, climatic region, climatic classification, Australia, Queensland; 06454. continental margin, radiolarian, calcium carbonate, organic carbon, foraminifera, Arabian Sea; 03666. hydrogeochemical study, coastal aquifer, groundwater quality, salt water intrusion, chemical adsorption, Spain, Alicante,

Javea; 07558. hydrothermal sediment, tectonic environment, spreading centre, Pacific, Lau Basin; 12893. metalliferous sediment, partitioning, hydrothermal sediment, back arc spreading, volcanic ash, Pacific, North Fiji Basin; 12891. Piper's classification principle, metamorphic aquifer, sedimentary aquifer, hydrochemical characterisation, groundwater mixing, groundwater quality, groundwater flow model, France, Western Alps, Allevard; 01715. pollution, dispersion model, receptor model, trace metal, inorganic anion, Hong Kong; 03170. principal component, complex airshed, multivariate modelling approach, inhalable particulate matter, receptor model, source apportionment, USA, New Jersey, Newark; 13732. receptor modelling, aerosol, Belgium, Antwerp; 11382. sea level, transgression, river discharge, trace element, continental shelf, continental margin, Spain, Ebro Delta; 05826. sedimentation, red bed, Mesozoic, Jurassic, Cretaceous, Morocco, High Atlas; 04803. sine curve, solar serenity, regime, solar radiation, 12300. source identification, exposures, volatile organic compound, particulate matter, USA, Kanawha Valley; 11403. statistical analysis, dolomite, Bonneterre Formation, Cambrian, Bayes formula, USA, Missouri; 12927. TM, soil hydric status, soil wetness, France, Alsace; 10398.

factor analysis multiple regression model
source apportionment, suspended particulate matter, refuse incineration, soil, sea salt, steel mill, vanadium, fuel oil combustion, aerosol, chemical mass balance, motor vehicle emission, sulphate, Japan, Tokyo; 05501.

factorial analysis
linear regression, basin storage, drainage basin, Spain, Basque Country; Canada, Quebec; 08674.

factory emission
vegetation, soil, pollution, dust, India, Uttar Pradesh, Mirzapur, Dala Cement Factory; 00431.

faecal coliform
overland flow, runoff water quality, surface water quality, bacterial quality, upland catchment, UK, England, Yorkshire Dales; 13366.

faecal material
shear strength, seabed sediment, consolidation, mollusc shell, Canada, Flemish Pass; 12954. sinking velocity, copepod, coprorhexy, coprophagy, coprochaly, 11783.

faecal pellet
biomass, particle transport, coagulation, marine snow, settling speed, aggregation, suspended particle, 10571. chiton, erosion rate, bioerosion, intertidal zone, Bahamas, San Salvador; 09438. coccolith, sterol, fatty acid, microbial, floc, Black Sea; 11795. lipid transformation, sterol, fatty acid, microbial activity, zooplankton, organic matter, 12969. organic carbon, particle cycling, sea water, energy cycling, microorganism, virus, Pacific, (North); 08289. sea bottom sediment, algal bloom, suspended sediment, sediment trap, sedimentation, Adriatic Sea, Gulf of Trieste; 04789. sediment trap, seasonal particle flux, zooplankton, carbon flux, Mediterranean Sea, Monaco Coast; 08290.

faecal pollution
mathematical model, Escherichia coli, estuary, bacterial contamination, surface water quality, contaminant transport, France, Morlaix Estuary; 04064.

Fagaga series
soil mapping, soil class, volcanic ash, andic feature, Samoa, Western Samoa; 13217.

failure
cracking, clay, particle orientation, shrinking, swelling, 03963. landslide, liquefaction, pore pressure, shear strength, instrumented, laboratory, flowslide, 04916. road alignment, geotechnical observation, unstable rock, rockslide, India, Himalayas, Garhwal Higher Himalaya; 00264. soft clay, embankment failure, oedometer test, vane test, triaxial test, cohesion, sanitary fill, analysis, sanitary embankment, Brazil, Rio de Janeiro, Caju District; 11891. soil, nonassociated flow, triaxial test, granular material, instability, 03820.

failure envelope
coarse grained soil, granular, nonlinear, 03821.

failure mode
river ice, ice breakup, ice cover loading, National Hydrology Research Institute, Canada; 02943.

failure model
granular soil, yield surface, tensor polynomial model, validation, 03754.

failure probability
storage yield design, arid area, semi arid area, reservoir management, water rationing, Gould probability matrix method, reservoir design, spill probability, 06404.

faint young sun paradox
stellar evolution, solar luminosity, entropy, ice albedo feedback, maximum entropy production, climate model, 13579.

fair weather
cloudy situation, radiation, heat flux, satellite data, net radiation, surface heat flux, heat flux, NOAA-7 satellite, infrared data, France; 09977. cumulus cloud, nearest neighbour spacing, 10119.

fall rate
watertable, thermal water, de gassing, cave genesis, multi storey dissolution maze, phreatic water, groundwater, joint system, corrosion effect, spring migration, uranium series dating, magnetic study, speleothem, USA, South Dakota, Black Hills, Wind Cave; Jewel Cave; 10721.

Fall Zone
eroded upland, Piedmont peneplain, erosion rate, soil, landscape, soil temperature regime, weathering, pedogenesis, erosion, infiltration rate, topographic inversion, USA, Piedmont; Coastal Plain; 02515.

fallout
accident, strontium 90, caesium isotope, stratosphere, radioactivity, temporal variation, USSR, Chernobyl; Japan, Ibaraki, Tsukuba; 11371. alpine glacier, snow, vertical dispersion, Chernobyl fallout, melt water, glacier, radioactive contamination, Austria, Otztal Alps, Kesselwandferner; 12263. anthropogenic radioactivity, radioactivity, surface water quality, fission product, Canada, Ottawa River; St Lawrence River; Canada, Ottawa, Chalk River Nuclear Laboratories; USA, St Lawrence River; 08748. biogenic carbonate, sedimentation, biogenic silica, phosphorus, sediment fractionation, sediment trap, 09451. Caesium-137, soil erosion, DEM, tracer, erosion study, Chernobyl, Netherlands, South Limburg; 13209. deposition, resuspended dust, particulate matter, pollution, residence time, radiocaesium, Chernobyl nuclear accident, UK, England, Barrow-in-Furness; 00807. dust, particle size distribution, Egypt, Qena; 11386. plutonium, atomic bomb, Japan, Nagasaki; 11310. pollutant, radionuclide cycling, radionuclide transport, surface water quality, radioactivity, nuclear reactor, uranium mine, USA, Great Lakes, Lake Michigan; Lake Ontario; Canada, Great Lakes, Lake Ontario; 13351. weather radar, meteorological factor, radioactive deposition, radar data, radiation transport, rainfall, USSR, Chernobyl; Finland; 10199.

fallout cesium-137
USLE, rill erosion, karst terrain, soil erosion, deposition, USA, Alabama, Limestone Valley, Gilbert Farm Research Watershed; 12030.

fallout load
atmospheric deposition, transport, persistent pollutant, holarctic biota, PCB's, DDT, 07880.

fallow
crop rotation, sulphate, wheat, sulphur dynamics, winter wheat-summer fallow, tillage, 12077. soil moisture status, available water content, soil moisture conservation, agricultural practice, long term soil moisture, continuous cropping, Canada, Alberta, Lethbridge; 01695.

fallow field
millet crop, water conservation, soil water balance, crop water supply, evapotranspiration, cropped field, Niger; 12234.

fallow land
remote sensing, canopy, France, Auvergne, Livradois; 11569. urbanisation, landscape, 12760. vegetation cover, vegetation recolonisation, abandoned field, soil erodibility, soil erosion, organic matter loss, Spain, Murcia; 01511.

false color composite
photographic edge extraction, area of change, SPOT, photographic processing technique, 05673.

false colour
sodicity, Indo Gangetic plain, Landsat TM, India, Uttar Pradesh; 11539.

false colour imagery
forestry, multispectral video system, land cover classification, 03438.

Famennian
Hampshire Formation, miospore, flooding, Iapetus Ocean, Devonian(Late), Belgium, Ourthe Valley; USA, West Virginia; USA, Virginia; 10618.

famine
early warning system, satellite data, Africa, Sahara; 13987.

famine period
African empire, historical record, hydroclimatological event, oxygen-18 profile, ice core, geological data, Pleistocene, cold period, desertification period, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630.

fan
carbonate, oceanic crust, tectonics, Miocene, turbidite, Oligocene, Arabian Ocean, Owen Ridge; Indian Ocean, Indus Fan; 12950. earthquakes, energy loss, trigger, high magnitude process, geomorphic process, landslide, Italy; Algeria; 13057. levee, terrace, mountain channel, aggradation, debris flow, channel, valley floor, USA, Oregon, Oregon Coast Range; 00211.

fan basin relationship
sediment storage, lithologic erodibility, alluvial fan, erodibility, canyon, USA, Nevada, White Mountains; California, White Mountains; 07137.

fan channel
seafloor, submarine fan, uplift, collision, turbidite, Indian Ocean, Bengal Fan, ODP Site 717; ODP Site 718; Indian Ocean, Bengal Fan, ODP Site 719; 09423.

fan delta
calcrete, diagenesis, Gilbert fan delta, sandy channel, distributary channel, fluvial phase, uranium thorium dating, dating, weathered alluvium, Quaternary alluvium, TL age, alluvial sediment, Australia, Queensland, Gilbert River; 13104. Cenozoic, graben, faulting, uplift, water depth, delta, Greece, Gulf of Corinth, Mornos; 00079. debris poor glacier, moraine, kame, glacier morphology, surficial geology, glacial stratigraphy, high arctic, mountainous terrain, till, morainal bank, subaqueous fan, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764. fossil, ichnofacies, alluvial fan, Quaternary, gravel, loess, lithofacies, New Zealand, Hawkeswood Range, Conway Flat; 06969. metamorphic, Mesozoic, clastic, Scythian, greenschist, lithofacies, Italy, Stubai Alps; Austria, Stubai Alps; 04822. Miocene, Abu Alaqa Group, conglomerate, delta deposit, Egypt, Gulf of Suez; 04823. sediment supply, Gilbert type, Miocene, alluvial fan, sandstone, facies change, strike-slip fault, Korea, Ulleung Back-arc Basin, Pohang Basin; 00144.

fan deposit
channel levee system, interglacial, glacier, submarine fan, seismic data, continental shelf, Weddell Sea, Crary Fan; 10569. Permo-Carboniferous, heavy mineral, provenance, Variscan basement, denudation, uplift, basin evolution, Germany; 00141.

fan-delta sequence
mudstone, shale, mass flow, Dizilitasler Formation, basin, sedimentation, Paleocene, Turkey, Anatolia; 04825.

fanglomerate
basin, Bima Formation, Cretaceous, Precambrian, Nigeria, Benue Trough; 03631.

fantasy map
bible, Calvinist influence, 08024. map, children's literature, 10341.

FAO
forest, resource, tropical region, 04626. locust, plague prevention, environmental monitoring, food security, 00945. SAR, agricultural landuse mapping, ground truth collection, Tunisia; 12735.

far infragravity wave
SUPERDUCK experiment, longshore current, beach profile, shear wave, USA, North Carolina, Duck; 03552.

Farafra Limestone
carbonate, dolomitisation, wackestone, bioclastic deposit, Eocene, Egypt, Western Desert, Farafra Oasis; 10604.

farm
soil erosion, automated geographic data, decision making information,

land conservation, USA, Wisconsin, Dane County; 06876.
Farm Bill
planner, natural resource, conservation, USA; 06872.
farm management
forage production, GIS, biomass, 01120.
farm system adaptation
erosion, taro patch system, ditch, water, runoff, siltation, Pacific, Micronesia, Caroline Islands, Yap Island; 06248.
farm waste management
macroinvertebrate community, catchment management, surface water quality, agricultural pollutant, intensive dairy farming, UK, Wales, Eastern Cleddau Catchment; 00557.
farmer
terrace adoption, socioeconomic factor, terracing, bench terracing, soil erosion, upland management, Indonesia, Java; Nepal; 06238.
farming
agriculture, meteorological assistance, socio economic activity, Africa, Sahel; 05297. cost to benefit ratio, Deutscher Wetterdienst, economic benefit, agrometeorological advisory service, environmental protection, Germany; 05298.
farming methods
nitrogen cycle, leaching loss, surface water quality, non point source pollution, nitrate, agriculture, 12274.
farming system
brown earth, boulder clay, arable farming, orchard, deciduous forest, soil compaction, soil physical property, soil chemical property, Poland, Pomerania; 09756. chronobiosequence, soil chemical property, land use effect, Belgium, Fagne de Chimay; 09753. soil compaction, cultivation, soil degradation, land clearance, mechanised agriculture, Ivory Coast; 09760. soil property, organic matter, soil structure, aggregate stability, soil porosity, nitrogen supplying capacity, crop rotation, New Zealand, South Island, Canterbury Plains; 09778.
farming system stabilizing
hillside farming system, Plan Sierra project, ecodevelopment, shifting cultivation, irrigated land, soil loss measurement, puente de erosion, Dominican Republic, Sierra; 06221.
farmland
run-off, erosion, Weichselian landscape, agricultural land, France, Normandy, Pays de Caux; 12037.
farmland bird
habitat, infrared aerial photograph, conservation, Sweden; 03452.
Farneta faunistic unit
Equus caballus, equid, Pleistocene(Lower Middle), biostratigraphic succession, Villafranchian, Italy; 08488.
fast flowing
outlet glacier, ice cap, crevassed outlet, uncrevassed ice, terminal advance, surge behavior, Svalbard, Nordaustlandet, Vestfonna; 01469.
fast fluidisation
regime transition, particle, two-phase flow, multi-scale modelling, energy minimisation, 00008.
fate
contaminant mass balance model, octachlorostyrene, caesium, PCBs, lake water quality, organic contaminant, sediment storage, contaminant transport, North America, Great Lakes, Lake St Clair; 02856. unsaturated zone, water table contamination, groundwater contamination, pesticide, vulnerability, risk, VULPEST model, contaminant transport, 00607.
fatty acid
air-sea exchange, organics, ketocarboxylic acid, marine atmosphere, oxoundecanoic acid, aerosol, ketoacid, monocarboxylic acid, Pacific; 03243. anoxic pond, salt pond, suspended particle, lipid, particulate matter, sterol, 06970. cutin, plant species, tissue, terrigenous material, organic matter, 05944. diatom, algae, biomarker, estuary, pigment, Yugoslavia, Krka River, Sibenik; Adriatic Sea, Sibenik; 09348. Ilex aquifolium, tissue, cupric oxide, plant type, cutin, leaf, 05970. lipid, sterol, El Nino, USA, California, Santa Barbara Basin; 07094. microbial activity, zooplankton, organic matter, faecal pellet, lipid transformation, sterol, 12969. microbial, floc, faecal pellet, coccolith, sterol, Black Sea; 11795. organic matter, plankton, biomarker, fresh water, terrestrial marker, France, Rhone Delta; 12858. organism, organic matter, biogeochemistry, organic carbon, seasonality, particulate matter, Arabian Sea; 01348. oxoacid, marine organism, bottom sediment, acid degradation, Pacific, Japan Trench; 09372. particulate matter, phytoplankton, photosynthesis, upwelling, turnover rate, Japan, Hachijo Island; 12982.
fatty acid ester
fatty acid salt, aerosol, air-sea exchange, bubble bursting, n-alkane, Mediterranean Sea; 02042.
fatty acid salt
aerosol, air-sea exchange, bubble bursting, n-alkane, fatty acid ester, Mediterranean Sea; 02042.
fault
aquifer assessment, water exploration, transient electromagnetic survey, hydrogeology, electrical resistivity, groundwater flow, USA, Nevada; 13418. basin and range tectonism, fault scarp, movement rate, recurrence interval, extensional tectonism, neotectonic history, structural style, Campo Grande Fault, USA, Texas, Hueco Basin; 11881. carbonatite, neotectonics, dislocation zone, fault breccia, tensiional fault, drainage pattern, India, Western Meghalaya, Nongchram; 08371. Cenozoic fill, calcrete, scarp height, rupture, Pleistocene(Late), hanging wall, vertical offset, neotectonic history, geometric segmentation, Campo Grande Fault, USA, Texas, Hueco Basin; 11880. compressional structure, palaeostress, structure, uplift, piggyback basin, Italy, Sant'Arcangelo Basin; 13037. Eocene, submarine fan, sand, trap, basin, North Sea, Witch Ground Graben, Alba Field; 07066. fluid flow, accumulation rate, groundwater, hydrocarbon, permeability, 10498. fluid flow, chloride contamination, carbonate aquifer system, groundwater quality, vertical leakage, fracturing, USA, Georgia, Glynn County, Brunswick, Upper Floridan Aquifer; 02927. fracture, saline water, groundwater, chalk, chloride, Germany, Holstein, Lagerdorf; 03613. geodynamic, alluvial, lineament, provence, Cretaceous, sandstone, 03625. glide plane, trench slope basin, plate margin, earthquake, continental slope, Quaternary, Holocene, New Zealand, North Island, Kidnappers Slide; 10568. graben, Messinian, oceanic crust, evaporite, subsidence, sedimentation, Tyrrhenian Sea, Site 652; Site 654; 00147. granite, differential uplift, hinge line, land uplift, uplift, Finland; 10691. groundwater, weathering, plate junction, climate change, lake, Ethiopia, Lake Asal; Lake Afrera; 10522. hydrocarbon, seep, carbon cycling, macrofauna, meiofauna, USA, California, Santa Barbara; 04855. impact basin, ring, radial basin related fault, Mars, Daedalia Planum; 00229. Jurassic(Upper), Wessex Basin, tectonism, subcrop, structural orientation, Cretaceous, UK, England; 09418. palaeoearthquake, tephrochronology, Holocene, vertical displacement, Kerepehi Fault, tephra layer, New Zealand, Hauraki Lowlands, Kopouatai Bog; 00238. Pleistocene(Middle), beach ridge, Tyrrhenian, sea level, barrier island, subsidence area, Spain, Alicante; 06982. radiometric dating, slip rate, strain accumulation cycle, offset, Holocene, stream channel, San Jacinto fault zone, USA, California, San Bernardino Valley; 11879. remote sensing, linear feature, edge enhancement, UK; 09185. sandstone, detrital mode, turbidite, accretionary wedge, transform system, Miocene, Pakistan, Makran Coast Ranges; 04828. semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological structure, graben, horst, dyke, Botswana, Kalahari; 06413. sheetflood, sandstone, braid delta, subsidence rate, Pennsylvanian, Sandia Formation, USA, New Mexico, Taos Trough; 02412. solodised solonetz, saline groundwater, land management, Landsat MSS imagery, saline soil, hydrogeology, Australia, Murray-Darling River Basin, Yelarbon; 05273. terrace, sedimentary cycle, transgressive phase, subsidence, lake water, Japan, Lake Biwa, Echi River Delta; 11673. Tertiary, Paleogene, Neogene, structural history, graben, extension, USA, Utah, Salt Lake City; Basin and Range Province; USA, Utah, Great Salt Lake; 01290. TM, SPOT, SAR, spectral information, topographic information, USA, California, Mojave Desert; Bristol Mountains; USA, California, Cady Mountains; USA, California, Alvord Mountains; USA, California, Granite Mountains; USA, California, Fort Irwin; 06831. topography, somma, slope, Japan, Minami-Ashigara City; 00245. turbidite, deformation, progradation, tectonics, submarine canyon, sediment drape, Pacific, (Southeast), Chile Trench; 05857. uplift, depositional cycle, breccia layer, volcanic layer, Holocene, Pliocene(Upper), heavy mineral, Italy, Aquila, Fucino Basin; 07063. uplift, morphostructural analysis, horst, Rhodanian, tectonic movement, Pannonian, planation surface, USSR, Carpathians, Lesser Carpathians; 08378. volcanic glass, pyroclastic ash deposit, tonstein, Carboniferous, pyroclastic eruption, Germany, Saar-Lorraine Basin; 05916. water table rise, basement ridge complex, salinity, land salinisation, hydrogeology, Australia, New South Wales, Riverine Plain, Ivanhoe Block; 05272. weathering, Eocene, chalk, carbonate, joint, Israel, Negev; 05910.
fault behaviour variation
tectonic province, marine terrace, subduction margin, dextral fault, reverse fault, palaeoearthquake, seismic hazard studies, New Zealand; 08375.
fault bend
marine terrace, uplift, geomorphic process, advection, crust, USA, California, Santa Cruz; 02529.
fault block
autochthonous peat deposit, macrofossil, rates of net organic accumulation, slope process, macroclimatic change, Holocene, soligenous fen, high Arctic, Canada, Northwest Territories, Ellesmere Island, Grant Land Mountains; 11965. Cretaceous, sand, Sola Formation, tectonism, North Sea, Witch Ground Graben; 07048. subsidence, Dinantian, transgression, palaeoenvironment, sedimentation, UK, England, Lancashire; Lake District; 00139.
fault block movement
sea level rise, Osaka Group, Manchidani Unconformity, Rokko Movement, Pleistocene(Middle), Japan, Kinki; 08502. wavy deformation, mountain, uplift age, tectonism, Japan; 07172.
fault breccia
fault gouge, breccia type, brecciation, fracturing, neotectonic fault, normal fault, fault zone, fault movement, slip plane, Greece, Aegean; 10693. tensiional fault, drainage pattern, fault, carbonatite, neotectonics, dislocation zone, India, Western Meghalaya, Nongchram; 08371.
fault displacement
Holocene faulting, Median Tectonic Line, slip rate, trench study, seismic event, earthquake magnitude, fault timing, Japan, Shikoku; 08374.
fault geometry
dextral strike slip movement, transtensional deformation, hangingwall, structural characteristic, earthquake, Ierissos Earthquake(1932), Agios Efstratios Earthquake(1968), Aegean Sea; 08368.
fault gouge
breccia type, brecciation, fracturing, neotectonic fault, normal fault, fault zone, fault movement, slip plane, fault breccia, Greece, Aegean; 10693.
fault hydrogeology
groundwater recharge, pumping test, alluvial aquifer, fracturation, East West Fault, crystalline massif, Niger, Air Massif, Awagadi Valley; 06364.
fault kinematics
morpho-structural analysis, SPOT, Landsat, rift system, geological photo interpretation, China, Shaanxi, Wei He; 05704.
fault motion
earthquake, surface ruptures, sinistral strike slip motion, neotectonic fault, compression, seismic fault motion, strike slip, Greece, Akarnania Region; 08367.
fault movement
Anadara trapezia, radiocarbon dating, sea level, Quaternary(Late), Anadara bearing deposit, Rangitoto lava, New Zealand, Hauraki Gulf, Rangitoto Island; 06189. Aspy Fault, Sangamonian, intertidal rock platform, erosional unloading, crustal stress, Late Quaternary, Canada, Cape Breton Island, Cabot Landing; 04896. karst, neo-tectonics, cave, Beutushohle, Batterich, Gelberbrunnen spring, Sieben Hengste-Hohgant cave System, Barenschacht, speleothem, Switzerland, Thun Lake;

02558. neotectonics, palaeoseismicity, timing, coseismic displacement, Alpine Fault, rotational slumping, New Zealand, Fiordland; 00240. slip plane, fault breccia, fault gouge, breccia type, brecciation, fracturing, neotectonic fault, normal fault, fault zone, Greece, Aegean; 10693.

fault plane
cataclastic rock, piping, trigger mechanism, gully system, slope retrogression, geomorphic effect, landslide, rotational type, mass movement, Venezuela, Andes, Aracay River, Buena Vista; 09521.

fault reactivation
tectonic regime, geodynamical evolution, extensional tectonics, graben, Peru, Western Cordillera, Cajamarca District, Cajabamba Basin; San Marcos Basin; Peru, Western Cordillera, Cajamarca District, Namora Basin; 09493.

fault scarp
crustal block, vector diagram, neotectonics, Landsat TM image, Mexico; 06013. dating, soil strength behavior technique, cohesive strength, scarp height, scarp bevel, age, bevel inclination, fault scarp age, USA, California, Owens Valley, Lone Pine Scarp; Nevada, Pleasant Valley; USA, Nevada, Dixie-Valley; USA, Nevada, Fairview Peak; 02531. degradation, structural heterogeneity, neotectonic fault zone, normal fault zone, slip plane geometry, deformation pattern, hangingwall salient, Greece, Aegean Region; 08366. en echelon offset, seismic hazard assessment, segmentation behaviour, coseismic behaviour, normal fault, USA, Idaho, Basin and Range Province; Montana, Basin and Range Province; 08356. Late-Glacial, postglacial, deglaciation, landslide, seismite, Quaternary(Late), faulting, palaeoseismicity, Sweden, Lansjarv Area; 08363. movement rate, recurrence interval, extensional tectonism, neotectonic history, structural style, Campo Grande Fault, fault, basin and range tectonism, USA, Texas, Hueco Basin; 11881. post-Tioga fault scarp, slope process, soil development rate, fault scarp dating, soil catena development, USA, California, Sierra Nevada; 02530.

fault scarp age
fault scarp, dating, soil strength behavior technique, cohesive strength, scarp height, scarp bevel, age, bevel inclination, USA, California, Owens Valley, Lone Pine Scarp; Nevada, Pleasant Valley; USA, Nevada, Dixie-Valley; USA, Nevada, Fairview Peak; 02531.

fault scarp dating
soil catena development, fault scarp, post-Tioga fault scarp, slope process, soil development rate, USA, California, Sierra Nevada; 02530.

fault scarp derived colluvium
paleoearthquake timing, Holocene faulting, radiocarbon age, colluvial sediment, debris flow, faulting event, TL dating, USA, Utah, Wasatch Fault Zone; 08360.

fault segmentation
active normal fault, intraplate setting, seismic hazard, rupture propagation, interplate setting, geometric pattern, rupture termination, USA, Nevada, Pleasant Valley; Dixie Valley; 08358. footwall lithology, active normal faulting, extension, normal fault, graben, hangingwall, Greece; 08365. surface rupture, earthquake, extensional tectonic setting, potential earthquake segment, surface faulting, USA, Basin and Range Province; 08357.

fault slip data set
tectonic events, belt rotation, palaeomagnetism, tectonic analysis, curved collision belt, fracture pattern, palaeostress reconstruction, Taiwan, Hsuehshan Range; 04901.

fault style
brittle layer, upper mantle, continental extension, parallel fault, observational evidence, theoretical model, Italy; Tunisia; Libya; Greece; Turkey; 08364.

fault system
seismotectonic feature, vertical movement, neotectonics, levelling, morphostructure, France, Provence; 00232.

fault timing
fault displacement, Holocene faulting, Median Tectonic Line, slip rate, trench study, seismic event, earthquake magnitude, Japan, Shikoku; 08374.

fault zone
alluvial fan, sea floor topography, Black Sea, Danube Alluvial Fan; 00048. enechelon, Quaternary normal fault, paleoearthquake, thorium age, earthquake potential, palaeoseismic study, Quaternary(Late), faulting, TL dating, USA, Utah, Logan; 10689. fault movement, slip plane, fault breccia, fault gouge, breccia type, brecciation, fracturing, neotectonic fault, normal fault, Greece, Aegean; 10693. Qilianshan Fault Zone, tectonic belt, uplift, recent tectonic movement, tectonic movement, China, Qinghai-Xizang Plateau; 08372.

faulting
Carboniferous, Brigantian, limestone, mudstone, boulder bed, UK, Isle of Man, Poyllvaaish; 02405. dated, Ohakean terrace, offset, Wellington Fault, radiocarbon dating, terrace, aggradational deposit, vertical offset rate, scarp height, uplift rate, New Zealand, Woodville, Ballantrae Research Station; 03721. geothermal gradient, boxwork, seasonal solutional enlargement, aquifer, Quaternary, tectonic activity, regional aquifer flow, radiometric dating, sub aqueous precipitate, cave, tilting, USA, South Dakota, Wind Cave; 10722. gravity induced deformation, deformation structure, Pleistocene, sediment, glaciotectonic disturbance, loading, UK, England, Warwickshire, Stretton-on-Fosse; East Anglia, Norfolk; 11955. lineament study, satellite imagery, airborne magnetic survey, fracture zone, electromagnetic method, groundwater, water exploration, Botswana; 13424. palaeoseismicity, fault scarp, Late-Glacial, postglacial, deglaciation, landslide, seismite, Quaternary(Late), Sweden, Lansjarv Area; 08363. Pliocene, Quaternary, deep-sea sediment, dolomite, magnesium oxide, diagenesis, Tyrrhenian Sea, Vavilov Basin; Gortani Ridge; Tyrrhenian Sea, Marsili Basin; 00146. TL dating, fault zone, enechelon, Quaternary normal fault, paleoearthquake, thorium age, earthquake potential, palaeoseismic study, Quaternary(Late), USA, Utah, Logan; 10689. uplift, water depth, delta, fan delta, Cenozoic, graben, Greece, Gulf of Corinth, Mornos; 00079.

faulting event
TL dating, fault scarp derived colluvium, paleoearthquake timing, Holocene faulting, radiocarbon age, colluvial sediment, debris flow, USA, Utah, Wasatch Fault Zone; 08360.

fauna
boring, diagenesis, carbonate, cool temperate shelf, Australia, Tasmania; 08177. braided river, artifact, river system, Kapthurin Formation, paleosol, Late Acheulean industry, Kenya, Baringo; 07217. carbonate mound, current, lithoherm, hardground, suspension feeder, Atlantic, Little Bahama Bank, Straits of Florida; 01309. detrital deposit, calcrete, Eocene, Bulimes, Algeria, Maghreb, Oran; Constantine; 12951. fish, benthic biology, Atlantic, Madeira Abyssal Plain; 12983. flora, dam draining, pollution, suspended solid, oxygen, France, Loire River, St. Etienne; 11709. GIS, Landsat TM, satellite imagery, habitat mapping, 02236. limestone, fossil, invetebrate, vertebrate, Jurassic, Argentina, Neuquen Province, Zapala; 00151. lithostratigraphy, amino acid date, Devensian(Late), Clava section, British Quaternary Research Association, deposit transport, UK, Scotland, Nairn River, Clava; 06126. microorganism, enzyme, phytomass, Chernozem, USSR, Rostov Oblast; 00479. overgrowth, Pleistocene, Ironshore Formation, tunicate spicule, limestone, Caribbean, Grand Cayman; 03612. palaeoclimatic reconstruction, palaeoenvironmental reconstruction, reconstruction, Holocene, snail, vertebrate, Poland, Cravow, Grodzisko, Nad Mosurem Starym Duza Cave; 06165. Pliomys lenki, Ghiacciaia Cave, loess, Wurm(Early), Mousterian hearth, pleniglacial phase, last glacial period, Pleistocene(Late), Italy, Verona, Monti Lessini; 07211. pollution, denitrification, petroleum, hydrocarbon, oil spill, accident, France, Mediterranean Coast; 01257. radiocarbon date, postglacial isostatic sea, Champlain Sea invasion, Illinoian-Sangamonian transition, Wisconsinan, La Perade Clay, marine episode, Cartier Sea, Canada, Quebec, St Lawrence Valley; 02659. tufa, uranium thorium dating, interglacial, Stage 9, aminoacid, isotopic stage, France, Vernon; 07008.

fauna death
boron, leaching, arsenic, geothermal activity, lake water quality, correspondence analysis, water quality data, USA, Nevada, Stillwater Lakes; 06305.

faunal activity
loess, morphological feature, agriculture, France; 00392. soil ecology, image analysis, micromorphology, thin section, 10908. surface roughness, surface crust, tillage, soil surface characteristic, remote sensing, surface classification, surface mapping, surface hydraulic parameter, rainfall simulation experiment, infiltration, runoff, vegetation cover, Africa, Sahel; 06292.

faunal association
biocoenoses, Permian(Middle), platform, Afghanistan, Hindu Kush; 08259.

faunal change
Pleistocene-Holocene, migration, siliceous microfauna, Subtropical Convergence, Antarctic Polar Front, oceanographic front, Indian Ocean; 00278.

faunal data
floral data, palaeoclimatic data, Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, Pleistocene(Early), Pleistocene(Early Middle), correlation, North Sea; 08446.

faunal distribution
foraminifera, estuary, Norway, Oslo Fjord, Breidangen; 04834.

faunal hiatus
biotic effect, sea level change, Pleistocene test, perched fauna, USA, California; 11911.

faunal invasion
Pleistocene, Mediterranean species, Coleoptera, glacial interglacial cycle, interglacial interlude, interstadial interlude, biogeographic adjustment, Europe, (Northern); UK; 08480.

faunal province
coral reef, biological zoning, beachrock, South Africa, Zululand, Sodwana Bay; 04815.

faunal relationship
mineralogical relationship, oxygen isotope stage, pelagic carbonate, carbonate distribution, Quaternary(Late), climatic change, isotopic relationship, Mediterranean Sea, Balearic Slope; 08448.

faunal succession
Quaternary(Late), mammalian fauna, succession reconstruction, Japan, Toyohashi, Suse Quarry; 08492.

feasibility study
implementation practice, corporate GIS, GIS, user need, 13824.

feature analysis
recognition, statistical approach, 02106.

feature based predictability
predictability, pressure height, forecast model error, weather system, skill, jet stream splitting, 10161.

feature classification
object recognition, edge detection, edge classification, 03307.

feature detection
edge detection, machine vision, template matching, 02119. linear feature, line contrast parameter, 03327. linear feature, road detection, boundary detection, 11475.

feature extraction
exploratory data analysis, nonparametric mapping, linear mapping, mapping, 13796. image processing, parallelism, topographical map, 13798. image recognition, SV feature vector, 11452. line tracking, knowledge based system, 03320. Monte Carlo method, probabilistic transform, Hough transform, computer vision, 11482. pattern classification, recursive decision rule, heuristics, 06730. sieving, noise removal, 03338. straight line, edge support, matching, intensity image, 13785. zero crossing, digital mapping, edge detection, line generalisation, data compression, 08051.

feature interpretation
rule based system, linear map feature, 02132.

feature labelling
semantic net, fitness function, scene recognition, genetic algorithm, 03336.

feature point
Hough transform, 03349.

feature probability

probabilistic knowledge, template matching, 04511.
eature quantification
morphology, mulching, Vertisol, 00379.
eature selection
branch and bound algorithm, 02114. multidimensional data, automatic pattern classifier, 03310.
eature space
environment, remote sensing, polarisation, 04585.
ecal indicator
random sampling, statistical analysis, coliform bacteria, fecal streptococci, membrane filtration technique, water quality monitoring, surface water quality, 01684.
ecal streptococci
membrane filtration technique, water quality monitoring, surface water quality, fecal indicator, random sampling, statistical analysis, coliform bacteria, 01684.
Federal withdrawal
land management, mineral deposit, legal restriction, USA, Idaho; 13902.
eedback
climate, greenhouse effect, ozone, marine productivity, hydrology, 12493. denitrification event, greenhouse warming, climate oscillator, biogeochemical cycling, ocean, Quaternary, ice age cycle, inorganic nitrogen, 04930. entirety effect, entropy, systems theory, geomorphic system, 11830. linear theory, observation, baroclinic instability, quasi geostrophic model, blocking, zonal, transient eddy, 12420. orbital change, ice change modelling, climate change, ice age, global energy balance model, annual cycle, albedo, 00266. oxygen isotope record, palaeoclimatic model, Pleistocene(Mid), climate transition, one-dimensional time dependent ice sheet model, ice sheet, equilibrium line, 00268. palaeoclimatic modelling, equilibrium climate model, general circulation model, lag, 09535. warming, greenhouse effect, sea level rise, ice age, climate response, 12500.
eedback amplification
volcanic activity, extraterrestrial disturbance, Younger Dryas, cold spell cause, deep sea record, climatic change, last deglaciation, Nordic heat pump, heat pumping mechanism, positive feedback, 07193.
eedback mechanism
glacial, Quaternary, climate modelling, Boolean delay equation, hydrological feedback mechanism, thermohaline circulation, 08423. nonlinear response, benthic oxygen isotopic record, Milankovitch theory, orbital forcing, 03847.
eedback model
forest decline, GIS, Germany; 01114.
eedback parameter
chaotic behaviour, climate model, 08916.
eldspar
aeolian, loess, quartz, soil, silt, Germany, Ore Mountains; 02302. detrital grain, source rock, sand, quartz, India, Kerala, Bharathapuzha; 11773. diagenesis, isotopic dating, sedimentary provenance, Jurassic(Upper), palynomorphs, heavy mineral, North Sea, Central Graben, Argyll Embayment; 08302. dissolution rate, weathering rate, microorganism, percolation lysimeter, rate, laboratory study, lysimeter study, chemical weathering, Sweden, Svartberget; 09625. dissolution, porosity, burial depth, sandstone, China, Songliao Basin; 10510. Eemian, dune sand, beach sand, loess, raised beach chronology, interglacial raised beach, thermoluminescence, UK, Channel Islands; France; 07275. mica, weathering grade classification, granite, regolith, cracks, grain boundary, joint, India, Himalayas, Lesser Himalyan Belt; 10823. nepheline, quartz, microfabric, morphology, mineral weathering, neoinformation, weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, mica, 01477. organic solute, weathering rate, microorganism, dissolution, 03924. pyroxene, arctic alpine environment, gabbroic rock, chemical weathering, relative dating, lichen, differential weathering, Norway, Leirdalen; 03927. quartz, absolute age, thermoluminescence dating, Chelford Interstadial, radiometric dating, TL dating, UK, England, Cheshire, Chelford; 11967. reservoir, albite, potassium, sandstone, sodium, dissolution, burial temperature, Norway, Norwegian Shelf; 02474. shale, smectite, illite, Tertiary, Cretaceous, sandstone, USA, Wyoming, Green River Basin; 02444. shelf sediment, continental shelf, quartz, mineral provenance, India; 08175. Spodosolic soil, grain morphology, mineral grain, Canada, Ontario, Chapleau; 01532. Vizcarra Formation, diagenesis, Oligocene, Miocene, tuffs, montmorillonite, Mexico, Durango; 01324. weathering product, albite, micromorphology, initial weathering product, 01479.
eldspar weathering
lithic clast, open system, till palaeosol, weathering, porosity, micromorphology, USA; 01481.
eldspathic sand
sea water, sediment dissolution, reaction kinetics, diagenesis, 07077.
ell region
valley wind, wind speed, wind direction, local wind change, Finland; 01824.
en
bog, swamp peatland, static chamber technique, spring thaw, winter freezing, subarctic fen, ombrotrophic fog, methane emission, Canada, Quebec; 04411. dissolved organic carbon, bog, peatland, spatial variation, temporal variation, specific conductance, hydrogeochemistry, USA, Wisconsin, Crystal Bog; 02829. eutrophication, peat extraction, conservation area, Germany, Lower Saxony, Helmstedt District, Rieseberg Fen; 12132. hydrology, water chemistry, peat vegetation, UK, Wales, Brecon, Illtyd Pools; 00500. peat, weathering, vegetation, anthropogenic pollution, trace metal, sewage effluent, USA, Minnesota, Wilson Creek Fen; 09454. skin flow, throughfall, soil water, surface water quality, evaporanspiration, dissolved organic carbon, subarctic fen, Canada, Quebec, Schefferville; 07506. surface water-groundwater interaction, hydraulic conductivity, water budget, wetland hydrology, 00498. water balance, soil moisture change, hydrological process, permafrost environment, gamma density meter, moisture storage, melt water, infiltration, evaporation, 13438.
en margin
pore water, peat, methane flux, subarctic fen, boreal fen, Canada, Quebec; 09014.
fen peat soil
mixed soil, topsoil, mineral subsoil, soil mixing, peat soil, UK, England, East Anglia; 10937.
fen soil
peat conservation, soil conservation, degradation, Germany; 08564.
fenamiphos
fenamiphos sulphoxide, fenamiphos sulphone, leaching, 13256.
fenamiphos sulphone
leaching, fenamiphos, fenamiphos sulphoxide, 13256.
fenamiphos sulphoxide
fenamiphos sulphone, leaching, fenamiphos, 13256.
Fenitian
Midlandian, glacial deposit, Devensian, morphostratigraphy, chronology, Ireland; 13123.
fenitrothion
carbofuran, desorption, pesticide sorption, insecticide, sorption, methyl parathion, 07348.
fenland restoration
groundwater flow, water management, ecosystem management, calcium saturation, regional groundwater flow system, mesotrophic fen, poldered river plain, Netherlands, Vecht River, Het Gooi; 11113.
Fennoscandian ice sheet
ice sheet, last glaciation, Weichselian(Early) interstadial, Brorup, Odderade, Warthe glaciation, Elsterian, Saalian ice sheet (stage 8), Eemian interglacial, Domnitz interglacial, Rugen (substage 7a), Norway; Sweden; Finland; 01434.
fentin acetate
sandy soil, fungicide accumulation, transformation product, organotin residue, leaching, Netherlands; 07350.
Ferdar Formation
Cape Shore Formation, Flags Formation, Elsterian, Saalian, Weichselian, subglacial channel, British Geological Survey, Quaternary geology, UK Norway median line, UK, Scotland, Bressay Bank; 09563.
Ferdynandovian
interglacial, pollen sequence, Holsteinian, Holsteinian-Mazovian interglacial, Hoxnian, Poland; UK, England; 01442.
fermentation
anoxic, lake sediment, glucose, paddy soil, methanogenesis, 12841. nitrogen, glutamic acid, alanine, sulphate, reduction, USA, Virginia, Bordenstake Bay; Chesapeake Bay; 12976.
ferralitisation
lateritic soil, humid tropics, clay horizon, aluminium mobility, Brazil, Amazonia; 00414.
ferrallitic cover
soil cover, microaggregated horizon, pore size distribution, alterite, macroporous horizon, pore space, hydric behaviour, French Guiana; 09745.
ferrallitic soil
goethite, haematite, fabric, Cuba; 01590. Oxisol, organic matter, soil structural change, microaggregate structure, clay leaching, Cameroon; 09767. particle size analysis, kaolinite, French Guiana; 00375. podzol, tropics, general planation model, peat soil, soil cover, planation, perhumid tropical zone, humid climate, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680. spatial variability, temporal variability, erodibility, tropical soil, runoff plot, natural rainfall, erodibility index, Wischmeier's nomograph, Africa; Madagascar; Guyana; 02738.
ferric hydroxide
equilibration, undersaturation, seasonal flow, phosphorus, USA, Hudson River; 12977. hydroxide coated soil, sorption, Paleudult, Orangeburg Series, clover residue, orthophosphate sorption, 07359. radiation method, spectrophotometry, uranium concentration, groundwater quality, stream water quality, spring water quality, water quality analysis, adsorption, Turkey, Bergama-Balikesir Area; 07448.
ferric iron
ferrous iron, nontronite, high resolution electron microscopy, oxidation, gel, electron diffraction, 12989.
ferric nodule
illuviation ferriargillan, geostatistical method, pedological property, soil pore, thin section, 13268.
ferric oolite
sedimentation, ironstone, basin, rifting, palaeoenvironment, Malawi, Lake Malawi; 05830.
ferric oxide
satellite, Newman, Thematic Mapper data, 11547.
ferricrete
hematite:goethite ratio, geochemistry, evolution stage, lithodependency, Burkina Faso, Gaoua; 08526. petrographical study, geochemical study, laterite, weathering profile, Central African Republic, Dembia Zemio; 10822. Pleistocene(Middle), alucrete, silcrete, duricrust, morphostratigraphic marker, planation surface, Nigeria, Jos Plateau; 06006. stone line, meandering, braided river, sheetflood, pedology, climatic oscillation, Ruzizi Plain Deposit, calcrete, Zaire, Lake Tanganyika; Burundi, Lake Tanganyika; Rwanda, Lake Tanganyika; 06106.
ferrihydrite
goethite, hematite, microbial reduction, protonation, iron oxide solubility, iron oxide dissolution, complexation, 09610. iron oxide pan, water table, goethite, New Zealand, Taranaki; 00489. silica, cementation, soil, hydroxy species, 08268.
ferromagnetic mineral
paramagnetism, unweathered loess, paleosol, ultrafine magnetite, palaeoclimate condition, magnetic susceptibility, loess, China, Loess Plateau; 11914. particle size, identification, Towada-Ooyu pumice, Towada Volcano, tephra, pumice, Japan, Tohoku District; 02674.
ferromanganese
concretion, ore, deep water zone, 05864. manganese, iron, micronodule, deep sea sediment, sediment water interface, Indian Ocean, Central Indian Basin; 10579. sea water, nodule, aeolian, sediment cores, sea floor, 02365. sedimentation, seafloor, nephelometer profile, continental shelf, abyssal sediment, Antarctica; 10576. speciation, redox state, sea water, osmium, 12961.

ferromanganese crust
cobalt, nodule, manganese, CCD, Antarctic Bottom Water, Pacific, (Central); 12888. microstructure, crystallite habit, Pacific, (Central); 02373. oxygen minimum zone, crust, latitude, water depth, biological productivity, cobalt, Pacific, (Central); 12889.
ferromanganese deposit
nodule, manganese:iron ratio, water depth, Pacific, Dampier Ridge; Lord Howe Rise; 09373. trace element, accumulation rate, rare earth element, geochronology, hydrothermal sediment, ooze, Pacific, North Fiji Basin; 12892.
ferromanganese nodule
microstructure, nodule, titanium, sea water, Indian Ocean, Somali Basin; 12898. ooze, nodule, crust, pelagic sediment, red clay, todorokite, Indian Ocean, Central Indian Basin; 00095. organic matter, copper, productivity, trace element, sea water, 00083. pelagic abyssal basin, gyre, nodule, Pacific, (Southwest); 05872. rock polishing, sample preparation, mounting, 03684.
ferron method
clay, cation, montmorillonite, aluminium, 01350.
ferrous iron
acid base transfer, diffusion, oxidation, 03978. nontronite, high resolution electron microscopy, oxidation, gel, electron diffraction, ferric iron, 12989. oxygenation kinetic, diffusion, oxidation, 03977.
ferruginisation
weathering mantle, chemical weathering, chlorite, palaeoweathering, Hercynian Massif, smectite like mineral, kaolinite, geothite, hematite, weathering profile, monosiallitisation, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707.
ferruginous nodule
semiarid soil, phosphate, phosphorus fixation, nodule, sorption, Ghana; Brazil; 13264.
ferruginous soil
sand dunes, water holding capacity, hydraulic conductivity, water characteristic curve, soil water hydrodynamics, Africa, Sudan; Sahel; 12229.
fersiallite
morphopedology, semi arid area, limestone crust, red soil, Algeria; 07426.
fertilisation
biomass, seedling response, nitrogen, phosphorus, USA, Mississippi; 00461. carbon dioxide, greenhouse effect, phosphate rich water, ocean surface, iron, Southern Ocean; 13563. forest, savanna, nitrogen oxide, nitrous oxide, emission, soil, Venezuela, Guayana Shield; 11326. iron fertilisation, carbon dioxide, plant production, nutrient rich water, surface water, transient tracer data, 07743. nitrogen, snail, lichen, Israel, Central Negev Highlands; 01608. phosphorus, cultivation, inositolic phosphate, Chernozem, 13246. vegetation, greenhouse warming, biological source, biological sink, methane, nitrous oxide, emission, soil, nitrification, rice, cattle, 09012.
fertilised field
biomass burning, ammonia budget, emission, Australia; 11297.
fertiliser
acidic topsoil, phosphorus, aluminium, vertical distribution, pH, Australia, New South Wales; Victoria; 00488. buffering capacity, carbon cycle, pasture, soil acidification, Australia, Victoria; 09714. bulk precipitation, peatland, forest ecosystem, nitrogen cycle, nitrogen deposition, mineralisation, throughfall, Ireland; 11097. cation exchange capacity, calcareous soil, organic carbon, carbon, manure application, 12065. groundwater contamination, septic tank, agricultural pollutant, nitrate-nitrogen loss, leaching, 01728. groundwater, nitrous oxide, emission, soil, 00939. herbicide, pesticide, contaminant transport, recharge flux, groundwater pollution, pollution potential, agricultural watershed, manure, USA, Pennsylvania; 07579. lime, calcium, agricultural pollutant, surface water quality, dissolved substance, buffered river, anthropogenic pollution, sulphate, chlorine, alkalinity, Sweden; 01682. maize field, irrigation, water management, nitrate-nitrogen leachisng, groundwater quality, crop yield, agricultural practice, 13448. mineralisation, immobilisation, rate estimation procedure, nitrogen-15, 09727. mineralization, groundwater chemistry, groundwater classification, shallow groundwater, groundwater quality, seepage zone, Netherlands; 02930. nitrate concentration, indicator bacteria, groundwater contamination, ion chemistry, karst aquifer, residence time, water chemistry, reducing condition, USA, Kentucky, Inner Bluegrass Karst Region; 07559. nitrate, agricultural pollutant, tillage, agricultural practice, groundwater contamination, soil nitrate concentration, 01760. nitrate, nitrogen, phosphorus, base flow, nitrient loss, groundwater discharge, groundwater quality, surface water quality, agricultural practice, USA, Wisconsin; 01762. nitrogen transport, particulate nitrogen, suspended matter, erosion, deforestation, 08155. nitrogen, pine plantation, nitrate, ammonia, infiltration, leaching, 00386. nitrogen, soil, isotopic composition, USSR; 00476. nutrient availability, sugar maple stand, liming, 03966. organic material, lake water quality, ecosystem stability, acid water treatment, buffer, inorganic base, 07482. phosphorus-32, phosphorus availability, fertiliser reactivity, isotopic dilution, Brazil; 10928. potassium availability, electro ultrafiltration technique, alfalfa, potassium supplying power, extraction technique, Canada, Quebec; 10926. runoff, subsurface drainage, phosphorus, sewage sludge, lysimeter, water quality, 02881. semi-arid soil, potassium depletion, India; 02813. soil property, potassium supply, potassium rate, exchangeable potassium, 07369. soil, adsorption, phosphorus, diffusion, 03968. solubility, calcium, magnesium, manganese, zinc, aluminium, iron, 01564. solute residence time, nutrient leaching, cropping system, humid tropics, leaching loss, 12220. sulphate, microbial carbon, microbial sulphur, soil sulphur fraction, sulphur fertilisation, sulphur transformation, USA, Oregon; 10880. sulphur, liming, polluted soil, soil reclamation, forest soil, Grey Luvisol, nitrogen, 09673. sulphur, oxidation rate, 05084. water quality management, surface water quality, groundwater quality, agricultural land use, agricultural practice, nitrate pollutant, 00631.
fertiliser addition
Vertisol, electro ultrafiltration, phosphorus, potassium, Italy; 07383.
fertiliser application
acidic soil, liming, humus, sod podsolic soil, 10868. cultivation, podsolic loam soil, taiga, physicochemical property, soil reclamation, USSR, Komi; 10949. nitrogen compound, cultivation, humus, carbon compound, 10877. nitrogen fertiliser, mineral nitrogen, nitrate nitrogen, sod podsolic soil, particle size compostion, 10878. organic carbon, nitrogen, microbial biomass, tillage, crop residue, zero tillage, Australia, Queensland, Warwick, Hermitage Research Station; 13232. organic waste, phosphorus, compost, calcareous soil, 13245. sod podsolic soil, organic compound, nitrogen compound, potassium fertiliser, USSR, Ramenskaya; 10876. soil characteristic, water balance, plant physiology, crop water balance, rainfall, evaporation, transpiration, runoff, deep drainage, soil water storage, crop wateruse, wateruse efficiency, tillage, Africa, Sudan; Sahel; 12141. surface charge behaviour, liming, Eden subsoil, Lowell subsoil, Nicholson subsoil, titration, crop response, soil acidification, subsoil, USA, Kentucky; 10929. water drainage, soil acidification, soil exchange complex, Oxisol, Ultisol, Alfisol, nitrogen source, tropical soil, 10900.
fertiliser application rate
water stability, soil friability, bulk density, NPK fertiliser, tensile strength, water stability, soil structure, 08572.
fertiliser reactivity
isotopic dilution, fertiliser, phosphorus-32, phosphorus availability, Brazil; 10928.
fertiliser recommendation
calcium chloride extract, nutrient status, extraction procedure, soil testing, Netherlands; 13272. nitrogen, soil testing, nitrate, ammonium, 13274.
fertiliser requirement
Ultisol, buffering capacity, phosphorus buffering capacity, soil property, USA, (Southeast); Spain; 08587.
fertiliser use
nitrogen content, soil acidification, micro nutrient status, organic matter content, fertility status, South Africa; 10946. nitrogen cycle, sulphur cycle, acid rain, pedosphere, afforestation, agriculture, soil acidification, South Africa, Transvaal; 10947.
fertility
altitude, rainfall, parent material, acid soil, expert system, Rwanda; 05100. forest soil, coal bloom, coal seam, nutrient availability, USA, Kentucky; 00463. soil chemical property, mineralogy, weathering, clay mineral, nutrient deficiency, cation, aluminium toxicity, Fiji; 13302. soil conservation programme, deforestation, fire, alang alang invasion, soil erosion, Indonesia, East Kallmantan; 06242. soil physical property, soil management, tropical soil, desertification, hydraulic property, Nigeria; 09765.
fertility status
fertiliser use, nitrogen content, soil acidification, micro nutrient status, organic matter content, South Africa; 10946.
fertilizer
acid precipitation, terrestrial ecosystem, marine ecosystem, carbon dioxide, ecosystem response, climate change, deforestation, nitrogen, 04332. acidification, surface water quality, soil water chemistry, atmospheric deposition, element budget, experimental watershed, forest catchment, water budget, nitrogen, sulphur, Germany, Black Forest; 06392. loess soil, model calibration, surface water quality, pollutant transport, sediment transport, solute transport, runoff, Germany, Karlsruhe, Weiherbach Catchment; 06324. manure, contaminant concentration, surface water quality, hydrological model, nitrogen soil model, phosphorus soil model, local surface water model, discharge, groundwater quality, Netherlands, Hupselse Beek; 06326.
fescue
radiation model, mixed crop, interception efficiency, conversion efficiency, radiative balance, canopy, 10019.
Festschrift
Derruau(M.), essay, bibliography, 13010.
FGMOD
erosion reduction, sedimentation, tropical watershed, soil erosion, simulation model, Guatemala, Chixoy River; 06222.
Fibonacci search method
multi-objective decision making, water resource management, reservoir operation, search beam method, incremental dynamic programming, 02976.
fibre optic cable
data handling, data management, meteorological telecommunication, 05278.
fibrous clay
smectite, maleic hydrazide, mineral soil component, adsorption capacity, sorption-desorption, iron oxide, 13255.
Fickian equation
soil moisture, hydraulic head distribution, flow velocity, capillary fringe, overland flow, S shaped basin, infiltration, solute transport, unsaturated zone, boundary fitted grid method, Richards equation, 13404.
Fickian hypothesis
Eulerian, Lagrangian, residual current, conservation equation, convection-dispersion, 03499.
fiducial time
shoreline position, measurement time interval, geological geomorphological process rate, 08326.
field
reflection panel, polytetrafluoroethylene, spectral property, Lambertian property, 02109.
field calibration
GIS, trafficability rating, land resource, expert system, Australia, Queensland, Cape York Peninsula; 10469. soil depth, electrical conductivity, electromagnetic induction, 03996.
field capacity
rooting zone, drainage loss, soil water tension, available water content, hydrodynamic characteristic, sandy soil, soil hydraulic property, neutron probe, tensiometer, Ivory Coast; 12230. wilting point, saturation percentage, saturation paste method, soil water content, New Zealand; 09739.
field checking
detection accuracy, geological map, Landsat MSS image, SPOT, image,

lineament mapping, 08064.
ield crop
carrot, grass, spinach, wheat, atmospheric deposition, heavy metal, 11369.
ield curvature
astigmatism, camera, 11476.
ield data
relative age, moraine, catena profile development index, soil catena, USA; 09549. resource, inventory, SPOT, aerial photograph, Tunisia, Kasserine; 04656.
ield data collection
least squares adjustment, software development, total station survey system, USA, California; 07954.
ield description
engineering soil, rock, logging technique, soil strength, 13040.
ield diffusion experiment
accidental release, computation model, nuclear accident, nuclear pollutant, momentum equation, diffusion equation, 11188.
ield drainage system
groundwater recharge, stream head migration, runoff process, chalkland, stream flow, boulder clay cover, lateral flow, UK, England; 05129.
ield evidence
past ice sheet, structural stability, genericity, terminal moraine, 00289.
ield experiment
contour cropping, soil erosion, cropping system, runoff, soil loss, steep slope, India, Burnihat; 06236. fractal approach, spatial variability, rainfall event, Africa, (West); 12345. sediment budget, general system theory, aerial photograph, denudation, caesium 137, geomorphological process, Poland; 08325.
ield experimentation
physical geography, process, glaciology, landslide, soil erosion, China; 01376.
ield frost heave measurement
prediction, seasonal frost, time domain reflectometry, Konrad-Morgenstern theory, cumulative frost heave, frost heave, displacement transducer, segregational potential, Canada, Ontario, Ottawa; 01454.
ield guide
Quaternary Research Association, Fortrose sheet, British Geological Survey, UK, Scotland, Beauly Firth; 06144. stratigraphic correlation, Devensian(Late) glaciation, Loch Lomond Stadial, sea level change, UK, Scotland, Nairn; Beauly; 06145.
ield identification
coastal reclamation, problematical soil, tropical soil, acidification, acid sulphate soil, Indonesia, Kalimantan; 08635.
ield implementation
automated survey system, hardware configuration, USA, Virginia; 07956.
ield indicator
coal mining pollution, sulphate analysis, detection index, surface water quality, electrical conductivity, USA, Kentucky; Tennessee, Big South Fork National River and Recreation Area; 02874.
ield information
land use, change, satellite, UK; 04666.
ield instrument
penetrometer, hand held penetrometer, soil penetrometer, 08593.
ield intercomparison
nitric acid, nitrate measurement, diffusion technique, filter pack, ammonium nitrate, 06642.
ield map
gradient tensor, potential field anomaly, processing map, 09095.
ield mapping
geological map, detailed map, geomorphological map, form chronology, Poland; 09531.
ield measurement
bidirectional reflectance, reflectance, error, 13787. edge moisture variation distance, soil suction, surface elevation measurement, arid climate, edge lift heave condition, USA, Texas, Amarillo; College Station; 03813. lateral erosion, downcutting, backward erosion, erosion rate, morphometric assessment, gully, USSR, Kazakhstan; 08333. piping, runoff, terraced slope, soil erosion, quantitative investigation, erosion form, loess, vineyard, Hungary, Tokaj Nagyegy; 08548. shelterbelt, shelter effect, vegetation belt, 11210. velocity profile, surface strain, bore hole tilting measurement, Glen's flow law, strain rate, flow law, glacier ice, numerical prediction, Greenland, South Greenland, Dye 3 Site; 07306. wet deposition, deposition, complex topography, aerosol, complex terrain, seeder feeder process, 13517.
ield measurement interpretation
thermal infrared, emissivity measurement, box method, agricultural soil, 03417.
ield method
glacial indicator, till survey, ice flow, till fabric, stone count, transport distance, geophysical method, indicator tracing, Finland; 07237. laboratory method, chemical investigation, statistical method, mapping, work method, physical geography, 08319. laboratory methods, data collection, data analysis, regional assessment, groundwater quality, National Water Quality Assessment Program, water quality measurement, USA; 12254.
ield monitoring
creep, surcharge load, performance data, reinforced soil wall, 06024. numerical prediction, moisture movement, unsaturated soil, Richards theory, UK, England, Wiltshire, Swindon; 13048.
ield morphology
climatic change, primary mineral dissolution rate, soil formation rate, soil development, stable landform, landscape study, time, surface stability, USA, California; Great Basin; 02495.
ield observation
coherent Antarctic radar depth sounder, radar depth sounder, design, development, Antarctica; Greenland; 01474. survey manuscript, electronic field book, data processing, surveying instrument, 05567.
ield performance
case history, foundation settlement, soil stiffness, granular soil, 09511.
ield process investigation
computer modelling, hydrological process, soil physics, catchment scale, sub catchment scale, geographical information systems, hillslope hydrology, 10997.
field radiometry
phytomass, radiometer, reflectanc factor, soybean, Brazil, Paraíba; 06867.
field scale erosion
erosion estimation, soil erosion rate, erosion model, physical equation, 10836.
field seedbed
gel amendment, soil amendment, soil physical condition, 09660.
field station
MEDES 3 handbook, instrumentation, Germany, Trier; 06226.
field study
benefit, land husbandry, accelerated soil erosion, conservation strategy, conservation adoption, conservation measure, Malawi; 01519. fog, aerosol, scavenging, ammonium, nitrate, sulphate, sulphur dioxide, S(IV) oxidation, vertical transport, ion chromatography, 13658. PAN, ozone, nitrogen oxide, photosmog, temperature, pollution, Switzerland; 12542. runoff, erosion, rainfall intensity, simulated rainfall, design simulator, rainfall simulator, Spain; 09637. soil erosion, agricultural land, lake sediment, recent record, long term record, soil erosion record, Sweden; 01515. soil property, hillslope hydrology, hydraulic potential, soil water capacity, unsaturated flow, matrix flux potential, diffusivity, water retention, hydraulic conductivity, measurement method, 11042.
field study site
degradation, dambo soil, peasant agriculture, soil erosion, Zimbabwe; 01520.
field surveying instrument
laser instrument, 09083.
field teaching medium
earth science, scientific concept, teaching, snow, 09609.
field team
ice dynamics, ice sheet, AVHRR, Antarctica; 01131.
field tectonic analysis
regional geology, tectonic deformation, Indonesia, Kalimantan; 05706.
field test
pile, collapsible soil, foundation, Brazil, Pernambuco, Santa Maria da Boa Vista; 03804. water balance estimation model, available soil water, Eaglemans parameterisation, lysimeter, actual evapotranspiration, drainage, crop wateruse, sensitivity analysis, 11040.
field testing
clay surface cover, municipal solid waste, landfill leachate, leachate recirculation, soil shrinkage, Canada, Ontario; 09694. Fourier transform infrared spectroscopy, emission, biological process, long path, 11153.
field traffic
compaction, soil physical property, traffic induced compaction, 09657. compression, structure degradation, soil physical property, wheel traffic, Czechoslovakia; 09705. crop yield, soil structure, wheel traffic, track traffic, Kuban black earth soil, traffic induced compaction, USSR; 09708. cultivated horizon, soil structure, compaction, 09656. soil physical property, brown soil, loess, compaction, 09655. soil physical property, traffic, compression test, 02788. soil structure, compaction, soil aeration, cultivated horizon, Stagnogleyic Luvisol, 09658.
field trip report
limestone gorge, underground drainage basin, limestone tower, sinkhole, hydrogeology, karst, China, Guangxi; 06055.
field weathering study
earth science teaching, reaction, kinetic, weathering, geology student, dissolution rate, microwave oven, 03923.
field work
geomorphological work, secondary school, teaching, Germany, Nordhein-Westfalen, Cologne Basin, Mitbach Valley; 00207.
Fig Tree Group
sedimentation, volcanism, greenstone belt rock, conglomerate, Archaean, South Africa, Barberton; 05899.
filament
AVHRR imagery, Lagrangian, motion, coastal transition zone, USA, California; 06897.
file format
GIS, software package, thematic mapping, 01007.
file format information
data entry menu, maintenance, DBMS, data dictionary, 01060.
fill cut terrace
alluvium, strath terrace, chronosequence, diachronous, stream terrace genesis, soil development, climatic stream terrace, tectonic stream terrace, complex response degradation terrace, downcutting, aggradation, gravelly bedload, 02678.
filling
finite element method, collapsing soil, model, dam, 03808.
film filter combination
crop disease, aerial photography, crop reflectance, 12768.
film flow
cyanobacteria, calcite, proglacial, freezing, subglacial water, sparite, micrite, Switzerland, Glacier de Tasnfleuron; 01232.
film unflatness
camera, affine sealing, lens distortion, 13766.
filter
ambient air, heavy metal, metalloid, 06668. rank-order operator, image enhancement, 03306.
filter material
mutagenicity, PAH's, particle, sampling artefact, 11152.
filter pack
ammonium nitrate, field intercomparison, nitric acid, nitrate measurement, diffusion technique, 06642. denuder, particulate pollutant, ammonia, nitric acid, hydrochloric acid, 06566. gas particle distribution, nitric acid, nitrous acid, particulate nitrate, sulphur dioxide, particulate sulphate, annular denuder, 12540. pulsed fluorescence, ion chromatography, sulfur dioxide measurement technique, USA, Eastern Colorado Plains; 04438. sulphate, particulate, sampling, glass impactor, annular denuder, 00681. transition flow reactor, Fourier transform

infrared, spectroscopy, nitric acid, measurement, Dennder difference method, 13675.
filtered digital image
zero crossing, edge operator, computer vision, digital terrain model, 07990.
filtered system
forecast, slow equation model, data initialisation, primitive equation forecast, 07792.
filtering
initial state, sea surface temperature, monsoon, predictability, low frequency mode, extended integration, 12473. restoration, remote sensing, GIS, 13790. sedimentation, current, suspended sediment, circulation, mixing, China, Zhejiang, Ziangshan Bay; 05832.
filtering dyke
water balance, crop yield, sedimentation, infiltration, groundwater supply, soil conservation, water conservation, available soil moisture, Burkina Faso, Rissiam Region; 12281.
filtering technique
cloud clearing procedure, Infrared Radiation Sounder, statistical correlation, 05611. dynamic programming, human operator efficiency, image processing, digital terrain model, 07992.
filtration
adsorption, precipitation, ion exchange, waste water irrigation, contaminant reduction, Spain, La Mancha, Guadiana River Basin; 07603. compaction, adsorption corrected filtration, sampling, carbonaceous aerosol, aerosol, carbon, USA, California, Los Angeles; 02062. dissolved air flotation, micropollutant, taste problem, odour problem, surface water quality, eutrophication, potable water, sedimentation, South Africa; 07503. porous media, hydrocarbon, swelling, clay mineral, 02299. ripening, water supply, waste water, particle size, 00102. sedimentation, water treatment, surface water quality, eutrophication, potable water, Dissolved Air Flotation, South Africa; 05195. separation layer, biodegradation resistance, geotextile, coastal engineering, Poland; 07178. sorption, humic substance, surface water quality, PCB, particulate retention, suspended particle, centrifugation, Canada, St Lawrence River; USA, St Lawrence River; 08747.
filtration device
microbial transport, trace inorganic solute, sampling device, water quality, bacteria, suspended particle, 04074.
filtration flow rate
average velocity, channel flow, friction velocity, water surface slope, flow velocity, 09814.
filtration plant
waste water plant, aqueous phase, adsorbed phase, drinking water, suspended matter, sewage sludge, particulate organic carbon, river water, water quality, PCBs, partitioning, France, Paris, Seine River; 05204.
filtration technique
infiltration, groundwater contamination, surface water groundwater interaction, trace metal, colloid, contaminant transport, Switzerland, Glattfelden, Glatt River; 07568.
financial inducement
US soil conservation policy, voluntary adoption, coercion, soil conservation, USA; 02723.
financial reform of surveying
computerisation, surveying, legal reform of surveying, Switzerland; 06712.
Findlater Jet
upwelling fauna, sediment record, upwelling field variability, model experiment, ocean model, monsoon wind, pycnocline, Indian Ocean; Middle East, Arabian Peninsula; 02616.
fine
hyperfine structure, secular variation, atmospheric carbon-14, 02591.
fine fraction
stable isotopic stratigraphy, pelagic carbonate, last glacial termination, monospecific foraminifera, isotopic change, Glacial-Holocene trend, 04954.
fine grained sand
granular material, liquefaction, permeability, shear strength, plane strain experiment, compression experiment, water saturated sand, 09513.
fine grained sediment
sediment movement literature review, aquatic system, tracing, Canada, Great Lakes; St Lawrence; 05880. stratified sediment, ice thickness, Pleistocene, valley glacier, ice loading, shear strength, Atterberg consistency limit, ice thickness reconstruction, subglacial consolidation, Austria, Alps, Vorarlberg; 07240. thin section, transmission electron microscopy, backscattered electron image, microfabric, Caribbean Sea, Barbardos Ridge, ODP Hole 671B; 02478.
fine grained sedimentation
palaeography, Jurassic(Late), Cretaceous(Early), limestone, algae, foraminifera, Morocco, Eastern Rif foreland; 07055.
fine mesh analysis
divergence, cyclogenesis, orographically induced cyclogenesis, shear, curvature, Alps; 04299. mountainous terrain, Europe, Alps; Pyrrenees; 04285.
fine mesh simulation
great storm(16 October 1987), dynamical aspects, storm, UK; 13599.
fine particle
coarse particle, absorption, nitrogen dioxide, particle, extinction, light extinction budget, scattering, 06438. ozone, trajectory, aerosol measurement, suburb, atmospheric acidity, acid aerosol, nitric acid, nitrous acid, USA, Connecticut; 13712. particle measurement, source apportionment, visibility, 07785. sulphate, nitrate, optics, visibility impairment, particle measurement, chemical species, ammonia, light scattering, extinction, absorption, USA, Colorado, Denver; 13738.
fine particle mass
carbon, visibility, particulate matter, aerosol, sea salt aerosol, biomass burning, photochemical aerosol, pollution, Australia, Latrobe Valley; 00920.
fine resolution
remote sensing, Soviet space program, 00940.
fine sediment
agricultural pollutant, sewage effluent, metal concentration, groundwater quality, polluted aquifer, suspended material, Israel; 01741. consolidation, accretion, entrainment, scour, flocculation, erosion, deposition, 04729.
fine sediment dispersal
sorption, estuarine circulation, kepone cycling, estuary, sedimentological fate, surface water quality, polychlorinated hydrocarbon, sediment sink, hydrodynamic model, particle transport, cycling mechanism, USA, Virginia, James River Estuary; 08760.
fine textured soil
infiltration, neutron moisture meter, tensiometer, gypsum block, saturation zone, soil water storage, forest hydrology, hillslope hydrology, soil water dynamics, Australia, Western Australia; 02902.
fine-textured soil
unsaturated hydraulic conductivity, pore-interaction factor, soil particle-size data, Hecla soil series, soil texture, hydraulic conductivity, soil water retention, 12057.
fingering
scalloping, calcite, sandstone, weathering, reaction front, 04848.
fingerprint
fractal terrain, scale space, topography, landform, 03696.
fining up sequence
lamination, clay, neap spring cycle, tidal sediment, channel fill, Netherlands, Schoorldam; 11658.
fining upward
sedimentary structure, provenance, heavy mineral, Wajid sandstone, Cambrian, Ordovician, colour, Saudi Arabia; 00110.
fining upward cycle
bounding surface classification, braided river deposit, Westwater Canyon Member, Jurassic, Morrison Formation, USA, New Mexico; 09397. lithofacies, conglomerate, sandstone, Upper Siwalik subgroup, India, Chandigarh, Punjab Sub-Himalaya; 10594.
fining upward sequence
tidalite, quartzite, bedform, Precambrian, sedimentary structure, India, Bihar, Singhbhum, Ghatsila; 08222.
finite difference
boundary point data, polygonal approximation, 12647. spectral measurement, tidal wave, wind wave, Crank Nicolson method, logarithmic transform, modal method, 09308.
finite difference approximation
advection condensation problem, numerical difficulty, cloud-environment interface, flux corrected transport, monotone, 12464.
finite difference grid
transformation, computer graphics programme, contouring, 10374.
finite difference model
model calibration, self calibrating model, optimisation model, computer model, groundwater flow, groundwater hydraulics, 09873. shallow water integration, forcing scheme, small-scale forcing, staggered grid, 00667. solute transport, bilinear interpolation, linear interpolation, transmissivity boundary, nonuniform flow, heterogeneous aquifer, particle velocity, groundwater flow model, 01717.
finite difference numerical model
aqueous phase concentration, simulation model, unsaturated flow, soil water content, cation transport, sandy soil, 08602.
finite difference solution
permafrost, saturated ground, freezing interface, interface path, temperature profile, laplace transform, 07284. river network, hydrograph, Preissmann scheme, flood propagation, mountainous terrain, flood hazard, Hong Kong, Shing Mun River; Sham Chun River; 08676.
finite element
floodplain, inundation zone, storm, Germany, River Fulda; 02314. undrained heating, thermal consolidation, stiffness property, numerical analysis, oil sand, nonisothermal condition, pore fluid pressure, Canada, Alberta, Athabasca; 10699.
finite element analysis
analysis, constant-head permeability test, clay, soil permeability, permeability, shape factor, 02539. fracture filling, ice retreat, silty fracture filling, crystalline bedrock, hydraulic lifting, ice retreat rate, adfrozen, pressurized meltwater discharge, Artesian condition, 04992. progressive failure, long slope, clay slope, shear deformation, 07180. softening effect, fissured deposit, overconsolidationed deposit, clay, mudstone, yield surface, softening mechanism, time dependent strength reduction, 11888.
finite element method
catchment runoff, GIS, water quality, water quantity, non point source, 10452. collapsing soil, model, dam, filling, 03808. Coulomb dry friction law, algorithm modularity, numerical modelling, contact, friction, 00250. diffusion, convection-dispersion, open boundary, boundary condition, groundwater flow, transport equation, 04106. discharge drawdown relationship, rectangular confined aquifer, steady state flow, pumping test analysis, groundwater flow, 11053. Krusne hory Fault, engineering-geological investigation, geotechnical investigation, slope stability, deep opencast mine, complex geological condition, stability, opencast mine slope, Czechoslovakia, Bohemia; 01405. Lagrangian scheme, truncation error, cubic spline, particle in cell method, 07641. penetrometer, numerical simulation, penetration, sand, 00251. St. Venant equation, open channel network, unsteady flow, channel flow, 13329. Taylor-least-squares, Taylor-Galerkin, advection-diffusion, numerical method, 02998. theory, reinforced embankment, embankment, soft foundation, 03736.
finite state automation
infrared, image processing, 03337.
finite volume scheme
numerical dissipation, piecewise parabolic method, numerical technique, discontinuity, 01795.
Finnish varve chronology
varve chronology, chronology, Swedish time scale, correlation, zero varve, Finland; Sweden, Aland; 10740.
fir forest
energy balance, model, all-wave radiation, air temperature, snow melt modelling, 13529. heat transfer, water retention, meltwater runoff,

snow cover energy, mass balance model, Canada, Quebec, Lac Laflamme; 01747.
re
accelerated erosion, erosion, agro-forestal soil, Portugal; 00363. acid rain, photochemical smog, monsoon, environmental effects, oil burning, oil well, satellite observation, Kuwait; 13646. alang alang invasion, soil erosion, fertility, soil conservation programme, deforestation, Indonesia, East Kallmantan; 06242. biomass, smoke, emission, wildland, 13742. bush fire, woodburning, PAH's, fossil fuel, particulate matter, benzo[a]pyrene, coronene, Australia, Sydney; 07830. climate change, fuel property alteration, atmospheric chemistry, vegetation, wildland, 13638. decomposition, forest product, biomass energy, carbon dioxide, harvesting, productivity, 10212. eucalypt forest, soil chemical property, forest soil, burning, Australia, Victoria, Wombat State Forest; 12124. eutrophic lake, pollen, diatom, boreal forest, lake, meromixis, Canada, Alberta, Baptiste Lake; 08159. forest, savannas, cattle grazing, rilling of slopes, gullying, recent evolution, valley, dry phase, sangol, slope deposit, Nigeria, Adamawa Highlands; Cameroon, Adamawa Highlands; 12038. frost action, soil age relationship, Quaternary(Late), moraine, loess, Holocene, moraine, till, soil development rate, radiocarbon date, loess reworking, New Zealand, Southern Alps, Arrowsmith Range; 07324. man, post glacial woodland, charcoal analysis, pollen analysis, fire climax woodland, anthropogenic fire, UK, England, East Anglia; 05018. pollen analysis, vegetation history, deforested, blanket bog, charcoal influx, Betula decline, Ireland, County Kerry, Lough Adoon Valley; 05017. preharvest burning, stream flow, water quality, nutrient, nitrate nitrogen, ammonium nitrogen, phosphate, calcium, magnesium, sodium, potassium, 06323. semi arid woodland, depositional material, aggregate stability, micromorphological property, surface crust, cryptogam cover, soil physical property, Australia, New South Wales, Coolabah; 07438. shrub steppe ecosystem, soil moisture, evapotranspiration, leaf area index, 06386. soil nutrient status, nitrification, ash deposition, clipping effect, chaparral, USA, California, San Diego County; 10863. SPOT, Landsat TM, tree cover, vegetation type, Ivory Coast, Korhogo; 03435. supply capacity, forest soil, soil process, nutrient loss, nutrient availability, Australia; 08589. thermal cracking, radiocarbon date, permafrost aggradation, soil wedge polygon, palaeoclimatic significance, polygonal patterned ground, till, Canada, Quebec; 07288. wetting, water repellency, chaparral, soil, USA, Arizona; 03964. whirlwind, burn event, convection column, fire storm, vortex, Canada, Ontario; 07762. wildfire, fire wind, fire front speed, flame, fuel bed, wind, 10007.
re behavior
GIS, DEM, behavior prediction, 04549.
re behaviour modelling
GIS, spread rate, weather data, Canada, Manitoba; 01109.
re climax woodland
anthropogenic fire, fire, man, post glacial woodland, charcoal analysis, pollen analysis, UK, England, East Anglia; 05018.
re control
dynamic modelling, land management, vegetation, Australia; 03426.
re danger
AVHRR, grassland, vegetation index, USA, Great Plains; 01110.
re detection
forest, intelligent system, 09239.
re effect
soil, semi arid woodland, erosion susceptibility, rain impacted flow, degraded woodland, hazard, Australia, New South Wales, Coolabah; 07329.
re evaluation
infrared remote sensing, global biogeochemical study, biomass burning, 12751.
re front speed
flame, fuel bed, wind, fire, wildfire, fire wind, 10007.
re hazard
reflectance property, vegetation reflectance, USA; 11550. tasseled cap transformation, spectrophotometer data, chaparral ecosystem, 08100.
re history
climate, forest fire, El Nino/Southern Oscillation, forecasting value, USA, (Southwest); 07797. historical reconstruction, boreal forest, forest fire history, lake sediment, charcoal index, pollen index, sedimentological index, geochemical index, Canada, Alberta, Wood Buffalo National Park; 08472.
re management
decision support model, satellite derived data, forest fuel, Canada, Ontario; 13926. GIS, planning, USA, California, San Bernardino National Forest; 06884.
re place
automobile, diesel truck, meat cooking operation, submicrometer, aerosol mass distribution, emission, boiler, 11339.
re rotation
spatial autocorrelation, wildfire distribution, multiple GIS layer, USA, California, San Bernardino National Forest; 10416.
re scar
tree growth chronology, Southern Oscillation, ecosystem dynamics, USA; 07796.
re station
GIS, expert system, knowledge acquisition, Canada, Alberta, Calgary; 01068.
re storm
vortex, fire, whirlwind, burn event, convection column, Canada, Ontario; 07762.
re wind
fire front speed, flame, fuel bed, wind, fire, wildfire, 10007.
reball
particle, smoke, nuclear winter, nitric oxide, stratosphere, dust, 02997.
reburn scar
remote sensing applications, deep weathering, vegetation cover, Australia; 10234.
rn
climatic change, greenhouse warming, ice temperature, Greenland; 03127. ice accumulation rate, cosmogenic carbon-14, radiocarbon, Antarctica; 02564. pollen spectrum, ice sheet, Greenland, South Greenland, Dye 3 Site; 07246.
firn core
ice sheet, snow melting, oxygen isotopic composition, Antarctica; 03119.
firn densification
in phase, lag, temperature, carbon dioxide-climate relationship, air dating, carbon dioxide, variation, Antarctica, Vostok; 11915.
first guess data
forecasting use, numerical weather prediction, dropwindsonde data, VISSR Atmospheric Sounder, sounding retrieval process, Atlantic; 08913.
First High Cliff
constructional reef terrace, Second High Cliff, uplift rate, Quaternary(Late), folding, coral reef terrace, Barbados; 07169.
first order chemical reaction
chemical equilibrium modelling, kinetic model, dissolved metal, particle water metal exchange, metal exchange, estuarine chemistry, surface water chemistry, residence time, trace metal, fresh water residence time, 08751.
first order control
GIS, geodetic framework, GPS, USA, California, Fresno; 05591.
first order stream
tracer test, surface water quality, groundwater inflow, oxygen uptake, gas exchange rate, 04077.
fish
acidification, methylation, bacteria, mercury, 11702. atmospheric deposition, total organic carbon, pH, lake water quality, mercury, sediment, plankton, USA, Minnesota; 07480. benthic biology, fauna, Atlantic, Madeira Abyssal Plain; 12983. bioturbation, lake sediment, fresh water, burbot, sediment water interface, Lota lota, submersible image, USA, Great Lakes, Lake Superior, Caribou Island Basin; 09431. clay, sedimentation, absorption, 12994. GIS, ecology, habitat management, pike, Canada, Lake Ontario, Hamilton Harbour; 13930. heavy metal, mercury, methylmercury, pollution plume, food chain, eel, UK, England, Norfolk, Yare River; 08202. mercury, lake sediment, organic matter, Canada, Saskatchewan; 12842. methylation, microorganism, fresh water, mercury level, Sweden, Lake Levrasjon; 09335. organic carbon, pollen, forest, diatom, lake sediment, Finland, Lake Jarvenjarvi; 04722. phosphate, nitrate, nitrite, ammonia, bottom water, nutrient, effluent, India, Periyar River Estuary; 12908. phytoplankton, lake, biomanipulation, water quality, phosphorus cycling, food web, Netherlands, Lake Wolderwijd; Lake Nuldernauw; 09334. plankton, detection, pelagic organism, lake, 04662. radium isotope, bottom sediment, calcium, benthic fish, USA, Washington, Puget Sound; 09378. sulphur deposition, sulphur reduction, surface water quality, acidification, water quality improvement, acid neutralising capacity, surface water quality, Norway, Birkenes Catchment; 04086.
fish exposure rate
gold mining, surface water quality, sediment contamination, mercury, human exposure rate, Brazil, Rondonia, Madeira River; 12198.
fish extinction
lake water quality, landuse effect, pre industrial acidification, biogeochemistry, acid deposition, vegetational development, Norway; 13444. landuse effect, vegetational development, preindustrial acidification, lake water quality, Norway, Agder, Tveita Lake; Ersdal Lake; 13445.
fish farm
sedimentation, nutrient, nitrogen, phosphorus, Secchi depth, eutrophication, Baltic Sea; 12913.
fish farm effluent
bacterial population, alkaline phosphatase activity, acridine orange direct count, aquatic bacteria, surface water contamination, UK, England; 01687. surface water contamination, algae, macrophyte, nutrient, inorganic nutrient, nitrogen, phosphorus, phytoplankton, UK, England; 01688.
fish growth
sediment water exchange model, water quality model, volatilisation reaeration, adsorption, ion exchange, heat exchange, sedimentation, coagulation, precipitation, complex formation, hydroloysis, redox process, photochemical reaction, microbial decomposition, nitrification, 09828.
fish mortality
buffer capacity, invertebrate monitoring programme, acidification index, acid sensitive invertebrate, surface water quality, acid precipitation, biological monitoring, Norway; 02889. lake water quality, acid rain, atmospheric deposition, acidification, lake survey, Norway; 02858.
fish population
humic compound, lake survey, pollution, acidification, water quality, water chemistry, Norway; 13344. PAH, Salmonella, chemical mutagen, industrial waste, river water quality, USA, West Virginia, Kanawha River; 08198.
fish species
ice thickness, riverbed freezing, radar surveying, 03458.
fish stock
pollution, acid precipitation, nitrogen oxide, photo oxidant, nitrogen compound, aluminium, Norway; 04451.
fish survival
Model of Acidification of Groundwater in Catchments, hydrochemical model, stream chemistry, Birkenes model, soil chemistry, sulphate deposition, 13389.
fishery
anthropogenic influence, benthic survey, heavy metal, PAH, North Sea, Oyster Grounds; 07037. climatic service, agricultural development, food production, solar energy, wind potential, oil seed production, ocean current, upwelling, plankton accumulation, 05293. environment, navigation, GIS, oceanography, Canada; 02247. habitat management, littoral zone, spawning habitat, Canada, Lake Ontario; Ontario, Grimsby; Canada, Niagara River; 13928. lipophilic organochlorine, agrochemical, drainage, swamp, rice field, Malaysia, Krian River Basin; 03595. organic carbon, microalgae, biomass, bloom, 03584. productivity, lagoonal flux, organic matter, atoll lagoon, pearl, Pacific, French Polynesia, Tuamotu Archipelago; 11714. sediment reworking, erosion,

trawling, otter board, Baltic Sea, Kiel Bay; 07038. wind, bottom sediment, Chlamys varia, scallop, tidal current, France, Bay of Brest; 04786.
fishery industry
tourism industry, erosion monetizing, sedimentation cost, steepland, logging induced soil erosion, 06059.
fishing
effluent, pollutant, chlorobenzene, suspended particulate, bottom sediment, chemical partition, Japan, Ise Bay; 09393. hydraulic dredge, suspension, clam, erosion, Adriatic Sea, Venice Lagoons; 04791. instream flow policy, wildlife habitat, stream flow, water marketing, instream flow benefit, water recreation, USA; 01788. management, coastline change, training wall, erosion, Malaysia, Kelantan State; 11713. oyster, shellfish, PCBs, polychlorinated terphenyl, organism, USA, Virginia, Chesapeake Bay, Back River; 04775. sedimentation, waste, environmental contamination, sludge, USA, Massachusetts Bay; Massachusetts, Boston Harbour; 07032.
fishing fleet
hydrometeorological service, agriculture, aviation, energy supply, USSR; 05287.
fishing ground
forecasting need, trawler, ship report, meteorological fieldwork(1948), North Sea; Barents Sea; 08851.
fission product
fallout, anthropogenic radioactivity, radioactivity, surface water quality, Canada, Ottawa River; St Lawrence River; Canada, Ottawa, Chalk River Nuclear Laboratories; USA, St Lawrence River; 08748.
fission track age
Cretaceous, Paleogene, isotopic dating, tuff, Uinta Formation, zircon, biotite, USA, Utah, Uinta Basin; 02387. Rockland tephra, zircon grain, fossil fission track, fission track age, tephra, USA, California; Nevada; 13078. tephra, fission track age, Rockland tephra, zircon grain, fossil fission track, USA, California; Nevada; 13078. uplift, unroofing, stability, uplift history, strike slip offset, space problem, Quaternary uplift, Mendocino triple junction, USA, California, King Range, San Andreas Fault; 11878.
fission track analysis
heat flow, denundation, apatite, thermal history, Indian Ocean, Bengal Fan; ODP Site 717; Indian Ocean, ODP Site 718; 04864.
fission track dating
soil, geomorphic evolution, volcanic ash deposit, alluvium, floodplain, terrace surface, deeply weathered soil, loess, USA, High Plains, Rolling Red Plains; 02514. zircon, apatite, provenance, radiation damage track, 07117.
fission track stratigraphy
erosional rebound, isostatic rebound, tectonic uplift, tectonic denudation, erosion, geographic distribution, backstacking, apatite, 07127.
fissure
basaltic disintegration, weathering, Quaternary, basalt flow, internal texture, 06207. cave infilling, phreatic conduit, haematite, Triassic, palaeokarst, karst, limestone, conduit cave system, solutional fissure, UK, England; Wales; 10725. joint, flow path, infiltration, tensiometer, piezometer, overland flow, saturated lateral flow, groundwater flow, inter flow, groundwater discharge, stream flow generation, 05127.
fissure cave
weathering, block movement, creep, frost heaving, piping, forest clearing, quantitative study, debris movement, slope, sinkhole depression, Czechoslovakia, Western Carpathians, Javorniky Mountains; 11896.
fissure eruption
Magellan radar image, small dome, analog, lava shield, lava shield volcano, lava shield production rate, venusian analog, Iceland; 02525.
fissure system
drainage, unsaturated zone, aquifer recharge, moisture content, piston flow, hydraulic conductivity, tracer experiment, soil moisture potential, chalk, recharge, groundwater hydrology, evaporation, UK, England, (Southeast); 07523. physical property, yield, groundwater regulation, chalk aquifer, impermeable chalk, UK, England, Hampshire, Itchen River; Candover Stream; UK, England, Hampshire, Alre River; 07537.
fissure widening
solution weathering, hydrology, cave, karst, point recharge, water tracing, hydrochemical analysis, Ireland, Sligo, Geevagh Karst; Bricklieve Karst; 09524.
fissured aquifer
groundwater circulation, isotopic technique, infiltration, hydrogeological study, evapotranspiration, residence time, environmental isotope, groundwater recharge, Burkina Faso, Sudan Shield; 00598.
fissured deposit
overconsolidationed deposit, clay, mudstone, yield surface, softening mechanism, time dependent strength reduction, finite element analysis, softening effect, 11888.
fissured media
porosity ratio, dispersivity, matrix diffusion, parameter estimation, tracer test, solute transport, groundwater contamination, 09867.
fissured rock catchment
fractured rock aquifer, dispersion model, tritium, subsurface storage, mobile water, retardation factor, hydrogeological parameter, flow model, environmental isotope, groundwater flow model, Germany, Harz Mts; 05214.
fissured sandstone
semi arid area, groundwater resource, aquifer low transmissivity, sandstone aquifer, hydraulic testing, pumping test, delayed yield, drawdown, unconfined condition, well spacing, aquifer transmissivity, fracture zone, Botswana, Kalahari; 06362.
fissured zone
fractured zone, crystalline formation, resistivity profiling, horizontal profiling, square array, Schlumberger array, groundwater exploration, village water supply, Benin; 06359.
fissuring
in situ test, pore water stress, piezocone penetration, clay, cone penetrometer, 04908.
fitness function
scene recognition, genetic algorithm, feature labelling, semantic net, 03336.
fixation
potassium, phosphorus, double equilibration soil test, Mehlich III, Bray Kurtz 1, USA, Arkansas; 07411.
fixed asset management
local authority, GIS, Netherlands; 05764.
fixed bed adsorption
pollutant removal, water treatment, water quality, phenol, p-chlorophenol, mercuric ion, 04063.
fixed plant
GIS, railway, Switzerland; 10470.
fixed point measurement
seasonal variation, carbon dioxide, sulphur dioxide, urban-rural transect, 06561.
fjord
bacterial biomass, Hypsithermal period, Neoglacial, Little Ice Age, sedimentation rate, flux, preservation, organic carbon, Canada, Baffin Island; 04975. deglaciation, Foxe glaciation, glacier retreat, offshore moraine, sediment accumulation, accumulation rate, land sea correlation, Canada, Baffin Island, Cambridge Fjord; 07225. estuary, freshwater, circulation pattern, tide, USA, California, San Francisco Bay; Alaska, Columbia Bay; 03534. graben trough, exaration, glacial erosion, tectonic conditionality, Arctic; 08379. mass flow process, marine geology, seismic profile, u-shaped fjord, glacial erosion, sediment supply, Antarctica, King George Island, Maxwell Bay; 08455. melt water, glacier, tide, wind, suspended sediment, fresh water plume, Svalbard, Spitsbergen, Lilliehookfjorden, Signehamna; 08167. radioisotope, sedimentation rate, isotope, caesium, lead, USA, Alaska, Smeaton Bay; Boca de Quadra; 06977.
fjord lake
bedrock incision depth, glaciolacustrine sedimentation, fjord lake basin, overdeepening, sedimentation, Pleistocene, Canada, British Columbia, Okanagan Lake; 04995. bedrock relief, glacial sediment fill, glacial overdeepening, structural control, overdeepened lake, seismic reflection, Canada, British Columbia, Kalamalka Lake; 07226.
fjord lake basin
overdeepening, sedimentation, Pleistocene, fjord lake, bedrock incision depth, glaciolacustrine sedimentation, Canada, British Columbia, Okanagan Lake; 04995.
fjord readvance
basal till, till, diamicton, Holocene(Early), morainal bank sedimentology, marine ecology, glacimarine environment, grounding line, Greenland, East Greenland, North Scoresby Land, Skjoldungebrae Gorge; 04977.
fjord system
climatic record, recession, Greenland Inland Ice margin, Holocene, climatic optimum, Greenland, West Greenland, Jakobshavn Isfjord Area; 02645.
flagellate
microplankton, suspended particle, size distribution, saline water, nitrite, Atlantic, Bay of Biscay, Cantabrian Sea; 01343. remineralisation, organic carbon, biomass, grazing, bacteria, Atlantic, (Northeast); 10574.
Flags Formation
Elsterian, Saalian, Weichselian, subglacial channel, British Geological Survey, Quaternary geology, UK Norway median line, Ferdar Formation, Cape Shore Formation, UK, Scotland, Bressay Bank; 09563.
flame
fuel bed, wind, fire, wildfire, fire wind, fire front speed, 10007. photometric detection, traffic density, suspended particulate matter, benzothiazole, urban pollution, pollution, tyre tread, pyrolysis, gas chromatography, 00849.
flame ionisation
photo ionisation, carbonyl compound, oxygenated hydrocarbon, sampling, cryogenic trapping, trace gas, gas chromatography, 03211.
flame ionisation detection
thermal desorption analysis, brackish groundwater, groundwater contamination, sedimentary rock aquifer, benzene, toluene, xylene, gas chromatograph analysis, 00610.
flame ionisation detector
carbonate, manganese dioxide, sampling, particulate carbon, carbon, thermal oxidation, aerosols, 02058.
flaming fire
smouldering fire, trace gas, remote sensing, biomass burning, emission, particulate, 04359.
Flandrian
carbonate, halite, gypsum, microbial population, huntite, Tunisia, Zarzis, Sabkha al Melah; 01233. glacial rebound, sea level change, meltwater, deglaciation, ice sheet, model, Devensian, UK, Scotland; 13167.
Flandrian transgression
Devensian(Late), glaciation, Dimlington Stadial, till, lodgement till, melt out till, marine erosion, UK, England; 13137.
Flandrian(Early)
Coleoptera, ecological implication, Bolling, Allerod, Younger Dryas, climatic reconstruction, Late Glacial, France, Massif Central, La Taphanel; 09587. vegetation, pollen diagram, core, subglacial channel, radiocarbon date, Allerod, laminated rhythmite, deadice, Bolling interstadial, Weichselian(Late), Germany, Schleswig Holstein, Angeln; 08482.
Flandrian(Middle) Period
hillslope forest, pollen, Mesolithic hunting band, burning, grazing, blanket peat, Ulmus decline, forest, moorland, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583.
flank margin model
dissolution cave development, carbonate platform, halocline, sea cave, bioerosion notch, Ghyben-Herzberg lens, mixing zone, carbonate diagenesis, Bahamas; 00317.
flash
charge structure, stratiform precipitation, ice-ice interaction, positive lightning, cloud to ground lightning, lightning, mesoscale system, convective system, 12315. thunderstorm origin, radar precipitation, elect-

rification, lightning, 12317.
ash flood
Aramis radar network, areal rainfall forecast, flood forecasting, hydrological service, radar data, France; 04039. eastern North Pacific hurricane, tropical storm, Pacific; 05414. flooding, elevation, palaeohydrologic technique, geomorphology, sedimentology, botany, spatial characteristic, flood frequency estimate, flood bar, alluvial fan, tree scar, flood hydrometeorology, USA, Colorado, Big Thompson River; Rocky Mountains; 01642. hyetograph, catchment morphology, arid catchment, slope, infiltration rate, flood hydrograph, rainfall characteristics, hydrograph estimation, geomorphologic rainfall-runoff model, Saudi Arabia; 00513. precipitation, rainfall rate, Spain, Barcelona; Mediterranean Sea; 01833. storm(1987), hailstorm, thunderstorm, UK, England, Essex; Suffolk; 10126. water management, surface water hydrology, hydrogeology, water resource planning, arid region, semi arid region, hydrological data, data shortage, drought, Africa, Sahel; 06260.
ash photolysis UV absorption
PAN, kinetic study, tropospheric chemistry, equilibrium constant, peroxynitrate, 06622.
ask sample
Geophysical Monitoring for Climatic Change observatory, sampling bias, carbon dioxide, 04384.
at dilatometer
dune, calibration test, sand, in situ density, piezocone penetrometer, Canada, Quebec, Ottawa River; 13047.
at dilatometer test
Marchetti's Flat Dilatometer, Brazil, Rio de Janeiro, Jacarepagua Lowlands; 03773.
dat Plate Dilatometer
dilatometer test, sand, limitation, 03780.
at surface
groundwater flow, hydraulic head distribution, Darcian flow, aquifer fold, folded surface, 04127.
at v weir
dilution gauging, sediment accretion, velocity distribution, sediment load, solute load, mountain basin, structure calibration, stream gauging, current meter, forested catchment, grass catchment, evaporative loss, crump weir, v notch weir, water balance, UK, Scotland, Balquhidder, Kirkton Catchment; Monachyle Catchement; 08708.
atjack technique
doorstopper technique, horizontal stress, neotectonic faulting, stress measurement, tectonic interpretation, in situ stress measurement, UK, England, Gloucestershire, Daglingworth Quarry; 08361.
dar and VHF radar
radar, front, jet stream, convection, mesoscale weather event, wave activity, storm system, gravity wave activity, vertical velocity, 10098.
exural rigidity
sediment erosion, sediment deposition, uplift, extensional region, localised uplift, isostasy, USA, Basin and Range Province; 07167.
exural toppling
landslide, sackung, numerical modelling, toppling, Universal Distinct Element Code, block toppling, Canada, British Columbia, Glacier National Park, Beaver River; 10711.
exure
lithospheric flexure, Quaternary(Late) reef, uplift, stratigraphy, chronology, Pleistocene(Late) reef, sea level, coral reef, makatea limestone, reefal limestone, uranium series dating, Pacific, Cook Islands, Makatea Islands; 10808.
LI
airborne spectrometer, spectrometer, spruce forest, pigment content, 09235.
ight level wind measurement
wind, oceanic platforms, atmospheric stability, buoy, hurricane reconnaissance, 10066.
ight planning
aerial photography, photo coverage, line layout, 07924.
ight simulation
instrument, data collection, terrain modelling, visualisation, 04484.
ight track
chlorine, bromine, stratosphere, ozone loss rate, Antarctica; 12554.
int
Pleistocene, quartz, chert, Rhaxella, shingle, UK, England, Suffolk, Orfordness; 06996. weathering, Tertiary, silicification, Miocene, groundwater, climate, Belgium, Ardenne; Limburg; 02395.
int compaction
chalk dissolution, Ashby Hill Flint, paramoudra, UK, England, Humberside, Grimsby; 09411.
int pebble
Quaternary gravel, Carg Gravel, Westleton Bed, Tertiary pebble bed, spicular flint, UK, England, East Anglia; 06002.
oating approximation
knowledge representation system, pattern recognition algorithm, 03303.
oating glacier tongue
low energy depositional environment, sedimentation rate, cold based glacier, deglaciation, subglacial meltwater, warm based glacier, climatic amelioration, turbid plume, glacier, glaciomarine sedimentation, Canada, Ellesmere Island, Disraeli Fiord; 01427.
loating ice
ice modelling basin, glacial force, model test, grounding resistance, ice rubble, 08514.
loating ice shelf
polynya, cycle, rhythm, event, Quaternary, glaciomarine deposit, facies pattern, glaciomarine continental margin environment, basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, opal productivity, ice rafted debris input, Arctic; Southern Ocean, Weddell Sea; 02620.
loating mat
pond system, mire vegetation, water chemistry, pH, peat mat, nutrient dynamic, Japan, Mizorogaike Pond; 05107.
loating material
Free water surface, evaporation reduction, shading, 07458.
loating terminus
grounding line, gravity flow, ice rafted debris, glaciomarine sediment, subglacial undermelt till, deforming basal till, glacial erosion, lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943.
floating varve chronology
periodicity, varve thickness, radiocarbon, varve chronology, laminated lake sediment, annually laminated sediment, Poland, Gosciaz Lake; 02671.
floc
faecal pellet, coccolith, sterol, fatty acid, microbial, Black Sea; 11795. marine snow, organism, suspended matter, suspension, river plume, Indonesia, Kalimantan, Flores Basin; Makasar Strait; Indonesia, Kalimantan, Mahakam River; 00080. marine snow, settling speed, suspended particle, microorganism, aggregate, 10496. suspension, digital image processing, flocculation, coagulant, suspended solid, 04877. suspension, image analysis system, camera, Netherlands, Scheldt; 12999. waste water, sewage, sludge, ocean dumping, dumping, 08195.
floc formation
algal floc, coagulation, organic matter, marine snow, algal bloom, 01330.
flocculation
advection, diffusion, sediment mixture, settling, 06949. bentonite, aggregate, kaolin, electrolyte, 08292. biogeochemical process, bottom water, pore water, copper, organic matter, sewage, USA, Washington, Puget Sound; 09379. coagulant, suspended solid, floc, suspension, digital image processing, 04877. critical coagulation concentration, sodium illite, 00454. dispersion, arid zone soil, clay dispersivity, structural stability, aluminium oxide, iron oxide, organic matter, 08570. electrolyte concentration, exchangeable sodium percentage, sodium adsorption ratio, pH, clay, 00381. erosion, deposition, fine sediment, consolidation, accretion, entrainment, scour, 04729. hydroxy aluminium, illite, montmorillonite, point of zero charge, adsorption, 04867. oxide mineral, sensitive marine clay, post glacial marine clay, marine clay, undisturbed strength, remoulded strength, quick clay, Canada; 08385. plot study, water erosion, non-calcareous soil, calcium carbonate, soil erodibility, chalky soil, 02719. provenance, continental shelf, clay mineral, montmorillonite, kaolinite, gibbsite, India, Kerala; 00070. seabed sediment, permeability, compaction, salinity, voids ratio, Indian Ocean, Mauritius; 01191. settling velocity, tracer sediment, radioisotope, sedimentation, silt, clay, 11649. silt, sedimentation, estuary, suspended solid, settling velocity, Turkey, Sea of Marmara, Golden Horn Estuary; 04735. turbidity, marine snow, phytoplankton, diatom, bloom, suspended matter, North Sea; 08291.
floe
arctic polar pack ice, pack ice, drift, Arctic; 02700.
flood
ancient flood, risk analyses, research methodology, fluvial palaeohydrology, palaeohydrological research, research methodology, fluvial geomorphology, 10672. channel geometry, bore velocity, desert, sediment transport, 01196. climate, pollution, Egypt, Cairo; 00664. climatic change, coastal regression, shoreline, hydrology, Egypt, Nile Delta; 10536. compound channel modelling, hydraulic geometry, discharge capacity, flow resistance, overbank flow, cross sectional geometry, boundary roughness, river channel, 05180. computer model, discharge forecasting, onchocerciasis, monitoring network, telemetry, river discharge, stream flow, hydrological data, Togo; 06300. deforestation, accelerated soil erosion, flood, landslide, soil erosion, India, Himalayas, Darjeeling Himalaya, Gish River; 13074. design flood, small catchment, channel protection, 00516. drought, agricultural production, seasonality, rainfall, India, Western Ghats; 13496. drought, forecasting, engineering design, climatic extreme, death, 01957. drought, weather service, climate service, water balance, yield estimate, 05296. embankment, dyke, hydraulic model, erosion, structure stability, France, Arve River; 12182. eruption, lahar, pyroclastic flow, meltwater, debris flow, Colombia, Nevado del Ruiz; 01197. extreme event, geomorphology, flood damage, landslide, bank erosion, water table rise, foundation undermining, slope stability, Spain, Pyrenees; 08690. extreme event, historical record, precipitation, flood prediction, France, Ariege Valley; 02846. flood plain management, river regulation, river level, France, Garonne River; 02968. flow resistance, sediment yield, sediment transport, boundary effect, bed classification, bed topography, Japan, Hokkaido, Ogawa River; Shiramizu River; 05177. glacial river, sediment supply, mass flow deposit, glaciolacustrine delta, glaciofluvial system, seasonal change, UK; Ireland; 10518. glacier lake, outburst flood, jokulhlaup, subglacial channel, China, Xinjiang, Yarkant River; 03899. heavy metals, effluent, contamination, speciation, Egypt, Nile Delta; River Nile Valley; 04792. hydraulic mining, tailings, sediment load, channel bed incision, alluvium, USA, California, Bear River; 12839. hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, evapotranspiration, evaporation, drought persistence, hydro metric data, Africa, (West); (Central); 06262. landslide, soil erosion, flood, deforestation, accelerated soil erosion, India, Himalayas, Darjeeling Himalaya, Gish River; 13074. landslide, uplift, erosion, seismicity, glacial surge, hazard, India, Himalayas, Western Himalaya; 04927. low flow, rainfall, vegetation, catchment characteristic, stream flow pattern, runoff characteristics, flow duration curve, flow variability, Guyana; 07467. low river level, water transport, hydroelectric power generation, mining, hydrological service, 05292. Monte Carlo simulation, statistical method, parameter estimator variance, parameter estimator covariance, maximum entropy estimator, Pearson type-3 distribution, 09779. particle size, gravel, bed material, bedload, skewness, flow competence, UK, England, Great Eggleshope Beck; USA, Oregon, Oak Creek; 12838. peak flow, snowmelt, rain on snow event, lake outburst, impoundment failure, avalanche, channel system, USA, California, Sierra Nevada; 08691. precipitation event, hydrochemistry, dissolved organic carbon, El Nino/Southern Oscillation event, discharge, carbon transport, suspended sediment, dissolved solid, surface water quality, Argentina, Parana River; 11025. precipitation, variance analysis, dryness, wetness, drought, China, Beijing; 00709. rain, palaeotemperature

record, perch, Nile perch, Predynastic archaeological assemblage, land cultivation, temperature, Egypt, Nile River; 09571. return period, extreme event, design flood, structure life, 07474. return period, extreme event, landuse effect, urbanisation, runoff, stream flow, catchment characteristics, runoff regime, afforestation, Switzerland, Emme River; Reuss Valley; 09916. rhythmically layered sediment, palaeomagnetic test, remanent magnetisation, declination change rate, palaeomagnetic evidence, glacial Lake Missoula, USA, Washington, Sanpoil River; 10777. risk map, geomorphological criteria, landslide, Andorra, Pyrenees, Gran Valira; Valira d'Orient; 06061. river regime, bank overflow, river regulation, Spain, Ebro River; Tudela, Castejon; 07463. runoff, hydrologic process, soil water dynamics, quick flow analysis, spatial variability, landuse, basin characteristic, 08667. sand body, tidal inlet, bar, barrier inlet, ebb-tidal delta, coastline, South Africa, Natal; 04747. scouring, scour protection, erosion, riffle, river bottom, dune, tunnel, buoyancy, Argentina, Parana River, Parana-Sante Fe Tunnel; 05882. sediment yield, dambreak, mountain stream, runoff, transport rate, sediment transport regime, snow melt, USA, Colorado, Roaring River; 08728. sediment, radiocarbon dating, Holocene history, El Nino, Peru; 11283. sedimentation, suspended sediment, discharge, Belgium, Meuse River; 08698. severe storm, wet bulb potential temperature, orographic enhancement, mesoscale distribution, precipitation distribution, frontal depression, UK, Northern Ireland; 07768. spillway, overflow, weir, erosion, revetment, model testing, Canada, Alberta, Bow River, Bearspaw Hydroelectric Development; Calgary, Bearspaw Hydroelectric Development; 02377. till, glaciation, gelifraction, shoreline, Mediterranean, mountain, dynamics, chronology, Quaternary detritism, mudflow, France, Corsica; 01383. travel time, crest, runoff event, stream flow, Israel; 13326. urban hydrology, flood precaution, rainstorm, France, Nimes; 00522.

flood alleviation
hydraulic model, mathematical model, upstream storage, UK, England, Aylesbury; River Thames; 05260.

flood alleviation scheme
channel change, river engineering, critical tractive force, velocity theory, Griffiths natural stability index, Brookes stream power index, shear stress analysis, regime theory, sediment transport, frictional effect, flood berm, aquatic macrophytes, UK, England; Wales; 05152. channel characteristic, geomorphological survey, channel instability, channel hydraulics, environmental engineering, river regime, river engineering, 04046.

flood area
satellite imagery, flood monitoring, visual interpretation, AVHRR, Bangladesh; 10447.

flood assessment
water resource, extreme flood, return period, climatic change, 01643.

flood bar
alluvial fan, tree scar, flood hydrometeorology, flash flood, flooding, elevation, palaeohydrologic technique, geomorphology, sedimentology, botany, spatial characteristic, flood frequency estimate, USA, Colorado, Big Thompson River; Rocky Mountains; 01642.

flood basin
levee, backswamp, crevasse splay, organic matter, palynofacies, palynology, oxbow lake, Venezuela, Orinoco Delta; 09344.

flood bed
acidification, salinity, shallow water hydrology, Africa, (West); 06384.

flood berm
aquatic macrophytes, flood alleviation scheme, channel change, river engineering, critical tractive force, velocity theory, Griffiths natural stability index, Brookes stream power index, shear stress analysis, regime theory, sediment transport, frictional effect, UK, England; Wales; 05152.

flood channel
flow resistance, compound channel, river channel, roughness prediction, roughness coefficient, composite roughness coefficient, 05160.

flood characteristic
erosion, surging, sedimentation, induced earth tremor, Nepal, Kali Gandaki River Valley; 05147.

flood chronology
basin characteristic, return period, rainfall runoff relationship, probabilistic method, Poisson Process theory, regional synthesis method, flood probability law, Algeria; 12169.

flood condition
mountain stream, sediment transport, bedload discharge, sediment trap technique, unsteady flow, Schamov equation, Schoklitsch equation, 08707.

flood control
drainage improvement, irrigation development, surface water groundwater interaction, water resource management, agricultural development, waterlogging, India, Bihar Plains; 11121. flood forecasting, cost-benefit analysis, risk prevention, flood warning system, 04176. flood regime, environmental protection, river regulation, river diversion, France, Aire River; 12297. modelling, environmental assessment, flood plain management, flood defence initiative planning, UK, England, River Thames; 05257. regulation, hydraulics, geomorphology, USA, Arizona, Colorado River, Grand Canyon; 11843. reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, mountain hydrology, sediment deposition, flushing, slope morphology, hillslope hydrology, flood hazard, landslide hazard, hazard mapping, artificial reservoir, 12136. river freeze up, river ice, ice process, ice jam, Czechoslovakia, Berounka River; 12269. river regulation, sediment, silt control, land management, bank erosion, Bangladesh; 07595. sediment deposition, dam, flow modification, reservoir, hydrological equilibrium, downstream channel, sediment flushing, ecological impact, 08726.

flood control operation
reservoir, real time optimal flood control, flood-routing simulation model, USA, Texas, Lower Colorado River, Lake Travis; 02851.

flood control structure
catchment management, riparian vegetation, riparian ecosystem management, channel stabilisation, erosion control, streamflow management, sediment deposition, check dam, USA; 01782.

flood control system
probable maximum flood, retrofit, reservoir safety, risk evaluation, dam safety, extreme flood, USA, Ohio, Walhonding River, Mohawk Dam; 01787.

flood damage
extreme flood, flood dynamics, morphological change, flood protection scheme, hydraulic model, model testing, flood reconstruction, Switzerland, Canton of Uri, Reuss River; 05176. hazard, GIS, shoreline management, Canada, Great Lakes; 13954. landslide, bank erosion, water table rise, foundation undermining, slope stability, flood, extreme event, geomorphology, Spain, Pyrenees; 08690. return period, hydraulic structure, design flood, hydraulic phenomena, South Africa; 05148. water management, environmental protection, submersible management, flood mitigation, Bangladesh, Ganges-Brahmaputra River; 13464.

flood defence initiative planning
flood control, modelling, environmental assessment, flood plain management, UK, England, River Thames; 05257.

flood discharge
high magnitude, geomorphic work, rainfall event, mass movement, slump, slide, sediment transport, Spain, Pyrenees; 13016.

flood dynamics
backwater effect, levee failure, flood simulation, drainage design, channel design, mathematical model, Italy, Valtellina, Adda River; 05159. flow rate, water level, geomorphology, France, Garonne River; 02847. morphological change, flood protection scheme, hydraulic model, model testing, flood reconstruction, flood damage, extreme flood, Switzerland, Canton of Uri, Reuss River; 05176. urban stream, flood event, Boundary shear stress, stream power, sediment distribution, velocity, channel scour, concrete channel, USA, Missouri, Kansas City, Brush Creek; 04049.

flood estimation
Flood Studies Report, FSR rainfall runoff method, FSSR16 rainfall runoff method, observed data, FSR statistical method, design flood estimation, rainfall runoff method, UK; 07464. low flow research, applications research, instrument development, irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, engineering hydrology, 08640. peak discharge estimation, runoff coefficient, unit hydrograph, hydrograph characteristic, rainfall depth, slope, infiltration, runoff factor values, ungauged basin, Africa, Sahel; 06293. peak discharge, return period, flow-duration relationship, design flood, DELTAQIX method, ten-year flood, 00523.

flood estimation formula
basin characteristic, flood hydrograph, computer program, slope, regionalization method, flood regime, topography, geometry, river network, soil, vegetation, digital terrain model, Austria; 05143.

flood event
Boundary shear stress, stream power, sediment distribution, velocity, channel scour, concrete channel, flood dynamics, urban stream, USA, Missouri, Kansas City, Brush Creek; 04049. catastrophic flood, Quaternary, Devensian(Late), Lateglacial, national database, UK; 01439. hydrograph, hydrograph characteristic, data base, water resources management, automatic water gauge, 10988. mountainous region, curve number method, alpine watershed, Soil Conservation Service curve number method, variable source area concept, saturation overland flow, runoff prediction, physical model, anthropogenic effect, Switzerland; 08679. proglacial storage, sediment concentration, Alpine sediment, sediment budget, sediment yield, suspended sediment, bedload transport, channel pattern, melt water flood, sandur, slopewash, Switzerland, Val d'Herens, Bas Glacier d'Arolla; 07239.

flood event control
hydropower reservoir, reservoir, Austria, Alps; 08730.

flood event frequency
morphological change, extreme event, bed erosion, bank erosion, unsteady flow model, Switzerland, Reuss Valley; 08692.

flood event model
rainfall runoff model, parameter estimation, parameter transformation, nonlinear discrete flood event model, Australia; 05134.

flood flow
low flow, stream flow modelling, reservoir planning, stochastic model, risk methodology, peak flow, 08731. point bar, aerial photography, dendrochronological evidence, primary alluvial landform, magnitude-frequency relationship, alluvial landform, USA, Tennessee, Cumberland Plateau; 00213. runoff depth, precipitation depth, runoff coefficient, surface hydrology, arid area, semi arid area, rainfall runoff relationship, basin characteristic, infiltration class, unit hydrograph, Africa; 06288. vegetation, overland flooding, erosion control, flow equation, Manning n, strip cropping, discharge depth equation, flow retardation, Australia; 07461.

flood flow geometry
overbank flow, velocity, turbulence, Laser Doppler Anemometer, flow mechanism, meandering channel, 05168.

flood forecasting
conceptual model, rainfall runoff model, telemetry, hydrometric network, flow routing routine, rainfall radar image, rain gauge data, river level, flow hydrograph, computer controlled system, automated data retrieval, flood warning system, real time data retrieval, UK, England, Severn-Trent region; 05259. contributing area, regional unit hydrograph, unit hydrograph, rainfall runoff relationship, rainfall duration, design flood, Switzerland; 08686. cost-benefit analysis, risk prevention, flood warning system, flood control, 04176. DPFT method, total rainfall, rainfall-runoff model, soil moisture content, excess rainfall, antecedent precipitation index, France, Aveyron River; 00525. flood frequency analysis, flood magnitude, return period, partial probability weighted moment, generalized extreme value distribution, 09806. forecasting accuracy, real time correction, rainfall processing, forecasting system, China, Yangtze River, Three Gorges; 10990. forecasting model, rainfall-runoff relationship, weather radar data, real time hydrological forecasting, Belgium, Meuse River; 04036. hydrological service, radar

data, flash flood, Aramis radar network, areal rainfall forecast, France; 04039. ice dam outburst, glacier-dammed lake, flood wave, snowmelt wave, flood tables, inundation maps, flood forecasting, real time alert system, Argentina, Mendoza River; 05241. lysimetric snow pillow station, hydrology, monitoring station, snow cover, snow melt model, runoff, Austria, Kuhtai; Tyrol; 08795. real time alert system, flood forecasting, ice dam outburst, glacier-dammed lake, flood wave, snowmelt wave, flood tables, inundation maps, Argentina, Mendoza River; 05241. real time forecasting, rainfall runoff model, radar, rainfall, rain gauge, UK; 05448. remote sensing, watershed, vegetative cover, 04621. runoff yield, reservoir operation, river regulation, water resource management, China, Fengshuba Basin; 09945. snowmelt, surface temperature, freezing depth, heat balance method, snow, runoff discharge, 04148. stream flow forecasting, telemetry, water resource forecasting, drought management, weather radar, rain gauge data, meteorological data, hydrological forecasting, reservoir operation, UK, England, London; 06273. water resource, reservoir operation, water storage, river discharge, resource management, 09948.

ood forecasting model
radar reflectivity-runoff model, rainfall-runoff, catchment characteristic, concentration time, 04037.

ood frequency
drought index, Palmers drought index, river stage, stream flow, USA, Tennessee, Hatchie River; 10984. flood magnitude, recurrence interval, historical flood chronology, UK, Scotland, Berwickshire, Tweed River; 00515. return period, flood plain management, urban flood, flood hazard, mapping, land use management, Spain, Puente Genil; Nervion River; 04032.

ood frequency analysis
flood magnitude, return period, partial probability weighted moment, generalized extreme value distribution, flood forecasting, 09806. flood statistics map, design flood, annual exceedance probability, New Zealand; 09796. nonparametric variable kernel estimation, historical flood, palaeoflood information, 12163. probability weighted moment, partial probability weighted moment, generalized extreme value distribution, historical flood data, parameter estimation, 09807. return period, exceedence probability, statistical distribution, design flood, expert system, 09793. stream gauging, gauge network, influence approach region, regional flood frequency, 08662. streamflow record, extreme flood event, palaeoflood record, parameter estimation, probability distribution, 00514. tropical catchment, flood peak prediction, data paucity, index method, New Guinea, Sepik Basin; 05130.

ood frequency estimate
flood bar, alluvial fan, tree scar, flood hydrometeorology, flash flood, flooding, elevation, palaeohydrologic technique, geomorphology, sedimentology, botany, spatial characteristic, USA, Colorado, Big Thompson River; Rocky Mountains; 01642.

ood genesis
rainfall runoff relationship, stream flow, groundwater storage, soil water storage, runoff, France, Massif Central, Mont-Lozere; 06279.

ood hazard
finite difference solution, river network, hydrograph, Preissmann scheme, flood propagation, mountainous terrain, Hong Kong, Shing Mun River; Sham Chun River; 08676. landslide hazard map, Cyclone Namu, evacuation strategy, map, Pacific, Solomon Islands, Guadalcanal; 05066. landslide hazard, hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, mountain hydrology, sediment deposition, flushing, slope morphology, hillslope hydrology, 12136. mapping, land use management, flood frequency, return period, flood plain management, urban flood, Spain, Puente Genil; Nervion River; 04032. review, soil erosion, China, Loess Plateau; 02743.

ood hazard management
hazard management, environmental management, 12286.

ood hazard monitoring application
rainfall estimation method, infrared channel, geostationary satellite, forecasting, Italy, Arno River Basin; 08984.

ood hydrograph
computer program, slope, regionalization method, flood regime, topography, geometry, river network, soil, vegetation, digital terrain model, flood estimation formula, basin characteristic, Austria; 05143. friction component, debris flow modelling, fluvial sediment transport, bed load transport, Munster creek flood event, Switzerland; 06034. rainfall characteristics, hydrograph estimation, geomorphologic rainfall-runoff model, flash flood, hyetograph, catchment morphology, arid catchment, slope, infiltration rate, Saudi Arabia; 00513. stream flow, peak flow, runoff, transpiration, soil compaction, antecedent condition, dimensionless unit hydrograph, deforestation, Czechoslovakia, Sputka River; 06283.

lood hydrology model
computer model, design flood estimation, urbanised catchment, synthetic unit hydrograph, frequency analysis, 05144.

lood hydrometeorology
flash flood, flooding, elevation, palaeohydrologic technique, geomorphology, sedimentology, botany, spatial characteristic, flood frequency estimate, flood bar, alluvial fan, tree scar, USA, Colorado, Big Thompson River; Rocky Mountains; 01642.

lood irrigation
controlled inundation, water use efficiency, aerial survey, water management, agriculture, floodplain, USSR, Irtysh Floodplain; 07593.

od magnitude
recurrence interval, historical flood chronology, flood frequency, UK, Scotland, Berwickshire, Tweed River; 00515. return period, partial probability weighted moment, generalized extreme value distribution, flood forecasting, flood frequency analysis, 09806.

od mapping
GIS, data structure, image processing, crop information system, 05555. water resource mapping, river basin study, hydrologic study, India; 03468.

od mitigation
flood damage, water management, environmental protection, submersible management, Bangladesh, Ganges-Brahmaputra River; 13464.

flood model
microcomputer program, sediment transport, erodible channel, flood wave, dam failure, channel morphology, flood routing, 05170.

flood modelling
rainfall runoff relationship, hydrograph, Recursive Least Square identification, Autoregressive model with exogeneous input, iterative deconvolution process, Nash Unit Hydrograph, unit hydrograph technique, Africa, Sahel; 06296.

flood monitoring
visual interpretation, AVHRR, flood area, satellite imagery, Bangladesh; 10447.

flood occurrence
relative stage, river regime, flood scar, bank undercutting, tree establishment, multiple channel river, floodplain dynamics, wandering river, dendrochronological technique, Canada, British Columbia, Morice River; 01656.

flood peak
basin response, rainfall runoff model, overland flow, Monte Carlo study, rainfall sampling effect, stream flow, catchment model, rainfall excess, USA, Iowa, Ralston Creek Watershed; 12164.

flood peak frequency characteristic
regional maximum flood, design flood estimation, probable maximum flood, maximum flood estimation, Africa(Southern); 05140.

flood peak prediction
data paucity, index method, flood frequency analysis, tropical catchment, New Guinea, Sepik Basin; 05130.

flood plain
alluvial plain, ox bow lake, levee, agricultural cultivation, geotopological analysis, anthropogenic effect, Hungary, Danube Valley; 10731. bedload, environmental change, environmental process, fluvial response, temperate zone, river terrace, buried channel, meandering, UK, England, Sussex, Ouse River; 11844. braided river, meandering channel, aggradation, fluvial episode, high terrace, low terrace, Poland, Ner Valley, Lodz, Lublinek; 00214. channel sand, braided channel, meandering, last interglacial, geomorphic surface, channel characteristic change, Pleistocene(Late), Holocene, base level change, India, Ganga River Valley; Kanpur; 02505. dam construction, environmental change, delta region, river regulation, Mali, Niger Valley; 06422. evapotranspiration, postglacial history, glacio-isostatically adjustment, palaeohydrology, incision, aggradation, river terrace, Finland, Ivalojoki River; Oulankajoki River; 11848. lamination, bloom, carbonate, paper shale, Carboniferous, Permian, lake, Germany, Saar-Nahe Basin; 03597. main channel, Mannings resistance coefficient, Darcy-Weisbach resistance coefficient, compound channel, flow resistance, channel hydraulics, 01661. outwash, kettle gully, Vistula lobe, dead ice melting, river mouth evolution, drumlin field, stagnation lake, kame hummock, Poland, Wierzyca Valley, Gniew; 01379. Pleistocene(Upper), Holocene, terrace, Germany, Main River, Kahl River; 00222. preventing flood damage, flooding, surveying profession, appropriate land use, Australia; 03710. river channel model, scale distortion, compound river channel, boundary effect, velocity distribution, vertical scale, water depth, momentum transfer, 05181. river dynamics, climatic condition, morphological condition, river regulation, flooding, anthropogenic impact, France, Loire River; 09795. shear stress distribution, discharge calculation method, steady flow, uniform flow, channel hydraulics, main channel, 01662.

flood plain agriculture
artificial flood, river regulation, precipitation, runoff, flooding, low flow, Africa, Niger River; Senegal River; 06421.

flood plain aquifer
groundwater flow system, river hydrograph, groundwater response, surface water groundwater interaction, embanked river, water level, 05216.

flood plain deposit
agricultural activity, Holocene floodplain, climate change, river behaviour, palaeohydrology, alluvial sequence, Czechoslovakia, Morava River Basin; 11852.

flood plain flow
channel flow, vorticity, overbank flow, meandering channel, channel model, natural channel, channel sinuosity, trapezoidal channel, flow resistance, 05167.

flood plain hydraulic
flood wave attenuation, main channel flood plain interaction, bank flooding, 05182.

flood plain lake
morphometric characteristic, trophic status, water level fluctuation, hydrologic regime, water exchange, USSR, Ukraine, Dnieper Estuary; 02852. water exchange, flow redistribution, hydrochemical regime, hydrologic characteristics, effluent, aquatic vegetation, water level variation, USSR, Dnieper Delta; 00493.

flood plain management
flood defence initiative planning, flood control, modelling, environmental assessment, UK, England, River Thames; 05257. river regulation, river level, flood, France, Garonne River; 02968. urban flood, flood hazard, mapping, land use management, flood frequency, return period, Spain, Puente Genil; Nervion River; 04032.

flood plain microform
geomorphological map, land use, ecological type map, Hungary, Danube Floodplain; 10388.

flood plain sedimentation
Bronze Age(Late), Iron Age, valley sedimentation, pollen analysis, environmental history, UK, England, Sussex, Combe Haven Valley; 02734.

flood precaution
rainstorm, flood, urban hydrology, France, Nimes; 00522.

flood prediction
flood warning system, stochastic model, deterministic model, equatorial lake, Sacramento Model, Stanford Watershed Model IV, Queen's University Forecasting Model, soil plant atmospheric continuum, design flood, spillway design, reservoir design, water management, hydrosystem maintenance, Africa, Nile River; Canada, Ontario, Big Deer Creek River Basin; Tanzania, Rufiji River Basin; 06416. flood, extreme event, historical record, precipitation, France, Ariege Valley; 02846. rainfall

intensity, effective rain, rain concentration index, mountain basin, rain runoff model, spatial variability, 12171. weather forecasting, weather radar network, precipitation, UK; 05352.

flood prevention
environmental perception, Chile, Santiago; Mapocho River; 02967. herbicide, water quality, soil stability, erosion control, eutrophication amelioration, aquatic weed control, 02964. lake design, lake water quality, artificial lake, trophic state, storm water management, recreation, phosphorus loading, UK, Northern Ireland, Craigavon Lakes; 04059.

flood prevention program
flooding, cost, economic model, USA, California, Sacramento-San Joaquin River Delta; 01785.

flood probability
flow regime, fluvial regime, basin characteristic, topography, river regime, discharge, Spain, Soria, Duero River; 02841.

flood probability law
flood chronology, basin characteristic, return period, rainfall runoff relationship, probabilistic method, Poisson Process theory, regional synthesis method, Algeria; 12169.

flood propagation
mountainous terrain, flood hazard, finite difference solution, river network, hydrograph, Preissmann scheme, Hong Kong, Shing Mun River; Sham Chun River; 08676. St Venant equation, flood wave, river management, stream flow, Africa, Niger River; Senegal River; Africa, Gambia River; 06298.

flood protection
discharge profile, unsteady flow, flood reconstruction, computer aided reconstruction, mathematical model, Switzerland, Reuss Valley, Reuss River; 05158. sediment regime, turbidity field, sediment transport, turbulent diffusion, flooding, USSR, Neva Inlet; 00533. stream gauging, gauge network, flow measurement, data collection, cost evaluation, data value, UK, England; 04181. urban water, surface water, groundwater, wateruse, urban hydrology, water management, hydrological cycle, urban drainage, 13305. village flooding, drainage network, catchment computer model, typhoon, design flood level, Hong Kong; 05151.

flood protection scheme
extreme discharge, design discharge, Switzerland, Alps; 05146. hydraulic model, model testing, flood reconstruction, flood damage, extreme flood, flood dynamics, morphological change, Switzerland, Canton of Uri, Reuss River; 05176.

flood reconstruction
computer aided reconstruction, mathematical model, flood protection, discharge profile, unsteady flow, Switzerland, Reuss Valley, Reuss River; 05158. flood damage, extreme flood, flood dynamics, morphological change, flood protection scheme, hydraulic model, model testing, Switzerland, Canton of Uri, Reuss River; 05176.

flood regime
channel geometry, floodplain, palaeohydrology, channel avulsion, river metamorphosis, avulsion, meander wavelength, Australia, Victoria, Thomson River; 00216. environmental protection, river regulation, river diversion, flood control, France, Aire River; 12297. sediment load, channelization, flow regime, drainage scheme, river regulation, hydrograph characteristic, low flow, 06281. topography, geometry, river network, soil, vegetation, digital terrain model, flood estimation formula, basin characteristic, flood hydrograph, computer program, slope, regionalization method, Austria; 05143.

flood risk
address source, TIGER, 12821.

flood risk estimate
antecedent condition, catchment characteristic, 05141.

flood routing
channel storage, floodplain storage, Muskingum formula, hydrograph, flood wave, Brazil, Amazon River; 02838. flood model, microcomputer program, sediment transport, erodible channel, flood wave, dam failure, channel morphology, 05170. hypsometry, planform, hydrologic response, basin morphometry, time to peak, basin characteristic, hydrograph, drainage basin, peak flood, topography, 07462. numerical method, sediment laden flow, clear water flow, hyperconcentrated flow, explicit finite difference formulation, implicit finite difference formulation, characteristic method, suspended sediment, physical model, 05150. stage hydrograph, routing method, flood wave, St Venant's equation, prismatic rectangular channel, 05183.

flood routing solution
open channel flow equation, seepage, kinematic wave equation, surface water groundwater interaction, bank storage effect, hydrograph, groundwater flow equation, 09803.

flood scar
bank undercutting, tree establishment, multiple channel river, floodplain dynamics, wandering river, dendrochronological technique, flood occurrence, relative stage, river regime, Canada, British Columbia, Morice River; 01656.

flood sediment
arid region, leaching requirement, gypsum requirement, sodium adsorption ratio, infiltration characteristic, land reclamation, salinity, India; 01754.

flood simulation
drainage design, channel design, mathematical model, flood dynamics, backwater effect, levee failure, Italy, Valtellina, Adda River; 05159.

flood statistics map
design flood, annual exceedance probability, flood frequency analysis, New Zealand; 09796.

Flood Studies Report
FSR rainfall runoff method, FSSR16 rainfall runoff method, observed data, FSR statistical method, design flood estimation, rainfall runoff method, flood estimation, UK; 07464.

flood study
remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, flow regime, 10960.

flood tables
inundation maps, flood forecasting, real time alert system, flood forecasting, ice dam outburst, glacier-dammed lake, flood wave, snowmelt wave, Argentina, Mendoza River; 05241.

flood tide
tidal variation, estuary, dispersion, density gradient, ebb tide, UK, England, Tamar Estuary; 03540.

flood volcanism
hot spot, supercoronae, tectonics, model review, structural unit, Venus; 07152.

flood warning
hydrological forecasting, radar network, cost-benefit analysis, weather radar, UK; 04178. radar data, computer software, radar calibration, raingauge, weather radar, UK, England, Thames River; 04038.

flood warning system
flood control, flood forecasting, cost-benefit analysis, risk prevention, 04176. flow forecasting system, river control, water management, rainfall runoff, snow melt, channel flow, telemetry system, 05142. hydrometeorological data, river level, precipitation, telemetry, France, Garonne River; 02848. real time data retrieval, flood forecasting, conceptual model, rainfall runoff model, telemetry, hydrometric network, flow routing routine, rainfall radar image, rain gauge data, river level, flow hydrograph, computer controlled system, automated data retrieval, UK, England, Severn-Trent region; 05259. stochastic model, deterministic model, equatorial lake, Sacramento Model, Stanford Watershed Model IV, Queen's University Forecasting Model, soil plant atmospheric continuum, design flood, spillway design, reservoir design, water management, hydrosystem maintenance, flood prediction, Africa, Nile River; Canada, Ontario, Big Deer Creek River Basin; Tanzania, Rufiji River Basin; 06416.

flood wave
dam failure, channel morphology, flood routing, flood model, microcomputer program, sediment transport, erodible channel, 05170. flood routing, channel storage, floodplain storage, Muskingum formula, hydrograph, Brazil, Amazon River; 02838. flow behaviour, water depth hydrograph, dam break, wave formation, discharge hydrograph, 12177. glacier, snow cover, runoff variation, parallel hydrometric measurement, hydrograph, snow melt, USSR, Pamir Mountains, Abramov Glacier; Europe, Alps, Vernagt Glacier; 08797. river management, stream flow, flood propagation, St Venant equation, Africa, Niger River; Senegal River; Africa, Gambia River; 06298. snowmelt wave, flood tables, inundation maps, flood forecasting, real time alert system, flood forecasting, ice dam outburst, glacier-dammed lake, Argentina, Mendoza River; 05241. St Venant's equation, prismatic rectangular channel, flood routing, stage hydrograph, routing method, 05183. surface water quality, unit stream power, critical shear stress, thorium-230, sediment, radioactive contaminant, contaminant transport, contaminant storage, USA, New Mexico, Puerco River, Church Rock; 05192.

flood wave attenuation
main channel flood plain interaction, bank flooding, flood plain hydraulic, 05182.

flood(1784)
flooding, weather pattern, climatic precondition, return period, Germany, Main River; 01644.

flood-routing simulation model
flood control operation, reservoir, real time optimal flood control, USA, Texas, Lower Colorado River, Lake Travis; 02851.

flooded forest
methane emission, floodplain, macrophyte, Brazil, Amazon River; 06689. wetland ecosystem, SAR, DTM, Bangladesh; 05604.

flooded soil
nutrient deficiency, rice soil, iron toxicity, soil chemical property, soil nutrition, clay content, Senegal, Casamance; 13293.

flooding
anthropogenic impact, flood plain, river dynamics, climatic condition, morphological condition, river regulation, France, Loire River; 09795. bank erosion, torrentiality, deforestation, runoff, Rwanda, Birunga Volcanic Range, Susa Catchment; 02954. climate data, precipitation, water budget, Palmer Drought Severity Index, USA, Louisiana; 12162. controlled ice breakup, ice management, river ice, ice jam mitigation, Canada; 08409. cost, economic model, flood prevention program, USA, California, Sacramento-San Joaquin River Delta; 01785. drought, climatic variation, El Nino/Southern Oscillation, snow melt, annual fluctuation, seasonal fluctuation, precipitation, stream flow, Chile, Aconcagua River Basin; 09786. elevation, palaeohydrologic technique, geomorphology, sedimentology, botany, spatial characteristic, flood frequency estimate, flood bar, alluvial fan, tree scar, flood hydrometeorology, flash flood, USA, Colorado, Big Thompson River; Rocky Mountains; 01642. erosion, suspension, bed roughness, accretion, beach, 06988. erosion, vegetation, wetland, sediment load, Peru, Ucayali River Basin; 02438. flood protection, sediment regime, turbidity field, sediment transport, turbulent diffusion, USSR, Neva Inlet; 00533. fluvial geomorphology, fluvial evolution, historical flood, braided river system, river development, alpine river, France, Alps; 09798. gauging, hydrological data, hydrological network, economic benefit, hydropower, irrigation, China, Yellow River Basin; Jiulongjiang River Basin; 08642. glacial rebound, Baltic regression, uplift, coulee, channel valley, landslip, Finland; 11849. groundwater resource management, water abstraction, resource over exploitation, physical model, land subsidence, salt water encroachment, Thailand, Bangkok; 07591. gypsum, anoxic, basin filling, Betic Chain, hypersaline, diatom ecology, Miocene, Spain, Hellin Basin; 02430. hydroelectric power plant, water level, hydrometric station, ice jam, ice breakup, Canada, New Brunswick; 05242. hydrometeorology, nowcasting, thunderstorm, rain, forecasting, UK; 01942. Iapetus Ocean, Devonian(Late), Famennian, Hampshire Formation, miospore, Belgium, Ourthe Valley; USA, West Virginia; USA, Virginia; 10618. lake water level, hydrological regime, spring flood recharge, spring drainage, lake evaporation, water balance, Canada, Northwest Territories, Mackenzie Delta; 01668. landslide, debris flow, earthquake, natural hazard, geological hazard, hazard prediction, loess collapse, karstic collapse, permafrost, China; 13075. low flow, flood plain agriculture, artificial flood, river regulation, precipita-

tion, runoff, Africa, Niger River; Senegal River; 06421. monsoon, deforestation, soil erosion, landslide, anthropogenic effect, Thailand, Surat Thani, Lam Phan River; Chawang River Basin; Thailand, Surat Thani, Tapi River; 01758. rate, frequency, cause, agricultural policy, erosion impact, soil erosion, review, UK, England, Sussex, South Downs; 01509. reservoir, water management, retaining basin, suspended sediment, bedload transport, basin management, Switzerland, Cantons des Grisons; 12296. river regulation, fluvial evolution, canalisation, flow record, historical hydrology, France, Meuse River; 09799. salt intrusion, surge, global warming, sea level, Maldives; India; Bangladesh; 03902. soil erosion, water erosion, arable land, cereal cultivation, UK, England, South Downs; 13208. soil structure deterioration, saline water, soil salinisation, soil erosion, waterlogging, Australia; 08636. subsidence, salt marsh sediment, dam, tide level, Netherlands, Eastern Scheldt; 00041. surveying profession, appropriate land use, flood plain, preventing flood damage, Australia; 03710. weather pattern, climatic precondition, return period, flood(1784), Germany, Main River; 01644.

ooding detection
forest canopy, floodplain, SAR, 02218.

oodplain
Amorican island, alluvial terrain, France, Anjou, Loire River; 02504. bedform, planform, point bar, morphostratigraphic unit, Canada, British Columbia, Squamish River; 10501. ceramic feature, raw material, tile, Germany, River Elbe, Riesa; 00189. flood irrigation, controlled inundation, water use efficiency, aerial survey, water management, agriculture, USSR, Irtysh Floodplain; 07593. fluvial landscape, alluvial landscape, surficial deposit, biodiversity, tectonics, Holocene, Peru, Amazonia; 10669. incised meander, meander morphology, valley topography, tectonic tilted block, terrace, USSR, Amur River, Korsakovsky Krivuny; 08334. inundation zone, storm, finite element, Germany, River Fulda; 02314. koultuk, geomorphological regionalisation, deltaic plain, Pleistocene history, USSR, Volga River Delta; Caspian Sea; 03716. lake, Lower Beaufort sequence, Permian, Gondwana, Karoo deposit, palaeogeography, 03605. Lateglacial, Holocene, erosion, aggradation, Belgium, Scheldt River; 10676. levee, depression, floristic makeup, species frequency, forest, Venezuela, Orinoco River; 02503. macrophyte, flooded forest, methane emission, Brazil, Amazon River; 06689. ox bow, backswamp, point bar, human influence, Slovak Hungarian Barrage, environmental change monitoring, geo ecological mapping, satellite imagery, Hungary; 09532. palaeohydrological development, temperature, precipitation, evapotranspiration, fluvial history, braided river, meandering channel, incision, aggradation, Netherlands, Mark Basin; 10677. palaeohydrology, channel avulsion, river metamorphosis, avulsion, meander wavelength, flood regime, channel geometry, Australia, Victoria, Thomson River; 00216. residence time, Holocene, accretion rate, valley form, anthropogenic, sediment supply, UK, England, Shropshire; 04718. river channel change, chronology, stratigraphy, alluvial terrace, river terrace, Holocene chronology, radiocarbon dating, UK, England, Cheshire, Dane Valley; 06179. SAR, flooding detection, forest canopy, 02218. sediment profile, sedimentation, heavy metals, catchment, mining, 04781. socio-economic feature, hydro engineering, wetland management, catchment hydrology, river regulation, water abstraction, water conservation, anthropogenic effect, river ecology, inland water, limnology, Africa, (Southern); 04161. soil erosion, caesium-137, USLE, accumulation rate, 00194. soil, isotope, carbon, ecosystem, plant, succesional sequence, calcium carbonate, USA, Alaska, Tanana River; 07070. stability, inertia, geosystem, polessie, alluvial plain, USSR, Meshchera Lowlands; 13007. stream corridor management, surface water quality, nitrate, agricultural pollutant, pollution control, buffer zone, 06397. surface water quality, suspended matter, sediment contamination, PAH's, polychlorobiphenyl, hexachlorobenzene, DDT, DDT metabolite, heavy metal, organic micropollutant, Netherlands, Waal River; Rhine River; 11024. terrace surface, deeply weathered soil, loess, fission track dating, soil, geomorphic evolution, volcanic ash deposit, alluvium, USA, High Plains, Rolling Red Plains; 02514. transport route, mixing, Pleistocene, resuspension, estuary, Brazil, Amazonia; Germany, Weser Estuary; North Sea; 04726. upper floodplain, Vistulian, Bolling, organogenic sediment, channel depression, meandering, Poland, Pomerania, Slupsk; 05992. weathering, meandering, river behaviour, intertropical region, rift, Zaire; Burundi; Rwanda; 13017.

oodplain deposit
fluvial regime, climatic change, valley floor cross section, palaeohydrology, Poland, Vistula River Valley; 11850.

oodplain dynamic
channel process, floodplain formation, alluviation, alluvium, sedimentation rate, USSR, Amur Valley; 03709.

oodplain dynamics
wandering river, dendrochronological technique, flood occurrence, relative stage, river regime, flood scar, bank undercutting, tree establishment, multiple channel river, Canada, British Columbia, Morice River; 01656.

oodplain formation
alluviation, alluvium, sedimentation rate, floodplain dynamic, channel process, USSR, Amur Valley; 03709. humid tropical climate, Quaternary, geological history, Amazon lowland, Brazil, Amazon Lowlands; 02626.

oodplain height
water depth, roughness coefficient, discharge assessment, compound channel, floodplain roughness, channel geometry, boundary shear force, total shear force, stage discharge curve, floodplain width, channel width, 05163.

oodplain instability
meander, neotectonic effects, sinuosity, channel migration, alluvial channel, floodplain slope, channel slope, uplift, USA, South Dakota, Belle Fourche River; 10673.

oodplain inundation
water balance model, water transport model, continental scale model, river discharge, soil moisture, evapotranspiration, runoff, Brazil, Amazon River; 02831.

odplain landscape
dynamic phenomenon, mapping scale, USSR, River Ob; 03405.

floodplain roughness
channel geometry, boundary shear force, total shear force, stage discharge curve, floodplain width, channel width, floodplain height, water depth, roughness coefficient, discharge assessment, compound channel, 05163.

floodplain sediment
magnafacies, red bed, foreland basin, Devonian, miospore, Oneonta Formation, USA, New York State, Catskill; 10623. mudrock, cementstone, Dinantian, diagenesis, Carboniferous, UK, Scotland, Berwickshire; 10591.

floodplain slope
channel slope, uplift, floodplain instability, meander, neotectonic effects, sinuosity, channel migration, alluvial channel, USA, South Dakota, Belle Fourche River; 10673.

floodplain soil
A2 horizon, soil profile, 09663. zinc, local trend analysis, mathematical spline, inverse distance weighting, weighted local averaging, spatial prediction method, soil pollution, kriging, co kriging, soil mapping, Netherlands, Geul River; 08622.

floodplain storage
Muskingum formula, hydrograph, flood wave, flood routing, channel storage, Brazil, Amazon River; 02838.

floodplain vegetation
aerial photograph, goose, duck, Australia, Northern Territory; 03453.

floodplain width
channel width, floodplain height, water depth, roughness coefficient, discharge assessment, compound channel, floodplain roughness, channel geometry, boundary shear force, total shear force, stage discharge curve, 05163.

floodwater control
building stone, Site Lm4, cavernous weathering, case hardening, geomorphological study, Romano Libyan farm, Libya, Wadi el Amud; Wadi umm el Bagul; 06105.

flora
dam draining, pollution, suspended solid, oxygen, fauna, France, Loire River, St. Etienne; 11709. detrital particulate organic matter, phytoplankton, vegetation, biomass, wetland, USA, Oregon, Columbia River Estuary; 05821. pollen spectra, Eemian Interglacial flora, gyttja, till, lacustrine landscape, interglacial, Poland, Warsaw, Kasprzak Street; 00313.

flora change
Pleistocene(Middle), interglacial flora, glacial flora, interstadial flora, pollen assemblages, Pleistocene(Late), Holocene, Japan, San-in District; 05030.

flora migration
pollen diagram, pleniglacial period, Bolling, Older Dryas, Allerod, Younger Dryas, wind, Weichselian(Late), Holocene(Early), vegetation, climate, Norway, North Rogaland, Utsira; 08481.

floral data
palaeoclimatic data, Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, Pleistocene(Early), Pleistocene(Early Middle), correlation, faunal data, North Sea; 08446.

Florida Current
configuration, carbonate slope, shelf margin progradation, depositional pattern, sedimentary process, USA, Florida Carbonte Slope; 03858.

Florida Loop Current
subzonal boundary, accumulation rate, biogeographic model, Quaternary, planktonic foraminiferal assemblage zone, tropical, graphic correlation, oxygen, Caribbean Sea, Colombia Basin; Atlantic; USA, Gulf of Mexico; 03857.

Florisphaera profunda
deep sea core, albedo, sea surface temperature, pressure gradient, equatorial divergence, Younger Dryas, nutricline depth variation, last deglaciation, Atlantic, (Equatorial); 08443.

floristic composition
Bendelow and Hartnup's index, oceanicity, continentality, Kotilainen's index, Ireland; UK, Northern Ireland; UK, Scotland; Norway; 03083.

floristic list
phytogeography, mesophilous Montane Forest, holarctic element, Mexico, Ocuilan Area; 06103.

floristic makeup
species frequency, forest, floodplain, levee, depression, Venezuela, Orinoco River; 02503.

floristics
relative age, weathering feature, lichenometry, soil, chronosequence, Holocene, plant dynamics, neoglacial chronology, USA, Wyoming, Teton Range; 06140.

flotation
sediment-water interface, partitioning, gas bubble, suspended matter, pollutant, surfactant, Italy; 04790.

flow
tide water glacier, equilibrium line, flow velocity, glacier front position, surging, Svalbard, Spitsbergen, Kongsfjorden; 05047.

flow action
geomechanics, hydraulics, waterfall, hydraulic scale model, block dislodgement mechanism, erosion, rock mass, 01377.

flow age
debris flow, triggering, Talus slope alluviation, granodiorite, debris flow track, timberline, slope alluviation, Poland, Tatra Mountains; 11898.

flow analysis
land drainage, tile drain, draintile, three dimensional flow field, 13408.

flow around obstacle
density stratified fluid, horseshoe vortex, flow reversal zone, Froude number, 04296.

flow average
mountain basin, ungauged catchment, runoff modelling, stream discharge, flow condition, hydrological network, 08671.

flow band model
response, CO2-induced, climatic warmsing, time-dependent model, car-

bon dioxide, trace greenhouse gases, accumulation rate, basal melting, Antarctica, Ross Ice Shelf; 12009.
flow behaviour
water depth hydrograph, dam break, wave formation, discharge hydrograph, flood wave, 12177.
flow capacity
flow resistance, submerged vegetation, discharge-depth equation, roughness coefficient, channel flow, earthlined channel, Mannings formula, 13330.
flow characteristic
transport climatology, trajectory, long range atmospheric transport, cluster analysis, USA, Hawaii, Mauna Loa Observatory; 05532.
flow characteristics spatial variation
evapotranspiration, infiltration, precipitation, interception, unsaturated zone model, groundwater flow model, Netherlands, Hupselse Beek; 06337.
flow chart
water resource management, hydrological cycle, systems method, 11105.
flow competence
flood, particle size, gravel, bed material, bedload, skewness, UK, England, Great Eggleshope Beck; USA, Oregon, Oak Creek; 12838.
flow computation
Reynolds averaged Navier Stokes equation, large eddy simulation, obstacle, turbulent flow, 07685.
flow concentration relationship
water quality, Kendall test, chemical parameter, dissolved oxygen, total suspended solid, surface water quality, USA, Ohio River; 12206.
flow condition
hydrological network, flow average, mountain basin, ungauged catchment, runoff modelling, stream discharge, 08671. sediment profiler, profiler, measurement instrument, suspended sediment, AmasSeds, Brazil, Amazon River; Amazon Shelf; 10663. surface temperature, flow(500 millibar), temperature, USA; 07681.
flow conductance
recharge potential, turbulent flow, regolithic aquifer, groundwater flow, flow model, aquifer index, Africa, (West), Sahel; 06366.
flow controller
permeation emission rate, gravimetry, chemiluminescence detection, tunable diode laser absorption spectroscopy, calibration, intercomparisons, nitrogen dioxide, 04369.
flow cytometry
phytoplankton, fluorescence, coccolithophore bloom, 03464.
flow depth
bed load, open channel flow, flow regime, sediment transport, temporal lag effect, bed form geometry, 01660. channel hydraulics, cross section hydraulics, power function approximation, flow routing, cross section flow area, wetted perimeter, conveyance factor, 07476. hillslope hydrology, overland flow, infiltration, runoff hydraulics, hydraulic resistance, microchannel flow, sheet flow, laminar flow, turbulent flow, water flow velocity, 11001. scour depth, velocity, vortex, bed geometry, erosion, 11650. suspended load, entrainment, erosion modelling, rain impacted flow, 10828.
flow direction
bedform alignment, dune, wind, orientation, flume, 01186. bottom current, storm deposit, turbidity current, tool mark, wave, 05891. branching geometry, dendritic river network, remote sensing, river junction, 00528. velocity fluctuation, solution dispersivity, transverse dispersivity, storativity, longitudinal dispersivity, groundwater flow, transient flow, 08782. water velocity, flow volume, kriging, jackknife test, data uncertainty, geostatistical method, groundwater flow model, water level, USA, Texas, Port Arthur, Upper Chicot Aquifer; 09886.
flow distortion error
sonic anemometer, atmospheric test, 07643.
flow duration curve
flow variability, flood, low flow, rainfall, vegetation, catchment characteristic, stream flow pattern, runoff characteristics, Guyana; 07467. ungauged basin, stream flow, data shortage, arid area, semi arid area, rainfall runoff relationship, water resource study, regionalisation technique, Zimbabwe; 06290.
flow dynamics
suspended sediment, particle size, ephemeral stream, Kenya, Baringo District; 00532.
flow equation
Manning n, strip cropping, discharge depth equation, flow retardation, flood flow, vegetation, overland flooding, erosion control, Australia; 07461. St Venant equation, Preissmann scheme, Abbott Ionescu scheme, river geometry, open channel flow model, cross section selection, 05178.
flow estimation
river recession rate, soil characteristic, rainfall, lowflow, streamflow, 04031.
flow field
armouring, profile readjustment, breakwater, 00101.
flow forcing
time mean flow, transient eddy, eddy, barotropic flow, baroclinic flow, beta plane, 10072.
flow forecasting
river flow model, real time forecasting, linear perturbation model, China, Hankou, Yangtze River; 09809. stochastic model, streamflow, auto-regressive moving average, maximum likelihood method, minimum mean square error method, India, Malaprabha River; Hemavathy River; India, Couvery River; 02840. water resource, stream flow, climatic change, anthropogenic influence, water demand, USSR; 09946.
flow forecasting model
soil water storage estimation, streamflow forecasting, hillslope hydrology, 00574.
flow forecasting system
data management, river network control, forecasting model, computer software, graphical presentation, river flow, 09797. river control, water management, rainfall runoff, snow melt, channel flow, telemetry system, flood warning system, 05142.
flow frequency
debris flow, predictor variable, land zoning, insurance rate, flow magnitude, USA, California, Los Angeles; 09519.
flow heat transport
salt water intrusion, two phase flow, coupled inverse problem, groundwater modelling, sensitivity analysis, parameter identification, flow mass transport, 08774.
flow history
braided gravel river, critical tractive stress, dimensionless shear stress, slope, cluster bedform, particle size, river bed morphology, New Zealand, Springfield, Kowai River; 00531.
flow hydrograph
computer controlled system, automated data retrieval, flood warning system, real time data retrieval, flood forecasting, conceptual model, rainfall runoff model, telemetry, hydrometric network, flow routing routine, rainfall radar image, rain gauge data, river level, UK, England, Severn-Trent region; 05259.
flow law
glacier ice, numerical prediction, field measurement, velocity profile, surface strain, bore hole tilting measurement, Glen's flow law, strain rate, Greenland, South Greenland, Dye 3 Site; 07306.
flow line
depression storage, soil, microtopography, DEM, erosion, 02785.
flow line pattern
drumlin long axes, bedrock fluting, melt water flood evidence, large scale subglacial, melt water flood event, USA, New York State; Canada, Ontario; 04997.
flow magnitude
flow frequency, debris flow, predictor variable, land zoning, insurance rate, USA, California, Los Angeles; 09519.
flow mass transport
flow heat transport, salt water intrusion, two phase flow, coupled inverse problem, groundwater modelling, sensitivity analysis, parameter identification, 08774.
flow maxima
hydrological network, data collection, temporal water resource variability, water resource, flow minima, hydrological data, surface water resource, hydrological balance, 06299.
flow measurement
data collection, cost evaluation, data value, flood protection, stream gauging, gauge network, UK, England; 04181. isotopic tracing, water table level monitoring, runoff generation mechanism, land use change, antecedent soil moisture condition, flow process, hydrograph, experimental basin, conceptual distributed model, physically based model, storm frequency, Switzerland, Haute Menthue Watershed; 06278. lake stage, flow reversal, Doppler current profiler, river dynamics, flow model, wind drive current, water level fluctuation, USA, Michigan, Detroit River; 09794. open channel flow, river flow simulation, flow resistance, flow model, bed generated turbulence, lateral shear turbulence, secondary flow, river gauging, current meter, 00526. salt dilution method, dilution gauging, stream gauging, flow meter, fluorescence dye tracer, 08670. shear stress, suspended solid, tidal flow, turbulence, estuary, Richardson number, 10531. stream gauging, gauging structure, measurement method selection, expert system, 09812.
flow mechanism
meandering channel, flood flow geometry, overbank flow, velocity, turbulence, Laser Doppler Anemometer, 05168. soil moisture accounting model, rainfall-runoff model, hillslope hydrology, overland flow, subsurface flow, antecedent conditions, 04043.
flow meter
fluorescence dye tracer, flow measurement, salt dilution method, dilution gauging, stream gauging, 08670.
flow metering
standard production, calibration, laminar flow element, pollution monitoring, 01975.
flow minima
hydrological data, surface water resource, hydrological balance, flow maxima, hydrological network, data collection, temporal water resource variability, water resource, 06299.
flow model
aquifer index, flow conductance, recharge potential, turbulent flow, regolithic aquifer, groundwater flow, Africa, (West), Sahel; 06366. bed generated turbulence, lateral shear turbulence, secondary flow, river gauging, current meter, flow measurement, open channel flow, river flow simulation, flow resistance, 00526. data base, historical data analysis, surface water flow, groundwater flow, water resource planning, Italy, River Po; 11127. environmental isotope, groundwater flow model, fissured rock catchment, fractured rock aquifer, dispersion model, tritium, subsurface storage, mobile water, retardation factor, hydrogeological parameter, Germany, Harz Mts; 05214. lake inflow, solute transport model, lake outflow, groundwater lake system, mixing process, unsaturated zone, flow path, surface water groundwater interaction, mass balance method, groundwater exchange, stable isotope mass balance method, USA, Wisconsin; 08772. mathematical model, multi stage channel, lateral shear, depth averaged eddy viscosity, dimensionless eddy viscosity, two stage channel, depth averaged velocity, boundary shear stress, secondary flow, friction factor, eddy viscosity, channel flow, 05169. quality model, solute transport, pressure field simulation, velocity field simulation, particle tracking method, groundwater model, MARCHAL, three dimensional model, 09874. recharge, discharge, inflow rate, outflow rate, surface water groundwater interaction, groundwater lake system, groundwater exchange, solute transport model, stable isotope plume, USA, Wisconsin; 08773. saline groundwater, peatbog water, groundwater circulation, groundwater recharge, unsteady flow model, water table fluctuation, exchange rate, recharge, coastal lowland, Poland, Bielawskie Blota; 07543. water storage, groundwater age, deuterium isotope, groundwater recharge, mixing cell flow model, recharge, carbonate alluvial aquifer, USA, Nevada, White River; 07544. wind drive current, water level fluctuation, flow measurement, lake stage, flow reversal, Doppler current profiler, river dynamics, USA, Michigan, Detroit River; 09794.
flow modelling

model calibration, transport modelling, prediction uncertainty, groundwater model, parameter estimation, sensitivity analysis, model reliability, 09861.

ow modification
reservoir, hydrological equilibrium, downstream channel, sediment flushing, ecological impact, flood control, sediment deposition, dam, 08726.

ow net
coastal aquifer, Glover model, exit time, hydraulic conductivity, porosity, time net, groundwater flow method, 13409.

ow path
acid neutralisation capacity, pH, afforestation, hydrograph separation, soil water chemistry, surface water chemistry, UK, Wales, Llyn Brianne; 04100. basalt formation, groundwater flow, statistical analysis, hydrochemistry, USA, Washington, Hanford Reservation, Columbia River; Grande Ronde Basalt Formations; USA, Washington, Wanapum, Saddle Mountains; 07542. base flow, hydrogeochemistry, soil chemistry, subsurface flow, runoff chemistry, stream water chemistry, antecedent condition, Norway, Birkenes; 13377. catchment drainage, runoff chemistry, preferential flow, base flow, acid shock, surface water quality, acidification, stream flow, soil chemistry, UK, Scotland, Allt a'Mharcaidh; 13373. chemical tracer, catchment acidification model, antecedent field condition, tracer flux, surface water quality, soil water chemistry, subsurface runoff, acidification, UK, Scotland, Loch Ard; Allt a'Mharcaidh; 13391. digital terrain model, surface runoff, topography, subsurface flow, distributed hydrological model, hillslope hydrology, 12165. dry-wet hydrological cycle, bog, base flow, piston flow, antecedent conditions, surface water quality, soil water chemistry, Norway, Birkenes; 13380. frozen soil, soil water-heat model, infiltration, drainage flow, frost, surface runoff, percolation, snow, soil frost, Sweden; 13437. groundwater flow, desert terrain, isotope tracer, geochemical analysis, groundwater chemistry, groundwater recharge, USA, Texas, Big Bend National Park; 02910. groundwater flow, groundwater discharge, karst aquifer, flow velocity, spring, oxygen-18 tracer, China, Guangxi Province, Guilin; 02913. groundwater flow, water chemistry, spring, ammonium, denitrification, bank seepage, chloride, nitrogen chemistry, near stream zone, 12248. infiltration, tensiometer, piezometer, overland flow, saturated lateral flow, groundwater flow, inter flow, groundwater discharge, stream flow generation, fissure, joint, 05127. macropore flow, subsurface flow process, hydrograph, subsurface runoff, hillslope hydrology, physically based model, Darcian flow, non Darcian flow, 11045. particle travel time, hillslope hydrology, runoff, Darcys law, slope water flow, groundwater flow, pore water velocity, 11034. pre event water, soil water chemistry, organic acidity, spate specific flow pathway, surface water quality, acid stream, stream episodicity, tracer study, Sweden, Svartberget; 13378. precipitation chemistry, acidification, wet deposition, bulk deposition, mist, fog, enhancement deposition, vegetation ecosystem, soil water flow, sulphate, buffering, UK, Scotland, Allt a'Mharcaidh; Norway; 13374. soil water chemistry, dissolved organic carbon, riparian zone, dissolved free amino acid, UK, Wales; 04093. stream flow chemistry, acidification, soil water through flow, stem flow, throughfall, canopy effect, infiltration, water chemistry, preferential flow, hillslope hydrology, UK, Scotland, Loch Ard; Allt a'Mharcaidh; 13316. subsurface flow, surface water chemistry, rainfall duration, dry antecedent condition, soil pipe, inorganic aluminium, throughflow, rainfall intensity, stormflow hydrochemistry, upland catchment, runoff chemistry, UK, Wales; 04094. surface water chemistry, acidification, catchment characteristic, topographic effect, UK, Wales, Llyn Brianne; 02882. surface water groundwater interaction, mass balance method, groundwater exchange, stable isotope mass balance method, flow model, lake inflow, solute transport model, lake outflow, groundwater lake system, mixing process, unsaturated zone, USA, Wisconsin; 08772.

ow path indentification
surface water quality, tracer test, conceptual model, model uncertainty, Royal Society's Surface Water Acidification Programme, acidification, 04066.

ow paths
tracing techniques, groundwater flow, coalfield, flow rate, UK, England, Staffordshire, Littleton Colliery; 12243.

ow pathway
episodic acidity, organic carbon, acid runoff, hillslope, organic rich catchment, pH, Sweden, Svartberget Research Catchment; 04084.

ow pattern
deglaciation, frozen bed, ice divide, metachronous pattern, glacial striae, ice flow reconstruction, palaeo ice sheet, Sweden; 07235. Laurentide ice, erratic, Keewatin ice, Hudson dome concept, indicator erratic, ice-flow pattern, historial review, dispersal, Belcher Island erratic, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636. mesoscale vortex shedding, rotating stratified flow, Rossby number, Froude number, vortex shedding, 04187. perturbation, spectral model, CISK mechanism, nonlinear wave CISK mode, 12444. quasi geostrophic low spectrum model, numerical study, interannual time scale, low frequency oscillation, 12392. stream ecosystem, pore water flowline, convective flow, streambed, <I>Chara<R>, sea lamprey, beaver, hyporheic zone, 01686.

ow pattern simulation
mesoscale model, wind model, complex terrain, wind field variation, 06507.

ow phenomenon
hydraulic phenomenon, movable bed, 04688.

ow process
hydrograph, experimental basin, conceptual distributed model, physically based model, storm frequency, flow measurement, isotopic tracing, water table level monitoring, runoff generation mechanism, land use change, antecedent soil moisture condition, Switzerland, Haute Menthue Watershed; 06278.

ow property
stratified flow, topography, non-linear flow, 03495.

ow rate
bedload, coarse sediment, sediment transport, bypass structure, sediment load, 08719. flow paths, tracing techniques, groundwater flow, coalfield, UK, England, Staffordshire, Littleton Colliery; 12243. high altitude source, water tower effect, river discharge, France, Toulouse, Garonne River; 02845. parameter estimation, comparative analysis, rainfall-runoff model, model calibration, Italy, Arno River, Sieve Watershed; 13323. reed bed, river geography, delta, water resource, Romania, Danube River; 11114. water level, geomorphology, flood dynamics, France, Garonne River; 02847.

flow rate estimation
stream flow, Alpine water course, mean monthly flow rate, mountain basin, Parde index, Switzerland, Dranse de Bagnes, Valais Waterways; 12170.

flow rate model
lake management, lake regulation, dam construction, Switzerland, Rhone River; Lake Leman; 12190.

flow reactor
decomposition rate, nitrogen oxide, heterogeneous transformation, nitrogen, PAN decomposition, 06624.

flow record
historical hydrology, flooding, river regulation, fluvial evolution, canalisation, France, Meuse River; 09799. regression analysis, river transport, stream flow, surface water constituent, transport estimate, 06274. river flow, long term drought, climatic change, drought, Ethiopia, Nile River; 06403.

flow redistribution
hydrochemical regime, hydrologic characteristics, effluent, aquatic vegetation, water level variation, flood plain lake, water exchange, USSR, Dnieper Delta; 00493.

flow reduction
cloud seeding, rainfall depth, watershed management, rainfall runoff relationship, mountainous watershed, stream flow record, historical data, 05124.

flow regime
biomass production, ecological modelling, reservoir, tropics, subtropics, morphometry, retention time, thermal stratification, circulation pattern, dissolved oxygen consumption, eutrophication, loading capacity, river recovery, South America; 12191. dam, channel stability, particle size, suspended sediment, bed slope, depth:width ratio, downstream channel, Saudi Arabia; 08725. drainage scheme, river regulation, hydrograph characteristic, low flow, flood regime, sediment load, channelization, 06281. flood study, remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, 10960. fluorescence, iron transport, dissolved organic matter, humic river, water colour, surface water quality, Finland, Gulf of Bothnia; Kiiminkijoki River; 06320. fluvial regime, basin characteristic, topography, river regime, discharge, flood probability, Spain, Soria, Duero River; 02841. hydrograph, storm runoff, streamflow, lag time, infiltration, subsurface flow, road construction, logging, USA, California, Caspar Creek; 04152. low flow, peak flow, river regulation, Alpine river, ecological consequence, water diversion, Switzerland; 08809. river management, sediment transport, sediment size, channel process, bed channel, gravel bed, 06959. runoff process, extreme flood, mountain hydrology, sediment deposition, flushing, slope morphology, hillslope hydrology, flood hazard, landslide hazard, hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, 12136. sediment transport, temporal lag effect, bed form geometry, flow depth, bed load, open channel flow, 01660.

flow regulation
irrigated land, GIS, soil erosion, salinisation, water resource development, environmental conservation, surface water quality, water resource, catchment degradation, Ethiopia, Awash River; 13465. river regulation, weir, hydrograph form, water level variation, environmental effect, Australia, South Australia, Murray River; 07592. sediment load, sand deposit, campsite, vegetation, discharge, USA, Arizona.Grand Canyon National Park, Colorado River; 02313.

flow related dip sample
short term ionic response, hydrochemical process, surface water chemistry, sampling regime, alkalinity source, acidification status, flow-ion relationship, low flow, time series sampling, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04096.

flow resistance
channel hydraulics, flood plain, main channel, Mannings resistance coefficient, Darcy-Weisbach resistance coefficient, compound channel, 01661. compound channel, river channel, roughness prediction, roughness coefficient, composite roughness coefficient, flood channel, 05160. cross sectional geometry, depth averaged fluid velocity, bed shear stress, channel width, channel depth, stable channel, gravel river, bank vegetation, straight channel, 08696. flood plain flow, channel flow, vorticity, overbank flow, meandering channel, channel model, natural channel, channel sinuosity, trapezoidal channel, 05167. flow model, bed generated turbulence, lateral shear turbulence, secondary flow, river gauging, current meter, flow measurement, open channel flow, river flow simulation, 00526. Froude number, dam, terrace, supersaturated flow, 08146. overbank flow, cross sectional geometry, boundary roughness, river channel, flood, compound channel modelling, hydraulic geometry, discharge capacity, 05180. overland flow hydraulics, runoff hydrograph, sediment yield, interrill overland flow, hillslope hydrology, USA, Arizona; 05137. palaeovelocity, gravel deposit, bed roughness, 02481. sediment yield, sediment transport, boundary effect, bed classification, bed topography, flood, Japan, Hokkaido, Ogawa River; Shiramizu River; 05177. submerged vegetation, discharge-depth equation, roughness coefficient, channel flow, earthlined channel, Mannings formula, flow capacity, 13330.

flow resistance equation
surface runoff, imprevious surface, kinematic wave approximation, runoff model, 07473.

flow resistance value
soil structure, erodibility, hillslope hydrology, overland flow, erosion, sediment transport, kinematic wave approach, 11006.

flow resistance variation

particle size analysis, mountain stream, coarse sediment, bedload, Darcy Weisbach flow resistance, channel morphology, channel roughness, Germany, Bavarian Alps, Lainbach River; 08712.
flow response
catchment, stationarity, stream flow, representative basin, temporal flow variability, UK; 06280.
flow retardation
flood flow, vegetation, overland flooding, erosion control, flow equation, Manning n, strip cropping, discharge depth equation, Australia; 07461.
flow reversal
Doppler current profiler, river dynamics, flow model, wind drive current, water level fluctuation, flow measurement, lake stage, USA, Michigan, Detroit River; 09794.
flow reversal zone
Froude number, flow around obstacle, density stratified fluid, horseshoe vortex, 04296.
flow roughness
transport inception, sediment transport, overland flow, Shields criterion, overland flow, rain impacted flow, 10831.
flow route
base flow, hillslope hydrology, soil moisture content, storm runoff, evapotranspiration, overland flow, subsurface flow, groundwater flow, 10998. wall retreat rate, sinkhole recharge, maze cave, ramiform cave, dissolution rate, artesian flow, cave origin, cave morphology, limestone cave, 06043.
flow routing
cross section flow area, wetted perimeter, conveyance factor, flow depth, channel hydraulics, cross section hydraulics, power function approximation, 07476.
flow routing routine
rainfall radar image, rain gauge data, river level, flow hydrograph, computer controlled system, automated data retrieval, flood warning system, real time data retrieval, flood forecasting, conceptual model, rainfall runoff model, telemetry, hydrometric network, UK, England, Severn-Trent region; 05259.
flow rule
hardening function, boundary stress, shear, isotropic soil, elasto plastic soil, plastic strain increment, yield function, 11890. plastic strain increment, yield function, unsaturated soil, constitutive equation, 03806.
flow separation
meander bend, bar, sedimentation, recirculation zone, USA, Arizona, Colorado River; Grand Canyon; 02312.
flow theory
offshore structure, pore water, sea bottom, breakwater, 03500.
flow thickness
flow velocity, air mass temperature difference, friction, warm air stratification, bora, frontal surface, orographic effect, internal atmospheric boundary, 04284.
flow till
basal till, lodgement fill, till micromorphology, diamicton, North Sea; 06129. till genesis, hydraulic conductivity, saturated water flow, till genesis, hydrogeological property, lodgement till, melt out till, 00291.
flow track
cirque floor, talus slope, alluvial slope, stabilised debris flow track, deforestation, dynamics, debris flow, Poland, Tatra Mountains, Starorobocianska Valley; 11897.
flow transport
drop size, drop impact, mechanics, raindrop, 02716.
flow variability
flood, low flow, rainfall, vegetation, catchment characteristic, stream flow pattern, runoff characteristics, flow duration curve, Guyana; 07467. in stream habitat, biota, catchment area, morphology, water storage capacity, transmissivity, slope, hydraulic characteristics, water velocity, New Zealand; 10983. lake tributary, non-point source pollution, statistical analysis, stream discharge, North America, Great Lakes; 01647.
flow velocity
air mass temperature difference, friction, warm air stratification, bora, frontal surface, orographic effect, internal atmospheric boundary, flow thickness, 04284. bed configuration, antidune, ripple, dune, 02296. capillary fringe, overland flow, S shaped basin, infiltration, solute transport, unsaturated zone, boundary fitted grid method, Richards equation, Fickian equation, soil moisture, hydraulic head distribution, 13404. digital terrain model, glacier study, photogrammetric measurement, topography, USA, Alaska, Juneau icefield, Vaughan Lewis icefall; 07302. filtration flow rate, average velocity, channel flow, friction velocity, water surface slope, 09814. fluid flow, decollement, pore pressure, accretionary prism, permeability, Caribbean Sea, Barbados Ridge; 02305. glacier front position, surging, flow, tide water glacier, equilibrium line, Svalbard, Spitsbergen, Kongsfjorden; 05047. ripple, dune, temperature, bed configuration, sediment discharge, Mars; 02297. sediment transport, shear stress, engineering, entrainment, erosion, 00004. spring, oxygen-18 tracer, flow path, groundwater flow, groundwater discharge, karst aquifer, China, Guangxi Province, Guilin; 02913. water column, sedimentation rate, sediment trap, high energy environment, seabed, lake bottom, 02483. water quality, hydrochemical factor, dissolution rate, gypsiferous rock, flowing water, dissolution rate, electrical conductivity, alabastrine gypsum, Spain, Ebro River Basin; 06047.
flow volume
kriging, jackknife test, data uncertainty, geostatistical method, groundwater flow model, water level, flow direction, water velocity, USA, Texas, Port Arthur, Upper Chicot Aquifer; 09886.
flow(500 millibar)
temperature, flow condition, surface temperature, USA; 07681.
flow-duration relationship
design flood, DELTAQIX method, ten-year flood, flood estimation, peak discharge, return period, 00523.
flow-ion relationship
low flow, time series sampling, flow related dip sample, short term ionic response, hydrochemical process, surface water chemistry, sampling regime, alkalinity source, acidification status, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04096.
flowering peak
recycling, pollen, spore, river, vegetation, sedimentation, palynomorph load, USA, Texas, Trinity River; 06077.
flowing water
dissolution rate, electrical conductivity, alabastrine gypsum, flow velocity, water quality, hydrochemical factor, dissolution rate, gypsiferous rock, Spain, Ebro River Basin; 06047.
flowpath
sedimentary basin, basin pressure, hydrogeology, petroleum basin, groundwater flow, 07534.
flowslide
failure, landslide, liquefaction, pore pressure, shear strength, instrumented, laboratory, 04916. landslide, residual shear strength, subsoil flow, pore water pressure, mechanic, tropical region, West Indies, Dominica; 03826. viscoplastic, turbidity current, numerical modelling, submarine slide, 11653.
flowstone sequence
U series technique, oxygen isotope variation, pollen assemblage, palaeoclimate, stalagmite, Norway, Rana; 06159.
fluctuation
forest margin, scree slope, tree line, debris laden snow avalanche, avalanche, talus, Canada, Quebec, Gaspesie; 02547. Gauss, Brunhes palaeo oceanographic record, micropalaeontological analyses, polar front, Atlantic; 03859. global climatic change, radiocarbon dating, sediment, secular change, sea level history, palaeoclimate, USSR, Caspian Sea; 04982. polar wander, sea level fluctuation, rheological stratification, depositional sequence, eustatic sea level, 01445.
fluctuation record
climatic fluctuation, vine growing, hop growing region, Czechoslovakia, Bohemia; 12491.
flue gas
coal fired power plant, mercury, hydrochloric acid, hydrofluoric acid, selenium dioxide, hydrogen bromide, hydrogen iodide, inorganic trace compound, 03191.
fluid
burial, accretionary prism, fracture, shear zone, permeability, 02292. interstitial water, temperature, porosity, pressure, gold, uranium, South Africa, Witwatersrand Basin; 02447. linear stability analysis, Reynolds number, Navier-Stokes equation, perturbation method, surface tension, 00002.
fluid advection
subduction, accretionary wedge, methane, manganese, chloride, sea water, Caribbean Sea, Barbados Accretionary Complex, Leg 110; Leg 110; 08240.
fluid circulation
carbonate, cement, intraplate deformation, hydrothermal activity, Indian Ocean, ODP Site 717; ODP Site 718; Indian Ocean, ODP Site 719; Indian Ocean, Bengal Fan; 04831.
fluid density
brine aquifer, variable density groundwater, cross sectional flow model, stream function solution, topographically driven flow, stream function, equivalent fresh water head, variable density groundwater, groundwater flow pattern, USA, Texas, Palo Duro Basin; 06353.
fluid dynamic model
complex terrain, meso scale feature, dispersion, topography, 06502.
fluid dynamics
excitation response analysis, circulation model, tidal forcings, estuarine circulation, USA, Chesapeake Bay; 03501. laboratory analogue, stratified flow, hurricane, 12409.
fluid expulsion
mud volcano, diapir, decollement, accretionary complex, ocean basin sediment, Barbados; 01249.
fluid extraction
thermodesorption, hydrocarbon, biological marker, 03685.
fluid flow
accumulation rate, groundwater, hydrocarbon, permeability, fault, 10498. capillary pressure head, fracture flow, groundwater flow, travel time, partially saturated fracture, air water interface, 12246. chloride contamination, carbonate aquifer system, groundwater quality, vertical leakage, fracturing, fault, USA, Georgia, Glynn County, Brunswick, Upper Floridan Aquifer; 02927. decollement, pore pressure, accretionary prism, permeability, flow velocity, Caribbean Sea, Barbados Ridge; 02305. ocean floor, active margin, back scattered electron imagery, forearc basin, vein structure, Peru; 01193. precipitation, dolomitisation, dolostone, magnesium, 11732. vortex structure, Stoke flow, dynamo theory, streamline pattern, chaotic streamline, 10490.
fluid force
friction, shear stress, water depth, wave, sea bed, engineering, 00001.
fluid geothermometer
diagenesis, geothermometer, geothermal application, 12996.
fluid geothermometry
diagenesis, pore water sediment interaction, 11776.
fluid inclusion
basin, platform carbonate, dolomite lens, cement, brine, USA, Arkansas, Ozarks; Missouri, Ozarks; 09408. brine, Cambrian(Upper), Morgan Creek Limestone, dolomite, burial fluid, USA, Texas; 09398. brine, sediment burial, Laborcita Formation, Wolfcampian, dolomitic limestone, bioherm, USA, New Mexico, Sacramento Mountains; 09404. brine, silicate, diagenesis, evaporite, Salado Formation, Permian, USA, New Mexico, Delaware Basin; 10632. diagenesis, stretching, reequilibration, deformation, palaeotemperature, 09440. evaporite, potash, brine, basin, 11733. limestone, dolomite, burial history, karstification, geothermal gradient, Germany, Geislingen; Herrlingen; 08287. Permian, thermal history, Road Canyon Formation, colour alteration index, USA, Texas, Glass Mountains; 09409. sea water, halite, brine, Permian, evaporite pool, diagenesis, USA, Texas, Palo Duro Basin; 08227. thermal alteration index, thermal maturity, dolomite, burial history, Cambrian(Upper), Bonneterre Formation, USA, Missouri; 09456.
fluid injection
radioactive waste repository, solute transport, fractured rock, delta-type

s source condition, adsorptive solute transport, flux injection, column
breakthrough curve, 02907.
uid modelling
atmospheric diffusion, complex terrain, wind tunnel modelling, pollu-
tion, boundary layer, stratified flow, 05404.
uid parcel
resistance law, complex terrain, roughness length, deviation angle,
13558. source area, boundary layer, footprint, contact distance, 13559.
uid particle pair
isotorpic turbulence, turbulence, correlation tensor, Lagrangian statisti-
cal function, 09952.
uid particle trajectory
surface roughness, footprint prediction, Markovian analysis, 03056.
uid pressure
marine sediment, seafloor, hydrothermal circulation, pore fluid, probe,
11817.
uid property
groundwater contamination, volatilisation, remediation effort, mass
transfer, nonaqueous phase liquid, aqueous solubility, vadose zone,
phreatic zone, solute transport, immiscible fluid, vapour transport,
07563.
uid viscosity difference
dispersion, mass transfer, viscous fingering, non-uniform flow, granular
media, porous media, contaminant transport, groundwater flow, 07567.
uidisation
PCB's, sedimentary structure, viscoelastic representation, shear, bottom
sediment, 09309.
ume
Bragg reflection, sediment transport, ripple, sand bar, wave, 01220.
embankment slope, wave run-up, slope cover, asphalt, grass, concrete
block, Germany, Hannover; 00199. flow direction, bedform alignment,
dune, wind, orientation, 01186. gravel bed channel, heavy mineral,
placer, bed load, 02310. hot water modelling, scale modelling, tem-
perature, ripple, dune, 02295.
ume experiment
numerical simulation, gravel river widening, numerical model, bank
erosion, equilibrium channel, 03706. river profile, mathematical model,
dynamic equilibrium, sediment transport, computer simulation model,
06301. shields criterion, bed granulometry, erosion, bed load transport,
channel hydraulics, traction force, pebble charge, 12185. simulated
rainfall, solute transport, wind action, overland flow, water erosion,
wind driven rain, 10829.
ume study
sediment transport equation, Shields parameter, particle resistance, bed
structure, gravel bed, bed surface response, 12173.
ume test
erosion test, clay, cohesive soil, Canada, Ontario; 06026. movable bed,
bedload, dune, sand, gravel bed river, France, Chatou; 05798.
uorapatite
francolite, particle size, phosphate, apatite, 03652. nodule, dolomite,
pyrite, paragenesis, phosphorite, Peru; 00178. pH, apatite, phosphorus,
sea water, 11781.
uorene
methylbiphenyl, cyclisation reaction, palaeotemperature, biphenyl,
08280.
uorescence
atmospheric property, phytoplankton, chlorophyll fluorescence, 09221.
coccolithophore bloom, flow cytometry, phytoplankton, 03464. decom-
position, pollutant, estuary, North Sea, German Bight; 05965. forest,
chlorophyll, 02226. iron transport, dissolved organic matter, humic
river, water colour, surface water quality, flow regime, Finland, Gulf of
Bothnia; Kiiminkijoki River; 06320. oceanic property, chlorophyll
fluorescence, 09222. opalin glass, spectral radiance standard, organic
matter, microspectrofluorimetry, Lamberts Law, 11821. spectroscopy,
organic matter, surface water, lake, water, 02263. vitrinite reflectance,
thermal evolution, oil, organic matter, source rock, maturity, rank,
11785.
uorescence detection
troposphere, hydroxyl radical measurement, 08833.
uorescence dye tracer
flow measurement, salt dilution method, dilution gauging, stream gaug-
ing, flow meter, 08670.
uorescence lifetime
Kautsky effect, lidar, plant stress, chlorophyll fluorescence, 01103.
uorescence measurement
reflectance measurement, chlorophyll measurement, spruce forest,
09233.
uorescence microscopy
polyester resin, micromorphology, 01574. pore structure, thin section,
coal, 04869.
uorescence signature
pigment measurement, marine macroalgae, macroalgae, 09220.
uorescence-quenching method
hydrophobic organic pollutant, groundwater contamination, PAH, col-
loids, contaminant transport, sorption, 02914.
uoride
aluminium, pH, iron, nitrate, seepage, thermal power generation, fly
ash, chemical waste, groundwater quality, surface water quality,
ammonia, India, Husdev River; 12202. aluminium, sulphate, hydrogen
fluoride, sulphur dioxide, sulphuric acid, deposition, volcanic gas, ash,
wet deposition, chloride, Japan, Mount Sakurajima; 00855. ammonium,
calcium, magnesium, sodium, potassium, pH, deposition, fossil fuel,
cement, long range transport, acid precipitation, sulphate, acidity, alka-
linity, nitrate, chloride, USA, New York, Albany; 04436. atmospheric
pollutant, soil sampling, point emission source, Greece; 13292.
chloride, bromide, nitrate, sulphate, precipitation, nitric acid, sulphuric
acid, hydrochloric acid, precipitation chemistry, sea salt, sodium, potas-
sium, ammonium, magnesium, calcium, Japan, Tokyo; 00856. chloride,
bromide, nitrate, sulphate, urban atmosphere, aliphatics, PAH, lead,
copper, manganese, iron, Spain, Barcelona; 03175. litterfall, pine plan-
tation, aluminium smelter, USA, South Carolina; 00406.
rine

aluminium, kaolinite, exchange reaction, cation exchange resin, Fuquay soil, soil exchanger, model soil exchanger, fluoro aluminium complex, USA, South Carolina; 10889. chlorine, methane, ethane, Mulliken charge, hydrofluorocarbon, HFC's, reaction rate, 06573. hydrofluoric acid, concentration profile, Trace Molecule Spectroscopy, Spacelab 3, stratosphere, solar infrared absorption spectra, chlorine, hydrochloric acid, 11353. sea water, apatite, bacteria, carbonate, magnesium, 08281. sea water, iron-manganese nodule, manganese, nodule, crust, 00085. trend, stratosphere, infrared solar occultation spectra, sulphur hexafluoride, chlorine, 06694.
fluorine compound
pine needle, sulphur, iron, pollution, Pinus sylvestris, bioindicator, sulphur dioxide, Finland, Kevo; Poland; 02069.
fluorite
dolomite, carbonate, palaeoenvironment, lake, stromatolite, calcium, Tanzania, Lake Natron; 05816.
fluoro aluminium complex
fluorine, aluminium, kaolinite, exchange reaction, cation exchange resin, Fuquay soil, soil exchanger, model soil exchanger, USA, South Carolina; 10889.
fluorocarbons
trace gas, global pollution, rice field, methane, urban, China; USA; Brazil; Australia; 06569.
fluorochromic dye
soil microorganism, staining, 01575.
fluroxypyr
herbicide, contaminant migration, clay soil, sandy soil, leaching, decomposition, Sweden; 05229.
flushing
coastal lagoon, lagoon ecology, Red Sea, Shu'aiba Lagoon; 07444. river plume, aquaculture, mangrove, swamp, tidal dynamics, Australia, Queensland, Hinchinbrook Channel; 06985. sediment yield, engineering, deposition, reservoir, sedimentation, 05812. sediment yield, sedimentation, hydraulic engineer, suspended load, reservoir, 05811. sedimentation, phosphorus dynamics, lake water quality, modelling, eutrophication, 13337. slope morphology, hillslope hydrology, flood hazard, landslide hazard, hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, mountain hydrology, sediment deposition, 12136.
flushing operation
dam, reservoir, desiltation, Italy, Padua; 04723.
flute
transverse ridge, De Geer moraine, deformable bed, glacial geomorphic feature, grounded ice, deglaciation, late glacial sedimentation, Barents Sea; 04994.
flute mark
palaeoflow, turbidite, Bouma division, Besa River Formation, Devonian, Mississippian, shale, Canada, Northwest Territories, Meilleur River; 07039.
flute mould
cavity, Carboniferous, Boss Point Formation, mud intrusion, rheoplasis, Canada, New Brunswick, Sackville; 04700.
fluted moraine
ground moraine, ablation relief, till, sedimentation, Svalbard, Spitsbergen, Wedel Jarlsberg Land; 02647.
fluvial
glacioisostatically depressed, St. Pierre Sediment, stratotype, lithozone, pollen, boreal vegetation, rhythmite, sedimentary cycle, Canada, Quebec, St Lawrence Valley; 02658.
fluvial activity
aeolian activity, literature review, Land Degradation and Rehabilitation journal, remote sensing, arid geomorphology, 08337. coastal erosion, thawing sediment, permafrost, thermokarst, retrogressive thaw slump, ground ice, Canada, Yukon Territory, Herschel Island; 03910. morphostructure, volcanic upland, remote sensing data, Cenozoic(Late), volcanism, block tectonics, glacial erosion, USSR, Georgia, Djavakhet Upland; 11871.
fluvial basin
desertification, soil erosion, desertification, semi arid basin, Spain, Segura Basin; 08544.
fluvial channel
continental shelf, buried channel, sea-level fluctuation, Pleistocene, Holocene, buried, late Pleistocene, India, Vengurla, Burnt Island; 11989. stromatolite, tufa, oncolite, France, Seine Basin; Somme Basin; 07005.
fluvial deposit
aeolian deposit, sand, trace element, sediment provenance, sorting, Quaternary, Netherlands, Limburg; 09443. cycle, Cretaceous, Neocomian, redbed, source, Iran, Kopet-Dagh Basin; 00143. molluscan fauna, palaeoenvironmental reconstruction, stratigraphy, climatic reconstruction, interglacial, Pleistocene, UK, England; 03893. time recording, superficial deposit, chronostratigraphy, morphoclimatic environment, 06136.
fluvial dissection
Quaternary history, sedimentological interpretation, raised terrace, seismic reflection profile, glacio eustatic change, sea level, Greece, Gulf of Patras; Gulf of Corinth; 10804.
fluvial environment
geoecological change, tectonic history, orography, last cold stage, Holocene, 07135.
fluvial episode
high terrace, low terrace, flood plain, braided river, meandering channel, aggradation, Poland, Ner Valley, Lodz, Lublinek; 00214.
fluvial erosion
Holocene, geomorphological reconstruction, climatic reconstruction, radiocarbon date, sedimentation rate, aeolian erosion, rotational landsliding, mass wasting, Canada, Saskatchewan, Cypress Hills; Alberta, Cypress Hills; 09582.
fluvial erosion system
bifurcation, longitudinal profile, hypsometric curve, hydrology, hydrographic network, geomorphological heterogeneity, morphology, quantitative analysis, Spain, Basque Country; 11845.

fluvial event
temperate zone, channel pattern, sediment facies, deposition rate, braided river, meandering, anthropogenic disturbance, agriculture, discharge, long distance correlation, correlation, 11840.
fluvial evolution
canalisation, flow record, historical hydrology, flooding, river regulation, France, Meuse River; 09799. historical flood, braided river system, river development, alpine river, flooding, fluvial geomorphology, France, Alps; 09798.
fluvial facies
aeolian facies, gravel, channel fill sediment, Hemphillian, caliche, Tertiary, Ogallala Group, USA, Texas, Texas Panhandle, Yellow House Canyon; Blanco Canyon; 12915. Devonian, palaeoclimate, Worange Point Formation, sandstone, mudstone, Australia, New South Wales, Eden; 01274. lacustrine facies, Lago Tiberino, Villafranchian, tilting, meander bend, terrace, tectonic phase, neotectonics, palaeogeographic evolution, Italy, Umbria, Tiber Valley, San Fortunato Basin; Umbira, Tiber Valley, Riparvella Basin; 08342.
fluvial flow
surface wave, momentum equation, 10488.
fluvial form
meander migration, fluvial sediment, geomorphology, sediment, typological characteristic, 10671.
fluvial geomorphodynamics
Quaternary, river terrace, Talgrundterrassen, Holocene terrace, soil type, loess covered terrace, Germany, Isar River; Danube Valley; 06182.
fluvial geomorphology
channel network, mathematical model, dynamic equilibrium, river basin evolution model, uplift, hillslope, 10706. channel pattern experiment, experimental study, China; 08335. channel pattern simulation, tectonic movement, experimental study, China; 11859. dam, bedrock river, suspended sediment, mountain river, channel adjustment, river regime, cross sectional area, aggradation, bedload transport, Israel, Golan Heights; 12174. flood, ancient flood, risk analyses, research methodology, fluvial palaeohydrology, palaeohydrological research, research methodology, 10672. fluvial evolution, historical flood, braided river system, river development, alpine river, flooding, France, Alps; 09798. mapping, channel network, digital elevation data, drainage density, 12166.
fluvial gravel
glacial, sedimentary sequence, overdeepened basin, erosion rate, till, melt water channel, eroded terrace, Switzerland, Mittelland; Seeland; 11961.
fluvial history
braided river, meandering channel, incision, aggradation, floodplain, palaeohydrological development, temperature, precipitation, evapotranspiration, Netherlands, Mark Basin; 10677. terrace, stratigraphical evidence, Holocene, river alignment, river evolution, palaeohydrology, USSR, Siberia; 11857.
fluvial incision
parallel retreat, caprock, slope development, Clarens Sandstone, slope replacement, rock resistance, Richter type slope, South Africa, Orange Free State, Klerkspruit Valley; 10715.
fluvial landscape
alluvial landscape, surficial deposit, biodiversity, tectonics, Holocene, floodplain, Peru, Amazonia; 10669. loessic landscape, desert landscape, periglacial landscape, glacial landscape, landscape, hazardous landscape, China; 06009.
fluvial morphology
analytical photogrammetry, mountain torrent, sediment transport, Switzerland, Riale di Prugiasco; 03467.
fluvial palaeofeature
contrast stretching, Landsat, India, Bihar, Monghyr; 10394.
fluvial palaeohydrology
palaeohydrological research, research methodology, fluvial geomorphology, flood, ancient flood, risk analyses, research methodology, 10672. palaeohydrology, temperate palaeohydrology, temperate zone, valley reach, 11839.
fluvial phase
uranium thorium dating, dating, weathered alluvium, Quaternary alluvium, TL age, alluvial sediment, fan delta, calcrete, diagenesis, Gilbert fan delta, sandy channel, distributary channel, Australia, Queensland, Gilbert River; 13104.
fluvial process
bathymetric map, map, river channel, 09269. channel bank collapse, Tertiary, synsedimentary deformation, slumping, structure, Germany, Lower Rhine Basin; Cologne-Duren Area, Hambach; 04706. channel forming discharge, regionalisation, river channel forming activity, USSR; 05994. erosion, river flow, sediment transport, channel hydraulics, riverbed process, 07477. landslide, active faulting, natural risk, late boundary, geomorphological evolution, Neotectonic, Turkey, Destek-Niksar Region; 03719. methodological problem, fluvial relief, channel morphology, morphodynamics, 08328. palaeohydrological change, global pattern, temperate palaeohydrology, 10670. palaeohydrological interpretation, channel pattern, meandering, lithofacies, alluvial fill, river discharge, braided channel, valley floor development, palaeoclimatic research, past fluvial process, Poland; 09491. palaeohydrological reconstruction, palaeoclimate, river valley, Poland, Vistula River Valley; 07140. relief property, basin morphometry, drainage frequency, drainage density, morphometric analysis, geomorphometry, India, Karnataka, Gangolli River Basin; 11858. sediment transport, physical model, movable bed, 05788.
fluvial regime
basin characteristic, topography, river regime, discharge, flood probability, flow regime, Spain, Soria, Duero River; 02841. climatic change, valley floor cross section, palaeohydrology, floodplain deposit, Poland, Vistula River Valley; 11850.
fluvial relief
channel morphology, morphodynamics, fluvial process, methodological problem, 08328. erg, terrace, crust, hygric gradient, hypsometric gradient, climate change, palaeoclimate, relief, aeolian relief, Namibia, Namib Desert; 11869.
fluvial response
temperate zone, river terrace, buried channel, meandering, flood plain, bedload, environmental change, environmental process, UK, England, Sussex, Ouse River; 11844.
fluvial sediment
geomorphological study, palaeorivers, geomorphological map, Italy, Po Plain; 03708. geomorphology, sediment, typological characteristic, fluvial form, meander migration, 10671. grain size parameter, meandering river, river channel pattern, bed material, grain size, channel geometry, 13328. sedimentation rate, weathering, sand composition, sandstone, Brazil, Solimoes River, Macuapanim Island; 06960. suspended particulate matter, sediment chemistry, estuary, mixing, salinity gradient, wind stress, cadmium, oxidation, tidal river, metal pollution, surface water quality, marine sediment, Germany, Elbe River; 08757. suspended sediment, water chemistry, soil, pH, bottom sediment, Brazil, Amazon Basin, Madeira River; 04717.
fluvial sediment transport
bed load transport, Munster creek flood event, flood hydrograph, friction component, debris flow modelling, Switzerland; 06034.
fluvial sedimentation
radiometric dating, alluvial fill, alluviation, valley glaciation, overgrazing, stratigraphic unit, terrace, Quaternary(Late), Greece, Epirus, Voidomatis Basin; 07215.
fluvial soil loss
global scale, erodibility, sediment yield, relief, erosion rate, stream power, slope gradient, precipitation, infiltration, denudation rate, climate, 01374.
fluvial system
Weichselian(Late), stratigraphy, palaeoenvironment, Weichselian(Middle), diamicton, Piaski Formation, permafrost, braided system, Poland; 07269. wilderness manager, alpine sediment, sediment transfer, hillslope sediment, slope, USA, Colorado Front Range, Mummy Range; 09380.
fluvial terrace
alluvial cone, tephra cover, Shikotsu pumice fall, Eniwa "a' pumice fall, Tarumae "d' pumice fall, Tokachi "c-2' ash fall, tephrochronological analysis, Last Glacial, Postglacial, terrace chronology, lateral erosion, climatic change, channel condition, valley side, slope development, Last Glacial Stage, Japan, Hokkaido, Tokachi Plain; 04922. debris supply, Pleistocene(Late), terrace surface, marker tephra, chronology, Japan, Kitakami Lowland; 13178. envelope surface, uplift, geomorphological criteria, neotectonics, Quaternary uplift, Italy, Apennines; 00233. sand, weathering, geochemistry, terrace, chronosequence, geochemical variability, bulk geochemistry, France, Central Massif, Allier Basin; Dore Basin; Colombia, Caqueta Basin; 06211. solifluctional deposit, deluvial deposit, tectonic movement, uplift rate, uplift rate, downwarping, long profile, terrace system, tectonic movement, flysch, Poland, Beskid Zywiecki Mountains, Koszarawa River; 11883. till, glaciation, Anglian, Wolstonian, Devensian, proglacial lake, outwash gravel, UK, England, Lincolnshire; 13139.
fluvial terrace scarp
slope profile, bedrock terrace scarp, terrace scarp, space-time transformation, slope decline rate, Japan, Chichibu Basin; 02553.
fluvial terrane
terrace, last interglacial, tephra layer, sea level change, climate change, marine terrane, Japan, Hokkaido, Hidaka District, Shizunai River; Niikappu River; 10807.
fluvial transport
chemical weathering, mechanical erosion, suspended load, solute load, flux, climatic impact, France, Adour; Morocco, Souss; Morocco, Oum-er-Rbia; Morocco, Sebou; 00206. dynamics, denudation rate, glaciated catchment, non-glaciated catchment, Svalbard, Spitsbergen; 02496.
fluvial valley origin
canyon, ridged lava plain, thrust fault, impact ejecta, headward sapping, thermokarst, Mars, Aeolis Quadrangle; 06011.
fluviatile Pleistocene
Devensian, glacial limit, pebble, terrace, aggradational unit, incised meander, Pleistocene, gravel, UK, England, Wye River; 13168.
fluviatile system
reservoir modelling, oil reservoir, modelling, anastomosed system, France, Carcassonne; Canada, Saskatchewan; 13014.
fluvic acid
clay-humus complex, montmorillonite, humic acid, 02764.
fluvio deltaic environment
facies architecture, basin, subsidence, Maastrichtian, Lance Formation, USA, Wyoming, Wind River Basin; 11753.
fluvio-periglacial landform
freeze-thaw, interlocking boulder pavement, boulder paved channel, river channel, Norway, Jotunheimen; 02695.
fluvioglacial deposit
landscape history, weathering, iron fractionation, clay mineral analysis, glacial deposit, Nepal, Himalayas, Mount Everest; 13298.
fluvioglacial origin
trace element, estuary, sand wave, coating, sand, Canada, St. Lawrence Upper Estuary; 04769.
fluviokarst
Ordovician(Upper), pollutant, sinkhole, caves, disappearing river, blind valley, spring, dye tracing, karst hydrogeology, groundwater problem, USA, Minnesota, Fillmore County; 03839.
Fluvisol
Quaternary(Upper), sediment, soil, provo debris, solifluction, cryoturbation, loess, Kastanozem, USA, Utah, Great Salt Lake; 13091.
flux
climatic impact, fluvial transport, chemical weathering, mechanical erosion, suspended load, solute load, France, Adour; Morocco, Souss; Morocco, Oum-er-Rbia; Morocco, Sebou; 00206. ocean, partial pressure gradient, air sea interface, carbon dioxide, exchange coefficient, 11227. preservation, organic carbon, fjord, bacterial biomass, Hypsithermal period, Neoglacial, Little Ice Age, sedimentation rate, Canada, Baffin Island; 04975. unsaturated zone, groundwater flow, soil property, hydraulic function, simulation model, evapotranspiration deficit,

07527.
ux boundary condition
numerical model, Richards equation, layer interface, infiltration, two layer soil, layered system, groundwater flow, 11038.
ux chamber
benthic exchange rate, nutrient, sediment-water interface, recycling, diagenesis, Pacific; 05983.
ux corrected transport
monotone, finite difference approximation, advection condensation problem, numerical difficulty, cloud-environment interface, 12464.
ux data set
model simulation, seasonal cycle, tropical ocean, surface forcing, Pacific; 13570.
ux density
latent heat, saturation vapour pressure vs. temperature curve, evapotranspiration, Penman equation, Penman-Monteith equation, energy budget, surface temperature, air temperature, 01641.
ux grade
limestone, Bandah Formation, Khuiala Formation, Eocene, industry, India, Rajasthan, Jaisalmer; 05889.
ux gradient relationship
reversing sensor system, gradient measurement, humidity sensor, forest, 08879.
ux gradient technique
deposition velocity, sulphate, nitrate, ammonium, hydrogen ion, cloud water deposition, vegetation, lysimeter, 00715.
ux injection
column breakthrough curve, fluid injection, radioactive waste repository, solute transport, fractured rock, delta-type source condition, adsorptive solute transport, 02907.
ux measurement
water vapour, air sampling tube, eddy covariance, carbon dioxide, 07692.
ux pattern
biogenic sediment, mass accumulation rate, opal flux maxima, productivity, atmospheric carbon dioxide, ice volume, Pleistocene(Late), palaeoclimatology, Pacific; 11929.
ux profile relationship
atmospheric surface layer, Monin Obukhov stability parameter, Richardson number, surface flux, turbulence characteristic, 04252.
ux study
ocean, mesoscale feature, carbon cycle, 11222.
ux time scale
monsoon, surface flux patterns, heat flux, moisture flux, India; 12336.
ux transport
ocean sea ice model, ocean, climate, 08893.
ux variance relation
eddy correlation, temperature, humidity, 07693.
uxgate magnetometer
magnetic field experiment, satellite, search coil magnetometer, 03389.
v ash
chemical waste, groundwater quality, surface water quality, ammonia, fluoride, aluminium, pH, iron, nitrate, seepage, thermal power generation, India, Husdev River; 12202. gravimetric method, beta ray, dust, stack gas, pollution, sampling, isokinetic sampling system, 03192. heavy metal, pollution, 11356. microbial population, soil, power station waste, 02758. spatial variability, soil erosion acceleration, overland flow, rain splash transport, freeze thaw, depositional quantification, postsettlement deposition, sediment basin, sediment transport, USA, Illinois; 08540. time marker, sedimentation study, sedimentation rate, USA, Illinois, Sangamon River, Springfield; 00212.
vsch
bed form, pothole, reflection face, channel morphology, sill formation, 12186. calciclastic, Maastrichtian, tectonics, carbonate, resedimented deposit, paleoenvironment, Italy, Friuli, Mount Mataiur; 11759. carboniferous, pebble mudstone, mudstone, olistostrome, Germany, Gorlitz; 00109. Cretaceous, Paleogene, geochemical variability, tectonic unit, lithofacies, trace element, Poland, Carpathians; 02419. Eocene, turbidite, ripple, gravity flow, Yugoslavia, Dalmatia, Marjan Peninsula; 02398. fluvial terrace, solifluctional deposit, deluvial deposit, tectonic movement, uplift rate, uplift rate, downwarping, long profile, terrace system, tectonic movement, Poland, Beskid Zywiecki Mountains, Koszarawa River; 11883. Ordovician, foreland basin, orogen, erosion, platform, provenance reversal, sedimentation, carbonate build up, Canada, Newfoundland; 05913. sedimentation, weathering, Cretaceous, burial, illite, smectite, erosion, rifting, Europe, Alps, Lombardian Basin; 11756. source terrane, uplift, conglomerate, sandstone, heavy mineral, Cretaceous(Upper), Switzerland, Southern Alps; Italy; 04821. turbidite, Miocene, Nambayama Formation, submarine fan, Nodani Formation, Japan, Fossa Magna, Nishikubiki; 11763. turbidite, tectonic formation, Miocene, Pliocene, Tamugigawa Formation, submarine fan, Japan, Fossa Magna; 11761.
vsch slopes
slope, research program, stability, mass movement, Poland, Karpaty Mountains, Szymbark, Bystrzyca; 08398.
zal mechanism
basal slip, earthquake focal mechanism, seismic network, translational azimuth, rift zone, block tectonics, USA, Hawaii; 11885. stress pattern, crustal inhomogeneity, neotectonic fault, tectodynamics, earthquake activity, earthquake catalogue, seismicity, Fennoscandia; 11882.
zumat IIc
photographic enlargement, Large Format Camera, Italy, Po Delta; 10250.
zusing
radioactive dating, sedimentation rate, lake sediment, sediment water interface, storm, USA, Great Lakes, Lake Michigan; 11664.
zzhn
evaporation, vorticity, cold front, frontogenesis, Europe, Alps; Germany; 04279. orographic influence, frontal movement, latent heat effect, blocking, cold front, Europe, Alps; 08964. orographic modification, frontal passage, mountain valley, Alps; Germany, Bavaria, Alps; 08281. stratosphere, photochemical process, ozone, air quality standard, Alpine region, 06538. synoptic data, air mass, potential temperature, stable stratification, precipitation, Italy, Po Valley; Europe, Alps; 04225.
fog
advected oceanic fog, inversion, organophosphorus insecticide, particle, fog liquid, pesticide occurrence, USA, California, Monterey; 10189. aerosol, scavenging, ammonium, nitrate, sulphate, sulphur dioxide, S(IV) oxidation, vertical transport, ion chromatography, field study, 13658. cloud droplet, droplet chemistry, sulphate, sulphur oxidation, acid deposition, 04310. deposition, alkane, PAHs, PCB's, hydrophobic chemical, organic chemical, urban fog, 13694. dew, palaeoenvironmental interpretation, rock varnish origin, hyperarid, coastal desert, bacteria, Peru; 07318. enhancement deposition, vegetation ecosystem, soil water flow, sulphate, buffering, flow path, precipitation chemistry, acidification, wet deposition, bulk deposition, mist, UK, Scotland, Allt a'Mharcaidh; Norway; 13374. isotopic analysis, rain, USA, California, Point Reyes Peninsula; 07826. nitrated phenol, phenol, cresol, precursor, photochemical formation, 12508. optical fog detector, cloud, 05317. organic compound, dew, pollution, forest ecosystem, deposition, Europe; 00884. pollution, air quality monitoring, pollution control, France, Basse-Seine; 04447. rain, visibility, weather radar data, road weather service, snow, ice, 05323. sequential rainfall detector, acid rain, rain, France, Vosges Region; 06613. snow, ice, glacier, cloud, USA, Alaska, Malaspina Glacier; 11607. sunshine hour, wind, climate, agroclimate, valley climate, air temperature, rainfall, 00701.
fog chemistry
droplet sampling, fog water collection, fog sampling station, radiation fog, Italy, Po Valley; 04028.
fog collection device
trace substance, vertical mass flux divergence, cloud, fog experiment, aerosol, droplet, 06675.
fog dissipation
boundary layer, satellite observation, Japan, Kanto, Plain; Tsukuba; 00714.
fog event
boundary layer, chemistry model, aerosol, trace gas, sulphur dioxide, sulphate, 09063.
fog experiment
aerosol, droplet, fog collection device, trace substance, vertical mass flux divergence, cloud, 06675.
fog formation
airport, mesoscale model, forecasting, Australia, Perth; 08967. cloud condensation process, clean room counter, optical particle counter, aerosol, relative humidity, counting efficiency, particle size, hygroscopic aerosol, 08826.
fog front
SODAR, density current, shallow water equation, friction velocity, nocturnal boundary layer, 01845.
fog liquid
pesticide occurrence, fog, advected oceanic fog, inversion, organophosphorus insecticide, particle, USA, California, Monterey; 10189.
fog maps
satellite data, anticyclonic weather, Switzerland; 13553.
fog model
radiative transfer, microphysics, droplet growth, gravitational settling, liquid water content, radiaiton, 12450.
fog sampling station
radiation fog, fog chemistry, droplet sampling, fog water collection, Italy, Po Valley; 04028.
fog water
carbonyl, hydroxyalkanesulfonic acid, formaldehyde, organic compound, Italy, Po Valley; 06603. Rotating Arm Collector, Caltech Active Strand Cloudwater Collector, droplet chemistry, nitrate, sulphate, ammonium, sodium, calcium, magnesium, chloride, cloud water, USA, California, Santa Barbara Channel; 04421. sulphur compound, sulphate, sulphite, hydroxymethane sulphonate, aerosol, 06666. trace element, precipitation, PIXE, preconcentration, freeze drying, rain water, 13746.
fog water chemistry
wood burning community, industrial zone, deposition chemistry, formic acid, atmospheric deposition, acetic acid, formaldehyde, organic compound, USA, Oregon, Corvallis; 12150.
fog water collection
fog sampling station, radiation fog, fog chemistry, droplet sampling, Italy, Po Valley; 04028.
fog water interception
high elevation, cloud water, trace constituent concentration, mountain region, ion deposition, 06601.
fogginess
cyclone, climate characteristics, cloud amount, precipitation, Antarctica, King Sejong Station; 09992.
foggy day
sunshine time, lapse rate, vapour pressure, precipitation, wind speed, China, Bashan Mountains; 08864.
Fohn event
radiation, turbulent flux, sensible heat flux, short wave radiation, energy balance model, ablation, margin, ice sheet, albedo, Greenland, Nordbogletscher; Qamanarssup sermia; 01471. response, energy balance, ice sheet, temperature change, ablation, outlet glacier, ablation-temperature equation, wind, Greenland, Nordbogletscher; Qamanarssup sermia; 01470.
Fohn wind
weather characteristics, meteorological data. Austria, Graz; 11164.
Fokker Planck equation
unsaturated flow, saturated conductivity, infiltration equation, inverse problem, one dimensional infiltration, groundwater flow, diffusion equation, 06342.
fold
blind thrust, Kangra Earthquake, overpressured anticline, basal decollement, rising barrier anticline, anticline, contemporary tectonics, frontal fault system, India, Himalaya, Potwar Plateau; Nepal, Himalaya, Potwar Plateau; India, Himalaya, Salt Range; Nepal, Himalaya, Salt Range;

08370.
fold belt
craton, Mijenfjorden Group, Tertiary, palaeogeography, basin fill, foreland basin, lithospheric loading, Svalbard, Spitsbergen; 02425.
fold mountain
mountain region, monoclinal structure, hydrogeology, sedimentary aquifer, microbasin, groundwater dynamics, water resource, 08768.
folded surface
flat surface, groundwater flow, hydraulic head distribution, Darcian flow, aquifer fold, 04127.
folding
coral reef terrace, First High Cliff, constructional reef terrace, Second High Cliff, uplift rate, Quaternary(Late), Barbados; 07169. marine terrace deformation, warping, Neotectonic, Quaternary(Late), Japan; 03720.
foliage
biomass, woodland, remote sensing, Mali; 13935. leaching, pH dependent leaching, ion exchange, anion exchange, forest canopy, deciduous foliage, coniferous foliage, 11093.
foliage area density
canopy flow, oak forest, foliage profile, 07716.
foliage burning
sugar cane, carbon dioxide, alcohol engine, carbon monoxide, ozone, methane, Brazil; 09022.
foliage profile
foliage area density, canopy flow, oak forest, 07716.
foliage-atmosphere system
fugacity based model, organics, partitioning, transport, 03233.
foliar chemistry
canopy model, vegetation, 02221.
foliar senescence
maize, chlorophyll, benzyladenine-6, ozone, hydrogen fluoride, 00808.
foliar washoff
acid rain, rainfall, deposition, washoff, forest, tree, leaf, dry deposition, sulphate, potassium, 13665.
foliation
anisotropic structure, mechanical anisotropy, mountain slope, slope failure, crystallophyllian formation, France, Isere, Bourg-d'Oisans, Charmonetier; Alps; 03828.
Folkestone Bed
Lower Greensand, phosphate clast, nodule bed, Sulphur Bank, gault, UK, England, Kent, Folkestone; 00127.
food
environmental impact, GIS, agriculture, 03445.
food chain
eel, fish, heavy metal, mercury, methylmercury, pollution plume, UK, England, Norfolk, Yare River; 08202.
food crop
GIS, crop modelling system, rural appraisal, smallholder farming, Papua New Guinea, Morobe Province; 08104.
food production
climate change, agriculture, greenhouse effect, 06525. solar energy, wind potential, oil seed production, ocean current, upwelling, plankton accumulation, fishery, climatic service, agricultural development, 05293.
food security
FAO, locust, plague prevention, environmental monitoring, 00945.
food supply
niche, foraminifera, seasonally ice covered area, perennially ice covered area, benthic foraminifera, siliceous sponge reef, sedimentation rate, Canada, Axel Heiberg Island; Ellesmere Island; Canada, Axel Heiberg Shelf; Arctic Ocean, Baffin Bay, Lancaster Sound; Arctic Ocean, Axel Heiberg Shelf; 10755.
food web
acid deposition, international scientific programme, atmospheric evolution, anthropogenic action, warming, ozone layer, 13479. dinosaur, Judith River Formation, herbivore, Cretaceous(Late), fossil, amino acid, carnivore, isotope abundance, palaeoecology, Canada, Alberta; 07068. fish, phytoplankton, lake, biomanipulation, water quality, phosphorus cycling, Netherlands, Lake Wolderwijd; Lake Nuldernauw; 09334.
food web model
climatic change, marine trophic level, weather, data trend, phytoplankton, zooplankton, 07726.
foot slope pediment
rillenkarren, tufa, gilgai, Pleistocene(Late) dune, karst, slope, reef exhumation, geomorphology, Devonian reef, Windjana Limestone, Pillara Limestone, Napier Formation, Australia, Western Australia, Napier Range; 07150.
foot slope soil
Acrisol, Lixisol, soil formation, soil degradation, Nigeria, Nsukka; 07428.
foothill
vertical zonality, horizontal zonality, soil zonality, Europe, (Central); Czechoslovakia, Slovakia; 08559.
footprint
contact distance, fluid parcel, source area, boundary layer, 13559.
footprint prediction
Markovian analysis, fluid particle trajectory, surface roughness, 03056.
footslope surface colluvial soil
fragipan development, limestone valley, paleosol, clay mineral weathering, genesis, soil, landscape, cryoturbation, sandstone colluvium, USA, Pennsylvania, Ridge and Valley Province; 02512.
footwall lithology
active normal faulting, extension, normal fault, graben, hangingwall, fault segmentation, Greece; 08365.
forage production
GIS, biomass, farm management, 01120.
foralgal crust
Pleistocene, Cretaceous, reef, algae, foraminifera, Red Sea; 01284.
foraminifer
barite, cyclicity, Pleistocene, ooze, Milankovitch, sedimentation rate, Indian Ocean, ODP Hole 709C; Mascarene Plateau, ODP Hole 709C; 03576. Cenozoic, isotope data, palaeotemperature, polar water, ooze, Antarctica, Maud Rise, ODP Sites 689 and 690; Weddell Sea; 03689. deep sea floor, coral, cement, sea floor, diagenesis, carbonate, 11777. glacial interglacial amplitude, surface water temperature, cooling event, carbon accumulation rate, upwelling, monsoon, Pleistocene(Late), hydrography, planktonic isotope record, benthic isotope record, stable isotope record, Indian Ocean, ODP Site 724; Arabian Sea, ODP Site 724; 11922. turbidite, pelagic sediment, Pleistocene, Pliocene, dissolution, Indian Ocean, ODP Hole 708C; Mascarene Plateau, ODP Hole 708C; 03577.
foraminifer transfer function
Pleistocene(Late), last glacial maximum, last interglacial, sea surface temperature, CLIMAP, long range transfer function, Atlantic, (North); 11918.
foraminifera
anoxia, Miocene, deep water circulation, sapropel, Mediterranean; 01345. carbonate platform, Cretaceous, fabric, biogenic constituent, cement, Yugoslavia, Slovenia, Trnovo; 04814. clay mineral, sediment core, palaeoclimatic record, oxygen isotope, Ligurian Sea; 04963. Eocene, conglomerate, carbonate sandstone, mollusc, limestone, coral, Germany, Bavaria, Calcareous Alps; 08256. estuary, faunal distribution, Norway, Oslo Fjord, Breidangen; 04834. factor analysis, continental margin, radiolarian, calcium carbonate, organic carbon, Arabian Sea; 03666. fine grained sedimentation, palaeography, Jurassic(Late), Cretaceous(Early), limestone, algae, Morocco, Eastern Rif foreland; 07055. foralgal crust, Pleistocene, Cretaceous, reef, algae, Red Sea; 01284. laser probe, chalk, diagenesis, laser ablation technique, isotopic analysis, cement, calcite, North Sea, Eldfisk Field; 07125. Messinian, salinity crisis, evaporite, Miocene, Pliocene, transgression, ooze, Tyrrhenian Sea; 00148. microfossil, sediment core, coccolith, climatic change, palaeoceanography, Norwegian Sea; Greenland Sea; 03640. nitrogen, glaciation, palaeochemistry, nitrate, palaeoclimate, carbon dioxide, Pacific; Atlantic; 00934. ocean history, Quaternary, isotopic change, oxygen, carbon, South China Sea; 02372. Ostracoda, Eemian, tidal flat sequence, sea level, Holsteinian interglacial, microfossil, Denmark, Hojer; 06158. oxygen isotope record, Milankovitch, SPECMAP, magnetostratigraphy, astronomical calibration, Pleistocene(Lower), timescale, Pacific, ODP Site 677; 09546. oxygen isotope stage, sedimentation rate, high resolution 230 Th ex stratigraphy, high latitude, thorium-230, Norwegian Sea, Fram Strait; 04957. palaeoceanographic record, marine sediment, chronostratigraphy, strontium, sea water, 09371. petroleum, Mississippian, wackestone, shale, Joana limestone, conodont, USA, Nevada, White Pine; Schell Creek Range; USA, Nevada, Egan Range; 00149. pteropoda, Quaternary(Late) sediment, core TEV 1 BAN 85, palaeoclimatology, Pleistocene(Late), Holocene, Tyrrhenian Sea; 08447. Pungo River Formation, Yorktown Formation, continental shelf, sand, phosphate, USA, North Carolina; 02429. Quaternary(Late) sediment, borehole, palaeoenvironmental reconstruction, Holocene, last interglacial, last glacial, sea level, rocky shore environment, radiocarbon date, oxygen isotope evidence, Hong Kong, High Island; 10752. Recent, Holocene, deep sea fan, Quaternary, Mediterranean Sea, Gulf of Lions; 07069. sea level curve, Pliocene, oxygen, biogeochemical cycle, weathering, Miocene, 02449. seasonally ice covered area, perennially ice covered area, benthic foraminifera, siliceous sponge reef, sedimentation rate, food supply, niche, Canada, Axel Heiberg Island; Ellesmere Island; Canada, Axel Heiberg Shelf; Arctic Ocean, Baffin Bay, Lancaster Sound; Arctic Ocean, Axel Heiberg Shelf; 10755. stratigraphy, Quaternary, Saalian age, till, glaciofluvial sediment, Weichselian, Vennebjerg Stadial, Sandnes Interstadial, Skaerumhede Series, Denmark, Kattegat, Anholt Island; 07209. upwelling, El Nino/Southern Oscillation, alkenone, palaeothermometer, temperature, Peru; 01369. Weichselian(Middle), sediment accumulation rate, Weichselian(Late), stratigraphy, amino acid, radiocarbon evidence, Barents Sea; 09569.
foraminiferal assemblage
pelagic carbonate, stratigraphic record, benthic-planktonic age difference, ocean ventilation, oxygen isotope stratigraphy, radiocarbon date, stratigraphy, nannofossil, Atlantic; 10746. radiolarian, surface water productivity, upwelling, bottom water environment, coarse grain size distribution, benthic foraminifer, Ocean Drilling Program Holes, Pacific; Peru; 00273.
foraminiferal fauna
Elsterian(Late) assemblage, glacial erosion, Marine Quaternary deposit, boring, Denmark, Zealand; 05021.
foraminiferal reconstruction
barium distribution, glacial ocean, seven box ocean model, upwelling, North Atlantic Deep Water, core, upwelling enhancement, 08434.
foraminiferal stratigraphy
geological framework, Quaternary deposit, marine deposit, Eemian, Weichselian, ice sheet, Weichselian(Late), Denmark, Jutland, Skagen Area; 11956.
foraminiferal zonation
salt marsh, zonation, elevation, sea level, salinity, marsh, strandline marker, carbon-14 dating, USA, Massachusetts, Falmouth, Great Sippewissett Salt Marsh; 10800.
foraminiferan
ecological disturbance, biogenic mound, mound, protozoan, sediment water interface, USA, California, Santa Catalina Basin; 10620.
foraminifers
phosphate, deep ocean, cadmium, cadmium-calcium ratio, palaeocean, Peru; 01368.
forced convection
leaf boundary layer, airflow visualisation, boundary layer conductance, buoyancy effect, 13526.
forced gradient test
groundwater protection zone, tracer test, water quality, wellhead protection, travel time, hydraulic test, Germany, Rhine Valley, Karlsruhe; 09907.
forced vibration test
compacted gravel sand, shear wave velocity, Bulgaria; 03776.
forcing
general circulation modelling, palaeoclimate, glacial climate change,

interglacial climate change, climate change, pollen, aeolian evidence, climate modelling, 10732. random initial value, initial value, forecasting result, Monte Carlo forecast, 10054. sea level change, global warming, greenhouse gas, 13161. sea level fluctuation, residual circulation, estuarine system, residual current, USA, New York, Peconic Bays Estuary; 02329. time scale, wind driven current, lagoon, estuarine circulation, USA, Florida, Indian River Lagoon; 02331. valley fill, climatic cause, land use change, Holocene, alluviation, anthropogenic effect, agriculture, clearance, Portugal, Algarve; 08330.

forcing mechanism
rainfall oscillation, inter annual variability, temperature variability, sea surface temperature, South Africa; 07742.

forcing scheme
small-scale forcing, staggered grid, finite difference model, shallow water integration, 00667.

forcing seasonal variation
cloud radiative forcing, Earth Radiation Budget Experiment, cooling, radiative heating, tropical convective region, 08843.

forcing source
wave activity flux, linear wave, nonlinear wave, wave, steady state, 11237.

forealpine lake
glaciation, meandering channel, diversion channel, stratigraphy, lacustrine deposit, alluvium, Switzerland, Aare River; 11847.

forearc basin
extensional feature, geology, thrust front, accretionary complex, deformation phase, Indonesia, Banda Island Arc, Kai Archipelago; 07176. Middle Yezo Group, Cretaceous, facies change, Mikasa Formation, sandstone, ravinement, Japan, Yezo Basin; 11728. Quaternary, cement, carbonate, porosity, pore fluid, Pacific, Peru Margin; 01195. tectonic history, porosity, cement, Salina Formation, Eocene, hydrocarbon, Peru, Talara Basin; 12941. vein structure, fluid flow, ocean floor, active margin, back scattered electron imagery, Peru; 01193.

forearc environment
deformation, microstructure, mudstone, tectonics, rheology, pore pressure, Caribbean Sea, Barbados Forearc, ODP Hole 671B; 01188.

forearc sediment
tectonic erosion, accretionary complex, structural style, Neogene, Nazca Plate, continental margin, Pacific, Peruvian Forearc; 01303.

forebeach
beachfill, erosion, beach nourishment, groyne, longshore transport, shore profile, Germany, Island of Norderney; 05875.

forebulge
ice-sheet thickness, rebound, sea level, raised shoreline, glacioisostatic depression, Arctic; 11979. warping, sea level, vertical crustal movement, historic, Holocene(Late), neotectonism, tide gauge record, glacial unloading, USA, (Southeast); (Northeast); 01391.

forecast
air temperature, long range weather forecasting, archived data, USSR; 07790. Ark Royal storm, European Centre for Medium Range Weather Forecasts, scatterometer data, Seasat, analysis forecast model, 13620. boundary layer model, air mass transformation, short range weather forecasting, 10163. commercial forecasting, user requirement, climate service, radar network, short period forecasting, road weather service, UK; 08818. cumulus parameterisation, precipitation prediction, tropics region, global spectral model, 08988. debris transport, real time, transport, trajectory forecast model, 12475. decision threshold, bridge frost, roadway frost, frost, prediction, expert system, 10160. depression track, region bias, 08976. discriminant analysis, 11273. divergence measurement, error dynamics, predictability, atmospheric flow, normal mode, 13618. ensemble forecasting, European Centre for Medium Range Weather Forecasts, extended range prediction, prediction, skill, 13615. frost, weather service, highway authority, road surface temperature, 08986. general circulation model, outgoing longwave radiation, empirical orthogonal function, barotrophic instability, tropical extratropical interaction, oscillation, extended range prediction, 12401. landscape change, climatic change, modelling, vegetation, water balance, sediment yield, 03703. mountain dominated, natural hazard, debris flow, prevention, landslide, China; 01409. Northern Hemisphere, Southern Hemisphere, general circulation, El Nino/Southern Oscillation, long range forecasting, Zimbabwe; 07793. quality assurance, quality validation, European Centre for Medium Range Weather Forecasts, ship observations, scatterometer data, 13619. radar, areal rainfall, drainage basin, rain gauge, Switzerland; 05349. satellite imagery, radar imagery, initialisation, mesoscale initialisation, 08955. severe weather warning, cyclone warning accuracy, prediction model, tropical Australia, weather service, Australia; 08978. skill score, precipitation forecast, climatology, probabilistic quantitative precipitation forecast, 07813. slow equation model, data initialisation, primitive equation forecast, filtered system, 07792. storm surge, coast, microseism, Belgium; North Sea; 06513. storm surge, hydrometeorological service, socio economic development, typhoon, agriculture, Vietnam; 08813. storm(1990), explosive development, surface observation, upper air observation, depression, storm development, ship, UK; 10162. trial field, interpolation statistics, data assimilation procedure, observed residual, radiosonde data, Canada; 10083. tropical cyclone, cumulus parameterisation, European Centre for Medium Range Weather Forecasts analyses, 08979. tropospheric oscillation pattern, Principal Osillation Pattern analysis, oscillation period, tropical troposphere, 09981. volcanic ash, volcano, eruption, trajectory, long range forecast, USA, Alaska, Redoubt Volcano; 13640. weather prediction, verification method, aerodrome forecast, Greece, Athens; 10155. winter storm, remote sensing, lake effect, snow storms, nowcast, snow band, Canada, Great Lakes, Lake Ontario; 11275.

forecast demand
resource management, water supply, Water Use Analysis Model, water demand, database, Canada, Richelieu River; 13455.

forecast difference
mesoscale model, predictability estimate, limited area model, lateral boundary, forecast error, topography, 10159.

forecast distribution
precipitation, weather radar image, agriculture, 05351.

forecast error
climate drift, stratosphere, general circulation model, 10058. topography, forecast difference, mesoscale model, predictability estimate, limited area model, lateral boundary, 10159.

forecast field
tropics, baroclinic wave, storm track, operational forecast, experimental systematic error, relaxation experiment, ECMWF model, 07791.

forecast model
ECMWF model, radiation budget, radiation transfer, transfer parameterisation, cloud optical property, 07653. emissivity, water vapor path length, aerosol, solar radiation, cloud, ozone, Rayleigh scattering, radiation parameterisation scheme, 05371. narrow band model, radiation parameterisation scheme, mesoscale forecast model, short range forecast model, 12327. systematic prediction error, Goddard Laboratory for Atmospheres, divergent circulation, horizontal resolution, systematic error, 07789.

forecast model atmosphere
weather predictability, scale interaction, blocking, 10085.

forecast model error
weather system, skill, jet stream splitting, feature based predictability, predictability, pressure height, 10161.

forecast prediction
shortwave radiation, longwave radiation, latent heat, sensible heat, ECMWF, ocean, surface heat flux, Atlantic; 06470.

forecast probability
sufficiency relation, forecast skill, forecast sufficiency, precipitation probability, 08977.

forecast rainfall rate
forecast skill, regional data, data assimilation system, spinup, 07788.

forecast skill
dynamical model forecast ensemble, long range forecast, weather predictability, 08983. extended range prediction, European Centre for Medium Range Weather Forecasting model, resolution, error, 12479. forecast sufficiency, precipitation probability, forecast probability, sufficiency relation, 08977. predictability, numerical weather prediction, 01936. rainfall prediction, Markov chain, Australia, Melbourne; 08980. regional data, data assimilation system, spinup, forecast rainfall rate, 07788. temperature error, extended range prediction, European Centre for Medium Range Weather Forecasting model, interannual variability, operational model integration, wind error, 12478. temperature prediction, winter, circumpolar vortex, UK; 08975.

forecast skill increase
divergent circulation, sea surface temperature, extended range forecast, forecasting, 07787.

forecast sufficiency
precipitation probability, forecast probability, sufficiency relation, forecast skill, 08977.

forecast technique
cyclone observing, cyclone forecasting, tropical cyclone, 11272.

forecast verification
lapse rate, microburst probability, thermodynamic profiler, temperature retrieval, nowcasting, 10117.

forecaster
NEXRAD, radar, television weather industry, USA; 10166. storm(1989), rainfall total, Spain, Valencia; 09996.

forecasters dilemma
cloud base, sublimation, warm snowstorm, 11258.

forecasting
air-sea interaction, rainfall, sea surface temperature, Africa, Sahel; 01865. chaos, ensemble forecasting, lagged ensemble, Monte Carlo method, 08987. climate scenario experiment, climate drift, carbon dioxide, greenhouse gas, Global Weather Experiment, general circulation model, 08999. engineering design, climatic extreme, death, flood, drought, 01957. European Centre for Medium Range Weather Forecasts, soil wetness distribution, short range forecasting, rainfall, Africa, Sahel; 13621. flood hazard monitoring application, rainfall estimation method, infrared channel, geostationary satellite, Italy, Arno River Basin; 08984. flooding, hydrometeorology, nowcasting, thunderstorm, rain, UK; 01942. fog formation, airport, mesoscale model, Australia, Perth; 08967. forecast skill increase, divergent circulation, sea surface temperature, extended range forecast, 07787. hydrological forecast, data transmission, onchocerciasis, Africa; 04661. implicit equation model, semi Lagrangian model, primitive equation model, 11244. marine environmental monitoring system, met ocean forecasting system, cost benefit forecasting system, met ocean monitoring system, user interfacing, weather forecasting, Norway; 08820. meteorological service, hydrological service, economic development, hurricane season, Caribbean; 08814. movement rate, snowfall, USSR; 11274. numerical weather prediction, El Nino/Southern Oscillation, skill, Pacific; North America; 01937. numerical weather prediction, satellite retrieval method, available potential energy, 01802. ocean current, satellite tracking, iceberg drift, 02268. polar stratospheric cloud, temperature, radiosonde, Arctic; 00672. prediction verification, stochastic difference model, weather prediction, barotropic stochastic difference model, empirical orthogonal function, 10053. roughness level, anemometer height, mass consistent model, wind field, 10101. spinup problem, latent heating, precipitation rate, divergent wind, frontal zone, diabatic initialisation, regional finite element model, satellite data, storm, prediction model, Canada; 10102. squall forecasting, radar data, satellite data, squall formation condition, aerological data, cumulonimbus, 06516. suspended sediment, regression analysis, transfer function model, river, streamflow, USA, Iowa; 09479. thunderstorm, mesocyclone, tornado warning, Doppler radar, 01939. tropical cyclone, cyclone track, ITCZ region, scale analysis, 12474. yield programming, weather crop model, economic effectiveness, agrometeorological information, agriculture, USSR; 08812.

forecasting accuracy
real time correction, rainfall processing, forecasting system, flood forecasting, China, Yangtze River, Three Gorges; 10990.

forecasting application
airborne observation, weather forecasting, dropwindsonde, aircraft, 13616.

forecasting hydrocarbon fields
onshore oil and gas fields, offshore oil and gas fields, remote sensing geochemical study, 06817.
forecasting model
computer software, graphical presentation, river flow, flow forecasting system, data management, river network control, 09797. emergency response plan, air quality study, transport model, diffusion model, turbulence, plume, complex terrain, tracer release, USA, Utah; 07820. rainfall-runoff relationship, weather radar data, real time hydrological forecasting, flood forecasting, Belgium, Meuse River; 04036.
forecasting need
trawler, ship report, meteorological fieldwork(1948), fishing ground, North Sea; Barents Sea; 08851.
forecasting quality
rawinsonde data, rainfall forecast, radar data, urban hydrology, 13313.
forecasting result
Monte Carlo forecast, forcing, random initial value, initial value, 10054.
forecasting skill
climatological persistence, statistical synoptic regression scheme, tropical cyclone, cyclone position, Australia; 08982.
forecasting system
flood forecasting, forecasting accuracy, real time correction, rainfall processing, China, Yangtze River, Three Gorges; 10990.
forecasting technique
meteorological data, hydrological forecasting, rainfall forecasting, remote sensing, weather prediction, 06267.
forecasting tool
tropical plume, water vapour imagery, ITCZ, 08910.
forecasting use
numerical weather prediction, dropwindsonde data, VISSR Atmospheric Sounder, sounding retrieval process, first guess data, Atlantic; 08913.
forecasting value
fire history, climate, forest fire, El Nino/Southern Oscillation, USA, (Southwest); 07797.
forecasts
information technology, industry, meteorological service, economic benefit, hydrological service, 07612.
foredeep basin
Plio-Quaternary, continental margin, submarine slide, translation, mass movement, Italy, Sicily; 00078.
foredune
beach profile, accretion, erosion, Australia, New South Wales, Moruya; 11543. dune classification, management, aeolian activity, 10514.
foreign spelling
Antarctic name list, geographic names, 10354.
foreland basin
Cenozoic(Late), palaeobathymetry, geohistory analysis, Banda Arc, benthic foraminifera, quantitative palaeobathymetry, uplift history, Indonesia, Timor; 07174. Devonian, miospore, Oneonta Formation, floodplain sediment, magnafacies, red bed, USA, New York State, Catskill; 10623. lithospheric loading, fold belt, craton, Mijenfjorden Group, Tertiary, palaeogeography, basin fill, Svalbard, Spitsbergen; 02425. neritic, subsidence, overthrusting, Paleogene, carbonate platform, Spain, Pyrenees, Sierra del Cadi; Sierra de Port del Comte; 00140. orogen, erosion, platform, provenance reversal, sedimentation, carbonate build up, flysch, Ordovician, Canada, Newfoundland; 05913. sand composition, tropical climate, arenite, molasse, seasonal tropical climate, Colombia, Guaviare River; Inirida River; Colombia, Llanos; 09324. sedimentation, Palaeozoic, oolitic ironstone, cratonic, USA; 05935. thrust terrane, Ordovician, piggyback basin fill, klippe, Martinsburg Formation, USA, Pennsylvania, Shochary Ridge; 01291. Westphalian, turbidite, Quaternary, shelf, Bude Formation, UK, England; 11722.
foreland fold thrust belt
Kalabagh Fault, decollement thrust, right lateral offset, gravity anomaly, earthquake, strike slip fault, Pakistan, Salt Range; 04897.
foreset
lacustrine basin, sand, alluvial fan, delta facies, Gilbert type fan delta, Italy, Valdarno Basin; 10592.
foreset bed
glaciolacustrine delta, delta, dispersal pattern, heavy mineral, source rock, USA, Connecticut, Lake Quinebaug; 00026.
foreshore
beach, longshore current, quartz, sand texture, sedimentation, swash zone, Greece, Zakynthos, Lagana Beach; 09353. beach, tide, planning, management, Spain, Las Palmas, Las Canteras beach; 06998.
foreshore profile
video technique, beach profile, slope, 10661.
forest
agricultural land, radiant surface temperature, vegetation index, Australia; 10411. agriculture, land surface evaporation, AVHRR, SMMR, vegetation index, Australia; 10383. air quality, pollution monitoring, acid deposition, France, Vosges Forest; 01967. air temperature, soil temperature, snow cover, frost, Sweden, Svartberget; 03037. ash fall, precipitation chemistry, nutrient flux, precipitation, throughfall, Montane rain forest, tropical rain forest, rain forest, Colombia; 11299. biomass, carbon release, carbon, degradation, Asia, (South); (Southeast); 13644. Boolean model, geometric optics, canopy, bidirectional reflectance, 12747. boundary layer, anemometer, turbulent flow, wind fluctuation, 00725. buoyancy, third order statistics, turbulent statistics, velocity statistics, 13548. caesium-137, gamma dose rate, nuclear weapon test, soil, USA, (Northeast); 00430. canopy, aerosol characteristics, wet season, dust related element, biogenic aerosol, Brazil, Amazon; 07879. canopy, concentration gradient, carbon monoxide measurement, Brazil, Amazon; 07853. canopy, dispersion models, Lagrangian chain model, Markov chain model, turbulent system, 12355. canopy, dry convective boundary layer, skewness budget, turbulent exchange, Brazil, Amazon; 07843. canopy, energy budget, turbulent energy, kinetic energy, Reynolds stress, deciduous forest, 11181. canopy, temperature, evapotranspiration, tropical forest, Costa Rica, Braulio Carrillo National Park; 04617. chemistry condition, stream water chemistry, mountain stream, nitrate, ammonia, suspended sediment, Switzerland, Prealps, Flyschzone; 08733. chloroform, soil air, tetrachlorethene, trichloroethane, trichloromethane, pollution, halocarbon, Germany; 04425. chlorophyll, fluorescence, 02226. classification, SPOT-HRV, DTM, 02207. climatic factor, tree stature, elfin cloud, Colombia, Serrania de Macuira; 07724. diatom, lake sediment, fish, organic carbon, pollen, Finland, Lake Jarvenjarvi; 04722. ecological effect, biodiversity, climatic change, tropical deforestation, deforestation effect, 07814. ecosystem, pH, aluminium, manganese, cadmium, zinc, nickel, metal solubility, Sweden; 01603. ecosystem, SAR, microwave, USA, Alaska, Fairbanks; 02227. floodplain, levee, depression, floristic makeup, species frequency, Venezuela, Orinoco River; 02503. flux gradient relationship, reversing sensor system, gradient measurement, humidity sensor, 08879. forest canopy, throughfall flux, sulphur, deposition, Europe; 00872. GIS, wildlife management, tortoise, habitat, USA, Florida, Ocala National Forest; 06885. grassland, aquatic plant, vegetation response, climatic change, pollen analysis, arid condition, Kenya, Rift Valley, Lake Naivasha; 10760. grassland, available water capacity, organic carbon, bulk density, infiltration rate, saturated hydraulic conductivity, soil moisture, moisture transmission, moisture retention, Typic Hapludoll soil, cultivated land, landuse, 11084. greenhouse gas, biotic influence, carbon dioxide, global warming, climate change, organic matter decay, soil, 05492. helicopter borne scatterometer, principal component analysis, range spectrum, radar backscatter, Finland, Helsinki, Espoo; 03442. high altitude, pressure effect, temperature dependence, ozone, deposition, tree, exposure pattern, 11302. intelligent system, fire detection, 09239. inventory mapping, vegetation, GIS, Canada, Alberta; 13931. Landsat TM, alluvial forest, France, Alsace; 09234. lysimeter, snow survey, snowpack water loss, melt water, 02945. management, artificial intelligence, Canada; 02229. mesoscale meteorology, albedo, roughness, stomatal resistance, surface energy budget, 03100. microclimate, sensible heat flux, insolation, vertical water vapour gradient, lapse rate, Malaysia, Negeri Sembilan, Pasoh Forest Reserve; 06463. mineral tailing, natural regeneration, mining, Canada, Quebec, Weedon Mine; 02782. moorland, Flandrian(Middle) Period, hillslope forest, pollen, Mesolithic hunting band, burning, grazing, blanket peat, Ulmus decline, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583. ocean, ozone distribution, aerosol distribution, wet season, mixed layer, photochemistry, biomass burning, Brazil, Amazon; 07857. ozone, dry deposition, resistance, model evaluation, summertime ozone measurement, 12538. pasture, mineralisation, nitrification, burned area, nitrous oxide flux, ecosystem, tropical ecosystem, Brazil, Amazon; 07846. photosynthesis, carbon cycle, carbon dioxide, 03143. plant, animal, metal concentration, pH, Sweden; 02767. prairie, Holocene, palaeoecological material, palaeoclimate, vegetational change, USA, Iowa, Roberts Creek; 02428. rainfall, sodium, acidic deposition, sampling, deposition, tree canopy, Brazil, Rio de Janeiro; 00865. resource, tropical region, FAO, 04626. runoff, hydrological effect, 08880. sap flow, evaporation, energy balance, sensible heat flux, heat flux measurement, Pinus pinaster stand, 13540. savanna, ecosystem pattern, Quaternary, climatic change, stone line, landform development, landscape development, soil moisture balance, Brazil; 05999. savanna, nitrogen oxide, nitrous oxide, emission, soil, fertilisation, Venezuela, Guayana Shield; 11326. savannas, cattle grazing, rilling of slopes, gullying, recent evolution, valley, dry phase, sangol, slope deposit, fire, Nigeria, Adamawa Highlands; Cameroon, Adamawa Highlands; 12038. seasonal soil movement, sediment concentration, sediment source, overland flow, soil movement, India, Himalayas, Kumaun Himalaya; 00365. shear production, canopy, atmospheric stability, stress budget, Reynolds stress, turbulent kinetic energy, 10015. slope, base flow, organic species, surface water quality, water chemistry, lithology, landuse, topography, hydrology, major ion, specific yield, sedimentary rock, pasture, New Zealand; 11028. soil physical property, experimental basin, USSR; 04013. soil temperature, agriculture, 00717. source, sink, equatorial forest, emission, compensation point, carboxylic monoacid, Africa, Congo, Mayombe Forest; 13748. stand productivity, radar imagery, vegetation analysis, 03428. surface energy balance, planetary boundary layer, entrainment, 03030. surface temperature, remote sensing, tree species change, climate change, 05469. tax class estimation, wood, aerial photography, Finland; 09229. tree, leaf, dry deposition, sulphate, potassium, foliar washoff, acid rain, rainfall, deposition, washoff, 13665. tree, spectroradiometer measurement, damage sympton, reflection, 02220. tropical forest, site productivity, Landsat TM, Australia, Queensland; 04627. tropical region, non-photographic sensor, sensor, 04615. vegetation index, ratio estimator, AVHRR, Landsat MSS, USA; 02223. water balance, watershed, cloud moisture input, tropical cloud forest, 08874. watershed ecosystem, sulphur, dry deposition, 05474. wood, satellite, remote sensing, 09230.
forest air
alpha-pinene, beta-pinene, diurnal variation, monoterpene, emission, open top chamber, 13661. ozone, terpene, isoprene, monoterpene, water vapour, Criegee biradical, alkene, peroxy radical, hydrogen peroxide, 03198.
forest basin
capillary rise, non capillary flow, convolution integral, mountain watershed, kinematic wave equation, Boussinesq equation, subsurface flow, runoff formation, rainfall runoff relationship, USSR, Carpathian Mountains; 09808.
forest blowdown
acidification, GIS, remote sensing, lake chemistry, surface water pH, landscape disturbance, hydrologic pathway, pipe flow, USA, New York, Adirondack Mountains; 05186.
forest canopy
canopy interception rate, rainfall rate, precipitation, interception, 07453. deciduous foliage, coniferous foliage, foliage, leaching, pH dependent leaching, ion exchange, anion exchange, 11093. floodplain, SAR, flooding detection, 02218. leaf area index, drag coefficient, turbulence spectra, 03059. Marunich's hypothesis, turbulence, friction velocity, zero plane displacement, roughness length, 00721. model, cloud water, deposition, collection efficiency, liquid water content, wind speed, droplet size, water flux, 11267. radiative cooling, Richardson

number, nocturnal exchange, rain forest, carbon dioxide, heat flux, Brazil, Amazon; 07842. throughfall flux, sulphur, deposition, forest, Europe; 00872. wet season, rain forest, nitrogen oxide, tropical forest, Brazil, Amazon; 07848.

rest catchment
actual evapotranspiration, water balance, surface temperature, air temperature, transpiration, mountain basin, 06268. ammonium retention, acid rain, lake water quality, acid precipitation, acidification, nitrate retention, Canada, Ontario; 02854. arable catchment, leaching, land use effect, catchment, lake, nitrate transport, runoff simulation, Sweden; 00633. evapotranspiration, ion concentration, groundwater flow, throughflow, diurnal fluctuation, electric conductance, drought, streamflow fluctuation, Japan; 02843. groundwater quality, denitrification, nitrous oxide, soil solution, nitrogen loss, 04137. industrial emission, clear cutting, hydrological regime, stream flow, surface water regime, runoff, acid rain, atmospheric deposition, deforestation, Czechoslovakia, Jizera Mountains; 06390. lysimeter, surface water quality, input output budget, chemical mineralisation, leaching, runoff chemistry, organic acid, strong acid, peat soil, Sweden; 13379. moorland catchment, aluminium, stream water chemistry, afforestation, liming, UK, Scotland, Loch Fleet Catchment; 02883. moorland catchment, precipitation chemistry, catchment process, chemical budget, surface water quality, attenuation, chloride, oxygen isotope, UK, Scotland, Crinan Canal; 02958. moorland, peat soil, seasonal variation, surface water quality, dissolved organic carbon, land management, UK, Scotland, Loch Fleet Catchment; 02961. Norway spruce, sitka spruce, streamflow, surface water quality, throughfall, stemflow, soil throughflow, stream chemistry, hydrological budget, 02949. potassium, magnesium, sodium, calcium, subsurface flow, silicate hydrolysis, acid neutralisation capacity, surface water chemistry, precipitation chemistry, throughfall chemistry, soil water chemistry, Spain, Montseny Mountains; 04090. rainfall runoff relationship, runoff coefficient, plant physiological process, transpiration, forest decline, acid deposition, soil acidification, water yield, Germany, Black Forest, Eyach Catchment; 08801. soil water chemistry, acid rain, acid neutralisation capacity, open field precipitation, throughfall, element flux, soil acidification, atmospheric deposition, acidification, water chemistry, granitic catchment, France, Vosges Massif; 04088. soil water chemistry, stream acidity, hydrogen, sulphate, chloride, sodium, crown leaching, interception, podsolic soil, gleyed soil, hydrochemical flux, throughfall, stem flow, UK, Scotland; 11086. water budget, nitrogen, sulphur, fertilizer, acidification, surface water quality, soil water chemistry, atmospheric deposition, element budget, experimental watershed, Germany, Black Forest; 06392.

rest classification
classification, mountain, Landsat TM, elevation, France, Vosges; 09181. spruce, pine, forest mapping, Landsat TM, Germany, Bavaria, Regensburg; 01108.

rest clearance
anthropogenic source, climatic change, peat, lake sediment, soil, Holocene, Italy, Ligurian Apennines; 03636. Bronze Age, vegetational history, pollen zone, radiocarbon date, lowland, raised bog, Neolithic, UK, Northern Ireland, Antrim, Sluggan Bog; 13149. burning, soil physical change, soil chemical change, cleared forest land, nutrient availability, Brazil, Roraima; 09747. discontinuous gully, allometric pattern, gully erosion, agricultural land, reclamation capability, Romania, Moldavian Hills; 01517. soil hydrology, rainforest soil, tropical soil, soil erosion, Brazil, Maraca Island; 12105. tillage, burning, organic matter, rainforest soil, soil particle migration, soil transformation, Brazil, Amazon; 09749. transformation threshold, slope transformation, river channel, bedload, channel geometry, slide, slump, uplift, India, Himalayas, Darjeeling Himalaya; 10717.

rest clearing
quantitative study, debris movement, slope, sinkhole depression, fissure cave, weathering, block movement, creep, frost heaving, piping, Czechoslovakia, Western Carpathians, Javorniky Mountains; 11896.

rest community
decision tree analysis, GIS, 10402.

rest conversion
agriculture, carbon, nitrogen, Puerto Rico; Virgin Islands; 00464.

rest cover
aerial photography, bare altitude karst, karstic landscape, medium alpine mountain, France, Vercors; 00259. deforestation, anthropogenic influence, historical geography, ombrotrophic peat, peat formation, evapotranspiration, artificial drainage, land use, landscape ecology, groundwater flow, groundwater level, Netherlands, Noord-Brabant, Kempen; 06381. expert system, pest related management, management, planting, land registry, Canada, Quebec; 13945. HRPT, AVHRR, vegetation, Africa; 04619. nutrient leaching, acid rainfall, leaching, leaf, precipitation chemistry, 13443. pasture, land use change, vegetation cover, water balance, evapotransporation, streamflow, extreme flood, low flow condition, hydrological model, Belgium, Houille; 01655.

rest cover type mapping
SPOT-1, GIS, resource manager, phytosanitary phenomena, France, Mercantour National Park; 05735.

rest damage
infrared, Landsat TM, NDVI, vegetation index, USA, New Hampshire; Vermont; USA, Massachusetts; 09231. suspended particle, leaching, spruce forest, precipitation, pollution, nitric acid, ammonia, 03259.

rest damage detection
pear thrips, Landsat TM, USA, Massachusetts; Vermont; 02212.

rest decline
acid deposition, soil acidification, water yield, forest catchment, rainfall runoff relationship, runoff coefficient, plant physiological process, transpiration, Germany, Black Forest, Eyach Catchment; 08801. coastal eutrophication, sulphur, biosphere, climate change, acid deposition, nutrient flux, heavy metal burden, oxidant, nitrogen, carbon cycle, 05459. GIS, feedback model, Germany; 01114. Landsat MSS, Landsat TM, difference image, multitemporal remote sensing, USA, Vermont, Camels Hump; New York, Whiteface Mountain; USA, North Carolina, Mount Mitchell; 08095. soil acidification, rainfall-runoff relationship, transpiration, atmospheric deposition, forested catchment, water yield, Germany, Black Forest, Eyach; 01753. soil condition, spruce, pollution, Germany, North Rhine Westfalia; 09026. spruce fir, Thematic Mapper, topographic data, USA, North Carolina, Black Mountains; 08096. sulphur dioxide, sulphate, ozone, hydrogen peroxide, nitric acid, oxidant, USA; 03262. wet deposition, dry deposition, cloud deposition, interannual variability, acidic deposition, mountain forest, USA, North Carolina, Mount Mitchell; 13652.

forest decline model
Landsat TM, plot location error, USA, North Carolina, Black Mountains; 08097.

forest deposit
soil horizon, phytolith, quartz, vegetation, Buchanan Lake Formation, Canada, Axel Heiberg Island, Geodetic Hills; 11767.

forest destruction
erosion rate, soil-stratigraphic technique, landform evolution, pedogenesis, terrace, regolith, slope, erosion, New Zealand, Southern Alps; 02520.

forest development
palaeoclimate, pollen, plant macrofossil, high altitude lake, vegetation change, effective precipitation, Neoglacial cooling, Holocene, USA, California, Sierra Nevada; 02661.

forest ecosystem
deposition, fog, organic compound, dew, pollution, Europe; 00884. intergrade mineral, test mineral, forest soil, acid brown soil, aluminium, podsol, 08565. microwave backscatter model, microwave remote sensing, 03443. nitrogen cycle, nitrogen deposition, mineralisation, throughfall, fertiliser, bulk precipitation, peatland, Ireland; 11097. pollution, meteorological parameter, sulphur dioxide, nitrogen oxide, sulphate, ammonium, precipitation chemistry, aerosol, long range transport, 03157. respiration, diurnal carbon dioxide exchange, carbon dioxide, photosynthesis, tropical forest, Samoa; 09011. transport, deposition model, biomass, uptake rate, acidification, nitrogen input, 11355.

forest edge
turbulent flow, momentum transport, vegetation canopy, 00738. turbulent wake, turbulent transport, micrometeorology, shelter belt, 03050.

forest fallow
pH, nutrient, organic matter, Nigeria, Kwara State, High Plain of Yorubaland; 06251.

forest fire
El Nino/Southern Oscillation, forecasting value, fire history, climate, USA, (Southwest); 07797. GPS, GIS, USA, Arizona, Tonto National Forest; 05736. pixel analysis, landcover change, GIS, USA, Michigan; 08091. smoke, photometer, aerosol, spectral optical depth, optical depth, jet fuel, 11158. thermokarst lake, Holocene, talik profile, Stefan solution, thaw, ice rich soil, radiocarbon date, Canada, Yukon Territory, Mayo; 06196. wildlife management, crop inventory, GIS, quadtree, peatland, Canada, Ontario; 01113.

forest fire history
lake sediment, charcoal index, pollen index, sedimentological index, geochemical index, fire history, historical reconstruction, boreal forest, Canada, Alberta, Wood Buffalo National Park; 08472.

forest fire management
GIS, SPANS, park resources, wildlife monitoring, 01119.

forest fire smoke
smoke, particle size, optical thickness, satellite measurement, pollution, USA; Canada; 04358.

forest floor
decomposition, litter decomposition, litterbasket technique, nutrient dynamics, 10918. pine plantation, rainfall simulation, nutrient, leaching, 05073.

forest floor evaporation
understorey radiation regime, stomatal conductance characteristic, McNaughton-Jarvis parameter, understorey evapotranspiration, evapotranspiration, aerodynamic characteristic, forest hydrology, 02836.

forest floor leachate
chemical transformation, sodium, chloride, sulphate, hydrogen, potassium, ammonium, nitrate, snowpack chemistry, meltwater, USA, New York, Adirondacks; 02936.

forest floor material
organic matter, nitrogen mineralisation, burning, slash burned site, Canada, British Columbia; 09741.

forest fuel
fire management, decision support model, satellite derived data, Canada, Ontario; 13926.

forest growth
anthropogenic control, lake, palaeolimnology, pollen, savanna, soil, Maya collapse, 08160. reflectance measurement, management, Thematic Mapper, quantitative relationship, Canada, New Brunswick; 11567. soil chemistry, surface water chemistry, acidification, afforested catchment, acid deposition, UK, Scotland; 09918. tourism, glacier, moraine, Switzerland, Alps, Aletsch Glacier; 11962.

forest harvesting
soil physical property, bulk density, USA, Vermont; 12102.

forest history
climate, organic deposit, climatic optimum, Sangamon Interglaciation, modern analog, Sangamonian, Canada, Atlantic Coast; 07261.

forest hydrology
acidification, colour, sediment content, herbicide, pesticide, clearfelling, aluminium, water quality, water chemistry, 04149. forest floor evaporation, understorey radiation regime, stomatal conductance characteristic, McNaughton-Jarvis parameter, understorey evapotranspiration, evapotranspiration, aerodynamic characteristic, 02836. groundwater quality, heavy metals, wastewater disposal, water chemistry, gas well brine, macropore soil water, micropore soil water, 00614. hillslope hydrology, soil water dynamics, fine textured soil, infiltration, neutron moisture meter, tensiometer, gypsum block, saturation zone, soil water storage, Australia, Western Australia; 02902. hydrologic flow path, stream water chemistry, cation concentration, riparian zone, groundwater quality, Canada, Ontario, Toronto; 00603. hydrological research, runoff, remote sensing, erosion, China; 13320. interception, canopy storage capacity, eucalypt forest, antecedent weather, leaf area, water holding capacity, rainfall partitioning, Australia; 00511. land management, basin stability, discharge characteristics, peak discharge, quick flow,

storm flow, suspended sediment, sediment concentration, watershed study, watershed pretreatment, USA, California, Caspar Creek; 06382. lysimeter, canopy leaching, soil water chemistry, acidification, canopy deposition, cation leaching, throughfall enrichment, sulphate, dry deposition, leaching, precipitation chemistry, model ecosystem, mineral cycling, 11087. organic sulphur, throughfall, stem flow, sulphur, soil solution chemistry, 07445. precipitation, evaporation, spruce forest, interception, throughfall, stem flow, UK, Scotland, Balquhidder; 05116. rain forest, humid tropics, Gash model, Mulder model, throughfall, interception, Ivory Coast, Tai Forest; 01631. rainfall intensity, boreal forest, through fall, intercepted snow, ecosystem, interception, Sweden, Vasterbotten Province; 00506. riparian vegetation, aerial photography, open reach, sedimentation, timber harvesting, channel morphology, USA, Oregon, Elk River Basin; 13450. runoff water quality, acidification, surface water quality, nitrogen, precipitation chemistry, infiltration, throughfall, soil water chemistry, 06391. seasonal variability, nitrate, potassium, phosphate, sodium, chloride, pH, aluminium concentration, iron, clearfelling, drainage water chemistry, 04155. soil moisture content, soil water potential, infiltration, water table rise, waterlogged soil, runoff, seepage, hydraulic gradient, pseudogley, water balance, soil hydrology, Germany, Hunsruck/Rhineland Palatinate; 01623. soil moisture regime, water holding capacity, permeability, soil characteristic, China, Wolong Natural Reserve; 01696. spatial variability, interception, temporal variability, hillslope hydrology, stemflow, soil moisture heterogeneity, soil water movement, 02960. stem flow, interception, canopy storage capacity, storage capacity, forest thinning, rainfall partitioning, 00512. stemflow, rainfall angle, rainfall partitioning, Australia; 00510. throughfall chemistry, stand age, spatial location, nutrient, precipitation chemistry, 11094. throughfall measurement, measurement method, rainfall angle, throughfall, stemflow, interception, rainfall partitioning, Australia; 00509. throughfall, stemflow, spatial variability, atmospheric deposition, dry deposition, net deposition, bulk precipitation, acidification, eutrophication, 01633. transpiration, eucalypt forest, plant water use, cork oak forest, interception, stem flow, soil moisture, evapotranspiration, drought cycle, water balance, Portugal, Alentejo, Odemira; 09914. water resource, forest water use, water quality, climatic variation, evaporation, land management, soil type, 02955. water use, stream flow, water quality, gauge distribution, domain theory, precipitation estimation, rainfall measurement, snowfall measurement, precipitation gauge, UK, Scotland, Balquhidder; 08650.

forest identification
ground verification map, Landsat TM, Landsat MSS, USA, Louisiana; 09224.

forest inventory
cluster sampling, meteorological data, Finland; 11566. SIRS, modelling tool, prototyping tool, 13936. unsupervised clustering, tropical deforestation, AVHRR, USA, (Southern); 03431. vegetation type, multitemporal data, remote sensing, 03434.

forest inventory database
photointerpretation, digital change detection, mapsheet, remote sensing, Canada, British Columbia; 01107.

forest lake
heat budget, Schmidt thermal stability, Birgean wind work, humic lake, heat resistance, lake, mixing, Finland; 13332. lake water chemistry, humic lake, acidity, alkalinity, cation, phosphorus, nitrogen, Finland; 07493.

forest land
discriminant analysis, timber harvest area, forest road, logged area, linear discriminant function, bootstrapping, prediction bias, erosion risk, USA, California; 02724.

forest land management
forest monitoring, logging road, GIS, Indonesia; 12750.

forest landing failure
rainfall area, exotic forest harvesting, steepland area, prediction policy, prevention policy, New Zealand; 06065.

forest landscape
mid mountain forest, physical geographic feature, USSR, Caucasus; 04892.

forest limit
permafrost, thermal seasonality, mountain belt, season, snow cover, Spain, Pyrenees; France, Pyrenees; 11167.

forest litter
earthworm, forest plantation, USSR; Caspian Sea; 00354. palaeosol, phytolite, Tertiary, Canada, Axel Heiberg Island, Geodetic Hills; 11787.

forest management
erosion, sedimentation, cumulative sedimentation, watershed management, cumulative effect, 13449. GIS, Canada; 05615. GIS, decision support system, 06881. GIS, timberland, multi source base map, base map, 09226. interpretive variability, soil map, 06249. land use evaluation, erosion susceptibility, GIS, Thailand, Chiang Mai; 00942. Scots pine, Landsat TM, SPOT 1, HRV information, 09228.

forest mapping
forest type, near-infrared, airborne MSS, SAR, classification accuracy, Canada, Ontario, Chalk River; 05731. Landsat TM, forest classification, spruce, pine, Germany, Bavaria, Regensburg; 01108. tourist, France, Fontainebleau; 01093.

forest margin
periglacial condition, geomorphological process, Norway, Hallingsdal, Geilo; Sweden; 00329. scree slope, tree line, debris laden snow avalanche, avalanche, talus, fluctuation, Canada, Quebec, Gaspesie; 02547.

forest monitoring
logging road, GIS, forest land management, Indonesia; 12750.

forest plant
herbarium plant, precipitation, soil acidification, mineral weathering, strontium, titanium, zinc, cadmium, rubidium, potassium, manganese, boron, calcium, molybdenum, Norway; 00933.

forest plantation
forest litter, earthworm, USSR; Caspian Sea; 00354. plantation, Landsat TM, pine species, USA, Kisatchie National Forest, Catahoula District; Kisatchie District; 09225. runoff, soil loss, experimental plot, bare soil, cash crop, Thailand, Phu Wiang Watershed; 06239.

forest ploughing
porosity, soil water, air filled porosity, paludified mineral soil, peatland, water table depth, aeration, water potential, soil aeration, Finland, Karelia; 10847.

forest product
biomass energy, carbon dioxide, harvesting, productivity, fire, decomposition, 10212.

forest refuge
lithostratigraphy, volcanism, palaeomagnetism, palynology, Quaternary, lacustrine deposit, core, explosion crater, Cameroon, West Cameroon, Barombi Mbo; 02630.

forest regression
tropical region, core, swamp, pollen analysis, rain forest, Brazil, Amazon Basin, Serra dos Carajas; 10756.

forest renewal
hydrological investigation, water resource management, measurement technique, hydrological data, monitoring system, expert system, climate change, China; 09935. hydrology, runoff, air pollution, water budget, storm hydrograph, steam flow, Czechoslovakia, Beskydy Mountains; 09915.

forest reserve
elephant, animal population, Space Shuttle photography, Botswana, Chobe National Park; 12775.

forest retreat
rapid change, range limit, Scots pine, climate change, greenhouse effect, 13626.

forest road
logged area, linear discriminant function, bootstrapping, prediction bias, erosion risk, forest land, discriminant analysis, timber harvest area, USA, California; 02724.

forest savanna soil
denitrification, nitrogen mineralisation, carbon mineralisation, savanna soil, tropical soil, organic matter content, soil fauna, catena, Ivory Coast, Lamto; 10942.

forest savanna zone
stone line, palaeoenvironmental indicator, catenary approach, gravel layer, tropical landscape, landscape morphodynamics, Sierra Leone; 08345.

forest signature
radar data, airborne multiband scatterometer, speckle analysis, Netherlands; 03441.

forest soil
acid addition, salt addition, sulphate retention, Spodosol, sulphate, USA, Maine; Illinois; 12076. acid addition, Spodosol, Alfisol, sulphur mineralisation, sulphate retention, cation leaching, USA, Maine; Illinois; 09672. acid brown soil, aluminium, podsol, forest ecosystem, intergrade mnineral, test mineral, 08565. acid deposition, ion concentration, soil solution, Germany, Bavaria; New Zealand; 03983. acid percolation, proton buffering, titration, aluminium precipitation, mineral horizon, Germany, Bavaria; 13239. acidification model, sulphur deposition, lake water quality, soil chemistry, energy use, emission control, Finland; 11102. aluminium, cation leaching, leachate, sulphate, sodium chloride, throughfall solution, acid neutralising capacity, sea salt deposition, 13248. ANOSOL, image analysis, soil structure, 03988. atmospheric methane, agricultural development, soil, Panama; 09013. burning, fire, eucalypt forest, soil chemical property, Australia, Victoria, Wombat State Forest; 12124. calcium sulphate, leaching solution, infiltration, Cecil soil, organic matter, aluminium, acidic solution, 12075. Cecil soil, aluminium release, sulphate release, aliphatic acid, 03971. Chernobyl nuclear accident, caesium-137, caesium-134, radionuclide, acid irrigation, liming, Germany, Bavaria, Hoglwald; 09683. coal bloom, coal seam, nutrient availability, fertility, USA, Kentucky; 00463. decomposition rate, throughfall solution, organic carbon, sulphate, carbon fraction, carbon solubilisation, 13249. dissolved organic matter, aliphatic acid, sulphate mobility, 03970. ECCES model, air pollution, contaminant transport, dispersion, deposition, 11101. eluvial soil, cinnamon soil, China, Beijing; 12122. Entisol, Alfisol, sandy Mollisol, jack pine forest, total nitrogen, organic matter, available water capacity, prairie soil, Mollisol, USA, Minnesota; 08617. formic acid, oxalic acid, organic acid, USA, (Southeast); 04006. granitic soil, phyllitic soil, basaltic soil, organic horizon, acid forest soil, proton buffering, soil acidification, Germany, Bavaria; 12059. Grey Luvisol, nitrogen, fertiliser, sulphur, liming, polluted soil, soil reclamation, 09673. gypsum block, nonparametric statistics, Spearman rank correlation, soil moisture depletion, soil moisture recharge, Sweden; 02900. humic acid, aromatic carbon fraction, chemical structure, lignin, tannin, humification, Germany, Bavaria; 10872. humus, pyrolysis, chemical composition, 05089. infiltration, permeability, frozen soil, soil moisture content, 02956. inorganic nitrogen, nitrate leaching, nitrogen loading, surface water quality, bulk precipitation, throughfall, stem flow, nitrogen flux, spruce forest, dissolved inorganic nitrogen, soil water chemistry, UK, Wales, Beddgelert; Plynlimon; UK, England, Cumbria, Kershope; 11098. inorganic nitrogen, nitrogen leaching, deforestation, nitrate, water quality, UK, Wales; 01751. nitrification, ammonium oxidation, regulation, bacteria population, 00412. nitrification, sludge amendment, soil, USA, Michigan; 02803. opal phytolith, phytolith distribution, shifting cultivation, phytolith counting procedure, Belgium, Ardennes; 10938. organic horizon, ammonium, nitrate, nitrogen deposition, nitrogen retention, 13241. proton load, proton source, Germany; 02808. soil chemistry, ion dynamics, reduced deposition, MIDAS, cation exchange, acidification, base saturation recovery, acid deposition, percolation, Sweden; 11100. soil disturbance, logging, Andesitic Dystrochrept, bulk density, saturated hydraulic conductivity, porosity, compaction, Chile; 10936. soil moisture content, litter layer, soil hydro-ecology, specific volume, specific weight, capillary water, porosity, water holding capacity, China, Tianmu Mountain; 02957. soil process, nutrient loss, nutrient availability, fire, supply capacity, Australia; 08589. soil sampling, soil chemical property, cation exchange capacity, sample variation, exchangeable cation, USA, Minnesota; Wisconsin; USA, Michigan; 13258. soil solution, solution chemistry, nitrogen, soil chemical property, black locust, pine, hardwood, oak, hickory, USA, North Carolina, Appalachians; 13259. solifluction, tourism, geomorphological

impact, human activity, timberline, Spain, Pyrenees; 09534. static chamber technique, soda-lime method, carbon dioxide efflux, 12096. trace metal, montane forest, subalpine forest, spruce fir forest, acidity, organic matter content, USA, (Northeast); 07419.

rest stand
inventory, stratified random sampling, photo interpretation, classification, Dominican Republic; 10415. multispectral data, SPOT-1, panchromatic data, 04614.

rest steppe
loess, tropical rain forest, phytomass, biomass, productivity, nutrient accumulatiom, biogeochemistry, forested landscape, water chemistry, boreal forest, terminal moraine, oak, Brazil, Amazon Basin; USSR, Valday Hills; USSR, Oka-Don Plain; 00353.

rest stream
cost-benefit model, pipe installation, streamflow regulation, culvert, 01769. water chemistry, surface water chemistry, soil water chemistry, storm runoff, pH data, base flow, acid neutralisation capacity, UK, Wales, Hafren; 11026.

rest survey
management, remote sensing, Canada; 02225.

rest thinning
rainfall partitioning, forest hydrology, stem flow, interception, canopy storage capacity, storage capacity, 00512.

rest tree
pollen analysis, Quaternary, refugia, tree, cold stage distribution, Europe, (North); 09559.

rest tundra
permafrost environment, Last Glacial, periglacial phenomena, pollen analysis, freezing and thawing indices, Japan, Hokkaido; 03918. plant remains, insect remains, Plio Pleistocene, Kap Kobenhavn Formation, palaeoecology, Greenland, Peary Land; 09595.

rest tundra boundary
Holocene, vegetation change, tree line, radiocarbon dated core, postglacial vegetation change, tree line advance, Canada, Northwest Territories, Yellowknife; 03888.

rest type
microwave remote sensing, tree height, 09238. near-infrared, airborne MSS, SAR, classification accuracy, forest mapping, Canada, Ontario, Chalk River; 05731.

rest understory
canopy closure, unsupervised classification, band combination, Landsat TM, 05734. El Nino year, canopy photographs, solar radiation, tropical, Panama, Barro Colorado; 06462.

rest vegetation
Landsat, classification accuracy, spectral resolution, USA, Minnesota, Itasca State Park; 03436.

rest water use
water quality, climatic variation, evaporation, land management, soil type, forest hydrology, water resource, 02955.

rest-grassland
cation exchange capacity, savanna soil, atmospheric element source, soil chemical property, vegetation gradient, organic matter, Venezuela, Orinoco Llanos; 12103.

rest-savanna boundary
rainforest soil, tropical soil, soil boundary, Brazil, Maraca Island; 12104.

rest-tundra vegetation
pollen analysis, post-glacial, vegetation history, peat profile, radiocarbon, Canada, Yukon Territory, Ittlemit Lake; 11964.

rested area
agricultural landuse, groundwater contamination, nitrate, hydrogeological study, hydrochemical study, Germany, Schleswig Holstein, Bornhoved Lakes; 11065. photochemical episode, long range transport, ambient air, PAN, ozone, 06614.

rested basin
rainfall runoff relationship, water balance, afforestation, climatic fluctuation, air pollution, stream flow regime, Czechoslovakia, Carpathian Mountains; 06389.

rested catchment
aluminium biogeochemistry, acidic deposition, atmospheric deposition, buffering, acid neutralising capacity, soil colloid chemistry, alkalinity generation, USA, Tennessee, Cumberland Plateau; New York, Adirondacks; 04076. aluminum, acidic deposition, aqueous labile aluminum, soil water chemistry, surface water quality, Europe; North America; 01680. dissolved organic carbon, organic acid, aluminium hydroxide complex, carbonic acid, neutralising capacity, acidification, sulphur treatment, sodium sulphate treatment, surface water quality, acid speciation, Sweden, Gardsjon Lake; 13383. grass catchment, evaporative loss, crump weir, v notch weir, water balance, flat v weir, dilution gauging, sediment accretion, velocity distribution, sediment load, solute load, mountain basin, structure calibration, stream gauging, current meter, UK, Scotland, Balquhidder, Kirkton Catchment; Monachyle Catchement; 08708. groundwater contamination, recharge, acidification, aluminium concentration, buffering capacity, nitrate, sulphate, chloride, atmospheric deposition, Germany, Fichtelgebirge; Spessart; Germany, Ebersberger Forst; 08785. landscape partitioning, runoff modelling, mountainous terrain, contour based method, saturation overland flow, subsurface flow, hydrograph, Australia, (Southeast); 08680. rainfall runoff relationship, interannual variability, precipitation, stream flow, evapotranspiration, water budget, broadleaved sclerophyllous forest, Spain, Montseny Mountains; 06387. runoff, deforestation, stream flow, USA, Idaho, Horse Creek; Silver Creek; USA, Idaho, Fartholt Creek; 11091. sediment concentration, sediment yield, runoff, suspended sediment, Chile, Valdiva Area; 09817. water yield, forest decline, soil acidification, rainfall-runoff relationship, transpiration, atmospheric deposition, Germany, Black Forest, Eyach; 01753.

rested hillslope
colloid-mediated contaminant mobility, groundwater quality, preferential flow path, contaminant transport, dissolved organic carbon, 02921. safety factor, avalanche headscarp, debris avalanche initiation, slope stability, root cohesion, USA, Washington, Whatcom County, Smith Creek Basin; 06031.

forested landscape
water chemistry, boreal forest, terminal moraine, oak, forest steppe, loess, tropical rain forest, phytomass, biomass, productivity, nutrient accumulatiom, biogeochemistry, Brazil, Amazon Basin; USSR, Valday Hills; USSR, Oka-Don Plain; 00353.

forested mire
mire type, aapa mire, bog, draining, vegetation, peatland, Finland; 13154.

forested region
SEASAT, SAR, incidence angle, topography, 02217.

forested slope
tree root, landslide, slope stability, steep slope, vegetation, debris slide, Japan; 06040.

forested terrain
rainfall impulse tracking, runoff routing, data logger, storm hyetograph, tipping bucket rain gauge, headwater piezometer, stream flow gauging, lag time, unit area discharge, steep terrain, drainage basin, 08673. SIR-B, geological structure, fracture pattern, image enhancement technique, Canada, Canadian Shield; 08063. slope orientation, SAR, illumination requirement, geological structure, Canada, Canadian Shield; 08062.

forested watershed
ionic concentration, electrical conductivity, nitrification, adsorption, leaching, surface water quality, nitrate, USA, Appalachian Mountains; 13358. isotopic separation, Mediterranean watershed, chemical separation, precipitation chemistry, runoff water quality, throughfall, oxygen 18, hydrograph separation, France, Corsica, Solenzara, Cannone; 06285.

forested wetland
surface water quality, nitrogen, phosphorus, water quality, wetland, turbidity, nutrient concentration, suspended sediment, agricultural practice, deforestation, USA, Louisiana, Tensas Basin; 04158.

forestry
base maps, sylviculture, forestry, remotely sensed data, GIS, Canada, Ontario; 13932. critical deposition load, alkalinity, acidification, lake water quality, weathering, Sweden; 07481. crop yield, agricultural practice change, climate change, agriculture, 05467. developing country, survey, renewable resource, 11565. ER-2 reconnaissance, high altitude reconnaissance, digital base map, Canada, Alberta; 09089. erosion, sediment storage, logging, rainforest catchment, suspended sediment, road construction, sediment yield, Malaysia, Sabah, Ulu Segama; 09921. GIS, visualisation, environmental assessment, UK, Scotland, Aviemore; 12681. Henry Georges Fourcade, relative orientation, 12670. infiltration rate, soil disturbance, rainforest, sorptivity, Malaysia, Sabah; 09913. multispectral video system, land cover classification, false colour imagery, 03438. permethrin, invertebrate, plant, insecticide, Canada, Ontario; 11705. recreation, ozone layer, climate change, global warming, ultraviolet radiation, impact minimisation, 13637. regional planning, decision support, land information, property information, GIS, transport, health care, Europe; 10323. remote sensing, graduate research, research topic, 12583. remotely sensed data, GIS, forestry, base maps, sylviculture, Canada, Ontario; 13932. resource management, agriculture, water, education, training, environmental modelling, data management, 13756. sediment transport, soil loss, pipe flow, hydrograph, channel adjustment process, state of the art timber harvest, mixed conifer forest, overland flow, erosion, USA, Arizona; 09912. SPOT, topographic mapping, road network, Canada; 12673. transport, digital data, cost-benefit analysis, technical problem, trained personnel, GIS, North America; 05624. tropical rainforest, sediment yield, soil loss, suspended sediment, clear felling, Malaysia, Sabah; 09920.

forestry detection
GIS, stand index, Landsat TM, Scots pine, 09237.

forestry monitoring
resource inventory, mapping, India, Western Ghats; 11575.

forestry research
SAR, photogrammetric map, linear regression model, cutover mapping, Canada, Alberta; 08098.

forestry reserve
erosion, precipitation, Venezuela, Ticopora; 07708.

forestry resource
Earth observation satellite, landuse planning, marginal area, Europe; 10405.

forestry school
teaching programme, training exercise, image analysis, hardware use, software use, USA; 11574.

forged map
Roman Britain, forgery, 10347.

forgery
forged map, Roman Britain, 10347.

form
divergence, probability, pattern, 02116. rock slope, tropical limestone, rock mass strength, limestone, Devonian, reef complex, spatial variation, Australia, Western Australia, Kimberley Region, Napier Range; 02554.

form chronology
field mapping, geological map, detailed map, geomorphological map, Poland; 09531.

form drag
Reynolds number similarity, molecular viscosity, turbulent viscosity, pressure drag, boundary layer, surface Rossby number, 05396.

formaldehyde
acetaldehyde, adlehyde, glyoxal, methylglyoxal, benzaldehyde, formic acid, acetic acid, snow chemistry, carbonyl, carboxylic acid, USA, California; 04420. acetaldehyde, carbonaceous species, hydrazone, liquid chromatography, laser absorption spectroscopy, Fourier transform infrared spectroscopy, sampling, USA, California; 02050. acetaldehyde, carbonyl compound, sea water, fresh water, air sea exchange, apparent partition coefficient, 09041. acetaldehyde, formic acid, acetic acid, aldehyde, peroxyacetyl nitrate, sampling, urban air, organic acid, alkaline trap, USA, California; 03218. aldehyde, acetylene, butadiene, benzene, ambient temperature, tailpipe emission, motor vehicle, pollu-

tion, exhaust emission, hydrocarbon, carbon monoxide, nitrogen oxide, 05503. carbon isotopic analysis, spectrometric characterisation, chromatographic characterisation, 00882. continental air mass, ambient air, diurnal variation, mixing ratio, ozone, 06593. hydrogen peroxide, hydrogen cyanide, mesosphere, positive ion, rocket flight, heterogeneous chemical process, water vapour, methane, 00785. hydrogen peroxide, particle, sampling, diffusion scrubber, USA, California; 02055. ice core, oxidation capacity, methane sink, 09023. marine condition, aldehyde measurement method, 06591. methane oxidation, photochemical depletion, alcene, oxidation, ITCZ, marine atmosphere, Atlantic; 06651. nitric acid, sulphuric acid, hydrogen peroxide, dew chemistry, acid deposition, carbonaceous species, formate, acetate, carboxylate anion, carboxylic acid, bisulphite adduct, USA, California, Glendora; 02047. organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, Japan; 02012. organic compound, fog water chemistry, wood burning community, industrial zone, deposition chemistry, formic acid, atmospheric deposition, acetic acid, USA, Oregon, Corvallis; 12150. organic compound, fog water, carbonyl, hydroxyalkanesulfonic acid, Italy, Po Valley; 06603. oxidation, chemistry, diethyl ether, ethyl tert butyl ether, 11300. ozone, diurnal variation, photochemical smog, annular denuder, titanium (IV) sulphate, dinitrophenylhydrazine, eugenol, spectrophotometry, liquid chromatography, sampling, hydrogen peroxide, 03164. ozone, photochemical diffusion model, nitrogen oxide, emission, photochemical smog, non-methane hydrocarbon, Australia, Victoria, Latrobe Valley; 02013. p-hydroxyphenylacetic acid, sampling, hydrogen peroxide, USA, California, Glendora; 02051. photochemical smog, ozone, hydrogen peroxide, hydrocarbon, ethene, propane, acetaldehyde, pollution, 02041. potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, pollution control, oxidant, annular denuder, ozone, nitrogen dioxide, nitric acid, peroxyacetyl nitrate, 00878. sampling, tunable diode laser absorption spectroscopy, carbonaceous species, diurnal variation, hydrogen peroxide, USA, California, Glendora; 02052.

formaldehyde (major)
hydroxyacetone, glyoxal (minor), hydroxyacetaldehyde, hydroxylmethyl-butanone, ozone, methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, 05539.

formaldehyde measurement
photolysis, trospheric air, mixing ratio, 06596.

format
digital topographic data base, remote sensing imagery, GIS, image analysis, 00947.

formate
acetate, carboxylate anion, carboxylic acid, bisulphite adduct, formaldehyde, nitric acid, sulphuric acid, hydrogen peroxide, dew chemistry, acid deposition, carbonaceous species, USA, California, Glendora; 02047. acetate, vapour diffusion, ambient exposure, contamination, aqueous sample, 13671. kinetics, organic anion, phosphorus release, Spodosol, oxalate, USA, Florida; 07368.

formation condition
dust devil, downdraft, Australia; 12469. karst cave, cave, subterranean water, jointing, uplift rate, USSR, Caucasus; 08406. manganese iron oxyhydroxide, seamount, basalt, geochemistry, oxyhydroxide crust, volcanic breccia, mineralogy, Atlantic, Krylov Seamount; 07020.

formation density
ice volume distribution, permafrost mound, gravimetric data, topographic data, gravity estimation, volume ice fraction, discontinuous permafrost, in situ determination, Canada, Quebec; 01455.

formation heat
hydrogen bond strength, water cluster, ice, quantal calculation, entropy, heterogeneous nucleation process, 00845.

former coastline
morainic landform, Loch Lomond Stadial, raised deposit, British Geological Survey, drift map, till, marine deposit, UK, Scotland, Greenock; Clyde Estuary; 07143.

formic acid
acetic acid, aldehyde, peroxyacetyl nitrate, sampling, urban air, organic acid, alkaline trap, formaldehyde, acetaldehyde, USA, California; 03218. acetic acid, organic acid, alkene, hydrocarbon, marine troposphere, 06687. acetic acid, snow chemistry, carbonyl, carboxylic acid, formaldehyde, acetaldehyde, adlehyde, glyoxal, methylglyoxal, benzaldehyde, USA, California; 04420. acetic acid, transport, cloud, dew water, gas liquid partitioning, 06595. acetic acid, wet season, emission, vegetation, carboxylic acid, pyruvic acid, 07845. atmospheric deposition, acetic acid, formaldehyde, organic compound, fog water chemistry, wood burning community, industrial zone, deposition chemistry, USA, Oregon, Corvallis; 12150. oxalic acid, organic acid, forest soil, USA, (Southeast); 04006.

Formula of Magnus
Antoine equation, saturation vapour pressure, formulae origin, Goff Gratch equation, 10121.

formulae origin
Goff Gratch equation, Formula of Magnus, Antoine equation, saturation vapour pressure, 10121.

Fort Hancock Formation
soil horizon, Vertisol, smectite, Tertiary, palaeoclimatic environment, USA, Texas, Hueco Bolson; Mexico, Chihuahua; 09416.

Fort Union Formation
Paleocene, deposition, alluvial plain, sandstone, mudrock, braided stream, Tongue River Member, USA, Wyoming, Powder River Basin; 05893. tonstein, Tongue River Member, volcanic ash, coal, Palaeocene, USA, Wyoming, Powder River Basin; 11789.

FORTRAN
conic projection, algorithm, Lambert conformal conic projection, 04590. programming, CAM, geographic information processing, 01002. radiation, spectrometer, sea, optical property, 04636.

Fortrose sheet
British Geological Survey, field guide, Quaternary Research Association, UK, Scotland, Beauly Firth; 06144.

forty month signal
quasi-biennial oscillation, Chandler tide, coupled ocean-atmosphere model, general circulation model, 03093.

Forward Scattering Spectrometer
nitric acid, nitric acid trihydrate, ice, particle evolution, polar stratospheric cloud, sulphate particle, particle size distribution, 00904. sulphuric acid, polar stratospheric cloud, particle measurement, Arctic; 00903.

forward theory
permafrost, surface temperature change, temperature history, geothermal data, inverse theory, heat flux, palaeoclimatic indicator, USA, Alaska, Prudhoe Bay; 08507.

Fosen Group
sandstone, conglomerate, mass flow, Devonian, Asenvagoya Conglomerate, Asen Formation, Norway, Outer Trondelag; 09401.

fossil
amino acid, carnivore, isotope abundance, palaeoecology, food web, dinosaur, Judith River Formation, herbivore, Cretaceous(Late), Canada, Alberta; 07068. biofacies, Pennsylvanian, Francis Creek Shale, Carbondale Formation, Westphalian, clayrock, sand body, USA, Illinois; 04833. bioturbation, sedimentation, turbidite, sedimentary structure, oxygenation, Indian Ocean, Bengal Fan; Indian Ocean; 04845. burrow, Monterey Formation, San Gregorio Formation, bioturbation, Thalassinoides, Gyrolithes, Mexico, Baja California; USA, California, Mussel Rock; USA, California, Lompoc; 05921. burrow, Pleistocene, sand, organic material, trace metal, USA, Georgia, Georgia Bight; 01314. carbonate, concretion, sandstone, calcite, cementation, 04798. cathodoluminescence, biogenic carbonate, ontogeny, bathymetry, salinity, 07119. cyanobacteria, limestone, Lauterecken Formation, stratigraphic marker, microfacies analysis, Germany, Saar Nahe Basin; 08257. geodynamics, Hercynian, basin, volcanic, Permian, Morocco; 03637. ichnofacies, alluvial fan, Quaternary, gravel, loess, lithofacies, fan delta, New Zealand, Hawkeswood Range, Conway Flat; 06969. insect evidence, Quaternary(Late), climatic change, packrat midden assemblage, USA, Texas, Chihuahuan Desert, Big Bend Region; 03871. invetebrate, vertebrate, Jurassic, fauna, limestone, Argentina, Neuquen Province, Zapala; 00151. nodule, Ordovician, phosphatic nodule, shale, France, Brittany, Armorican Massif; 03635. palaeotemperature, Inoceramus, Cretaceous(Late), bivalve, belemnite, Antarctica, James Ross Island; 08252. peloid, carbonate, textural classification, oncoid, allochem, 12924. preservation potential, plant remains, microfossil, palynomorph, provenance, burial, 07067. Presumpscot Formation, Wisconsinan(Late), palaeoenvironment, isostatic rebound, pollen, AMS date, marine formation, USA, Maine, Portland; 06175. Recent, calcic microstructure, petrocalcic microstructure, palaeosol, micromorphological classification, 01476. Triassic, Rhaetian, microfacies, cyclic sedimentation, carbonate, Italy, Southern Alps, Lombardian Basin; 00153.

fossil assemblage
deposition environment, elephant remains, molluscan remains, Baginton Lillington gravel, Palaeoloxodon antiquus, UK, England, Warwickshire, Snitterfield; 08477.

fossil association
gladioeustatic change, sea level change, Pleistocene(Early), Omma Formation, cyclic change, mollusc, Japan, Kanazawa; 13175.

fossil bone
amino acid, Clovis age, human fossil, bone dating, Quaternary extinction, accelerator radiocarbon dating, molecular level dating, North America; 08428.

fossil coral reef
uranium thorium age, sea level, high sea level stand, chronology, last interglacial period, Bahamas; 06176.

fossil diatom
diatom, lake sediment, pH, liming, UK, Scotland, Galloway, Loch Fleet; 08254. diatom, salt lake, correspondence analysis, ionic composition, salinity, Quaternary, lake, Bolivia, Altiplano, Laguna Ballivian; 11938. marine core, palaeoceanographic reconstruction, diatom productivity, Holocene, melt water spike, Quaternary(Late), Canada, Baffin Island; 09560.

fossil dune
sand, aeolianite, wind, coastal dune, dune, continental shelf, 10511.

fossil dune complex
accelerated erosion, sheetwash, deflation, gully form, soil erosion, sub tropical complex, coastal dune complex, South Africa, Transkei; 08554.

fossil dune soil
dune, radiocarbon chronometry, radiometric dating, 06073.

fossil fauna
marine sequence, radiocarbon dated, sea level, Holocene, sedimentary environment, model, relative uplift, lithology, Greenland, West Greenland, Disko, Igpik; 05038. transgressive sequence, drilling core, dating, Huanghai Sea; 13087.

fossil fish
continental water body, climatic factor, Quaternary, USSR; 13156.

fossil fission track
fission track age, tephra, fission track age, Rockland tephra, zircon grain, USA, California; Nevada; 13078.

fossil form
periglacial phenomena, active form, New Zealand, South Island, Southern Alps; Otago; 06202.

fossil frost crack
patterned ground, cryoturbation, Quaternary, periglacial phenomena, France, Aube, Champagne; 13187.

fossil fuel
acid precipitation, precipitation chemistry, snow, lead, sulphur, USA, California, Sierra Nevada; 03205. carbon dioxide emission, carbon dioxide, abatement cost, nuclear power, Germany; 06532. carbon dioxide, energy intensive economy, nuclear power, 09002. cement, long range transport, acid precipitation, sulphate, acidity, alkalinity, nitrate, chloride, fluoride, ammonium, calcium, magnesium, sodium, potassium, pH, deposition, USA, New York, Albany; 04436. combustion, inventory, economic growth, oil wealth, sulphur dioxide, nitrogen oxide, emission, Saudi Arabia; 11388. conflict, warming, policy choice, greenhouse effect, climate change, 13627. deforestation, tropical forest, carbon dioxide, carbon cycle, 03216. dust, cement industry,

vanadium, pollution, Egypt, Cairo; 03146. economic consideration, climate change, greenhouse effect, 12501. emission, carbon dioxide, sulphur dioxide, sulphate aerosol, cooling effect, warming, 07803. emission, Suess effect, carbon dioxide, carbon-14, Europe, (Central); 05485. greenhouse effect, global circulation model, response strategy, global warming, climate change, energy implication, 06533. greenhouse gas, environmental protection, ozone depletion, air chemistry, CFC's, carbon dioxide, greenhouse effect, pollution control, energy conservation, 04402. natural gas, carbon dioxide, climate change, pollution, greenhouse effect, 03137. particulate matter, benzo[a]pyrene, coronene, fire, bush fire, woodburning, PAH's, Australia, Sydney; 07830. spatial variability, sink, carbon dioxide, partial pressure, plankton chlorophyll, biological activity, Atlantic; 13653. warming, carbon dioxide, greenhouse gas, energy consumption, 08998.

ossil fuel combustion
global carbon cycle model, terrestrial biosphere, climatic condition, marine biosphere, gas exchange process, 05494. sampling, combustion, nitrous oxide, emission, 03237.

ossil fuel consumption
carbon-14, gamma fallout, clean air, Chernobyl effect, precipitation, Sweden; 05553.

ossil fuel energy
energy use, greenhouse gas, climatic warming, 05465.

ossil groundwater resource
drought mitigation, water resource management, safe yield, groundwater development, water mining, Middle East, Arabian Peninsular; Africa, (North); 09929.

ossil hardwood
terrace, Late Acheulean, pluvio glacial sequence, silicified wood, alluvial terrace, Cambodia, Mekong River; 13173.

ossil indicator
geologic time scale, climate change, data model comparison, glacial interglacial change, tectonic process, general circulation model, 05457.

ossil insect assemblage
Weichselian(Late), pollen stratigraphy, insect fauna, thermal environment, Mutual Climatic Range Reconstruction Package, beetle, climatic change, Younger Dryas, palaeoclimatic reconstruction, palaeoenvironmental reconstruction, Sweden, Toppeladugard; 09589.

ossil leaf
Oviatt Creek Flora, leaf orientation, lake sediment, palaeocurrent, Miocene, USA, Idaho; 10621.

ossil overburden pressure
geotechnical data, ice sheet thickness, Saalian ice sheet, preconsolidation load, lacustro glacial clay, consolidation history, Terzaghi theory, oedometer consolidation test, Netherlands, Groningen Province, Marum; 10773.

ossil pollen
peat, coastal plain, sand terrace, mangrove deposit, tidal flat deposit, Malaysia, Borneo; Indonesia, Sumatra; Brunei, Baram-Belait River Basin; 00285. sedimentation rate, pollen assemblage zone, dating, long continental pollen sequence, correlation, marine pollen, oxygen isotope stratigraphy, substage 5e, USA, Washington State, Olympic Peninsula, Humptulips; 01418. southern beech, isotope temperature, late glacial, Holocene, vegetation, climate, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; 05016. spore assemblage, Last Glacial Age, tephra, peat bed, Japan, Hokkaido, Konsen Plateau; 02672.

ossil record
raindrop impression, 04699.

ossil rock glacier
talus foot debris, debris accumulation, rock glacier, interstitial ice, development model, Lateglacial, Nahanagan Stadial, glacial morphology, sedimentological characteristic, Ireland, Muckish Mountain; 07290.

ossil sandstone
Askrigg Block, Namurian, eustasy, mudrock, delta top deposit, overbank deposit, sandstone, UK, England, Cumbria; North Yorkshire; 09399.

ossil soil
cover sand, stabilization, stratigraphic research, Quaternary, Holocene, radiocarbon dating, eolian deposit, France, Pas de Calais, Wissant; 11968.

ossil wood
silicification, biogenic silica, chertification, 12952.

ossilization potential
Arctic fjord, continental shelf, benthic microfauna, organic remains, marine invertebrate, preservation potential, Canada, Baffin Island; 04974.

ossvogur Sediment
Allerod period, accelerated mass spectrometry, carbon-14, Iceland, Fossvogur Sea; 02686.

oundation
field test, pile, collapsible soil, Brazil, Pernambuco, Santa Maria da Boa Vista; 03804. mammoth, permafrost, construction, USSR; 13189. sensitive clay settlement, marine clay, secondary consolidation, sensitive marine clay, consolidation, Canada, Ontario, Gloucester; 02540. shallow foundation, lateritic soil, shear strength, Brazil, Parana State; 01404. soil, review, engineering geological aspect, 01406. swelling soil, expansive soil, damage, total suction, engineering geological aspect, 01401. tunneling, mechanical property, soft rock, engineering problem, Belgium; 10701.

oundation engineer
Older Sand, geotechnical aspect, strength, deformation characteristic, Nigeria, Niger Delta; 03814.

oundation engineering
fracture roughness, tensile strength, geometrial, 03746.

oundation problem
champlain clay, drought, rainfall deficit, settlement problem, clay deposit, evapotranspiration method, precipitation, Canada, Quebec, Montreal; 02537.

oundation settlement
soil stiffness, granular soil, field performance, case history, 09511.

oundation structure
laboratory test, liquefaction potential, sandy substratum, delta, Benin Formation, Nigeria, Niger Delta; 10705.

foundation undermining
slope stability, flood, extreme event, geomorphology, flood damage, landslide, bank erosion, water table rise, Spain, Pyrenees; 08690.

foundation uplift
radiation damping effect, Laplace domain, wave propagation, 00253.

Four Ashes
type site, Devensian stage, Stockport Formation, Newer Drift, Iron Bridge gorge, subglacial channel, Lightmoor Channel, Chelford interstadial, Shrewsbury Formation, glacial deposit, UK, England, West Midlands; Cheshire Plain; 13135.

four dimensional data
data assimilation, limited area model, mesoscale model, synoptic scale data, rawinsonde observation, error growth, 07759.

four dimensional McIDAS system
model diagnostic study, Presidents' Day cyclone, 11232.

Fourier analysis
Eulerian Lagrangian, least squares collocation method, transport, time stepping, advection, dispersion, Crank Nicolson solution, numerical method, 05279.

Fourier descriptor
shape definition, range, global shape classification, 07973.

Fourier domain shape analysis
rainfall area evolution, hydrologic process, atmospheric process, precipitation forecasting, 06588.

Fourier transform
ambiguity estimation, SAR, 10312. barotropic instability, wind stress, sea surface temperature, ship temperature field, Atlantic; 05407. conformality, line generalisation, spectral technique, best fitting adjustment, 00977. digital texture analysis, ocean wave image, power spectrum, 08115. illumination, shadow, tree, 13802. infrared study, model, polar stratosphere, cloud surface, ice growth, evaporation, nitric acid, 11334. smoothing scale length, observation spacing, Barnes objective analysis scheme, response function, 05274. spatial analysis, petrology, power spectrum, sandstone, mathematical framework, 02484.

Fourier transform infrared
spectroscopy, nitric acid, measurement, Dennder difference method, filter pack, transition flow reactor, 13675.

Fourier transform infrared analysis
aerosol, ammonium, nitrate, aliphatic carbon, carbonyl group, sulphate, carbon, sampling, 00937.

Fourier transform infrared spectrometry
aerosol, carbonaceous species, sulphate, sampling, ion chromatography, 02056.

Fourier transform infrared spectroscopy
emission, biological process, long path, field testing, 11153. nuclear magnetic resonance spectroscopy, spectroscopic investigation, peat-water interaction, electron spin resonance spectroscopy, 04112. sampling, aerosol, carbon, particle deposition, Teflon filter, 00938. sampling, formaldehyde, acetaldehyde, carbonaceous species, hydrazone, liquid chromatography, laser absorption spectroscopy, USA, California; 02050.

Fourier Transform IR spectroscopy
chlorine, nitrate radical, haloethenes, vinylchloride, vapour phase reaction, 06637.

Fourier transformation
directional sea spectrum, rough surface spectrum, surface scattering, 00968.

Foxe glaciation
glacier retreat, offshore moraine, sediment accumulation, accumulation rate, land sea correlation, fjord, deglaciation, Canada, Baffin Island, Cambridge Fjord; 07225. marine transgression, glacial readvance, relative sea level, Laurentide Ice Sheet, Canada; 13165.

Foxe ice dome
marine limit elevation, radiocarbon date, deglaciation, emergence curve, Cockburn moraine system, Melville Moraine, sea level change, Canada, Northwest Territories, Melville Peninsula; 06117.

fractal
cloud structure, ITCZ, Landsat observation, 07771. cloud, analytical nonlinear doubling mapping, discrete angle radiative transfer, 06440. geophysics, non linear variability, scaling, 07629. raindrop, resolution dependence, rain measurement, blotting paper, radar measurement, 13603.

fractal analysis
spectral analysis, spatial interpolation technique, river regulation, channel modification, channel adjustment, Nigeria, Elemi River; 11005.

fractal approach
soil texture, surface charge, aggregate stability, soil section, image analysis, soil structure, 13222. spatial variability, rainfall event, field experiment, Africa, (West); 12345.

fractal characterisation
precipitation variability, anisotropy, rainfield, 07632.

fractal cloud
discrete angle radiative transfer, albedo paradox, 06441.

fractal dimension
chaos, daisyworld, Gaia, biota, 05277. cloud imagery, box counting, altocumulus, 01935. fractal structure, soil aggregate, pore structure, soil moisture, moisture retention curve, 13223. ripple, dune, sand, bedform, pattern, 04698. surface fractal, terrain analysis, natural surface topography, 11450.

fractal dimension analysis
cloud pattern, ITCZ, scaling property, 07772.

fractal geometry
general systems theory, chaos theory, geomorphological theory, Theoretical Geomorphology third edition, 08318. organic matter, microaggregate, aggregate, 00084. particle size distribution, Sierpinski carpet, Brooks-Corey model, Campbell model, soil water retention, unsaturated hydraulic conductivity, soil texture, pore structure, 01706. probability, multiresolution analysis, correlation filter, 12630. scaling parameter, random surface, self affinity, landform, measurement, 03697.

fractal interpretation

mainstream length-drainage area relationship, length-area relation, drainage basin geometry, 01651.
fractal structure
soil aggregate, pore structure, soil moisture, moisture retention curve, fractal dimension, 13223.
fractal study
dielectric breakdown, lightning, 07650.
fractal surface
surface shape, shading, gradient descent technique, 00983.
fractal terrain
scale space, topography, landform, fingerprint, 03696.
fractal theory
roughness index, soil surface roughness, simulated rainfall, simulated rainfall impact, 02717.
fractionation
carbon, carbonate, pH, isotopic fractionation, Rayleigh equation, 01320. humic acid, absorption chromatography, structural subunits, 08596. organic matter, sediment, napropamide, pesticide sorption, herbicide, 07349. organic pool, phosphate, 08307. organism, isotope, carbohydrate, diagenesis, chitin, 07092. porosity, Mississippian, Burlington Keokuk Formation, brine, trace element, diagenesis, carbonate, USA; 05937. seawater, rare earth element, crust, Pacific, Hawaiian Archipelago, Schumann Seamount; 12890. sorption, isotope, retention, microbial, sulphate, adsorption, Canada, Ontario, Dorset; 05948. titanium oxide, zircon, clay mineral, heavy mineral, sedimentation, sorting, weathering, Portugal; 09442. water exchange, isotope analysis, uranium isotope, groundwater formation, water circulation, hydrogeology, visual model, 07531.
fractionation procedure
soil incorporation, groundwater quality, contaminant mobility, sludge, 00616.
fractionation technique
temperature, pH, amorphous colloid, acidification, surface water quality, aluminium species, colloidal aggregation, 13384.
Fractogel TSK
humus, gel permeation chromatography, organic matter, deionized water, 05088.
fracturation
East West Fault, crystalline massif, fault hydrogeology, groundwater recharge, pumping test, alluvial aquifer, Niger, Air Massif, Awagadi Valley; 06364. geophysical reconnaissance, groundwater exploration, hydrogeology, air photo interpretation, satellite imagery, remote sensing, electrical anisotropy, Niger, Liptako; 06410.
fracture
grainstone, Triassic(Middle), limestone, dolomite, Italy; 08232. groundwater flow, tracer, parallel flow, convergent flow, transport time, dispersion, mass balance fracture aperture, solute transport, aperture variability, 08771. rock terrain, groundwater exploration, saprolite zone, Precambrian, crystalline rock, aquifer yield, India; 11119. saline water, groundwater, chalk, chloride, fault, Germany, Holstein, Lagerdorf; 03613. shear zone, permeability, fluid, burial, accretionary prism, 02292. thermal model, thermal radiance observation, lava flow, Italy, Sicily, Etna; 08061. vertical hydraulic conductivity, saturated hydraulic conductivity, clayey till, Denmark; 00297.
fracture channel model
parallel plate model, groundwater flow model, breakthrough curve, solute transport, 13410.
fracture effect
groundwater contamination, unsaturated tuff, nuclear waste repository, permeability, capillary pressure, multiphase fluid flow, heat flow, thermohydrologic conditions, nuclear waste, fractured tuff, USA, Nevada, Yucca Mountain, Topopah Spring; 01738.
fracture filling
ice retreat, silty fracture filling, crystalline bedrock, hydraulic lifting, ice retreat rate, adfrozen, pressurized meltwater discharge, Artesian condition, finite element analysis, 04992.
fracture flow
boundary fitted finite difference method, groundwater flow, radionuclide migration, nuclear waste disposal, 12251. dispersivity, solute transport, porous tuff, groundwater flow simulation, hydraulic conductivity, fracture transmissivity, 12245. groundwater flow, advection, reactive solute, diffusion, solute transport, 13411. groundwater flow, travel time, partially saturated fracture, air water interface, fluid flow, capillary pressure head, 12246.
fracture matrix model
advection, diffusion, remedial action, risk analysis, groundwater contamination, transport model, storage process, contaminant migration, 09905.
fracture media
heterogeneous media, groundwater flow, mass transport, hydraulic conductivity, continuum approximation, effective hydraulic conductivity, 09880.
fracture network
groundwater flow, contaminant migration, percolation, random walk model, dispersion, 09879.
fracture network enhancement
hydraulic fracturing, groundwater productivity, Basement Complex Formation, 06363.
fracture pattern
Alpine Fault, lineament, extension fracture, normal displacement, regional strain, neotectonics, stress, New Zealand, Westland; 09505. grain release, physically weathered rock, granitic rock, microfracturing, quartz, in situ weathering, comminution, 01480. image enhancement technique, forested terrain, SIR-B, geological structure, Canada, Canadian Shield; 08063. mineral exploration, geophysical data, Landsat, Greece, Chalkidiki Peninsula; 05709. palaeostress reconstruction, fault slip data set, tectonic events, belt rotation, palaeomagnetism, tectonic analysis, curved collision belt, Taiwan, Hsuehshan Range; 04901.
fracture roughness
tensile strength, geometrial, foundation engineering, 03746.
fracture spacing
specific fracture, surface area, radon-222 concentration, uranium, radon, groundwater quality, fractured rock, crack width, emission efficiency, USA, Connecticut; 01727.
fracture system
mineral exploration, alkaline intrusion, SPOT, magma, France, Bas Languedoc; 05702.
fracture transmissivity
fracture flow, dispersivity, solute transport, porous tuff, groundwater flow simulation, hydraulic conductivity, 12245.
fracture zone
electromagnetic method, groundwater, water exploration, faulting, lineament study, satellite imagery, airborne magnetic survey, Botswana; 13424. fissured sandstone, semi arid area, groundwater resource, aquifer low transmissivity, sandstone aquifer, hydraulic testing, pumping test, delayed yield, drawdown, unconfined condition, well spacing, aquifer transmissivity, Botswana, Kalahari; 06362. geological history, cave, Pahasapa Limestone, gypsum bed, anhydrite bed, Mississippian(Late), karst surface, mixing zone, artesian groundwater, vadose condition, USA, South Dakota, Black Hills; 10720. gravity anomaly, satellite, mapping, ocean, Antarctica; Australia; 02197. manganese, organic matter, seafloor, Miocene, CCD, bottom current, nodule, Pacific, Clipperton Fracture Zone; Clarion Fracture Zone; 12887.
fractured bedrock
groundwater pollution, contaminant transport, recovery well model, remediation, 02916.
fractured rock
crack width, emission efficiency, fracture spacing, specific fracture, surface area, radon-222 concentration, uranium, radon, groundwater quality, USA, Connecticut; 01727. delta-type source condition, adsorptive solute transport, flux injection, column breakthrough curve, fluid injection, radioactive waste repository, solute transport, 02907.
fractured rock aquifer
dispersion model, tritium, subsurface storage, mobile water, retardation factor, hydrogeological parameter, flow model, environmental isotope, groundwater flow model, fissured rock catchment, Germany, Harz Mts; 05214.
fractured till
contaminant migration, water quality, landfill, dilution, sorption, radioactive decay, diffusion coefficient, dispersivion, effective porosity, water quality, groundwater flow, transport model, 07548.
fractured tuff
fracture effect, groundwater contamination, unsaturated tuff, nuclear waste repository, permeability, capillary pressure, multiphase fluid flow, heat flow, thermohydrologic conditions, nuclear waste, USA, Nevada, Yucca Mountain, Topopah Spring; 01738. nuclear waste, nuclear waste repository, effective continuum approximation, unsaturated tuff, thermohydrologic conditions, groundwater contamination, permeability, capillary pressure, multiphase fluid flow, heat flow, 01739.
fractured zone
crystalline formation, resistivity profiling, horizontal profiling, square array, Schlumberger array, groundwater exploration, village water supply, fissured zone, Benin; 06359.
fracturing
fault, fluid flow, chloride contamination, carbonate aquifer system, groundwater quality, vertical leakage, USA, Georgia, Glynn County, Brunswick, Upper Floridan Aquifer; 02927. island hydrogeology, coastal aquifer, remote sensing, hydrogeology, groundwater exploration, salt water intrusion, New Caledonia; 07609. neotectonic fault, normal fault, fault zone, fault movement, slip plane, fault breccia, fault gouge, breccia type, brecciation, Greece, Aegean; 10693.
Fragiaquic Paleudult
Barber-Cushman model, nutrient uptake, magnesium uptake, 00419. lime, soil-root interface, calcium, aluminium, nutrient uptake, USA, (Southeast); 00418.
fragipan
coversand, dune stabilisation, inland dune, Vistulian(Late), aeolian phenomena, palaeoenvironmental interpretation, stratigraphic interpretation, Pleni Vistulian grain, aeolian coversand, permafrost, frost fissure, Poland; 10790.
fragipan development
limestone valley, paleosol, clay mineral weathering, genesis, soil, landscape, cryoturbation, sandstone colluvium, footslope surface colluvial soil, USA, Pennsylvania, Ridge and Valley Province; 02512.
fragipan soil
erosion, simulated rainfall, runoff, erodibility, interrill erodibility, USA, Mississippi, Holly Springs; Tennessee, Alamo; 09634. management system, soybean, yield response, depths of erosion, 03935.
framboid
oxidation, biotic mold, pyrite, limonite, aggregate, Egypt, Fayoum Province, Garret Gehannam; 00156. sulphide, lagoon, iron sulphide, pyrite, Italy, Venice Lagoon; 11792.
frame based model
landform, pattern element, terrain analysis, inheritance hierarchy, 07965.
framegrabber
signal transmission, linejitter, geometric calibration, CCD camera, 00952.
franchising
marketing, digital cartographic data, market research, promotion, pricing, 01091.
Francis Creek Shale
Carbondale Formation, Westphalian, clayrock, sand body, fossil, biofacies, Pennsylvanian, USA, Illinois; 04833.
Franciscan complex
Permanente terrane, continental margin, provenance, sandstone, oceanic crust, USA, California; 02411.
francolite
particle size, phosphate, apatite, fluorapatite, 03652.
francophone
visual information, hypertext, electronic atlas, microcomputer, mining, Canada; 01049.
Frasse Slip
glacial retreat, hydrological condition change, slip movement, Switzer-

land, Alps; 08395.
raud control
EEC Agriculture Project, agricultural statistics, 10418.
razil ice
congelation ice, ice composition evidence, marine ice, ice shelf, Antarctica, Victoria Land, Hells Gate Ice Shelf; 13194. negative concentration, oxygen-18 concentration, sea ice, snow ice, Weddell Sea; 07309.
razil ice production
ice production, wind speed, salinity, supercooled water, polynya, 03080.
rechet distribution
data analysis, bias error, maximum likelihood estimation, statistical method, parameter estimation, Weibull distribution, Gumbel distribution, 13308.
rechet kernel
sea level, visco-elastic model, glacioisostasy, mantle viscosity, isostatic adjustment, 13026.
ree acidity
principal component analysis, wet deposition, anthropogenic precursor, alkaline particulate, marine ion, Finland; 06608.
ree air gravity anomaly
deglaciation model, glacial isostasy, gravity anomaly, isostatic disequilibrium, load history effect, deep mantle viscosity, Canada; 09502.
ree carbon dioxide
limnology, biota, groundwater quality, heavy metal, thermal spring, pH, dissolved oxygen content, India, Santhal Parganas; 12249.
ree convection model
self organisation form, patterned ground, soil recurrently frozen, polygon, stripe, 06193.
ree market economy
surveying profession, GIS, LIS, 05600.
ree network adjustment
iteration, 10270.
ree oxygen
photodissociation constant, primordial atmosphere, Urey effect, 06536.
ree radical
photofragment fluorescence, hydroxyl, hydroperoxy radical, ozone, water vapor, stratosphere, Lyman-alpha hygrometer, balloon gondola, 04202. vortex, CFC's, ozone loss, stratosphere, austral spring, catalytic cycle, Antarctica; 07869.
ree radical reaction
hydroperoxy radical, acid formation, nitric acid, sulphuric acid, analytical technique, hydrogen peroxide, organic hydroperoxide, 04416.
ree surface flow
water table, drawdown, groundwater flow, capillary effect, capillarity correction, 04126.
ree surface method
tangent continuity method, ionic concentration, water movement, surface water quality, runoff chemistry, solute transport, hillslope hydrology, coniferous forest, subsurface flow, UK, Wales; 04092.
ree torsion pendulum test
seismic loading condition, modelling, 03764.
ree troposphere
aerosol, solar aureole intensity, boundary layer, accumulation model, coarse particle mode, air mass trajectory, isentropic surface, coarse particle aerosol, Japan; 04382. marine boundary layer, continental boundary layer, nitric acid, USA; Pacific; 04376. maritime air mass, odd nitrogen, long range transport, continental boundary layer, peroxyacetyl nitrate, active nitrogen, nitrogen oxide, 04374. mid latitude, ozone, ethane, propane, seasonal variation, hydrocarbon, 11340. nitrogen oxide, nitric acid, troposphere, teflon-nylon filter pack, tungstic oxide denuder, laser induced fluorescent, chemiluminescent, anthropogenic source, boundary layer, 04375.
ree water surface
evaporation reduction, shading, floating material, 07458. Penman formula, evaporation pan, water management, Sudano-Sahelian climate, evaporation, 06269.
reeze and thaw point
wet clay, determination, electrical potential, overburden pressure, 01449.
reeze drying
rain water, fog water, trace element, precipitation, PIXE, preconcentration, 13746.
reeze thaw
depositional quantification, postsettlement deposition, sediment basin, sediment transport, fly ash, spatial variability, soil erosion acceleration, overland flow, rain splash transport, USA, Illinois; 08540. experiment, salt weathering, chalk, frost weathering, 06195. mass wasting, glaciation, trough wall, moraine, cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, geomorphology, soil, whitebark pine ecosystem, Pinus albicaulis, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. phase change, salt weathering, chalk, experimental weathering, frost weathering, 03925. regelation, cavitation, polished surface, subglacial process, landform, glacial erosion, plucking, abrasion, basal ice pressure, Greenland; 07247.
reeze thaw action
frost weathering, exfoliation, cliff recession, notch formation, Japan, Asama Volcano; 09604. insulator, roadway, frost, de-icing salt, Canada, Quebec; 03914.
reeze thaw activity
climatic change, gullying, rock, relief, soil, erosion, Algeria, Oran-Atlas, Oued Mina; 07148.
reeze thaw process
magnetic susceptibility anisotropy, matrix fabric, frost disturbed soil, anisotropy, sorted patterned ground, USA, Colorado; 03915.
reeze-thaw
interlocking boulder pavement, boulder paved channel, river channel, fluvio-periglacial landform, Norway, Jotunheimen; 02695. micromorphology, injection feature, pipkrake, frost heaving, Spain, Catalonia, Montserrat Mountains; 01599.
reeze-thaw action
stratified slope deposit, stratified scree, grezes litees, periglacial environment, stratogenesis, slope waste deposit, France; 01458.
freeze-thaw boundary
SMMR, Nimbus-7 SMMR data, soil surface temperature, frozen ground, mapping, USA, (Midwest); 02694.
freeze-thaw cycle
mean weight diameter, aggregate wetting procedure, freezing, thawing, aggregate stability, size distribution, Canada, Prince Edward Island; 13257.
freeze-thaw event
permafrost, zero curtain effect, heat, mass transfer, isothermal region, freezing soil, osmotic potential variation, 02691.
freezing
Conestogo soil loam, frost heave, frost penetration, ice segregation, solute, soil structural stability, 08571. delay time, transient time, effective time lag, induction time, nonstationary homogeneous nucleation, phase formation, condensation, deposition, 03108. frozen, thawing, triaxial equipment, University of Oulu, 03756. soil, Stefan problem, ablation, thawing, glacier growth, glacier decay, ice formation, thermodynamics, melting, precipitation, 11082. subglacial water, sparite, micrite, film flow, cyanobacteria, calcite, proglacial, Switzerland, Glacier de Tasnfleuron; 01232. thawing, aggregate stability, size distribution, freeze-thaw cycle, mean weight diameter, aggregate wetting procedure, Canada, Prince Edward Island; 13257. thawing, weathering, soil temperature, rock temperature, discontinuous permafrost, periglacial, geomorphology, permafrost, Switzerland, Alps, Wallis, Unterrothorn; Gornergrat; 06199. water redistribution, simulation, water retention property, hydraulic property, operational model, frozen soil, 02692.
freezing and thawing indices
forest tundra, permafrost environment, Last Glacial, periglacial phenomena, pollen analysis, Japan, Hokkaido; 03918.
freezing condition
aviation, severe weather, aircraft take off, landing performance, heavy rain, snow, 07620.
freezing depth
heat balance method, snow, runoff discharge, flood forecasting, snowmelt, surface temperature, 04148.
freezing index
ground freezing, permafrost, frost, soil temperature, Canada; 10811.
freezing interface
interface path, temperature profile, laplace transform, finite difference solution, permafrost, saturated ground, 07284.
freezing nucleation rate
solution droplet, cloud, cold condensation nuclei, ice nucleation, 04304.
freezing rain
ice pellet, particle shape, terminal velocity, precipitation, accretion, snow, Canada; 04315.
freezing rate
thawing rate, permafrost thickness, palaeoclimate, Stefan problem, ice bearing permafrost, palaeotemperature model, time lag, USSR, East Siberia; USA, Alaska, Barrow; USA, Alaska, Prudhoe Bay; 09602. wetting-front propagation, analysis, modelling, melt water, refreezing, dry snow, wet snow, 01461.
freezing soil
dissolved compound, salt rejection, ice lensing, soil deformation, solute rejection, 08506. frost front, frost penetration rate, temperature gradient, clayey silt, salinity, solubility, cooling rate, solute partitioning, 10809. growth experiment, ice layer, freezing test, segregated ice, steady state method, quasi steady problem, 07283. osmotic potential variation, freeze-thaw event, permafrost, zero curtain effect, heat, mass transfer, isothermal region, 02691.
freezing test
segregated ice, steady state method, quasi steady problem, freezing soil, growth experiment, ice layer, 07283.
freezing thawing
Holocene, aeolian deposit, geomorphological feature, wind erosion, late glacial period, deflation feature, Italy, Abruzzo, Roccaraso, Aremogna Plain; 07213.
French slope movement feature name
slope movement, nomenclature, landslide, IAEG Commission on Landslides, mass movement, English slope movement feature name, 04914.
frequency
cause, agricultural policy, erosion impact, soil erosion, review, flooding, rate, UK, England, Sussex, South Downs; 01509. sediment transport, agricultural catchement, paired lake catchment study, experimental catchment, magnitude, UK, England, Warwickshire, Seeswood Pool; Merevale Lake; 02732.
frequency analysis
flood hydrology model, computer model, design flood estimation, urbanised catchment, synthetic unit hydrograph, 05144. smoke, temperature inversion, urban pollution, sulphur dioxide, Greece, Athens; 13684. stability level, evaporation, Taiwan; 11187. statistical analysis, method of moments, Weibull distribution, method of probability weighted moments, method of maximum likelihood, low flow frequency, stream flow, Australia, (South East); 06276.
frequency broadening
Thomson scatter spectra, ionosphere, differential ion flow technique, Boltzmann equation, 03023.
frequency distribution
Box-Cox transform normal distribution, precipitation, probability, 13513. logarithmic transformation, Monte Carlo simulation, frequency distribution bias, log transformed frequency distribution, statistical analysis, 05109. multimodal distribution, statistical model, background air pollution, 13743. orographic precipitation, lumped period, precipitation data analysis, Japan; 03000.
frequency distribution bias
log transformed frequency distribution, statistical analysis, frequency distribution, logarithmic transformation, Monte Carlo simulation, 05109.
frequency domain aeroelectromagnetic method
groundwater prospecting, saline water, fresh water, brackish water,

palaeosedimentary environment, soil grain size, shallow water resource, China; 09923.
frequency domain approach
head disturbance, single borehole hydrotest, univariate statistical method, well test, aquifer response, groundwater flow, 09868.
frequency domain interferometry
middle and upper atmosphere radar, scattering layer, stratosphere, radar, 08829.
frequency wavenumber spectrum
rainfield, stochastic model, 10097.
frequency-agile radar
Doppler weather radar, particle velocity, precipitation intensity, polarisation diversity radar, weather radar technique, 05332.
fresh till
diagenetic alteration, post depositional weathering, carbonate content, till, geochemical profile, mineralogical profile, weathered till, Canada, Quebec, Appalachian Region; 06209.
fresh water
air sea exchange, apparent partition coefficient, formaldehyde, acetaldehyde, carbonyl compound, sea water, 09041. brackish water, palaeosedimentary environment, soil grain size, shallow water resource, frequency domain aeroelectromagnetic method, groundwater prospecting, saline water, China; 09923. burbot, sediment water interface, Lota lota, submersible image, fish, bioturbation, lake sediment, USA, Great Lakes, Lake Superior, Caribou Island Basin; 09431. complexation, particulate, stability of element, adsorption, 05933. deglaciation, carbon dioxide, river discharge, opal, organic carbon, biogenic production, Indian Ocean, Bay of Bengal; 11804. estuary, energy flux divergence, sand, salinity, tidal range, USA, Oregon, Columbia River; 05820. groundwater, cement, strontium, calcite, diagenesis, Holocene, Atlantic, Bahamas, Schooner Cays; 00064. groundwater, dissolution, uranium, vadose, phreatic, cement, Bahamas, Bahama Bank, South Joulters Cay; 02351. hypoxia, mixing, organic matter, anthropogenic nutrient, nutrient, estuary, Adriatic Sea; Yugoslavia, Krka Estuary; 09386. kaolin, metal ion, adsorption, complexation, 05932. landscape indicator, groundwater resource, saline water, desert region, USSR, Caspian Sea; 02978. mercury level, fish, methylation, microorganism, Sweden, Lake Levrasjon; 09335. phytoplankton, halocline, river inflow, sinking, decomposition, Yugoslavia, Krka Estuary; 09462. porosity, Magnus Sandstone Member, hydrocarbon exploration, permeability, Jurassic, leaching, sandstone, North Sea, Magnus Oilfield; 06957. productivity, river discharge, nutrient, oligotrophic, phytoplankton, Mediterranean Sea, Gulf of Lions; 05961. river inflow, mixing, estuary, sea water, alkalinity, USA, California, San Francisco Bay; Delaware, Delaware Bay; 01214. sediment transport, geomorphology, sedimentation, estuary, circulation, USA, North Carolina, Pamlico-Tar River System; 04732. terrestrial marker, fatty acid, organic matter, plankton, biomarker, France, Rhone Delta; 12858. tidal range, submergence, sediment budget, sediment load, estuary, salt marsh, USA, Pennsylvania, Philadelphia; Philadelphia, Delaware River; 06981. tide, spatial variation, seasonal variation, seston concentration, current speed, USA, Maryland, Choptank River; 03536. trace metal, aggregation, sedimentation, diffusion, sediment-water interface, iron transport, 05943. water column, ecosystem, estuary, bacteria, glucose uptake, Yugoslavia, Krka River; 09461.
fresh water algae
upwelling reflectance, suspended sediment, 12797.
fresh water ice
cryospheric albedo, re-frozen slush ice, bi-directional reflectance, 03019. cyclic loading, Bausehinger effect, Granato Lucke theory, stress testing, reversed direct stress, ice, 07296.
fresh water influx
isotopic signature, Pleistocene Holocene transition, deglaciation effect, Quaternary(Late), regional deglaciation, Sweden; 04961.
fresh water lakelet
eolian formation, TL dated, Paleosols, Holocene, rainfall, Mali, Tanezrouft Desert; Algeria, Tanezrouft Desert; 03874.
fresh water lens
carbonate, grainstone, palaeoisland, Holocene, Smackover Formation, San Andres Formation, diagenesis, USA, Louisiana; Texas; 08228. coastal aquifer, sharp interface model, salt water intrusion, fresh water salt water interface, Guam; 05220. tidal variation, atoll island, island hydrogeology, solute transport model, groundwater flow, density dependent flow, layered aquifer model, fresh water salt water interaction, Pacific, Micronesia, Marshall Islands, Enjebi Island, Enewetak Atoll; 09854. transitiion zone, saline groundwater, groundwater seepage, barrier island, fresh water-saltwater interface, USA, New York, Long Island; 04121.
fresh water marsh
surface water quality, salt water intrusion, salinity, coastal marsh, data record, USA, Louisiana; 07502.
fresh water plume
fjord, melt water, glacier, tide, wind, suspended sediment, Svalbard, Spitsbergen, Lilliehookfjorden, Signehamna; 08167.
fresh water residence time
first order chemical reaction, chemical equilibrium modelling, kinetic model, dissolved metal, particle water metal exchange, metal exchange, estuarine chemistry, surface water chemistry, residence time, trace metal, 08751.
fresh water salt water interaction
fresh water lens, tidal variation, atoll island, island hydrogeology, solute transport model, groundwater flow, density dependent flow, layered aquifer model, Pacific, Micronesia, Marshall Islands, Enjebi Island, Enewetak Atoll; 09854.
fresh water salt water interface
fresh water lens, coastal aquifer, sharp interface model, salt water intrusion, Guam; 05220. groundwater chemistry, salt water displacement, dispersivity, geochemical mixing cell model, water displacement, Gapon selectivity, ion chromatography, multicomponent transport modelling, transport model, 12255. groundwater flow, dispersivity, coastal aquifer, salt water intrusion, concentration profile, mixing zone, convection dispersion equation, groundwater quality, transverse dispersivity, 09902. salinity front, density front, tidal motion, coastal water, inshore offshore waters interface, offshore near surface flux, inshore flux, France; UK, England, Dover Strait; 05197.
fresh water sea water interface
discharge, nutrient, biogeochemical process, stratification, sea water, estuary, halocline, salinity, Yugoslavia, Krka River; 11680.
fresh water seawater interface
surface water quality, hydrocarbon transport, hydrocarbon fate, particulate phase, organic contaminant, dissolved phase, suspended matter, particle partitioning, salinity, turbidity, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738.
fresh water sediment
concentration profile, temperature, reduction, pore water, seasonal change, sulphate, Germany, Lake Constance; Switzerland, Lake Constance; 09336. nitrate flux, denitrification, acetylene inhibition, nitrous oxide, 11816. redox, interstitial water, iron, lake sediment, calcium carbonate, 12849. sulphate reducing bacteria, bacteria, mineralisation, organic matter, enrichment culture, Germany, Lake Constance; Switzerland, Lake Constance; 09337. syringic acid, anaerobic degradation, sulphur, demethoxylation, gas, slurry, aromatic compound, anoxic sediment, marine sediment, 07085. terrigenous isotope, sulphate, sulphide, organic matter, basin, Weichselian, Indonesia, Halmahera Island, Kau Bay; 10647.
fresh water system
ion chromatography, lake sediment, reduction, sulphate, Germany, Lake Constance; Switzerland, Lake Constance; 09475. salt water system, phosphorus immobilisation, phosphorus, sediment loading, surface water quality, phosphorus release, eutrophication, 00555.
fresh water transport
ocean salinity, ocean atmosphere reorganisation, glacial cycle, glacial to interglacial transition, greenhouse gas, albedo, 04929.
fresh water-salt water interface
coastal aquifer, salt water dynamics, confining layer, leakage, groundwater flow, interface model, USA, California, Santa Cruz County, Soquel-Aptos Basin; 04123. dispersion, Galerkin's method, molecular diffusion, salt water intrusion, coastal aquifer, 04118.
fresh water-salt water transition zone
suppression effect, salinity, surface electrical resistivity method, groundwater exploration, electrical resistivity, coastal groundwater, 04117.
fresh water-saltwater interface
fresh water lens, transitiion zone, saline groundwater, groundwater seepage, barrier island, USA, New York, Long Island; 04121.
freshwater
carbonate, dolomite, cugnite, 00059. circulation pattern, tide, fjord, estuary, USA, California, San Francisco Bay; Alaska, Columbia Bay; 03534. lake sediment, iron, manganese, porewater, bacteria, organic material, sulphate, reduction, 03525. macrophyte, plant, salinity gradient, organic matter, methanogenesis, carbon cycling, USA, North Carolina, White Oak River Estuary; 03538. plant, algae, phosphate, coprecipitation, calcite, 03641. spawning, estuary, larvae, dye test, oyster, USA, Virginia, James River Estuary; 03643. tufa deposit, plant, Quaternary, carbonate, calcite, 02346.
freshwater biota
pollen diagram, transgression, regression, mangrove ecosystem, palyno plankton stratigraphy, environmental change, Holocene, intertidal, India, Bengal Basin; 04985.
freshwater diatom
deep sea fan, map, accumulation rate, PhFD ratio, climatic event, aridity, opal phytolith, Africa, Zaire River; Atlantic, Angola Basin, Zaire Fan; 02613.
freshwater fish
Cromer Forest-bed Formation, Pleistocene(Early Middle), vertebrate fauna, Little Oakley channel, temperate climate, UK, England, Essex, Little Oakley; 02666.
freshwater input
coastal water, glacial meltwater, Alaska coastal current, oxygen isotope, USA, Alaska, Gulf of Alaska; Kodiak Island; 00627.
freshwater lake
paleosol, Holocene, rainfall, desert, radiocarbon dated evidence, Algeria, Tanezrouft; 06517. Weichselian times, sea level, timing, postglacial marine invasion, radiocarbon dating, piston core, microfossil, Indonesia, Halmahera, Kau Bay; 02682.
freshwater lens
groundwater flow model, potable water demand, island hydrology, groundwater resource, salt water intrusion, Pacific, Nauru Island; 02973.
freshwater transport
atmospheric model, sea surface temperature, global water budget, salinity anomaly, thermohaline circulation, oceanic freshwater transport, last glacial maximum, Atlantic; 02604.
freshwater-saltwater interface
groundwater flow, transition zone, dispersion, coastal aquifer, layered aquifer, solute transport model, 01714.
freshwater-saltwater interface model
dispersion model, transition zone, groundwater level, tide, saltwater intrusion, coastal aquifer, Japan, Gogo Island; 02912.
Freudlich isotherm
Langmuir isotherm, calcareous soil, lead sorption, adsorption capacity, 10892.
Freundlich equation
calcareous soil, adsorption isotherm, cadmium adsorption capacity, predicted cadmium adsorption, Spain; 10939. copper sorption, copper, USSR, Ukraine; 09773. slow reaction, phosphate, goethite, sorptive behaviour, activation energy, 12073.
Freundlich isotherm
soil retention, coumaric acid, adsorption, microbial degradation, 03974.
Freundlichs sorption isotherm equation
sorption mechanism, pesticide, water treatment, charcoal, DDT, potable water quality, remedial technique, 07500.
friction
convolution, hydrodynamics, steady state solution, bottom friction,

velocity, Poisson equation, 10489. finite element method, Coulomb dry friction law, algorithm modularity, numerical modelling, contact, 00250. Manning's n, channel hydraulics, channel flow, vegetation, Denmark; 05166. river, sediment transport, 04689. sand wave, dune, anti dune, channel, 06958. sea straits, stratified flow, 03498. shear stress, water depth, wave, sea bed, engineering, fluid force, 00001. underthrust sequence, plate convergence, offscraping, accretionary prism, decollement, USA, Alaska; 01288. warm air stratification, bora, frontal surface, orographic effect, internal atmospheric boundary, flow thickness, flow velocity, air mass temperature difference, 04284. wind, gyre, hydrodynamic model, bottom stress, 09307.

Friction angle
grain protrusion, erodibility, transport rate, shear stress, 01183.

Friction component
debris flow modelling, fluvial sediment transport, bed load transport, Munster creek flood event, flood hydrograph, Switzerland; 06034.

Friction factor
Blalock & Sturm method, critical depth, critical flow, two stage channel, channel flow, 05172. eddy viscosity, channel flow, flow model, mathematical model, multi stage channel, lateral shear, depth averaged eddy viscosity, dimensionless eddy viscosity, two stage channel, depth averaged velocity, boundary shear stress, secondary flow, 05169.

Friction velocity
nocturnal boundary layer, boundary layer height, roughness length, 07698. nocturnal boundary layer, fog front, SODAR, density current, shallow water equation, 01845. ozone, sampling, pollution, sulphate, particle, rotary inertial impactor, nitrate, USA, California, Los Angeles; 02048. roughness, thermal stability, mobile surface, snow drift, rough sea, dust storm, 03068. saltation, snow, wind transport, atmospheric shear force, aerodynamic roughness height, transport rate, 04147. surface temperature, mesoscale model, surface based perturbation, sea breeze, roughness length, 05420. water surface slope, flow velocity, filtration flow rate, average velocity, channel flow, 09814. zero plane displacement, roughness length, forest canopy, Marunich's hypothesis, turbulence, 00721.

Frictional effect
flood berm, aquatic macrophytes, flood alleviation scheme, channel change, river engineering, critical tractive force, velocity theory, Griffiths natural stability index, Brookes stream power index, shear stress analysis, regime theory, sediment transport, UK, England; Wales; 05152.

Frictional forcing
semi-geostrophic model, sea breeze, primitive equation model, boundary layer, 00719.

Frictional heating
stability, creeping landslide, long term slope stability, landslide, pore fluid, 02536.

Fringing reef
preferential dissolution, carbonate platform, prograding system, genesis, atoll morphology, palaeoecological study, cored well, lagoon, French Polynesia, Mururoa; 04893.

Frio Formation
provenance, volcanic debris, heavy mineral, dissolution, Oligocene, sandstone, USA, Texas, Rio Grande Province; 04849.

Frome Group
haematite, redbed, Cambrian, weathering, Billy Creek Formation, Australia, South Australia, Kangaroo Island; Flinders Ranges; 11775.

Front
Alpine lee cyclogenesis, cyclone, upper level jet, potential vorticity, low level front, baroclinic zone, jet, Alps; 04298. cold surge, theoretical study, gravity wave solution, Kelvin mode, China, Qinghai-Xizang Plateau; 12432. embedded convection, frontal cloud, mesostructure, USSR; 11269. jet stream, convection, mesoscale weather event, wave activity, storm system, gravity wave activity, vertical velocity, Flatland VHF radar, radar, 10098. surface pressure change, air mass model, 08948. trough, lee cyclogenesis, storm initiation, USA, Colorado; 10080. wave, storm, Canada, British Columbia; 01181.

Front formation
vorticity, energy spectrum, intermittency, semi geostrophic flow, 07763.

Front parameter
cloud band, satellite image, cold front model, 10100.

Frontal case
suburban area, breeze vertical structure, sea breeze, urban complex, Japan, Tokyo; 10014.

Frontal circulation
cold-warm frontal system, semi geostrophic wave, baroclinic wave, vertical motion, 12437.

Frontal cloud
mesostructure, front, embedded convection, USSR; 11269.

Frontal cyclone
baroclinic life cycle, potential vorticity, cold front, isentrope, cyclogenesis, 12436.

Frontal depression
flood, severe storm, wet bulb potential temperature, orographic enhancement, mesoscale distribution, precipitation distribution, UK, Northern Ireland; 07768.

Frontal development
spinup time, diabatic initialisation, regional finite element model, satellite data, humidity enhancement, latent heating profile, rate rate, Canada; 10103.

Frontal dynamics
ablation, accumulation, long term trend, polynomial regression, glacier length, statistical analysis, historical data, glacier terminus, data correlation, climatic data, Italy, Giulie Alps; 08511.

Frontal fault system
fold, blind thrust, Kangra Earthquake, overpressured anticline, basal decollement, rising barrier anticline, anticline, contemporary tectonics, India, Himalaya, Potwar Plateau; Nepal, Himalaya, Potwar Plateau; India, Himalaya, Salt Range; Nepal, Himalaya, Salt Range; 08370.

Frontal fluctuation
water temperature, satellite image, buoy, East China Sea, Kuroshio Front; 06909.

frontal instability
potential vorticity, vorticity anomaly, frontal wave, frontogenesis, rainband, 07766.

frontal jet
altimetry, ocean monitoring, cross frontal cold jet, satellite infrared image, Iceland; 09964.

frontal mean state
baroclinic instability, jet, WKBJ approximation, stability, 13596.

frontal model
midlatitude baroclinic property, tropical convective property, rainfall, jet, deformation forcing, updraft, Mei Yu Front, low level jet, Asia, (East); 10094. momentum diffusion, kinetic energy, enstrophy dissipation, semigeostrophic frontal model, Eady wave frontal model, 12445. momentum diffusion, warm sector, ageostrophic circulation, semigeostrophic model, Eady wave, 13587.

frontal movement
glacier evolution, photo interpretation, advancing glacier, retreating glacier, inventory, Holocene, historical data, climatic condition, Canada, British Columbia, Glacier National Park; 06205. latent heat effect, blocking, cold front, foehn, orographic influence, Europe, Alps; 08964. road slipperiness, sublimation, warm air advection, Sweden; 10020.

frontal passage
mountain valley, foehn, orographic modification, Alps; Germany, Bavaria, Alps; 04281.

frontal precipitation
aerosol particle, in cloud, below cloud, absorption, nucleation, scavenging, pollutant, rain composition, convective shower, 06554.

frontal process
model development, primitive equation, prognostic equation, terrain-following coordinate system, simulation, orography, 13597. simulated front, deformation case, shear case, nonlinear interaction, lee side, orography, 13598.

frontal stability problem
perturbation technique, Kotschin problem, 08958.

frontal structure
upwelling, nutrient supply, thermocline structure, mixed layer depth, currents, causative mechanism, interannual variability, marine environment, sea level, sea surface temperature, salinity, South Africa; 12341.

frontal surface
convective available potential energy, boundary layer, thunderstorm, 05426. instability, convective available potential energy, warm sector, boundary layer, mesoscale updraft, thunderstorm, 05427. orographic effect, internal atmospheric boundary, flow thickness, flow velocity, air mass temperature difference, friction, warm air stratification, bora, 04284.

frontal system
Doppler sodar, Mesogers 84 experiment, wind field, sodar observation, boundary layer, 13507. jet stream, Doppler radar, wind velocity, radar observation, storm(October 1987), France, Brittany, Lannion; 00752.

frontal wave
frontogenesis, rainband, frontal instability, potential vorticity, vorticity anomaly, 07766.

frontal zone
ageostrophic wind, momentum equation, diabatic circulation, orographic forcing, latent heating, 04286. carbon monoxide, krypton-85, radon-222, sulphur dioxide, subgrid scale vertical tracer transport, troposphere, convective cloud, 05533. density current, coastal front, USA, New England; 08950. diabatic initialisation, regional finite element model, satellite data, storm, prediction model, forecasting, spinup problem, latent heating, precipitation rate, divergent wind, Canada; 10102. quasi geostrophic, semi geostrophic, Richardson number, cyclone wave, baroclinic instability, primitive equations dynamics, 04267. secondary front, cyclogenesis, storm, thermal wind balance, Richardson number, 01908. synoptic variability, ocean atmosphere exchange, heat exchange, water exchange, ocean, 12385.

Frontier Formation
Mancos Group, Cretaceous, marine rock, facies, sandstone, shale, USA, Colorado; Utah; 01270. storm, current, sand ridge, sandstone, American Interior Seaway, Wall Creek Member, USA, Wyoming, Powder River Basin; 08217.

frontogenesis
air mass, potential vorticity, stability, 07767. aircraft based study, sea breeze, 08956. baroclinic wave, diabatic heating, bore like structure, cold front structure, subtropics region, tropics region, Australia; 08953. cyclogenesis, coastal frontogenesis, cold anticyclone, thickness field, anticyclone, USA, Great Lakes; 00704. diagnostic case study, thunderstorm, ageostrophic circulation, vertical circulation, Australia, Western Australia, Perth; 13608. explosive cyclogenesis, latent heat release, cyclogenesis, tropopause fold, potential vorticity anomaly, Canada; 01916. foehn, evaporation, vorticity, cold front, Europe, Alps; Germany; 04279. frontolysis, cyclone, precipitation, jet, mesoscale coastal process, 01905. mesoscale feature, coastal front, satellite observation, radar, 01904. potential vorticity perturbation, semigeostrophic model, Eady model, zonal wave number, dry surface, 12441. Q forcing, Bergeron deformation field, quasi geostrophic frontogenesis, 08965. rainband, frontal instability, potential vorticity, vorticity anomaly, frontal wave, 07766. semigeostrophic equation, boundary layer, potential vorticity, 00760.

frontogenetic development
quasi geostrophic cyclogenesis, lee cyclogenesis, baroclinic instability, 12430.

frontolysis
cyclone, precipitation, jet, mesoscale coastal process, frontogenesis, 01905.

frost
de-icing salt, freeze thaw action, insulator, roadway, Canada, Quebec; 03914. forest, air temperature, soil temperature, snow cover, Sweden, Svartberget; 03037. ground frost, air frost, crop damage, UK; 02993. ground temperature, valley, precipitation, snow cover, Sweden, Abisko; 03038. groundwater flow, heat flux, soil water movement, 12262. ornithogenic soil, phosphate, guano, weathering, Antarctica, Antarctic Peninsula; King George Island; 02817. potassium, calcium, mag-

nesium, sodium, sulfite, nitrite, acid deposition, dry deposition, nitrate, carbonate, sulphate, dew chemistry, USA, Indiana, Indianapolis; 05512. precipitation, frost depth, snow cover, USA, Idaho, Reynolds Creek; 00708. precipitation, rare weather event, extreme climate, growing season, Sweden, Karesuando; 03035. precipitation, temperature, crop, production, agrometeorology, rainfall, Pakistan, Balochistan; 03034. prediction, expert system, forecast, decision threshold, bridge frost, roadway frost, 10160. rain water, crop destruction, agricultural meteorology, Colombia, Bogota Savanna; 05382. soil frost, soil temperature, snow cover, Finland, Kuusamo; 01825. soil temperature, freezing index, ground freezing, permafrost, Canada; 10811. solonetz, solonchak, saline soil, salinity, Canada, Yukon Territory, Kluane National Park, Slims River Delta; 01582. surface runoff, percolation, snow, soil frost, flow path, frozen soil, soil water-heat model, infiltration, drainage flow, Sweden; 13437. tropical cyclone, premature frost, tardy frost, Mexico; 01841. weather service, highway authority, road surface temperature, forecast, 08986.

frost action
clay soil, temperature step, equilibrate technique, unfrozen water content, differential scanning calorimeter, 07281. clay soil, water location, suction, unfrozen water, ice location, clay shrinkage, Schofield equation, 07282. cryogenic, physico-chemical precipitation, iron, silica, calcium carbonate, migration of minerals, 11994. gelifluction, wash, cryoplanation surface, smooth slope, slope evolution, periglacial denudation, frost-riven cliff, cryopediment, rate of cryoplanation, Hungary, Tokaj Mountains; 12003. permafrost, mass-movement, periglacial smooth slope, fabric analysis, periglacial environment, periglacial process, Japan; Finland; Antarctica; 12006. sheep disturbance, land use change, soil, risk, accelerated erosion, arable land, upland, UK, England; Wales; 02731. silt-enriched, alpine, surface mantle, soil profile, granite gneiss, clay mineralogy, gelifraction, chemical weathering, vermiculite, illite, chlorite, smectite kaolinite, loess, USA, Wyoming, Wind River Range, Indian Basin; 12015. soil age relationship, Quaternary(Late), moraine, loess, Holocene, moraine, till, soil development rate, radiocarbon date, loess reworking, fire, New Zealand, Southern Alps, Arrowsmith Range; 07324.

frost activity
ice segregation, Pleistocene, loess deposit, till, seasonal freezing, permafrost, Italy; 07291.

frost crack
involution, pollen, chronology, periglacial structure, ice-wedge cast, China; 12005.

frost depth
airborne survey, dielectric permittivity, alluvial bedding pattern, ice thickness, groundwater prospecting, short pulse radar survey, USA, Alaska, Tanana River; 12264. palsa mire, snow depth, Finland, Utsjoki; 03039. snow cover, frost, precipitation, USA, Idaho, Reynolds Creek; 00708. soil temperature, temperature, energy balance, soil heat flow, surface energy balance, snow depth, 08878.

frost disturbed soil
anisotropy, sorted patterned ground, freeze thaw process, magnetic susceptibility anisotropy, matrix fabric, USA, Colorado; 03915.

frost fissure
fragipan, coversand, dune stabilisation, inland dune, Vistulian(Late), aeolian phenomena, palaeoenvironmental interpretation, stratigraphic interpretation, Pleni Vistulian grain, aeolian coversand, permafrost, Poland; 10790.

frost free period
solar radiation, evaporation, hill pasture, microclimate, Bellani plate evaporimeter, USA, Appalachian Mountains; 00728.

frost front
frost penetration rate, temperature gradient, clayey silt, salinity, solubility, cooling rate, solute partitioning, freezing soil, 10809.

frost heave
displacement transducer, segregational potential, field frost heave measurement, prediction, seasonal frost, time domain reflectometry, Konrad-Morgenstern theory, cumulative frost heave, Canada, Ontario, Ottawa; 01454. frost penetration, ice segregation, solute, soil structural stability, freezing, Conestogo soil loam, 08571.

frost heaving
freeze-thaw, micromorphology, injection feature, pipkrake, Spain, Catalonia, Montserrat Mountains; 01599. piping, forest clearing, quantitative study, debris movement, slope, sinkhole depression, fissure cave, weathering, block movement, creep, Czechoslovakia, Western Carpathians, Javorniky Mountains; 11896. stratified slope deposit, slope model, stratification mechanism, slope deposit, subequatorial mountain, solifluction sheet, creep, gelifluction, sorting, Bolivia, Andes; Peru, Andes; Ecuador, Andes; 10713.

frost induced wedging
stress release, neotectonic activity, isostatic rebound, methane hydrate, methane venting, glacial plucking, bedrock fragmentation, Precambrian, crystalline bedrock, Finland; 08466.

frost mound
ice lenses, permafrost, ground ice, palsas, Canada, Quebec, Schefferville; 03913.

frost penetration
ice segregation, solute, soil structural stability, freezing, Conestogo soil loam, frost heave, 08571.

frost penetration rate
temperature gradient, clayey silt, salinity, solubility, cooling rate, solute partitioning, freezing soil, frost front, 10809.

frost predicting
prediction accuracy, meteorological quantity, 10164.

frost risk
risk mapping, landscape planning, local terrain, 07719.

frost sorted pattern
regolith, patterned ground, soil erosion, miniature patterned ground, nets and stripes, Falkland Islands, L'Antioja Valley; 13068.

frost susceptibility
swelling, soil property, behaviour prediction, soil behaviour, test data, in situ testing, classification system, 13041.

frost weathering
exfoliation, cliff recession, notch formation, freeze thaw action, Japan, Asama Volcano; 09604. freeze thaw, experiment, salt weathering, chalk, 06195. freeze thaw, phase change, salt weathering, chalk, experimental weathering, 03925. notch formation, cliff instability, pumice flow, slope instability, salt weathering, Japan, Asama Volcano; 13062.

frost-point hygrometer
snow surface temperature, dew point hygrometer, thermistor, thermocouple, USA, New Hampshire, Hanover; 04204.

frost-riven cliff
cryopediment, rate of cryoplanation, frost action, gelifluction, wash, cryoplanation surface, smooth slope, slope evolution, periglacial denudation, Hungary, Tokaj Mountains; 12003.

frost-riving
wash line, archaeology, emergence, raised marine feature, radiocarbon date, sea level change, raised beach, Canada, Foxe Basin, Melville Peninsula; 11981.

Froude number
bedload transport intensity, Latyszenkows formula, Skibinskis formula, grain size distribution, bedload material, transport dynamics, Poland, Biala Nida River; 12176. dam, terrace, supersaturated flow, flow resistance, 08146. flow around obstacle, density stratified fluid, horseshoe vortex, flow reversal zone, 04296. landslide, wave, mathematical theory, 05787. numerical study, vortex formation, cyclone generation, USA, Colorado, Denver; 12422. stable flow, hill, linear theory, laboratory measurement, towing tank, dye plume, 07761. vortex shedding, flow pattern, mesoscale vortex shedding, rating stratified flow, Rossby number, 04187. wave drag, surface pressure, mountain pressure drag, 04242. wind forcing, estuary-ocean exchange, spring-neap tidal mixing, tidal mixing, estuarine circulation, hydraulic jump, Canada, Columbia, Strait of Georgia; North America, Strait of Juan de Fuca; 01627.

frozen
thawing, triaxial equipment, University of Oulu, freezing, 03756.

frozen bed
ice divide, metachronous pattern, glacial striae, ice flow reconstruction, palaeo ice sheet, flow pattern, deglaciation, Sweden; 07235.

frozen ground
mapping, freeze-thaw boundary, SMMR, Nimbus-7 SMMR data, soil surface temperature, USA, (Midwest); 02694. permafrost, buried snowbank ice, snowbank, ground ice genesis, Canada, Yukon Territory; 01453.

frozen rock
hydrate, natural gas, mathematical modelling, interaction, 03908.

frozen sand
creep, triaxial compression test, model, attenuating creep, 13181.

frozen soil
creep, thermal pile, placer gold mining, geocryology, Antarctica; China, Qinghai-Xizang Plateau; 01460. freezing, water redistribution, simulation, water retention property, hydraulic property, operational model, 02692. ground penetrating radar, active layer thickness, wet sedge tundra, USA, Alaska, Bethel; 00327. groundwater flow, unfrozen water, 00625. irreversible thermodynamics, rheology, regelation flow, experimental evidence, thermodynamic behaviour, complex visco plastic material, thermally induced regelation, Clausius-Clapeyron equation, 01450. macropore channel, preferential water movement, glacial till, snow melt, groundwater movement, potassium iodide tracer, unsaturated soil, 05240. soil moisture content, forest soil, infiltration, permeability, 02956. soil water-heat model, infiltration, drainage flow, frost, surface runoff, percolation, snow, soil frost, flow path, Sweden; 13437. thaw, rill erosion, gully erosion, arable land, acceptable soil loss, water erosion, snow melt, Sweden; 02735. variable source area model, lake water, discharge hydrograph, snowmelt temperature index model, drainage network, infiltrability index, storage, runoff modelling, snowmelt runoff, infiltration, Canada, Quebec; 01746. variable source model, mountain basin, runoff production, infiltration, China, Qilian Mountains, Binggou Basin; 08687.

frozen soil layer
bare soil, soil parameter, diurnal freeze thaw cycle, radiation penetration depth, 08074.

fruit production
precipitation data, temperature data, agroclimatology, China; 07722.

frustule
silica, diatom, particle size, biogenic silica, thermal stratification, USA, Great Lakes, Lake Michigan; 11786.

Fryrears model
threshold wind velocity, erosion hazard, wind tunnel, erosion model, prostrate vegetation cover, wind erosion, vegetation cover, wheat stubble, Australia, New South Wales; 10852.

FSR rainfall runoff method
FSSR16 rainfall runoff method, observed data, FSR statistical method, design flood estimation, rainfall runoff method, flood estimation, Flood Studies Report, UK; 07464.

FSR statistical method
design flood estimation, rainfall runoff method, flood estimation, Flood Studies Report, FSR rainfall runoff method, FSSR16 rainfall runoff method, observed data, UK; 07464.

FSSR16 rainfall runoff method
observed data, FSR statistical method, design flood estimation, rainfall runoff method, flood estimation, Flood Studies Report, FSR rainfall runoff method, UK; 07464.

Fuchs surface
aerosol monitoring, epiphaniometer, alpine aerosol, background aerosol, Switzerland, Jungfraujoch; 13718.

fuel
dustfall, calcium, chloride, sulphate, tar, boiler furnace, cane bagasse, Egypt, Abu Qurqas; 02039. methanol, ethanol, organic emission, alternative fueled vehicle, ozone, 06572. ozone formation, aldehyde, photochemical smog, vehicle emission, alcohol, 13692.

fuel additive
tert butyl alcohol, dimethyl ether, diethyl ether, methyl tert butyl ether, ethyl tert butyl ether, urban NHMC mix, ozone forming potential, oxygenated compound, organic compound, 11301.

fuel bed

wind, fire, wildfire, fire wind, fire front speed, flame, 10007.
fuel burning
agricultural burning, principal component analysis, visibility, pollution, sulphur, particulate matter, aerosol, USA, California; 02067.
fuel combustion
aerosol, pollution, size distribution, trace metal, particulate matter, motor vehicle, Puerto Rico, Ponce; 11399.
fuel cycle
warming potential, carbon dioxide equivalent, greenhouse gas, emission, 11282.
fuel layer
PAH, emission, combustion, crude oil, pollution, smoke, oil spill, organic carbon, 05538.
fuel oil combustion
aerosol, chemical mass balance, motor vehicle emission, sulphate, factor analysis multiple regression model, source apportionment, suspended particulate matter, refuse incineration, soil, sea salt, steel mill, vanadium, Japan, Tokyo; 05501. particle size distribution, aerosol, differential mobility particle sizer, aerodynamic particle sizer, 01982.
fuel property alteration
atmospheric chemistry, vegetation, wildland, fire, climate change, 13638.
fugacity based model
organics, partitioning, transport, foliage-atmosphere system, 03233.
Fujita scale rating
distribution map, tornado, wind speed probability, population bias, 10123.
full deramped signal
Brown model, Seasat, radar altimeter, 00995.
full glacial
Holocene, North Atlantic Drift, marine interglacial, interglacial circulation, Windermere Interstadial, Younger Dryas, radiocarbon age, Europe, (Northwest); 09561.
full glacial summer temperature
summer temperature, Wisconsinan, vegetational zonation, pollen, macrofossil, snail, boreal forest species, treeline, temperature depression, modelling result, CLIMAP, North America; 02662.
full scale
in situ study, road, reinforced, geotextile, 03792.
fully saturated problem
computer program, SWANDYNE-X, static behaviour, dynamic behaviour, quantitative solution, 01396.
fulvic acid
adsorption, clay mineral, humic acid, aluminium oxide, silicon oxide, organo metallic complex, 10873. aromaticity, nitrogen, humic acid, Oxisol, Spodosol, toposequence, Brazil, Amazonia; 12082. chlorination, organohalide, surface water quality, humic substance, France; 13350. Countesswells series, Tipperty series, iron concentration, soil solution, reversibility, iron(III) fulvic acid reaction, Mossbauer spectroscopy, 09612. electrical conductivity, hydrogeochemistry, humic fraction, inorganic fraction, surface water quality, dissolved organic matter, black water, coastal stream, USA, South Georgia, Little River; 12196. humic aggregate, light scattering method, reversible aggregation, sedimentation velocity, humic acid, UK, England, North Yorkshire, Whitray Beck; 13231. humic substance, Alfisol, Mollisol, chemical structure, humic acid, USA, Ohio; 10899. humus, leaching, aromaticity, swamp water, organic matter, NMR, humic acid, Australia, New South Wales, Myall Lakes; 05958. nutrient, lake, humic substance, iron, speciation, Netherlands, Lake Tjeukemeer; 11665. organic matter, Palaeocene, phosphorus, nitrogen, Nissenbaum, Tunisia, Gafsa Basin; 00129. organic wall, microfossil, organic substance, Holocene sediment, marine level, dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458. phenolic acid, Andosol, polyphenolic fraction, vegetation zone, humic acid, Mexico, Sierra Nevada, Iztaccihuatl Volcano; 13260. vugh, aggregate, structural improvement, humic acid, soil aggregation, micromorphological study, 07341.
fumigation
breakdown, nocturnal inversion, inversion breakup fumigation, Langevin equation, turbulence, Lagrangian particle model, 13686.
fumigation extraction technique
microaggregate stability, carbon mineralisation, nitrogen mineralisation, soil texture, microbial carbon, Alfisol, Vertisol, 10875.
functional capability
GIS, evaluation, municipal model, Canada, Ontario; 13816.
functional dependency
relational database, 04546.
functional programming
database machine, relational query language, engineering database, 03354.
functional sensitivity analysis
soil water storage, soil hydraulic function, Netherlands, Hupselse Beek Watershed; 00441.
functionality
aid agency, GIS, training aid, Africa; 11496. policy environment, GIS, planning practice, Netherlands; 10454.
functioning intensity
productivity, geosystem functioning, 08323.
fund
coast management, tax, user fee, beach nourishment, USA, Delaware; 05881.
funding
atmospheric research, weather survey, UK; 00665. strategic plan, cost-benefit analysis, GIS, technical issue, 01069. WMO, Voluntary Co-operation Programme, UK; 00678.
fungal activity
calcium oxalate carbonate cycle, pedogenic calcrete, calcrete hardening, Israel, Galilee; 07385.
fungi
calcrete, litho diagenesis, semiarid area, pore, calcium carbonate, calcium oxalate, 10605. hygroscopic spores, spore release, mould problem, buildings, ventillation, humidity, air velocity, 13676. sponge, boring, carbonate, reef, microboring, pelecypod, algae, Mexico, Yucatan, Cozumel; 00150.
fungicide
pesticide residue, soil biochemical factor, copper toxicity, soil toxicity, Costa Rica; 10934.
fungicide accumulation
transformation product, organotin residue, leaching, fentin acetate, sandy soil, Netherlands; 07350.
funnel
vortex breakdown, tornado, waterspout, whirlwind, 11263.
funnel cloud
wall cloud, wind spectra, tornado, Doppler radar, wind field, 11262.
Fuquay soil
soil exchanger, model soil exchanger, fluoro aluminium complex, fluorine, aluminium, kaolinite, exchange reaction, cation exchange resin, USA, South Carolina; 10889.
furrow irrigation
agricultural crop, irrigation water, infiltration, soil water regime, 09730. irrigation, cumulative infiltration, furrow length, land gradient, water intake, system design, water management, 06407.
furrow length
land gradient, water intake, system design, water management, furrow irrigation, irrigation, cumulative infiltration, 06407.
fuzziness
GIS, image interpretation, land unit boundary, uncertainty, 12662.
fuzzy
relational database, model, 04543.
fuzzy c-means
segmentation, image, colour, 04502.
fuzzy classification
land cover, suburban zone, spatial resolution, 11628.
fuzzy classifier
mixed pixel, knowledge based analysis, urban boundary detection, GIS, 08133.
fuzzy component
extrema detection, image processing, 03335.
fuzzy factorial analysis
snow avalanch, snowpack, tree damage, stability, avalanch, fuzzy set, 04923.
fuzzy grouping
geostatistics, soil mapping, Australia, South Australia, Mount Lofty Ranges, Forreston; 01568.
fuzzy image
image subset, object extraction, area coverage index, 09098.
fuzzy inference
reservoir operation, expert system, water resource management, storage reservoir, inflow hydrograph, reservoir volume, inflow rate, 09944.
fuzzy inference method
expert system, runoff forecasting, long term forecasting, 09811.
fuzzy information representation
image classification, supervised classification, classification accuracy, 05609.
fuzzy logic
analysis uncertainty, terrain analysis, photointerpreter, Bayesian technique, 07940. multitemporal image, image classification system, Italy; 11460.
fuzzy regression
statistical hydrology, regression analysis, maximum average vagueness criterion, prediction vagueness criterion, soil electrical resistivity, hydraulic permeability, 04019.
fuzzy relational data model
agricultural land resource management, data analysis, GIS, classical set theory, Indonesia, Java; 03357.
fuzzy set
category, 03356. fuzzy factorial analysis, snow avalanch, snowpack, tree damage, stability, avalanch, 04923. greyness ambiguity, object enhancement, 09099. image skeletonisation, thinning, 03313. natural language, spatial relation, 04515.
fuzzy set concept
linguistic value approach, satellite data interpretation, 10249.
fuzzy sets theory
Monte Carlo method, reservoir, compaction, porosity, carbonate, 08310.
g and h distribution
probability density function, concentration fluctuation, plume, boundary layer, 00722.
G max
oedometer, DSS test, bender element, triaxial testing, 03744.
gabbro-diorite
vermiculite, amphibole, micromorphology, weathering profile, 01529.
gabbroic rock
chemical weathering, relative dating, lichen, differential weathering, feldspar, pyroxene, arctic alpine environment, Norway, Leirdalen; 03927.
Gabriel graph
closest point graph, Voronoi tessellation, Delaunay triangulation, minimum spanning tree, relative neighbourhood graph, 12648. Euclidean plane, neighbourhood graph, 11455.
Gafsa
phosphate rock, dissolution, phosphorus sink, calcium sink, 07363.
Gaia
biota, fractal dimension, chaos, daisyworld, 05277.
galactic origin
Earth, universe, water, ice, 12128.
galactic process
geological rhythm, glacial period, glacial epoch, 08418.
galaxy
Earth satellite, surveyor, satellite, 11414.
Galdenoch Formation
Ordovician, greywacke, sedimentary provenance, Kirkcolm Formation, isotopic composition, strike slip movement, UK, Scotland, Southern

Uplands; 08244.
gale
mud, suspended matter, seabed, dredging, transport, Netherlands; Belgium, Zeebrugge; 02342. tree line, climatic change, tree ring, soil water, 02994. winter(1989/90), stormy weather, UK; 08849.
Galerkin finite element method
convection, dispersion, porosity saturation variation, Peclet number, saturated flow, unsaturated flow, groundwater flow, one dimensional flow, mass transport equation, 07526. vertical water flow, groundwater flow, solute transport, mass transport, unsaturated-saturated flow, 02899.
Galerkin method
beach, longshore current, engineer, shear stress, velocity distribution, 12828.
Galerkin's method
molecular diffusion, salt water intrusion, coastal aquifer, fresh water-salt water interface, dispersion, 04118.
Galgelokke Member
tidal range, delta, Cambrian, Jurassic, Denmark, Bornholm; 03599.
gallery forest
river bed migration, stress, disturbance, vegetation dynamics, overgrazing, cattle breeding, Argentina, Chaco Region; 08329.
Galway Formation
Ordovician, Cambrian, burial, oil, porosity, USA, New York, Washington County; 11655.
game theory
groundwater contamination, transmissivity value, parameter uncertainty, parameter configuration technique, aquifer restoration, 07566.
gametophyte
Macrocystis, sewage, toxicity, kelp bed, sediment loading, USA, California, Palos Verdes Peninsula; 04774.
gaming tool
thematic mapping, management simulation, planning, 06934.
gamma beam method
soil bulk density, water content, soil property, 09725.
gamma density meter
moisture storage, melt water, infiltration, evaporation, fen, water balance, soil moisture change, hydrological process, permafrost environment, 13438.
gamma distributed stream length
rainfall runoff model, hillslope velocity term, hillslope effect, geomorphologic instantaneous unit hydrograph, instantaneous unit hydrograph, hydrograph, 08664.
gamma distribution
air quality control, pollution, lognormal distribution, normal distribution, 01972. ecosystem, weather simulation, Markov chain, China; 10207.
gamma dose rate
nuclear weapon test, soil, forest, caesium-137, USA, (Northeast); 00430.
gamma emitter
radioactivity, sea water quality, surface water quality, groundwater quality, water quality monitoring, gamma-ray spectral analysis, Hong Kong; 04022.
gamma fallout
clean air, Chernobyl effect, precipitation, fossil fuel consumption, carbon-14, Sweden; 05553.
gamma radiation
indoor pollution, radium, radon, USA, (Northwest); 00838. National Remote Sensing Hydrology Program, snow water equivalent, meltwater, remote sensing, surface measured data, stream flow forecasting, National Weather Service, Airborne Gammaa Radiation Snow Survey, USA; 02941.
gamma radiation attenuation
estimate variation, measurement, snow water equivalent, computer simulation, airborne measurement technique, 00623.
gamma ray curve
geochemical log, pore fluid, continental margin, uranium, well logging, ooze, mudstone, 02489.
gamma ray density gauge
port, siltation, engineering, harbour, China, Lianyun Harbour; 02491.
gamma sterilised soil
enzyme activity, denitrifying enzyme, irradiated soil, dentrification potential, soil physical property, chemical property, 10894.
gamma-ray spectral analysis
gamma emitter, radioactivity, sea water quality, surface water quality, groundwater quality, water quality monitoring, Hong Kong; 04022.
gammacerane
organism, hopanol, tetrahymanol, diplopterol, triterpenol, USA, California, Santa Monica Basin; 07095.
Gangapurna
Neoglaciation, Pisang, Manang, Buradhan, Omdu, moraine, monsoon, glacial landform, glacial advance stage, Annapurna, Little Ice Age, Nepal, Himalayas, Manang Valley; 03884.
gap probability
illumination, infrared radiometer, conifer tree canopy, 12749.
Gapon selectivity
ion chromatography, multicomponent transport modelling, transport model, fresh water salt water interface, groundwater chemistry, salt water displacement, dispersivity, geochemical mixing cell model, water displacement, 12255.
garnet
Cretaceous, sandstone, Shimanto Terrane, heavy mineral, source area, provenance, Japan, Yahagi River; 11731.
garrigue
climatic condition, Quaternary(Late), multivariate analysis, palynological data, phytosociological data, Tenagi Philippon core, interglacial, evergreen oak forest, steppe vegetation, maquis, Greece; 10758.
gas
continental shelf, nitrogen, sediment burial, organic matter, Pacific, (North); 07013. diagenesis, sandstone, porosity, cementation, reservoir, 01187. hydrocarbon, mud volcano, volcano, Italy, Emilia-Romagna, Modena, Nirano; 12876. hydrocarbon, PAH, organic matter, continental margin, oil, 07058. migration, carbon dioxide, hydrocarbon, methane, isotope, Hungary, Pannonian Basin, Bakes Basin; 02462. organic matter, Quaternary, marine deposit, methane, Denmark, Jutland; Kattegat Sea; 04858. sandstone, hydrocarbon, reservoir, trap, Cretaceous, diagenesis, Canada, Alberta, Berrymore-Lobstick-Bigoray Fields; 04801. slurry, aromatic compound, anoxic sediment, marine sediment, fresh water sediment, syringic acid, anaerobic degradation, sulphur, demethoxylation, 07085.
gas absorption
aqueous chemical reaction, cloud microphysics, droplet chemistry, acid rain model development, precipitation rate, 05506. wind tunnel, water drop, hydrogen peroxide, scavenging, acid rain, mass transfer, washout, sulphur dioxide, 09019.
gas bubble
suspended matter, pollutant, surfactant, flotation, sediment-water interface, partitioning, Italy; 04790.
gas chromatograph analysis
flame ionisation detection, thermal desorption analysis, brackish groundwater, groundwater contamination, sedimentary rock aquifer, benzene, toluene, xylene, 00610.
gas chromatographic analysis
impurity, benzene purity, radiocarbon dating, 02569.
gas chromatography
diffusion coefficient, organic substance, high performance liquid chromatography, stopped elution method, 09732. dissolved oxygen, acetate, propanoate, butanoate, carboxylic acid, drainage water quality, sediment, drainage channel, hypoxic sediment, eutrophic channel, 04135. flame ionisation, photo ionisation, carbonyl compound, oxygenated hydrocarbon, sampling, cryogenic trapping, trace gas, 03211. flame, photometric detection, traffic density, suspended particulate matter, benzothiazole, urban pollution, pollution, tyre tread, pyrolysis, 00849. mass spectrometry, carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, geochemical evolution, dissolved organic carbon, liquid chromatography, groundwater dating, recharge zone, groundwater residence time, 04141. mass spectrometry, dimethyl sulphide, isotope dilution, 09035. organosulphur compound, dimethylsulphide, trosphere, Atlantic; 06649. PAH, 09045. Paleozoic, lacustrine, source rock, Greenland; 04861. PAN, calibration, technique intercomparison, luminol, 11151. PAN, marine boundary layer, Atlantic; 12518. pollution, particle, sampling, quartz fiber filter, polychlorinated dibenzo-p-dioxin, polychlorinated dibensofuran, PCBs, 00842.
gas chromatography mass spectrometry
lake sediment, PAH, high performance liquid chromatography, ultraviolet fluorescence detection, 04876.
gas chromatography-mass spectrometry
insertion probe, oil, biomarker, mass spectrometer, tandem mass spectrometry, 05974. phthalate ester, industrial pollutant, surface water contaminant, UK, England, Greater Manchester, Irwell River; Etherow River; 01679. pollution, volatile organic pollutant, thermodesorption, amines, U. dimethylhydrazine, sampling, 03270.
gas chromatography/mass spectrometry
air monitoring strategy, personal exposure, volatile organic compound, indoor pollution, air quality monitoring, sampling, sorbent cartridge sampling, USA, California, Los Angeles County; 03217.
gas composition
stratosphere, radiative photochemical model, methane, nitrogen, chlorine, ozone, anthropogenic effect, photochemistry, 12526.
gas contamination
radiocarbon measurement, random error, Debrecen radiocarbon laboratory, methane filled counter system, Hungary, Debrecen; 04939.
gas content
ice core, ice gas content, ice formation elevation, thinning, ice sheet, Antarctica, East Antarctica, Mizuho Plateau; 00345.
gas deposit
swell like uplift, lithospheric uplift, glacio isostasy, oil deposit, Europe, (North); 08376.
gas diffusion
stably stratified flow, complex terrain, wind tunnel, USA, Steptoe Butte; 05403.
gas emission
particulate emission, biosphere, biomass burning, 06520. warming, methane, nitrous oxide, ozone, carbon dioxide, afforestation, global change, 07800.
gas exchange
International Global Atmospheric Chemistry Programme, atmospheric chemistry change, air sea exchange, marine exchange, aerosol exchange, 06469. radon deficit technique, global oceanic sink, air sea gas exchange, stormy sea, tracer technique, carbon dioxide, sea surface, 09078. spectral reflectance, cotton leaf, leaf, water, 02239.
gas exchange process
fossil fuel combustion, global carbon cycle model, terrestrial biosphere, climatic condition, marine biosphere, 05494.
gas exchange rate
first order stream, tracer test, surface water quality, groundwater inflow, oxygen uptake, 04077.
gas field
sandstone, Miocene, porosity, cement, reservoir, USA, Texas, Picaroon Field; 00011.
gas fired power station
pollution, nitrogen oxide, photochemical trajectory model, ozone, hydrocarbon, boundary layer, Australia, Melbourne; 03156.
gas flow
pressure sensor, data logger, coal mine, 12719.
gas hydrate
green clay, glauconite, hydrothermal activity, mineral deposit, phosphorite, pyrite, 11811.
gas lifetime
product yield, alkane transport, hydrocarbon mixture, carbon, 09020.
gas liquid partitioning
formic acid, acetic acid, transport, cloud, dew water, 06595.
gas particle chemical interaction
particle size distribution, aerosol, Arctic aerosol, cascade impactor sam-

pling, aerodynamic diameter, sulphur, proton induced X-ray emission, sea salt, chlorine, Arctic; 05519.
as particle distribution
nitric acid, nitrous acid, particulate nitrate, sulphur dioxide, particulate sulphate, annular denuder, filter pack, 12540.
as particle sorption kinetics
organic compound, Crank-Nicolson finite difference scheme, particle size distribution, particulate, radial diffusion model, 05536.
as phase
PAH derivative, photochemical episode, France, Paris; 07823.
as phase chemistry
heterogeneous chemistry, stratosphere, hydrogen chloride, hydrogen fluoride, Arctic; 00830.
as phase chemistry model
pollution transport, ozone, STEM II model, transport model, Japan; 11314.
as phase mixing ratio
hydrogen peroxide, marine, tropospheric atmosphere, chemiluminescence, 06655.
as phase process
aqueous sulphate production, stratus cloud, cloud condensation nucleus, marine atmosphere, atmospheric particle, cumuliform cloud, 08971. cloud chemistry, aerosol chemistry, nitrate radical, 13657.
as phase profile
cloud chemistry, wet deposition, sulphate linearity, precipitation chemistry, 13687.
as phase reaction
laser photofragment emission, photolysis, 06621.
as pipe
electricity line, surveying system, property register, water pipe, Switzerland, Bern, Muri; 06914.
as proportional counter
radiocarbon dating, background pulse spectrum, liquid scintillation counter, 02576.
as pycnometer
particle density, volcanic soil, Martinique; 00443.
as signal detection
greenhouse gas, signal, space, hydrological cycle, moisture field, 11286.
as stripping scrubber
ammonia measurement, differential optical absorption spectroscopy, 06673.
as to particle conversion
acid aerosol, binary nucleation, aerosol, sulphuric acid, condensation, coagulation, nitric acid, 03160. nucleation, stratispheric ion, aerosol chemistry, cirrus cloud, microphysics, stratosphere, volcano, cosmic ray, 10215.
as to particle partitioning
adsorption theory, semivolatile organic chemical, aerosol, organic compound, relative humidity, 12551.
as transfer
arctic lake, carbon budget, carbon dioxide, groundwater transport, carbon dioxide flux, surface water chemistry, arctic stream, tundra, 12203.
as transfer rate
mass accommodation coefficient, trace gas exchange kinetics, air-water interface, 06632.
as transfer velocity
lake, carbon dioxide, air sea exchange, wave breaking, wind speed, sulphur hexafluoride, 05409.
as transport model
aggregated soil, reactive gas uptake, transport behaviour, 07336.
as well brine
macropore soil water, micropore soil water, forest hydrology, groundwater quality, heavy metals, wastewater disposal, water chemistry, 00614.
as works
PAH, volatile organic compound, groundwater contamination, organic contaminant, USA, Washington, Seattle, Gas Works Park; 04140.
as-to-particle conversion
dimethylsulphide, sea salt, sulphate, marine aerosol, aerosol, review, particle size distribution, 13696. secondary formation, carbonaceous aerosol, aerosol, carbon concentration, organic carbon, USA, California, Los Angeles Basin; 13655.
as-water-rock carbon isotope exchange
carbon-14, groundwater residence time, unsaturated zone, carbon isotope exchange, 04146.
aseous effluent
nuclear power plant, carbon dioxide, carbon monoxide, hydrocarbon, liquid scintillation counting, pressurized water reactor, tree ring measurement, carbon-14, Hungary, Paks; 05481.
aseous flux
hydrogen peroxide, carbon dioxide, water, sulphur dioxide, ozone, emission, branch chamber, 02026.
aseous mercury concentration
mercury distribution, volcano, Italy, Vulcano; Stromboli; Mediterranean; 07888.
aseous nitric acid
Nitric Acid Trihydrate, aerosol, supersaturation, condensation nuclei, nitric acid aerosol formation, stratosphere, Arctic; 05547.
aseous water
air sampling system, hydrogen peroxide, 09016.
ash model
Mulder model, throughfall, interception, forest hydrology, rain forest, humid tropics, Ivory Coast, Tai Forest; 01631.
asoline
lead, volatile halogenated hydrocarbon, carbonyl, automobile, risk factor, motor vehicle, pollution, Italy, Turin; 00809. ozone, motor vehicle, pollution, photochemical pollution, methanol, 00879. petrol, photochemical smog, methanol, greenhouse gas, carbon dioxide, emission control effort, alternative fuel, air quality debate, USA, California; 05703.
asoline production
lead cycle, pollution, anthropogenic input, Atlantic, (Northeast); 08211.
gasoline station
storage tank, GIS, site change monitoring, USA; 06933.
gasteropod shell
travertine, landsnail, palaeotemperature, isotopic component, France, Seine Valley; 05922.
gastropod
lebensspuren, Plectonema, bioerosion, oyster shell, cyanobacteria, boring, polychaete, Nigeria, Cross River; Qua Iboe River; Nigeria, Gulf of Guinea; 09437.
gathering
pictograph, Pleistocene, human population, megafauna, stone tool, lithic tool, hunting, Brazil; 13094.
Gau landscape
microrelief, Quaternary, loess, Germany, Enz-Neckar Area; 00223.
gauge distribution
domain theory, precipitation estimation, rainfall measurement, snowfall measurement, precipitation gauge, forest hydrology, water use, stream flow, water quality, UK, Scotland, Balquhidder; 08650.
gauge network
areal rainfall, radar data, sampling error, rain gauge, network configuration, 05114. dual-polarisation radar, precipitation event, rainfall rate, 09968. flow measurement, data collection, cost evaluation, data value, flood protection, stream gauging, UK, England; 04181. influence approach region, regional flood frequency, flood frequency analysis, stream gauging, 08662.
gauged catchment
spatial water balance distribution, model calibration, temporal water balance distribution, water resource, water management, water balance, Belgium, Flanders; 06400.
gauging
hydrological data, hydrological network, economic benefit, hydropower, irrigation, flooding, China, Yellow River Basin; Jiulongjiang River Basin; 08642.
gauging network
hydrometric network, water level, cost-benefit analysis, network design, 04180.
gauging station
hydrological network, developing country, rain recorder, data collection, hydrological data, South Africa, Transkei; 10966. mountain stream, stream gauging, bedload, drop sill, overflow weir, 08710. stage discharge measurement, data base management, water management, hydrometric network, data processing, hydraulic structure, waterway, Belgium, Flanders; 09941. stream flow, data collection, monitoring network, Canada, Manitoba, Pembina River; 13322.
gauging structure
measurement method selection, expert system, flow measurement, stream gauging, 09812.
gault
Folkestone Bed, Lower Greensand, phosphate clast, nodule bed, Sulphur Bank, UK, England, Kent, Folkestone; 00127.
Gauss
Brunhes palaeo oceanographic record, micropalaeontological analyses, polar front, fluctuation, Atlantic; 03859.
Gauss Chron
opal, diatom, Matuyama Chron, Olduvai, Jaramillo Subchron, Brunhes Chron, sea ice cover, Pliocene(Late), Pleistocene, palaeoclimate, diatom preservation pattern, Southern Ocean, Jane Basin; Antarctica; 01423.
Gauss Markov evaluation
radiometric consideration, image inversion, digital photogrammetry, analytical photogrammetry, image coordinate, 12603.
Gauss Markov optimisation approach
piezometric head, parameter estimation, environmental tracer, aquifer model, basin transmissivity, basin storativity, groundwater flow, hydraulic head distribution, mass balance equation, 09875.
Gauss Newton algorithm
parameter estimation, concentration data, matrix diffusion, matrix adsorption, groundwater flow, coupled flow, solute transport, inverse method, model calibration, aquifer model, maximum likelihood estimation theory, 09878.
Gauss Newton method
Newton method, optimisation method, adjoint state method, inverse problem, gradient method, groundwater flow, parameter estimation, estimation uncertainty, maximum likelihood problem, 09869.
Gauss Newton plus Line Search method
inverse problem, adjoint state conjugated gradient method, computer algorithm, parameter estimation, multi aquifer system, groundwater flow model, model calibration, Germany, Venloer Scholle Aquifer System; 09862.
Gaussian component
cloud amount, cloud frequency distribution, cloudiness analysis, 07783.
Gaussian diffusion
air quality, pollution, urban environment, carbon monoxide, nitrogen oxide, particulate matter, lead, motor vehicle, UK, England, London, Haringey; 00815.
Gaussian dispersion model
on line model, dispersion model, wind fluctuation, turbulence, tall stack, 13530. particulate matter, respirable size range, dispersion coefficient, pollution, dust, 04417.
Gaussian distribution
vertical velocity distribution, planetary boundary layer, updraught, dispersion model, 03057. wet deposition, sampling strategy, outlier detection, statistical analysis, zinc, copper, chromium, nickel, cadmium, 04434.
Gaussian filter
image segmentation, corner detection, edge detection, 07982.
Gaussian model
dispersion, complex terrain, tracer transport, USA, California; 04459. industrial source, environmental planning, urban region, sulphur dioxide, India, Hyderabad; Mangalore; India, Nagpur; 07878.
Gaussian operator gradient
weak edge, multiple scale, edge contour, 07978.
Gaussian plume

carbon monoxide, dispersion model, traffic density, vehicular traffic, Kuwait; 13729. dispersion model, odour concentration, peak to mean concentration ratio, stability class, wind speed, 01993.

Gaussian plume model
dispersion model, sulphur dioxide, Australia, Victoria, Latrobe Valley; 01994. dispersion model, uncertainty model, source, emission estimate, Monin-Obukhov similarity theory, 12511. nitrogen oxide, ozone, plume model, macromixing process, micromixing process, 05513. wind veering, pollutant dispersion, sea breeze, turbulent diffusion, 05473.

Gaussian smoothing
polygonal approximation, dominant point, 12646.

Gaussian statistical parameters
autoregressive model, pixel to pixel correlation, classification performance, TM data, 07967.

gaylussite
magadiite, eitelite, lake, micromorphological study, sediment core, high salt content, nahcolite, Sudan, Darfur, Mahla Crater Lake; 01426.

gazetteer
atlas, database, 05687. geographical coordinate, topographic map, USA, North Dakota; 12672.

GBF/DIME system
rural problem solving, school facility planning, address matching, 08020.

GCM
climate change, soil moisture, evapotranspiration, drought, 04346. katabatic flow, geopotential height, thermal gradient, surface pressure, Antarctica; 04228. land surface-atmopshere coupling, runoff, evaporation, tropical forest, regional climate, precipitation, 04323. nitrous oxide, trace constituent, stratospheric warming, tracer transport model, balloon observation, 04388.

GCM experiment
ice age, equilibrium response, surface temperature, carbon dioxide, climate change, 04334.

GCM simulation
palaeoclimate, glacial, interglacial, terrestrial, marine temperature estimate, test, Indian Ocean; 04964.

Gehannam Formation
tomb, cement, halite, sodium chloride, Eocene, Egypt, Fayum Depression, Fag-el-Gamous; 12866.

gel
electron diffraction, ferric iron, ferrous iron, nontronite, high resolution electron microscopy, oxidation, 12989.

gel amendment
soil amendment, soil physical condition, field seedbed, 09660.

gel chromatography
soil organomineral, molecular weight, humic substance, metal ion, USSR, Moscow; 00403.

gel permeation chromatography
organic matter, deionized water, Fractogel TSK, humus, 05088.

Gelberbrunnen spring
Sieben Hengste-Hohgant cave System, Barenschacht, speleothem, fault movement, karst, neo-tectonics, cave, Beutushohle, Batterich, Switzerland, Thun Lake; 02558.

Gelbstoff
factor analysis, aerial photography, river, coastal water, suspended matter, phytoplankton, 12795.

Gelidium
photosynthesis, physiological response, Pterocladia, Rhodophyta, Portugal, Azores; 04841.

gelifluction
debris flow, Holocene, slope process, periglacial, mountain area, mass wasting, deglaciation, Little Ice Age, Poland; Scandinavia; 13188. periglacial effect, asymmetry, Pleistocene, slope deposit, Culm series, Czechoslovakia, Moravia; 03829. sorting, frost heaving, stratified slope deposit, slope model, stratification mechanism, slope deposit, subequatorial mountain, solifluction sheet, creep, Bolivia, Andes; Peru, Andes; Ecuador, Andes; 10713. wash, cryoplanation surface, smooth slope, slope evolution, periglacial denudation, frost-riven cliff, cryopediment, rate of cryoplanation, frost action, Hungary, Tokaj Mountains; 12003.

gelifluction deposit
Kesgrave Formation, Valley Farm soil, Barham Soil, cambering, gull, micromorphology, Pleistocene sediment, soil, Westland Green Gravel, Anglian, UK, England, Essex, Stebbing; 06155. permafrost, pleniglacial, colluvial deposit, palaeopedology, interglacial, pedological phenomena, sedimentary phenomena, climatic phenomena, colluvial deposit, Eemian interglacial, France, Dordogne, Les Tares; 06156.

gelifraction
chemical weathering, vermiculite, illite, chlorite, smectite kaolinite, loess, frost action, silt-enriched, alpine, surface mantle, soil profile, granite gneiss, clay mineralogy, USA, Wyoming, Wind River Range, Indian Basin; 12015. progradation, wind erosion, stratigraphy, palaeoenvironmental significance, loess, shore platform, Adriatic Sea, Dalmatian Archipelago, Susak Island; 07214. shoreline, Mediterranean, mountain, dynamics, chronology, Quaternary detritism, mudflow, flood, till, glaciation, France, Corsica; 01383.

genealogical study
map, Borculus,H., Israel, Jerusalem; 02167.

general circulation
climate model, scale problem, surface moisture, moisture flux, evaporation, hydrologic model, 07700. El Nino/Southern Oscillation, long range forecasting, forecast, Northern Hemisphere, Southern Hemisphere, Zimbabwe; 07793. intraseasonal oscillation, wave train, circulation oscillation, 13589. statistical method, numerical modelling, rainfall anomaly, El Nino, tropical climate, climate prediction, 10157. tropical Africa, energy parameter, water balance, Africa; 11609.

general circulation climate model
heat meridional transport, climate change, 08918.

general circulation model
air-sea interaction, coupled general circulation model, El Nino/Southern Oscillation, surface stress, Hopf bifurcation, bifurcation diagram, 01891. biosphere model, land surface atmosphere interaction, radiation, remote sensing, 07705. boundary condition, air sea interaction, El Nino/Southern Oscillation, intraseasonal variation, atmosphere ocean model, 05411. carbon dioxide, climate change, sub grid scale process, 05445. CLIMAP Project, European Centre for Medium Range Weather Forecasts, atmospheric response, ice age condition, climatology, Earth surface, 11284. climate change, ice sheet, sea ice, sensible heat flux, ice lead, Antarctica; 03113. climate change, sea surface temperature, sea level pressure, Atlantic, (North); 10050. climate forecasting, climate change, brightness change, solar type star, solar luminosity variation, 08997. climate sensitivity, temperature, pressure, wind pattern, precipitation, sea ice, Arctic; 05441. evapotranspiration, runoff, atmospheric model, soil moisture, precipitation, topography soils index, water balance flux, land surface atmosphere interaction, surface hydrology, climate modelling, 12129. forecast error, climate drift, stratosphere, 10058. forecasting, climate scenario experiment, climate drift, carbon dioxide, greenhouse gas, Global Weather Experiment, 08999. forty month signal, quasi-biennial oscillation, Chandler tide, coupled ocean-atmosphere model, 03093. fossil indicator, geologic time scale, climate change, data model comparison, glacial interglacial change, tectonic process, 05457. geographical distribution, observed variability, modelled variability, extratropics, 13576. greenhouse effect, carbon dioxide, control run, climate variability, 11234. greenhouse effect, water circulation, warming, ocean, Atlantic, (North):; 10037. greenhouse gas, climate change, transient response, regional effect, global mean warming, climate sensitivity, carbon dioxide, 05463. ice deposition, sedimentation, sublimation, ice crystal, parameterisation, ice cloud, water content, 10127. instrumental data, impact analysis, climate scenario, regional scenario, 07798. Kelvin CISK theory, oscillation, diabatic heating, low frequency dynamics, tropics, 12400. lag, feedback, palaeoclimatic modelling, equilibrium climate model, 09535. mass conservation, negative specific humidity, shape preserving method, advection process, computational aspect, moisture transport, 13578. Milankovitch, albedo forcing, tropical monsoon, geological evidence, numerical simulation, sensitivity experiment, Quaternary, palaeoclimatology, monsoon, lake level, Africa; 09540. Monin Abukhov similarity theory, boundary layer, turbulence closure scheme, soil heat conduction, Arakawa Schubert method, orography, subgrid scale physics, numerical weather prediction, 05438. monsoon, convection scheme, cloud ensemble characteristics, stability dependent closure, UK Meteorological Office, 10112. monsoon, sea surface temperature, model sensitivity, 10062. nonlinear model, stationary wave, wave response, tropical sea, sea surface temperature, 13583. normal mode projection, gravity mode, wind, Rossby mode, 00755. ocean circulation, water vapour transport, salt, 10030. ocean to amosphere flux, carbon monoxide flux, global inventory, climate implication, 10227. outgoing longwave radiation, empirical orthogonal function, barotrophic instability, tropical extratropical interaction, oscillation, extended range prediction, forecast, 12401. phosphate, oxygen, organic carbon, carbon cycle, 11782. planetary wave, weather regime, 01882. precipitation, radiation, land surface hydrology, regional field, model validation, surface process, 07749. radiation balance, climate model, clouds radiation interaction, 10057. rain, raincloud, climate, 13477. rainfall climatology, hydrological cycle, land air flux, Simple Biosphere model, biosphere, 06494. regional climate simulation, nested mesoscale model, limited area model, Europe; 08933. sea surface temperature change, climate change, cloud feedback, climate feedback process, 06528. skill, glaciation, precipitation, model, 12498. soil water storage, climate, equilibrium state, land surface, hydrology, precipitation, evaporation, 07699. stationary wave, thermal forcing, asymmetric climatology, diabatic heating, 01869. surface flux, coupled atmospheric ocean model, 08890. tectonics, glaciation, aridification, Cenozoic(Late), plateau uplift, climate change, plateau uplift, 09538. thermal forcing, low-frequency pattern, stationary wave, streamfunction, 01889. transient forcing, linear diagnosis, stationary wave, 13574. tropospheric hydroxy radical, chemical tracer model, tracer model, 09060.

general circulation model experiment
deep water circulation, gyre system, water formation, model result, sensitivity analysis, Cenozoic, ocean circulation, 08432.

general circulation model grid resolution
agricultural activity, water supply, surface climate, Biosphere Atmosphere Transfer Scheme, climate model, land surface, climatology, hydrology, precipitation, Australia; 07745.

general circulation model performance
Antarctic wind, inversion strength, mass balance, Antarctica; 08936.

general circulation model simulation
climatic condition, water discharge, last deglaciation, radiocarbon date, Younger Dryas, melt water cooling, USA, Gulf of Mexico; 08439.

general circulation model study
global climate data, bioclimatic distribution, vegetation, 06490.

general circulation modelling
palaeoclimate, glacial climate change, interglacial climate change, climate change, pollen, aeolian evidence, climate modelling, forcing, 10732.

general circulation pattern
climate change, sea level rise, water balance, Caspian Sea; 05455.

general extreme value distribution
Arnell et al. formula, In na formula, statistical method, probability plotting position, Cunnane formula, Gringorten formula, EV1 distribution, unbiased plotting positions, 10968.

general linear inversion
numerical weather prediction, inverse problem, 04322.

general planation model
peat soil, soil cover, planation, perhumid tropical zone, humid climate, ferrallitic soil, podzol, tropics, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680.

general stress apparatus
stress test, granular material, 03750.

general system theory
aerial photograph, denudation, caesium 137, geomorphological process, field experiment, sediment budget, Poland; 08325. Davis, geomorphological system, geomorphology history, erosion cycle, dissipative system, dynamic equilibrium, 11829. relief form hierarchy, oromorphological relief, cartography, geomorphological modelling, 00204.

eneral systems theory
chaos theory, geomorphological theory, Theoretical Geomorphology third edition, fractal geometry, 08318.
eneralisation
dot mapping, ecumene, choropleth mapping, agricultural data, GIS, Canada; 01033. linear object, mathematical index, map production, 10352. map design, symbolisation, 05671. national atlas, rule base, base map production, Canada; 01082.
eneralisation algorithm
data structure, numerical generalisation, river network, 13965.
eneralisation scheme
river network generalisation, drainage area, 09275.
eneralised stress path
principal stress rotation, sand, stress path dependent soil behaviour, hollow cylinder, torsional apparatus, 06020.
eneralized extreme value distribution
flood forecasting, flood frequency analysis, flood magnitude, return period, partial probability weighted moment, 09806. historical flood data, parameter estimation, flood frequency analysis, probability weighted moment, partial probability weighted moment, 09807.
eneralized sensitivity analysis
Monte Carlo simulation, confined aquifer, aquifer system model, sensitivity analysis, model calibration, transmissivity, groundwater flow, Australia, Victoria, Mildura; 09866.
eneralized theory
visco elasticity, London Clay, elasticity, laboratory test, shear modulus, test, 04907.
enericity
terminal moraine, field evidence, past ice sheet, structural stability, 00289.
eneris
knowledge base management system, 04569.
enesis
atoll morphology, palaeoecological study, cored well, lagoon, fringing reef, preferential dissolution, carbonate platform, prograding system, French Polynesia, Mururoa; 04893. glacigenic sediment, ice movement, eroding ice sheet, palaeoenvironment, geometry, Barents Sea; 04976. soil, landscape, cryoturbation, sandstone colluvium, footslope surface colluvial soil, fragipan development, limestone valley, paleosol, clay mineral weathering, USA, Pennsylvania, Ridge and Valley Province; 02512. substratum, dynamics, peneplain, soil formation, weathering, saprolitic decomposition, gneiss, Budel's model, deep weathered soil, inselberg, Alfisol, paleosol, India; 00227.
enesis of Atlantic Lows Experiment
cold air damming, damming, synoptic scale flow, migratory anticyclone, anticyclone event, 07753.
enesis zone
lightning data, convection, observational study, warm season, lee trough, thunderstorm, USA, Appalachians; 11271.
enetic algorithm
feature labelling, semantic net, fitness function, scene recognition, 03336.
enetic classification
gully, control measure, base level gully, vulnerability, Nigeria; 00364. landform type, subsidence, sedimentation process, geomorphological mapping, Italy, Po Plain, Ravenna; 09530. relief, applied research, methodology, geomorphology, palaeogeography, 13006.
enetic stratigraphy
stratigraphic classification, coal, Permo-Triassic sequence, sedimentation, basin deposition, Australia, New South Wales, Gunnedah Basin; 09403.
entilly Till
allochtonous ice, Cap Charles glacial complex, Leclercville rhythmite, diamicton, till, Parisville turbidite, Canada, Quebec, St Lawrence Valley; 02637.
entle terrain
tower data, downslope flow, gravity flow, slope wind, terrain, 07694.
eo database environment
geo referencing, attribute database, 12660.
eo ecological mapping
satellite imagery, floodplain, ox bow, backswamp, point bar, human influence, Slovak Hungarian Barrage, environmental change monitoring, Hungary; 09532.
eo ecology
natural landscape, Czechoslovakia, Slovak lowland; 03713.
eo referencing
attribute database, geo database environment, 12660.
eo scientific map
geological map, map, cartography, Europe; 09167.
eo-referenced data
municipal government, database, data integrity, networking technology, 01013.
eoaccumulation index
estuary, pollution, heavy metals, marine sediment, Spain, Guipuzcoa Coast; 04782. pollution, heavy metals, river sediment, Spain, Guipuzcoa; 04783.
eoarchaeological evidence
palaeohydrological evidence, Clovis age drought, extinction, Younger Dryas, USA, Arizona, Murray Springs; 13090.
eobotanical gradient
climatic ecological gradient, vertical gradient, arid zone, altitude change, Merriam Effect, USA, California, Death Valley; 11865.
eobotanical investigation
pollen diagram, core profile, human settlement, Germany, Bad Oldesloe; 03484.
eobotany
remote sensing, physiology, ecology, vegetation, China; 06850.
eocementation
chalcedony, cementing agent, tepetate, pedocementation, Mexico, Valley of Mexico; 01482.
eocentric coordinate
coordinate, VLBI, SLR, 11435.
geocentric reference ellipsoid
error spectrum, satellite altimeter, tide gauge data, mean sea surface, 12788.
GEOCHEM
dissolved aluminium species, thermodynamic computer model, oxalic acid, pore water, groundwater contamination, aluminium speciation, podsolisation, WATEQ, 11066.
GEOCHEM computer model
carbon, constant ion activity, solubility equilibrium, phosphorus, excessively fertilised soil, 12070.
geochemical analysis
groundwater chemistry, groundwater recharge, flow path, groundwater flow, desert terrain, isotope tracer, USA, Texas, Big Bend National Park; 02910.
geochemical carbonate composition
isotopic analysis, mineralogy, carbonate, shelf sea, Archaean, dolostone, lacustrine playa, 07049.
geochemical change
weathering, biotites, cupriferous rock, secondary phyllosilicate, kaolinite, Brazil, Serra dos Carajas, Salobo; 09615.
geochemical characterisation
biological marker characterisation, source rock, black shale, lacustrine environment, Brazil; 10644.
geochemical clue
palaeoenvironment, diagenetically altered material, carbonate geochemistry, recrystallisation, carbonate mineral, glacial sediment, 04991.
geochemical cycling
Eh, bioturbation, manganese nodule, sea floor, sea water, Canada, Gulf of St. Lawrence; 00086.
geochemical data
classification, graphic processing, expert system technique, data integration technique, 12714. source rock, diagenesis, organic matter, petroleum, Indian Ocean; Arabian Sea; 07014.
geochemical denudation
stream solute variation, solute content, surface water quality, alpine stream, annual cycle, melt water, groundwater contribution, stream flow regime, USA, Colorado, Colorado Front Range; 07496.
geochemical evidence
Chamberlins theory, glaciation, enhanced erosion, chemical weathering rate, silicate erosion, continental erosion, 09537.
geochemical evolution
dissolved organic carbon, liquid chromatography, groundwater dating, recharge zone, groundwater residence time, gas chromatography, mass spectrometry, carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, 04141.
geochemical feature
Cretaceous, facies, depression, sedimentation, USSR, Tadzhikistan; 04806.
geochemical index
fire history, historical reconstruction, boreal forest, forest fire history, lake sediment, charcoal index, pollen index, sedimentological index, Canada, Alberta, Wood Buffalo National Park; 08472.
geochemical log
pore fluid, continental margin, uranium, well logging, ooze, mudstone, gamma ray curve, 02489.
geochemical logging
sedimentation rate, hiatus, periodicity, Milankovitch obliquity cycle, eccentricity cycle, spectral analysis, downhole logging, Atlantic, (South); Southern Ocean, ODP Site 704; 11935.
geochemical mapping
sedimentation, depression, marine basin, mineralisation, classification, Cretaceous, USSR; 13004. stream sediment, trace element, tropical rainforest, rainforest, rainfall, cyclone, Solomon Islands, Guadalcanal; 09484.
geochemical maturation
exploration programme, basin, ore deposit, hydrocarbon, basin classification, 05876.
geochemical mixing cell model
water displacement, Gapon selectivity, ion chromatography, multicomponent transport modelling, transport model, fresh water salt water interface, groundwater chemistry, salt water displacement, dispersivity, 12255.
geochemical model
natural water, water quality model, photochemical reaction, 09834. radionuclide, precipitation chemistry, chloride, evapotranspiration, regional evapotranspiration, Israel, Jordan River; 04029.
geochemical process
analytical technique, Auger electron spectroscopy, chemical weathering, surface sensitive technique, weathering, 07310. estuary, arsenic, antimony, surface water chemistry, comparative geochemistry, river, 08754. podsolisation, chelating resin, spodic horizon, soil forming process, vermiculite, resin, France; 13197. sorption coefficient, contaminant transport, groundwater contamination, chemical contaminant, surface complexation model, cation exchange capacity, sediment, Germany; 09904.
geochemical profile
mineralogical profile, weathered till, fresh till, diagenetic alteration, post depositional weathering, carbonate content, till, Canada, Quebec, Appalachian Region; 06209.
geochemical property
soil, Triassic substrate, colluvium, agricultural practice, magnetic property, UK, England, West Midlands; 02733.
geochemical reaction model
carbon isotope, sulphur isotope, dedolomitisation, calcite precipitation, dolomite dissolution, anhydrite dissolution, sulphate reduction, groundwater chemistry, USA, Montana, Madison Aquifer; South Dakota, Madison Aquifer; USA, Wyoming, Madison Aquifer; 06372.
geochemical signature
geoscience dataset, GIS, quadtree structure, gold mineralisation, Canada, Nova Scotia; 05699.
geochemical species
environmental isotope, Singular Value Decomposition algorithm,

groundwater recharge, mixing cell method, quadratic programming algorithm, linear regression theory, recharge component, Botswana; 11054.

geochemical study
groundwater flow path, leaching, mineralization, precipitation chemistry, isotopic study, Atlantic, Canary Islands, Gran Canaria, Amurga; 00600. heavy metal, urban pollution, multivariate analysis, Spain, Madrid; 13726. laterite, weathering profile, ferricrete, petrographical study, Central African Republic, Dembia Zemio; 10822. magnetostratigraphic dating, mid Weichselian, ice dammed lake, Norwegian imprint, Rosnaes Advance, sedimentological, Denmark, Zealand, Istebjerg; 05005.

geochemical survey
tectonostratigraphic unit, Precambrian, stream, rifting, isotopic data, Greenland; 07065.

geochemical time series data
groundwater hydrodynamics, groundwater quality, hydrogeochemistry, groundwater flow, spring complex, Switzerland, Acquarossa; 05213.

geochemical tracer
groundwater recharge, groundwater discharge, groundwater-surface water interaction, groundwater influx, streamflow loss, Puerto Rico, Rio Grande de Manati; 02824. Saharan dust, pollution, long range transport, dust event, synoptic vertical velocity, trajectory model, 05500. sea water, iodine, iodate, organic iodine, biogeochemical process, USA, Chesapeake Bay; 09458. silica, magnesium, deuterium, hydrograph separation, isotopic tracer, overland flow, subsurface flow, chemical hydrograph, Canada, Canadian Shield; 13325.

geochemical variability
bulk geochemistry, fluvial terrace, sand, weathering, geochemistry, terrace, chronosequence, France, Central Massif, Allier Basin; Dore Basin; Colombia, Caqueta Basin; 06211. tectonic unit, lithofacies, trace element, flysch, Cretaceous, Paleogene, Poland, Carpathians; 02419.

geochemistry
cathodoluminescence, magnesian calcite, crystal habit, cement, sea floor, lithification, Atlantic, Little Bahama Bank; 11749. evolution stage, lithodependency, ferricrete, hematite:goethite ratio, Burkina Faso, Gaoua; 08526. glacial deposit, mineralogical study, chemical study, Billefjorden Stage, Little Ice Age, carbonate, glacial till, weathering process, glaciology, Svalbard, Spitsbergen, Petuniabukta; 02649. groundwater quality, aquifer characteristic, confined aquifer, sulphate reduction, chloride concentration, unconfined aquifer, salt water intrusion, carbonate dissolution, USA, Alabama; South Carolina; USA, Florida, Floridan Aquifer System; USA, Georgia; 01733. micropalaeontology, palaeoclimatic condition, stable isotope analysis, planktonic foraminifera, salinity, anoxia, Pliocene, Tertiary, laminated sediment, Pleistocene, climatic change, laminite, Italy, Calabria, Vrica; 00281. oxyhydroxide crust, volcanic breccia, mineralogy, formation condition, manganese iron oxyhydroxide, seamount, basalt, Atlantic, Krylov Seamount; 07020. podzolisation, Oxisol, Ultisol, Spodosol, Brazil, Amazonia, Manaus; 02804. pore water, clay soil, organic carbon, carbon cycle, glacial till, solid organic matter, dissolved organic carbon, radiocarbon dating, carbon isotope, Canada, Alberta, Western Interior Great Plains; 09900. radiocarbon dating, pleniglacial environment, Holocene, palaeoenvironment, paleosol, palaeohydrology, tephrochronology, France, Massif Central, Limagne Rift Valley, Artiere Basin; 10785. soil, resource ecology, energy transforming rate, basalt, China, Zhejiang Province; 04014. solute concentration, glacial runoff, melt water, weathering, Antarctica, Victoria Land, Walcott Bay; Alph River; 09326. terrace, chronosequence, geochemical variability, bulk geochemistry, fluvial terrace, sand, weathering, France, Central Massif, Allier Basin; Dore Basin; Colombia, Caqueta Basin; 06211.

geochemnical model
groundwater quality, automatic calibration, parameter identification, water quality modelling, parameter estimation, model calibration, pH, cation exchange capacity, cationic composition, adsorption, 09903.

geochronological tool
soil property, pedogenesis rate, eolian dust accumulation, spatial soil variability, chronosequence, USA, California, Cajon Pass; 02510.

geochronology
age determination, rock varnish, Quaternary dating technique, backscattered electron microscopy, varnish dating method, USA, (Southwest); 01424. hydrothermal sediment, ooze, ferromanganese deposit, trace element, accumulation rate, rare earth element, Pacific, North Fiji Basin; 12892. Pleistocene(Late), TL, Muravo interglacial stage, Poozerskiy substage, USSR, Belorussia; 06090. zircon, monazite, drainage basin, sandstone, sedimentary provenance, Carboniferous, UK, England, Pennines; 08270.

geochronometer
sedimentation, lead-210, lake sediment, radionuclide, trace, cycling, USA, Massachusetts, Bickford Reservoir; 01206.

geoclimatic parameter
precipitation, season, Spain, Tagus River Basin; 12333.

geocoding
digital orthophotograph, space photography, KFA-1000, relief mapping, 10368. ERS-1 mission, SAR imagery, 09103. geological application, geometrically rectified image, SAR, 00955. multi sensor image, image combination, geocoding accuracy, residual vector, Tunisia; 10252. remote sensing data, GIS, 05557. SAR, terrain corrected product, ground control, image processing, software tool, 00954.

geocoding accuracy
residual vector, geocoding, multi sensor image, image combination, Tunisia; 10252.

geocomplex model
Richter,H., geoecological model, geography, teaching, 00205.

geocryology
frozen soil, creep, thermal pile, placer gold mining, Antarctica; China, Qinghai-Xizang Plateau; 01460.

geodata
course curicula, context transformation, geoinformation theory, GIS, 13757.

geodata set
intrinsic sample, geological object, mineral endowment descriptor, USA, Nevada, Walker Lake; 12677.

geodesy
cartography, Hungarian State Surveys, Hungary; 03489. cartography, state enterprise, training, Hungary; 03490. GPS technique, photogrammetry, bundle adjustment, analytical photogrammetry, 07928. land law, town planning, 12803. mathematical base, Marussi Hotine approach, 11430. military cartography, Toth,A., Hungary; 03373. production environment, strapdown technology, inertial technology, surveying, 03284. surveying community, USA; 12609.

geodetic application
ERS-1 mission objective, land use change, operational meterology, sea state forecasting, sea ice distribution, 12592.

geodetic archive
archive, Military Geographical Institute, photographic archive, topographical archive, Italy; 02162.

geodetic boundary value problem
geoid, GPS, height determination, gravity anomaly, 10258.

geodetic calculation
computer, angular quantity, 05605.

geodetic control
multipurpose spatial database, GIS, USA, Colorado, Jefferson County; 08014. oil prospecting, GPS, Nigeria; 12613. quality control, LIS, 08004.

geodetic control network
NTS mapping, survey network, map digitising, 13774.

geodetic coordinate
datum, transformation, reference system, global reference, Australian Height Datum, 04476.

geodetic datum
International Earth Rotation Service, mapping control, 07949.

geodetic framework
GPS, first order control, GIS, USA, California, Fresno; 05591.

geodetic levelling
discharge data, sea-level change, global sealevel rise, tidal gauge, China, Changjiang River; 11990. high precision surveying, Minimum Norm Quadratic Unbaised Estimation, MINQUE, 02095.

geodetic measurement
levelling, recent crustal movement, Hungary, Pannonian Basin; 06015. plate boundary zone, GPS, tropospheric calibration, plate motion vector, Caribbean Sea; 12709. recent tectonic movement, tectonic movement, vertical movement, neotectonic framework, subsidence zone, strain value, crustal deformation, China; 08373. tiltmeter, ground deformation study, 11433.

geodetic network
Doppler satellite observation, optimum geodetic datum, Nigeria; 05590. geophysical programme, GPS, Belgium; 09097. global sea level, global warming, sea level change, 01447. GPS, Netherlands; 03283. measurement based system, multipurpose casdastral system, local government, 08005. network, optimisation theory, levelling network, 11432. observation value, coordinate, 12616. survey, survey mark, point restoration, 04498. topographic mapping, 11429. vertical deflection, gravity anomaly, orogenic process, gravimetric network, Pakistan, Karakorum; 12611.

geodetic parameter
Geoscience Laser Ranging System, three dimensional relative position, range noise, system pointing capability, 07908.

geodetic reference point
updating procedure, digital map, database, 06722.

geodetic reference system
coordinate system, positional data revision, topological relationship, spatial information system, 01014.

geodetic shear strain
Alpine fault zone, triangulation network, Pacific-Australian Plate, plate boundary, strike-slip movement, New Zealand, South Island, Haast; 13032.

geodetic survey
GPS, satellite visibility, strain change, Japan, Kanto; Chubu; 12612. gravity measurement, magnetic measurement, anomaly survey, Latin America; Bolivia; Dominican Republic; 13775. mass movement, seismic refraction, gravimetric investigation, Austria, Badgastein, Graukogel; 12707. surface displacement, earthquake, San Francisco earthquake, Loma Prieta earthquake, strike slip, reverse faulting, USA, California, San Andreas fault; 07168.

geodetic technology
positioning, gravity field, plate tectonics, deformation analysis, 00973.

geodynamic
alluvial, lineament, provence, Cretaceous, sandstone, fault, 03625.

geodynamic event
Quaternary, subduction zone, back arc basin, lithosphere, Philippine Sea; Japan Sea, Gulf of Peter the Great, Vostok Gulf; 10562.

geodynamic evolution
source area, chert, Brioverian, Proterozoic, France, Armorican Massif; 05897.

geodynamic problem
GPS, gravimetry, USA, Wyoming, Yellowstone National Park; 00975.

geodynamic setting
basin, brine, Messinian, sea water, anoxic brine, Mediterranean Sea, Bannock Basin; Tyro Basin; 10580.

geodynamical evolution
extensional tectonics, graben, fault reactivation, tectonic regime, Peru, Western Cordillera, Cajamarca District, Cajabamba Basin; San Marcos Basin; Peru, Western Cordillera, Cajamarca District, Namora Basin; 09493.

geodynamics
Hercynian, basin, volcanic, Permian, fossil, Morocco; 03637. solar forcing, sea level, last glacial interglacial cycle, greenhouse gas, ice sheet model, Pleistocene(Late), ice sheet growth, realistic geography, cryodynamics, Northern Hemisphere; 09544. structural analysis, multiphase deformation, deformation, Borneo, Rajang-Crocker; 04601.

geoecological change
tectonic history, orography, last cold stage, Holocene, fluvial environment, 07135.

eoecological mapping
land capability assessment, ecological landscape planning, ecosystem process, 10426.
eoecological model
geography, teaching, geocomplex model, Richter,H., 00205.
eoecological monitoring
agricultural landscape, monitoring, 04631.
eoecological outlook
absolute height, gradient, landscape dynamics, instability, mountain, 11835.
eoecological planning
planning, geomorphological map, map, Germany, Mannheim; 09142.
eoecological research
landscape analysis, soil, Germany, Saxony, Dresden; 13021.
eoecological study
volcanic complex, rill erosion, volcanic ash soil, sheet erosion, Chile, Andes, Nevados de Chillan; 00361.
eoecology
conference proceeding, geomorphology, lecture, 07133. conference symposia, workshop, international conference, geomorphology, geomorphology, 07134. loess, sand, gravel, soil erosion, groundwater level, environmental problem, Germany, Frankfurt, Main River; 07147. mountain area, montane environment, geomorphological process, land management, reforestation, 11862. relief, geomorphic process, geosystem budget, model, geomorphology, 07129. subalpine heath, periglacial condition, evapotranspiration, tundra, cryogenic process, Permafrost, Sweden, Abisko Valley; 03916.
eoelectrical investigation
crystalline terrain, groundwater resource, electrical resistivity profiling, electrical sounding, groundwater exploration, Brazil, Bahia; 02980.
eoelectrical method
audiomagnetotelluric prospecting, prospecting instrumentation, groundwater investigation, electrical prospecting, 06360. horizontal loop profiling, Slingram method, Precambrian limestone, electromagnetic horizontal loop method, limestone aquifer, groundwater exploration, low frequency geoelectric method, very low frequency resistivity method, electromagnetic bipole method, resistivity method, karstified fracture, Mali, Gondo Plain; 06358.
Geogia kaolinite number 3
suspension nebulisation, solution nebulisation, clay, atomic emission spectroscopy, particle size, Grundite illite, 10917.
eographic analysis system
atlas, computer, satellite, mapping system, China; 06781.
eographic base
GIS, urban geographic base, municipality, Canada, Montreal; 13993.
eographic coordinate data base
cadastral survey data, land information system, 12814.
eographic data
graphic script, visualisation, 06802. LIS, defence force, terrain analysis, Australia, Queensland; 10474. standard, architecture, exchange, 13878.
eographic data file
digital cartographic data file, USGS, Digital Elevation Model, 12626.
eographic database
enhanced production capability, distributed computing, 06771. GIS, government data, database, Taiwan; 09133. multivariate analysis, natural region classification, climatic element, vegetation type, Japan; 08079. US Bureau of the Census, USGS, TIGER, USA; 05637.
eographic database system
spatial data model, 05651.
eographic distribution
backstacking, apatite, fission track stratigraphy, erosional rebound, isostatic rebound, tectonic uplift, tectonic denudation, erosion, 07127.
eographic feature
GOES West satellite, deep convection, sea breeze, cloud, convection frequency, USA; 12462.
eographic function
GIS, quadtree data structure, linear quadtree, 01055.
eographic information
conceptual model, spatial knowledge engineering, computational geography, 10379. database, photogrammetry, 03288. GIS, geographic information value, 06757. index map, map based computerised system, 03377. library, remote database, cataloging method, 08023. maritime data, hydrography, International Hydrographic Organisation, Australia; 10441. policy maker, managing change, 01043. standards, exchange format, microcomputer, commercial system, 01021. terrain intelligence, environmental data, defence force, 10481. toponymic database, atlas database, data standards, national atlas, Canada; 01080.
eographic information processing
FORTRAN, programming, CAM, 01002.
eographic information system
distributed computing, modelling development, GIS, 10318. natural resource, socioeconomic database, land record, transportation, utility database, base map, Taiwan; 10325.
eographic information use
iterative process, information use taxonomy, 06747.
eographic information value
geographic information, GIS, 06757. GIS, cost benefit analysis, economic science, information science, 06754.
eographic interchange
standard, GIS, digital geographic interchange, 13874.
eographic names
foreign spelling, Antarctic name list, 10354.
eographic precision
Landsat image, geometric correcting, 03319.
eographic query
underground facility, digital line graph, GIS, 05771.
eographic research
Space Shuttle, earth photography, videocamcorder, 00946.
eographic resource
soil, topography, vegetation condition index, weather impacts, normalised difference vegetation index, Sudan; 05726.
Geographic Resource Analysis Support System
image processing system, remote sensing, natural resource management, GIS, 01048.
geographic technique merging
cartographic data, data display, hardware improvement, software improvement, 13860.
geographic theme
cadastral database, land parcel, property information, New Zealand; 01147.
geographical approach
water resource estimation, runoff distribution, water conservation, environmental formation, hydrology, ecological consideration, hydrological technical direction, 07450.
geographical bibliography
geography review, physical geography, Iceland; 10681.
geographical catography
ecological cartography, map, natural resource, 08042.
geographical coordinate
topographic map, gazetteer, USA, North Dakota; 12672.
geographical coordinate system
beta plane approximation, quasi geostrophic approximation, spherical coordinate system, 13584.
geographical correlates exploration
map coverage, GIS, spatial pattern, 13859.
geographical data processing
predicate calculus, mathematical language, GIS, artificial intelligence, 03358.
geographical data system
project management, 10486.
geographical data transfer
GIS, software function, 06761.
geographical database
digitising, manual digitising, scanning technology, error detection, 05575.
geographical distortion
sailing direction map, Chaves rutter, Bahamas; 08026.
geographical distribution
aridity distribution, principal components analysis, annual variation, Greece; 12350. observed variability, modelled variability, extratropics, general circulation model, 13576.
geographical environment
soil forming rock, landscape zone, loess, cover loam, weathering crust, 08516.
geographical factor
meteorological variable, precipitation, Japan; 08862.
geographical feature
GIS, decision support system, polygon overlay, 05621. method, quantitative characteristics, shape, 02493.
geographical information
land administration, surveyor role, reinstatement boundary, Australia; 07903.
geographical information holdings
street network, census data, database design, Statistics Canada, Canada; 01026.
geographical information system
luvisol, potential gully erosion, gully erosion, Mexico, Hidalgo; 09635. microcomputer, raster, 10327.
geographical information systems
hillslope hydrology, field process investigation, computer modelling, hydrological process, soil physics, catchment scale, sub catchment scale, 10997.
geographical knowledge
model concept, artificial intelligence, model, prediction, expert system, 00201.
geographical landscape
photo montage, Salyut 6, relief form, palaeogeography, Iraq; 06846.
geographical literature bibliography
biogeography, climatology, geomorphology, coastal topic, glacial topic, landform topic, hydrology, soil, physical geography, UK; 09490.
geographical management software
marine information, coastal water, estuary, Netherlands; North Sea; 12623.
geographical map
line drawing recognition, digitiser, 03296. sea level, altitude measurement, USSR; 10265.
geographical morphometry
morphometric analysis, cartography, 09168.
geographical relationship
hypothesis generation, data analysis, digital map database, 03366.
geographical research
archival research, historical source, geomorphology, USA; 13009.
geographical resolution
network access, management issue, labour market analysis, storage structure, 01045.
geographical science
human geography, remote sensing, GIS, academic status, physical geography, China; 01375.
geographical study
palaeogeographical evolution, environmental problem, uplift, China, Qinghai-Xizang Plateau; 01386.
geographical theory
physical geography, theory principle, 13005.
geographical zone
lagoon, surface water quality, ammonium, nitrate, phosphate, sampling strategy, classification method, contiguous grouping, discriminant analysis, nutrient, France, Herault, Thau Lagoon; 09824.
geographics
geoiconic, space time model, remote sensing, computer graphic, cartography, 06711.
geography
cartography, communication, 09170. climate modelling, data analysis, 03008. geometry, 02077. GIS, DTM, environmental science, planning,

09169. soil dynamics, soil, 02747. statistics, spatial analysis, time series, quantitative analysis, 06791. teaching, geocomplex model, Richter,H., geoecological model, 00205.
geography review
physical geography, geographical bibliography, Iceland; 10681.
geohistory analysis
Banda Arc, benthic foraminifera, quantitative palaeobathymetry, uplift history, foreland basin, Cenozoic(Late), palaeobathymetry, Indonesia, Timor; 07174.
geohydrochemistry
transmissivity, groundwater hydrodynamics, groundwater level, metamorphic plateau, weathered aquifer, aquifer characteristic, Madagascar; 02970.
geohydrological hypothesis
karst spring, hydrograph, spring, hydrochemistry, decisional statistics, discriminant analysis, validation, France, Charente, La Rochefoucauld Karst System; Lussac Springs; France, Fontaine de Vaucluse Spring; 13065.
geohydrological study
radioactive waste, groundwater flow, water quality, tritium movement, hydrogeology, saturated zone, water balance, waste disposal, USA, Illinois, Sheffield; 11069.
geoiconic
space time model, remote sensing, computer graphic, cartography, geographics, 06711.
geoid
GPS, height determination, gravity anomaly, geodetic boundary value problem, 10258. infrared image, surface transport, Geosat altimeter, Atlantic, Gulf Stream; 06890. meteorology, sea bottom, sea level rise, baseline, North Sea, Helgoland; 00058. network adjustment, 02100. precision, ellipsoid height, GPS, Switzerland, Alps; 03281. spherical harmonic model, gravimetric geoid, DTM, Philippines; 04499. temperature profile, Geosat, altimetry, salinity profile, bathythermograph profile, Atlantic, Cape Hatteras, Gulf Stream; USA, Cape Hatteras; 06727.
geoid anomaly
plate velocity, sea level, asthenospheric viscosity, deglaciation, mantle viscosity, model, postglacial rebound, heat flux, 13029.
geoid height
sea surface height, Geosat altimeter, Mediterranean Sea; 06894.
geoid height anomaly
SEASAT altimetry, isostatic process, Indian Ocean; 07943.
geoid model
satellite orbit ephemeris, orthometric height data, SEASAT radar altimeter, digital elevation model, Australia, Simpson Desert; 12627.
geoid modelling
height, network, 04500.
geoid profile
satellite, altimetry, bathythermograph, Atlantic; 06726.
geoid shape
Doppler geoid, Sudan; 05589.
geoidal height
gravity anomaly, airborne gravimetry, satellite altimetry, Weddell Sea; 08121. World Geodetic System, Doppler station, computation method, 07271.
geoinformation processing
municipal mapping, GIS, LIS, Netherlands, Utrecht; 02281.
geoinformation system
automated cartography, cartography, 01084. regionality, integrity, 12656.
geoinformation theory
educational institution, production organisation, education, GIS, 01169. GIS, datastructure, user interface, 00997. GIS, geodata, course curicula, context transformation, 13757.
geolinguistics
map, diagram, 02180.
geologic data
geophysics, potential field, digital data, USA; Canada; 04606.
geologic history
erosion, anthracite, microcline, geothermal gradient, pressure, temperature, 03624.
geologic interpretation system
Landsat TM, topographic profiling, 06840.
geologic time scale
climate change, data model comparison, glacial interglacial change, tectonic process, general circulation model, fossil indicator, 05457.
geologic unit
Arecibo image, Pioneer Venus Radar Mapper, scattering property, radar scattering, landform, Venus; 02524. morphologic unit, Venera 15/16 mission, radar image, tesserae, volcano, Venus; 07157.
geological age
refief form, geomorphological map, space photograph, Vietnam; 13069.
geological analysis
magnetic anomaly, MAGSAT, satellite magnetic observation, South America; 03418.
geological anomaly
spatial distribution, geological map, computer classification, pattern recognition, 12599.
geological application
geometrically rectified image, SAR, geocoding, 00955.
geological area characteristic
tectonic deformation, radar imaging, Venus; 09196.
geological aspect
hydrogeological aspect, crystalline bedrock, saturation zone, liquefaction, debris flow, Switzerland, Alps; 06035.
geological catastrophe
Pleistocene(Late), tundra steppe zone, transgression, palaeogeography, USSR, Beringia; 05027.
geological condition
ortstein, radiocarbon dating, Canada, Quebec, St Lawrence River; Anticosti Island; Canada, Quebec, Gaspe Peninsula; 08615. rubbish dump, groundwater pollution, glacial landscape, till, glaciofluvial deposit, buried Saalean valley, 05023.
geological control survey
rift tectonics, shear zone, Tanzania, Burundi; 05705.
geological data
planning, administration, Norway; 09187. Pleistocene, cold period, desertification period, famine period, African empire, historical record, hydroclimatological event, oxygen-18 profile, ice core, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630. strike, dip, uranium exploration, SPOT, DEM, France, Herault, Lodeve Basin; 12720.
geological detection
three dimensional geological feature, DTM, 06832.
geological engineering map
knowledge based GIS, expert system, map production system, 10339.
geological evidence
numerical simulation, sensitivity experiment, Quaternary, palaeoclimatology, monsoon, lake level, general circulation model, Milankovitch, albedo forcing, tropical monsoon, Africa; 09540. onshore sand transport, Holocene, marine transgression, sand transport, wave height, USA, Florida, Ten Thousand Islands; 08496.
geological evolution
groundwater, aquifer, Postglacial sea, Denmark, Aarhus, Brabrand valley; 05022.
geological framework
Quaternary deposit, marine deposit, Eemian, Weichselian, ice sheet, Weichselian(Late), foraminiferal stratigraphy, Denmark, Jutland, Skagen Area; 11956.
geological geomorphological analysis
dating, submoraine, organogenic deposit, terminal moraine, pollen analyses, carbon-14 dating, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Renardbreen; 07245.
geological geomorphological process rate
fiducial time, shoreline position, measurement time interval, 08326.
geological hazard
hazard prediction, loess collapse, karstic collapse, permafrost, flooding, landslide, debris flow, earthquake, natural hazard, China; 13075.
geological history
Amazon lowland, floodplain formation, humid tropical climate, Quaternary, Brazil, Amazon Lowlands; 02626. cave, Pahasapa Limestone, gypsum bed, anhydrite bed, Mississippian(Late), karst surface, mixing zone, artesian groundwater, vadose condition, fracture zone, USA, South Dakota, Black Hills; 10720. coronae, shield, basal altitude, areal distribution, shield structure, Venus; 07158. salinisation, groundwater rise, irrigation, agricultural development, subsurface geology, Australia, Murray Basin; 05262.
geological influence
agricultural land, aerial photography, land use, Spain; 02237.
geological information
GIS, aeromagnetic data, mineral exploration, regional geochemical group, Austria; 12717.
geological interpretation
Landsat TM, data processing, principal component analysis, Pakistan, Indus; 06842. spectral signature, shadow-free image, colour composite image, Spain; 05612.
geological investigation
mineral exploration, mapping, remote sensing, Landsat data, Saudi Arabia; 06822.
geological map
Atkins Q-analysis, mineral resource endowment, rock type, USSR; USA; 12721. computer classification, pattern recognition, geological anomaly, spatial distribution, 12599. detailed map, geomorphological map, form chronology, field mapping, Poland; 09531. digital geophysical data, cross section, digital line graph, USA, Maine; Canada, Quebec; 03407. GIS, desktop mapping system, colour separation, 10367. Landsat MSS image, SPOT, image, lineament mapping, field checking, detection accuracy, 08064. lineament analysis, image processing techniques, Saudi Arabia, Al-Khabt; 12711. lithologic component image, structural interpretation, Landsat TM, Saudi Arabia; 03408. map, cartography, geo scientific map, Europe; 09167. sheet 1812 III and IV, borehole, groundwater, cyclogram, Denmark, Bornholm; 02517. stratigraphy, British Geological Survey, drift geology, geology, Quaternary, UK, England, Avon, Weston Super Mare; Wales, Cardiff; 10682.
geological mapping
automated lineament extraction, lineament extraction, remote sensing, 09184. ecological mapping, modelling, TM data, Peru, Andes; 09179. Holocene, sand spit system, Weichselian glacial deposit, melt water deposit, Pleistocene deposit, gyttyas, peat, marine sand, glacial deposit, Quaternary, Germany, Schleswig Holstein, Gelting Peninsula; 08467. Landsat TM, iron, geophysical display, USA, California, Mojave Desert; 03412. mass movement, land use planning, mass movement, rockslide, rockfall, snow avalanche, debris flow, hazard, Norway; 07190. mineral exploration, GIS, GIS toolkit, digital image processing, satellite image data, China, Xinjiang; 06816. planimetric map, planet, 04578. stereoscopic SPOT image, soil mapping, SPOT, Indonesia, Java, Wonosari; 01099. TIMS, lava flow, ash deposit, thermal infrared imaging, Italy, Mount Etna; 10386.
geological material
climatic factor, pedogenetic process, agricultural use, soil mapping, Morocco, Settat; 05717.
geological memoir
geology map, Anglian ice sheet, Crag deposit, subglacial channel, UK, England, Essex, Great Dunmow; 10683.
geological method
artificial intelligence, pattern detection, geoscientist status, 08060.
geological model
plate boundary, tectonic plate motion, LAGEOS, 12710.
geological object
mineral endowment descriptor, geodata set, intrinsic sample, USA, Nevada, Walker Lake; 12677.
geological photo interpretation
fault kinematics, morpho-structural analysis, SPOT, Landsat, rift system, China, Shaanxi, Wei He; 05704.
geological reconnaissance

SAR, lineament class, aerial photography, moraine, Canada, Newfoundland; 12718.
eological record
glacial Lake Agassiz, sub surface deformation structure, bioturbation, ice keel turbate, iceberg scour, Canada, Manitoba; 04996.
eological regional investigation
geological structure, graben, horst, dyke, fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, Botswana, Kalahari; 06413.
eological rhythm
glacial period, glacial epoch, galactic process, 08418.
eological significance
black clay, calcrete, radiocarbon age, ground fissure, China, Jiangsu Province, Zhangshanzha; 05028. Iozumi Tuff, Plio Pleistocene, Kakegawa Group, Horinouchi Formation, tuff, submarine sliding deposit, lithofacies change, Japan, Shizuoka Prefecture; 10795.
eological structure
aquifer characteristic, groundwater resource, geophysical survey, Mexico, Guaymas; 13415. continental slope, Quaternary, tectonic movement, marine terrace, undulation, Japan, Shikoku; 13176. forested terrain, slope orientation, SAR, illumination requirement, Canada, Canadian Shield; 08062. fracture pattern, image enhancement technique, forested terrain, SIR-B, Canada, Canadian Shield; 08063. geomorphological structure, structure, remote sensing, USA; 02198. geotechnical characteristic, aquifer, hydraulic process, pressure measurement, interstitial pressure, slope unstability, France, Meurthe et Moselle, Chateau-sous-Clevant; 10702. graben, horst, dyke, fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, Botswana, Kalahari; 06413. recent trend, perspective, regional geography, physiography, Sri Lanka; 01385. relief, slope deposit, congelifluxion, slopewash, periglacial element, Poland, Czestochowa Upland; 12002. remote sensing, geothermal field, Landsat TM, Seasat radar imagery, air photograph, USA, California; 06834. volcanosedimentary sequence, reconnaissance geological mapping, airborne geomagnetic survey, Landsat TM, Ethiopia, Kurmuk Gizen; 10389. weathering, disjunctive tectonics, lithology, Poland, Gory Swietokrzyskie, Klonow Range; 03722.
eological survey
Caraipe Formation, Morrote Formation, erosive episode, colluvial deposit, aluminisation, colluvium, bauxite, laterite, Brazil, Para, Serra de Trucara; 08339. Coal District survey, Highland Society, economic development, UK, Scotland; 01073.
Geological Survey of Finland
ore deposit databank, industrial mineral databank, mineral indication databank, relational database management system, Finland; 12716.
eological uncertainty
parameter uncertainty, waste management, decision analysis, risk analysis, cost benefit analysis, groundwater flow, hydrogeology, contaminant remediation, engineering design, uncertainty model, 07590.
eologico economic map
industrial production, map, 09300.
Geologists' Association
Kennard,A.S.(1870-1948), Mollusca, Quaternary stratigraphy, malacology, 06074.
eology
acid rain, lake water chemistry, soil water chemistry, surface water quality, acid rain map, bedrock, glacial sediment, acid buffering, carbonate mineral, clay, acid leaching, exchange reaction, Canada, Ontario; 06315. cartographic functionality, GIS, DBMS, atlas, Labrador Sea; 01100. drainage pattern, river alignment, remote sensing, neotectonics, France, Paris Basin, Champagne, Berry; Sologne; 00231. geomorphology, soil, climate, hydrology, water use, land use, coal mining history, small watershed, USA, Indiana, Clay County; Owen County; USA, Indiana, Sullivan County; USA, Indiana, Vigo County; 05248. geomorphology, soil, whitebark pine ecosystem, Pinus albicaulis, freeze thaw, mass wasting, glaciation, trough wall, moraine, cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. hydrology, hydrogeology, geoscience, Landsat, 04465. interglacial sediment, borehole, channel sediment, pre-diversion Thames, Pleistocene(Middle), Cromerian, palaeomagnetic measurement, Thames-Medway river system, UK, England, Essex, Little Oakley; 02664. landscape unit, SPOT, France, Massif Central, Cevennes; 05711. landuse, landcover, Basin and Range environment, shoreline, lake terrace, terminal moraine, alluvial fan, volcanic cone, lava flow, Large Format Camera, thematic map, geomorphology, USA, California; 09487. National Park, geomorphological process, weathering, cave, glaciation, volcanic activity, USA; 02508. palaeontology, palaeoecology, brown coal opencast mine, borehole, Voigtstedt warm period, Holsteinian, Saalian Glaciation, Zeitz phase, Leipzig phase, Treene Interglacial, Ruegen Interglacial, Drente phase, Eem interglacial, Weichsel Glacial, Germany; 02670. planet, mapping, 04607. Quaternary, geological map, stratigraphy, British Geological Survey, drift geology, UK, England, Avon, Weston Super Mare; Wales, Cardiff; 10682. salinity, Landsat TM, Australia, Murray Basin; 04605. structural mapping, remote sensing, France, Parisian Basin; 13901. surveying, tunnel, English Channel, Channel Tunnel; 13768. tectonic map, moraine, volcano, karst, landscape scenery, Italy; 10684. thrust front, accretionary complex, deformation phase, forearc basin, extensional feature, Indonesia, Banda Island Arc, Kai Archipelago; 07176. triangular diagram, tetrahedrical diagram, 06838.
ge ology map
Anglian ice sheet, Crag deposit, subglacial channel, geological memoir, UK, England, Essex, Great Dunmow; 10683.
eology student
dissolution rate, microwave oven, field weathering study, earth science teaching, reaction, kinetic, weathering, 03923. shoreline, aeolian, sedimentation, USA, Gulf of Mexico; Bahamas; Atlantic, (Northwest); 1827.
ology teaching
Markov chain analysis, pedagogic tool, cyclic trend, Kingston Peak Formation, Quaternary rhythmite, varve, glaciomarine cycle, USA, California, Death Valley; Sweden; 03701.
geomagentic influence
late glacial, Holocene, atmospheric carbon-14:carbon-12, carbon reservoir, carbon-14:carbon-12 change, climatic influence, solar influence, oceanic influence, 07192.
geomagnetic activity
aurorae, ozone depletion, solar cycle 21, Antarctica; 04412. solar cycle influence, glacial interglacial period, greenhouse effect, anthropogenic phenomena, climatic fluctuation, 11393. temperature variation, atmospheric general circulation, Czechoslovakia, High Tatra Mountains; 05384.
geomagnetic disturbance
tide, atmospheric wind, radar scatter, Canada, Saskatoon; 09953.
geomagnetic disturbance index
statistical forecasting predictability, weather forecasting, surface pressure, air temperature, circulation index, 06515.
geomagnetic field
deep sea sediment, Brunhes-Matuyama reversal, cosmic ray, beryllium-10, Neogene, Atlantic, (South-central), DSDP Site 519; 02371.
geomagnetic influence
palaeomagentic secular variation record, secular variation, radiocarbon age, Milankovitch, dynamo process, climatic influence, France, Haute Loire, Lac du Bouchet; 08427.
geomagnetic record
speleothem, archaeological fired sediment, cave sediment, China, Guangxi; 04753.
geomagnetic storm
auroral oval, auroral electrojet, thermospheric temperature, meridional wind, 03002.
geomagnetic time
magnetic field approximation, centred dipole coordinate, geomagnetism, Antarctica, Scott Base; 07942.
geomagnetism
geomagnetic time, magnetic field approximation, centred dipole coordinate, Antarctica, Scott Base; 07942.
geomatic
spatial information system, analytical tool, information processing, 13872.
geomatic object
multimedia database, relational algebra, 12665.
geomatics
cartography, government, Canada, Quebec; 02280. government, database, Canada, Quebec; 02277. government, integration, exchange, Canada, Quebec; 13820. mapping, surveying, database network, Canada; 13760. object, vector, raster, data model, 13858. spatial information, surveying, mapping, 12655. system integration, database, telecommunication, 13879. topographic database, GIS, Canada; 13850. undergraduate programme, research and development, Canada, Quebec; 01167. user need, Inter Agency Committee on Geomatics, 13759.
geomattress
technology, bed protection, port, estuarine, India, West Bengal, Hugli River; Haldia; India, West Bengal, Calcutta; 11712.
geomechanics
hydraulics, waterfall, hydraulic scale model, block dislodgement mechanism, erosion, rock mass, flow action, 01377.
geometrial
foundation engineering, fracture roughness, tensile strength, 03746.
geometric accuracy
land-cover, spatial resolution, 11643. thematic content, metric camera, Large Format Camera, topographic mapping, Sudan; 07911.
geometric calibration
CCD camera, framegrabber, signal transmission, linejitter, 00952. SAR, AVHRR, vegetation monitoring, Canada; 05720.
geometric characteristics
band combination, projective line, isopleth, 07936.
geometric closure
least squares adjustment, data adjustment, 10271.
geometric correcting
geographic precision, Landsat image, 03319.
geometric correction
airborne scanner, Delaunay triangle, 09113. digital image, ortho image, precision correction, 11441. push broom scanner, CCD detector, radiometric calibration, Netherlands; 10247.
geometric distortion
SAR, microwave energy, high latitude study, 07907.
geometric duality
computational geometry, geometry, K-dense corridor, corridor, 02115.
geometric evaluation
gravity field, SPOT, high resolution image, 11421.
geometric levelling
levelling, measurement distance, 11416.
geometric modelling
three dimensional object, object transformation, 11445.
geometric object
PROLOG, GIS, 11507.
geometric optics
canopy, bidirectional reflectance, forest, Boolean model, 12747.
geometric pattern
rupture termination, fault segmentation, active normal fault, intraplate setting, seismic hazard, rupture propagation, interplate setting, USA, Nevada, Pleasant Valley; Dixie Valley; 08358.
geometric property
analytical geometry, topological relation, simplicial complex theory, GIS, triangular irregular network, 08018.
geometric registration
colour transformation, thematic satellite, image map, digital image, image processing, Germany, Rheinhessen; 08040.
geometric segmentation
Campo Grande Fault, fault, Cenozoic fill, calcrete, scarp height, rupture, Pleistocene(Late), hanging wall, vertical offset, neotectonic history, USA, Texas, Hueco Basin; 11880.

geometrical model
terrain, transport networks, urban environment, UK, Scotland, Glasgow; 12806.
geometrical property
electrical property, videometry, CCD sensor, camera model, optical property, 06736.
geometrical resolution
data cumulation, satellite image, instantaneous field of view, 02128.
geometrically rectified image
SAR, geocoding, geological application, 00955.
geometry
genesis, glacigenic sediment, ice movement, eroding ice sheet, palaeoenvironment, Barents Sea; 04976. geography, 02077. K-dense corridor, corridor, geometric duality, computational geometry, 02115. river network, soil, vegetation, digital terrain model, flood estimation formula, basin characteristic, flood hydrograph, computer program, slope, regionalization method, flood regime, topography, Austria; 05143. vegetation, canopy, image variance, sensor, 02208. vistulian polygon, ice wedge polygon, periglacial, polygon, climatic condition, photointerpretation, Poland, Poznan; 06200. Wisconsin(Late), iceberg calving rate, ice sheet, mass balance, paleo sea level, mass balance, tide water glacier, palaeoshoreline, USA, Maine, Mount Desert Island; 07232.
geometry thickness
isostatic loading, Weichselian(Late), Scandinavian ice sheet, ice sheet, ice thickness distribution, isostatic rebound, lithosphere thickness, autochthonous block field, Norway; 09577.
geomorphic adjustment
curvature ratio, channel adjustment, channel bend, river regime, Poland, Parseta River; 11008.
geomorphic control
ventifact site, Tolman Ranch Terrace surface, boulder disintegration, granitic boulder, USA, Wyoming, Park County; 06139.
geomorphic effect
landslide, rotational type, mass movement, fault plane, cataclastic rock, piping, trigger mechanism, gully system, slope retrogression, Venezuela, Andes, Aracay River, Buena Vista; 09521.
geomorphic event
rockslope failure, rockfall, rockslide, avalanche, debris rock, debris torrent, glaciation, geomorphic impact, high magnitude event, Canada, Rocky Mountains; 11864.
geomorphic evidence
post-glacial, sea-level, lowstand, glacioisostatic response, isostatic response, deglacial downdraw, seismic-stratigraphic, USA, Maine, Gulf of Maine; 11982.
geomorphic evolution
ablation rate, Tertiary erosion, uplift, weathering-ablation model, saprolite, clastic sediment, sediment volume, planation surface, Canada, Quebec, North Appalachians; 13019. bedrock facet, tectonically active, mountain front, colluvial stratigraphy, hillslope morphology, triangular facet, active normal fault zone, transport limited hillslope, colluvial transport rate, soil development rate, soil, USA, New Mexico, Sangre de Cristo Mountains; 02532. karst, youthfulness, solutional process, cave system, UK, England, Yorkshire, Ingleborough; Ribblehead; 00258. mountain area, meteorological model, mass movement, low frequency rainfall, rainfall, 11837. volcanic ash deposit, alluvium, floodplain, terrace surface, deeply weathered soil, loess, fission track dating, soil, USA, High Plains, Rolling Red Plains; 02514.
geomorphic feature
beach, storm, coastal engineering, beach restoration, 07029. climatic fluctuation, periglacial environment, mass movement, climatic indicator, debris flow, slush flow, Little Ice Age, lichenometric dating, snow field, permafrost mound, greenhouse warming, Sweden, Abisko Mountains; 02696.
geomorphic history
classification, soil texture, phosphorus, eucalypt research, nutrient status, site drainage, parent material, Australia, Queensland, Toolara State Forest; 10958. pluvial Lake Parman, radiocarbon age, landslide soil, drainage diversion, landslide, USA, Nevada, Summit Lake; 04919.
geomorphic impact
climate change, erosion process, mountain region, hydrologic regime, global climatic model, lagged response, spatial variability, Canada; 01381. high magnitude event, geomorphic event, rockslope failure, rockfall, rockslide, avalanche, debris rock, debris torrent, glaciation, Canada, Rocky Mountains; 11864. spring avalanche, snow avalanching, avalanche, denudation rate, pellicular avalanche, slush avalanche, boulder tongue, Svalbard, Spitsbergen; 06042.
geomorphic pattern
avalanche path, subalpine avalanche, sediment yield, microscale cascade, sediment cascade, dendrogeomorphology, Holocene, non equilibrium process, geomorphic process, USA, Rocky Mountains; 13055.
geomorphic position
colluvial transport, landscape context, slope process, mica schist, soil geomorphic relation, pedogenesis, mica gneiss, USA, North Carolina, Blue Ridge Front; 07421. iron, manganese, redox potential, Alfisol, Ultisol, secondary iron accumulation, landscape position, secondary manganese accumulation, USA, North Carolina, Piedmont; 10930.
geomorphic process
advection, crust, fault bend, marine terrace, uplift, USA, California, Santa Cruz; 02529. geomorphic pattern, avalanche path, subalpine avalanche, sediment yield, microscale cascade, sediment cascade, dendrogeomorphology, Holocene, non equilibrium process, USA, Rocky Mountains; 13055. geosystem budget, model, geomorphology, geoecology, relief, 07129. hillslope runoff, rill erosion, gully erosion, human disturbance, landslide, torrential rainstorm, geomorphic system, Spain, Pyrenees, Prepyrenees; 04891. landslide, fan, earthquakes, energy loss, trigger, high magnitude process, Italy; Algeria; 13057. mountain area, timberline, snow, ice, relief evolution, dynamics, spatial organisation, 11836. pedologic process, hydrologic process, structure mapping, granite, middle mountain, biogeodynamic factor, France, Mont Lozere; 09494. timberline, grazing, periglacial form, rock glacier, solifluction lobe, terracette, patterned ground, altitudinal belt, Spain, Pyrenees; 05042. wave, grain size, sorting, skewness, beach, India, Bay of Bengal; 01190.
geomorphic surface
channel characteristic change, Pleistocene(Late), Holocene, base level change, flood plain, channel sand, braided channel, meandering, last interglacial, India, Ganga River Valley; Kanpur; 02505. spalling, rock varnish, erosion rate, range fire, exposure age, USA, California, Owens Valley; 13195. varnish, analyses precision, rock varnish, chemical analyses, cation ratio age, 07316.
geomorphic system
feedback, entirety effect, entropy, systems theory, 11830. geomorphic process, hillslope runoff, rill erosion, gully erosion, human disturbance, landslide, torrential rainstorm, Spain, Pyrenees, Prepyrenees; 04891. human ecology, geomorphological study, environmental geomorphology, 11903.
geomorphic systems approach
landscape analysis, practical need, land classification, hierarchical system, USA, Maryland, Piedmont Province; Utah, Uinta Mountains; 11834.
geomorphic temperature
area altitude distribution, canonical distribution, equilibrium state, thermodynamic analogy, landform unit, partition function, 03698.
geomorphic unit
soil development, catena, landform position, Turkey, Cukurova; 12114. soil mapping, ILWIS database, soil database, Venezuela; 12044.
geomorphic work
rainfall event, mass movement, slump, slide, sediment transport, flood discharge, high magnitude, Spain, Pyrenees; 13016.
geomorphogenetic movement
crustal movement, altitudinal limitation, peneplain remnant, uplift rate, crustal movement rate, Japan, Shikoku Mountains; 10696.
geomorphologic characteristic
regime theory, DWOPER, routing model, river routing, Muskingum-Cunge routing scheme, 01650.
geomorphologic instantaneous unit hydrograph
instantaneous unit hydrograph, hydrograph, gamma distributed stream length, rainfall runoff model, hillslope velocity term, hillslope effect, 08664.
geomorphologic rainfall-runoff model
flash flood, hyetograph, catchment morphology, arid catchment, slope, infiltration rate, flood hydrograph, rainfall characteristics, hydrograph estimation, Saudi Arabia; 00513.
geomorphologic unit hydrograph
catchment geomorphology, stream length, runoff, stream flow, delay time, unit hydrograph, shape parameter, 05135.
geomorphological
palaeorelief, placer, morphostructure, Triassic, Jurassic, USSR, Siberian Platform, Malo-Botuobinsky; 03691.
geomorphological analysis
construction, human impact, slope instability, landslide, highway, mass movement, Jordan; 11907.
geomorphological approach
sedimentary response, core, sediment source, lake sediment, palaeoenvironmental change, paraglacial sedimentation, neoglacial activity, alpine lake, Canada, British Columbia, Coast Mountains, Kwoiek Creek; 08471.
geomorphological aspect
meteorological aspect, rainfall amount, periglacial belt, distribution pattern, debris flow, Switzerland, Alps; 06036.
geomorphological change
sediment transport, geomorphologically effective flood, gravel bed river, channel instability, effective flood, 05161.
geomorphological characteristic
low relief surface, crustal movement, peneplain, planation surface, summit level, landslide, piedmont benchland, high altitude denudation surface, periglacial process, uplifted peneplain, erosion surface origin, Japan, Akaishi Mountains; Mikawa Plateau; 08351.
geomorphological criteria
landslide, flood, risk map, Andorra, Pyrenees, Gran Valira; Valira d'Orient; 06061. neotectonics, Quaternary uplift, fluvial terrace, envelope surface, uplift, Italy, Apennines; 00233.
geomorphological data
mollusc, spore, pollen, diatom, Late Pleistocene, USSR, Siberian Lowland; 11972.
geomorphological development
alluvial plain, microrelief, deltaic plain, stratigraphy, tephrochronology, Tatara, Aira Tn ash, tephra, Hikawa Formation, postglacial transgression, Kandogawa Formation, Sambe Ohirayama pyroclastic flow, bedrock topography, transgression, sea level, Japan, Izumo Plain; 08350. nearshore, shelf, sediment transport, sediment transport model, computer model, marine geology, ice shelf, Sweden; Baltic Sea; 02609.
geomorphological effect
soil character, pH, specific conductance, 10854.
geomorphological evolution
area-altitude analysis, drainage basin, accelerating erosion, loess, China, Loess Plateau; 00210. coral reef, makatea, MacDonald hot spot, Pacific plate, residual volcanic relief, Pacific, Southern Cook Island; French Polynesia, Austral Islands; 08382. Neotectonic, fluvial process, landslide, active faulting, natural risk, late boundary, Turkey, Destek-Niksar Region; 03719.
geomorphological feature
valley, gutter shaped form, tephra deposition, meandering valley, Pleistocene upland, remnant stream, asymmetric valley, Japan, Kanto Plain; Musashino Upland; 03717. wind erosion, late glacial period, deflation feature, freezing thawing, Holocene, aeolian deposit, Italy, Abruzzo, Roccaraso, Aremogna Plain; 07213.
geomorphological heterogeneity
morphology, quantitative analysis, fluvial erosion system, bifurcation, longitudinal profile, hypsometric curve, hydrology, hydrographic network, Spain, Basque Country; 11845.
geomorphological impact
human activity, timberline, forest soil, solifluction, tourism, Spain,

Pyrenees; 09534.
geomorphological map
fluvial sediment, geomorphological study, palaeorivers, Italy, Po Plain; 03708. form chronology, field mapping, geological map, detailed map, Poland; 09531. land use, ecological type map, flood plain microform, Hungary, Danube Floodplain; 10388. landform, soil, Miocene, drainage network, Pliocene, pediment, inselberg, Pleistocene, climatic phase, Italy, Sardinia, Nurra, La Corte; 08408. map, geoecological planning, planning, Germany, Mannheim; 09142. scale 1:50 000, colour map, Poland, Sawin; 01414. space photograph, geological age, refief form, Vietnam; 13069. structural relief, relief form, volcanic activity, lineament, Mexico, Basin of Mexico, Sierra de Monte Alto; 09528.
geomorphological Map of Europe
cartographic generalisation, European geomorphology, International Geomorphological Map, Europe; 09529.
geomorphological mapping
corrie glacier, Loch Lomond Stadial, Outer Hebridean ice cap, basal shear stress, Quaternary(Late), glacial history, ice sheet reconstruction, UK, Scotland, Isle of Skye, Trotternish Escarpment; 06124. delineation tool, erosion risk zone, aerial photograph, erosion susceptibility, Universal Soil Loss Equation, Spain, Rio Guadalhorce; 09638. engineer training, engineering geomorphology, landslide mapping, civil engineering, UK; 10729. genetic classification, landform type, subsidence, sedimentation process, Italy, Po Plain, Ravenna; 09530. glacier, Petuniabukta-Adolfbukta Stage, Marine terrace, Ebbadalen Stage, Thomsondalen Stage, Little Ice Age, Pleistocene(Late), Holocene, relief remodelling, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646. radiocarbon date, glacial climate, Loch Lomond stadial, Younger Dryas, Nahanagan Stadial, UK; Ireland; 13121. remote sensing, terrain model, international conference, geomorphology, Germany; 09527.
geomorphological meta theory
relief symmetry, earth relief, mega relief, model, global morphogenesis, 08321.
geomorphological modelling
general system theory, relief form hierarchy, oromorphological relief, cartography, 00204.
geomorphological process
dambos, hydrological mechanism, anthropogenic utilisation, grassland, soil, Malawi; Zambia; 08346. field experiment, sediment budget, general system theory, aerial photograph, denudation, caesium 137, Poland; 08325. forest margin, periglacial condition, Norway, Hallingsdal, Geilo; Sweden; 00329. glaciation, pedimentation, uniformitarianism, catastrophism, geomorphology, Huttonian concept, cyclic concept, 02492. land management, reforestation, geoecology, mountain area, montane environment, 11862. legend, technogenically induced process, map, USSR; 02560. soil development, soil mapping, aerial photograph, morphodynamics, tundra zone, relief unit, Canada, Yukon Territory, Richardson Mountains; 08610. weathering, cave, glaciation, volcanic activity, geology, National Park, USA; 02508.
geomorphological proof
glacial landform, proof probability, information theory, ice marginal ramp, Bortensander, mathematical logic, 08462.
geomorphological reconstruction
climatic reconstruction, radiocarbon date, sedimentation rate, aeolian erosion, rotational landsliding, mass wasting, fluvial erosion, Holocene, Canada, Saskatchewan, Cypress Hills; Alberta, Cypress Hills; 09582.
geomorphological regionalisation
deltaic plain, Pleistocene history, floodplain, koultuk, USSR, Volga River Delta; Caspian Sea; 03716.
geomorphological spatial self organisation
geomorphology, periodic bedform, patterned ground, scale invariant topography, spatial order, ripple, polygonal pattern, drainage network, 05986.
geomorphological structure
structure, remote sensing, geological structure, USA; 02198.
geomorphological study
drainage pattern, basin development, seventh order basin, bifurcation ratio, Hortons exponential relationship, drainage density, stream frequency, slope, hypsometric analysis, groundwater accumulation, India, Kabini River Basin; 11872. environmental geomorphology, geomorphic system, human ecology, 11903. Israeli literature, runoff generation, runoff erosion, extreme event, Israel; 02498. palaeorivers, geomorphological map, fluvial sediment, Italy, Po Plain; 03708. recent morphodynamic, arid-morphodynamic process, terrace-sediment, hydration-dehydration, salt crystallization, microscale feature, weathering product, cavernous weathering, cliff retreat, Israel, Sinai Desert; Egypt, Negev Desert; 02497. Romano Libyan farm, floodwater control, building stone, Site Lm4, cavernous weathering, case hardening, Libya, Wadi el Amud; Wadi umm el Bagul; 06105.
geomorphological survey
channel instability, channel hydraulics, environmental engineering, river regime, river engineering, flood alleviation scheme, channel characteristic, 04046.
geomorphological system
defluction slope, creep, stability, 05987. geomorphology history, erosion cycle, dissipative system, dynamic equilibrium, general system theory, Davis, 11829.
geomorphological terminology
planation surface, latosol, laterite, etchplain, pediplain, pediment, planation, tropical region, 00218.
geomorphological theory
Theoretical Geomorphology third edition, fractal geometry, general systems theory, chaos theory, 08318.
geomorphological variable
land surface, GIS, France, Ouessant Island; 12703.
geomorphological work
secondary school, teaching, field work, Germany, Nordhein-Westfalen, Cologne Basin, Mitbach Valley; 00207.
geomorphologically effective flood
gravel bed river, channel instability, effective flood, geomorphological change, sediment transport, 05161.
geomorphology
cartography, SIR-A, metric camera, Algeria, Ahaggar Mountains; 07910. climatic change, landform evolution, soil formation, planation surface, cuesta landscape, climato genetic geomorphology, Germany; Europe, (Central); 07146. climato tectonic framework, uplift, denudation, monsoon, uplift rate, glacial landform, semi arid landscape, erosion rate, India, Himalaya; 07149. coastal dune, management, dune, human impact, France; 04743. coastal topic, glacial topic, landform topic, hydrology, soil, physical geography, geographical literature bibliography, biogeography, climatology, UK; 09490. colluvial deposit, slope, valley bottom, pebble, torrential deposit, Spain, Galicia, Lugo; 06963. Davis theory, peneplain concept, paradigm, Finland; 13008. Devonian reef, Windjana Limestone, Pillara Limestone, Napier Formation, foot slope pediment, rillenkarren, tufa, gilgai, Pleistocene(Late) dune, karst, slope, reef exhumation, Australia, Western Australia, Napier Range; 07150. drainage, rift neotectonics, karstic system, neotectonics, brittle tectonics, Madagascar; 08377. flood control, regulation, hydraulics, USA, Arizona, Colorado River, Grand Canyon; 11843. flood damage, landslide, bank erosion, water table rise, foundation undermining, slope stability, flood, extreme event, Spain, Pyrenees; 08690. flood dynamics, flow rate, water level, France, Garonne River; 02847. geoecology, conference symposia, workshop, international conference, geomorphology, 07134. geoecology, relief, geomorphic process, geosystem budget, model, 07129. geographical research, archival research, historical source, USA; 13009. geology, landuse, landcover, Basin and Range environment, shoreline, lake terrace, terminal moraine, alluvial fan, volcanic cone, lava flow, Large Format Camera, thematic map, USA, California; 09487. geomorphological mapping, remote sensing, terrain model, international conference, Germany; 09527. geomorphology, geoecology, conference symposia, workshop, international conference, 07134. height, pattern, plan, landform, 03695. Huttonian concept, cyclic concept, geomorphological process, glaciation, pedimentation, uniformitarianism, catastrophism, 02492. hydrothermal alteration, gold, precious metal, region geological data, lineament, USA, Nevada, Great Basin; 06820. lecture, geoecology, conference proceeding, 07133. management, lagoon, accretion, tidal level, spartina anglica, France, Brittany, Kernic Bay; 10535. mapping, automated recognition, landform recognition, machine learning, valley head, digital elevation model, 07136. modelling, slope development, landslide, scarp retreat, weathering rate, mass diffusion model, Japan; 03699. morphodynamical investigation, exogenous process, 00203. Okhotsk slope, submarine volcano, guyot, hypsometric analysis, planation surface, regional subsidence, subsidence, USSR, Kuril Ridge, Iturup Island; Sea of Okhotsk; 08383. palaeogeography, genetic classification, relief, applied research, methodology, 13006. palynological analysis, terrace, lateritic deposit, planation surface, neotectonics, India, Manipur; 00226. passive margin, intraplate margin, marginal bulge, Great Escarpment, vertical tectonics, 13035. pedology, stoneline, reference dating, cyclic feature, Brazil; 07424. periodic bedform, patterned ground, scale invariant topography, spatial order, ripple, polygonal pattern, drainage network, geomorphological spatial self organisation, 05986. permafrost, freezing, thawing, weathering, soil temperature, rock temperature, discontinuous permafrost, periglacial, Switzerland, Alps, Wallis, Unterrothorn; Gornergrat; 06199. physiographic unit, Quaternary, basaltic material, landform, volcanic soil, soil pattern, Cameroon, Mount Cameroon; 07430. practical research application, mineral, supergene deposit, relief, morphodynamic paradigm, 04926. Quaternary, photo element analysis, beach, cliff, landform, India, Konkan Coast; 01225. relief formation, inheritance principle, inheritance, new formation, 11832. sediment, typological characteristic, fluvial form, meander migration, fluvial sediment, 10671. sedimentation, estuary, circulation, fresh water, sediment transport, USA, North Carolina, Pamlico-Tar River System; 04732. sedimentology, botany, spatial characteristic, flood frequency estimate, flood bar, alluvial fan, tree scar, flood hydrometeorology, flash flood, flooding, elevation, palaeohydrologic technique, USA, Colorado, Big Thompson River; Rocky Mountains; 01642. shell deposition, bottom current, oyster reef, sedimentation, USA, Virginia, James River; 04840. soil, agricultural erosion, vegetation, France, Massif Central; 09639. soil, climate, hydrology, water use, land use, coal mining history, small watershed, geology, USA, Indiana, Clay County; Owen County; USA, Indiana, Sullivan County; USA, Indiana, Vigo County; 05248. soil, shoreline landform, Quindalup Dune, coastal zone, Australia, Western Australia, Swan Coastal Plain, Yoongarillup Plain; 06010. soil, whitebark pine ecosystem, Pinus albicaulis, freeze thaw, mass wasting, glaciation, trough wall, moraine, cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. spatial distribution, planning, rural settlement, India, Rajasthan, Barmer District; 00265. stratigraphy, volcanic construct, eruptive style, Mars, Mars, Alba Patera; 08354. stromatolite, calcrete, carbonate, Spain, Henares; 01229. structural feature, Landsat imagery, India, Andhra Pradesh, Vamsadhara River Basin; 00225. theoretical framework, sea level change, complex response, tectono climatic interaction, stone tablets, 07128. TL dating, cold climate, eolian sand, periglacial eolian sand, palaeoenvironment, 03886. urban geography, remote sensing, image enhancement, meteorology, 12582. volcanic basement, reef growth, subsidence rate, sea level change, radiometric dating, rapid vertical accumulation, reef island, Darwin, coral atoll, Indian Ocean, Cocos Islands; Keeling Islands; 02681. volcanic island, rim, elevated limestone, Cenozoic, reef limestone, makatea, reef facies, notch, Holocene, sea level, lithospheric flexure, Pacific, Cook Islands, Makatea Islands, Mauke; Mitiaro; Pacific, Cook Islands, Makatea Islands, Atiu; 11873.
geomorphology history
erosion cycle, dissipative system, dynamic equilibrium, general system theory, Davis, geomorphological system, 11829.
geomorphology laboratory
Ecole Pratique des Hautes Etudes, coastal hydrodynamics, coastal geomorphology, coastal environment management, 05988.
geomorphology map
unified harmony, natural boundary, 03422.
geomorphometric database

DEM, terrain feature extraction, C language, automating, object representation, drainage basin, 02502.
geomorphometric property
digital elevation data, hypsometric curve, basin slope, basin aspect, water routing, algorithm, automated extraction, USA, Pennsylvania, Appalachian Plateau; 09488.
geomorphometrical information
DTM, automatic correlation, SPOT, Algeria, Beni-Chougrane; 05602.
geomorphometry
catchment area determination, divergent flow, DEM, drainage basin, terrain analysis, 13303. DEM, texture processing, classification accuracy, SPOT, SAR, 12643. fluvial process, relief property, basin morphometry, drainage frequency, drainage density, morphometric analysis, India, Karnataka, Gangolli River Basin; 11858.
Geonics EM-34
groundwater exploration, groundwater resource, shallow aquifer, geophysical exploration instrument, Australia, Victoria, Shepparton; 02979.
geopedological map
mechanical property, clay mineralogy, geotechnical unit, Brazil, Sao Carlos; 13072.
geophysical anomaly
basement tectonics, magma composition, Landsat, lineament, Italy, Vulsini; 05701.
geophysical data
gravity data, hydrocarbon exploration, GIS, Libya, Sirt Basin; 12705. Landsat, fracture pattern, mineral exploration, Greece, Chalkidiki Peninsula; 05709. satellite imagery, principal components analysis, digital image processing, data integration method, 12715.
geophysical display
geological mapping, Landsat TM, iron, USA, California, Mojave Desert; 03412.
geophysical electromagnetic prospection
wadi, alluvial nappe, groundwater flow, groundwater resource, aquifer geology, aquifer hydrogeology, groundwater recharge area, recharge area, Niger, Telova-Agadez Wadi; 06408.
geophysical exploration
seismic survey, seismic data collection, land surveyors, Africa; 00972.
geophysical exploration instrument
Geonics EM-34, groundwater exploration, groundwater resource, shallow aquifer, Australia, Victoria, Shepparton; 02979.
geophysical field
inversion method, topography interpolation, 11436.
geophysical investigation
groundwater resource, drilling site, air photo interpretation, groundwater recharge, hydrogeological field study, isotope analyses, lithology, diffuse infiltration, preferential path, Burkina Faso, Yatenga Province; 06368.
geophysical log
grain size, Minette Formation, Mesozoic, Luxembourg Sandstone, Lias, France, Paris Basin; 12918.
geophysical method
indicator tracing, field method, glacial indicator, till survey, ice flow, till fabric, stone count, transport distance, Finland; 07237.
Geophysical Monitoring for Climatic Change observatory
sampling bias, carbon dioxide, flask sample, 04384.
geophysical parameter
user community, data exploitation, marine environment, Europe; 10430.
geophysical prediction
sea level change, oxygen isotope data, coral terrace elevation, ICE 3G model, global model, Pleistocene(Late), deglaciation, 09541.
geophysical programme
GPS, geodetic network, Belgium; 09097.
geophysical prospecting
image processing, archaeological prospecting, remote sensing, aerial photography, resistivity, 08136.
geophysical reconnaissance
groundwater exploration, hydrogeology, air photo interpretation, satellite imagery, remote sensing, electrical anisotropy, fracturation, Niger, Liptako; 06410.
geophysical scale
ice rubble, granular flow, shear box, pressure ridge, shear strength, 13190.
geophysical signature
post glacial rebound, rotational signature, hard transition zone, post glacial uplift, 13028.
geophysical sounding
catastrophic flood event, debris flow, Switzerland, Alps; 06033.
geophysical survey
airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological structure, graben, horst, dyke, fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, Botswana, Kalahari; 06413. geological structure, aquifer characteristic, groundwater resource, Mexico, Guaymas; 13415. strike slip fault, tectonic block, microearthquake, magnetotelluric survey, active fault system, Japan, Kinki District; 09504.
geophysical survey method
coastal aquifer, electrical resistivity, salt water-fresh water interface, groundwater resource, Ghyben-Herzberg model, groundwater abstraction, water quality, salt water intrusion, saline water, Tanzania, Mtwara Region; 13416.
geophysics
non linear variability, scaling, fractal, 07629. oceanography, global change, Solid Earth Programme, ESA, gravity field, geopotential, 06719. potential field, digital data, geologic data, USA; Canada; 04606. remote sensing, GIS, data integration, 06835.
geopollutant
ionic concentration, biochemical oxygen demand, dissolved oxygen, chemical oxygen demand, surface water groundwater interaction, petroleum exploration, industrial pollutant, surface water quality, groundwater contamination, India, Godavary River; 11023.
geopotential
geophysics, oceanography, global change, Solid Earth Programme, ESA, gravity field, 06719. isobaric surface, horizontal correlation function, temperature, 06428. radiosonde observation, zonal wind, meridional wind, gwostrophic balance, global forecast, error correlation, isobaric wind, 12477. temperature, satellite thermal sounding, radiosonde, 03016.
geopotential field
radiometric observation, gravity wave, water vapour, geopotential height, thickness, wind shear, USA, Colorado, Denver; 03015. Southern Oscillation, quasi-biennial oscillation, teleconnection, Chebyshev coefficient, Asia, (East); 03088.
geopotential height
low frequency monsoon, empirical orthogonal function, longwave radiation, monsoon, convection, Indonesia; Australia; 12331. mesopause, middle atmosphere, reference atmosphere, tropopause, stratopause, zonal mean, temperature, pressure, zonal wind, 11141. temperature, trend, stratosphere, 11287. thermal gradient, surface pressure, GCM, katabatic flow, Antarctica; 04228. thickness, wind shear, geopotential field, radiometric observation, gravity wave, water vapour, USA, Colorado, Denver; 03015.
geopotential height data
eastward travelling wave, stratosphere, planetary wave, global temperature data, Southern Hemisphere; 12418. time variability, extratropics, cold season, teleconnection pattern, 12407.
geopotential interpolation
operational scheme, objective analysis, 06514.
geopotential use
mineral resource, resource management, environmental protection, Norway; Germany; 09195.
geoprocessing
urban expansion, digital cartography, landslide, Brazil, Sepetiba; 06830.
geoprocessing tool
allocation model, land use allocation, GIS, 05630.
georeference
agricultural statistics, inventory, remote sensing, Greece, Macedonia; 13941.
georeferenced information
GPS, GIS, surveying technique, 10240.
georeferencing
data exchange, government survey, data integration, digital mapping, 01004. SPOT imagery, affine model, projective model, conformal transformation, 07951.
georelief
morphometric characteristics, spatial differentiation, soil water regime, surface water distribution, clay loam, Czechoslovakia, Ronava River; 08627.
George Everest
Trigonometrical Survey, Asia, Mount Everest; 12669.
Georgian Bay Formation
sandstone, tempestite, ichnofossil, Ordovician(Late), Canada, Ontario; 10619.
Geosat
altimeter data, eddy shedding, Mexico; 09094. altimeter data, global mesoscale eddy energy, 06810. altimeter data, water transport, surface water, meridional transport, tropical ocean, El Nino, Pacific; 10028. altimeter waveform, ice index formulation, sea ice type, linear unmixing, 10031. altimeter, ice, SAR, pack ice, Greenland; 11606. altimeter, wet tropospheric range correction, water vapour data, microwave imager, sea surface height, Greenland Sea; Iceland Sea; Norwegian Sea; 13566. altimetry, salinity profile, bathythermograph profile, geoid, temperature profile, Atlantic, Cape Hatteras, Gulf Stream; USA, Cape Hatteras; 06727. oceanographic result, sea surface topography, 04638. orbit error, orbit period, 03280. sea level anomaly, amplitude, zonal shear flow, Pacific; 03461. sea surface topography, ocean height, ocean surface temperature, Atlantic, (North); 12790. SEASAT, ice sheet, elevation data, 07909. spectral slope, sea level, Atlantic, Cape Hatteras, Gulf Stream; 06893. tropical ocean, altimetry, sea level anomaly, Atlantic; Africa, Gulf of Guinea; 06889. tropical ocean, cyclone pair, wind speed, storm track, Pacific ocean, satellite observation, 01807.
Geosat altimeter
altimeter, global wave climate, 09261. geoid height, sea surface height, Mediterranean Sea; 06894. geoid, infrared image, surface transport, Atlantic, Gulf Stream; 06890. geostrophic model, acoustic propagation model, oceanic mesoscale variability, 12789. surface circulation, mesoscale circulation variability, circumpolar current, 06892.
Geosat altimetry
sea surface topography model, ocean circulation, 06896.
Geosat data
eddy kinetic energy, sea surface height, Atlantic mesoscale variability, Atlantic, (North); 09258.
Geosat Geodetic Mission
satellite altimetry, semivariogram, seasonal elevation change, ablation zone, radar altimeter data, Greenland, West Greenland; 00341.
Geosat map
mesoscale map, ocean tide model, Atlantic, (Northeast); 09255.
GEOSAT radar altimeter
SMMR, seasonal, inter annual variation, sea ice extent, radar altimetry, Antarctica; 05048.
geoscience
computerisation, cartography, 13762. interpretive concept, GIS, 06751. Landsat, geology, hydrology, hydrogeology, 04465.
geoscience dataset
GIS, quadtree structure, gold mineralisation, geochemical signature, Canada, Nova Scotia; 05699.
geoscience information
mineral deposit data, UNIX, data processing system, 12702.
Geoscience Laser Ranging System
three dimensional relative position, range noise, system pointing capability, geodetic parameter, 07908.
geoscientific map
computer method, landslide susceptibility, Digital Elevation Model, hazard assessment, Germany, Mainz; 09522. planning, semi arid

region, environmental degradation, Spain, Valencia; Canary Islands, Gran Canaria; 09295.
oscientist status
geological method, artificial intelligence, pattern detection, 08060.
EOSECS data
isotope data, benthic foraminiferal, temperature salinity density field, ice age, thermohaline circulation, 10742.
EOSIS project
seismological analysis, tectonic behaviour, Italy, Forli, Sofia; Appennines, Alta Romagna Appennines; 10692.
posoil traverse
stratotype, European Loess Belt, Mediterranean Belt, Coversand Region, Rocourt soil, climatic condition, last interglacial, glacial, Italy, Sardina; Belgium; Greece; 07266.
posol
magnetostratigraphy, climatic cycle, loess, Baoji type section, pedostratigraphic section, stratigraphic nomenclature, China, Loess Plateau, Baoji; 08490.
eosphere
biosphere, IGBP, optimisation technique, 06856.
eostationary orbit
Meteosat operational programme, World Weather Watch, 08825.
eostationary satellite
forecasting, flood hazard monitoring application, rainfall estimation method, infrared channel, Italy, Arno River Basin; 08984. rain estimation technique, rainfall gauge, rainfall variation, Brazil, Amazon Basin; 06450.
eostatistical analysis
soil texture, soil moisture, crop yield, spatial variability, 03952.
eostatistical method
groundwater flow model, water level, flow direction, water velocity, flow volume, kriging, jackknife test, data uncertainty, USA, Texas, Port Arthur, Upper Chicot Aquifer; 09886. outlying data point, IRF-k method, point kriging, chloride, hardness, groundwater quality, 02929. pedological property, soil pore, thin section, ferric nodule, illuviation ferriargillan, 13268. predict, collapsing soil, kriging variance, oedometer, USA, Arizona, Tucson; 03799.
eostatistical modelling
dissolved oxygen, oxygen distribution, estuary, surface water quality, probabilistic random function model, Italy, Taranto, Mar Piccolo; 13361.
eostatistical simulation technique
hydraulic conductivity, micro dispersion, transport model, groundwater flow, aquifer model, conductivity distribution, sandy aquifer, particle size analysis, dispersion, 09887.
eostatistical technique
groundwater flow, double ring infiltrometer, infiltration, soil water content, variance spatial analysis, 09839. hydraulic conductivity, recharge rate, linear estimation, Monte Carlo simulation, groundwater flow model, model calibration, 09865. kriging, chloride concentration, monitoring network, groundwater quality monitoring, network design, confined aquifer, parametric statistical technique, nonparametric statistical technique, Spain, Barcelona, Llobregat Delta; 01726. sample spacing, kriging, soil sampling, spoil physicochemistry, mine spoil, USA, Montana; 13270. steady state infiltration, rainfall-runoff model, spatial variability, infiltration, rangeland catchment, 01705. surface water quality, estuary, polluted stream, bay, dissolved oxygen, salt water environment, Italy, Taranto, Mar Piccolo; 07495.
eostatistics
glaciology, radio echo data, subglacial bed topography, ice thickness, mass balance, climatic change, Antarctica, Dronning Maud Land, Scharffenbergbotnen; 00346. software programme, environmental evaluation, Brazil, Guanabara Bay; 06790. soil mapping, fuzzy grouping, Australia, South Australia, Mount Lofty Ranges, Forreston; 01568. solar irradiance, data fusion, 10381. spatial interpolation, point-kriging, kriging, 00433. statistical method, land resource survey, soil resource survey, survey method, 07330.
eostrophic adjustment
baroclinic atmosphere, spinup problem, 01886.
eostrophic balance
El Nino, Earths rotational speed, Circumpolar Current, 12782. local wind, air sea interaction, surface stress, USA, Gulf of California; 04234.
eostrophic flow
wave propagation, Rossby wave, ray theory, oceanic mixed layer, 01179.
eostrophic model
acoustic propagation model, oceanic mesoscale variability, GEOSAT altimeter, 12789. dynamical criteria, lee cyclogenesis, cyclogenesis, baroclinic mode, topography, 13581.
eostrophic wind
boundary layer, mean structure, ice edge, aircraft observation, marginal ice zone, inversion, Arctic; 13534. Brunt Vaisala, nitrogen oxide, particulate matter, Japan, Kanto Plain; Tokyo; 01996.
eostrophic wind estimate
surface wind; Froude number, sea level pressure, pressure reduction, statistical comparison, 12416.
eosynclinal karst
groundwater regime modification, karst aquifer, safe yield, water resource utilisation, 04169.
eosystem
environmental dynamics, environmental unit, Brazil, Pantanal; 12770. Polessie, alluvial plain, floodplain, stability, inertia, USSR, Meshchera Lowlands; 13007.
eosystem budget
model, geomorphology, geoecology, relief, geomorphic process, 07129.
eosystem functioning
functioning intensity, productivity, 08323.
eotechincal problem
Arctic offshore activity, thaw behaviour, silty soil, 06194.
eotechnical
Atterberg limits, shear strength, organic matter, diagenesis, diatom, Peru, Continental Margin; 04703. carbonate sediment, seafloor, void ratio, effective stress, Indian Ocean, ODP Leg 115; Mascarene Plateau; 03520. chalk, Cenomanian, Senonian, Eocene, carbonate platform, Israel; 03594. consolidation, porosity, diatom, clay, shear strength, Weddell Sea; Antarctica, Maud Rise; Antarctica, South Orkney; 03518. glauconite, Eocene, brown coal seam, volcanism, diagenesis, Germany, Egeln; 00162.
geotechnical analysis
reinforced embankment, soft ground, road embankment, fabric enforcement, embankment, Ireland, Clare County, Bunratty Bypass; 03737.
geotechnical aspect
sedimentation, Atterberg limit, upwelling, sea floor, sediment distribution, South Sea; 10559. strength, deformation characteristic, foundation engineer, Older Sand, Nigeria, Niger Delta; 03814.
geotechnical characteristic
aquifer, hydraulic process, pressure measurement, interstitial pressure, slope unstability, geological structure, France, Meurthe et Moselle, Chateau-sous-Clevant; 10702.
geotechnical condition
Arctic sediment, marine sediment, penetrometer, Beaufort Sea; 04755.
geotechnical data
borehole data, query utility, three dimensional borehole, display utility, marine borehole data, Beaufort Sea; 13905. ice sheet thickness, Saalian ice sheet, preconsolidation load, lacustro glacial clay, consolidation history, Terzaghi theory, oedometer consolidation test, fossil overburden pressure, Netherlands, Groningen Province, Marum; 10773. submarine slope, seismicity, slope instability, sediment loading, earthquake, Banda Sea; 01245.
geotechnical engineering
measurement, pore pressure, marine sediment, hydrology, 01185. sub glacial sediment, sediment deformation model, geotechnical property, structural property, over consolidated clay, lacustro glacial clay, Saalian ice sheet, Netherlands, Groningen Province, Marum; 10772.
geotechnical implication
neotectonics, seismic activity, Greece, Corinthian Gulf; 00235.
geotechnical investigation
organic matter, Tethys, Jurassic, palaeoenvironment, Rhaetian, Bajocian, Switzerland, Jura Mountains; 04835. slope stability, deep opencast mine, complex geological condition, stability, opencast mine slope, finite element method, Krusne hory Fault, engineering-geological investigation, Czechoslovakia, Bohemia; 01405.
geotechnical observation
unstable rock, rockslide, failure, road alignment, India, Himalayas, Garhwal Higher Himalaya; 00264.
geotechnical property
borehole, British Geological Survey, Rijks Geologische Dienst, Quaternary Geology, Dogger Bank Formation, Bolders Bank Formation, Botney Cut Formation, Yarmouth Roads Formation, glacial valley, Weichselian, Elsterian, bathymetry, North Sea, Silver Well; Netherlands; 09565. carbonate content, British Geological Survey, seabed sediment, Quaternary geology, UK, Scotland, Fair Isle; 09562. collapsible soil, aeolian process, oedometer, Germany, Lower Saxony; 03757. glacial deposit, Atterberg limit, undrained shear strength, soil mechanics, UK; 10767. pelagite, turbidite, burrowing, mud, bipartite bed, Indian Ocean; Indian Ocean, Bengal Fan; 04846. permeability, porosity, consolidation, carbonate sediment, stress, 03509. soil engineering property, soil structure, soil mineralogy, Yemen, Sana'a; 12117. soil, engineering geological survey, sulphate, gypsum, soluble salt, Iraq, Haditha; 04911. structural property, over consolidated clay, lacustro glacial clay, Saalian ice sheet, geotechnical engineering, sub glacial sediment, sediment deformation model, Netherlands, Groningen Province, Marum; 10772. undisturbed amphibolite, compacted amphibolite, laterite soil, void ratio, cohesion, Nigeria, Oyo State; 10704.
geotechnical study
bulk density, shear strength, plate margin, pelagic clay, volcanic sediment, subduction zone, Banda Sea; 00093.
geotechnical test
bed deformation, glacier bed, deformation measurement, deformation modelling, unlithified bed, subglacial sediment, 07292. Proctor test, volcanic tropical soil, allophane, halloysite, Martinique; 05097.
geotechnical unit
geopedological map, mechanical property, clay mineralogy, Brazil, Sao Carlos; 13072.
geotecture
platformian plain, morphostructure, young platformian plain, USSR; 03724.
geotextile
coastal engineering, filtration, separation layer, biodegradation resistance, Poland; 07178. full scale, in situ study, road, reinforced, 03792. polymer grid, revised design chart, steep slope, reinforced slope, slope, design chart, 09517. soil geotextile system, hydraulic property, engineering drainage, 07179.
geotextile reinforced soil wall
acoustic barrier, design, construction, reinforced soil wall, UK, England, Kent, Snodland; 03733.
geothermal activity
lake water quality, correspondence analysis, water quality data, fauna death, boron, leaching, arsenic, USA, Nevada, Stillwater Lakes; 06305.
geothermal application
fluid geothermometer, diagenesis, geothermometer, 12996.
geothermal aquifer
groundwater quality, sulphate, sulphide, dissolved sulphur species, bacterial reduction, isotopic study, France, Paris Basin, Dogger; 00605.
geothermal area
volcanic area, lichen, biomonitoring, mercury, emission, deposition, mining, Italy; 13751.
geothermal carbon dioxide
pH, infrared spectra, allophane, New Zealand, Tongariro National Park, Mount Ruapehu, Silica Springs; 08300.
geothermal data
inverse theory, heat flux, palaeoclimatic indicator, forward theory, permafrost, surface temperature change, temperature history, USA, Alaska, Prudhoe Bay; 08507.

geothermal energy exploration
differential absorption lidar technique, energy exploration, atmospheric mercury, atomic mercury, Iceland; 12698.
geothermal energy recovery
salinity, detritic element, gravity flow, compaction flow, Triassic aquifer, potable water, groundwater resource, aquifer hydrodynamic, Africa, Sahara; Algeria; Tunisia; 05212.
geothermal field
Landsat TM, Seasat radar imagery, air photograph, geological structure, remote sensing, USA, California; 06834.
geothermal gradient
boxwork, seasonal solutional enlargement, aquifer, Quaternary, tectonic activity, regional aquifer flow, radiometric dating, sub aqueous precipitate, cave, tilting, faulting, USA, South Dakota, Wind Cave; 10722. calcite, calcium carbonate, crystallisation, rift basin, Atlantic, Gabon Basin; 00165. fluid inclusion, limestone, dolomite, burial history, karstification, Germany, Geislingen; Herrlingen; 08287. graben, Eocene, volcanic ash, deposition cycle, coal, Canada, British Columbia, Hat Creek; 01334. pressure, temperature, geologic history, erosion, anthracite, microcline, 03624.
geothermal history
sedimentation, basin, rift sediment, tectonics, organic matter, Gabon; Congo; 03632.
geothermal investigation
temperature, heat conductivity, thermal diffusivity, bottom sediment, 06954.
geothermal regime
chloride, brine, diagenesis, interstitial water, hydrogeological system, plate convergence, Peru; 01243. oil, tectonic event, basin, USSR; 00013.
geothermal system
stable isotope, tritium, groundwater chemistry, carbon-14 dating, precipitation chemistry, Yugoslavia, Surdulica; 04144.
geothermal water
organism, bacteria, organic matter, organometallic form, algal mat, New Zealand, Rotokawa; Waimangu; 01319.
geothermometer
geothermal application, fluid geothermometer, diagenesis, 12996.
geothermometry
carbonatite, magmatic water, isotope, Jurassic, Qaqarssuk Carbonatite Complex, Greenland; 10633.
geothite
hematite, weathering profile, monosiallitisation, ferruginisation, weathering mantle, chemical weathering, chlorite, palaeoweathering, Hercynian Massif, smectite like mineral, kaolinite, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707.
geotopological analysis
anthropogenic effect, flood plain, alluvial plain, ox bow lake, levee, agricultural cultivation, Hungary, Danube Valley; 10731.
Gerety and Slingerland (1983)
terminal velocity, eroding bed, particle sizing, 02789.
Gerlach trough
soil loss, row cropping, sweet potato, soybean, small fruit crop, runoff, USA, Alabama; 00359.
German Coastal Engineering Board
erosion, sedimentation, tidal flat, Germany, Neuwerk; Scharhorner; 00045.
German language area
bibliography, peat and peatland publication, Germany; Austria; 10788.
germination
growth, climatological record, rainfall, daily rainfall record, rainday effect, plant growth model, runoff, Australia; 07807.
Ghiacciaia Cave
loess, Wurm(Early), Mousterian hearth, pleniglacial phase, last glacial period, Pleistocene(Late), fauna, Pliomys lenki, Italy, Verona, Monti Lessini; 07211.
Ghyben-Herzberg lens
mixing zone, carbonate diagenesis, flank margin model, dissolution cave development, carbonate platform, halocline, sea cave, bioerosion notch, Bahamas; 00317.
Ghyben-Herzberg model
groundwater abstraction, water quality, salt water intrusion, saline water, geophysical survey method, coastal aquifer, electrical resistivity, salt water-fresh water interface, groundwater resource, Tanzania, Mtwara Region; 13416.
Gibbs free energy
soil physical property, soil chemical property, earthworm, woodlice, 01539.
gibbsite
alunite, mineral horizon, Spodosol, humic Cryorthod, aluminium sulphate, sulphate retention, 08584. flocculation, provenance, continental shelf, clay mineral, montmorillonite, kaolinite, India, Kerala; 00070. glycol, amino alcohol, boehmite, 12972. kaolinite, weathering, lake sediment, iron, altitudinal transect, climatic zone, clay mineral, Venezuela, Andes; 03530.
gibbsitisation
weathering character, weathering genesis, weathering product, basaltic rock, dolerite, peneplain, kaolinite, rejuvenation, Zaire, Shaba, Kibambale; 08527.
Giessen Nappe
depositional environment, provenance, synorogenic greywacke, Germany, Rhenish Massif; 05915.
Gif-sur-Yvette Tandetron Accelerator
isotopic fractionation, sputter ion source, radiocarbon dating, 02571.
Gilbert fan delta
sandy channel, distributary channel, fluvial phase, uranium thorium dating, dating, weathered alluvium, Quaternary alluvium, TL age, alluvial sediment, fan delta, calcrete, diagenesis, Australia, Queensland, Gilbert River; 13104.
Gilbert type
Miocene, alluvial fan, sandstone, facies change, strike-slip fault, fan delta, sediment supply, Korea, Ulleung Back-arc Basin, Pohang Basin; 00144.
Gilbert type delta
progradation, Talchir Group, sedimentation, proglacial lake, diamictite, India, Sahajuri Gondwana Basin; 12922.
Gilbert type fan delta
foreset, lacustrine basin, sand, alluvial fan, delta facies, Italy, Valdarno Basin; 10592.
gilgai
Pleistocene(Late) dune, karst, slope, reef exhumation, geomorphology, Devonian reef, Windjana Limestone, Pillara Limestone, Napier Formation, foot slope pediment, rillenkarren, tufa, Australia, Western Australia, Napier Range; 07150.
gilgai soil
microrelief length, depression, moisture, overland flow, alluvial lowland, hypodermic flow, soil crack, Zaire, Shaba; 07187.
Gilpin silt loam
potential nitrification activity, potential denitrification activity, denitrification, nitrification, tillage, microbial activity, 12061.
ginger industry
land degradation, economics, soil conservation, Fiji; 06247.
girvanella
laminae, stromatolite, Cambrian, thrombolite, skeletal stromatolite, ooid, China, Sichuan Province, Xiushan; 07057. mud mound, terrigenous material, sand, principal component, Bluefield Formation, USA, West Virginia, Pocahontas County; 10599.
GIS
academic software, commercial sector, education, 01006. academic status, physical geography, geographical science, human geography, remote sensing, China; 01375. accessing, spatial database, 06766. accuracy standard, raster conversion, vector conversion, gypsy moth infestation, USA, Virginia; 06763. accuracy, database, 02142. accuracy, navigation system, GPS, 05594. accuracy, parcel mapping, 05776. aerial photography, utility mapping, raster scan, photogrammetry, New Zealand; 13838. aerial triangulation, stereo image injection, digital terrain model, photogrammetry, 07931. aeromagnetic data, mineral exploration, regional geochemical group, geological information, Austria; 12717. agriculture, food, environmental impact, 03445. airport management, 01161. alpine treeline, DEM, USA, Montana, Glaciers National Park; 12746. AM-FM, regional planning, cartographic accuracy, facilities database, 01162. AM/FM, project failure, 09120. analysis, computer assisted cartography, digital topographic database, New Zealand; 10371. anthropogenic deforestation, logistic regression, 06883. appropriate technology, Third World development, Sri Lanka; 11490. aquaculture development, USA, Louisiana; 11589. ARC/INFO, analytical capability, urban environment, USA, Washington, Tacoma; 05765. archaeological research, database, 06929. archaeology, historical geology, 10467. artificial intelligence, geographical data processing, predicate calculus, mathematical language, 03358. automated cartography, standards, digital topographic information model, vendor, 01019. AVHRR, satellite imagery, atlas, Canada, Manitoba; 13837. benchmark, proof of concept development, performance evaluation, 13826. benefit cost study, LIS, economic growth, policy making, 08013. bio physical resource, socioeconomic resource, map manipulation, decision support, Australia; 10324. biological specimen, systematic coordinate, biolocality, 06852. biomass, farm management, forage production, 01120. boundary information, parcel information, survey, Canada; 13975. cadastral survey, Property Fabric Information System, Canada; 10477. capital, urban planning, three dimensional modelling, USA, Washington DC; 06938. cartographic communication, system architecture, 11510. cartographic data, updating, survey data, 02143. cartographic document, document, scanned map, remote sensing, vector, Canada, Alberta; 13779. cartographic workstation, digital production, land survey, Sweden; 13869. cartography, 02139. cattle disease, disease distribution, Africa, (East); (South); Africa, (Central; 09253. census cartography, 05685. classical set theory, fuzzy relational data model, agricultural land resource management, data analysis, Indonesia, Java; 03357. cognitive mapping, perception, mental map, Canada, Nova Scotia, Annapolis Valley; 13839. college course, 05784. commercial database, Dun and Bradstreet Market Identifier, energy regulatory issue, environmental regulatory issue, USA, Illinois; 09200. commercial development, environmental factor, landuse, 09124. commercial GIS, product generation, 05618. communication, conceptual framework, spatial analysis, visualisation, 06777. computer assisted allocation, land use allocation, USA, Illinois; 05767. computer graphics hardware, military application, database integration, 10321. computer network, digital technology, social change, planning decision, 06748. conceptual definition, error analysis, 13831. conceptual framework, quantitative raster mode generalisation, qualitative raster mode generalisation, 06804. conceptual model, image schemata, 06768. conservation database, remote sensing, database management, Nepal; 10428. conservation priority, gully erosion dynamics, volcanic terrain, 12706. consultant, data management, 02144. coordinate base, national datum, primary framework, adjustment, North American Datum, Canada; 01016. corporate database, database, 13819. corporate wide spatial database, network, 01041. corridor model, mapping, AM/FM system, 09135. cost benefit analysis, economic science, information science, geographic information value, 06754. criminal spatial analysis, crime, USA, Texas, Dallas; 09305. crop information system, satellite data, AVHRR, 01116. crop modelling system, rural appraisal, smallholder farming, food crop, Papua New Guinea, Morobe Province; 08104. crop specific model, physical suitability assessment, database, 06877. data acquisition, scanning, image processing, mathematical morphology, 05580. data availability, 05625. data capture, expert system, standard, navigation, cartography, 13755. data display, data analysis, integrated spatial data, 06769. data exchange, object oriented environment, 13834. data integration, geophysics, remote sensing, 06835. data organisation, digital cadastral data base, data linkage, 08010. data quality, digital point position, qualilty, standard, accuracy, 13830. data quality, photogrammetry, 12663. data standardisation, information base, teaching, cartography, automated mapping system, 03353. data storage, database extraction, decision assist system,

Canada, Saskatchewan; 01038. data structure, image processing, crop information system, flood mapping, 05555. data structure, interchange standard, coordinate system, topology, 12680. data structure, map projection, 02145. data structure, spatial query, binary space partitioning tree, 01056. data structure, vector data, raster data, 11505. data transfer, standard, data quality, 13821. data type, analytic manipualtion technique, database manipulation, graphic manipulation, 05631. data, accuracy, intgegrated, remotely sense data, 13828. database construction, public utility, spatial handling, multiparticipant GIS, 03369. database design, categorising data, 13818. database management, data analysis, benchmark, 09122. database management, topological structure, distributed processing, 00999. database transaction, consistency, 12661. database, conservation management, national park, ecological approach, Canada, Saskatchewan, Grasslands National Park; 01121. database, digital conversion, automated mapping, database cost, 06756. database, economic development project, USA, Alabama; 09299. database, environmental impact, powerline corridor, USA, Utah; Nevada; USA, Idaho; 05558. database, local authority, 02146. database, measurement, error, accuracy, land use, UK; 04487. database, regional scale, natural resource, USA, Florida; 06847. database, soil mapping, Europe; 13904. database, soil, water resource, USA, Hawaii; 13897. database, text data, graphics data, distributed database, 13809. database, topographic database, IGN, digital data, France; 02138. datastructure, user interface, geoinformation theory, 00997. DBMS, atlas, geology, cartographic functionality, Labrador Sea; 01100. DBMS, utility management, terrain modelling, DTM, 04553. decision making process, regulation, ordinance, landuse, legal consideration, local jurisdiction, USA, Virginia; 09296. decision support system, forest management, 06881. decision support system, pattern recognition, optimisation model, expert system, environmental impact analysis, 05632. decision support system, polygon overlay, geographical feature, 05621. decision support, planning, Netherlands; 06922. decision support, research agenda, 06770. defence, Australia; 10322. DEM, behavior prediction, fire behavior, 04549. DEM, terrain modelling, 05601. Department of National Defence, microcomputer technology, Canada; 01029. design, cartographic product, map production, cartography, 01083. design, national atlas, atlas, Canada; 13851. desktop mapping system, colour separation, geological map, 10367. developing country, 05626. development monitoring, public development, airport, USA, Texas, Dallas; 09303. digital data type, technological development, 05574. digital data, marine application, 04551. digital database, database, resource management, USA, Oregon; 09198. digital elevation model, raster element, Borgefors distance transform, contour, 12679. digital geographic interchange, geographic interchange, standard, 13874. digital map, map generalisation, USGS, digital line graph, ARC/INFO, 11498. digital model, graphic representation, mental representation, processing tool, 03352. digital scanning, cartography, grey scale, 09131. digital stero compilation, digitisation, digital topographic data base, Canada; 01079. digital topographic map, TDMS, CAD, 10360. digitising, map scanning, data validation, 07915. distributed GIS, organisational issue, USA, Florida; 09127. drainage basin, topography, watershed boundary, land surface morphology, DEM, overland flow path, 12137. dredging, sediment, river, Canada, St. Lawrence River; 13959. DTM data, military terrain analysis, 06941. DTM, environmental science, planning, geography, 09169. DTM, hazardous zone, SPOT, quantitative geomorphology, Bolivia, La Paz; 10395. DTM, height information, 11509. dynamic field, data structure, operational structure, 06752. earth science, spatial data handling, digital cartography, 01027. ecological research, lake, remote sensing, USA; 06860. ecology, habitat management, pike, fish, Canada, Lake Ontario, Hamilton Harbour; 13930. economic factor, mineral exploration, image processing, 06826. ecosystem, climatic change, 04598. education, commercial exploitation, 01170. education, computer, cartography, NCGIA, curriculum, USA; 02147. education, curriculum material, Canada; 10485. education, curriculum, 02148. education, teaching, syllabus, UK; 04538. educational initiative, information management, USA; 11412. electrical power utility, corporate GIS, National Topographic Data Base, data integration, Canada, Ontario; 01042. emergency service, source databank, street network, Canada, Ontario; 01156. emergency service, street, address, Canada; 13996. emergency, quadtree, nuclear disaster, 13997. environment, GIS standards, knowledge based GIS, education, management, 02137. environmental activity, socialist country, environmental management, China; 06848. environmental agency, market research, Europe; 02141. environmental data, land management, UK; 13911. environmental hazard, environmental contamination, ecological sensitivity, industrial development, Canada, Ontario, Niagara Falls; 01149. environmental impact assessment, natural resource, land consolidation, noise pollution, Germany; 05752. environmental planning, landscape analysis, biotope mapping, 11586. environmental policy, CORINE Programme, Europe; 09206. environmental sensitivity, oil spill, remote sensing, SPOT, 01122. environmental zoning, land use planning, environmental quality, environmental pollution, Netherlands; 05768. error, data quality, slope land management, Taiwan, Taitung; 06880. error, sensitivity analysis, map, 04547. evaluation technique, land evaluation, UK, Scotland; 12730. evaluation, municipal model, functional capability, Canada, Ontario; 13816. exchange format, coordinate projection, education, digital producer, 13758. expert system, cartographic application, symbolisation, artificial intelligence, 01067. expert system, intelligent GIS, knowledge base management system, 01081. expert system, knowledge acquisition, fire station, Canada, Alberta, Calgary; 01068. exploration programme, airborne geophysical survey, image processing, 05712. feedback model, forest decline, Germany; 01114. filtering, restoration, remote sensing, 13790. fixed asset management, local authority, Netherlands; 05764. forest community, decision tree analysis, 10402. forest fire, GPS, USA, Arizona, Tonto National Forest; 05736. forest fire, pixel analysis, landcover change, USA, Michigan; 08091. forest land management, forest monitoring, logging road, Indonesia; 12750. forest management, Canada; 05615. forest management, land use evaluation, erosion susceptibility, Thailand, Chiang Mai; 00942. forest, inventory mapping, vegetation, Canada, Alberta; 13931. forestry, base maps, sylviculture, forestry, remotely sensed data, Canada, Ontario; 13932. forestry, transport, digital data, cost-benefit analysis, technical problem, trained personnel, North America; 05624. fuzzy classifier, mixed pixel, knowledge based analysis, urban boundary detection, 08133. generalisation, dot mapping, ecumene, choropleth mapping, agricultural data, Canada; 01033. geocoding, remote sensing data, 05557. geodata, course curicula, context transformation, geoinformation theory, 13757. geodetic control, multipurpose spatial database, USA, Colorado, Jefferson County; 08014. geodetic framework, GPS, first order control, USA, California, Fresno; 05591. geographic information system, distributed computing, modelling development, 10318. geographic information value, geographic information, 06757. geographic query, underground facility, digital line graph, 05771. Geographic Resource Analysis Support System, image processing system, remote sensing, natural resource management, 01048. geoinformation theory, educational institution, production organisation, education, 01169. geomatics, topographic database, Canada; 13850. geometric object, PROLOG, 11507. geomorphological variable, land surface, France, Ouessant Island; 12703. geophysical data, gravity data, hydrocarbon exploration, Libya, Sirt Basin; 12705. geoprocessing tool, allocation model, land use allocation, 05630. geoscience, interpretive concept, 06751. GIS design, design complexity, 06774. GIS toolkit, digital image processing, satellite image data, geological mapping, mineral exploration, China, Xinjiang; 06816. GIS tutor, spatial data processing, 06772. Global Change Encyclopedia, remote sensing, 13763. global change programme, regional impact assessment, database, microcomputer workstation, 08002. global environment, Earth observation, data system, 11495. government data, database, geographic database, Taiwan; 09133. government, industry, academic community, Canada; 13806. GPS, map revision, network street, Canada, Toronto, Markham; 13767. grammar, data set name, spatial database, 13845. graphical object, image object, object orientation, database, 13823. graphics database, SQL, GIS instruction, AUTOCAD, 01077. graphics, database structure, object oriented paradigm, semantic data model, 01061. grassland biomass, AVHRR, natural resource monitoring, Niger; 08075. grid orientation, urban development, Germany, Berlin; 11639. groundwater vulnerability, aquifer protection, hydrogeological data, 13900. hardware, software, government agency, USA; 01028. hazardous material, hazard zone map, population distribution, USA; 05779. health information, World Health Organisation, Europe; 10479. high spectral resolution remote sensing, mining, petroleum, exploration technique, hydrogeology, gold exploration, 06813. highway route planning, cost modelling, Nigeria; 12811. highway, transportation, digital basemap, Canada, Saskatchewan; 13986. historical description, grid-referenced data, State Development Plan, resource analysis, USA, Maryland; 05638. hydrological modelling, soil moisture, Less Favoured Area, land information system, Greece, Peloponnese; 10397. image analysis, commercial environment, integration, 13780. image analysis, format, digital topographic data base, remote sensing imagery, 00947. image analysis, remote sensing data, 05556. image data, remote sensing, temporal database, spatial database, 06767. image enhancement, resource, Landsat TM, data integration, USA, Montana, Glacier National Park; 04628. image interpretation, land unit boundary, uncertainty, fuzziness, 12662. image normalisation, agricultural field, irrigation project, USA, Nevada, Newlands; 10451. image processing, automated DEM extraction, base map production, topographic application, change detection, 07897. image processing, bandwidth, information transmission, database, satellite, 13777. image processing, remote sensing limitation, resource analysis, public domain-GIS, 06740. image, recognition, road, satellite, 02288. implementation plan, organisational impact, USA, Florida; 09123. implementation, technology transfer, educational aspect, 06755. incremental approach, developing country, Saudi Arabia; 11625. informatics, public policy, information system quality, information system accuracy, 06749. information management, cost benefit, survey information, 01039. information processing, liability, data inaccuracy, 01035. innovation, diffusion, 06746. input quality, map, plan, 13836. integrated spatial data set, data access, data presentation, analytical technique, 01064. interface, relational database management system, data format, standard interchange format, 01020. interface, software package, relational database management, data format, 03363. interface, user testing, 06780. inventory, cartographic data, spatial information system, 13882. inventory, timber, stand information, decision support system, USA; 06882. kriging, variogram interpretation, variable interpolation, environmental variable, 09204. land allocation, population, economic base, integrated information system, regional analysis, USA, Houston; 06913. land classification, vegetation pattern, map error, USA, California; 03449. land combat, terrain analysis, environmental assessment, 10484. land cover classification, spectral classification, topographical data, Netherlands; 10403. land development, planning, real estate developer, 09297. land evaluation, computer based technique, landuse planning, management issue, UK, Scotland; 11645. land evaluation, urban development, expert system, New Zealand, Waiheke Island; 03478. land information system, land registration, committee structure, Canada, New Brunswick; Nova Scotia; Canada, Prince Edward Island; 01040. land information, database management system, local government, USA, Texas, Midland; 06940. land information, landuse data, local government, USA, Florida, Orlando; 09202. land ownership, cadastral data, statistical technique, automated survey measurement, 07958. land ownership, topographic database, land development, public utility, Qatar; 00998. land resource management, soil characteristic, USA, Montana; 06853. land use planning, computer, 05619. land use, spatial factor, rural area, natural resource, USA, California; 06920. Landsat MSS, maximum likelihood classification, region, urban growth, France; 04670. Landsat TM, satellite imagery, habitat mapping, fauna, 02236. landuse inventory, urban landuse, USA, Texas; 09214. landuse, everglades, soil, agricultural area, USA, Florida; 09210. large database, object oriented approach, CAD, 03367. linear quadtree, land suitability classification, data structure, crop production, natural vegetation, UK, Scotland, Deeside Region; England, High Peak District; Kincardine Region; 10406. LIS, cartographic principle, local authority, information analysis, data acquisition, 10317. LIS, digital video, image analysis, 06739. Prolog, SQL, database query language, object oriented modelling, 03359. quadtree data structure, linear quadtree, geographic function, 01055. quadtree structure, gold mineralisation, geochemical signature, geoscience dataset, Canada, Nova Scotia; 05699. quadtree, peatland, forest fire, wildlife management, crop inventory, Canada, Ontario; 01113. quality control, map overlay, edge matching, digital data, USA; 06753. querying, exploratory statistical analysis, statistical graphics, 03365. railway, fixed plant, Switzerland; 10470. raingauge network, image enhancement, rainfall estimation, 06812. raster, image handling, vector, 13829. real estate, park map, municipal GIS, Canada, Ontario, Scarborough; 01154. real estate, retailing, 05769. recycling programme management, solid waste, 06932. red deer, winter habitat, 12773. referencing, highway, transportation planning, 04680. regional analysis, knowledge database, change detection, remote sensing, 10340. regional database, subregional planning, two planning data, 10458. regional GIS, LIS, Australia, New South Wales, Jervis Bay; 10326. regional planning, developing country, urban planning, 04673. regional planning, service bureau, USA, Vermont; 06911. relational database, facilities data, quadtree, 01054. relic waste, waste site, urbanised area, Canada, Toronto; 13989. remote sensing, crop quality, elevation, water storage capacity, corn production, Canada, British Columbia, Lower Fraser Valley; 01118. remote sensing, emergency response, management training, 01155. remote sensing, grasshopper, locust, Africa, Sahel; 11576. remote sensing, image, 13843. remote sensing, lake chemistry, surface water pH, landscape disturbance, hydrologic pathway, pipe flow, forest blowdown, acidification, USA, New York, Adirondack Mountains; 05186. remote sensing, terrain data, MEIS imagery, Canada, Ontario; 13844. remote sensing, urban land use, information quality, information revision, 01152. research, development, regional research laboratory, UK; 13807. research, educational curriculum, National Center for Geographic Information and Analysis, 05783. research, institutional development, spatial data handling, 05617. research, National Center for Geographic Information and Analysis, 13808. resource database, coastal management, remote sensing, GPS, 13914. resource extraction, resource assessment, marine sand, marine gravel, 10443. resource manager, phytosanitary phenomena, forest cover type mapping, SPOT-1, France, Mercantour National Park; 05735. resource plan, standard, data accuracy, Canada, Ontario, Scarborough; 13971. resource planning, peatland, database, UK, Scotland; 13899. resource, planning, region, Indonesia; 04664. resources analysis, manpower, survey method, Nigeria; 13764. risk, traffic, accident, highway, Canada, Quebec; 13998. road management, traffic zoning, transportation, 05774. rural data, TIGER data file, census, USA; 13988. sample, survey analysis, 13810. SAR, image analysis, simulation, 01009. satellite data, climatological data, vegetation monitoring, meteorological data, image analysis, 13947. sea surface, sea bed, hazard prediction, hydrocarbon drilling, Canada, Labrador Shelf, Grand Banks; 13907. semantic relationship, temporal relationship, query interface, DBMS, data model, 01058. semantics, object oriented database, object type, query language, 01059. sewer, digital map, networked software, USA, St. Louis; 11631. shoreline management, flood damage, hazard, Canada, Great Lakes; 13954. SICAD, ATKIS, data structure, 11501. site change monitoring, gasoline station, storage tank, USA; 06933. site selection, building, environmental group, 01153. snow avalanche path, morphometric information, buffer, probability map, USA, Montana, Glacier National Park; 03460. society, decision making, research, 01034. socio economic variable, demographic variable, postal code, Canada; 13995. software design, information sharing, 13825. software function, geographical data transfer, 06761. software package, thematic mapping, file format, 01007. software, database technology, data provision, 09121. soil conservation, regional level study, soil database, USA; 09189. soil degradation, marginal land, soil map, Canada, Saskatchewan; 01098. soil erosion, salinisation, water resource development, environmental conservation, surface water quality, water resource, catchment degradation, flow regulation, irrigated land, Ethiopia, Awash River; 13465. soil mapping, soil analysis, quadtree, Hungary; 11541. SPANS, park resources, wildlife monitoring, forest fire management, 01119. spatial analysis technology, statistics, computational geography, 05628. spatial analysis, crime analysis application system, urban crime, USA; 05780. spatial data format, 10334. spatial data, inventory, data resource pyramid, 13937. spatial data, vector, raster, 04540. spatial data, water resource, watershed, 11512. spatial information system, decision support, Netherlands; 10329. spatial information, map processor, visual information manipulation, quantitative information manipulation, archaeological study, Canada, British Columbia, Thompson River Valley; 06931. spatial information, planning, 05622. spatial pattern, geographical correlates exploration, map coverage, 13859. spatial pattern, radiation, radiation flux, Landsat TM, 09174. SPOT, land use analysis, landcover analysis, land use change, 08080. SPOT, urban expansion, 12802. spread rate, weather data, fire behaviour modelling, Canada, Manitoba; 01109. stand index, Landsat TM, Scots pine, forestry detection, 09237. standardisation, classification, Netherlands; 02151. statistical area, street network, postal code, Canada; 13967. statistical evaluation, thematic map accuracy, land use, land cover mapping, database development, USA, Florida; 05645. Statistics Canada, cross-sectoral analysis, environmental condition, Canada; 01032. statistics, population, census, microdata, 04685. stereoscopic photography, stereozoom transfer scope, photogrammetry, three-dimensional coordinate, 13772. stochastic model, soil salinity, herbaceous cover, kriging, interpolation, Israel; Botswana; 03364. subdivision planning, residential area, Canada, Saskatchewan, Saskatoon; 13973. surface water quality, pollution control, nonpoint source pollution, detention basin, remote sensing, USA, Texas, Trinity River; 00553. survey control, position related activity, Canada, Alberta; 01015. surveying technique, georeferenced information, GPS, 10240. system information, intergovernment, USA, Vermont; 06939. system resource utilisation, performance evaluation, 05643. technical issue, funding, strategic plan, cost-benefit analysis, 01069. technological development, research, 05614. telecommunication, network, Switzerland; 04676. telephone company, automated mapping, data conversion, 11630. temporal change, nuclear waste repository, time, USA, Nevada, Yucca Mountain; 01025. temporal ecological phenomena, spatial ecological phenomena, raster, vector data, ecological research, 06803. terminology, topographic reference, France; 12659. terrain analysis, military data acquisition, Australia; 10483. terrain analysis, minefield site, inference system, expert system, 08143. terrain analysis, storm water model, surface flow, subsurface flow, urban hydrology, design flow, drainage analysis, USA, North Carolina, Asheville; 12167. thematic map, satellite data, regional planning, 05757. thematic mapping package, local planning agency, land parcel mapping, urban planning, CAD, USA, California; 10457. thematic mapping, land cover, map, CORINE, EEC, Europe; 02232. Third World, regional planning, 04672. TIGER, decision support systems, 05634. TIGER, USGS, digital database, Census Bureau, USA; 01030. timberland, multi source base map, base map, forest management, 09226. topographic survey, thematic information, India; 13840. topographical mapping, cartographic ethics, social theory, map, 09148. trafficability rating, land resource, expert system, field calibration, Australia, Queensland, Cape York Peninsula; 10469. training aid, func-

tionality, aid agency, Africa; 11496. training, cadastral training, database, 01168. training, education, 01171. transport, health care, forestry, regional planning, decision support, land information, property information, Europe; 10323. transportation modelling, 04681. transportation network, network overlay, 06925. transportation planning, software package, USA, Pikes Peak Area; 06928. transportation planning, strategy, regional planning, 04679. triangular irregular network, geometric property, analytical geometry, topological relation, simplicial complex theory, 08018. Universal Soil Loss Equation, database, soil conservation, Ethiopia, Awash Basin; 08071. urban and regional planning, teaching, 12807. urban development, developing country, environmental data, Tanzania, Dar es Salaam; 06935. urban development, rural development, simulation modelling, ecological planning, USA, Indiana; 01066. urban environment, database management system, Canada, New Brunswick, Fredericton; 10459. urban environment, transportation cost, decision strategy, utility provision, USA, Florida, Gainesville; 06927. urban geographic base, municipality, geographic base, Canada, Montreal; 13993. urban landuse planning, low-income housing, urbanisation, Malaysia, Kuala Lumpur; 10464. urban management, GIS function, data format, three-dimensional digital map, expert systems, Japan; 05763. urban management, urban development, 10461. urban planning, cadastre, Hong Kong; 04669. urban planning, LIS, 04674. urban planning, regional planning, Brunei; 04671. urban planning, regional planning, decision support system, spatial analysis, 05616. urban planning, regional planning, developing country, 11637. urban, rural development, Netherlands; 06936. user interface design, human factor research, 06773. user need, feasibility study, implementation practice, corporate GIS, 13824. utility company, cost benefit analysis, implementation plan, 09125. utility mapping, Ireland, Limerick; 10463. vector overlay, raster technology, vector technology, 06762. vegetation monitoring, crop information system, satellite data, 03425. vegetation pattern, digital soil map, SPOT, USA, Wisconsin; 08084. vegetation survey, reforestation, Sudan, Kordofan, Kazgail; 09242. vehicle routing, database, 05648. video data, GPS, positioning system, 01010. video technology, environmental change, 06851. viewshed, image processing, USA, North Carolina, Watauga County; 11549. vineyard, rural management, agricultural diversification, France, Languedoc Roussillon; 10419. visualisation, environmental assessment, forestry, UK, Scotland, Aviemore; 12681. volcanic terrain, severe gully erosion risk, conservation priorities, gully erosion, modelling, Mexico, Tlalpujahua; Huasca; 12031. water management, ecological map, ecological model, natural resource, USA, Florida; 06861. water management, implementation cost, mapping, Canada, British Columbia, Vancouver; 13929. water management, USA, Florida; 05772. water quality, water quantity, non point source, finite element method, catchment runoff, 10452. water regulation, inventory, resource management, USA, Florida; 06900. water resource management, user support, USA, Florida; 06906. watershed management, remote sensing, land evaluation, ILWIS, 13842. wildlife management, tortoise, habitat, forest, USA, Florida, Ocala National Forest; 06885.

GIS application
digitising table, scanning digitiser, CCD scanner, 07932.

GIS concept
pilot study, national water management, benchmarking, commercial GIS, 10453.

GIS coordination
system networking, defence GIS, Australia; 10482.

GIS database
sample generation method, thematic map accuracy, land use mapping, USA, Florida; 08081.

GIS design
design complexity, GIS, 06774. GIS evaluation, database, data representation, 06745.

GIS education
curriculum development, information technology, 05782.

GIS evaluation
database, data representation, GIS design, 06745.

GIS function
data format, three-dimensional digital map, expert systems, GIS, urban management, Japan; 05763.

GIS graphics
cartographic tradition, cartographic principle, 08047.

GIS instruction
AUTOCAD, GIS, graphics database, SQL, 01077.

GIS pilot study
system viability, spatial referencing, UK, England, West Yorkshire, Kirklees; 08012. water management, benchmarking, 08011.

GIS professional
salary, employment, USA; 10238.

GIS software
analysis, conventional GIS package, 05633.

GIS standard
data management, data integration, spatial data transfer standard, 05640.

GIS standards
knowledge based GIS, education, management, GIS, environment, 02137.

GIS technology
map publishing, computer graphic technology, mapping technique, 08039. planning process, urban planning, regional planning, 05759.

GIS toolkit
digital image processing, satellite image data, geological mapping, mineral exploration, GIS, China, Xinjiang; 06816.

GIS trend
industry change, Intel microprocessor 80386, 08000.

GIS tutor
spatial data processing, GIS, 06772.

GKS
computer graphics, curve specification, Computer Graphics Metafile, ISO, 00990. interactive graphics, X-Window System, tiling, 00991.

glacial
geosoil traverse, stratotype, European Loess Belt, Mediterranean Belt, Coversand Region, Rocourt soil, climatic condition, last interglacial, Italy, Sardina; Belgium; Greece; 07266. interglacial, alkalinity, polar ice, cadmium, planktonic foraminifera, Holocene, North Atlantic Deep Water, carbon dioxide, 00911. interglacial, change, isotopic gradient, surface water, glacial circulation, Southern Ocean; 02621. interglacial, microparticle concentration measurement, climatic implication, ice core, Antarctica, East Antarctica; 03848. interglacial, terrestrial, marine temperature estimate, test, GCM simulation, palaeoclimate, Indian Ocean; 04964. isostatic adjustment, tide gauge, secular, sea level change, global signal, 11976. lacustrine process, morphogenesis, palaeogeographical change, topographic expression, marine shell, marine, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02521. monsoon, oceanic circulation, continental margin, oxygen minimum zone, interglacial, Arabian Sea, ODP Site 724; Oman Margin; Arabian Sea, ODP Site 725; 11693. periglacial, humid temperate, semiarid, insolation, topographic asymmetry, insolation, asymmetry, 03702. Quaternary, climate modelling, Boolean delay equation, hydrological feedback mechanism, thermohaline circulation, feedback mechanism, 08423. sedimentary sequence, overdeepened basin, erosion rate, till, melt water channel, eroded terrace, fluvial gravel, Switzerland, Mittelland; Seeland; 11961. volcanic geomorphology, andesite, cone collapse, corrie, dacite, debris avalanche, glacial valley, lahar, Quaternary(Late) sequence, moraine, rhyodacite, volcanic evolution model, Ecuador, Andes, Chimborazo-Carihuairazo Massif; 02516.

glacial abrasion
theory, abrasion rate, shear stress, ice bed interface, laboratory simulation, 07221.

glacial advance
glacial stratigraphy, till, melt water deposit, TL dating, Menapian age, Elsterian, Holsteinian, Saalian, Denmark, Jutland; 05004. moraine, talus, glacierisation, lichenometric study, Holocene, rock glacier, neoglacial moraine, Rhizocarpon, Canada, Northwest Territories, Frances Lake; Yukon Territory, Frances Lake; 08508. Salmon Lake glacial unit, relative age data, Stewart River glacial unit, relative dating, moraine, boulder weathering, moraine morphometrics, USA, Alaska, Kigluaik Mountains; 04993.

glacial advance stage
Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Pisang, Manang, Buradhan, Omdu, moraine, monsoon, glacial landform, Nepal, Himalayas, Manang Valley; 03884.

glacial Atlantic
ice core, climate change, salinity, conveyor circulation, salt oscillator, Greenland; Atlantic; 03854. scale analysis model, thermohaline circulation, melting rate, Younger Dryas event, salinity flux, continental ice volume, oscillator feasibility, salinity driven oscillator, salt oscillator, Atlantic; 08441.

glacial bed
groundwater, pollution, hydrogeology, moraine landscape, Denmark, Arhus; 07554.

glacial boulder
transport, till lithofacies, boulder transport, shield area, Canada, Quebec; Finland; 06119.

glacial chronology
Little Ice Age, radiocarbon, neoglaciation, dendrochronology, Holocene, USA, Alaska, Kenai Mountains; 03026. radiocarbon dating, rock varnish, palaeoclimatic implication, Tioga glaciation, Middle Creek glaciation, Younger Dryas, accelerator mass spectrometry, Pleistocene(Late), lake shoreline, USA, Basin and Range Province; 00305.

glacial circulation
glacial, interglacial, change, isotopic gradient, surface water, Southern Ocean; 02621.

glacial climate
antiglacial climate, subarctic climate, subtropical climate, climate type, oceanic climate, continental climate, Bacsaks climate type, Milankovic theory, 08417. Loch Lomond stadial, Younger Dryas, Nahanagan Stadial, geomorphological mapping, radiocarbon date, UK; Ireland; 13121. symmetric circulation, equable climate, climate dynamics, 12427. vegetation, palynological evidence, Subantarctic forest, Magellanic moorland mosaic, rainfall, hygrophyllous plant formation, Chile, Isla de Chiloe; 05015.

glacial climate change
interglacial climate change, climate change, pollen, aeolian evidence, climate modelling, forcing, general circulation modelling, palaeoclimate, 10732.

glacial cycle
carbon dioxide, climatic impact, soilborne carbon dioxide, soil respiration, greenhouse effect, 13752. chronostratigraphic tool, virtual geomagnetic pole path, palaeomagnetic excursion, last interglacial, 06071. glacial to interglacial transition, greenhouse gas, albedo, fresh water transport, ocean salinity, ocean atmosphere reorganisation, 04929. glacimarine facies architecture, sedimentation model, global eustatic change, sedimentary change, sea level change, 04988.

glacial deposit
alluvium, aerial photograph, land clearing, organic matter, nitrogen, Canada, British Columbia, Fraser Lowland; USA, Washington, Fraser Lowland; 08612. Anglian, Wolstonian, Devensian, Quaternary history, UK, England, Peak District; 10769. Atterberg limit, undrained shear strength, soil mechanics, geotechnical property, UK; 10767. chronology, lithology, sedimentology, UK; Ireland; 13118. chronostratigraphy, raised marine terrace, proglacial river, radiocarbon dating, Vistulian, Holocene, litho-chronostratigraphy, profile, Svalbard, Spitsbergen, Horbyedalen; 02690. Devensian age, raised beach, Amino acid dating, uranium series dating, speleothem, Ipswichian, erratic, UK, Wales; 10768. Devensian, morphostratigraphy, chronology, Fenitian, Midlandian, Ireland; 13123. drumlin, lodgement till, glaciofluvial landform, periglacial mass wasting, till, mass wating, landform, UK, England, Northumbria; 11953. erratic, raised beach, till, Wolstonian, Devensian, head, UK, England, Scilly Isles; 13143. fluvioglacial deposit, landscape history, weathering, iron fractionation, clay mineral analysis, Nepal, Himalayas, Mount Everest; 13298. Four Ashes, type site, Devensian stage, Stockport Formation, Newer Drift, Iron Bridge gorge, subglacial channel, Lightmoor Channel, Chelford interstadial, Shrewsbury Forma-

tion, UK, England, West Midlands; Cheshire Plain; 13135. glacial stratigraphy, Gortonian stage, Hoxnian, Ipswichian, Midlandian, preMidlandian, Ireland; 13122. glaciation, offshore region, ice sheet reconstruction, radiocarbon date, Midlandian(Late), Ireland; 11952. glaciomarine deposit, inland glacial deposit, seawater, coastal glacial deposit, till, sorption complex, Poland; Svalbard, Spitsbergen; 00300. Hoxnian, Holsteinian, magnetic reversal, correlation, till, glaciation style, glacioisostasy, UK; Europe; 11946. Landsat TM, drumlin, streamlined feature, erratic, esker, kame, delta, cirque, glacial trough, Ireland; 13124. lithology, boulder clay, sand, gravel, brick earth, drift mapping, till, mapping, UK; Ireland; 11947. lithostratigraphy, Elsterian glaciation, melt water sedimentation, Saalian glaciation, ice advance, Main Stationary Line, Quaternary statigraphy, Denmark, Jutland; 05006. mineralogical study, chemical study, Billefjorden Stage, Little Ice Age, carbonate, glacial till, weathering process, glaciology, geochemistry, Svalbard, Spitsbergen, Petuniabukta; 02649. mountain glacier, chronology, boulder, moraine crest, global ice volume, oxygen isotope record, cosmogenic chlorine-36 chronology, USA, California, Sierra Nevada, Bloody Canyon; 00294. Munsterian, Southern Irish End Moraine, till, leaching, granite erratic, shelly till, chronological control, Ireland; 13125. offshore region, Wolstonian, Anglian, UK; 11954. Quaternary stratigraphy, deglaciation, sea level, isostatic shift, postglacial sea level, UK, Isle of Man; 13131. Quaternary, geological mapping, Holocene, sand spit system, Weichselian glacial deposit, melt water deposit, Pleistocene deposit, gyttyas, peat, marine sand, Germany, Schleswig Holstein, Gelting Peninsula; 08467. St. Erth Beds, cave, plateau gravel, preAnglian, UK; 13148. subglacial environment, sand grain, sediment source, surface texture, quartz, grain roundness, 09313. Thvelkeld till, Wolf Crags till, Younger Dryas, Thornsgill till, UK, England, Lake District; 13134. till, Chelford sand, Devensian(Early), UK; 13120. till, glacial landform, raised beach, Loch Lomond Readvance, UK, Scotland, Inner Hebrides; Outer Hebrides; 13128. till, particle size distribution, diagenesis, bedrock, sedimentary environment, deposit property, Canada; Poland; Svalbard, Spitsbergen; 06135. time dependent sequence, weathering, age, quaternary, Australia, Tasmania; 01420. trace element, till, weathering, UK; Ireland; 11772.

glacial diamicton
lacustrine sediment, aeolian sediment, Wisconsinan deglaciation, glaciotectonism, landsliding, slope failure, gully erosion, Canada, Alberta, Red Deer River, Little Sandhill Creek; 04918.

glacial dispersal pattern
ice flow direction, transport distance, glacial dispersal train, indicator tracing, 06115.

glacial dispersal train
indicator tracing, glacial dispersal pattern, ice flow direction, transport distance, 06115.

glacial drainage
conduit shape, subglacial water pressure, subglacial conduit, 00628.

glacial drift
aquifer, organic acid, iron, pH buffering, groundwater contamination, WATEQF geochemical model, landfill, redox buffering, USA, Michigan, Kalamazoo County; 07575.

glacial drift aquifer
recharge area, pumped well, land use effects, groundwater recharge, groundwater contamination, recharge rate, water resource management, USA; 01734.

glacial episode
sea level, Petuniabukta-Adolfbukta Stage, Billefjorden Stage, Holocene, Ebbadalen-Thomsondalen Stage, Little Ice Age, Late Quaternary, Svalbard, Spitsbergen, Billefjorden; 11993.

glacial epoch
galactic process, geological rhythm, glacial period, 08418.

glacial erosion
deposition, Laurentide ice sheet, last glacial cycle, drift lineation, ice sheet, lineation, Landsat imagery, ice divide movement, Canada; 09574. erosional landform, karst feature, Holocene, landslip, alpine geomorphology, Australia, Tasmania, Mt Anne Massif; 07244. fluvial activity, morphostructure, volcanic upland, remote sensing data, Cenozoic(Late), volcanism, block tectonics, USSR, Georgia, Djavakhet Upland; 11871. lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, floating terminus, grounding line, gravity flow, ice rafted debris, glaciomarine sediment, subglacial undermelt till, deforming basal till, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943. Marine Quaternary deposit, boring, foraminiferal fauna, Elsterian(Late) assemblage, Denmark, Zealand; 05021. plucking, abrasion, basal ice pressure, freeze thaw, regelation, cavitation, polished surface, subglacial process, landform, Greenland; 07247. regolith, deglaciation, uplift, soil profile development, surficial deposit, landform, bedrock morphology, weathering, Finland; Baltic Sea; 10685. sediment supply, fjord, mass flow process, marine geology, seismic profile, u-shaped fjord, Antarctica, King George Island, Maxwell Bay; 08455. striae, glaciotectonic loading, unloading, glacigenic, postglacial faulting, deplaced glacial striae, Canada, New Brunswick, Saint John; 04999. tectonic conditionality, fjord, graben trough, exaration, Arctic; 08379.

glacial erratic
Cambrian fossil, Cambrian limestone, erratic, Teritiary, glacio marine sediment, erratic boulder, boulder assemblage, Antarctica, West Antarctica, King George Island; 02655. Late Devensian ice sheet, ice movement, erratic distribution, UK, Scotland, Sutherland, Assynt; 06123.

glacial event
Devensian glaciation, deep weathering, glaciated region, weathered bedrock, periglacial deposit, preDevensian, UK, Scotland, Buchan; 13129. Weichselian, radiocarbon date list, sea level, Svalbard, Spitsbergen; 04935.

glacial extent
Pleistocene, continental glaciation, ice cap, stratigraphy, Europe, (Central); 11963.

glacial fjord
suspended sediment, tidal rhythmite, suspended sediment transport, deposition, cyclically interlaminated sediment, USA, Alaska, McBride Glacier; 04971.

glacial flora
interstadial flora, pollen assemblages, Pleistocene(Late), Holocene, flora change, Pleistocene(Middle), interglacial flora, Japan, San-in District; 05030.

glacial flow
air photograph, ice flow pattern, Finland; 06133. shear stress surface, clast fabric, diamicton, roches moutonnee, ice flow, Canada; Sweden; 07234.

glacial fluctuation
crevasse pattern, global warming, monitoring programme, Kenya, Mount Kenya, Lewis Glacier; Gregory Glacier; 08512. dendrochronology, dating, climatic change, moraine, neoglacial advance, tree ring, Argentina, Rio Negro, Rio Frais Valley; 03890.

glacial flute
basal till, calving, molluscs, Younger Dryas, Weichselian(Late), ice recession, isostatic rebound, till ridge, lithostratigraphy, Barents Sea; 02644.

glacial force
model test, grounding resistance, ice rubble, floating ice, ice modelling basin, 08514.

glacial forcing
atmospheric teleconnection, salinity lowering, melt water injection, deglacial oscillation, climatic oscillation, accelerator radiocarbon dating, Deep Sea Drilling Project Site 480, Younger Dryas event, USA, Gulf of California; 08454.

glacial geology
ice flow pattern, image enhancement, drift deposit, Wisconsinan glaciation, Canada; 10449. ice marginal moraine, terrace, deglaciation, UK, Scotland, Knoydart, Glen Croulin; Loch Hourn; 06125.

glacial geomorphic feature
grounded ice, deglaciation, late glacial sedimentation, flute, transverse ridge, De Geer moraine, deformable bed, Barents Sea; 04994.

glacial geomorphology
deglaciation extent, deglaciation chronology, Late Glacial, deglaciation stage, pollen diagram, Wurm, palynology, chronology, France, Alps, Alpes de Haute Provence; 10786. tourism, relict ice cap, ice retreat, ice advance, Canada, Rockies, Columbia Icefield, Athabasca Glacier; 08510.

glacial history
climate history, lake sediment, terrestrial deposit, Little Ice Age, moraine, equilibrium line altitude, palynological investigation, vegetational change, neoglaciation, Holocene, Norway, Jostedalsbreen Region; 08464. Devensian, downwasting, proglacial sediment, Scottish Readvance, delta sediment, weathered sediment, deep weathering, UK, England, Cumbria; 13133. ice core, Sirius Formation, uplift, reconstructed surface profile, Alpine glacier, dry valleys, grounding line position, sea level changes, Cenozoic(Late), Antarctica, Ross Embayment; Transantarctic Mountains; 02656. ice sheet reconstruction, geomorphological mapping, corrie glacier, Loch Lomond Stadial, Outer Hebridean ice cap, basal shear stress, Quaternary(Late), UK, Scotland, Isle of Skye, Trotternish Escarpment; 06124. palaeoclimate, Last Glacial, terrace deposit, pollen analytical study, peat, oxygen isotope record, Japan, Hokkaido; 10793. palaeoclimate, radiocarbon dating, climatic condition, snowline, pollen sequence, lake level history, ice core data, Little Ice Age, Peru, Andes; Bolivia, Andes; 02624. Pleistocene(Late), stadial, interstadial, Eemian age, stratigraphy, Weichselian, till stratigraphy, Norway, Finnmark, Finnmarksvidda; 06130. shoreline displacement, deglaciation, raised beach, Mytilus edulis, transgression, sea level, Svalbard, Spitsbergen, Bohemanflya; Erdmannflya; 07279. vegetative history, deglaciation, Glacier Peak G, Mount St Helens Jy, ash, reforestation, moraine, radiocarbon age, Quaternary(Late), USA, Montana, Glacier National Park; 00293.

glacial ice
hydrodynamic model, interface stability, stratified fluid, boudin, model, Sangamon ice, radio echo sounding, structure zone, boudinage, stratigraphic disturbance, Greenland, Summit; 07305.

glacial indicator
boulder train, erratic, lithofacies, permafrost, tracing, 06113. glacial movement, indicator tracing, ore deposit, 07222. till survey, ice flow, till fabric, stone count, transport distance, geophysical method, indicator tracing, field method, Finland; 07237.

glacial influence
continental shelf, Yakataga Formation, intertidal platform, ice rafted debris, sedimentation pattern, facies geometry, USA, Alaska, Middleton Island; 04972.

glacial interglacial
sea level pressure, sea level, ice sheet, atmospheric mass change, global mean atmospheric pressure, deglaciation, 10798.

glacial interglacial alternation
Pliocene, Holocene, Polar Front Zone, sediment accumulation rate, Southern Ocean, ODP Site 699A; ODP Site 701C; Southern Ocean, ODP Site 704B; Atlantic, (South); 11936.

glacial interglacial amplitude
surface water temperature, cooling event, carbon accumulation rate, upwelling, monsoon, Pleistocene(Late), hydrography, planktonic isotope record, benthic isotope record, stable isotope record, foraminifer, Indian Ocean, ODP Site 724; Arabian Sea, ODP Site 724; 11922.

glacial interglacial boundary
rapid deposition, manganese, ocean, atmospheric carbon dioxide, redox cycle, spike, 11917.

glacial interglacial change
tectonic process, general circulation model, fossil indicator, geologic

ime scale, climate change, data model comparison, 05457.
cial interglacial contrast
ea level, ice sheet simulation, ice sheet, sensitivity study, Antarctica; 09608.
cial interglacial cycle
nterglacial interlude, interstadial interlude, biogeographic adjustment, faunal invasion, Pleistocene, Mediterranean species, Coleoptera, Europe, (Northern); UK; 08480. monsoon, oxygen, carbon, isotope stratigraphy, thermocline, upwelling, sedimentation rate, Indian Ocean, ODP Site 723; Arabian Sea, ODP Site 725; 11924.
cial interglacial fluctuation
Sahel drought, sea surface temperature, albedo change, climatic sensitivity, desert margin, 08457.
cial interglacial period
greenhouse effect, anthropogenic phenomena, climatic fluctuation, geomagnetic activity, solar cycle influence, 11393.
cial interglacial temperature change
carbon dioxide, methane, greenhouse gas, palaeoclimate data, ice core record, climate sensitivity, polar ice sheet, 06522.
cial interglacial transition
sea level, melt water discharge, Holocene, solar forcing, high resolution record, Quaternary(Late), upwelling, anoxic basin, planktonic foraminiferal fauna, piston core, trade wind, Venezuela, Cariaco Basin; Caribbean Sea; 10745.
cial interval
pollen record, deep sea core, V28-304, RC 14-99, regional vegetation, gymnosperm, angiosperm, Japan; 04967.
cial isostasy
gravity anomaly, isostatic disequilibrium, load history effect, deep mantle viscosity, free air gravity anomaly, deglaciation model, Canada; 09502. rebound inversion, post glacial rebound, resolving power analysis, inverse theory, mantle viscosity, isostatic adjustment, 07164. sea level, mantle rheology, viscosity, Earth, post glacial rebound, rheology, lithospheric parameter, 13025.
cial isostatic theory
driving mechanism, subcrustal layering, rheological parameter, uplift paradigm, Fennoscandia; 13034.
cial lake
climatic cycle, isostatic rebound, eustatic sea level, rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, La Perade Clay, climatic optimum, lithostratigraphy, tectonically stable, allochtonous ice, glacioisostasy, Canada, Quebec, St Lawrence Valley; 02657. development stage, glacier margin morphology, outwash fan relief, meltwater outflow, ice cored moraine, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02651. eustatic fluctuation, glacioisostatic movement, braided river, meandering river, palaeohydrology, Bolling, Allerod, Dryas, Holocene, USSR, Estonia; 11855. ice rafted stone, glaciomarine environment, annual variation, Quaternary, marine deposit, transgression, Elsterian(Late) age, Skaershoj deposit, Denmark, Jutland, Thyholm; 05035. prehistory, marine limit, deglaciation, sea level curve, Canada, Labrador, Nain; Hopedale; 06120. radiocarbon age, lake deposit, Arkona low water phase, ice margin, Lake Michigan lobe, Mackinaw Interstade, transgression, intra Glenwood, low water phase, USA, Michigan, Riverside; Lake Michigan; 06141. sedimentation, ice sheet, glaciolacustrine, meltwater stream, Salpausselka I moraine, delta, Finland, Salpausselka Moraines; 00108.
cial Lake Agassiz
esker, subaqueous fan, drainage network instability, discharge surging, moraine formation, subglacial sedimentation, glaciolacustrine sedimentation, rapid sedimentation event, Canada, Ontario; 09575. sub surface deformation structure, bioturbation, ice keel turbate, iceberg scour, geological record, Canada, Manitoba; 04996.
cial Lake Iroquois
swash zone, submerged drumlin, wave planed summit, proglacial lake, drumlin field, morphometric analysis, USA, New York; 07230.
cial Lake Missoula
flood, rhythmically layered sediment, palaeomagnetic test, remanent magnetisation, declination change rate, palaeomagnetic evidence, USA, Washington, Sanpoil River; 10777.
cial Lake Winimusset
lacustrine sediment, silt, clay, buried topography, bedrock topography, overdeepening, USA, Massachusetts, Ware Quadrangle, Winimusset Brook; 11945.
cial landform
glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Pisang, Manang, Buradhan, Omdu, moraine, monsoon, Nepal, Himalayas, Manang Valley; 03884. landscape component, ecosystem, mountain building process, post glacial condition, Switzerland; 06003. proof probability, information theory, ice marginal ramp, Bortensander, mathematical logic, geomorphological proof, 08462. raised beach, Loch Lomond Readvance, glacial deposit, till, UK, Scotland, Inner Hebrides; Outer Hebrides; 13128. semi arid landscape, erosion rate, geomorphology, climato tectonic framework, uplift, denudation, monsoon, uplift rate, India, Himalaya; 07149.
cial landscape
landscape, hazardous landscape, fluvial landscape, loessic landscape, desert landscape, periglacial landscape, China; 06009. till, glaciofluvial deposit, buried Saalean valley, geological condition, rubbish dump, groundwater pollution, 05023.
cial limit
pebble, terrace, aggradational unit, incised meander, Pleistocene, gravel, fluviatile Pleistocene, Devensian, UK, England, Wye River; 13168.
cial lineation
ice sheet, satellite, Canada; 02266.
cial lithology
transport distance, glaciofluvial material, erratic, esker, Sweden; 06131.
cial loading
hydroglacial loading, Pleistocene(Late), Holocene, sea level, mantle viscosity, isostatic loading, lateral variation, 13027.
cial marine sediment
glaciation, ooze, rafting, iceberg, diatom, Atlantic, Meteor Rise; 12884.
glacial mass balance
cirque glacier, glacier, climate, Svalbard, Broggerbreen; 02989. Quaternary glaciation, ablation, ice sheet initiation, ice sheet-atmospheric moisture model, Loch Lomond ice sheet, climate, maritime ice sheet, 03124. temperature, precipitation, glacier growth, USA, Alaska, Wolverine Glacier; 03031.
glacial material
till, ore boulder, transport distance, heavy mineral, Finland; 07236.
glacial maxima
differential dissolution, Pleistocene, oxygen isotope record, calcium carbonate, preservation spike, dissolution spike, climate optima, Pacific; 03867. palaeowater-table level, age, travertine deposit, uranium series dating, palaeolake level, USA, Arizona, Grand Canyon National Park; 01425.
glacial maximum
Holocene, palaeoclimate, carbon dioxide, ice sheet formation, ice core bubble, Arctic; 03135. ice volume, sea level, last glacial cycle, oxygen isotope variation, deep sea core, 05033. last glacial cycle, Linexert moraine complex, Ecromagny terminal moraine, Servance terminal moraine, France, Vosges; 00299. last interglacial, pleniglacial dust, dust storm, late Quaternary, dust flow, loess, dust flux, China, Loess Plateau; 11973. ocean atmosphere box model, climate response, multiple equilibria, thermohaline circulation, upwelling, ocean, Atlantic; 06483. Wisconsin(Late) Glaciation, deep sea core, ice rafted detritus, Cordilleran ice sheet, radiocarbon age, piedmont lobe, deglaciation, Canada, British Columbia; 06118.
glacial melt water
Laurentide ice sheet, stable isotope record, last glacial cycle, lacustrine ostracode, ostracode, glaciolacustrine sediment, Canada, Toronto, Scarborough Bluffs; 09555. melt water incursion, North Atlantic Deep Water, Younger Dryas, cooling event, glacial termination, Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, orbital forcing, ice sheet instability, Atlantic, (North); 08442.
glacial melt water routing
Laurentide glacial melt water, melt water influx, Younger Dryas, Orca Basin, piston core EN32-PC4, surface water cooling, USA, Gulf of Mexico; 08438.
glacial meltwater
Alaska coastal current, oxygen isotope, freshwater input, coastal water, USA, Alaska, Gulf of Alaska; Kodiak Island; 00627. braided stream, meandering river, pollen assemblage, Holocene, stream terrace, Quaternary(Late), palaeoecology, palaeoenvironment, alluvial valley, radiocarbon dating, melt water, aeolian activity, sand dune, USA, Missouri, Mississippi River; 07263.
glacial morphology
sedimentological characteristic, fossil rock glacier, talus foot debris, debris accumulation, rock glacier, interstitial ice, development model, Lateglacial, Nahanagan Stadial, Ireland, Muckish Mountain; 07290.
glacial movement
indicator tracing, ore deposit, glacial indicator, 07222.
glacial North Atlantic
export production, seasonality, intermittency, palaeoceanographic implication, primary production, photic zone, 07194.
glacial nutrient distribution
carbon dioxide, carbon-13, Pacific deep, intermediate water, ocean circulation, Pleistocene, Pacific; 11928.
glacial ocean
benthic foraminifera, concordant age, deep water age, radiocarbon inventory, mixing rate, North Atlantic Deep Water, radiocarbon distribution, 08433. seven box ocean model, upwelling, North Atlantic Deep Water, core, upwelling enhancement, foraminiferal reconstruction, barium distribution, 08434.
glacial outburst flood
aggrading geomorphic surface, paleosol, Palouse loess, loess deposition rate, Washtucna Soil, channeled scabland, USA, Washington State; 02509.
glacial outwash gravel
quartzofeldspathic sandstone, weathered core, mica hydration, weathering, greywacke type sandstone, outwash gravel, inside out weathering, boulder, New Zealand, North Westland; 09630.
glacial overdeepening
structural control, overdeepened lake, seismic reflection, fjord lake, bedrock relief, glacial sediment fill, Canada, British Columbia, Kalamalka Lake; 07226.
glacial period
albedo, phytoplankton, carbon dioxide decrease, last glaciation, northern hemisphere, interglacial, 06069. glacial epoch, galactic process, geological rhythm, 08418. interglacial, Pleistocene(Late), sea surface, water temperature variation, long chain alkenone, sea surface temperature variation, Indian Ocean; Arabian Sea; 11926. marine productivity, global warming, satellite measurement, ocean biology, carbon dioxide, marine sedimentary record, climate change, carbon cycle, 05456. ocean-atmosphere cycle, sulphur cycle, ice core record, oceanic emission, dimethylsulphide, climate cycle, Vostok ice core, Antarctica; 13632.
glacial plucking
bedrock fragmentation, Precambrian, crystalline bedrock, frost induced wedging, stress release, neotectonic activity, isostatic rebound, methane hydrate, methane venting, Finland; 08466.
glacial process
valley glacier, supraglacial debris, ablation area, sublimation, till, sediment landform association, moraine, glacier, depositional environment, India, Kashmir, Karakorum, K2 Glacier; 09580.
glacial rainfall
palaeosynoptic pattern, last glacial maximum, atmospheric moisture budget, Africa, Sahel; 07197.
glacial readvance
Cockburn Substage, iceberg flux, ice rafted detritus, ice sheet fluctuation, Laurentide Ice Sheet, ocean ice sheet interaction, Younger Dryas, radiocarbon date, Canada, Hudson Strait; 08463. relative sea level,

Laurentide Ice Sheet, Foxe glaciation, marine transgression, Canada; 13165.
glacial rebound
Baltic regression, uplift, coulee, channel valley, landslip, flooding, Finland; 11849. sea level change, mantle parameter, Holocene, Fennoscandia; 06181. sea level change, meltwater, deglaciation, ice sheet, model, Devensian, Flandrian, UK, Scotland; 13167. warming, glaciostatic shoreline origin, hydrostatic shoreline origin, isostatic shoreline origin, Pleistocene(Late) sea level, Holocene sea level, present sea level, sea level variation, tectonic movement, melt water, ice sheet, Antarctic melting, tide gauge record, 07270.
glacial record
periodic volcanism, uplift, radiocarbon dating, Llanquihue Glaciation, glaciation, Quaternary, Cainozoic(Late), Chile, Andes; 02639.
glacial region
subsoil stone, periglacial stone accumulation, Germany; 00331.
glacial regression
species zonation, lagoonal fauna, Cenozoic(Late), sea level fluctuation, bivalve fauna, tropical island, Pacific; 08503.
glacial retreat
hydrological condition change, slip movement, Frasse Slip, Switzerland, Alps; 08395.
glacial river
sediment supply, mass flow deposit, glaciolacustrine delta, glaciofluvial system, seasonal change, flood, UK; Ireland; 10518.
glacial runoff
Laurentide Ice Sheet, historical hydrology, North America, St Lawrence River; USA, Hudson River; North America, Great Lakes; USA, Mississippi River; 02933. melt water, weathering, geochemistry, solute concentration, Antarctica, Victoria Land, Walcott Bay; Alph River; 09326.
glacial sculpture
lake sediment, postglacial marine limit, deglaciation, glacio isostatic rebound, pumice, Weichselian(Late), glaciation, Holocene, shore displacement, Svalbard, Nordaustlandet, Prins Oscars Land; 07278.
glacial sediment
acid buffering, carbonate mineral, clay, acid leaching, exchange reaction, geology, acid rain, lake water chemistry, soil water chemistry, surface water quality, acid rain map, bedrock, Canada, Ontario; 06315. carbon dioxide retention, carbon exchange, unsaturated, Quaternary sediment, eolian sediment, radiocarbon age, infiltrating water, USA, Illinois, Sheffield; 03849. geochemical clue, palaeoenvironment, diagenetically altered material, carbonate geochemistry, recrystallisation, carbonate mineral, 04991. glaciofluvial sediment, Wildpoldsrieder Tongue Basin, terminal basin, sediment interleaving, ice advance, ice retreat, Germany, Bavaria, Kempten; 11958. lava flow, snowfall, volcanic island, Quaternary glaciation, Antarctic Convergence, intercalation, Southern Ocean; Southern Ocean, Marion; Southern Ocean, Kerguelan; Southern Ocean, Heard Islands; 02653.
glacial sediment fill
glacial overdeepening, structural control, overdeepened lake, seismic reflection, fjord lake, bedrock relief, Canada, British Columbia, Kalamalka Lake; 07226.
glacial sediment system
marine record, climate change, amino acid, uranium date, dating problem, UK; 13119.
glacial sedimentation
Holocene sedimentation, change, carbonate sedimentation, clay sedimentation, thorium-230 profile, box core, carbonate dissolution rate, sediment flux, Pacific, (Equatorial); 08453.
glacial sedimentology
subglacial deposition, deformable bed, clast fabric, sand intraclast, diamicton melange, Canada, Ontario, Niagara Peninsula; 09576.
glacial sequence
interglacial formation, Quaternary map sheet, British Geological Survey, sea bed sample, Shipek grab, seismic record, North Sea; 10771.
glacial spillway
Eemian, pollen analysis, glaciofluvial channel, indicator boulder, till stratigraphy, morainic plateau, Germany; 11957.
glacial stratigraphic interpretation
contamination, stump cluster, glacier advance, Laurentide ice sheet, readvance, Miami sublobe, radiocarbon, USA, Ohio, Cincinnati, Sharonville Site; 01430.
glacial stratigraphy
dry valley, ice age, drumlin, Germany, Bavaria, Iller River; 11959. glaciogenic deposit, ice tongue, till, diamict, stone count, fabric analysis, USA, New Hampshire, Gorham, Peabody Valley; 11944. Gortonian stage, Hoxnian, Ipswichian, Midlandian, preMidlandian, glacial deposit, Ireland; 13122. high arctic, mountainous terrain, till, morainal bank, subaqueous fan, fan delta, debris poor glacier, moraine, kame, glacier morphology, surficial geology, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764. Moore Glaciation, till, Henty Glaciation, outwash gravel, climatic change, glaciation, weathering, Pleistocene(Middle), Australia, Tasmania, Baxter Rivulet; 06134. Nahanagan glaciation, Ipswichian, interglacial, Wolstonian, Numsterian, Devensian, Midlandian, Ireland; 11951. till, melt water deposit, TL dating, Menapian age, Elsterian, Holsteinian, Saalian, glacial advance, Denmark, Jutland; 05004.
glacial striae
ice flow reconstruction, palaeo ice sheet, flow pattern, deglaciation, frozen bed, ice divide, metachronous pattern, Sweden; 07235.
glacial surge
hazard, flood, landslide, uplift, erosion, seismicity, India, Himalayas, Western Himalaya; 04927. hummocky stagnation moraine, Rainy lobe, Laurentide Ice Sheet, subglacial meltwater production, pore water pressure, permafrost, ice margine thrusting, drift, bedrock, thermal regime, subglacial aquifer, USA, Minnesota; 02638.
glacial surging
sedimentation, ice contact lake, rapid sedimentation, terminus advance, proglacial lake, suspended sediment concentration, push moraine, meltwater channel, USA, Alaska, Glacier Bay, Carroll Glacier; 02634.
glacial tectonics
Anglian, ice loading, UK, England, Norfolk; 13141.
glacial tectonism
pleistocene, sedimentation, macrotidal piedmont coast, wave-cut exposure, facies analysis, proglacial sediment, USA, Alaska, Nushagak Lowland, Ekuk Bluffs; 01429.
glacial termination
Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, orbital forcing, ice sheet instability, glacial melt water, melt water incursion, North Atlantic Deep Water, Younger Dryas, cooling event, Atlantic, (North); 08442.
glacial theory
Torell, glaciosostasy, Hiarne, uplift, Finland; Sweden; 13033.
glacial till
snow melt, groundwater movement, potassium iodide tracer, unsaturated soil, frozen soil, macropore channel, preferential water movement, 05240. solid organic matter, dissolved organic carbon, radiocarbon dating, carbon isotope, geochemistry, pore water, clay soil, organic carbon, carbon cycle, Canada, Alberta, Western Interior Great Plains; 09900. weathering process, glaciology, geochemistry, glacial deposit, mineralogical study, chemical study, Billefjorden Stage, Little Ice Age, carbonate, Svalbard, Spitsbergen, Petuniabukta; 02649.
glacial till slope
slope, hydraulic conductivity, porosity, saturated hydraulic conductivity, Sweden; 07381.
glacial to interglacial transition
greenhouse gas, albedo, fresh water transport, ocean salinity, ocean atmosphere reorganisation, glacial cycle, 04929.
glacial topic
landform topic, hydrology, soil, physical geography, geographical literature bibliography, biogeography, climatology, geomorphology, coastal topic, UK; 09490.
glacial transport
till, till material dispersal, transport model, boulder transport, Finland; 06132.
glacial transport direction
ore body, boulder train, striae, moraine form, morphology, 06114.
glacial trough
glacial deposit, Landsat TM, drumlin, streamlined feature, erratic, esker, kame, delta, cirque, Ireland; 13124. infill, Quaternary, sedimentary fill, Alpine valley, gravity modelling, bedrock topography, Switzerland, Alps; 02640. moraine, cryogenic bulge, periglacial, cirque, snowline, China, Beijing, Western Mountain, Lingyuesi Area; 11974.
glacial unloading
forebulge, warping, sea level, vertical crustal movement, historic, Holocene(Late), neotectonism, tide gauge record, USA, (Southeast); (Northeast); 01391.
glacial valley
lahar, Quaternary(Late) sequence, moraine, rhyodacite, volcanic evolution model, glacial, volcanic geomorphology, andesite, cone collapse, corrie, dacite, debris avalanche, Ecuador, Andes, Chimborazo-Carihuairazo Massif; 02516. Weichselian, Elsterian, bathymetry, geotechnical property, borehole, British Geological Survey, Rijks Geologische Dienst, Quaternary Geology, Dogger Bank Formation, Bolders Bank Formation, Botney Cut Formation, Yarmouth Roads Formation, North Sea, Silver Well; Netherlands; 09565.
glacial varve
last glaciation, glaciolacustrine sediment, palaeomagnetism, Argentina, Patagonia, Lago Blanco; 06079.
Glacial-Holocene trend
fine fraction, stable isotopic stratigraphy, pelagic carbonate, last glacial termination, monospecific foraminifera, isotopic change, 04954.
glacial-interglacial cycle
productivity, microfossil, oceanographic change, Recent, diatom, temperature, sea ice, Iceland Sea; Greenland Sea; Norwegian Sea; 02366.
glacial-interglacial excursion
carbon dioxide concentration, atmospheric carbon dioxide, wood cellulose, stable carbon isotope ratio, cellulose, carbon reservoir, sea level lowering, carbon-13: carbon-12 ratio, 08421.
Glacial-marine sediment
Arctic ice cover, chronology, deep ocean ventilation, stability, ice cover, Pleistocene warming, Arctic; 02618.
glacially fretted upland
cirque, arete, horn, moraine, glacier, moraine, landscape evaluation, polar morphology, alpine morphology, ice sheet, nunatak, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775.
glacially influenced sedimentation
continental margin, Pleistocene sediment, debris flow diamict, submarine end moraine, basal melting, basal freezing, mass flow, UK, Scotland, Hebrides Slope; 04960.
glacially overdeepened valley
glaciomarine sediment, sea level, Quaternary(Late) sedimentation, acoustic stratigraphy, seabed deposit, Canada, Newfoundland, St.George's Bay; 05000.
glaciated basin
local climate, Germany, Bernau, Stree-See Basin; 11195.
glaciated catchment
non-glaciated catchment, fluvial transport, dynamics, denudation rate, Svalbard, Spitsbergen; 02496.
glaciated dolomite
Silurian aquifer, sinkhole, limestone pavement, ice scour, stepped bedrock topography, ice loading, ice unloading, karst, USA, Wisconsin, Door County; 04924.
glaciated highland
climate change, buried soil, peat, pollen, radiocarbon date, palaeogeographical environment, USSR, Tien Shan Highlands; 08348.
glaciated region
weathered bedrock, periglacial deposit, preDevensian, glacial event, Devensian glaciation, deep weathering, UK, Scotland, Buchan; 13129.
glaciation
Anglian, Wolstonian, Devensian, proglacial lake, outwash gravel, fluvial terrace, till, UK, England, Lincolnshire; 13139. aridification, Cenozoic(Late), plateau uplift, climate change, plateau uplift, general circulation model, tectonics, 09538. bibliography, Wurm, Riss Wurm

interglacial, Mindel, Haslach glacial, Pleistocene, Germany, Bavaria, Alpine Foreland; 11960. Billefjorden Stage, Little Ice Age, outwash plain, morphogenesis, Svalbard, Spitsbergen, Billefjorden, Petuniabukta; 02648. carbon dioxide, greenhouse warming, climate change, albedo, temperature, Pleistocene, snow cover, ice cover, 00777. Dimlington Stadial, till, lodgement till, melt out till, marine erosion, Flandrian transgression, Devensian(Late), UK, England; 13137. end moraine, Holocene(Late) advance, moraine, equilibrium line altitude, Otira Glaciation, Quaternary(Late), New Zealand, Mount Ruapehu; 02643. enhanced erosion, chemical weathering rate, silicate erosion, continental erosion, geochemical evidence, Chamberlins theory, 09537. gelifraction, shoreline, Mediterranean, mountain, dynamics, chronology, Quaternary detritism, mudflow, flood, till, France, Corsica; 01383. geomorphic impact, high magnitude event, geomorphic event, rockslope failure, rockfall, rockslide, avalanche, debris rock, debris torrent, Canada, Rocky Mountains; 11864. glacigenic sediment, stratigraphy, Melville Formation, Little Sole Formation, ice raft, UK, Scilly Isles, Celtic Sea; 13082. global model, Cenozoic(Late), climatic change, orbital forcing, carbon dioxide, 09539. grain size distribution, red clay, clay, Zechstein, Rotliegend, loess, Germany; 03676. Great Asau glacier, recession, mountain region, snowline, USSR, Caucasus Mountains; 13145. Holocene(Early), grain size, Weichselian, sand, Kreftenheye Formation, Netherlands, Rhine River; 06967. Holocene, shore displacement, glacial sculpture, lake sediment, postglacial marine limit, deglaciation, glacio isostatic rebound, pumice, Weichselian(Late), Svalbard, Nordaustlandet, Prins Oscars Land; 07278. ice cap, snow bearing wind, glaciation pattern, Cenozoic(Late), Australia, Tasmania, Central Highlands; 07243. ice free period, speleothem fragment, cave, postglacial, sea level, Norway; 06160. interglaciation, Beaufort Formation, Worth Point Formation, Duck Hawk Bluffs Formation, Morgan Bluffs Formation, Quaternary geology, Tertiary(Late), Pleistocene(Early), Canada, Banks Island; 09581. interglaciation, interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), Australia, Tasmania; 02641. Isotope Stage, penultimate glaciation, deeply weathered drift, radiocarbon dated organic deposit, terminal moraine, neoglacial advance, Quaternary, Ecuador, Andes; Venezuela, Andes; Colombia, Andes; 02623. Lake Harrison, tills, chalkly till, Oadby till, Thrussington till, Wolstonian, UK; 13136. last glacation, glacier, Quaternary, Africa; 02628. last glaciation, Holocene advance, Quaternary, Southern Hemisphere; 02562. local ice cap, Loch Lomond Stadial, UK, Scotland, Orkney Islands; Shetland; 13127. Loch Lomond Stadial, proglacial lake, UK, Scotland, Grampians; 13130. meandering channel, diversion channel, stratigraphy, lacustrine deposit, alluvium, forealpine lake, Switzerland, Aare River; 11847. meltwater drainage, ice sheet, modelling, Devensian(Late), UK, Scotland; 13126. methane hydrate, methane, interglacial period, sediment temperature, ice sheet load, phase change, Arctic; 04449. Miocene, phosphorus, sedimentation, sea floor, Neogene, USA, California; 01335. moraine, meltwater stream, age relationship, Laurentide, montane, Canada, Northwest Territories, Mackenzie Mountains; 13110. offshore region, ice sheet reconstruction, radiocarbon date, Midlandian(Late), glacial deposit, Ireland; 11952. Older Dryas, Younger Dryas, postglacial shoreline displacement, shoreline displacement, late glacial, Iceland, Skagi Peninsula; 03907. ooze, rafting, iceberg, diatom, glacial marine sediment, Atlantic, Meteor Rise; 12884. oxygen isotope ratio, ocean, Tertiary, Miocene, isotope ratio, deep sea sediment, temperature, 02364. palaeochemistry, nitrate, palaeoclimate, carbon dioxide, foraminifera, nitrogen, Pacific; Atlantic; 00934. pedimentation, uniformitarianism, catastrophism, geomorphology, Huttonian concept, cyclic concept, geomorphological process, 02492. periglacial phenomena, bibliography, subantarctic, environment, biology, coastal erosion, Southern Ocean, Macquarie Island; 04894. precipitation, model, general circulation model, skill, 12498. Quaternary, Cainozoic(Late), glacial record, periodic volcanism, uplift, radiocarbon dating, Llanquihue Glaciation, Chile, Andes; 02639. residual lag, colluvial deposit, pyroclastic, till, diamicton, 03596. Ross Glaciation, Porika Glaciation, uplift, erosion, interglacial shoreline, radiocarbon dated, Pliocene(Late), Quaternary, New Zealand; 02642. Saalian, Wolstonian, cold stage, type section, stratigraphy, stratotype, Europe, (Northern); UK; 06122. saline-fresh water mixing, cave formation, conceptual model, karstic terrain, USA, Appalachians; Illinois; USA, Michigan; 01412. sea level, global change, climate change, research, environmental evolution, China; Antarctica, King George Island, Great Wall Station; 11838. temperature, rainfall, snow line, tree line, lake level, palaeoclimate, Burundi; 00778. tillite, Elatina Formation, Marinoan glaciation, diamictite, Proterozoic, Australia, South Australia, Central Flinders Ranges; 12923. tree ring evidence, volcanic eruption, sulphate aerosol, climate change, dendrochronology, ice age, USA, Sierra Nevada; 04337. trough wall, moraine, cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, geomorphology, soil, whitebark pine ecosystem, Pinus albicaulis, freeze thaw, mass wasting, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. volcanic activity, geology, National Park, geomorphological process, weathering, cave, USA; 02508. weathering, Pleistocene(Middle), glacial stratigraphy, Moore Glaciation, till, Henty Glaciation, outwash gravel, climatic change, Australia, Tasmania, Baxter Rivulet; 06134.

glaciation cycle
ice sheet, mass balance change model, 00336.

glaciation extent
marine gas hydrate, methane, thermal decomposition, climatic warming, sea level rising, positive feedback, global warming, deglaciation trigger, 10734.

glaciation onset modelling
climate, albedo, snow-ice edge, 00267.

glaciation pattern
Cenozoic(Late), glaciation, ice cap, snow bearing wind, Australia, Tasmania, Central Highlands; 07243.

glaciation reconstruction
ice borne deposit, high northern latitude glaciation, ice volume fluctuation, Norwegian Sea; 08445.

glaciation sensitivity
snow cover, albedo, oceanic roughness, NCAR CCM, carbon dioxide, summer melting, 08419.

glaciation style
glacioisostasy, glacial deposit, Hoxnian, Holsteinian, magnetic reversal, correlation, till, UK; Europe; 11946.

glaciation theory
ice sheet reconstruction, albedo, global cooling, tectonic uplift, planetary cooling, equilibrium line, ice age, China, Tibet; India, Himalaya Mts; 11913.

glaciation timing
Pleistocene(Middle) glaciation, push moraine complex, Anglian Glaciation, ice contact outwash fan, Anglian age, UK, England, Norfolk, Cromer Ridge; 06128.

glacier
ablation area, polar type glacier, temperate type glacier, snow cover, temperature distribution, China; 01468. advance, mass balance, USA, Alaska, Juneau Icefield, Taku Glacier; 00337. albedo, surface roughness, thermal diffusivity, subsurface, surface energy balance, net radiation, 03052. alpine basin, water resource, volume estimation, water storage, radio echo sounding, seismic method, water cycle, 08791. Arrowsmith set, Marquee set, lichenometry, rock weathering rind curve, Aranuian, vegetation history, moraine chronology, Rhizocarpon geographium, New Zealand, Canterbury, Arrowsmith Range, Cameron Glacier; 08469. catastrophic flood, definition, Quaternary, magnitude-frequency relation, recurrence interval, ice sheet, UK; 01438. climate variation, Neoglacial, Hypsithermal, equilibrium line altitude, Little Ice Age, Holocene, Norway; 13191. climate, glacial mass balance, cirque glacier, Svalbard, Broggerbreen; 02989. cloud, fog, snow, ice, USA, Alaska, Malaspina Glacier; 11607. continentality, longwave radiation, condensation, evaporation, sublimation, precipitation, mountain glacial climate, 03028. daily runoff, tank model, mountain basin, runoff model, melt water, China, Xinjiang, Urumqi River Basin; 08689. depositional environment, glacial process, valley glacier, supraglacial debris, ablation area, sublimation, till, sediment landform association, moraine, India, Kashmir, Karakorum, K2 Glacier; 09580. diamicton, congelifluction, snowline, ice cover, China, Jilin Province; 05008. Dwyka Formation, Karoo Supergroup, diamictite, glacigenic valley, Zimbabwe, Hwange; 05898. dye tracer test, drainage system, subglacial drainage, Norway, Midtdalsbreen; 00630. evaporation, water balance, stream flow, hydrological atlas, water resource, map, lake, water quality, precipitation, Switzerland; 10967. glaciomarine sedimentation, floating glacier tongue, low energy depositional environment, sedimentation rate, cold based glacier, deglaciation, subglacial meltwater, warm based glacier, climatic amelioration, turbid plume, Canada, Ellesmere Island, Disraeli Fiord; 01427. hypsithermal, volcanic eruption, pollution, climate record, ice core, carbon dating, tritium, Arctic; Svalbard, Spitsbergen; 04341. inventory, mapping, aerial photograph, New Zealand; Indonesia, Irian Jaya; 02270. lake filling, snow melt, hydrograph, outburst wave, lake outburst, USSR, Tien-shan, Mertzbacher Lake; 08796. lake level, climatic fluctuation, climatic change(1880-1980), Africa, (East); 08991. mass balance, area-altitude relationship, climatic variation, longitudinal profile, equilibrium-line altitude, USA, Washington State, Klawatti Glacier; 00339. mass balance, mountain basin, melt water, discharge, runoff model, snow storage, 08788. mass balance, mountain basin, topography, basin characteristic, snow water equivalence, water storage, snow storage, alpine watershed, 08793. mass balance, mountain basin, water storage, Switzerland, Massa River Basin; D'Aletsch Glacier; 08787. mass balance, runoff, mountain basin, river discharge, remote sensing, snow melt, 08792. melt water, bedload, sediment yield, bed width, particle size, mountain stream, sediment trap, rating curve, transport formula, Helley Smith bed load sampling, Schoklitsch sediment transport formula, Switzerland, Valais, Bas Glacier d'Arolla; 08713. melt water, chemograph separation, englacial component, hydrograph separation, bulk discharge, subglacial component, conductivity, calcium concentration, Switzerland, Valais, Arolla Glacier; 08800. moraine, forest growth, tourism, Switzerland, Alps, Aletsch Glacier; 11962. moraine, landscape evaluation, polar morphology, alpine morphology, ice sheet, nunatak, glacially fretted upland, cirque, arete, horn, moraine, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775. mountain basin, stream flow gauging, ice cover, runoff variability, Switzerland, Alps; 08799. permafrost, climate change, polar firn, global warming, 04343. personal computer, ice radar receiver, radar receiver, USA, Alaska, Alaska Range, Mount Estelle Glacier; 01464. Petuniabukta-Adolfbukta Stage, Marine terrace, Ebbadalen Stage, Thomsondalen Stage, Little Ice Age, Pleistocene(Late), Holocene, relief remodelling, geomorphological mapping, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646. precipitation, climatic warming, Little Ice Age, mass balance, Switzerland, Rhonegletscher; 01466. Quaternary, glaciation, last glacation, Africa; 02628. radioactive contamination, fallout, alpine glacier, snow, vertical dispersion, Chernobyl fallout, melt water, Austria, Otztal Alps, Kesselwandferner; 12263. river discharge, precipitation, Little Ice Age, temperature, China, Xinjiang, Urumqi River; 01951. seasonal variation, sediment yield, sediment transport, suspended sediment, melt water, Switzerland, Pennine Alps, Gornera River; Gornergletscher; Switzerland, Pennine Alps, Gornersee; 08714. sediment input, monsoon, North Equatorial Current, Pleistocene, climatic change, pollen analysis, Site 717 core, Bengal deep sea fan, India, Bay of Bengal; River Brahmaputra; India, River Irrawaddy; India, River Ganges; India, Himalays; 04965. snow cover, runoff variation, parallel hydrometric measurement, hydrograph, snow melt, flood wave, USSR, Pamir Mountains, Abramov Glacier; Europe, Alps, Vernagt Glacier; 08797. snowpit, glaciochemical survey, ice core investigation, major anions, major cations, total acidity, radionuclide, oxygen isotope, Greenland; 01748. subglacial tunnel, lake, surge, satellite image, Landsat image, Argentina, Mendoza, Grande Del Nevado Glacier; 07303. submarine fan, seismic data, continental shelf, fan deposit, channel levee system, interglacial, Weddell Sea, Crary Fan; 10569. supra glacial moraine, Horbyebreen glacier, marginal zone, Svalbard, Spitsbergen, Horbyebreen Petuniabukta; 02650. suspended sediment,

sediment load, mountain basin, turbidity measurement, proglacial stream, sediment pulse, 08715. temperature, ice cover, alpine basin, runoff, Switzerland, Rhone River; 08790. tide, wind, suspended sediment, fresh water plume, fjord, melt water, Svalbard, Spitsbergen, Lilliehookfjorden, Signehamna; 08167. water balance, river flow, bed load, water cycle, hydrological modelling, acid rain, basin characteristic, surface water resource, measurement method, mountain hydrology, evaporation estimation, river discharge, precipitation measurement, snow, 12135. water balance, river flow, remote sensing, hydrograph separation, monitoring technique, snow hydrology, ice hydrology, snowstorage, 08794.

glacier advance
Laurentide ice sheet, readvance, Miami sublobe, radiocarbon, glacial stratigraphic interpretation, contamination, stump cluster, USA, Ohio, Cincinnati, Sharonville Site; 01430. raised beach, Godhavn stade, Disko stade, marine limit, equilibrium line altitude, palaeoclimatic implication, Holocene(Early), Greenland, West Greenland, Disko Island; 07280.

glacier bed
deformation measurement, deformation modelling, unlithified bed, subglacial sediment, geotechnical test, bed deformation, 07292.

glacier change
climate, glacier geometry, glacier dynamics, Neoglacial limit, mass balance variation, Norway, Svartisen; 00340.

glacier decay
ice formation, thermodynamics, melting, precipitation, freezing, soil, Stefan problem, ablation, thawing, glacier growth, 11082.

glacier dynamics
abrasion, yield strength, subglacial deformation transport, sediment shear strength, striated clast pavement, deforming sediment, subglacial sediment, Canada; USA; 11941. Neoglacial limit, mass balance variation, glacier change, climate, glacier geometry, Norway, Svartisen; 00340.

glacier erosional landform
ice free area, basalt plateau, weathering, Tertiary lava, Last Glacial, Weichselian, mountain area, trough, cirque, Iceland, Horgardalur; 03885.

glacier evolution
photo interpretation, advancing glacier, retreating glacier, inventory, Holocene, historical data, climatic condition, frontal movement, Canada, British Columbia, Glacier National Park; 06205.

glacier flow velocity
glacier thermal regime, modelling, sedimentation rate, iceberg, iceberg melt rate, 04955.

glacier fluctuation
climate change, last interglacial glacial cycle, Fennoscandia; 06088. climate, ablation stake network, precipitation, cloudiness, Peru, Cordillera Blanca; 03029. climatic warming, deglaciation, soil erosion, overgrazing, mudflow intensity, lichenometric study, USSR, Caucasus, Baksan River; 13059. mass balance, lithostratigraphy, radiocarbon date, equilibrium line, climatic change, Holocene(Late), Norway, Jostedalsbreen, Bevringsdalen; 10817. moraine, lichenometry, dendrochronology, radiocarbon dating, Little Ice Age, climate change, USSR, Tien Shan; 13192. polar region, terrestrial record, sea level fluctuation, precipitation change, isotope stage, Cenozoic, Antarctica; Atlantic; 02652. radiocarbon age determination, climatic cooling, accelerated mass spectrometry dating, chronology, Holocene, Canada, Ellesmere Island, Leffert Glacier; 02698. radiocarbon date, moraine, lichenometric date, lacustrine sediment, buried soil, weathering study, Little Ice Age, Scandinavia; Sweden; Norway; Finland; 10774. sea level control, tectonics, equilibrium line altitude, tidewater glacier, radiometric dating, raised beach deposit, last glaciation, late glacial, Neoglacial, Quaternary glaciation, Quaternary(Late), Southern Ocean; Antarctica, Antarctic Peninsula; 02654.

glacier front position
surging, flow, tide water glacier, equilibrium line, flow velocity, Svalbard, Spitsbergen, Kongsfjorden; 05047.

glacier geometry
glacier dynamics, Neoglacial limit, mass balance variation, glacier change, climate, Norway, Svartisen; 00340.

glacier growth
glacial mass balance, temperature, precipitation, USA, Alaska, Wolverine Glacier; 03031. glacier decay, ice formation, thermodynamics, melting, precipitation, freezing, soil, Stefan problem, ablation, thawing, 11082.

glacier ice
numerical prediction, field measurement, velocity profile, surface strain, bore hole tilting measurement, Glen's flow law, strain rate, flow law, Greenland, South Greenland, Dye 3 Site; 07306.

glacier lake
outburst flood, jokulhlaup, subglacial channel, flood, China, Xinjiang, Yarkant River; 03899.

Glacier Lakes Ecosystem Experiments Site
wind deformed, krummholz, wind pattern, conifer, alpine transition, USA, Wyoming, Laramie; 06464.

glacier length
statistical analysis, historical data, glacier terminus, data correlation, climatic data, frontal dynamics, ablation, accumulation, long term trend, polynomial regression, Italy, Giulie Alps; 08511.

glacier load
post glacial, sea level history, Weichselian(Late), Holocene, raised beach sequence, emergence rate, transgression, standline tilt, Svalbard, Spitsbergen; 05039.

glacier margin morphology
outwash fan relief, meltwater outflow, ice cored moraine, glacial lake, development stage, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02651.

glacier marginal area
continental glacier, erratic, dispersal train, till composition, USA, Iowa; Massachusetts, Cape Cod; Canada, Ontario, Port Albert; 06121.

glacier mass balance
climate change, equilibrium line altitude, Svalbard; 04344.

glacier melt
deforestation, mountain, agriculture, mining industry, avalanche, air pollution, aridity, USSR, (Central Asia); 06230.

glacier melting
eustatic rise, postglacial rebound, secular change, sea level change, tide gauge, deglaciation, 13162.

glacier morphology
surficial geology, glacial stratigraphy, high arctic, mountainous terrain, till, morainal bank, subaqueous fan, fan delta, debris poor glacier, moraine, kame, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764.

glacier oscillation
relief, tidal flat, dead form, marine terrace, sea level, erosion pavement, outwash plain, Svalbard, Spitsbergen, Petuniabukta; 02689.

Glacier Peak G
Mount St Helens Jy, ash, reforestation, moraine, radiocarbon age, Quaternary(Late), glacial history, vegetative history, deglaciation, USA, Montana, Glacier National Park; 00293.

glacier recession
lake shrinkage, climatic warming, drying, Little Ice Age, Asia, (central); 03120. lake shrinkage, warming, drying, optimum, Little Ice Age, greenhouse effect, Holocene, carbon dioxide, proxy data, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782.

glacier retreat
offshore moraine, sediment accumulation, accumulation rate, land sea correlation, fjord, deglaciation, Foxe glaciation, Canada, Baffin Island, Cambridge Fjord; 07225.

glacier river
spring fed river, direct runoff river, river classification, hydrograph shape, runoff fluctuation, water yield, drainage basin characteristic, Iceland; 06272.

glacier runoff
water resources management, mass balance, water balance, climatic record, USA, Washington, North Cascade Glaciers; 10816.

glacier study
digital radar data, cryogenic feature, anomalous pattern, ice-phase change, subsurface geomorphology, USA, Alaska, Malaspina Glacier; 05045. photogrammetric measurement, topography, flow velocity, digital terrain model, USA, Alaska, Juneau icefield, Vaughan Lewis icefall; 07302.

glacier termini
climate change, observing climatic change, climate monitoring, pollen remain, lake varve, ocean sediment, 04329.

glacier terminus
data correlation, climatic data, frontal dynamics, ablation, accumulation, long term trend, polynomial regression, glacier length, statistical analysis, historical data, Italy, Giulie Alps; 08511.

glacier thermal regime
modelling, sedimentation rate, iceberg, iceberg melt rate, glacier flow velocity, 04955.

glacier tongue
push moraine, dead ice, glacio geological investigation, Weichselian glaciated area, melt water deposit, till, last ice advance, Germany, Kiel; 08468.

glacier transport
till classification, till formation, till deposition, till identification, subglacial till, supraglacial till, 07223.

glacier variation
Little Ice Age, marginal moraine, radiocarbon date, lithostratigraphy, equilibrium line altitude, Holocene, Norway, Hardangerjokulen, Blaisen; 07304.

glacier water
sulphate calcium water, calcium sulphate bicarbonate water, lake water chemistry, hydrogeochemistry, Arctic; Svalbard, Spitsbergen, Alandvatnet; Svalbard, Spitsbergen, Hoglandvatnet; 05244.

glacier-dammed lake
flood wave, snowmelt wave, flood tables, inundation maps, flood forecasting, real time alert system, flood forecasting, ice dam outburst, Argentina, Mendoza River; 05241.

glacierisation
lichenometric study, Holocene, rock glacier, neoglacial moraine, Rhizocarpon, glacial advance, moraine, talus, Canada, Northwest Territories, Frances Lake; Yukon Territory, Frances Lake; 08508.

glaciers
comminution, rate of comminution, transport distance, basal till, transport, magnetite, ilmenite, USA, New York, Adirondack Mountains; 13117.

glacigene
mudrock, Dwyka Formation, Karoo Supergroup, diamictite, Botswana; Namibia; South Africa; 05900.

glacigene deposit
siliciclastic, Triassic, Permian, energy resource, source rock, graben, terrestrial sediment, Tanzania; 03593.

glacigenic
postglacial faulting, deplaced glacial striae, glacial erosion, striae, glaciotectonic loading, unloading, Canada, New Brunswick, Saint John; 04999.

glacigenic diamictite
Proterozoic, Espanola Formation, carbonate, Huronian Supergroup, Bruce Formation, Canada, Ontario; 01276.

glacigenic sediment
ice movement, eroding ice sheet, palaeoenvironment, geometry, genesis, Barents Sea; 04976. stratigraphy, Melville Formation, Little Sole Formation, ice raft, glaciation, UK, Scilly Isles, Celtic Sea; 13082.

glacigenic valley
glacier, Dwyka Formation, Karoo Supergroup, diamictite, Zimbabwe, Hwange; 05898.

glacimarine deposit
sedimentation, melt water supply, suspended sediment, Weichselian glacimarine deposit, varve, proximal, distal, Sweden; 05002.

glacimarine environment

grounding line, fjord readvance, basal till, till, diamicton, Holocene(Early), morainal bank sedimentology, marine ecology, Greenland, East Greenland, North Scoresby Land, Skjoldungebrae Gorge; 04977. rafted sediment, iceberg, passive loading, rafting, 04990. subduction zone, sedimentological evidence, Yakataga diamict, GLORIA imagery, sediment pathway, low stands of sea level, slope valley, USA, Alaska, Gulf of Alaska; 04970.

glacimarine facies architecture
sedimentation model, global eustatic change, sedimentary change, sea level change, glacial cycle, 04988.

glacimarine process
grounding line fan, ice contact delta, migrating barchanoid bar, trough cross bed, turbulent vorticity, plume, prodelta rhythmite, 04989. sediment, modern environment, ancient environment, 06112.

glacimarine sediment
radiocarbon date, glacioisostasy, last glaciation, sea level history, piedmont lobe, deglaciation, calving phase, Canada, Northwest Territories, Ellesmere Island; 06173. Scilly Till, lobate surge, deformable marine sediment, sedimentology, micropalaeontology, UK, Celtic Sea; 04959. sedimentation, rate model, iceberg melting, process model, description, modelling, 04987.

glacio eustatic
sea level fluctuation, molluscan association, Pleistocene(Early), Japan, Shimokita Peninsula; 02683. sea level, sediment accumulation rate, tectonic uplift, sedimentology, sequence stratigraphy, Pleistocene(Upper), carbonate, reef-associated carbonate, reef terrace, Barbados; 07274.

glacio eustatic change
sea level change, Pleistocene, Atsumi Group, depositional cycle, barrier island, strand plain system, Japan; 13177. sea level, fluvial dissection, Quaternary history, sedimentological interpretation, raised terrace, seismic reflection profile, Greece, Gulf of Patras; Gulf of Corinth; 10804.

glacio fluvial deposit
environmental protection, terrace and gully landscape, nature reserve, gully erosion, Sweden; 03944.

glacio fluvial detritus
lake, shelf deposition, terrigenous deposition, marine sand, accumulation, New Zealand, Waitaki River; 03564.

glacio geological investigation
Weichselian glaciated area, melt water deposit, till, last ice advance, glacier tongue, push moraine, dead ice, Germany, Kiel; 08468.

glacio hydro isostatic model
tectonic movement, Pleistocene(Late), Holocene, sea level change, Australia; 06188.

glacio isostasy
oil deposit, gas deposit, swell like uplift, lithospheric uplift, Europe, (North); 08376. sea level, Pleistocene(Middle), glaciomarine deposit, push moraine complex, ice lobe, USA, Alaska, Baldwin Peninsula; 00292.

glacio isostatic disequilibrium
facies analysis, glaciomarine deposit, Irish Sea; 13081.

glacio isostatic rebound
pumice, Weichselian(Late), glaciation, Holocene, shore displacement, glacial sculpture, lake sediment, postglacial marine limit, deglaciation, Svalbard, Nordaustlandet, Prins Oscars Land; 07278.

glacio isostatic uplift
eustasy, empirical uplift estimation, isostatic uplift, lake tilting method, Sweden, Fegen Lake; Saven Lake:; 06014.

glacio marine sediment
erratic boulder, boulder assemblage, glacial erratic, Cambrian fossil, Cambrian limestone, erratic, Teritiary, Antarctica, West Antarctica, King George Island; 02655.

glacio-hydrological response
climatic change, sea surface temperature, planktonic foraminifera, historical record, instrumental record, mountain climate, 03044.

glacio-isostatic
peripheral forebulge, transgression, postglacial emergence, Holocene, marine transgression, eustatic, Svalbard, Spitsbergen; 02687.

glacio-isostatic uplift
prograding slope sequence, carbonate, opal productivity, ice rafted debris input, floating ice shelf, polynya, cycle, rhythm, event, Quaternary, glaciomarine deposit, facies pattern, glaciomarine continental margin environment, basal lodgement till, Arctic; Southern Ocean, Weddell Sea; 02620.

glacio-isostatically adjustment
palaeohydrology, incision, aggradation, river terrace, flood plain, evapotranspiration, postglacial history, Finland, Ivalojoki River; Oulankajoki River; 11848.

glacioaquatic sediment
diamicton, transgression, glaciomarine, iceberg, Lund Diamicton, clay, Sweden, Skane; 02397.

glaciochemical data
sodium chloride, snow, calcium, sulphate, nitrate, Asia, Himalayas, Karakoram; 01750.

glaciochemical survey
ice core investigation, major anions, major cations, total acidity, radionuclide, oxygen isotope, glacier, snowpit, Greenland; 01748.

glaciodynamic structure
Main Stationary Line, Bovbjerg profile, Holsteinian marine clay, Saalian till, sandur, stockwerk, thrust fault imbrication, kinetostratigraphical unit, Denmark, Jutland; 00298.

glacioeustasy
stratigraphy, Antarctic ice volume, seismic sequence stratigraphy, tectonoeustasy, orbital forcing, low-frequency, 11978.

glacioeustatic change
sea level change, tectonic movement, sedimentary cycle, sedimentary environment, Shimosa Group, Japan, Boso Peninsula; 13160.

glaciofluvial channel
indicator boulder, till stratigraphy, morainic plateau, glacial spillway, Hemian, pollen analysis, Germany; 11957.

glaciofluvial deposit
buried Saalean valley, geological condition, rubbish dump, groundwater pollution, glacial landscape, till, 05023.

glaciofluvial gravel
Quaternary deposit, road cutting, till, lacustrine clay, UK, England, Devon, Barnstaple, Lake Cutting; 07233.

glaciofluvial landform
melt water, ice-contact landform, proglacial feature, kettle hole, kame, landsystem, UK; Ireland; 11948. periglacial mass wasting, till, mass wating, landform, glacial deposit, drumlin, lodgement till, UK, England, Northumbria; 11953.

glaciofluvial material
erratic, esker, glacial lithology, transport distance, Sweden; 06131.

glaciofluvial outwash
outwash plain, permafrost environment, aeolian deflation, radiocarbon date, thawing, ice wedge, deflation, tundra polygon, Canada, Quebec, Ungava Peninsula; 13185.

glaciofluvial sediment
Weichselian, Vennebjerg Stadial, Sandnes Interstadial, Skaerumhede Series, foraminifera, stratigraphy, Quaternary, Saalian age, till, Denmark, Kattegat, Anholt Island; 07209. Wildpoldsrieder Tongue Basin, terminal basin, sediment interleaving, ice advance, ice retreat, glacial sediment, Germany, Bavaria, Kempten; 11958.

glaciofluvial system
seasonal change, flood, glacial river, sediment supply, mass flow deposit, glaciolacustrine delta, UK; Ireland; 10518.

glaciogenic deposit
ice tongue, till, diamict, stone count, fabric analysis, glacial stratigraphy, USA, New Hampshire, Gorham, Peabody Valley; 11944.

glacioisostacy
ICE 3G model, Pleistocene(Late), deglaciation, sea level change, post glacial rebound, mantle viscosity, isostatic adjustment, radiocarbon dating, 13076.

glacioisostasy
glacial deposit, Hoxnian, Holsteinian, magnetic reversal, correlation, till, glaciation style, UK; Europe; 11946. glacial lake, climatic cycle, isostatic rebound, eustatic sea level, rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, La Perade Clay, climatic optimum, lithostratigraphy, tectonically stable, allochtonous ice, Canada, Quebec, St Lawrence Valley; 02657. last glaciation, sea level history, piedmont lobe, deglaciation, calving phase, glacimarine sediment, radiocarbon date, Canada, Northwest Territories, Ellesmere Island; 06173. mantle viscosity, isostatic adjustment, Frechet kernel, sea level, visco-elastic model, 13026.

glacioisostatic crustal depression
lithofacies association, calving tidewater glacier, crustal rebound, biofacies, sediment, emergent, Pleistocene(Late), glaciomarine sequence, Devensian(Late), tidewater ice margin, shallow water glaciomarine environment, Ireland, Skerries; 01432.

glacioisostatic depression
forebulge, ice-sheet thickness, rebound, sea level, raised shoreline, Arctic; 11979.

glacioisostatic movement
braided river, meandering river, palaeohydrology, Bolling, Allerod, Dryas, Holocene, glacial lake, eustatic fluctuation, USSR, Estonia; 11855.

glacioisostatic response
isostatic response, deglacial downdraw, seismic-stratigraphic, geomorphic evidence, post-glacial, sea-level, lowstand, USA, Maine, Gulf of Maine; 11982.

glacioisostatic sea
Sundance paleosol, Amery, till, Sangamon, interglaciation, Quaternary, non glacial interval, pollen analysis, Missinaibi Formation, Canada, Manitoba, Hudson Bay Lowlands; 07256.

glacioisostatically depressed
St. Pierre Sediment, stratotype, lithozone, pollen, boreal vegetation, rhythmite, sedimentary cycle, fluvial, Canada, Quebec, St Lawrence Valley; 02658.

glaciolacustrine
meltwater stream, Salpausselka I moraine, delta, glacial lake, sedimentation, ice sheet, Finland, Salpausselka Moraines; 00108. sedimentation, diamicton, rhythmite, till, ice lateral lake, Spain, Pyrenees, Llauset Valley; 03532.

glaciolacustrine delta
delta, dispersal pattern, heavy mineral, source rock, foreset bed, USA, Connecticut, Lake Quinebaug; 00026. glaciofluvial system, seasonal change, flood, glacial river, sediment supply, mass flow deposit, UK; Ireland; 10518.

glaciolacustrine event
rhythmite, pollen content, Pleistocene(Late), Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, bioturbation, varve, Canada, Quebec, St Lawrence Valley; 02660.

glaciolacustrine sediment
glacial melt water, Laurentide ice sheet, stable isotope record, last glacial cycle, lacustrine ostracode, ostracode, Canada, Toronto, Scarborough Bluffs; 09555. Late Wisconsin till, meltwater, till, Laurentide ice sheet, stable isotopic composition, ostracode, Canada, Ontario, Toronto, Scarborough Bluffs; 13112. moraine, varve, palaeomagnetic data, Late Glacial sediment, Argentina, Chubut, Rio Corintos; 08476. palaeomagnetism, glacial varve, last glaciation, Argentina, Patagonia, Lago Blanco; 06079.

glaciolacustrine sedimentation
fjord lake basin, overdeepening, sedimentation, Pleistocene, fjord lake, bedrock incision depth, Canada, British Columbia, Okanagan Lake; 04995. rapid sedimentation event, glacial Lake Agassiz, esker, subaqueous fan, drainage network instability, discharge surging, moraine formation, subglacial sedimentation, Canada, Ontario; 09575.

glaciological control
Holocene, ice-sheet margin dynamics, Sisimiut glacial maximum, readvance, moraine, calving glacier, topographic control, Greenland, West Greenland, Ilulissat; 00301.

glaciological model
Valley Heads Moraine System, ice thickness, basal shear stress, outlet

glacier, trough, reconstruction, dynamics, Wisconsin(Late), ice dome, drumlin, USA, New York, Finger Lakes; 01431.
glaciological study
ice velocity, strain rate, accumulation rate, basal melting, melt rate, thermohaline convection cell, Antarctic Bottom Water, ice ocean interaction, Antarctica, Ronne Ice Shelf; 08513.
glaciology
Arctic research (spring 1990), United States, Arctic; 02499. climatology, remote sensing, drifting ice, Antarctica; Southern Ocean; 01130. cosmogenic isotope, snow chemistry, mineral dust, isotope, seasonal variation, 13731. geochemistry, glacial deposit, mineralogical study, chemical study, Billefjorden Stage, Little Ice Age, carbonate, glacial till, weathering process, Svalbard, Spitsbergen, Petuniabukta; 02649. ice flow, mass balance, ice lake, Antarctica, East Antarctica, Maudheimvidda; 00347. landslide, soil erosion, field experimentation, physical geography, process, China; 01376. palaeoclimate, ice evolution time scale, degrees of freedom, continental ice sheet, rheology, mass balance, ice sheet, 09543. radio echo data, subglacial bed topography, ice thickness, mass balance, climatic change, geostatistics, Antarctica, Dronning Maud Land, Scharffenbergbotnen; 00346.
glaciomarine
iceberg, Lund Diamicton, clay, glacioaquatic sediment, diamicton, transgression, Sweden, Skane; 02397. sedimentation rate, varve, lithofacies, Weichselian, deglaciation, Sweden, Goteborg; 02353.
glaciomarine continental margin environment
basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, opal productivity, ice rafted debris input, floating ice shelf, polynya, cycle, rhythm, event, Quaternary, glaciomarine deposit, facies pattern, Arctic; Southern Ocean, Weddell Sea; 02620.
glaciomarine cycle
geology teaching, Markov chain analysis, pedagogic tool, cyclic trend, Kingston Peak Formation, Quaternary rhythmite, varve, USA, California, Death Valley; Sweden; 03701.
glaciomarine delta
shell, Devensian(Late), shoreline, coastal lowland, sea level history, UK, Scotland, Beauly Firth; Inverness; UK, Scotland, Nairn; 06177.
glaciomarine deposit
facies pattern, glaciomarine continental margin environment, basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, opal productivity, ice rafted debris input, floating ice shelf, polynya, cycle, rhythm, event, Quaternary, Arctic; Southern Ocean, Weddell Sea; 02620. glacio isostatic disequilibrium, facies analysis, Irish Sea; 13081. inland glacial deposit, seawater, coastal glacial deposit, till, sorption complex, glacial deposit, Poland; Svalbard, Spitsbergen; 00300. push moraine complex, ice lobe, glacio isostasy, sea level, Pleistocene(Middle), USA, Alaska, Baldwin Peninsula; 00292.
glaciomarine environment
annual variation, Quaternary, marine deposit, transgression, Elsterian(Late) age, Skaershoj deposit, glacial lake, ice rafted stone, Denmark, Jutland, Thyholm; 05035.
glaciomarine sediment
diamict, sea floor geology, British Geological Survey, Quaternary geology, MacLeod sequence, Atlantic, (North), Geikie; 07203. ground shaking, earthquake hazard, historic liquefaction, prehistoric liquefaction, earthquake induced liquefaction, liquefaction, sand dyke, USA, Massachusetts, Newbury; 13071. sea level, Quaternary(Late) sedimentation, acoustic stratigraphy, seabed deposit, glacially overdeepened valley, Canada, Newfoundland, St.George's Bay; 05000. subglacial undermelt till, deforming basal till, glacial erosion, lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, floating terminus, grounding line, gravity flow, ice rafted debris, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943. till, macrofauna, carbonate content, seabed sediment, Atlantic, (Northeast); 09363.
glaciomarine sedimentation
floating glacier tongue, low energy depositional environment, sedimentation rate, cold based glacier, deglaciation, subglacial meltwater, warm based glacier, climatic amelioration, turbid plume, glacier, Canada, Ellesmere Island, Disraeli Fiord; 01427.
glaciomarine sequence
Devensian(Late), tidewater ice margin, shallow water glaciomarine environment, glacioisostatic crustal depression, lithofacies association, calving tidewater glacier, crustal rebound, biofacies, sediment, emergent, Pleistocene(Late), Ireland, Skerries; 01432.
glaciosostacy
accumulation, ablation rate, ice velocity, snowline elevation, ice volume, sea level, ice load, last glaciation, advance, retreat, computer model, 13109.
glaciosostasy
Hiarne, uplift, glacial theory, Torell, Finland; Sweden; 13033.
glaciostatic shoreline origin
hydrostatic shoreline origin, isostatic shoreline origin, Pleistocene(Late) sea level, Holocene sea level, present sea level, sea level variation, tectonic movement, melt water, ice sheet, Antarctic melting, tide gauge record, glacial rebound, warming, 07270.
glaciotectonic disturbance
loading, faulting, gravity induced deformation, deformation structure, Pleistocene, sediment, UK, England, Warwickshire, Stretton-on-Fosse; East Anglia, Norfolk; 11955.
glaciotectonic form
continental shelf, hill hole pair, subsurface decollement, glaciotectonic structure, Norway; 00277.
glaciotectonic loading
unloading, glacigenic, postglacial faulting, deplaced glacial striae, glacial erosion, striae, Canada, New Brunswick, Saint John; 04999.
glaciotectonic structure
glaciotectonic form, continental shelf, hill hole pair, subsurface decollement, Norway; 00277.
glaciotectonically deformed mo-clay
sand wedge, Tertiary mo-clay, sand filled frost wedge, Denmark, Limfjorden, Fur Island; 00328.
glaciotectonised sediment
marine limit, pollen, pre late Weichselian, Sweden, Vastergotland, Sjotrop area; 05001.
glaciotectonism
landsliding, slope failure, gully erosion, glacial diamicton, lacustrine sediment, aeolian sediment, Wisconsinan deglaciation, Canada, Alberta, Red Deer River, Little Sandhill Creek; 04918. urban structure, natural cavity, tourism potential, cave, Canada, Quebec, Montreal; 13114.
glacis
epigeny, limestone, encrustation, Aptian marl sandstone, weathering, caliche, piedmont, Tunisia, Tunisian Ridge, Jebel Bargou; 09628.
gladioeustatic change
sea level change, Pleistocene(Early), Omma Formation, cyclic change, mollusc, fossil association, Japan, Kanazawa; 13175.
glass fibre filter
selenium dioxide, selenium, selenious acid aerosol, 10191.
glass impactor
annular denuder, filter pack, sulphate, particulate, sampling, 00681.
glass shard
Wisconsinian ice, aeolian transport, ash, deep sea sediment core, long range ash transport, volcanic ash, ice sheet, Greenland, South Greenland, Dye 3 Site; 07307.
glauberite
saline lake, playa lake, groundwater, diagenesis, Australia, Northern Territory, Karinga Creek; 09339.
glauconite
Eocene, brown coal seam, volcanism, diagenesis, geotechnical, Germany, Egeln; 00162. goethite, phosphate, continental margin, iron, hardground, Australia, New South Wales; 09366. hydrothermal activity, mineral deposit, phosphorite, pyrite, gas hydrate, green clay, 11811. hydrothermal process, hydromica, ooze, Sea of Japan, Yamato Rise; 07025. pore water, sediment mixing, iron, phosphorite, apatite, continental margin, 03569.
Glen's flow law
strain rate, flow law, glacier ice, numerical prediction, field measurement, velocity profile, surface strain, bore hole tilting measurement, Greenland, South Greenland, Dye 3 Site; 07306.
Glenton soil
soil-landscape relationship, Pleistocene soil, Holocene soil, soil composition, soil classification, Griffy soil, Enos soil, Ethete soil, Apron soil, USA, Wyoming, Wind River Basin, Riverton; 13286.
gley
biochemical method, infiltration, clay, 12975.
gley podsolic soil
bog podsolic soil, clay mineralogy, soil micromorphology, chlorite, peat podsolic soil, USSR, Northern Taiga; 09771.
gleyed soil
hydrochemical flux, throughfall, stem flow, forest catchment, soil water chemistry, stream acidity, hydrogen, sulphate, chloride, sodium, crown leaching, interception, podsolic soil, UK, Scotland; 11086.
gleying
mineralogical composition, Sod Podsolic soil, coarse fraction mineral, 09662. stagnant regime, plough layer, irrigation, soil physical property, soil chemical property, Chernozem, waterlogging, 10855.
glide plane
trench slope basin, plate margin, earthquake, continental slope, Quaternary, Holocene, fault, New Zealand, North Island, Kidnappers Slide; 10568.
gliding
clast orientation, talus fabric, particle gliding, snow, USA, California, Lassen Peak; 01408.
global access
information, database, international directory, 13761.
global agenda
pollution, energy efficiency, toxic waste, emission, political action, 07882.
global atmospheric balance
human health, pollution prevention, air pollution, 00922.
global atmospheric GCM
river runoff, discharge, atmospheric GCM, global river runoff, 05136.
global balance
proton balance, alkalinity concept, graph property, atmospheric source, acidity, sink, 06206.
global baseline site
pollutant monitoring, ecosystem monitoring, 11398.
global biogeochemical study
biomass burning, fire evaluation, infrared remote sensing, 12751.
global biosphere
ice, ice shelves, icebergs, sea ice, Southern Ocean; Antarctica; 12011.
global budget
impact derived sediment, crater, ejected material, terrestrial cratering record, impact ejecta, Venera Lander, surface panorama, Venus; 07155.
global carbon cycle
carbon cycle, Coastal Zone Color Scanner, ocean, primary production, 11226. oceanic mixing, biological pumping, mathematical inventory, 08993.
global carbon cycle model
terrestrial biosphere, climatic condition, marine biosphere, gas exchange process, fossil fuel combustion, 05494.
global catastrophic event
clay layer, extraterrestrial body, Cretaceous-Tertiary boundary, uranium, thorium, USA, Colorado; New Mexico, Raton Basin; 07080.
global change
anthropogenic action, soil change, pedosphere, 13218. climate change, research, environmental evolution, glaciation, sea level, China; Antarctica, King George Island, Great Wall Station; 11838. Earth observation, satellite programme, Japan; 12585. EOS, environment, 04630. gas emission, warming, methane, nitrous oxide, ozone, carbon dioxide, afforestation, 07800. International Geosphere Biosphere Programme, ocean data system, water cycle, energy cycle, cloud radiation interaction, France; 12588. International Space Year, satellite data, 12771. model, INQUA, global change program, 06067. proxy climate record, treeline fluctuation, natural hazard, Hypsithermal, mountain

area, Canada, Rocky Mountains; 01382. proxy data record, anthropogenic modification, environmental change, interglaciation, 07191. research project, International Geosphere Biosphere Programme, 08416. sea level, coastal erosion, retrogressive thaw slump, slope instability, permafrost, ground ice, Canada, Beaufort Sea Coastlands; 03911. sea surface temperature, vegetation index, radiation budget, snow cover, ozone, 12587. Solid Earth Programme, ESA, gravity field, geopotential, geophysics, oceanography, 06719. thermal structure, Mars, atmosphere, microwave spectra, carbon dioxide, 07624. tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, pollution, nitrogen oxide, methane, carbon monoxide, emission, hydroxyl radical, oxygen, 00914. vegetation index, system calibration, surface parameter, 10400. Younger Dryas, rapid warming, oceanographic change, melt water flow, North Atlantic Deep Water, climatic shift, Atlantic, (North); 08426.

Global Change Encyclopedia
remote sensing, GIS, 13763.

global change program
global change, model, INQUA, 06067. tree ring chronology, deuterium, tree line stand, pollen ratio, climate change, carbon dioxide, 10140.

global change programme
greenhouse gas, International Geosphere Biosphere Programme, climate change, carbon dioxide, CFC's, nitrous oxide, methane, 05443. regional impact assessment, database, microcomputer workstation, GIS, 08002.

Global Change Research Programme
policy making, earth observing system, USA; 09959.

global circulation
principal component analysis, temperature field, 07676.

global circulation model
energy balance experiment, ground truth, calibration, SEBEX, satellite data, Africa, Sahel; 11204. response strategy, global warming, climate change, energy implication, fossil fuel, greenhouse effect, 06533.

global circulation model simulation
Indian summer monsoon, monsoon, coastal upwelling, planktonic foraminifera, sea surface temperature, thermocline, marine sediment, upwelling field variability, data-model comparison, Indian Ocean; Middle East, Arabian Sea; 02617.

global climate
climate change, climatic prediction, climatic observation, 10151. climate change, greenhouse warming, climate monitoring, 10154. climatic change, loess, depositional rate, loess paleosol sequence, China, North China, Yellow River; Loess Plateau, Weihe River Valley; 06167. climatic process, hydrosphere, warming, sea level rise, 06171. dimethyl sulphide, sulphate, sulphur dioxide, particle production, marine cloud, Aitken nuclei, cloud condensation nuclei, nucleation, 05521. global warming, climate change, vegetation, plant fossil, physiognomic method, 05458. origins, agriculture, Younger Dryas, climate modelling, urban civilisation, 02561. Quaternary(Late), jet stream, monsoon, Milankovitch forcing, pluvial climate, climatic episode, North America; Africa, (North); 13077.

global climate data
bioclimatic distribution, vegetation, general circulation model study, 06490.

global climate model
statistical method, simulation, prediction, drought, sea surface temperature, 13622. vegetation, land surface, parameterised surface, 13516.

global climate trends
dust, greenhouse gas, climate change, solar variability, energy use, 04336.

global climatic change
paleoenvironmental change, organic carbon, piston core, Bolivina pacifica, benthic foraminifera, palaeoceanographic change, Japan Sea; 10751. radiocarbon dating, sediment, secular change, sea level history, palaeoclimate, fluctuation, USSR, Caspian Sea; 04982. salt problem, microbial turnover, anaerobiosis, climatic change, soil problem, alluvial domain, 07312.

global climatic model
lagged response, spatial variability, geomorphic impact, climate change, erosion process, mountain region, hydrologic regime, Canada; 01381.

global climatic pattern
simulation, vegetational response, climatic reconstruction, pollen stratigraphical data, Holocene, Europe; 03891.

global climatology
optical climatology, tropospheric aerosol, satellite, occultation measurement, extinction ratio, stratosphere, dust, 12562. temperature variability, air temperature, 07816.

global cloud cover
multi spectral radiance, AVHRR, 12688.

global coastal hazard
sea level rise, greenhouse warming, climate warming, coastal wetland, coral island, human risk, sea level impact, coastal vulnerability index, USA, Atlantic Coast; Canada; Mexico; 10799.

global convergence
convergence property, groundwater flow, hydraulic head, aquifer property, confined aquifer, head measurement, transmissivity estimation, Italy, Friuli Aquifer; 13414.

global cooling
global warming, climate variability, Nimbus 7, infrared emission, 06531. Neogloboquadrina dutertrei, upwelling signal, planktonic foraminiferal asseamblage, hydrographic change, Benguela Current, Angola Current, coastal upwelling cell, Atlantic, Walvis Ridge; 10747. Pleistocene(Late), Holocene, radiolarian, pollen record, core, oxygen isotope stratigraphy, Late Glacial, Holocene, Okhotsk Sea; 10750. tectonic uplift, planetary cooling, equilibrium line, ice age, glaciation theory, ice sheet reconstruction, albedo, China, Tibet; India, Himalaya Mts; 11913. Younger Dryas, oxygen isotope data, melt water, coral reef data, sea level change, carbon dioxide concentration, Philippines, Sulu Sea; 07200.

global coverage
satellite imaging, airborne microwave sensor, 10233.

global cycle
carbonate silicate cycle, carbonate partitioning, 11624. dimethyl sulphide, methyl iodide, iodine species, sulphur species, marine air, photochemistry, 11333.

global database
database, data integration, 11494.

global deforestation
SAR, optical data, cloud coverage, 05566.

global ecology
vegetative cover, dynamics, 04629.

global effect
tropical deforestation, carbon stock, reafforestation, carbon dioxide, 07802.

global energy balance model
annual cycle, albedo, feedback, orbital change, ice change modelling, climate change, ice age, 00266.

global environment
Earth observation, data system, GIS, 11495. environmental force, greenhouse gas, carbon dioxide, investment, defensive measure, 11278. environmental measurement, 11587. RADARSAT programme, SAR satellite, Canada; 06857.

global environmental change
climatology research, International Geosphere-Biosphere Programme, 03139.

global environmental observation
hydrometric network, organisation structure, environmental impact, data collection, climatic change, water resource, water management, Switzerland; 04182.

global estimate
dimethyl sulphide, air-sea exchange, 03238.

global eustatic change
sedimentary change, sea level change, glacial cycle, glacimarine facies architecture, sedimentation model, 04988.

global forcing
Younger Dryas, pollen record, Chile; Argentina; 09550.

global forecast
error correlation, isobaric wind, geopotential, radiosonde observation, zonal wind, meridional wind, gwostrophic balance, 12477.

global geomorphology
climatic prediction, warming, sea level, 07130. plate tectonics, ocean floor, structural subdivision, megageomorphology, 07126.

global ice volume
oxygen isotope record, cosmogenic chlorine-36 chronology, glacial deposit, mountain glacier, chronology, boulder, moraine crest, USA, California, Sierra Nevada, Bloody Canyon; 00294.

global inventory
climate implication, general circulation model, ocean to amosphere flux, carbon monoxide flux, 10227.

global isostacy
isostatic model, sea level, Holocene, 13163.

global isostasy
eustatic curve, modeling, sea level change, submergent, emergent observer, thermal structure, isostatic effect, 11977.

global management
information network, ocean, 13953.

global marine temperature variation
temperature trend, cooling, volcanic activity, global warming, 06524.

global mean
temperature change, climate sensitivity, enhanced greenhouse effect, 04330.

global mean atmospheric pressure
deglaciation, glacial interglacial, sea level pressure, sea level, ice sheet, atmospheric mass change, 10798.

global mean solar heating
ozone, radiative dynamical feedback, solar heating rate, global mean temperature, 00787.

global mean temperature
climatic change, solar irradiance change, 09000. global mean solar heating, ozone, radiative dynamical feedback, solar heating rate, 00787.

global mean warming
climate sensitivity, carbon dioxide, general circulation model, greenhouse gas, climate change, transient response, regional effect, 05463.

global mesoscale eddy energy
Geosat, altimeter data, 06810.

global model
Cenozoic(Late), climatic change, orbital forcing, carbon dioxide, glaciation, 09539. Pleistocene(Late), deglaciation, geophysical prediction, sea level change, oxygen isotope data, coral terrace elevation, ICE 3G model, 09541. tropical storm, hurricane, prediction, life cycle, supertyphoon, 11231.

global momentum
momentum variation, intraseasonal time scale, interannual time scale, angular momentum, tropics, zonal contributions, 12415.

global monitoring
environment, resource database, database, 02235.

global morphogenesis
geomorphological meta theory, relief symmetry, earth relief, mega relief, model, 08321.

global multiplication factor
radiocarbon date, archaeologist, tree ring chronology, 04950.

global observation
surface energy balance, climate, satellite capability, 03400.

global oceanic sink
air sea gas exchange, stormy sea, tracer technique, carbon dioxide, sea surface, gas exchange, radon deficit technique, 09078.

global ozone budget
dilution effect, chemistry transport model, TOMS data, ozone depletion, Antarctica; 09052.

global pattern
temperate palaeohydrology, fluvial process, palaeohydrological change, 10670.

global pollution
rice field, methane, urban, fluorocarbons, trace gas, China; USA; Brazil;

Australia; 06569. sulphur, carbon, nitrogen, ozone, aerosol, warming, trace gas, climate change, acid rain, radionuclide, transport, air quality, 11298.
global positioning
airborne electromagnetic bathymetry, hydrography, surveying, charting, USA; 12617. land surveying, property, Torrens system, Bermuda; 12815.
global precipitation
domain shape, principal component analysis, eigenvector, empirical orthogonal function, 12298.
global problem
satellite system, data management, environment, International Space Year, 00943.
global process
Moderate Resolution Imaging Spectrometer, Earth observing system, 12772.
global production
decay, radiocarbon, Holocene, coastal wetland, store carbon, 02590. seasonal cycle, hydroxyl radical, carbon monoxide, 10187.
global production rate
nitrogen fixation, lightning, 11325.
global radiation
cloud amount, METEOSAT, AVHRR, Poland, Warsaw; 12690. cloud cover, snow water equivalent, snow cover, runoff estimation, water equivalent variation, air temperature, precipitation, wind speed, water vapour pressure, Switzerland, Alps; 08798. solar radiation, satellite data, cloud transmittance, 04220.
global radiation model
crop radiation model, crop residue, solar radiation transmittance, energy balance, 00439.
global reference
Australian Height Datum, geodetic coordinate, datum, transformation, reference system, 04476.
global resource information
database, environment programme, 11497.
Global Resource Information Database
database, monitoring, tropical forest cover, 04624.
global river runoff
global atmospheric GCM, river runoff, discharge, atmospheric GCM, 05136.
global river transport
dissolved carbon, particulate carbon, carbon transport, ion flux, mineral transport, nitrogen, Canada, St. Lawrence River; Northwest Territories, Mackenzie River; USA, Alaska; USA, Alaska, Yukon River; USSR, Yenisei River; USA, St. Lawrence River; USA, Yukon Territory, Yukon River; 12212.
global scale
erodibility, sediment yield, relief, erosion rate, stream power, slope gradient, precipitation, infiltration, denudation rate, climate, fluvial soil loss, 01374. remote sensing, mineral, nonrenewable resource, resource, 02206.
global scale map
transportation density, transportation map, isarithm, 03471.
global scale variation
intraseasonal variation, annual variation, divergent flux, water vapour flux, 12299.
global science
agricultural monitoring, multi spectral scanner, 12590.
global sea level
global warming, sea level change, geodetic network, 01447. local effect, sea level change, 06169.
global sealevel rise
tidal gauge, geodetic levelling, discharge data, sea-level change, China, Changjiang River; 11990.
global shape classification
Fourier descriptor, shape definition, range, 07973.
global signal
glacial, isostatic adjustment, tide gauge, secular, sea level change, 11976.
global soil change
atmospheric pollution, greenhouse effect, acid deposition, climate change, tropics, sub tropics, 08562. Chernozem zone, Kastanozem zone, climate change, 08563. climate change, soil process, tropics, sub tropics, soil research, 08560. soil morphology, soil process, 08561.
global solar radiation
sunshine duration, temporal radiation variation, spatial radiation variation, Canada; 06444.
global spectral model
forecast, cumulus parameterisation, precipitation prediction, tropics region, 08988.
global system
humidity regime, long range forecasting, river discharge, USSR, Yenisei River; Ob River; 07451.
global tectonics
denudation chronology, planation surface, summit level, morphochronology, morphotectonics, crustal movement, Africa; Europe, (Central); Europe, (Southeast); Europe, (Northern); USSR, Caucasus Mountains; 13020.
global temperature
warming trend, sunspot fluctuation, solar forcing trend, 06526.
global temperature data
geopotential height data, eastward travelling wave, stratosphere, planetary wave, Southern Hemisphere; 12418.
global tide
tide gauge data, post glacial, rebound model, long period variation, sea level variation, North Sea; 13170.
global transport
equivalent barotropic system, stratosphere, potential vorticity, 01877.
Global Vegetation Index
cloud contamination, cloud screening, sensor degradation, viewing geometry, 12739.
global warming
carbon dioxide, greenhouse gas, agriculture, storm, drought, renewable energy source, water resource, reforestation, climate change, 05460. carbon dioxide, surface warming, heat pollution, 08992. climate change, energy implication, fossil fuel, greenhouse effect, global circulation model, response strategy, 06533. climate change, greenhouse gas, carbon dioxide, USA; 06529. climate change, organic matter decay, soil, forest, greenhouse gas, biotic influence, carbon dioxide, 05492. climate change, sea level, carbon dioxide, 05464. climate change, surface temperature, radiative convective model, greenhouse effect, Montreal Protocol, CFC's, 04345. climate change, vegetation, plant fossil, physiognomic method, global climate, 05458. climate variability, Nimbus 7, infrared emission, global cooling, 06531. climatic change, plant growth, soil, tropical region, 07313. cloud, radiation balance, earth radiation budget, cloud condensation nuclei, phytoplankton, climate, 00690. deglaciation trigger, glaciation extent, marine gas hydrate, methane, thermal decomposition, climatic warming, sea level rising, positive feedback, 10734. energy conservation, climate change, 04335. glacier, permafrost, climate change, polar firn, 04343. global marine temperature variation, temperature trend, cooling, volcanic activity, 06524. greenhouse effect, carbon dioxide, climatic change, 04338. greenhouse effect, climate risk, climate change, sea level rise, Asia, (Southeast); 13172. greenhouse gas, carbon dioxide, methane, nitrous oxide, agriculture, soil, 01955. greenhouse gas, forcing, sea level change, 13161. monitoring programme, glacial fluctuation, crevasse pattern, Kenya, Mount Kenya, Lewis Glacier; Gregory Glacier; 08512. ozone layer, warming, ozone pollution, 09032. palaeoclimatic history, Cainozoic, environmental change, Africa, (Southern); 10762. policy strategy, climate change, tide gauge data, sea level change, radiatively active gas, carbon dioxide, Caribbean; 04235. remote sensing, vegetation, Canada; 05696. satellite measurement, ocean biology, carbon dioxide, marine sedimentary record, climate change, carbon cycle, glacial period, marine productivity, 05456. sea level change, geodetic network, global sea level, 01447. sea level rise, climatic change, thermal expansion, land ice melting, 04331. sea level, barrier beach erosion, rising sea level, kinematic model, rate of shoreline erosion, USA, Atlantic Coast; Gulf of Mexico; 05034. sea level, flooding, salt intrusion, surge, Maldives; India; Bangladesh; 03902. trace gas, climate, seasonal model, carbon dioxide, CFCs, methane, nitrous oxide, ozone, surface temperature, stratosphere, troposphere, greenhouse gas, 01954. trace gas, greenhouse effect, methane, nitrous oxide, CFC's, carbon dioxide, 03250. ultraviolet radiation, impact minimisation, forestry, recreation, ozone layer, climate change, 13637. wind dependent aerosol generation, ocean surface, sea salt, cloud droplet, stratus, albedo, 06472.
global water budget
salinity anomaly, thermohaline circulation, oceanic freshwater transport, last glacial maximum, freshwater transport, atmospheric model, sea surface temperature, Atlantic; 02604.
global wave climate
Geosat altimeter, altimeter, 09261.
global wave model
altimeter wind speed, model wave height, SEASAT altimeter, 12778.
Global Weather Experiment
general circulation model, forecasting, climate scenario experiment, climate drift, carbon dioxide, greenhouse gas, 08999.
global weather prediction
skill, weather prediction, numerical weather prediction system, National Meteorological Center, 13617.
Globigerina bulloides
climate optimum, sediment record, simulated upwelling, monsoon wind, upwelling strength, Arabian Sea; 13085.
Globigerinoides ruber
Neogloboquadrina pachyderma, surface water temperature, salinity change, melt water pulse, deglaciation record, Younger Dryas event, Pacific, (Western); 08452.
GLONASS
NAVSAT, shipborne receiving equipment, marine radionavigation, GPS, 05598.
GLORIA data
neotectonic setting, strike slip movement, Puerto Rico; 06012.
GLORIA imagery
sediment pathway, low stands of sea level, slope valley, glacimarine environment, subduction zone, sedimentological evidence, Yakataga diamict, USA, Alaska, Gulf of Alaska; 04970.
GLORIA sidescan sonar system
convergence zone, collision zone, tectonics, Banda Arc, Holocene, deformation, Indonesia, Timor; 07175.
GLORIA survey
oceanic continental transition, back arc basin, side scan sonar, tectonism, volcanic seascape, seamount, mud blanket, New Zealand, Havre Trough; Taupo Volcanic Zone; New Zealand, Ngatoro Basin; 08381.
Glover model
exit time, hydraulic conductivity, porosity, time net, groundwater flow method, flow net, coastal aquifer, 13409.
glucose
iron, manganese, biogeochemistry, sulphate, reduction, denitrification, USA, Gulf of Maine, Jeffreys Basin; Wilkinson Basin; 10641. paddy soil, methanogenesis, fermentation, anoxic, lake sediment, 12841.
glucose uptake
fresh water, water column, ecosystem, estuary, bacteria, Yugoslavia, Krka River; 09461.
glutamic acid
alanine, sulphate, reduction, fermentation, nitrogen, USA, Virginia, Bordenstake Bay; Chesapeake Bay; 12976.
glycerol ether
methanogenesis, alkane, organic matter, Green River Shale, lipid, biomarker, USA, Colorado, Piceance Creek; 03660.
glycol
amino alcohol, boehmite, gibbsite, 12972.
glycol ether
propylene oxide, toxic contaminant, aliphatic, acetaldehyde, dioxane, ethylene, 07890.

glyoxal
methylglyoxal, benzaldehyde, formic acid, acetic acid, snow chemistry, carbonyl, carboxylic acid, formaldehyde, acetaldehyde, adlehyde, USA, California; 04420.
glyoxal (minor)
hydroxyacetaldehyde, hydroxyl-methyl-butanone, ozone, methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, formaldehyde (major), hydroxyacetone, 05539.
glyphosate
nitrification, herbicide, Canada; 03979. water quality, management guideline, 07600.
gneiss
Budel's model, deep weathered soil, inselberg, Alfisol, paleosol, genesis, substratum, dynamics, peneplain, soil formation, weathering, saprolitic decomposition, India; 00227.
Gniezno Oscillation
meltwater, terrace, outwash plain, Pleni-Vistulian deposit, Last glaciation maximum, Leszno phase, Poznan Phase, Poland, Pyzdry Basin, Prosna River, Macew; 00310.
Goddard Laboratory for Atmospheres
divergent circulation, horizontal resolution, systematic error, forecast model, systematic prediction error, 07789.
Godhavn stade
Disko stade, marine limit, equilibrium line altitude, palaeoclimatic implication, Holocene(Early), glacier advance, raised beach, Greenland, West Greenland, Disko Island; 07280.
GOES West imagery
convective system, mesoscale network, chemical analysis, rain water, aerosol concentration, rainfall condition, surface kinematic condition, Brazil, Amazonia; 10209.
GOES West satellite
deep convection, sea breeze, cloud, convection frequency, geographic feature, USA; 12462.
goethite
calcite, limonite, quartz, kaolinite, diaspore, boehmite, illite, haematite, laterite, vermiculite, Pakistan; 07431. carbon, soil colour, mineral surface, organic carbon, redox condition, 07375. concretion, Tertiary, oxidation, iron oxide, Spain, Galicia, Roupar Basin; 09459. crystal morphology, adsorption, desorption, phosphate, 05082. Eh, pH, chemoreductive dissolution, iron oxide, Oxisol, haematite, Brazil, Central Plateau; 00466. ferrihydrite, iron oxide pan, water table, New Zealand, Taranaki; 00489. haematite, climatic effect, bioclimatic region, lateritic soil, iron oxide, Brazil; 09746. haematite, fabric, ferrallitic soil, Cuba; 01590. haematite, manganese, iron oxide, akaganeite, 12990. hematite, iron oxide, akaganeite, dissolution, 04865. hematite, microbial reduction, protonation, iron oxide solubility, iron oxide dissolution, complexation, ferrihydrite, 09610. kaolinite, montmorillonite, Typic Hapludoll, Mollic Haplaquept, pyrophosphate, hydrolysis, 00422. phosphate, continental margin, iron, hardground, glauconite, Australia, New South Wales; 09366. phosphorite, iron, silica, Tethys, Cretaceous, Israel, Negev; 08234. pipestem, rhizosphere, root respiration, carbon dioxide, oxidation, carbonate, chloride, lepidocrocite, 00169. pressure jump relaxation, kinetics, sulphate adsorption, sulphate desorption, adsorption, desorption, 07364. sorptive behaviour, activation energy, Freundlich equation, slow reaction, phosphate, 12073.
goethite water interface
desorption, adsorption, selenate, selenite, 06254.
Goff Gratch equation
Formula of Magnus, Antoine equation, saturation vapour pressure, formulae origin, 10121.
gold
copper, manganese, bacteria, biogenic metal accumulation, shelf zone, coagulation, microorganisms, 08262. precious metal, region geological data, lineament, geomorphology, hydrothermal alteration, USA, Nevada, Great Basin; 06820. uranium, fluid, interstitial water, temperature, porosity, pressure, South Africa, Witwatersrand Basin; 02447.
gold alteration zone enhancement
epithermal gold deposit, Landsat TM, Spain; 06815.
gold belt
airborne scanner imagery, thermal infrared imagery, USA, Nevada; Oregon; 06836.
gold exploration
GIS, high spectral resolution remote sensing, mining, petroleum, exploration technique, hydrogeology, 06813. SPOT imagery, X band SLR imagery, IHS transformation, airborne radar imagery, China, Xinjiang, Qiagen; 06821. TM data, Proterozoic, Burundi, Kibaran; 06824.
gold mineralisation
geochemical signature, geoscience dataset, GIS, quadtree structure, Canada, Nova Scotia; 05699. structural analysis, shear zone, France, Brittany; 06819.
gold mining
surface water quality, sediment contamination, mercury, human exposure rate, fish exposure rate, Brazil, Rondonia, Madeira River; 12198.
gold placer
asymmetric drainage, placer mining, gravel, USA, Alaska, Tofty; Eureka Creek; 13013.
Goldstone observation
interpretation, Magellan data, Heng-O ring structure, corona, soil dominated, radar characteristic, equatorial plain, Venus; 02523.
gelietz
altiplanation terrace, nivation, Weichsel(Late), periglacial condition, Quaternary, cryoplanation terrace, Norway; Finland, Lapland; 00330.
Gondwana
coccolith, microfossil, sandstone, Barakar Formation, India, Bihar, Ramgarh Coalfield; 01306. Cretaceous, lineament, weathering, Nimar sandstone, transgression, palaeogeography, India, Narmada Basin; 12920. Karoo deposit, palaeogeography, floodplain, lake, Lower Beaufort sequence, Permian, 03605. Mangapokia Formation, accretionary wedge, Cretaceous, trench, provenance, New Zealand, Te Awaiti; 00114. Talchir Group, sandstone, lithofacies, delta, lake basin, India, Orissa, Dhenkanal District; 03607.
Gondwana basin
aquifer characteristics, seasonal variability, shallow groundwater, groundwater flow, coal field, water table fluctuation, hydrogeology, pumping test, India, Bihar, Jharia Coal Field; 05215.
goose
duck, floodplain vegetation, aerial photograph, Australia, Northern Territory; 03453.
Gordon Group
carbonate, dolomitisation, diagenesis, mixing zone, isotopic field, Ordovician, Australia, Tasmania, Mole Creek; 08236. dolomite, Ordovician, isotopic composition, carbonate, Australia, Tasmania, Florentine Valley; 02407.
gore lignite measure
Miocene, silcrete, sandstone, orthoquartzite, diagenesis, paleosol, New Zealand, Maitland Basin, Landslip Hill; 00132.
gorthite
paleosol, illite, iron nodule, hematite, Spain, Jaen, Cazorla Mountains; 01598.
Gortonian stage
Hoxnian, Ipswichian, Midlandian, preMidlandian, glacial deposit, glacial stratigraphy, Ireland; 13122.
Gould probability matrix method
reservoir design, spill probability, failure probability, storage yield design, arid area, semi arid area, reservoir management, water rationing, 06404.
government
business function, information requirement, LIS, Canada, Manitoba; 13970. database, geomatics, Canada, Quebec; 02277. geomatics, cartography, Canada, Quebec; 02280. implementation, timber management, institutional barrier, cost, Canada, New Brunswick; 13827. industry, academic community, GIS, Canada; 13806. integration, exchange, geomatics, Canada, Quebec; 13820. private sector, national atlas, multi media technology, Canada; 13883. public sector, technology transfer, information system, USA; 06942.
government agency
GIS, hardware, software, USA; 01028. GIS, National Center for Geographic Information and Analysis, academic institution, private industry, 00948.
government data
database, geographic database, GIS, Taiwan; 09133.
government perspective
public sector perspective, meteorological service, user need, design process, Canada; 07614.
government planning
policy issue, warming, media interest, 07801.
government policy
spatial information, Netherlands; 02074.
government regulation
pollution policy, coal region, environmental change, regional conflict, Clean Air Act, efficiency criteria, USA; 10204.
government role
public information, public information access, information commodification, security commodification, 09128.
government structure
resource management, training, land ownership data, Asia; 11641.
government survey
data integration, digital mapping, georeferencing, data exchange, 01004. remonumentation programme, deed description, 10333.
governmental body
remote sensing, remote sensing society, remote sensing data, research establishment, educational establishment, 05554.
GPR survey
coring survey, ground penetrating radar, peat stratigraphy, Canada, Ontario, Ellice Swamp; 05013.
GPS
accuracy downgrading, broadcast ephemeris, differential baseline component, selective availability programme, 07944. boundary stone, USA, District of Columbia; 05592. differential mode, accuracy, point position, Japan, Nagoya, Takayama; 04494. education, training, LIS, USA; 11413. first order control, GIS, geodetic framework, USA, California, Fresno; 05591. geodetic control, oil prospecting, Nigeria; 12613. geodetic network, geophysical programme, Belgium; 09097. geodetic network, Netherlands; 03283. geoid, precision, ellipsoid height, Switzerland, Alps; 03281. GIS, accuracy, navigation system, 05594. GIS, forest fire, USA, Arizona, Tonto National Forest; 05736. GIS, resource database, coastal management, remote sensing, 13914. GIS, surveying technique, georeferenced information, 10240. GLONASS, NAVSAT, shipborne receiving equipment, marine radionavigation, 05598. GPS observation campaign, GPS coordinate, Hungary; 03282. gravimetry, geodynamic problem, USA, Wyoming, Yellowstone National Park; 00975. height determination, gravity anomaly, geodetic boundary value problem, geoid, 10258. inertial system, precise surveying, kinematic position determination, 06715. kinematic method, aerial analytical photogrammetry, spatial accuracy, photo aircraft, 07922. Landsat TM, landcover classification, location data, Zaire, Ituri; 00974. laser radar technique, three dimensional imaging, wide swath bathymetric system, 10285. levelling, height difference measurement, baseline, 05593. map revision, network street, GIS, Canada, Toronto, Markham; 13767. measurement error, airborne gravity measurement, power spectral density, 03295. navigation system, navigation system accuracy, navigation system reliability, interoperability, integration, Omega, 06714. navigation, spaceplane, 10276. NAVSTAR, cadaster, urban surveying, Canada; 02078. network, NAVSTAR, Germany, Mannheim; 04475. onboard sensor data, ground control, aerial triangulation, statoscope, laser range measurement, 03290. orbit relaxation software, station pairing, USA, Florida; 10263. planimetric coordinate, coordinate, 11440. positioning system, GIS, video data, 01010. real estate surveying, liability, 05599. relative position, precision vector, baseline vector, USA, California; 09111. satellite constellation, crustal motion, Japan, Sagami Bay; 10261. satellite visibility, strain change, geodetic survey, Japan, Kanto; Chubu; 12612. satellite, orbit, baseline repeatability, Japan; 04493. sea level, buoy, sea floor geodesy, USA, California; 06891.

SPOT, map revision, rural-urban fringe, Canada, Ontario, Toronto; 13853. survey, tunnel, NAVSTAR, 02099. time comparison data, VLBI method, error analyses, relative positioning, 12614. time comparison, adjustment, receiving position, 04495. tracking, Shuttle-GPS Tracking for Anomalous Gravitation Estimation, satellite to satellite tracking, 02101. triangulation network, deforming zone, tectonic deformation, Greece; 12708. triangulation network, multidimensional adjustment, 07948. triangulation, traverse, Germany, Langschoss-Kalmit; 02079. tropospheric calibration, plate motion vector, geodetic measurement, plate boundary zone, Caribbean Sea; 12709. urban surveying, cadastral surveying, NAVSTAR, Canada; 04675.

GPS coordinate
GPS, GPS observation campaign, Hungary; 03282.

GPS networks
campaign management, crustal motion research, 10259.

GPS observation campaign
GPS coordinate, GPS, Hungary; 03282.

GPS phase measuring
baseline recovery, kinematic survey, 07946.

GPS positioning
sea, accuracy, Korea; 02080.

GPS relative positioning
height determination, double difference phase analysis, cycle slip effect, Antarctica, Breid Bay; 08122.

GPS satellite survey technique
dislocation model, crustal deformation, leveling network, longitundinal valley fault, plate motion, 04900.

GPS survey
network adjustment, results accuracy, 07945. pseudo range data, positioning, Antarctica; 07947.

GPS survey planning
precision indicator, phase reduction, satellite selection, systematic error, 10260.

GPS technique
photogrammetry, bundle adjustment, analytical photogrammetry, geodesy, 07928.

grab sampler
Shipek, sediment sampler, HORS, sampler, Caribbean Sea; 08311.

grab sampling
depth variation, temperature stratification, surface water quality, dissolved oxygen profile, waste water discharge, hydroelectric dam, USA, Ohio River; 12207.

graben
basalt, rifting, sedimentation, Quqaluit Formation, Cape Searle Formation, Cretaceous, Paleocene, Canada, Northwest Territories, Baffin Island; 02409. Central Rand Group, back stripping, deformation, slip fault, outlier, South Africa, Witwatersrand Basin; 02422. coal, red bed, aeolian deposit, Triassic, Molteno Formation, alluvial, 03604. conglomerate, braidplain, Majut Member, Precambrian, Eriksfjord Formation, Greenland, Gardar Province; 03634. Eocene, volcanic ash, deposition cycle, coal, geothermal gradient, Canada, British Columbia, Hat Creek; 01334. extension, fault, Tertiary, Paleogene, Neogene, structural history, USA, Utah, Salt Lake City; Basin and Range Province; USA, Utah, Great Salt Lake; 01290. fault reactivation, tectonic regime, geodynamical evolution, extensional tectonics, Peru, Western Cordillera, Cajamarca District, Cajabamba Basin; San Marcos Basin; Peru, Western Cordillera, Cajamarca District, Namora Basin; 09493. faulting, uplift, water depth, delta, fan delta, Cenozoic, Greece, Gulf of Corinth, Mornos; 00079. hangingwall, fault segmentation, footwall lithology, active normal faulting, extension, normal fault, Greece; 08365. horst, dyke, fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological structure, Botswana, Kalahari; 06413. isostatic rebound, sedimentation, Karoo sequence, Paleozoic, Mesozoic, Tertiary, Tanzania, Rukwa-Tukuyu Region; 10616. Messinian, oceanic crust, evaporite, subsidence, sedimentation, fault, Tyrrhenian Sea, Site 652; Site 654; 00147. sedimentation, aeolian deposit, swamp, alluvial fan, Botswana, Okavango Delta; 11663. sedimentation, basin, alluvial fan, Devonian, Caledonian Orogeny, Ireland, Munster Basin; 01293. sedimentation, rift, East African Rift, tectonics, volcanism, 03628. tectonics, sedimentation, Barremo-Aptian, basin, extension, syncline, Cameroon; 04824. terrestrial sediment, glacigene deposit, siliciclastic, Triassic, Permian, energy resource, source rock, Tanzania; 03593.

graben structure
periglacial environment, ice rich diamicton, redeposited diamicton, diamicton block, structure, Quaternary, outwash sediment, ice striated pebble, ice melt, Austria, Inn Valley, Innsbruck; 07241.

graben subsidence
sedimentation history, Quaternary(Late), tectonism, deltaic sedimentation, sea level change, Greece, Gulf of Patras; 10803.

graben trough
exaration, glacial erosion, tectonic conditionality, fjord, Arctic; 08379.

graded sand
non uniform sediment, graded sediment, boundary effect, saltation mechanics, velocity distribution, sediment concentration, grain size interaction, sediment transport, 05175.

graded sediment
boundary effect, saltation mechanics, velocity distribution, sediment concentration, grain size interaction, sediment transport, graded sand, non uniform sediment, 05175.

gradient
channel sinuosity, river channel, channel adjustment, river regime, complex response principle, platform, cross sectional shape, China, Weihe River, Sanmenxia Reservoir; 04047. landscape dynamics, instability, mountain, geoecological outlook, absolute height, 11835. multivariate analysis, parent material, soil-landform interaction, landform, hillslope, pedogenesis, upslope distance, canonical ordination analysis, convexity, Australia, South Australia; 13216.

gradient descent technique
fractal surface, surface shape, shading, 00983.

gradient diffusion relationships
aerodynamic resistance, surface resistance, energy transport, sparse crop, heat transport, water vapour transport, canopy transport, 12354.

gradient measurement
humidity sensor, forest, flux gradient relationship, reversing sensor system, 08879.

gradient method
groundwater flow, parameter estimation, estimation uncertainty, maximum likelihood problem, Gauss Newton method, Newton method, optimisation method, adjoint state method, inverse problem, 09869.

gradient sampling
emission, deposition, eddy correlation, conditional sampling, chemical sensor resolution, surface flux, micrometeorological technique, 03062.

gradient tensor
potential field anomaly, processing map, field map, 09095.

gradient transfer model
large eddy simulation, statistical representation, sub grid variation, mixing length model, boundary layer, 10022.

gradient wind
hurricane, tropical cyclone, swirling wind, Atlantic; 01880.

gradient-diffusion theory
stand overstorey process, turbulent eddy, 03051.

gradually varying flow
groundwater flow, effective conductivity, hydraulic conductivity, 01719.

gradually varying flow model
open channel flow, three layer flow, hydraulic control, unidirectional flow, bottom hump, 01665.

graduate research
research topic, forestry, remote sensing, 12583.

Graham scan
computational geometry, simple polygon, 07975.

grain
lucerne, legume, nitrogen, carbon, soil, crop rotation, 00393.

grain boundary
joint, feldspar, mica, weathering grade classification, granite, regolith, cracks, India, Himalayas, Lesser Himalyan Belt; 10823.

grain cementation
soil capping, clay deposition, clogging, infiltration rate, iron oxyhydroxide, hydraulic impedance, carbonate precipitation, surface runoff, artificial recharge, groundwater recharge, 11033.

grain crop
climate changeability, equatorial wind, quasi biennial cycle, stratospheric wind, USSR; 09962.

grain entrainment dynamics
clast, bed load, transport rate, gravel stream, bed load movement, armour, Australia, Victoria, Tambo River; 00217.

grain fabric
sandstone, lamination, sedimentary structure, hummocky cross stratification, storm bed, 08147.

grain flow
grainfall, cross strata, aeolian dune, dune, air flow, lee face flow, ripple, 05806.

grain fluid mixture
bedload transport capacity, slurry flow, steep slope, 05990.

grain morphology
mineral grain, feldspar, Spodosolic soil, Canada, Ontario, Chapleau; 01532.

grain protrusion
erodibility, transport rate, shear stress, friction angle, 01183.

grain release
physically weathered rock, granitic rock, microfracturing, quartz, in situ weathering, comminution, fracture pattern, 01480.

grain roundness
glacial deposit, subglacial environment, sand grain, sediment source, surface texture, quartz, 09313.

grain shear stress
bed form shear stress, bed load motion, particle transport, shear stress, 08703.

grain size
Atterberg limit, Era valley clay, badland, liquid limit, Pliocene clay, Calanchi, Biancane, Italy, Tuscany, Era Basin; 08386. beach morphology, coastline, wave parameter, India, Ankola, Gangavali River; 00056. beach sediment, borrow site, beach nourishment, shoal, USA, Maryland, Ocean City; 02380. catena, hillslope evolution, evolution model, sediment transport equation, slope, soil catena, soil texture, 10708. channel cross section, sediment transport, shear stress, 07478. channel geometry, fluvial sediment, grain size parameter, meandering river, river channel pattern, bed material, 13328. clay mineral, heavy mineral, weathering, REE geochemistry, Yellow Sea; 10560. continental shelf, mud, sand ridge, sediment dispersal, river sediment, Korea(South), Korea Strait; Korea(South, Nakdong River; 12874. current, wave height, SUPERDUCK experiment, surf zone, longshore sand transport, USA, North Carolina, Duck; 03555. gravels, sediment transport, Rosin distribution, bedload, USA, Oregon, Oak Creek; 03522. lapilli, surge deposit, vesicle, hydromagmatic origin, Italy, Vulcano, La Fossa; 04756. laumontite, Entisol, particle size distribution, weathering, USA, California, San Gabriel Mountains; 07415. meltwater infiltration, subfreezing snow, mathematical model, water flow, heat transfer, meltwater refreezing, porosity, capillary effect, bulk density, snow temperature, 01745. micropollutant, heavy metal, PCBs, PAHs, pollutant, 10658. microprobe analysis, heavy mineral, provenance research, sand, weathering, 07116. Minette Formation, Mesozoic, Luxembourg Sandstone, Lias, geophysical log, France, Paris Basin; 12918. minipermeameter, permeability, channel, sand body, stratification, UK, England, Yorkshire coast; 04705. Pliocene, tectonism, sedimentation, Miocene, continental margin, Tyrrhenian Sea; Tyrrhenian Sea, Site 652; 00081. sedimentation, anthropogenic activity, metal sink, pollution, 09376. shelf, estuary, mud, suspended matter, France, Gironde Estuary; 06983. sorting, skewness, beach, geomorphic process, wave, India, Bay of Bengal; 01190. sorting, skewness, texture, pebble, bedload, sand, Nigeria, Imo River; Gulf of Guinea; 02315. thermal infrared, spectral albedo, carbon dioxide snow, 08131. tortuosity, hydraulic conductivity, silt, Pacific,

ODP Site 679; ODP Site 681; 04712. Weichselian, sand, Kreftenheye Formation, glaciation, Holocene(Early), Netherlands, Rhine River; 06967.
grain size analysis
heavy mineral, concretion, palaeoecology, palaeoenvironment, Maungataniwha Sandstone, Cretaceous, phosphatic concretion, New Zealand, Hawke's Bay, Te Hoe River; 01308. laser diffraction, Baltic Sea; 01372. mud, biogenic mud, pelagic clay, clay, turbidite, Indian Ocean, Bengal Fan, ODP Site 717; ODP Site 718; Indian Ocean, Bengal Fan, ODP Site 719; 09320. sorting, Rosin and Rammler distribution, weathered granite, head, slope, growan, solifluction material, UK, England, Dartmoor; 07183.
grain size data
shoreline, Laplace distribution, sand, harbour, provenance, Libya, Tripolitania, Lepcis Magna; 04879.
grain size distribution
bedload material, transport dynamics, Froude number, bedload transport intensity, Latyszenkows formula, Skibinskis formula, Poland, Biala Nida River; 12176. correlation, hyperplane, Eigenvalue, percentage matrix, Italy, Po River Delta; 11825. heavy mineral, beach, dune, sand, Bangladesh, Cox's Bazar; 04710. red clay, clay, Zechstein, Rotliegend, loess, glaciation, Germany; 03676. sediment classification, compositional data, logratio transformation, South China Sea; 09482. sediment transport, statistical technique, multivariate strategy, Tertiary, Bangladesh, Bengal Basin; 01371. soil bulk property, aggregation, pore, chemical composition, 03961. source, gravel, sand, lithology, alluvium, tributary, Canada, British Columbia, Bella Coola River; 02311. upwelling region, Ocean Drilling Program, stratigraphy, sedimentation rate, oxygen isotope composition, organic carbon content, Pacific; Peru; 00272.
grain size interaction
sediment transport, graded sand, non uniform sediment, graded sediment, boundary effect, saltation mechanics, velocity distribution, sediment concentration, 05175.
grain size parameter
meandering river, river channel pattern, bed material, grain size, channel geometry, fluvial sediment, 13328. modal size classification, sand, relict deposit, bypassing, particle size, continental shelf, Portugal; 00068.
grain size record
periodicity, million year record, summer monsoon wind, continental aridity, monsoon wind, aridity, dust source area, Milankovitch cyclicity, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11925.
grain sorghum
grass, crop rotation, nitrate, Vertisol, Australia, Queensland; 02760.
grain yield
Dark Brown soil, Weyburn Association, eroded hillslope, wind erosion, nutrient, soil productivity, catena, soil erosion, soil quality, yield, Canada, Saskatchewan; 05054. no-till, conventional till, nitrogen, soil change, tillage, 00394. snow cover, solar activity, quasi-biennial oscillation, 06429. wind erodible aggregate, conservation tillage, spring wheat, production, semi arid, zero tillage fallow, Canada, Saskatchewan; 05055.
grainfall
cross strata, aeolian dune, dune, air flow, lee face flow, ripple, grain flow, 05806. lamination, vegetation, sediment supply, dune field, Canada, Alberta, Grande Prairie; 10512.
grainstone
carbonate, anhydrite, cementation, silica, Visean, limestone, Belgium, Namur Basin, Saint Ghislain; 11743. cementation, porosity, beach rock, Holocene, dolostone, 09355. palaeoisland, Holocene, Smackover Formation, San Andres Formation, diagenesis, fresh water lens, carbonate, USA, Louisiana; Texas; 08228. Triassic(Middle), limestone, dolomite, fracture, Italy; 08232.
grammar
data set name, spatial database, GIS, 13845.
Gran Sabana landscape
planation surface, table mountain geology, surficial geochemistry, Venezuelan Guayana Shield, Auyan tepui planation surface, peat bog, nutrient cycle, karst like topography, Venezuela, Bolivar, Chimanta Massif; 09492.
Gran titration procedure
alkalinity, weak acid, humic water, surface water chemistry, acid neutralizing capacity, 05203.
Granat model analysis
acid rain, wet deposition, bulk deposition, precipitation chemistry, Korea, Seoul; 01635.
Granato Lucke theory
stress testing, reversed direct stress, ice, fresh water ice, cyclic loading, Bausehinger effect, 07296.
Grande Pile
pollen record, last interglacial glacial cycle, sedimentation rate, radiometric dating, Austria, Alps, Eastern Alps; 06089.
granite
basalt, tropical region, parent material, soil, climate, metamorphic rock, Nigeria; 00483. differential uplift, hinge line, land uplift, uplift, fault, Finland; 10691. dolerite, parent rock, pallid zone, clay matrix, halloysite, mercury injection porosimetry, water retention curve, mineralogical property, physical property, lateritic pallid zone material, Australia, Western Australia, Jarrahdale; 01489. Hercynian, Holocene, provenance analysis, source lithology, sandstone, quartz grain, Spain, Central System; 06962. middle mountain, biogeodynamic factor, geomorphic process, pedologic process, hydrologic process, structure mapping, France, Mont Lozere; 09494. regolith, cracks, grain boundary, joint, feldspar, mica, weathering grade classification, India, Himalayas, Lesser Himalyan Belt; 10823. semi-arid land, inselberg landscape, Palaeozoic granite, chemical weathering, physical weathering, micromorphological study, weathering, Sudan, Darfur, Kutum; 01484. Variscan, magma, halo, mineralisation, ore, Germany, Lower Harz; 00161. weathering, muscovite, kaolinite, halloysite, plagioclase, weathered perthite, Australia, New South Wales, Ardlethan Tin Mine; Queensland, Trial Hill; 12022.
granite cave
talus, boulder-filled stream channel cave, open-joint cave, Pikes Peat Granite, weathering, grus, corestone, weathering front, speleogenesis, USA, Colorado, Lost Creek; 12017.
granite decomposition
landform development, china clay, growan, humid temperate weathering, saprolite age, planation surface, polygenetic surface, etchplanation, deep weathering, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221.
granite erratic
shelly till, chronological control, glacial deposit, Munsterian, Southern Irish End Moraine, till, leaching, Ireland; 13125.
granite gneiss
clay mineralogy, gelifraction, chemical weathering, vermiculite, illite, chlorite, smectite kaolinite, loess, frost action, silt-enriched, alpine, surface mantle, soil profile, USA, Wyoming, Wind River Range, Indian Basin; 12015.
granite watershed
acid deposition, thermal stability, oxygen stratification, transparency, lake water quality, trophic stability, 13338.
granite weathering
urban environment, pollution, stone decay, Brazil, Rio de Janeiro; 10820.
granitic
saprolitic soil, microfabric, weathering microenvironment, characterisation, Hong Kong; 03796.
granitic area
cultivation, soil fertility, soil nutrient, China; 07433.
granitic boulder
geomorphic control, ventifact site, Tolman Ranch Terrace surface, boulder disintegration, USA, Wyoming, Park County; 06139.
granitic catchment
forest catchment, soil water chemistry, acid rain, acid neutralisation capacity, open field precipitation, throughfall, element flux, soil acidification, atmospheric deposition, acidification, water chemistry, France, Vosges Massif; 04088.
granitic dome
SPOT, Variscan basement, shear zone, structural map, France, Brittany; 05707.
granitic gneiss
sedge meadow, nitrogen, phosphorus, nutrient uptake, nutrient source, surface water quality, dolomite, Canada, North West Territories, Ellesmere Island, Sverdrup Pass; 07507.
granitic material
hillslope development, slope, rainfall, pedogeomorphic aspect, spatial variability, catenary sequence, intergrade, South Africa, Kruger National Park; 09523.
granitic residual soil
cone penetrometer test, pile test, residual granitic soil, triaxial shear strength, Portugal, Guimaraes, Azurem Site; 03795.
granitic roadfill
simulation model, Universal Soil Loss Equation, soil erosion, sediment yield, USA, Idaho, Idaho Batholith; 09696.
granitic rock
microfracturing, quartz, in situ weathering, comminution, fracture pattern, grain release, physically weathered rock, 01480. phyllosilicate crystallinity, soil, weathering product, Spain, Galicia; 07320. sheet structure, hillslope profile, subsurface weathering, columnar joint, etching, dilatation joint, bornhardt, silicic volcanic rock, inselberg, Australia, South Australia, Gawler Ranges; 09499. tracer, groundwater flow, hydraulic conductivity, nuclear waste disposal, solute transport, rock matrix diffusion, Sweden; 09860. wetting, drying, biological weathering, nunatak, chasmolithic algae, USA, Alaska, Juneau Icefield; 06208.
granitic soil
phyllitic soil, basaltic soil, organic horizon, acid forest soil, proton buffering, soil acidification, forest soil, Germany, Bavaria; 12059.
granitic substratum
calcrete, carbonate accumulation, weathering, Morocco, Tanecherfi Basin; 08525.
granitoid
mineralisation, carbonate, magnesian, skarn deposit, ore type, 12960.
granodiorite
debris flow track, timberline, slope alluviation, flow age, debris flow, triggering, Talus slope alluviation, Poland, Tatra Mountains; 11898.
Grant-Madsen model
sediment movement, current, continental shelf, storm, bottom stress, Atlantic, Mid-Atlantic Bight; Georges Bank; Canada; 00073.
granular
nonlinear, failure envelope, coarse grained soil, 03821.
granular assembly
avalanche, tilting box experiment, avalanching depth, two dimensional assembly, 13051.
granular flow
kinetic theory, shear stress, collisional flow, particle flux, 03503. shear box, pressure ridge, shear strength, geophysical scale, ice rubble, 13190.
granular flow concept
prediction, model, scaling, avalanche speed, run-out distance, dense granular flow, 01410.
granular material
general stress apparatus, stress test, 03750. hollow cylinder apparatus, stress, pore water pressure, resilient property, 03817. instability, failure, soil, nonassociated flow, triaxial test, 03820. liquefaction, permeability, shear strength, plane strain experiment, compression experiment, water saturated sand, fine grained sand, 09513.
granular media
macroscopic stress strain response, dilatancy rate, fabric evolution, 03822. porous media, contaminant transport, groundwater flow, fluid viscosity difference, dispersion, mass transfer, viscous fingering, nonuniform flow, 07567.
granular soil

crosshole seismic method, resonant column test, Saudi Arabia, Eastern Province; 02535. energy approach, seismic liquefaction potential, earthquake, liquefaction potential, standard penetration test, laboratory cyclic test, excess pore pressure, 02541. field performance, case history, foundation settlement, soil stiffness, 09511. pore volume, statistical analysis, fabric, 03818. yield surface, tensor polynomial model, validation, failure model, 03754.

granulometric method
laser ray diffraction, particle size distribution, 10916.

granulometry
temporal variability, core, wave disturbance, larvae, storm, Ireland, Galway Bay; 03644.

grape
carbon-14, carbon dioxide, wine, thermonuclear bomb, 05470.

GRAPE density
carbonate content, magnetic susceptibility, orbital forcing function, cyclicity, Milankovitch cycle, nonlinear response, Quaternary record, deep sea sediment core, Southern Ocean, ODP Hole 704A; Atlantic, (South); 11934.

grapevine
vegetation, dust gauge, salt impaction, coastal location, Australia; 12576.

graph browsing
workstation, 03343.

graph property
atmospheric source, acidity, sink, global balance, proton balance, alkalinity concept, 06206.

graphic capability
CAD system, database compatibility, computer aid, mapping system, 08046.

graphic computation
Wentworth method, clinographic map, relief analysis, Brazil, Assis; 06843.

graphic correlation
oxygen, Florida Loop Current, subzonal boundary, accumulation rate, biogeographic model, Quaternary, planktonic foraminiferal assemblage zone, tropical, Caribbean Sea, Colombia Basin; Atlantic; USA, Gulf of Mexico; 03857.

graphic data processing
data processing, information system, Germany, Rhein-Hessen; 04550.

graphic design
canvassing map, marketing, cartography, Netherlands; 06945.

graphic display
command control, database, digital cartographic data, 04584.

graphic image
map, perception, 02185.

graphic manipulation
GIS, data type, analytic manipualtion technique, database manipulation, 05631.

graphic processing
expert system technique, data integration technique, geochemical data, classification, 12714.

graphic representation
mental representation, processing tool, GIS, digital model, 03352.

graphic script
visualisation, geographic data, 06802.

graphic to digital conversion
digital file, data volume, 05578.

graphical information
railway information, Switzerland; 10471. utilities, Switzerland, Fribourg; 12808.

graphical object
image object, object orientation, database, GIS, 13823.

graphical presentation
river flow, flow forecasting system, data management, river network control, forecasting model, computer software, 09797.

graphics
computer cartography, cartography, microcomputer, 13870. database structure, object oriented paradigm, semantic data model, GIS, 01061.

graphics data
distributed database, GIS, database, text data, 13809.

graphics database
SQL, GIS instruction, AUTOCAD, GIS, 01077.

graphics package
object oriented approach, cartographic output package, 08048.

graphics reproduction
Pluto Controller Colour Processor, terrain modelling, computer visualisation, visualisation, 09119.

graphics system
map, surveying, Switzerland, Geneva; 06796.

graphitisation
Precambrian, kerogen, black shale, Proterozoic, organic matter, carbonisation, Czechoslovakia, Bohemian Massif; 07103.

graptolite
Telychian, transgression, Silurian, intracratonic basin, Norway, Oslo; 00152.

grass
concrete block, flume, embankment slope, wave run-up, slope cover, asphalt, Germany, Hannover; 00199. crop rotation, nitrate, Vertisol, grain sorghum, Australia, Queensland; 02760. spinach, wheat, atmospheric deposition, heavy metal, field crop, carrot, 11369.

grass biomass assessment
AVHRR, vegetation index, leaf area index, regression analysis, soil-grass canopy, Poland; 10413.

grass catchment
evaporative loss, crump weir, v notch weir, water balance, flat v weir, dilution gauging, sediment accretion, velocity distribution, sediment load, solute load, mountain basin, structure calibration, stream gauging, current meter, forested catchment, UK, Scotland, Balquhidder, Kirkton Catchment; Monachyle Catchement; 08708.

grass covered soil
diffusion equation, isotopic equilibrium, production, stable isotopic composition, carbon dioxide, soil carbon dioxide, Switzerland, Bern; 11912.

grass cultivar
rehabilitation, stabilisation, limestone quarry, spoil bank, alkaline waste, UK, England, West Yorkshire, Skipton, Embsay, Hawbank Rock; 03938.

grass land
wind speed, mixing process, ammonia emission, 04413.

grass legume association
carbon, phosphatase, urease, protease, organic carbon, nitrogen, enzyme activity, 10896.

grass yield
water resource development, soil hydrophysics, soil property, erosion, seepage, India, Shiwalik; 06237.

grasshopper
locust, GIS, remote sensing, Africa, Sahel; 11576.

grassland
aquatic plant, vegetation response, climatic change, pollen analysis, arid condition, forest, Kenya, Rift Valley, Lake Naivasha; 10760. available water capacity, organic carbon, bulk density, infiltration rate, saturated hydraulic conductivity, soil moisture, moisture transmission, moisture retention, Typic Hapludoll soil, cultivated land, landuse, forest, 11084. biomass, canopy geometry, soil background reflectance, vegetation index, light use efficiency, 12740. deforestation, equatorial rain forest, secondary grassland environment, land cover map, Africa, (Equatorial); 12745. hydrological property, salinity, scald formation, seepage scald, Australia, New South Wales, Yarralaw; 08638. last glacial, humid montane forest, Holocene, Iron Age, pollen sequence, peatbog, radiocarbon date, Zaire, Burundi Highlands; 09573. Lithic Cryorthent, calcschist, alpine zone, plant, soil, France, Vanoise Massif; 00469. mapping, SPOT data, France, Lorraine; 06866. moisture, AVHRR, viewing angle correction, vegetation index, Australia, Victoria; 02214. nickel, lead, zinc, iron, manganese, cadmium, copper, cobalt, chromium, biomass, pollution, trace element, Czechoslovakia, Ostrava; 00910. phytomass, near-infrared, mid-infrared, 02222. rangeland hydrology, Kostiakov equation, Canada, Alberta; 12221. semiarid grassland, AVHRR, remote sensing, primary production, Africa, Sahel; 13943. soil water balance, neutron probe, water content, surface runoff, infiltration, evaporation, Niger, Ibecetene; 12233. soil water evaporation, crop coefficient, rangeland, evapotranspiration, transpiration, lysimeter, USA, South Dakota, Newell; Idaho, Reynolds; USA, Wyoming, Gillette; 10979. soil, geomorphological process, dambos, hydrological mechanism, anthropogenic utilisation, Malawi; Zambia; 08346. Thematic Mapper, land cover stratification, woodland, Africa, Sahel; Sudan; 11570. vegetation index, fire danger, AVHRR, USA, Great Plains; 01110.

grassland biomass
AVHRR, natural resource monitoring, GIS, Niger; 08075.

grassland catchment
Penman equation, upland area, lysimeter, evaporation measurement, UK, Scotland; 08661.

grassland discrimination
grassland quality, biomass, radiometric data, HRV data, France, Lorraine; 09249.

grassland ecosystem
interception, grazing intensity, rangeland hydrology, water holding capacity, litter, soil organic matter, Canada, Alberta; 12276. prairie ecosystem, grazing, infiltration, Canada, Alberta; 13442. soil water dynamics, transpiration, water loss, evapotranspiration, leaf conductance, plant water potential, soil moisture, water use efficiency, 05118.

grassland management
radionuclide, plant uptake, UK, England, Cumbria; 01596.

grassland quality
biomass, radiometric data, HRV data, grassland discrimination, France, Lorraine; 09249.

grassland watershed
sediment yield, runoff, suspended sediment, burning, reforestation, Philippines, Bulacan, Angat; 09919.

graupel
Bergeron process, accretion, cloud seeding, cold base cloud, dry ice, 04316. hail, differential reflectivity, depolarisation ratio, propagation differential phase shift, X-band specific attenuation, radar, ice, USA, Alabama; Colorado; Germany, Munich; 01794. hail, embryo growth stage, precipitation production, hailstorm, airflow, particle growth trajectory, updraft fringe, 10134. hail, mie property, microwave radiative model, radiative transfer, cloud water, rain, ice, snow, 05370. ice crystal, thunderstorm electrification, charge transfer, charged dislocation, ice surface, 03110. temperature change, cloud seeding, cloud microphysics, deposition nucleation, Brownian coagulation, rain drop, contact nucleation, 05428.

gravel
alluvial deposit, conglomerate, lithofacies, Pleistocene, humid tropical climate, Antigua Formation, Panambi Formation, Colombia, Pacific Lowlands; 01198. alluvium, abrasion, river channel, weathering, mechanic weathering, biochemical weathering, channel alluvium, 11841. beach, spit, longshore drift, shoreline change, sand, USA, Massachusetts, Cape Cod; 04740. bed load transport, armour layer, selective transport, 11651. bed material, bedload, skewness, flow competence, flood, particle size, UK, England, Great Eggleshope Beck; USA, Oregon, Oak Creek; 12838. Borofolist, dolomitic parent material, soil lithosequence, soil composition, pedogenesis, USA, Michigan, Lake Huron, Bois Blanc Island; 13287. brick earth, drift mapping, till, mapping, glacial deposit, lithology, boulder clay, sand, UK; Ireland; 11947. channel fill sediment, Hemphillian, caliche, Tertiary, Ogallala Group, fluvial facies, aeolian facies, USA, Texas, Texas Panhandle, Yellow House Canyon; Blanco Canyon; 12915. colluvium, dry ravel process, debris flow, wildfire, erosion, USA, California, Ventura County; 09323. continental shelf, sea floor sediment, lithofacies, volcanogenic sediment, turbidite, Indonesia, North Banda Sea; 00071. coral, atoll, reef facies, boundstone, South China Sea; 12867. cylwest test, iswest test, priswest test, laboratory equipment, shear test, wedge shear testing, unsaturated material, clay, 09512. drumlin field, gravel dune, cross bedding, esker, subglacial dune, dune, Canada, Ontario, Trenton; 13113.

erosion, cohesive sediment, sediment transport, soil structure, sand, 00005. eustatic sea level, sediment supply, barrier beach, beach, Holocene, shoreline, UK, England, Sussex; 06995. fluviatile Pleistocene, Devensian, glacial limit, pebble, terrace, aggradational unit, incised meander, Pleistocene, UK, England, Wye River; 13168. gold placer, asymmetric drainage, placer mining, USA, Alaska, Tofty; Eureka Creek; 13013. heavy mineral, sedimentation, oil reserve, basin type, source rock, sand, 03583. hillslope hydrology, vegetation cover, rainsplash, overland flow, organic matter, rainfall-runoff modelling, infiltration, stone cover, semiarid hillslope, USA, Arizona; 13321. Holocene, overstepping, continental shelf, shoreface, barrier beach, Canada, Atlantic Coast; 10545. Holocene, raised beach, sediment transport, sea level change, facies, Greece, Crete, Chora Skafion; 02345. lithology, proto Thames system, pre Cromerian age, Anglian age, Pleistocene, UK, England, Norfolk; 06154. loess, lithofacies, fan delta, fossil, ichnofacies, alluvial fan, Quaternary, New Zealand, Hawkeswood Range, Conway Flat; 06969. mathematical function type, longitudinal river profile, river, sediment load, channel sediment, Japan; 08156. mud, clay, carbonate concentration, organic matter, shelf sediment, sand, Turkey, Sea of Marmara, Dardanelles; Bosporus; 08173. overland flow, cohesive force, entrainment probability, empirical model, motion initiation, 10830. oxygen isotope ratio, subsurface sediment, clay, sand, Japan, Kinki District; 10596. particle size, river segmentation, mountain river, Japan, Tohoku District; 05157. sand, alluvial bench, terrace, soil, Australia, Queensland, Mary River; 01618. sand, lithology, alluvium, tributary, grain size distribution, source, Canada, British Columbia, Bella Coola River; 02311. sand, particle shape, beach, sorting, 06990. sand, wave, sediment sorting, sea floor, tidal stream, France, Brest; 05827. sediment transport, wave theory, Stokes' wave theory, seabed, sand, UK, Isle of Man; 02352. soil behaviour, elastoplastic model, isotropic workhardening, triaxial test, 03816. soil erosion, groundwater level, environmental problem, geoecology, loess, sand, Germany, Frankfurt, Main River; 07147. textural, coastal sediment, sand, Saudi Arabia, Wadi Al-Fagh; Red Sea, Wadi Al-Qunfidah; 03515. transportation, debris flow deposit, Ordovician, Mane Ting Formation, sedimentation, sand, India, Himalayas, Black Mountain Basin; Bhutan; 04807. unsaturated conditions, groundwater flow, diffusion barrier, ionic transport, Nernst-Einstein equation, hydraulic barrier, diffusion coefficient, 01707. uplift, source area, transgression, Tortonian, sand, Spain, Betic Cordilleras, Granada Basin; 12943.

gravel aquifer
groundwater flow, high density chlorinated hydrocarbon, Buckley-Leverett approach, USGS solute transport model, gravity driven vertical flow, groundwater contamination, 00609.

gravel armor
pedoturbation, soil gravel, tree uprooting, treethrow, microtopography, USA, Wisconsin; Pennsylvania; 06256.

gravel bar
organic matter, anthropogenic, brackish water, lake, Japan, Kamikoshiki Island; 10540. sediment transport, erosion, ecology, woody debris, vegetation, USA, Montana; 01312.

gravel barrier
erosion, barrier migration, sea level rise, shoreline change, Canada, Nova Scotia, Story Head; 10544.

gravel bed
bed surface response, flume study, sediment transport equation, Shields parameter, particle resistance, bed structure, 12173. flow regime, river management, sediment transport, sediment size, channel process, bed channel, 06959. stream, slope induced change, channel character, channel pattern, downstream fining, rational regime theory, hydraulic geometry, UK, Scotland, Allt Dubhaig; 07138. tributary, channel confluence, sediment transport, particle trajectory, 00018.

gravel bed channel
heavy mineral, placer, bed load, flume, 02310.

gravel bed river
bed microform, pebble cluster, bed roughness, sediment transport, bedform, bedload, 05809. braiding, bar, sediment mobility, bed shear stress, aggradation, chute cut-off, 12836. channel capacity, bankfull stage, discharge recurrence interval, base flow, Belgium; 08701. channel instability, effective flood, geomorphological change, sediment transport, geomorphologically effective flood, 05161. flume test, movable bed, bedload, dune, sand, France, Chatou; 05798. sediment transport, coarse sediment, river morphology, bedload transport, particle bed interaction, tracer technique, 08702.

gravel bed stream
Triassic, conglomerate, sandstone, cross bedding, facies change, Budleigh Salterton Pebble Bed, accretionary style, UK, England, Devon, Budleigh Salterton; 01272.

gravel bedded stream
riffle, channel stability, shear velocity, pool riffle topography, hydraulic geometry, velocity reversal hypothesis, UK, England, River Severn; 06961.

gravel counting
correlation, ice margin, ice flow direction, Saalian, Weichselian, till, Germany; 05007.

gravel deposit
bed roughness, flow resistance, palaeovelocity, 02481.

gravel drift
wind effect, sea level, beach, spit, tidal flat, longshore transport, sand transport, gravel transport, chenier, intertidal mud flat, deflation, Argentina, Tierra del Fuego, San Sebastian Bay; 10802.

gravel dune
cross bedding, esker, subglacial dune, dune, gravel, drumlin field, Canada, Ontario, Trenton; 13113.

gravel extraction
bank instability, water table fall, mining legislation, river bed disturbance, France, Garonne River; 02823.

gravel lag
barrier island, beach, Holocene, shoreline migration, shell assemblage, mollusc shell, USA, Gulf Coast; 09426.

gravel layer
tropical landscape, landscape morphodynamics, forest savanna zone, stone line, palaeoenvironmental indicator, catenary approach, Sierra Leone; 08345.

gravel river
bank vegetation, straight channel, flow resistance, cross sectional geometry, depth averaged fluid velocity, bed shear stress, channel width, channel depth, stable channel, 08696. surface sediment, bedload transport, 09820.

gravel river widening
numerical model, bank erosion, equilibrium channel, flume experiment, numerical simulation, 03706.

gravel shape
conglomerate, sphericity, beach gravel, 02298.

gravel stream
bed load movement, armour, grain entrainment dynamics, clast, bed load, transport rate, Australia, Victoria, Tambo River; 00217.

gravel transport
chenier, intertidal mud flat, deflation, gravel drift, wind effect, sea level, beach, spit, tidal flat, longshore transport, sand transport, Argentina, Tierra del Fuego, San Sebastian Bay; 10802.

gravelly bedload
fill cut terrace, alluvium, strath terrace, chronosequence, diachronous, stream terrace genesis, soil development, climatic stream terrace, tectonic stream terrace, complex response degradation terrace, downcutting, aggradation, 02678.

gravelly soil
cultivation, ploughing, surface crusting, run off measurement, Ivory Coast, Bouake; 05060. sand, water tension, soil water, wick tensiometer, coarse soil, 07391.

gravels
sediment transport, Rosin distribution, bedload, grain size, USA, Oregon, Oak Creek; 03522.

gravimetric data
topographic data, gravity estimation, volume ice fraction, discontinuous permafrost, in situ determination, formation density, ice volume distribution, permafrost mound, Canada, Quebec; 01455.

gravimetric geoid
DTM, geoid, spherical harmonic model, Philippines; 04499.

gravimetric geoid determination
error bound, spherical distance, Canada; 11431.

gravimetric investigation
geodetic survey, mass movement, seismic refraction, Austria, Badgastein, Graukogel; 12707.

gravimetric measurement
earth's surface, Hungary; 03285.

gravimetric method
beta ray, dust, stack gas, pollution, sampling, isokinetic sampling system, fly ash, 03192.

gravimetric network
geodetic network, vertical deflection, gravity anomaly, orogenic process, Pakistan, Karakorum; 12611.

gravimetry
chemiluminescence detection, tunable diode laser absorption spectroscopy, calibration, intercomparisons, nitrogen dioxide, flow controller, permeation emission rate, 04369. geodynamic problem, GPS, USA, Wyoming, Yellowstone National Park; 00975. groundwater, water exploration, arid zone, alluvial aquifer, Niger, Agadez, Teloua; 13425.

gravitational acceleration
surface air jet, temperature, gravity flow, wind speed, wind directional constancy, Antarctica, Adelie Land; 04227.

gravitational field
satellite altimetry, ocean, Atlantic; 04497.

gravitational instability
convective dispersion, homogeneous media, variable density flow, mixing, heterogeneous media, groundwater flow, density difference, water plume, 08780.

gravitational liquefaction
quicksand liquefaction, water saturated soil, liquefaction, soil, dynamic problem, thixotropic liquefaction, 01407.

gravitational settlement
recirculation, dispersion, argon, wind tunnel, 03063.

gravitational settling
impaction, vena contracta formation, aerosol sampling, particle loss, aspiration efficiency, 06433. liquid water content, radiaiton, fog model, radiative transfer, microphysics, droplet growth, 12450.

gravity
polar orbit, Earth Observation Programme, 11417. sea surface, topography, SEASAT, altimeter, orbit accuracy, 04637.

gravity anomaly
airborne gravimetry, satellite altimetry, geoidal height, Weddell Sea; 08121. earthquake, strike slip fault, foreland fold thrust belt, Kalabagh Fault, decollement thrust, right lateral offset, Pakistan, Salt Range; 04897. geodetic boundary value problem, geoid, GPS, height determination, 10258. isostatic disequilibrium, load history effect, deep mantle viscosity, free air gravity anomaly, deglaciation model, glacial isostasy, Canada; 09502. orogenic process, gravimetric network, geodetic network, vertical deflection, Pakistan, Karakorum; 12611. satellite, mapping, ocean, fracture zone, Antarctica; Australia; 02197.

gravity core
diapiric high, turbidity, sea-level variation, mud diapir, Quaternary deposit, accretionary prism, submarine photograph, Caribbean Sea, South Barbados Prism; 08440. seismic unit, Wisconsinan interstadial, Holocene, sedimentation rate, radiocarbon date, Quaternary, sedimentary deposit, continental shelf, accelerator radiocarbon measurement, USA, New Hampshire, Merrimack Delta; 07202. stratigraphic analysis, coccolith species, pelagic sediment type, oxygen isotope time scale, turbidite, slide, climatic change, Saharan Sediment Slide, Quaternary(Late), mass movement, continental rise, abyssal plain, Africa, Sahara; 09567. till, carbonate content, clast petrography, stratigraphy, Quaternary(Late), Barents Sea; 00276.

gravity coring
core shortening, corer penetration, 01362.

gravity crater

current erosion mark, Preboreal flood, jokulhlaup, ice dammed lake, Nedre Glamsjo, palaeocurrent, iceberg scour, Norway, Romerike; 09578.

gravity current
gravity wave, radar, short period forecasting, squall line, mesoscale predictability, convection, low-level jet, internal undular bore, USA, Kansas, Wichita; 01923. sea surface temperature, Rossby radius, air sea interaction, orographically trapped wind event, coastal zone, oceanic response, bore, 06473. trapped disturbance, inversion height, local weather, coastal trap, Kelvin wave, 08881.

gravity data
hydrocarbon exploration, GIS, geophysical data, Libya, Sirt Basin; 12705.

gravity drainage
anisotropy, partial penetration, vertical flow, seepage surface, well, unconfined aquifer, groundwater flow, well storage, elastic storage release, 07540. water table, aquifer-water table aquitard system, groundwater flow, pumped aquifer, aquifer characteristics, type curve, elastic property, aquitard, 00591.

gravity driven flow
unsaturated flow, boundary layer flow, macropore, hydrological hillslope process, kinematic wave, infiltration, lateral flow theory, hillslope hydrology, 11044.

gravity driven vertical flow
groundwater contamination, gravel aquifer, groundwater flow, high density chlorinated hydrocarbon, Buckley-Leverett approach, USGS solute transport model, 00609.

gravity estimation
volume ice fraction, discontinuous permafrost, in situ determination, formation density, ice volume distribution, permafrost mound, gravimetric data, topographic data, Canada, Quebec; 01455.

gravity field
geopotential, geophysics, oceanography, global change, Solid Earth Programme, ESA, 06719. plate tectonics, deformation analysis, geodetic technology, positioning, 00973. sea surface, topography, satellite data, altimeter, least square collocation, Faeroes; 09096. SPOT, high resolution image, geometric evaluation, 11421.

gravity flow
compaction flow, Triassic aquifer, potable water, groundwater resource, aquifer hydrodynamic, geothermal energy recovery, salinity, detritic element, Africa, Sahara; Algeria; Tunisia; 05212. flysch, Eocene, turbidite, ripple, Yugoslavia, Dalmatia, Marjan Peninsula; 02398. ice rafted debris, glaciomarine sediment, subglacial undermelt till, deforming basal till, glacial erosion, lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, floating terminus, grounding line, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943. regional discharge, discharge drainage area relationship, base flow, stream flow, topography, elevation, groundwater flow, Canada, Alberta, Plains Region; 07471. slope wind, terrain, gentle terrain, tower data, downslope flow, 07694. tracer, urban dispersion, plume dispersion, residential neighbourhood, diffusion, dispersion, 04428. wind speed, wind directional constancy, gravitational acceleration, surface air jet, temperature, Antarctica, Adelie Land; 04227.

gravity flow deposit
Neogene, neotectonic activity, benthic foraminifera, Miocene, Pliocene, turbidite, basin, Dominican Republic, Sierra de Neiba; Cordillera Central; 10614.

gravity gradient
uplift, deep crustal property, passive margin, physiographic framework, palaeomargin, USA, (Eastern); 13036.

gravity induced deformation
deformation structure, Pleistocene, sediment, glaciotectonic disturbance, loading, faulting, UK, England, Warwickshire, Stretton-on-Fosse; East Anglia, Norfolk; 11955.

gravity measurement
magnetic measurement, anomaly survey, geodetic survey, Latin America; Bolivia; Dominican Republic; 13775.

gravity mode
wind, Rossby mode, general circulation model, normal mode projection, 00755.

gravity model
stratigraphy, seismic data, solid geology, UK, Scotland, Outer Hebrides, Lewis; 10353.

gravity model error
satellite altimetry, sea surface variability, satellite altitude, ground based tracking data, 00962.

gravity modelling
bedrock topography, glacial trough, infill, Quaternary, sedimentary fill, Alpine valley, Switzerland, Alps; 02640.

gravity profile
thermal isostasy, mantle convection, airy compensation, Venus, Aphrodite Terra Highland; 10255.

gravity slide
greywacke, turbidite, radiolarian, Permian, Triassic, imbrication, New Zealand, Wellington Peninsula; 01300.

gravity spreading
sand intrusion, gyttja, thawing permafrost, sediment displacement, till sand peat association, Holocene, cryoturbation, Weichselian Holocene, valley fill, Netherlands, Tjonger Valley; 10813.

gravity wave
airborne measurement, sodium measurement, lidar measurement, 11154. atmospheric simulation, eigenvalue equation, dynamic stability, three layer model, discontinuous profile, wind, temperature, 12434. boundary layer, vertical velocity skewness, convective planetary boundary layer, cloud, large eddy simulation, 04239. constituent transport, two dimensional model, middle atmosphere, middle atmosphere tracer transport, photochemically active species, planetary wave, 04387. mesopause, lidar data, radar, airborne sodium lidar observation, 05417. mesoscale variability, storm, wind speed, sea, mesoscale disturbance, 11225. mesosphere, thermosphere, middle atmospheric dynamics, Rossby wave, 08920. middle atmosphere, heat flux divergence, 08939. middle atmosphere, Rayleigh, lidar, case study, mesosphere, stratosphere, saturation limit, 12305. middle atmosphere, Rayleigh, lidar, climatology, seasonal variability, wind intensity, 12306. middle atmosphere, Southern Hemispheric wave, Southern Hemisphere; 08930. middle atmosphere, stratosphere, mesosphere, 11256. middle atmosphere, wave drag, momentum flux convergence, mesosphere, stratosphere, Southern Hemisphere; 08929. momentum, kinetic energy, thunderstorm, 01932. overturning, convection, transience, turbulence, mesosphere, wave drag, eddy diffusivity, middle atmosphere circulation, 01875. ozone hole, atmospheric dynamics, atmospheric transport, photochemistry, middle atmosphere, stratospheric warming, planetary wave, circumpolar vortex, Southern Hemisphere; 08919. ozone variability, equatorial middle atmosphere, semi annual oscillation, residual mean circulation, temperature dependence, stratopause, mesosphere, 04392. planetary wave, middle atmosphere, mesosphere, thermosphere, 11239. radar, short period forecasting, squall line, mesoscale predictability, convection, low-level jet, internal undular bore, gravity current, USA, Kansas, Wichita; 01923. Rayleigh scatter observation, stratospheric height, lidar, UK, Wales, Aberystwyth; 09965. reflectivity structure, mesosphere, scattering layer, 08834. Rossby-Haurwitz wave, midlatitude jet, planetary scale wave, cloud top dynamics, cloud, Kelvin wave, zonal wind, Venus; 01792. scale dependent diffusion, wave equation, saturated, unsaturated spectra, spectra spectra, 12433. solitary wave family, thunderstorm, density current, boundary layer, cold outflow, solitary wave, morning glory, 01793. squall line, troposphere, boundary layer, updraft, 04292. stratosphere, wave property, radiosonde observation, large amplitude gravity wave, 11255. topography, momentum flux, horizontal wind, vertical wind disturbance, stratosphere, radar, 12309. velocity fluctuation, radar, azimuthal anisotropy, jet stream, Japan, Shigaraki; 01848. vortex, plume meandering, stable stratification, light wind, 05402. vortical mode, nonstationarity, spectral analysis, mesoscale motion, 06506. water vapour, geopotential height, thickness, wind shear, geopotential field, radiometric observation, USA, Colorado, Denver; 03015. wave, variability, stratosphere, potential temperature, Arctic; 00759. wavelength, measurement, mesopause, sounding system, 12308.

gravity wave activity
vertical velocity, Flatland VHF radar, radar, front, jet stream, convection, mesoscale weather event, wave activity, storm system, 10098.

gravity wave attenuation
surface gravity wave, rainfall, 06721.

gravity wave breaking
temperature inversion, mesospheric dynamical model, drag, diffusion, 08917.

gravity wave field
middle atmosphere, mesoscale range, spectral description, 11257.

gravity wave motion
vertical motion field, mesopause, 08941.

gravity wave noise
assimulation forecast, operational assimilation, variational assimilation, distance function gradient, shallow water equation, 06505.

gravity wave solution
Kelvin mode, front, cold surge, theoretical study, China, Qinghai-Xizang Plateau; 12432.

gravity wave spectrum
current gradient, numerical model, 08908.

gravity wave theory
middle atmosphere, turbulence, 08940.

gray moment
mass moment, moment preserving principle, corner detection, 03323.

grazing
bacteria, flagellate, remineralisation, organic carbon, biomass, Atlantic, (Northeast); 10574. blanket peat, Ulmus decline, forest, moorland, Flandrian(Middle) Period, hillslope forest, pollen, Mesolithic hunting band, burning, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583. bulk density, soil compaction, penetration resistance, Canada, Alberta; 00458. hypothetical paddock, production pattern, arid land, biological change, erosion, Australia; 00366. infiltration, grassland ecosystem, prairie ecosystem, Canada, Alberta; 13442. periglacial form, rock glacier, solifluction lobe, terracette, patterned ground, altitudinal belt, geomorphic process, timberline, Spain, Pyrenees; 05042. production measurement, productivity estimate, vegetation, 11561. savanna, organic carbon, nutrient deficiency, soil chemical property, tropical soil, organic matter, decomposition, Nigeria, Guinea Savanna Zone; 13295. semi-arid region, satellite, monitoring, soil, vegetation, Australia, New South Wales; 02209. vegetation, soil type, interrill erosion, infiltration rate, watershed management, Somalia; 11095.

grazing intensity
rangeland hydrology, water holding capacity, litter, soil organic matter, grassland ecosystem, interception, Canada, Alberta; 12276.

grazing land
climate warming, arid region soil, soil crusting, salinity, water erosion, wind erosion, permafrost, 07314.

grazing management
watershed restoration, subtropical scrub zone, runoff reduction, sediment yield reduction, tree planting, channel erosion, control structure erosion, Pakistan; 08694.

grazing treatment
longleaf pine forest, interrill erosion, nitrogen, phosphorus, infiltration, runoff, water quality, silviculture, USA, Louisiana, Kisatchie National Forest, Vernon District; 01499.

Great Asau glacier
recession, mountain region, snowline, glaciation, USSR, Caucasus Mountains; 13145.

Great Escarpment
vertical tectonics, geomorphology, passive margin, intraplate margin, marginal bulge, 13035.

Great Lakes ice
lake ice formation, ice cover climatology, winter season climatology, Canada, Great Lakes, Lake Erie; Lake Superior; 09010.

Great Man Made River Project

water budget, aquifer identification, water resource, groundwater development, drought, Africa, Sahel; Libya; 06419.
Great Oolite
ooid fabric, meteoric water, porosity, Jurassic, Bathonian, UK, England; 11656.
Great Plains low-level jet
topographic forcing, boundary layer model, soil hydrology, jet, USA; 01900.
Great storm
storm, microwave evaluation, rain area, rain rate, marine wind, wind speed, October 1987 storm, UK; 07642.
Great storm(16 October 1987)
dynamical aspects, storm, fine mesh simulation, UK; 13599.
Great Waltham till
Hornchurch till, Maldon till, till, lithofacies, Lowestoft till, Blakenham and Bramford till, Barham till, Creeting till, colour difference, Newney Green till, UK, England, East Anglia; 13142.
Green alga
Chloromonas, acid rain, snow algae, snow chemistry, sulphate, nitrate, ammonium, potassium, USA, New York; Canada, Quebec; 04406.
Green Ampt infiltration equation
groundwater recharge, intermittent stream, stream channel sediment, permeability, sediment stratification, Darcian seepage equation, 00576.
Green and Ampt equation
model parameterisation, catchment characteristic, Soil Conservation Service curve number, runoff prediction, rangeland catchment, curve number method, USA, Texas; Oklahoma; USA, Arizona; USA, Nebraska; USA, Idaho; 08665. wetting front, hydraulic conductivity, viscosity, matric potential gradient, cumulative infiltration, transmission zone saturation, temperature dependence, ponded infiltration, infiltration, 13403.
Green belt
bioclimate, urban climate, planning, Germany, Ruhr; 08869.
Green clay
glauconite, hydrothermal activity, mineral deposit, phosphorite, pyrite, gas hydrate, 11811. verdine facies, ironstone, clay mineral, 09468.
Green plant material
plant decay, laboratory reflectance spectra, dry plant material, 05739.
Green River Formation
Eocene, Douglas Creek Member, channel sandstone, shoreface deposit, barrier beach facies, USA, Utah, Uinta Basin; 11719. lithofacies, sandstone, beach, mudflat, Scheggs Bed, Eocene, USA, Colorado, Sand Wash Basin; 07041.
Green River Shale
lipid, biomarker, glycerol ether, methanogenesis, alkane, organic matter, USA, Colorado, Piceance Creek; 03660.
Green up period
surface maximum temperature, phenological data, transpiration onset, vegetation, maximum temperature, spring phenology, 07637.
Greeness index
vegetation vigour, computed index, growing season, Morocco; 08092.
Greenhorn Formation
porphyrin, biomarker, bacteria, palaeoenvironment, Messel Shale, 07091.
Greenhouse
cloud, tropical ocean, cumulonimbus, cirrus, thirty year trend, trend, 11288.
Greenhouse effect
acid deposition, climate change, tropics, sub tropics, global soil change, atmospheric pollution, 08562. anthropogenic impact, climate change, 07795. anthropogenic phenomena, climatic fluctuation, geomagnetic activity, solar cycle influence, glacial interglacial period, 11393. atmosphere ocean system, stratospheric temperature, climate change, high pressure system, Netherlands, De Bilt; 04333. carbon dioxide, climatic change, global warming, 04338. carbon dioxide, control run, climate variability, general circulation model, 11234. carbon dioxide, crop yield, 07811. carbon dioxide, evapotranspiration, 01950. climate change impact, rainfall variation, Australia, New South Wales, Murray Darling Basin; 09008. climate change, fossil fuel, conflict, warming, policy choice, 13627. climate model, climate record, trend, statistical significant, USA; 12483. climate risk, climate change, sea level rise, global warming, Asia, (Southeast); 13172. climate sensitivity, convective parametrisation, convection scheme, penetrative scheme, warming, carbon dioxide sensitivity, 10141. climatic change, agriculture, carbon dioxide, 07812. convention, Intergovernmental Panel on Climate Change, emission reduction, regional strategy, warming, climate change, 10148. deforestation, energy use, climate change, 03117. ecosystem dynamic power, maximum entropy method, carbon dioxide, 07818. ecosystem, climatic change, Canada, St Lawrence; 12482. environmental control, power generation, cost effectiveness approach, cost consideration, abatement, carbon dioxide, 11134. environmental disaster, ecosystem alteration, prediction, climate, warming, 07804. erosion rate, climate change, soil erosion, agricultural land, erosion modelling, UK, Wales; England, South Downs; 12033. food production, climate change, agriculture, 06525. forest retreat, rapid change, range limit, Scots pine, climate change, 13626. fossil fuel, economic consideration, climate change, 12501. fossil fuel, natural gas, carbon dioxide, climate change, pollution, 03137. glacial cycle, carbon dioxide, climatic impact, soilborne carbon dioxide, soil respiration, 13752. global circulation model, response strategy, global warming, climate change, energy implication, fossil fuel, 06533. Holocene, carbon dioxide, proxy data, glacier recession, lake shrinkage, warming, drying, optimum, Little Ice Age, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782. media alarmism, anthropogenic impact, 10138. methane, nitrous oxide, CFC's, carbon dioxide, global warming, trace gas, 03250. Montreal Protocol, CFC's, global warming, climate change, surface temperature, radiative convective model, 04345. ozone, marine productivity, hydrology, feedback, climate, 12493. phosphate rich water, ocean surface, iron, fertilisation, carbon dioxide, Southern Ocean; 13563. pollution control, energy conservation, fossil fuel, greenhouse gas, environmental protection, ozone depletion, air chemistry, CFC's, carbon dioxide, 04402. sea level rise, ice age, climate response, feedback, warming, 12500. sea level, coast, USA; Bangladesh; 07001. sea level, drought, warming, 12492. sea level, ecosystem response, climate change, 04325. system uncertainty, connected model, decision making, 11135. temperature, trend, mesosphere, cooling, 11289. trace gas, radiative forcing, climatic effect, proxy, carbon dioxide, 11290. tropical water, energy budget, hydrological cycle, warming, sea surface warming, 08995. warming, climate change, computer modelling, 09001. water circulation, warming, ocean, general circulation model, Atlantic, (North):; 10037.
greenhouse gas
agriculture, storm, drought, renewable energy source, water resource, reforestation, climate change, global warming, carbon dioxide, 05460. albedo, fresh water transport, ocean salinity, ocean atmosphere reorganisation, glacial cycle, glacial to interglacial transition, 04929. biotic influence, carbon dioxide, global warming, climate change, organic matter decay, soil, forest, 05492. carbon dioxide, emission control effort, alternative fuel, air quality debate, gasoline, petrol, photochemical smog, methanol, USA, California; 06703. carbon dioxide, global warming, climate change, USA; 06529. carbon dioxide, investment, defensive measure, global environment, environmental force, 11278. carbon dioxide, methane, nitrous oxide, agriculture, soil, global warming, 01955. carbon dioxide, pollution control technology, nitrogen oxide, motor vehicle, pollution, UK; 00812. climate change, research strategy, energy research, emission, 12488. climate change, solar variability, energy use, global climate trends, dust, 04336. climate change, transient response, regional effect, global mean warming, climate sensitivity, carbon dioxide, general circulation model, 05463. climatic change, ocean bottom water formation, thermohaline circulation, 08898. climatic change, ozone depletion, New Zealand; 00775. climatic warming, fossil fuel energy, energy use, 05465. cloud, aerosol, carbon dioxide, methane, CFC's, nitrous oxide, tropospheric ozone, aerosol, radiative balance, solar radiation, radiatively active trace gas, 04326. elevated water table, hydraulic conductivity, raised bog, ombrotrophic bog, methane reservoir, bog, peatland, 02830. emission, fuel cycle, warming potential, carbon dioxide equivalent, 11282. energy consumption, fossil fuel, warming, carbon dioxide, 08998. environmental protection, ozone depletion, air chemistry, CFC's, carbon dioxide, greenhouse effect, pollution control, energy conservation, fossil fuel, 04402. forcing, sea level change, global warming, 13161. global warming, trace gas, climate, seasonal model, carbon dioxide, CFCs, methane, nitrous oxide, ozone, surface temperature, stratosphere, troposphere, 01954. Global Weather Experiment, general circulation model, forecasting, climate scenario experiment, climate drift, carbon dioxide, 08999. ice sheet model, Pleistocene(Late), ice sheet growth, realistic geography, cryodynamics, geodynamics, solar forcing, sea level, last glacial interglacial cycle, Northern Hemisphere; 09544. International Geosphere Biosphere Programme, climate change, carbon dioxide, CFC's, nitrous oxide, methane, global change programme, 05443. local warming, water flux, warming trend, deep water, Mediterranean; 06475. ocean model, acoustic perturbation, acoustic technique, ocean warming, 06474. palaeoclimate data, ice core record, climate sensitivity, polar ice sheet, glacial interglacial temperature change, carbon dioxide, methane, 06522. palaeoclimatic information, ice core, Cenozoic(Late), palaeoenvironment, isotopic temperature, aeolian dust, Antarctica, Vostok; 09548. signal, space, hydrological cycle, moisture field, gas signal detection, 11286. soil-plant environment, carbon dioxide, nitrous oxide, methane, source, sink, 13741. trace gas, troposphere, optical spectrometer, ozone chemistry, 12696. tree ring, proxy data, climate fluctuation, temperature, Medieval warm epoch, Little Ice Age, Fennoscandia; Europe; 00780.
greenhouse gas buildup
pollution, signal detection, warming debate, climate variability, 13623.
greenhouse gas convention
Montreal Protocol, ozone layer depletion, carbon dioxide, Austria, Vienna; Canada, Montreal; 10167.
greenhouse gas emission
carbon dioxide, carbon monoxide, methane, nitrous oxide, biomass burning, emission, boreal forest fire, hydrogen, nonmethane hydrocarbon, Canada, Ontraio; USA, Florida; 04418.
greenhouse scenario
reef, temperature, sea level rise, coral reef, carbon sink, Australia, Queensland, Great Barrier Reef; 10555.
greenhouse warming
biological source, biological sink, methane, nitrous oxide, emission, soil, nitrification, rice, cattle, fertilisation, vegetation, 09012. carbon cycle, ice core, carbon dioxide, carbon isotope, 05517. carbon sink, sea ice, light availability, polar region, biogeochemical feedback, marine photosynthesis, Arctic; 10153. climate change, albedo, temperature, Pleistocene, snow cover, ice cover, glaciation, carbon dioxide, 00777. climate monitoring, global climate, climate change, 10154. climate oscillator, biogeochemical cycling, ocean, Quaternary, ice age cycle, inorganic nitrogen, feedback, denitrification event, 04930. climate warming, coastal wetland, coral island, human risk, sea level impact, coastal vulnerability index, global coastal hazard, sea level rise, USA, Atlantic Coast; Canada; Mexico; 10799. climate warming, lake, boreal forest, Canada, Ontario; 12504. geomorphic feature, climatic fluctuation, periglacial environment, mass movement, climatic indicator, debris flow, slush flow, Little Ice Age, lichenometric dating, snow field, permafrost mound, Sweden, Abisko Mountains; 02696. ice temperature, firn, climatic change, Greenland; 03127. infrared absorption cross section, hydroxyl radical, reaction kinetics, HFC's, ozone depletion, 06555. Intergovernmental Panel on Climate Change, ocean model, polar ocean, scenario, projection, 11279. landscape, model, quantitative model, hillslope, hydrology, sediment yield, landform evolution, 07131. sea level, Villach II temperature scenario, mass balance model, ice sheet, Greenland; 10819. sea level, world mean sea level, thermal expansion, mountain glacier, polar ice sheet, Antarctica, West Antarctic Ice Sheet; 01446. summer temperature, temperature extreme maximum, 09004. temperature scenario, mass balance model, ablation, ice sheet, Antarctica; 13634. water temperature, water quality, surface water quality, dissolved oxygen, riparian vegetative shading, USA,

(Southeast); (South Central); 05191.
greenhouse-effect climate
ablation, energy balance model, ice sheet margin, Greenland, Nordbogletscher; West Greenland, Qamanarssup Sermia; 00342.
Greenland ice core
Younger Dryas, carbon dioxide content of the atmosphere, wind intensity, eolian sediment, sediment grain size, USA, Alaska, Nenana River; 03887.
Greenland Inland Ice margin
Holocene, climatic optimum, fjord system, climatic record, recession, Greenland, West Greenland, Jakobshavn Isfjord Area; 02645.
greensand
weathering, Cretaceous, phosphorite, sea level curve, Campanian, Egypt; 03619.
greenschist
lithofacies, fan delta, metamorphic, Mesozoic, clastic, Scythian, Italy, Stubai Alps; Austria, Stubai Alps; 04822.
greenstone belt
Landsat TM, clay anomaly, South Africa; 06837.
greenstone belt rock
conglomerate, Archaean, Fig Tree Group, sedimentation, volcanism, South Africa, Barberton; 05899.
greigite
palaeomagnetic research, Quaternary sediment, Pleistocene, Holocene, Black Sea; 03862.
grey forest soil
peroxidase, humus peroxidase complex, enzyme activity, humic acid, Chernozem, 10895. sod alluvial loamy sand soil, sod alluvial sandy soil, soil moisture, double electrical layer, anion exclusion moisture, Chernozem, 10865.
grey level cooccurrence matrix
image texture analysis, ocean wave, wave length, 08116.
grey level thresholding
correlation criterion, image processing, 11471.
Grey Luvisol
nitrogen, fertiliser, sulphur, liming, polluted soil, soil reclamation, forest soil, 09673.
grey scale
GIS, digital scanning, cartography, 09131.
grey system appraoch
runoff model, catchment hydrology, data complexity, information imperfection, catchment nonlinear runoff, 09813.
greyness ambiguity
object enhancement, fuzzy set, 09099.
greyscale
morphological template, decomposition, 13804.
greyscale element
morphological structuring, thresholding, distance transformation, 11478.
greywacke
Devonian, tectonic environment, Proterozoic, sedimentary provenance, UK, England, (Southeast); Germany; 08242. Ludlovian, Silurian, volcanogenic material, ash, Poland, Gory Swietokrzyskie, Jurkowice; 01296. sedimentary provenance, Kirkcolm Formation, isotopic composition, strike slip movement, Galdenoch Formation, Ordovician, UK, Scotland, Southern Uplands; 08244. turbidite, radiolarian, Permian, Triassic, imbrication, gravity slide, New Zealand, Wellington Peninsula; 01300.
greywacke type sandstone
outwash gravel, inside out weathering, boulder, glacial outwash gravel, quartzofeldspathic sandstone, weathered core, mica hydration, weathering, New Zealand, North Westland; 09630.
grezes litees
periglacial environment, stratogenesis, slope waste deposit, freeze-thaw action, stratified slope deposit, stratified scree, France; 01458.
grid based method
DTM, contour generation, triangular based method, 04526.
grid cell GIS
data management technique, scan line processing, parallel computer, 07998.
grid convergence
Transverse Mercator projection, spheroid, complex number theory, scale factor, 05691.
grid DEM
TIN model, heuristic conversion, irregular network, 06741.
grid interpolation
contouring, triangulation, DTM, computer mapping, 04527.
grid model
current pattern, tidal flow, delta, Canada, British Columbia, Fraser River; 05819.
grid orientation
urban development, GIS, Germany, Berlin; 11639.
grid sampling
soil map unit, variability coefficient, soil survey, soil property, Mollisol, spatial variability, USA, Illinois; 08618.
grid system
settlement frontier, national land survey, cadastral system, USA; 03477.
grid-referenced data
State Development Plan, resource analysis, GIS, historical description, USA, Maryland; 05638.
Griffiths natural stability index
Brookes stream power index, shear stress analysis, regime theory, sediment transport, frictional effect, flood berm, aquatic macrophytes, flood alleviation scheme, channel change, river engineering, critical tractive force, velocity theory, UK, England; Wales; 05152.
Griffy soil
Enos soil, Ethete soil, Apron soil, Glenton soil, soil-landscape relationship, Pleistocene soil, Holocene soil, soil composition, soil classification, USA, Wyoming, Wind River Basin, Riverton; 13286.
grinding and sieving
riffle splitting, cone and quartering, homogenisation technique, soil homogenisation, 03985.
Gringorten formula
EVI distribution, unbiased plotting positions, general extreme value distribution, Arnell et al. formula, In na formula, statistical method, probability plotting position, Cunnane formula, 10968.
groin
sea wall, sediment transport, property value, International Conference on Coastal Engineering, shore protection, erosion, 00051.
Groningen
map collection, library, 04572.
gross error
orthogonal measurement, tachymeter, 00970.
ground
radiation flux, radiation component, energy balance, 13539. thermal regime, subarctic woodland, snowpack, open woodland, snow, Canada, Quebec, Schefferville; 01456.
ground based assessment
pasture production, AVHRR, Niger; 13939.
ground based lidar
Doppler lidar, carbon dioxide, lidar intercomparison, aerosol, backscatter measurement, airborne lidar, 12569. Doppler lidar, lidar, backscatter structure, aerosol backscatter measurement, airborne lidar, 12570.
ground based measurement
microwave, dynamic parameter, stratus, cloud, transfer equation, 13609. middle atmosphere, satellite data, 08931.
ground based radiometric data
spatial variability, SPOT, digitised aerial photograph, France, Crau; 05587.
ground based sampling
remote sensing, regional mean estimation, 11646.
ground based tracking data
gravity model error, satellite altimetry, sea surface variability, satellite altitude, 00962.
ground clutter
digitized elevation model, precipitation measurement, mountainous terrain, beam interception, radar installation site, weather radar, France, Cevennes Region; 08651. weather radar network, radar, France; 05359.
ground clutter reduction
rain measurement, radar, weather radar, rain cloud, 05336.
ground conductivity meter
VLF method, groundwater, electrical resistivity, water exploration, electromagnetic survey, horizontal loop EM, 13420.
ground control
aerial triangulation, statoscope, laser range measurement, GPS, onboard sensor data, 03290. image processing, software tool, geocoding, SAR, terrain corrected product, 00954.
ground data
data, crop area, Landsat TM, Spain; 13940.
ground deformation study
geodetic measurement, tiltmeter, 11433.
ground electromagnetic method
EM instrument, seismic method, sediment mapping, Quaternary sediment, Canada, Ontario, Val Gagne; 07227.
ground emissivity
clear sky emissivity, radiative flux, clear sky, Bahrain; 03024.
ground failure
earthquake, lateral spreading, silty sand, liquefaction, Canada, Quebec, Saguenay; 06027.
ground fissure
geological significance, black clay, calcrete, radiocarbon age, China, Jiangsu Province, Zhangshanzha; 05028.
ground flash
electric field change, lightning, USA, Florida; 08842.
ground freezing
permafrost, frost, soil temperature, freezing index, Canada; 10811.
ground frost
air frost, crop damage, frost, UK; 02993.
ground ice
fluvial activity, coastal erosion, thawing sediment, permafrost, thermokarst, retrogressive thaw slump, Canada, Yukon Territory, Herschel Island; 03910. global change, sea level, coastal erosion, retrogressive thaw slump, slope instability, permafrost, Canada, Beaufort Sea Coastlands; 03911. palsas, frost mound, ice lenses, permafrost, Canada, Quebec, Schefferville; 03913. vegetation, Arctic terrain, water ejection, Canada, Ellesmere Island, Fosheim Peninsula; 03909.
ground ice genesis
frozen ground, permafrost, buried snowbank ice, snowbank, Canada, Yukon Territory; 01453.
ground level gauge
raingauge, evaporimeter, evaporation, precipitation, 07648.
ground level release
model evaluation, diffusion, building, wake, 11201.
ground mechanical erosion
tillage, upward ploughing, chisel, experimental result, France, Toulouse, Terrefort toulousain; 03942.
ground modelling
engineering drawing, site survey, architectural design, 04528.
ground moduli
seismic method, wave velocity, settlement calculation, shear moduli, modulus of elasticity, Denmark, Copenhagen, Sollerod; 04912.
ground monitoring
cereal production, cereal yield, winter wheat, China; 12762.
ground moraine
ablation relief, till, sedimentation, fluted moraine, Svalbard, Spitsbergen, Wedel Jarlsberg Land; 02647.
ground penetrating radar
active layer thickness, wet sedge tundra, frozen soil, USA, Alaska, Bethel; 00327. karst, limestone, sinkhole, solution pipe, USA, Florida; 01569. peat stratigraphy, GPR survey, coring survey, Canada, Ontario, Ellice Swamp; 05013. soil horizon, water table, soil depth, USA, Georgia; 02784. soil map, karst, soil taxa, soil distribution, USA, Florida, Chiefland Limestone Plain; 03951.

round pressure
soil moisture content, hydrological condition, mechanisation zone, plough layer, USSR, European USSR; 10903.
round processing system
expert system, artificial intelligence, Landsat, 07969.
round radiometer
radiometer, transmission property, savanna, tree, Africa, (West); 13933.
round radiometry
winter wheat, vegetation index, airborne MSS, yield, nitrogen nutrition, 08105.
round reflectance
seasonal colour change, normalisation, Landsat TM, 05610.
round reflectance measurement
radiometer, site variability, SPOT calibration, 10246.
round segment data
data product, ERS-1 data, 09082.
round shaking
earthquake hazard, historic liquefaction, prehistoric liquefaction, earthquake induced liquefaction, liquefaction, sand dyke, glaciomarine sediment, USA, Massachusetts, Newbury; 13071.
round stability
water level, piesometric level, hydrogeology, hydrogeochemistry, Tunisia, Tunis; 12241.
round stroke
thunder, radar index, thunderstorm, Sweden; 07786.
round survey
datum, positional data accurate transformation, positional data rapid transformation, 06723. maximum likelihood classification, classification accuracy, 05588.
round system
electronic network, Akebono, 03398.
round temperature
sea level, thermal signature, transgression, marine transgression, shoreline emergence, seabed, terrestrial, Canada; 11980. valley, precipitation, snow cover, frost, Sweden, Abisko; 03038.
round truth
acoustic backscattering, 04633. calibration, SEBEX, satellite data, global circulation model, energy balance experiment, Africa, Sahel; 11204. lightning flash locating system, 00692.
round truth collection
FAO, SAR, agricultural landuse mapping, Tunisia; 12735.
round truth control
terrestrial vegetation, chlorophyll fluorescence, stress physiology, 12766.
round truth measurement
SAR imagery, sea ice, ice backscatter, 09284.
round truth rainfall
rainfall, radar, cokriging, rain gauge, 00660.
round truth scene segmentation
scene registration, aerial image analysis, automated interpretation, stereo disparity image, 06713.
round truthing
soil association, soil map, India, Orissa; 01524.
round verification map
Landsat TM, Landsat MSS, forest identification, USA, Louisiana; 09224.
round water
algal mat, microbial, Cretaceous, phosphorite, Jordan; 03649.
round water quality
trace element, neutron activation analysis, chemical parameter, chromium, cadmium, chemical analysis, potable water, India, Patiala; 05230.
round water recharge
rainfall, soil moisture, 00677.
round-water
dilution, confined ground water, vertical recharge, isotopically heavy, Pleistocene water, aquifer, recharge, USA, Iowa; 11966.
roundcover
tree, erosion control, soil erosion, land degradation, Australia; 13214.
rounded ice
deglaciation, late glacial sedimentation, flute, transverse ridge, De Geer moraine, deformable bed, glacial geomorphic feature, Barents Sea; 04994.
roundfish productivity
pelagic larvae, current data, wind data, eddy retention mechanism, Canada, British Columbia, Hecate Strait; 08118.
rounding event
ice sheet, age, temperature depth profile, basal cooling, Antarctica, Crary Ice Rise; 00344.
rounding line
fjord readvance, basal till, till, diamicton, Holocene(Early), morainal bank sedimentology, marine ecology, glacimarine environment, Greenland, East Greenland, North Scoresby Land, Skjoldungebrae Gorge; 04977. gravity flow, ice rafted debris, glaciomarine sediment, subglacial undermelt till, deforming basal till, glacial erosion, lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, floating terminus, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943. three dimensional ice sheet model, ice shelf, simplified numerical three dimensional ice sheet ice shelf model, ice volume change, 00335.
rounding line dynamics
isostatic bed adjustment, model calculation, eustatic sea level, Holocene deglaciation, ice sheet, Last glacial-interglacial cycle, three dimensional experiment, thermo-mechanical ice-sheet model, Antarctica; 00343.
rounding line fan
ice contact delta, migrating barchanoid bar, trough cross bed, turbulent vorticity, plume, prodelta rhythmite, glacimarine process, 04989.
rounding line position
sea level changes, Cenozoic(Late), glacial history, ice core, Sirius Formation, uplift, reconstructed surface profile, Alpine glacier, dry valleys, Antarctica, Ross Embayment; Transantarctic Mountains; 02656.
rounding resistance
ice rubble, floating ice, ice modelling basin, glacial force, model test, 08514.
groundwater
aeolian gypsum, pedogenic gypsum, gypsum, evaporite, Quaternary, lacustrine evaporite, Australia, New South Wales, Willandra Lakes, Prungle Lakes; 11675. anthropogenic activity, nitrogen heterocycle compound, sorption, smectite, contaminant, 04767. aquifer, cation exchange, salt water intrusion, 05971. aquifer, Postglacial sea, geological evolution, Denmark, Aarhus, Brabrand valley; 05022. arid zone, palaeochannel, drainage system, electromagnetic bipole-bipole method, resistivity map, piezometer, water exploration, Niger, Agadez, Teloua; 13422. bacteria, buried sediment, microorganism, reduction, organic matter, carbon dioxide, aquifer, USA, Atlantic Coastal Plain; 02437. basement complex, linear feature, Landsat TM, Zimbabwe; 06903. bauxite, speleothem, rain forest, palaeokarst, limestone, isotope; carbonate, Italy, Palermo, Monte Gallo; 03662. bed load, riffle and pool stream, sediment-water interaction, contamination, caesium, river water, adsorption, tracer, USA, Tennessee, White Oak Creek; Oak Ridge National Laboratory; 01322. brine, playa, gypsum, anhydrite, Holocene, USA, California, Bristol Dry Lake; 05840. calcification, bioherm, microbialite, marl, lake, carbonate, USA, New York, Fayetteville, Green Lake; 02318. cap rock strata, subrosion, collapse breccia, salt dome, dissolution, 03610. cement, Oolite Group, Dinantian, pore water, seasonal variation, UK, Wales; 10601. cement, strontium, calcite, diagenesis, Holocene, fresh water, Atlantic, Bahamas, Schooner Cays; 00064. chalk, chloride, fault, fracture, saline water, Germany, Holstein, Lagerdorf; 03613. climate, flint, weathering, Tertiary, silicification, Miocene, Belgium, Ardenne; Limburg; 02395. coastal sandy soil, silviculture, irrigation, saline water, India, Andhra Pradesh; 02812. computer simulation model, thermal energy storage, aquifer storage, thermo physical process, 09851. cyclogram, geological map, sheet 1812 III and IV, borehole, Denmark, Bornholm; 02517. Dammam Formation, organic matter, clay mineral, dolocrete, Tertiary, Kuwait, Kuwait City; 04816. diagenesis, glauberite, saline lake, playa lake, Australia, Northern Territory, Karinga Creek; 09339. discharge, pore water chemistry, salt marsh, solute transport, marshland, tidal marsh, 04120. dissolution, uranium, vadose, phreatic, cement, fresh water, Bahamas, Bahama Bank, South Joulters Cay; 02351. electrical resistivity, water exploration, electromagnetic survey, horizontal loop EM, ground conductivity meter, VLF method, 13420. eutrophication, lake water quality, resource management, water demand, surface water, Hungary, Danube River; Tisza River; Hungary, Lake Balaton; Hungary, Gabcikovo-Nagymeros River Dam; 13468. evaporite, arid area, evaporation, mass balance, solute chemistry, closed basin, USA, New Mexico, Southern High Plains; Texas, Southern High Plains; 09356. evaporite, diagenesis, sabkha, anhydrite, gypsum, Kuwait, Al-Khiran; 07011. evapotranspiration, drainage, water balance, urban hydrology, 13306. hydrocarbon, permeability, fault, fluid flow, accumulation rate, 10498. hydrogeology, bibliography, 02825. hydrogeology, SPOT, irrigation, Burkina Faso, Sahel; 04655. joint system, corrosion effect, spring migration, uranium series dating, magnetic study, speleothem, fall rate, watertable, thermal water, de gassing, cave genesis, multi storey dissolution maze, phreatic water, USA, South Dakota, Black Hills, Wind Cave; Jewel Cave; 10721. lake water quality, surface water-groundwater interaction, specific conductance, phosphate, nutrient, eutrophication, ecotone, riparian zone, phosphorus, Sweden, Bysjon Lake; 13342. leaching, pesticide, atrazine, deethylatrazine, alacholor, cyanazine, carbofuran, cultivation practice, USA, Maryland, Beltsville; 02755. nitrous oxide, emission, soil, fertiliser, 00939. opal, silcrete, pedogenic silcrete, silica solubility, Australia, South Australia, Stuart Creek; 08273. organic matter, pore water, Cretaceous, coal, till, hydrogeologic characteristic, Canada, Alberta; 08148. palygorskite, clay, Neogene, alluvial fan, hydromorphosis, Spain, Segovia, Bercimuel; 09470. particle size, beach sand, dune, transgression, Littorina Sea, Poland, Slowinski National Park, Gardno-Leba Lowland, Lake Dolgie Male; 12835. pedogenesis, Jurassic, diagenesis, Ravenscar Group, depositional environment, UK, England, Yorkshire, Whitby; 10646. photon correlation spectroscopy, dynamic light scattering, zeta potential, colloid, humic acid, 02486. playa lake, drainage basin, carbonate, evaporite, Australia; 00063. pollution control, arid area, water resource, water management, semi arid area, water quality, surface water, Africa, Sahel; Sudan; Ghana; 06414. pollution, hydrogeology, moraine landscape, glacial bed, Denmark, Arhus; 07554. radiocarbon dating, Holocene, tufa deposit, Czechoslovakia, Bohemia, Barrandian Region; 06164. Ringold Formation, Miocene, Pliocene, lithofacies, waste, Cenozoic, aquifer, USA, Washington, Hanford Site; 02378. runoff, water exchange process, tritium, lake, sea, mixing, water balance characteristics, vertical mixing, environmental tritium, USSR, White Sea; Black Sea; USSR, Caspian Sea; USSR, Barents Sea; USSR, Azov Sea; USSR, Issyk Kul Lake; 07483. sabkha, gypsum, recharge, brine, salinity, Egypt, Sinai, El-Shatt; Ayun Musa; 12865. salt lake, playa, gypsum, Quaternary, aridity, dunefield, Australia, Northern Territory, Lake Amadeus; 11661. salt lake, trace metal, hypersaline, lake, mining, Australia, Victoria; Western Australia; 00036. sedimentation, tide, swash, backwash, tracer study, USA, Washington, Puget Sound; 02327. seepage, anoxic lagoon, nutrient release, mangrove, swamp, Japan, Iriomote Island; 06984. soil property, capillary rise, landscape type, plant water use, 05206. soil, in situ determination, radon-222, 04002. subsurface sediment, bacteria, organic carbon, biomass, microbiology, terrestrial environment, USA, South Carolina, Savannah River Plant; 12979. surface temperature, surface reflectance, soil unit, evaporation, Egypt; 01140. VLF method, electrical resistivity, instrumentation, water exploration, Botswana; Burkina Faso; Togo; France; 13421. water balance deficit, anthropogenic process, urban hydrology, water quality, Japan, Tokyo; 05108. water conservation, water physical characteristics, water resources, water quality, hydrology, water, surface water, 00490. water exploration, arid zone, alluvial aquifer, gravimetry, Niger, Agadez, Teloua; 13425. water exploration, faulting, lineament study, satellite imagery, airborne magnetic survey, fracture zone, electromagnetic method, Botswana; 13424. water resource data, development plan, data base system, water resource management, computer system, precipitation, evaporation, runoff, China; 09942. water table, eva-

poration, snowmelt, salinisation, Canada, Alberta; 01583. watershed hydrology, hydrological cycle, water movement, water storage, evaporation, condensation, infiltration, antecedent moisture condition, variable source area, return period, environmental water, transpiration, interception, photosynthesis, respiration, precipitation, soil water, 10963. wateruse, urban hydrology, water management, hydrological cycle, urban drainage, flood protection, urban water, surface water, 13305. weathering, plate junction, climate change, lake, fault, Ethiopia, Lake Asal; Lake Afrera; 10522.

groundwater abstraction
water quality, salt water intrusion, saline water, geophysical survey method, coastal aquifer, electrical resistivity, salt water-fresh water interface, groundwater resource, Ghyben-Herzberg model, Tanzania, Mtwara Region; 13416.

groundwater accumulation
geomorphological study, drainage pattern, basin development, seventh order basin, bifurcation ratio, Hortons exponential relationship, drainage density, stream frequency, slope, hypsometric analysis, India, Kabini River Basin; 11872.

groundwater age
deuterium isotope, groundwater recharge, mixing cell flow model, recharge, carbonate alluvial aquifer, flow model, water storage, USA, Nevada, White River; 07544.

groundwater anomaly
hollow aquifer, aquifer hydrodynamics, cone of depression, evapotranspiration flux, palaeohydrogeology, sedimentary basin, piezometric depression, Senegal; 05227.

groundwater biogeochemistry
organic carbon cycle, geochemical evolution, dissolved organic carbon, liquid chromatography, groundwater dating, recharge zone, groundwater residence time, gas chromatography, mass spectrometry, carbon-14 dating, 04141.

groundwater chemistry
aquitard sediment, aquifer geochemistry, microbial activity, sulphate reduction, iron reduction, organic carbon, methanogenesis, organic acid, 11063. breakthrough curve, ammonium nitrate, leaching, parameter estimation, chemical fate, nitrification, denitrification, nitrogen, 02931. brine pool, salt playa lake, chemical evolution, palynology, groundwater salinity, Australia, Victoria, Tresco; 05238. carbon-14 dating, precipitation chemistry, geothermal system, stable isotope, tritium, Yugoslavia, Surdulica; 04144. carbonate chemistry, calcite saturation, strontium, sulphate reduction, methane fermentation, sodium calcium ion exchange, calcite dissolution, nitrate reduction, saline groundwater, organic carbon oxidation, magnesium, isotopic evidence, hydrogeochemical process, UK, England, Lincolnshire Limestone; 11081. denitrification, sediment, hyporheic zone, stream water chemistry, 00494. geochemical reaction model, carbon isotope, sulphur isotope, dedolomitisation, calcite precipitation, dolomite dissolution, anhydrite dissolution, sulphate reduction, USA, Montana, Madison Aquifer; South Dakota, Madison Aquifer; USA, Wyoming, Madison Aquifer; 06372. groundwater classification, shallow groundwater, groundwater quality, seepage zone, fertiliser, mineralization, Netherlands; 02930. groundwater discharge, groundwater recharge, hydrogeology, radioactive waste storage, USA, Arizona, Sonoran Region; 02972. groundwater recharge, alluvial aquifer, groundwater flow, environmental tracer, multiple aquifer system, Israel, Arava Valley; 05219. groundwater recharge, flow path, groundwater flow, desert terrain, isotope tracer, geochemical analysis, USA, Texas, Big Bend National Park; 02910. infiltration, unsaturated zone, chemical evolution, computer program, Brazil, Sao Paulo; 05233. island hydrogeology, volcanic basalt, residence time, hydrochemistry, salinity, oceanic environment, hydrothermal activity, nitrate pollution, Reunion; 07547. karst aquifer, tufa formation, dissolved inorganic carbon, isotopic content, tritium, groundwater resdience time, carbon-14 dating, Yugoslavia; Czechoslovakia; 04143. leaching, nutrient budget, peatland, afforestation, runoff, stream water quality, drainage, bog, 01752. pyritic coal, coal refuse, total dissolved solid, sulphate, iron, soil moisture, runoff chemistry, acidification, acid drainage, USA, Indiana; 13433. Quaternary waters, Tertiary waters, manganese, sulphate, permanganate value, alkalinity, iron, chloride, total hardness, Poland; 02971. radon, scintillation method, orthoxylene, Canada, Quebec; 07546. saline groundwater, tracer, chlorine-36, accelerator mass spectrometry, groundwater recharge, groundwater discharge, Australia, Mallee Region, Murray Basin; 05237. salt water displacement, dispersivity, geochemical mixing cell model, water displacement, Gapon selectivity, ion chromatography, multicomponent transport modelling, transport model, fresh water salt water interface, 12255. selenium contaminated aquifer, Rhodazine-D colorimetric technique, low level dissolved oxygen, dissolved oxygen, USA, California, Kesterson Reservoir; 02924. shallow groundwater, metamorphic terrain, hand dug well, groundwater quality, colour, alkalinity, nitrate level, sulphate level, sewage effluent, Nigeria, Modakeke; Ile Ife; 05231. shallow groundwater, water chemistry evolution, silicate mineral, salt, water mixing, connate water, India, Tamil Nadu, Tinneveli District; 09895. sodium sulphate treatment, surface water chemistry, soil water chemistry, runoff chemistry, catchment treatment, sulphur treatment, acidification, Sweden; 13382. waste disposal, chemical modelling, regional aquifer system, radioactive waste, 11072.

groundwater circulation
groundwater recharge, unsteady flow model, water table fluctuation, exchange rate, recharge, coastal lowland, flow model, saline groundwater, peatbog water, Poland, Bielawskie Blota; 07543. groundwater resource assessment, isotopic technique, groundwater recharge, hydrogeological study, Libya, Jabal Fezzan; Al Jufraha; Libya, Wadi Ash Shati; 00638. hydrochemical study, confined aquifer, isotopic study, hydrogeological study, cretaceous aquifer, groundwater resource, groundwater recharge, recharge rate, Benin; 00596. isotopic technique, infiltration, hydrogeological study, evapotranspiration, residence time, environmental isotope, groundwater recharge, fissured aquifer, Burkina Faso, Sudan Shield; 00598. saline water, desert aquifer, recharge source, groundwater resource, groundwater recharge, Chile, Andes Mountains, Pampa del Tamarugal; 02909. spring, artesian water, saline water, groundwater hydrochemistry, United Arab Emirates, Ain bu Sukhanah; 00601.

groundwater circulation system
carbon-14 dating, environmental isotope, noble gas, carbonate dissolution, Hungary; 04145.

groundwater classification
shallow groundwater, groundwater quality, seepage zone, fertiliser, mineralization, groundwater chemistry, Netherlands; 02930.

groundwater contamination
acidic leachate, horizontal resistivity profiling technique, vertical electrical sounding technique, total dissolved solid, isoresistivity map, mine drainage, earth resistivity measurement, USA, Indiana, Wheatland; 00608. aluminium speciation, podsolisation, WATEQ, GEOCHEM, dissolved aluminium species, thermodynamic computer model, oxalic acid, pore water, 11066. catchment management, sewage, waste water disposal, water quality management, phytosanitary product, nitrate, 07607. chemical contaminant, surface complexation model, cation exchange capacity, sediment, geochemical process, sorption coefficient, contaminant transport, Germany; 09904. chemical fate, bromide, atrazine, contaminant transport, tracer, preferential flow, piston flow, slug flow, herbicide, USA, Kansas, Great Bend Prairie; 02928. chlorinated solvent, potable water, industrial pollutant, organic water quality, UK, England, Birmingham; 01730. climate change, waste disposal, radioactive waste, arid zone, 13427. contaminant phase fate, contaminant transport, infiltration, immiscible contaminant, unsaturated zone, nonaqueous phase liquid, 07573. contaminant source, aromatic hydrocarbon residue, benzene, toluene, ethyl benzene, xylene, multivariate plot, 00611. DRASTIC, regional model, mapping, USA, Florida; 06901. environmental release, water quality analysis, conductivity, pH, chloride, ammonia nitrogen, cyanide, chemical oxygen demand, mercury, organic compounds, Spain, Catalonia, Les Franqueses del Valles; 11059. fissured media, porosity ratio, dispersivity, matrix diffusion, parameter estimation, tracer test, solute transport, 09867. geopollutant, ionic concentration, biochemical oxygen demand, dissolved oxygen, chemical oxygen demand, surface water groundwater interaction, petroleum exploration, industrial pollutant, surface water quality, India, Godavary River; 11023. gravel aquifer, groundwater flow, high density chlorinated hydrocarbon, Buckley-Leverett approach, USGS solute transport model, gravity driven vertical flow, 00609. hazardous waste disposal, nuclear waste disposal, groundwater discharge, recharge estimate, vadose zone, lysimeter, caesium-137, USA, Washington, Hanford Site; 02918. heavy metal contamination, public water supply, mercury, water tempeature, water quality monitoring, volcanic activity, Japan, Izu-Oshima Island; 04134. heavy metal mobility, soil pollution, trace element, 09678. heavy metal, industrial pollutant, waste water treatment, iron, copper, magnesium, cadmium, lead, India, Aligarh City; 06369. historical event documentation, iron, chloride, landfill, tree ring chemistry, 07572. hydraulic conductivity, permeability reduction, porous medium, bacteria, biofilm growth, 06373. hydrogeology, hydrogeochemistry, aquifer restoration, uranium mine, 00612. in situ test, retardation factor, contaminant migration, remediation scheme, 07570. industrial waste, biological indicator, water quality, toxicity, landfill, leachate, surface water contamination, 00570. ion chemistry, karst aquifer, residence time, water chemistry, reducing condition, fertiliser, nitrate concentration, indicator bacteria, USA, Kentucky, Inner Bluegrass Karst Region; 07559. karst aquifer, agricultural pollutant, agricultural practice, conservation program, sinkhole, USA, Iowa; 01761. landfill, water quality management, contaminant transport model, waste disposal, leachate migration, USA, Illinois; 09896. leachate plume, lagoon seepage, radar survey, electromagnetic survey, waste water pond, 07551. leachate, radioactive waste, organic contaminant, waste disposal, USA, South Carolina, Barnwell; Illinois, Sheffield; 11071. lead, contaminant transport, industrial pollutant, surface water contamination, 02827. mass flow, volatilisation, kerosene, non aqueous liquid, 11057. multiphase transport, liquid phase porosity, nuclear magnetic resonance imaging, weight function, 09859. nitrate, hydrogeological study, hydrochemical study, forested area, agricultural landuse, Germany, Schleswig Holstein, Bornhoved Lakes; 11065. nitrate, sulphate, multicomponent transport, microbial transformation, contaminant transport, Germany, Fuhrberger Field; 04138. organic contaminant, gas works, PAH, volatile organic compound, USA, Washington, Seattle, Gas Works Park; 04140. oxidation, arsenic, organic arsenical, Mexico, Lagunera Region; 00604. PAH, colloids, contaminant transport, sorption, fluorescence-quenching method, hydrophobic organic pollutant, 02914. permeability reduction, permeability model, pore size distribution, Kozeny-Carman permeability model, Mualem permeability model, Childs and Collis-George permeability model, porous medium, biofilm growth, Millington and Quirk permeability model, 06374. permeability, capillary pressure, multiphase fluid flow, heat flow, fractured tuff, nuclear waste, nuclear waste repository, effective continuum approximation, unsaturated tuff, thermohydrologic conditions, 01739. pesticide, leaching, agricultural practice, USA; 00632. pesticide, vulnerability, risk, VULPEST model, contaminant transport, fate, unsaturated zone, water table contamination, 00607. pollution potential, dry well drainage, volatile organic compound, lead, chromium, pesticide, nickel, manganese, Secondary Drinking Water Standards, groundwater recharge, USA, Arizona, Pima County; 04139. radionuclide movement, unsaturated zone, Chernobyl nuclear power plant, migration component, diffusion model, 07556. recharge rate, water resource management, glacial drift aquifer, recharge area, pumped well, land use effects, groundwater recharge, USA; 01734. recharge, acidification, aluminium concentration, buffering capacity, nitrate, sulphate, chloride, atmospheric deposition, forested catchment, Germany, Fichtelgebirge; Spessart; Germany, Ebersberger Forst; 08785. remedial action, one-dimensional transport, solute transport model, well-to-well recirculation, advection-dispersion equation, Laplace transform, 01718. remedial measure, selenium immobilisation, pond sediment, agricultural drain water, USA, California, Merced County, Kesterson Reservoir; 00615. remediation method, methane oxidising bacteria, biodegradation, chlorinated ethene, biostimulation experiment, biotransformation experiment, 07574. sampling method, colloid, coal ash disposal site, suspended colloid, silicate colloid, contaminant transport, 11073. sampling method, pore water, micropore, organic con-

taminant, volatile organic solvent, chalk aquifer, 11075. sedimentary rock aquifer, benzene, toluene, xylene, gas chromatograph analysis, flame ionisation detection, thermal desorption analysis, brackish groundwater, 00610. septic tank, agricultural pollutant, nitrate-nitrogen loss, leaching, fertiliser, 01728. sewage disposal, waste water, well design, potable water, waterborne disease, groundwater quality, Congo, Brazzaville Aquifer; 06379. sewage leakage, sulphate, water management, urban water, urbanisation, Egypt, Cairo; 13473. simulation model, well location, pump rate, groundwater remediation, capture zone design, optimisation technique, 02923. soil core sampling, physical measurement, chemical measurement, automatic transmission fluid, monitoring well, 11079. soil nitrate concentration, fertiliser, nitrate, agricultural pollutant, tillage, agricultural practice, 01760. soil, pore water, unsaturated soil, cup property, sampler geometry, vacuum, porous cup sampler, cup conductance, 04131. statistical analysis, log-normal distribution, radon concentration, 07571. surface water contamination, surface geology, radiological contamination, drinking water, morainic soil, peat soil, strontium-90, caesium-137, nuclear fallout, Denmark; Greenland; Faroe Islands; 04023. surface water groundwater interaction, trace metal, colloid, contaminant transport, filtration technique, infiltration, Switzerland, Glattfelden, Glatt River; 07568. transmissivity value, parameter uncertainty, parameter configuration technique, aquifer restoration, game theory, 07566. transport model, storage process, contaminant migration, fracture matrix model, advection, diffusion, remedial action, risk analysis, 09905. uncertainty analysis, mobility index, Attenuation Factor, leaching, pesticide, USA, Hawaii, Oahu, Pearl Harbor Basin; 01740. unsaturated tuff, nuclear waste repository, permeability, capillary pressure, multiphase fluid flow, heat flow, thermohydrologic conditions, nuclear waste, fractured tuff, fracture effect, USA, Nevada, Yucca Mountain, Topopah Spring; 01738. urban water, water management, urban hydrology, recharge regime, water resource planning, urbanisation, Latin America; Caribbean; 13471. vapour phase transport, dispersion, solute transport, volatilisation, organic compound, infiltration, unsaturated zone, 11076. volatilisation, remediation effort, mass transfer, nonaqueous phase liquid, aqueous solubility, vadose zone, phreatic zone, solute transport, immiscible fluid, vapour transport, fluid property, 07563. waste disposal, biologically hazardous radionuclide, radioactive waste, radionuclide, USA, Tennessee, Oak Ridge National Laboratory; 11070. waste disposal, boron isotope measurement, contaminant migration, hydrogeochemistry, water quality, 05234. waste disposal, groundwater quality, compound trace concentration, volatile organic compounds, closed loop stripping, tracer, USA, Texas, Edwards Aquifer, San Antonio; Austin; 08783. waste disposal, water balance study, landfill cover design, semiarid region, 00613. WATEQF geochemical model, landfill, redox buffering, glacial drift, aquifer, organic acid, iron, pH buffering, USA, Michigan, Kalamazoo County; 07575.

roundwater contamination study
groundwater quality, contamination, plume, in situ testing, electrical resistivity cone, Canada, British Columbia; 06025.

roundwater continuity equation
Darcys law, water resource management, water balance, system structure, 09949.

roundwater contribution
stream flow regime, geochemical denudation, stream solute variation, solute content, surface water quality, alpine stream, annual cycle, melt water, USA, Colorado, Colorado Front Range; 07496.

roundwater course
water exploration, self potential method, volcanic area, palaeovalley, 13456.

roundwater dating
acclerator mass spectrometry, carbon-14 dating, isotope study, Australia, Murray Basin; 04142. groundwater recharge, stable isotope composition, groundwater flow path, carbon-14, groundwater origin, Brazil, Botucatu Aquifer System; 04119. recharge zone, groundwater residence time, gas chromatography, mass spectrometry, carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, geochemical evolution, dissolved organic carbon, liquid chromatography, 04141.

roundwater depletion
groundwater quality, over exploitation, water resource management, economic implication, Saudi Arabia; 13458.

roundwater development
drought, Great Man Made River Project, water budget, aquifer identification, water resource, Africa, Sahel; Libya; 06419. economic model, cost-benefit analysis, conjunctive water use, Israel, Negev Desert; 01786. hydrogeology, aquifer yield, site selection, well design, monitoring technique, cost analysis, crystalline rocks, USA, North Carolina, Piedmont Province; Blue Ridge Province; 05211. hydrogeology, water conservation, wateruse, water resource management, 09922. hydrogeology, water resource, Cambro Ordovician sandstone aquifer, specific yield, transmissivity, irrigation water quality, drawdown, Jordan; Saudi Arabia; 11116. village water supply, data processing, decision criteria, expert system, well location study, site measurement, Africa; 07606. water contamination, urban water, water resource management, over exploitation, sea water intrusion, land subsidence, Indonesia, Jakarta; 13472. water mining, fossil groundwater resource, drought mitigation, water resource management, safe yield, Middle East, Arabian Peninsular; Africa, (North); 09929. well location, computer program, groundwater exploration, expert system, village water supply, 07598.

roundwater discharge
diffuse flow, spring discharge, thermal spring, groundwater flow, Italy, Tuscany; 05221. discharge playa, playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, gypseous dune, dune, aridity, dune building, sedimentological evidence, magnetostratigraphic evidence, Australia, Northern Territories, Amadeus Lake; 13105. groundwater chemistry, saline groundwater, tracer, chlorine-36, accelerator mass spectrometry, groundwater recharge, Australia, Mallee Region, Murray Basin; 05237. groundwater flow, lake sediment, hydrogeophysical method, electrical resistivity, seismic data, hydraulic leakance, seepage, surface water-groundwater interaction, North America, Great Lakes, Lake Erie; Lake Huron; 01666. groundwater quality, surface water quality, agricultural practice, fertiliser, nitrate, nitrogen, phosphorus, base flow, nitrient loss, USA, Wisconsin; 01762. groundwater recharge, hydrogeology, radioactive waste storage, groundwater chemistry, USA, Arizona, Sonoran Region; 02972. groundwater-surface water interaction, groundwater influx, streamflow loss, geochemical tracer, groundwater recharge, Puerto Rico, Rio Grande de Manati; 02824. karst aquifer, flow velocity, spring, oxygen-18 tracer, flow path, groundwater flow, China, Guangxi Province, Guilin; 02913. phosphate, nitrate, ammonium, nutrient budget, coastal water quality, land-sea interface, USA, California, Tomales Bay; 04078. radium, surface water quality, coastal water quality, spring, submarine spring, USA, Florida, Suwannee River; Gulf of Mexico; 04079. recharge estimate, vadose zone, lysimeter, caesium-137, groundwater contamination, hazardous waste disposal, nuclear waste disposal, USA, Washington, Hanford Site; 02918. runoff water quality, on site sewage disposal, septic tank, surface water quality, estuary water quality, USA, Massachusetts, Cape Cod; 04081. runoff, rainfall runoff relationship, initial contributing area, stream surface, surface saturation, subsurface flow, stream flow model, base flow, hydrograph, 05139. saltd degraded landscape, salinity, electrical conductivity, soil profile, recharge, Thailand; 12218. snow cover, mountain basin, karst aquifer, snow melt, aquifer recharge, runoff, solar radiation, France, Doubs; 08789. spring model, rhythmic spring, ebb and flow spring, intermittent spring, siphon action, karst spring, recharge, Yugoslavia; 12242. stream flow generation, fissure, joint, flow path, infiltration, tensiometer, piezometer, overland flow, saturated lateral flow, groundwater flow, inter flow, 05127. surface water quality, groundwater interception scheme, groundwater river water density contrast, saline water, 05270. surface water quality, stratigraphy, structure, groundwater interception scheme, upward leakage, saline groundwater, hydrogeology, Australia, South Australia, Murray Basin; 05269. water balance, mineral balance, capillary rise, high altitude zone, water table fluctuation, rice cultivation, crystalline schist, humid intertropical zone, recharge, Madagascar; 09853. wetland maintenance, spring fed swamp, base flow, seepage, surface water groundwater interaction, Canada, Ontario; 07442.

groundwater divide
irrigated agriculture, water table rise, deep percolation, groundwater flow system, aquifer depletion, potentiometric surface lowering, USA, California, San Joaquin Valley; 12272.

groundwater dynamics
water resource, fold mountain, mountain region, monoclinal structure, hydrogeology, sedimentary aquifer, microbasin, 08768.

groundwater elevation
groundwater monitoring, contour map, random sampling, sampling variability, 01711.

groundwater exchange
solute transport model, stable isotope plume, flow model, recharge, discharge, inflow rate, outflow rate, surface water groundwater interaction, groundwater lake system, USA, Wisconsin; 08773. stable isotope mass balance method, flow model, lake inflow, solute transport model, lake outflow, groundwater lake system, mixing process, unsaturated zone, flow path, surface water groundwater interaction, mass balance method, USA, Wisconsin; 08772.

groundwater exploitation
groundwater recharge, interflux dam, subsurface dam, alluvial fan deposit, exoreic basin, endoreic basin, Africa, Sahel; (Central); Africa, (South); Africa, (East); Africa, (North); 06406. groundwater resource, groundwater prospecting, irrigation development, potable water, radon tracing, Burkina Faso; 02977. hydrogeological model, karst hydrogeology, groundwater resource, China, Shanxi Province, Taiyuan Area; 02908. river diversion, well, karst region, land drainage, sinkhole, water resource, 12293. unconfined aquifer, groundwater recharge, aquifer yield, well yield, groundwater resource development, Canada, Alberta; 04164. water resource management, village water supply, computer aided decision making, computer assisted learning support, groundwater exploration, Africa; 04165.

groundwater exploration
electrical resistivity, coastal groundwater, fresh water-salt water transition zone, suppression effect, salinity, surface electrical resistivity method, 04117. electromagnetic profiling, Precambrian basement complex, well yield, Nigeria; 07605. expert system, village water supply, groundwater development, well location, computer program, 07598. geoelectrical investigation, crystalline terrain, groundwater resource, electrical resistivity profiling, electrical sounding, Brazil, Bahia; 02980. groundwater exploitation, water resource management, village water supply, computer aided decision making, computer assisted learning support, Africa; 04165. groundwater resource, HYDROLAB computer model, portable computer, expert system, drilling risk, well hydrodynamics, Cameroon; 06418. groundwater resource, shallow aquifer, geophysical exploration instrument, Geonics EM-34, Australia, Victoria, Shepparton; 02979. hydrogeology, air photo interpretation, satellite imagery, remote sensing, electrical anisotropy, fracturation, geophysical reconnaissance, Niger, Liptako; 06410. hydrogeology, electro magnetic profiling, resistivity sounding, Yemen, Rada District; Dhamar District; 12292. low frequency geoelectric method, very low frequency resistivity method, electromagnetic bipole method, resistivity method, karstified fracture, geoelectrical method, horizontal loop profiling, Slingram method, Precambrian limestone, electromagnetic horizontal loop method, limestone aquifer, Mali, Gondo Plain; 06358. radon gas, rock fracture, aquifer fracture, crystalline basement, soil radon analysis, Burkina Faso, Sanon; Katchari; Burkina Faso, Barogo; 06409. salt water intrusion, fracturing, island hydrogeology, coastal aquifer, remote sensing, hydrogeology, New Caledonia; 07609. saprolite zone, Precambrian, crystalline rock, aquifer yield, fracture, rock terrain, India; 11119. village water supply, fissured zone, fractured zone, crystalline formation, resistivity profiling, horizontal profiling, square array, Schlumberger array, Benin; 06359.

groundwater extraction
water management, irrigation water management, runoff yield model, infiltration, soil moisture, groundwater table, evaporation, hysteresis, consumptive wateruse, evapotranspiration, recharge, China; 11122.

groundwater flow

adsorption, dispersion, solute transport, saturated soil, physical non equilibrium model, 04105. advection equation, dispersion equation, three dimensional flow, one dimensional flow, advection-dispersion equation, solute transport, 04110. advection, arrival time analysis, solute movement, sorption desorption, hydraulic conductivity, 06351. advection, reactive solute, diffusion, solute transport, fracture flow, 13411. amplitude ratio, phase shift, well tide, tidal strain, Venedikov harmonic analysis method, water level, aquifer permeability, harmonic analysis, deep borehole, 09850. aquifer model, conductivity distribution, sandy aquifer, particle size analysis, dispersion, geostatistical simulation technique, hydraulic conductivity, micro dispersion, transport model, 09887. aquifer subsidence, compaction, clay compressibility, clay permeability, system overexploitation, aquifer depletion, Mexico, Mexico City; USA, California, Pixley; 07532. arid basin, palaeo recharge, groundwater recharge, hydrogeological model, velocity profile, Australia, Amadeus Basin; 02903. basis function, transmissivity estimation, piezometric head, inverse problem, 09863. capillary effect, capillarity correction, free surface flow, water table, drawdown, 04126. chlorine isotope, groundwater recharge, ETH/PSI-AMS facility, accelerator mass spectrometry, tracer, Poland, Mazowsze Basin; 05228. coal field, water table fluctuation, hydrogeology, pumping test, Gondwana basin, aquifer characteristics, seasonal variability, shallow groundwater, India, Bihar, Jharia Coal Field; 05215. coalfield, flow rate, flow paths, tracing techniques, UK, England, Staffordshire, Littleton Colliery; 12243. coarse textured soil, solute transport, water repellent soil, unsaturated flow, infiltration, soil water redistribution, Richards equation, convection dispersion equation, preferential flow path, unstable flow, 09837. coastal aquifer, leaky aquifer, salt water intrusion, dispersion, equiconcentration, equipotential line, 2D-FED model, sea water encroachment model, 05226. compressible aquitard, consolidation test, hydraulic diffusivity, leakage flux, aquitard, Mexico, Mexico City; 12244. computer modelling, supercomputer, equation solution, visualisation technique, particle tracking method, data analysis, solute transport, 07441. concentration data, natural gradient tracer test, solute transport, tracer test, stochastic model, 09891. confined flow, unconfined flow, aquitard, numerical model, hydraulic head distribution, three dimensional representation, multiaquifer system, 11052. contaminant migration, percolation, random walk model, dispersion, fracture network, 09879. contaminant migration, transmissive fracture, in-well flow, vertical flow, dispersion, dilution, saline slug, electrical conductivity logging, in-well tracing, 00594. coupled flow, solute transport, inverse method, model calibration, aquifer model, maximum likelihood estimation theory, Gauss Newton algorithm, parameter estimation, concentration data, matrix diffusion, matrix adsorption, 09878. density dependent flow, layered aquifer model, fresh water salt water interaction, fresh water lens, tidal variation, atoll island, island hydrogeology, solute transport model, Pacific, Micronesia, Marshall Islands, Enjebi Island, Enewetak Atoll; 09854. density difference, water plume, gravitational instability, convective dispersion, homogeneous media, variable density flow, mixing, heterogeneous media, 08780. desert terrain, isotope tracer, geochemical analysis, groundwater chemistry, groundwater recharge, flow path, USA, Texas, Big Bend National Park; 02910. diffusion barrier, ionic transport, Nernst-Einstein equation, hydraulic barrier, diffusion coefficient, gravel, unsaturated conditions, 01707. diffusion equation, Fokker Planck equation, unsaturated flow, saturated conductivity, infiltration equation, inverse problem, one dimensional infiltration, 06342. diffusion model, constant pond depth, sorptivity, absorption model, saturated unsaturated flow, infiltration, soil property, 08763. diffusion, advection dispersion, solute transport, clay, porosity model, ion exclusion, exchange process, UK, England, London; 09844. dispersion, Lagrangian velocity, Eulerian velocity, convection dispersion equation, heterogeneity, 05225. dispersivity, coastal aquifer, salt water intrusion, concentration profile, mixing zone, convection dispersion equation, groundwater quality, transverse dispersivity, fresh water salt water interface, 09902. diversion capacity, capillary barrier, infiltration, hydraulic conductivity, unsaturated zone, 08767. double ring infiltrometer, infiltration, soil water content, variance spatial analysis, geostatistical technique, 09839. effective conductivity, hydraulic conductivity, gradually varying flow, 01719. electrical tracer, induction logging, invasion radius, tracer, hydraulic conductivity, porosity, aquifer formation, aquifer depth, 01710. environmental tracer, model calibration, aquitard storage, storage coefficient, hydrodynamic model, storage effect, hydraulic head, salinity, water transmissivity, solute transport, France, Paris Basin, Dogger Aquifer; 09855. environmental tracer, multiple aquifer system, groundwater chemistry, groundwater recharge, alluvial aquifer, Israel, Arava Valley; 05219. fault, aquifer assessment, water exploration, transient electromagnetic survey, hydrogeology, electrical resistivity, USA, Nevada; 13418. finite element method, discharge drawdown relationship, rectangular confined aquifer, steady state flow, pumping test analysis, 11053. flow model, aquifer index, flow conductance, recharge potential, turbulent flow, regolithic aquifer, Africa, (West), Sahel; 06366. flow route, base flow, hillslope hydrology, soil moisture content, storm runoff, evapotranspiration, overland flow, subsurface flow, 10998. flowpath, sedimentary basin, basin pressure, hydrogeology, petroleum basin, 07534. fluid viscosity difference, dispersion, mass transfer, viscous fingering, non-uniform flow, granular media, porous media, contaminant transport, 07567. flux boundary condition, numerical model, Richards equation, layer interface, infiltration, two layer soil, layered system, 11038. frequency domain approach, head disturbance, single borehole hydrotest, univariate statistical method, well test, aquifer response, 09868. generalized sensitivity analysis, Monte Carlo simulation, confined aquifer, aquifer system model, sensitivity analysis, model calibration, transmissivity, Australia, Victoria, Mildura; 09866. gravity flow, regional discharge, discharge drainage area relationship, base flow, stream flow, topography, elevation, Canada, Alberta, Plains Region; 07471. groundwater discharge, diffuse flow, spring discharge, thermal spring, Italy, Tuscany; 05221. groundwater discharge, karst aquifer, flow velocity, spring, oxygen-18 tracer, flow path, China, Guangxi Province, Guilin; 02913. groundwater hydraulics, finite difference model, model calibration, self calibrating model, optimisation model, computer model, 09873. groundwater level, forest cover, deforestation, anthropogenic influence, historical geography, ombrotrophic peat, peat formation, evapotranspiration, artificial drainage, land use, landscape ecology, Netherlands, Noord-Brabant, Kempen; 06381. groundwater recharge, water level decline, groundwater resource, land subsidence, aquifer storage, vertical leakance, USA, California, Central Valley; 01773. groundwater resource, aquifer geology, aquifer hydrogeology, groundwater recharge area, recharge area, geophysical electromagnetic prospection, wadi, alluvial nappe, Niger, Telova-Agadez Wadi; 06408. groundwater temperature, annual variation, Japan, Tokushima Prefecture, Egawaa Region; 00593. head distribution, aquifer characteristic, transmissivity, recharge, inverse problem, regional head distribution, hydraulic parameter, stochastic inverse modelling, Portugal, Rio-Maior Aquifer; 05223. heat dispersion, aquifer, thermal energy, thermal energy storage, convection conduction dispersion model, China; 08770. heat flux, soil water movement, frost, 12262. heterogeneity, convective dispersion, Lagrangian velocity, Eulerian velocity, seepage velocity, Monte Carlo simulation, tracer, 05224. heterogeneity, soil moisture suction, hydraulic conductivity, effective hydraulic conductivity, unsaturated hydraulic conductivity, layered sand, 01720. heterogeneous aquifer, unsteady head field, water table response, head variance, infiltration, stochastic model, 09892. heterogeneous porous formation, spatial moment, ergodicity, dispersion, solute transport, 01721. high density chlorinated hydrocarbon, Buckley-Leverett approach, USGS solute transport model, gravity driven vertical flow, groundwater contamination, gravel aquifer, 00609. hillslope scale, hillslope research, slope hydrology, subsurface flow, 11047. hydraulic conductivity, nuclear waste disposal, solute transport, rock matrix diffusion, granitic rock, tracer, Sweden; 09860. hydraulic conductivity, soil porosity, evaporation, storm flow, parameter estimation, hillslope hydrology, soil property, antecedent condition, surface runoff, subsurface runoff, Australia, Western Australia; 07472. hydraulic conductivity, specific storage, heterogeneity, transient fluid flow, steady state fluid flow, aquifer parameter, 01716. hydraulic head distribution, Darcian flow, aquifer fold, folded surface, flat surface, 04127. hydraulic head distribution, mass balance equation, Gauss Markov optimisation approach, piezometric head, parameter estimation, environmental tracer, aquifer model, basin transmissivity, basin storativity, 09875. hydraulic head, aquifer property, confined aquifer, head measurement, transmissivity estimation, global convergence, convergence property, Italy, Friuli Aquifer; 13414. hydrodispersive model, well protection, karst aquifer, tracer test, groundwater quality, France, Lot, Gramat Causse, Ouysse River; 02917. hydrogeology, contaminant remediation, engineering design, uncertainty model, geological uncertainty, parameter uncertainty, waste management, decision analysis, risk analysis, cost benefit analysis, 07590. impervious layer, drainage condition, inflow rate, karstic water, mine drainage, protective structure, 07533. infiltration ring, ponded infiltration, saturated hydraulic conductivity, matric flux potential, hydraulic conductivity pressure head relationship, ring factor, 11039. infiltration, soil crust, cumulative infiltration, low permeability layer, water absorption, soil water characteristic, hydraulic resistance, wetting front, inverse method, 13402. infiltration, tillage practice, solute transport, macropore, preferential flow, immobile pore water fraction, 13398. inter flow, groundwater discharge, stream flow generation, fissure, joint, flow path, infiltration, tensiometer, piezometer, overland flow, saturated lateral flow, 05127. interbed, compressible fine grained interbed, effective stress, specific storage, interbed storage change, compaction, 06348. interface model, fresh water-salt water interface, coastal aquifer, salt water dynamics, confining layer, leakage, USA, California, Santa Cruz County, Soquel-Aptos Basin; 04123. inverse problem, pore geometry, solute transport, solute flux, permeability, porosity, specific surface, biofilm growth, porous medium, dispersivity, 06375. kriging technique, nitrate, water quality, network geometry, modelling spatial uncertainty, solute transport, transport model, Austria; 09893. lake sediment, hydrogeophysical method, electrical resistivity, seismic data, hydraulic leakance, seepage, surface water-groundwater interaction, groundwater discharge, North America, Great Lakes, Lake Erie; Lake Huron; 01666. leakage coefficient, water chemistry, recharge, discharge drawdown relationship, aquifer characteristic, hydrogeology, transmissivity, storage coefficient, USA, Florida; 11117. linear flow, radial flow, unsaturated flow, Richards equation, saturated flow, pond seepage, seepage, three dimensional flow, USA, North Carolina Barrier Islands; 05207. longitudinal dispersivity, dispersion, model calibration, transverse dispersivity, solute transport model, chloride plume, transient flow, 09908. lysimeter, volume recorder, soil water, 11041. mass transport, hydraulic conductivity, continuum approximation, effective hydraulic conductivity, fracture media, heterogeneous media, 09880. model calibration, waste disposal, radioactive waste, soil moisture, runoff, snowmelt, wilting point, evapotranspiration, sensitivity testing, CREAMS, ERHYM-II, computer model, 11032. Monte Carlo simulation, parameter uncertainty, pumping rate, dewatering, confined aquifer, head moment estimate, 01724. Monte Carlo simulation, transmissivity, pump test, chemical tracer test, reliability theory, non-converging flow field, head distribution, converging flow field, 09871. multiple porosity, multiple permeability, porous media, compressible fluid, Bessel function, 04122. one dimensional flow, mass transport equation, Galerkin finite element method, convection, dispersion, porosity saturation variation, Peclet number, saturated flow, unsaturated flow, 07526. parameter estimation, estimation uncertainty, maximum likelihood problem, Gauss Newton method, Newton method, optimisation method, adjoint state method, inverse problem, gradient method, 09869. parameter estimation, groundwater recharge, measurement error, data inaccuracy, USGS, regression modelling, 04116. particle size distribution, solute transport, aggregated media, aggregate size, distribution, particle radii, 01722. percolation test, layered soil, unsaturated flow, saturated flow, horizontal flow, vertical flow, hydraulic conductivity, Guelph permeameter technique, silt loam soil, Richards equation, 11037. pore water velocity, flow path, particle travel time, hillslope hydrology, runoff, Darcys law, slope water flow, 11034. pumped aquifer, aquifer characteristics, type curve, elastic property, aquitard, gravity drainage, water table, aquifer-water table aquitard system, 00591. radionuclide migration, nuclear waste disposal, fracture

flow, boundary fitted finite difference method, 12251. random boundary condition, recharge, stochastic boundary value problem, domain recharge, boundary element solution, 13413. recharge, single sampling episode, carbon-14, tritium, half life, periodic sampling, aquifer dynamics, Canada, Ontario, Waterloo; 11051. refractional water flow, layered soil, stream line, colour tracer, unsaturated flow, saturated flow, hydraulic conductivity, 04114. Richards equation, contaminant transport, unsaturated zone, random walk particles model, France, Orleans; 06340. Richards' equation, distributed mass matrix, subsurface flow, hillslope, lumped mass matrix, saturated-unsaturated flow, 01703. river water infiltration, alluvial aquifer, groundwater recharge, solute transport, migration process, advection, Czechoslovakia, Slovakia, Danube River; 06345. saline groundwater, borehole analysis, hydrogeology, palynostratigraphy, aquifer characteristic, Australia, Murray Basin; 05217. salt lake, AVHRR, evaporation rate, Australia, South Australia, Lake Eyre; 10382. saturated media, heterogeneous flow system, random walk particle method, advection process, dispersion process, unsaturated media, variable flow field, plume dispersion, mixing, numerical model, three dimensional method, solute transport, 08776. soil cavity, water filled cavity, quasilinearisation, saturated-unsaturated flow, 01708. soil characteristic, macroporosity, saturated hydraulic conductivity, tillage practice, infiltration, 06336. soil hydraulic property, hydraulic conductivity, pore size distribution, specific water capacity, unsaturated flow, Monte Carlo simulation, spectral perturbation analysis, 06344. soil hydraulic property, unsaturated transient flow, van Genuchten equation, cumulative drainage, parameter estimation, head profile, 02898. soil moisture characteristic, unsaturated conductivity, hydrodynamic dispersion, optimisation method, dispersion, parameter identification, solute transport, unsaturated soil, 05208. soil pollution, pore water velocity, low permeability layer, point source, diffuse source, advection-dispersion equation, transverse dispersion, solute transport, 13405. soil property, hydraulic function, simulation model, evapotranspiration deficit, flux, unsaturated zone, 07527. solute transport, conjunctive use management model, optimal operation strategy, reservoir operation, water quality, groundwater management, reservoir, 11118. solute transport, convective movement, hydraulic head gradient, diffusion, micropore, macropore, preferential flow, aggregated soil, 11036. solute transport, leachate, compacted layer, clay subsoil, infiltration rate, infiltrometer, 12259. solute transport, mass transport, unsaturated-saturated flow, Galerkin finite element method, vertical water flow, 02899. solute transport, parameter estimation, automatic calibration, model calibration, maximum likelihood method, sensitivity analysis, radioactive solute, Spain; 09870. solute transport, tracer test, soil moisture content, hydraulic conductivity, hysteresis, anisotropy, unsaturated media, 12260. solute transport, transient flow, mixing length, Lagrangean length scale, convection disperison equation, hydrodynamic dispersion, soil moisture, 12256. solute transport, uniform flow, homogeneous aquifer, cell analytical numerical method, advection dispersion equation, 09857. spring complex, geochemical time series data, groundwater hydrodynamics, groundwater quality, hydrogeochemistry, Switzerland, Acquarossa; 05213. statistical analysis, hydrochemistry, flow path, basalt formation, USA, Washington, Hanford Reservation, Columbia River; Grande Ronde Basalt Formations; USA, Washington, Wanapum, Saddle Mountains; 07542. steady state infiltration, infiltration rate, infiltrometer, permeameter, hydraulic conductivity, wetting front, soil property, vadose zone, 00583. stochastic differential equation model, erratic infiltration, infiltration, diffusivity, hysteretic soil, unsaturated flow, 00582. study soil, Reynolds Number, permeability, laminar flow, percolation, 06328. subsurface drainage, peak flow, rainfall intensity, rainfall runoff model, Rosenbrock optimisation technique, deterministic model, conceptual model, saturated flow, 06339. synthesized analytical numerical method, drawdown, leaky aquifer, well flow, heterogeneous aquifer, 05222. temperature dependent infiltration model, infiltration rate, soil temperature, hydraulic conductivity, 00586. thermal infrared, contamination, brine, soil, 08128. throughflow, diurnal fluctuation, electric conductance, drought, streamflow fluctuation, forest catchment, evapotranspiration, ion concentration, Japan; 02843. time dependent vertical temperature distribution, instability, saturated porous layer, temperature distribution, 06350. tracer, parallel flow, convergent flow, transport time, dispersion, mass balance fracture aperture, solute transport, aperture variability, fracture, 08771. transient flow model, unsaturated zone, model calibration, heterogeneous soil, 09846. transient flow, flow direction, velocity fluctuation, solution dispersivity, transverse dispersivity, storativity, longitudinal dispersivity, 08782. transient flow, infiltration redistribution, Richards equation, unsaturated flow, heterogeneous media, perturbation approach, effective medium property, 09848. transition zone, dispersion, coastal aquifer, layered aquifer, solute transport model, freshwater-saltwater interface, 01714. transport equation, finite element method, diffusion, convection-dispersion, open boundary, boundary condition, 04106. transport equation, zoomable hidden fine-mesh approach, Lagrangian-Eulerian method, advection dispersion equation, diffusion, 01723. transport model, fractured till, contaminant migration, water quality, landfill, dilution, sorption, radioactive decay, diffusion coefficient, dispersivion, effective porosity, water quality, 07548. transport model, parameter estimation, inverse method, transmissivity, kriging method, Denmark, Vejen; 09877. travel time, partially saturated fracture, air water interface, fluid flow, capillary pressure head, fracture flow, 12246. two-phase transport, multi-phase flow, oil shale, solute transport, volatile solvent, 01742. type curve, time drawdown data, large diameter well, non-penetrating well, aquifer parameter, Boltzmann transformation, non-penetrating well, hydraulic conductivity, specific storage coefficient, Theis type curve, Saudi Arabia; 00592. unfrozen water, frozen soil, 00625. unsaturated flow equation, diagonal time matrix, Richards equation, 04111. unsaturated flow, adsorption, ion exchange, dispersion, unsteady flow, cation transport, 06343. unsaturated flow, model verification, parameter uncertainty, soil heterogeneity, Richards equation, spatial variability, sensitivity analysis, 00581. unsaturated flow, seepage, hydrogeological zone, tritium analysis, groundwater origin, surface water origin, isotope study, USSR, Verkhniaya Angara River; 06370. unsaturated flow, soil moisture potential, hydraulic conductivity, Richards equation, quasilinear approximation, 01709. unsaturated flow, soil structure, hillslope hydrology, solute transport, 11046. unsaturated flow, solute transport, vector state space method, soil hydraulic property, parameter estimation, uncertainty propagation, numerical model, 08764. unsaturated zone, drainage, ponded soil, encapsulated air, drainage first stage, air expansion shrinkage phenomenon, pore drainage, 00580. unsaturated zone, exchangeable potassium, hydraulic conductivity, infiltration rate, South Africa; 00579. unsaturated zone, macrodispersivity, heterogeneous soil, Dagans formulae, advection, lateral mixing, solute transport, dispersivity, 13397. unsaturated zone, piezometer, shallow weathered chalk, infiltration, saturated hydraulic conductivity, permeability, hydraulic conductivity, chalk, UK, England, Norfolk; 07522. unsaturated zone, tilled soil, soil water, water transport, heat transport, ridged soil, 06334. unsaturated zone, water repellency, wetting, abrasion, infiltration measurements, molarity of an ethanol droplet technique, carbon content, 00577. unsaturated zone, wetting agent, irrigation water management, infiltration, irrigation scheduling, water repellency, 00578. unsaturated-saturated flow, infiltration, Richards equation, layered soil, 04107. vadose zone, transient water flow, solute transport, solute transfer function model, dispersion, 00588. viscosity gradient, density gradient, miscible displacement, mechanical dispersion, pollutant transport, dispersion regime, 09899. volcanic tuff, unsaturated zone, nuclear waste repository, Van Genuchten Mualem characteristic curve, water absorption, porous block, USA, Nevada, Yucca Mountain; 09840. water balance, catchment, interflow, precipitation, runoff, evapotranspiration, 02826. water chemistry, spring, ammonium, denitrification, bank seepage, chloride, nitrogen chemistry, near stream zone, flow path, 12248. water contamination, barrage construction, river regulation, hydrogeology, Hungary, Little Hungarian Plain; Danube River; 12252. water contamination, toluene, mass transfer, aqueous phase velocity, particle size, nonaqueous phase fluid saturation, multiphase flow, dissolution, nonaqueous phase liquid, 09898. water levels estimation procedure, Bayesian method, South Africa, Dewetsdorp Aquifer; 09890. water management, ecosystem management, calcium saturation, regional groundwater flow system, mesotrophic fen, poldered river plain, fenland restoration, Netherlands, Vecht River, Het Gooi; 11113. water management, groundwater quality, heat flux, solute transport, 12225. water quality, recharge, bicarbonate:calcium ratio, infiltration, karst aquifer, France, Foussoubie Karstic System; 11078. water quality, tritium movement, hydrogeology, saturated zone, water balance, waste disposal, geohydrological study, radioactive waste, USA, Illinois, Sheffield; 11069. water resource planning, flow model, data base, historical data analysis, surface water flow, Italy, River Po; 11127. water table fluctuation, Poland; 11049. water table height, Dupuit Forchheimer analysis, Kozenys parabola solution, Engelunds solution, seepage surface, unconfined aquifer, Laplace equation, 07541. well storage, elastic storage release, gravity drainage, anisotropy, partial penetration, vertical flow, seepage surface, well, unconfined aquifer, 07540.

groundwater flow equation
flood routing solution, open channel flow equation, seepage, kinematic wave equation, surface water groundwater interaction, bank storage effect, hydrograph, 09803.

groundwater flow method
flow net, coastal aquifer, Glover model, exit time, hydraulic conductivity, porosity, time net, 13409.

groundwater flow model
Boussinesq equation, diffusion equation, 04129. breakthrough curve, solute transport, fracture channel model, parallel plate model, 13410. calibration target, model calibration, 09882. conjunctive management, storage coefficient, transmissivity, specific yield, discharge drawdown relationship, groundwater management, multiple aquifer system, karst aquifer, China, Taiyuan City; 11129. deterministic model, water table elevation, probability model, two-point estimate method, Monte Carlo method, regional groundwater flow, 04124. Dupuit-Forchheimer theory, Muskat theory, Darcy equation, average river runoff, streamflow, rainfall-runoff model, 02844. estimation error standard deviation, sensitivity analysis, network density, measurement frequency, water level, monitoring network, Kalman filtering, China, Zhengzhou; 11050. factor analysis, Piper's classification principle, metamorphic aquifer, sedimentary aquifer, hydrochemical characterisation, groundwater mixing, groundwater quality, France, Western Alps, Allevard; 01715. finite difference model, solute transport, bilinear interpolation, linear interpolation, transmissivity boundary, nonuniform flow, heterogeneous aquifer, particle velocity, 01717. fissured rock catchment, fractured rock aquifer, dispersion model, tritium, subsurface storage, mobile water, retardation factor, hydrogeological parameter, flow model, environmental isotope, Germany, Harz Mts; 05214. flow characteristics spatial variation, evapotranspiration, infiltration, precipitation, interception, unsaturated zone model, Netherlands, Hupselse Beek; 06337. hydraulic head distribution, velocity field monitoring, water level, velocity prediction error, model uncertainty, model calibration, USA, South Carolina, Savannah River; 09885. hydraulic head variability, transmissivity perturbation vector, storativity perturbation vector, heterogeneous aquifer, perturbation approach, 09864. hydrogeology, water seep, alluvial aquifer, shallow aquifer, surface water groundwater interaction, waste disposal, water quality, USA, Colorado, West Sharrard Gulch; 07447. macropore flow, hydraulic conductivity, lysimeter, solute transport, model evaluation, chloride leaching, 13400. macropore, solute transport, sensitivity analysis, convection-dispersion equation, Richards equation, 13399. mathematical model, parameter identification, model instability, 05218. model calibration, Gauss Newton plus Line Search method, inverse problem, adjoint state conjugated gradient method, computer algorithm, parameter estimation, multi aquifer system, Germany, Venloer Scholle Aquifer System; 09862. model calibration, geostatistical technique, hydraulic conductivity, recharge rate, linear estimation, Monte Carlo simulation, 09865. model calibration, transport model, concentration data, optimisation method, remediation strategy, parameter identification, 09876. model uncertainty, parameter estimation, radioactive waste disposal, saturated zone, unsaturated zone, performance assessment modelling, USA, Nevada, Yucca Mountain; 09845. parameter identification, parameter uncertainty, observation

borehole, well location, 09872. permeability, small scale permeability, large scale permeability, 09888. potable water demand, island hydrology, groundwater resource, salt water intrusion, freshwater lens, Pacific, Nauru Island; 02973. radioactive waste disposal, model calibration, Switzerland, Grimsel Test Site; 09883. regional groundwater flow, lumped model, deterministic model, probability model, hydraulic conductivity, storage coefficient, specific yield, source-sink function, water table elevation, USA, California, Owens Valley; 04125. water level, flow direction, water velocity, flow volume, kriging, jackknife test, data uncertainty, geostatistical method, USA, Texas, Port Arthur, Upper Chicot Aquifer; 09886.

groundwater flow path
carbon-14, groundwater origin, groundwater dating, groundwater recharge, stable isotope composition, Brazil, Botucatu Aquifer System; 04119. leaching, mineralization, precipitation chemistry, isotopic study, geochemical study, Atlantic, Canary Islands, Gran Canaria, Amurga; 00600.

groundwater flow pattern
fluid density, brine aquifer, variable density groundwater, cross sectional flow model, stream function solution, topographically driven flow, stream function, equivalent fresh water head, variable density groundwater, USA, Texas, Palo Duro Basin; 06353. variable density groundwater, streamlines, variable density flow, equivalent freshwater head, stream function equation, 06352.

groundwater flow problem
conjugate gradient method, strongly implicit procedure, computer storage, iterative solution, 06349.

groundwater flow rate
preferential flow, dual water flow, piston flow, saline water, irrigation water quality, unsaturated zone, gypsum amended soil, 01697.

groundwater flow simulation
hydraulic conductivity, fracture transmissivity, fracture flow, dispersivity, solute transport, porous tuff, 12245.

groundwater flow system
aquifer depletion, potentiometric surface lowering, groundwater divide, irrigated agriculture, water table rise, deep percolation, USA, California, San Joaquin Valley; 12272. contaminant migration, hydrogeological investigation, waste disposal site, USA, New Jersey; 12247. river hydrograph, groundwater response, surface water groundwater interaction, embanked river, water level, flood plain aquifer, 05216.

groundwater flux
water balance equation, volcanic basin, thermal groundwater, storage coefficient, Mexico, Baja California Sur; San Luis Potosi; 11048.

groundwater formation
water circulation, hydrogeology, visual model, fractionation, water exchange, isotope analysis, uranium isotope, 07531.

groundwater geochemistry
noble gas, recharge, palaeorecharge, Mali, Niger River; 13412.

groundwater hydraulics
finite difference model, model calibration, self calibrating model, optimisation model, computer model, groundwater flow, 09873. management model, optimal withdrawal rate, head level, hydraulic conductivity, monitoring programme, water management, 09926.

groundwater hydraulics management
groundwater withdrawal, management model, hydraulic head, hydraulic conductivity, monitoring programme, 09858.

groundwater hydrochemistry
groundwater circulation, spring, artesian water, saline water, United Arab Emirates, Ain bu Sukhanah; 00601. spring, salinity, ion concentration, groundwater resource, Saudi Arabia; 01725.

groundwater hydrodynamics
groundwater level, metamorphic plateau, weathered aquifer, aquifer characteristic, geohydrochemistry, transmissivity, Madagascar; 02970. groundwater quality, hydrogeochemistry, groundwater flow, spring complex, geochemical time series data, Switzerland, Acquarossa; 05213. salinity, land reclamation, magnesium chloride, groundwater quality, 02952.

groundwater hydrology
evaporation, fissure system, drainage, unsaturated zone, aquifer recharge, moisture content, piston flow, hydraulic conductivity, tracer experiment, soil moisture potential, chalk, recharge, UK, England, (Southeast); 07523. groundwater resource, hydrogeology, aquifer formation, yield, groundwater quality, USA, Colorado; New Mexico, Central Raton Basin; 01774.

groundwater inflow
density current, lake level rise, water balance, New Zealand, North Island, Lake Rotoiti; Lake Rotorua; 00537. oxygen uptake, gas exchange rate, first order stream, tracer test, surface water quality, 04077.

groundwater influx
streamflow loss, geochemical tracer, groundwater recharge, groundwater discharge, groundwater-surface water interaction, Puerto Rico, Rio Grande de Manati; 02824.

groundwater input
inter-lake dissimilarity, basin morphometry, thermal structure, multibasin lake, interbasin exchange, stratification, hypolimnetic temperature, USA, Wisconsin, Trout Lake; 00549.

groundwater interception scheme
groundwater river water density contrast, saline water, groundwater discharge, surface water quality, 05270. upward leakage, saline groundwater, hydrogeology, groundwater discharge, surface water quality, stratigraphy, structure, Australia, South Australia, Murray Basin; 05269.

groundwater intrusion
surface water groundwater interaction, surface water quality, low flow, saline pool, water table rise, saline groundwater, Australia, Wimmera River, Victoria; 05194.

groundwater investigation
electrical prospecting, geoelectrical method, audiomagnetotelluric prospecting, prospecting instrumentation, 06360. groundwater resource, water exploration, velocity profile, uphole data, seismic survey, United Arab Emirates, Abu Dhabi; 13426.

groundwater lake system
groundwater exchange, solute transport model, stable isotope plume, flow model, recharge, discharge, inflow rate, outflow rate, surface water groundwater interaction, USA, Wisconsin; 08773. mixing process, unsaturated zone, flow path, surface water groundwater interaction, mass balance method, groundwater exchange, stable isotope mass balance method, flow model, lake inflow, solute transport model, lake outflow, USA, Wisconsin; 08772.

groundwater level
aquifer recharge, water monitoring network, drainage system, water table rise, slope stability, Italy, Urbino; 08769. computer program, hydraulic conductivity, slug test, 07536. environmental problem, geoecology, loess, sand, gravel, soil erosion, Germany, Frankfurt, Main River; 07147. forest cover, deforestation, anthropogenic influence, historical geography, ombrotrophic peat, peat formation, evapotranspiration, artificial drainage, land use, landscape ecology, groundwater flow, Netherlands, Noord-Brabant, Kempen; 06381. metamorphic plateau, weathered aquifer, aquifer characteristic, geohydrochemistry, transmissivity, groundwater hydrodynamics, Madagascar; 02970. pumping test, hydrogeology, dewatering, chalk, UK, England, (Southeast); 07538. salinity, reforestation, watertable rise, deforestation, Australia, Western Australia, Darling Range; 07586. salinity, water table elevation, reforestation, Australia, Western Australia, Darling Range; 02959. seepage, unsaturated soil, homogeneous soil, layered soil, boundary conditions, model sensitivity, soil moisture profile, soil moisture movement, hydraulic conductivity, infiltration rate, 02897. tide, saltwater intrusion, coastal aquifer, freshwater-saltwater interface model, dispersion model, transition zone, Japan, Gogo Island; 02912.

groundwater management
land degradation, surface water quality, reforestation, salinisation, revegetation, salinity management, Australia, Murray-Darling Basin; 05268. multiple aquifer system, karst aquifer, groundwater flow model, conjunctive management, storage coefficient, transmissivity, specific yield, discharge drawdown relationship, China, Taiyuan City; 11129. reservoir, groundwater flow, solute transport, conjunctive use management model, optimal operation strategy, reservoir operation, water quality, 11118. salinity, irrigation development, groundwater quality, groundwater resource, hydrogeological investigation, Australia, South Australia, Tatiara; 05271.

groundwater map
understanding, technical information, map user, 01173.

groundwater mixing
groundwater quality, groundwater flow model, factor analysis, Piper's classification principle, metamorphic aquifer, sedimentary aquifer, hydrochemical characterisation, France, Western Alps, Allevard; 01715. groundwater recharge, groundwater resource, piston flow, piezometric level, isotopic study, Mali, Koula Nossombougou; 00597.

groundwater model
MARCHAL, three dimensional model, flow model, quality model, solute transport, pressure field simulation, velocity field simulation, particle tracking method, 09874. model assessment, quality assurance, 09881. model calibration, water head, Kalman filter, 09889. parameter estimation, sensitivity analysis, model reliability, flow modelling, model calibration, transport modelling, prediction uncertainty, 09861. recharge, abstraction, drawdown, water management, model calibration, model reliability, Botswana, Jwaneng Northern Wellfield; 09925.

groundwater modelling
adjoint state sensitivity method, pumping test, convection diffusion equation, sensitivity analysis, inverse problem of parameter identification, leaky aquifer, 06347. aquifer depth, water flow, hydraulic conductivity, seepage velocity, hydraulic gradient, saturated thickness, aquifer classification, hydrogeology, database, USA; 07535. contaminant transport equation, Crank Nicolson algorithm, Arnoldi algorithm, advection dispersion equation, 08778. data shortage, model calibration, parameter identification, alluvial fan, aquifer model, model uncertainty, Italy, Marecchia River; 09884. dispersivity, three dimensional aquifer, water concentration variability, heterogeneous aquifer, 08779. Langmuir equation, travelling wave solution, adsorption, contaminant transport, sorption, Van Bemmelen Freundlich equation, 08777. pumping rate, water resource management, safe yield, river flow maintenance, sea water intrusion, water level decline, New Zealand, Nelson, Waimea Plains; 00637. sensitivity analysis, parameter identification, flow mass transport, flow heat transport, salt water intrusion, two phase flow, coupled inverse problem, 08774. waste water disposal, disposal management, parameter identifiability, coupled inverse problem, 08775.

groundwater monitoring
contour map, random sampling, sampling variability, groundwater elevation, 01711. radionuclide mobility, sampling technique, dissolution precipitation process, environmental fate, water table contamination, nuclear waste disposal, 05235. waste disposal, water quality management, statistical procedure, quality control, 11109. water contamination, sewer leak, sewage, sampling, 11061.

groundwater mound
evaporation, transpiration, wetland, Australia, Western Australia, Perth; 02837.

groundwater movement
potassium iodide tracer, unsaturated soil, frozen soil, macropore channel, preferential water movement, glacial till, snow melt, 05240.

groundwater origin
argon, nitrogen, water quality, dissolved gas, USA, Appalachian Mountains; 11077. groundwater dating, groundwater recharge, stable isotope composition, groundwater flow path, carbon-14, Brazil, Botucatu Aquifer System; 04119. groundwater recharge, Triassic aquifer, paleoinfiltration water, isotope study, Poland, Crocow-Silesia Monocline; 05232. surface water origin, isotope study, groundwater flow, unsaturated flow, seepage, hydrogeological zone, tritium analysis, USSR, Verkhniaya Angara River; 06370. water colour, water treatment, organic matter, hydrogeology, Denmark, Jutland, Ribe County; 07555.

groundwater over-exploitation
carbon isotope analysis, sampling, groundwater resource, management, Indonesia, Jakarta Basin Aquifer; 04167.

groundwater piracy

hillslope erosion, sedimentation, relief inversion, hollow, seepage erosion, Brazil, Sao Paulo, Bananal; 06037.

roundwater pollution
contaminant transport, recovery well model, remediation, fractured bedrock, 02916. detergent, nonionic detergent, tracer, sewage, Israel; 02915. glacial landscape, till, glaciofluvial deposit, buried Saalean valley, geological condition, rubbish dump, 05023. groundwater quality, rural area, corrosivity, handpump, organic waste, Ivory Coast; Ghana; Mali; Niger; Burkina Faso; 06376. hydrogeochemical study, environmental protection, industrial pollutant, urban development, India, Andhra Pradesh, Visakhapatnam; 12250. organophosphate, chlorophenol, nitrophenol, subsoil, landfill, water velocity, pesticide degradation, 07564. pesticide, legislation, liability, economic methodology, 00654. pollution potential, agricultural watershed, manure, fertiliser, herbicide, pesticide, contaminant transport, recharge flux, USA, Pennsylvania; 07579. salt water intrusion, phreatic aquifer, impermeable layer, hydrodynamic dispersion model, 06346. surface water pollution, industrial pollutant, PAH, Poland, Sudety Mountains; 08784. waste disposal, landfill site, 13428. water quality, surface water contamination, remedial treatment, pyrite mine, environemtnal impact, acidity, sulphates, limestone-lime treatment technique, India, Amjhore; 12277.

roundwater potential index
electrical resistivity, hydrogeology, semi arid region, water exploration, khondalitic terrain, India, Andhra Pradesh, Vizianagaram District, Chipurupalli Taluk; 13419.

roundwater problem
fluviokarst, Ordovician(Upper), pollutant, sinkhole, caves, disappearing river, blind valley, spring, dye tracing, karst hydrogeology, USA, Minnesota, Fillmore County; 03839.

roundwater process
tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, flow regime, flood study, remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, 10960.

roundwater productivity
Basement Complex Formation, fracture network enhancement, hydraulic fracturing, 06363.

roundwater prospecting
borehole technology, hydrogeology, aquifer management, water table recording network, computer assisted cartography, computer data base, expert system, artificial recharge, underground dam, groundwater resources mapping, groundwater quality, aquifer recharge, Africa, (West); 06401. irrigation development, potable water, radon tracing, groundwater exploitation, groundwater resource, Burkina Faso; 02977. saline water, fresh water, brackish water, palaeosedimentary environment, soil grain size, shallow water resource, frequency domain aeroelectromagnetic method, China; 09923. short pulse radar survey, frost depth, airborne survey, dielectric permittivity, alluvial bedding pattern, ice thickness, USA, Alaska, Tanana River; 12264.

roundwater protection
agricultural pollutant, education, agricultural practice, groundwater quality, 01780. aquifer lithology, water table depth, water contamination, contamination map, groundwater vulnerability map, water management, Belgium, Flanders; 11060. education program, spring, nitrate, chloride, total dissolved solids, historical data, groundwater quality, USA, Virginia; 01781. groundwater quality, groundwater resource, land use effect, rural water supply, land use planning, USA, New York; Vermont; 01759. groundwater quality, policy model, economic welfare model, water resource management, 00643. groundwater quality, water management, pollution prevention, USA; 13457. isotopic study, radionuclide migration, radioactive pollution, Chernobyl nuclear power plant, 07557. pesticide, agricultural pollutant, policy strategy, groundwater quality, conservation program, 01764. pollution control action, transport behaviour, groundwater quality, chlorinated solvent, chalk aquifer, contaminant transport, UK; 07562. water management, point source pollution, sampling frequency, groundwater quality monitoring, site specific monitoring, automatic data acquisition system, monitoring network, sample technique, landuse planning, Czechoslovakia; 12253. water management, pollution control, groundwater quality, hydrogeology, chalk, legislation, 07589.

roundwater protection policy
expert opinion, groundwater quality, agricultural drainage well, agricultural pollutant, USA, Iowa; 01763.

roundwater protection zone
tracer test, water quality, wellhead protection, travel time, hydraulic test, forced gradient test, Germany, Rhine Valley, Karlsruhe; 09907.

roundwater pumpage
petroleum production, Delphic analysis, risk assessment, subsidence cause, inundation cause, tidal gauge data, submergence rate, USA, Texas, Gulf Coast; 06060.

roundwater quality
acidification, lake water quality, sulphur dioxide, acid deposition, Regional Acidification Information and Simulation model, surface water quality, Europe; Norway; Scandinavia; 13462. adsorption desorption, unsaturated zone, radionuclide migration, particle transport, solution transport, contaminant transport, 07565. advection dispersion model, landfill, mass transport model, transport model, biodegradation, organic contaminant, contaminant transport, Canada, Ottawa, Gloucester; 09906. agricultural development, water resource management, land management, land use effect, contamination vulnerability index, surface water quality, 01765. agricultural drainage well, agricultural pollutant, groundwater protection policy, expert opinion, USA, Iowa; 01763. agricultural land use, agricultural practice, nitrate pollutant, fertiliser, water quality management, surface water quality, 00631. alkaline water, irrigation water quality, salinity, cation-anion exchange, acidic water, India, Andhra Pradesh, Mahabubnagar District, Koilsagar; 00133. aquifer characteristic, confined aquifer, sulphate reduction, chloride concentration, unconfined aquifer, salt water intrusion, carbonate dissolution, geochemistry, USA, Alabama; South Carolina; USA, Florida, Floridan Aquifer System; USA, Georgia; 01733. aquifer recharge, groundwater prospecting, borehole technology, hydrogeology, aquifer management, water table recording network, computer assisted cartography, computer data base, expert system, artificial recharge, underground dam, groundwater resources mapping, Africa, (West); 06401. automatic calibration, parameter identification, water quality modelling, parameter estimation, model calibration, pH, cation exchange capacity, cationic composition, adsorption, geochemnical model, 09903. calcite, mineral surface, water chemistry, hydrogeochemistry, 07560. carbon isotope study, vadose zone, carbon dioxide production, vadose zone, stable isotope, radioactive carbon, solvent contamination, USA, Arizona, Phoenix; 07549. chemical property, physical property, spring, Bahrain, Adari Spring; 00602. chlorinated solvent, chalk aquifer, contaminant transport, groundwater protection, pollution control action, transport behaviour, UK; 07562. colour, alkalinity, nitrate level, sulphate level, sewage effluent, groundwater chemistry, shallow groundwater, metamorphic terrain, hand dug well, Nigeria, Modakeke; Ile Ife; 05231. compound trace concentration, volatile organic compounds, closed loop stripping, tracer, groundwater contamination, waste disposal, USA, Texas, Edwards Aquifer, San Antonio; Austin; 08783. computer model, water management, resource, 12291. computer software, water quality assessment, bit mapped classifier, 04130. conservation program, groundwater protection, pesticide, agricultural pollutant, policy strategy, 01764. contaminant mobility, sludge, fractionation procedure, soil incorporation, 00616. contamination, plume, in situ testing, electrical resistivity cone, groundwater contamination study, Canada, British Columbia; 06025. crop yield, agricultural practice, fertiliser, maize field, irrigation, water management, nitrate-nitrogen leachisng, 13448. cyanide, salt, pollutant migration, biogeochemical cycle, industrial waste, 07553. denitrification, nitrous oxide, soil solution, nitrogen loss, forest catchment, 04137. electrical logging, spontaneous potential log, hydrogeochemistry, aquifer zone, coastal aquifer, multi-aquifer system, 01735. fertilizer, manure, contaminant concentration, surface water quality, hydrological model, nitrogen soil model, phosphorus soil model, local surface water model, discharge, Netherlands, Hupselse Beek; 06326. forest hydrology, hydrologic flow path, stream water chemistry, cation concentration, riparian zone, Canada, Ontario, Toronto; 00603. fractured rock, crack width, emission efficiency, fracture spacing, specific fracture, surface area, radon-222 concentration, uranium, radon, USA, Connecticut; 01727. geostatistical method, outlying data point, IRF-k method, point kriging, chloride, hardness, 02929. groundwater contamination, sewage disposal, waste water, well design, potable water, waterborne disease, Congo, Brazzaville Aquifer; 06379. groundwater flow model, factor analysis, Piper's classification principle, metamorphic aquifer, sedimentary aquifer, hydrochemical characterisation, groundwater mixing, France, Western Alps, Allevard; 01715. groundwater flow, hydrodispersive model, well protection, karst aquifer, tracer test, France, Lot, Gramat Causse, Ouysse River; 02917. groundwater hydrodynamics, salinity, land reclamation, magnesium chloride, 02952. groundwater hydrology, groundwater resource, hydrogeology, aquifer formation, yield, USA, Colorado; New Mexico, Central Raton Basin; 01774. groundwater protection, agricultural pollutant, education, agricultural practice, 01780. groundwater protection, education program, spring, nitrate, chloride, total dissolved solids, historical data, USA, Virginia; 01781. groundwater resource, hydrogeological investigation, groundwater management, salinity, irrigation development, Australia, South Australia, Tatiara; 05271. groundwater resource, land use effect, rural water supply, land use planning, groundwater protection, USA, New York; Vermont; 01759. hand pump, iron, biofilm, village water supply, corrosivity, 06378. heat flux, solute transport, groundwater flow, water management, 12225. heavy metal, pollution, organic carbon, water soluble contaminant, compost, waste disposal, 13431. heavy metal, thermal spring, pH, dissolved oxygen content, free carbon dioxide, limnology, biota, India, Santhal Parganas; 12249. heavy metals, wastewater disposal, water chemistry, gas well brine, macropore soil water, micropore soil water, forest hydrology, 00614. hydrochemistry, hydrodynamics, Quaternary aquifer, detritical aquifer, Spain, Durango; 07545. hydrogeochemistry, groundwater flow, spring complex, geochemical time series data, groundwater hydrodynamics, Switzerland, Acquarossa; 05213. hydrogeology, aquifer, salinisation, land degradation, surface water quality, water table rise, Australia, Murray Basin; 05263. hydrogeology, chalk, legislation, groundwater protection, water management, pollution control, 07589. infiltration, road construction, sodium, ion exchange, redox reaction, oxidation, salt water intrusion, sea sand, heavy metal, 07550. iron, calcium, sodium, magnesium, aluminium, dissolved organic carbon, acidic soil water, soil water chemistry, peat soil, UK, Scotland; 01732. iron, corrosivity problem, village water supply, Langelier Index, Tillmans Diagram, 06377. irrigated horticulture, nutrient status, denitrification, root zone drainage, lysimeter, nitrate, phosphate, Australia, Western Australia, Swan Coastal Plain; 02925. irrigated soil, leaching, nitrate contamination, coastal plain soil, agricultural practice, land management, 04157. isotopic disequilibrium, uranium, iron concentration, manganese concentration, nuclear disintegration, alpha activity ratio, USA, Kansas; 11062. jarosite, acid mine drainage, solid solution, solubility, hydronium jarosite, USA, California, Iron Mountain; 13436. land set aside, nitrate pollution, chalk aquifer, landuse pattern, agricultural policy, UK, England, Kent; 11090. lysimeter, soil water chemistry, sample size requirement, leachate chemistry, tension lysimeter, pan lysimeter, USA, Pennsylvania, Pea Vine Hill; 01731. microbial denitrification, nitrate, isotope fractionation, denitrification, land use effect, Germany, Hannover; 01736. mineralogy, bacterial attachment, aquifer material, 11074. National Water Quality Assessment Program, water quality measurement, field method, laboratory methods, data collection, data analysis, regional assessment, USA; 12254. nitrate reduction, dissolved oxygen, biological denitrification, nitrate:chloride ratio, nitrous oxide, aquifer microcosm, carbon addition, USA, Georgia, Claiborne Aquifer; 13432. nonpoint-source pollution, sediment, nitrate, phosphate, tillage practice, wheat culture, desorption kinetics, enrichment ratio relationship, surface water quality, USA, Southern Plains; 13452. orthophosphate, sorption model, spatial variability, solute transport, 12258. over exploitation, water resource management, economic impli-

cation, groundwater depletion, Saudi Arabia; 13458. pesticide, aldicarb residue, sandstone aquifer, persistence, Canada, Prince Edward Island; 02922. phosphate, nitrate, chloride, landuse effect, total dissolved solid, India, Orissa, Bhubhaneswar; 11089. policy model, economic welfare model, water resource management, groundwater protection, 00643. pollutant decay, water conservation, sewage effluent, chalk aquifer, aquifer recharge, UK, England, Hampshire; 07561. polluted aquifer, suspended material, fine sediment, agricultural pollutant, sewage effluent, metal concentration, Israel; 01741. potable water, arsenic, sodium hydroxide, sand filter, sorption screening test, 12289. potable water, water quality analysis, industrial pollutant, neutron activation analysis, chromium, cadmium, alkali, India, Patiala; 02920. preferential flow path, contaminant transport, dissolved organic carbon, forested hillslope, colloid-mediated contaminant mobility, 02921. pumping schedule, aquifer remediation, parameter estimation, optimisation model, 01737. quantitative appraisal, groundwater resource, groundwater recharge, water level, Sri Lanka, Coconut Triangle; 02975. Quaternary groundwater reservoir, groundwater resource, Denmark; 01766. radioactive waste disposal, hydrogeological study, USA, California, Sonoran Region; 00599. remedial treatment, chemical removal, nitrate, 13429. root zone drainage, denitrification, sulphate : chloride ratio, sulphate concentration, irrigated horticulture, nitrate concentration, lysimeter, Australia, Western Australia, Swan Coastal Plain; 06383. rural area, corrosivity, handpump, organic waste, groundwater pollution, Ivory Coast; Ghana; Mali; Niger; Burkina Faso; 06376. salinity, aridity, airborne salt, evapotranspiration, island hydrology, Atlantic, Canary Islands; 09894. salinity, nitrate, rangeland, terracing, wheat field, saline seep, 13447. salt water intrusion, chemical adsorption, factor analysis, hydrogeochemical study, coastal aquifer, Spain, Alicante, Javea; 07558. saltwater intrusion, saltwater-freshwater interface, transition zone, hydrodynamic dispersion, saltwater upconing, 02911. saturated unsaturated soil water flow, pesticide leaching, pesticide root zone model, leaching, model evaluation, solute transport model, 12257. seepage zone, fertiliser, mineralization, groundwater chemistry, groundwater classification, shallow groundwater, Netherlands; 02930. stream water quality, spring water quality, water quality analysis, adsorption, ferric hydroxide, radiation method, spectrophotometry, uranium concentration, Turkey, Bergama-Balikesir Area; 07448. strontium-90, cesium-137, soil characteristic, radiological contamination, surface water quality, Denmark; Faeroes; 06371. sulphate sulphur fractionation, bacterial desulphurication, sandy aquifer, isotope fractionation, sulphate oxygen fractionation, Germany, Fuhrberger Feld; 11080. sulphate, sulphide, dissolved sulphur species, bacterial reduction, isotopic study, geothermal aquifer, France, Paris Basin, Dogger; 00605. surface complexation model, cation exchange capacity, sorption, speciation, strontium speciation, strontium sorption, sediment groundwater system, Germany, Gorleben; 07569. surface water quality, agricultural practice, fertiliser, nitrate, nitrogen, phosphorus, base flow, nitrient loss, groundwater discharge, USA, Wisconsin; 01762. surface water quality, ammonia, fluoride, aluminium, pH, iron, nitrate, seepage, thermal power generation, fly ash, chemical waste, India, Husdev River; 12202. surface water quality, chemical fate, herbicide, atrazine, alachlor, insecticide, carbofuran, nitrate, agricultural management system, agricultural pollutant, 02946. surface water quality, silt loam soil, preferential flow, pesticide transport, nutrient transport, drainage water quality, leaching, land drainage, tile drain, USA, Indiana; 13453. surface water quality, soil chemistry, agricultural pollutant, pollutant transport, leaching, pesticide, 06394. thermodynamic error, mineral saturation, analytic error, sensitivity analysis, saturation index, WATEQ4F, acid mine drainage, speciation, 13435. transverse dispersivity, fresh water salt water interface, groundwater flow, dispersivity, coastal aquifer, salt water intrusion, concentration profile, mixing zone, convection dispersion equation, 09902. unconfined aquifer, nitrate, organic compound, specific conductance, dissolved oxygen, contaminant plume, bacterial growth, heterotrophic activity, chemical gradient, vertical sampling, microbiological gradient, USA, Massachusetts, Cape Cod; 13434. upland area, leaching, layered aquifer, recharge, irrigation water, heterogeneous aquifer, water quality evolution, chloride ion, soluble ion, Japan, Ibaraki Prefecture, Dejima; 11068. urban pollutant, hydrochemical survey, France, Narbonne; 13430. urbanisation, denitrification, nitrate, volatile organics, saline water, Australia, Western Australia, Swan Coastal Plain; 02926. vertical leakage, fracturing, fault, fluid flow, chloride contamination, carbonate aquifer system, USA, Georgia, Glynn County, Brunswick, Upper Floridan Aquifer; 02927. water management, pollution prevention, groundwater protection, USA; 13457. water quality amelioration, US Environmental Protection Agency, Superfund, groundwater resource management, USA; 04166. water quality assessment, water quality measurement, national water quality assessment, surface water quality, USA; 06327. water quality monitoring, coal mining, opencut mining, surface water quality, Australia, New South Wales, Hunter Valley; 02819. water quality monitoring, gamma-ray spectral analysis, gamma emitter, radioactivity, sea water quality, surface water quality, Hong Kong; 04022. water resource protection, karst groundwater, spring contamination, water quality management, China, Shanxi Province; 11067. water resource, coal mine, hydrogeology, Poland, Lublin Coal Basin; 02974. water treatment, trichloroethylene, humic substance, activated carbon, adsorption, 01729.

groundwater quality classification
ecohydrological parameter, shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, metacline water type, atmocline water type, lithocline water type, pH electrical conductivity relationship, ionic ratio electrical conductivity relationship, landscape ecology, Netherlands; 09901.

groundwater quality model
oxygen transport, biodegradation modelling, organic contaminant attenuation, 00606. sulphate, heavy metal, aquifer pollution, electricity production, landfill, waste disposal, dispersion, convection, contaminant transport, model calibration, Denmark; 11058.

groundwater quality monitoring
network design, confined aquifer, parametric statistical technique, nonparametric statistical technique, geostatistical technique, kriging, chloride concentration, monitoring network, Spain, Barcelona, Llobregat Delta; 01726. site specific monitoring, automatic data acquisition system, monitoring network, sample technique, landuse planning, groundwater protection, water management, point source pollution, sampling frequency, Czechoslovakia; 12253.

groundwater recharge
alluvial aquifer, groundwater flow, environmental tracer, multiple aquifer system, groundwater chemistry, Israel, Arava Valley; 05219. aquifer low transmissivity, sandstone aquifer, recharge process, aquifer flow model, chloride balance, soil moisture study, semi arid area, groundwater resource, Botswana, Kalahari; 06361. aquifer recharge, unsaturated zone, infiltration rate, 00584. aquifer yield, well yield, groundwater resource development, groundwater exploitation, unconfined aquifer, Canada, Alberta; 04164. arid region, semi arid region, water resource management, artificial recharge, infiltration capacity, Issars method, comparable hydrogeological provinces method, regionalisation technique, remote sensing, 09928. artificial groundwater recharge, hydraulic conductivity, vadose zone, electrical resistivity, resistivity recharge relationship, USA, Nebraska; 05210. artificial recharge, river reversal, salinity, irrigation, sea level rise, resource management, water storage, 09927. artificial recharge, sea level rise, USA, California; Nigeria; 09933. chalk aquifer, hydrogeology, hydrochemistry, transmissivity control, nitrate, tritium, denitrification, storage control, drift deposit, UK, England, Norfolk; 07539. Coombe deposit, soil water potential, zero flux plane method, unsaturated hydraulic conductivity, drainage flux, hydraulic conductivity, soil water content, chalk, water balance, UK, England, Eastbourne; 07530. ephemeral stream, dam, river regulation, resource management, storage capacity, infiltration, bedrock, leakage, Cyprus; 09932. ETH/PSI-AMS facility, accelerator mass spectrometry, tracer, groundwater flow, chlorine isotope, Poland, Mazowsze Basin; 05228. evaporation, Lysimeter, drainage evolution, infiltration rate, Spain, Barcelona, Valles Occidental; 00573. fissured aquifer, groundwater circulation, isotopic technique, infiltration, hydrogeological study, evapotranspiration, residence time, environmental isotope, Burkina Faso, Sudan Shield; 00598. flow path, groundwater flow, desert terrain, isotope tracer, geochemical analysis, groundwater chemistry, USA, Texas, Big Bend National Park; 02910. grain cementation, soil capping, clay deposition, clogging, infiltration rate, iron oxyhydroxide, hydraulic impedance, carbonate precipitation, surface runoff, artificial recharge, 11033. groundwater circulation, saline water, desert aquifer, recharge source, groundwater resource, Chile, Andes Mountains, Pampa del Tamarugal; 02909. groundwater contamination, pollution potential, dry well drainage, volatile organic compound, lead, chromium, pesticide, nickel, manganese, Secondary Drinking Water Standards, USA, Arizona, Pima County; 04139. groundwater contamination, recharge rate, water resource management, glacial drift aquifer, recharge area, pumped well, land use effects, USA; 01734. groundwater discharge, groundwater chemistry, saline groundwater, tracer, chlorine-36, accelerator mass spectrometry, Australia, Mallee Region, Murray Basin; 05237. groundwater discharge, groundwater-surface water interaction, groundwater influx, streamflow loss, geochemical tracer, Puerto Rico, Rio Grande de Manati; 02824. groundwater resource, piston flow, piezometric level, isotopic study, groundwater mixing, Mali, Koula Nossombougou; 00597. groundwater resource, soil moisture, evapotranspiration, lysimeter, infiltration capacity, infiltration, melt water, water balance, sandy aquifer, Finland, Hyryla; 05251. harvester ant, soil moisture pattern, rangeland, infiltration, USA, Idaho; 02893. hillslope, translatory flow, snow melt, deuterium, soil moisture, recharge, unsaturated flow, isotopic investigation, hydrometric investigation, preferential flow, 07529. Horton's equation, surface watershed model, water balance model, potential evapotranspiration, rainfall-runoff model, HYDROLOG, Australia, Victoria, Campaspe River Basin; 01653. hydrogeological field study, isotope analyses, lithology, diffuse infiltration, preferential path, geophysical investigation, groundwater resource, drilling site, air photo interpretation, Burkina Faso, Yatenga Province; 06368. hydrogeological model, velocity profile, groundwater flow, arid basin, palaeo recharge, Australia, Amadeus Basin; 02903. hydrogeological study, groundwater circulation, groundwater resource assessment, isotopic technique, Libya, Jabal Fezzan; Al Jufraha; Libya, Wadi Ash Shati; 00638. hydrogeology, radioactive waste storage, groundwater chemistry, groundwater discharge, USA, Arizona, Sonoran Region; 02972. interflux dam, subsurface dam, alluvial fan deposit, exoreic basin, endoreic basin, groundwater exploitation, Africa, Sahel; (Central); Africa, (South); Africa, (East); Africa, (North); 06406. intermittent stream, stream channel sediment, permeability, sediment stratification, Darcian seepage equation, Green Ampt infiltration equation, 00576. isotopic study, water chemistry, surface water chemistry, recharge rate, seepage, China, Harbin; Songhuajiang River; 09937. measurement error, data inaccuracy, USGS, regression modelling, groundwater flow, parameter estimation, 04116. mixing cell flow model, recharge, carbonate alluvial aquifer, flow model, water storage, groundwater age, deuterium isotope, USA, Nevada, White River; 07544. mixing cell method, quadratic programming algorithm, linear regression theory, recharge component, geochemical species, environmental isotope, Singular Value Decomposition algorithm, Botswana; 11054. mobile water content, water flux, infiltration, soil water, tracer technique, unsaturated hydraulic conductivity, recharge rate, solute transport, heat transport, 07524. neutron probe measurement, saturated zone, unsaturated zone, soil matrix flow, preferred pathway, saturated volume fluctuation, recharge, storativity, water balance equation, water level response, South Africa, Karoo, Dewetsdorp; De Aar; 11055. Penman estimate, lysimeter, pan evaporation, soil moisture deficit, water table level, transpiration, evaporation, actual evapotranspiration, potential evapotranspiration, water balance, UK, Northern Ireland, Coleraine; 09790. piezometer, historic piezometric data, linear programming model, Australia, Victoria, Girgarre Project Area; 02906. potable water, artificial recharge, dune, recharge, deep well, infiltration, ecological impact, Netherlands, North Holland Dunes Area; 07576. potable water, artificial recharge, recharge, deep well infiltration, environmental impact, Netherlands, North Holland Dune Area; 07552. precipitation groundwater level model, rain water level model, groundwater resource, water

balance, Guinea-Bissau, Bolama Islands, Bijagos-Guinea-Bissau-Archipelago; Bubaque Islands, Bijagos-Guinea-Bissau Archipelago; 06412. pumping test, alluvial aquifer, fracturation, East West Fault, crystalline massif, fault hydrogeology, Niger, Air Massif, Awagadi Valley; 06364. recharge estimation, arid area, semi arid area, estimation technique, temporal groundwater variability, spatial groundwater variability, 06355. recharge pathway, zero flux plane method, water balance, soil water content, soil water potential, chalk aquifer, sandstone aquifer, 11035. recharge rate, groundwater circulation, hydrochemical study, confined aquifer, isotopic study, hydrogeological study, cretaceous aquifer, groundwater resource, Benin; 00596. sewer leak, water main leak, urban hydrology, septic tank, soakaway, hydrological pathway, 13470. soil moisture estimation, hydrological balance, precipitation, evaporation, runoff, Sudano-Sahelian climate, Africa, Sudano-Sahelian Region; 06356. solute transport, migration process, advection, groundwater flow, river water infiltration, alluvial aquifer, Czechoslovakia, Slovakia, Danube River; 06345. stable isotope composition, groundwater flow path, carbon-14, groundwater origin, groundwater dating, Brazil, Botucatu Aquifer System; 04119. stream head migration, runoff process, chalkland, stream flow, boulder clay cover, lateral flow, field drainage system, UK, England; 05129. surface water quality, land clearance, salinisation, matric suction profile, chloride profile, water table rise, Australia, Murray Basin; 07585. surface water, hydrogeochemistry, stable isotope, adjacent closed basin, precipitation, Chile, Atacama Desert, Punta Negra Basin; Hamburgo Basin; 05236. surface watershed model, sensitivity analysis, HYDROLOG, stream flow objective function, 01654. Triassic aquifer, paleoinfiltration water, isotope study, groundwater origin, Poland, Crocow-Silesia Monocline; 05232. unsteady flow model, water table fluctuation, exchange rate, recharge, coastal lowland, flow model, saline groundwater, peatbog water, groundwater circulation, Poland, Bielawskie Blota; 07543. urban catchment, rural catchment, mathematical model, semi arid area, rainfall runoff modelling, model applicability, soil type, topography, rainfall pattern, infiltration, soil moisture storage, rainfall spatial distribution, evaporation, Tunisia; 06295. water balance, unsaturated zone, soil property, surface flux, soil water balance, Norway, Solor; Haslemoen; 07519. water level decline, groundwater resource, land subsidence, aquifer storage, vertical leakance, groundwater flow, USA, California, Central Valley; 01773. water level, groundwater quality, quantitative appraisal, groundwater resource, Sri Lanka, Coconut Triangle; 02975. water quality, hydrogeology, water table depth, hydro contour line, aquifer yield, map, groundwater resource, Poland; 02969. water quality, precipitation chemistry, snow chemistry, snow cover, Switzerland, Alps; 08654. water table rise, evaporation loss, surface water resource, reservoir, water resource, runoff loss, river discharge, USSR; 08808. water table rise, revegetation, land clearance, salinisation, river salinity, Australia, Mallee Region; River Murray; 05267. wetland, losing stream, surface water-groundwater interaction, China, Sichuan Province, Ruoergai Wetland; 01624.

roundwater recharge area
recharge area, geophysical electromagnetic prospection, wadi, alluvial nappe, groundwater flow, groundwater resource, aquifer geology, aquifer hydrogeology, Niger, Telova-Agadez Wadi; 06408.

roundwater recharge mechanism
diffuse recharge, crystalline basement complex, localised recharge, recharge preferential pathway, chloride balance, tritium concentration, Burkina Faso; 06357.

roundwater regime
coal mine, subsidence, land reclamation, potentiometric level, hydrologic perturbation, USA, Indiana, Terre Haute; 01757. salt balance, mountainous terrain, downstream hydrology, hydrological effect, reservoir, mountain plain ecology, environmental impact, channel shape, sediment accumulation, China, Haihe River; 08647. water resources exploitation, surface water groundwater interaction, drainage system, hydrological system, water balance, China, Gansu Province, Hexi Corridor; 09936.

roundwater regime modification
karst aquifer, safe yield, water resource utilisation, geosynclinal karst, 04169.

roundwater regulation
chalk aquifer, impermeable chalk, fissure system, physical property, yield, UK, England, Hampshire, Itchen River; Candover Stream; UK, England, Hampshire, Alre River; 07537.

roundwater remediation
capture zone design, optimisation technique, groundwater contamination, simulation model, well location, pump rate, 02923.

roundwater resdience time
carbon-14 dating, groundwater chemistry, karst aquifer, tufa formation, dissolved inorganic carbon, isotopic content, tritium, Yugoslavia; Czechoslovakia; 04143.

roundwater research
soil water process, unsaturated zone, environmental database, lysimeter, tensiometer, research programme, instrumentation, observation well, pumping well, Germany, Horkheimer Insel; 09780.

roundwater residence time
gas chromatography, mass spectrometry, carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, geochemical evolution, dissolved organic carbon, liquid chromatography, groundwater dating, recharge zone, 04141. unsaturated zone, carbon isotope exchange, gas-water-rock carbon isotope exchange, carbon-14, 04146.

roundwater resource
aquifer geology, aquifer hydrogeology, groundwater recharge area, recharge area, geophysical electromagnetic prospection, wadi, alluvial nappe, groundwater flow, Niger, Telova-Agadez Wadi; 06408. aquifer hydrodynamic, geothermal energy recovery, salinity, detritic element, gravity flow, compaction flow, Triassic aquifer, potable water, Africa, Sahara; Algeria; Tunisia; 05212. aquifer low transmissivity, sandstone aquifer, hydraulic testing, pumping test, delayed yield, drawdown, unconfined condition, well spacing, aquifer transmissivity, fracture zone, fissured sandstone, semi arid area, Botswana, Kalahari; 06362. basin hydrology, aquifer characteristic, hydraulic model, hydrogeology, USA, Nevada, Clark County, Las Vegas Valley; 01775. drilling site, air photo interpretation, groundwater recharge, hydrogeological field study, isotope analyses, lithology, diffuse infiltration, preferential path, geophysical investigation, Burkina Faso, Yatenga Province; 06368. electrical resistivity profiling, electrical sounding, groundwater exploration, geoelectrical investigation, crystalline terrain, Brazil, Bahia; 02980. electrical resistivity, hydrogeology, dolerite dome, perched aquifer, sedimentary formation, dry wedge formation, Mauritania, Sarakolle desert; 13417. geophysical survey, geological structure, aquifer characteristic, Mexico, Guaymas; 13415. Ghyben-Herzberg model, groundwater abstraction, water quality, salt water intrusion, saline water, geophysical survey method, coastal aquifer, electrical resistivity, salt water-fresh water interface, Tanzania, Mtwara Region; 13416. groundwater exploitation, hydrogeological model, karst hydrogeology, China, Shanxi Province, Taiyuan Area; 02908. groundwater hydrochemistry, spring, salinity, ion concentration, Saudi Arabia; 01725. groundwater prospecting, irrigation development, potable water, radon tracing, groundwater exploitation, Burkina Faso; 02977. groundwater quality, Quaternary groundwater reservoir, Denmark; 01766. groundwater recharge, aquifer low transmissivity, sandstone aquifer, recharge process, aquifer flow model, chloride balance, soil moisture study, semi arid area, Botswana, Kalahari; 06361. groundwater recharge, groundwater circulation, saline water, desert aquifer, recharge source, Chile, Andes Mountains, Pampa del Tamarugal; 02909. groundwater recharge, recharge rate, groundwater circulation, hydrochemical study, confined aquifer, isotopic study, hydrogeological study, cretaceous aquifer, Benin; 00596. groundwater recharge, water level, groundwater quality, quantitative appraisal, Sri Lanka, Coconut Triangle; 02975. groundwater recharge, water quality, hydrogeology, water table depth, hydro contour line, aquifer yield, map, Poland; 02969. hydrogeological investigation, groundwater management, salinity, irrigation development, groundwater quality, Australia, South Australia, Tatiara; 05271. hydrogeological study, specific yield, irrigation water management, aquifer characteristic, Algeria, Khemis-Miliana, Cheliff Basin; 00639. hydrogeology, aquifer formation, yield, groundwater quality, groundwater hydrology, USA, Colorado; New Mexico, Central Raton Basin; 01774. hydrogeology, chalk matrix, permeability, porosity, Poland, Lublin Coal Basin; 05249. HYDROLAB computer model, portable computer, expert system, drilling risk, well hydrodynamics, groundwater exploration, Cameroon; 06418. infiltration, evaporation, lysimeter, permeability, oasis, suspended sediment, recharge, Mali, Air Mountains, Agrar Egalan; 13407. land subsidence, aquifer storage, vertical leakance, groundwater flow, groundwater recharge, water level decline, USA, California, Central Valley; 01773. land use effect, rural water supply, land use planning, groundwater protection, groundwater quality, USA, New York; Vermont; 01759. lithology, arid area, semi arid area, aquifer characteristic, sedimentary basin, saline water, Kenya; 06411. management, groundwater over-exploitation, carbon isotope analysis, sampling, Indonesia, Jakarta Basin Aquifer; 04167. piston flow, piezometric level, isotopic study, groundwater mixing, groundwater recharge, Mali, Koula Nossombougou; 00597. saline water, desert region, fresh water, landscape indicator, USSR, Caspian Sea; 02978. salt water intrusion, freshwater lens, groundwater flow model, potable water demand, island hydrology, Pacific, Nauru Island; 02973. sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological structure, graben, horst, dyke, fault, semi arid area, low transmissivity, Botswana, Kalahari; 06413. shallow aquifer, geophysical exploration instrument, Geonics EM-34, groundwater exploration, Australia, Victoria, Shepparton; 02979. soil moisture, evapotranspiration, lysimeter, infiltration capacity, infiltration, melt water, water balance, sandy aquifer, groundwater recharge, Finland, Hyryla; 05251. water balance, groundwater recharge, precipitation groundwater level model, rain water level model, Guinea-Bissau, Bolama Islands, Bijagos-Guinea-Bissau-Archipelago; Bubaque Islands, Bijagos-Guinea-Bissau Archipelago; 06412. water exploration, velocity profile, uphole data, seismic survey, groundwater investigation, United Arab Emirates, Abu Dhabi; 13426. water resource development, conjunctive use, low flow, alluvial aquifer, France, Plaine de Riviere, Garonne River; 02987. water resource management, remote sensing, irrigated agriculture, France, Poitou Region; 07610.

groundwater resource assessment
isotopic technique, groundwater recharge, hydrogeological study, groundwater circulation, Libya, Jabal Fezzan; Al Jufraha; Libya, Wadi Ash Shati; 00638.

groundwater resource development
groundwater exploitation, unconfined aquifer, groundwater recharge, aquifer yield, well yield, Canada, Alberta; 04164. Sahara, desert environment, water abstraction, Sudan, Nubian sandstone aquifer; Egypt, Nubian sandstone aquifer; 07599.

groundwater resource exploration
remote sensing, satellite imagery, Sudan, Hassei; 07608. water resource development, environmental impact, irrigated agriculture, Egypt; 07602.

groundwater resource management
groundwater quality, water quality amelioration, US Environmental Protection Agency, Superfund, USA; 04166. water abstraction, resource over exploitation, physical model, land subsidence, salt water encroachment, flooding, Thailand, Bangkok; 07591. water storage, recharge, vadose zone, water table fluctuation, hydrogeology, India, Peninsular Indian Shield; 11031.

groundwater resource recharge
model, water abstraction, climate variability, Europe; 07604.

groundwater resource regime
surface water groundwater interaction, hydrogeology, stream flow, hydrological method, Czechoslovakia, Bohemian Massif, Police Cretaceous Basin; 08803.

groundwater resources
tritium, carbon-14, water transfer movement, aquifer recharge, circulation, water table depth, evaporation flux, mathematical simulation model, Phreatic aquifer, piezometric depression, environmental isotope, Mali, Nara Region, Interior Delta; 06365.

groundwater resources mapping

groundwater quality, aquifer recharge, groundwater prospecting, borehole technology, hydrogeology, aquifer management, water table recording network, computer assisted cartography, computer data base, expert system, artificial recharge, underground dam, Africa, (West); 06401.
groundwater response
surface water groundwater interaction, embanked river, water level, flood plain aquifer, groundwater flow system, river hydrograph, 05216.
groundwater rise
irrigation, agricultural development, subsurface geology, geological history, salinisation, Australia, Murray Basin; 05262.
groundwater river water density contrast
saline water, groundwater discharge, surface water quality, groundwater interception scheme, 05270.
groundwater salinisation
evaporation basin, controlled outflow, dilution flow, aquifer disposal, desalinisation, root zone, saline water reuse, saline water disposal, subsurface drainage effluent, land management, soil degradation, Australia, Murray Basin; 05264.
groundwater salinity
groundwater chemistry, brine pool, salt playa lake, chemical evolution, palynology, Australia, Victoria, Tresco; 05238. palynology, salt marsh environment, vegetation, climate, Cainozoic, salinity, Australia, Murray Basin; 05239. watertable depth, land drainage, leaching efficiency, SALTMOD, irrigation water management, salinity prediction, soil salinity, Egypt, Nile Delta, Zagazig, Mashtul; 11107.
groundwater sampling
contaminant transport, colloidal facilitated transport, transport model, suspended colloid, 11056.
groundwater seepage
acidic lake, acid chemistry, base chemistry, near shore region, lake water quality, pore water, sediment pore water, alkalinity production, oxic condition, 11011. barrier island, fresh water-saltwater interface, fresh water lens, transitiion zone, saline groundwater, USA, New York, Long Island; 04121.
groundwater storage
soil water storage, runoff, flood genesis, rainfall runoff relationship, stream flow, France, Massif Central, Mont-Lozere; 06279. water resource development, conjunctive water use, artificial recharge, reciprocal water transfer, resource management, China; 09938.
groundwater supply
soil conservation, water conservation, available soil moisture, filtering dyke, water balance, crop yield, sedimentation, infiltration, Burkina Faso, Rissiam Region; 12281.
groundwater table
climate change, landscape ecological change, hydrological change, soil moisture, water pathway, water quality, ecohydrological zone, river flow, water supply and demand, 05105. evaporation, hysteresis, consumptive wateruse, evapotranspiration, recharge, groundwater extraction, water management, irrigation water management, runoff yield model, infiltration, soil moisture, China; 11122.
groundwater temperature
annual variation, groundwater flow, Japan, Tokushima Prefecture, Egawaa Region; 00593.
groundwater transport
carbon dioxide flux, surface water chemistry, arctic stream, tundra, gas transfer, arctic lake, carbon budget, carbon dioxide, 12203.
groundwater treatment
water purification, ultraviolet technology, ultraviolet disinfection, potable water, disinfectant, bacteria, virus, protozoan cyst, by product, USA; 00641.
groundwater velocity
hydraulic conductivity, organic soil, peatland, USA, Minnesota; 02294.
groundwater vulnerability
aquifer protection, hydrogeological data, GIS, 13900.
groundwater vulnerability assessment
GIS, pollution modelling, remote sensing, soil vulnerability assessment, 09192.
groundwater vulnerability map
water management, groundwater protection, aquifer lithology, water table depth, water contamination, contamination map, Belgium, Flanders; 11060.
groundwater withdrawal
management model, hydraulic head, hydraulic conductivity, monitoring programme, groundwater hydraulics management, 09858. pumping well, surface water-groundwater interaction, stream depletion, superposition principle, stream flow, 01789. sediment supply, salt marsh, tidal flat deposit, coastal progradation, coastal lowland vulnerability, land subsidence, China, Shanghai, Yangtze Coastal Plain; 06064.
groundwater-surface water interaction
groundwater influx, streamflow loss, geochemical tracer, groundwater recharge, groundwater discharge, Puerto Rico, Rio Grande de Manati; 02824.
growan
humid temperate weathering, saprolite age, planation surface, polygenetic surface, etchplanation, deep weathering, granite decomposition, landform development, china clay, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221. solifluction material, grain size analysis, sorting, Rosin and Rammler distribution, weathered granite, head, slope, UK, England, Dartmoor; 07183.
growing season
actinometric measurement, photosynthetically active radiation, Poland, Turew Region; 04229. frost, precipitation, rare weather event, extreme climate, Sweden, Karesuando; 03035. greeness index, vegetation vigour, computed index, Morocco; 08092. rainfall, drought, dry weather interval, Yugoslavia, Backa; 05383. rainfall, early warning system, crop growth, agrometeorology, socio economic benefit, crop forecasting system, Zimbabwe; 05387. rainfall, quasi periodic oscillation, Nigeria; 07815.
growth
climatological record, rainfall, daily rainfall record, rainday effect, plant growth model, runoff, germination, Australia; 07807. spongy ice, stagnant point, supercooled water droplet, experiment, 01463.
growth experiment
ice layer, freezing test, segregated ice, steady state method, quasi steady problem, freezing soil, 07283.
growth kinetics
nitrifying microorganism, Monod model, double substrate limiting model, environmental factor, water quality model, substrate inhibition, nitrification, 09836.
growth model
impact assessment, climatic change, crop production, 11285.
growth rate
bacteria, deep sea sediment, productivity, phytodetritus, reef, phytoplankton, Solomon Sea; Coral Sea; 00184. baroclinic energy conversion, linear instability, sphere, ridge orientation, ridge shape, topography, 12404. lamination, Precambrian, Holocene, stromatolite, organosedimentary structure, cyanobacteria, Australia, Western Australia, Shark Bay; 01318. spatial structure, temperature, ozone, satellite observation, middle atmosphere instability, phase speed, 04261.
growth region
climatic criteria, agrometeorology, 04193.
growth stage
management, strategy, 13813.
groyne
longshore transport, shore profile, forebeach, beachfill, erosion, beach nourishment, Germany, Island of Norderney; 05875. sand, wave direction change, beach nourishment, beach, Japan, Seto Inland Sea, Toban Coast; 09390.
Grumusol soil
Typic Chromoxerert, slope, aspect, phosphogypsum, runoff, erosion, Israel; 03950.
Grundite illite
Geogia kaolinite number 3, suspension nebulisation, solution nebulisation, clay, atomic emission spectroscopy, particle size, 10917.
grus
corestone, weathering front, speleogenesis, granite cave, talus, boulder-filled stream channel cave, open-joint cave, Pikes Peat Granite, weathering, USA, Colorado, Lost Creek; 12017.
Guadalupian
Tansill Formation, Yates Formation, Permian, magnesite, dolomite, crystal, Permian, USA, New Mexico, Delaware Basin; 00122.
guano
apatite, reef, supersaturation, phosphate, rare earth element, Pacific, Nauru; 00134. phosphate, Neogene, phosphorite, Australia; 00106. weathering, frost, ornithogenic soil, phosphate, Antarctica, Antarctic Peninsula; King George Island; 02817.
Guelph permeameter technique
silt loam soil, Richards equation, groundwater flow, percolation test, layered soil, unsaturated flow, saturated flow, horizontal flow, vertical flow, hydraulic conductivity, 11037.
Guelphs model
matric potential, unsaturated soil, hydraulic conductivity, constant head permeameter, well permeameter, Philips model, infiltration, 09842.
Guerlach trough
badland slope, erosion monitoring, sheet erosion, rilling, raindrop impact, Mexico; 13056.
Gujranwala soil
Peshawar soil, Lyallpur soil, pedogenic change, mineral weathering, soil, degree of profile development, clay translocation, Pakistan, Indus River Plain; 01486.
Gulf Coast Geosyncline
Miocene, clay mineral, phosphorite, palygorskite, sepiolite, zeolite, Miocene, USA; 01352.
Gulf Stream
lightning, convective rainband, Atlantic; 03022. marine atmospheric boundary layer, sea surface temperature, surface flux, Atlantic; 01858. radar echo characteristics, USA, Georgia; North Carolina; 01910. radiation flux, turbulent transfer, boundary layer, cloud dynamics, cumulus parameterisation, rainband, cold air advection, USA, Appalachian Mountains; 01822. stratocumulus, marine boundary layer, cyclone, 01907. surface heat flux, air-sea interaction, cold air outbreak, air-sea temperature difference, stratocumulus, cumulus congestus, snow shower, USA, North Carolina; 01859. Suwannee Current, sea level change, palaeoceanography, palaeogeography, Miocene, palaeocirculation, USA, Georgia; Straits of Florida; 02455. western boundary current, upwelling, buoyancy, phosphate, Atlantic; 00115.
Gulf Stream precursor
upwelling, sea level change, phosphogenesis, Miocene, continental margin, USA, North Carolina; 02361.
Gulf Stream system
carbon cycle, parcel model, mixed layer depth, salinity, alkalinity, phytoplankton, zooplankton, nitrate, carbon dioxide, Atlantic, (North); 05491.
gull
micromorphology, Pleistocene sediment, soil, Westland Green Gravel, Anglian, gelifluction deposit, Kesgrave Formation, Valley Farm soil, Barham Soil, cambering, UK, England, Essex, Stebbing; 06155. phosphorus, nitrogen, eutrophication, excretion, nutrient, seepage lake, coastal pond, lake water quality, kettle pond, USA, Massachusetts, Cape Cod; 06306.
gully
badland, semiarid climate, USSR, Transcaucasus; 13213. control measure, base level gully, vulnerability, genetic classification, Nigeria; 00364. database, information system, mapping, 02201. field measurement, lateral erosion, downcutting, backward erosion, erosion rate, morphometric assessment, USSR, Kazakhstan; 08333. healing, tor development, inselberg, lavaka, Madagascar; 10678. knickpoint, piedmont fan, recurrence interval, earthquake, headward migration rate, knickpoints age, China, Helanshan Mountain; 02506. overland flow, rainfall characteristics, hydraulic conductivity, saturated hydraulic conductivity, pipe flow, runoff, surficial process, rainforest, rill, South America, Amazonia; 09801. pinnacle, mound, mesa, post glacial landscape, badland,

melt water, Canada, Alberta, Dinosaur Provincial Park; 11893. plot experiment, erosion estimate, soil erosion, photograph, arable field, rill, UK; 08543. Schmidt hammer, weathering, joint, deep regolith, accelerated erosion, rill, rock property, bedrock incised rill, Africa, (Southern); 08555.

lly advancement
gully erosion, overland flow, erodibility, modelling, India, Bihar, Chotanagpur Plateau; 00215.

lly density
penetrometer resistance, Torrertic Paleustoll, water retention, tillage, USA, Texas, Bushland; 01541.

lly erosion
agricultural land, reclamation capability, forest clearance, discontinuous gully, allometric pattern, Romania, Moldavian Hills; 01517. agricultural method, agricultural practice, cultivated land, concentrated flow erosion, rainfall intensity, rill, France, Haute-Normandie, Pays de Caux; 03940. anthropogenic modification, road construction, gully erosion, road realignment, hydrological modification, Nigeria, Anambra State, Opi; 05993. arable land, acceptable soil loss, water erosion, snow melt, frozen soil, thaw, rill erosion, Sweden; 02735. geographical information system, luvisol, potential gully erosion, Mexico, Hidalgo; 09635. glacial diamicton, lacustrine sediment, aeolian sediment, Wisconsinan deglaciation, glaciotectonism, landsliding, slope failure, Canada, Alberta, Red Deer River, Little Sandhill Creek; 04918. glacio fluvial deposit, environmental protection, terrace and gully landscape, nature reserve, Sweden; 03944. gully plugging, eroded land, land reclamation, land reclamation, loess, Pakistan, Punjab Province, Pothwar Plateau; 01521. hillslope geometry, concave slope, gully evolution, colluvial sheet, Rampas de coluvies, subsurface flow, slope geometry, Brazil, Sao Paulo, Bananal; 10674. human disturbance, landslide, torrential rainstorm, geomorphic system, geomorphic process, hillslope runoff, rill erosion, Spain, Pyrenees, Prepyrenees; 04891. landslide, cuesta, hydrogeotechnics, palaeotectonics, neotectonics, Nigeria; 01393. loam belt, control measure, gully type, erosion risk mapping, Belgium; 01513. modelling, GIS, volcanic terrain, severe gully erosion risk, conservation priorities, Mexico, Tlalpujahua; Huasca; 12031. overland flow, erodibility, modelling, gully advancement, India, Bihar, Chotanagpur Plateau; 00215. ravine formation, hazard, anthropogenic, USSR, Volgograd Area; 03949. road realignment, hydrological modification, gully erosion, anthropogenic modification, road construction, Nigeria, Anambra State, Opi; 05993.

lly erosion dynamics
volcanic terrain, GIS, conservation priority, 12706.

lly erosion rate
rates of growth, length, volume, 12024.

lly evolution
colluvial sheet, Rampas de coluvies, subsurface flow, slope geometry, gully erosion, hillslope geometry, concave slope, Brazil, Sao Paulo, Bananal; 10674.

lly form
soil erosion, sub tropical complex, coastal dune complex, fossil dune complex, accelerated erosion, sheetwash, deflation, South Africa, Transkei; 08554.

lly growth
colluvium, stoneline, headward extension, prehistoric gullying, Recent, gullying, Zimbabwe, St. Michaels Mission; 08552.

lly morphometry
laterite terrain, morphometric variable, overland flow, Guyana, Rupununi Savanna; 07327.

lly plugging
eroded land, land reclamation, land reclamation, loess, gully erosion, Pakistan, Punjab Province, Pothwar Plateau; 01521.

lly system
slope retrogression, geomorphic effect, landslide, rotational type, mass movement, fault plane, cataclastic rock, piping, trigger mechanism, Venezuela, Andes, Aracay River, Buena Vista; 09521.

lly type
erosion risk mapping, gully erosion, loam belt, control measure, Belgium; 01513.

llying
annual tillage, prediction, ephemeral gully erosion, cropland, USLE, USA; 01497. erosion acceleration, clearcutting, plantation forest, Taungya cultivation, paired catchment study, Indonesia, Java; 06241. gully growth, colluvium, stoneline, headward extension, prehistoric gullying, Recent, Zimbabwe, St. Michaels Mission; 08552. rainfall intensity, threshold condition, thalweg gullying, loess, slope wash, sediment transport rate, France, Paris Basin; Belgium; 10845. recent evolution, valley, dry phase, sangol, slope deposit, fire, forest, savannas, cattle grazing, rilling of slopes, Nigeria, Adamawa Highlands; Cameroon, Adamawa Highlands; 12038. rock, relief, soil, erosion, freeze thaw activity, climatic change, Algeria, Oran-Atlas, Oued Mina; 07148. sheetwash, topsoil, sedimentation, steepland, sediment budget, erosion, Tanzania, Shinyanga; 07033. soil erosion, tropical region, savannah, Brazil, Brasilia; 00360.

llying pattern
spatial variation, precipitation, bedrock, soil, landuse, slope, temporal perspective, Zimbabwe, Eastern Highlands; 08553.

umbel distribution
Frechet distribution, data analysis, bias error, maximum likelihood estimation, statistical method, parameter estimation, Weibull distribution, 13308.

**air flow, wind velocity, Czechoslovakia; 06453. bridge, wind, structure, UK, Scotland, Forth Railway Bridge; 01801. burst, turbulence, 03055. wind flow characteristic, turbulence spectrum, statistical characteristic, 13203.

ust definition
wind, theory of excursions, extreme event, 13549.

us front
momentum transport, kinetic energy transport, microburst, storm, mesocyclone, boundary layer, 03103.

ustiness
strong winds, boundary layer, Von Karman formula, turbulence, wind, 01855.

guttation
aerodynamic resistance, deposition velocity, precipitation chemistry, sulphur dioxide, sulphate, nitrate, dew, dry deposition, 03235.

Guttenberg Oil Rock
thiophene, phenolic compound, Ordovician, pyrolysis, Kukersite, USSR, Estonia; 07105.

gutter shaped form
tephra deposition, meandering valley, Pleistocene upland, remnant stream, asymmetric valley, geomorphological feature, valley, Japan, Kanto Plain; Musashino Upland; 03717.

guyot
hypsometric analysis, planation surface, regional subsidence, subsidence, geomorphology, Okhotsk slope, submarine volcano, USSR, Kuril Ridge, Iturup Island; Sea of Okhotsk; 08383.

gwostrophic balance
global forecast, error correlation, isobaric wind, geopotential, radiosonde observation, zonal wind, meridional wind, 12477.

Gwynedd readvance
Irish Sea glacier, Devensian glaciation, ice direction, readvance status, UK, Wales, Lleyn Peninsula; 13132.

gymnosperm
angiosperm, glacial interval, pollen record, deep sea core, V28-304, RC 14-99, regional vegetation, Japan; 04967.

gypcrete
carbonate, gypsum soil, classification, engineering behaviour, calcrete, 03747.

gypseous dune
dune, aridity, dune building, sedimentological evidence, magnetostratigraphic evidence, groundwater discharge, discharge playa, playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, Australia, Northern Territories, Amadeus Lake; 13105.

gypsiferous rock
flowing water, dissolution rate, electrical conductivity, alabastrine gypsum, flow velocity, water quality, hydrochemical factor, dissolution rate, Spain, Ebro River Basin; 06047.

gypsiferous soil
anion exclusion, mineral weathering, cation exchange capacity, sodium calcium selectivity, calcareous soil, 04003. gypsum, suspended transport, simulated rainfall, hillslope, semiarid environment, simulated runoff, erosion, Spain, Ebro Valley; 12034. runoff simulation, gypsum transport, Spain, Ebro River Basin; 02779.

gypsum
alkalinity, alkalinisation, salinisation, Iran, Djajerud Basin; 06258. anhydrite, Holocene, groundwater, brine, playa, USA, California, Bristol Dry Lake; 05840. anoxic, basin filling, Betic Chain, hypersaline, diatom ecology, Miocene, flooding, Spain, Hellin Basin; 02430. calcite, magnesite, bioherm, bacteria, cyanobacteria, biomineralisation, USA, New York, Fayetteville Green Lake; 03528. calcium, sulphate, soil solution, supersaturation, 13237. clay dispersion, infiltration, Oxisol, soil amendment, lime, Brazil; 13261. evaporite, Quaternary, lacustrine evaporite, groundwater, aeolian gypsum, pedogenic gypsum, Australia, New South Wales, Willandra Lakes, Prungle Lakes; 11675. evaporite, trace element, strontium, marl, carbonate, Spain, Duero Basin; 10602. groundwater, evaporite, diagenesis, sabkha, anhydrite, Kuwait, Al-Khiran; 07011. halite, evaporite basin, salt pond, water depth, aragonite, Netherlands Antilles, Bonaire; 01228. halite, uranium series dating, Pleistocene, climatic change, speleothem deposition, cave, calcite, Australia, South Australia, Nullarbor Plain; Western Australia, Nullarbor Plain; 06109. ionic strength, calcium, soil strength, Typic Hapludult, soil solution, soil water, water retention, cone index, lime, USA, Georgia, Watkinsville; 13236. Kirschberg Evaporite Member, evaporite, solution breccia, dissolution, subsidence, karst, USA, Texas, Gillespie County, Fredericksburg; 02347. Messinian, isotopic ratio, brine, salinity crisis, sea water, evaporite, Mediterranean Sea, Nile River; Tyrrhenian Sea; 00137. microbial population, huntite, Flandrian, carbonate, halite, Tunisia, Zarzis, Sabkha al Melah; 01233. nodule, Devonian, sabkha, carbonate, anhydrite, Canada, Alberta; 12926. Oligocene, clay deposit, pyrite deposit, crystal morphology, Germany, Hessen, Borken; 09444. ooid, stromatolite, chert, Proterozoic, Big Cusp Algal Dolomite Member, Kona Dolomite, diagenesis, dolomite, USA, Michigan, Marquette; 05904. phosphogypsum, subsoil, arid subsoil, 03980. Quaternary, aridity, dunefield, groundwater, salt lake, playa, Australia, Northern Territory, Lake Amadeus; 11661. Quaternary, salt crust, halite, brine, spring, Bolivia, Altiplano, Uyuni; Coipasa; 12863. recharge, brine, salinity, groundwater, sabkha, Egypt, Sinai, El-Shatt; Ayun Musa; 12865. salinity, soil amendment, spoil deposit, soil chemical property, bentonite, mine spoil, USA, South Dakota, Black Hills; Wyoming, Black Hills; 08591. sea water, brine, shell, Messinian, evaporite, Mediterranean Sea, Bannock Basin; Tyro Basin; 05873. Shihr group, bentonite, volcanism, drilling mud, Yemen, Hadramawt Province, Gayl Bawazir; 00191. sodic soil, leaching, soil reclamation, 00387. soluble salt, geotechnical property, soil, engineering geological survey, sulphate, Iraq, Haditha; 04911. strontium carbonate, celestite, mineralisation, Permian, limestone, 00163. sulphide, mud, estuary, neogenesis, calcium carbonate, France, Loire Estuary; 10552. suspended transport, simulated rainfall, hillslope, semiarid environment, simulated runoff, erosion, gypsiferous soil, Spain, Ebro Valley; 12034. Vempalle Formation, Papaghni Group, evaporite, halite, India, Andhra Pradesh, Cuddapah Basin; 10608.

gypsum amended soil
groundwater flow rate, preferential flow, dual water flow, piston flow, saline water, irrigation water quality, unsaturated zone, 01697.

gypsum bed
anhydrite bed, Mississippian(Late), karst surface, mixing zone, artesian groundwater, vadose condition, fracture zone, geological history, cave, Pahasapa Limestone, USA, South Dakota, Black Hills; 10720.

gypsum block
nonparametric statistics, Spearman rank correlation, soil moisture depletion, soil moisture recharge, forest soil, Sweden; 02900. satura-

tion zone, soil water storage, forest hydrology, hillslope hydrology, soil water dynamics, fine textured soil, infiltration, neutron moisture meter, tensiometer, Australia, Western Australia; 02902. soil water storage, soil water dynamics, jarrah forest, hillslope transect, coarse textured soil, infiltration, neutron moisture meter, tensiometer, Australia, Western Australia; 02901.

gypsum crust
stream terrace, climatic gradient, upwelling, palaeoenvironment, arid zone river, alluvial plain, playa, Namibia, Namib Desert, Tumas Basin; 07218.

gypsum formation
calcareous soil, sulphur treatment, Saudi Arabia; 02778.

gypsum requirement
sodium adsorption ratio, infiltration characteristic, land reclamation, salinity, flood sediment, arid region, leaching requirement, India; 01754.

gypsum soil
classification, engineering behaviour, calcrete, gypcrete, carbonate, 03747. collapsibility property, suffosion deformation, USSR; 03810.

gypsum transport
gypsiferous soil, runoff simulation, Spain, Ebro River Basin; 02779. salinity, non point source, Spain, Ebro River; 08522.

gypsy moth infestation
GIS, accuracy standard, raster conversion, vector conversion, USA, Virginia; 06763.

gyrating hailstone
hailstones, spongy deposit, wind tunnel, ice water interface, supercooling, water skin, 10129.

gyre
circulation, precipitation, evaporation, baroclinic experiment, barotropic experiment, stratification, 01182. ecosystem response, recycling, meiofauna, sedimentation, continental shelf, nepheloid layer, Mediterranean Sea, Gulf of Lions; 05852. heavy metal, sediment source, pollution, productivity, biogenic debris, sedimentation, Tyrrhenian Sea; 08172. hydrodynamic model, bottom stress, friction, wind, 09307. nodule, ferromanganese nodule, pelagic abyssal basin, Pacific, (Southwest); 05872. vortex asymmetry dynamics, vortex motion, beta plane, 10068.

gyre system
water formation, model result, sensitivity analysis, Cenozoic, ocean circulation, general circulation model experiment, deep water circulation, 08432.

Gyrolithes
fossil, burrow, Monterey Formation, San Gregorio Formation, bioturbation, Thalassinoides, Mexico, Baja California; USA, California, Mussel Rock; USA, California, Lompoc; 05921.

gyroscope
air navigation, compass, ships compass, 03293.

gyttja
diatom, nutrient, eutrophication, microfossil, Baltic Sea; 00187. thawing permafrost, sediment displacement, till sand peat association, Holocene, cryoturbation, Weichselian Holocene, valley fill, gravity spreading, sand intrusion, Netherlands, Tjonger Valley; 10813. till, lacustrine landscape, interglacial, flora, pollen spectra, Eemian Interglacial flora, Poland, Warsaw, Kasprzak Street; 00313.

gyttjas
depositional cycle, radiocarbon date, palaeoclimatic event, water level fluctuation, sediment, lagoon, marsh, Canada, Ontario, Kingston, Cataraqui River; 08495.

gyttyas
peat, marine sand, glacial deposit, Quaternary, geological mapping, Holocene, sand spit system, Weichselian glacial deposit, melt water deposit, Pleistocene deposit, Germany, Schleswig Holstein, Gelting Peninsula; 08467.

Haar transform
algorithm, transform, cosine transform, 09116. image processing, covariance model, 03347.

habitat
forest, GIS, wildlife management, tortoise, USA, Florida, Ocala National Forest; 06885. infrared aerial photograph, conservation, farmland bird, Sweden; 03452.

habitat management
littoral zone, spawning habitat, fishery, Canada, Lake Ontario; Ontario, Grimsby; Canada, Niagara River; 13928. pike, fish, GIS, ecology, Canada, Lake Ontario, Hamilton Harbour; 13930.

habitat mapping
fauna, GIS, Landsat TM, satellite imagery, 02236.

habitat monitoring
remote sensing, bird habitat, Costa Rica; 11577.

hackly fracture surface
sand size, clast, debris avalanche deposit, particle particle interaction, scanning electron microscope, electron imagery, microcrack, USA, Washington, Mount St. Helens; 09507.

Hadley cell
monsoon circulation, planetary scale wave, synoptic scale wave, wave, meridional circulation, low latitude, Asia, (East); 11236. radiative balance, heat low, biogeophysical feedback, albedo, atmospheric subsidence, horizontal divergence, vertical velocity, radiative cooling, Australia; 08856. Rossby wave, solar heating, infrared cooling, wave forcing, barotropic model, 04274. tropical-extratropical cloudband, Southern Oscillation, teleconnection, cloud climatology, cloudband, sea surface temperature, Australia; 01926.

Hadley Cell perturbation
low frequency mode, tropical radiation, radiation budget, monsoon, eastward propagating mode, 12314.

Hadley circulation
Rossby wave, intra seasonal oscillation, tropical atmosphere, monsoon dynamics, baroclinic disturbance, 04276.

Hadley flow
Rossby flow, eddy viscosity, meridional cell, internally forced rotating spherical system, 04260.

haematite
climatic effect, bioclimatic region, lateritic soil, iron oxide, goethite, Brazil; 09746. fabric, ferrallitic soil, goethite, Cuba; 01590. goethite, Eh, pH, chemoreductive dissolution, iron oxide, Oxisol, Brazil, Central Plateau; 00466. laterite, vermiculite, goethite, calcite, limonite, quartz, kaolinite, diaspore, boehmite, illite, Pakistan; 07431. manganese, iron oxide, akaganeite, goethite, 12990. redbed, Cambrian, weathering, Billy Creek Formation, Frome Group, Australia, South Australia, Kangaroo Island; Flinders Ranges; 11775. Triassic, palaeokarst, karst, limestone, conduit cave system, solutional fissure, fissure, cave infilling, phreatic conduit, UK, England; Wales; 10725.

haff
Late Glacial, coast, melt water channel, nehrung, Baltic Sea; 12862.

Hagelstadt brickyard
chronological classification, pedostratigraphy, Quaternary profile, Pleistocene(Upper), lithostratigraphy, Riss Wurm interglacial, paleosol, Germany, Bavaria, Hagelstadt; 06162.

hail
cloud dynamics, cloud microphysics, radar measurement, precipitation, deep convection, squall line, 00762. differential reflectivity, depolarisation ratio, propagation differential phase shift, X-band specific attenuation, radar, ice, graupel, USA, Alabama; Colorado; Germany, Munich; 01794. embryo growth stage, precipitation production, hailstorm, airflow, particle growth trajectory, updraft fringe, graupel, 10134. mie property, microwave radiative model, radiative transfer, cloud water, rain, ice, snow, graupel, 05370. natural catastrophe, civil proteciton, municipal vulnerability, risk, Canada, Quebec; 12449. polarized echo, hail size, polarisation, precipitation charactersation, 10132. precipitation, radar, reflectivity factor, horizontal polarisation, differential reflectivity, differential propagation constant, rain, 01930. radar, radar satellite, weather radar networking, real time measurement, precipitation, rain, snow, Europe; 05365. shower, cloud, radar polarimeter, seeding area, hail suppression, polarisation characteristic, cumulonimbus, 11268. thunderstorm, weather radar data, Doppler radar, agriculture, soil water, areal precipitation, Italy, Emilia-Romagna; 05350.

hail cell
convective cell, parameterisation scheme, radar contour, 08968.

hail damage assessment
salvage harvest, harvest, thunderstorm, satellite imagery, Canada, Ontario, Algonquin; 09250.

hail detection
rain gauge hailpad network, dual polarization radar, rainfall rate, radar measurement, hailfall parameter, urban hydrology, 05348.

hail formation
lightning, rainfall, thunderstorm, torrential rain, Pacific, Micronesia, Ponape; 07651.

hail pattern
stratification, seeding effect, storm cell, hailpad data, 05432.

hail size
polarisation, precipitation charactersation, hail, polarized echo, 10132.

hail suppression
polarisation characteristic, cumulonimbus, hail, shower, cloud, radar polarimeter, seeding area, 11268. seeding, persistence effect, silver iodide seeding, South Africa, Nelspruit; 10120. weather radar network, Greece; 05334.

hail suppression system
system efficiency, thunderstorm, Yugoslavia, Slovenia; 07784.

hailfall
radar measurement, crop damage, kinetic energy aloft, 08970.

hailfall parameter
urban hydrology, hail detection, rain gauge hailpad network, dual polarization radar, rainfall rate, radar measurement, 05348.

hailpad data
hail pattern, stratification, seeding effect, storm cell, 05432.

hailstone
cloud water composition, cloud droplet chemistry, convective storm, chloride, nitrate, nitrite, sulphate, oxalate, ion chromatography, 05435.

hailstone size
extreme value theory, observed hailstone, maximum size, 13605.

hailstones
spongy deposit, wind tunnel, ice water interface, supercooling, water skin, gyrating hailstone, 10129.

hailstorm
airflow, particle growth trajectory, updraft fringe, graupel, hail, embryo growth stage, precipitation production, 10134. radiative structure, precipitation retrieval algorithm, microwave, brightness temperatures, 10137. superior mirage, meteorological anomaly, biblical episode, Joshua, atmospheric optics, Palestine; 07656. thunderstorm, flash flood, storm(1987), UK, England, Essex; Suffolk; 10126.

half life
periodic sampling, aquifer dynamics, groundwater flow, recharge, single sampling episode, carbon-14, tritium, Canada, Ontario, Waterloo; 11051.

halftone
photographic process, orthophoto, map, Germany; 01085.

halide pressed disc
soil characterisation, soil component, infrared soil spectrum, diffuse reflectance infrared fourier transform, diffuse reflectance spectroscopy, Australia; 12097.

halite
brine, Permian, evaporite pool, diagenesis, fluid inclusion, sea water, USA, Texas, Palo Duro Basin; 08227. brine, spring, gypsum, Quaternary, salt crust, Bolivia, Altiplano, Uyuni; Coipasa; 12863. bromine, chlorine, sedimentation, diagenesis, Kungurian deposit, USSR, Caspian Basin; 01235. coprecipitation, overturn, stratification, water column, heavy metals, Middle East, Dead Sea; 00032. evaporite basin, salt pond, water depth, aragonite, gypsum, Netherlands Antilles, Bonaire; 01228. evaporite, Trans-Aravalli Vindhyan, Proterozoic(Upper), Cambrian(Early), India, Rajasthan; 10609. gypsum, microbial population, huntite, Flandrian, carbonate, Tunisia, Zarzis, Sabkha al Melah; 01233. gypsum, Vempalle Formation, Papaghni Group, evaporite, India, Andhra Pradesh, Cuddapah Basin; 10608. sedimentation rate, brine, radiation, lake, Middle East, Dead Sea; 04751. sodium chloride,

Eocene, Gehannam Formation, tomb, cement, Egypt, Fayum Depression, Fag-el-Gamous; 12866. temperature, brine, Harned's rule, salinity, solubility, Middle East, Dead Sea; 04752. uranium series dating, Pleistocene, climatic change, speleothem deposition, cave, calcite, gypsum, Australia, South Australia, Nullarbor Plain; Western Australia, Nullarbor Plain; 06109.

Haliw Formation
Norian, wackestone, stromatolite, Triassic, limestone, brachiopod, Oman, Oman Mountains; 11744.

Halloysite
clay mineral, weathering, pyroclast, layer charge, smectite, Cameroon; 02475. geotechnical test, Proctor test, volcanic tropical soil, allophane, Martinique; 05097. intercalation test, kaolinite, weathering, soil, expansion treatment, New Zealand; Fiji; 08298. kaolinite, cation exchange capacity, tephra, saprolite, volcanic ash, weathering, Cameroon; 02476. mercury injection porosimetry, water retention curve, mineralogical property, physical property, lateritic pallid zone material, granite, dolerite, parent rock, pallid zone, clay matrix, Australia, Western Australia, Jarrahdale; 01489. plagioclase, weathered perthite, granite, weathering, muscovite, kaolinite, Australia, New South Wales, Ardlethan Tin Mine; Queensland, Trial Hill; 12022. smectite, isohyperthermic temperature regime, ustic moisture regime, clay mineral, Andisol, USA, Hawaii; 05096. TEM, coal, X-ray spectroscopy, Australia, Sydney Basin; 03681.

Hallstatt Limestone
Triassic, microboring organism, endolith, boring, photic zone, 08261.

Halo
mineralisation, ore, granite, Variscan, magma, Germany, Lower Harz; 00161.

Haloacetic acid
chlorine disinfection, chlorinated acid, brominated acid, water quality management, water treatment, potable water, Netherlands; 13459.

Haloaklane
ultraviolet absorption cross section, atmospheric lifetime, bromine, chlorine, atmospheric fate, 12555.

Halocarbon
charcoal preconcentration technique, alkyl nitrate, 10188. chlorine, halon, CFC's, emission, stratospheric ozone, Montreal Protocol, ozone depletion, 04409. chloroform, marine site, Europe; 13660. estuary, industrial pollutant, tracer, evaporation, atmospheric transport, 00502. forest, chloroform, soil air, tetrachlorethene, trichloroethane, trichloromethane, pollution, Germany; 04425. hydrocarbon, transport, methane, long range transport, organic compounds, 11305. hydroxyl radical, HCFC's, CFC's, chemical transport model, 09074. sea water, seasonal cycle, marine biomass, algae, anthropogenic halocarbon, 09473. TOXFATE model, hydrodynamic model, toxic contaminant, lake circulation, lake water quality, spatial distribution, North America, Great Lakes, Lake St. Clair; 01671.

Halocline
nutrient, water column, continental shelf, ice cover, runoff, Canada, Ellesmere Island; 00185. river inflow, sinking, decomposition, fresh water, phytoplankton, Yugoslavia, Krka Estuary; 09462. salinity, fresh water sea water interface, discharge, nutrient, biogeochemical process, stratification, sea water, estuary, Yugoslavia, Krka River; 11680. sea cave, bioerosion notch, Ghyben-Herzberg lens, mixing zone, carbonate diagenesis, flank margin model, dissolution cave development, carbonate platform, Bahamas; 00317. sedimentation, phosphorus, productivity, stratification, organic matter, Baltic Sea; 10650.

Halocline sample
estuarine sample, mercury, surface active particle, Yugoslavia, Krka Estuary; 11679.

Haloethenes
vinylchloride, vapour phase reaction, Fourier Transform IR spectroscopy, chlorine, nitrate radical, 06637.

Halogen
accident source term, source term, critical review, radio nuclide, noble gas, USSR, Chernobyl; 12516.

Halogenated aliphatic
allyl chloride, chloroprene, hexachlorocyclopentadiene, vinylidene chloride, chlorine, hydroxyl radical, toxic contaminant, 10190.

Halogenated carbonyl
stratosphere, carbonyl halide, matrix isolation spectroscopy, 06612.

Halon
CFC's, emission, stratospheric ozone, Montreal Protocol, ozone depletion, halocarbon, chlorine, 04409. chlorine, bromine, ozone, stratosphere, tropospheric lifetime, CFC, 07837.

Halophytic ecosystem
biological indicator, Solonchak, microarthropod, USSR, Dagestan, Terek River Delta; 00480.

Hamersley Group
Dales Gorge Member, Proterozoic(Early), carbonate, chert, Brockman Iron Formation, iron, carbonate, Australia, Western Australia, Hamersley Range; 07082.

Hampshire Formation
miospore, flooding, Iapetus Ocean, Devonian(Late), Famennian, Belgium, Ourthe Valley; USA, West Virginia; USA, Virginia; 10618.

Hand dug well
groundwater quality, colour, alkalinity, nitrate level, sulphate level, sewage effluent, groundwater chemistry, shallow groundwater, metamorphic terrain, Nigeria, Modakeke; Ile Ife; 05231.

Hand held penetrometer
soil penetrometer, field instrument, penetrometer, 08593.

Hand pump
iron, biofilm, village water supply, corrosivity, groundwater quality, 06378.

Handpump
organic waste, groundwater pollution, groundwater quality, rural area, corrosivity, Ivory Coast; Ghana; Mali; Niger; Burkina Faso; 06376.

Hanging glacial valley
earthquake, morphological evidence, Quaternary, normal faulting, seismic hazard, wine glass valley, erosional surface, uplift, Spain, Pyrenees; Catalonia; 08362.

hanging wall
vertical offset, neotectonic history, geometric segmentation, Campo Grande Fault, fault, Cenozoic fill, calcrete, scarp height, rupture, Pleistocene(Late), USA, Texas, Hueco Basin; 11880.

hangingwall
fault segmentation, footwall lithology, active normal faulting, extension, normal fault, graben, Greece; 08365. structural characteristic, earthquake, Ierissos Earthquake(1932), Agios Efstratios Earthquake(1968), fault geometry, dextral strike slip movement, transtensional deformation, Aegean Sea; 08368.

hangingwall salient
fault scarp, degradation, structural heterogeneity, neotectonic fault zone, normal fault zone, slip plane geometry, deformation pattern, Greece, Aegean Region; 08366.

Hanifa Formation
carbonate platform, isostatic sagging, hydrocarbon, Jurassic, carbonate source rock, mudstone, 07059.

HAPEX MOBILHY data set
water budget, land surface, parameterisation scheme, 08873.

haphazard packing
packing concentration, void, sphere packing, 03510.

Haplaquod
organic matter extraction, extraction procedure, Haplaquoll, Cryoboroll, Haploboroll, 10869.

Haplaquoll
Cryoboroll, Haploboroll, Haplaquod, organic matter extraction, extraction procedure, 10869.

Haploboroll
Haplaquod, organic matter extraction, extraction procedure, Haplaquoll, Cryoboroll, 10869. microwave-radiation treatment, incubation effect, resin-extractable nutrient, calcium, magnesium, phosphorus, potassium, microbial activity, USA, Montana; 12095. microwave-radiation treatment, microbial activity, incubation effect, resin-extractable nutrient, nitrate, ammonium, sulphur, USA, Montana; 12094.

haplohumult
argixeroll, colluvium, weathering, chlorite, serpentine weathering, smectite, soil, mineral weathering, phyllite colluvium, serpentinite, USA, California, Klamath Mountains; 12014.

Haploxeralf
clay mineralogy, mineral analysis, pyrophyllite, Spain; 08621.

Hapludult
Epiaquic Haplustult, supporting solution, soil solution, variable charge soil, Bladen series, Wedowee series, Podsolic soil, aluminium, Albaquult, Australia; USA, Georgia; 08581.

Haplustalf
soil plant relationship, soil sodicity, tree growth, 07374.

harbour
alluvium, wave, beach, coastline, erosion, sea defence, USSR, Georgia, Inguri River; 11711. beach, impact, cartography, Spain, Northern Castellon Coast, Vinaroz Harbour; 03590. caesium, mixing rate, sedimentation rate, radionuclide, tracer, China, Fujian Province, Meizhou Bay; 01265. engineering, erosion, sedimentation, dredging, 03582. erosion, accretion, energy flux method, longshore transport, dredge, beach, Argentina, Buenos Aires Province, Mar del Plata; 10546. gamma ray density gauge, port, siltation, engineering, China, Lianyun Harbour; 02491. hydrocarbon, trace metal, contaminant, sea water, organism, Atlantic, Bermuda; 01268. PAH's, phototoxicity, hazard, photoactivation, toxic substance, dredging, USA, Great Lakes, Lake Michigan; 11703. provenance, grain size data, shoreline, Laplace distribution, sand, Libya, Tripolitania, Lepcis Magna; 04879. raster, GIS, pollution information, tidal mixing, USA, Massachusetts, Boston; 06908.

harbour sediment
dredging, cadmium, bioavailability, heavy metals, Canada, New Brunswick, Dalhousie; Belledune; 01256.

hard transition zone
post glacial uplift, geophysical signature, post glacial rebound, rotational signature, 13028.

Hardeberga Formation
transgression, delta, barrier island, hummocky cross stratification, Cambrian, Denmark, Bornholm; 03598.

hardening function
boundary stress, shear, isotropic soil, elasto plastic soil, plastic strain increment, yield function, flow rule, 11890.

hardground
glauconite, goethite, phosphate, continental margin, iron, Australia, New South Wales; 09366. meteorite impact, microbial process, stromatolite, iron oxide, sea level change, iridium anomaly, Australia, Western Australia, Canning Basin; 11799. phosphate, microbial community, Cretaceous, chalk, France, Somme; Oise; 03645. shelf deposit, cementation, carbonate, Abrakurrie Limestone, continental margin, Australia, Eucla Platform; 10611. shore, carbonate rock, bioerosion, boring, ichnology, Greece, Rhodes; 03647. suspension feeder, fauna, carbonate mound, current, lithoherm, Atlantic, Little Bahama Bank, Straits of Florida; 01309.

hardness
groundwater quality, geostatistical method, outlying data point, IRF-k method, point kriging, chloride, 02929. nannofossil, engineering, coccolithic, chalk, Europe, Anglo-Paris Basin; 03588.

hardpan
cementing agent, SEM, TEM, saprolite, Australia; 01616. clay mineral, semi-arid area, calcrete, Nubian sandstone, Cretaceous, Egypt, Western Desert, Barget El-Shab; 01234.

hardsetting soil
root growth, structural regeneration, sandy loam, penetration resistance, soil bulk density, UK; 12083. soil structure, tillage, dispersive behaviour, structural stability, Australia, Western Australia; 12053.

hardware
image processing, thinning algorithm, parallel computing, 02105. software, government agency, GIS, USA; 01028. software, standards, computer, cartography, 02179.

hardware acquisition

software acquisition, academic geocomputing, education curricula, 06707.
hardware configuration
field implementation, automated survey system, USA, Virginia; 07956.
hardware improvement
software improvement, geographic technique merging, cartographic data, data display, 13860.
hardware platform
DTM, TIN creation, data collection, Canada, New Brunswick; 13856.
hardware use
software use, forestry school, teaching programme, training exercise, image analysis, USA; 11574.
hardwood
oak, hickory, forest soil, soil solution, solution chemistry, nitrogen, soil chemical property, black locust, pine, USA, North Carolina, Appalachians; 13259.
hardwood stand
nitrous oxide, soil, emission, red pine plantation, USA; 05530.
hardwood stand density
high altitude photography, biometric data, visual imagery interpretation, USA, California; 08101.
Harmallan dust
soil mineralogy, clay mineral, soil chemical property, savanna soil, silt, Nigeria; 12110.
Harmattan dust
dust fall, dust composition, atmospheric dust, soil development, Nigeria, Zaria-Kano; 12111.
harmonic analysis
deep borehole, groundwater flow, amplitude ratio, phase shift, well tide, tidal strain, Venedikov harmonic analysis method, water level, aquifer permeability, 09850.
harmonic oscillator
excitation function, polar wobble, 12610.
Harned's rule
salinity, solubility, halite, temperature, brine, Middle East, Dead Sea; 04752.
Harney silt loam
soil sampling, phosphorus soil test, no-till soil, phosphorus fertiliser, Keith clay loam, Woodsen silt loam, USA, Great Plains; 12089.
Harrinkangas Formation
sedimentological analysis, lithostratotype, Weichselian, sediment, stratotype, Kauhajoki Formation, Kela Formation, Siuntio Till, Espoo Till, Pikkala Sand, Kauhajoki Till, Finland; 07238.
harvest
thunderstorm, satellite imagery, hail damage assessment, salvage harvest, Canada, Ontario, Algonquin; 09250.
harvester ant
soil moisture pattern, rangeland, infiltration, groundwater recharge, USA, Idaho; 02893.
harvesting
productivity, fire, decomposition, forest product, biomass energy, carbon dioxide, 10212.
Haslach glacial
Pleistocene, glaciation, bibliography, Wurm, Riss Wurm interglacial, Mindel, Germany, Bavaria, Alpine Foreland; 11960.
Hatano theory
heavy rainfall, slope failure, orthophotomap, weathered soil depth, Japan; 00255.
Hatches Creek Group
Proterozoic, Reynolds Range Group, transgression, quartzite, pelite, metamorphism, Australia, Northern Territory, Reynolds Range, Arunta Block; 07047.
Hausdorff dimension
sorting, roughness, channel, bed topography, bedform, semivariogram, 12837.
Hauy Formation
lava flow, backarc basin, volcaniclastic sedimentation, Archean, Canada, Quebec, Chibougamau; 08238.
Hawker Group
Parara Limestone, Cambrian, carbonate, slope facies, diagenesis, Australia, South Australia, Flinders Ranges, Wilkawillina Gorge; 11746.
Hawthorn Group
phosphate, carbonate, reworking, USA, Florida; 01339.
hay fever
urban air quality, respiratory disease, health history, smoking, ozone, particulate matter, sinusitis, 09056.
Hayes volcano
Tangle Lakes tephra, tephra correlation, Holocene, Jarvis Creek Ash, volcanic ash, Cantwell ash, USA, Alaska; 10736.
hazard
anthropogenic, gully erosion, ravine formation, USSR, Volgograd Area; 03949. avalanche regime, avalanche seasonality, USSR; 13073. desertification, climatic fluctuation, arid zone, drought, 11177. emergency operation, environemntal protection, USA, Alaska; 10423. eruption, mass wasting, Holocene(Late), destructive phase, volcano, Arenas eruptive stage, Azufrado eruptive stage, Lagunillas eruptive stage, rockslide, debris avalanche, Colombia, Nevado del Ruiz Volcano; 00244. fire effect, soil, semi arid woodland, erosion susceptibility, rain impacted flow, degraded woodland, Australia, New South Wales, Coolabah; 07329. flood, landslide, uplift, erosion, seismicity, glacial surge, India, Himalayas, Western Himalaya; 04927. geological mapping, mass movement, land use planning, mass movement, rockslide, rockfall, snow avalanche, debris flow, Norway; 07190. GIS, shoreline management, flood damage, Canada, Great Lakes; 13954. landslide, sandstone shale sequence, deep seated landslide, pore water pressure, slope failure, UK, England, Derbyshire; 07182. natural hazard, avalanche protection, engineering protection measure, climate region, Switzerland; 10730. neighbourhood analysis, ILWIS, DTM, rockfall, 02200. Peralta Tuff Member, Bearhead Rhyolite, tuff, surge deposit, pyroclastic, USA, New Mexico, Jemez Mountains; 10565. photoactivation, toxic substance, dredging, harbour, PAH's, phototoxicity, USA, Great Lakes, Lake Michigan; 11703. sediment failure, slump, debris flow, earthquake, slope failure, Japan Sea, Korea Plateau Slope; 10570. threshold analyses, natural surface process, environmental geomorphology, 07132.
hazard assessment
geoscientific map, computer method, landslide susceptibility, Digital Elevation Model, Germany, Mainz; 09522.
hazard forecast
risk, avalanche, mudflow, USSR, Caucasus, Elbrus Region; 06063.
hazard management
environmental management, flood hazard management, 12286.
hazard mapping
artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, mountain hydrology, sediment deposition, flushing, slope morphology, hillslope hydrology, flood hazard, landslide hazard, 12136. Landsat MSS, aerial photograph, terrain classification, India, Garhwal Himalaya, Kalsi-Chakrata; 02199. methodological experiment, environmental problem, radiometric method, radon, 12311.
hazard mitigation
risk vulnerability, architecture, landslide, urban planning, applied geomorphology, natural hazard, built environment, 10728.
hazard prediction
database, storm surge model, USA, Texas, Galveston Bay; 06907. hydrocarbon drilling, GIS, sea surface, sea bed, Canada, Labrador Shelf, Grand Banks; 13907. loess collapse, karstic collapse, permafrost, flooding, landslide, debris flow, earthquake, natural hazard, geological hazard, China; 13075.
hazard zonation
cliff stability, cliff stop recession, landslide hazard, coastal landslide, UK, England, Devon; 07188.
hazard zone map
population distribution, GIS, hazardous material, USA; 05779.
hazardous landscape
fluvial landscape, loessic landscape, desert landscape, periglacial landscape, glacial landscape, landscape, China; 06009.
hazardous material
complex behaviour, materials submodel, dispersion, thermodynamic equilibrium, chemical reaction, 13740. hazard zone map, population distribution, GIS, USA; 05779.
hazardous rockfall
warning sign, natural hazard, mass wasting, rockfall accident, USA, Montana, Glacier National Park; 09533.
hazardous substance
toxic gas, aerosol, two phase pipe flow, two phase jet, source term model, atmospheric dispersion, 06564.
hazardous waste
AAL soil contact criterion, risk assessment, public health threat, soil evaluation, contaminated soil, USA, California; 08410.
hazardous waste disposal
iron oxide, manganese oxide, micromorphology, SEM, USA, Tennessee; 01589. nuclear waste disposal, groundwater discharge, recharge estimate, vadose zone, lysimeter, caesium-137, groundwater contamination, USA, Washington, Hanford Site; 02918.
hazardous zone
SPOT, quantitative geomorphology, GIS, DTM, Bolivia, La Paz; 10395.
haze
airborne measurement, lidar, sulphur, particle, Arctic; 11336. cloud, ice crystal precipitation, lidar observation, aerosol, Greenland, Thule; 04461. dust radiance, chlorophyll, CZCS imagery, Saharan dust, 12567. isotope measurement, sulphur, Arctic; Canada; 09077. tracers of opportunity, pollution, methylchloroform, perchloroethylene, particle light scattering, urban source, long range transport, USA, Nevada, Spirit Mountain; 02018. tropospheric aerosol, aerosol size distribution, particle volume, North America; 13720.
HC expression
counterfactual, hierarchical counterfactual, learning, 11480.
HCFC's
CFC's, chemical transport model, halocarbon, hydroxyl radical, 09074. chlorine, oxidation study, 10179.
HCMM
Landsat TM, land use, thermal pattern, NOAA, Germany, Baden-Wurttemberg; 00956. structural analysis, image processing, linear feature, Landsat MSS, Spacelab, France; 03414.
HCMM data
albedo, surface temperature, mixed pixel, Mediterranean woodland, France; 05733.
head
glacial deposit, erratic, raised beach, till, Wolstonian, Devensian, UK, England, Scilly Isles; 13143. slope, growan, solifluction material, grain size analysis, sorting, Rosin and Rammler distribution, weathered granite, UK, England, Dartmoor; 07183.
head distribution
aquifer characteristic, transmissivity, recharge, inverse problem, regional head distribution, hydraulic parameter, stochastic inverse modelling, groundwater flow, Portugal, Rio-Maior Aquifer; 05223. converging flow field, groundwater flow, Monte Carlo simulation, transmissivity, pump test, chemical tracer test, reliability theory, nonconverging flow field, 09871.
head disturbance
single borehole hydrotest, univariate statistical method, well test, aquifer response, groundwater flow, frequency domain approach, 09868.
head level
hydraulic conductivity, monitoring programme, water management, groundwater hydraulics, management model, optimal withdrawal rate, 09926.
head measurement
transmissivity estimation, global convergence, convergence property, groundwater flow, hydraulic head, aquifer property, confined aquifer, Italy, Friuli Aquifer; 13414.
head moment estimate
groundwater flow, Monte Carlo simulation, parameter uncertainty,

pumping rate, dewatering, confined aquifer, 01724.
ead profile
groundwater flow, soil hydraulic property, unsaturated transient flow, van Genuchten equation, cumulative drainage, parameter estimation, 02898.
ead variance
infiltration, stochastic model, groundwater flow, heterogeneous aquifer, unsteady head field, water table response, 09892.
eadcut incision
colluvial fan formation, infiltration, percolation, overland flow, runoff generation, rilling, sedimentation, slope length, erosion, deposition, Horton runoff volume, surface sealing, 05125.
eadland
erosion, longshore transport, shoreline, sea level rise, wave, Canada, Nova Scotia; 02338. overwash, wave power, drumlin, barrier, paraglacial coast, Canada, Nova Scotia, Story Head; 06992. tidal current, estuary, current meter, ebb current, USA, Washington State, Hood Canal; 02326.
eadward erosion
mechanical strength, slope evolution, valley side slope, rock property, hilly land, rock hardness, tensile strength, Schmidt rebound, infiltration capacity, v-shaped valley, Japan, Hokkaido, Shiranuka Hill; Soya Hill; 08402.
eadward extension
prehistoric gullying, Recent, gullying, gully growth, colluvium, stoneline, Zimbabwe, St. Michaels Mission; 08552.
eadward migration rate
knickpoints age, gully, knickpoint, piedmont fan, recurrence interval, earthquake, China, Helanshan Mountain; 02506.
eadward sapping
thermokarst, fluvial valley origin, canyon, ridged lava plain, thrust fault, impact ejecta, Mars, Aeolis Quadrangle; 06011.
eadwater
organic matter, basin, clay, lake, delta, New Zealand, Lake Te Anau; 10529.
eadwater piezometer
stream flow gauging, lag time, unit area discharge, steep terrain, drainage basin, forested terrain, rainfall impulse tracking, runoff routing, data logger, storm hyetograph, tipping bucket rain gauge, 08673.
ealing
ter development, inselberg, lavaka, gully, Madagascar; 10678.
ealth
aluminium, potable water, acidification, atmospheric deposition, water quality, toxicity, water quality, 00496. sociocultural environment, urban climate, 11185.
ealth care
forestry, regional planning, decision support, land information, property information, GIS, transport, Europe; 10323. statistical map, map, disease, 04583.
ealth history
smoking, ozone, particulate matter, sinusitis, hay fever, urban air quality, respiratory disease, 09056.
ealth information
World Health Organisation, GIS, Europe; 10479.
ealth problem
heavy metals, potable water, water quality, toxicity, USA, Kansas, Galena; 01768.
ealth resort
climate region, sunshine duration, heliotherapy, Poland; 13500.
eap
pattern recognition, cluster analysis, agglomerative clustering, 11479.
eat
mass transfer, isothermal region, freezing soil, osmotic potential variation, freeze-thaw event, permafrost, zero curtain effect, 02691. moisture, entrainment, mixed layer depth, advective mixed layer model, 07689.
eat balance
air sea interaction, surface heat flux, ocean temperature, Argentina, San Matias Gulf; Nuevo Gulf; Argentina, San Jose Gulf; 05408. asphalt pavement, soil surface, surface temperature, temperature, 12357. climatic change, water loss:heat loss ratio, hydrology, water balance, 09784. Warmwassersphaere, oceanic heat gain, subtropical gyre, Atlantic; Indian Ocean; 07730.
eat balance method
snow, runoff discharge, flood forecasting, snowmelt, surface temperature, freezing depth, 04148.
eat budget
El Nino/Southern Oscillation, sea surface temperature, ocean transparency, mixed layer, solar radiation, Pacific; 07728. moisture budget, tropical squall line, squall line, Africa, (West); 10110. ocean surface, sea surface temperature, temperature field formation, Pacific; 11224. polar troposphere, winter(1988-1989), continental air mass, warm advection, adiabatic warming, radiative cooling, USA, Alaska; 09999. Schmidt thermal stability, Birgean wind work, humic lake, heat resistance, lake, mixing, forest lake, Finland; 13332. solar height, surface heat budget, sea surface, radiative flux, sea surface, bulk formula, Mediterranean, Sardinian Sea; 10033.
eat conduction
surface mulch, thermal property, soil temperature, analytical solution, 07333.
eat conductivity
thermal diffusivity, bottom sediment, geothermal investigation, temperature, 06954.
eat dispersion
aquifer, thermal energy, thermal energy storage, convection conduction dispersion model, groundwater flow, China; 08770.
eat exchange
heat transport, advection, diffusion, air water interface, atmospheric radiation, sensible heat flux, water quality model, 09832. permafrost, technogenous influence, landscape, relief form, Barents Sea; East Siberian Sea; 08509. sedimentation, coagulation, precipitation, complex formation, hydroloysis, redox process, photochemical reaction, microbial decomposition, nitrification, fish growth, sediment water exchange model, water quality model, volatilisation reaeration, adsorption, ion exchange, 09828. water exchange, ocean, frontal zone, synoptic variability, ocean atmosphere exchange, 12385.
heat flow
denundation, apatite, thermal history, fission track analysis, Indian Ocean, Bengal Fan; ODP Site 717; Indian Ocean, ODP Site 718; 04864. fractured tuff, nuclear waste, nuclear waste repository, effective continuum approximation, unsaturated tuff, thermohydrologic conditions, groundwater contamination, permeability, capillary pressure, multiphase fluid flow, 01739. Holocene, creep, thermal characteristics, permafrost, rock glacier, bore hole, Switzerland, Swiss Alps, Grisons, Murtel Corvatsch; 01459. thermohydrologic conditions, nuclear waste, fractured tuff, fracture effect, groundwater contamination, unsaturated tuff, nuclear waste repository, permeability, capillary pressure, multiphase fluid flow, USA, Nevada, Yucca Mountain, Topopah Spring; 01738.
heat flow anomaly
sulphide, hydrothermal fluid, hemipelagic sediment, oxygen isotope, nodule, spreading centre, Pacific, Juan de Fuca Ridge, Middle Valley; 11698.
heat flow model
soil temperature, thermal diffusivity, soil compaction, 05070.
heat flow simulation program
COLDSPOT, simulation, cryostatic desiccation process, sand intraclast, diamicton, shore bluff, brecciated diamicton, Canada, Ontario, Mohawk Bay; 01428.
heat flux
complex terrain, boundary layer, stability breakdown, planetary boundary layer, 13505. convection, refractive index structure, sensible heat flux, latent heat flux, scintillation, path averaged flux, 13512. forest canopy, radiative cooling, Richardson number, nocturnal exchange, rain forest, carbon dioxide, Brazil, Amazon; 07842. geoid anomaly, plate velocity, sea level, asthenospheric viscosity, deglaciation, mantle viscosity, model, postglacial rebound, 13029. marine boundary, boundary layer modification, retroflection region, cyclogenesis, baroclinicity, surface heat, Atlantic, Agulhas Bank; 12381. mixed layer depth, acoustic sounder, sodar estimate, surface heat, 11192. moisture flux, aerodynamic roughness, land surface, skin temperature, surface climatology, sensible heating, lantent heating, 06461. moisture flux, flux time scale, monsoon, surface flux patterns, India; 12336. NOAA-7 satellite, infrared data, fair weather, cloudy situation, radiation, heat flux, satellite data, net radiation, surface heat flux, France; 09977. palaeoclimatic indicator, forward theory, permafrost, surface temperature change, temperature history, geothermal data, inverse theory, USA, Alaska, Prudhoe Bay; 08507. parametrisation, tropical ocean, ocean, 13565. polynya, sea ice model, heat transfer rate, lake, ice sheet, Canada, North West Territories, Yukon River Basin; 01465. satellite data, net radiation, surface heat flux, heat flux, NOAA-7 satellite, infrared data, fair weather, cloudy situation, radiation, France; 09977. sea surface temperature anomaly, El Nino, ocean model, ENSO signal, Pacific; 06480. soil temperature, tillage simulation, experimental verification, energy exchange process, water flux, 12368. soil water movement, frost, groundwater flow, 12262. solute transport, groundwater flow, water management, groundwater quality, 12225. stress, inertial oscillation, sea breeze, dry season, savanna site, boundary layer process, Koorin experiment data(1974), surface flux, Australia; 08871.
heat flux calculation
stratosphere, National Meteorological Center, European Centre for Medium Range Weather Forecasts, eddy heat flux, Antarctica; 10056.
heat flux density
Landsat TM, surface energy balance, on-site measurement, 01095. soil moisture, mountainous terrain, evaporation, alpine tundra, water balance, energy balance, potential evaporation, Canada, Cordillera; 08658.
heat flux divergence
gravity wave, middle atmosphere, 08939.
heat flux measurement
Pinus pinaster stand, forest, sap flow, evaporation, energy balance, sensible heat flux, 13540.
heat flux profile
vertical velocity, turbulent kinetic energy, convective boundary layer, cold air outbreak, roll vortex, 05399.
heat influx
troposphere, potential vorticity, Atlantic; 03098.
heat island
building, housing, urban climatology, Poland, Warsaw; 07713. hydrocarbon, urbanisation, ozone, PAN, emission, urban atmosphere, USA, Georgia, Atlanta; 05527. model, canyon geometry, urban fabric, nocturnal cooling, cooling, urban climatology, 12352. precipitation, insolation, pollution, urban climate, temperature, Japan, Tokyo; 05390. urban rainfall, orography, rainfall anomaly, numerical study, meso gamma scale indexing, Israel, Jerusalem; 11200. urban temperature, air temperature, climate change, Yugoslavia, Belgrade; 09007. warming, urban area, China; 07709.
heat island effect
urban area, heat sink, 11193.
heat low
biogeophysical feedback, albedo, atmospheric subsidence, horizontal divergence, vertical velocity, radiative cooling, Hadley cell, radiative balance, Australia; 08856.
heat meridional transport
climate change, general circulation climate model, 08918.
heat pollution
global warming, carbon dioxide, surface warming, 08992.
heat pulse method
soil temperature, soil probe, specific heat, 10925.
heat pumping mechanism
positive feedback, feedback amplification, volcanic activity, extraterrestrial disturbance, Younger Dryas, cold spell cause, deep sea record, climatic change, last deglaciation, Nordic heat pump, 07193.
heat resistance
lake, mixing, forest lake, heat budget, Schmidt thermal stability, Bir-

gean wind work, humic lake, Finland; 13332.
heat sink
heat island effect, urban area, 11193.
heat source
moisture sink, precipitable water, outgoing longwave radiation, rainfall rate, satellite measurement, tropical precipitation, precipitation rate, 01827.
heat storage
oceanic heat content, El Nino, heat transport, Pacific; 08882. thermocline, sea surface temperature, Middle East, Dead Sea; 03084.
heat transfer
basin, pressure, compaction, porous media, water flow, 09311. meltwater refreezing, porosity, capillary effect, bulk density, snow temperature, grain size, meltwater infiltration, subfreezing snow, mathematical model, water flow, 01745. partial canopy cover, canopy cover, cotton field, soil surface, leaf area index, two layer model, evapotranspiration, one layer model, 10016. radiative heat transfer, numerical simulation, thermal structure, urban atmosphere, polluted atmosphere, aerosol characteristic, boundary layer, 12353. sedimentary basin, temperature change, pressure change, interstitial solution, mass transfer, solute transport, diagenesis, buoyancy flow, 08269. soil, cold store, conduction, 01452. turbulent structure, rough surface, turbulence, boundary layer, momentum transfer, 03066. water retention, meltwater runoff, snow cover energy, mass balance model, fir forest, Canada, Quebec, Lac Laflamme; 01747.
heat transfer rate
lake, ice sheet, heat flux, polynya, sea ice model, Canada, North West Territories, Yukon River Basin; 01465.
heat transport
advection, diffusion, air water interface, atmospheric radiation, sensible heat flux, water quality model, heat exchange, 09832. groundwater recharge, mobile water content, water flux, infiltration, soil water, tracer technique, unsaturated hydraulic conductivity, recharge rate, solute transport, 07524. heat storage, oceanic heat content, El Nino, Pacific; 08882. ridged soil, groundwater flow, unsaturated zone, tilled soil, soil water, water transport, 06334. salinity forcing, ocean model, inter basin transport, 08894. water vapour transport, canopy transport, gradient diffusion relationships, aerodynamic resistance, surface resistance, energy transport, sparse crop, 12354.
heat wave
discomfort index, physiologic equivalent temperature, weather, climate, illness, death, bioclimatology, urban environment, smog, 02037. ozone precursor emission, ozone, air quality standard, 10175.
heather
wind erosion, bog relief, Heidemoore development, raised bog, Germany, Lower Saxony; 08485.
heating
climato ecological planning, urban climate, Germany; 11186.
heating contrast
ocean, continent, monsoon, orographically induced disturbance, 08865.
heating rate profile
radiative heating profile, cirrus, cloud system, model, 12451.
heatwave
dry bulb temperature, relative humidity, Greece; 03042.
heave test
swelling mechanism, hydration, clay mineral, oedometer test, prediction, long term heave, Spain; 03800.
heavier than air gas dispersion
roughness, entrainment rate, dispersion rate, wind tunnel, tracer gas, homogeneous surface roughness, heterogeneous surface roughness, surface roughness, 10024.
heavy clay
soil cracking, clay soil, shrinkage geometry, 07334.
heavy element transport
surface microlayer, air sea measurement capability, biogenic organometal(loid)s, environmental management, interfacial biomediation, biogeoorganometallic chemistry, 05545.
heavy gas
dispersion, wind tunnel modelling, accidental release, safety analysis, 13700.
heavy goods vehicle
diesel debate, smoke, emission control, 09028.
heavy lift transportation
oil drilling, towing fleet, 07617.
heavy metal
acidification, land use, precipitation chemistry, lake water quality, acid deposition, hill top lake, diatom, pollen, chrysophyte, Norway; 06303. aerosol, metal, Atlantic; 11348. agricultural soil, sewage sludge, sludge amendment, PAH, soil pollution, 09688. anthropogenic discharge, suspended sediment, urbanisation, sediment load, bed sediment, India, Bay of Bengal; Godavari River; 10587. aquifer pollution, electricity production, landfill, waste disposal, dispersion, convection, contaminant transport, model calibration, groundwater quality model, sulphate, Denmark; 11058. bioavailbility, trace element, estuary, speciation, anthropogenic input, India, Cochin Estuary; 08209. biodegradation, waste, pollutant, bottom sediment, organic carbon, Venezuela, Tuy River Basin; 08199. biomonitoring, sulphur dioxide, nitrogen oxide, hydrocarbon, dust, pollution, Poland, Katowice, Upper Silesia; 09025. carbon, nutrient, pollutant, wet only sampler, ecotoxic heavy metal, dissolved organic carbon, rain water, snow, atmospheric deposition, acid, Netherlands, Yerseke; 09043. complexing agent, bottom sediment, heavy metal mobilisation, Greece, River Axios; River Aliakmon; 05886. compost, nitrogen, mineralisation, elemental availability, sewage sludge, 07357. contamination, sewage, pollutant, monsoon, India, Bombay, Ulhas River; Thane Creek; 12907. copper, cadmium, particle size, sewage, sediment organic content, bottom deposit, UK, England, Norfolk, Broads; Yare River; 08203. copper, ion selective electrode, pH, oxygen, anthropogenic source, lake water, industrial discharge, Italy, Lake Orta; 09480. field crop, carrot, grass, spinach, wheat, atmospheric deposition, 11369. groundwater quality, infiltration, road construction, sodium, ion exchange, redox reaction, oxidation, salt water intrusion, sea sand, 07550. hydrothermal material, marine sediment, Mexico, Gulf of California, Mazatlan Basin; 09441. industrial pollutant, waste water treatment, iron, copper, magnesium, cadmium, lead, groundwater contamination, India, Aligarh City; 06369. industrialisation, anthropogenic discharge, pollutant, sewerage, monsoon, suspended solids, India, Bombay, Thane Creek; Ulhas River; 12906. intertidal flat, mud flat, estuary, redox profile, anoxic sediment, Belgium, Scheldt Estuary, Ballasplaat Mud Flat; 10583. lead, bottom sediment, cadmium, reservoir, USSR, Dneiper River; 10525. lichen, aluminium, copper, zinc, iron, lead, biological indicator, USA, Louisiana, Baton Rouge; 04443. mercury, methylmercury, pollution plume, food chain, eel, fish, UK, England, Norfolk, Yare River; 08202. metal remobilisation, sorbed metal, bacterial wall, clay, leaching, chromium, silver, copper, 13253. metalloid, filter, ambient air, 06668. migration, smeltery, dust, 06705. natural water, metal bioavailability, speciation, 09452. organic matter, carbonate, marine geology, pollution, eutrophication, sedimentation, India, Kerala, Mahe Estuary; 08208. organic micropollutant, floodplain, surface water quality, suspended matter, sediment contamination, PAH's, polychlorobiphenyl, hexachlorobenzene, DDT, DDT metabolite, Netherlands, Waal River; Rhine River; 11024. PAH, fishery, anthropogenic influence, benthic survey, North Sea, Oyster Grounds; 07037. PAH, vehicle pollution, highway, pollution, deposition flux, 13721. PCBs, PAHs, pollutant, grain size, micropollutant, 10658. permafrost, trace element, soil chemical property, Arctic soil, humus, Svalbard, Spitsbergen; 12115. pH, water quality, precipitation, copper, 05928. pollutant, anthropogenic influence, sedimentation, suspended sediment, reservoir, dam, Spain, Ebro Delta; 05883. pollution, copper, zinc, coastline, anthropogenic pollution, Japan, Seto Inland Sea; 09388. pollution, fly ash, 11356. pollution, organic carbon, water soluble contaminant, compost, waste disposal, groundwater quality, 13431. pollution, polychaete, bioavailability, salinity stress, India, Bombay, Thane Creek; 12909. pollution, toxicity, plankton, China, Xiamen Bay; Jiulong River; 09387. radioisotope, core, sampling technique, Baltic Sea; 13001. rhizosphere, copper, absorption, desorption, 13251. sediment source, pollution, productivity, biogenic debris, sedimentation, gyre, Tyrrhenian Sea; 08172. sediment texture, organic content, lead, zinc, sediment transport, effluent, UK, England, Norfolk, Yare River; Broads; 08204. sediment, surface water quality, USA, Ohio River; 12208. sewage, organic carbon, landfill, leachate, USA, New York City, Jamaica Bay; 08197. sludge amended soil, sewage sludge, soil profile, heavy metal accumulation, soil pollution, 09680. soil acidification, organic contaminant, trace substance, atmospheric input, soil contaminant, UK; Scandinavia; 10901. surface water chemistry, suspended matter, calcium, sodium, metal pollution, China, Huang he River; Chang Jiang River; China, Zhu Jiang River; 08756. surface water quality, trace metal, depth integrated sampling, width integrated sampling, USA, Mississippi River; 08758. thermal spring, pH, dissolved oxygen content, free carbon dioxide, limnology, biota, groundwater quality, India, Santhal Parganas; 12249. urban pollution, multivariate analysis, geochemical study, Spain, Madrid; 13726. water quality, sewage treatment, toxicology, pollution, river water, 09377.
heavy metal accumulation
detention pond, highway runoff, Environmental Protection Agency Toxicity Characteristics Leaching Procedure, surface water quality, metal-sediment association, heavy metal transport, sediment accumulation, USA, Florida; 00565. soil pollution, heavy metal, sludge amended soil, sewage sludge, soil profile, 09680.
heavy metal burden
oxidant, nitrogen, carbon cycle, forest decline, coastal eutrophication, sulphur, biosphere, climate change, acid deposition, nutrient flux, 05459.
heavy metal concentration
aerosol, trace metal, aerosol concentration, North Sea; 13669. supernova outburst, beryllium-7, 11396.
heavy metal contamination
public water supply, mercury, water tempeature, water quality monitoring, volcanic activity, groundwater contamination, Japan, Izu-Oshima Island; 04134. soil, landscape geochemistry, chemical weathering, basalt, India, Bombay; 10824.
heavy metal content
agricultural soil, Canada, Alberta, Peace River Region; 05093.
heavy metal mobilisation
heavy metal, complexing agent, bottom sediment, Greece, River Axios; River Aliakmon; 05886.
heavy metal mobility
soil pollution, trace element, groundwater contamination, 09678.
heavy metal pollution
soil pollution, waste water irrigation, irrigation, China, Tianjin; 12086.
heavy metal transport
mercury, copper, nickel, cadmium, cobalt, zinc, organic pollutant, India; 10905. sediment accumulation, heavy metal accumulation, detention pond, highway runoff, Environmental Protection Agency Toxicity Characteristics Leaching Procedure, surface water quality, metal-sediment association, USA, Florida; 00565.
heavy metals
agriculture, scavenger, city, anthropogenic source, suspended particle, bed sediment, India, Krishna River; Bay of Bengal; 01199. anthropogenic source, coal, coal, Baltic Sea, Eckernforder Bight; Geltinger Bight; 00075. bioturbation, sedimentation rate, radionuclide, Chernobyl nuclear accident, Germany, Elbe Estuary; 04788. bottom sediment, anthropogenic activity, trace metal, organic carbon, water quality, India, Cochin; 04736. catchment, mining, floodplain, sediment profile, sedimentation, 04781. coal carbonisation wastewater, toxicity, organometallic complex, water contamination, India; 00495. coal mining, nickel, lead, copper, zinc, Poland, Lublin; 01605. contamination, estuary, lead, zinc, New Zealand, Pauatahanui Inlet, Porirua Harbour; 01267. desorption, pH, lead, cadmium, zinc, copper, exchangeable cation, 02766. effluent, contamination, speciation, flood, Egypt, Nile Delta; River Nile Valley; 04792. estuarine sediment, anthropogenic source, reference element, aluminium, contamination, USA, Florida, Miami River; Biscayne Bay; 02379. evaporation, Tortonian, Pliocene, salinity, Messinian sediment, Cyprus, Polemi Basin; Pissouri Basin; 03618. halite, coprecipitation, overturn, stratification, water column, Middle East, Dead Sea;

00032. harbour sediment, dredging, cadmium, bioavailability, Canada, New Brunswick, Dalhousie; Belledune; 01256. India, Yamuna River; 01264. industrial waste, soil contamination, crop contamination, irrigation, USSR, Tomanyan Rayon; 01561. marine sediment, geoaccumulation index, estuary, pollution, Spain, Guipuzcoa Coast; 04782. mercury, Enterobacteriaceae, organomercurial, bacterial resistance, biological indicator, pollution, 03263. mesotrophic lake, phytoplankton, zooplankton, lake water quality, Poland, Lake Piaseczno; 02859. organic micropollutant, eutrophic lagoon, lagoon, atmospheric deposition, lake water quality, nutrient, Brazil, Rio de Janeiro State, Lagoa de Guarapina; 04054. particle, sampling, sulphate, calcium, iron, magnesium, potassium, nickel, lead, zinc, cadmium, chromium, aerosol, Spain, Valladolid; 03179. petroleum, detergent, bioassay, chemical water pollution, biological water pollution, microorganism, 01689. plankton, zoobenthos, ichthyofauna, sediment, mesotrophic lake, lake water quality, Poland, Lake Piaseczno; 02860. pollutant, dustfall, air pollution, cement dust, Turkey, Elazig; 01262. pollution, cadmium, lead, coastal sediment, India; 01263. pollution, industrial source, soil, China, Shanghai, Baoshan-Wusong; 02768. potable water, water quality, toxicity, health problem, USA, Kansas, Galena; 01768. rehabilitation, remediation, restoration, upland stream, ecological degradation, surface water quality, catchment management, water resource management, sedimentation, nutrient leakage, salinisation, Australia; 01767. river sediment, geoaccumulation index, pollution, Spain, Guipuzcoa; 04783. silicon, aluminium oxide, kaolinite, montmorillonite, mordenite, pH, adsorption, 00408. snowpack, snow chemistry, meltwater chemistry, environmental impact, Sea of Japan; 01743. soil, urban environment, USSR, Moscow; 00478. spectral analysis, tracer, pollution, phosphorus, iron, Canada, Great Lakes, Lake Ontario, Hamilton Harbour; 01203. sulphur dioxide, nitrogen oxide, pollution, dust, metal, surface water, Poland; 03252. surface water quality, lead, zinc, mercury, copper, nickel, cadmium, chromium, pollution count, diffuse pollution, Europe, River Rhine; 04067. toxic sediment, organism, seafood, contamination, Sediment Quality Triad, pollution, 04768. trace element, anthropogenic source, pollutant, mud, molluscan fauna, clay, UK, England, Humber Estuary, Easington; 02381. urban air, particulate, iron, manganese, copper, zinc, lead, nickel, particle size distribution, Korea, (South), Seoul; 03181. urban environment, particulate matter, lead, zinc, cadmium, copper, deposition, surface dust, stormwater runoff, rainfall, wet deposition, dry deposition, transport, 00818. wastewater disposal, water chemistry, gas well brine, macropore soil water, micropore soil water, forest hydrology, groundwater quality, 00614. zinc, copper, lead, nickel, cadmium, plant, soil, China, Beijing; 00432.

heavy mineral
Araya Formation, Kawaguchi Formation, sandstone, Miocene, Pliocene, turbidite, Japan, Niigata Prefecture, Higashiyama Region, Nobegawa River; 11730. beach sand, magnetite, coast, amphibole, epidote, France, Western Channel, Lannion Bay; 05835. beach, dune, sand, grain size distribution, Bangladesh, Cox's Bazar; 04710. carbonate, nutrient, runoff, upwelling, Milankovitch, wind velocity, Indian Ocean; Arabian Sea; 11700. clay mineralogy, palaeolake, source rock, Cenozoic, weathering, lacustrine basin, Cameroon, Adamaoua, Anloua Basin; 12945. clay, sedimentation, erosion, uplift, silt, India, Bengal Fan; Himalayas; 04860. concretion, palaeoecology, palaeoenvironment, Maungataniwha Sandstone, Cretaceous, phosphatic concretion, grain size analysis, New Zealand, Hawke's Bay, Te Hoe River; 01308. Cretaceous(Upper), flysch, source terrane, uplift, conglomerate, sandstone, Switzerland, Southern Alps; Italy; 04821. dissolution, Oligocene, sandstone, Frio Formation, provenance, volcanic debris, USA, Texas, Rio Grande Province; 04849. fault, uplift, depositional cycle, breccia layer, volcanic layer, Holocene, Pliocene(Upper), Italy, Aquila, Fucino Basin; 07063. feldspar, diagenesis, isotopic dating, sedimentary provenance, Jurassic(Upper), palynomorphs, North Sea, Central Graben, Argyll Embayment; 08302. glacial material, till, ore boulder, transport distance, Finland; 07236. intrastratal solution, Cretaceous, Tertiary, basin, provenance, New Zealand, South Island; 05940. isotopic ratio, continental crust, zircon, Cenozoic, tectonic evolution, provenance, suspended load, Taiwan; 04829. magnetite, thin section petrology, sandstone, provenance, Holocene, sand, 05972. Mesozoic, Carnot Sandstone, exoscopic analysis, conglomerate, sandstone, Central African Republic; 04804. palaeocurrent, Eocene, Oligocene, thrust, sedimentary provenance, France, Haute Provence; 08246. Paleogene, Neogene, relict sand, Korea; Korea, South Sea; 03563. paleosol, zircon, index weathering, soil, silicate rock, aluminium, 09619. placer, bed load, flume, gravel bed channel, 02310. provenance research, sand, weathering, grain size, microprobe analysis, 07116. provenance, Variscan basement, denudation, uplift, basin evolution, fan deposit, Permo-Carboniferous, Germany; 00141. radionuclide, radiometric method, sand, Netherlands, Texel; 07123. reduction, sedimentation, dam, pelitic material, USSR, Neva Bay; 08207. reef, carbonate platform, bottom sediment, beach, terrigenous clastic, Red Sea, Jubal Strait; 10553. sand provenance, beach sand, texture, India, Karnataka Coast; 10508. sand, silt, continental shelf, mineral provenance, Atlantic, (Northeast); 08179. sandstone, provenance, Cretaceous, Precambrian, Nubian Series, cementation, Jordan; 12948. seabed deposit, Holocene, transgression, continental shelf, Canada, British Columbia, Queen Charlotte Sound; 08171. sedimentary sequence, lithostratigraphy, provenance, Pleistocene(Early) deposit, Tegelen, Kedichem Formation, lithostratigraphic unit, Netherlands, Rhine; Belgium, Meuse; Belgium, Scheldt; 10787. sedimentation, oil reserve, basin type, source rock, sand, gravel, 03583. sedimentation, sorting, weathering, fractionation, titanium oxide, zircon, clay mineral, Portugal; 09442. Semri Group, Kaimur Group, Vindhyan rock, India, Uttar Pradesh, Banda District; 11727. source area, provenance, garnet, Cretaceous, sandstone, Shimanto Terrane, Japan, Yahagi River; 11731. source rock, coast, alluvial sediment, Saudi Arabia, Wadi Al-Fagh; Wadi Al-Qunfudah; Saudi Arabia, Red Sea coast; 05837. source rock, foreset bed, glaciolacustrine delta, delta, dispersal pattern, USA, Connecticut, Lake Quinebaug; 00026. tracer, radioactivity, dune, barrier island, sediment transport, USA, Florida, Apalachicola Bay; 09351. ultramafic source, beach, mechanical abrasion, olivine, river sand, transport, weathering, New Zealand, Westland, Cascade-Martyr River System; 01490. Wajid sandstone, Cambrian, Ordovician, colour, fining upward, sedimentary structure, provenance, Saudi Arabia; 00110. weathering, REE geochemistry, grain size, clay mineral, Yellow Sea; 10560.

heavy mineral analysis
shelf sediment, sediment discharge, ilmenite, source rock, USA, Atlantic Shelf; Hudson River; 02393.

heavy particle
particle dispersion, Lagrangian simulation, statistical simulation, turbulent motion, 13511.

heavy rain
snow, freezing condition, aviation, severe weather, aircraft take off, landing performance, 07620.

heavy rainfall
monsoon, rainfall total, homogeneous zone, India; 07679. slope failure, orthophotomap, weathered soil depth, Hatano theory, Japan; 00255. storm, rainfall frequency, UK, England; 09984.

heavy water vapour isotope
deuterium, ATMOS Spacelab 3, infrared solar spectra, stratospheric profile, 10198.

Hecla soil series
soil texture, hydraulic conductivity, soil water retention, fine-textured soil, unsaturated hydraulic conductivity, pore-interaction factor, soil particle-size data, 12057.

hectorite
caesium, clay, phyllosilicate, spectroscopy, 01351.

hedge
erosion, runoff, soil erosion, control, vetiver grass, 00356.

hedging
water conservation, reservoir performance, water shortage, water management, 00542.

Heidemoore development
raised bog, heather, wind erosion, bog relief, Germany, Lower Saxony; 08485.

Helden clay
antecedent soil moisture, splash detachment, simulated rainfall, soil erosion process, splash erosion, wash erosion, erosion rate, 08536. antecedent water, water content, rainfall energy, soil aggregate, aggregate breakdown, soil stability, aggregate, soil loss magnitude, wet sieving method, Broughton clay, 08537.

height
network, geoid modelling, 04500. pattern, plan, landform, geomorphology, 03695. temperature, zonal wind, middle atmosphere, reference profile, pressure, 11136.

height anomaly
Aleutian low, teleconnection pattern, baroclinic development, jet exit region, life cycle, persistent anomaly, Pacific, (North); 07672. Saharan depression, synoptic condition, depression classification, Africa, Sahara; 08867.

height determination
double difference phase analysis, cycle slip effect, GPS relative positioning, Antarctica, Breid Bay; 08122. gravity anomaly, geodetic boundary value problem, geoid, GPS, 10258.

height difference measurement
baseline, GPS, levelling, 05593.

height information
GIS, DTM, 11509. SPOT, digital elevation, 10290.

height measurement
laser interference comparator, levelling staff, 10268. SAR, shape from shading, terrain slope change, Venus; 10302.

height traverse
electronic tacheometer, trigonometric traverse, 04491.

Helderberg Group
Oriskany Sandstone, shell, sea water, isotopic equilibrium, diagenesis, brachiopod, cement, USA, New York State; 05925.

helicopter borne scatterometer
principal component analysis, range spectrum, radar backscatter, forest, Finland, Helsinki, Espoo; 03442.

helicopter lidar bathymeter system
navigation guidance, aircraft attitude recorder, water depth, 07912.

helictite
cave study, karstification, karst corrosion, dolomite, mixing corrosion, pothole formation, experimental simulation, Hungary; 06053. speleothem, helictite bush, subaqueous speleothem, thermal water, smoker chimney, USA, South Dakota, Wind Cave; 10723.

helictite bush
subaqueous speleothem, thermal water, smoker chimney, helictite, speleothem, USA, South Dakota, Wind Cave; 10723.

hellomagnetic cyclicity
polar ice, 11 year cycle, solar activity, beryllium 10, 06521.

heliosphere
solar corona, plasma, solar wind, Ulysses, 05563.

heliotherapy
health resort, climate region, sunshine duration, Poland; 13500.

helium balloon
trajectory, synoptic condition, plume release, balloon launching, 04464.

helium-3
mass spectrometry, 02033.

Hell Creek Formation
cement, pedogenesis, diagenesis, paleosol, Cretaceous, USA, Montana; 02453.

Helley Smith bed load sampling
Schoklitsch sediment transport formula, glacier, melt water, bedload, sediment yield, bed width, particle size, mountain stream, sediment trap, rating curve, transport formula, Switzerland, Valais, Bas Glacier d'Arolla; 08713.

Helva,U.V.
Hobrough,G.L., image processing, photogrammetry, 04533.

Helvetiafjellet Formation
synsedimentary, delta front sediment, deformation, stylolitisation, burial, Cretaceous, Svalbard, Spitsbergen; 04711.

hematite
gorthite, paleosol, illite, iron nodule, Spain, Jaen, Cazorla Mountains;

01598. iron oxide, akaganeite, dissolution, goethite, 04865. kaolinite, sorption, humic substance, hydrophobic organic compound, 03973. microbial reduction, protonation, iron oxide solubility, iron oxide dissolution, complexation, ferrihydrite, goethite, 09610. weathering profile, monosiallitisation, ferruginisation, weathering mantle, chemical weathering, chlorite, palaeoweathering, Hercynian Massif, smectite like mineral, kaolinite, geothite, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707.

hematite:goethite ratio
geochemistry, evolution stage, lithodependency, ferricrete, Burkina Paso, Gaoua; 08526.

hemipelagic detritus
resuspension, arc trench system, suspended sediment, mud, tectonic provenance, transport, Pacific, Aleutian Arc; 10577.

hemipelagic mud
sedimentation, basement, tectonic movement, acoustic facies, terrace, Japan Sea, Oki Trough; 11762.

hemipelagic sediment
oxygen isotope, nodule, spreading centre, heat flow anomaly, sulphide, hydrothermal fluid, Pacific, Juan de Fuca Ridge, Middle Valley; 11698.

hemipelagic slope mudstone
Miocene, Mokau Mohakatino Group, provenance, Mesozoic basement, New Zealand, Taranaki, Waikawau; 05919.

hemispherical aperture
large aperture, spectroradiometer, aperture, spherical aperture, 02093. large aperture, SPOT-2, aperture, spherical aperture, 02083.

Hemphillian
caliche, Tertiary, Ogallala Group, fluvial facies, aeolian facies, gravel, channel fill sediment, USA, Texas, Texas Panhandle, Yellow House Canyon; Blanco Canyon; 12915.

HENDYS kinetic equation
speleothem, palaeoclimatic significance, isotopic composition, carbonate cave deposit, equilibrium, precipitation process, 02563.

Heng-O ring structure
corona, soil dominated, radar characteristic, equatorial plain, Goldstone observation, interpretation, Magellan data, Venus; 02523.

Hengelo period
lithic industry, stratigraphy, carbon-14 dating, accelerator mass spectrometry, Mousterian period, France, Ardeche, Lagorce, Ranc de l'Arc Shelter; 04934.

Henry Georges Fourcade
relative orientation, forestry, 12670.

Henry's law
sea-air transfer, air-sea exchange, metal complexation, hydrogen sulphide, 02023.

Henry's law solubility
nitric acid uptake, sulphuric acid, stratospheric condition, 06700.

Henrys Law
methyl ketone, ketone, carbonyl, photolysis, partition coefficient, 12531. organochlorine, pollutant, air-sea exchange, hexachlorocyclohexane, water sample, Chukchi Sea; Bering Sea; 13648. trichloroethylene vapour, vapour sorption, sorption, soil mineral, 09691.

Henrys law constant
hydrolysis rate, PAN, 10183.

Henty Glaciation
Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Australia, Tasmania; 02641. outwash gravel, climatic change, glaciation, weathering, Pleistocene(Middle), glacial stratigraphy, Moore Glaciation, till, Australia, Tasmania, Baxter Rivulet; 06134.

herbaceous cover
kriging, interpolation, GIS, stochastic model, soil salinity, Israel; Botswana; 03364.

herbage lead levels
trend, lead decline, vegetation, deposition, rural area, UK; 13663.

herbarium plant
precipitation, soil acidification, mineral weathering, strontium, titanium, zinc, cadmium, rubidium, potassium, manganese, boron, calcium, molybdenum, forest plant, Norway; 00933.

herbicide
atrazine, alachlor, insecticide, carbofuran, nitrate, agricultural management system, agricultural pollutant, groundwater quality, surface water quality, chemical fate, 02946. contaminant migration, clay soil, sandy soil, leaching, decomposition, fluroxypyr, Sweden; 05229. contaminant transport, metolachlor, runoff water quality, agricultural practice, 04159. degradation, atrazine, cyanazine, simazine, metalochlor, alachlor, suspended sediment, contaminant transport, surface water quality, USA, Mississippi River; 02885. electrolyte, cation, ionic strength, bromacil, simazine, norflurazon, diuron, Candler fine sand, sorption-desorption, 13254. fractionation, organic matter, sediment, napropamide, pesticide sorption, 07349. glyphosate, nitrification, Canada; 03979. groundwater contamination, chemical fate, bromide, atrazine, contaminant transport, tracer, preferential flow, piston flow, slug flow, USA, Kansas, Great Bend Prairie; 02928. leaching, chlorsulphuron, metsulphuron methyl, lysimeter, Sweden; 07380. pesticide, clearfelling, aluminium, water quality, water chemistry, forest hydrology, acidification, colour, sediment content, 04149. pesticide, contaminant transport, recharge flux, groundwater pollution, pollution potential, agricultural watershed, manure, fertiliser, USA, Pennsylvania; 07579. precipitation chemistry, s-triazine herbicide, lake water contamination, agricultural pollutant, atrazine, Switzerland, Lake Zurich; 01675. s-triazine, thiocarbamate, soil texture, organic matter content, sorption, 02773. semiconductor metal oxide particulate, photocatalytic degradation, atrazine, metal oxide, 07354. sorption, desorption, Candler fine sand, cation, 05079. surface water quality, agricultural chemical, runoff quality, water quality model, SURFACE, runoff loss, hydraulic routing algorithm, alachlor, atrazine, cyanazine, edge of field runoff, 09911. triazine, acetanilide herbicide, atrazine, desethyl, desisopropylatrazine, cyanazine, simazine, metolachlor, alachlor, sampling technique, agricultural pollutant, surface water quality, USA, Mississippi River; 08737. water quality, soil stability, erosion control, eutrophication amelioration, aquatic weed control, flood prevention, 02964.

herbicide adsorption
acifluorfen herbicide, montmorillonite, iron, aluminium, copper, calcium, 09685.

herbicide residue
atrazine, metolachlor, sorptive reversibility, 09689.

herbivore
Cretaceous(Late), fossil, amino acid, carnivore, isotope abundance, palaeoecology, food web, dinosaur, Judith River Formation, Canada, Alberta; 07068.

Hercynian
basin, volcanic, Permian, fossil, geodynamics, Morocco; 03637. Holocene, provenance analysis, source lithology, sandstone, quartz grain, granite, Spain, Central System; 06962.

Hercynian Massif
smectite like mineral, kaolinite, geothite, hematite, weathering profile, monosiallitisation, ferruginisation, weathering mantle, chemical weathering, chlorite, palaeoweathering, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707.

herd size
land cover, vegetation class, degradation indicator, range degradation, Botswana; 05744.

Hermite element family
advection dispersion equation, adaptive Hermite element, transport equation, collocation method, 09856.

Hershenhorn's technique
daily rainfall, parameter transferability, rainfall disaggregation model, dry period, shower event, shower depth, shower duration, USA; 05115.

Hershfield coefficient
quantitative hydrology, sliding maxima, maxima, statistics of extreme, 05110.

Hessley Clay
proglacial lake, Lake Humber, Eskrick moraine, Withernsea till, Quaternary history, Wolstonian till, Ipswichian beach, Hoxnian, Dimlington Stadial, Skipsea till, weathered mantle, UK, England, Humberside; Yorkshire; 13138.

heterodyne spectrophotometry
ozone, tunable diode laser, total ozone, 00680.

heterogeneity
convective dispersion, Lagrangian velocity, Eulerian velocity, seepage velocity, Monte Carlo simulation, tracer, groundwater flow, 05224. groundwater flow, dispersion, Lagrangian velocity, Eulerian velocity, convection dispersion equation, 05225. soil moisture content, in situ calibration, calibration, neutron moisture meter, lateritic soil, Australia, Western Australia; 02896. soil moisture suction, hydraulic conductivity, effective hydraulic conductivity, unsaturated hydraulic conductivity, layered sand, groundwater flow, 01720. transient fluid flow, steady state fluid flow, aquifer parameter, groundwater flow, hydraulic conductivity, specific storage, 01716.

heterogeneous aquifer
groundwater flow, synthesized analytical numerical method, drawdown, leaky aquifer, well flow, 05222. groundwater modelling, dispersivity, three dimensional aquifer, water concentration variability, 08779. particle velocity, groundwater flow model, finite difference model, solute transport, bilinear interpolation, linear interpolation, transmissivity boundary, nonuniform flow, 01717. perturbation approach, groundwater flow model, hydraulic head variability, transmissivity perturbation vector, storativity perturbation vector, 09864. unsteady head field, water table response, head variance, infiltration, stochastic model, groundwater flow, 09892. water quality evolution, chloride ion, soluble ion, groundwater quality, upland area, leaching, layered aquifer, recharge, irrigation water, Japan, Ibaraki Prefecture, Dejima; 11068.

heterogeneous chemical
nitric acid trihydrate, cloud physics, polar stratospheric cloud, microphysics, adiabatic cooling, particle, 00901.

heterogeneous chemical process
water vapour, methane, formaldehyde, hydrogen peroxide, hydrogen cyanide, mesosphere, positive ion, rocket flight, 00785.

heterogeneous chemical reaction
ozone destruction, cyclone breakdown, stratosphere, warming, cyclogenesis, polar stratospheric cloud, 07755.

heterogeneous chemistry
aerosol, polar vortex, stratosphere, chlorine monoxide, hydrogen chloride, chlorine, sulphate, Arctic; 05549. stratosphere, chlorine, monoxide, polar vortex, ozone depletion, Arctic; Antarctica; 00824. stratosphere, hydrogen chloride, hydrogen fluoride, gas phase chemistry, Arctic; 00830. sulphuric acid aerosol, London protocol, volcanic eruption, ozone depletion, stratospheric ozone, 09053. volcanic aerosol, eruptions, nitric acid aerosol, ozone, sulphate aerosols, ozone depleting chemistry, Mexico, El Chichon; 12522.

heterogeneous flow system
random walk particle method, advection process, dispersion process, unsaturated media, variable flow field, plume dispersion, mixing, numerical model, three dimensional method, solute transport, groundwater flow, saturated media, 08776.

heterogeneous land surface
parcel method, prediction, cumulus onset, cloud amount, 12470.

heterogeneous media
groundwater flow, density difference, water plume, gravitational instability, convective dispersion, homogeneous media, variable density flow, mixing, 08780. groundwater flow, mass transport, hydraulic conductivity, continuum approximation, effective hydraulic conductivity, fracture media, 09880. perturbation approach, effective medium property, groundwater flow, transient flow, infiltration redistribution, Richards equation, unsaturated flow, 09848. solute transport model, distance dependent dispersion, convection dispersion equation, hydrodynamic dispersion, diffusion, pore water velocity, parameter estimation technique, 08781.

heterogeneous nucleation process
formation heat, hydrogen bond strength, water cluster, ice, quantal cal-

culation, entropy, 00845.
heterogeneous oxidation
homogeneous oxidation, oxidation, remote marine atmosphere, particle, sulphur dioxide, sulphate aerosol, sea salt aerosol, 12536.
heterogeneous porous formation
spatial moment, ergodicity, dispersion, solute transport, groundwater flow, 01721.
heterogeneous process
chlorine, model implication, ozone hole, chemistry and transport model, polar stratospheric cloud, vortex, polar process, 10220.
heterogeneous production
smog chamber, sea spray, aerosol, chlorine, salt, 06631.
heterogeneous reaction
nitrous oxide, nitrogen oxide, ozone, ammonia, nighttime system, 06544. particle surface, nitrogen dioxide, nitric acid, soot particle, PAHs, 10181.
heterogeneous reaction process
ozone layer, methane, stratospheric water vapour, charge transfer process, ozone attacking radical, Antarctica; 06645.
heterogeneous soil
Dagans formulae, advection, lateral mixing, solute transport, dispersivity, groundwater flow, unsaturated zone, macrodispersivity, 13397. groundwater flow, transient flow model, unsaturated zone, model calibration, 09846.
heterogeneous structure
digital image, vertical section, soil pore structure, image analysis, STRUCTURA, 09720.
heterogeneous surface roughness
surface roughness, heavier than air gas dispersion, roughness, entrainment rate, dispersion rate, wind tunnel, tracer gas, homogeneous surface roughness, 10024.
heterogeneous terrain
mixed layer dynamics, terrain, vegetation-atmosphere interaction, homogeneous terrain, 13545.
heterogeneous transformation
nitrogen, PAN decomposition, flow reactor, decomposition rate, nitrogen oxide, 06624.
heteroscedasticity
mean deviation, standard deviation, precipitation chemistry, deposition, wet deposition, 13666.
heterotroph
methanogen, diagenesis, Eocene, lake, Cretaceous, pelagic environment, porphyrin, 12968.
heterotrophic activity
chemical gradient, vertical sampling, microbiological gradient, groundwater quality, unconfined aquifer, nitrate, organic compound, specific conductance, dissolved oxygen, contaminant plume, bacterial growth, USA, Massachusetts, Cape Cod; 13434. sulphate, organosulphur formation, 02759.
heterotrophic biological treatment
potable water, water quality, water treatment, nitrate, nitrate elimination process, ion exchange, 00652.
heterozeneous chemistry
hydrogen fluoride, carbon dioxide, chlorine nitrate, hydrochloric acid, chlorine oxide, polar stratospheric cloud, carbonyl difluoride, 00806.
heterozenous chemistry
cloud physics, chlorine monoxide, ozone depletion, stratosphere, polar stratospheric cloud, photochemistry, 00832.
Hettangian
breccia, limestone, rifting, chert, Jbel Tissouka Unit, Triassic, Morocco, Riffian Chain, Chaouen; 11760.
heuristic
oriented locational analysis, smalltalk implementation, 06760.
heuristic conversion
irregular network, grid DEM, TIN model, 06741.
heuristics
feature extraction, pattern classification, recursive decision rule, 06730.
hexachlorobenzene
DDT, DDT metabolite, heavy metal, organic micropollutant, floodplain, surface water quality, suspended matter, sediment contamination, PAH's, polychlorobiphenyl, Netherlands, Waal River; Rhine River; 11024.
hexachlorocyclohexane
pesticide, sampling, organochloride pesticide, polyurethane foam, 03190. water sample, Henrys law, organochlorine, pollutant, air-sea exchange, Chukchi Sea; Bering Sea; 13648.
hexachlorocyclohexane isomer
DDT group pesticide, PCB, mirex, dieldrin, endosulphan, organic trace contaminant, suspended sediment, surface water quality, chlorobenzene congener, Canada, St Lawrence River; USA, St Lawrence River; 08736.
hexachlorocyclopentadiene
cresol, nitrosamine, maleic anhydride, nitrobenzene, methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, 10206. vinylidene chloride, chlorine, hydroxyl radical, toxic contaminant, halogenated aliphatic, allyl chloride, chloroprene, 10190.
hexadecyltrimethylammonium
clay mineral, organo clay, sorbent efficiency, sorption isotherm, organic compound, 10871.
hexagonal ice crystal
ice plate, drag calculation, cloud physical calculation, ice crystal, unsteady flow, 08969.
hexametaphosphate
kaolinite, sand, sodium adsorption ratio, hydraulic conductivity, dispersion, 12988.
hexene
rate constant, Arrhenius parameter, ozone, alkene, ethene, propene, butene, pentene, 06620.
HFC's
ozone depletion, greenhouse warming, infrared absorption cross section, hydroxyl radical, reaction kinetics, 06555. reaction rate, fluorine, chlorine, methane, ethane, Mulliken charge, hydrofluorocarbon, 06573.
Hiarne
uplift, glacial theory, Torell, glaciosostasy, Finland; Sweden; 13033.
hiatus
periodicity, Milankovitch obliquity cycle, eccentricity cycle, spectral analysis, downhole logging, geochemical logging, sedimentation rate, Atlantic, (South); Southern Ocean, ODP Site 704; 11935.
hickory
forest soil, soil solution, solution chemistry, nitrogen, soil chemical property, black locust, pine, hardwood, oak, USA, North Carolina, Appalachians; 13259.
hierarchical counterfactual
learning, HC expression, counterfactual, 11480.
hierarchical method
line extraction, Hough transform, 04507.
hierarchical relation
multipurpose GIS, object modelling, topological data structure, spatial object, 08017.
hierarchical representation
multidimensional point data, polygon map, three dimensional regional data, quadtree, spatial analysis, data structure, 06799.
hierarchical system
geomorphic systems approach, landscape analysis, practical need, land classification, USA, Maryland, Piedmont Province; Utah, Uinta Mountains; 11834.
hierarchically structured network
computer network, query processing, optimisation, 02124.
hierarchy
expert system, pixel, classification, 04571.
Higashihigasa Formation
Kazusa Group, coarse sediment, channel fill, depocenter, basin, Japan, Boso Peninsula; 11729.
high alpine mountain
little ice age, karst, France, Savoie, Vanoise, Grande Casse; 02556.
high altitude
peat bog, axial range, radiocarbon date, cummingtonite, andesitic tephra, periglacial condition, volcanic glass, tephra, tephrostratigraphy, New Zealand, North Island; 01444. pressure effect, temperature dependence, ozone, deposition, tree, exposure pattern, forest, 11302.
high altitude denudation surface
periglacial process, uplifted peneplain, erosion surface origin, geomorphological characteristic, low relief surface, crustal movement, peneplain, planation surface, summit level, landslide, piedmont benchland, Japan, Akaishi Mountains; Mikawa Plateau; 08351.
high altitude lake
vegetation change, effective precipitation, Neoglacial cooling, Holocene, forest development, palaeoclimate, pollen, plant macrofossil, USA, California, Sierra Nevada; 02661.
high altitude overflight
aerotriangulation, photogrammetric compilation, profile accuracy, 07923.
high altitude photography
biometric data, visual imagery interpretation, hardwood stand density, USA, California; 08101. wetland, inventory, aerial photography, USA; 02245.
high altitude reconnaissance
digital base map, forestry, ER-2 reconnaissance, Canada, Alberta; 09089.
high altitude source
water tower effect, river discharge, flow rate, France, Toulouse, Garonne River; 02845.
high altitude vegetal formation
SPOT, vegetation index, topography, Mexico, Sierra Juarez; 12738.
high altitude zone
water table fluctuation, rice cultivation, crystalline schist, humid intertropical zone, recharge, groundwater discharge, water balance, mineral balance, capillary rise, Madagascar; 09853.
high apparent molecular weight
mining, drainage, organic matter, boreal region, peatland, Finland, Kiiminkioki River; 07102.
high Arctic
fault block, autochthonous peat deposit, macrofossil, rates of net organic accumulation, slope process, macroclimatic change, Holocene, soligenous fen, Canada, Northwest Territories, Ellesmere Island, Grant Land Mountains; 11965. mountainous terrain, till, morainal bank, subaqueous fan, fan delta, debris poor glacier, moraine, kame, glacier morphology, surficial geology, glacial stratigraphy, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764.
high density chlorinated hydrocarbon
Buckley-Leverett approach, USGS solute transport model, gravity driven vertical flow, groundwater contamination, gravel aquifer, groundwater flow, 00609.
high depth resolution
crustal growth rate, manganese crust, constant flux model, high resolution profile, manganese response, ocean, climatic cycle, Quaternary, Pacific; 08451.
high elevation
cloud water, trace constituent concentration, mountain region, ion deposition, fog water interception, 06601. photochemical cycle, budbreak, ozone climatology, USA, North Carolina, Mount Mitchell State Park; 10195.
high elevation site
pressure corrected adjustment, elevational gradient, ozone concentration, USA; 11303.
high energy environment
seabed, lake bottom, flow velocity, water column, sedimentation rate, sediment trap, 02483.
high frequency
polar motion, LAGEOS, ranging, 02098.
high frequency Doppler spectra
high frequency radar, ocean wave directional spectrum, atmospheric

radiative transfer equation, 05748.
high frequency radar
ocean wave directional spectrum, atmospheric radiative transfer equation, high frequency Doppler spectra, 05748. sea temperature boundary, conductivity temperature density survey, infrared imagery, UK, Wales; 12776.
high frequency sonar
acoustic design, electronic design, sonar performance, 10284.
high ground
cold air pool, cold front, warm sea, Europe; 08860.
high latitude
thorium-230, foraminifera, oxygen isotope stage, sedimentation rate, high resolution 230 Th ex stratigraphy, Norwegian Sea, Fram Strait; 04957.
high latitude study
geometric distortion, SAR, microwave energy, 07907.
high level stream gravel
incision rate, carbonate rock, migration, river course, late Cenozoic, bedrock control, USA, Virginia, New River; 05998.
high magnitude
geomorphic work, rainfall event, mass movement, slump, slide, sediment transport, flood discharge, Spain, Pyrenees; 13016.
high magnitude erosion event
soil erosion event, knowledge based approach, rule based expert system, prediction, waterborne soil erosion, UK, England, Sussex, East Sussex; 01510.
high magnitude event
geomorphic event, rockslope failure, rockfall, rockslide, avalanche, debris rock, debris torrent, glaciation, geomorphic impact, Canada, Rocky Mountains; 11864.
high magnitude process
geomorphic process, landslide, fan, earthquakes, energy loss, trigger, Italy; Algeria; 13057.
high mountain environment
warming, high mountain research, morphogenesis, morphodynamics, 07142.
high mountain forest
resource use issue, lapse rate, mountain hazard, deforestation, downstream impact, 03704.
high mountain region
mountain lakes, Quaternary(Late), lake basin, pollen, aquatic vegetation, palaeogeographical condition, USSR, Tien Shan; Pamirs; 03898.
high mountain research
morphogenesis, morphodynamics, high mountain environment, warming, 07142.
high northern latitude glaciation
ice volume fluctuation, glaciation reconstruction, ice borne deposit, Norwegian Sea; 08445.
high performance liquid chromatography
stopped elution method, gas chromatography, diffusion coefficient, organic substance, 09732. ultraviolet fluorescence detection, gas chromatography mass spectrometry, lake sediment, PAH, 04876.
high plateau
landform, town system, Tertiary, hill country, valley system, Germany, Bavaria, Bayerischer Wald; 11868.
high precision
intercomparison, IsoTrace, reliability, AMS date, contamination, 04946. underwater, photogrammetry, nuclear power, 04481.
high precision surveying
Minimum Norm Quadratic Unbaised Estimation, MINQUE, geodetic levelling, 02095.
high pressure system
greenhouse effect, atmosphere ocean system, stratospheric temperature, climate change, Netherlands, De Bilt; 04333.
high resolution
nannoplankton stratigraphy, Cenozoic(Late), calcareous nannoplankton, Atlantic, (Northeast); 04956. planktic, stable isotope record, spectral analysis, Ocean Drilling Program, biostratigraphic, magnetobiochronology, USA, Mississippi River; Gulf of Mexico; 03860. topography, albedo, layered deposit, photoclinometric technique, Mariner 9 image, weathering rind, saltating material, dune field, Mars; 03718.
high resolution 230 Th ex stratigraphy
high latitude, thorium-230, foraminifera, oxygen isotope stage, sedimentation rate, Norwegian Sea, Fram Strait; 04957.
high resolution electron microscopy
oxidation, gel, electron diffraction, ferric iron, ferrous iron, nontronite, 12989.
high resolution image
geometric evaluation, gravity field, SPOT, 11421.
high resolution map
soil loss, rain wash, differentiated USLE, modified, USLE, DTM, 02715.
high resolution profile
manganese response, ocean, climatic cycle, Quaternary, high depth resolution, crustal growth rate, manganese crust, constant flux model, Pacific; 08451.
high resolution radar data
impact feature, crater distribution, Arecibo observation, Venus; 02527.
high resolution radiometer
airborne radiometer, temporal variation, NDVI, 11535.
high resolution record
Quaternary(Late), upwelling, anoxic basin, planktonic foraminiferal fauna, piston core, trade wind, glacial interglacial transition, sea level, melt water discharge, Holocene, solar forcing, Venezuela, Cariaco Basin; Caribbean Sea; 10745. sedimentary sequence, core, R/V Meteor cruise, stable isotopic record, stratified water column, productivity, Younger Dryas event, Holocene, palaeoenvironmental event, Pteropoda, Red Sea; 10748.
High Resolution Stereo Camera
database, planetary mapping, Mars, cartographic product, 03277.
high resolution stratigraphy
planktonic foraminifer, sediment accumulation rate, SPECMAP, Milankovitch periodicities, Pleistocene(Late), periodicity, oxygen isotope ratio, calcium carbonate, magnetic susceptibility, Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923.
high salt content
nahcolite, gaylussite, magadiite, eitelite, lake, micromorphological study, sediment core, Sudan, Darfur, Mahla Crater Lake; 01426.
high sea level stand
chronology, last interglacial period, fossil coral reef, uranium thorium age, sea level, Bahamas; 06176.
high spectral resolution remote sensing
mining, petroleum, exploration technique, hydrogeology, gold exploration, GIS, 06813.
high speed search
database, optical tape recording, data format, addressing, 01000.
high stand
Lake Lahontan, model, evaporation, lake level, palaeoclimatic implication, USA, Nevada, Lake Lahontan; 04978.
high temperature jet
wind drift, radioactive impurity, trajectory, turbulence, USSR, Chernobyl; 07711.
high terrace
low terrace, flood plain, braided river, meandering channel, aggradation, fluvial episode, Poland, Ner Valley, Lodz, Lublinek; 00214.
high-charge smectite
kaolinite, illite, hydroxy-interlayered clay, rana soil, clay mineral, Spain; 12107.
high-resolution record
carbonate dissolution, seafloor palaeoflux, time resolution, deglaciation, carbonate flux, thorium-230 profiling, deep sea sediment, Atlantic, (Equatorial); 08444.
Highbury Formation
sea level, pollen zone, last interglacial, Muir Point Formation, Whidbey Formation, Canada, British Columbia, Vancouver Island; 07254.
higher education
mapping, education, UK; 09160.
higher-order closure
tracer experiment, dispersion, meso scale feature, complex terrain, 06503.
highland basin
circle, ellipse, basin chorotype, South America, Andes; 11545.
highland catchment
simulation model, hydrochemistry, Birkenes Model, surface water quality, acid precipitation model, UK, Scotland; 07510.
Highland Society
economic development, geological survey, Coal District survey, UK, Scotland; 01073.
highly compacted
bentonite, medium scale, experiment, 03802.
highly weathered soil
biogenic opal, Kaolinite, leaching, mineralogy, weathering, Ultisol, porcellanite, Non Pareil series, Trinidad and Tobago; 02706.
highly weathered terrain
deep weathering, laterite, duricrust, weathered quartz grain, quartz grain, surficial sand, Australia, Western Australia; 09498.
highstand timing
Lake Lahontan, lake level change, palaeolimnology, palaeohydrology, radiocarbon age, uranium series age, Walker Lake subbasin, USA, Nevada, Lahontan Basin; California, Lahontan Basin; 10779.
highway
GIS, risk, traffic, accident, Canada, Quebec; 13998. mass movement, geomorphological analysis, construction, human impact, slope instability, landslide, Jordan; 11907. mine surveying, civil engineering, earthwork, 04612. pollution, deposition flux, heavy metal, PAH, vehicle pollution, 13721. transportation planning, GIS, referencing, 04680. transportation, digital basemap, GIS, Canada, Saskatchewan; 13986.
highway authority
road surface temperature, forecast, frost, weather service, 08986.
highway meteorology
weather hazard, road, weather service, 05313.
highway route planning
cost modelling, GIS, Nigeria; 12811.
highway runoff
Environmental Protection Agency Toxicity Characteristics Leaching Procedure, surface water quality, metal-sediment association, heavy metal transport, sediment accumulation, heavy metal accumulation, detention pond, USA, Florida; 00565. potable water, surface water contamination, PAH, risk assessment, 00562. runoff pollution, urban runoff, road traffic effect, surface water quality, Germany; 00564.
highway system
road transport informatics, vehicle system, 06924.
Hikawa Formation
postglacial transgression, Kandogawa Formation, Sambe Ohirayama pyroclastic flow, bedrock topography, transgression, sea level, geomorphological development, alluvial plain, microrelief, deltaic plain, stratigraphy, tephrochronology, Tatara, Aira Tn ash, tephra, Japan, Izumo Plain; 08350.
hill
linear theory, laboratory measurement, towing tank, dye plume, Froude number, stable flow, 07761. upwind point source, neutral flow, topographic impact, dispersion, wind tunnel study, turbulent dispersion, 10087. wave, velocity field, pressure field, turbulent flow, bluff body, 10104.
hill cap cloud
hydrogen peroxide, cloud, ammonia gas, ozone, sulphur dioxide, 09064.
hill country
valley system, high plateau, landform, town system, Tertiary, Germany, Bavaria, Bayerischer Wald; 11868.
hill hole pair
subsurface decollement, glaciotectonic structure, glaciotectonic form, continental shelf, Norway; 00277.
hill pasture

microclimate, Bellani plate evaporimeter, frost free period, solar radiation, evaporation, USA, Appalachian Mountains; 00728.
hill slope
colluvium, loess, scree formation, cold desert, Quaternary deposit, landscape evolution, aeolian deposit, terrace gravel, New Zealand, Southland; 07151. tephrochronology, chronological review, Japan; 03836.
hill top lake
diatom, pollen, chrysophyte, heavy metal, acidification, land use, precipitation chemistry, lake water quality, acid deposition, Norway; 06303.
hillside
exposure, orientation, mapping, 02170.
hillside farming
sloping terrain, conservation measure, Yallahs Valley Land Authority, soil erosion, land degradation, Jamaica, Fall River Basin; 10841.
hillside farming system
Plan Sierra project, ecodevelopment, shifting cultivation, irrigated land, soil loss measurement, puente de erosion, farming system stabilizing, Dominican Republic, Sierra; 06221.
hillslope
channel, model, river basin evolution, channel head advance, landscape evolution model, 04889. convective dispersive solute transport, concentration hydrograph, rainfall induced runoff, solute transfer, soil solution, runoff water, overland flow, 06316. fluvial geomorphology, channel network, mathematical model, dynamic equilibrium, river basin evolution model, uplift, 10706. hydrology, sediment yield, landform evolution, greenhouse warming, landscape, model, quantitative model, 07131. infiltration, planar slope, anisotropy, 08391. landform, soil variation, UK, England, Dartmoor; Wyre Forest; 02807. lumped mass matrix, saturated-unsaturated flow, groundwater flow, Richards' equation, distributed mass matrix, subsurface flow, 01703. macropore, runoff generation, soil texture, auger hole permeameter, subsurface flow, overland flow, disc permeater, soil hydraulic property, through flow, 13324. organic rich catchment, pH, flow pathway, episodic acidity, organic carbon, acid runoff, Sweden, Svartberget Research Catchment; 04084. pedogenesis, upslope distance, canonical ordination analysis, convexity, gradient, multivariate analysis, parent material, soil-landform interaction, landform, Australia, South Australia; 13216. piping, slope failure, valley head hollow, discharge process, subsurface water, hydrogeomorphological characteristic, 08392. preferential flow, soil water characteristic curve, through flow, runoff, soil water storage, pipe flow, bypass flow, old water, water discharge, macropore, humid catchment, 09804. semiarid environment, simulated runoff, erosion, gypsiferous soil, gypsum, suspended transport, simulated rainfall, Spain, Ebro Valley; 12034. slope evolution magnitude, slope evolution frequency, temperate hillslope, Holocene, slope activity, 10707. translatory flow, snow melt, deuterium, soil moisture, recharge, unsaturated flow, isotopic investigation, hydrometric investigation, preferential flow, groundwater recharge, 07529.
hillslope development
humid tropical forest, translational failure, earthflow, shallow slide, saprolite, subsurface soil creep, shear strength, cove slope, landslide, soil process, slope failure mechanism, Puerto Rico; 02550. slope, rainfall, pedogeomorphic aspect, spatial variability, catenary sequence, intergrade, granitic material, South Africa, Kruger National Park; 09523.
hillslope effect
geomorphologic instantaneous unit hydrograph, instantaneous unit hydrograph, hydrograph, gamma distributed stream length, rainfall runoff model, hillslope velocity term, 08664.
hillslope erosion
sediment yield, storage, steady state, colluvium, erosion rate, equilibrium, USA, Oregon, Coast Range; 13053. sedimentation, relief inversion, hollow, seepage erosion, groundwater piracy, Brazil, Sao Paulo, Bananal; 06037.
hillslope evolution
evolution model, sediment transport equation, slope, soil catena, soil texture, grain size, catena, 10708. sheetwash, mass wasting, slope, stochastic aspect, climate, hydrology, landform evolution, debris flow, climatic geomorphology, hydrogeomorphology, 11892.
hillslope forest
pollen, Mesolithic hunting band, burning, grazing, blanket peat, Ulmus decline, forest, moorland, Flandrian(Middle) Period, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583.
hillslope geometry
concave slope, gully evolution, colluvial sheet, Rampas de coluvies, subsurface flow, slope geometry, gully erosion, Brazil, Sao Paulo, Bananal; 10674.
hillslope hydrology
antecedent condition, overland flow, subsurface flow, model calibration, streamflow time series, saturated overland flow, soil moisture accounting model, evapotranspiration flux, Hortonian overland flow, rainfall-runoff model, catchment dynamics, 04042. coniferous forest, subsurface flow, free surface method, tangent continuity method, ionic concentration, water movement, surface water quality, runoff chemistry, solute transport, UK, Wales; 04092. energy balance, water balance, hydroclimate, vegetation cover, soil characteristics, topography, rainfall, interception, wind speed, temperature, radiation, evaporation process, 10999. field process investigation, computer modelling, hydrological process, soil physics, catchment scale, sub catchment scale, geographical information systems, 10997. flood hazard, landslide hazard, hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, mountain hydrology, sediment deposition, flushing, slope morphology, 12136. flow forecasting model, soil water storage estimation, streamflow forecasting, 00574. flow path, digital terrain model, surface runoff, topography, subsurface flow, distributed hydrological model, 12165. flow path, stream flow chemistry, acidification, soil water through flow, stem flow, throughfall, canopy effect, infiltration, water chemistry, preferential flow, UK, Scotland, Loch Ard; Allt a'Mharcaidh; 13316. flow resistance, overland flow hydraulics, runoff hydrograph, sediment yield, interrill overland flow, USA, Arizona; 05137. gravity driven flow, unsaturated flow, boundary layer flow, macropore, hydrological hillslope process, kinematic wave, infiltration, lateral flow theory, 11044. hydraulic potential, soil water capacity, unsaturated flow, matrix flux potential, diffusivity, water retention, hydraulic conductivity, measurement method, field study, soil property, 11042. overland flow, erosion, sediment transport, kinematic wave approach, flow resistance value, soil structure, erodibility, 11006. overland flow, infiltration, runoff hydraulics, hydraulic resistance, microchannel flow, sheet flow, laminar flow, turbulent flow, water flow velocity, flow depth, 11001. overland flow, subsurface flow, antecedent conditions, flow mechanism, soil moisture accounting model, rainfall-runoff model, 04043. oxygen-18, deuterium, tritium, precipitation to runoff conversion model, storm runoff, snowmelt runoff, runoff generation, environmental isotope, tracer study, New Zealand; 11003. physically based model, Darcian flow, non Darcian flow, flow path, macropore flow, subsurface flow process, hydrograph, subsurface runoff, 11045. pore pressure, antecedent moisture, tensiometer, piezometer, hydrologic condition, debris flow initiation, USA, California, San Francisco; 10712. runoff production, peat covered catchment, soil water storage, catchment scale approach, water balance, UK, England, East Anglia; Somerset Levels; 11004. runoff, Darcys law, slope water flow, groundwater flow, pore water velocity, flow path, particle travel time, 11034. snow cover cycle, hydrochemistry, snowmelt, catchment hydrology, 11083. soil erosion, slope stability, slope process, 10709. soil hydraulic property, hysteresis, infiltration, evaporation, drainage, soil water content pressure head relationship, soil water characteristic, hydraulic conductivity pressure head function, 11043. soil moisture content, storm runoff, evapotranspiration, overland flow, subsurface flow, groundwater flow, flow route, base flow, 10998. soil property, antecedent condition, surface runoff, subsurface runoff, groundwater flow, hydraulic conductivity, soil porosity, evaporation, storm flow, parameter estimation, Australia, Western Australia; 07472. soil water dynamics, fine textured soil, infiltration, neutron moisture meter, tensiometer, gypsum block, saturation zone, soil water storage, forest hydrology, Australia, Western Australia; 02902. solute transport, groundwater flow, unsaturated flow, soil structure, 11046. stemflow, soil moisture heterogeneity, soil water movement, forest hydrology, spatial variability, interception, temporal variability, 02960. surface runoff, hydrological pathway, subsurface flow, runoff production, 11002. surface sealing, infiltration, surface runoff, topography, seal development, crust formation, slope, 11000. vegetation cover, rainsplash, overland flow, organic matter, rainfall-runoff modelling, infiltration, stone cover, semiarid hillslope, gravel, USA, Arizona; 13321.
hillslope morphology
triangular facet, active normal fault zone, transport limited hillslope, colluvial transport rate, soil development rate, soil, geomorphic evolution, bedrock facet, tectonically active, mountain front, colluvial stratigraphy, USA, New Mexico, Sangre de Cristo Mountains; 02532.
hillslope profile
subsurface weathering, columnar joint, etching, dilatation joint, bornhardt, silicic volcanic rock, inselberg, granitic rock, sheet structure, Australia, South Australia, Gawler Ranges; 09499.
hillslope research
slope hydrology, subsurface flow, groundwater flow, hillslope scale, 11047.
hillslope runoff
rill erosion, gully erosion, human disturbance, landslide, torrential rainstorm, geomorphic system, geomorphic process, Spain, Pyrenees, Prepyrenees; 04891.
hillslope scale
hillslope research, slope hydrology, subsurface flow, groundwater flow, 11047.
hillslope sediment
slope, fluvial system, wilderness manager, alpine sediment, sediment transfer, USA, Colorado Front Range, Mummy Range; 09380.
hillslope sediment production
stream sediment load, overland flow, land use, sediment production controls, lowland catchment, sediment production, runoff, storm event, UK, England, Devon, Slapton Ley; 01507.
hillslope stabilisation
erosion control, sediment delivery, ponderosa pine, pinyon juniper, chaparral, vegetation strip, watershed, USA, Arizona; 08539.
hillslope stability simulation model
landslide prediction, stochastic landslide occurrence, landslide, sediment yield, USA, Washington State; 06030.
hillslope study
terrace study, soil study, stratigraphic study, soil, landscape evolution, Binghamton symposium, 08515.
hillslope transect
coarse textured soil, infiltration, neutron moisture meter, tensiometer, gypsum block, soil water storage, soil water dynamics, jarrah forest, Australia, Western Australia; 02901.
hillslope velocity term
hillslope effect, geomorphologic instantaneous unit hydrograph, instantaneous unit hydrograph, hydrograph, gamma distributed stream length, rainfall runoff model, 08664.
hilly agricultural land
terrace, experimental study, erosion, crop production, bench terrace, sloping land, Yugoslavia, Serbia; 02737.
hilly land
rock hardness, tensile strength, Schmidt rebound, infiltration capacity, v-shaped valley, headward erosion, mechanical strength, slope evolution, valley side slope, rock property, Japan, Hokkaido, Shiranuka Hill; Soya Hill; 08402.
Himalayan hydrology
hydropower development, river hydrology, water resource, Nepal, Arun River; 08805.
Himalayan lake
manganese, lead, lake water chemistry, effluent, domestic sewage, agricultural runoff, hydrochemistry, pollution status, India, Kashmir; 02853.

hinge line
land uplift, uplift, fault, granite, differential uplift, Finland; 10691.
hinsdalite
dissolution, Permian, apatite, phosphate, diagenesis, aluminium phosphate, sandstone, Mitterberg Formation, Austria, Northern Calcareous Alps; 02446.
Hiradoko stage
Tachikawa stage, Tateyami stadial, Murodo stage, Nyuzen stage, palaeoenvironment, Pleistocene(Early), sea level, Jomon transgression, Yayoi regression, Omma stage, Utatsuyama stage, Riss II stadial, Japan; 04968.
Hirosaki Hancho Edo Diary
Little Ice Age, summer rainfall, climate change, weather record, Japan, Edo; 12489.
HIS
lidar data, cirrus cloud, cloud climatology, cloud altitude, 04211.
histogram
parallel, segmentation, clustering, 04503. radiocarbon age calibration, probability value, calendar year, calibration curve, 02594.
histogram method
percolation theory, automatic threshold selection, image segmentation, 12639.
historial review
dispersal, Belcher Island erratic, flow pattern, Laurentide ice, erratic, Keewatin ice, Hudson dome concept, indicator erratic, ice-flow pattern, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.
historic
Holocene(Late), neotectonism, tide gauge record, glacial unloading, forebulge, warping, sea level, vertical crustal movement, USA, (Southeast); (Northeast); 01391.
historic liquefaction
prehistoric liquefaction, earthquake induced liquefaction, liquefaction, sand dyke, glaciomarine sediment, ground shaking, earthquake hazard, USA, Massachusetts, Newbury; 13071.
historic piezometric data
linear programming model, groundwater recharge, piezometer, Australia, Victoria, Girgarre Project Area; 02906.
historic preservation
urban information system, urban planning, Italy, Padua; 10462.
historic-archaeological map
Haiti; Dominican Republic; 12810.
historical account
cave site, chronostratigraphy, palaeolithic stratigraphy, Hungary; 06051.
historical analysis
international cooperation, navigation, 06709.
historical atlas
map engraving, lithography, atlas production, Italy; 11516. twentieth century atlas, economy, society, landscape, Canada; 10350.
historical change
numerical flow model, mixing, stratification, tidal forcing, salinity intrusion length, riverflow data, river regulation, channel morphology, carbon budget, sediment budget, estuary, USA, Washington, Columbia River; 10965.
historical climate data
climate data management, agriculture, microcomputer, 13629.
historical data
climate change, runoff, hydroclimatic characteristic, river regime, Poland; 10985. climate change, sunspot activity, Maunder minimum period, solar activity, Little Ice Age, France, Paris; 10142. climatic condition, frontal movement, glacier evolution, photo interpretation, advancing glacier, retreating glacier, inventory, Holocene, Canada, British Columbia, Glacier National Park; 06205. flow reduction, cloud seeding, rainfall depth, watershed management, rainfall runoff relationship, mountainous watershed, stream flow record, 05124. glacier terminus, data correlation, climatic data, frontal dynamics, ablation, accumulation, long term trend, polynomial regression, glacier length, statistical analysis, Italy, Giulie Alps; 08511. groundwater quality, groundwater protection, education program, spring, nitrate, chloride, total dissolved solids, USA, Virginia; 01781. hydrochemistry, phytoplankton, canal, lake water quality, eutrophication, water chemistry, saprobity, inorganic nitrogen, orthophosphate, chlorophyll-a, biological oxygen demand, Netherlands, Rijnland; 04068. LIS, temporal data, data quality, 05652. query language, database management, INGRES, 06759.
historical data analysis
surface water flow, groundwater flow, water resource planning, flow model, data base, Italy, River Po; 11127.
historical description
grid-referenced data, State Development Plan, resource analysis, GIS, USA, Maryland; 05638.
historical digital cadastral database
land information system, temporal data, space-time related study, 01070.
historical event documentation
iron, chloride, landfill, tree ring chemistry, groundwater contamination, 07572.
historical evidence
Southern Oscillation, rainfall variation, documentary data, South Africa; 07678.
historical flood
braided river system, river development, alpine river, flooding, fluvial geomorphology, fluvial evolution, France, Alps; 09798. palaeoflood information, flood frequency analysis, nonparametric variable kernel estimation, 12163. statistical method, probability plotting position, Weibull rule, unbiased plotting position formula, Cunnane formula, plotting position formula, 10991.
historical flood chronology
flood frequency, flood magnitude, recurrence interval, UK, Scotland, Berwickshire, Tweed River; 00515.
historical flood data
parameter estimation, flood frequency analysis, probability weighted moment, partial probability weighted moment, generalized extreme value distribution, 09807.
historical geography
landscape, space imagery, climatic environment, Iraq; 09146. ombrotrophic peat, peat formation, evapotranspiration, artificial drainage, land use, landscape ecology, groundwater flow, groundwater level, forest cover, deforestation, anthropogenic influence, Netherlands, Noord-Brabant, Kempen; 06381.
historical geology
GIS, archaeology, 10467.
historical hydrology
delta, palaeographic dynamics, palaeoclimate, irrigation system, oasis, USSR, Murgab Delta; 02822. flooding, river regulation, fluvial evolution, canalisation, flow record, France, Meuse River; 09799. glacial runoff, Laurentide Ice Sheet, North America, St Lawrence River; USA, Hudson River; North America, Great Lakes; USA, Mississippi River; 02933. sediment, pre industrial acidification, acidification, diatom analysis, lake water quality, Norway, Agder, Tveita Fiskelostjern Lake; Erdsal Fiskelostjern Lake; 13347.
historical investigation
map, erosion, anthropogenic impact, Netherlands, North Sea coast; 10666.
historical map
atlas, Italy, Apennines, Forli; 11515. cartographic design, 05670. urban design, settlement pattern, USA, Chicago; 08033.
historical ozone data
surface ozone, ozone data, Montsouris regression, Yugoslavia, Zagreb; 13679.
historical perspective
windy period, wind climate mean, strong wind, winter(1989-1990), UK; 09980.
historical purpose
legal purpose, electronic record, paper record, archive, 06786.
historical reconstruction
boreal forest, forest fire history, lake sediment, charcoal index, pollen index, sedimentological index, geochemical index, fire history, Canada, Alberta, Wood Buffalo National Park; 08472.
historical record
earthquake, wave height, natural disaster, tsunami, coast, Japan, Tsugaru Peninsula; 09354. hydroclimatological event, oxygen-18 profile, ice core, geological data, Pleistocene, cold period, desertification period, famine period, African empire, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630. instrumental record, mountain climate, glacio-hydrological response, climatic change, sea surface temperature, planktonic foraminifera, 03044. precipitation, flood prediction, flood, extreme event, France, Ariege Valley; 02846. river, ice, spring break-up, Canada, Athabasca River, Pond's Fort; 01831. storm, estuary, anthropogenic event, land clearance, sedimentation rate, USA, Maryland, Chesapeake Bay; 04733. temperature, winter, Antarctica, Argentine Islands, Faraday Station; Adelaide Island, Rothera; Antarctica, Antarctic Peninsula, Marguerite Bay; Antarctica, Antarctic Peninsula; 01836. tropical storm activity, tropical cyclone, hurricane, Caribbean, West Indies; 01840. water level fluctuation, lake water level, climatic change, North America, Great Lakes, Lake Michigan; 01672. winter(1989-1990), temperature, Northern Hemisphere; Europe; North America; UK, England; 01832. winter, severity, ice cover, North America, Great Lakes; 11174.
historical sequence
index sequential method, reservoir storage, exceedance probability, parameter estimation, AR(1) log normal model, hydrological sequence, stream flow, USA, California, Colorado River; Lake Powell; USA, California, Lake Mead; 13310.
historical source
geomorphology, geographical research, archival research, USA; 13009.
historical study
paleoecological study, Holocene peat, raised bog, radiocarbon dating, pollen analysis, peat, mire, Netherlands, Noord Brabant, Zundert Province; 08478.
historical variation
water level, stratigraphic evidence, isostatic rebound, climate related variation, coastal engineering, USA, Lake Erie; Lake Michigan; USA, Lake Huron; USA, Great Lakes; Canada, Great Lakes; 05996.
historical water chemistry
surface water quality, sediment core analysis, lake acidification, Surface Waters Acidification Programme, acidification, UK; Norway; Sweden; 13346.
historical weathering loss
input output budget, strontium isotope, till, modelling approach, organic acid, mineral weathering, weathering, acid rain research, Norway; Sweden; Finland; 09626.
historical weathering rate
translocation, long term translocation, iron, aluminium, podsol, weathering loss, Sweden; 09624.
historiography
Humboldt, atlas, Venezuela, Barinas; 03374.
history
cartography, literature, map design, 02157. cartography, political unit, 02161.
Hitschfeld Bordan solution
attenuation correction, radar, hydrometeor, rain rate, airborne weather radar, 05320.
hoar
snow, ice, depth hoar, Greenland; 09290.
Hobrough,G.L.
image processing, photogrammetry, Helva,U.V., 04533.
hodograph
mesoscale organisation, rainstorm, precipitation, mesoscale convective complex, low-level jet, USA, Oklahoma; 01915.
Hogfeldt model
inorganic ion exchanger, Putnam clay, Bentonite, ion exchange, 03976.
holarctic biota
PCB's, DDT, fallout load, atmospheric deposition, transport, persistent

pollutant, 07880.
holarctic element
floristic list, phytogeography, mesophilous Montane Forest, Mexico, Ocuilan Area; 06103.
Holder Formation
Pennsylvanian, limestone, sea level change, diagenesis, carbonate rock, isotopic analysis, USA, New Mexico; 08226. Pennsylvanian, shelf facies model, sand ridge, storm, sandstone, USA, New Mexico, Sacramento Mountain; 02386.
Holloman soil
Belen soil, soil amendment, calcareous soil, sulphur source, sulphur oxidation, liquid culture, USA, New Mexico; 10879.
hollow
seepage erosion, groundwater piracy, hillslope erosion, sedimentation, relief inversion, Brazil, Sao Paulo, Bananal; 06037.
hollow aquifer
aquifer hydrodynamics, cone of depression, evapotranspiration flux, palaeohydrogeology, sedimentary basin, piezometric depression, groundwater anomaly, Senegal; 05227.
hollow cylinder
torsional apparatus, generalised stress path, principal stress rotation, sand, stress path dependent soil behaviour, 06020.
hollow cylinder apparatus
stress, pore water pressure, resilient property, granular material, 03817.
Holocene
accretion rate, valley form, anthropogenic, sediment supply, floodplain, residence time, UK, England, Shropshire; 04718. accumulation rate, deep sea basin, mud, carbonate, lysocline, Atlantic, Mid Atlantic Ridge; 01248. aeolian activity, vegetation change, wind blown silt, dune field, pollen analysis, Anoka Sand Plain, drought, continuous record, USA, Minnesota, Ann Lake; 05014. aeolian deposit, geomorphological feature, wind erosion, late glacial period, deflation feature, freezing thawing, Italy, Abruzzo, Roccaraso, Aremogna Plain; 07213. alluviation, anthropogenic effect, agriculture, clearance, forcing, valley fill, climatic cause, land use change, Portugal, Algarve; 08330. anoxic sediment, magnetite, sulphide, UK, Scotland, Loch Ba; 10665. anthropogenic effect, Quaternary climate, landscape genesis, Quaternary(Upper), coast, cave, Saale, Eem, Weichsel, Mediterranean; 08459. atmospheric carbon-14:carbon-12, carbon reservoir, carbon-14:carbon-12 change, climatic influence, solar influence, oceanic influence, geomagentic influence, late glacial, 07192. atoll, diagenesis, phosphate, Pacific, French Polynesia, Tuamotu Archipelago, Mataiva Atoll; 00135. base level change, flood plain, channel sand, braided channel, meandering, last interglacial, geomorphic surface, channel characteristic change, Pleistocene(Late), India, Ganga River Valley; Kanpur; 02505. bioherm, travertine, France, Seine-Maritime, Soie Valley; 05842. buried, late Pleistocene, fluvial channel, continental shelf, buried channel, sea-level fluctuation, Pleistocene, India, Vengurla, Burnt Island; 11989. carbon dioxide, proxy data, glacier recession, lake shrinkage, warming, drying, optimum, Little Ice Age, greenhouse effect, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782. carbon-14 variation, ocean ventilation rate, atmosphere, 02601. carbonate sediment, porosity, beachrock, methane, dolomite, Egypt, Sinai Peninsula, Bardawil Lagoon; 10554. channel sediment, Pleistocene(Late), sedimentary structure, palaeochannel, buried depth, China, Shandong, North Shandong Plain; 11860. climatic change, micromammal, archaeological site, rainfall seasonality, Africa, (Southern); 10763. climatic optimum, fjord system, climatic record, recession, Greenland Inland Ice margin, Greenland, West Greenland, Jakobshavn Isfjord Area; 02645. climatic optimum, past change, precipitation rate, ice thickness, age depth profile, ice sheet, ice core record, non-steady state ice dynamic model, accumulation rate, Canada, Devon Island Ice Cap; Greenland, Greenland Ice Sheet; 02635. climatic record, pluvial event, precipitation, Late Glacial, Niger, Bougdouma; 00282. climatic zonality, palaeoclimatic condition, Atlantic optimum, Northern Hemisphere; 08424. coastal lowland, sea level history, shoreline diagram, radiocarbon date, carse clay, time altitude graph, UK, Scotland, Beauly Firth; Conon Valley; 06178. coastal wetland, store carbon, global production, decay, radiocarbon, 02590. continental shelf, carbonate sand, beach rock, limestone, pisolite, 05851. coral, algae, reef, shelf environment, scleractinian, rhodolite, sponge, 08253. coral, atoll, reef slope, crust, biozonation, algae, Red Sea; 12868. creep, thermal characteristics, permafrost, rock glacier, bore hole, heat flow, Switzerland, Swiss Alps, Grisons, Murtel Corvatsch; 01459. cryoturbation, Weichselian Holocene, valley fill, gravity spreading, sand intrusion, gyttja, thawing permafrost, sediment displacement, till sand peat association, Netherlands, Tjonger Valley; 10813. deep sea fan, Quaternary, foraminifera, Recent, Mediterranean Sea, Gulf of Lions; 07069. deepwater circulation, melt water discharge, ocean ventilation rate, ventilation rate, circulation fluctuation, last deglaciation, mean grain size, detrital silt fraction, piston core, palaeocirculation pattern, Pleistocene(Late), Atlantic, Blake Outer Ridge; 10744. deformation, GLORIA sidescan sonar system, convergence zone, collision zone, tectonics, Banda Arc, Indonesia, Timor; 07175. denudation magnitude, morainic plateau, maximum extent, last ice sheet, Pleistocene, Vistulian(Late), Poland, Osieczna; 00208. diagenesis, organic matter, carbonate, hypersaline environment, sabkha, organosedimentary facies, United Arab Emirates, Abu Dhabi; 07107. dolostone, grainstone, cementation, porosity, beach rock, 09355. Ebbadalen-Thomsondalen Stage, Little Ice Age, Late Quaternary, glacial episode, sea level, Petuniabukta-Adolfbukta Stage, Billefjorden Stage, Svalbard, Spitsbergen, Billefjorden; 11993. elm decline, palaeoenvironment, anthropogenic, lake sediment, magnetic susceptibility, accumulation rate, UK, Northern Ireland, Lough Catherine; 00027. environmental change, lake sediment, subAntarctic, pollen, diatom, desmid, rhythmite, Antarctica, South Georgia; 09597. environmental change, pollen analysis, swamp deposit, lake deposit, sinkhole, Lake Otjikoto, radiocarbon measurement, Namibia, Windhoek; 10761. environmental change, vegetational environment, human occupation, Mesolithic, Iron Age, pollen analysis, late glacial, France, Lede du Gurp; 00307. environmental implication, slope deposit, humid tropical Africa, Last Glacial Maximum, arid phase, humid climate, Kenya; Cameroon; 03876. erosion, aggradation, floodplain, Lateglacial, Belgium, Scheldt River; 10676. fault, glide plane, trench slope basin, plate margin, earthquake, continental slope, Quaternary, New Zealand, North Island, Kidnappers Slide; 10568. floodplain, fluvial landscape, alluvial landscape, surficial deposit, biodiversity, tectonics, Peru, Amazonia; 10669. flora change, Pleistocene(Middle), interglacial flora, glacial flora, interstadial flora, pollen assemblages, Pleistocene(Late), Japan, San-in District; 05030. fluvial environment, geoecological change, tectonic history, orography, last cold stage, 07135. foraminifera, pteropoda, Quaternary(Late) sediment, core TEV 1 BAN 85, palaeoclimatology, Pleistocene(Late), Tyrrhenian Sea; 08447. forest clearance, anthropogenic source, climatic change, peat, lake sediment, soil, Italy, Ligurian Apennines; 03636. forest development, palaeoclimate, pollen, plant macrofossil, high altitude lake, vegetation change, effective precipitation, Neoglacial cooling, USA, California, Sierra Nevada; 02661. fresh water, groundwater, cement, strontium, calcite, diagenesis, Atlantic, Bahamas, Schooner Cays; 00064. geomorphological reconstruction, climatic reconstruction, radiocarbon date, sedimentation rate, aeolian erosion, rotational landsliding, mass wasting, fluvial erosion, Canada, Saskatchewan, Cypress Hills; Alberta, Cypress Hills; 09582. glacial chronology, Little Ice Age, radiocarbon, neoglaciation, dendrochronology, USA, Alaska, Kenai Mountains; 03026. glacial history, climate history, lake sediment, terrestrial deposit, Little Ice Age, moraine, equilibrium line altitude, palynological investigation, vegetational change, neoglaciation, Norway, Jostedalsbreen Region; 08464. glacial lake, eustatic fluctuation, glacioisostatic movement, braided river, meandering river, palaeohydrology, Bolling, Allerod, Dryas, USSR, Estonia; 11855. glacial rebound, sea level change, mantle parameter, Fennoscandia; 06181. glacier fluctuation, radiocarbon age determination, climatic cooling, accelerated mass spectrometry dating, chronology, Canada, Ellesmere Island, Leffert Glacier; 02698. glacier variation, Little Ice Age, marginal moraine, radiocarbon date, lithostratigraphy, equilibrium line altitude, Norway, Hardangerjokulen, Blaisen; 07304. glacier, climate variation, Neoglacial, Hypsithermal, equilibrium line altitude, Little Ice Age, Norway; 13191. global climatic pattern, simulation, vegetational response, climatic reconstruction, pollen stratigraphical data, Europe; 03891. global cooling, Pleistocene(Late), Holocene, radiolarian, pollen record, core, oxygen isotope stratigraphy, Late Glacial, Okhotsk Sea; 10750. global isostacy, isostatic model, sea level, 13163. greigite, palaeomagnetic research, Quaternary sediment, Pleistocene, Black Sea; 03862. groundwater, brine, playa, gypsum, anhydrite, USA, California, Bristol Dry Lake; 05840. historical data, climatic condition, frontal movement, glacier evolution, photo interpretation, advancing glacier, retreating glacier, inventory, Canada, British Columbia, Glacier National Park; 06205. humidification, arid region, Late Glacial, 06102. hydroclimatic history, encrustation, benthic community, stromatolite, Burundi, Lake Tanganyika; 02320. ice-sheet margin dynamics, Sisimiut glacial maximum, readvance, moraine, calving glacier, topographic control, glaciological control, Greenland, West Greenland, Ilulissat; 00301. illuviation, weathering, sedimentary process, pedological process, Pleistocene(Upper), loess, Bagaggera sequence, pleniglacial period, Italy; 07210. ilmenite, Renova Formation, Tertiary, weathering, provenance, USA, Rocky Mountains; Appalachian Mountains, Montana; 07079. intertidal, freshwater biota, pollen diagram, transgression, regression, mangrove ecosystem, palyno plankton stratigraphy, environmental change, India, Bengal Basin; 04985. Iron Age, pollen sequence, peatbog, radiocarbon date, grassland, last glacial, humid montane forest, Zaire, Burundi Highlands; 09573. Jarvis Creek Ash, volcanic ash, Cantwell ash, Hayes volcano, Tangle Lakes tephra, tephra correlation, USA, Alaska; 10736. jetstream, chronology, expansion, contraction, lake system, Lake Lahontan, Lake Bonneville, Lake Russell, Lake Searles, radiocarbon age, Younger Dryas, USA, Great Basin; 00304. karst, anthropogenic source, coast, Vietnam, Halong; Bai Tylong; 04748. lacustrine, dolomitisation, Quaternary, saline, lake, 01226. lake sediment, palaeolimnological significance, mineralisation, USSR, Lake Balkhash; 10526. land snail, snail shell, rainfall source area, radiocarbon date, atmospheric circulation, circulation pattern, oxygen isotope, Israel, Negev Desert; 13099. landscape reconstruction, arid zone, palaeogeographical, climatic condition, Northern Hemisphere; 13088. landslip, alpine geomorphology, glacial erosion, erosional landform, karst feature, Australia, Tasmania, Mt Anne Massif; 07244. Last Glaciation, podocarp broadleaf forest, palynology, climatic change, vegetation change, palynomorph, Nothofagus menziesii, Aokautere ash, New Zealand, Wairarapa, Pohehe Swamp; Tararua Range; 00288. last interglacial, last glacial, sea level, rocky shore environment, radiocarbon date, oxygen isotope evidence, foraminifera, Quaternary(Late) sediment, borehole, palaeoenvironmental reconstruction, Hong Kong, High Island; 10752. litho-chronostratigraphy, profile, glacial deposit, chronostratigraphy, raised marine terrace, proglacial river, radiocarbon dating, Vistulian, Svalbard, Spitsbergen, Horbyedalen; 02690. marine terrace surface, tectonics, earthquake, active fault, Japan, Kyushu, Tsushima Strait; 04899. marine terrace, earthquake, postglacial, uplift rate, coseismic uplift, radiocarbon date, sea level, New Zealand, North Island, Pourerere; Aramoana; 06190. marine terrace, tectonic uplift, terrace, marine transgression, radiocarbon age, active fault, offshore fault, coseismic uplift, New Zealand, North Island, Pakarae River; 13179. marine terrace, tilting, uplift rate, tectonics, Taiwan, Chengkung; Hualien; 06186. marine transgression, eustatic, glacio-isostatic, peripheral forebulge, transgression, postglacial emergence, Svalbard, Spitsbergen; 02687. marine transgression, sand transport, wave height, geological evidence, onshore sand transport, USA, Florida, Ten Thousand Islands; 08496. melt water spike, Quaternary(Late), fossil diatom, marine core, palaeoceanographic reconstruction, diatom productivity, Canada, Baffin Island; 09560. mineralogical association, dolomite, lake, coastal plain, Australia, South Australia, Coorong Lakes; 05843. mire development, timberline, snow patch, peat accumulation, alpine zone, pollen analysis, palsa, Japan, Hokkaido, Daisetsuzan Mountains; 10792. mire ecosystem, peat, post glacial period, radiocarbon dating, Finland; 09590. molluscan assemblage, climatic change, radiocarbon date, midden, beach ridge, washover deposit, palaeogeography, water temperature, Peru; 07206. moraine, till, soil development rate, radiocarbon date, loess reworking, fire, frost action, soil age rela-

tionship, Quaternary(Late), moraine, loess, New Zealand, Southern Alps, Arrowsmith Range; 07324. nitratine, nitrogen, silt, lake, Kenya, Turkana Basin; 03592. non equilibrium process, geomorphic process, geomorphic pattern, avalanche path, subalpine avalanche, sediment yield, microscale cascade, sediment cascade, dendrogeomorphology, USA, Rocky Mountains; 13055. North Atlantic Deep Water, carbon dioxide, glacial, interglacial, alkalinity, polar ice, cadmium, planktonic foraminifera, 00911. North Atlantic Drift, marine interglacial, interglacial circulation, Windermere Interstadial, Younger Dryas, radiocarbon age, full glacial, Europe, (Northwest); 09561. ooze, chalk, aragonite, magnesium, Miocene, Indian Ocean, Maldives Archipelago, ODP Site 716; 03622. overstepping, continental shelf, shoreface, barrier beach, gravel, Canada, Atlantic Coast; 10545. palaeoclimate, carbon dioxide, ice sheet formation, ice core bubble, glacial maximum, Arctic; 03135. palaeoclimatic evidence, sedimentation rate, core, palaeolimnology, radiocarbon, stable isotope, ostracode, USA, Great Lakes, Lake Michigan; 08474. palaeoecological material, palaeoclimate, vegetational change, forest, prairie, USA, Iowa, Roberts Creek; 02428. palaeoenvironment, paleosol, palaeohydrology, tephrochronology, geochemistry, radiocarbon dating, pleniglacial environment, France, Massif Central, Limagne Rift Valley, Artiere Basin; 10785. palaeoenvironmental event, Pteropoda, high resolution record, sedimentary sequence, core, R/V Meteor cruise, stable isotopic record, stratified water column, productivity, Younger Dryas event, Red Sea; 10748. paleoclimatology, changing climate, orbitally induced radiation anomaly, Holocene(Middle) thermal maximum, Canada, Queen Elizabeth Islands; 05011. phosphogenesis, concretion, mud, Quaternary, shore platform, New Zealand, Raglan Harbour; 02350. plant dynamics, neoglacial chronology, floristics, relative age, weathering feature, lichenometry, soil, chronosequence, USA, Wyoming, Teton Range; 06140. plant macrofossil, Weichselian(Late), distribution map, Denmark; Finland; Norway; Sweden; 09558. Pleistocene, dunefield, sediment budget, sediment dating, Australia, Queensland, Cape York; Northern Territory, Arnhem Land; 02308. Pleistocene, soil, anthropogenic activity, Poland; 05099. Pliocene(Upper), heavy mineral, fault, uplift, depositional cycle, breccia layer, volcanic layer, Italy, Aquila, Fucino Basin; 07063. Pliocene, back arc basin, sedimentary provenance, detrital grain, Oligocene, Pacific, Tonga Arc; 08251. Polar Front Zone, sediment accumulation rate, glacial interglacial alternation, Pliocene, Southern Ocean, ODP Site 699A; ODP Site 701C; Southern Ocean, ODP Site 704B; Atlantic, (South); 11936. polar ice core, air bubble, atmospheric carbon dioxide, last glaciation, ice core data, Greece, Crete; Greenland; 11916. pollen analysis, Atlantic, sub Boreal, river incision, tufa dam, France, Eure, Bernouville; 06964. pollen analysis, Late Glacial, France, Massif Central, Artense Region; 09586. pollen curve, model, plant population growth, reaction kinetics, 04933. pollen stratigraphy, vegetational history, Younger Dryas, USSR, Ladoga Lake; 13157. provenance analysis, source lithology, sandstone, quartz grain, granite, Hercynian, Spain, Central System; 06962. quartz grain, microtextural study, chemical alteration, innershelf, sand, beach deposit, India, Kerala Coast; 12871. Quaternary(Late) vegetation, semiarid coast, Nothofagus forests, pollen analysis, aridity, coast, Chile; 03873. Quaternary, aridity, dune, aeolian sediment, paleosol, USA, Colorado, Hudson; 02306. Quaternary, sedimentation, sea level rise, mangrove, shoreline, 10626. radiocarbon dating, eolian deposit, fossil soil, cover sand, stabilization, stratigraphic research, Quaternary, France, Pas de Calais, Wissant; 11968. radiolarian, pollen record, core, oxygen isotope stratigraphy, Late Glacial, Holocene, global cooling, Pleistocene(Late), Okhotsk Sea; 10750. rainfall, desert, radiocarbon dated evidence, freshwater lake, paleosol, Algeria, Tanezrouft; 06517. rainfall, fresh water lakelet, eolian formation, TL dated, Paleosols, Mali, Tanezrouft Desert; Algeria, Tanezrouft Desert; 03874. raised beach sequence, emergence rate, transgression, standline tilt, glacier load, post glacial, sea level history, Weichselian(Late), Svalbard, Spitsbergen; 05039. raised beach, sediment transport, sea level change, facies, gravel, Greece, Crete, Chora Skafion; 02345. raised shoreline, palaeoecology, tectonic implication, uplift, earthquake damage, Turkey, Hatay Coasts; Syria, Orontes Delta; 08500. reef, cyanobacteria, mollusc, algae, sponge, stromatolite, lamination, Atlantic, (Northwest); Bahamas; 05924. reef, windward margin model, carbonate platform, Pleistocene, USA, Florida, Florida Keys; 07003. relief remodelling, geomorphological mapping, glacier, Petuniabukta-Adolfbukta Stage, Marine terrace, Ebbadalen Stage, Thomsondalen Stage, Little Ice Age, Pleistocene(Late), Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646. rind, weathering intensity, alkali basalt gravel, weathering, Quaternary, terrace, isovolumetric method, Ti constant method, Weichselian, France, Limagne, Allier River; 03926. river alignment, river evolution, palaeohydrology, fluvial history, terrace, stratigraphical evidence, USSR, Siberia; 11857. rock glacier, neoglacial moraine, Rhizocarpon, glacial advance, moraine, talus, glacierisation, lichenometric study, Canada, Northwest Territories, Frances Lake; Yukon Territory, Frances Lake; 08508. sand ridge, tidal inlet, delta, barrier island, transgression, USA, Atlantic Shelf; 10556. sand spit system, Weichselian glacial deposit, melt water deposit, Pleistocene deposit, gyttyas, peat, marine sand, glacial deposit, Quaternary, geological mapping, Germany, Schleswig Holstein, Gelting Peninsula; 08467. sand, heavy mineral, magnetite, thin section petrology, sandstone, provenance, 05972. sand, sedimentation rate, Pleistocene, peat, terrace, Italy, Po River; 00019. sand, silt, longshore current, carbonate mineral, bottom sediment, Kuwait, Ras Al-Jalayah; Ras Al-Zour; 00069. sand-shell ridges, marine transgression, radiocarbon dating, calcrete, cheniers, stratigraphy, Argentina, Bahia Blanca Estuary; 03904. sea level change, glacio hydro isostatic model, tectonic movement, Pleistocene(Late), Australia; 06188. sea level change, model, crustal behaviour, rheological model, uplift, subsidence, UK, England, Thames River; North Sea; Netherlands; 13169. sea level change, peat core, radiocarbon dating, molluscan assemblage, diatom assemblage, pollen assemblage, transgression, uplift, Japan, Choshi Peninsula, Takagami Lowland; 02684. sea level movement, coastal deposit, palaeoecological investigation, peat, clay, silt, UK, England, Merseyside, Wirral, Newton Carr; 06153. sea level rise, sedimentation rate, estuary, USA, Chesapeake Bay; 02332. sea level, lithospheric flexure, geomorphology, volcanic island, rim, elevated limestone, Cenozoic, reef limestone, makatea, reef facies, notch, Pacific, Cook Islands, Makatea Islands, Mauke; Mitiaro; Pacific, Cook Islands, Makatea Islands, Atiu; 11873. sea level, mantle viscosity, isostatic loading, lateral variation, glacial loading, hydroglacial loading, Pleistocene(Late), 13027. sea level, seismic stratigraphy, Quaternary sediment, macrotidal bay, acoustic basement, tidal channel, Korea, Bunhung Bay; 13174. sea level, shoreline map, radiocarbon age, coral reef, climatic fluctuation, Japanese research, relative sea level change, Japan; 00324. seabed sediment, water depth, North Sea, Dogger Bank; 09364. sediment production, sediment budget, clastic sediment, delta, aggrading, paraglacial sediment, debris flow, landslide, Neoglacial, Canada, British Columbia, Coast Mountains, Lillooet River; 13015. sedimentary environment, model, relative uplift, lithology, fossil fauna, marine sequence, radiocarbon dated, sea level, Greenland, West Greenland, Disko, Igpik; 05038. sedimentary facies, continental shelf, delta, prodelta mud, progradational sequence, Pleistocene(Late), Spain, Ebro Continental Shelf; 06100. sedimentation rate, radiocarbon date, Quaternary, sedimentary deposit, continental shelf, accelerator radiocarbon measurement, gravity core, seismic unit, Wisconsinan interstadial, USA, New Hampshire, Merrimack Delta; 07202. sedimentation, continental slope, turbidite, slumping, Pleistocene, USSR, Caucasus, Black Sea Margin; 10567. sedimentation, human impact, sea level, levee, archaeological remains, Pleistocene, Egypt, Nile Delta, Lake Burullus; 05829. sedimentation, shelf, sea level rise, Quaternary, subsidence, Mediterranean, Gulf of Lions; 12875. seismostratigraphic unit, Quaternary, erosional surface, seafloor, clinoform, tectonic deformation, structural high, Italy, Adriatic coast, Gargano Promontory; 05848. shore displacement, glacial sculpture, lake sediment, postglacial marine limit, deglaciation, glacio isostatic rebound, pumice, Weichselian(Late), glaciation, Svalbard, Nordaustlandet, Prins Oscars Land; 07278. shoreline migration, shell assemblage, mollusc shell, gravel lag, barrier island, beach, USA, Gulf Coast; 09426. shoreline, gravel, eustatic sea level, sediment supply, barrier beach, beach, UK, England, Sussex; 06995. slope activity, hillslope, slope evolution magnitude, slope evolution frequency, temperate hillslope, 10707. slope process, periglacial, mountain area, mass wasting, deglaciation, Little Ice Age, gelifluction, debris flow, Poland; Scandinavia; 13188. slope stratigraphy, slope lowering rate, denudation rate, quantitative study, sediment transport, mountain drainage basin, Late Glacial, long term sediment transport, storage, alluvial fan, debris production, Japan, Central Japan, Matsumoto Basin; 11861. Smackover Formation, San Andres Formation, diagenesis, fresh water lens, carbonate, grainstone, palaeoisland, USA, Louisiana; Texas; 08228. snail, vertebrate, fauna, palaeoclimatic reconstruction, palaeoenvironmental reconstruction, reconstruction, Poland, Cravow, Grodzisko, Nad Mosurem Starym Duza Cave; 06165. soil erosion, Quaternary(Late) stratigraphy, sedimentology, seismic survey, core, stratigraphy, side scan sonar, Devensian(Late), Loch Lomond Stadial, radiocarbon dated, pollen, periglacial condition, UK, Wales, Lyn Tegid; 02663. soil, ecotope, Pleistocene, Germany, Odenwald; 00471. solar forcing, high resolution record, Quaternary(Late), upwelling, anoxic basin, planktonic foraminiferal fauna, piston core, trade wind, glacial interglacial transition, sea level, melt water discharge, Venezuela, Cariaco Basin; Caribbean Sea; 10745. soligenous fen, high Arctic, fault block, autochthonous peat deposit, macrofossil, rates of net organic accumulation, slope process, macroclimatic change, Canada, Northwest Territories, Ellesmere Island, Grant Land Mountains; 11965. storm beach, peat, beach ridge, sea level, backbarrier deposit, coastal energy, coast, Fiji, Viti Levu, Pacific Harbour; 06192. stratigraphy, radiocarbon dating, palaeoecology, pollen assemblage, Loch Lomond Stadial, elm decline, salt marsh, Devensian(Late), UK, England, Severnside; Vale of Gordano; 07264. stream channel, San Jacinto fault zone, fault, radiometric dating, slip rate, strain accumulation cycle, offset, USA, California, San Bernardino Valley; 11879. stream terrace, Quaternary(Late), palaeoecology, palaeoenvironment, alluvial valley, radiocarbon dating, melt water, aeolian activity, sand dune, glacial meltwater, braided stream, meandering river, pollen assemblage, USA, Missouri, Mississippi River; 07263. stromatolite, organo-sedimentary structure, cyanobacteria, growth rate, lamination, Precambrian, Australia, Western Australia, Shark Bay; 01318. talik profile, Stefan solution, thaw, ice rich soil, radiocarbon date, forest fire, thermokarst lake, Canada, Yukon Territory, Mayo; 06196. terrace, flood plain, Pleistocene(Upper), Germany, Main River, Kahl River; 00222. tidal current, platform, reef, carbonate sand deposit, sand, USA, Florida Keys, Quicksands; 05844. transgression, arenite, lagoon, beach, tidal channel, Spain, Galicia, La Coruna Province; 10547. transgression, continental shelf, heavy mineral, seabed deposit, Canada, British Columbia, Queen Charlotte Sound; 08171. transgression, current, bay mouth bar, bar formation, Japan, Hokkaido, Kushu Lake; 11672. transgression, longshore drift, delta, sedimentation, sand body, progradation, India, Nizampatnam Bay; River Krishna; 05838. tufa deposit, groundwater, radiocarbon dating, Czechoslovakia, Bohemia, Barrandian Region; 06164. tufa, spring, sedimentation, loess, neolithic, France, Val d'Oise, Guiry-en-Vexin; 07009. uplift, climate, vertebrate fossil, archaeological find, microlithic tool, Pleistocene(Late), China, Xizang Plateau; Qinghai Plateau; 10791. vegetation change, tree line, radiocarbon dated core, postglacial vegetation change, tree line advance, forest tundra boundary, Canada, Northwest Territories, Yellowknife; 03888. vegetation, climate, fossil pollen, southern beech, isotope temperature, late glacial, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; 05016. vegetation, environmental record, pollen, sedimentological evidence, aridity, charcoal, burning, Aboriginal people, Pleistocene(Late), Australia, Victoria, Wangoom Lake; 04986. vegetation, Preboreal, wind, aeolian, dune, sand, Finland, Saarijarvi; 09321. vertical displacement, Kerepehi Fault, tephra layer, fault, palaeoearthquake, tephrochronology, New Zealand, Hauraki Lowlands, Kopouatai Bog; 00238. volcanic activity, pyroclastic deposit, lahar, New Zealand, North Island, Whakapapa Catchment, Mount Ruapehu; 12877. water depth, resuspension, deep-sea sediment, terrigenous flux, seafloor, Atlantic, Sierra Leone Rise; Ceara Rise; 10575. Wisconsin/Wurm Late Glacial Stage, ice cap, ice core, oxygen isotope, climate change, China, Dunde Ice Cap; 03027. Wisconsinan, benthic foraminiferal assemblage, palaeocirculation history, North

Atlantic Deep Water, Antarctic Bottom Water, abyssal storm, turbidite, sedimentation rate, Atlantic, Scotian Margin; 10743.
Holocene advance
Quaternary, glaciation, last glaciation, Southern Hemisphere; 02562.
Holocene bar
lagoon, tree planting, bar, coastal geomorphology, China; 10588.
Holocene chronology
radiocarbon dating, floodplain, river channel change, chronology, stratigraphy, alluvial terrace, river terrace, UK, England, Cheshire, Dane Valley; 06179.
Holocene climate
stable isotope ratio, carbon, phytolith, vegetation monitoring, climate change, occluded carbon, opal phytolith, palaeoclimatic reconstruction, USA, Great Plains; 10738.
Holocene deglaciation
ice sheet, Last glacial-interglacial cycle, three dimensional experiment, thermo-mechanical ice-sheet model, grounding line dynamics, isostatic bed adjustment, model calculation, eustatic sea level, Antarctica; 00343.
Holocene deltaic facies
saline ground water, subsidence, tilting, radiocarbon dating, subsiding, delta margin, Egypt, Nile Delta; 01392.
Holocene deposit
erosion, coastline, protection works, Pleistocene deposit, UK, Isle of Man; 06994. Ogolian dune, planed dune, limestone crust, palaeodunes, Quaternary sequence, alluvial reg, Nouakchottian marine formation, Mauritania, Tijirit; 03875.
Holocene earthquake
Basin and Range province, active normal fault, palaeoseismological data, slip rate, segmentation, USA, Utah, Wasatch Fault Zone; 08359.
Holocene epoch
soil development, paleosol, interglaical climate, palaeoclimate, Sangamonian interglacial, Canada; 07251.
Holocene faulting
Median Tectonic Line, slip rate, trench study, seismic event, earthquake magnitude, fault timing, fault displacement, Japan, Shikoku; 08374. radiocarbon age, colluvial sediment, debris flow, faulting event, TL dating, fault scarp derived colluvium, paleoearthquake timing, USA, Utah, Wasatch Fault Zone; 08360.
Holocene fill
colluvial unit, climate change, anthropisation, alluvial deposit, stratigraphical analysis, France, Basse Provence, Bouches-du-Rhone, Etang de Berre, Vallat Neuf Brook; 11846.
Holocene floodplain
climate change, river behaviour, palaeohydrology, alluvial sequence, flood plain deposit, agricultural activity, Czechoslovakia, Morava River Basin; 11852.
Holocene history
El Nino, flood, sediment, radiocarbon dating, Peru; 11283.
Holocene landslide
slide plane, wave action, landslide geology, landslide history, USA, California, Santa Catalina Island, Little Fishermans Campground; 06032.
Holocene lowland
terrace surface, tephra layer, postglacial transgression, human activity, landform, Pleistocene upland, Japan, Tokyo; 02519.
Holocene ocean circulation
ocean, atmosphere, radiocarbon difference, mixed layer reservoir age, Younger Dryas, upwelling, carbon cycling, ocean circulation, Canada, British Columbia; Pacific, (North); 03868.
Holocene palaeosols
phytoliths, Pleistocene climatic sequence, micromorphological evidence, palaeoenvironmental change, Pleistocene, 01435.
Holocene palaeotemperature
palaeotemperature, Vedde ash layer, Saksunarvatn ash layer, surface sediment, diatom distribution, Iceland Sea; Greenland Sea; Norwegian Sea; 03855.
Holocene peat
raised bog, radiocarbon dating, pollen analysis, peat, mire, historical study, paleoecological study, Netherlands, Noord Brabant, Zundert Province; 08478.
Holocene pedogenesis
loess, horizon genesis, horizon age, Argillic horizon, Weichselian, Bt formation, Bolling Interstadial, France, Brittany; Belgium; Germany; Poland; 07265.
Holocene pollen record
latitudinal vegetation zonation, land-sea comparison, last glacial-interglacial transition, pollen record, Pleistocene pollen record, Senegal; Mauritania; 02629.
Holocene sand
limestone, uranium series age, coral, Darwins hypothesis, atoll, subsidence rate, last interglacial, reef, Indian Ocean, Cocos Islands; Kelling Islands; 08501.
Holocene sea level
present sea level, sea level variation, tectonic movement, melt water, ice sheet, Antarctic melting, tide gauge record, glacial rebound, warming, glaciostatic shoreline origin, hydrostatic shoreline origin, isostatic shoreline origin, Pleistocene(Late) sea level, 07270.
Holocene sediment
alluvial lowland, vegetational change, pollen analysis, Japan, Yokohama, Kashio River; 08493. marine level, dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, organic wall, microfossil, organic substance, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458.
Holocene sedimentation
change, carbonate sedimentation, clay sedimentation, thorium-230 profile, box core, carbonate dissolution rate, sediment flux, glacial sedimentation, Pacific, (Equatorial); 08453.
Holocene soil
Pleistocene soil, dating, soil development, soil chronosequence, alluvial soil, USA, Great Basin; 13285. soil composition, soil classification, Griffy soil, Enos soil, Ethete soil, Apron soil, Glenton soil, soil-landscape relationship, Pleistocene soil, USA, Wyoming, Wind River Basin, Riverton; 13286.
Holocene temperature change
diatom assemblage shift, palaeotemperature, Bolivia, Bolivian Andes, Oriental Cordillera; 03138.
Holocene terrace
soil type, loess covered terrace, fluvial geomorphodynamics, Quaternary, river terrace, Talgrundterrassen, Germany, Isar River; Danube Valley; 06182.
Holocene transgression
regression, sedimentary history, coastal plain, diatom assemblage, Japan, Hokkaido, Kushiro Moor; 05037.
Holocene weathering
chalk dissolution, clay mineral transformation, cultivation, brown calcareous earth, rendzina, chalkland, soil formation, erosion, pedogenic processes, soil erosion, Late Devensian, aeolian clay, UK, England, Yorkshire Wolds; 12032.
Holocene(Early)
glacier advance, raised beach, Godhavn stade, Disko stade, marine limit, equilibrium line altitude, palaeoclimatic implication, Greenland, West Greenland, Disko Island; 07280. grain size, Weichselian, sand, Kreftenheye Formation, glaciation, Netherlands, Rhine River; 06967. morainal bank sedimentology, marine ecology, glacimarine environment, grounding line, fjord readvance, basal till, till, diamicton, Greenland, East Greenland, North Scoresby Land, Skjoldungebrae Gorge; 04977. sediment supply, tidal sandbody, sandbody, Eocene, Roda Sandstone, Pleistocene(Late), Spain, Pyrenees; East China Sea; 09400. summer, rainfall, ecological significance, pollen, dryland, hyperarid zone, Middle East; 06107. vegetation, climate, flora migration, pollen diagram, pleniglacial period, Bolling, Older Dryas, Allerod, Younger Dryas, wind, Weichselian(Late), Norway, North Rogaland, Utsira; 08481.
Holocene(Late)
depositional history, borehole, succession, prograding succession, barred shoreline type, sea level rise, Midley Sand, storm, sedimentation, radiocarbon date, UK, England, Kent, Dungeness; 06180. destructive phase, volcano, Arenas eruptive stage, Azufrado eruptive stage, Lagunillas eruptive stage, rockslide, debris avalanche, hazard, eruption, mass wasting, Colombia, Nevado del Ruiz Volcano; 00244. erosion, colluvium deposition, Bovu colluvium, Mphunga colluvium, paleosol, climate dependent, radiocarbon date, denudation rate, badland, Swaziland, Mkhondvo Valley; 02740. erosion, upland erosion, climatic deterioration, human influence, solifluction, radiocarbon dating, debris flow, Little Ice Age, landuse change, UK; 10843. glacier fluctuation, mass balance, lithostratigraphy, radiocarbon date, equilibrium line, climatic change, Norway, Jostedalsbreen, Bevringsdalen; 10817. lake fluctuation, hydrographically closed lake, palaeoclimatic reconstruction, radiocarbon date, tephra unit, chronometric control, deltaic sequence, Dechambeau Ranch High Stand, Marina Low Stand, water balance model, USA, California, Mono Lake; 00303. lake sediment sequence, palaeoclimatic implication, radiocarbon dating, microfossil analyses, tephrachronology, palaeoecology, Antarctica, South Shetland Islands, Livingston Island; 09596. lake sediment, magnetic property, pollen analysis, landuse change, soil erosion, France, Petit Lac d'Annecy; 10846. neotectonism, tide gauge record, glacial unloading, forebulge, warping, sea level, vertical crustal movement, historic, USA, (Southeast); (Northeast); 01391. sea level fluctuation, diatom analysis, radiocarbon dating, successional reconstruction, Japan, Sendai Bay, Matsushima Bay; 05036. snow accumulation hollow, soil stratigraphy, pollen assemblage, snow patch, slope break, environmental change, Japan, Echigo Range, Mount Tango; 10794. tree limit, spruce forest, radiocarbon date, adiabatic lapse rate, Little Ice Age, Sweden; 07268. vegetation change, pollen analysis, environmental change, Quaternary, arid zone, Australia, South Australia, Dalhousie Springs; 06110. vegetational change, wet sclerophyll forest, tropical rainforest, pollen, sea level, coastal barrier, Australia, New South Wales, Illawarra Coastal Plain; 05032.
Holocene(Late) advance
moraine, equilibrium line altitude, Otira Glaciation, Quaternary(Late), glaciation, end moraine, New Zealand, Mount Ruapehu; 02643.
Holocene(Mid)
ecological history, moorland, conservation, UK, England; Wales; 01440.
Holocene(Middle)
organic matter, land snail shell, stable carbon isotope ratio, Chenopodiaceae, rainfall, Israel, Negev Desert; 03878. salt lake, salt chemistry, Mongolia, Inner Mongolia, Jilantai Salt-Lake; 06166. vegetation record, palaeoclimatic significance, packrat, midden, vegetation, monsoon, aridity, USA, Nevada, Mojave Desert, McCullough Range; 13089.
Holocene(Middle) thermal maximum
Holocene, paleoclimatology, changing climate, orbitally induced radiation anomaly, Canada, Queen Elizabeth Islands; 05011.
hologrammetry
holographic stereogram, SPOT image, elevation model, map overlay, 07935.
holographic stereogram
SPOT image, elevation model, map overlay, hologrammetry, 07935.
Holsteinian
Eemian, Kleszczow Graben, Pilica Interstadial, Younger Saalian, reforestation, Saalian sediment, till, Poland, Belchatow; 09579. Holsteinian-Mazovian interglacial, Hoxnian, Ferdynandovian, interglacial, pollen sequence, Poland; UK, England; 01442. magnetic reversal, correlation, till, glaciation style, glacioisostasy, glacial deposit, Hoxnian, UK; Europe; 11946. Saalian Glaciation, Zeitz phase, Leipzig phase, Treene Interglacial, Ruegen Interglacial, Drente phase, Eem interglacial, Weichsel Glacial, geology, palaeontology, palaeoecology, brown coal opencast mine, borehole, Voigtstedt warm period, Germany; 02670. Saalian, glacial advance, glacial stratigraphy, till, melt water deposit, TL dating, Menapian age, Elsterian, Denmark, Jutland; 05004.
Holsteinian interglacial
microfossil, foraminifera, Ostracoda, Eemian, tidal flat sequence, sea level, Denmark, Hojer; 06158.
Holsteinian marine clay

Saalian till, sandur, stockwerk, thrust fault imbrication, kinetostratigraphical unit, glaciodynamic structure, Main Stationary Line, Bovbjerg profile, Denmark, Jutland; 00298.
Holsteinian-Mazovian interglacial
Hoxnian, Ferdynandovian, interglacial, pollen sequence, Holsteinian, Poland; UK, England; 01442.
homing vector
polar coordinate, human navigation, dead reckoning navigation, 10275.
hominid bearing deposit
stalagmitic floor, Mousterian deposit, Neanderthal remains, ESR dating, Italy, Ligure, Caverna delle Fate; 01417.
homogeneous aquifer
cell analytical numerical method, advection dispersion equation, groundwater flow, solute transport, uniform flow, 09857.
homogeneous media
variable density flow, mixing, heterogeneous media, groundwater flow, density difference, water plume, gravitational instability, convective dispersion, 08780.
homogeneous oxidation
oxidation, remote marine atmosphere, particle, sulphur dioxide, sulphate aerosol, sea salt aerosol, heterogeneous oxidation, 12536.
homogeneous precipitation
precipitation region, principal components analysis, time series simlation, France, IJzer Watershed; Belgium, IJzer Watershed; 09987.
homogeneous region
regionalisation, catchment characteristic, hydrological homogeneity, low flow characteristic, cluster analysis, multiple regression, principal component analysis, ungauged catchment, Australia; 10992. segmentation, tresholding, 12640.
homogeneous soil
layered soil, boundary conditions, model sensitivity, soil moisture profile, soil moisture movement, hydraulic conductivity, infiltration rate, groundwater level, seepage, unsaturated soil, 02897.
Homogeneous Station Method
tectonic lineament, Landsat imagery, tectonic stress, compressive stress, microseismicity, tectonics, microearthquake survey, India, Mikir Hills; Assam Valley; India, Shillong Plateau; 10695.
homogeneous surface roughness
heterogeneous surface roughness, surface roughness, heavier than air gas dispersion, roughness, entrainment rate, dispersion rate, wind tunnel, tracer gas, 10024.
homogeneous terrain
heterogeneous terrain, mixed layer dynamics, terrain, vegetation-atmosphere interaction, 13545.
homogeneous transformation
coordinate system, curved surface primitive, PHIGS, 05694.
homogeneous zone
heavy rainfall, monsoon, rainfall total, India; 07679.
homogenisation technique
soil homogenisation, grinding and sieving, riffle splitting, cone and quartering, 03985.
homopause
molecular diffusion, eddy diffusion, methane, non methane hydrocarbon, Titan, 04194.
Hondius
Christian Knight map, 05665.
honeycomb weathering
micro crack, olivine, salt accumulation, basalt, weathering, temperate marine environment, basalt cliff, tafoni, UK, Northern Ireland, Antrim; 01483.
hop growing region
fluctuation record, climatic fluctuation, vine growing, Czechoslovakia, Bohemia; 12491.
hopane
equilibrium ratio, biomarker, molecular mechanics, isomer, 07088. maturation range, oil, burial depth, aromatic, biomarker, China, Liaohe Basin; 07111. phytanyl thiophene, isoprenoid, evaporite, salt pond, bacteria, lactone, sterol, Spain, Alacante, Santa Pola; 07098.
hopanoic acid
oil generation, carboxylic acid maturation, Venezuela, Maracaibo Basin; 08282.
hopanoid
shale, organic matter, thermal maturity, coal, biomarker, China, Funan; 07109.
hopanol
tetrahymanol, diplopterol, triterpenol, gammacerane, organism, USA, California, Santa Monica Basin; 07095.
Hope Fault
earthquake, offset moraine, slip rate, Quaternary(Late), displacement, New Zealand, North Canterbury, Glynn Wye; 00239.
Hopf bifurcation
bifurcation diagram, general circulation model, air-sea interaction, coupled general circulation model, El Nino/Southern Oscillation, surface stress, 01891. topographic instability, intraseasonal oscillation, extratropics, 12428.
Horbyebreen glacier
marginal zone, glacier, supra glacial moraine, Svalbard, Spitsbergen, Horbyebreen Petuniabukta; 02650.
Horikoshitoge Formation
Akuda Formation, Permian, marine limestone, Mino terrane, limestone, Japan, Gifu Prefecture, Gujo Hachiman; 11745.
Horinouchi Formation
tuff, submarine sliding deposit, lithofacies change, geological significance, Iozumi Tuff, Plio Pleistocene, Kakegawa Group, Japan, Shizuoka Prefecture; 10795.
horizon age
Argillic horizon, Weichselian, Bt formation, Bolling Interstadial, Holocene pedogenesis, loess, horizon genesis, France, Brittany; Belgium; Germany; Poland; 07265.
horizon genesis
horizon age, Argillic horizon, Weichselian, Bt formation, Bolling Interstadial, Holocene pedogenesis, loess, France, Brittany; Belgium; Germany; Poland; 07265.
horizon thickness
landform position, Boroll, catena, soil-forming process, Canada, Saskatchewan; 12100.
horizontal correlation function
temperature, geopotential, isobaric surface, 06428.
horizontal creep
vertical crustal movement, tectonic implication, leveling survey, tidal observation, Philippine Sea Plate, Eurasian Plate, deformation, rapid uplift, Taiwan; 04902.
horizontal curve
vertical curve, computational technique, alignment, 05606.
horizontal development
topographic control, pollen analytical technique, bog formation, peat bog, Older Dryas, Germany, Bavaria, Rhon Mountains, Schwarze Moor; 09591.
horizontal diffusion
two layer general circulation model, eddy kinetic energy, horizontal resolution, 06496.
horizontal dissolution cave
phreatic morphology, dead end dissolution tube, sea level fluctuation, limestone petrology, cave morphology, Bahamas, San Salvador Island; 00257.
horizontal distribution
space correlation coefficient, surface layer, wind fluctuation, Taylors hypothesis, 13547.
horizontal divergence
vertical velocity, radiative cooling, Hadley cell, radiative balance, heat low, biogeophysical feedback, albedo, atmospheric subsidence, Australia; 08856.
horizontal eddy transport
eddy transport, thermal drive, stratosphere, potential vorticity, barotropic calculation, 10082.
horizontal flow
vertical flow, hydraulic conductivity, Guelph permeameter technique, silt loam soil, Richards equation, groundwater flow, percolation test, layered soil, unsaturated flow, saturated flow, 11037.
horizontal loop EM
ground conductivity meter, VLF method, groundwater, electrical resistivity, water exploration, electromagnetic survey, 13420.
horizontal loop profiling
Slingram method, Precambrian limestone, electromagnetic horizontal loop method, limestone aquifer, groundwater exploration, low frequency geoelectric method, very low frequency resistivity method, electromagnetic bipole method, resistivity method, karstified fracture, geoelectrical method, Mali, Gondo Plain; 06358.
horizontal offset
slip rate, dextral slip rate, vertical movement rate, Quaternary(Late), movement, Wellington Fault, New Zealand, Upper Hutt; 00236.
horizontal polarisation
differential reflectivity, differential propagation constant, rain, hail, precipitation, radar, reflectivity factor, 01930.
horizontal profiling
square array, Schlumberger array, groundwater exploration, village water supply, fissured zone, fractured zone, crystalline formation, resistivity profiling, Benin; 06359.
horizontal resistivity profiling technique
vertical electrical sounding technique, total dissolved solid, isoresistivity map, mine drainage, earth resistivity measurement, groundwater contamination, acidic leachate, USA, Indiana, Wheatland; 00608.
horizontal resolution
horizontal diffusion, two layer general circulation model, eddy kinetic energy, 06496. systematic error, forecast model, systematic prediction error, Goddard Laboratory for Atmospheres, divergent circulation, 07789.
horizontal shear
shear front, potential vorticity, semi geostrophic theory, Eady wave, stability, 12442.
horizontal stress
neotectonic faulting, stress measurement, tectonic interpretation, in situ stress measurement, flatjack technique, doorstopper technique, UK, England, Gloucestershire, Daglingworth Quarry; 08361.
horizontal wind
vertical wind disturbance, stratosphere, radar, gravity wave, topography, momentum flux, 12309.
horizontal wind fluctuation
wind fluctuation, buoyancy range, stellar scintillation analysis, turbulent layer, 05283.
horizontal zonality
soil zonality, foothill, vertical zonality, Europe, (Central); Czechoslovakia, Slovakia; 08559.
horn
moraine, glacier, moraine, landscape evaluation, polar morphology, alpine morphology, ice sheet, nunatak, glacially fretted upland, cirque, arete, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775.
hornblende
weathering, dissolution, SEM, 01555.
Hornchurch till
Maldon till, till, lithofacies, Lowestoft till, Blakenham and Bramford till, Barham till, Creeting till, colour difference, Newney Green till, Great Waltham till, UK, England, East Anglia; 13142.
HORS
sampler, grab sampler, Shipek, sediment sampler, Caribbean Sea; 08311.
horseshoe vortex
flow reversal zone, Froude number, flow around obstacle, density stratified fluid, 04296.
horst
dyke, fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological

structure, graben, Botswana, Kalahari; 06413. Rhodanian, tectonic movement, Pannonian, planation surface, fault, uplift, morphostructural analysis, USSR, Carpathians, Lesser Carpathians; 08378. tectonic scarp, morphotectonics, USSR, Siberia, Baikal Rift Valley; 10694.
horticultural application
wind field, turbulence, windbreak, aeolean ensemble, 13510.
horticultural soil
soil moisture management, drainage status, soil aeration, capillary retention effect, 00575.
Horton overland flow
Dunne overland flow, rainfall-runoff model, overland flow, infiltration, rangeland catchment, 01652.
Horton runoff volume
surface sealing, headcut incision, colluvial fan formation, infiltration, percolation, overland flow, runoff generation, rilling, sedimentation, slope length, erosion, deposition, 05125.
Horton's equation
surface watershed model, water balance model, potential evapotranspiration, rainfall-runoff model, HYDROLOG, groundwater recharge, Australia, Victoria, Campaspe River Basin; 01653.
Hortonian overland flow
rainfall-runoff model, catchment dynamics, hillslope hydrology, antecedent condition, overland flow, subsurface flow, model calibration, streamflow time series, saturated overland flow, soil moisture accounting model, evapotranspiration flux, 04042.
Hortons exponential relationship
drainage density, stream frequency, slope, hypsometric analysis, groundwater accumulation, geomorphological study, drainage pattern, basin development, seventh order basin, bifurcation ratio, India, Kabini River Basin; 11872.
host rock
cement, enrichment, concretion, manganese, todorokite, Nigeria, Igarra; 03656.
hot air method
soil moisture diffusivity, Van den Berg and Louters method, diffusivity, moisture depth curve, 02895. till soil, soil moisture suction, pF-curve, unsaturated hydraulic conductivity, 01701.
hot spot
classification, seafloor, offshore region, 12881. nitrous oxide, soil denitrification, denitrification activity, particulate organic matter, 12063. nitrous oxide, soil water content, denitrification, denitrification activity, 12062. supercoronae, tectonics, model review, structural unit, flood volcanism, Venus; 07152.
hot spot area
crust, hydrothermal mineral, seamount, sea water, Pacific, Teahitia Seamount; Pihaa Seamount; Pacific, Macdonald Seamount; 12894.
hot spring
cyanobacterial mat, Precambrian, biomarker, hydrocarbon, branched alkane, New Zealand, Korako Thermal Area; USA, Yellowstone NationaL Park; 02451.
hot water drilling
bore hole closure, cold ice, down hole experimentation, melting refreezing rate, antifreeze, 07299.
hot water extractable boron method
cold water extractable boron method, boron, 00457.
hot water extraction
boron, calcium chloride extraction, extraction procedure, 08600.
hot water modelling
scale modelling, temperature, ripple, dune, flume, 02295.
hotspot
AVHRR, brightness temperature, 12725. subduction hinge migration, rollback, plate motion, trench arc backarc system, Philippine Sea, Izu-Bonin-Mariana Arc; 03726.
hotspring
boron, brine, isotope, tracer, Israel, Dead Sea; 12963.
Hough transform
additive noise, signal detection theory processor, probability density function, 12634. circular fiducial, circle cord, 00987. computer vision, feature extraction, Monte Carlo method, probabilistic transform, 11482. discretisation, design methodology, 13801. divide and conquer, processor pyramid, 03348. feature point, 03349. hierarchical method, line extraction, 04507. least square error estimation, axis of symmetry, 10310. Marine Traffic Control Radar, sea surface, 03462. object orientation, affine, contour, 02104. parallel processing, pyramid machine, 07983. synchronous multiprocessor implementation, 12633. systolic array architecture, image analysis, 03350.
Hounsfield unit
bulk density, sedimentary structure, absorption, tomography, deep sea sediment, 00196.
house
seasonal variation, radon, uraniferous fluorite vein, Thailand; 12528.
housing
urban climatology, heat island, building, Poland, Warsaw; 07713. urban development, inner city, ecology, 02284.
housing intensification
GIS, municipal application, street address file, Canada, Ontario, Toronto; 01158.
Hoxnian
Dimlington Stadial, Skipsea till, weathered mantle, Hessley Clay, proglacial lake, Lake Humber, Eskrick moraine, Withernsea till, Quaternary history, Wolstonian till, Ipswichian beach, UK, England, Humberside; Yorkshire; 13138. Ferdynandovian, interglacial, pollen sequence, Holsteinian, Holsteinian-Mazovian interglacial, Poland; UK, England; 01442. Holsteinian, magnetic reversal, correlation, till, glaciation style, glacioisostasy, glacial deposit, UK; Europe; 11946. Ipswichian, Midlandian, preMidlandian, glacial deposit, glacial stratigraphy, Gortonian stage, Ireland; 13122. Marly Drift, Cromer till, Lowestoft Advance, Anglian, interglacial clay, marine clay, UK, England, Norfolk; 13140.
Hoytville soil
particle interaction, clay suspension, shear stress, sodium chloride, pH, Cecil soil, Putnam soil, 13238.
HRPT
AVHRR, vegetation, forest cover, Africa; 04619.
HRV
surface reflectance, atmospheric data, view angle data, SPOT, 06809.
HRV data
grassland discrimination, grassland quality, biomass, radiometric data, France, Lorraine; 09249.
HRV information
forest management, Scots pine, Landsat TM, SPOT 1, 09228.
Hudson dome concept
indicator erratic, ice-flow pattern, historial review, dispersal, Belcher Island erratic, flow pattern, Laurentide ice, erratic, Keewatin ice, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.
Hudson's Bay Company
mapping, surveying, Canada; 11513.
Hueneme Canyon
Quaternary(Late), sedimentary response, tectonic activity, sea level fluctuation, seismic reflection profile, deltaic sequence, buried marine terrace, USA, California, Ventura Mainland Shelf; 03869.
Huizachal Formation
channel pattern, La Joya Formation, red bed, Pangea, Triassic, Mexico, Sierra Madre Oriental; 11754.
hum
lateral corrosion, downwearing, Quaternary(Early), polje, karst, downfaulting, tectonic influence, Greece, Crete; 11900.
human action
degraded landscape, space imagery, landscape, India, Rajasthan; 03446.
human activity
landform, Pleistocene upland, Holocene lowland, terrace surface, tephra layer, postglacial transgression, Japan, Tokyo; 02519. ploughing, erosion, landscape functioning, anthropogenic factor, hydrological cycle, biogeochemical cycle, USSR, Moscow; 11870. timberline, forest soil, solifluction, tourism, geomorphological impact, Spain, Pyrenees; 09534.
human behaviour
drought, crop production, desertification, desert reclamation, climate, 12494.
human binocular vision
stereo matching, random dot stereogram, computer stereo vision, 07913.
human body
surface motion, breathing, stereophotogrammetry, 02129.
human disturbance
landslide, torrential rainstorm, geomorphic system, geomorphic process, hillslope runoff, rill erosion, gully erosion, Spain, Pyrenees, Prepyrenees; 04891. postglacial deposit, cirque, intramorainic depression, lithostratigraphic unit, Atlantic period, subBoreal, subAtlantic, slope erosion, Little Ice Age, Poland, Tatra Mountains; 09601.
human ecology
geomorphological study, environmental geomorphology, geomorphic system, 11903.
human environment
climate change, impact study, 07794.
human expertise
uncertainty model, reliability, GIS, mathematical model, 01023.
human exposure rate
fish exposure rate, gold mining, surface water quality, sediment contamination, mercury, Brazil, Rondonia, Madeira River; 12198.
human factor
remote sensing, lineament, mineral exploration, 10387. thematic map, device independent colour space, colour perception, 10363.
human factor research
GIS, user interface design, 06773.
human femur
physical abrasion, chemical procedure, bone, contamination, method, removal, diagenetic material, buried bone, USA, Illinois, Gibson Site; Peru, Estuquina Site; 03853.
human fossil
bone dating, Quaternary extinction, accelerator radiocarbon dating, molecular level dating, fossil bone, amino acid, Clovis age, North America; 08428.
human geography
remote sensing, GIS, academic status, physical geography, geographical science, China; 01375.
human health
pollution prevention, air pollution, global atmospheric balance, 00922.
human impact
climate change resilience, soil mineral, temperature regime, soil hydrology, leaching rate, Kenya, Nairobi; Canada; Scandinavia; 07322. environmental change, Little Ice Age, climate change, sea level change, Pacific Islands; 13180. geomorphology, coastal dune, management, dune, France; 04743. Quaternary(Late), vegetation history, palaeovegetation map, pollen data, Europe; 06142. sea level, levee, archaeological remains, Pleistocene, Holocene, sedimentation, Egypt, Nile Delta, Lake Burullus; 05829. slope instability, landslide, highway, mass movement, geomorphological analysis, construction, Jordan; 11907.
human influence
Slovak Hungarian Barrage, environmental change monitoring, geo ecological mapping, satellite imagery, floodplain, ox bow, backswamp, point bar, Hungary; 09532. solifluction, radiocarbon dating, debris flow, Little Ice Age, landuse change, Holocene(Late), erosion, upland erosion, climatic deterioration, UK; 10843.
human navigation
dead reckoning navigation, homing vector, polar coordinate, 10275.
human occupation
Mesolithic, Iron Age, pollen analysis, late glacial, Holocene, environmental change, vegetational environment, France, Lede du Gurp; 00307.
human operator efficiency
image processing, digital terrain model, filtering technique, dynamic programming, 07992.
human population

megafauna, stone tool, lithic tool, hunting, gathering, pictograph, Pleistocene, Brazil; 13094.
human risk
sea level impact, coastal vulnerability index, global coastal hazard, sea level rise, greenhouse warming, climate warming, coastal wetland, coral island, USA, Atlantic Coast; Canada; Mexico; 10799.
human settlement
geobotanical investigation, pollen diagram, core profile, Germany, Bad Oldesloe; 08484.
humate metal ion complex
plutonium complex, calcium complex, iron complex, copper complex, extraction procedure, organic complex, silylation, 08604.
Humboldt
atlas, historiography, Venezuela, Barinas; 03374.
Humboldt cold sea current
stable condition, precipitation heterogeneity, arid desert, Bolivia, Andes; 07667.
humic acid
absorption chromatography, structural subunits, fractionation, 08596. aluminium oxide, silicon oxide, organo metallic complex, fulvic acid, adsorption, clay mineral, 10873. aromatic carbon fraction, chemical structure, lignin, tannin, humification, forest soil, Germany, Bavaria; 10872. carbon-14, Sod-Podzolic soil, humus, organic matter, 00404. carboxyl content, simulation model, acidity index, acetate reaction method, 08595. Chernozem, grey forest soil, peroxidase, humus peroxidase complex, enzyme activity, 10895. chernozem, Kumada's classification, Poland; 02809. chernozem, Poland; USSR; 02765. complexation, water quality, kaolinite, dissolution, ligand, 12971. epicuticular wax, organic matter, Tertiary, paleosol, Canada; Arctic; 04004. fluvic acid, clay-humus complex, montmorillonite, 02764. fulvic acid, humic aggregate, light scattering method, reversible aggregation, sedimentation velocity, UK, England, North Yorkshire, Whitray Beck; 13231. fulvic acid, humic substance, Alfisol, Mollisol, chemical structure, USA, Ohio; 10899. fulvic acid, humus, leaching, aromaticity, swamp water, organic matter, NMR, Australia, New South Wales, Myall Lakes; 05958. fulvic acid, organic wall, microfossil, organic substance, Holocene sediment, marine level, dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458. fulvic acid, phenolic acid, Andosol, polyphenolic fraction, vegetation zone, Mexico, Sierra Nevada, Iztaccihuatl Volcano; 13260. groundwater, photon correlation spectroscopy, dynamic light scattering, zeta potential, colloid, 02486. Langmuir adsorption isotherm, adsorption, boric acid, 05083. montmorillonite, illite, kaolinite, clay-humus complexation, exchangeable cation, lattice charge, metal bonding, 13230. montmorillonite, surface free energy, swelling, aggregate wettability, organic adsorption, aggregate, 09467. organic matter, phosphorite, diagenesis, hydrocarbon, Peru; 00125. oxidation, oil shale, organic matter, Cretaceous(Upper), phosphorite, black shale, Morocco, Oulad Abdoun Basin; Timahdit Basin; 07104. Oxisol, Spodosol, toposequence, fulvic acid, aromaticity, nitrogen, Brazil, Amazonia; 12082. soil aggregation, micromorphological study, fulvic acid, vugh, aggregate, structural improvement, 07341. soil development sequence, NMR spectroscopy, carbon, New Zealand; 09738.
humic aggregate
light scattering method, reversible aggregation, sedimentation velocity, humic acid, fulvic acid, UK, England, North Yorkshire, Whitray Beck; 13231.
humic clay soil
soil compaction, traffic induced compaction, soil air, 09692.
humic compound
brackish lagoon, lagoon, organic matter, biomass, phenol, France, Golfe du Lion; 12846. lake survey, pollution, acidification, water quality, water chemistry, fish population, Norway; 13344. soil moisture, root distribution, France, Jura; 01600.
humic content
lake water, lake morphometry, watershed morphometry, water colour, drainage ratio, slope, lake depth, lake area, USA; Canada; 07489.
humic Cryorthod
aluminium sulphate, sulphate retention, gibbsite, alunite, mineral horizon, Spodosol, 08584.
Humic Fluvisol
peat, marshland, sulphur, Germany, Sehestedter Aussendeichsmoor; 01602.
humic fraction
cultivated soil, carbon, nitrogen, organic matter, carbon content, nitrogen content, semiarid soil, Spain, Duero Basin; 10940. inorganic fraction, surface water quality, dissolved organic matter, black water, coastal stream, fulvic acid, electrical conductivity, hydrogeochemistry, USA, South Georgia, Little River; 12196.
humic lake
acidity, alkalinity, cation, phosphorus, nitrogen, forest lake, lake water chemistry, Finland; 07493. heat resistance, lake, mixing, forest lake, heat budget, Schmidt thermal stability, Birgean wind work, Finland; 13332.
humic material
aggregate stability, soil aggregate, waterlogged soil, lacustrine soil, silty clay, soil structure, 12051.
humic matter
aluminosilicate, ligand, bitumen, oil sand, wetting, Canada, Alberta, Athabasca; 00175. radiocarbon age, diagenesis, tephrochronology, paleosol, Italy, Procida Island; 02588.
humic river
water colour, surface water quality, flow regime, fluorescence, iron transport, dissolved organic matter, Finland, Gulf of Bothnia; Kiiminkijoki River; 06320.
humic soil
palaeoclimatology, stratigraphy, Warneton pedocomplex, micromorphological budget, Belgium, Warneton; 06157.
humic substance
acid organic soil, soil solution, charge, ion binding model, organic soil, 07356. acid surface water, aluminium binding, ionic charge balance, surface water quality, pH, chemical speciation, dissolved organic carbon, 13365. activated carbon, adsorption, groundwater quality, water treatment, trichloroethylene, 01729. adsorption, hydroxyaluminium montmorillonite complex, hydroxyaluminosilicate montmorillonite complex, 03972. Alfisol, Mollisol, chemical structure, humic acid, fulvic acid, USA, Ohio; 10899. alumino silicate complex, imogolite formation, 07342. carbon-13, extraction method, CNMR analysis, 00450. fulvic acid, chlorination, organohalide, surface water quality, France; 13350. hydrophobic organic compound, hematite, kaolinite, sorption, 03973. iron, marsh sediment, organic matter, salt marsh, sulphur, USA, Delaware; 10642. iron, speciation, fulvic acid, nutrient, lake, Netherlands, Lake Tjeukemeer; 11665. metal ion, gel chromatography, soil organomineral, molecular weight, USSR, Moscow; 00403. molecular size, organic waste amendment, microaggregate, stability, 00395. organic matter, manure, decomposition, composting, 07355. river, soil, pollution, suspended soil, China; 08210. sediment-water interface, continental shelf, biogeochemical cycle, microflora, organic matter, Mediterranean Sea, Gulf of Lions; 12880. soil science, electron paramagnetic resonance, paramagnetism, 00446. surface water quality, PCB, particulate retention, suspended particle, centrifugation, filtration, sorption, Canada, St Lawrence River; USA, St Lawrence River; 08747. tidal flat, percolation technique, laboratory method, pore water, anaerobic condition, Germany, Elbe Estuary; 08314.
humic water
surface water chemistry, acid neutralizing capacity, Gran titration procedure, alkalinity, weak acid, 05203.
humid catchment
hillslope, preferential flow, soil water characteristic curve, through flow, runoff, soil water storage, pipe flow, bypass flow, old water, water discharge, macropore, 09804.
humid climate
carbonate, calcrete, stromatolitic carbonate, microtexture, speleothem, stable isotope signature, 01475. ferrallitic soil, podzol, tropics, general planation model, peat soil, soil cover, planation, perhumid tropical zone, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680. Holocene, environmental implication, slope deposit, humid tropical Africa, Last Glacial Maximum, arid phase, Kenya; Cameroon; 03876. sediment loss, runoff erosion, universal soil loss equation, soil erosion data, USLE, P factor, subsurface drainage, low slope, USA, Louisiana, Baton Rouge; 05058. udic Mollisol, clay illuviation, Bt horizon, Argiudoll, pedogenesis, caliche, Argentina, Buenos Aires Province, Balcarce; 09617.
humid intertropical zone
recharge, groundwater discharge, water balance, mineral balance, capillary rise, high altitude zone, water table fluctuation, rice cultivation, crystalline schist, Madagascar; 09853.
humid montane forest
Holocene, Iron Age, pollen sequence, peatbog, radiocarbon date, grassland, last glacial, Zaire, Burundi Highlands; 09573.
humid mountainous area
oxidation front, weathering mechanism, chemical weathering, engineering properties, sandstone, conglomerate, cemented, zeolite, Japan; 12021.
humid temperate
semiarid, insolation, topographic asymmetry, insolation, asymmetry, glacial, periglacial, 03702.
humid temperate weathering
saprolite age, planation surface, polygenetic surface, etchplanation, deep weathering, granite decomposition, landform development, china clay, growan, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221.
humid tropical Africa
Last Glacial Maximum, arid phase, humid climate, Holocene, environmental implication, slope deposit, Kenya; Cameroon; 03876.
humid tropical area
rainfall, bed material, relief, saprolite, montane, sediment yield, Puerto Rico; 05808.
humid tropical climate
Antigua Formation, Panambi Formation, gravel, alluvial deposit, conglomerate, lithofacies, Pleistocene, Colombia, Pacific Lowlands; 01198. oxisol, relief generation, planarian surface, soil development, erosional relief, Thailand, Khorat Plateau; 02518. Quaternary, geological history, Amazon lowland, floodplain formation, Brazil, Amazon Lowlands; 02626.
humid tropical forest
translational failure, earthflow, shallow slide, saprolite, subsurface soil creep, shear strength, cove slope, landslide, soil process, slope failure mechanism, hillslope development, Puerto Rico; 02550.
humid tropics
clay horizon, aluminium mobility, ferralitisation, lateritic soil, Brazil, Amazonia; 00414. discharge, rainfall, soil loss, landuse, suspended sediment, sediment yield, soil erosion, transported sediment, urban watershed, Zaire, Lubumbashi; 08700. Gash model, Mulder model, throughfall, interception, forest hydrology, rain forest, Ivory Coast, Tai Forest; 01631. leaching loss, fertiliser, solute residence time, nutrient leaching, cropping system, 12220. tropical soil, soil physical property, land clearing, cropping system, soil compaction, Ultisol, Nigeria; 10943. Ultisol, cropping system, land clearing, tropical soil, soil chemical property, Nigeria, Okomu; 10944.
humidification
arid region, Late Glacial, Holocene, 06102.
humidity
aerosol, pitot tube, balloon observation, aircraft measurement, wind, temperature, 01823. air velocity, fungi, hygroscopic spores, spore release, mould problem, buildings, ventillation, 13676. Bowen ratio technique, sugarcane, cultivated sugarcane, transpiration, stomatal response, 11180. complex hilly grassland, potential temperature, specific humidity, wind profile, radiosonde, surface roughness, surface flux, Monin-Obukhov layer, temperature, USA, Kansas; 01846. droplet drying model, canopy, boundary layer, wind, radiation, temperature, 00726. flux variance relation, eddy correlation, temperature, 07693. model, evaporating spray, spray, droplet dispersion, size distribution,

13602. potential temperature, temperature profile, humidity profile, unstable boundary layer, radiosonde, Bowen ratio, USA, Kansas; 05397. precipitation, cloud water content, cloud cover, numerical weather prediction, radar, satellite imagery, mesoscale model, boundary condition, 05425. satellite sounding, numerical weather prediction, radiosonde measurement, temperature, 00768. sea surface temperature, ocean atmosphere boundary, boundary model, climatological pattern, Atlantic; Africa, (West); 12391. swell propagation, sea surface temperature, sensible heat, latent heat, sea surface condition, marine boundary layer, sea swell, thermoradiometer, turbulent transfer, 05401. turbulence, latent heat flux, air-sea interaction, marine boundary layer, wind stress, droplet, temperature, boundary layer, aerosol, 01860. water vapour feedback, climate change, drying, subsidence, warmer climate, 13624. water vapour, infrared irradiance, chinook, snow, soil water, radiation balance, albedo, Canada, Alberta; 04218. wind speed, moisture estimation, soil characteristic, evapotranspiration, water balance model, precipitation, evaporation, transpiration, runoff, drainage, temperature, cloud cover, USA, Midwest; 12224. wind speed, storm, lake effect, snowstorm, boundary layer stability, USA, Lake Michigan; 01821. wind velocity, evporation, bare soil surface, water vapour transport, vapour diffusion, soil moisture, 04030. wind, cave environment, airflow, man made intrustion, temperature, USA, South Dakota, Wind Cave; 13546. wind, electric field, radiosonde, balloon sounding, observation, storm, pressure, temperature, 01803. wind, radiation exchange, energy partition, sensible heat flux, eddy diffusivity, micrometeorological measurement, latent heat flux, temperature, Brazil, Amazon Forest; 05405. wind, rainfall, leaf wetness, sugar cane, evapotranspiration, automatic weather station, irrigation water management, agro-meteorology, solar radiation, temperature, Reunion; 03012.

humidity enhancement
latent heating profile, rate rate, frontal development, spinup time, diabatic initialisation, regional finite element model, satellite data, Canada; 10103.

humidity profile
ocean, eigenvector, retrieval accuracy, microwave observation, satellite, empirical orthogonal function analysis, 13567. surface temperature, microwave emissivity, cloud top pressure, temperature profile, satellite sounding, numerical weather prediction, 00767. unstable boundary layer, radiosonde, Bowen ratio, humidity, potential temperature, temperature profile, USA, Kansas; 05397. unstable boundary layer, summer profile, Bowen ratio, temperature, 12372.

humidity regime
long range forecasting, river discharge, global system, USSR, Yenisei River; Ob River; 07451.

humidity sensor
forest, flux gradient relationship, reversing sensor system, gradient measurement, 08879.

humification
aridisation, satellite image, river net, ancient river net, Pakistan, Thar Desert; 13102. carbon number, acyclic methyl ketone, peat, Sphagnum, Carex, Finland; 02440. forest soil, humic acid, aromatic carbon fraction, chemical structure, lignin, tannin, Germany, Bavaria; 10872. organic residue, microbiological process, humus, steppe soil, USSR, Transbaikalia; 12116. Rendzina, litter decomposition, Germany, Bavarian Alps; 01537.

Humisol
cultivation, transect, acid hydrolysis, hydrolysable element, vegetable production, carbon, nitrogen, sulphur, Canada, British Columbia; 08611.

hummocky cross stratification
Cambrian, Hardeberga Formation, transgression, delta, barrier island, Denmark, Bornholm; 03598. cross stratification, current, storm bed, sand, shelf, sandstone, 11654. delta, storm deposit, tidal flat, typhoon, chenier, China, Changjiang Delta; 03545. storm bed, grain fabric, sandstone, lamination, sedimentary structure, 08147. storm laid sediment, sedimentary structure, microsequence, Rewa Formation, India, Rajasthan, Bhainsrorgarh; 03516.

hummocky stagnation moraine
Rainy lobe, Laurentide Ice Sheet, subglacial meltwater production, pore water pressure, permafrost, ice margine thrusting, drift, bedrock, thermal regime, subglacial aquifer, glacial surge, USA, Minnesota; 02638.

humus
Andosol, organic matter, altitudinal effect, volcanic soil, weathering, Mexico, Sierra Nevada, Iztaccihuatl Volcano; 08619. carbon compound, fertiliser application, nitrogen compound, cultivation, 10877. Chernozem soil, erosion susceptibility, soil erodibility, 13203. Chernozem, Typic Chernozem, tillage, 09661. deep loosening, Sod-Podzolic soil, moisture accumulation, 00400. gel permeation chromatography, organic matter, deionized water, Fractogel TSK, 05088. heavy metal, permafrost, trace element, soil chemical property, Arctic soil, Svalbard, Spitsbergen; 12115. leaching, aromaticity, swamp water, organic matter, NMR, humic acid, fulvic acid, Australia, New South Wales, Myall Lakes; 05958. mineralisation, organic matter, sod-podsolic soil, 12058. organic matter, humic acid, carbon-14, Sod-Podzolic soil, 00404. particle translocation, Sombric horizon, organo clay horizon, pyroclastic material, mountain soil, clay humic colloid, Colombia, Andes; South America, Andes; 10935. pyrolysis, chemical composition, forest soil, 05089. sod podsolic soil, fertiliser application, acidic soil, liming, 10868. soil property, basic rock, Podzolic soil, USSR; 01531. steppe soil, humification, organic residue, microbiological process, USSR, Transbaikalia; 12116. surface water quality, bioavailability, organic pollutant, boreal water, dissolved organic matter, Finland; 13367.

humus content
cultivation, clay particle, nitrogen content, particle size fraction, chestnut brown soil, USSR, Transbaikalia; 10954.

humus layer
brown forest soil, lepidocrocite, iron oxide mineral, USSR, Lithuania; 09772.

humus peroxidase complex
enzyme activity, humic acid, Chernozem, grey forest soil, peroxidase, 10895.

Hungarian State Surveys
geodesy, cartography, Hungary; 03489.

hunting
gathering, pictograph, Pleistocene, human population, megafauna, stone tool, lithic tool, Brazil; 13094.

huntite
Flandrian, carbonate, halite, gypsum, microbial population, Tunisia, Zarzis, Sabkha al Melah; 01233.

Huronian Supergroup
Bruce Formation, glacigenic diamictite, Proterozoic, Espanola Formation, carbonate, Canada, Ontario; 01276.

hurricane
Atlantic tropical system, African wave, tropical depression, tropical storm, Atlantic; 05413. cloud cluster, depression, large scale eddy process, Atlantic; 04275. fluid dynamics, laboratory analogue, stratified flow, 12409. historical record, tropical storm activity, tropical cyclone, Caribbean, West Indies; 01840. prediction, life cycle, supertyphoon, global model, tropical storm, 11231. radar reflectivity, ice water content, melting level, 10113. rainband, downdraft modification, mixed layer recovery, boundary layer structure, boundary dynamics, 10108. rainband, mesoscale rainfall, kinematic structure, boundary layer structure, boundary dynamics, 10107. reworking, turbidite, tempestite, shelf, siliciclastic sequence, storm, 11688. swirling wind, convective ring, latent heat, tropical cyclone, convection, Atlantic; 01879. tropical cyclone, Atlantic hurricane season, Atlantic; 05412. tropical cyclone, swirling wind, gradient wind, Atlantic; 01880. vortex, barotropic vortex evolution, beta plane, 01876. wind, temperature, potential vorticity, baroclinic wave, air-sea interaction, sensible heat flux, latent heat flux, slantwise convective adjustment, boundary layer, explosive cyclone, 04273.

hurricane activity
drought, landfall, precipitation variation, Africa, Sahel; USA; Caribbean; Africa, (West); 07663.

Hurricane Debby
thermodynamic field, convective instability, moisture field, storm, precipitation estimate, rainfall rate, 10093.

Hurricane Gilbert(1988)
storm, structural performance assessment, building structure, tornado, Jamaica; 09993.

Hurricane Gloria(1985)
multiply nested model, movable mesh model, skill, storm structure, prediction experiment, 12476.

Hurricane Hugo
destruction, beach front, digital orthophotography, impact, USA, South Carolina, Sullivan's Island; 13569. digital orthophotography, beach erosion, beach protection, USA, South Carolina; 12700. timber industry, tourism industry, ecosystem, beach front development, storm damage, USA, South Carolina; 04231. tropical cyclone, cyclone, risk, 13499.

hurricane intensity
vertical structure, baroclinic wave, eddy, intensity influence, 10076.

Hurricane Maymie
typhoon, ocean active layer, air-sea interaction, tropical cyclone, South China Sea; 00743.

hurricane reconnaissance
flight level wind measurement, wind, oceanic platforms, atmospheric stability, buoy, 10066.

hurricane season
forecasting, meteorological service, hydrological service, economic development, Caribbean; 08814.

Huttonian concept
cyclic concept, geomorphological process, glaciation, pedimentation, uniformitarianism, catastrophism, geomorphology, 02492.

Huyghens wavefront construction
computational cellular method, wave method, Snells law, cellular automata, erosion, landform, surface erosion modelling, isotropic erosion, 10668.

hybrid
GIS, photogrammetric camera, remote sensing, scanner system, raster archive, Germany; 06789.

hybrid technology
computer, map digitisation, drawing conversion, 06718.

hydrate
natural gas, mathematical modelling, interaction, frozen rock, 03908.

hydration
clay mineral, oedometer test, prediction, long term heave, heave test, swelling mechanism, Spain; 03800.

hydration-dehydration
salt crystallization, microscale feature, weathering product, cavernous weathering, cliff retreat, geomorphological study, recent morphodynamic, arid-morphodynamic process, terrace-sediment, Israel, Sinai Desert; Egypt, Negev Desert; 02497.

hydraulic barrier
diffusion coefficient, gravel, unsaturated conditions, groundwater flow, diffusion barrier, ionic transport, Nernst-Einstein equation, 01707.

hydraulic characteristics
water velocity, flow variability, in stream habitat, biota, catchment area, morphology, water storage capacity, transmissivity, slope, New Zealand; 10983.

hydraulic conductivitiy
irrigation, salinity, salt displacement, sand, sandy loam, 08579.

hydraulic conductivity
chalk, groundwater flow, unsaturated zone, piezometer, shallow weathered chalk, infiltration, saturated hydraulic conductivity, permeability, UK, England, Norfolk; 07522. constant head permeameter, well permeameter, Philips model, infiltration, Guelphs model, matric potential, unsaturated soil, 09842. continuum approximation, effective hydraulic conductivity, fracture media, heterogeneous media, groundwater flow, mass transport, 09880. dispersion, hexametaphosphate, kaolinite, sand, sodium adsorption ratio, 12988. edge flow, soil core, lysimeter, permeameter, solute leaching, leaching rate, measurement error, instrumentation, 13396. effective hydraulic conductivity, unsaturated hydraulic

conductivity, layered sand, groundwater flow, heterogeneity, soil moisture suction, 01720. electrical resistivity, Archie's law, saturated hydraulic conductivity, vadose zone sediment, Ottawa sand, unsaturated soil, sandy soil, soil moisture content, specific retention, 05209. fracture transmissivity, fracture flow, dispersivity, solute transport, porous tuff, groundwater flow simulation, 12245. gradually varying flow, groundwater flow, effective conductivity, 01719. groundwater flow, advection, arrival time analysis, solute movement, sorption desorption, 06351. groundwater flow, refractional water flow, layered soil, stream line, colour tracer, unsaturated flow, saturated flow, 04114. groundwater flow, temperature dependent infiltration model, infiltration rate, soil temperature, 00586. Guelph permeameter technique, silt loam soil, Richards equation, groundwater flow, percolation test, layered soil, unsaturated flow, saturated flow, horizontal flow, vertical flow, 11037. hydroxy aluminium, permeability, clay sand mixture, synthesis method, USA, Wyoming; 10890. hysteresis, anisotropy, unsaturated media, groundwater flow, solute transport, tracer test, soil moisture content, 12260. infiltration rate, groundwater flow, unsaturated zone, exchangeable potassium, South Africa; 00579. infiltration rate, groundwater level, seepage, unsaturated soil, homogeneous soil, layered soil, boundary conditions, model sensitivity, soil moisture profile, soil moisture movement, 02897. inverse auger hole method, saturated hydraulic conductivity, till soil, dug well, measurement, 01713. leaching, saline sodic soil, organic matter, 01694. lysimeter, solute transport, model evaluation, chloride leaching, groundwater flow model, macropore flow, 13400. measurement method, field study, soil property, hillslope hydrology, hydraulic potential, soil water capacity, unsaturated flow, matrix flux potential, diffusivity, water retention, 11042. micro dispersion, transport model, groundwater flow, aquifer model, conductivity distribution, sandy aquifer, particle size analysis, dispersion, geostatistical simulation technique, 09887. monitoring programme, groundwater hydraulics management, groundwater withdrawal, management model, hydraulic head, 09858. monitoring programme, water management, groundwater hydraulics, management model, optimal withdrawal rate, head level, 09926. nitrogen simulation model, leaching, nitrate, Germany, Baden-Wurttenberg, Stuttgart; 06255. nuclear waste disposal, solute transport, rock matrix diffusion, granitic rock, tracer, groundwater flow, Sweden; 09860. organic soil, peatland, groundwater velocity, USA, Minnesota; 02294. permeability reduction, porous medium, bacteria, biofilm growth, groundwater contamination, 06373. Philips sorptivity, sodium adsorption ratio, soil swelling, soil hydraulic property, loam soil, salinity, Van Genutchen model, soil water retention, water diffusivity, 09843. ponded infiltration, saturated flow, unsaturated flow, soil hydraulic property, soil water potential, infiltration ring, disc permeameter, macropore, diffusivity, sorptivity, 00585. pore size distribution, specific water capacity, unsaturated flow, Monte Carlo simulation, spectral perturbation analysis, groundwater flow, soil hydraulic property, 06344. porosity, aquifer formation, aquifer depth, groundwater flow, electrical tracer, induction logging, invasion radius, tracer, 01710. porosity, saturated hydraulic conductivity, glacial till slope, slope, Sweden; 07381. porosity, time net, groundwater flow method, flow net, coastal aquifer, Glover model, exit time, 13409. porous media, water content, pore radius, 00371. raised bog, ombrotrophic bog, methane reservoir, bog, peatland, greenhouse gas, elevated water table, 02830. recharge rate, linear estimation, Monte Carlo simulation, groundwater flow model, model calibration, geostatistical technique, 09865. regionalisation method, spatial stochastic process, Bayes regionalisation method, 12219. Richards equation, quasilinear approximation, groundwater flow, unsaturated flow, soil moisture potential, 01709. saturated hydraulic conductivity, pipe flow, runoff, surficial process, rainforest, rill, gully, overland flow, rainfall characteristics, South America, Amazonia; 09801. saturated water flow, till genesis, hydrogeological property, lodgement till, melt out till, flow till, till genesis, 00291. seepage velocity, hydraulic gradient, saturated thickness, aquifer classification, hydrogeology, database, groundwater modelling, aquifer depth, water flow, USA; 07535. silt, grain size, tortuosity, Pacific, ODP Site 679; ODP Site 681; 04712. slug test, groundwater level, computer program, 07536. smectite sand mixture, charge density, permeability, clay sand mixture, hydroxy polymer, 07343. soil hydrological property, soil physical property, soil management, tropical soil, millet field, Niger; 09762. soil moisture retention curve, drainage modelling, water balance study, soil hydraulic property, unsaturated hydraulic conductivity, saturated hydraulic conductivity, 06333. soil moisture, deep percolation, effective rainfall, water balance, crop management, tensiometer, neutron probe, runoff, Burkina Faso, Mossi Plateau, Gampela; 12280. soil porosity, evaporation, storm flow, parameter estimation, hillslope hydrology, soil property, antecedent condition, surface runoff, subsurface runoff, groundwater flow, Australia, Western Australia; 07472. soil reclamation, salinity, saline sodic soil, leaching, Canada, Alberta; 05071. soil suction, soil moisture, unsaturated hydraulic conductivity, 12222. soil texture, pore measurement, quick capillary rise, pore geometrical characteristics, penetration coefficient, 09731. soil water content, chalk, water balance, groundwater recharge, Coombe deposit, soil water potential, zero flux plane method, unsaturated hydraulic conductivity, drainage flux, UK, England, Eastbourne; 07530. soil water potential, tensiometer, soil moisture movement, drip irrigation, infiltration, Mauritius; 09847. soil water retention, fine-textured soil, unsaturated hydraulic conductivity, pore-interaction factor, soil particle-size data, Hecla soil series, soil texture, 12057. specific storage coefficient, Theis type curve, groundwater flow, type curve, time drawdown data, large diameter well, non-penetrating well, aquifer parameter, Boltzmann transformation, non-penetrating well, Saudi Arabia; 00592. specific storage, heterogeneity, transient fluid flow, steady state fluid flow, aquifer parameter, groundwater flow, 01716. storage coefficient, specific yield, source-sink function, water table elevation, groundwater flow model, regional groundwater flow, lumped model, deterministic model, probability model, USA, California, Owens Valley; 04125. tepetate, reclamation, indurated soil material, permeability, strength moisture relation, Mexico; 07423. tracer experiment, soil moisture potential, chalk, recharge, groundwater hydrology, evaporation, fissure system, drainage, unsaturated zone, aquifer recharge, moisture content, piston flow, UK, England, (Southeast); 07523. unsaturated zone, groundwater flow, diversion capacity, capillary barrier, infiltration, 08767. vadose zone, electrical resistivity, resistivity recharge relationship, groundwater recharge, artificial groundwater recharge, USA, Nebraska; 05210. Van Genuchten capillary retention model, pore structure, saturated conductivity, capillary retention, unsaturated conductivity, 07520. viscosity, matric potential gradient, cumulative infiltration, transmission zone saturation, temperature dependence, ponded infiltration, infiltration, Green and Ampt equation, wetting front, 13403. water budget, wetland hydrology, fen, surface water-groundwater interaction, 00498. water characteristic curve, soil water hydrodynamics, ferruginous soil, sand dunes, water holding capacity, Africa, Sudan; Sahel; 12229. wetting front, soil property, vadose zone, groundwater flow, steady state infiltration, infiltration rate, infiltrometer, permeameter, 00583.

hydraulic conductivity pressure head function
hillslope hydrology, soil hydraulic property, hysteresis, infiltration, evaporation, drainage, soil water content pressure head relationship, soil water characteristic, 11043.

hydraulic conductivity pressure head relationship
ring factor, groundwater flow, infiltration ring, ponded infiltration, saturated hydraulic conductivity, matric flux potential, 11039.

hydraulic control
unidirectional flow, bottom hump, gradually varying flow model, open channel flow, three layer flow, 01665.

hydraulic diffusivity
leakage flux, aquitard, groundwater flow, compressible aquitard, consolidation test, Mexico, Mexico City; 12244.

hydraulic dredge
suspension, clam, erosion, fishing, Adriatic Sea, Venice Lagoons; 04791.

hydraulic engineer
suspended load, reservoir, flushing, sediment yield, sedimentation, 05811.

hydraulic fracturing
groundwater productivity, Basement Complex Formation, fracture network enhancement, 06363. water well, water bearing capacity, village water supply, water well, aquifer yield, Burkina Faso; 02905.

hydraulic function
simulation model, evapotranspiration deficit, flux, unsaturated zone, groundwater flow, soil property, 07527.

hydraulic geometry
channel, bar, scour, mixing layer, channel confluence, 09322. discharge capacity, flow resistance, overbank flow, cross sectional geometry, boundary roughness, river channel, flood, compound channel modelling, 05180. gravel bed, stream, slope induced change, channel character, channel pattern, downstream fining, rational regime theory, UK, Scotland, Allt Dubhaig; 07138. velocity reversal hypothesis, gravel bedded stream, riffle, channel stability, shear velocity, pool riffle topography, UK, England, River Severn; 06961. velocity-discharge relationship, lowland river, streamflow, log-linear relationship, log-quadratic relationship, kinematic routing model, partitioned log-linear model, velocity measurement, UK, England, Lincolnshire; 04048.

hydraulic gradient
pseudogley, water balance, soil hydrology, forest hydrology, soil moisture content, soil water potential, infiltration, water table rise, waterlogged soil, runoff, seepage, Germany, Hunsruck/Rhineland Palatinate; 01623. saturated thickness, aquifer classification, hydrogeology, database, groundwater modelling, aquifer depth, water flow, hydraulic conductivity, seepage velocity, USA; 07535.

hydraulic head
aquifer property, confined aquifer, head measurement, transmissivity estimation, global convergence, convergence property, groundwater flow, Italy, Friuli Aquifer; 13414. hydraulic conductivity, monitoring programme, groundwater hydraulics management, groundwater withdrawal, management model, 09858. salinity, water transmissivity, solute transport, groundwater flow, environmental tracer, model calibration, aquitard storage, storage coefficient, hydrodynamic model, storage effect, France, Paris Basin, Dogger Aquifer; 09855.

hydraulic head distribution
Darcian flow, aquifer fold, folded surface, flat surface, groundwater flow, 04127. flow velocity, capillary fringe, overland flow, S shaped basin, infiltration, solute transport, unsaturated zone, boundary fitted grid method, Richards equation, Fickian equation, soil moisture, 13404. mass balance equation, Gauss Markov optimisation approach, piezometric head, parameter estimation, environmental tracer, aquifer model, basin transmissivity, basin storativity, groundwater flow, 09875. three dimensional representation, multiaquifer system, groundwater flow, confined flow, unconfined flow, aquitard, numerical model, 11052. velocity field monitoring, water level, velocity prediction error, model uncertainty, model calibration, groundwater flow model, USA, South Carolina, Savannah River; 09885.

hydraulic head gradient
diffusion, micropore, macropore, preferential flow, aggregated soil, groundwater flow, solute transport, convective movement, 11036.

hydraulic head variability
transmissivity perturbation vector, storativity perturbation vector, heterogeneous aquifer, perturbation approach, groundwater flow model, 09864.

hydraulic impedance
carbonate precipitation, surface runoff, artificial recharge, groundwater recharge, grain cementation, soil capping, clay deposition, clogging, infiltration rate, iron oxyhydroxide, 11033.

hydraulic jump
downslope wind, wind speed signature, wind direction signature, Australia, Adelaide; 08952. Froude number, wind forcing, estuary-ocean exchange, spring-neap tidal mixing, tidal mixing, estuarine circulation, Canada, Columbia, Strait of Georgia; North America, Strait of Juan de Fuca; 01627. internal wave, suspended sediment, Kelvin-Helmholtz billow, lutocline, resuspension, Korea(South), Yellow Sea Coast; 04694. sill, deep water current, sea strait, vorticity, weir flow, 03496.

hydraulic leakance
seepage, surface water-groundwater interaction, groundwater discharge,

groundwater flow, lake sediment, hydrogeophysical method, electrical resistivity, seismic data, North America, Great Lakes, Lake Erie; Lake Huron; 01666.

hydraulic lifting
ice retreat rate, adfrozen, pressurized meltwater discharge, Artesian condition, finite element analysis, fracture filling, ice retreat, silty fracture filling, crystalline bedrock, 04992.

hydraulic mining
tailings, sediment load, channel bed incision, alluvium, flood, USA, California, Bear River; 12839.

hydraulic model
erosion, structure stability, flood, embankment, dyke, France, Arve River; 12182. hydrogeology, groundwater resource, basin hydrology, aquifer characteristic, USA, Nevada, Clark County, Las Vegas Valley; 01775. mathematical model, upstream storage, flood alleviation, UK, England, Aylesbury; River Thames; 05260. model testing, flood reconstruction, flood damage, extreme flood, flood dynamics, morphological change, flood protection scheme, Switzerland, Canton of Uri, Reuss River; 05176. stability, wave transmission, breakwater, overtopping, USA, California, Redondo Beach; 02339. wave parameter, breaking zone, mobile bed, beach, 12825. wind velocity, bora layer depth, inversion, Yugoslavia, Zagreb; 04240.

hydraulic modelling
instantaneous volume source, puff model, 01997. similarity law, physical model, movable bed, sediment transport, 05791.

hydraulic parameter
stochastic inverse modelling, groundwater flow, head distribution, aquifer characteristic, transmissivity, recharge, inverse problem, regional head distribution, Portugal, Rio-Maior Aquifer; 05223.

hydraulic performance
environmentally acceptable channel, conservation channel, design option, UK, England, River Roding; River Leam; 05173.

hydraulic permeability
fuzzy regression, statistical hydrology, regression analysis, maximum average vagueness criterion, prediction vagueness criterion, soil electrical resistivity, 04019.

hydraulic phenomena
flood damage, return period, hydraulic structure, design flood, South Africa; 05148.

hydraulic phenomenon
movable bed, flow phenomenon, 04688.

hydraulic potential
soil water capacity, unsaturated flow, matrix flux potential, diffusivity, water retention, hydraulic conductivity, measurement method, field study, soil property, hillslope hydrology, 11042.

hydraulic pressure gradient
undertow, wave set up, beach, wave, wind, 05834.

hydraulic process
pressure measurement, interstitial pressure, slope unstability, geological structure, geotechnical characteristic, aquifer, France, Meurthe et Moselle, Chateau-sous-Clevant; 10702.

hydraulic property
engineering drainage, geotextile, soil geotextile system, 07179. fertility, soil physical property, soil management, tropical soil, desertification, Nigeria; 09765. operational model, frozen soil, freezing, water redistribution, simulation, water retention property, 02692. soil physical property, soil water regime, tropical soil, Benin; 09764. soil water flow, disc permeameter, soil hydraulic property, 03994.

hydraulic realism
river network modelling, computer model, model accuracy, UK; Bangladesh; 05179.

hydraulic resistance
aggregate size, microrelief, soil crust, infiltration rate, rainfall intensity, surface crust, 10857. microchannel flow, sheet flow, laminar flow, turbulent flow, water flow velocity, flow depth, hillslope hydrology, overland flow, infiltration, runoff hydraulics, 11001. wetting front, inverse method, groundwater flow, infiltration, soil crust, cumulative infiltration, low permeability layer, water absorption, soil water characteristic, 13402.

hydraulic routing algorithm
alachlor, atrazine, cyanazine, edge of field runoff, herbicide, surface water quality, agricultural chemical, runoff quality, water quality model, SURFACE, runoff loss, 09911.

hydraulic scale model
block dislodgement mechanism, erosion, rock mass, flow action, geomechanics, hydraulics, waterfall, 01377.

hydraulic structure
design flood, hydraulic phenomena, flood damage, return period, South Africa; 05148. river regulation, artificial lake, hydrometric data, water resources management, hydrometric network, water law, Burkina Faso; 06423. spillway operation, bottom outlet, water quality management, computer model, mathematical model, reservoir water quality, Brazil, Amazon Basin, Cachoeira Porteira Reservoir; 12192. water distribution system, water resource management, data storage, water storage, hydrologic design, Africa; 06405. waterway, gauging station, stage discharge measurement, data base management, water management, hydrometric network, data processing, Belgium, Flanders; 09941.

hydraulic test
forced gradient test, groundwater protection zone, tracer test, water quality, wellhead protection, travel time, Germany, Rhine Valley, Karlsruhe; 09907.

hydraulic testing
pumping test, delayed yield, drawdown, unconfined condition, well spacing, aquifer transmissivity, fracture zone, fissured sandstone, semi arid area, groundwater resource, aquifer low transmissivity, sandstone aquifer, Botswana, Kalahari; 06362.

hydraulics
geomorphology, flood control, regulation, USA, Arizona, Colorado River, Grand Canyon; 11843. oceanography, Rossby radius, sill crest, exchange flow, 03497. siltation, Lesotho Highlands Water Project, dam, water intake, sedimentation, Lesotho, Katse reservoir; 05817. turbulence, oceanography, sea strait, wave, tide, 03494. waterfall, hydraulic scale model, block dislodgement mechanism, erosion, rock mass, flow action, geomechanics, 01377.

hydrazone
liquid chromatography, laser absorption spectroscopy, Fourier transform infrared spectroscopy, sampling, formaldehyde, acetaldehyde, carbonaceous species, USA, California; 02050.

hydric behaviour
ferrallitic cover, soil cover, microaggregated horizon, pore size distribution, alterite, macroporous horizon, pore space, French Guiana; 09745.

hydric soil series
nonhydric soil series, upland, wetland, soil vegetation correlation, soil series, USA, Florida; 10933.

hydro contour line
aquifer yield, map, groundwater resource, groundwater recharge, water quality, hydrogeology, water table depth, Poland; 02969.

hydro electric power
snow melt runoff, satellite monitoring, snow cover, Switzerland, Tavanasa; Sedrun; 09279.

hydro engineering
wetland management, catchment hydrology, river regulation, water abstraction, water conservation, anthropogenic effect, river ecology, inland water, limnology, floodplain, socio-economic feature, Africa, (Southern); 04161.

hydro metric data
flood, hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, evapotranspiration, evaporation, drought persistence, Africa, (West); (Central); 06262.

hydro power
wetland management, shallow lake, lake water level, bird life, Sweden, Lake Hornborga; 11115.

hydro-peroxy
nitrogen, nitrogen monoxide, nitrogen dioxide, solar proton event, middle atmosphere, solar cycle, ion pair production, hydrogen, proton, hydroxyl, 03004.

hydrocarbon
acidiccompound, pollutant deposition, ozone, sulphuric acid, aerosol, monoterpene, 06615. alkane, anthropogenic input, n alkane, suspended particle, aerosol deposition, Mediterranean Sea; 09051. alkane, PAH, anthropogenic input, scavenging, contamination, Mediterranean Sea, Gulf of Fos; France, Rhone Delta; 12911. basin classification, geochemical maturation, exploration programme, basin, ore deposit, 05876. beta carotane, petroliferous source, microbial source, organic matter, aerosol, China, Beijing; Guiyang; 13745. biological marker, fluid extraction, thermodesorption, 03685. biomarker distribution, palaeoenvironmental reconstruction, sulphurisation, 08279. bottom sediment, bitumen, organic matter, polynuclear aromatic, Weddell Sea; 05960. boundary layer, gas fired power station, pollution, nitrogen oxide, photochemical trajectory model, ozone, Australia, Melbourne; 03156. branched alkane, hot spring, cyanobacterial mat, Precambrian, biomarker, New Zealand, Korako Thermal Area; USA, Yellowstone NationaL Park; 02451. burial, basin, isotope, diagenesis, Puerto Rico, North Coast Basin, Toa Baja Well; 10643. carbon monoxide, marine troposphere, tropopause, non methane hydrocarbon, USA, Alaska; Pacific; 04380. carbon monoxide, nitrogen oxide, formaldehyde, aldehyde, acetylene, butadiene, benzene, ambient temperature, tailpipe emission, motor vehicle, pollution, exhaust emission, 05503. chalk, Cretaceous, porosity, permeability, pore geometry, North Sea; Greece; UK, England; 03505. contaminant, spill, intertidal sediment, tropical environment, beach, Puerto Rico, Bahia Sucia; 03587. continental shelf, alkane, New Zealand, Hawke Bay; 03565. dolomitisation, Palaeozoic, carbonate, reef carbonate, cementation, compaction, 00121. dust, pollution, heavy metal, biomonitoring, sulphur dioxide, nitrogen oxide, Poland, Katowice, Upper Silesia; 09025. emission inventory, isoprene, volatile organic compound, non methane hydrocarbon, biogenic emission, UK; 13690. ethene, propane, acetaldehyde, pollution, formaldehyde, photochemical smog, ozone, hydrogen peroxide, 02041. forearc basin, tectonic history, porosity, cement, Salina Formation, Eocene, Peru, Talara Basin; 12941. free troposphere, mid latitude, ozone, ethane, propane, seasonal variation, 11340. humic acid, organic matter, phosphorite, diagenesis, Peru; 00125. incised channel, stratigraphic trap, Miocene, Afam Clay, channelling, Nigeria, Niger Delta; 12946. Jurassic, carbonate source rock, mudstone, Hanifa Formation, carbonate platform, isostatic sagging, 07059. kerogen, lacustrine, torbanite, Vryheid Formation, Molteno Formation, Whitehill Formation, classification, oil shale, South Africa; 02463. limestone, cave development, aquifer, phreatic, sulphide, UK, Wales, South Wales Coalfield; 02461. liquid scintillation counting, pressurized water reactor, tree ring measurement, carbon-14, gaseous effluent, nuclear power plant, carbon dioxide, carbon monoxide, Hungary, Paks; 05481. lobe, sand body, reservoir, submarine fan, 06953. long range transport, ozone, PAN, photochemical model, control policy, Europe; 12549. marine environment, Maastrichtian, Lewis Shale, transgression, Cretaceous, delta, USA, Wyoming; 05892. marine troposphere, formic acid, acetic acid, organic acid, alkene, 06687. methane, isotope, gas, migration, carbon dioxide, Hungary, Pannonian Basin, Bakes Basin; 02462. mixed layer, ocean, ethene, oceanic emission, marine atmosphere, latitudinal distribution, nonmethane, Atlantic; 06652. mud volcano, volcano, gas, Italy, Emilia-Romagna, Modena, Nirano; 12876. nitrogen oxide, chemistry-dispersion model, ozone, pollution control, urban atmosphere, nitrogen dioxide, pollution, emission, 02011. nitrogen oxide, emission, power plant emission, industrial emission, ozone, air quality, photosmog modelling, pollution, 00853. nitrogen oxide, pollution level, carbon dioxide, Middle East; 07874. nitrogen oxide, smog chamber, air quality, ozone precursor, ozone, USA, California, Los Angeles; 11379. nitrous oxide, carbon monoxide, hydrogen, carbon dioxide, chloroform, methane, emission, termite, Australia; 02040. nonmethane hydrocarbon, urban plume, turbulent transport, sampling, hydroxyl, 03234. oil spill, accident, fauna, pollution, denitrification, petroleum, France, Mediterranean Coast; 01257. organic matter, aggregation, surface tension, 11784. ostracod, thermal alteration, colour, microfossil, igneous

intrusion, Celtic Sea, Fastnet Basin; Porcupine Basin; 01189. ozone formation, instrument intercomparison, instrumental requirement, atmospheric chemistry, chemical process, aerosol, nitrogen compound, oxidation process, 11148. ozone, nitrogen, biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, methane, oxidation efficiency, hydroxyl radical, nitric oxide, 07885. ozone, peroxyacetyl nitrate, nitric acid, boundary layer chemistry, biogenic hydrocarbon, oxidant formation, nitrogen oxide, 03269. ozone, rain forest, wet season, photochemical model, planetary boundary layer, soil, canopy, PAN, nitrogen, Brazil, Amazon; 07850. PAH, organic matter, continental margin, oil, gas, 07058. permeability, fault, fluid flow, accumulation rate, groundwater, 10498. peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, Japan; 02012. petroleum, lake, source rock, tectonic origin, 10521. phosphorite, bituminous shale, shale, Maastrichtian, Eocene, Morocco, Oulad Abdoun; Timahdit; 08288. photo oxidation, organic compound, river discharge, Thailand, Gulf of Thailand, Chao Phraya River; 04796. photochemical oxidation, hydroxy radical, nitrogen oxide, hydroperoxide, organic peroxide, 06671. propane, n butane, acetylene, ethane, alkene, ethene, propene, alkane, latitudinal distribution, non methane, Atlantic; 06653. Proterozoic, Nonesuch Formation, sandstone, lake, shale, source rock, USA, Michigan; Wisconsin; 10640. reservoir, clay mineral, unconformity, diagenesis, UK; Iraq; 03675. reservoir, trap, Cretaceous, diagenesis, gas, sandstone, Canada, Alberta, Berrymore-Lobstick-Bigoray Fields; 04801. rift, lacustrine deposit, basin, lake, subsidence, shale, 11751. runoff pollution, surface water quality, bottom sediment, urban runoff, aliphatic hydrocarbon, PAH, water quality, storm water runoff, Japan, Tokyo, Tama River Basin, Nogawa River; 07514. seep, carbon cycling, macrofauna, meiofauna, fault, USA, California, Santa Barbara; 04855. smectite, Neogene, organic matter, clay mineral, thermal history, Czechoslovakia, Transcarpathian Depression, Vienna Basin; 05917. soil, n-alkane, n-alkene, Antarctica, Victoria Land, McMurdo Dry Valleys; 05085. source rock, lake, organic matter, oil shale, kerogen, 10612. spill, nickel, vanadium, sea water, oil seep, Mexico, Veracruz; 12902. surface sediment, bivalve, surface water quality, Iraq, Shatt Al-Arab; Tigris River; Iraq, Euphrates River; 11022. swelling, clay mineral, filtration, porous media, 02299. Tertiary, tetracyclic triterpane, biomarker, lanostane, lacustrine, China, Biyang Depression; 11797. trace metal, contaminant, sea water, organism, harbour, Atlantic, Bermuda; 01268. traffic, urban atmosphere, volatile hydrocarbon, Austria, Vienna; 07839. transport, methane, long range transport, organic compounds, halocarbon, 11305. troposphere, biogenic hydrocarbon, isoprene, pinene, nitrogen oxide, nitrogen dioxide, nitric acid, nitrate, 04381. urbanisation, ozone, PAN, emission, urban atmosphere, heat island, USA, Georgia, Atlanta; 05527. water column, delta, nitrogenous compound, organic matter, phenol, nepheloid layer, Mediterranean Sea, Gulf of Lions; France, Rhone Delta; Mediterranean, Gulf of Lions, Lacaze-Duthiers Canyon; 05963.

hydrocarbon drilling
GIS, sea surface, sea bed, hazard prediction, Canada, Labrador Shelf, Grand Banks; 13907.

hydrocarbon exploration
GIS, geophysical data, gravity data, Libya, Sirt Basin; 12705. permeability, Jurassic, leaching, sandstone, fresh water, porosity, Magnus Sandstone Member, North Sea, Magnus Oilfield; 06957. porosity, limestone, dissolution, cement, Eocene, Qatar, Fahaihil; 03620. remote sensing image, lineament zone, oil field, Libya, Sirt Basin; 05710.

hydrocarbon fate
particulate phase, organic contaminant, dissolved phase, suspended matter, particle partitioning, salinity, turbidity, fresh water seawater interface, surface water quality, hydrocarbon transport, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738. surface water quality, evaporation, dilution, wind, current, sedimentation, biological uptake, microbial oxidation, photooxidation, petroleum contamination, oil spill, Antarctica, Arthur Harbour; 13362.

hydrocarbon mixture
carbon, gas lifetime, product yield, alkane transport, 09020.

hydrocarbon peroxide
copper ion, particle, aerosol, metal catalyst, peroxy radical, 10180.

hydrocarbon photooxidation
boundary layer, peroxyacyl nitrate, permutation reaction, organic peroxy radical, nitrogen oxide, hydrogen peroxide, 00873.

hydrocarbon reserve
database, resource management, boundary dispute, Canada, Gulf of Maine; Bay of Fundy; Canada, Georges Bank Region; 13925.

hydrocarbon reservoir
infiltration, interstitial clay, Sergi Formation, surface water, Jurassic, porosity, permeability, Brazil, Reconcavo Basin; 05801.

hydrocarbon transport
hydrocarbon fate, particulate phase, organic contaminant, dissolved phase, suspended matter, particle partitioning, salinity, turbidity, fresh water seawater interface, surface water quality, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738. surface water quality, atmospheric deposition, suspended sediment, n alkane, PAH, Canada, Mackenzie River; 08739.

hydrocarbons
biological activity, nonmethane hydrocarbon, remote atmosphere, marine atmosphere, ethane, ethene, propene, propane, pentane, butane, ocean water, 11345.

hydrochemical analysis
fissure widening, solution weathering, hydrology, cave, karst, point recharge, water tracing, Ireland, Sligo, Geevagh Karst; Bricklieve Karst; 09524.

hydrochemical budget
input output budget, sulphate, acidification, surface water quality, long term study, short term study, UK, Scotland; 13372.

hydrochemical characterisation
groundwater mixing, groundwater quality, groundwater flow model, factor analysis, Piper's classification principle, metamorphic aquifer, sedimentary aquifer, France, Western Alps, Allevard; 01715.

hydrochemical control
aluminium density, acidification, surface water chemistry, atmospheric deposition, sea salt, water flow path, Norway, Birkenes; 00552.

hydrochemical environment
mass balance interpretation, pedogenesis, chemical element, tracer, desilication rate, USA, California, Mattole River; 02705.

hydrochemical factor
dissolution rate, gypsiferous rock, flowing water, dissolution rate, electrical conductivity, alabastrine gypsum, flow velocity, water quality, Spain, Ebro River Basin; 06047.

hydrochemical flux
throughfall, stem flow, forest catchment, soil water chemistry, stream acidity, hydrogen, sulphate, chloride, sodium, crown leaching, interception, podsolic soil, gleyed soil, UK, Scotland; 11086. upland catchment, vegetation type, surface water quality, hydrological flux, acid neutralising capacity, soil characteristic, residence time, nitrogen, anthropogenic acidity, sulphate adsorption, base flow, cation release, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04095.

hydrochemical model
MAGIC model, water quality restoration, surface water quality, atmospheric deposition, acidified stream, liming, sulphate deposition, UK, Wales; 00550. stream chemistry, Birkenes model, soil chemistry, sulphate deposition, fish survival, Model of Acidification of Groundwater in Catchments, 13389.

hydrochemical process
surface water chemistry, sampling regime, alkalinity source, acidification status, flow-ion relationship, low flow, time series sampling, flow related dip sample, short term ionic response, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04096.

hydrochemical regime
hydrologic characteristics, effluent, aquatic vegetation, water level variation, flood plain lake, water exchange, flow redistribution, USSR, Dnieper Delta; 00493.

hydrochemical simulation
lake water quality, equilibrant thermodynamic method, salinity, brine, salt precipitation, USSR, Baskunchak Lake; 11012.

hydrochemical study
confined aquifer, isotopic study, hydrogeological study, cretaceous aquifer, groundwater resource, groundwater recharge, recharge rate, groundwater circulation, Benin; 00596. engineering hydrology, flood estimation, low flow research, applications research, instrument development, irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, 08640. forested area, agricultural landuse, groundwater contamination, nitrate, hydrogeological study, Germany, Schleswig Holstein, Bornhoved Lakes; 11065. surface water quality, anthropogenic pollutant, soil acidification, sulphate deposition, aluminium, organic acid, acidification, Norway, Birkenes; Atna; Norway, Hoylandet; Sweden, Svartberget; 13371.

hydrochemical survey
groundwater quality, urban pollutant, France, Narbonne; 13430.

hydrochemistry
Birkenes Model, surface water quality, acid precipitation model, highland catchment, simulation model, UK, Scotland; 07510. decisional statistics, discriminant analysis, validation, geohydrological hypothesis, karst spring, hydrograph, spring, France, Charente, La Rochefoucauld Karst System; Lussac Springs; France, Fontaine de Vaucluse Spring; 13065. dissolved organic carbon, El Nino/Southern Oscillation event, discharge, carbon transport, suspended sediment, dissolved solid, surface water quality, flood, precipitation event, Argentina, Parana River; 11025. flow path, basalt formation, groundwater flow, statistical analysis, USA, Washington, Hanford Reservation, Columbia River; Grande Ronde Basalt Formations; USA, Washington, Wanapum, Saddle Mountains; 07542. hydrodynamics, Quaternary aquifer, detritical aquifer, groundwater quality, Spain, Durango; 07545. land surface energy balance, vegetation water use, storm hazard, flow regime, flood study, remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, 10960. ostracode, Pleistocene, lacustrine deposit, palaeohydrochemistry, magnesium, strontium, salinity, Spain, Baza Basin; 00280. phytoplankton, canal, lake water quality, eutrophication, water chemistry, saprobity, inorganic nitrogen, orthophosphate, chlorophyll-a, biological oxygen demand, historical data, Netherlands, Rijnland; 04068. pollution status, Himalayan lake, manganese, lead, lake water chemistry, effluent, domestic sewage, agricultural runoff, India, Kashmir; 02853. salinity, oceanic environment, hydrothermal activity, nitrate pollution, groundwater chemistry, island hydrogeology, volcanic basalt, residence time, Reunion; 07547. snow melt, permafrost degradation, biogenic process, shallow water basin, Svalbard, Spitsbergen, Billefjorden, Ebbadalen; Arctic; 05246. snowmelt, catchment hydrology, hillslope hydrology, snow cover cycle, 11083. transmissivity control, nitrate, tritium, denitrification, storage control, drift deposit, groundwater recharge, chalk aquifer, hydrogeology, UK, England, Norfolk; 07539.

hydrochloric acid
ammonia, aerosol, background level, source apportionment, trace element, nitric acid, Portugal; 13713. ammonia, pollution, sulphur dioxide, ozone, nitric acid, stomatal resistance, aerosol, cloud droplet, deposition, UK, England, Kielder Forest; 03144. ammonia, scavenging ratio, deposition, sulphur, nitrogen, chlorine species, nitric acid, UK, England; 12541. ammonium, nitrate, chloride, sulphate, sampling, aerosol, denuder-filter pack, thermodenuder, wet denuder, ammonia, nitric acid, 03183. chlorine oxide, polar stratospheric cloud, carbonyl difluoride, heterozeneous chemistry, hydrogen fluoride, carbon dioxide, chlorine nitrate, 00806. denuder difference method, nylon filter, USA, California; 13651. filter pack, denuder, particulate pollutant, ammonia, nitric acid, 06566. fluorine, hydrofluoric acid, concentration profile, Trace Molecule Spectroscopy, Spacelab 3, stratosphere, solar infrared absorption spectra, chlorine, 11353. hydrofluoric acid, ice, polar stratosphere, nitric acid, 00906. hydrofluoric acid, selenium dioxide, hydro-

gen bromide, hydrogen iodide, inorganic trace compound, flue gas, coal fired power plant, mercury, 03191. particulate deposition, space shuttle launch, deposition, sand grain, sea shell fragment, paint chip, wind speed, aluminium oxide, USA, Florida, John F.Kennedy Space Center; 05488. peroxide, tunable diode laser, trace gas, nitrogen oxide, 06654. precipitation chemistry, sea salt, sodium, potassium, ammonium, magnesium, calcium, fluoride, chloride, bromide, nitrate, sulphate, precipitation, nitric acid, sulphuric acid, Japan, Tokyo; 00856. sulphuric acid, volcanic chemistry record, ice core, climate change, sulphate, chloride, Greenland; 03140.

hydrochloroethane
ultraviolet absorption cross section, atmospheric lifetime, atmospheric fate, hydrofluoroethane, 12557.

hydroclimate
vegetation cover, soil characteristics, topography, rainfall, interception, wind speed, temperature, radiation, evaporation process, hillslope hydrology, energy balance, water balance, 10999.

hydroclimatic characteristic
river regime, historical data, climate change, runoff, Poland; 10985.

hydroclimatic history
encrustation, benthic community, stromatolite, Holocene, Burundi, Lake Tanganyika; 02320.

hydroclimatological event
oxygen-18 profile, ice core, geological data, Pleistocene, cold period, desertification period, famine period, African empire, historical record, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630.

hydrodispersive model
well protection, karst aquifer, tracer test, groundwater quality, groundwater flow, France, Lot, Gramat Causse, Ouysse River; 02917.

hydrodynamic characteristic
sandy soil, soil hydraulic property, neutron probe, tensiometer, field capacity, rooting zone, drainage loss, soil water tension, available water content, Ivory Coast; 12230.

hydrodynamic dispersion
diffusion, pore water velocity, parameter estimation technique, heterogeneous media, solute transport model, distance dependent dispersion, convection dispersion equation, 08781. optimisation method, dispersion, parameter identification, solute transport, unsaturated soil, groundwater flow, soil moisture characteristic, unsaturated conductivity, 05208. saltwater upconing, groundwater quality, saltwater intrusion, saltwater-freshwater interface, transition zone, 02911. soil moisture, groundwater flow, solute transport, transient flow, mixing length, Lagrangean length scale, convection disperison equation, 12256.

hydrodynamic dispersion model
groundwater pollution, salt water intrusion, phreatic aquifer, impermeable layer, 06346.

hydrodynamic effect
radar scatterometer, wave height, ocean surface, 08111.

hydrodynamic model
bottom stress, friction, wind, gyre, 09307. interface stability, stratified fluid, boudin, model, Sangamon ice, radio echo sounding, structure zone, boudinage, stratigraphic disturbance, glacial ice, Greenland, Summit; 07305. particle transport, cycling mechanism, fine sediment dispersal, sorption, estuarine circulation, kepone cycling, estuary, sedimentological fate, surface water quality, polychlorinated hydrocarbon, sediment sink, USA, Virginia, James River Estuary; 08760. storage effect, hydraulic head, salinity, water transmissivity, solute transport, groundwater flow, environmental tracer, model calibration, aquitard storage, storage coefficient, France, Paris Basin, Dogger Aquifer; 09855. toxic contaminant, lake circulation, lake water quality, spatial distribution, halocarbon, TOXFATE model, North America, Great Lakes, Lake St. Clair; 01671. unsaturated zone, surface runoff, water tension, aquifer recharge, water balance, soil water content, neutron probe, tensiometer, Burkina Faso; 12231. water quality model, ecological process model, computer model, surface water quality, water quality prediction, sea water lagoon, Tunisia, Tunis, North Lake; 13354.

hydrodynamic modulation
ocean surface wave, SAR, Monte Carlo simulation, motion effect, 08114.

hydrodynamic simulation
estuary, current, tide, drying, wetting, Canada, St Lawrence River; 10987.

hydrodynamical distribution model
material budget estimate, sampling, estuary, tracer, nutrient budget, material transport, water exchange, Baltic Sea; 01628.

hydrodynamical model
pigment concentration, CZCS, bura, Adriatic Sea; 12783.

hydrodynamics
Quaternary aquifer, detritical aquifer, groundwater quality, hydrochemistry, Spain, Durango; 07545. SPOT, Landsat TM, coral reef, Saudi Arabia; 03463. steady state solution, bottom friction, velocity, Poisson equation, friction, convolution, 10489.

hydroelectric dam
grab sampling, depth variation, temperature stratification, surface water quality, dissolved oxygen profile, waste water discharge, USA, Ohio River; 12207.

hydroelectric power
reservoir dynamics, reservoir operation, reservoir, real-time control, Venezuela, Caroni River; 00541.

hydroelectric power generation
mining, hydrological service, flood, low river level, water transport, 05292.

hydroelectric power plant
water level, hydrometric station, ice jam, ice breakup, flooding, Canada, New Brunswick; 05242.

hydroengineering
water management, hydroenvironment, environmental management, landscape, 07596. water resource management, hydrological history, water use, Romania; 07594.

hydroenvironment
environmental management, landscape, hydroengineering, water management, 07596.

hydrofluoric acid
concentration profile, Trace Molecule Spectroscopy, Spacelab 3, stratosphere, solar infrared absorption spectra, chlorine, hydrochloric acid, fluorine, 11353. ice, polar stratosphere, nitric acid, hydrochloric acid, 00906. selenium dioxide, hydrogen bromide, hydrogen iodide, inorganic trace compound, flue gas, coal fired power plant, mercury, hydrochloric acid, 03191.

hydrofluorocarbon
HFC's, reaction rate, fluorine, chlorine, methane, ethane, Mulliken charge, 06573.

hydrofluorochloroethane
rate coefficient, hydroxyl radical, hydrofluoroethane, 12556.

hydrofluoroethane
hydrochloroethane, ultraviolet absorption cross section, atmospheric lifetime, atmospheric fate, 12557. hydrofluorochloroethane, rate coefficient, hydroxyl radical, 12556.

hydrogen
carbon dioxide, chloroform, methane, emission, termite, hydrocarbon, nitrous oxide, carbon monoxide, Australia; 02040. inorganic aluminium, dissolved organic carbon, silicon, acid neutralisation capacity, surface water quality, acidification, longitudinal variation, chemical flux, subsurface flow path, acidic surface runoff, concentration-discharge relationship, USA, New Hampshire, Hubbard Brook Experimental Forest; 04089. ion concentration, wet deposition, Winkler diagram, precipitation conductivity, pH, precipitation collector, precipitation monitoring, USA, Nebraska, Omaha; 04027. ion relationship, Surface Waters Acidification Programme, soil water chemistry, surface water, ion exchange process, aluminium, UK, Scotland; Norway; 13387. lead, ozone, elevation, ecosystem, deposition, acid deposition, mountain, sulphate, nitrate, 11321. middle atmosphere, atmospheric heating, exothermic chemical reaction, odd hydrogen species, 10223. nitrate, ammonium, sulphate, Regionalized Variable Theory, spatial analysis, precipitation chemistry, mapping, acidity, UK; 10972. nitric acid vapour, hydrogen peroxy radical, photochemistry, chlorine, ozone destruction, 09055. nitrogen, chlorine, climate model, transport-chemistry model, carbon dioxide, temperature, ozone, stratosphere, chlorofluorocarbon, middle atmosphere, oxygen, 00786. nonmethane hydrocarbon, greenhouse gas emission, carbon dioxide, carbon monoxide, methane, nitrous oxide, biomass burning, emission, boreal forest fire, Canada, Ontraio; USA, Florida; 04418. organic matter, lake sediment, palaeolimnology, sulphate, carbon, nitrogen, 04719. oxygen, mesopause, Solar Mesosphere Explorer, infrared emission, 06693. potassium, ammonium, nitrate, snowpack chemistry, meltwater, forest floor leachate, chemical transformation, sodium, chloride, sulphate, USA, New York, Adirondacks; 02936. proton, hydroxyl, hydro-peroxy, nitrogen, nitrogen monoxide, nitrogen dioxide, solar proton event, middle atmosphere, solar cycle, ion pair production, 03004. sulphate, chloride, sodium, crown leaching, interception, podsolic soil, gleyed soil, hydrochemical flux, throughfall, stem flow, forest catchment, soil water chemistry, stream acidity, UK, Scotland; 11086. water pathway, aluminium concentration, surface water quality, acidification, lake water quality, 04097.

hydrogen bond strength
water cluster, cosmic ray, modified neglect of differential overlap, enthalpy, entropy, 00846. water cluster, ice, quantal calculation, entropy, heterogeneous nucleation process, formation heat, 00845.

hydrogen bromide
hydrogen iodide, inorganic trace compound, flue gas, coal fired power plant, mercury, hydrochloric acid, hydrofluoric acid, selenium dioxide, 03191.

hydrogen calcium
runoff chemistry, oxygen-18 isotope, inorganic monomeric aluminium, soil water end member, surface water chemistry, soil water chemistry, Norway, Birkenes Catchment; 04103.

hydrogen chloride
ammonia, precipitation chemistry, cloud water acidity, aircraft measurement, sulphur, nitrogen oxide, 03153. chlorine nitrate, polar vortex, polar stratospheric cloud, ozone depletion, chlorine monoxide, nitric acid, stratosphere, Arctic; 00917. chlorine, sulphate, heterogeneous chemistry, aerosol, polar vortex, stratosphere, chlorine monoxide, Arctic; 05549. hydrogen fluoride, gas phase chemistry, heterogeneous chemistry, stratosphere, Arctic; 00830. nitrous acid, trace gas exchange, mass accommodation coefficient, peroxyacetyl nitrate, liquid jet, air-sea exchange, nitric acid, dinitrogen pentoxide, 03213. polar stratospheric cloud, air extent variability, chlorine, ozone hole, chemically processed air, stratospheric air, chemistry transport model, Arctic; 10221. sodium nitrite, nitric acid, chemiluminescence, nitrous acid, 06664. transport, potential vorticity, potential temperature, stratosphere, chlorine nitrate, chlorine compound, nitrogen oxide, nitric acid, Arctic; 00831.

hydrogen chloride soluble sulphur
elemental sulphur, pyrite sulphur, ester sulphate sulphur, carbon bonded sulphur, salt marsh soil, seasonal sulphur variation, soil fractionation, acid volatile sulphide, USA, Louisiana; 10931.

hydrogen cyanide
acetonitrile, biomass burning, nitrogen containing gas, nitrogen, pyrodenitrification, nitrogen fixation, nitrogen oxide, 04414. mesosphere, positive ion, rocket flight, heterogeneous chemical process, water vapour, methane, formaldehyde, hydrogen peroxide, 00785.

hydrogen fluoride
carbon dioxide, chlorine nitrate, hydrochloric acid, chlorine oxide, polar stratospheric cloud, carbonyl difluoride, heterozeneous chemistry, 00806. foliar senescence, maize, chlorophyll, benzyladenine-6, ozone, 00808. gas phase chemistry, heterogeneous chemistry, stratosphere, hydrogen chloride, Arctic; 00830. nitrogen dioxide, chlorine nitrate, nitric acid, polar vortex, airborne measurement, nitric oxide, ozone, methane, nitrous oxide, water vapour, hydrothloric acid, Arctic; 00799. sulphur dioxide, sulphuric acid, deposition, volcanic gas, ash, wet deposition, chloride, fluoride, aluminium, sulphate, Japan, Mount Sakurajima; 00855.

hydrogen iodide
inorganic trace compound, flue gas, coal fired power plant, mercury,

hydrochloric acid, hydrofluoric acid, selenium dioxide, hydrogen bromide, 03191.
hydrogen ion
aerosols, sulphate aerosol, USA; 03171. chemical impact, regional emission, acid rain, emission, precipitation chemistry, trend, sulphate, sulphur dioxide, nitrate, nitrogen oxide, USA, (East); Midwest; 13668. cloud water deposition, vegetation, lysimeter, flux gradient technique, deposition velocity, sulphate, nitrate, ammonium, 00715.
hydrogen ion concentration
reservoir, atmospheric deposition, acidic pollutant, El Nino, USA, California, Sierra Nevada, Pardee Reservoir; 01630.
hydrogen isotope
oxygen isotope, isotopic composition, soil water, atmospheric water vapour, leaf water, transport mechanism, soil plant atmosphere continuum, evapotranspiration, semi arid region, 05121. strontium isotope, atmospheric deposition, isotope tracer, snow chemistry, oxygen isotope, Scandinavia; 07578.
hydrogen isotope composition
isotopic exchange, Cretaceous, clay mineral, kaolinite, sandstone, Canada, Alberta; 07114.
hydrogen peroxide
absorption coefficient, hydroxy radical, quantum yield, laser photolysis, nitrate, nitrite, 06629. aerosol, pollution, air quality measurement, sulphate aerosol, maritime polar air masses, sulphur dioxide, nitrogen oxide, Poland, Karkonosze Range; 02004. air quality, atmospheric water, sulphur dioxide oxidiser, sulphate, 07836. carbon dioxide, water, sulphur dioxide, ozone, emission, branch chamber, gaseous flux, 02026. chromium, oxidation, speciation, sea water, 10631. cloud microphysics, ammonium, cloud chemistry, sulphate, sulphur dioxide, 00870. cloud, ammonia gas, ozone, sulphur dioxide, hill cap cloud, 09064. dew chemistry, acid deposition, carbonaceous species, formate, acetate, carboxylate anion, carboxylic acid, bisulphite adduct, formaldehyde, nitric acid, sulphuric acid, USA, California, Glendora; 02047. diurnal variation, cryogenic collection, cold trap, acetone, USA, California, Los Angeles; 02053. droplet chemistry, oxidation, sulphur dioxide, 06634. forest air, ozone, terpene, isoprene, monoterpene, water vapour, Criegee biradical, alkene, peroxy radical, 03198. formaldehyde, ozone, diurnal variation, photochemical smog, annular denuder, titanium (IV) sulphate, dinitrophenylhydrazine, eugenol, spectrophotometry, liquid chromatography, sampling, 03164. formaldehyde, p-hydroxyphenylacetic acid, sampling, USA, California, Glendora; 02051. formaldehyde, sampling, tunable diode laser absorption spectroscopy, carbonaceous species, diurnal variation, USA, California, Glendora; 02052. gaseous water, air sampling system, 09016. hydrocarbon photooxidation, boundary layer, peroxyacyl nitrate, permutation reaction, organic peroxy radical, nitrogen oxide, 00873. hydrocarbon, ethene, propane, acetaldehyde, pollution, formaldehyde, photochemical smog, ozone, 02041. hydrogen cyanide, mesosphere, positive ion, rocket flight, heterogeneous chemical process, water vapour, methane, formaldehyde, 00785. hydroxyl radical, ozone, stratospheric chemistry, 10186. impinger, diffusion scrubber, nitrogen oxide, ozone, sampling, USA, California; 02054. lead dioxide, nitrate carbon paste coated-wire electrode, sampling, air quality, nitrogen dioxide, sodium hydroxide, 03194. marine, tropospheric atmosphere, chemiluminescence, gas phase mixing ratio, 06655. nitrate, nitric acid, organic acid, organic carbonyl compound, sulphate, sulphite, cloud water chemistry, aerosol, ammonia, ammonium, USA, California, Sierra Nevada; 04426. nitric acid, oxidant, forest decline, sulphur dioxide, sulphate, ozone, USA; 03262. non-methane hydrocarbon, pollution damage, PAN, emission reduction, pollution, nitrogen oxide, sulphur oxide, ozone, Japan; 05535. organic hydroperoxide, free radical reaction, hydroperoxy radical, acid formation, nitric acid, sulphuric acid, analytical technique, 04416. organic hydroperoxide, hydroxymethyl hydroperoxide, ozone, biogenic hydrocarbon, alkene, 10184. ozone, air quality, photochemical model, emission rate, inversion layer, mixing height, solar radiation, deposition, USA, California, Los Angeles; 11404. ozone, aircraft observation, USA; 00790. ozone, nitrogen oxide, acid, precursor concentration, sulphur dioxide, USA, (Northeastern); 06539. ozone, photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, Luminox, peroxyacetyl nitrate, n-propyl nitrate, nitrogen dioxide, sampling, nitric acid, 01804. ozone, rain water, sulphur oxidation, iron, cobalt, vanadium, chromium, manganese, Japan; 00850. ozone, sulphur dioxide, aqueous oxidation of sulphur dioxide, cloud chemistry, linearity, 04431. particle, sampling, diffusion scrubber, formaldehyde, USA, California; 02055. photochemical activity, transport process, mixing ratio, atmospheric boundary layer, ozone, nitrogen oxide, Germany; 06598. rain water, polarographic determination, voltamperometric determination, spectrophotometric determination, 06669. scavenging, acid rain, mass transfer, washout, sulphur dioxide, gas absorption, wind tunnel, water drop, 09019. sea salt nuclei, stratus cloud, cloud droplet chemistry, droplet chemistry, precipitation chemistry, sulphur dioxide, ozone, 03245. solar actinic irradiance, preconcentration, chemiluminescence detection, 13736. stratosphere, laser induced fluorescence technique, hydroxyl radical, 10197. sulphate, sodium, chloride, nitrate, precipitation, chemistry, snow, rain water, snow chemistry, inorganic ion, USA, California; 04419. sulphur dioxide, cloud chemistry, ozone, droplet chemistry, sulphate, 05529. sulphur dioxide, convective storm, boundary layer, mixing process, sampling, 04354. sulphur dioxide, droplet, uptake, 11343. sulphur dioxide, ice core, sulphate, volcanic fallout, volcanic sulphur, stratosphere, Greenland; 03220. sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, Japan; 02012. trace gas, polluted air mass, photochemical activity, ozone, 06600. urban atmosphere, pollution, ozone, non-methane hydrocarbon, carbon monoxide, nitrogen dioxide, USA, California, Los Angeles; 03223.
hydrogen peroxy radical
photochemistry, chlorine, ozone destruction, hydrogen, nitric acid vapour, 09055.
hydrogen sulphide
biogenic source species, sulphate aerosol, wet deposition, sulphur cycle, wet season, sulphur dioxide, dimethylsulphide, Brazil, Amazon; 07844. Henry's law, sea-air transfer, air-sea exchange, metal complexation, 02023. ocean atmosphere interaction, biogeochemical sulphur cycle, dimethylsulphide, algal biomass, primary productivity, carbon disulphide, carbonyl sulphide, 05543. pollution, sulphur compound, ultraviolet fluorescence analyser, Finland, South Karelia; 01976.
hydrogen sulphide detection
lake water chemistry, liquid junction, in situ potentiometry, pH determination, redox measurement, reference electrode, Israel, Lake Kinneret; 05188.
hydrogenic
accumulation, transform fault, deepsea trench, element association, biogenic, terrigenous, Atlantic, Romanche Fracture Zone; 00091.
hydrogenisotope
oxygen isotope, light stable isotope, hydrological regime, precipitation, evapotranspiration, water cycle, meteoric water, USA, California; Nevada; 12130.
hydrogeochemical process
groundwater chemistry, carbonate chemistry, calcite saturation, strontium, sulphate reduction, methane fermentation, sodium calcium ion exchange, calcite dissolution, nitrate reduction, saline groundwater, organic carbon oxidation, magnesium, isotopic evidence, UK, England, Lincolnshire Limestone; 11081.
hydrogeochemical study
coastal aquifer, groundwater quality, salt water intrusion, chemical adsorption, factor analysis, Spain, Alicante, Javea; 07558. environmental protection, industrial pollutant, urban development, groundwater pollution, India, Andhra Pradesh, Visakhapatnam; 12250.
hydrogeochemical variation
surface water quality, afforestation, deforestation, acidic oxide deposition, moorland, UK, Wales, Hafren Forest; 04091.
hydrogeochemistry
aquifer restoration, uranium mine, groundwater contamination, hydrogeology, 00612. aquifer zone, coastal aquifer, multi-aquifer system, groundwater quality, electrical logging, spontaneous potential log, 01735. fen, dissolved organic carbon, bog, peatland, spatial variation, temporal variation, specific conductance, USA, Wisconsin, Crystal Bog; 02829. glacier water, sulphate calcium water, calcium sulphate bicarbonate water, lake water chemistry, Arctic; Svalbard, Spitsbergen, Alandvatnet; Svalbard, Spitsbergen, Hoglandvatnet; 05244. ground stability, water level, piesometric level, hydrogeology, Tunisia, Tunis; 12241. groundwater flow, spring complex, geochemical time series data, groundwater hydrodynamics, groundwater quality, Switzerland, Acquarossa; 05213. groundwater quality, calcite, mineral surface, water chemistry, 07560. humic fraction, inorganic fraction, surface water quality, dissolved organic matter, black water, coastal stream, fulvic acid, electrical conductivity, USA, South Georgia, Little River; 12196. lithology, land cover, acidification, catchment characteristic, lake water chemistry, Alpine lake, acid deposition, Italy, Aosta Valley; 13340. soil chemistry, subsurface flow, runoff chemistry, stream water chemistry, antecedent condition, flow path, base flow, Norway, Birkenes; 13377. stable isotope, adjacent closed basin, precipitation, groundwater recharge, surface water, Chile, Atacama Desert, Punta Negra Basin; Hamburgo Basin; 05236. surface water chemistry, salinity, total dissolved salts, Africa; 01683. water quality, groundwater contamination, waste disposal, boron isotope measurement, contaminant migration, 05234.
hydrogeologic characteristic
groundwater, organic matter, pore water, Cretaceous, coal, till, Canada, Alberta; 08148.
hydrogeologic monitoring
data acquisition system, data evaluation, sampling algorithm adjustment, remote data collection, 04018. telephone line, monitoring procedure, remote data collection, 05570.
hydrogeological application
Landsat TM, subsidence, SPOT, environmental assessment, Germany; 06902.
hydrogeological aspect
crystalline bedrock, saturation zone, liquefaction, debris flow, geological aspect, Switzerland, Alps; 06035.
hydrogeological data
arid area, semi arid area, water resource management, hydrological monitoring, data collection, data storage, data processing, personel computer, computer software, hydrometeorological data, Africa; 06417. GIS, groundwater vulnerability, aquifer protection, 13900.
hydrogeological field study
isotope analyses, lithology, diffuse infiltration, preferential path, geophysical investigation, groundwater resource, drilling site, air photo interpretation, groundwater recharge, Burkina Faso, Yatenga Province; 06368.
hydrogeological information
isotopic data, palaeohydroclimatological investigation, Camp Century, lithological section, Plestocene(Late), isotopic data, Chad, Lake Chad Basin, Kanem; 11939.
hydrogeological investigation
groundwater management, salinity, irrigation development, groundwater quality, groundwater resource, Australia, South Australia, Tatiara; 05271. waste disposal site, groundwater flow system, contaminant migration, USA, New Jersey; 12247.
hydrogeological model
disseminated calcite, quartz vein, Birrimien schist, aquifer model, volcano sedimentary schist, calcite, Burkina Faso; 06367. karst hydrogeology, groundwater resource, groundwater exploitation, China, Shanxi Province, Taiyuan Area; 02908. velocity profile, groundwater flow, arid basin, palaeo recharge, groundwater recharge, Australia, Amadeus Basin; 02903.
hydrogeological parameter
flow model, environmental isotope, groundwater flow model, fissured rock catchment, fractured rock aquifer, dispersion model, tritium, subsurface storage, mobile water, retardation factor, Germany, Harz Mts; 05214.
hydrogeological property

lodgement till, melt out till, flow till, till genesis, hydraulic conductivity, saturated water flow, till genesis, 00291.

hydrogeological study
aquifer boundary, environmental isotope, aquifer management, isotope study, Ecuador, Quito; Peru, Tacna; Bolivia, Oruro; Niger; 00595. cretaceous aquifer, groundwater resource, groundwater recharge, recharge rate, groundwater circulation, hydrochemical study, confined aquifer, isotopic study, Benin; 00596. evapotranspiration, residence time, environmental isotope, groundwater recharge, fissured aquifer, groundwater circulation, isotopic technique, infiltration, Burkina Faso, Sudan Shield; 00598. groundwater circulation, groundwater resource assessment, isotopic technique, groundwater recharge, Libya, Jabal Fezzan; Al Jufraha; Libya, Wadi Ash Shati; 00638. groundwater quality, radioactive waste disposal, USA, California, Sonoran Region; 00599. hydrochemical study, forested area, agricultural landuse, groundwater contamination, nitrate, Germany, Schleswig Holstein, Bornhoved Lakes; 11065. specific yield, irrigation water management, aquifer characteristic, groundwater resource, Algeria, Khemis-Miliana, Cheliff Basin; 00639.

hydrogeological system
plate convergence, geothermal regime, chloride, brine, diagenesis, interstitial water, Peru; 01243.

hydrogeological zone
tritium analysis, groundwater origin, surface water origin, isotope study, groundwater flow, unsaturated flow, seepage, USSR, Verkhniaya Angara River; 06370.

hydrogeology
air photo interpretation, satellite imagery, remote sensing, electrical anisotropy, fracturation, geophysical reconnaissance, groundwater exploration, Niger, Liptako; 06410. aquifer formation, yield, groundwater quality, groundwater hydrology, groundwater resource, USA, Colorado; New Mexico, Central Raton Basin; 01774. aquifer management, water table recording network, computer assisted cartography, computer data base, expert system, artificial recharge, underground dam, groundwater resources mapping, groundwater quality, aquifer recharge, groundwater prospecting, borehole technology, Africa, (West); 06401. aquifer yield, site selection, well design, monitoring technique, cost analysis, crystalline rocks, groundwater development, USA, North Carolina, Piedmont Province; Blue Ridge Province; 05211. aquifer, salinisation, land degradation, surface water quality, water table rise, groundwater quality, Australia, Murray Basin; 05263. bibliography, groundwater, 02825. chalk matrix, permeability, porosity, groundwater resource, Poland, Lublin Coal Basin; 05249. chalk, legislation, groundwater protection, water management, pollution control, groundwater quality, 07589. contaminant remediation, engineering design, uncertainty model, geological uncertainty, parameter uncertainty, waste management, decision analysis, risk analysis, cost benefit analysis, groundwater flow, 07590. database, groundwater modelling, aquifer depth, water flow, hydraulic conductivity, seepage velocity, hydraulic gradient, saturated thickness, aquifer classification, USA; 07535. dewatering, chalk, groundwater level, pumping test, UK, England, (Southeast); 07538. dolerite dome, perched aquifer, sedimentary formation, dry wedge formation, groundwater resource, electrical resistivity, Mauritania, Sarakolle desert; 13417. electrical resistivity, groundwater flow, fault, aquifer assessment, water exploration, transient electromagnetic survey, USA, Nevada; 13418. electro magnetic profiling, resistivity sounding, groundwater exploration, Yemen, Rada District; Dhamar District; 12292. fault, solodised solonetz, saline groundwater, land management, Landsat MSS imagery, saline soil, Australia, Murray-Darling River Basin, Yelarbon; 05273. fault, water table rise, basement ridge complex, salinity, land salinisation, Australia, New South Wales, Riverine Plain, Ivanhoe Block; 05272. geoscience, Landsat, geology, hydrology, 04465. gold exploration, GIS, high spectral resolution remote sensing, mining, petroleum, exploration technique, 06813. groundwater discharge, surface water quality, stratigraphy, structure, groundwater interception scheme, upward leakage, saline groundwater, Australia, South Australia, Murray Basin; 05269. groundwater exploration, salt water intrusion, fracturing, island hydrogeology, coastal aquifer, remote sensing, New Caledonia; 07609. groundwater flow, water contamination, barrage construction, river regulation, Hungary, Little Hungarian Plain; Danube River; 12252. groundwater origin, water colour, water treatment, organic matter, Denmark, Jutland, Ribe County; 07555. groundwater quality, water resource, coal mine, Poland, Lublin Coal Basin; 02974. groundwater resource management, water storage, recharge, vadose zone, water table fluctuation, India, Peninsular Indian Shield; 11031. groundwater resource, basin hydrology, aquifer characteristic, hydraulic model, USA, Nevada, Clark County, Las Vegas Valley; 01775. hydrochemistry, transmissivity control, nitrate, tritium, denitrification, storage control, drift deposit, groundwater recharge, chalk aquifer, UK, England, Norfolk; 07539. hydrogeochemistry, aquifer restoration, uranium mine, groundwater contamination, 00612. hydrogeochemistry, ground stability, water level, piesometric level, Tunisia, Tunis; 12241. karst hydrogeology, phreatic cave system, drainage conduit, carbonate rock, spring, doline, submarine spring, palaeocave system, peneplain, uplift, low sea level, dissolution, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526. karst, field trip report, limestone gorge, underground drainage basin, limestone tower, sinkhole, China, Guangxi; 06055. moraine landscape, glacial bed, groundwater, pollution, Denmark, Arhus; 07554. palynostratigraphy, aquifer characteristic, groundwater flow, saline groundwater, borehole analysis, Australia, Murray Basin; 05217. petroleum basin, groundwater flow, flowpath, sedimentary basin, basin pressure, 07534. pumping test, Gondwana basin, aquifer characteristics, seasonal variability, shallow groundwater, groundwater flow, coal field, water table fluctuation, India, Bihar, Jharia Coal Field; 05215. radioactive waste storage, groundwater chemistry, groundwater discharge, groundwater recharge, USA, Arizona, Sonoran Region; 02972. saturated zone, water balance, waste disposal, geohydrological study, radioactive waste, groundwater flow, water quality, tritium movement, USA, Illinois, Sheffield; 11069. sedimentary aquifer, microbasin, groundwater dynamics, water resource, fold mountain, mountain region, monoclinal structure, 08768. semi arid region, water exploration, khondalitic terrain, groundwater potential index, electrical resistivity, India, Andhra Pradesh, Vizianagaram District, Chipurupalli Taluk; 13419. SIR-A, underground water, drainage density, Iraq; 06904. SPOT, irrigation, groundwater, Burkina Faso, Sahel; 04655. stream flow, hydrological method, groundwater resource regime, surface water groundwater interaction, Czechoslovakia, Bohemian Massif, Police Cretaceous Basin; 08803. subterranean chamber, cave, Saudi Arabia, Majlis al-Jinn; 06054. transmissivity, storage coefficient, groundwater flow, leakage coefficient, water chemistry, recharge, discharge drawdown relationship, aquifer characteristic, USA, Florida; 11117. visual model, fractionation, water exchange, isotope analysis, uranium isotope, groundwater formation, water circulation, 07531. water conservation, wateruse, water resource management, groundwater development, 09922. water resource planning, arid region, semi arid region, hydrological data, data shortage, drought, flash flood, water management, surface water hydrology, Africa, Sahel; 06260. water resource, Cambro Ordovician sandstone aquifer, specific yield, transmissivity, irrigation water quality, drawdown, groundwater development, Jordan; Saudi Arabia; 11116. water seep, alluvial aquifer, shallow aquifer, surface water groundwater interaction, waste disposal, water quality, groundwater flow model, USA, Colorado, West Sharrard Gulch; 07447. water table depth, hydro contour line, aquifer yield, map, groundwater resource, groundwater recharge, water quality, Poland; 02969.

hydrogeomorphological change
maritime catchment, tectonic change, isostatic rebound, deforestation, stratigraphical scheme, UK, England, Severn Basin; 10675.

hydrogeomorphological characteristic
hillslope, piping, slope failure, valley head hollow, discharge process, subsurface water, 08392.

hydrogeomorphology
hillslope evolution, sheetwash, mass wasting, slope, stochastic aspect, climate, hydrology, landform evolution, debris flow, climatic geomorphology, 11892.

hydrogeophysical method
electrical resistivity, seismic data, hydraulic leakance, seepage, surface water-groundwater interaction, groundwater discharge, groundwater flow, lake sediment, North America, Great Lakes, Lake Erie; Lake Huron; 01666.

hydrogeotechnics
palaeotectonics, neotectonics, gully erosion, landslide, cuesta, Nigeria; 01393.

hydroglacial loading
Pleistocene(Late), Holocene, sea level, mantle viscosity, isostatic loading, lateral variation, glacial loading, 13027.

hydrograph
channel adjustment process, state of the art timber harvest, mixed conifer forest, overland flow, erosion, forestry, sediment transport, soil loss, pipe flow, USA, Arizona; 09912. drainage basin, peak flood, topography, flood routing, hypsometry, planform, hydrologic response, basin morphometry, time to peak, basin characteristic, 07462. experimental basin, conceptual distributed model, physically based model, storm frequency, flow measurement, isotopic tracing, water table level monitoring, runoff generation mechanism, land use change, antecedent soil moisture condition, flow process, Switzerland, Haute Menthue Watershed; 06278. flood wave, flood routing, channel storage, floodplain storage, Muskingum formula, Brazil, Amazon River; 02838. forested catchment, landscape partitioning, runoff modelling, mountainous terrain, contour based method, saturation overland flow, subsurface flow, Australia, (Southeast); 08680. gamma distributed stream length, rainfall runoff model, hillslope velocity term, hillslope effect, geomorphologic instantaneous unit hydrograph, instantaneous unit hydrograph, 08664. groundwater discharge, runoff, rainfall runoff relationship, initial contributing area, stream surface, surface saturation, subsurface flow, stream flow model, base flow, 05139. groundwater flow equation, flood routing solution, open channel flow equation, seepage, kinematic wave equation, surface water groundwater interaction, bank storage effect, 09803. hydrograph characteristic, data base, water resources management, automatic water gauge, flood event, 10988. hydrological model, peak discharge, probability distribution, runoff model, model simulation uncertainty, reliability estimation, USA, Illinois; 08663. model parameter, runoff routing model, incompatible storm data, random effect probability model, parameter bias, 00519. outburst wave, lake outburst, glacier, lake filling, snow melt, USSR, Tien-shan, Mertzbacher Lake; 08796. Preissmann scheme, flood propagation, mountainous terrain, flood hazard, finite difference solution, river network, Hong Kong, Shing Mun River; Sham Chun River; 08676. rainfall runoff modelling, microcatchment, mountain basin, runoff, Saudi Arabia; 08684. rainfall variability, runoff model, soil water property, topography, water balance, France, Vosges, Fecht Basin; 08682. Recursive Least Square identification, Autoregressive model with exogeneous input, iterative deconvolution process, Nash Unit Hydrograph, unit hydrograph technique, flood modelling, rainfall runoff relationship, Africa, Sahel; 06296. snow melt, flood wave, glacier, snow cover, runoff variation, parallel hydrometric measurement, USSR, Pamir Mountains, Abramov Glacier; Europe, Alps, Vernagt Glacier; 08797. spring, hydrochemistry, decisional statistics, discriminant analysis, validation, geohydrological hypothesis, karst spring, France, Charente, La Rochefoucauld Karst System; Lussac Springs; France, Fontaine de Vaucluse Spring; 13065. storm runoff, streamflow, lag time, infiltration, subsurface flow, road construction, logging, flow regime, USA, California, Caspar Creek; 04152. subsurface runoff, hillslope hydrology, physically based model, Darcian flow, non Darcian flow, flow path, macropore flow, subsurface flow process, 11045. unit hydrograph, rainfall variability, pulse response, runoff, Czechoslovakia, Sputka Catchment; 08675.

hydrograph characteristic
data base, water resources management, automatic water gauge, flood event, hydrograph, 10988. low flow, flood regime, sediment load, channelization, flow regime, drainage scheme, river regulation, 06281. rainfall depth, slope, infiltration, runoff factor values, ungauged basin, flood estimation, peak discharge estimation, runoff coefficient, unit hydrograph, Africa, Sahel; 06293.

hydrograph computation
Hydrograph GGI-90 model, mountain basin, runoff, 08685.
hydrograph estimation
geomorphologic rainfall-runoff model, flash flood, hyetograph, catchment morphology, arid catchment, slope, infiltration rate, flood hydrograph, rainfall characteristics, Saudi Arabia; 00513.
hydrograph form
water level variation, environmental effect, flow regulation, river regulation, weir, Australia, South Australia, Murray River; 07592.
Hydrograph GGI-90 model
mountain basin, runoff, hydrograph computation, 08685.
hydrograph prediction
rainfall-runoff model, model calibration, SSARR, catchment characteristic, 01649.
hydrograph recession
basin runoff, suburbanisation, runoff regime, snow melt, rain-on-snow event, quickflow, antecedent condition, 00622.
hydrograph recession coefficient
stream flow, tropical environment, peakflow estimation, antecedent precipitation index model, rainfall runoff model, India, Wainganga River; USA, Hawaii; USA; 09800.
hydrograph separation
bulk discharge, subglacial component, conductivity, calcium concentration, glacier, melt water, chemograph separation, englacial component, Switzerland, Valais, Arolla Glacier; 08800. end member mixing analysis, acidic deposition, surface water chemistry, soil water chemistry, soil water end member, alkalinity, sulphate, sodium, magnesium, calcium, dissolved silica, USA, Georgia, Panola Mountain Catchment; 04099. forested watershed, isotopic separation, Mediterranean watershed, chemical separation, precipitation chemistry, runoff water quality, throughfall, oxygen 18, France, Corsica, Solenzara, Cannone; 06285. instantaneous unit hydrograph, upland catchment, quick flow, slow flow, stream flow response, rainfall excess, parameter estimation, UK, Wales; 05138. isotopic tracer, overland flow, subsurface flow, chemical hydrograph, geochemical tracer, silica, magnesium, deuterium, Canada, Canadian Shield; 13325. monitoring technique, snow hydrology, ice hydrology, snowstorage, glacier, water balance, river flow, remote sensing, 08794. precipitation chemistry, throughfall, leaching, surface water quality, France, Corsica, Cannone; 02870. rainfall intensity, antecedent moisture condition, surface runoff, pervious basin, tropical basin, recession curve, total runoff, base flow, unit hydrograph, Africa, Sahel; 00524. soil water chemistry, surface water chemistry, flow path, acid neutralisation capacity, pH, afforestation, UK, Wales, Llyn Brianne; 04100.
hydrograph shape
runoff fluctuation, water yield, drainage basin characteristic, glacier river, spring fed river, direct runoff river, river classification, Iceland; 06272.
hydrograph simulation
Storm Water Management Modelling package, water resources management, computer model, runoff model, 09943.
hydrographic
organic carbon, sedimentation rate, carbonate, productivity, Sea of Marmara, Izmit Bay; 03543.
hydrographic change
Benguela Current, Angola Current, coastal upwelling cell, global cooling, Neogloboquadrina dutertrei, upwelling signal, planktonic foraminiferal asseamblage, Atlantic, Walvis Ridge; 10747. network evolution, water management, urban hydrology, 11104.
hydrographic data
continental shelf, ocean current, coast, seasonal variability, continental margin, circulation pattern, Mediterranean Sea, Ebro continental margin; 05861. database, data integration, bathymetry, 13875.
hydrographic field
temperature distribution, salinity distibution, oxygen distribution, nutrient distribution, circulation, Atlantic, (North); 10648.
hydrographic network
drainage system, aridity, meso relief, Aral Sea; 06007. geomorphological heterogeneity, morphology, quantitative analysis, fluvial erosion system, bifurcation, longitudinal profile, hypsometric curve, hydrology, Spain, Basque Country; 11845. wadis, relict valley, Villafranchian, rillwash, sheet flood, braided stream, stream channel, Pleistocene(Middle), Morocco, Sahara, Daoura Hamada; Algeria, Sahara, Saovra Hamada; 08460.
hydrographic parameter
sensor, airborne measurement, maritime pollution, 13961.
hydrographic survey
Cook,J., USA, Florida; 03371. topographical structure, multibeam echosounder, 10288.
hydrographic surveying
cooperation, US Navy, 02084.
hydrographical system
SPOT, Canada, Saskatchewan Province; 10450.
hydrographically closed lake
palaeoclimatic reconstruction, radiocarbon date, tephra unit, chronometric control, deltaic sequence, Dechambeau Ranch High Stand, Marina Low Stand, water balance model, Holocene(Late), lake fluctuation, USA, California, Mono Lake; 00303.
hydrography
echo sounding, laser, 12621. International Hydrographic Organisation, geographic information, maritime data, Australia; 10441. planktonic isotope record, benthic isotope record, stable isotope record, foraminifer, glacial interglacial amplitude, surface water temperature, cooling event, carbon accumulation rate, upwelling, monsoon, Pleistocene(Late), Indian Ocean, ODP Site 724; Arabian Sea, ODP Site 724; 11922. sea bed deposit, sedimentology, estuarine hydrography, UK, England, Plymouth Sound; 09197. surveying, charting, global positioning, airborne electromagnetic bathymetry, USA; 12617. suspended particulate matter, continental margin, nepheloid layer, canyon, Mediterranean Sea, Gulf of Lions; 05858.
hydrogrph separation
hydrological modelling, mountainous terrain, rainfall variability, runoff generating mechanism, slope, topography, 08681.
HYDROLAB computer model
portable computer, expert system, drilling risk, well hydrodynamics, groundwater exploration, groundwater resource, Cameroon; 06418.
HYDROLOG
groundwater recharge, Horton's equation, surface watershed model, water balance model, potential evapotranspiration, rainfall-runoff model, Australia, Victoria, Campaspe River Basin; 01653. stream flow objective function, groundwater recharge, surface watershed model, sensitivity analysis, 01654.
hydrologic
airborne snow cover product, satellite snow cover product, snow cover, 11604.
hydrologic change
deltaic coast, spoil bank, canalisation, remote sensing, coastal wetland, pond formation, impoundment, open water formation, erosion, sediment deposition, wetland fragmentation, USA, Louisiana, Gulf of Mexico; 05252.
hydrologic characteristic
lake, salinity, biota, blue green algae, water level, USA, Utah, Great Salt Lake; 06310.
hydrologic characteristics
effluent, aquatic vegetation, water level variation, flood plain lake, water exchange, flow redistribution, hydrochemical regime, USSR, Dnieper Delta; 00493.
hydrologic condition
debris flow initiation, hillslope hydrology, pore pressure, antecedent moisture, tensiometer, piezometer, USA, California, San Francisco; 10712.
hydrologic cycle
aerospace survey, water resource, 06905.
hydrologic data
uncertainty analysis, network operation, water resources development, reservoir, meteorological data, isoline mapping, square grid regionalization, rainfall runoff model, Venezuela; 05315.
hydrologic design
hydraulic structure, water distribution system, water resource management, data storage, water storage, Africa; 06405.
hydrologic flow path
stream water chemistry, cation concentration, riparian zone, groundwater quality, forest hydrology, Canada, Ontario, Toronto; 00603.
hydrologic forecasting
infiltrometer test, lithologic composition, vegetation, SPOT, 08129. realtime forecasting, National Weather Service River Forecast System, WMO, streamflow forecasting, USA, Oklahoma, Bird Creek; France, Orgeval Basin; 00518.
hydrologic impact
climate change, climate model, water resource, 06488.
hydrologic information
USGS Water Resources Division Information Guide, water resource, information guide, water management structure, water resource development, USA; 01771.
hydrologic issues
nuclear waste, nuclear waste repository, unsaturated zone, USA, Nevada, Yucca Mountain; 01693.
hydrologic magnification
anti-transpirant effect, atmospheric carbon dioxide, carbon dioxide, climatic change, runoff, precipitation, soil moisture deficit, evapotranspiration, 04021.
hydrologic model
drip water, pool water, water vapour, stable isotope, cave pool system, cave hydrology, isotopic ratio, USA, New Mexico, Carlsbad Cavern; 07446. general circulation, climate model, scale problem, surface moisture, moisture flux, evaporation, 07700. river regulation, environmental impact analysis, water resource management, cumulative impact analysis, USA, Montana, Flathead River Basin; 02966. water resource, modelling, NOAA, Canada, Rocky Mountains; 11614.
hydrologic pathway
pipe flow, forest blowdown, acidification, GIS, remote sensing, lake chemistry, surface water pH, landscape disturbance, USA, New York, Adirondack Mountains; 05186.
hydrologic perturbation
groundwater regime, coal mine, subsidence, land reclamation, potentiometric level, USA, Indiana, Terre Haute; 01757.
hydrologic process
atmospheric process, precipitation forecasting, Fourier domain shape analysis, rainfall area evolution, 06588. land stability, total discharge, mineralisation, nutrient, overland flow, erosion, sediment transport, peak discharge, water quality, wild fire, 06322. monitoring technique, analytical procedure, quality control, water budget, nutrient budget, mountain basin, data collection, stream flow measurement, precipitation gauge, Switzerland, Alptal Valley; 06286. soil water dynamics, quick flow analysis, spatial variability, landuse, basin characteristic, flood, runoff, 08667. soil water, evapotranspiration, runoff, discharge, soil texture, land cover, biogeochemical cycling, land surface atmosphere interaction, climate modelling, basin model, anthropogenic effect, impoundment, landuse change, climate change, Africa, Zambezi River; 12275. structure mapping, granite, middle mountain, biogeodynamic factor, geomorphic process, pedologic process, France, Mont Lozere; 09494. vegetation cover, runoff, soil moisture, mathematical model, moisture storage, 06259.
hydrologic regime
coastal lagoon, salinity, temperature distribution, rain flushing, spatial variation, Mexico, Cancun, Nichupte Lagoon System; 01626. global climatic model, lagged response, spatial variability, geomorphic impact, climate change, erosion process, mountain region, Canada; 01381. lake water quality, lake water chemistry, river regulation, self purification, salinity, USSR, Dnieper-Bug Lagoon; 00546. water exchange, flood plain lake, morphometric characteristic, trophic status, water level fluctuation, USSR, Ukraine, Dnieper Estuary; 02852.
hydrologic regression model
ungauged watershed, sediment yield model, discharge, suspended sedi-

ment, Ethiopia, Atbara River; Sudan, Blue Nile River; 12840.
hydrologic response
basin morphometry, time to peak, basin characteristic, hydrograph, drainage basin, peak flood, topography, flood routing, hypsometry, planform, 07462.
hydrologic study
flood mapping, water resource mapping, river basin study, India; 03468.
hydrological application
radar reflectivity, orography, weather radar, 05340.
hydrological atlas
water resource, map, lake, water quality, precipitation, glacier, evaporation, water balance, stream flow, Switzerland; 10967.
hydrological balance
deforestation, climate, surface energy balance, evapotranspiration, net surface radiation, Brazil, Amazon; 03129. flow maxima, hydrological network, data collection, temporal water resource variability, water resource, flow minima, hydrological data, surface water resource, 06299. precipitation, evaporation, runoff, Sudano-Sahelian climate, groundwater recharge, soil moisture estimation, Africa, Sudano-Sahelian Region; 06356.
hydrological budget
forest catchment, Norway spruce, sitka spruce, streamflow, surface water quality, throughfall, stemflow, soil throughflow, stream chemistry, 02949.
hydrological change
soil moisture, water pathway, water quality, ecohydrological zone, river flow, water supply and demand, groundwater table, climate change, landscape ecological change, 05105.
hydrological condition
mechanisation zone, plough layer, ground pressure, soil moisture content, USSR, European USSR; 10903.
hydrological condition change
slip movement, Frasse Slip, glacial retreat, Switzerland, Alps; 08395.
hydrological cycle
biogeochemical cycle, human activity, ploughing, erosion, landscape functioning, anthropogenic factor, USSR, Moscow; 11870. hydrothermodynamics, synergetics, climate, biosphere, 00666. land air flux, Simple Biosphere model, biosphere, general circulation model, rainfall climatology, 06494. moisture field, gas signal detection, greenhouse gas, signal, space, 11286. ocean atmosphere land system, active layer system, precipitation intensity, 10970. precipitation, river runoff, terrestrial source, nitrogen, phosphorus, sulphur, organic carbon, river, 12217. salt lake basin, evaporite, carbonate pedogenesis, aeolian dune, uranium series date, dune stabilisation, Strzelecki dunefield, hyperaridity, uranium series, dating, lake, dune, Australia; 13106. soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, engineering hydrology, flood estimation, low flow research, applications research, instrument development, irrigation study, research report, Institute of Hydrology, 08640. systems method, flow chart, water resource management, 11105. urban drainage, flood protection, urban water, surface water, groundwater, wateruse, urban hydrology, water management, 13305. warming, sea surface warming, greenhouse effect, tropical water, energy budget, 08995. water movement, water storage, evaporation, condensation, infiltration, antecedent moisture condition, variable source area, return period, environmental water, transpiration, interception, photosynthesis, respiration, precipitation, soil water, groundwater, watershed hydrology, 10963.
hydrological data
climatological data, rainfall data, evapotranspiration, evaporation, drought persistence, hydro metric data, flood, hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, Africa, (West); (Central); 06262. data processing, data management, 01622. data shortage, drought, flash flood, water management, surface water hydrology, hydrogeology, water resource planning, arid region, semi arid region, Africa, Sahel; 06260. flood, computer model, discharge forecasting, onchocerciasis, monitoring network, telemetry, river discharge, stream flow, Togo; 06300. gauging station, hydrological network, developing country, rain recorder, data collection, South Africa, Transkei; 10966. hydrological network, economic benefit, hydropower, irrigation, flooding, gauging, China, Yellow River Basin; Jiulongjiang River Basin; 08642. large-scale spatial trend, statistical method, spatial trend, 08641. monitoring system, expert system, climate change, forest renewal, hydrological investigation, water resource management, measurement technique, China; 09935. satellite, telemetry, 09966. surface water resource, hydrological balance, flow maxima, hydrological network, data collection, temporal water resource variability, water resource, flow minima, 06299. water resources assessment, surface water resource, stream flow gauging, 09940.
hydrological education
arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, evapotranspiration, evaporation, drought persistence, hydro metric data, flood, hydrological low flow, urban hydrology, rainfall mrunoff model, Africa, (West); (Central); 06262. hydrology, technological bias, 10961. water resources development, hydrological training, Africa; 06263.
hydrological effect
forest, runoff, 08880. reservoir, mountain plain ecology, environmental impact, channel shape, sediment accumulation, groundwater regime, salt balance, mountainous terrain, downstream hydrology, China, Haihe River; 08647.
hydrological equilibrium
downstream channel, sediment flushing, ecological impact, flood control, sediment deposition, dam, flow modification, reservoir, 08726.
hydrological feedback mechanism
thermohaline circulation, feedback mechanism, glacial, Quaternary, climate modelling, Boolean delay equation, 08423.
hydrological flux
acid neutralising capacity, soil characteristic, residence time, nitrogen, anthropogenic acidity, sulphate adsorption, base flow, cation release, hydrochemical flux, upland catchment, vegetation type, surface water quality, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04095.
hydrological forecast
data transmission, onchocerciasis, forecasting, Africa; 04661.
hydrological forecasting
radar network, cost-benefit analysis, weather radar, flood warning, UK; 04178. rainfall forecasting, remote sensing, weather prediction, forecasting technique, meteorological data, 06267. reservoir operation, flood forecasting, stream flow forecasting, telemetry, water resource forecasting, drought management, weather radar, rain gauge data, meteorological data, UK, England, London; 06273. water resource management, automated water balance systems, water resource forecasting, meteorological data, climatic data, 06399.
hydrological hillslope process
kinematic wave, infiltration, lateral flow theory, hillslope hydrology, gravity driven flow, unsaturated flow, boundary layer flow, macropore, 11044.
hydrological history
water use, hydroengineering, water resource management, Romania; 07594.
hydrological homogeneity
low flow characteristic, cluster analysis, multiple regression, principal component analysis, ungauged catchment, homogeneous region, regionalisation, catchment characteristic, Australia; 10992.
hydrological information
water resource management, water resource development, technology transfer, Hydrological Operational Multipurpose Subprogramme, developing country, 01621.
hydrological investigation
water resource management, measurement technique, hydrological data, monitoring system, expert system, climate change, forest renewal, China; 09935.
hydrological low flow
urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Interafricain Committee for Hydraulic Studies, hydrological data, climatological data, rainfall data, evapotranspiration, evaporation, drought persistence, hydro metric data, flood, Africa, (West); (Central); 06262.
hydrological measurement
altitude, mountain hydrology, relief conscious hydrological modelling, remote sensing, basin, instrumentation, 08646.
hydrological mechanism
anthropogenic utilisation, grassland, soil, geomorphological process, dambos, Malawi; Zambia; 08346.
hydrological method
groundwater resource regime, surface water groundwater interaction, hydrogeology, stream flow, Czechoslovakia, Bohemian Massif, Police Cretaceous Basin; 08803.
hydrological model
basin topography, DEM, terrain analysis, 10294. forest cover, pasture, land use change, vegetation cover, water balance, evapotransporation, streamflow, extreme flood, low flow condition, Belgium, Houille; 01655. nitrogen soil model, phosphorus soil model, local surface water model, discharge, groundwater quality, fertilizer, manure, contaminant concentration, surface water quality, Netherlands, Hupselse Beek; 06326. nonlinearity, response surface plot, statistical method, parameter uncertainty, conditional probability region, 05111. peak discharge, probability distribution, runoff model, model simulation uncertainty, reliability estimation, hydrograph, USA, Illinois; 08663. rangeland, runoff model, evapotranspiration model, erosion model, runoff prediction, 10969. snow albedo, Landsat, 05750. surface energy partition, albedo, surface roughness, turbulence, surface flux, soil moisture, 07704.
hydrological modelling
acid rain, basin characteristic, surface water resource, measurement method, mountain hydrology, evaporation estimation, river discharge, precipitation measurement, snow, glacier, water balance, river flow, bed load, water cycle, 12135. agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, flow regime, flood study, remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, 10960. crop transpiration, agro hydrological simulation model, simulated transpiration, water management, 12801. mountain basin, spatial variability, water cycle, evapotranspiration, soil hydraulic property, stream flow generation, water balance, France, Ringelbach Research Catchment; 08644. mountainous terrain, cloud cover, snow cover, satellite data, Canada, Rocky Mountains, Kootenay Watershed; 08645. mountainous terrain, rainfall variability, runoff generating mechanism, slope, topography, hydrogrph separation, 08681. rangeland watershed, KINEROS, runoff, tillage practice, contour ripping, 10986. soil moisture, Less Favoured Area, land information system, GIS, Greece, Peloponnese; 10397. surface hydrology, DTM, 09274. water management, rainfall runoff model, data requirement, rainfall, evaporation, runoff formation, hydrological process, drought management, arid area, semi arid area, Africa; 06289.
hydrological modification
gully erosion, anthropogenic modification, road construction, gully erosion, road realignment, Nigeria, Anambra State, Opi; 05993.
hydrological monitoring
base map, water balance, satellite, Australia, Murray-Darling Basin; 02272. data collection, data storage, data processing, personel computer, computer software, hydrometeorological data, hydrogeological data, arid area, semi arid area, water resource management, Africa; 06417.
hydrological network
data collection, temporal water resource variability, water resource, flow minima, hydrological data, surface water resource, hydrological balance, flow maxima, 06299. developing country, rain recorder, data collection, hydrological data, gauging station, South Africa, Transkei; 10966. economic benefit, hydropower, irrigation, flooding, gauging,

hydrological data, China, Yellow River Basin; Jiulongjiang River Basin; 08642. flow average, mountain basin, ungauged catchment, runoff modelling, stream discharge, flow condition, 08671.
hydrological observation network
monitoring, data collection, automated data collection, 02828.
Hydrological Operational Multipurpose Subprogramme
developing country, hydrological information, water resource management, water resource development, technology transfer, 01621.
hydrological pathway
groundwater recharge, sewer leak, water main leak, urban hydrology, septic tank, soakaway, 13470. subsurface flow, runoff production, hillslope hydrology, surface runoff, 11002.
hydrological process
climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, engineering hydrology, flood estimation, low flow research, applications research, instrument development, irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, 08640. drought management, arid area, semi arid area, hydrological modelling, water management, rainfall runoff model, data requirement, rainfall, evaporation, runoff formation, Africa; 06289. eutrophication, sediment loss, solute loss, nutrient loss, lake water quality, runoff, UK, England, Devon, Slapton Ley; 06308. iron complex, reservoir hydrology, water colour, surface water quality, discolouration, organic iron complex, catchment hydrology, chemical composition, environmental genesis, 13353. permafrost environment, gamma density meter, moisture storage, melt water, infiltration, evaporation, fen, water balance, soil moisture change, 13438. soil physics, catchment scale, sub catchment scale, geographical information systems, hillslope hydrology, field process investigation, computer modelling, 10997. wetland, phosphorus, eutrophication, evapotranspiration, Canada, Ontario; 12131.
hydrological property
salinity, scald formation, seepage scald, grassland, Australia, New South Wales, Yarralaw; 08638.
hydrological regime
land surface, subgrid scale process, climate simulation, precipitation, 13542. precipitation, evapotranspiration, water cycle, meteoric water, hydrogenisotope, oxygen isotope, light stable isotope, USA, California; Nevada; 12130. spring flood recharge, spring drainage, lake evaporation, water balance, flooding, lake water level, Canada, Northwest Territories, Mackenzie Delta; 01668. stream flow, surface water regime, runoff, acid rain, atmospheric deposition, deforestation, forest catchment, industrial emission, clear cutting, Czechoslovakia, Jizera Mountains; 06390. water resource, water balance model, runoff, precipitation, potential evapotranspiration, climate change, China; 10989.
hydrological research
data storage, data processing, spatial data, land resource data, areal mean rainfall, climate data, quadtree, 04016. runoff, remote sensing, erosion, forest hydrology, China; 13320.
hydrological response
soil surface, rainfall, cover, rock fragment, infiltration, micromorphology, rock flow, rock mulch, saturated hydraulic conductivity, surface sealing, vesicle, 03930.
hydrological sequence
stream flow, historical sequence, index sequential method, reservoir storage, exceedance probability, parameter estimation, AR(1) log normal model, USA, California, Colorado River; Lake Powell; USA, California, Lake Mead; 13310.
hydrological series
climatic evolution, non stationarity, rainfall, Africa, (West); 12344. data analysis, statistical method, periodicity, stream flow data, rainfall data, Turkey; Saudi Arabia; USA; 13307.
hydrological service
climate service, meteorological service, hydrological service, economic benefit, social benefit, 08811. economic benefit, social benefit, hydrological service, climate service, meteorological service, 08811. economic development, hurricane season, forecasting, meteorological service, Caribbean; 08814. flood, low river level, water transport, hydroelectric power generation, mining, 05292. forecasts, information technology, industry, meteorological service, economic benefit, 07612. information, meteorological service, economic principle, 05286. marketing, 04177. meteorological service, South America; 05308. radar data, flash flood, Aramis radar network, areal rainfall forecast, flood forecasting, France; 04039. water legislation, economic development, 08643.
hydrological system
survey of caves, cave, cave exploration, China, Guangxi, Bama County; 06056. water balance, groundwater regime, water resources exploitation, surface water groundwater interaction, drainage system, China, Gansu Province, Hexi Corridor; 09936.
hydrological technical direction
geographical approach, water resource estimation, runoff distribution, water conservation, environmental formation, hydrology, ecological consideration, 07450.
hydrological training
hydrological education, water resources development, Africa; 06263.
hydrological variable
land atmosphere system, passive microwave remote sensing, 10446. Poisson distribution, statistical method, peak magnitude, estimate bias, estimate variance, quantile estimate, partial duration series, maximum likelihood estimate, 09785.
hydrological year 1986
system, spatial variation, chemical denudation rate, mechanical denudation rate, dissolved load, suspended load, denudation, Poland, Pomerania, Parseta catchment; 08327.
hydrology
cave, karst, point recharge, water tracing, hydrochemical analysis, fissure widening, solution weathering, Ireland, Sligo, Geevagh Karst; Bricklieve Karst; 09524. ecological consideration, hydrological technical direction, geographical approach, water resource estimation, runoff distribution, water conservation, environmental formation, 07450. feedback, climate, greenhouse effect, ozone, marine productivity, 12493. flood, climatic change, coastal regression, shoreline, Egypt, Nile Delta; 10536. geotechnical engineering, measurement, pore pressure, marine sediment, 01185. hydrogeology, geoscience, Landsat, geology, 04465. hydrographic network, geomorphological heterogeneity, morphology, quantitative analysis, fluvial erosion system, bifurcation, longitudinal profile, hypsometric curve, Spain, Basque Country; 11845. landform evolution, debris flow, climatic geomorphology, hydrogeomorphology, hillslope evolution, sheetwash, mass wasting, slope, stochastic aspect, climate, 11892. major ion, specific yield, sedimentary rock, pasture, forest, slope, base flow, organic species, surface water quality, water chemistry, lithology, landuse, topography, New Zealand; 11028. monitoring station, snow cover, snow melt model, runoff, flood forecasting, lysimetric snow pillow station, Austria, Kuhtai; Tyrol; 08795. morphology, control measure, coastal area, engineering, Germany; 00198. palaeoclimate, pollen input, dinocyst productivity, lake level, uranium-thorium chronology, correlated record, oceanic record, continental record, Africa, (North); 09566. palaeoecology, transfer function, lake, acidification, sediment core, diatom, USA, Florida; 05814. planning, budget and finance, economic benefit, meteorology, Latin America; Caribbean; 05301. precipitation, evaporation, general circulation model, soil water storage, climate, equilibrium state, land surface, 07699. precipitation, general circulation model grid resolution, agricultural activity, water supply, surface climate, Biosphere Atmosphere Transfer Scheme, climate model, land surface, climatology, Australia; 07745. radar-raingauge data combination, short term forecasting, Aramis radar network, radar technology, France; 04020. resources research, water management, systems engineering, 10962. river kinematics, bed process, confluence, vertical separation boundary, channel morphometry, USSR, Ob River; Biya River; USSR, Katun River; USSR, Lena River; USSR, Aldan River; USSR, Vilyuy River; 13327. runoff, air pollution, water budget, storm hydrograph, steam flow, forest renewal, Czechoslovakia, Beskydy Mountains; 09915. sediment yield, landform evolution, greenhouse warming, landscape, model, quantitative model, hillslope, 07131. soil, physical geography, geographical literature bibliography, biogeography, climatology, geomorphology, coastal topic, glacial topic, landform topic, UK; 09490. technological bias, hydrological education, 10961. vegetation, precipitation, Arctic region, melt water, climate, Canada, Ellesmere Island, Hot Weather Creek; 13440. water balance, heat balance, climatic change, water loss:heat loss ratio, 09784. water chemistry, peat vegetation, fen, UK, Wales, Brecon, Illtyd Pools; 00500. water use, land use, coal mining history, small watershed, geology, geomorphology, soil, climate, USA, Indiana, Clay County; Owen County; USA, Indiana, Sullivan County; USA, Indiana, Vigo County; 05248. water, surface water, groundwater, water conservation, water physical characteristics, water resources, water quality, 00490.
hydrology abstract
water quality, AQUAREF database, Canada; 02818.
hydrology cycle
latent heat, air-sea interaction, operational analysis, energy cycle, 01861.
hydrology-slope stability modelling
improved specification, slope hydrology, tropics, slope instability, resistance envelope method, 13050.
hydroloysis
redox process, photochemical reaction, microbial decomposition, nitrification, fish growth, sediment water exchange model, water quality model, volatilisation reaeration, adsorption, ion exchange, heat exchange, sedimentation, coagulation, precipitation, complex formation, 09828.
hydrolysable element
vegetable production, carbon, nitrogen, sulphur, Humisol, cultivation, transect, acid hydrolysis, Canada, British Columbia; 08611.
hydrolysis
aqueous aluminium, surface water quality, aluminium hydroxide, temperature effect, pH, solubility, 07504. bentonite, smectite, pyroclastic rock, volcanic region, hydrothermal alteration, Spain, Almeria, Cabo de Gata; 07115. dissociation, lake water chemistry, lake water quality, pH, salinity, USSR, Pamir, Lake Sasykkul; 00538. goethite, kaolinite, montmorillonite, Typic Hapludoll, Mollic Haplaquept, pyrophosphate, 00422. nitrogen, alkaline soil, nitrogen immobilisation, straw amendment, organic matter, urease inhibitor, urea, Belgium; 13233. pesticide movement, pesticide persistence, sulphometuron, USA, North Dakota; 09698.
hydrolysis process
chemical redox process, redox process, oxidation, iron, manganese, toxic substance, water quality model, parameter estimation, 09833.
hydrolysis rate
PAN, Henrys law constant, 10183.
hydrolytic weathering
micromorphology, clay impoverishment, clay eluviation, Brazil, Amazonia; 01593.
hydromagmatic origin
grain size, lapilli, surge deposit, vesicle, Italy, Vulcano, La Fossa; 04756.
hydrometeor
rain rate, airborne weather radar, Hitschfeld Bordan solution, attenuation correction, radar, 05320.
hydrometeor drag
temperature deviation, thunderstorm, cloud top dynamic, overshooting thunderstorm cloud top, Rayleigh damping, parcel rise rate, 04302.
hydrometeorological case study
environmental mismanagement, anthropogenic effect, water resource management, Argentina; 02965.
hydrometeorological conditions
agrometeorology, 00675.
hydrometeorological data
data acquisition, electronic instrumentation, informatic technique, water resource management, Africa, Sahel; 06264. data collection system, meteor burst technology, snowpack, telemetry, SNOTEL, 09783. hydrogeological data, arid area, semi arid area, water resource management, hydrological monitoring, data collection, data storage, data pro-

cessing, personel computer, computer software, Africa; 06417. river level, precipitation, telemetry, flood warning system, France, Garonne River; 02848.
hydrometeorological model
microcomputer, agrometeorological modelling, Venezuela; 01096.
hydrometeorological radar data
data display, data analysis, Meteorological and Hydrological Radar Network, weather radar, precipitation, rain gauge, 05338.
hydrometeorological series
Markov autoregressive model, runoff, precipitation, air temperature, empirical verification, parameter justifiability, 10964.
hydrometeorological service
agriculture, aviation, energy supply, fishing fleet, USSR; 05287. economic benefit, social benefit, meteorological service, New Zealand; Sweden; 08815. socio economic development, typhoon, agriculture, forecast, storm surge, Vietnam; 08813.
hydrometeorological station
eigen value, eigen vector, correlation coefficient matrix, 05104.
hydrometeorology
data coverage, spatial resolution, Earth resources satellite system, USSR; 12684. nowcasting, thunderstorm, rain, forecasting, flooding, UK; 01942.
hydrometer concentration
winter, scavenging efficiency, wet deposition, aerosol, nucleation, in cloud scavenging, precipitation, 13710.
hydrometric data
water resources management, hydrometric network, water law, hydraulic structure, river regulation, artificial lake, Burkina Faso; 06423.
hydrometric investigation
preferential flow, groundwater recharge, hillslope, translatory flow, snow melt, deuterium, soil moisture, recharge, unsaturated flow, isotopic investigation, 07529.
hydrometric network
data processing, hydraulic structure, waterway, gauging station, stage discharge measurement, data base management, water management, Belgium, Flanders; 09941. flow routing routine, rainfall radar image, rain gauge data, river level, flow hydrograph, computer controlled system, automated data retrieval, flood warning system, real time data retrieval, flood forecasting, conceptual model, rainfall runoff model, telemetry, UK, England, Severn-Trent region; 05259. informatic requirement, ARGOS system, data collection, station maintenance, station calibration, telemetry, data quality, Benin; 06265. organisation structure, environmental impact, data collection, climatic change, water resource, water management, global environmental observation, Switzerland; 04182. water law, hydraulic structure, river regulation, artificial lake, hydrometric data, water resources management, Burkina Faso; 06423. water level, cost-benefit analysis, network design, gauging network, 04180.
hydrometric station
ice jam, ice breakup, flooding, hydroelectric power plant, water level, Canada, New Brunswick; 05242.
hydromica
ooze, glauconite, hydrothermal process, Sea of Japan, Yamato Rise; 07025. soil-water film, specific surface, montmorillonite, kaolinite, 00390.
hydromorphic paleosol
organic matter, paleosol, clay mineralogy, silt, Spain, Duero Basin; 12995.
hydromorphic soil
micromorphology, land evaluation, soil formation, 01553.
hydromorphosis
groundwater, palygorskite, clay, Neogene, alluvial fan, Spain, Segovia, Bercimuel; 09470.
hydronium jarosite
groundwater quality, jarosite, acid mine drainage, solid solution, solubility, USA, California, Iron Mountain; 13436.
hydroperoxide
diode laser, methylhydroperoxide, ozone, spectroscopy, 06680. organic peroxide, hydrocarbon, photochemical oxidation, hydroxy radical, nitrogen oxide, 06671.
hydroperoxy radical
acid formation, nitric acid, sulphuric acid, analytical technique, hydrogen peroxide, organic hydroperoxide, free radical reaction, 04416. ozone, water vapor, stratosphere, Lyman-alpha hygrometer, balloon gondola, free radical, photofragment fluorescence, hydroxyl, 04202.
hydrophilic acid
hydrophobic acid, carboxylic, lake, dissolved organic carbon, leachate, organic acid, USA, Maine; 09457.
hydrophobic
alkyl chain, solvent, silicate, reactivity, Quarternary, 01331.
hydrophobic acid
carboxylic, lake, dissolved organic carbon, leachate, organic acid, hydrophilic acid, USA, Maine; 09457.
hydrophobic chemical
organic chemical, urban fog, fog, deposition, alkane, PAHs, PCB's, 13694.
hydrophobic material
particle size distribution, mineral composition, electrophoretic mobility, water quality analysis, contaminant transport, colloid, surface water quality, sampling, sediment transport, sorption, USA, Missouri, St Louis, Mississippi River; 07501.
drophobic organic compound
hematite, kaolinite, sorption, humic substance, 03973.
ydrophobic organic pollutant
groundwater contamination, PAH, colloids, contaminant transport, sorption, fluorescence-quenching method, 02914.
ydrophobic soil
experiment, soil hydrophobicity, splash process, splash detachment test, wettable soil, 07325.
ydrophone
acoustic positioning system, acoustic signal, signal to noise ratio, 10289. bedload indicator, mountain stream, runoff, acoustic sensor, sediment transport, 08705.
hydrophysical property
infiltration rate, earthworm, Sierozem, agrochemical property, USSR, Chimkent Oblast; 09710.
hydropower
irrigation, flooding, gauging, hydrological data, hydrological network, economic benefit, China, Yellow River Basin; Jiulongjiang River Basin; 08642. sediment regime, erosion, sediment transport, sediment deposition, reservoir, Austria, Altenwoerth; Danube River; 08720. sediment transport, bed load, suspended load, reservoir deposit, mountain basin, Austria, Kaunertal Hydroelectric Power Station; 08721.
hydropower development
hydropower potential, water resource management, 08806. river hydrology, water resource, Himalayan hydrology, Nepal, Arun River; 08805.
hydropower generation
early warning information system, ice jam, river ice, USA, Niagara River; Canada, Niagara River; 12271.
hydropower potential
water resource management, environmental management, line potential, 08807. water resource management, hydropower development, 08806.
hydropower reservoir
reservoir, flood event control, Austria, Alps; 08730.
hydropower scheme
morphological change, downstream channel, melt water, sedimentation basin, channel adjustment, sediment transport regime, Switzerland, Grande Dixence Hydro Power Scheme, Val de Ferpecle; Val d'Arolla; 08724.
hydrosequence
water table, B horizon colour, soil colour, soil saturation, piezometer, USA, Michigan; 10948.
hydrosphere
warming, sea level rise, global climate, climatic process, 06171.
hydrostatic approximation
slantwise convective adjustment, Brunt-Vaisala frequency, eddy flux, baroclinic wave, moist baroclinic instability, Rossby number, semi geostrophic equation, updraft, 04293.
hydrostatic forcing
nonhydrostatic effect, sea breeze system, K type disturbance, 13592.
hydrostatic method
measurement correction, air content measurement, polar ice, cut bubble, ice sheet elevation, ice density data, 07300.
hydrostatic shoreline origin
isostatic shoreline origin, Pleistocene(Late) sea level, Holocene sea level, present sea level, sea level variation, tectonic movement, melt water, ice sheet, Antarctic melting, tide gauge record, glacial rebound, warming, glaciostatic shoreline origin, 07270.
hydrosystem maintenance
flood prediction, flood warning system, stochastic model, deterministic model, equatorial lake, Sacramento Model, Stanford Watershed Model IV, Queen's University Forecasting Model, soil plant atmospheric continuum, design flood, spillway design, reservoir design, water management, Africa, Nile River; Canada, Ontario, Big Deer Creek River Basin; Tanzania, Rufiji River Basin; 06416.
hydrothermal
conglomerate, Promise Formation, sedimentation, source area, South Africa, West Rand; Klerksdorp; 02384. dolomite, backarc basin, volcanic arc, subduction zone, manganese, Tyrrhenian Sea; 00096. manganese nodule, seamount, atoll, Pacific, Manihiki Plateau; Cook Islands; 02374. stress field, plate convergence, authigenesis, coal, shale, cleat set, USA, Pennsylvania, Anthracite Region; 02416.
hydrothermal activity
fluid circulation, carbonate, cement, intraplate deformation, Indian Ocean, ODP Site 717; ODP Site 718; Indian Ocean, ODP Site 719; Indian Ocean, Bengal Fan; 04831. mineral deposit, phosphorite, pyrite, gas hydrate, green clay, glauconite, 11811. nitrate pollution, groundwater chemistry, island hydrogeology, volcanic basalt, residence time, hydrochemistry, salinity, oceanic environment, Reunion; 07547.
hydrothermal alteration
gold, precious metal, region geological data, lineament, geomorphology, USA, Nevada, Great Basin; 06820. hydrolysis, bentonite, smectite, pyroclastic rock, volcanic region, Spain, Almeria, Cabo de Gata; 07115.
hydrothermal alteration zone
mineral mapping, vegetation removal, image unmixing, Australia, Queensland; 10391.
hydrothermal bomb
carbonate, stoichiometry, dolomitisation, 01321.
hydrothermal circulation
pore fluid, probe, fluid pressure, marine sediment, seafloor, 11817.
hydrothermal deposit
sulphide, sulphate, silica, organic matter, spreading centre, Pacific, East Pacific Rise; 12886.
hydrothermal fluid
hemipelagic sediment, oxygen isotope, nodule, spreading centre, heat flow anomaly, sulphide, Pacific, Juan de Fuca Ridge, Middle Valley; 11698. tectonics, lead, zinc, unconformity, karst, brine, China, Guangxi, Siding-Gudan; 12964.
hydrothermal input
oxyhydroxide, nodule, manganese iron oxyhydroxide, rare earth element, crust, Atlantic, Cape Verde Abyssal Plain, Krylov Seamount; 07021.
hydrothermal material
marine sediment, heavy metal, Mexico, Gulf of California, Mazatlan Basin; 09441.
hydrothermal mineral
seamount, sea water, hot spot area, crust, Pacific, Teahitia Seamount; Pihaa Seamount; Pacific, Macdonald Seamount; 12894. tosudite, serpentinisation, shale, black shale, magnesium, USSR, Carpathians, Glavny Marmarosh; 09421.
hydrothermal origin
barite, Devonian Chert, Slaven Chert, stratiform body, chert, bedded

barite, deep sea sediment, sea water, USA, Nevada; 09405.
hydrothermal phenomena
sedimentation, terrigenous sedimentation, sedimentary exhalative deposit, 11819.
hydrothermal process
cold climate lake, lake water temperature, USA, Minnesota, Lake Calhoun; 03006. hydromica, ooze, glauconite, Sea of Japan, Yamato Rise; 07025.
hydrothermal reaction
pelagic sediment, Neogene, clay mineral, Quaternary, smectite, submarine volcanism, Pacific, (Central); 11699.
hydrothermal sediment
back arc spreading, volcanic ash, factor analysis, metalliferous sediment, partitioning, Pacific, North Fiji Basin; 12891. ooze, ferromanganese deposit, trace element, accumulation rate, rare earth element, geochronology, Pacific, North Fiji Basin; 12892. Quaternary, ash layer, metalliferous sediment, basin, carbonate cycle, marl, Pacific, (Southwest), Lau Basin; 05871. tectonic environment, spreading centre, factor analysis, Pacific, Lau Basin; 12893.
hydrothermal solution
oil, molecular structure, organic matter, catagenesis, temperature, oxidation, 11780.
hydrothermal transformation
crust, seamount, mineralisation, Atlantic, Cape Verde Depression, Krylov Seamount; 11695.
hydrothermal vent
macrozooplankton, acoustic scattering layer, Doppler current profiler, Pacific, (Northeast); 12785. sediment geochemistry, aeolian material, rift valley, Indian Ocean, Gulf of Aden, Tadjoura Rift; 08193.
hydrothermodynamics
synergetics, climate, biosphere, hydrological cycle, 00666.
hydrothloric acid
hydrogen fluoride, nitrogen dioxide, chlorine nitrate, nitric acid, polar vortex, airborne measurement, nitric oxide, ozone, methane, nitrous oxide, water vapour, Arctic; 00799.
hydrous pyrolysis
isomerisation, Monterey Formation, thermal maturity, biomarker, USA, California, Monterey; 02452.
hydroxide coated soil
sorption, Paleudult, Orangeburg Series, clover residue, orthophosphate sorption, ferric hydroxide, 07359.
hydroxy aluminium
illite, montmorillonite, point of zero charge, adsorption, flocculation, 04867. permeability, clay sand mixture, synthesis method, hydraulic conductivity, USA, Wyoming; 10890.
hydroxy aluminium polymer
organic soil horizon, soil toxicity, aluminium, 10891.
hydroxy carbonate
brucite, anion, cation, pyroaurite, reevesite, 02472.
hydroxy polymer
hydraulic conductivity, smectite sand mixture, charge density, permeability, clay sand mixture, 07343.
hydroxy radical
aromatic, nitrogen oxide, adduct formation, benzene, toluene, 06626. chlorine, alkyl, nitrate, rate constant, 06628. computational scheme, ozone column, atmospheric chemistry parameterisation, atmospheric chemistry, 09059. hydroxyvinyl, hydroxyvinyl adduct, rate constant, kinetic, 06617. laser long path absorption spectroscopy, laser induced fluorescence instrument, troposphere, 06670. nitrogen oxide, hydroperoxide, organic peroxide, hydrocarbon, photochemical oxidation, 06671. quantum yield, hydroxymethanesulphonate, iron(III) perchlorate, 06633. quantum yield, laser photolysis, nitrate, nitrite, hydrogen peroxide, absorption coefficient, 06629. toluene, radical, adduct radical, benzyl radical, oxidation, 06627.
hydroxy species
ferrihydrite, silica, cementation, soil, 08268.
hydroxy vermiculite
interlayered vermiculite, secondary mineral, nonexchangeable potassium, quartzipsamment, potassium, oxalate, vermiculute, USA, Southeastern Coastal Plain; 07378.
hydroxy-aluminium
montmorillonite, adsorption, citric acid, 12991.
hydroxy-interlayered clay
rana soil, clay mineral, high-charge smectite, kaolinite, illite, Spain; 12107.
hydroxyacetaldehyde
hydroxyl-methyl-butanone, ozone, methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, formaldehyde (major), hydroxyacetone, glyoxal (minor), 05539.
hydroxyacetone
glyoxal (minor), hydroxyacetaldehyde, hydroxyl-methyl-butanone, ozone, methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, formaldehyde (major), 05539.
hydroxyalkanesulfonic acid
formaldehyde, organic compound, fog water, carbonyl, Italy, Po Valley; 06603.
hydroxyaluminium montmorillonite complex
hydroxyaluminosilicate montmorillonite complex, humic substance, adsorption, 03972.
hydroxyaluminosilicate montmorillonite complex
humic substance, adsorption, hydroxyaluminium montmorillonite complex, 03972.
hydroxyapatite
iron, lake sediment, interstitial water, phosphorus mobility, calcium, Israel, Lake Kinneret; 08162.
hydroxyl
carbon monoxide, nitrogen oxide, methane, water vapour, tropospheric oxidant, ozone, 04352. chlorine, olefin, sulphur dioxide, ethanol, ozone, ammonia, water vapour, diethyl sulphate, 00881. column abundance, tropical measurement, 06695. elemental carbon, carbon monoxide, seasonal variation, tropospheric transport, 05477. hydro-peroxy, nitrogen, nitrogen monoxide, nitrogen dioxide, solar proton event, middle atmosphere, solar cycle, ion pair production, hydrogen, proton, 03004. hydrocarbon, nonmethane hydrocarbon, urban plume, turbulent transport, sampling, 03234. hydroperoxy radical, ozone, water vapor, stratosphere, Lyman-alpha hygrometer, balloon gondola, free radical, photofragment fluorescence, 04202. methane, carbon monoxide, nonmethane hydrocarbon, pollution, air-sea exchange, marine atmosphere, ethene, ethane, Indian Ocean, Amsterdam Island; 03246. nitrate, ozone, selenium, rate constant, dimethyl selenide, 05537. oxygen, spectroscopic observation, mesopause temperature, 03005. sorption, phosphate sorption, allophanic soil, sulphate, silicate, Spain; 07382.
hydroxyl radical
alpha pinene, beta pinene, atmospheric oxidation, terpene, carbon monoxide, 10192. atmospheric trace species, photochemical reaction, convection, ozone, aerosol, wet season observation, emission, Brazil, Amazon; 07856. beta pinene, d limonene, alpha pinene, sabinene, terpinolene, monoterpene, nitrogen oxide, 09065. carbon monoxide, global production, seasonal cycle, 10187. carbon, kinetic isotope, isotope effect, oxidation, methane, 11327. climate change, methane, carbon monoxide, 00864. HCFC's, CFC's, chemical transport model, halocarbon, 09074. hydrofluoroethane, hydrofluorochloroethane, rate coefficient, 12556. hydrogen peroxide, stratosphere, laser induced fluorescence technique, 10197. middle atmosphere, night airglow, airglow, photometer, oxygen density profile, rocket measurement, Meinel band, oxygen, 11315. nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, maleic anhydride, nitrobenzene, methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, 10206. nitrate radical, ozone, monoterpene, rate constant, camphene, sabinene, 06568. nitric oxide, hydrocarbon, ozone, nitrogen, biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, methane, oxidation efficiency, 07885. oxygen, global change, tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, pollution, nitrogen oxide, methane, carbon monoxide, emission, 00914. ozone, stratospheric chemistry, hydrogen peroxide, 10186. photochemical model, ozone interference effect, laser detection, 06690. photolysis, chemistry, toxic contaminant, nitrosamines, dialkyl nitrosamine, nitrosomorpholine, 11407. reaction kinetics, HFC's, ozone depletion, greenhouse warming, infrared absorption cross section, 06555. toxic contaminant, halogenated aliphatic, allyl chloride, chloroprene, hexachlorocyclopentadiene, vinylidene chloride, chlorine, 10190.
hydroxyl radical measurement
fluorescence detection, troposphere, 08833. radiocarbon tracer technique, tracer, measurement method, 08827.
hydroxyl-methyl-butanone
ozone, methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, formaldehyde (major), hydroxyacetone, glyoxal (minor), hydroxyacetaldehyde, 05539.
hydroxymethane sulphonate
aerosol, fog water, sulphur compound, sulphate, sulphite, 06666.
hydroxymethane sulphonic acid
air pollution, acidifying component deposition, wet surface, dew, deposition, sulphite, nitrite, sulphur dioxide, 06611.
hydroxymethanesulphonate
iron(III) perchlorate, hydroxy radical, quantum yield, 06633. precipitation, electrospray ionisation, mass spectrometry, precipitation chemistry, 11378.
hydroxymethanesulphonic acid
ammonia, dew chemistry, precipitation chemistry, wet deposition, deposition, sulphite, nitrite, organic substance, sulphur dioxide, 03155.
hydroxymethyl hydroperoxide
ozone, biogenic hydrocarbon, alkene, hydrogen peroxide, organic hydroperoxide, 10184.
hydroxyvinyl
hydroxyvinyl adduct, rate constant, kinetic, hydroxy radical, 06617.
hydroxyvinyl adduct
rate constant, kinetic, hydroxy radical, hydroxyvinyl, 06617.
hydrpchlonic acid
salt, road deicing, nitric acid, sodium chloride, particle, annular denuder, 06559.
hyetograph
catchment morphology, arid catchment, slope, infiltration rate, flood hydrograph, rainfall characteristics, hydrograph estimation, geomorphologic rainfall-runoff model, flash flood, Saudi Arabia; 00513. rainfall event, storm, recording station, Sweden, Lund; 07776. stochastic model, convective precipitation, rain gauge site, rainfall duration, extreme precipitation event, rainfall intensity, Spain, Valencia, Alicante; 05113.
hygric gradient
hypsometric gradient, climate change, palaeoclimate, relief, aeolian relief, fluvial relief, erg, terrace, crust, Namibia, Namib Desert; 11869.
hygrophyllous plant formation
glacial climate, vegetation, palynological evidence, Subantarctic forest, Magellanic moorland mosaic, rainfall, Chile, Isla de Chiloe; 05015.
hygroscopic
crystallisation humidity, aerosol, nephelometry, deliquescence, USA, California; Arizona; 04433.
hygroscopic aerosol
fog formation, cloud condensation process, clean room counter, optical particle counter, aerosol, relative humidity, counting efficiency, particle size, 08826.
hygroscopic spores
spore release, mould problem, buildings, ventillation, humidity, air velocity, fungi, 13676.
hyperarid
coastal desert, bacteria, fog, dew, palaeoenvironmental interpretation, rock varnish origin, Peru; 07318.
hyperarid climate
climatic condition, Quaternary(Late), dune incursion, archaeology, chronology, palaeoenvironment, aeolian sand, radiocarbon dating, Israel, Sinai; Negev; 07220.
hyperarid zone

Holocene(Early), summer, rainfall, ecological significance, pollen, dryland, Middle East; 06107.
hyperaridity
uranium series, dating, lake, dune, hydrological cycle, salt lake basin, evaporite, carbonate pedogenesis, aeolian dune, uranium series date, dune stabilisation, Strzelecki dunefield, Australia; 13106.
HyperCard
electronic atlas, diffusion, information, 13865.
hyperconcentrated flow
explicit finite difference formulation, implicit finite difference formulation, characteristic method, suspended sediment, physical model, flood routing, numerical method, sediment laden flow, clear water flow, 05150.
hyperfine structure
secular variation, atmospheric carbon-14, fine, 02591.
hypermap
cartographic document, planning, 10328.
hypermedia system
knowledge based system, model building, 12805.
hyperplane
Eigenvalue, percentage matrix, grain size distribution, correlation, Italy, Po River Delta; 11825.
hyperpycnal mixing
Namurian, Carboniferous, Sear House Bed, delta, mudstone, prodelta, river mouth, UK, England, Yorkshire; 05896.
hypersaline
diatom ecology, Miocene, flooding, gypsum, anoxic, basin filling, Betic Chain, Spain, Hellin Basin; 02430. lake, mining, groundwater, salt lake, trace metal, Australia, Victoria; Western Australia; 00036.
hypersaline environment
sabkha, organosedimentary facies, Holocene, diagenesis, organic matter, carbonate, United Arab Emirates, Abu Dhabi; 07107.
hypersaline lake
isostatic uplift, sea water, lake, core, saline lake, Antarctica, Vestfold Hills; 12852.
hypersalinity
Messinian, sand, algae, diatom, trapping, stromatolite, Spain, Almeria, El Joyazo; 11741.
hypersonic
Brownian broadening, Vlasov equation, agitation, 10495.
hyperspheres
Euclidean geometry, surface polynomial, 03345.
hypertext
electronic atlas, microcomputer, mining, francophone, visual information, Canada; 01049.
hyperthermic isohyperthermic boundary
isohyet, soil temperature, soil moisture, mountain slope, isothermic zone, hyperthermic zone, USA, Hawaii; 04232.
hyperthermic zone
hyperthermic isohyperthermic boundary, isohyet, soil temperature, soil moisture, mountain slope, isothermic zone, USA, Hawaii; 04232.
hypertidal zone
barrage construction, engineers, sediment strength, erosion, tidal power barrage, UK, England, Severn Estuary; 09382.
hyphae expansion
quartzite, chelation, weathering, lichen, magaliesberg quartzite, Lecidea aff. Sarcogynoides, weathering pit, disintegration, South Africa; 02710.
hypodermic flow
soil crack, gilgai soil, microrelief length, depression, moisture, overland flow, alluvial lowland, Zaire, Shaba; 07187.
hypoelasticity
nonlinearity, anisotropy, dilatancy, compression, consolidation, constitutive modelling, sand-bentonite mixture, three modulus hypoelasticity, Canada; 02542.
hypogene process
epigene process, ionic ratio, chloride, surface evaporation, isotopic ratio, sediment leachate, brine, salt accumulation, lake water chemistry, Kenya, Lake Magadi; Tanzania, Lake Natron; 09822.
hypolimnetic temperature
groundwater input, inter-lake dissimilarity, basin morphometry, thermal structure, multibasin lake, interbasin exchange, stratification, USA, Wisconsin, Trout Lake; 00549.
hypolimnion
palaeolimnology, sedimentation, aphotic, lake, pigment degradation, USA, Wisconsin; 03526.
hyporheic zone
flow pattern, stream ecosystem, pore water flowline, convective flow, streambed, sea lamprey, beaver, 01686. nitrate production, concentration gradient, dissolved oxygen, ammonium, surface water groundwater interaction, water quality, exchange flow, channel, 07508. stream water chemistry, groundwater chemistry, denitrification, sediment, 00494.
hypothesis generation
data analysis, digital map database, geographical relationship, 03366.
hypothetical paddock
production pattern, arid land, biological change, erosion, grazing, Australia; 00366.
hypoxia
mixing, organic matter, anthropogenic nutrient, nutrient, estuary, fresh water, Adriatic Sea; Yugoslavia, Krka Estuary; 09386.
hypoxia monitoring
CZCS, Airborne Ocean Color Image, chlorophyll, shrimping industry, USA, Gulf of Mexico; 08119.
hypoxic sediment
eutrophic channel, gas chromatography, dissolved oxygen, acetate, propanoate, butanoate, carboxylic acid, drainage water quality, sediment, drainage channel, 04135.
Hypsithermal
equilibrium line altitude, Little Ice Age, Holocene, glacier, climate variation, Neoglacial, Norway; 13191. mountain area, global change, proxy climate record, treeline fluctuation, natural hazard, Canada, Rocky Mountains; 01382. volcanic eruption, pollution, climate record, ice core, carbon dating, tritium, glacier, Arctic; Svalbard, Spitsbergen; 04341.
Hypsithermal period
Neoglacial, Little Ice Age, sedimentation rate, flux, preservation, organic carbon, fjord, bacterial biomass, Canada, Baffin Island; 04975.
hypsometric analysis
groundwater accumulation, geomorphological study, drainage pattern, basin development, seventh order basin, bifurcation ratio, Hortons exponential relationship, drainage density, stream frequency, slope, India, Kabini River Basin; 11872. planation surface, regional subsidence, subsidence, geomorphology, Okhotsk slope, submarine volcano, guyot, USSR, Kuril Ridge, Iturup Island; Sea of Okhotsk; 08383.
hypsometric curve
basin slope, basin aspect, water routing, algorithm, automated extraction, geomorphometric property, digital elevation data, USA, Pennsylvania, Appalachian Plateau; 09488. hydrology, hydrographic network, geomorphological heterogeneity, morphology, quantitative analysis, fluvial erosion system, bifurcation, longitudinal profile, Spain, Basque Country; 11845.
hypsometric gradient
climate change, palaeoclimate, relief, aeolian relief, fluvial relief, erg, terrace, crust, hygric gradient, Namibia, Namib Desert; 11869.
hypsometric map
relief type, regional classification, topography, cartometric research, Afghanistan; 08349.
hypsometry
planform, hydrologic response, basin morphometry, time to peak, basin characteristic, hydrograph, drainage basin, peak flood, topography, flood routing, 07462.
hysteresis
anisotropy, unsaturated media, groundwater flow, solute transport, tracer test, soil moisture content, hydraulic conductivity, 12260. consumptive wateruse, evapotranspiration, recharge, groundwater extraction, water management, irrigation water management, runoff yield model, infiltration, soil moisture, groundwater table, evaporation, China; 11122. infiltration, evaporation, drainage, soil water content pressure head relationship, soil water characteristic, hydraulic conductivity pressure head function, hillslope hydrology, soil hydraulic property, 11043. montmorillonite, smectite, swelling, adsorption, desorption, 04866. thermal expansion coefficient, sea ice, linear expansion, Michelson interferometer, 07301.
hysteretic soil
unsaturated flow, groundwater flow, stochastic differential equation model, erratic infiltration, infiltration, diffusivity, 00582.
I2S software
maximum likelihood classifier, SPOT imagery, dambo environment, digital image processing, land degradation, image processing, Microvax computer, Zaire, Shaba, Lubumbashi; Zambia; 09496.
IAEG Commission on Landslides
mass movement, English slope movement feature name, French slope movement feature name, slope movement, nomenclature, landslide, 04914.
Iapetus Ocean
Devonian(Late), Famennian, Hampshire Formation, miospore, flooding, Belgium, Ourthe Valley; USA, West Virginia; USA, Virginia; 10618.
Iapetus Suture
Tornquist Line, Rotliegend, Carboniferous, sandstone, Variscan, Europe, (Northwest); 05914.
Iatroscan
bacteria, phytoplankton, lipid, microorganism, biomarker, 05945.
IBSNAT
soil water balance, data file, crop growth simulation model, water balance model, WATERMAN, 12238.
ice
carbon dioxide, lead, methane, radioactive species, nuclear bomb test, Chernobyl accident, nitrate, sulphate, organochlorine, ice core, pollution, snow, Antarctica; Greenland; 05525. coastal area, water level, storm surge, sea state, Germany, Schleswig-Holstein; Baltic Sea; 00053. daily stream flow, winter ice condition, stream flow record, discharge, Canada; 13441. depth hoar, hoar, snow, Greenland; 09290. environmental monitoring, ocean, 11419. equipment, uniaxial stress experiment, experimental result, stress testing, reversed direct stress, 07295. fog, rain, visibility, weather radar data, road weather service, snow, 05323. fresh water ice, cyclic loading, Bausehinger effect, Granato Lucke theory, stress testing, reversed direct stress, 07296. galactic origin, Earth, universe, water, 12128. glacier, cloud, fog, snow, USA, Alaska, Malaspina Glacier; 11607. graupel, hail, differential reflectivity, depolarisation ratio, propagation differential phase shift, X-band specific attenuation, radar, USA, Alabama; Colorado; Germany, Munich; 01794. ice shelves, icebergs, sea ice, global biosphere, Southern Ocean; Antarctica; 12011. marginal ice zone, aerodynamic roughness, sea ice, drag coefficient, 13541. marginal ice zone, Winter Weddel Sea Project, temperature gradient, sea ice, Weddell Sea; 06476. navigation, photointerpretation, Landsat, river, USA, Ohio, Allegheny, Monongahela; 04652. nucleation, soot, aerosol, cloud chamber, 13606. particle evolution, polar stratospheric cloud, sulphate particle, particle size distribution, Forward Scattering Spectrometer, nitric acid, nitric acid trihydrate, 00904. polar stratosphere, nitric acid, hydrochloric acid, hydrofluoric acid, 00906. quantal calculation, entropy, heterogeneous nucleation process, formation heat, hydrogen bond strength, water cluster, 00845. relief evolution, dynamics, spatial organisation, geomorphic process, mountain area, timberline, snow, 11836. research, Korean, Antarctic research, Antarctica; 04888. SAR, pack ice, Geosat, altimeter, Greenland; 11606. snow flake, wind tunnel, melting, 01931. snow, graupel, hail, mie property, microwave radiative model, radiative transfer, cloud water, rain, 05370. snow, microwave, radiometry, Antarctica; 04650. snow, sampling technique, mercury content, Antarctica; 12550. spring break-up, historical record, river, Canada, Athabasca River, Pond's Fort; 01831. sunspot number, chlorine-36, ice core analysis, beryllium-10, carbon-14, Greenland; 05482. TIROS, vertical sounder, temperature retrieval, snow, Antarctica; 06432. winter

intensity, areal ice volume, winter ice, Germany, Baltic Coast, Schleswig-Holstein; 07666.
ICE 3G model
global model, Pleistocene(Late), deglaciation, geophysical prediction, sea level change, oxygen isotope data, coral terrace elevation, 09541. Pleistocene(Late), deglaciation, sea level change, post glacial rebound, mantle viscosity, isostatic adjustment, radiocarbon dating, glacioisostacy, 13076.
ice ablation rate
ice sample, carbon-14, cosmogenic isotope, carbon dioxide, carbon monoxide, Antarctica, Allan Hills; 00779.
ice accumulation
sea level, air-ice-ocean feedback, ice oscillation, ocean temperature, 03125.
ice accumulation rate
cosmogenic carbon-14, radiocarbon, firn, Antarctica; 02564.
ice advance
glacial geomorphology, tourism, relict ice cap, ice retreat, Canada, Rockies, Columbia Icefield, Athabasca Glacier; 08510. ice retreat, glacial sediment, glaciofluvial sediment, Wildpoldsrieder Tongue Basin, terminal basin, sediment interleaving, Germany, Bavaria, Kempten; 11958. Main Stationary Line, Quaternary statigraphy, glacial deposit, lithostratigraphy, Elsterian glaciation, melt water sedimentation, Saalian glaciation, Denmark, Jutland; 05006.
ice age
asynchronous coupling, ice sheet, air-sea interaction, 03082. climate response, feedback, warming, greenhouse effect, sea level rise, 12500. climate, ice effects on climate, 03121. drumlin, glacial stratigraphy, dry valley, Germany, Bavaria, Iller River; 11959. equilibrium response, surface temperature, carbon dioxide, climate change, GCM experiment, 04334. glaciation theory, ice sheet reconstruction, albedo, global cooling, tectonic uplift, planetary cooling, equilibrium line, China, Tibet; India, Himalaya Mts; 11913. glaciation, tree ring evidence, volcanic eruption, sulphate aerosol, climate change, dendrochronology, USA, Sierra Nevada; 04337. global energy balance model, annual cycle, albedo, feedback, orbital change, ice change modelling, climate change, 00266. thermohaline circulation, GEOSECS data, isotope data, benthic foraminiferal, temperature salinity density field, 10742. vegetation, climate, subtropical Chile, pollen, lacustrine deposit, aridity, lake level, storm frequency, Chile, Laguna de Tagua Tagua; 04979. volcanic centre, Neogene, tephrochronology, time scale, Iceland; 03692.
ice age condition
climatology, Earth surface, general circulation model, CLIMAP Project, European Centre for Medium Range Weather Forecasts, atmospheric response, 11284.
ice age cycle
inorganic nitrogen, feedback, denitrification event, greenhouse warming, climate oscillator, biogeochemical cycling, ocean, Quaternary, 04930.
Ice Age hunter
landscape change, prehistoric, ice sheet, UK, England, London; 05019.
ice age time scale
model ice sheet, ice sheet orography, Laurentide ice sheet, two-dimensional coupled model, atmosphere-ice sheet-continent model, palaeoclimatic simulation, climate model, 00269.
ice albedo effect
Last Glacial Maximum, stationary wave, Laurentide ice sheet, diabatic heating, surface albedo, continental ice volume, air sea interaction, Atlantic; 03126. shortwave radiation, open water, sea ice decay, lead, 03017.
ice albedo feedback
maximum entropy production, climate model, faint young sun paradox, stellar evolution, solar luminosity, entropy, 13579.
ice backscatter
ground truth measurement, SAR imagery, sea ice, 09284.
ice balance
sea ice, climate, Arctic; 02988.
ice barrier
current, sedimentary balance, cliff, storm surge, water level, sea ice, Germany, Kiel Bay; 00055.
ice bearing permafrost
palaeotemperature model, time lag, freezing rate, thawing rate, permafrost thickness, palaeoclimate, Stefan problem, USSR, East Siberia; USA, Alaska, Barrow; USA, Alaska, Prudhoe Bay; 09602.
ice bed interface
laboratory simulation, glacial abrasion, theory, abrasion rate, shear stress, 07221.
ice borne deposit
high northern latitude glaciation, ice volume fluctuation, glaciation reconstruction, Norwegian Sea; 08445.
ice breakup
cartographic survey, landslip, rockfall, risk map, mud flow, Switzerland; 08396. flooding, hydroelectric power plant, water level, hydrometric station, ice jam, Canada, New Brunswick; 05242. ice cover loading, National Hydrology Research Institute, failure mode, river ice, Canada; 02943. ice jam, ice flooding, breakup prediction, Canada, New Brunswick, Nashwaak River; 02938. river ice, ice cover, premature breakup, breakup prediction, breakup modelling, 02937.
ice bulk density
nondestructive, three dimensional, density measurement, ice core sample, X-ray computed tomography, 03919.
ice cap
albedo feedback, slope stability theorem, multiple solution, energy balance climate model, 06487. crevassed outlet, uncrevassed ice, terminal advance, surge behavior, fast flowing, outlet glacier, Svalbard, Nordaustlandet, Vestfonna; 01469. ice core, oxygen isotope, climate change, Holocene, Wisconsin/Wurm Late Glacial Stage, China, Dunde Ice Cap; 03027. low Arctic, tundra, seasonal pollen variation, annual pollen variation, pollen content, snow, Arctic ice cap, Canada, Ellesmere Island, Agassiz Ice Cap; 07224. palaeoclimate, proxy data, particle, conductivity, stable isotope content, China, West Kunlun; 03118. slush avalanche, lahar, released meltwater, eruption, snow pack, Colombia, Nevado del Ruiz Volcano; 00243. snow bearing wind, glaciation pattern, Cenozoic(Late), glaciation, Australia, Tasmania, Central Highlands; 07243. stratigraphy, glacial extent, Pleistocene, continental glaciation, Europe, (Central); 11963. super adiabatic lapse rate, sea level lowering, surface temperature, ice mass balance, Antarctica; 04199.
ice cap sample
volcanic eruption, oxygen isotope ratio, radioisotope peak, nuclear test, Coulter Counter, ion chromatograph, atomic absorption spectrophotometer, aerosol, electrolytic conductivity, snow sample, acid concentration, 10139.
ice change modelling
climate change, ice age, global energy balance model, annual cycle, albedo, feedback, orbital change, 00266.
ice classification
passive microwave, Arctic; 04649.
ice cloud
nitric acid particle, denitrification, stratosphere, polar stratosphere, Antarctica; Arctic; 00793. storm, supercooled liquid water development, precipitation, microwave radiometer, polarization lidar, radar, Doppler radar, USA, Utah; 04317. water content, general circulation model, ice deposition, sedimentation, sublimation, ice crystal, parameterisation, 10127.
ice composition evidence
marine ice, ice shelf, frazil ice, congelation ice, Antarctica, Victoria Land, Hells Gate Ice Shelf; 13194.
ice contact delta
migrating barchanoid bar, trough cross bed, turbulent vorticity, plume, prodelta rhythmite, glacimarine process, grounding line fan, 04989.
ice contact lake
rapid sedimentation, terminus advance, proglacial lake, suspended sediment concentration, push moraine, meltwater channel, glacial surging, sedimentation, USA, Alaska, Glacier Bay, Carroll Glacier; 02634.
ice contact outwash fan
Anglian age, glaciation timing, Pleistocene(Middle) glaciation, push moraine complex, Anglian Glaciation, UK, England, Norfolk, Cromer Ridge; 06128.
ice core
atmospheric carbon dioxide, oceanic carbon dioxide reservoir, carbon storage, Last Glacial Maximum, 06070. carbon cycle, ocean circulation, carbon dioxide, 05518. carbon dating, tritium, glacier, hypsithermal, volcanic eruption, pollution, climate record, Arctic; Svalbard, Spitsbergen; 04341. carbon dioxide, carbon isotope, greenhouse warming, carbon cycle, 05517. Cenozoic(Late), palaeoenvironment, isotopic temperature, aeolian dust, greenhouse gas, palaeoclimatic information, Antarctica, Vostok; 09548. climate change, climate model, carbon dioxide, 04410. climate change, salinity, conveyor circulation, salt oscillator, glacial Atlantic, Greenland; Atlantic; 03854. climate change, sulphate, chloride, hydrochloric acid, sulphuric acid, volcanic chemistry record, Greenland; 03140. drift ice, atmospheric circulation anomaly, El Nino/Southern Oscillation, atmospheric oceanic process, climate change, aerological data, Greenland; Arctic; 05461. geological data, Pleistocene, cold period, desertification period, famine period, African empire, historical record, hydroclimatological event, oxygen-18 profile, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630. glacial, interglacial, microparticle concentration measurement, climatic implication, Antarctica, East Antarctica; 03848. ice gas content, ice formation elevation, thinning, ice sheet, gas content, Antarctica, East Antarctica, Mizuho Plateau; 00345. isotope dilution mass spectrometry, lead, laser excited atomic fluorescence spectrometry, Antarctica, Vostok; 04429. oxidation capacity, methane sink, formaldehyde, 09023. oxygen isotope, climate change, Holocene, Wisconsin/Wurm Late Glacial Stage, ice cap, China, Dunde Ice Cap; 03027. oxygen isotope, temperature record, Antarctica, Ronne Ice Shelf; 04342. pollution, snow, ice, carbon dioxide, lead, methane, radioactive species, nuclear bomb test, Chernobyl accident, nitrate, sulphate, organochlorine, Antarctica; Greenland; 05525. precipitation record, archaeological record, cultural impact, drought, Peru, Andes; 13631. recovery, dating, carbon dioxide, polar ice, 02697. Sirius Formation, uplift, reconstructed surface profile, Alpine glacier, dry valleys, grounding line position, sea level changes, Cenozoic(Late), glacial history, Antarctica, Ross Embayment; Transantarctic Mountains; 02656. spatial variability problem, depth profile, core, chemistry temporal change, precipitation chemistry, snow, 09605. sulphate, volcanic fallout, volcanic sulphur, stratosphere, hydrogen peroxide, sulphur dioxide, Greenland; 03220. sulphur gas, magma type, radiation budget, volcanic loading, climate response, aerosol, volcanic ash, eruption, 07808. surface layer, oxygen isotope analysis, delta radioactivity, palaeoclimate, proxy data, climatic record, Antarctica, Wilkes Land; 01952.
ice core analysis
beryllium-10, carbon-14, ice, sunspot number, chlorine-36, Greenland; 05482.
ice core bubble
glacial maximum, Holocene, palaeoclimate, carbon dioxide, ice sheet formation, Arctic; 03135.
ice core data
climate change, pinyon tree, carbon dioxide, carbon-13, dendrochronology, palaeoclimate, USA; 05451. Holocene, polar ice core, air bubble, atmospheric carbon dioxide, last glaciation, Greece, Crete; Greenland; 11916. Little Ice Age, glacial history, palaeoclimate, radiocarbon dating, climatic condition, snowline, pollen sequence, lake level history, Peru, Andes; Bolivia, Andes; 02624.
ice core investigation
major anions, major cations, total acidity, radionuclide, oxygen isotope, glacier, snowpit, glaciochemical survey, Greenland; 01748. sulphuric acid, salt impurity, dielectric profiling, Antarctica, Dolleman Island; 01749.
ice core record
climate sensitivity, polar ice sheet, glacial interglacial temperature change, carbon dioxide, methane, greenhouse gas, palaeoclimate data, 06522. non-steady state ice dynamic model, accumulation rate, Holocene, climatic optimum, past change, precipitation rate, ice thickness,

age depth profile, ice sheet, Canada, Devon Island Ice Cap; Greenland, Greenland Ice Sheet; 02635. oceanic emission, dimethylsulphide, climate cycle, Vostok ice core, glacial period, ocean-atmosphere cycle, sulphur cycle, Antarctica; 13632. sulphate, nitrate, non sea salt sulphate, anthropogenic emission, 04415.

ice core sample
X-ray computed tomography, ice bulk density, nondestructive, three dimensional, density measurement, 03919.

ice cored moraine
glacial lake, development stage, glacier margin morphology, outwash fan relief, meltwater outflow, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02651. thermal regime, climate, melt out till, ice margin, depositional process, polar maritime environment, sedimentation, debris band, ablation, sublimation till, Antarctica, Vestfold Hills; 07248.

ice cover
alpine basin, runoff, glacier, temperature, Switzerland, Rhone River; 08790. coast, wave cut platform, raised beach, accumulation, boulder track, ice pushing, Sweden, Gotland; Baltic Sea; 02344. energy balance modelling, cool sun paradox, solar constant, 06518. energy balance, climate model, zonal air temperature, Arctic; 06468. glaciation, carbon dioxide, greenhouse warming, climate change, albedo, temperature, Pleistocene, snow cover, 00777. glacier, diamicton, congelifluction, snowline, China, Jilin Province; 05008. historical record, winter, severity, North America, Great Lakes; 11174. lake, microbial mat, stromatolite, sedimentation, Antarctica, Lake Hoare; 10530. mud, sedimentation, shelf, source, facies, Canada, Axel Heiberg Island, Axel Heiberg Shelf; 01239. oceanography, sea ice, Okhotsk Sea, Kuril Basin; 04648. ozone hole, ultraviolet transmission, sea ice, austral spring, 08839. Pleistocene warming, Glacial-marine sediment, Arctic ice cover, chronology, deep ocean ventilation, stability, Arctic; 02618. premature breakup, breakup prediction, breakup modelling, ice breakup, river ice, 02937. runoff variability, glacier, mountain basin, stream flow gauging, Switzerland, Alps; 08799. runoff, halocline, nutrient, water column, continental shelf, Canada, Ellesmere Island; 00185. SAR, wave spectra, wave refraction, Canada, Newfoundland; 12779. submarine, ice thickness, remote sensing, Greenland; Arctic; 01798.

ice cover climatology
winter season climatology, Great Lakes ice, lake ice formation, Canada, Great Lakes, Lake Erie; Lake Superior; 09010.

ice cover loading
National Hydrology Research Institute, failure mode, river ice, ice breakup, Canada; 02943.

ice coverage
ice rafted material, sedimentation, pelagic sedimentation process, sediment trap result, particle flux, biogenic opal flux, opal flux, Arctic Ocean, Fram Strait; 10754.

ice covered area
surface measurement, SAR flight, 09088.

ice crystal
cirrus cloud, lidar, UK, Wales, Dyfed, Aberystwyth; 01934. cloud classification, radiative transfer, Arctic; 08973. droplet freezing, coagulation, columnar type crystal, 04309. dry deposition, air-snow fractionation, aerosol, aerosol removal process, sulphate, sea salt aerosol, Antarctica; 03247. lidar, polar stratospheric cloud, polar vortex, depolarisation ratio, scattering ratio, Arctic; 00896. melt water, sulphate, nitrate, spring thaw, snow chemistry, snow cover, snow melt chemistry, trace ion chemistry, maritime airmass, UK, Scotland; 04404. optical depth, cirrus case study, parameter relationship, satellite, lidar data, 12453. parameterisation, ice cloud, water content, general circulation model, ice deposition, sedimentation, sublimation, 10127. polar stratospheric cloud, lidar, polar vortex, adiabatic cooling, depolarisation ratio, scattering ratio, Arctic; 00765. sea ice thickness, cloud optical property, pack ice, radiative flux, Arctic; 02990. stratopspheric ozone, wave length scattering, cirrus, radiometer, satellite cloud observation, cloud particle, 04206. thunderstorm electrification, charge transfer, charged dislocation, ice surface, graupel, 03110. unsteady flow, hexagonal ice crystal, ice plate, drag calculation, cloud physical calculation, 08969.

ice crystal concentration
orogaraphic cloud, silver iodide burned in acetone, cloud seeding, cloud microphysics, 05429.

ice crystal precipitation
lidar observation, aerosol, haze, cloud, Greenland, Thule; 04461.

ice crystal size
bubble concentration, Last Glacial Period, climatic record, ice margin, deuterium content, microparticle concentration, Antarctica; 03133.

ice dam outburst
glacier-dammed lake, flood wave, snowmelt wave, flood tables, inundation maps, flood forecasting, real time alert system, flood forecasting, Argentina, Mendoza River; 05241.

ice dammed lake
ice floe, Pleistocene, USSR, Altay, Uymonskaya Basin; 03883. Nedre Glamsjo, palaeocurrent, iceberg scour, gravity crater, current erosion mark, Preboreal flood, jokulhlaup, Norway, Romerike; 09578. Norwegian imprint, Rosnaes Advance, sedimentological, geochemical study, magnetostratigraphic dating, mid Weichselian, Denmark, Zealand, Istebjerg; 05005.

ice damned lake
impoundment failure, lake drainage, Greenland, Sondre Stromfjord; 00629.

ice density data
hydrostatic method, measurement correction, air content measurement, polar ice, cut bubble, ice sheet elevation, 07300.

ice deposition
sedimentation, sublimation, ice crystal, parameterisation, ice cloud, water content, general circulation model, 10127.

ice direction
readvance status, Gwynedd readvance, Irish Sea glacier, Devensian glaciation, UK, Wales, Lleyn Peninsula; 13132.

ice distribution
interannual variability, spatial distribution, sea ice, polar region, Canada, Hudson Bay; Barents Sea; Okhotsk Sea; Bering Sea; 13503.

ice divide
metachronous pattern, glacial striae, ice flow reconstruction, palaeo ice sheet, flow pattern, deglaciation, frozen bed, Sweden; 07235.

ice divide movement
glacial erosion, deposition, Laurentide ice sheet, last glacial cycle, drift lineation, ice sheet, lineation, Landsat imagery, Canada; 09574.

ice dome
drumlin, glaciological model, Valley Heads Moraine System, ice thickness, basal shear stress, outlet glacier, trough, reconstruction, dynamics, Wisconsin(Late), USA, New York, Finger Lakes; 01431.

ice drift reconstruction
ice rafted coal fragment, oxygen isotope stage 6, sediment core, coal content, surface circulation, Arctic Ocean; Norwegian Sea; Greenland Sea; 04958.

ice drifting
polar exploration, pack ice movement, satellite, Arctic Ocean; 10753.

ice dynamics
ice sheet, AVHRR, field team, Antarctica; 01131.

ice edge
aircraft observation, marginal ice zone, inversion, geostrophic wind, boundary layer, mean structure, Arctic; 13534. CZCS, ocean, colour, Antarctica; Weddell Sea; 02254.

ice edge location
Little Ice Age, sea ice, Southern Ocean; 03132.

ice edge position
satellite data, remote sensing data, ice motion, Greenland Sea; 09287.

ice effects on climate
Ice Age, climate, 03121.

ice evolution time scale
degrees of freedom, continental ice sheet, rheology, mass balance, ice sheet, glaciology, palaeoclimate, 09543.

ice field
Landsat, Indonesia, Irian Jaya; 02265.

ice flexural property
radiation-decayed ice, ice morphology, ice thermal condition, lake ice cover, 02944.

ice floe
iceberg drift, surface circulation, remote sensing, Canada, Hudson Bay; 02269. Pleistocene, ice dammed lake, USSR, Altay, Uymonskaya Basin; 03883.

ice floes
research platform, Polarbjorn, Drift Experiment, Coordinated Eastern Arctic Experiment, Arctic; 03921.

ice flooding
breakup prediction, ice breakup, ice jam, Canada, New Brunswick, Nashwaak River; 02938.

ice flow
glacial flow, shear stress surface, clast fabric, diamicton, roches moutonnee, Canada; Sweden; 07234. Landsat TM, ice stream, crevassing, Antarctica, Siple Coast; 03457. mass balance, ice lake, glaciology, Antarctica, East Antarctica, Maudheimvidda; 00347. till fabric, stone count, transport distance, geophysical method, indicator tracing, field method, glacial indicator, till survey, Finland; 07237.

ice flow direction
Saalian, Weichselian, till, gravel counting, correlation, ice margin, Germany; 05007. transport distance, glacial dispersal train, indicator tracing, glacial dispersal pattern, 06115.

ice flow model
accumulation, isotopic method, ice shelf, annual layer, Antarctica, Filchner/Ronne Ice Shelf; 02702.

ice flow pattern
glacial flow, air photograph, Finland; 06133. image enhancement, drift deposit, Wisconsinan glaciation, glacial geology, Canada; 10449. rock cored drumlin, sedimentary sequence, stratigraphy, drumlin, directional indicator, Ireland; 11950.

ice flow reconstruction
palaeo ice sheet, flow pattern, deglaciation, frozen bed, ice divide, metachronous pattern, glacial striae, Sweden; 07235.

ice forecasting
land use, ERS, SAR, data acquisition facility, 05564.

ice formation
thermodynamics, melting, precipitation, freezing, soil, Stefan problem, ablation, thawing, glacier growth, glacier decay, 11082.

ice formation elevation
thinning, ice sheet, gas content, ice core, ice gas content, Antarctica, East Antarctica, Mizuho Plateau; 00345.

ice free area
basalt plateau, weathering, Tertiary lava, Last Glacial, Weichselian, mountain area, trough, cirque, glacier erosional landform, Iceland, Horgardalur; 03885.

ice free cloud
cumulus cloud, cloud boundary, raindrop, airborne study, altitudinal variability, microphysical structure, 13613.

ice free corridor
Beringian, landbridge, radiocarbon date, chronology, archaeology, USA, Alaska; 13146.

ice free period
speleothem fragment, cave, postglacial, sea level, glaciation, Norway; 06160.

ice gas content
ice formation elevation, thinning, ice sheet, gas content, ice core, Antarctica, East Antarctica, Mizuho Plateau; 00345.

ice geophysic
airborne radar data, wide beam altimeter, sea ice, Arctic Ocean, Fram Strait; 12791.

ice gouge depth
structure return interval, subsea structure, areal gouge generation rate, simulation method, numerical simulation, 08456.

ice growth
evaporation, nitric acid, Fourier transform, infrared study, model, polar stratosphere, cloud surface, 11334.

ice haze

snow, Mars, water cycle, diamond dust, 07625.
ice hydrology
snowstorage, glacier, water balance, river flow, remote sensing, hydrograph separation, monitoring technique, snow hydrology, 08794.
ice index formulation
sea ice type, linear unmixing, Geosat, altimeter waveform, 10031.
ice island
ribbed texture, island orientation, shelf ice cliff, ice ridging, pressure ridge, SAR, Canada, Queen Elizabeth Islands; 01127.
ice jam
flood control, river freeze up, river ice, ice process, Czechoslovakia, Berounka River; 12269. ice breakup, flooding, hydroelectric power plant, water level, hydrometric station, Canada, New Brunswick; 05242. ice flooding, breakup prediction, ice breakup, Canada, New Brunswick, Nashwaak River; 02938. ice transport, river ice, 12266. river ice, bank resistance, 12267. river ice, hydropower generation, early warning information system, USA, Niagara River; Canada, Niagara River; 12271.
ice jam formation
river ice, barrage, ice regime, ice thickness, channel morphology, Hungary, Danube River; 12270.
ice jam mitigation
flooding, controlled ice breakup, ice management, river ice, Canada; 08409.
ice keel turbate
iceberg scour, geological record, glacial Lake Agassiz, sub surface deformation structure, bioturbation, Canada, Manitoba; 04996.
ice lake
glaciology, ice flow, mass balance, Antarctica, East Antarctica, Maudheimvidda; 00347.
ice lateral lake
glaciolacustrine, sedimentation, diamicton, rhythmite, till, Spain, Pyrenees, Llauset Valley; 03532.
ice layer
freezing test, segregated ice, steady state method, quasi steady problem, freezing soil, growth experiment, 07283.
ice lead
general circulation model, climate change, ice sheet, sea ice, sensible heat flux, Antarctica; 03113. supercooled water droplet, lidar, particle concentration, Arctic; 03142.
ice lens
permafrost, ground ice, palsas, frost mound, Canada, Quebec, Schefferville; 03913.
ice lensing
soil deformation, solute rejection, freezing soil, dissolved compound, salt rejection, 08506.
ice load
last glaciation, advance, retreat, computer model, glaciosostacy, accumulation, ablation rate, ice velocity, snowline elevation, ice volume, sea level, 13109.
ice loading
glacial tectonics, Anglian, UK, England, Norfolk; 13141. ice unloading, karst, glaciated dolomite, Silurian aquifer, sinkhole, limestone pavement, ice scour, stepped bedrock topography, USA, Wisconsin, Door County; 04924. shear strength, Atterberg consistency limit, ice thickness reconstruction, subglacial consolidation, fine grained sediment, stratified sediment, ice thickness, Pleistocene, valley glacier, Austria, Alps, Vorarlberg; 07240.
ice lobe
glacio isostasy, sea level, Pleistocene(Middle), glaciomarine deposit, push moraine complex, USA, Alaska, Baldwin Peninsula; 00292.
ice location
clay shrinkage, Schofield equation, frost action, clay soil, water location, suction, unfrozen water, 07282.
ice management
river ice, ice jam mitigation, flooding, controlled ice breakup, Canada; 08409.
ice mapping
BEPERS, SAR, Baltic Sea; 09294. navigation safety, sea ice mapping, Greenland; 09288.
ice margin
depositional process, polar maritime environment, sedimentation, debris band, ablation, sublimation till, ice cored moraine, thermal regime, climate, melt out till, Antarctica, Vestfold Hills; 07248. deuterium content, microparticle concentration, ice crystal size, bubble concentration, Last Glacial Period, climatic record, Antarctica; 03133. ice flow direction, Saalian, Weichselian, till, gravel counting, correlation, Germany; 05007. Lake Michigan lobe, Mackinaw Interstade, transgression, intra Glenwood, low water phase, glacial lake, radiocarbon age, lake deposit, Arkona low water phase, USA, Michigan, Riverside; Lake Michigan; 06141. recessional event, Moody South Meadows ice margin, marginal alignment, lake stage, spillway, deglacial thinning, outwash, Wisconsinan(Late), USA, New York, Adirondack Mountains; 07231.
ice marginal channel
channel sedimentation, conductivity meter, auger, outwash, melt water drainage, Anglian, UK, England, Suffolk; 10770.
ice marginal lake
strandline, drawdown phase, spillway channel, bedload transport, outwash apron, Canada, British Columbia, Bridge Glacier; 13111.
ice marginal moraine
terrace, deglaciation, glacial geology, UK, Scotland, Knoydart, Glen Croulin; Loch Hourn; 06125.
ice marginal ramp
Bortensander, mathematical logic, geomorphological proof, glacial landform, proof probability, information theory, 08462.
ice margine thrusting
drift, bedrock, thermal regime, subglacial aquifer, glacial surge, hummocky stagnation moraine, Rainy lobe, Laurentide Ice Sheet, subglacial meltwater production, pore water pressure, permafrost, USA, Minnesota; 02638.
ice mass balance
ice cap, super adiabatic lapse rate, sea level lowering, surface temperature, Antarctica; 04199.
ice melt
graben structure, periglacial environment, ice rich diamicton, redeposited diamicton, diamicton block, structure, Quaternary, outwash sediment, ice striated pebble, Austria, Inn Valley, Innsbruck; 07241.
ice modelling basin
glacial force, model test, grounding resistance, ice rubble, floating ice, 08514.
ice moraine
melted form, melt water runoff, relief, lowland zone, postglacial relief, deglaciation, kame hill, Poland, Biala Podlaska; 07242.
ice morphology
ice thermal condition, lake ice cover, ice flexural property, radiation-decayed ice, 02944.
ice motion
drag coefficient, Richardson number, aircraft observation, boundary layer, spring, Arctic; 13535. ice edge position, satellite data, remote sensing data, Greenland Sea; 09287.
ice movement
eroding ice sheet, palaeoenvironment, geometry, genesis, glacigenic sediment, Barents Sea; 04976. erratic distribution, glacial erratic, Late Devensian ice sheet, UK, Scotland, Sutherland, Assynt; 06123.
ice multiplication
Lagrangian modelling, cloud microphysics, ice process, ice nucleation, 05433.
ice nucleation
freezing nucleation rate, solution droplet, cloud, cold condensation nuclei, 04304. ice multiplication, Lagrangian modelling, cloud microphysics, ice process, 05433.
ice nuclei
climate change, particle, supercooled cloud, thermal diffusion chamber, 03106. convective cloud, oxalate source, intertropical zone, biomass burning, aerosol, particle, dry season, calcium oxalate, Ivory Coast; 03207.
ice nucleus concentration
cloud seeding, precipitation, cloud-radiative climatic forcing, long term trend, Australia; Antarctica; Australia, Tasmania; USA, Hawaii; 03107.
ice ocean interaction
glaciological study, ice velocity, strain rate, accumulation rate, basal melting, melt rate, thermohaline convection cell, Antarctic Bottom Water, Antarctica, Ronne Ice Shelf; 08513.
ice oscillation
ocean temperature, ice accumulation, sea level, air-ice-ocean feedback, 03125.
ice parameter
SAR data, sea parameter, 09286.
ice parameter retrieval
sea ice, image processing, Beaufort Sea; 01128.
ice particle
crystal, convective cloud, updraft, microphysical observation, stratiform, cloud, 07769. electron "bite out', rocket measurement, electron density profile, summer mesopause, mesospheric cloud, noctilucent, 05436. lidar, polar stratospheric cloud, nonspherical particle, nitric acid, 00897. nitric acid trihydrate, stratosphere, nitric acid, polar stratospheric cloud, 00795. pollution, wet removal, aerosol, nucleation, impaction scavenging, cloud drop, 04463. remote sensing, cirrus cloud, lidar, radiative transfer theory, satellite observation, near infrared, infrared, brightness temperature difference, optical depth, 05374. riming, snowfall rate, aggregation, USA, Sierra Nevada; 04313.
ice particle concentration
polar cloud, maritime cloud, cumuliform cloud, cloud, rapid development, 12467. vertical velocity, optical depth, cirrus case study, cloud microstructure, cloud layer, 12459.
ice pellet
particle shape, terminal velocity, precipitation, accretion, snow, freezing rain, Canada; 04315.
ice plate
drag calculation, cloud physical calculation, ice crystal, unsteady flow, hexagonal ice crystal, 08969.
ice process
ice jam, flood control, river freeze up, river ice, Czechoslovakia, Berounka River; 12269. ice nucleation, ice multiplication, Lagrangian modelling, cloud microphysics, 05433.
ice production
wind speed, salinity, supercooled water, polynya, frazil ice production, 03080.
ice property
SAR, BEPERS-88, snow property, 09285.
ice proximal environment
cryosphere ocean interaction, Laurentide Ice Sheet, Younger Dryas chron, core, biogenic silica, silica production, sea ice, sediment accumulation rate, Canada, Northwest Territories, Baffin Shelf; 08436.
ice push event
lakewater level, lakeshore vegetation, willow stand, Canada, Quebec, Clearwater Lake; 12265.
ice pushing
ice cover, coast, wave cut platform, raised beach, accumulation, boulder track, Sweden, Gotland; Baltic Sea; 02344.
ice radar receiver
radar receiver, glacier, personal computer, USA, Alaska; Alaska Range, Mount Estelle Glacier; 01464.
ice raft
glaciation, glacigenic sediment, stratigraphy, Melville Formation, Little Sole Formation, UK, Scilly Isles, Celtic Sea; 13082.
ice rafted coal fragment
oxygen isotope stage 6, sediment core, coal content, surface circulation, ice drift reconstruction, Arctic Ocean; Norwegian Sea; Greenland Sea; 04958.
ice rafted debris
glaciomarine sediment, subglacial undermelt till, deforming basal till, glacial erosion, lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, float-

ing terminus, grounding line, gravity flow, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943. sea ice cover, interglacial, diatom, Pleistocene, Pliocene, Weddell Sea, Jane Basin, ODP Site 697; 03566. sedimentation pattern, facies geometry, glacial influence, continental shelf, Yakataga Formation, intertidal platform, USA, Alaska, Middleton Island; 04972.

ce rafted debris input
floating ice shelf, polynya, cycle, rhythm, event, Quaternary, glaciomarine deposit, facies pattern, glaciomarine continental margin environment, basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, opal productivity, Arctic; Southern Ocean, Weddell Sea; 02620.

ce rafted detritus
Cordilleran ice sheet, radiocarbon age, piedmont lobe, deglaciation, glacial maximum, Wisconsin(Late) Glaciation, deep sea core, Canada, British Columbia; 06118. ice sheet fluctuation, Laurentide Ice Sheet, ocean ice sheet interaction, Younger Dryas, radiocarbon date, glacial readvance, Cockburn Substage, iceberg flux, Canada, Hudson Strait; 08463.

ce rafted material
sedimentation, pelagic sedimentation process, sediment trap result, particle flux, biogenic opal flux, opal flux, ice coverage, Arctic Ocean, Fram Strait; 10754.

ce rafted stone
glaciomarine environment, annual variation, Quaternary, marine deposit, transgression, Elsterian(Late) age, Skaershoj deposit, glacial lake, Denmark, Jutland, Thyholm; 05035.

ce rafting
sea level, last interglacial glacial cycle, stratigraphy, Pleistocene(Late), environmental change, Denmark; 06086. synthesis, Arctic coccolith, sub-Arctic coccolith, coccolith biochronology, North Atlantic drift water influx, coccolith, biostratigraphy, oxygen isotope stratigraphy, Atlantic; 02607.

ce recession
isostatic rebound, till ridge, lithostratigraphy, glacial flute, basal till, calving, molluscs, Younger Dryas, Weichselian(Late), Barents Sea; 02644.

ce record
aluminium, calcium, dust deposition, soil dust source, France, Alps, Mont Blanc; Africa, Sahara; 07863.

ce regime
ice thickness, channel morphology, ice jam formation, river ice, barrage, Hungary, Danube River; 12270.

ce retreat
glacial sediment, glaciofluvial sediment, Wildpoldsrieder Tongue Basin, terminal basin, sediment interleaving, ice advance, Germany, Bavaria, Kempten; 11958. ice advance, glacial geomorphology, tourism, relict ice cap, Canada, Rockies, Columbia Icefield, Athabasca Glacier; 08510. silty fracture filling, crystalline bedrock, hydraulic lifting, ice retreat rate, adfrozen, pressurized meltwater discharge, Artesian condition, finite element analysis, fracture filling, 04992.

ce retreat initiation
last deglaciation, radiocarbon dating, melt water, oxygen isotope analyses, salinity reduction, deglaciation onset, North Atlantic Deep Water, Erie Interstade, Fennoscandia; 08465.

ce retreat rate
adfrozen, pressurized meltwater discharge, Artesian condition, finite element analysis, fracture filling, ice retreat, silty fracture filling, crystalline bedrock, hydraulic lifting, 04992.

ce rich diamicton
redeposited diamicton, diamicton block, structure, Quaternary, outwash sediment, ice striated pebble, ice melt, graben structure, periglacial environment, Austria, Inn Valley, Innsbruck; 07241.

ce rich soil
radiocarbon date, forest fire, thermokarst lake, Holocene, talik profile, Stefan solution, thaw, Canada, Yukon Territory, Mayo; 06196.

ce ridging
pressure ridge, SAR, ice island, ribbed texture, island orientation, shelf ice cliff, Canada, Queen Elizabeth Islands; 01127.

ce rubble
floating ice, ice modelling basin, glacial force, model test, grounding resistance, 08514. granular flow, shear box, pressure ridge, shear strength, geophysical scale, 13190.

ce sample
carbon-14, cosmogenic isotope, carbon dioxide, carbon monoxide, ice ablation rate, Antarctica, Allan Hills; 00779.

ce saturation
tropopause, cirrus cloud, nitrogen species, radiative cooling, Norway, Stavanger; Chile, Punta Arena; 00763.

ce scour
stepped bedrock topography, ice loading, ice unloading, karst, glaciated dolomite, Silurian aquifer, sinkhole, limestone pavement, USA, Wisconsin, Door County; 04924.

ce segregation
Pleistocene, loess deposit, till, seasonal freezing, permafrost, frost activity, Italy; 07291. solute, soil structural stability, freezing, Conestogo soil loam, frost heave, frost penetration, 08571.

ce sheet
age, temperature depth profile, basal cooling, grounding event, Antarctica, Crary Ice Rise; 00344. air-sea interaction, ice age, asynchronous coupling, 03082. albedo, Foehn event, radiation, turbulent flux, sensible heat flux, short wave radiation, energy balance model, ablation, margin, Greenland, Nordbogletscher; Qamanarssup sermia; 01471. Antarctic melting, tide gauge record, glacial rebound, warming, glaciostatic shoreline origin, hydrostatic shoreline origin, isostatic shoreline origin, Pleistocene(Late) sea level, Holocene sea level, present sea level, sea level variation, tectonic movement, melt water, 07270. atmospheric mass change, global mean atmospheric pressure, deglaciation, glacial interglacial, sea level pressure, sea level, 10798. AVHRR, field team, ice dynamics, Antarctica; 01131. climate change, nonlinear climate model, seasonal energy balance, climate model, steady state seasonal cycle, seasonal cycle, snowline, 08422. climatic sensitivity, climate change, energy balance modelling, orbital effect, mass balance, Greenland; 10818. deforming subglacial till, basal velocity, climatic forcing, multiple steady state, ice-water-till system, 00290. elevation data, GEOSAT, SEASAT, 07909. equilibrium line, feedback, oxygen isotope record, palaeoclimatic model, Pleistocene(Mid), climate transition, one-dimensional time dependent ice sheet model, 00268. firn, pollen spectrum, Greenland, South Greenland, Dye 3 Site; 07246. gas content, ice core, ice gas content, ice formation elevation, thinning, Antarctica, East Antarctica, Mizuho Plateau; 00345. glacier, catastrophic flood, definition, Quaternary, magnitude-frequency relation, recurrence interval, UK; 01438. glaciolacustrine, meltwater stream, Salpausselka I moraine, delta, glacial lake, sedimentation, Finland, Salpausselka Moraines; 00108. glaciology, palaeoclimate, ice evolution time scale, degrees of freedom, continental ice sheet, rheology, mass balance, 09543. glass shard, Wisconsinian ice, aeolian transport, ash, deep sea sediment core, long range ash transport, volcanic ash, Greenland, South Greenland, Dye 3 Site; 07307. greenhouse warming, sea level, Villach II temperature scenario, mass balance model, Greenland; 10819. greenhouse warming, temperature scenario, mass balance model, ablation, Antarctica; 13634. heat flux, polynya, sea ice model, heat transfer rate, lake, Canada, North West Territories, Yukon River Basin; 01465. Ice Age hunter, landscape change, prehistoric, UK, England, London; 05019. ice core record, non-steady state ice dynamic model, accumulation rate, Holocene, climatic optimum, past change, precipitation rate, ice thickness, age depth profile, Canada, Devon Island Ice Cap; Greenland, Greenland Ice Sheet; 02635. ice thickness distribution, isostatic rebound, lithosphere thickness, autochthonous block field, geometry thickness, isostatic loading, Weichselian(Late), Scandinavian ice sheet, Norway; 09577. Last glacial-interglacial cycle, three dimensional experiment, thermo-mechanical ice-sheet model, grounding line dynamics, isostatic bed adjustment, model calculation, eustatic sea level, Holocene deglaciation, Antarctica; 00343. last glaciation, Weichselian(Early) interstadial, Brorup, Odderade, Warthe glaciation, Elsterian, Saalian ice sheet (stage 8), Eemian interglacial, Domnitz interglacial, Rugen (substage 7a), Fennoscandian ice sheet, Norway; Sweden; Finland; 01434. lead-210, snowpit, Chernobyl nuclear accident, deposition, Greenland; 03141. Leszno Phase, age, maximum advance, Vistulian, Poland, Prosna Valley; 00311. lineation, Landsat imagery, ice divide movement, glacial erosion, deposition, Laurentide ice sheet, last glacial cycle, drift lineation, Canada; 09574. mass balance change model, glaciation cycle, 00336. mass balance, paleo sea level, mass balance, tide water glacier, palaeoshoreline, geometry, Wisconsin(Late), iceberg calving rate, USA, Maine, Mount Desert Island; 07232. microwave radiometry, SAR, Landsat TM, 01132. model, Devensian, Flandrian, glacial rebound, sea level change, meltwater, deglaciation, UK, Scotland; 13167. modelling, Devensian(Late), glaciation, meltwater drainage, UK, Scotland; 13126. nunatak, glacially fretted upland, cirque, arete, horn, moraine, glacier, moraine, landscape evaluation, polar morphology, alpine morphology, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775. Quaternary history, Quaternary, 06127. radiocarbon dating, thermal exchange, deep ocean current, Antarctica, Antarctic Peninsula; 00348. radionuclide, air snow fractionation, beryllium-7, lead-210, snow, Denmark; Greenland; 11324. satellite, glacial lineation, Canada; 02266. sea ice, sensible heat flux, ice lead, general circulation model, climate change, Antarctica; 03113. sea level change, climatic change, astronomical time scale, two dimensional model, 12499. sensitivity study, glacial interglacial contrast, sea level, ice sheet simulation, Antarctica; 09608. snow melting, oxygen isotopic composition, firn core, Antarctica; 03119. temperature change, ablation, outlet glacier, ablation-temperature equation, wind, Foehn event, response, energy balance, Greenland, Nordbogletscher; Qamanarssup sermia; 01470. temperature, sea ice, Antarctica; 01828. topographic change, satellite radar, radar altimeter, Antarctica, Wilkes Plateau; 11605. Weichselian(Late), foraminiferal stratigraphy, geological framework, Quaternary deposit, marine deposit, Eemian, Weichselian, Denmark, Jutland, Skagen Area; 11956.

ice sheet decoupling
sea level change, sedimentation, mass wasting, rapid sea level rise, marine ice sheet, USA, Texas, Texas Continental Shelf, Trinity Valley; Gulf of Mexico; Sabine Valley; 10801.

ice sheet dynamics
snow gun hypothesis, isotopic signature, deepwater temperature, deep water, tectonic forcing, orbital forcing, warm saline deep water, ice volume fluctuation, sea level history, Tertiary, 12008.

ice sheet elevation
ice density data, hydrostatic method, measurement correction, air content measurement, polar ice, cut bubble, 07300.

ice sheet extent
ice sheet thickness, Innuitian Ice Sheet, postglacial adjustment, isostatic model, sea level curve, relative sea level, technique uplift hypothesis, postglacial uplift, raised beach, Canada; 11940.

ice sheet fluctuation
Laurentide Ice Sheet, ocean ice sheet interaction, Younger Dryas, radiocarbon date, glacial readvance, Cockburn Substage, iceberg flux, ice rafted detritus, Canada, Hudson Strait; 08463.

ice sheet formation
ice core bubble, glacial maximum, Holocene, palaeoclimate, carbon dioxide, Arctic; 03135.

ice sheet growth
palaeotemperature curve, Coleoptera, Loch Lomond readvance, mass balance, bedrock basin, topography, UK, Scotland; 03920. realistic geography, cryodynamics, geodynamics, solar forcing, sea level, last glacial interglacial cycle, greenhouse gas, ice sheet model, Pleistocene(Late), Northern Hemisphere; 09544.

ice sheet initiation
ice sheet-atmospheric moisture model, Loch Lomond ice sheet, climate, maritime ice sheet, glacial mass balance, Quaternary glaciation, ablation, 03124.

ice sheet instability
glacial melt water, melt water incursion, North Atlantic Deep Water, Younger Dryas, cooling event, glacial termination, Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, orbital forcing, Atlantic, (North);

08442.
ice sheet load
phase change, glaciation, methane hydrate, methane, interglacial period, sediment temperature, Arctic; 04449.
ice sheet margin
greenhouse-effect climate, ablation, energy balance model, Greenland, Nordbogletscher; West Greenland, Qamanarssup Sermia; 00342.
ice sheet model
Pleistocene(Late), ice sheet growth, realistic geography, cryodynamics, geodynamics, solar forcing, sea level, last glacial interglacial cycle, greenhouse gas, Northern Hemisphere; 09544.
ice sheet orography
Laurentide ice sheet, two-dimensional coupled model, atmosphere-ice sheet-continent model, palaeoclimatic simulation, climate model, ice age time scale, model ice sheet, 00269.
ice sheet reconstruction
albedo, global cooling, tectonic uplift, planetary cooling, equilibrium line, ice age, glaciation theory, China, Tibet; India, Himalaya Mts; 11913. geomorphological mapping, corrie glacier, Loch Lomond Stadial, Outer Hebridean ice cap, basal shear stress, Quaternary(Late), glacial history, UK, Scotland, Isle of Skye, Trotternish Escarpment; 06124. radiocarbon date, Midlandian(Late), glacial deposit, glaciation, offshore region, Ireland; 11952.
ice sheet simulation
ice sheet, sensitivity study, glacial interglacial contrast, sea level, Antarctica; 09608.
ice sheet thickness
Innuitian Ice Sheet, postglacial adjustment, isostatic model, sea level curve, relative sea level, technique uplift hypothesis, postglacial uplift, raised beach, ice sheet extent, Canada; 11940. Saalian ice sheet, preconsolidation load, lacustro glacial clay, consolidation history, Terzaghi theory, oedometer consolidation test, fossil overburden pressure, geotechnical data, Netherlands, Groningen Province, Marum; 10773.
ice sheet-atmospheric moisture model
Loch Lomond ice sheet, climate, maritime ice sheet, glacial mass balance, Quaternary glaciation, ablation, ice sheet initiation, 03124.
ice shelf
annual layer, ice flow model, accumulation, isotopic method, Antarctica, Filchner/Ronne Ice Shelf; 02702. calving, drift, iceberg, Antarctica, Ross Sea; 04651. climate fluctuation, oxygen isotope history, Antarctica; 04450. frazil ice, congelation ice, ice composition evidence, marine ice, Antarctica, Victoria Land, Hells Gate Ice Shelf; 13194. geomorphological development, nearshore, shelf, sediment transport, sediment transport model, computer model, marine geology, Sweden; Baltic Sea; 02609. simplified numerical three dimensional ice sheet ice shelf model, ice volume change, grounding line, three dimensional ice sheet model, 00335. turbulent flux, Monin-Obukhov similarity, polynya, surface energy balance, boundary layer height, resistance law, Antarctica, Filehner/Ronne Ice Shelf; 00735.
ice shelf disintegration
atmospheric warming, satellite image, crevasse, iceberg calving, melt water, Antarctica, Wordie Ice Shelf; 09547.
ice shelf edge
diagenetic process, meltwater spike, primary productivity, climatic cycle, sedimentation rate, stable isotope record, Quaternary(Late), sedimentation rate, Antarctic continental margin, Antarctica; 02622.
ice shelves
icebergs, sea ice, global biosphere, ice, Southern Ocean; Antarctica; 12011.
ice sphere
albedo, extinction coefficient, microwave radiative transfer, radar, radiometer, microwave radiometer, storm, rain, melting phase, 04219.
ice stream
crevassing, ice flow, Landsat TM, Antarctica, Siple Coast; 03457. sequential satellite imagery, mass-balance, satellite-image-derived, velocity field, Antarctica; 12010.
ice striated pebble
ice melt, graben structure, periglacial environment, ice rich diamicton, redeposited diamicton, diamicton block, structure, Quaternary, outwash sediment, Austria, Inn Valley, Innsbruck; 07241.
ice strip
local advection, advection process, surface layer, marginal ice zone, complex terrain, 13519.
ice structure
SPOT, textural analysis, Antarctica, Terre Adelie; 12796.
ice surface
graupel, ice crystal, thunderstorm electrification, charge transfer, charged dislocation, 03110.
ice surface melt
microwave signature, sea ice concentration, active microwave, passive microwave, 01126.
ice temperature
firn, climatic change, greenhouse warming, Greenland; 03127.
ice thermal condition
lake ice cover, ice flexural property, radiation-decayed ice, ice morphology, 02944.
ice thickness
age depth profile, ice sheet, ice core record, non-steady state ice dynamic model, accumulation rate, Holocene, climatic optimum, past change, precipitation rate, Canada, Devon Island Ice Cap; Greenland, Greenland Ice Sheet; 02635. basal shear stress, outlet glacier, trough, reconstruction, dynamics, Wisconsin(Late), ice dome, drumlin, glaciological model, Valley Heads Moraine System, USA, New York, Finger Lakes; 01431. channel morphology, ice jam formation, river ice, barrage, ice regime, Hungary, Danube River; 12270. groundwater prospecting, short pulse radar survey, frost depth, airborne survey, dielectric permittivity, alluvial bedding pattern, USA, Alaska, Tanana River; 12264. mass balance, climatic change, geostatistics, glaciology, radio echo data, subglacial bed topography, Antarctica, Dronning Maud Land, Scharffenbergbotnen; 00346. Pleistocene, valley glacier, ice loading, shear strength, Atterberg consistency limit, ice thickness reconstruction, subglacial consolidation, fine grained sediment, stratified sediment, Austria, Alps, Vorarlberg; 07240. remote sensing, ice cover, submarine, Greenland; Arctic; 01798. riverbed freezing, radar surveying, fish species, 03458. sea ice cover, microwave sensor, sonar, lidar profilometer, Arctic Ocean; 12793. snow covered ice, radar backscatter, sea ice, 01125.
ice thickness distribution
isostatic rebound, lithosphere thickness, autochthonous block field, geometry thickness, isostatic loading, Weichselian(Late), Scandinavian ice sheet, ice sheet, Norway; 09577.
ice thickness reconstruction
subglacial consolidation, fine grained sediment, stratified sediment, ice thickness, Pleistocene, valley glacier, ice loading, shear strength, Atterberg consistency limit, Austria, Alps, Vorarlberg; 07240.
ice tongue
till, diamict, stone count, fabric analysis, glacial stratigraphy, glaciogenic deposit, USA, New Hampshire, Gorham, Peabody Valley; 11944.
ice topography
subglacial lake, lake, basalt shear stress, 07297.
ice transport
river ice, ice jam, 12266.
ice unloading
karst, glaciated dolomite, Silurian aquifer, sinkhole, limestone pavement, ice scour, stepped bedrock topography, ice loading, USA, Wisconsin, Door County; 04924.
ice velocity
direct observation scale, satellite derived observation scale, Arctic Ocean, Fram Strait; 09289. snowline elevation, ice volume, sea level, ice load, last glaciation, advance, retreat, computer model, glaciosostacy, accumulation, ablation rate, 13109. strain rate, accumulation rate, basal melting, melt rate, thermohaline convection cell, Antarctic Bottom Water, ice ocean interaction, glaciological study, Antarctica, Ronne Ice Shelf; 08513.
ice volume
palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, isotope record, oxygen isotope profile, Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, USA, Atlantic Coastal Plain; 08475. Pleistocene(Late), palaeoclimatology, flux pattern, biogenic sediment, mass accumulation rate, opal flux maxima, productivity, atmospheric carbon dioxide, Pacific; 11929. sea level, ice load, last glaciation, advance, retreat, computer model, glaciosostacy, accumulation, ablation rate, ice velocity, snowline elevation, 13109. sea level, last glacial cycle, oxygen isotope variation, deep sea core, glacial maximum, 05033.
ice volume change
grounding line, three dimensional ice sheet model, ice shelf, simplified numerical three dimensional ice sheet ice shelf model, 00335.
ice volume distribution
permafrost mound, gravimetric data, topographic data, gravity estimation, volume ice fraction, discontinuous permafrost, in situ determination, formation density, Canada, Quebec; 01455.
ice volume fluctuation
glaciation reconstruction, ice borne deposit, high northern latitude glaciation, Norwegian Sea; 08445. sea level history, Tertiary, ice sheet dynamic, snow gun hypothesis, isotopic signature, deepwater temperature, deep water, tectonic forcing, orbital forcing, warm saline deep water, 12008.
ice water content
melting level, hurricane, radar reflectivity, 10113.
ice water interface
supercooling, water skin, gyrating hailstone, hailstones, spongy deposit, wind tunnel, 10129.
ice wedge
deflation, tundra polygon, glaciofluvial outwash, outwash plain, permafrost environment, aeolian deflation, radiocarbon date, thawing, Canada, Quebec, Ungava Peninsula; 13185.
ice wedge cast
palaeoecological evidence, water budget, episodic permafrost, Weichselian, Pleniglacial(Middle), Netherlands, Twente District, Hengelo Basin; 10812. synsedimentary frost crack, Warta cold sub-Stage, palaeogeographical significance, thermal contraction crack cast, outwash sand, Saalian Glaciation, Poland, Lodz; 00332.
ice wedge polygon
periglacial, polygon, climatic condition, photointerpretation, geometry, vistulian polygon, Poland, Poznan; 06200.
ice zone
ocean process, air ice ocean model, experiment buoy, ERS-1, Greenland; Barents Sea; 09283.
ice-contact landform
proglacial feature, kettle hole, kame, landsystem, glaciofluvial landform, melt water, UK; Ireland; 11948.
ice-flow pattern
historial review, dispersal, Belcher Island erratic, flow pattern, Laurentide ice, erratic, Keewatin ice, Hudson dome concept, indicator erratic, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.
ice-ice interaction
positive lightning, cloud to ground lightning, lightning, mesoscale system, convective system, flash, charge structure, stratiform precipitation, 12315.
ice-limit
Sutherland, Weichselian(Late), till, shelly till, constrained trough, deformable bed, UK, Scotland, Caithness; Moray Firth; 01433.
ice-phase change
subsurface geomorphology, glacier study, digital radar data, cryogenic feature, anomalous pattern, USA, Alaska, Malaspina Glacier; 05045.
ice-sheet bed
basal melting, deep drilling project, thermal model, palaeoclimatic signal, Greenland, Summit Ice Divide; 01472.
ice-sheet margin dynamics
Sisimiut glacial maximum, readvance, moraine, calving glacier, topo-

graphic control, glaciological control, Holocene, Greenland, West Greenland, Ilulissat; 00301.
ice-sheet thickness
rebound, sea level, raised shoreline, glacioisostatic depression, forebulge, Arctic; 11979.
ice-water-till system
ice sheet, deforming subglacial till, basal velocity, climatic forcing, multiple steady state, 00290.
ice-wedge cast
frost crack, involution, pollen, chronology, periglacial structure, China; 12005. sand-wedge relics, periglacial, aeolian transport, weathered bedrock, Late Pleistocene, USA, Wyoming; 12000.
iceberg
diatom, glacial marine sediment, glaciation, ooze, rafting, Atlantic, Meteor Rise; 12884. ice shelf, calving, drift, Antarctica, Ross Sea; 04651. iceberg melt rate, glacier flow velocity, glacier thermal regime, modelling, sedimentation rate, 04955. Lund Diamicton, clay, glacioaquatic sediment, diamicton, transgression, glaciomarine, Sweden, Skane; 02397. passive loading, rafting, glacimarine environment, rafted sediment, 04990. plough mark, slump, sediment supply, seafloor, Atlantic, Miller Region; 09368.
iceberg calving
melt water, ice shelf disintegration, atmospheric warming, satellite image, crevasse, Antarctica, Wordie Ice Shelf; 09547. outlet glacier, calving glacier, tide water, lake calving glacier, trough geometry, terminal environment, topographic control, Greenland, West Greenland; 09607.
iceberg calving rate
ice sheet, mass balance, paleo sea level, mass balance, tide water glacier, palaeoshoreline, geometry, Wisconsin(Late), USA, Maine, Mount Desert Island; 07232.
iceberg drift
forecasting, ocean current, satellite tracking, 02268. surface circulation, remote sensing, ice floe, Canada, Hudson Bay; 02269. tracer, water movement, Antarctica, Bransfield Strait; 04644.
iceberg flux
ice rafted detritus, ice sheet fluctuation, Laurentide Ice Sheet, ocean ice sheet interaction, Younger Dryas, radiocarbon date, glacial readvance, Cockburn Substage, Canada, Hudson Strait; 08463.
iceberg melt rate
glacier flow velocity, glacier thermal regime, modelling, sedimentation rate, iceberg, 04955.
iceberg melting
process model, description, modelling, glacimarine sediment, sedimentation, rate model, 04987. salinity, oxygen isotope stage 5, stable oxygen isotope stratigraphy, radiometric age, uranium/thorium method, Atlantic, Fram Strait; 02606.
iceberg rafting
laminated terrigenous sediment, subglacial, marine process, piston core, dropstone, tidal pumping, Antarctica, Antarctic Peninsula; 05010.
iceberg scour
geological record, glacial Lake Agassiz, sub surface deformation structure, bioturbation, ice keel turbate, Canada, Manitoba; 04996. gravity crater, current erosion mark, Preboreal flood, jokulhlaup, ice dammed lake, Nedre Glamsjo, palaeocurrent, Norway, Romerike; 09578.
icebergs
sea ice, global biosphere, ice, ice shelves, Southern Ocean; Antarctica; 12011.
Iceland Spar
mineral lattice, physical change, water influence, calcite, chemical change, chalk, 05050.
ichnofacies
alluvial fan, Quaternary, gravel, loess, lithofacies, fan delta, fossil, New Zealand, Hawkeswood Range, Conway Flat; 06969. channel deposit, oyster shell, Pliocene, Imperial Formation, delta, USA, California, Salton Trough; 02427.
ichnofossil
Ordovician(Late), Georgian Bay Formation, sandstone, tempestite, Canada, Ontario; 10619.
ichnology
hardground, shore, carbonate rock, bioerosion, boring, Greece, Rhodes; 03647.
ichthyofauna
sediment, mesotrophic lake, lake water quality, heavy metals, plankton, zoobenthos, Poland, Lake Piaseczno; 02860.
iconic indexing
pyramid architecture, 04506.
ICP-AES
ICP-MS, mass spectrometry, total elemental analysis, soil constituent, elemental analysis, 08599.
ICP-MS
mass spectrometry, total elemental analysis, soil constituent, elemental analysis, ICP-AES, 08599.
ICRISAT Sahelian Center
porometry, microlysimeter, energy balance, soil wetness, eddy correlation measuring device, semi arid area, water balance, dryland millet, evaporation, evapotranspiration, transpiration, soil evaporation, Institute of Hydrology, Niger; 06270.
identification
optical property, marine sediment, classification, smear slide, 00200. reclamation, erosion affected land, soil conservation, soil degradation, soil loss, land utilisation, Italy, Emilia-Romagna Region; 01516. Towada-Ooyu pumice, Towada Volcano, tephra, pumice, ferromagnetic mineral, particle size, Japan, Tohoku District; 02674.
Ierissos Earthquake(1932)
Agios Efstratios Earthquake(1968), fault geometry, dextral strike slip movement, transtensional deformation, hangingwall, structural characteristic, earthquake, Aegean Sea; 08368.
IGBP
optimisation technique, geosphere, biosphere, 06856.
IGCP Project meeting
phosphorite nomenclature, rock classification, phosphate, 08224.
IGN
digital data, GIS, database, topographic database, France; 02138.
igneous intrusion
hydrocarbon, ostracod, thermal alteration, colour, microfossil, Celtic Sea, Fastnet Basin; Porcupine Basin; 01189.
igneous rock weathering
weathering, clay mineralogy, Tertiary, basaltic rock, Antarctica, Thiel Mountains; Antarctica; 07439.
ignimbrite
bornhardt, sheeting fracture, columnar joint, Beck Surface, stripping, regolith, weathering, silicic massif, volcanic massif, Australia, South Australia, Gawler Ranges; 13038.
IHS color display transform
radar data, radar integration, 10364.
IHS transformation
airborne radar imagery, gold exploration, SPOT imagery, X band SLR imagery, China, Xinjiang, Qiagen; 06821.
Ilex aquifolium
tissue, cupric oxide, plant type, cutin, leaf, fatty acid, 05970.
Illinoian
Pleistocene stratigraphy, drumlin, superposed till, nonglacial interval, weathering, Sangamon Interglaciation, USA, Massachusetts, Boston Harbor; 03881. Sangamonian, inter till sediment, pollen, interglacial, till, Canada, Ontario, Pointe-Fortune; 07228.
Illinoian deposit
Sangamonian deposit, Becquets Interstade, Trois-Rivieres Stade, radiocarbon dating, TL date, last interglacial glacial, sediment, climatic optimum, Canada, Quebec, St Lawrence Valley; 06137.
Illinoian-Sangamonian transition
Wisconsinan, La Perade Clay, marine episode, Cartier Sea, fauna, radiocarbon date, postglacial isostatic sea, Champlain Sea invasion, Canada, Quebec, St Lawrence Valley; 02659.
illite
accretionary prism, abyssal plain, smectite, Pliocene, Atlantic, Barbados Ridge, ODP Site 671; ODP Site 672; 01355. brine, palaeotemperature, sandstone, reservoir, Triassic, burial, Irish Sea, Morecambe Gas Field; 02473. chlorite, palygorskite, pelagic carbonate, turbidite, smectite, weathering, Arabian Sea; 12895. chlorite, smectite kaolinite, loess, frost action, silt-enriched, alpine, surface mantle, soil profile, granite gneiss, clay mineralogy, gelifraction, chemical weathering, vermiculite, USA, Wyoming, Wind River Range, Indian Basin; 12015. clay mineral, Krompachy Group, infrared spectra, Permian, burial, Czechoslovakia, Carpathia, Gemericum; 05968. diagenesis, Cretaceous, sandstone, Senegal; Mauritania; 10593. downhole log, orbital forcing, Milankovitch, diatom, palaeoclimate, continental margin, Weddell Sea, Dronning Maud Land; Antarctica; 04757. earthquake, consolidation, seismicity, smectite, subduction, decollement, 01184. haematite, laterite, vermiculite, goethite, calcite, limonite, quartz, kaolinite, diaspore, boehmite, Pakistan; 07431. hydroxy-interlayered clay, rana soil, clay mineral, high-charge smectite, kaolinite, Spain; 12107. iron nodule, hematite, gorthite, paleosol, Spain, Jaen, Cazorla Mountains; 01598. kaolinite, clay-humus complexation, exchangeable cation, lattice charge, metal bonding, humic acid, montmorillonite, 13230. kaolinite, monsoon, continental shelf, clay mineral, montmorillonite, 12870. kaolinite, Permian, claystone, tonstein, tuff, coal, diagenesis, 02477. montmorillonite, continental shelf, river sediment, chlorite, clay mineralogy, Arabian Sea, Gulf of Kutch; 12869. montmorillonite, point of zero charge, adsorption, flocculation, hydroxy aluminium, 04867. potassium, structural formula, solubility, equilibration method, 11810. sandstone, reservoir, Mossbauer spectra, pore solution, 12993. silica, smectite, equilibration, clay mineral, pore water, 11809. sill, palaeotemperature, weathering, soil, thermal influence, 12987. smectite, erosion, rifting, flysch, sedimentation, weathering, Cretaceous, burial, Europe, Alps, Lombardian Basin; 11756. smectite, montmorillonite, oxygen isotope, phillipsite, analcime, diagenesis, USA, California, Searles Lake; 09329. smectite, Mossbauer spectroscopy, aluminium for silica substitution, Kimmeridgian, diagenesis, North Sea; 09445. smectite, overpressuring, dehydration, shale, mudrock, isotope, USA, Texas, Gulf Coast; 11812. smectite, paleosol, Tertiary, chlorite, detrital origin, China, Yacheng Gas Field; 10656. source, denudation, uplift, weathering, clay mineralogy, smectite, India, Himalayas; Tibetan Plateau; 04868. Tertiary, Cretaceous, sandstone, feldspar, shale, smectite, USA, Wyoming, Green River Basin; 02444.
illite crystallinity
tectonics, palaeotemperature, organic matter, diagenesis, vitrinite reflectance, Italy, Ligurian Apennines; 09420.
illitic soil
kaolinitic soil, exchange equilibrium, smectitic soil, exchangeable potassium percentage, potassium, calcium, India; 12119. smectitic soil, kaolinitic soil, exchange equilibrium, potassium, India; 12118. smectitic soil, sorption desorption, caesium-137, clay mineralogy, kaolinitic soil, Australia, Western Australia; 09712.
illitisation
smectite, Cretaceous, thermal history, burial, bentonite, USA, Colorado, Denver Basin, Wattenberg Gas Field; 10652.
illness
death, bioclimatology, urban environment, smog, heat wave, discomfort index, physiologic equivalent temperature, weather, climate, 02037.
illumination
colouring, cartouche, 10344. infrared radiometer, conifer tree canopy, gap probability, 12749. shadow, tree, Fourier transform, 13802.
illumination information
digital scanner, cosine transformation, spectral information, 06735.
illumination requirement
geological structure, forested terrain, slope orientation, SAR, Canada, Canadian Shield; 08062.
illuvial horizon
alteration horizon, soil chemical characteristics, mineralogical composition, eluvial horizon, mineral genesis, Spain, Madrid Basin; 10941. eluvial horizon, Burozem, amorphous compound, podzol, Asia; 10904.
illuviation
weathering, sedimentary process, pedological process, Pleisto-

cene(Upper), loess, Bagaggera sequence, pleniglacial period, Holocene, Italy; 07210.
illuviation ferriargillan
geostatistical method, pedological property, soil pore, thin section, ferric nodule, 13268.
ilmenite
glaciers, comminution, rate of comminution, transport distance, basal till, transport, magnetite, USA, New York, Adirondack Mountains; 13117. Renova Formation, Tertiary, weathering, provenance, Holocene, USA, Rocky Mountains; Appalachian Mountains, Montana; 07079. source rock, heavy mineral analysis, shelf sediment, sediment discharge, USA, Atlantic Shelf; Hudson River; 02393.
ILWIS
DTM, rockfall, hazard, neighbourhood analysis, 02200. GIS, watershed management, remote sensing, land evaluation, 13842.
ILWIS database
soil database, geomorphic unit, soil mapping, Venezuela; 12044.
image
colour, fuzzy c-means, segmentation, 04502. data acquisition, remote sensing, data analysis, 04470. database, spatial knowledge, 04539. digital image data, computer vision, surface reconstruction, reconstruction, 13788. entropy, GIS, multi spectral image, 13791. expert system, photography, 04492. GIS, remote sensing, 13843. lineament mapping, field checking, detection accuracy, geological map, Landsat MSS image, SPOT, 08064. nickname, city, USA, California, Sacramento; 03484. point spread function, real world image, motion blurred image, 13781. recognition, road, satellite, GIS, 02288.
image algebra
algorithm optimisation, programming language, 00989. binary image processing, contour, quadtree, polynomials, 03302.
image analysis
algorithm, image processing, classroom training, 11466. automaton, image straightening, 12636. building dispersion, infrared method, plume rise, video camera, Arctic; 11150. carbonate, sand, Thalassia, air photograph, lagoon, Caribbean Sea, Grand Cayman; 07004. classification, satellite image, DEM, data visualisation, Canada; 05603. commercial environment, integration, GIS, 13780. computer mapping, resource exploration, petroleum exploration, statistical technique, 12701. computer vision, bibliography, 13776. drainage network, automatic delineation, drainage basin, digital elevation data, topographic primal sketch, artificial intelligence, topographic analysis, 03705. earthworm burrow, X-ray computed tomography, tomography, macropore, 13225. format, digital topographic data base, remote sensing imagery, GIS, 00947. GIS, LIS, digital video, 06739. GIS, satellite data, climatological data, vegetation monitoring, meteorological data, 13947. hardware use, software use, forestry school, teaching programme, training exercise, USA; 11574. Hough transform, systolic array architecture, 03350. image synthesis, theoretical background, 00993. micromorphology, soil structure, biota, micromorphological technique, photographic method, Dutch Programme on Soil Ecology of Arable Farming Systems, staining technique, soil preparation method, 10910. micromorphology, thin section, faunal activity, soil ecology, 10908. pore measurement, tillage, macropore, AUTOCAD, 09719. pore structure, macroporosity, soil mesomorphology, soil horizon, manganese nodule, iron rich nodule, 09718. remote sensing data, GIS, 05556. simulation, GIS, SAR, 01009. soil structure, ANOSOL, pore space, 03987. soil structure, forest soil, ANOSOL, 03988. soil structure, fractal approach, soil texture, surface charge, aggregate stability, soil section, 13222. STRUCTURA, heterogeneous structure, digital image, vertical section, soil pore structure, 09720. topology, cellular complex, 12632.
image analysis bibliography
computer vision bibliography, pictorial information processing, 07968.
image analysis method
agriculture, crop information system, yield forecasting, data processing system, 12761.
image analysis system
camera, floc, suspension, Netherlands, Scheldt; 12999.
image calibration
range interpolation, antenna pattern, AgriSAR, radiometric distortion, 10245.
image classification
rule based system, C language, 03298. sea ice, SAR, personal computer system, image speckle, Baltic Sea; 09292. supervised classification, classification accuracy, fuzzy information representation, 05609. waveband, surface cover, statistical technique, 12629.
image classification system
fuzzy logic, multitemporal image, Italy; 11460.
image classifier
classifier, parallel processing, transputer, implementational model, structural model, 13795.
image combination
geocoding accuracy, residual vector, geocoding, multi sensor image, Tunisia; 10252.
image compression
algorithm, image distortion, data compression, 11449.
image coordinate
Gauss Markov evaluation, radiometric consideration, image inversion, digital photogrammetry, analytical photogrammetry, 12603.
image correlation
digital image processing, photogrammetric measurement, 07920.
image corruption
corruption, spatial filtering, spacecraft, 13789.
image data
remote sensing, temporal database, spatial database, GIS, 06767.
image data classification
land cover classification, artificial neural network, training set, supervised classification, pattern recognition, 06734.
image data processing
remote sensing, GIS, LIS, surveying, cartography, convention proceedings, photogrammetry, 07891.
image data structure
image processing, pattern recognition, computer vision terms, image operator, spatial operator, morphological operator, 10299.
image detection
runway, airport, scene, 02122.
image distortion
data compression, image compression, algorithm, 11449.
image enhancement
drift deposit, Wisconsinan glaciation, glacial geology, ice flow pattern, Canada; 10449. filter, rank-order operator, 03306. lithological mapping, mineral exploration, Landsat, vegetation covered glacial deposit, Scandinavia; 05708. meteorology, geomorphology, urban geography, remote sensing, 12582. rainfall estimation, GIS, raingauge network, 06812. resource, Landsat TM, data integration, GIS, USA, Montana, Glacier National Park; 04628. shadow removal, pattern recognition, edge detection, aerial photography, 02110.
image enhancement technique
forested terrain, SIR-B, geological structure, fracture pattern, Canada, Canadian Shield; 08063.
image enlargement
image reconstruction, digital sensor imagery, 11451.
image extraction system
stereo image, three dimensional reconstruction, 11463.
image fusion
data fusion, synergistic merging, rectification accuracy, 11458. visual perception, ratio of low-pass pyramid, 03301.
image generation
visual effect simulation, synthetic image, 11486.
image handling
vector, GIS, raster, 13829.
image interpretation
land unit boundary, uncertainty, fuzziness, GIS, 12662. pattern recognition, computer vision, object based representation, expert photointerpreter, 03299. visual analysis, remote sensing, sensor system, 10231.
image inversion
digital photogrammetry, analytical photogrammetry, image coordinate, Gauss Markov evaluation, radiometric consideration, 12603.
image map
digital image, image processing, geometric registration, colour transformation, thematic satellite, Germany, Rheinhessen; 08040.
image matching
pattern recognition, photogrammetry, 11465. pattern recognition, two dimensional recognition, convex polygon, contour matching, 03330. photogrammetric station, least square, 11474.
image motion
panoramic photograph, motion, 04536.
image noise
edge detection, Weibull, 04505.
image normalisation
agricultural field, irrigation project, GIS, USA, Nevada, Newlands; 10451.
image object
object orientation, database, GIS, graphical object, 13823.
image operator
spatial operator, morphological operator, image data structure, image processing, pattern recognition, computer vision terms, 10299.
image overlaying
binary masking, change detection, GIS, new town development, Hong Kong, New Territories, Tuen Mun; 10407.
image point
aerial triangulation, SPOT, photogrammetry, OS, correlation, 04480.
image processing
archaeological prospecting, remote sensing, aerial photography, resistivity, geophysical prospecting, 08136. automated DEM extraction, base map production, topographic application, change detection, GIS, 07897. automatic data management, interactive image interpretation, artificial intelligence, 07937. bandwidth, information transmission, database, satellite, GIS, 13777. classroom training, image analysis, algorithm, 11466. cotton, Landsat, classification, Turkey, Cukurova Region; 04634. covariance model, Haar transform, 03347. crop information system, flood mapping, GIS, data structure, 05555. digital terrain model, filtering technique, dynamic programming, human operator efficiency, 07992. finite state automation, infrared, 03337. fuzzy component, extrema detection, 03335. geometric registration, colour transformation, thematic satellite, image map, digital image, Germany, Rheinhessen; 08040. GIS, economic factor, mineral exploration, 06826. GIS, exploration programme, airborne geophysical survey, 05712. GIS, viewshed, USA, North Carolina, Watauga County; 11549. grey level thresholding, correlation criterion, 11471. ice parameter retrieval, sea ice, Beaufort Sea; 01128. image rectification, radiometry, SAR image, 09118. linear feature, Landsat MSS, Spacelab, HCMM, structural analysis, France; 03414. mathematical morphology, GIS, data acquisition, scanning, 05580. microcomputer, educational training, 09112. Microvax computer, I2S software, maximum likelihood classifier, SPOT imagery, dambo environment, digital image processing, land degradation, Zaire, Shaba, Lubumbashi; Zambia; 09496. morphological filter, multiple structuring element, mathematical morphology, 07995. multispectral imagery testbed, multispectral imagery, military application, 07970. octree, three dimensional representation, 13783. order configuration function, digital signal filter, 03346. parallelism, topographical map, feature extraction, 13798. pattern recognition, computer vision terms, image operator, spatial operator, morphological operator, image data structure, 10299. pattern recognition, multistage classification, 03334. pattern recognition, shape analysis, elliptical fit, ellipsoidal fit, 10303. personal computer training, multispectral image, satellite image, 09117. photogrammetry, Helva,U.V., Hobrough,G.L., 04533. photointerpretation, mining, arid condition, vegetation coverage, Italy; 10390. processing parallelism, multiprocessor architecture, 11488. radar, rainfall forecasting, sewer management, 01938. remote sensing limitation, resource analysis, public domain-GIS, GIS, 06740. remote sensing, data acquisition, Australia; 10232. remote sensing, electromagnetic theory, radiation, sensor, aircraft, satellite, data process, 06710. software tool, geocoding, SAR, terrain corrected product, ground control, 00954. texture spectrum, edge detection, 11464. thin-

ning algorithm, parallel computing, hardware, 02105. window manager, 02131.
image processing system
multi spectral imaging system, CCD camera, 07933. remote sensing, natural resource management, GIS, Geographic Resource Analysis Support System, 01048.
image processing technique
CCD camera, digital image, close range photo triangulation, 05583. rill, indoor research facility, erosion, research facility, 09632.
image processing techniques
geological map, lineament analysis, Saudi Arabia, Al-Khabt; 12711.
image quality
phototographic data, photogrammetry, photointerpretation, Hungary, Szekesfehervar; 03487.
image recognition
SV feature vector, feature extraction, 11452.
image reconstruction
digital sensor imagery, image enlargement, 11451.
image rectification
radiometry, SAR image, image processing, 09118.
image registration
autofocus, intensity segmentation algorithm, change detection algorithm, neural network, SAR, speckle noise, 10311.
image representation
contrast enhancement, low pass pyramid ratio, 07981.
image schemata
GIS, conceptual model, 06768.
image segmentation
colour, clustering, 04517. corner detection, edge detection, Gaussian filter, 07982. digital image processing, infra red image, variable pyramid structure, 00985. histogram method, percolation theory, automatic threshold selection, 12639. laser, radar, surface fitting, 02112. local texture, texture information, adaptive window, texture image, 07999. segmentation, three dimensional image, 13805. split and merge, segmentation implementation, 11473.
image sequence
linearisation, parametric model, moving body surface, 00980. velocity, vector field, time varying sequence, 13803.
image skeletonisation
thinning, fuzzy set, 03313.
image speckle
image classification, sea ice, SAR, personal computer system, Baltic Sea; 09292.
image straightening
image analysis, automaton, 12636.
image subset
object extraction, area coverage index, fuzzy image, 09098.
image superimposition
raster image, information system, photogrammetric workstation, 07919.
image synthesis
theoretical background, image analysis, 00993.
image texture analysis
ocean wave, wave length, grey level cooccurrence matrix, 08116.
image transformation
lattice, dilation, erosion, mathematical morphology, 07994. parameterisation scheme, morphological statistics, cloud field, physical parameter statistics, 10118.
image unmixing
hydrothermal alteration zone, mineral mapping, vegetation removal, Australia, Queensland; 10391.
image variance
sensor, geometry, vegetation, canopy, 02208.
imager observation
radiometer channel, surface wind speed, sensor, special sensor microwave, North Sea; 13573.
imagery
GIS, overlay, microwave, Canada, Saskatchewan, Melfort; 13846.
imaging
cloud, whole sky dome, cloud cover, 11261. infrared sensor, performance model, scanning, 09175.
imaging geometry
point tracking, time varying image, dynamic image, 09109.
imaging radar
vegetation, active radar system, scatterometer, 12759.
imaging spectrometer
canopy, water stress, conifers, airborne imaging, 13934. ocean parameter measurement, ROSIS, 11596. oceanography, upwelling measurement, resolution imaging, 09259. system specification, data processing, 07906.
imaging spectrometry
airborne imaging spectrometry, mineral exploration, 09193. biophysical character, vegetation canopy, nitrogen fertiliser, 09247. spectral signature, mineral exploration, vegetation stress, 00958.
imaging system
data analysis, monsoon study, monsoon evolution, tropical storm, intraseasonal oscillation, cloudiness, precipitation, 05285.
imaging technique
medical diagnosis, digital radiography, magnetic resonance tomography, 03300.
imbrication
gravity slide, greywacke, turbidite, radiolarian, Permian, Triassic, New Zealand, Wellington Peninsula; 01300. pebble, beach, swash, orientation, Namibia, Algoa Bay, Alexandria; 04707.
immiscible contaminant
unsaturated zone, nonaqueous phase liquid, groundwater contamination, contaminant phase fate, contaminant transport, infiltration, 07573.
immiscible fluid
vapour transport, fluid property, groundwater contamination, volatilisation, remediation effort, mass transfer, nonaqueous phase liquid, aqueous solubility, vadose zone, phreatic zone, solute transport, 07563.
immobile pore water fraction
groundwater flow, infiltration, tillage practice, solute transport, macropore, preferential flow, 13398.
immobile water
solute transport, unsaturated sand column, soil water content, steady flow, unsteady flow, pore water velocity, water exchange, 08765.
immobilisation
pasture, soil zinc concentration, zinc application, New Zealand, South Island, Southland; Otago; 10907. rate estimation procedure, nitrogen-15, fertiliser, mineralisation, 09727. soil sink, ammonium fixation, ammonium release, nitrification, 10882.
immuno assay
bioassay, chromatographic assay, blue-green algae, potable water, cyanobacteria, toxin, surface water quality, cytotoxicity assay, Europe; 00569.
IMO
atmospheric research, WMO, 03009.
imogolite
differential thermal analysis, 01579.
imogolite formation
humic substance, alumino silicate complex, 07342.
impact
cartography, harbour, beach, Spain, Northern Castellon Coast, Vinaroz Harbour; 03590. discontinuous permafrost zone, permafrost, terrain, monitoring, pipeline, buried oil pipeline, Canada, Alberta, Northwest Territories; 05041. Hurricane Hugo, destruction, beach front, digital orthophotography, USA, South Carolina, Sullivan's Island; 13569. mining, mineral resource, manganese, deep sea bottom, nodule, 04766. sea level rise, coasts, 11975. snowfall, snowbelt, operating cost, Canada, Great Lakes, Lake Erie; 11146. woodland clearance, erodible loess, erosion rate, erosion frequency, valley floor storage, soil erosion, UK, England; Wales; 01504.
impact analysis
climate scenario, regional scenario, general circulation model, instrumental data, 07798.
impact assessment
climatic change, crop production, growth model, 11285. dispersion model, caesium-137, nuclear weapon testing site, radionuclide, marine environment, scenario, Pacific, French Polynesia; 11316.
impact assessment score
thermal power plant, air quality, India, Bombay; 11387.
impact basin
ring, radial basin related fault, fault, Mars, Daedalia Planum; 00229.
impact crater
enhanced reflectivity, radar bright crater, Venera 15 and 16 spacecraft, Venus; 07162. MAGELLAN image, Venera 15/16 mission, crater areal distribution, size frequency relationship, Venus; 07154. Magellan radar image, crater, central peak, ejecta, radar albedo, volcanic resurfacing, Venus; 11876. tessarae terrain, weathering, transport, thermochemistry, crater size frequency, aeolian process, resurfacing rate, Venus; 07153. windblown deposit, mass movement, Magellan observation, dielectric constant, slope, ejecta, Venus; 11874.
impact crater morphology
central peak crater, central pit crater, surface rigidity, tectonically degraded terrain, dome crater, solid state volcanism, satellite, Neptune, Triton; 01389.
impact derived sediment
crater, ejected material, terrestrial cratering record, impact ejecta, Venera Lander, surface panorama, global budget, Venus; 07155.
impact ejecta
headward sapping, thermokarst, fluvial valley origin, canyon, ridged lava plain, thrust fault, Mars, Aeolis Quadrangle; 06011. Venera Lander, surface panorama, global budget, impact derived sediment, crater, ejected material, terrestrial cratering record, Venus; 07155.
impact energy
water erosion, rock fragment, soil flume, rainfall simulator, percentage rock fragment cover, raindrop impact, Portugal, Alentejo; 06224.
impact erosion
prediction erosion, soil erosion, surface roughness, rainfall intensity, slope angle, slope length, water erosion, arable field, cause erosion, UK; 08542.
impact feature
crater distribution, Arecibo observation, high resolution radar data, Venus; 02527.
impact minimisation
forestry, recreation, ozone layer, climate change, global warming, ultraviolet radiation, 13637.
impact statement
database development, environmental decision, USA; 11588.
impact study
human environment, climate change, 07794.
impaction
vena contracta formation, aerosol sampling, particle loss, aspiration efficiency, gravitational settling, 06433.
impaction scavenging
cloud drop, ice particle, pollution, wet removal, aerosol, nucleation, 04463.
impactor
aerosol, particle, sampling, chimney stack, pollution, calibration, 00682. inorganic particle, ion, sulphate, nitrate, aerosol, size distribution, accumulation mode, condensation, droplet, USA, California; 06576. principal component analysis, trace metal, sodium, vanadium, manganese, copper, zinc, arsenic, cadmium, lead, inversion, particulate, aerosol, pollution, Switzerland, Berne; 05509.
impedance
biogenic opal, carbonate, upwelling, porosity, Atlantic, ODP Hole 704A; Meteor Rise; 12831.
Imperial Formation
delta, ichnofacies, channel deposit, oyster shell, Pliocene, USA, California, Salton Trough; 02427.
Imperial War Museum
war, military map, 02163.
impermeability theory
potential vorticity, isentropic surface, conservation theory, 10070.

impermeable chalk
fissure system, physical property, yield, groundwater regulation, chalk aquifer, UK, England, Hampshire, Itchen River; Candover Stream; UK, England, Hampshire, Alre River; 07537.
impermeable layer
hydrodynamic dispersion model, groundwater pollution, salt water intrusion, phreatic aquifer, 06346.
impervious layer
drainage condition, inflow rate, karstic water, mine drainage, protective structure, groundwater flow, 07533.
impervious surface
semipervious surface, infiltration, percolation, evaporation, rainfall runoff, rainfall duration curve, rainfall frequency curve, urban catchment, rainfall intensity curve, peak flow, continuous model, linear regression model, 07465.
impinger
diffusion scrubber, nitrogen oxide, ozone, sampling, hydrogen peroxide, USA, California; 02054.
implementation
numerical tool, Nonlinear analysis, soil mechanics, theory, 02545. technology transfer, educational aspect, GIS, 06755. timber management, institutional barrier, cost, government, Canada, New Brunswick; 13827.
implementation cost
mapping, GIS, water management, Canada, British Columbia, Vancouver; 13929.
implementation plan
GIS, utility company, cost benefit analysis, 09125. organisational impact, GIS, USA, Florida; 09123.
implementation practice
corporate GIS, GIS, user need, feasibility study, 13824.
implementational model
structural model, image classifier, classifier, parallel processing, transputer, 13795.
implicit equation model
semi Lagrangian model, primitive equation model, forecasting, 11244.
implicit finite difference formulation
characteristic method, suspended sediment, physical model, flood routing, numerical method, sediment laden flow, clear water flow, hyperconcentrated flow, explicit finite difference formulation, 05150.
impluse radar system
Technical University of Denmark radar, airborne sounding, radar sounding, polar ice, temperate ice, USA, Alaska, Columbia Glacier; Greenland; 10815.
impoundment
landuse change, climate change, hydrologic process, soil water, evapotranspiration, runoff, discharge, soil texture, land cover, biogeochemical cycling, land surface atmosphere interaction, climate modelling, basin model, anthropogenic effect, Africa, Zambezi River; 12275. open water formation, erosion, sediment deposition, wetland fragmentation, hydrologic change, deltaic coast, spoil bank, canalisation, remote sensing, coastal wetland, pond formation, USA, Louisiana, Gulf of Mexico; 05252.
impoundment failure
avalanche, channel system, flood, peak flow, snowmelt, rain on snow event, lake outburst, USA, California, Sierra Nevada; 08691. lake drainage, ice damned lake, Greenland, Sondre Stromfjord; 00629.
imprevious surface
kinematic wave approximation, runoff model, flow resistance equation, surface runoff, 07473.
improved specification
slope hydrology, tropics, slope instability, resistance envelope method, hydrology-slope stability modelling, 13050.
impulse response
space series, spatial process, 05613.
impure carbonate
isochron technique, total sample dissolution, age determination, Quaternary(Late), carbonate contamination, U series dating, 09552. lacustrine environment, evaporite sediment, theoretical study, U series isochron, total sample dissolution, dating method, radiochemical data, 09553.
impurity
benzene purity, radiocarbon dating, gas chromatographic analysis, 02569.
in cloud
below cloud, absorption, nucleation, scavenging, pollutant, rain composition, convective shower, frontal precipitation, aerosol particle, 06554.
in cloud scavenging
precipitation, hydrometer concentration, winter, scavenging efficiency, wet deposition, aerosol, nucleation, 13710.
In na formula
statistical method, probability plotting position, Cunnane formula, Gringorten formula, EVI distribution, unbiased plotting positions, general extreme value distribution, Arnell et al. formula, 10968.
in phase
lag, temperature, carbon dioxide-climate relationship, air dating, carbon dioxide, variation, firn densification, Antarctica, Vostok; 11915.
in situ
S wave measurement, lacustrine silty clay, soil S wave velocity, numerical analysis, Italy, Fucino Valley; 03782.
in situ alteration
eolian dust, loess, opal-A/X-ray amorphous phase, micromorphological technique, silicification process, calcareous pan, duripan, USA, Idaho; 12016.
in situ calibration
calibration, neutron moisture meter, lateritic soil, heterogeneity, soil moisture content, Australia, Western Australia; 02896.
in situ density
piezocone penetrometer, flat dilatometer, dune, calibration test, sand, Canada, Quebec, Ottawa River; 13047.
in situ determination
formation density, ice volume distribution, permafrost mound, gravimetric data, topographic data, gravity estimation, volume ice fraction, discontinuous permafrost, Canada, Quebec; 01455. radon-222, groundwater, soil, 04002.
in situ measurement
nitrous oxide emission, biomass, burning, 09030. remote sensing data, coastal water quality, water quality, data measurement integration, oceanographic research, Ligurian Sea; 09276.
in situ potentiometry
pH determination, redox measurement, reference electrode, hydrogen sulphide detection, lake water chemistry, liquid junction, Israel, Lake Kinneret; 05188.
in situ property
liquefaction behaviour, earthquake loading, earthquake, pore pressure, lateral stress, Beaufort Sea; China, Ying Kou City; 03768.
in situ soil test
stiffness, soil stiffness, lateral stress, 03778.
in situ stress measurement
flatjack technique, doorstopper technique, horizontal stress, neotectonic faulting, stress measurement, tectonic interpretation, UK, England, Gloucestershire, Daglingworth Quarry; 08361.
in situ study
road, reinforced, geotextile, full scale, 03792.
in situ test
pore water stress, piezocone penetration, clay, cone penetrometer, fissuring, 04908. retardation factor, contaminant migration, remediation scheme, groundwater contamination, 07570.
in situ testing
classification system, frost susceptibility, swelling, soil property, behaviour prediction, soil behaviour, test data, 13041. electrical resistivity cone, groundwater contamination study, groundwater quality, contamination, plume, Canada, British Columbia; 06025. paper review, piezocone, statistical method, 13044. piezocone, dilatometer, soil investigation, cone-piezocone penetration test, pressuremeter testing, 13042. screwplate test, triaxial compression test, Danish Code of Practice, strength, sand, Denmark, Sollerod; 03823. static penetration, large diameter, borehole, instrument, Spain; 03787. swelling soil, international conference, soil mechanics, laboratory strength, deformation testing, pressuremeter testing, 06018.
in situ weathering
comminution, fracture pattern, grain release, physically weathered rock, granitic rock, microfracturing, quartz, 01480.
in stream habitat
biota, catchment area, morphology, water storage capacity, transmissivity, slope, hydraulic characteristics, water velocity, flow variability, New Zealand; 10983.
in-situ measurement
aircraft measurement, remote sensing, satellite observation, pollution, emission, aerosol, 00935.
in-well flow
vertical flow, dispersion, dilution, saline slug, electrical conductivity logging, in-well tracing, groundwater flow, contaminant migration, transmissive fracture, 00594.
in-well tracing
groundwater flow, contaminant migration, transmissive fracture, in-well flow, vertical flow, dispersion, dilution, saline slug, electrical conductivity logging, 00594.
incense trade
satellite picture, irrigation area, oasis, Saudi Arabia; 08076.
Inceptisol
cadmium, lead, soil development, Entisol, Italy, Bologna, Northern Apennines; 00473. leaching, nitrate leaching, acid soil, tropics, anion exchange, exchange capacity, Oxisol, Alfisol, Ultisol, South America; Africa; Asia, (Southeast); 07365. release kinetics, potassium, diffusion coefficient, non exchangeable potassium, cation saturated resin, Vertisol, Alfisol, India; 08633.
incidence angle
topography, forested region, SEASAT, SAR, 02217.
incident irradiance
photosynthetic rate, phytoplankton, primary production, multiple linear regression, Pacific; 03465.
incinerator
pollution, chemical plant, emission, control equipment, Denmark, Jutland, Cheminova; 11366.
incipient runoff curve
infiltration, rainfall runoff model, point infiltration model, small basin, semi arid area, runoff storage, soil type, surface retention, antecedent soil moisture, separation curve, USA, Wyoming; 09792.
incised channel
stratigraphic trap, Miocene, Afam Clay, channelling, hydrocarbon, Nigeria, Niger Delta; 12946.
incised meander
meander morphology, valley topography, tectonic tilted block, terrace, floodplain, USSR, Amur River, Korsakovsky Krivuny; 08334. Pleistocene, gravel, fluviatile Pleistocene, Devensian, glacial limit, pebble, terrace, aggradational unit, UK, England, Wye River; 13168. rapid tectonic uplift, weathering, uplift, abandoned channel, Korea(South); 04890.
incision
aggradation, floodplain, palaeohydrological development, temperature, precipitation, evapotranspiration, fluvial history, braided river, meandering channel, Netherlands, Mark Basin; 10677. aggradation, river terrace, flood plain, evapotranspiration, postglacial history, glacioisostatically adjustment, palaeohydrology, Finland, Ivalojoki River; Oulankajoki River; 11848.
incision rate
carbonate rock, migration, river course, late Cenozoic, bedrock control, high level stream gravel, USA, Virginia, New River; 05998.
inclined surface
nomograph, rain gauge correction factor, rain, precipitation assessment, effective precipitation, oblique rain, 02834.
incompatible storm data
random effect probability model, parameter bias, hydrograph, model parameter, runoff routing model, 00519.

incremental approach
developing country, GIS, Saudi Arabia; 11625.
incremental constitutive equation
numerical technique, stress strain response curve, laboratory experiment, undrained triaxial compression, linearised integration technique, 08384.
incremental dynamic programming
Fibonacci search method, multi-objective decision making, water resource management, reservoir operation, search beam method, 02976.
incubation
root, plant, methane, oxidation, peat sediment, USA, Florida Everglades; 03642. soil solution, soil solution composition, drying, 03992.
incubation effect
resin-extractable nutrient, calcium, magnesium, phosphorus, potassium, microbial activity, Haploboroll, microwave-radiation treatment, USA, Montana; 12095. resin-extractable nutrient, nitrate, ammonium, sulphur, Haploboroll, microwave-radiation treatment, microbial activity, USA, Montana; 12094.
incubation technique
carbon-bonded sulphur, sulphur mineralisation, sulphur, New Zealand; 12125.
independent
database, relational model, 04544.
index
surface air temperature, Southern Oscillation index, Blinova index, circulation, Northern Hemisphere; 00706.
index cycle
teleconnection, angular momentum, 08909.
index map
map based computerised system, geographic information, 03377.
index method
flood frequency analysis, tropical catchment, flood peak prediction, data paucity, New Guinea, Sepik Basin; 05130.
index sequential method
reservoir storage, exceedance probability, parameter estimation, AR(1) log normal model, hydrological sequence, stream flow, historical sequence, USA, California, Colorado River; Lake Powell; USA, California, Lake Mead; 13310.
index weathering
soil, silicate rock, aluminium, heavy mineral, paleosol, zircon, 09619.
indexing
kaolinite, mica, clay mineral, chlorite, crystal structure, 12992.
indexing algorithm
file, sheetless database, digital database, 01057.
Indian cartography
cloth map, indigenous map, India; 08029.
Indian monsoon
monsoon rainfall, meridional wind index, regression analysis, prediction, summer monsoon, India; 12472.
Indian summer monsoon
monsoon, coastal upwelling, planktonic foraminifera, sea surface temperature, thermocline, marine sediment, upwelling field variability, data-model comparison, global circulation model simulation, Indian Ocean; Middle East, Arabian Sea; 02617.
Indian summer Southwest Monsoon
coastal upwelling, palaeoproductivity, uranium series radiochemistry, spectral analysis, monsoon, deep sea core, Arabian Sea; 09568.
indicator bacteria
groundwater contamination, ion chemistry, karst aquifer, residence time, water chemistry, reducing condition, fertiliser, nitrate concentration, USA, Kentucky, Inner Bluegrass Karst Region; 07559.
indicator boulder
till stratigraphy, morainic plateau, glacial spillway, Eemian, pollen analysis, glaciofluvial channel, Germany; 11957.
indicator erratic
ice-flow pattern, historial review, dispersal, Belcher Island erratic, flow pattern, Laurentide ice, erratic, Keewatin ice, Hudson dome concept, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.
indicator kriging
indicator transform, kriging, probabilistic analysis collapsing soil, USA; 03731.
indicator organism
pH, scaled chrysophte, lake water quality, biological monitoring, USA, Connecticut; 02855.
indicator power
saprobity index, Pantle and Buck index, surface water quality, biological index, water quality index, statistical method, jacknife, bootstrap, 05201.
indicator species
organic matter, sewage, environmental quality, water quality, UK, England, Humber Estuary; North Sea; 00039.
indicator tracing
field method, glacial indicator, till survey, ice flow, till fabric, stone count, transport distance, geophysical method, Finland; 07237. glacial dispersal pattern, ice flow direction, transport distance, glacial dispersal train, 06115. ore deposit, glacial indicator, glacial movement, 07222.
indicator transform
kriging, probabilistic analysis collapsing soil, indicator kriging, USA; 03731.
indigenous knowledge
soil erosion, technology limitation, adoption, soil conservation, mechanical soil conservation technique, West Indies, Jamaica; Kenya; Lesotho; Malawi; Swaziland; Sierra Leone; 03946.
indigenous map
Indian cartography, cloth map, India; 08029.
indirect measurement
agar contact method, pH, 03997.
indirect tensile strength
unconfined compressive strength, tensile strength, soil structure, soil deformation, 13220.
Indo Gangetic plain
Landsat TM, false colour, sodicity, India, Uttar Pradesh; 11539.
indoor aerosol
nuclear aerosol, climate, volcanic aerosol, ozone depletion, nuclear warfare, aerosol, 03165.
indoor air quality
air quality model, ozone level, ozone peak concentration, indoor outdoor ratio, 10176.
indoor outdoor ratio
indoor air quality, air quality model, ozone level, ozone peak concentration, 10176.
indoor pollution
air quality monitoring, sampling, sorbent cartridge sampling, gas chromatography/mass spectrometry, air monitoring strategy, personal exposure, volatile organic compound, USA, California, Los Angeles County; 03217. alpha-scintillometer, sampling, soil gas, radon, USA, Maryland, Prince Georges County; 00840. radium, radon, gamma radiation, USA, (Northwest); 00838. radium, uranium, radon, USA, California; 00839. radon, barometric pressure, soil, 00837.
indoor research facility
erosion, research facility, image processing technique, rill, 09632.
indoor:outdoor ratio
aerosol, inorganic acidic aerosol, sulphur dioxide, nitric acid, 10178.
induced earth tremor
flood characteristic, erosion, surging, sedimentation, Nepal, Kali Gandaki River Valley; 05147.
induction logging
invasion radius, tracer, hydraulic conductivity, porosity, aquifer formation, aquifer depth, groundwater flow, electrical tracer, 01710.
induction time
nonstationary homogeneous nucleation, phase formation, condensation, deposition, freezing, delay time, transient time, effective time lag, 03108.
inductively coupled argon plasma spectroscopy
liquid ion chromatography, sulphur, soil sulphur, USA, Great Plains; 07410.
inductively coupled plasma-mass spectrometry
organometallic complex, metalloporphyrin, iron porphyrin, organic matter, shale, 02485.
indurated soil material
permeability, strength moisture relation, hydraulic conductivity, tepetate, reclamation, Mexico; 07423.
industrial activity
environmental condition, remote sensing, turbidity, classification technique, Japan, Seto Inland Sea, Kanmon; Hiroshima Bay; 09483. nineteenth century, county map, rural industry, UK, Wales; England; 01074.
industrial application
knowledge base, 04554.
industrial area
diurnal cycle, complex terrain, sea breeze, local breeze, breeze effect, emission, diffusion, Italy, Genoa; 11199.
industrial development
GIS, environmental hazard, environmental contamination, ecological sensitivity, Canada, Ontario, Niagara Falls; 01149.
industrial discharge
heavy metal, copper, ion selective electrode, pH, oxygen, anthropogenic source, lake water, Italy, Lake Orta; 09480.
industrial discharge control
water quality management, environmental clean-up, biological treatment plant, Turkey, Istanbul; 00659.
industrial drainage
titanium, soil pollution, SEM, Italy, Tuscany; 02800.
industrial dust
agricultural plant, plant stress, pollution, 06875.
industrial effluent
phytoplankton production, river pollution, surface water quality, India, Periyar River; 01692.
industrial emission
basin sedimentation, plutonium, organic matter, runoff process, Sweden, Gulf of Bothnia; 09384. clear cutting, hydrological regime, stream flow, surface water regime, runoff, acid rain, atmospheric deposition, deforestation, forest catchment, Czechoslovakia, Jizera Mountains; 06390. ozone, air quality, photosmog modelling, pollution, hydrocarbon, nitrogen oxide, emission, power plant emission, 00853.
industrial environment
stone deterioration, pollutant, tombstone, marble, weathering, Australia, New South Wales, Port Kembla; 12023.
industrial measurement
surveying engineers, USA; 02087.
industrial metrology
linear feature, 05571.
industrial mineral databank
mineral indication databank, relational database management system, Geological Survey of Finland, ore deposit databank, Finland; 12716.
industrial photogrammetric technique
analytical stereoplotter, nuclear plant measurement, 08134.
industrial photogrammetry
photogrammetry, precision, 04482.
industrial planning
regulatory purpose, air quality, sampling, Australia, Latrobe Valley; 03254.
industrial pollutant
neutron activation analysis, chromium, cadmium, alkali, groundwater quality, potable water, water quality analysis, India, Patiala; 02920. organic water quality, groundwater contamination, chlorinated solvent, potable water, UK, England, Birmingham; 01730. PAH, groundwater pollution, surface water pollution, Poland, Sudety Mountains; 08784. pollution load, chloride, chloride decrease, lake water quality, pollution control, North America, Great Lakes, Lake Erie; 02857. surface water contaminant, gas chromatography-mass spectrometry, phthalate ester, UK, England, Greater Manchester, Irwell River; Etherow River; 01679. surface water contamination, groundwater contamination, lead, contam-

inant transport, 02827. surface water contamination, land pollution, agricultural pollutant, urban area, anthropogenic impact, Nigeria, Owerri, Otamiri River; Nwaore River; 08732. surface water quality, groundwater contamination, geopollutant, ionic concentration, biochemical oxygen demand, dissolved oxygen, chemical oxygen demand, surface water groundwater interaction, petroleum exploration, India, Godavary River; 11023. tracer, evaporation, atmospheric transport, halocarbon, estuary, 00502. urban development, groundwater pollution, hydrogeochemical study, environmental protection, India, Andhra Pradesh, Visakhapatnam; 12250. waste water treatment, iron, copper, magnesium, cadmium, lead, groundwater contamination, heavy metal, India, Aligarh City; 06369. water quality conservation, pollution control, water quality management, Sweden; Netherlands; 13467. water quality parameter, stream classification, water purification, surface water quality, agricultural non-point source pollutant, France, Garonne River; 02878.

industrial production
map, geologico economic map, 09300.

industrial source
environmental planning, urban region, sulphur dioxide, Gaussian model, India, Hyderabad; Mangalore; India, Nagpur; 07878. soil, heavy metals, pollution, China, Shanghai, Baoshan-Wusong; 02768.

industrial waste
biological indicator, water quality, toxicity, landfill, leachate, surface water contamination, groundwater contamination, 00570. groundwater quality, cyanide, salt, pollutant migration, biogeochemical cycle, 07553. river water quality, fish population, PAH, Salmonella, chemical mutagen, USA, West Virginia, Kanawha River; 08198. soil contamination, crop contamination, irrigation, heavy metals, USSR, Tomanyan Rayon; 01561.

industrial wastewater
surface water quality, urban runoff, organic carbon, dam, reservoir outfall, sewage treatment, run off, oxygen, organic compound, Canada, Alberta, Bow River; 00560.

industrial zone
deposition chemistry, formic acid, atmospheric deposition, acetic acid, formaldehyde, organic compound, fog water chemistry, wood burning community, USA, Oregon, Corvallis; 12150.

industrialisation
anthropogenic discharge, pollutant, sewerage, monsoon, suspended solids, heavy metal, India, Bombay, Thane Creek; Ulhas River; 12906.

industry
academic community, GIS, government, Canada; 13806. contamination, trace element, river flow, transport process, metal load, salinity, bivalve, Corbicula, USA, California, San Francisco Bay, Suisun Bay; Sacramento River; USA, California, San Francisco Bay, San Joaquin River; 04838. eastward movement, low frequency wave, system interaction, ridge, trough, 12394. flux grade, limestone, Bandah Formation, Khuiala Formation, Eocene, India, Rajasthan, Jaisalmer; 05889. knowledge base, 04562. mapping, surveying, educational model, 04468. meteorological service, economic benefit, hydrological service, forecasts, information technology, 07612. organic matter, contaminant, PAH, smelting, sedimentation rate, Canada, Quebec, Saguenay Fjord; 00103. three dimensional imaging, photogrammetry, 04535.

industry change
Intel microprocessor 80386, GIS trend, 08000.

inertia
geosystem, polessie, alluvial plain, floodplain, stability, USSR, Meshchera Lowlands; 13007.

inertia gravity wave
mountain wave drag, complex terrain, Boussinesq flow, 04283.

inertial measurement
autofocus parameter, SAR platform motion, motion compensation, SAR, 10253.

inertial oscillation
low level jet, sea breeze arrival, katabatic effect, dry season, savanna site, barotropic result, Australia; 13515. sea breeze, dry season, savanna site, boundary layer process, Koorin experiment data(1974), surface flux, heat flux, stress, Australia; 08871. surface wind, kinetic energy spectra, inertial period, 06489.

inertial period
inertial oscillation, surface wind, kinetic energy spectra, 06489.

inertial surveying
strapdown technology, surveying, 02086.

inertial system
precise surveying, kinematic position determination, GPS, 06715.

inertial technology
surveying, geodesy, production environment, strapdown technology, 03284.

inexpensive upgrade
liquid scintillation equipment, radiocarbon dating, remote computer control, Packard Instrument Tri-Carb 460C LSC, 02578.

inference system
expert system, GIS, terrain analysis, minefield site, 08143.

infill
Quaternary, sedimentary fill, Alpine valley, gravity modelling, bedrock topography, glacial trough, Switzerland, Alps; 02640.

infiltrability
crust development, soil crust, Aquic Hapludalf, structural crust, depositional crust, France, Paris; 08566.

infiltrability index
storage, runoff modelling, snowmelt runoff, infiltration, frozen soil, variable source area model, lake water, discharge hydrograph, snowmelt temperature index model, drainage network, Canada, Quebec; 01746.

infiltrating water
glacial sediment, carbon dioxide retention, carbon exchange, unsaturated, Quaternary sediment, eolian sediment, radiocarbon age, USA, Illinois, Sheffield; 03849.

infiltration
aggregate stability, rainfall energy, dispersion test, soil aggregate, soil stability, Australia, South Australia, Mount Lofty Ranges; 12054. Alpine stream, peak flow, stream discharge, catchment geology, surface water groundwater exchange, aquifer recharge, sackung, runoff characteristic, Switzerland, Poschiavo, Varuna; 08693. antecedent moisture condition, variable source area, return period, environmental water, transpiration, interception, photosynthesis, respiration, precipitation, soil water, groundwater, watershed hydrology, hydrological cycle, water movement, water storage, evaporation, condensation, 10963. bedrock, leakage, groundwater recharge, ephemeral stream, dam, river regulation, resource management, storage capacity, Cyprus; 09932. Cecil soil, organic matter, aluminium, acidic solution, forest soil, calcium sulphate, leaching solution, 12075. clay, gley, biochemical method, 12975. collapse cavity formation, runoff, sediment transport, erosion, surface collapse, waste disposal, landfill site, surface hydrology, radioactive waste, USA, Illinois, Sheffield; 11092. contour tillage, silt loam soil, cropping pattern, agriculture, water management, water conservation, runoff, 12273. crusting, soil characteristic, water balance model, soil wetting index, rainfall runoff relationship, surface characteristic, runoff estimation, vegetation cover, Mali, Kassela; Senegal, Thysse Kaymor; 12237. cumulative infiltration, ponded infiltration, saturated hydraulic conductivity, sorptivity, tillage, 00385. denudation rate, climate, fluvial soil loss, global scale, erodibility, sediment yield, relief, erosion rate, stream power, slope gradient, precipitation, 01374. diffusivity, hysteretic soil, unsaturated flow, groundwater flow, stochastic differential equation model, erratic infiltration, 00582. drainage flow, frost, surface runoff, percolation, snow, soil frost, flow path, frozen soil, soil water-heat model, Sweden; 13437. drainage, evaporation, wateruse efficiency, soil water balance, plant physiology, soil characteristic, crop wateruse, water management, soil water movement, Africa, Sudan; Sahel; 12290. ecological impact, groundwater recharge, potable water, artificial recharge, dune, recharge, deep well, Netherlands, North Holland Dunes Area; 07576. erosion, water droplet energy, soil amendment, 03933. evaporation, drainage, soil water content pressure head relationship, soil water characteristic, hydraulic conductivity pressure head function, hillslope hydrology, soil hydraulic property, hysteresis, 11043. evaporation, fen, water balance, soil moisture change, hydrological process, permafrost environment, gamma density meter, moisture storage, melt water, 13438. evaporation, grassland, soil water balance, neutron probe, water content, surface runoff, Niger, Ibecetene; 12233. evaporation, lysimeter, permeability, oasis, suspended sediment, recharge, groundwater resource, Mali, Air Mountains, Agrar Egalan; 13407. frozen soil, variable source area model, lake water, discharge hydrograph, snowmelt temperature index model, drainage network, infiltrability index, storage, runoff modelling, snowmelt runoff, Canada, Quebec; 01746. frozen soil, variable source model, mountain basin, runoff production, China, Qilian Mountains, Binggou Basin; 08687. grassland ecosystem, prairie ecosystem, grazing, Canada, Alberta; 13442. Green and Ampt equation, wetting front, hydraulic conductivity, viscosity, matric potential gradient, cumulative infiltration, transmission zone saturation, temperature dependence, ponded infiltration, 13403. groundwater contamination, surface water groundwater interaction, trace metal, colloid, contaminant transport, filtration technique, Switzerland, Glattfelden, Glatt River; 07568. groundwater flow, soil characteristic, macroporosity, saturated hydraulic conductivity, tillage practice, 06336. groundwater recharge, harvester ant, soil moisture pattern, rangeland, USA, Idaho; 02893. groundwater supply, soil conservation, water conservation, available soil moisture, filtering dyke, water balance, crop yield, sedimentation, Burkina Faso, Rissiam Region; 12281. Guelphs model, matric potential, unsaturated soil, hydraulic conductivity, constant head permeameter, well permeameter, Philips model, 09842. hydraulic conductivity, soil water potential, tensiometer, soil moisture movement, drip irrigation, Mauritius; 09847. hydraulic conductivity, unsaturated zone, groundwater flow, diversion capacity, capillary barrier, 08767. hydrogeological study, evapotranspiration, residence time, environmental isotope, groundwater recharge, fissured aquifer, groundwater circulation, isotopic technique, Burkina Faso, Sudan Shield; 00598. immiscible contaminant, unsaturated zone, nonaqueous phase liquid, groundwater contamination, contaminant phase fate, contaminant transport, 07573. interception loss, rangeland, experiment, Water Erosion Prediction Project, vegetation canopy, USLE, runoff, soil erosion, canopy cover, USA; 13205. interstitial clay, Sergi Formation, surface water, Jurassic, porosity, permeability, hydrocarbon reservoir, Brazil, Reconcavo Basin; 05801. irrigation scheduling, water repellency, groundwater flow, unsaturated zone, wetting agent, irrigation water management, 00578. karst aquifer, groundwater flow, water quality, recharge, bicarbonate:calcium ratio, France, Fous-soubie Karstic System; 11078. land cover, runoff hydrograph, rainfall runoff relationship, rainfall distribution, interception, evapotranspiration, Poland, Carpathian Mountains, Trzebunka; 06282. lateral flow theory, hillslope hydrology, gravity driven flow, unsaturated flow, boundary layer flow, macropore, hydrological hillslope process, kinematic wave, 11044. leaching, fertiliser, nitrogen, pine plantation, nitrate, ammonia, 00386. loess, tilled soil response, wetting, rainfall, soil erodibility, overland flow, Netherlands, South-Limbourg; 01512. melt water, water balance, sandy aquifer, groundwater recharge, groundwater resource, soil moisture, evapotranspiration, lysimeter, infiltration capacity, Finland, Hyryla; 05251. micromorphology, rock flow, rock mulch, saturated hydraulic conductivity, surface sealing, vesicle, hydrological response, soil surface, rainfall, cover, rock fragment, 03930. neutron moisture meter, tensiometer, gypsum block, saturation zone, soil water storage, forest hydrology, hillslope hydrology, soil water dynamics, fine textured soil, Australia, Western Australia; 02902. neutron moisture meter, tensiometer, gypsum block, soil water storage, soil water dynamics, jarrah forest, hillslope transect, coarse textured soil, Australia, Western Australia; 02901. Oxisol, soil amendment, lime, gypsum, clay dispersion, Brazil; 13261. peak discharge, runoff volume, drainage basin, arid region, model calibration, model verification, channel flow, rainfall runoff model, kinematic wave routing, overland flow, soil moisture, Saudi Arabia; 09810. percolation, evaporation, rainfall runoff, rainfall duration curve, rainfall frequency curve, urban catchment, rainfall intensity curve, peak flow, continuous model, linear regression model, impervious surface, semipervious surface, 07465. percolation, overland flow, runoff generation, rilling, sedimentation, slope length, erosion, deposition, Horton runoff volume, surface sealing, headcut

incision, colluvial fan formation, 05125. permeability, frozen soil, soil moisture content, forest soil, 02956. planar slope, anisotropy, hillslope, 08391. ponded condition, predictive equation, infinite diffusivity near saturation, 04113. ponded water, surface microrelief, rainfall energy, surface crust, surface roughness, 01700. precipitation, interception, unsaturated zone model, groundwater flow model, flow characteristics spatial variation, evapotranspiration, Netherlands, Hupselse Beek; 06337. rainfall runoff model, point infiltration model, small basin, semi arid area, runoff storage, soil type, surface retention, antecedent soil moisture, separation curve, incipient runoff curve, USA, Wyoming; 09792. rainfall simulation, micromorphology, crust morphology, porosity, USA; 01584. rainfall simulation, surface crusting, soil crust, crusting process, rainfall kinetic energy, alluvial soil, ORSTOM, 72 Route d'Aulnay, 93134 Bondy Cedex, France; 13294. rangeland catchment, geostatistical technique, steady state infiltration, rainfall-runoff model, spatial variability, 01705. rangeland catchment, Horton overland flow, Dunne overland flow, rainfall-runoff model, overland flow, 01652. Richards equation, layered soil, groundwater flow, unsaturated-saturated flow, 04107. road construction, sodium, ion exchange, redox reaction, oxidation, salt water intrusion, sea sand, heavy metal, groundwater quality, 07550. runoff factor values, ungauged basin, flood estimation, peak discharge estimation, runoff coefficient, unit hydrograph, hydrograph characteristic, rainfall depth, slope, Africa, Sahel; 06293. runoff hydraulics, hydraulic resistance, microchannel flow, sheet flow, laminar flow, turbulent flow, water flow velocity, flow depth, hillslope hydrology, overland flow, 11001. runoff, drainage, water balance, interception, Africa, Sudan; Sahel; 12143. runoff, soil moisture content, erosion control, sandy soil, soil surface, Burkina Faso, Yatenga Province, Bidi Village; 06424. runoff, vegetation cover, faunal activity, surface roughness, surface crust, tillage, soil surface characteristic, remote sensing, surface classification, surface mapping, surface hydraulic parameter, rainfall simulation experiment, Africa, Sahel; 06292. runoff, water quality, silviculture, grazing treatment, longleaf pine forest, interrill erosion, nitrogen, phosphorus, USA, Louisiana, Kisatchie National Forest, Vernon District; 01499. saturated hydraulic conductivity, permeability, hydraulic conductivity, chalk, groundwater flow, unsaturated zone, piezometer, shallow weathered chalk, UK, England, Norfolk; 07522. sealing soil, soil permeability, numerical model, rainfall characteristic, seal formation, raindrop impact, rainstorm intensity, rainfall energy, 08766. sediment production, soil surface condition, shrubland, rainfall simulator, desert pavement, infiltration rate, soil erosion, soil crust, Torriorthent, Argentina, Patagonia; 01500. snow melt, soil erosion, runoff measurement, experimental plot, rainfall intensity, redeposition, Hungary, Gaja Valley; 08549. soil characteristic, crust, morphogenetic classification, runoff, surface condition, 12226. soil crust, cumulative infiltration, low permeability layer, water absorption, soil water characteristic, hydraulic resistance, wetting front, inverse method, groundwater flow, 13402. soil moisture storage, rainfall spatial distribution, evaporation, groundwater recharge, urban catchment, rural catchment, mathematical model, semi arid area, rainfall runoff modelling, model applicability, soil type, topography, rainfall pattern, Tunisia; 06295. soil moisture, groundwater table, evaporation, hysteresis, consumptive wateruse, evapotranspiration, recharge, groundwater extraction, water management, irrigation water management, runoff yield model, China; 11122. soil property, groundwater flow, diffusion model, constant pond depth, sorptivity, absorption model, saturated unsaturated flow, 08763. soil water conservation, agricultural practice, tillage, macroporosity, 05247. soil water content, variance spatial analysis, geostatistical technique, groundwater flow, double ring infiltrometer, 09839. soil water redistribution, Richards equation, convection dispersion equation, preferential flow path, unstable flow, groundwater flow, coarse textured soil, solute transport, water repellent soil, unsaturated flow, 09837. soil water regime, furrow irrigation, agricultural crop, irrigation water, 09730. soil water relation, topography, soil water distribution, water availability, soil physical property, surface curvature, precipitation catch, clay content, USA, West Virginia, Central Appalachia; 06330. soil water, tracer technique, unsaturated hydraulic conductivity, recharge rate, solute transport, heat transport, groundwater recharge, mobile water content, water flux, 07524. solute transport, unsaturated zone, boundary fitted grid method, Richards equation, Fickian equation, soil moisture, hydraulic head distribution, flow velocity, capillary fringe, overland flow, S shaped basin, 13404. stochastic model, groundwater flow, heterogeneous aquifer, unsteady head field, water table response, head variance, 09892. stone cover, semiarid hillslope, gravel, hillslope hydrology, vegetation cover, rainsplash, overland flow, organic matter, rainfall-runoff modelling, USA, Arizona; 13321. subsurface flow, road construction, logging, flow regime, hydrograph, storm runoff, streamflow, lag time, USA, California, Caspar Creek; 04152. surface runoff, spatial variation, throughflow, erosion, vegetation cover, soil characteristic, rainfall simulator, France, Mount Lozere; 01645. surface runoff, topography, seal development, crust formation, slope, hillslope hydrology, surface sealing, 11000. tensiometer, piezometer, overland flow, saturated lateral flow, groundwater flow, inter flow, groundwater discharge, stream flow generation, fissure, joint, flow path, 05127. tension infiltrometer, unsaturated infiltration, wheel traffic, tillage, 00391. throughfall, soil water chemistry, forest hydrology, runoff water quality, acidification, surface water quality, nitrogen, precipitation chemistry, 06391. tillage effect, Krasnozem, aggregation, Australia, Queensland, Atherton Tableland; 02754. tillage practice, solute transport, macropore, preferential flow, immobile pore water fraction, groundwater flow, 13398. two layer soil, layered system, groundwater flow, flux boundary condition, numerical model, Richards equation, layer interface, 11038. unsaturated zone, chemical evolution, computer program, groundwater chemistry, Brazil, Sao Paulo; 05233. unsaturated zone, groundwater contamination, vapour phase transport, dispersion, solute transport, volatilisation, organic compound, 11076. water chemistry, preferential flow, hillslope hydrology, flow path, stream flow chemistry, acidification, soil water through flow, stem flow, throughfall, canopy effect, UK, Scotland, Loch Ard; Allt a'Mharcaidh; 13316. water resistant screen, mine drainage, open cast mine, subsurface drainage, Yugoslavia, Kostolac, Cirkovac; 04109. water table rise, waterlogged soil, runoff, seepage, hydraulic gradient, pseudogley, water balance, soil hydrology, forest hydrology, soil moisture content, soil water potential, Germany, Hunsruck/Rhineland Palatinate; 01623. wetting front, neutron moisture meter, temporal variability, soil moisture storage, moisture retention, moisture profile, Burkina Faso; 06332.

infiltration capacity
cone penetration hardness, slope form, rock control, cross section, valley, coastal terrace, Japan, Hokkaido, Funka Bay; 02507. infiltration, melt water, water balance, sandy aquifer, groundwater recharge, groundwater resource, soil moisture, evapotranspiration, lysimeter, Finland, Hyryla; 05251. Issars method, comparable hydrogeological provinces method, regionalisation technique, remote sensing, groundwater recharge, arid region, semi arid region, water resource management, artificial recharge, 09928. sandy soil, weeding, rainfall intensity, storm duration, total rainfall, runoff rate, rainfall intensity threshold, soil surface, water storage capacity, rain drop impact, Africa, Sahel, Yatenga Region; 12227. v-shaped valley, headward erosion, mechanical strength, slope evolution, valley side slope, rock property, hilly land, rock hardness, tensile strength, Schmidt rebound, Japan, Hokkaido, Shiranuka Hill; Soya Hill; 08402.

infiltration characteristic
land reclamation, salinity, flood sediment, arid region, leaching requirement, gypsum requirement, sodium adsorption ratio, India; 01754.

infiltration class
unit hydrograph, flood flow, runoff depth, precipitation depth, runoff coefficient, surface hydrology, arid area, semi arid area, rainfall runoff relationship, basin characteristic, Africa; 06288.

infiltration equation
inverse problem, one dimensional infiltration, groundwater flow, diffusion equation, Fokker Planck equation, unsaturated flow, saturated conductivity, 06342. simulated rainfall, arid area, semi arid area, soil surface deterioration, runoff production, Niger; Burkina Faso; 06291.

infiltration measurements
molarity of an ethanol droplet technique, carbon content, groundwater flow, unsaturated zone, water repellency, wetting, abrasion, 00577.

infiltration model
rainfall duration, saturation permeability, rainfall intensity, Burkina Faso; 12228.

infiltration parameter spatial variability
measuring network, soil moisture measurement, Germany; 06338.

infiltration rate
alfalfa, cotton, soil compaction, tilled soil, no-till soil, macropore, 00590. chemical transfer, runoff, rainfall impact, diffusion, soil adsorbed chemical, 00587. earthworm, Sierozem, agrochemical property, hydrophysical property, USSR, Chimkent Oblast; 09710. flood hydrograph, rainfall characteristics, hydrograph estimation, geomorphologic rainfall-runoff model, flash flood, hyetograph, catchment morphology, arid catchment, slope, Saudi Arabia; 00513. groundwater flow, unsaturated zone, exchangeable potassium, hydraulic conductivity, South Africa; 00579. groundwater level, seepage, unsaturated soil, homogeneous soil, layered soil, boundary conditions, model sensitivity, soil moisture profile, soil moisture movement, hydraulic conductivity, 02897. groundwater recharge, aquifer recharge, unsaturated zone, 00584. groundwater recharge, evaporation, Lysimeter, drainage evolution, Spain, Barcelona, Valles Occidental; 00573. infiltrometer, groundwater flow, solute transport, leachate, compacted layer, clay subsoil, 12259. infiltrometer, permeameter, hydraulic conductivity, wetting front, soil property, vadose zone, groundwater flow, steady state infiltration, 00583. iron oxyhydroxide, hydraulic impedance, carbonate precipitation, surface runoff, artificial recharge, groundwater recharge, grain cementation, soil capping, clay deposition, clogging, 11033. Kennessey method, runoff coefficient, aquifer recharge, mountain basin, Italy, Umbria Marche, Cucco Mountain; 08678. polymer effect, erosion, laboratory, rainfall simulator, 03934. rainfall intensity, surface crust, hydraulic resistance, aggregate size, microrelief, soil crust, 10857. sandy soil, soil water conservation, soil compaction, tillage system, 06385. saturated hydraulic conductivity, soil moisture, moisture transmission, moisture retention, Typic Hapludoll soil, cultivated land, landuse, forest, grassland, available water capacity, organic carbon, bulk density, 11084. seal formation, surface sealing, soil seal, crust, loamy sand, USA, Georgia, Piedmont; Coastal Plain; 10932. sodium-calcium-magnesium soil, soil structure, soil sealing, kinetic energy effect, magnesium, exchangeable magnesium, water drop kinetic energy, 06335. soil disturbance, rainforest, sorptivity, forestry, Malaysia, Sabah; 09913. soil erosion, soil crust, Torriorthent, infiltration, sediment production, soil surface condition, shrubland, rainfall simulator, desert pavement, Argentina, Patagonia; 01500. soil strength, runoff, splash, wash, aggregate stability, crust formation effect, soil erosion process, soil seal, 03931. soil temperature, hydraulic conductivity, groundwater flow, temperature dependent infiltration model, 00586. thunderstorm, soil erosion measurement, plot measurement, runoff, soil loss, Germany; Hungary; 02736. topographic inversion, Fall Zone, eroded upland, Piedmont peneplain, erosion rate, soil, landscape, soil temperature regime, weathering, pedogenesis, erosion, USA, Piedmont; Coastal Plain; 02515. water table response, recharge rate, artificial recharge, unsaturated zone, Iran, Ghazvin Plain; 13406. watershed management, grazing, vegetation, soil type, interrill erosion, Somalia; 11095.

infiltration redistribution
Richards equation, unsaturated flow, heterogeneous media, perturbation approach, effective medium property, groundwater flow, transient flow, 09848.

infiltration ring
disc permeameter, macropore, diffusivity, sorptivity, hydraulic conductivity, ponded infiltration, saturated flow, unsaturated flow, soil hydraulic property, soil water potential, 00585. ponded infiltration, saturated hydraulic conductivity, matric flux potential, hydraulic conductivity pressure head relationship, ring factor, groundwater flow, 11039.

infiltrometer
groundwater flow, solute transport, leachate, compacted layer, clay subsoil, infiltration rate, 12259. permeameter, hydraulic conductivity, wet-

ting front, soil property, vadose zone, groundwater flow, steady state infiltration, infiltration rate, 00583.
infiltrometer test
lithologic composition, vegetation, SPOT, hydrologic forecasting, 08129.
infinite diffusivity near saturation
infiltration, ponded condition, predictive equation, 04113.
infinite element
unbounded domain, radiation condition, wave radiation, scattering, 05786.
infinite impulse response filter
detection, optimal, performance evaluation, 13799.
inflight calibration
AVHRR, desert reflectance, Normalized Difference Vegetation Index, 05565.
inflow hydrograph
reservoir volume, inflow rate, fuzzy inference, reservoir operation, expert system, water resource management, storage reservoir, 09944.
inflow rate
fuzzy inference, reservoir operation, expert system, water resource management, storage reservoir, inflow hydrograph, reservoir volume, 09944. karstic water, mine drainage, protective structure, groundwater flow, impervious layer, drainage condition, 07533. outflow rate, surface water groundwater interaction, groundwater lake system, groundwater exchange, solute transport model, stable isotope plume, flow model, recharge, discharge, USA, Wisconsin; 08773.
inflow river
carbon, nitrogen, phosphorus, discharge, organic matter, production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, nutrient, Japan, Lake Kasumigaura; 11020.
influence approach region
regional flood frequency, flood frequency analysis, stream gauging, gauge network, 08662.
influx anomaly
seepage meter, lake, Canada, Alberta, Narrow Lake; 07490.
informatic requirement
ARGOS system, data collection, station maintenance, station calibration, telemetry, data quality, hydrometric network, Benin; 06265.
informatic technique
water resource management, hydrometeorological data, data acquisition, electronic instrumentation, Africa, Sahel; 06264.
informatics
public policy, information system quality, information system accuracy, GIS, 06749.
information
cadastral plan, numerisation, Switzerland, Vaud; 06795. cartography, cataloguing, 02155. commodity, GIS, market economy, 13822. contour detection, pattern extraction, 10308. database, international directory, global access, 13761. HyperCard, electronic atlas, diffusion, 13865. meteorological service, economic principle, hydrological service, 05286.
information accuracy
urban structure, cognitive map, 11640.
information analysis
data acquisition, GIS, LIS, cartographic principle, local authority, 10317.
information base
teaching, cartography, automated mapping system, GIS, data standardisation, 03353.
information commodification
security commodification, government role, public information, public information access, 09128.
information content
scene dependent radiometry, Thematic Mapper, 07939.
information engineering
data model, structured information, spatial information systems, 01011.
information exchange
access, standards, land information system, Canada, Alberta; 01018.
information guide
water management structure, water resource development, hydrologic information, USGS Water Resources Division Information Guide, water resource, USA; 01771.
information imperfection
catchment nonlinear runoff, grey system appraoch, runoff model, catchment hydrology, data complexity, 09813.
information interchange
survey information, data structure, 06794.
information management
cost benefit, survey information, GIS, 01039. data processing, artificial intelligence, meta knowledge, 03297. GIS, educational initiative, USA; 11412. surveying engineering, education, training, spatial analysis, 01012.
information network
ocean, global management, 13953.
information processing
digital cartography, cartographic data standard, 08055. geomatic, spatial information system, analytical tool, 13872. liability, data inaccuracy, GIS, 01035.
information quality
information revision, GIS, remote sensing, urban land use, 01152.
information questionnaire
mobile bed, sediment, model scaling, 06948.
information requirement
LIS, government, business function, Canada, Manitoba; 13970. planning entity, planning attribute, GIS, planning process, 05761.
information retrieval
database, cartographic data, 04542.
information revision
GIS, remote sensing, urban land use, information quality, 01152.
information science
geographic information value, GIS, cost benefit analysis, economic science, 06754.
information service
user community, education, training, Japan; 07613.
information sharing
GIS, software design, 13825. management, public sector, data sharing, 13835.
information source
bathymetric mapping, cadastral mapping, mapping, 02248. library management, 02152.
information strategy
cadastral mapping, land title, administration improvement, urban cadastral mapping, Thailand; 12817.
information system
biotope, nature protection, inventory, Germany, Darmstadt; Dieburg; 11511. data organisation, regional planning, Botswana; 11626. database, water data, water use data, water resource, water management, USGS Water Resources Division National Water Information System, USA; 01772. ecological mapping, satellite, Germany; 11585. government, public sector, technology transfer, USA; 06942. graphic data processing, data processing, Germany, Rhein-Hessen; 04550. knowledge, artificial intelligence, 04559. landuse, statistical information system, 09138. legal theory, contract, liability, error, 05653. LIS, surveyor, computer system, Italy; 06916. mapping, gully, database, 02201. marine environment, coastal environment, Canada, Bay of Fundy; Gulf of Maine; Canada, Georges Bank; 13955. mediation, object, database, artificial intelligence, 04564. Midwestern Climate Information System, real time information system, climate, USA; 13478. military information, terrain data, navigation system, simulation system, 09136. photogrammetric workstation, image superimposition, raster image, 07919. policy initivative, surface transportation, USA; 10277. pollution management, local scale management, data base, user friendly system, 11365. research methodology, systems methodology, 11491. risk analysis, data security, Switzerland; 11493. survey management, cadastre, coordinated cadastre, Australia, New South Wales; 01146. surveying, mapping, topographic information system, cartographic information system, Germany; 09137. TEMPORA paradigm, database, rule based system, temporal reasoning, 13814. vector system, spatial reference, 06775. water quality management, monitoring, water quality analysis, sampling frequency, data handling, 11125.
information system accuracy
GIS, informatics, public policy, information system quality, 06749.
information system project
private company, RIS, Canada, Manitoba; 13811.
information system quality
information system accuracy, GIS, informatics, public policy, 06749.
information system theory
semiotics, 11492.
information technology
GIS education, curriculum development, 05782. industry, meteorological service, economic benefit, hydrological service, forecasts, 07612.
information theory
ice marginal ramp, Bortensander, mathematical logic, geomorphological proof, glacial landform, proof probability, 08462. maximum negentropy criterium, multivariate information system, data analysis, 01065.
information transmission
database, satellite, GIS, image processing, bandwidth, 13777.
information use taxonomy
geographic information use, iterative process, 06747.
information value
decision making model, weather forecast, climate forecast, 05288. time dependent version, cost-loss ratio situation, decision making, 10165.
informative maps
LIS, land tenure, Belize; 11642.
infra red image
variable pyramid structure, image segmentation, digital image processing, 00985.
infra red radiation
snow, transmissiometer, snowflake, cyclone snow sampler, mass extinction coefficient, visible radiation, 05379.
infragravity wave
edge wave, wave, morphological change, bar, storm, nearshore, Denmark; 02343. storm, continental shelf, sand ridge, wave, sediment transport, Atlantic, Scotian Shelf, Sable Island Bank; 08178.
infrared
airborne spectrometer, laboratory spectra, mineral alteration, Australia, Queensland; 09194. AVHRR, brightness temperature, prelaunch calibration, 03279. brightness temperature difference, optical depth, ice particle, remote sensing, cirrus cloud, lidar, radiative transfer theory, satellite observation, near infrared, 05374. diurnal warming, sea surface temperature, Mediterranean Sea; 11622. image processing, finite state automation, 03337. Landsat TM, NDVI, vegetation index, forest damage, USA, New Hampshire; Vermont; USA, Massachusetts; 09231. MSS, airborne technology, mineral exploration, China; 06825. optical thickness, cumulus, cloud field, 11163. radiometry, thermography, 11563. rain estimation, satellite data, radiation flux, 04208. ultraviolet, remote sensing, ozone, satellite observation, 03145. water vapour, AVHRR, air temperature, 13770.
infrared absorption
chloroacetaldehyde, alkane, alkene, photolysis, rate constant, 06663.
infrared absorption cross section
hydroxyl radical, reaction kinetics, HFC's, ozone depletion, greenhouse warming, 06555.
infrared aerial photograph
conservation, farmland bird, habitat, Sweden; 03452.
infrared band
current, CZCS, plume, visible band, USA, Columbia River; 02258.
infrared channel
geostationary satellite, forecasting, flood hazard monitoring application, rainfall estimation method, Italy, Arno River Basin; 08984.
infrared colour photograph
mangrove, delta, SPOT, Guinea, Rio Pongo; 02244.
infrared cooling

wave forcing, barotropic model, Hadley cell, Rossby wave, solar heating, 04274.
infrared data
fair weather, cloudy situation, radiation, heat flux, satellite data, net radiation, surface heat flux, heat flux, NOAA-7 satellite, France; 09977. Meteosat, remote sensing, rainfall, satellite, Africa, Sahel; 06448.
infrared emission
cirrus structure, radiative parameter, lidar, spectral radiometer observation, 12458. global cooling, global warming, climate variability, Nimbus 7, 06531. hydrogen, oxygen, mesopause, Solar Mesosphere Explorer, 06693. microwave emission, surface wind field, wave spectra, ERS-1, calibration, radar backscattering, 12596.
infrared gas analyser
leaf area index, canopy conductance, evapotranspiration, transpiration, millet, stomatal conductance, Penman-Monteith model, Shuttleworth-Wallace model, dryland crop, diffusion porometer, Niger, Sadore; 01640.
infrared image
ship detection, tracking, 02134. surface transport, Geosat altimeter, geoid, Atlantic, Gulf Stream; 06890.
infrared imagery
high frequency radar, sea temperature boundary, conductivity temperature density survey, UK, Wales; 12776.
infrared irradiance
chinook, snow, soil water, radiation balance, albedo, humidity, water vapour, Canada, Alberta; 04218.
infrared laser
photoacoustic sensing, 03185.
infrared limb emission
ozone, middle atmosphere, emission calculation, non local thermodymamic equilibrium, radiative transfer model, 06697. ozone, middle atmosphere, photolysis, 06696.
infrared measurement
sea surface temperature, regional optimization, Iceland; Greenland; Norwegian Sea; 04639.
infrared method
plume rise, video camera, image analysis, building dispersion, Arctic; 11150.
infrared model
backscatter, optical extinction coefficient, satellite, lidar system, aerosol measurement, microphysical measurement, 12568.
infrared observation
sea surface front, sea surface temperature, eddy formation, Ireland; 09267.
infrared radiance
radiance model, radiometric temperature, vegetative surface, 09244.
infrared radiation
Earth surface, surface flux, Mexico; 08847.
Infrared Radiation Sounder
statistical correlation, filtering technique, cloud clearing procedure, 05611.
infrared radiative heating rate
optically thin cirrus, cirrus case study, observation, radiation, dynamic property, microphysical characteristic, 12454.
infrared radiometer
conifer tree canopy, gap probability, illumination, 12749. spin scan radiometer, atmospheric sounder, water vapour, wind field, Brazil, Amazon; 07644.
infrared reflectance
plant water stress, leaf area index, leaf water content, 01106.
infrared remote sensing
global biogeochemical study, biomass burning, fire evaluation, 12751.
infrared satellite image
Rossby radius, eddy scale, buoy, Atlantic; 06720.
infrared sensor
performance model, scanning, imaging, 09175. vertical integrated concentration, visibility, aerosol plume, concentration fluctuation, wind tunnel, 13701.
infrared shoulder reflectance
chlorophyll well minimum reflectance, red edge reflectance, vegetation reflectance, 08088.
infrared soil spectrum
diffuse reflectance infrared fourier transform, diffuse reflectance spectroscopy, halide pressed disc, soil characterisation, soil component, Australia; 12097.
infrared solar occultation spectra
sulphur hexafluoride, chlorine, fluorine, trend, stratosphere, 06694.
infrared solar spectra
stratospheric profile, heavy water vapour isotope, deuterium, ATMOS Spacelab 3, 10198.
infrared spectra
allophane, geothermal carbon dioxide, pH, New Zealand, Tongariro National Park, Mount Ruapehu, Silica Springs; 08300. Permian, burial, illite, clay mineral, Krompachy Group, Czechoslovakia, Carpathia, Gemericum; 05968.
infrared spectroscopic detection
sulphur hexafluoride, stratosphere, troposphere, satellite observation, 00876.
infrared spectroscopy
source allocation, size distribution, carbonyl carbon, aliphatic carbon, principal component analysis, automotive emission, aerosol analysis, USA, Los Angeles; 05511.
infrared study
model, polar stratosphere, cloud surface, ice growth, evaporation, nitric acid, Fourier transform, 11334.
infrared technology development
thermal infrared, remote sensing, 07892.
infrared thermometry
crop water stress, soil water status, canopy temperature, 12767. resistance model, sensible heat, aerodynamic resistance, surface temperature, diurunal trend, canopy air temperature, evaporation, pasture, Australia, New South Wales, Goulburn; 00729.
infrared vegetation index
vegetation index, red vegetation index, soil, AVHRR, Africa, Sahara; 13952.
infrared wavelength
lidar, backscatter, measured optical property, calculated optical property, optical property, aerosol, 12565.
infrastructure
AM-FM, stormwater management, database design, 01164.
INGRES
historical data, query language, database management, 06759.
inhalable particulate matter
receptor model, source apportionment, factor analysis, principal component, complex airshed, multivariate modelling approach, USA, New Jersey, Newark; 13732.
inheritance
new formation, geomorphology, relief formation, inheritance principle, 11832.
inheritance hierarchy
frame based model, landform, pattern element, terrain analysis, 07965.
inheritance principle
inheritance, new formation, geomorphology, relief formation, 11832.
inhomogeneity
Monin-Obukhov similarity theory, turbulent exchange, surface, chessboard type surface, profile measurement, 13551.
initial condition
numerical weather prediction, predictability, sea breeze, local prediction, Argentina, La Plata River; 04290.
initial contributing area
stream surface, surface saturation, subsurface flow, stream flow model, base flow, hydrograph, groundwater discharge, runoff, rainfall runoff relationship, 05139.
initial state
sea surface temperature, monsoon, predictability, low frequency mode, extended integration, filtering, 12473.
initial value
forecasting result, Monte Carlo forecast, forcing, random initial value, 10054.
initial weathering product
feldspar, weathering product, albite, micromorphology, 01479.
initialisation
mesoscale initialisation, forecast, satellite imagery, radar imagery, 08955. tropical cyclone, cyclone model, balance condition, diabatic heating, normal mode, 12414.
injection feature
pipkrake, frost heaving, freeze-thaw, micromorphology, Spain, Catalonia, Montserrat Mountains; 01599.
inland dune
Vistulian(Late), aeolian phenomena, palaeoenvironmental interpretation, stratigraphic interpretation, Pleni Vistulian grain, aeolian coversand, permafrost, frost fissure, fragipan, coversand, dune stabilisation, Poland; 10790.
inland glacial deposit
seawater, coastal glacial deposit, till, sorption complex, glacial deposit, glaciomarine deposit, Poland; Svalbard, Spitsbergen; 00300.
inland water
Landsat, aerial photography, multispectral photography, chlorophyll concentration, 01136. limnology, floodplain, socio-economic feature, hydro engineering, wetland management, catchment hydrology, river regulation, water abstraction, water conservation, anthropogenic effect, river ecology, Africa, (Southern); 04161. water management, remote sensing technique, water parameter, Netherlands; 01135.
inland water route
road transportation, self scanning radiometer, spatial structure, accessibility, connectivity, Japan, Nagoya; 08137.
inlet
wave height, storm, shoreline change, erosion, barrier island, USA, South Carolina; 03554.
inlet channel
shoreline, estuary, abandoned channel, mangrove, South Africa, Zululand; 10537.
inlet hydraulics
runoff, bay superelevation, measurement, sea level change, tide gauge, dredging, 03901.
inner city
ecology, housing, urban development, 02284.
inner relative
absolute orientation, orientation, photogrammetry, 12607.
inner shelf
erosion, bathymetric survey, accretion, navigation, shoreline change, Egypt, Nile Delta; 10557.
Innerkip site
Sangamon Interglaciation, Isotope Stage 5e, Wisconsinan interstadial, Coleoptera, Pleistocene(Late), vertebrate remains, plant remains, insect remains, Canada, Ontario, Thames River; 07259.
innershelf
sand, beach deposit, Holocene, quartz grain, microtextural study, chemical alteration, India, Kerala Coast; 12871.
innovation
diffusion, GIS, 06746.
Innuitian Ice Sheet
postglacial adjustment, isostatic model, sea level curve, relative sea level, technique uplift hypothesis, postglacial uplift, raised beach, ice sheet extent, ice sheet thickness, Canada; 11940.
Inoceramus
Cretaceous(Late), bivalve, belemnite, fossil, palaeotemperature, Antarctica, James Ross Island; 08252.
inorganic acidic aerosol
sulphur dioxide, nitric acid, indoor:outdoor ratio, aerosol, 10178.
inorganic aluminium
dissolved organic carbon, silicon, acid neutralisation capacity, surface water quality, acidification, longitudinal variation, chemical flux, subsurface flow path, acidic surface runoff, concentration-discharge rela-

tionship, hydrogen, USA, New Hampshire, Hubbard Brook Experimental Forest; 04089. throughflow, rainfall intensity, stormflow hydrochemistry, upland catchment, runoff chemistry, flow path, subsurface flow, surface water chemistry, rainfall duration, dry antecedent condition, soil pipe, UK, Wales; 04094.

inorganic aluminum
buffer capacity, water quality deterioration, acidification, lake water quality, anthropogenic effect, atmospheric deposition, organic matter, Finland; 13341.

inorganic anion
factor analysis, pollution, dispersion model, receptor model, trace metal, Hong Kong; 03170.

inorganic base
fertiliser, organic material, lake water quality, ecosystem stability, acid water treatment, buffer, 07482.

inorganic carbon
carbon dioxide, pH, chemical equilibrium, acid neutralising capacity, atmospheric carbon dioxide, lake water quality, acid lake, 12189. nutrient, sediment transport, Carbon in the Amazon River Experiment, biogeochemisry, river system, surface water quality, spatial distribution, temporal distribution, organic carbon, Brazil, Amazon River; 12211.

inorganic fraction
surface water quality, dissolved organic matter, black water, coastal stream, fulvic acid, electrical conductivity, hydrogeochemistry, humic fraction, USA, South Georgia, Little River; 12196.

inorganic ion
bulk deposition sample, precipitation quality, sulphate, nitrate, acid deposition, wet deposition, Finland; 10977. hydrogen peroxide, sulphate, sodium, chloride, nitrate, precipitation, chemistry, snow, rain water, snow chemistry, USA, California; 04419.

inorganic ion exchanger
Putnam clay, Bentonite, ion exchange, Hogfeldt model, 03976.

inorganic monomeric aluminium
soil water end member, surface water chemistry, soil water chemistry, hydrogen calcium, runoff chemistry, oxygen-18 isotope, Norway, Birkenes Catchment; 04103. surface water quality, stream water chemistry, soil acidification, sulphate reduction, base cation reduction, calcium decline, magnesium decline, acidification, Norway, Birkenes Catchment; 04085.

inorganic nitrogen
feedback, denitrification event, greenhouse warming, climate oscillator, biogeochemical cycling, ocean, Quaternary, ice age cycle, 04930. nitrate leaching, nitrogen loading, surface water quality, bulk precipitation, throughfall, stem flow, nitrogen flux, spruce forest, dissolved inorganic nitrogen, soil water chemistry, forest soil, UK, Wales, Beddgelert; Plynlimon; UK, England, Cumbria, Kershope; 11098. nitrogen leaching, deforestation, nitrate, water quality, forest soil, UK, Wales; 01751. orthophosphate, chlorophyll-a, biological oxygen demand, historical data, hydrochemistry, phytoplankton, canal, lake water quality, eutrophication, water chemistry, saprobity, Netherlands, Rijnland; 04068. rainfall, nitrogen, Mediterranean; 00822.

inorganic nutrient
nitrogen, phosphorus, phytoplankton, fish farm effluent, surface water contamination, algae, macrophyte, nutrient, UK, England; 01688.

inorganic particle
ion, sulphate, nitrate, aerosol, size distribution, accumulation mode, condensation, droplet, impactor, USA, California; 06576.

inorganic particular matter
risk assessment, chromium, air quality, pollution monitoring, urban atmosphere, PAH, PCBs, volatile organics, Canada; 01980.

inorganic phosphate
available phosphorus, phosphorus, chemical method, Ethiopia; 08630.

inorganic phosphorus
phosphorus fraction, parent material, cropping management, organic phosphorus, 10884. sequential-fractionation procedure, Olsen-phosphorus soil, phosphorus, calcareous soil, USA, Montana; 12071.

inorganic sediment
suspended sediment, remote sensing, Beaufort Sea; 02264.

inorganic soil process
organic soil process, soil process, percolating water, podsolic soil, acidic soil, upland soil, aluminium, sesquioxide accumulation, acidic pollution, experimental leaching column, Norway, Hoylandet; UK, Scotland, Allt a, Mharcaidh; UK, Scotland, Loch Chon; UK, Scotland, Kelty Water; 09620.

inorganic species
organic species, pollutant concentration, upwind, downwind, Bermuda; 12520.

inorganic substance
water quality analysis, analytical method, laboratory manual, US Geological Survey, suspended sediment, bottom material, standard reference water sample, sediment analysis, 00497.

inorganic sulphur
pyrite sulphur, sulphur dynamics, sulphur fraction, ester sulphate, carbon bonded sulphur, organic sulphur, USA, Louisiana; 13288.

inorganic trace compound
flue gas, coal fired power plant, mercury, hydrochloric acid, hydrofluoric acid, selenium dioxide, hydrogen bromide, hydrogen iodide, 03191.

inositolic phosphate
Chernozem, fertilisation, phosphorus, cultivation, 13246.

input output budget
chemical mineralisation, leaching, runoff chemistry, organic acid, strong acid, peat soil, forest catchment, lysimeter, surface water quality, Sweden; 13379. strontium isotope, till, modelling approach, organic acid, mineral weathering, weathering, acid rain research, historical weathering loss, Norway; Sweden; Finland; 09626. sulphate, acidification, surface water quality, long term study, short term study, hydrochemical budget, UK, Scotland; 13372.

input output characteristic
partial flow regulation, reservoir design, storage capacity, reservoir capacity, 05189.

input quality
map, plan, GIS, 13836.

input rate
organic carbon, continental margin sediment, seafloor, particle flux, recycling, USA, California, Santa Monica Basin; 01241.

INQUA
global change program, global change, model, 06067.

INSAT satellite measurement
monsoon failure, tropical storm, storm, cyclone, intraseasonal oscillation, monsoon, Asia; 12335.

insect assemblage
Coleoptera, beetle, climatic amelioration, Vistulian(Late), Poland, Zabinko; 09593.

insect evidence
Quaternary(Late), climatic change, packrat midden assemblage, fossil, USA, Texas, Chihuahuan Desert, Big Bend Region; 03871.

insect fauna
thermal environment, Mutual Climatic Range Reconstruction Package, beetle, climatic change, Younger Dryas, palaeoclimatic reconstruction, palaeoenvironmental reconstruction, fossil insect assemblage, Weichselian(Late), pollen stratigraphy, Sweden, Toppeladugard; 09589.

insect remains
Innerkip site, Sangamon Interglaciation, Isotope Stage 5e, Wisconsinan interstadial, Coleoptera, Pleistocene(Late), vertebrate remains, plant remains, Canada, Ontario, Thames River; 07259. Plio Pleistocene, Kap Kobenhavn Formation, palaeoecology, forest tundra, plant remains, Greenland, Peary Land; 09595.

insecticide
biological transformation, chlordane, activated rotating biological contactor, water purification, biological water treatment system, 00645. carbofuran, nitrate, agricultural management system, agricultural pollutant, groundwater quality, surface water quality, chemical fate, herbicide, atrazine, alachlor, 02946. forestry, permethrin, invertebrate, plant, Canada, Ontario; 11705. sorption, methyl parathion, fenitrothion, carbofuran, desorption, pesticide sorption, 07348.

insecticide residue
residue seasonal variation, organochlorine insecticide, surface water quality, India, Tamil Nadu, Vellar River; 09825.

insecticide spraying
waterborne discharge, water resource management, river blindness, Africa, (West); 00642.

inselberg
Alfisol, paleosol, genesis, substratum, dynamics, peneplain, soil formation, weathering, saprolitic decomposition, gneiss, Budel's model, deep weathered soil, India; 00227. granitic rock, sheet structure, hillslope profile, subsurface weathering, columnar joint, etching, dilatation joint, bornhardt, silicic volcanic rock, Australia, South Australia, Gawler Ranges; 09499. lavaka, gully, healing, tor development, Madagascar; 10678. Pleistocene, climatic phase, geomorphological map, landform, soil, Miocene, drainage network, Pliocene, pediment, Italy, Sardinia, Nurra, La Corte; 08408.

inselberg landscape
Palaeozoic granite, chemical weathering, physical weathering, micromorphological study, weathering, granite, semi-arid land, Sudan, Darfur, Kutum; 01484.

insertion probe
oil, biomarker, mass spectrometer, tandem mass spectrometry, gas chromatography-mass spectrometry, 05974.

inshore flux
fresh water salt water interface, salinity front, density front, tidal motion, coastal water, inshore offshore waters interface, offshore near surface flux, France; UK, England, Dover Strait; 05197.

inshore offshore waters interface
offshore near surface flux, inshore flux, fresh water salt water interface, salinity front, density front, tidal motion, coastal water, France; UK, England, Dover Strait; 05197.

inshore seagrass beds
dugong, radio transmitter, Australia, Queensland, Great Barrier Reef; 03454.

inside out weathering
boulder, glacial outwash gravel, quartzofeldspathic sandstone, weathered core, mica hydration, weathering, greywacke type sandstone, outwash gravel, New Zealand, North Westland; 09630.

insolation
albedo, longwave flux, radiation, vegetation index, soil moisture, vegetation cover, satellite data, algorithm, land surface, 13476. asymmetry, glacial, periglacial, humid temperate, semiarid, insolation, topographic asymmetry, 03702. evapotranspiration, satellite method, albedo model, mean bias error, 06460. pollution, urban climate, temperature, heat island, precipitation, Japan, Tokyo; 05390. sunshine hours, seasonal change, climatic variable, temperature, 08877. topographic asymmetry, insolation, asymmetry, glacial, periglacial, humid temperate, semiarid, 03702. vertical water vapour gradient, lapse rate, forest, microclimate, sensible heat flux, Malaysia, Negeri Sembilan, Pasoh Forest Reserve; 06463.

insolation variation
Milankovitch theory, periodic variation, Pleistocene(Late), speleothem abundance, UK; 10782.

insoluble trace gas
convectively mixed air, ozone, carbon monoxide, nitrogen oxide, vertical distribution, aerosol, particle, water vapour, 10194.

instability
acoustic wave, radiation, chemical reaction, photo dissociation, 04361. cold front, semi geostrophic framework, vortex, 04288. convective available potential energy, warm sector, boundary layer, mesoscale updraft, thunderstorm, frontal surface, 05427. failure, soil, nonassociated flow, triaxial test, granular material, 03820. long lived convective system, mesoscale convective system, convective system, latent heat release, potential vorticity anomaly, 12443. mountain, geoecological outlook, absolute height, gradient, landscape dynamics, 11835. orographic modulation, baroclinic instability, 10064. saturated porous layer, temperature distribution, groundwater flow, time dependent vertical temperature distribution, 06350.

instability mode
quasi geostrophic model, dynamical model, blocking, linear theory, Atlantic; 13591.
instantaneous field of view
geometrical resolution, data cumulation, satellite image, 02128.
instantaneous unit hydrograph
hydrograph, gamma distributed stream length, rainfall runoff model, hillslope velocity term, hillslope effect, geomorphologic instantaneous unit hydrograph, 08664. upland catchment, quick flow, slow flow, stream flow response, rainfall excess, parameter estimation, hydrograph separation, UK, Wales; 05138.
instantaneous volume source
puff model, hydraulic modelling, 01997.
Institute of Hydrology
catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, flow regime, flood study, remote sensing, instrumentation, data collection, 10960. hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, engineering hydrology, flood estimation, low flow research, applications research, instrument development, irrigation study, research report, 08640. ICRISAT Sahelian Center, porometry, microlysimeter, energy balance, soil wetness, eddy correlation measuring device, semi arid area, water balance, dryland millet, evaporation, evapotranspiration, transpiration, soil evaporation, Niger; 06270.
institution
developing country, cadastral map, accuracy, training, 04548.
institutional arrangement
DTM, base mapping, land registration, updating, Canada, New Brunswick; 13887. environmental consideration, mathematical model, water demand, water supply, regional water resource, large scale water resources planning, water resources planning, North Atlantic Regional Water Resources Study, storage yield model, 05255. GIS, management, 05623. water supply, sanitation, potable water, sewerage, Philippines; 04174.
institutional barrier
cost, government, implementation, timber management, Canada, New Brunswick; 13827.
institutional collaboration
meteorological service, market factor, France; 08817.
institutional development
education, technical development, cartography, 13848. spatial data handling, GIS, research, 05617.
institutional reappraisal
water resource management, water management, environmental policy, France; UK; 12285.
instream flow benefit
water recreation, fishing, instream flow policy, wildlife habitat, stream flow, water marketing, USA; 01788.
instream flow policy
wildlife habitat, stream flow, water marketing, instream flow benefit, water recreation, fishing, USA; 01788.
instruction
Landsat TM, research material, South America, Andes; 04613.
instrument
data collection, terrain modelling, visualisation, flight simulation, 04484. in situ testing, static penetration, large diameter, borehole, Spain; 03787.
instrument degradation
satellite observation, Dobson network, Umkehr, ozone depletion, solar backscattered ultraviolet, 03225.
instrument development
irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, engineering hydrology, flood estimation, low flow research, applications research, 08640.
instrument intercomparison
instrumental requirement, atmospheric chemistry, chemical process, aerosol, nitrogen compound, oxidation process, hydrocarbon, ozone formation, 11148.
instrument noise
microwave measurement, optimal parameter retrieval, parameter retrieval, 09102.
instrument parameter
bulk soil, electrical conductivity, soil property, 07389.
instrumental data
impact analysis, climate scenario, regional scenario, general circulation model, 07798.
instrumental drift
random measurement error, nugget variance, error estimation model, pH, 03990.
instrumental neutron activation analysis
energy dispersive X-ray fluorescence, elemental characterisation, aerosol, particulate source, India, Bombay; 06570.
instrumental record
mountain climate, glacio-hydrological response, climatic change, sea surface temperature, planktonic foraminifera, historical record, 03044.
instrumental requirement
atmospheric chemistry, chemical process, aerosol, nitrogen compound, oxidation process, hydrocarbon, ozone formation, instrument intercomparison, 11148.
instrumentation
balloon observation, conductivity, relaxation time, solar radiation, photoelectric emission, 00689. data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, land surface energy balance, vegetation water use, storm hazard, flow regime, flood study, remote sensing, 10960. deposition loading, acidification study, surface water quality, catchment selection, UK, Scotland; 13370. field station, MEDES 3 handbook, Germany, Trier; 06226. hydraulic conductivity, edge flow, soil core, lysimeter, permeameter, solute leaching, leaching rate, measurement error, 13396. hydrological measurement, altitude, mountain hydrology, relief conscious hydrological modelling, remote sensing, basin, 08646. observation well, pumping well, groundwater research, soil water process, unsaturated zone, environmental database, lysimeter, tensiometer, research programme, Germany, Horkheimer Insel; 09780. pollution prevention, system monitoring, air pollution meteorology, air pollution chemistry, aerosol, 04400. water exploration, groundwater, VLF method, electrical resistivity, Botswana; Burkina Faso; Togo; France; 13421.
instrumentation system
stream gauging, telemetry, cost effectiveness, 04184.
instrumented
laboratory, flowslide, failure, landslide, liquefaction, pore pressure, shear strength, 04916.
insulator
roadway, frost, de-icing salt, freeze thaw action, Canada, Quebec; 03914.
insurance
claim assessment, drought plan, insurance record, road network, agricultural resource inventory, Canada, Ontario; 01165. weather service, Weather Sensitivity Analyses, road transport, 05312.
insurance rate
flow magnitude, flow frequency, debris flow, predictor variable, land zoning, USA, California, Los Angeles; 09519.
insurance record
road network, agricultural resource inventory, insurance, claim assessment, drought plan, Canada, Ontario; 01165.
integlacial correlation
Eemian, Weichselian, oxygen isotope stratigraphy, last interglacial, Stage 5, interstadial, Brorup, Odderade, Netherlands; Europe, (Northern); 06081.
integral model
electrical generation, dispersion, plume model, cooling tower, diffusion, 12364.
integrated decision aiding simulation methodology
oil spill, water resources management, computer model, numerical model, linguistic model, pictorial model, 06398.
integrated GIS
object oriented database, spatial data format, data integrity, 01063.
integrated information system
regional analysis, GIS, land allocation, population, economic base, USA, Houston; 06913.
integrated model
sulphate, snowmelt quality, snowmelt quantity, seasonal variation, snow accumulation, 02934.
integrated resource management
resource management, technology transfer, 13910.
integrated spatial data
GIS, data display, data analysis, 06769.
integrated spatial data set
data access, data presentation, analytical technique, GIS, 01064.
integrated water management
environmental management, water resource management, economic development, 02983.
integration
exchange, geomatics, government, Canada, Quebec; 13820. GIS, image analysis, commercial environment, 13780. Omega, GPS, navigation system, navigation system accuracy, navigation system reliability, interoperability, 06714.
integrity
geoinformation system, regionality, 12656.
Intel microprocessor 80386
GIS trend, industry change, 08000.
intelligent data structure
data integration, multiple feature data, technology, 01062.
intelligent GIS
knowledge base management system, GIS, expert system, 01081.
intelligent information system
socioeconomic data, parcel information, USA, California, San Francisco; 05762.
intelligent interface
database, document, 04561.
intelligent process
model, pattern learning, artificial intelligence, 02125.
intelligent system
fire detection, forest, 09239.
intelligent vehicle system
traffic management, commercial vehicle operating system, vehicle control system, 10278.
intense point rainfall
storm, rain gauge network, rainfall, UK, England, Thames Valley; 08848.
intense rainfall
January rainfall(1990), Tunisia; 08866.
intensity
polyhedra, positioning, recognition, 04504.
intensity duration curve
areal reduction factor, rainfall rate distribution, tilting bucket, raingauge, rainfall intensity, rainfall duration, Spain, Barcelona; 10971.
intensity gradient technique
microtexture, sand grain, aeolian, orientation, 03507.
intensity hue saturation
SPOT, multispectral image data, panchromatic image, USA, Wisconsin, Madison; 06733.
intensity image
feature extraction, straight line, edge support, matching, 13785.
intensity influence
hurricane intensity, vertical structure, baroclinic wave, eddy, 10076.

intensity segmentation algorithm
change detection algorithm, neural network, SAR, speckle noise, image registration, autofocus, 10311.
intensive animal farming
agricultural pollutant, surface water quality, nitrogen, phosphorus, nutrient, France, Coet Dan Drainage Basin; 06395.
intensive dairy farming
farm waste management, macroinvertebrate community, catchment management, surface water quality, agricultural pollutant, UK, Wales, Eastern Cleddau Catchment; 00557.
Inter Agency Committee on Geomatics
geomatics, user need, 13759.
inter annual variability
temperature variability, sea surface temperature, forcing mechanism, rainfall oscillation, South Africa; 07742.
inter annual variation
sea ice extent, radar altimetry, GEOSAT radar altimeter, SMMR, seasonal, Antarctica; 05048.
inter basin transport
heat transport, salinity forcing, ocean model, 08894.
inter flow
groundwater discharge, stream flow generation, fissure, joint, flow path, infiltration, tensiometer, piezometer, overland flow, saturated lateral flow, groundwater flow, 05127.
inter till sediment
pollen, interglacial, till, Illinoian, Sangamonian, Canada, Ontario, Pointe-Fortune; 07228.
inter tropical discontinuity
rainfall, anomaly patterns, dry year, wet year, Nigeria; 12340.
inter-lake dissimilarity
basin morphometry, thermal structure, multibasin lake, interbasin exchange, stratification, hypolimnetic temperature, groundwater input, USA, Wisconsin, Trout Lake; 00549.
inter-war years
propaganda, cartography, Poland; 01089.
interaction
frozen rock, hydrate, natural gas, mathematical modelling, 03908.
interactive editing
accuracy, map revision, digital line map, orthophotomap, Iraq, Bashiqa; 10370.
interactive graphics
X-Window System, tiling, GKS, 00991.
interactive image interpretation
artificial intelligence, image processing, automatic data management, 07937.
Interafricain Committee for Hydraulic Studies
hydrological data, climatological data, rainfall data, evapotranspiration, evaporation, drought persistence, hydro metric data, flood, hydrological low flow, urban hydrology, rainfall mrunoff model, hydrological education, arid area, semi arid area, Africa, (West); (Central); 06262.
interannual coherence
atmospheric surface pressure, sea level, time series, spectral peak, USA; 11984.
interannual fluctuation
stream flow, climatic variation, drought, rainfall deficit, runoff distribution, surface runoff, water resource, Africa, Sahel; Senegal River; Africa, Niger River; 06266.
interannual mode
equatorial disturbance, monsoon, El Nino/Southern Oscillation, 12397.
interannual oscillation
low frequency oscillation, meridional wind, sea surface temperature, ITCZ, monsoon-trade interaction, Indian Ocean; Pacific; 12373. rainfall, quasi biennial oscillation, power spectrum analysis, empirical orthogonal function, sea surface temperature, China; 12329.
interannual time scale
angular momentum, tropics, zonal contributions, global momentum, momentum variation, intraseasonal time scale, 12415. El Nino/Southern Oscillation, warm pool, sea surface temperature, South Equatorial Current, Pacific; 10046. intraseasonal time scale, thermocline, sea surface temperature, large scale interaction, air sea interaction, tropical ocean, Pacific; 11229. low frequency oscillation, flow pattern, quasi geostrophic low spectrum model, numerical study, 12392. ocean model, wind field analysis, wind driven tropical simulation, Pacific; 06479.
interannual variability
acidic deposition, mountain forest, forest decline, wet deposition, dry deposition, cloud deposition, USA, North Carolina, Mount Mitchell; 13652. El Nino/Southern Oscillation NSO event, monsoon, coupled atmosphere-ocean system, rainfall, mixed layer, sea surface temperature, India; Pacific; 12375. El Nino/Southern Oscillation, ocean atmosphere model, 08887. empirical orthogonal function, pseudo stress, monsoon flow, Indian Ocean; 12351. marine environment, sea level, sea surface temperature, salinity, frontal structure, upwelling, nutrient supply, thermocline structure, mixed layer depth, currents, causative mechanism, South Africa; 12341. middle atmosphere, reference atmosphere, climatological study, 11138. operational model integration, wind error, forecast skill, temperature error, extended range prediction, European Centre for Medium Range Weather Forecasting model, 12478. precipitation, stream flow, evapotranspiration, water budget, broadleaved sclerophyllous forest, forested catchment, rainfall runoff relationship, Spain, Montseny Mountains; 06387. spatial distribution, sea ice, polar region, ice distribution, Canada, Hudson Bay; Barents Sea; Okhotsk Sea; Bering Sea; 13503. study period(1932-1983), rainy season, Africa, (East); 07677. summer monsoon, monsoon rainfall, upper layer thickness, Arabian Sea; India; 12380. trace gas, middle atmosphere, quasi biennial oscillation, stratosphere, ozone, 03222. transport, temperature, ozone, photochemical model, stratosphere, QBO signal, 12547. tropical ocean, coupled ocean atmosphere model, sea level variability, ocean, El Nino/Southern Oscillation, Pacific; 07732.
interannual variation
El Nino, sea surface temperature, seasonal variation, Indonesia, Banda Sea; Arafura Sea; 05391. tropical, ocean general circulation model, El Nino, equatorial heat content, Pacific; 06481.
interannual wave
wave, tropics, ocean model, coupled ocean atmosphere land model, intraseasonal wave, 07746.
interbasin exchange
stratification, hypolimnetic temperature, groundwater input, inter-lake dissimilarity, basin morphometry, thermal structure, multibasin lake, USA, Wisconsin, Trout Lake; 00549.
interbasin transfer system
reservoir operation, water resource management, optimal operation, multi unit reservoir system, stochastic stream flow, China; 11128.
interbed
compressible fine grained interbed, effective stress, specific storage, interbed storage change, compaction, groundwater flow, 06348.
interbed storage change
compaction, groundwater flow, interbed, compressible fine grained interbed, effective stress, specific storage, 06348.
intercalated clay layer
microstructure, Permian sandstone-shale system, creep model, 01399.
intercalated volcanite
Complesso dei Tufi Inferiori, isotopic stage 15, Minturno Complex, isotopic stage 5, stratigraphic hiatus, radiometric dating, Pleistocene(Middle), transgressive complex, soil chronosequence, Latina Complex, Italy, Agro Pontino; 08498.
intercalation
glacial sediment, lava flow, snowfall, volcanic island, Quaternary glaciation, Antarctic Convergence, Southern Ocean; Southern Ocean, Marion; Southern Ocean, Kerguelan; Southern Ocean, Heard Islands; 02653.
intercalation test
kaolinite, weathering, soil, expansion treatment, halloysite, New Zealand; Fiji; 08298.
intercalibration
combustion, biomass, sampling, chemical analysis, pollution, wood stove, boiler, organic micropollutant, PAH, tar, Sweden; Norway; Finland; Denmark; 00811.
intercalibration study
principal component analysis, sulphur dioxide, nitrogen oxide, 06667.
intercepted snow
ecosystem, interception, forest hydrology, rainfall intensity, boreal forest, through fall, Sweden, Vasterbotten Province; 00506.
interception
canopy storage capacity, eucalypt forest, antecedent weather, leaf area, water holding capacity, rainfall partitioning, forest hydrology, Australia; 00511. canopy storage capacity, storage capacity, forest thinning, rainfall partitioning, forest hydrology, stem flow, 00512. canopy storage, storage capacity, rainforest, epiphyte cover, rainfall interception, montane tropical rainforest, Colombia; 07454. canopy, stem flow, single factor simulation experiment, leaf area index, branch configuration, rainfall intensity, 09782. evapotranspiration, infiltration, land cover, runoff hydrograph, rainfall runoff relationship, rainfall distribution, Poland, Carpathian Mountains, Trzebunka; 06282. forest canopy, canopy interception rate, rainfall rate, precipitation, 07453. forest hydrology, rain forest, humid tropics, Gash model, Mulder model, throughfall, Ivory Coast, Tai Forest; 01631. forest hydrology, rainfall intensity, boreal forest, through fall, intercepted snow, ecosystem, Sweden, Vasterbotten Province; 00506. grazing intensity, rangeland hydrology, water holding capacity, litter, soil organic matter, grassland ecosystem, Canada, Alberta; 12276. infiltration, runoff, drainage, water balance, Africa, Sudan; Sahel; 12143. photosynthesis, respiration, precipitation, soil water, groundwater, watershed hydrology, hydrological cycle, water movement, water storage, evaporation, condensation, infiltration, antecedent moisture condition, variable source area, return period, environmental water, transpiration, 10963. podsolic soil, gleyed soil, hydrochemical flux, throughfall, stem flow, forest catchment, soil water chemistry, stream acidity, hydrogen, sulphate, chloride, sodium, crown leaching, UK, Scotland; 11086. rainfall partitioning, forest hydrology, throughfall measurement, measurement method, rainfall angle, throughfall, stemflow, Australia; 00509. rainforest, storage capacity, canopy storage, epiphyte, evaporation, montane tropical rainforest, rainfall interception, 07455. runoff, deep drainage, tropical pasture, corn field, Venezuela, Barinas; 13304. stem flow, soil moisture, evapotranspiration, drought cycle, water balance, forest hydrology, transpiration, eucalypt forest, plant water use, cork oak forest, Portugal, Alentejo, Odemira; 09914. temporal variability, hillslope hydrology, stemflow, soil moisture heterogeneity, soil water movement, forest hydrology, spatial variability, 02960. throughfall, stem flow, forest hydrology, precipitation, evaporation, spruce forest, UK, Scotland, Balquhidder; 05116. unsaturated zone model, groundwater flow model, flow characteristics spatial variation, evapotranspiration, infiltration, precipitation, Netherlands, Hupselse Beek; 06337. wind speed, temperature, radiation, evaporation process, hillslope hydrology, energy balance, water balance, hydroclimate, vegetation cover, soil characteristics, topography, rainfall, 10999.
interception efficiency
conversion efficiency, radiative balance, canopy, fescue, radiation model, mixed crop, 10019.
interception loss
rainfall redistribution, semi-arid region, throughfall, stemflow, Mexico; 02833. rangeland, experiment, Water Erosion Prediction Project, vegetation canopy, USLE, runoff, soil erosion, canopy cover, infiltration, USA; 13205. storage, vegetation canopy, temperature variation, 01632. water balance, snow tussock, lysimeter, evaporation, transpiration, New Zealand, Otago; 05122.
interchange standard
coordinate system, topology, GIS, data structure, 12680.
intercomparison
electron capture gas chromatography, cryogenically enriched sample, ambient air, peroxy acetyl nitrate, nitrogen dioxide, nitric acid, sampling, 04365. IsoTrace, reliability, AMS date, contamination, high precision, 04946. nitric acid measurement, denuder tube collection, chemiluminescent detection, nylon filter collection system, ion chromatogra-

phy detection, tunable diode laser, 04366. nitric oxide measurement, laser induced fluorescence, chemiluminescence detector, 04368. nitrogen dioxide instrument, laser induced fluorescence, chemiluminescence detector, tunable diode laser, 04367. nitrogen dioxide, nitric acid, peroxyacetyl nitrate, odd nitrogen species, airborne instrument, 04364. organic carbon, elemental carbon, woodsmoke, aerosol, sampling, carbonaceous aerosol, USA, California, Claremont; 02057.

intercomparison exercise
radiocarbon dating, international collaborative study, sample preparation, 04937.

intercomparison sample
Zagreb Radiocarbon Laboratory, Rudjer Boskovic Institute, International Collaborative Study, radiocarbon dating, Yugoslavia, Zagreb; 04941.

intercomparison test
low carbon content, small sample, radiocarbon dating, liquid scintillation counting, 02580.

intercomparisons
nitrogen dioxide, flow controller, permeation emission rate, gravimetry, chemiluminescence detection, tunable diode laser absorption spectroscopy, calibration, 04369.

intercontinental transport
sulphur, nitrogen, sulphur dioxide, sulphate, aerosol, DMS, 11309.

intercrater plain
degraded carter, Schroeters ratio, crater, radar result, Martian crater, radar altimetry data, lunar crater, Mars; 10686.

interdecadal climate change
climate change, surface temperature, Aleutian low pressure system, Sverdrup transport, El Nino, USA, Alaska; Pacific; 10150.

interdune
mud drape, pond, aeolian dune, dune, animal track, Tunisia, Tozeur, Chott el Gharsa; Oued el Melah; 09436.

interface
relational database management system, data format, standard interchange format, GIS, 01020. software package, relational database management, data format, GIS, 03363. user testing, GIS, 06780.

interface model
fresh water-salt water interface, coastal aquifer, salt water dynamics, confining layer, leakage, groundwater flow, USA, California, Santa Cruz County, Soquel-Aptos Basin; 04123.

interface path
temperature profile, laplace transform, finite difference solution, permafrost, saturated ground, freezing interface, 07284.

interface stability
stratified fluid, boudin, model, Sangamon ice, radio echo sounding, structure zone, boudinage, stratigraphic disturbance, glacial ice, hydrodynamic model, Greenland, Summit; 07305.

interfacial biomediation
biogeoorganometallic chemistry, heavy element transport, surface microlayer, air sea measurement capability, biogenic organometal(loid)s, environmental management, 05545.

interferometry
landslide, moire crack gauge, TM71 Crack Monitor, rock dilation, slope monitoring, creep, Canada, Alberta, Frank Slide; 10710.

interflow
precipitation, runoff, evapotranspiration, groundwater flow, water balance, catchment, 02826.

interflux dam
subsurface dam, alluvial fan deposit, exoreic basin, endoreic basin, groundwater exploitation, groundwater recharge, Africa, Sahel; (Central); Africa, (South); Africa, (East); Africa, (North); 06406.

interglacial
alkalinity, polar ice, cadmium, planktonic foraminifera, Holocene, North Atlantic Deep Water, carbon dioxide, glacial, 00911. change, isotopic gradient, surface water, glacial circulation, glacial, Southern Ocean; 02621. diatom, Pleistocene, Pliocene, ice rafted debris, sea ice cover, Weddell Sea, Jane Basin, ODP Site 697; 03566. evergreen oak forest, steppe vegetation, maquis, garrigue, climatic condition, Quaternary(Late), multivariate analysis, palynological data, phytosociological data, Tenagi Philippon core, Greece; 10758. flora, pollen spectra, Eemian Interglacial flora, gyttja, till, lacustrine landscape, Poland, Warsaw, Kasprzak Street; 00313. glacial period, albedo, phytoplankton, carbon dioxide decrease, last glaciation, northern hemisphere, 06069. glacial, monsoon, oceanic circulation, continental margin, oxygen minimum zone, Arabian Sea, ODP Site 724; Oman Margin; Arabian Sea, ODP Site 725; 11693. glacier, submarine fan, seismic data, continental shelf, fan deposit, channel levee system, Weddell Sea, Crary Fan; 10569. marine platform, palynology, oxygen isotope stage 6, oxygen isotope substage 5e, marine terrace, uplifted Quaternary marine terrace, pollen, New Zealand, Taranaki-Wanganui Area; 01448. microparticle concentration measurement, climatic implication, ice core, glacial, Antarctica, East Antarctica; 03848. oxygen isotope stage, Arctic-Antarctic correlation, correlation, nannofossil biochronology, calcareous nannofossil, Atlantic, (South); Southern Ocean; 11933. pedological phenomena, sedimentary phenomena, climatic phenomena, colluvial deposit, Eemian interglacial, gelifluction deposit, permafrost, pleniglacial, colluvial deposit, palaeopedology, France, Dordogne, Les Tares; 06156. Pleistocene(Late), sea surface, water temperature variation, long chain alkenone, sea surface temperature variation, glacial period, Indian Ocean; Arabian Sea; 11926. Pleistocene, fluvial deposit, molluscan fauna, palaeoenvironmental reconstruction, stratigraphy, climatic reconstruction, UK, England; 03893. Pleistocene, oncolitic level, periglacial, Eemian, France, Seine Valley, Moisson; Yvelines; 06966. pollen sequence, Holsteinian, Holsteinian-Mazovian interglacial, Hoxnian, Ferdynandovian, Poland; UK, England; 01442. Stage 9, aminoacid, isotopic stage, fauna, tufa, uranium thorium dating, France, Vernon; 07008. terrestrial, marine temperature estimate, test, GCM simulation, palaeoclimate, glacial, Indian Ocean; 04964. till, Illinoian, Sangamonian, inter till sediment, pollen, Canada, Ontario, Pointe-Fortune; 07228. Wolstonian, Numsterian, Devensian, Midlandian, glacial stratigraphy, Nahanagan glaciation, Ipswichian, Ireland; 11951.

interglacial bed
climatic indicator, Sangamonian, Scarborough Formation, Pottery Road Formation, TL dating, sand, clay, Canada, Ontario, Toronto; 07260.

interglacial circulation
Windermere Interstadial, Younger Dryas, radiocarbon age, full glacial, Holocene, North Atlantic Drift, marine interglacial, Europe, (Northwest); 09561.

interglacial clay
marine clay, Hoxnian, Marly Drift, Cromer till, Lowestoft Advance, Anglian, UK, England, Norfolk; 13140.

interglacial climate change
climate change, pollen, aeolian evidence, climate modelling, forcing, general circulation modelling, palaeoclimate, glacial climate change, 10732.

interglacial deposit
correlation, river floodplain, alluvial aggradation, Cromerian, Beestonian, palynology, UK, England, Essex, Little Oakley; 02665. Cromerian age, ostracod fauna, Pleistocene(Middle), UK, England, Essex, Little Oakley; 02668. environmental implication, stratigraphic implication, palaeochannel, molluscan fauna, Pleistocene(Middle), UK, England, Essex, Little Oakley; 02667. Koy-Yukon interglaciation, Ch'ijee Bluff Unit 4, Old Crow tephra, Canada, Yukon, Bluefish Basin, Ch'ijee's Bluff; 07253. lake sediment, peat, pollen, loess, last interglaciation, Wisconsin loess, Old Crow Tephra, USA, Alaska, Birch Creek; 07250. marine diatom, till covered sediment, core, Eemian, Finland, Ostrobothnia; 13153.

interglacial episode
palaeoproductivity, water column scavenging, erosion, winnowing, Uranium-series disequilibrium, particle scavenging, sediment accumulation, Pleistocene(Late), seasonal upwelling, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11927.

interglacial flora
glacial flora, interstadial flora, pollen assemblages, Pleistocene(Late), Holocene, flora change, Pleistocene(Middle), Japan, San-in District; 05030.

interglacial formation
Quaternary map sheet, British Geological Survey, sea bed sample, Shipek grab, seismic record, glacial sequence, North Sea; 10771.

interglacial interlude
interstadial interlude, biogeographic adjustment, faunal invasion, Pleistocene, Mediterranean species, Coleoptera, glacial interglacial cycle, Europe, (Northern); UK; 08480.

interglacial lake
Niewodowo II, organic sediment, Eemian Interglacial, palynologic analysis, Poland, Kolno Plateau; 00314.

interglacial period
sediment temperature, ice sheet load, phase change, glaciation, methane hydrate, methane, Arctic; 04449.

interglacial raised beach
thermoluminescence, feldspar, Eemian, dune sand, beach sand, loess, raised beach chronology, UK, Channel Islands; France; 07275.

interglacial raised reef
uplift, stratigraphy, tectonic implication, uranium series dating, coral reef, raised reef terrace, terrace, Red Sea, Zabargad Island; Northern Brother Island; 10806.

interglacial sediment
borehole, channel sediment, pre-diversion Thames, Pleistocene(Middle), Cromerian, palaeomagnetic measurement, Thames-Medway river system, geology, UK, England, Essex, Little Oakley; 02664.

interglacial shoreline
radiocarbon dated, Pliocene(Late), Quaternary, glaciation, Ross Glaciation, Porika Glaciation, uplift, erosion, New Zealand; 02642.

interglacial site
pollen, lodgement till, organic sediment, UK, Scotland, Dalcharn; 06146.

interglaciation
Beaufort Formation, Worth Point Formation, Duck Hawk Bluffs Formation, Morgan Bluffs Formation, Quaternary geology, Tertiary(Late), Pleistocene(Early), glaciation, Canada, Banks Island; 09581. global change, proxy data record, anthropogenic modification, environmental change, 07191. interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, Australia, Tasmania; 02641. Quaternary, non glacial interval, pollen analysis, Missinaibi Formation, glacioisostatic sea, Sundance paleosol, Amery, till, Sangamon, Canada, Manitoba, Hudson Bay Lowlands; 07256.

interglaical climate
palaeoclimate, Sangamonian interglacial, Holocene epoch, soil development, paleosol, Canada; 07251.

intergovernment
GIS, system information, USA, Vermont; 06939.

intergovernmental network
GIS, management, USA, Nevada, Clark County; 13972.

Intergovernmental Panel on Climate Change
emission reduction, regional strategy, warming, climate change, greenhouse effect, convention, 10148. ocean model, polar ocean, scenario, projection, greenhouse warming, 11279.

intergrade
granitic material, hillslope development, slope, rainfall, pedogeomorphic aspect, spatial variability, catenary sequence, South Africa, Kruger National Park; 09523.

intergrade mineral
test mineral, forest soil, acid brown soil, aluminium, podsol, forest ecosystem, 08565.

intergranular adhesion
erosion, Alteromonas atlantica, exopolymer, sediment transport, mucus, 08263.

intergranular melt
borehole jack indentation data, uniaxial compressive strength ratio, radiation decay, river ice, solar radiation, snow cover, 12268.

interhemispheric distribution

acetonitrile budget, emission rate, source strength, residence time, 11346.
interim progress report
international collaborative program, participating laboratory, sample pretreatment, radiocarbon dating, 02584.
interlaboratory comparison
analyses accuracy, rock varnish, chemical analyses, cation ratio dating, 09554.
interlaboratory study
radiocarbon dating, overview, 04936.
interlayered vermiculite
secondary mineral, nonexchangeable potassium, quartzipsamment, potassium, oxalate, vermiculute, hydroxy vermiculite, USA, Southeastern Coastal Plain; 07378.
interlayering
phyllosilicate, x-ray diffraction index, mineral transformation, 00448.
interlocking boulder pavement
boulder paved channel, river channel, fluvio-periglacial landform, freeze-thaw, Norway, Jotunheimen; 02695.
interlocking resistance
artificial block, rubble mound structure, armour stability, breakwater, 02376.
Intermediate Depth Swath Sonar System
bathymetric surveying, sonar, accuracy, 02085.
intermediate unit
silcrete, regressive sequence, opal, sepiolite, Spain, Tajo Basin, Vicalvaro; 11723.
intermediate water
aragonite cycle, periplatform ooze, Pliocene Pleistocene, cyclic variation, climate induced calcium carbonate preservation, Indian Ocean; Maldives; 03865. ocean circulation, Pleistocene, glacial nutrient distribution, carbon dioxide, carbon-13, Pacific deep, Pacific; 11928.
intermittency
data variability, climatological data, scaling, 07750. palaeoceanographic implication, primary production, photic zone, glacial North Atlantic, export production, seasonality, 07194. semi geostrophic flow, front formation, vorticity, energy spectrum, 07763.
intermittent pollution
storm sewage, benthic community, pollution tolerant species, sewage discharge, water quality criteria, surface water quality, 07517. surface water quality, biological indicator, algae trace metal, sediment trace metal, benthic macroinvertebrate, water quality, sewage discharge, 07515. water quality, surface water quality, sewage overflow, sewage discharge, Netherlands, East Brabant; 07518.
intermittent spring
siphon action, karst spring, recharge, groundwater discharge, spring model, rhythmic spring, ebb and flow spring, Yugoslavia; 12242.
intermittent stream
stream channel sediment, permeability, sediment stratification, Darcian seepage equation, Green Ampt infiltration equation, groundwater recharge, 00576.
intermittent streamflow
variable flow, stream discharge, river classification, perennial streamflow, discharge-duration pattern, Nigeria; 02839.
intermittent turbulence
clear air turbulence, stable atmosphere, acid rain model, numerical weather prediction model, turbulence modelling, vertical eddy diffusion, K theory, 06500.
internal atmospheric boundary
flow thickness, flow velocity, air mass temperature difference, friction, warm air stratification, bora, frontal surface, orographic effect, 04284.
internal boundary layer
wind energy, Monin-Obukhov similarity, surface roughness, sea breeze, 00733.
Internal Consistency
External Consistency, radiocarbon dating, overview, international radiocarbon intercomparison, 04943.
internal drainage
external drainage, extensional faulting, White River Narrows Formation, active fault, stratigraphic effect, USA, Nevada, White River Valley; 05997.
internal friction angle
permeability, erosion control, land sensitivity, solifluction, mass movement, Atterberg limit, 03824.
internal mode
Kelvin wave, barotropic instability, Laplace tidal equation, zonal wind, vorticity gradient, 04271.
internal reproducibility
radiocarbon date, stage 3, International Collaborative Program, 04938.
internal sink
water budget, evaporation, denitrification, mixing, lake water chemistry, sedimentation, mass balance budget, water source, phosphorus, nitrogen, calcium, chlorine, Israel, Lake Kinneret; 07488.
internal structure
environmental significance, perennial snowbank, permafrost, aeolian, mudflow, thaw truncation, snowbank ice, tritium, climate change, Canada, Northwest Territories, Melville Island; 11997.
internal texture
fissure, basaltic disintegration, weathering, Quaternary, basalt flow, 06207.
internal undular bore
gravity current, gravity wave, radar, short period forecasting, squall line, mesoscale predictability, convection, low-level jet, USA, Kansas, Wichita; 01923.
internal wave
Landsat TM, Korteweg-De Vries equation, Cauchy problem, synthetic aperture radar, nonlinear internal wave, 12410. oceanographic process, SAR, tidal cycle, Mediterranean Sea, Strait of Gibraltar; 08117. severe, downslope windstorm, windstorm, pulsation, Kelvin-Helmholtz instability, wave breaking, 13595. suspended sediment, Kelvin-Helmholtz billow, lutocline, resuspension, hydraulic jump, Korea(South), Yellow Sea Coast; 04694.
internally forced rotating spherical system
Hadley flow, Rossby flow, eddy viscosity, meridional cell, 04260.
International Cirrus Experiment
International Satellite Cloud Climatology Project, cloud and climate problem, cirrus cloud displacement, wind field, North Sea; 06509.
International Collaborative Program
internal reproducibility, radiocarbon date, stage 3, 04938. participating laboratory, sample pretreatment, radiocarbon dating, interim progress report, 02584.
International Collaborative Study
calibration, counting system, radiocarbon date, systematic bias, 04940. radiocarbon dating, design, preparation, sample, 02583. radiocarbon dating, intercomparison sample, Zagreb Radiocarbon Laboratory, Rudjer Boskovic Institute, Yugoslavia, Zagreb; 04941. sample preparation, intercomparison exercise, radiocarbon dating, 04937.
International Collabortive Study
radiocarbon dating problem, acetylene, counting gas, lithium, contamination, 04944.
International Committee for the Classification of Andisols
volcanism, young soil, Andisol, Samoa, Western Samoa, Savai'i; 10959.
International Committee on the Classification of Spodosols
tephra derived soil, soil morphology, tephra, Spodosol, Japan, Tohoku; USA, Washington; USA, Alaska; 08558.
international conference
geomorphology, geomorphological mapping, remote sensing, terrain model, Germany; 09527. geomorphology, geomorphology, geoecology, conference symposia, workshop, 07134. soil mechanics, laboratory strength, deformation testing, pressuremeter testing, in situ testing, swelling soil, 06018.
International Conference on Coastal Engineering
shore protection, erosion, groin, sea wall, sediment transport, property value, 00051.
international cooperation
European Space Agency, polar platform, earth atmosphere system, 12586. meteorology, 01790. navigation, historical analysis, 06709.
international cooporation
air pollution, pollution control, pollution prevention, 00924.
international database
radiocarbon database, progress report, data retrieval management system, 02600.
international directory
global access, information, database, 13761.
International Earth Rotation Service
mapping control, geodetic datum, 07949.
international experiment
tropical cyclone, cyclone motion, typhoon passage, Pacific, (North); Taiwan; 13492.
International Geomorphological Map
Geomorphological Map of Europe, cartographic generalisation, European geomorphology, Europe; 09529.
International Geosphere Biosphere Programme
climate change, carbon dioxide, CFC's, nitrous oxide, methane, global change programme, greenhouse gas, 05443. global change, research project, 08416. ocean data system, water cycle, energy cycle, cloud radiation interaction, global change, France; 12588.
International Geosphere-Biosphere Programme
global environmental change, climatology research, 03139.
International Global Atmospheric Chemistry Programme
atmospheric chemistry change, air sea exchange, marine exchange, aerosol exchange, gas exchange, 06469.
International Hydrographic Organisation
geographic information, maritime data, hydrography, Australia; 10441.
International Radiocarbon Data Base
radiocarbon age, digital data base, radiocarbon data base, USA, Alaska; 10735.
international radiocarbon intercomparison
Internal Consistency, External Consistency, radiocarbon dating, overview, 04943.
international research
ozone hole, Sweden; 10228.
International Satellite Cloud Climatology Project
cloud and climate problem, cirrus cloud displacement, wind field, International Cirrus Experiment, North Sea; 06509.
international scientific programme
atmospheric evolution, anthropogenic action, warming, ozone layer, food web, acid deposition, 13479.
international space law
ethical aspect, satellite, remote sensing, military application, 10239.
International Space Year
global problem, satellite system, data management, environment, 00943. satellite data, global change, 12771.
international symposium
research needs, erosion, sedimentation, tropical steepland, Fiji, Suva; 06213.
interoperability
integration, Omega, GPS, navigation system, navigation system accuracy, navigation system reliability, 06714.
interplate setting
geometric pattern, rupture termination, fault segmentation, active normal fault, intraplate setting, seismic hazard, rupture propagation, USA, Nevada, Pleasant Valley; Dixie Valley; 08358.
interpolation
Delaunay triangulation, digitised contour, contour line, 04537. digital map, database, contour line, metric system, 08052. GIS, stochastic model, soil salinity, herbaceous cover, kriging, Israel; Botswana; 03364. kriging, variogram, 05608. point observation, spatial surface, isarithmic mapping, choropleth mapping, 01053. polygon skeletonisation, raster-vector integration, Voronoi diagram, spatial adjacency, 00978. wind field, dispersion, terrain following coordinate system, 04196.
interpolation statistics
data assimilation procedure, observed residual, radiosonde data, forecast, trial field, Canada; 10083.

interpretation
children, map, cartography, 09164. landuse planning, survey system, Taiwan; 10401. Magellan data, Heng-O ring structure, corona, soil dominated, radar characteristic, equatorial plain, Goldstone observation, Venus; 02523. remote sensing, world problem, physics, 03272.
interpretive concept
GIS, geoscience, 06751.
interpretive variability
soil map, forest management, 06249.
interrill erodibility
fragipan soil, erosion, simulated rainfall, runoff, erodibility, USA, Mississippi, Holly Springs; Tennessee, Alamo; 09634.
interrill erosion
alfalfa, simulated rainfall, soil erosion, tillage, canopy cover, USA, Wisconsin; 12029. evapotranspiration, water yield, drainage, watershed management, land management, rangeland, water balance, lysimeter, runoff, USA, Texas, Rolling Plains; 11096. infiltration rate, watershed management, grazing, vegetation, soil type, Somalia; 11095. nitrogen, phosphorus, infiltration, runoff, water quality, silviculture, grazing treatment, longleaf pine forest, USA, Louisiana, Kisatchie National Forest, Vernon District; 01499. prediction technology, soil erosion, water, research, erosion prediction technology, simulation model, Universal Soil Loss Equation, rill, USA; 12028.
interrill overland flow
hillslope hydrology, flow resistance, overland flow hydraulics, runoff hydrograph, sediment yield, USA, Arizona; 05137.
intersection
node list, linear quadtree, set operation, 00979. verticality, three-dimensional coordinate, structure, engineering surveying, 05607.
interstadial
Brorup, Odderade, integlacial correlation, Eemian, Weichselian, oxygen isotope stratigraphy, last interglacial, Stage 5, Netherlands; Europe, (Northern); 06081. Eemian age, stratigraphy, Weichselian, till stratigraphy, glacial history, Pleistocene(Late), stadial, Norway, Finnmark, Finnmarksvidda; 06130. Pleniglacial, Les Echets sequence, pollen analysis, Pleistocene(Upper), maar, vegetational history, Ribains interglacial, St Geneys, France, Massif Central, Velay, Le Bouchet Lake; 03895. pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, Australia, Tasmania; 02641.
interstadial flora
pollen assemblages, Pleistocene(Late), Holocene, flora change, Pleistocene(Middle), interglacial flora, glacial flora, Japan, San-in District; 05030.
interstadial interlude
biogeographic adjustment, faunal invasion, Pleistocene, Mediterranean species, Coleoptera, glacial interglacial cycle, interglacial interlude, Europe, (Northern); UK; 08480.
interstadial sediment
Bullion Pit bed, Mexican Hill, stratigraphy, palaeoecology, Pleistocene, interstadial sediment, organic rich, interstadial sediment, middle Wisconsinan, Cordilleran Ice Sheet, Canada, British Columbia, Quesnel River Valley; 03889. middle Wisconsinan, Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Mexican Hill, stratigraphy, palaeoecology, Pleistocene, interstadial sediment, organic rich, Canada, British Columbia, Quesnel River Valley; 03889. organic rich, interstadial sediment, middle Wisconsinan, Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Mexican Hill, stratigraphy, palaeoecology, Pleistocene, Canada, British Columbia, Quesnel River Valley; 03889.
interstadial site
peat, pollen, lithostratigraphy, stage 5a, uranium series dating, UK, Scotland, Allt Odhar; 06147.
interstital water
phosphorus, organic matter, marine sediment, diagenesis, 00116.
interstitial clay
Sergi Formation, surface water, Jurassic, porosity, permeability, hydrocarbon reservoir, infiltration, Brazil, Reconcavo Basin; 05801.
interstitial fluid
carbonate platform, pore water, recrystallisation, carbonate sediment, diagenesis, Indian Ocean, ODP Leg 115; Mascarene Plateau; 03671. Jurassic, rare earth element, Smackover Formation, isotopic composition, burial, USA, Gulf Coast, Arkansas Shelf; 01278.
interstitial ice
development model, Lateglacial, Nahanagan Stadial, glacial morphology, sedimentological characteristic, fossil rock glacier, talus foot debris, debris accumulation, rock glacier, Ireland, Muckish Mountain; 07290.
interstitial pressure
slope unstability, geological structure, geotechnical characteristic, aquifer, hydraulic process, pressure measurement, France, Meurthe et Moselle, Chateau-sous-Clevant; 10702.
interstitial solution
mass transfer, solute transport, diagenesis, buoyancy flow, heat transfer, sedimentary basin, temperature change, pressure change, 08269.
interstitial water
anoxic sediment, amino acid, upwelling, carbohydrate, Pacific, ODP Site 681; 01346. diagenesis, coral reef, sulphate, oxidation, organic matter, USA, Hawaii, Oahu; 04754. dissolved organic carbon, redox zone, amino acid, sedimentation rate, organic matter, Tyrrhenian Sea; 00186. hydrogeological system, plate convergence, geothermal regime, chloride, brine, diagenesis, Peru; 01243. iron, lake sediment, calcium carbonate, fresh water sediment, redox, 12849. mineralisation, organic matter, complexation, lake, phosphate, Netherlands, Loosdrecht Lakes; 11666. organic carbon, speciation, manganese, Japan, Lake Fukamiike; 10528. organic matter, diagenesis, carbonate, sea water, pore water, 05946. pelagic deposit, calcium, magnesium, oxygen isotope, volcanic material, Weddell Sea; 03669. phosphorus mobility, calcium, hydroxyapatite, iron, lake sediment, Israel, Lake Kinneret; 08162. sediment core, centrifugation, pore water, porosity, water extraction, 10660. sulphate, methane, bottom sediment, oxidation, carbonate, Sea of Okhotsk; 03573. temperature, porosity, pressure, gold, uranium, fluid, South Africa, Witwatersrand Basin; 02447. volcanic ash, Pleistocene, Pliocene, decollement, accretionary prism, depth profile, Caribbean Sea; Atlantic, Barbados Ridge; 02368. water column, salinity, phosphate, saturation, sea water, Spain, Fuente Piedra Lagoon; 00029.
interstitial waters
isotopic composition, magnesium, strontium, Pleistocene, Pliocene, Caribbean Sea, ODP Hole 671 B; Barbados Ridge, ODP Hole 671B; 02369.
interstratification
ion exchange, magnesium, potassium, vermiculite, X-ray powder diffraction, Malawi; 03679.
intertidal
freshwater biota, pollen diagram, transgression, regression, mangrove ecosystem, palyno plankton stratigraphy, environmental change, Holocene, India, Bengal Basin; 04985. sedimentation, tidal flat, erosion, vegetation, current, Canada, St. Lawrence Estuary; 00154.
intertidal flat
mud flat, estuary, redox profile, anoxic sediment, heavy metal, Belgium, Scheldt Estuary, Ballasplaat Mud Flat; 10583.
intertidal gradient
sediment, salt marsh, mud flat, precipitation, evapotranspiration, salinity, soil salinity, Netherlands; 12140.
intertidal mud flat
deflation, gravel drift, wind effect, sea level, beach, spit, tidal flat, longshore transport, sand transport, gravel transport, chenier, Argentina, Tierra del Fuego, San Sebastian Bay; 10802.
intertidal platform
ice rafted debris, sedimentation pattern, facies geometry, glacial influence, continental shelf, Yakataga Formation, USA, Alaska, Middleton Island; 04972.
intertidal rock platform
erosional unloading, crustal stress, Late Quaternary, fault movement, Aspy Fault, Sangamonian, Canada, Cape Breton Island, Cabot Landing; 04896.
intertidal sediment
mussel, anthropogenic activity, cytochemical result, environmental stress, oil spill, contamination, Canada, St.Lawrence Estuary; 12899. oxygen, denitrification, nitrogen, organic matter, Wadden Sea; 11791. provenance, mudflat, beach, sand, Quaternary, Kuwait; Arabian Gulf; 10539. tropical environment, beach, hydrocarbon, contaminant, spill, Puerto Rico, Bahia Sucia; 03587.
intertidal sedimentation
channel geometry, storm, ebb channel, sedimentation, mudflat, Korea(South), Inchon; 04738.
intertidal zone
dike, reclamation, coastal protection, Wadden Sea, Margrethe-Koog; 00044. faecal pellet, chiton, erosion rate, bioerosion, Bahamas, San Salvador; 09438. lagoon, oxygen profile, sediment water interface, Portugal, Ria Formosa; 08165. shell, calcium carbonate, beachrock, sand, India; 03557.
intertill sediment
nonglacial sedimentary unit, TL dating, Middle Wisconsinan(Middle), deglaciation, Nelson River sediment, Canada, Manitoba, Hudson Bay Lowland; 11942.
Intertropical Convergence Zone
sea surface temperature, trade wind, surface atmospheric pressure, El Nino/Southern Oscillation, Pacific; 03092.
intertropical region
rift, floodplain, weathering, meandering, river behaviour, Zaire; Burundi; Rwanda; 13017.
intertropical zone
biomass burning, aerosol, particle, dry season, calcium oxalate, ice nuclei, convective cloud, oxalate source, Ivory Coast; 03207.
interval
classification, range, 04582.
interval timestamp
temporal database, database, 09129.
intgegrated
remotely sense data, GIS, data, accuracy, 13828.
intra continental shear
morphogenesis, coastal relief, continental margin, marginal ridge, subduction chain, sub marine geology, Spain, Galicia; 03712.
intra Glenwood
low water phase, glacial lake, radiocarbon age, lake deposit, Arkona low water phase, ice margin, Lake Michigan lobe, Mackinaw Interstade, transgression, USA, Michigan, Riverside; Lake Michigan; 06141.
intra ocean heat transfers
coccolithophore species, palaeoproductivity, Quaternary(Late), Agulhas Current, Indian Ocean; 03864.
intra seasonal oscillation
Rossby wave train, convection, cold surge, 04272. tropical atmosphere, monsoon dynamics, baroclinic disturbance, Hadley circulation, Rossby wave, 04276.
intracratonic basin
denudation, Carboniferous, Jurassic, Pangea, transgression, facies, Egypt; 03629. graptolite, Telychian, transgression, Silurian, Norway, Oslo; 00152.
intracratonic trough
eustatic, molasse, sedimentary evolution, West Congolian Supergroup, Proterozoic, Congo; 02420.
intramontane basin
tectonic structure, sedimentation rate, sedimentary infill, prograding fluvial system, anastomosing river, zonal vegetation belt, semi arid climate, sedimentary history, Colombia, Pitalito Basin; 10679.
intramorainic depression
cirque, lithostratigraphic unit, Atlantic period, Subboreal, radiocarbon date, deforestation, slope degradation, sedimentation, postglacial deposit, Quaternary fill, Poland, Tatra MountainsStarorobocianski Cirque; 11971. lithostratigraphic unit, Atlantic period, subBoreal, subAtlantic, slope erosion, Little Ice Age, human disturbance, postglacial deposit, cirque, Poland, Tatra Mountains; 09601.

intraplate deformation
hydrothermal activity, fluid circulation, carbonate, cement, Indian Ocean, ODP Site 717; ODP Site 718; Indian Ocean, ODP Site 719; Indian Ocean, Bengal Fan; 04831.
intraplate earthquake
neotectonics, earthquake, tectonism, bookshelf tectonics, seismicity, volcanic zone, Iceland; 10697.
intraplate margin
marginal bulge, Great Escarpment, vertical tectonics, geomorphology, passive margin, 13035.
intraplate setting
seismic hazard, rupture propagation, interplate setting, geometric pattern, rupture termination, fault segmentation, active normal fault, USA, Nevada, Pleasant Valley; Dixie Valley; 08358.
intraseasonal convection anomaly
convection anomaly, propagation classification, synoptic climatology, transient anomaly, tropical anomaly, 12396.
intraseasonal oscillation
cloudiness, precipitation, imaging system, data analysis, monsoon study, monsoon evolution, tropical storm, 05285. extratropics, Hopf bifurcation, topographic instability, 12428. monsoon, INSAT satellite measurement, monsoon failure, tropical storm, storm, cyclone, Asia; 12335. wave train, circulation oscillation, general circulation, 13589. westerlies oscillation, monsoon, monsoonal westerlies, baroclinic structure, Australia, Northern Territory, Darwin; 13493.
intraseasonal time scale
interannual time scale, angular momentum, tropics, zonal contributions, global momentum, momentum variation, 12415. thermocline, sea surface temperature, large scale interaction, air sea interaction, tropical ocean, interannual time scale, Pacific; 11229.
intraseasonal variation
annual variation, divergent flux, water vapour flux, global scale variation, 12299. atmosphere ocean model, general circulation model, boundary condition, air sea interaction, El Nino/Southern Oscillation, 05411. European Centre for Medium Range Weather Forecasting model, low frequency variation, tropical convergence, convergence zone, 12399.
intraseasonal wave
interannual wave, wave, tropics, ocean model, coupled ocean atmosphere land model, 07746.
intraseasonal zonal wind
zonal wind fluctuation, radiosonde observation, monsoon, spectra, maximum entropy method, time scale, India; 12402.
intrastratal solution
Cretaceous, Tertiary, basin, provenance, heavy mineral, New Zealand, South Island; 05940.
intrinsic sample
geological object, mineral endowment descriptor, geodata set, USA, Nevada, Walker Lake; 12677.
Inuit society
map accuracy, cultural process, mapping, 03379.
inundation
organic carbon, carbonate, stable isotope composition, Thalassia, seagrass, Atlantic, Bahamas, Bight of Abaco; 01236.
inundation cause
tidal gauge data, submergence rate, groundwater pumpage, petroleum production, Delphic analysis, risk assessment, subsidence cause, USA, Texas, Gulf Coast; 06060.
inundation classification
GIS, methane flux, anaerobic environment, land cover, USA, Florida, Everglades; 08125.
inundation maps
flood forecasting, real time alert system, flood forecasting, ice dam outburst, glacier-dammed lake, flood wave, snowmelt wave, flood tables, Argentina, Mendoza River; 05241.
inundation zone
storm, finite element, floodplain, Germany, River Fulda; 02314.
invariance
pixel, edge detection, rotation invariance, 09106.
invasion
climate change, extinction, 10733.
invasion radius
tracer, hydraulic conductivity, porosity, aquifer formation, aquifer depth, groundwater flow, electrical tracer, induction logging, 01710.
inventory
aerial photography, high altitude photography, wetland, USA; 02245. air quality management, emission, Europe, (Western); 11361. analytical stereoplotter, wetland, 02243. cartographic data, spatial information system, GIS, 13882. cost effectiveness analysis, control policy, emission, Germany, Baden-Wurttemberg; 11362. crop monitoring, agricultural application, 12756. data resource pyramid, GIS, spatial data, 13937. developing country, real estate, cadastre, 04682. economic growth, oil wealth, sulphur dioxide, nitrogen oxide, emission, fossil fuel, combustion, Saudi Arabia; 11388. emission, air pollutant, Italy; 11360. Holocene, historical data, climatic condition, frontal movement, glacier evolution, photo interpretation, advancing glacier, retreating glacier, Canada, British Columbia, Glacier National Park; 06205. information system, biotope, nature protection, Germany, Darmstadt; Dieburg; 11511. mapping, aerial photograph, glacier, New Zealand; Indonesia, Irian Jaya; 02270. remote sensing, georeference, agricultural statistics, Greece, Macedonia; 13941. resource management, GIS, water regulation, USA, Florida; 06900. SPOT, aerial photograph, field data, resource, Tunisia, Kasserine; 04656. stratified random sampling, photo interpretation, classification, forest stand, Dominican Republic; 10415. sulphur dioxide, emission, acid rain, long range transport, Asia, (East); 13688. timber, stand information, decision support system, GIS, USA; 06882.
inventory mapping
vegetation, GIS, forest, Canada, Alberta; 13931.
inverse auger hole method
saturated hydraulic conductivity, till soil, dug well, measurement, hydraulic conductivity, 01713.
inverse distance weighting
weighted local averaging, spatial prediction method, soil pollution, kriging, co kriging, soil mapping, floodplain soil, zinc, local trend analysis, mathematical spline, Netherlands, Geul River; 08622.
inverse method
groundwater flow, infiltration, soil crust, cumulative infiltration, low permeability layer, water absorption, soil water characteristic, hydraulic resistance, wetting front, 13402. model calibration, aquifer model, maximum likelihood estimation theory, Gauss Newton algorithm, parameter estimation, concentration data, matrix diffusion, matrix adsorption, groundwater flow, coupled flow, solute transport, 09878. transmissivity, kriging method, groundwater flow, transport model, parameter estimation, Denmark, Vejen; 09877.
inverse model
tracer data, box ocean model, ocean ciruclation model, 08891.
inverse modelling
coastal water, sedimentation rate, diffuse input, transport problem, Adriatic Sea, Punat Bay; 03591.
inverse problem
adjoint state conjugated gradient method, computer algorithm, parameter estimation, multi aquifer system, groundwater flow model, model calibration, Gauss Newton plus Line Search method, Germany, Venloer Scholle Aquifer System; 09862. general linear inversion, numerical weather prediction, 04322. gradient method, groundwater flow, parameter estimation, estimation uncertainty, maximum likelihood problem, Gauss Newton method, Newton method, optimisation method, adjoint state method, 09869. groundwater flow, basis function, transmissivity estimation, piezometric head, 09863. ocean model, satellite observation, latent heat flux, sensible heat flux, sea surface, 12383. one dimensional infiltration, groundwater flow, diffusion equation, Fokker Planck equation, unsaturated flow, saturated conductivity, infiltration equation, 06342. pore geometry, solute transport, solute flux, permeability, porosity, specific surface, biofilm growth, porous medium, dispersivity, groundwater flow, 06375. regional head distribution, hydraulic parameter, stochastic inverse modelling, groundwater flow, head distribution, aquifer characteristic, transmissivity, recharge, Portugal, Rio-Maior Aquifer; 05223. source/sink process, baseline monitoring, 03240.
inverse problem of parameter identification
leaky aquifer, groundwater modelling, adjoint state sensitivity method, pumping test, convection diffusion equation, sensitivity analysis, 06347.
inverse theory
heat flux, palaeoclimatic indicator, forward theory, permafrost, surface temperature change, temperature history, geothermal data, USA, Alaska, Prudhoe Bay; 08507. mantle viscosity, isostatic adjustment, glacial isostasy, rebound inversion, post glacial rebound, resolving power analysis, 07164.
inversion
adiabatic layer, katabatic flow, nocturnal slope wind, valley, 03070. air-ice momentum coupling, radiation deficit, snow, temperature budget, sea ice, winter, 13536. cascade impactor data, aerosol size distribution data, Twomey algorithm, 12575. convective activity, subsidence, marine boundary layer, monsoon, Indian Ocean; 03067. cumulus band cloud, cloud band, convection, latent heat release, entrainment, USA, Hawaii; 01928. geostrophic wind, boundary layer, mean structure, ice edge, aircraft observation, marginal ice zone, Arctic; 13534. hydraulic model, wind velocity, bora layer depth, Yugoslavia, Zagreb; 04240. kinetic energy, entrainment, turbulent flux, cloud top entrainment, small scale mixing, boundary layer, 04303. lidar measurement, cloud cover, wind speed, buoyant plume, 02000. Nimbus-7, radiometer measurement, Earth radiation budget, longwave flux, shortwave flux, 13486. nitrogen oxide, pollution, particulate matter, anticyclone, land breeze, cyclone, cold front, Japan, Kanto Plain; 02001. operational prediction, prediction, daytime mixed layer, mixed layer heights, dispersion modelling, 12365. organophosphorus insecticide, particle, fog liquid, pesticide occurrence, fog, advected oceanic fog, USA, California, Monterey; 10189. parcel, drop spectrum, cloud, successive convective element, 13611. particulate, aerosol, pollution, impactor, principal component analysis, trace metal, sodium, vanadium, manganese, copper, zinc, arsenic, cadmium, lead, Switzerland, Berne; 05509. plume rise, convection, dispersion, buoyant particle, boundary layer, 01999. super-adiabatic layer, valley wind, vertical structure, local wind, airsonde, balloon, acoustic sounder, temperature structure, Antarctica, Wright Valley; 01826. thermal structure, Pasquill stability, Richardson number, dispersion coefficient, Monin-Obukhov length, sodar, pollution meteorology, acoustic sounding, 05496.
inversion breakup
mountain, valley, air temperature, wind speed, drainage flow, Canada, Alberta; 12446.
inversion breakup fumigation
Langevin equation, turbulence, Lagrangian particle model, fumigation, breakdown, nocturnal inversion, 13686.
inversion characteristic
temperature inversion, valley climate, Norway, Finnmarksvidda; 03036.
inversion height
local weather, coastal trap, Kelvin wave, gravity current, trapped disturbance, 08881.
inversion layer
long-wave radiative transfer, nocturnal boundary layer, 03058. mixing height, solar radiation, deposition, hydrogen peroxide, ozone, air quality, photochemical model, emission rate, USA, California, Los Angeles; 11404. mountain flow, cold air, air damming, two layer steady state model, 13594.
inversion method
topography interpolation, geophysical field, 11436.
inversion strength
mass balance, general circulation model performance, Antarctic wind, Antarctica; 08936.
invertebrate
plant, insecticide, forestry, permethrin, Canada, Ontario; 11705.
invertebrate community
water transparency, drought survival, coastal wetland, limnology, acid peat flat, water chemistry, Australia; 09781.

invertebrate monitoring programme
acidification index, acid sensitive invertebrate, surface water quality, acid precipitation, biological monitoring, fish mortality, buffer capacity, Norway; 02889.
invertibility principle
potential vorticity inversion, shallow water flow, Rossby number, primitive equation model, barotropic vorticity equation, 04270.
investment
defensive measure, global environment, environmental force, greenhouse gas, carbon dioxide, 11278.
invetebrate
vertebrate, Jurassic, fauna, limestone, fossil, Argentina, Neuquen Province, Zapala; 00151.
inviolable flow
lowflow, limit velocity, Poland, Reda River; Zagorska Struga River; 00527.
inviscid Burgers equation
scale collapse, semi Lagrangian solution, 07627.
involution
patterned ground, wedge, cryoturbation, paleosol, relict, periglacial feature, palaeoclimatic significance, Canada, Alberta, Waterton-Glacier Park; USA, Montana, Waterton-Glacier Park; 11999. pollen, chronology, periglacial structure, ice-wedge cast, frost crack, China; 12005.
iodate
organic iodine, biogeochemical process, geochemical tracer, sea water, iodine, USA, Chesapeake Bay; 09458.
iodine
arsenic, nitrate, ammonium, sulphate, vanadium, zinc, trace element, aerosol, bromine, aluminium, calcium, cobalt, iron, potassium, lanthanum, manganese, titanium, elemental composition, chlorine, Arctic; Canada, Ellesmere Island, Alert; 02030. iodate, organic iodine, biogeochemical process, geochemical tracer, sea water, USA, Chesapeake Bay; 09458. mercury, copper, aerosol, particulate, remote atmosphere, urban atmosphere, zinc, vanadium, arsenic, manganese, bromine, Italy; 03176. nuclear facility, radioiodine, radionuclide, resuspension, aerosol, particle size, isotope, 13730. particulate, Chernobyl nuclear accident, radionuclide, deposition, strontium-90, caesium-137, radioactivity, Italy, Saluggia; 00926.
iodine cycle
sulphur, dimethylsulphide, marine sulphur, 09066.
iodine oxide
maritime air, ozone, nitrogen oxide, sulphur dioxide, dimethyl sulfide, 06636.
iodine species
sulphur species, marine air, photochemistry, global cycle, dimethyl sulphide, methyl iodide, 11333.
iodine-129
nuclear fuel, reprocessing plant, radiological assessment code, Germany, Karlsruhe; 11370.
iodoethanol
molecular modulation technique, reaction kinetics, radical, photolysis, 06616.
ion
sulphate, nitrate, aerosol, size distribution, accumulation mode, condensation, droplet, impactor, inorganic particle, USA, California; 06576.
ion accumulation
precipitation chemistry, meltwater, preferential elution, snowpack chemistry, ion loss, USA, Michigan; 00618.
ion adsorption
adsorption site, soil suspension, caesium, cobalt, strontium, USA, Texas, Hudspeth County; 09681.
ion analysis
soil analysis, nutrient concentration, soil fertility, sample preparation method, 07407.
ion beam technique
ionosphere, plasmasphere, electric field detector, double probe technique, 03390.
ion binding model
organic soil, humic substance, acid organic soil, soil solution, charge, 07356.
ion chemistry
karst aquifer, residence time, water chemistry, reducing condition, fertiliser, nitrate concentration, indicator bacteria, groundwater contamination, USA, Kentucky, Inner Bluegrass Karst Region; 07559.
ion chromatograph
atomic absorption spectrophotometer, aerosol, electrolytic conductivity, snow sample, acid concentration, ice cap sample, volcanic eruption, oxygen isotope ratio, radioisotope peak, nuclear test, Coulter Counter, 10139.
ion chromatographic property
meltwater chemistry, snow chemistry, chromatographic process, preferential elution, 02939.
ion chromatography
annular diffusion denuder, pollution, sampling, aerosol, particulate, 03184. atomic absorption spectrometry, sulphate, sea salt sulphate, chloride, sodium, deposition, ocean surface, observation ship, Pacific, (North); 01992. atomic absorption spectrophotometry, soil metal, total metal, 07392. chloride, nitrate, sulphate, sodium, potassium, ammonium, anion, organic acid, cation, aerosol, precipitation chemistry, sampling, rain water, 03186. field study, fog, aerosol, scavenging, ammonium, nitrate, sulphate, sulphur dioxide, S(IV) oxidation, vertical transport, 13658. Fourier transform infrared spectrometry, aerosol, carbonaceous species, sulphate, sampling, 02056. hailstone, cloud water composition, cloud droplet chemistry, convective storm, chloride, nitrate, nitrite, sulphate, oxalate, 05435. lake sediment, reduction, sulphate, fresh water system, Germany, Lake Constance; Switzerland, Lake Constance; 09475. multicomponent transport modelling, transport model, fresh water salt water interface, groundwater chemistry, salt water displacement, dispersivity, geochemical mixing cell model, water displacement, Gapon selectivity, 12255. sulfur dioxide measurement technique, filter pack, pulsed fluorescence, USA, Eastern Colorado Plains; 04438.
ion chromatography detection
tunable diode laser, intercomparison, nitric acid measurement, denuder tube collection, chemiluminescent detection, nylon filter collection system, 04366.
ion concentration
atmospheric deposition, stream water chemistry, upland stream, magnesium, calcium, aerosol salt, surface water quality, sodium, chlorine, UK, Wales, Plynlymon Range, River Leri; River Ystwyth; 05196. groundwater flow, throughflow, diurnal fluctuation, electric conductance, drought, streamflow fluctuation, forest catchment, evapotranspiration, Japan; 02843. groundwater resource, groundwater hydrochemistry, spring, salinity, Saudi Arabia; 01725. soil solution, forest soil, acid deposition, Germany, Bavaria; New Zealand; 03983. storm system, sulphate, nitrate, acid rain, precipitation, rain water acidity, 13750. supercooled cloud, chemical composition, snow, pH value, cloud water, 10185. wet deposition, Winkler diagram, precipitation conductivity, pH, precipitation collector, precipitation monitoring, hydrogen, USA, Nebraska, Omaha; 04027.
ion deposition
fog water interception, high elevation, cloud water, trace constituent concentration, mountain region, 06601.
ion diffusion
nutrient uptake, uptake modelling, buffer power, soil buffer, 07338.
ion dynamics
reduced deposition, MIDAS, cation exchange, acidification, base saturation recovery, acid deposition, percolation, forest soil, soil chemistry, Sweden; 11100.
ion electrode method
nitrate, transnitration, salicylic acid, cadmium reduction, USA, Great Plains; 07409.
ion exchange
anion exchange, forest canopy, deciduous foliage, coniferous foliage, foliage, leaching, pH dependent leaching, 11093. dispersion, unsteady flow, cation transport, groundwater flow, unsaturated flow, adsorption, 06343. heat exchange, sedimentation, coagulation, precipitation, complex formation, hydroloysis, redox process, photochemical reaction, microbial decomposition, nitrification, fish growth, sediment water exchange model, water quality model, volatilisation reaeration, adsorption, 09828. heterotrophic biological treatment, potable water, water quality, water treatment, nitrate, nitrate elimination process, 00652. Hogfeldt model, inorganic ion exchanger, Putnam clay, Bentonite, 03976. magnesium, potassium, vermiculite, X-ray powder diffraction, interstratification, Malawi; 03679. marine sediment, magnesium, sea water, diagenesis, organic matter, adsorption, 08275. physicochemical classification, soil classification, 02749. redox reaction, oxidation, salt water intrusion, sea sand, heavy metal, groundwater quality, infiltration, road construction, sodium, 07550. tetrahedral site, water molecule, zeolite, natrolite, Czechoslovakia, Bohemia; 00190. waste water irrigation, contaminant reduction, filtration, adsorption, precipitation, Spain, La Mancha, Guadiana River Basin; 07603.
ion exchange isotherm
cation transport, aggregated soil, ionic strength, convection dispersion transport model, 09729.
ion exchange kinetics
kinetic model, adsorption kinetics, stirred flow chamber, 07394.
ion exchange process
aluminium, hydrogen, ion relationship, Surface Waters Acidification Programme, soil water chemistry, surface water, UK, Scotland; Norway; 13387. electrodialysis, nitrogenous pollutant, water quality management, wastewater treatment, microbiological denitrification, water purification, reverse osmosis, 00657.
ion exchange resin
adsoprtion, element movement, cation, Japan; 02791.
ion exchange resin extraction
resin extracted nutrient, soil testing, nutrient accumulation, Phytoavailability Soil Test, soil extraction method, 07405.
ion exclusion
exchange process, groundwater flow, diffusion, advection dispersion, solute transport, clay, porosity model, UK, England, London; 09844.
ion fixation
exchange property, cation exchange, complexation, peat, copper ion, 07344.
ion flux
mineral transport, nitrogen, global river transport, dissolved carbon, particulate carbon, carbon transport, Canada, St. Lawrence River; Northwest Territories, Mackenzie River; USA, Alaska; USA, Alaska, Yukon River; USSR, Yenisei River; USA, St. Lawrence River; USA, Yukon Territory, Yukon River; 12212.
ion identification
continental air, tropospheric ion, 11351.
ion loss
ion accumulation, precipitation chemistry, meltwater, preferential elution, snowpack chemistry, USA, Michigan; 00618.
ion mass spectrometer
magnetosphere, thermal ion mass composition, 03395. oxygen ion flux, electric field, 03394.
ion pair production
hydrogen, proton, hydroxyl, hydro-peroxy, nitrogen, nitrogen monoxide, nitrogen dioxide, solar proton event, middle atmosphere, solar cycle, 03004.
ion pairs dissociation
solubility product, calcite, dissociation, 05931.
ion production rate
air quality, aerosol, electric conductivity, marine air, Atlantic; 13488.
ion relationship
Surface Waters Acidification Programme, soil water chemistry, surface water, ion exchange process, aluminium, hydrogen, UK, Scotland; Norway; 13387.
ion selective electrode
pH, oxygen, anthropogenic source, lake water, industrial discharge, heavy metal, copper, Italy, Lake Orta; 09480. potassium, kinetics, electrode response time, 05091. potassium, soil suspension, concentration

ratio, quantity intensity relationship, USA, Iowa; 08605.
ion transport
unsteady water flow, cation exchange, clay soil, potassium-calcium exchange, sodium-calcium exchange, 00384.
ion uptake
acidic deposition, dry deposition, evapotranspiration, soil chemistry, acidification, afforested catchment, stream water quality, UK, Scotland; 09917. cation anion balance, rhizosphere pH, pH, 03975.
ion-exchange
weathering process, exchangeable cation, aluminium-hydrogen ion relationship, acidification, soil water chemistry, surface water chemistry, UK, Scotland; Wales; Norway; 04083.
ion-exchange model
ion-exchange resin, cation exchange, exchange isotherm, thermodynamic exchange constant, monovalent cation exchange, acid-base model, clay mineral, 12066.
ion-exchange resin
cation exchange, exchange isotherm, thermodynamic exchange constant, monovalent cation exchange, acid-base model, clay mineral, ion-exchange model, 12066.
ionbinding reaction
adsorption, dissolution, acidification, surface water chemistry, aluminium exchange, cation exchange fractionation, organically complexed aluminium, organic matter, 13386.
ionic charge balance
surface water quality, pH, chemical speciation, dissolved organic carbon, humic substance, acid surface water, aluminium binding, 13365.
ionic composition
salinity, Quaternary, lake, fossil diatom, diatom, salt lake, correspondence analysis, Bolivia, Altiplano, Laguna Ballivian; 11938. self purification, surface water quality, urban effluent, pH, Burkina Faso, Ouagadougou, River We; 06313. sulphate, dry deposition, ammonium, biological loss mechanism, bulk precipitation collector, wet only precipitation collector, precipitation quality, wet deposition, aerodynamic blockage, UK; 10978.
ionic composition in clouds
acid droplet, cloud chemistry, 04379.
ionic concentration
biochemical oxygen demand, dissolved oxygen, chemical oxygen demand, surface water groundwater interaction, petroleum exploration, industrial pollutant, surface water quality, groundwater contamination, geopollutant, India, Godavary River; 11023. electrical conductivity, nitrification, adsorption, leaching, surface water quality, nitrate, forested watershed, USA, Appalachian Mountains; 13358. snow chemistry, elevation, atmospheric deposition, snow collector, UK, Scotland; 00617. water movement, surface water quality, runoff chemistry, solute transport, hillslope hydrology, coniferous forest, subsurface flow, free surface method, tangent continuity method, UK, Wales; 04092.
ionic equivalent ratio
rain depth, acid rain, chemistry, precipitation, enrichment factor, Saudi Arabia, Gulf Coast; 11381.
ionic intensity
electrical charge, aerosol, radioactivity, radioactive aerosol, 03268.
ionic loading
acidification, sodium bromide, stream water chemistry, aluminium mobilisation, water pathway, soil water chemistry, surface water chemistry, Norway, Birkenes Catchment; 02890.
ionic ratio
chloride, surface evaporation, isotopic ratio, sediment leachate, brine, salt accumulation, lake water chemistry, hypogene process, epigene process, Kenya, Lake Magadi; Tanzania, Lake Natron; 09822.
ionic ratio electrical conductivity relationship
landscape ecology, groundwater quality classification, ecohydrological parameter, shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, metacline water type, atmocline water type, lithocline water type, pH electrical conductivity relationship, Netherlands; 09901.
ionic strength
bromacil, simazine, norflurazon, diuron, Candler fine sand, sorption-desorption, herbicide, electrolyte, cation, 13254. calcium, soil strength, Typic Hapludult, soil solution, soil water, water retention, cone index, lime, gypsum, USA, Georgia, Watkinsville; 13236. convection dispersion transport model, ion exchange isotherm, cation transport, aggregated soil, 09729.
ionic tracer
tracer movement, snowpack, melt water, lysimeter, silica, USA, Wyoming; 08786.
ionic transport
Nernst-Einstein equation, hydraulic barrier, diffusion coefficient, gravel, unsaturated conditions, groundwater flow, diffusion barrier, 01707.
ionization gauge
mass spectrometer, sodium lidar temperature, middle atmosphere, state density, temperature, wind, passive falling sphere, 08942.
ionized level
microwave pulse, communication service, nitric oxide, 06692.
ionogram analysis
quasi parabolic layer, backscatter, 11454.
ionosphere
differential ion flow technique, Boltzmann equation, frequency broadening, Thomson scatter spectra, 03023. plasmasphere, electric field detector, double probe technique, ion beam technique, 03390.
ionospheric data
solar activity, polar vortex, 06443.
ionospheric plasma
radar interferometric imaging, plasma irregularity, equatorial electrojet, Peru, Jicamarca; 12693.
ionospheric refraction
satellite, Doppler count, refraction correction, 11439.
iorganic phosphorus
water quality, soil water chemistry, nutrient, vegetation growth, wetland, sewage effluent, pH, redox potential, nitrogen, phosphorus, ammonium, New Zealand, Waitangi Forest; 12278.
Iozumi Tuff
Plio Pleistocene, Kakegawa Group, Horinouchi Formation, tuff, submarine sliding deposit, lithofacies change, geological significance, Japan, Shizuoka Prefecture; 10795.
Ipswichian
Eemian, Chelford, St. Germain II, Odderade, Upton Warren type site, last interglacial glacial cycle, amino acid geochronology, oxygen isotope stratigraphy, UK; Europe; 06082. erratic, glacial deposit, Devensian age, raised beach, Amino acid dating, uranium series dating, speleothem, UK, Wales; 10768. interglacial, Wolstonian, Numsterian, Devensian, Midlandian, glacial stratigraphy, Nahanagan glaciation, Ireland; 11951. Midlandian, preMidlandian, glacial deposit, glacial stratigraphy, Gortonian stage, Hoxnian, Ireland; 13122.
Ipswichian beach
Hoxnian, Dimlington Stadial, Skipsea till, weathered mantle, Hessley Clay, proglacial lake, Lake Humber, Eskrick moraine, Withernsea till, Quaternary history, Wolstonian till, UK, England, Humberside; Yorkshire; 13138.
IRF-k method
point kriging, chloride, hardness, groundwater quality, geostatistical method, outlying data point, 02929.
iridium anomaly
hardground, meteorite impact, microbial process, stromatolite, iron oxide, sea level change, Australia, Western Australia, Canning Basin; 11799.
Iriomote Formation
Miocene, sand-ball, sandstone, Japan, Okinawa Prefecture, Iriomotejima; 11769.
Irish Sea glacier
Devensian glaciation, ice direction, readvance status, Gwynedd readvance, UK, Wales, Lleyn Peninsula; 13132.
iron
altitudinal transect, climatic zone, clay mineral, gibbsite, kaolinite, weathering, lake sediment, Venezuela, Andes; 03530. aluminium, copper, calcium, herbicide adsorption, acifluorfen herbicide, montmorillonite, 09685. aluminium, dissolved organic carbon, soil solution, land management, UK, Wales; 02806. aluminium, podsol, weathering loss, historical weathering rate, translocation, long term translocation, Sweden; 09624. anthropogenic source, trace metal, suspended particulate material, phytoplankton, estuary, UK, Scotland, Firth of Clyde; Clyde Estuary; 04779. biofilm, village water supply, corrosivity, groundwater quality, hand pump, 06378. calcium, sodium, magnesium, aluminium, dissolved organic carbon, acidic soil water, soil water chemistry, peat soil, groundwater quality, UK, Scotland; 01732. calcium, sulphate, chloride, cadmium, copper, lead, snow core, volcanic emission flux, trace element, snow, precipitation chemistry, zinc, sodium, magnesium, aluminium, Colombia, Nevado del Ruiz; 03148. carbonate, Hamersley Group, Dales Gorge Member, Proterozoic(Early), carbonate, chert, Brockman Iron Formation, Australia, Western Australia, Hamersley Range; 07082. cementation, Aeric Albaqualf, aluminosilicate, silica, 03965. chloride, landfill, tree ring chemistry, groundwater contamination, historical event documentation, 07572. chloride, total hardness, groundwater chemistry, Quaternary waters, Tertiary waters, manganese, sulphate, permanganate value, alkalinity, Poland; 02971. clearfelling, drainage water chemistry, forest hydrology, seasonal variability, nitrate, potassium, phosphate, sodium, chloride, pH, aluminium concentration, 04155. cobalt, nickel, copper, zinc, lead, sodium, chloride, calcium, sea water, aerosol, magnesium, chromium, manganese, Antarctica; Chile; 03168. cobalt, vanadium, chromium, manganese, hydrogen peroxide, ozone, rain water, sulphur oxidation, Japan; 00850. copper, magnesium, cadmium, lead, groundwater contamination, heavy metal, industrial pollutant, waste water treatment, India, Aligarh City; 06369. copper, zinc, desert, dust, particle size, Egypt, Cairo; 02038. corrosivity problem, village water supply, Langelier Index, Tillmans Diagram, groundwater quality, 06377. extractable iron, aluminium, pyrophosphate, oxalate, dithionite, Australia, Queensland; 00487. fertilisation, carbon dioxide, greenhouse effect, phosphate rich water, ocean surface, Southern Ocean; 13563. fertiliser, solubility, calcium, magnesium, manganese, zinc, aluminium, 01564. fluoride, chloride, bromide, nitrate, sulphate, urban atmosphere, aliphatics, PAH, lead, copper, manganese, Spain, Barcelona; 03175. geophysical display, geological mapping, Landsat TM, USA, California, Mojave Desert; 03412. hardground, glauconite, goethite, phosphate, continental margin, Australia, New South Wales; 09366. heavy metals, spectral analysis, tracer, pollution, phosphorus, Canada, Great Lakes, Lake Ontario, Hamilton Harbour; 01203. labile fraction, mixing experiment, sea water, phytoplankton, micronutrient, 09450. lake sediment, calcium carbonate, fresh water sediment, redox, interstitial water, 12849. lake sediment, interstitial water, phosphorus mobility, calcium, hydroxyapatite, Israel, Lake Kinneret; 08162. lead, biological indicator, heavy metal, lichen, aluminium, copper, zinc, USA, Louisiana, Baton Rouge; 04443. magnesium, copper, nickel, zinc, cadmium, lead, pollution, particulate, aerosol, manganese, Chile, Santiago; 03173. magnesium, desorption, pH, Eh, 02769. magnesium, potassium, nickel, lead, zinc, cadmium, chromium, aerosol, heavy metals, particle, sampling, sulphate, calcium, Spain, Valladolid; 03179. manganese, biogeochemistry, sulphate, reduction, denitrification, glucose, USA, Gulf of Maine, Jeffreys Basin; Wilkinson Basin; 10641. manganese, biological, Quaternary, alluvium, Morocco; 03664. manganese, cadmium, copper, cobalt, chromium, biomass, pollution, trace element, grassland, nickel, lead, zinc, Czechoslovakia, Ostrava; 00910. manganese, concretion, radiolarian, Indian Ocean, Central Trough; 10578. manganese, copper, zinc, lead, nickel, particle size distribution, heavy metals, urban air, particulate, Korea, (South), Seoul; 03181. manganese, estuarine variability, surface water chemistry, salinity level, turbidity maximum zone, particle microstructure, suspended solid, carbon, UK, England, Humber Estuary; Mersey Estuary; UK, England, Tamar Estuary; Germany, Elbe Estuary; 08753. manganese, lead, zinc, chromium, nickel, vanadium, trace metal, wet deposition, sampling protocol, precipitation, cadmium, copper, Sweden; 04441. manganese, plutonium, americium, nuclear fuel, metal, UK, England, Sellafield; 02382. manganese, porewater,

bacteria, organic material, sulphate, reduction, freshwater, lake sediment, 03525. manganese, redox potential, Alfisol, Ultisol, secondary iron accumulation, landscape position, secondary manganese accumulation, geomorphic position, USA, North Carolina, Piedmont; 10930. manganese, rice, redox regime, Chernozem, meadow-Chernozem soil, calcium, magnesium, 12078. manganese, soil sectioning, chemical extraction, 01577. manganese, toxic substance, water quality model, parameter estimation, hydrolysis process, chemical redox process, redox process, oxidation, 09833. marsh sediment, organic matter, salt marsh, sulphur, humic substance, USA, Delaware; 10642. micronodule, deep sea sediment, sediment water interface, ferromanganese, manganese, Indian Ocean, Central Indian Basin; 10579. nitrate, seepage, thermal power generation, fly ash, chemical waste, groundwater quality, surface water quality, ammonia, fluoride, aluminium, pH, India, Husdev River; 12202. nutrient deficiency, soil chemical property, micronutrient, zinc, copper, manganese, India; 13299. oxidation-reduction, waterlogged soil, soil dynamics, physicochemical approach, 13235. pH buffering, groundwater contamination, WATEQF geochemical model, landfill, redox buffering, glacial drift, aquifer, organic acid, USA, Michigan, Kalamazoo County; 07575. phosphate, porewater chemistry, tidal marsh, redox potential, oxidation, 02323. phosphorite, apatite, continental margin, glauconite, pore water, sediment mixing, 03569. phytoplankton, iron availability, lability, photolysis, sea water, 11778. pollution, Pinus sylvestris, bioindicator, sulphur dioxide, fluorine compound, pine needle, sulphur, Finland, Kevo; Poland; 02069. potassium, lanthanum, manganese, titanium, elemental composition, chlorine, iodine, arsenic, nitrate, ammonium, sulphate, vanadium, zinc, trace element, aerosol, bromine, aluminium, calcium, cobalt, Arctic; Canada, Ellesmere Island, Alert; 02030. pyritisation, extraction, 04873. reduction, Rickard's rate laws, diagenesis, sulphur, pyrite, marine sediment, organic matter, 01329. silica, calcium carbonate, migration of minerals, frost action, cryogenic, physico-chemical precipitation, 11994. silica, Tethys, Cretaceous, goethite, phosphorite, Israel, Negev; 08234. soil moisture, runoff chemistry, acidification, acid drainage, groundwater chemistry, pyritic coal, coal refuse, total dissolved solid, sulphate, USA, Indiana; 13433. solid phase transformation, biological oxidation, pyritic mine spoil, spoil material, coal, weathered face, oxidized pyrite, sulphur, USA, Ohio; 09614. speciation, fulvic acid, nutrient, lake, humic substance, Netherlands, Lake Tjeukemeer; 11665. sulphur, chlorine, aerosol, calcium sulphate, X-ray spectrometry, particle, magnesium, aluminium, silicon, calcium, titanium, Japan, Nagasaki; Nagoya; Pacific, (North); 00843. sulphur, particle, nitrate, sulphate, aluminium, silicon, calcium, USA, Appalachian Mountains; 02063. zinc, aluminium, trace metal load, wind speed, reservoir, surface water chemistry, lake water, copper, cobolt, Netherlands, Tjeukemeer; 06302. zinc, manganese, copper, trace metal, estuary, tidal zone, marine zone, surface water quality, seasonal variation, India, Vellar Estuary; 02875. zirconium, copper, sulphur, bromine, zinc, titanium, nickel, strontium, stratospheric particle, balloon-borne collector, particle, sampling, microparticle, chlorine, 03201.

Iron Age
pollen analysis, late glacial, Holocene, environmental change, vegetational environment, human occupation, Mesolithic, France, Lede du Gurp; 00307. pollen sequence, peatbog, radiocarbon date, grassland, last glacial, humid montane forest, Holocene, Zaire, Burundi Highlands; 09573. valley sedimentation, pollen analysis, environmental history, flood plain sedimentation, Bronze Age(Late), UK, England, Sussex, Combe Haven Valley; 02734.

iron availability
lability, photolysis, sea water, iron, phytoplankton, 11778. solubilisation, organic matter, iron oxide, 09674.

Iron Bridge gorge
subglacial channel, Lightmoor Channel, Chelford interstadial, Shrewsbury Formation, glacial deposit, Four Ashes, type site, Devensian stage, Stockport Formation, Newer Drift, UK, England, West Midlands; Cheshire Plain; 13135.

iron complex
copper complex, extraction procedure, organic complex, silylation, humate metal ion complex, plutonium complex, calcium complex, 08604. reservoir hydrology, water colour, surface water quality, discolouration, organic iron complex, catchment hydrology, chemical composition, environmental genesis, hydrological process, 13353.

iron concentration
manganese concentration, nuclear disintegration, alpha activity ratio, groundwater quality, isotopic disequilibrium, uranium, USA, Kansas; 11062. manganese concentration, surface water quality, metal concentration, oxidation process, Canada, St Lawrence River; USA, St Laurence River; 08746. soil solution, reversibility, iron(III) fulvic acid reaction, Mossbauer spectroscopy, fulvic acid, Countesswells series, Tipperty series, 09612.

iron cycling
lead-210 dating, accumulation rate, diagenesis, pollutant, anthropogenic source, USA, New York, Adirondack State Park; 03527.

iron deficiency
phytoplankton growth limitation, Antarctic water, enrichment experiment, biological pump, Ross Sea; 08420.

iron enrichment
iron organo complex, manure, peat, 09675.

iron fertilisation
carbon dioxide, plant production, nutrient rich water, surface water, transient tracer data, fertilisation, 07743.

iron fractionation
clay mineral analysis, glacial deposit, fluvioglacial deposit, landscape history, weathering, Nepal, Himalayas, Mount Everest; 13298.

Iron Gate terrace
terrace, subsidence plain, stratigraphy, tectonic uplift, sea level, palaeohydrology, palaeogeography, delta, Romania, Danube River; 21853.

iron hydroxide
pore water, rhizoconcretion, salt marsh sediment, plant, Spartina, oxygen, rhizosphere, Portugal, Tagus Estuary; 04842.

iron manganese nodule
radioisotope, nodule core, manganese, palaeomagnetic technique, 05865.

iron mineral
pyrite, biogenic, sulphate, kerogen, anoxic sediment, Peru, ODP Site 680; 01341.

iron nodule
hematite, gorthite, paleosol, illite, Spain, Jaen, Cazorla Mountains; 01598.

iron organo complex
iron transport, manure, peat, 09676. manure, peat, iron enrichment, 09675.

iron oxide
akaganeite, dissolution, goethite, hematite, 04865. akaganeite, goethite, haematite, manganese, 12990. ammonium oxalate, dissolution, 01556. fibrous clay, smectite, maleic hydrazide, mineral soil component, adsorption capacity, sorption-desorption, 13255. goethite, concretion, Tertiary, oxidation, Spain, Galicia, Roupar Basin; 09459. goethite, haematite, climatic effect, bioclimatic region, lateritic soil, Brazil; 09746. iron availability, solubilisation, organic matter, 09674. manganese oxide, micromorphology, SEM, hazardous waste disposal, USA, Tennessee; 01589. organic matter, flocculation, dispersion, arid zone soil, clay dispersivity, structural stability, aluminium oxide, 08570. Oxisol, haematite, goethite, Eh, pH, chemoreductive dissolution, Brazil, Central Plateau; 00466. phosphate adsorption, organic matter, aluminium oxide, 03967. Phragmites australis, manganese, copper, root plaque, Canada, Ontario, Quebec; 00420. salinity, marsh, Eh, soil, reduction, sulphate, USA, Chesapeake Bay; Maryland, Dorchester County; 02457. sea level change, iridium anomaly, hardground, meteorite impact, microbial process, stromatolite, Australia, Western Australia, Canning Basin; 11799. Terra Rossa soil, particle size distribution, aggregation, Italy; 09755. trace element, nodule, coral, encrustation, sulphide deposit, manganese nodule, Indonesia, Misool; 00088. x-ray photoelectron spectroscopy, silicon bonding, 00447.

iron oxide dissolution
complexation, ferrihydrite, goethite, hematite, microbial reduction, protonation, iron oxide solubility, 09610.

iron oxide mineral
humus layer, brown forest soil, lepidocrocite, USSR, Lithuania; 09772.

iron oxide pan
water table, goethite, ferrihydrite, New Zealand, Taranaki; 00489.

iron oxide solubility
iron oxide dissolution, complexation, ferrihydrite, goethite, hematite, microbial reduction, protonation, 09610.

iron oxyhydroxide
hydraulic impedance, carbonate precipitation, surface runoff, artificial recharge, groundwater recharge, grain cementation, soil capping, clay deposition, clogging, infiltration rate, 11033.

iron porphyrin
organic matter, shale, inductively coupled plasma-mass spectrometry, organometallic complex, metalloporphyrin, 02485.

iron reduction
organic carbon, methanogenesis, organic acid, groundwater chemistry, aquitard sediment, aquifer geochemistry, microbial activity, sulphate reduction, 11063. oxygen, microorganism, respiration, electron acceptor, reduction activity, Shewanella putrefaciens, 08274.

iron retention
acid drainage, peat, mine drainage, cation exchange, complexation, precipitation, oxidation, manganese retention, water quality, wetland, 00499.

iron rich nodule
image analysis, pore structure, macroporosity, soil mesomorphology, soil horizon, manganese nodule, 09718.

iron sulphide
pyrite, framboid, sulphide, lagoon, Italy, Venice Lagoon; 11792. reduction, anoxic sediment, pyrite, sedimentation rate, organic carbon, delta sediment, shelf sediment, sulphate, USA, Mississippi River Delta; Gulf of Mexico; USA, Texas; USA, Louisiana; 09359.

iron toxicity
soil chemical property, soil nutrition, clay content, flooded soil, nutrient deficiency, rice soil, Senegal, Casamance; 13293.

iron transport
dissolved organic matter, humic river, water colour, surface water quality, flow regime, fluorescence, Finland, Gulf of Bothnia; Kiiminkijoki River; 06320. fresh water, trace metal, aggregation, sedimentation, diffusion, sediment-water interface, 05943. manure, peat, iron organo complex, 09676.

iron(III) fulvic acid reaction
Mossbauer spectroscopy, fulvic acid, Countesswells series, Tipperty series, iron concentration, soil solution, reversibility, 09612.

iron(III) perchlorate
hydroxy radical, quantum yield, hydroxymethanesulphonate, 06633.

iron-manganese nodule
manganese, nodule, crust, fluorine, sea water, 00085.

Ironshore Formation
tunicate spicule, limestone, fauna, overgrowth, Pleistocene, Caribbean, Grand Cayman; 03612.

ironstone
basin, rifting, palaeoenvironment, ferric oolite, sedimentation, Malawi, Lake Malawi; 05830. clay mineral, green clay, verdine facies, 09468. coal, minor element, mineralization, organic matter, source area, oil shale, UK, Scotland, Westfield Opencast Site; 02460. cycle, Palaeozoic, oolitic ironstone, Saharan Platform, Devonian, 12962. lateritic crust, crustal age, dating criteria, relative dating, Zaire, Shaba; 08528.

irradiance attenuation
bio optical province, ocean colour, Pacific; 11590.

irradiance measurement
radiative transfer algorithm, cloud, optical thickness estimation, 13487.

irradiated soil
dentrification potential, soil physical property, chemical property, gamma sterilised soil, enzyme activity, denitrifying enzyme, 10894.

irregular channel geometry
microcomputer system, discharge measurement, stream flow, turbulent

stream, salt tracer dilution, current meter, stage discharge relationship, dilution gauging, 08668.
irregular network
grid DEM, TIN model, heuristic conversion, 06741.
irregular shape
slope shape, runoff, soil loss, 06218.
irreversible thermodynamics
rheology, regelation flow, experimental evidence, thermodynamic behaviour, complex visco plastic material, thermally induced regelation, Clausius-Clapeyron equation, frozen soil, 01450.
irrigated agriculture
groundwater resource exploration, water resource development, environmental impact, Egypt; 07602. groundwater resource, water resource management, remote sensing, France, Poitou Region; 07610. water table rise, deep percolation, groundwater flow system, aquifer depletion, potentiometric surface lowering, groundwater divide, USA, California, San Joaquin Valley; 12272.
irrigated crop
canopy conductance, carbon assimilation, water use, wheat, 08876. crop, radiometric measurement, Thematic Mapper, France, Tarn; Morocco, Gharb Plain; 11564.
irrigated field
root extraction, unsaturated flow, lateral flow, sprinkler irrigation, irrigation non uniformity, soil water distribution, 07525.
irrigated horticulture
nitrate concentration, lysimeter, groundwater quality, root zone drainage, denitrification, sulphate : chloride ratio, sulphate concentration, Australia, Western Australia, Swan Coastal Plain; 06383. nutrient status, denitrification, root zone drainage, lysimeter, nitrate, phosphate, groundwater quality, Australia, Western Australia, Swan Coastal Plain; 02925.
irrigated land
GIS, soil erosion, salinisation, water resource development, environmental conservation, surface water quality, water resource, catchment degradation, flow regulation, Ethiopia, Awash River; 13465. salinisation, alkalisation, soil, USSR, Kalmuk ASSR, Chernaya Zemlya Plain; 05102. soil loss measurement, puente de erosion, farming system stabilizing, hillside farming system, Plan Sierra project, ecodevelopment, shifting cultivation, Dominican Republic, Sierra; 06221.
irrigated soil
electrical conductivity, salinity status, salt movement, Australia, Queensland; 07387. leaching, nitrate contamination, coastal plain soil, agricultural practice, land management, groundwater quality, 04157.
irrigation
agricultural development, subsurface geology, geological history, salinisation, groundwater rise, Australia, Murray Basin; 05262. Alfalfa, Williams loam, Barnes loam, Svea loam, Parshall loam, saturation percentage, sodium adsorption ratio, electrical conductivity, salt precipitation, soil salinisation, water quality effect, USA, Great Plains; 10856. bypass flow, nitrate, leaching, cracking pattern, soil cracking, Greece; 13291. climate centre, climate impact research, USA; 09958. climatic change, soil attribute, salinisation, alkalinisation, sea level rise, 07311. cropping, crop rotation, soil hydraulic property, New Zealand, Canterbury Plains; 02816. cumulative infiltration, furrow length, land gradient, water intake, system design, water management, furrow irrigation, 06407. degradation, solonetzic character, Chernozem, USSR, Danube-Dniester; 00481. erosion hazard, erosion rate, soil conservation, policy, cropland, environmental protection, shelterbelt, terrace, Hungary, Komarom County; 01518. flooding, gauging, hydrological data, hydrological network, economic benefit, hydropower, China, Yellow River Basin; Jiulongjiang River Basin; 08642. groundwater, hydrogeology, SPOT, Burkina Faso, Sahel; 04655. heavy metal pollution, soil pollution, waste water irrigation, China, Tianjin; 12086. heavy metals, industrial waste, soil contamination, crop contamination, USSR, Tomanyan Rayon; 01561. manure application, cattle feedlot manure, leaching potential, Chernozemic soil, 08577. mineralised water, alkalinisation, desert soil, 00389. river history, water abstraction, USA, Arizona, Colorado River, Grand Canyon; 11842. saline soil, salinisation, 12050. saline water, groundwater, coastal sandy soil, silviculture, India, Andhra Pradesh; 02812. salinity, salt displacement, sand, sandy loam, hydraulic conductivitiy, 08579. sea level rise, resource management, water storage, groundwater recharge, artificial recharge, river reversal, salinity, 09927. soil degradation, argillisation, compaction, Chernozem, physical property, USSR, Ukraine; 10950. soil erosion, land use zone, soil degradation, aggregate stability, wind erosion, USSR; 13212. soil physical property, soil chemical property, Chernozem, waterlogging, gleying, stagnant regime, plough layer, 10855. specific volume, porosity, soil void, soil aggregate, aeration porosity, 10862. undergroun reservoir, dam, aquifer out flow, Camaro Cave Project, Philippines, Bohol, Camaro Cave; 08407. waste water, Osoyoos loamy sand, soil nutrition, nitrogen, tree growth, metal concentration, cherry, Canada, British Columbia, Osoyoos; 13243. water erosion, soil conservation, reclamation technique, desert reclamation, degradation, wind erosion, dust storm control, soil salinity, 08532. water management, nitrate-nitrogen leachisng, groundwater quality, crop yield, agricultural practice, fertiliser, maize field, 13448. water management, rainfall pattern, agriculture, India, Indo-Gangetic Plain; 11108. water resource management, agricultural water use, water conservation, drought, 02985.
irrigation area
oasis, incense trade, satellite picture, Saudi Arabia; 08076.
irrigation channel
drainage channel, environmental protection, water resource management, channel deterioration, sedimentation, weed growth, channel design, UK; Europe; 13463.
irrigation development
groundwater quality, groundwater resource, hydrogeological investigation, groundwater management, salinity, Australia, South Australia, Tatiara; 05271. potable water, radon tracing, groundwater exploitation, groundwater resource, groundwater prospecting, Burkina Faso; 02977. surface water groundwater interaction, water resource management, agricultural development, waterlogging, flood control, drainage improvement, India, Bihar Plains; 11121. water management, water resource, river basin study, river regulation, Nigeria; 06420.
irrigation management
water shortage, salinisation, remote sensing technique, crop water demand, Argentina; 01138.
irrigation map
map, irrigation water requirement, irrigation need, climate data, soil classification, potential evapotranspiration, precipitation, root zone capacity, Denmark; 00634.
irrigation need
climate data, soil classification, potential evapotranspiration, precipitation, root zone capacity, irrigation map, map, irrigation water requirement, Denmark; 00634.
irrigation non uniformity
soil water distribution, irrigated field, root extraction, unsaturated flow, lateral flow, sprinkler irrigation, 07525.
irrigation practice
watertable management, water balance model, radiant canopy temperature, soil water content, neutron probe, upward flux, energy balance model, soil heat flux, agricultural water, water management, evapotranspiration, shallow watertable, crop evaporation, capillary rise, lysimeter, 13454.
irrigation project
expansive, collapsible soil, semi arid region, Brazil, Itaparica Lake; 03811. GIS, image normalisation, agricultural field, USA, Nevada, Newlands; 10451.
irrigation recharge
water table rise, land use change, recharge reduction, subsurface drainage, land degradation, Australia, Murray-Darling Basin, Riverine Plains; 05265.
irrigation scheduling
water repellency, groundwater flow, unsaturated zone, wetting agent, irrigation water management, infiltration, 00578.
irrigation scheduling model
optimisation model, irrigation water scheduling, crop water requirement, water shortage, 00648.
irrigation study
research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide transport, hydrochemical study, engineering hydrology, flood estimation, low flow research, applications research, instrument development, 08640.
irrigation system
oasis, historical hydrology, delta, palaeographic dynamics, palaeoclimate, USSR, Murgab Delta; 02822. Soyuz Karta satellite, agrarian morphology, alluvial cone, China, Xin-Jiang, Khotan Oasis; 05743.
irrigation water
heterogeneous aquifer, water quality evolution, chloride ion, soluble ion, groundwater quality, upland area, leaching, layered aquifer, recharge, Japan, Ibaraki Prefecture, Dejima; 11068. infiltration, soil water regime, furrow irrigation, agricultural crop, 09730. salt accumulation, soil salinity, 09669. sludge use, sediment use, water purification, nutrient reuse, eutrophication, aquaculture, lake water quality, 02867.
irrigation water management
agricultural development, land management strategy, land drainage, catchment drainage, salinity, 02953. agro-meteorology, solar radiation, temperature, humidity, wind, rainfall, leaf wetness, sugar cane, evapotranspiration, automatic weather station, Reunion; 03012. aquifer characteristic, groundwater resource, hydrogeological study, specific yield, Algeria, Khemis-Miliana, Cheliff Basin; 00639. infiltration, irrigation scheduling, water repellency, groundwater flow, unsaturated zone, wetting agent, 00578. runoff yield model, infiltration, soil moisture, groundwater table, evaporation, hysteresis, consumptive wateruse, evapotranspiration, recharge, groundwater extraction, water management, China; 11122. salinity prediction, soil salinity, groundwater salinity, watertable depth, land drainage, leaching efficiency, SALTMOD, Egypt, Nile Delta, Zagazig, Mashtul; 11107.
irrigation water quality
drainage water quality, alkaline soil, oxidised soil, water quality, biota, sediment, water quality, trace element, pesticide, USA, California, Kesterson National Wildlife Refuge; 11085. drainage water re-use, water conservation, salinity, 01777. drawdown, groundwater development, hydrogeology, water resource, Cambro Ordovician sandstone aquifer, specific yield, transmissivity, Jordan; Saudi Arabia; 11116. reservoir, salinity management, river basin, evaporation pond, water quality management, Iran, Shapur River; Dalaki River; 11106. saline water, drainage water re-use, water conservation, water management, agricultural management practice, USA, California, Imperial Valley; 01776. salinity, cation-anion exchange, acidic water, groundwater quality, alkaline water, India, Andhra Pradesh, Mahabubnagar District, Koilsagar; 04133. unsaturated zone, gypsum amended soil, groundwater flow rate, preferential flow, dual water flow, piston flow, saline water, 01697. wastewater reservoir, BOD, organic contaminant load, water column, transparency, chlorophyll, dissolved oxygen, monitoring, Israel; 04163.
irrigation water requirement
irrigation need, climate data, soil classification, potential evapotranspiration, precipitation, root zone capacity, irrigation map, map, Denmark; 00634.
irrigation water scheduling
crop water requirement, water shortage, irrigation scheduling model, optimisation model, 00648.
irrigation water use
water resources, water quality, water use, water industry structure, water management, water charges, Australia, Victoria; 01778.
irrigation wateruse
water resource management, salt water intrusion, withdrawal rate, salt balance, estuary flow model, Bangladesh, Meghna Delta; 11029.
isarithm
global scale map, transportation density, transportation map, 03471.
isarithmic mapping
choropleth mapping, interpolation, point observation, spatial surface,

01053.
isentrope
cyclogenesis, frontal cyclone, baroclinic life cycle, potential vorticity, cold front, 12436.
isentropic coordinate
vertical coordinate, numerical modelling, 11249.
isentropic flow
convex gas law, polytropic gas, algorithm, 04185.
isentropic mixing coefficient
stratosphere, tracer transport, zonally averaged circulation, Eliassen-Palm flux, 01878.
isentropic surface
coarse particle aerosol, free troposphere, aerosol, solar aureole intensity, boundary layer, accumulation model, coarse particle mode, air mass trajectory, Japan; 04382. conservation theory, impermeability theory, potential vorticity, 10070. cyclone, wave, latent heat release, quasi stationary front, potential vorticity, cyclone, China, Changjiang-Huaihe Valley; 10052. ozone column, wavenumber one disturbance, photochemistry, semi Lagrangian technique, Eulerian grid, stratospheric chemistry, stratospheric transport, 06542.
isentropic trajectory
air mass, synoptic scale wind field, Montgomery stream function analyses, temperature, dew point, ozone, meteorological condition, Chemical Instrumentation Testing and Evaluation, 04372.
isentropic trajectory analysis
spring ozone maximum, nitric acid, sulphate, nitrate, beryllium-7, sulphur dioxide, peroxy acetylnitrate, ozone, surface ozone, Japan, Sapporo; 00857.
island
agriculture, urban region, ammonid, bulk precipitation, Netherlands; 11376. ecosystem, landuse, wildlife management, USA, Hawaii; 13920. premonsoon transition, convective activity, thunderstorm, Australia, Northern Territory, Darwin, Melville Island; Bathurst Island; 13601. sedimentation, littoral zone, beach, sea cliff, erosion, accretion, Canada, Quebec, Iles de la Madelaine; 03550.
island arc
mass flow apron, Stephens Subgroup, backarc basin, Permian, Triassic, New Zealand, Southland; 01301. palaeogeographic problem, climatic implication, sedimentary provenance, isotopic technique, tectonics, 08303.
island hydrogeology
coastal aquifer, remote sensing, hydrogeology, groundwater exploration, salt water intrusion, fracturing, New Caledonia; 07609. solute transport model, groundwater flow, density dependent flow, layered aquifer model, fresh water salt water interaction, fresh water lens, tidal variation, atoll island, Pacific, Micronesia, Marshall Islands, Enjebi Island, Enewetak Atoll; 09854. volcanic basalt, residence time, hydrochemistry, salinity, oceanic environment, hydrothermal activity, nitrate pollution, groundwater chemistry, Reunion; 07547.
island hydrology
groundwater quality, salinity, aridity, airborne salt, evapotranspiration, Atlantic, Canary Islands; 09894. groundwater resource, salt water intrusion, freshwater lens, groundwater flow model, potable water demand, Pacific, Nauru Island; 02973.
island observation data
sea surface temperature, air temperature data, ship data, 08892.
island orientation
shelf ice cliff, ice ridging, pressure ridge, SAR, ice island, ribbed texture, Canada, Queen Elizabeth Islands; 01127.
ISO
GKS, computer graphics, curve specification, Computer Graphics Metafile, 00990.
iso erodent map
rainfall data, erosion index, India, Vidarbha; 06234.
isobaric surface
horizontal correlation function, temperature, geopotential, 06428.
isobaric trajectory
vanadium, trajectory analysis, long range transport, pollution, boundary layer, Japan; 02006.
isobaric wind
geopotential, radiosonde observation, zonal wind, meridional wind, gwostrophic balance, global forecast, error correlation, 12477.
isochoric straining
shear strength, normally consolidated, saturated clay, biaxial apparatus, clay, consolidation history, 03763.
isochron technique
total sample dissolution, age determination, Quaternary(Late), carbonate contamination, U series dating, impure carbonate, 09552.
isohyet
soil temperature, soil moisture, mountain slope, isothermic zone, hyperthermic zone, hyperthermic isohyperthermic boundary, USA, Hawaii; 04232.
isohyperthermic temperature regime
ustic moisture regime, clay mineral, Andisol, halloysite, smectite, USA, Hawaii; 05096.
isokinetic sampling system
fly ash, gravimetric method, beta ray, dust, stack gas, pollution, sampling, 03192.
isolated eddy
barotropic eddy, eddy, basin, topographic beta plane, laboratory experiment, numerical simulation, 12408.
isolated hill
katroon, mesoscale model, stable air flow, nocturnal air flow, 08966.
isolated mountain
resonance, large scale topography, circulation, low order model, wave wave interaction, 12423.
isolated topography
rotating annulus experiment, Rossby number, oceanographic current system, stratified flow, 06498.
isoleucine
ostrich eggshell, eggshell, Struthio camelus, dating, lacustrine episode, epimerisation, Africa, Sahara; 13097.
isoline mapping
square grid regionalization, rainfall runoff model, hydrologic data, uncertainty analysis, network operation, water resources development, reservoir, meteorological data, Venezuela; 05315.
isolinear map
soil attribute, soil profile attribute, prediction procedure, moisture deficit, kriging, Netherlands, Mander; 10853.
isomer
hopane, equilibrium ratio, biomarker, molecular mechanics, 07088.
isomeric change
detergent, pollutant, waste, linear alkylbenzene, linear alkylbenzenesulphonate, Japan, Tokyo; 07035.
isomerisation
biological marker, diagenesis, lipid, sediment, carbon skelton, sulphur, dimethylalkadiene, 07090. Monterey Formation, thermal maturity, biomarker, hydrous pyrolysis, USA, California, Monterey; 02452.
isopleth
geometric characteristics, band combination, projective line, 07936.
isoprene
alpha-pinene, urban plume, plume model, biogenic hydrocarbon, emission, ozone, UK; 13664. monoterpene, water vapour, Criegee biradical, alkene, peroxy radical, hydrogen peroxide, forest air, ozone, terpene, 03198. pinene, nitrogen oxide, nitrogen dioxide, nitric acid, nitrate, hydrocarbon, troposphere, biogenic hydrocarbon, 04381. volatile organic compound, non methane hydrocarbon, biogenic emission, hydrocarbon, emission inventory, UK; 13690.
isoprenoid
evaporite, salt pond, bacteria, lactone, sterol, hopane, phytanyl thiophene, Spain, Alacante, Santa Pola; 07098. mass spectra, oil, archaebacteria, biodegradation, Jurassic, USSR, Tolkinsk Field; 07106. palaeosalinity, Kupferschiefer, biomarker, Permian, aromatic hydrocarbon, chroman, Germany, Lower Rhine Basin; 07099.
isoresistivity map
mine drainage, earth resistivity measurement, groundwater contamination, acidic leachate, horizontal resistivity profiling technique, vertical electrical sounding technique, total dissolved solid, USA, Indiana, Wheatland; 00608.
isostasy
flexural rigidity, sediment erosion, sediment deposition, uplift, extensional region, localised uplift, USA, Basin and Range Province; 07167.
isostatic adjustment
Frechet kernel, sea level, visco-elastic model, glacioisostasy, mantle viscosity, 13026. glacial isostasy, rebound inversion, post glacial rebound, resolving power analysis, inverse theory, mantle viscosity, 07164. neotectonic feature, planation surface, microstructural analysis, multidirectional extension, Spain, Pyrenees, Sierras Exteriores; 10690. radiocarbon dating, glacioisostacy, ICE 3G model, Pleistocene(Late), deglaciation, sea level change, post glacial rebound, mantle viscosity, 13076. tide gauge, secular, sea level change, global signal, glacial, 11976.
isostatic bed adjustment
model calculation, eustatic sea level, Holocene deglaciation, ice sheet, Last glacial-interglacial cycle, three dimensional experiment, thermomechanical ice-sheet model, grounding line dynamics, Antarctica; 00343.
isostatic disequilibrium
load history effect, deep mantle viscosity, free air gravity anomaly, deglaciation model, glacial isostasy, gravity anomaly, Canada; 09502.
isostatic effect
global isostasy, eustatic curve, modeling, sea level change, submergent, emergent observer, thermal structure, 11977.
isostatic loading
lateral variation, glacial loading, hydroglacial loading, Pleistocene(Late), Holocene, sea level, mantle viscosity, 13027. Weichselian(Late), Scandinavian ice sheet, ice sheet, ice thickness distribution, isostatic rebound, lithosphere thickness, autochthonous block field, geometry thickness, Norway; 09577.
isostatic model
sea level curve, relative sea level, technique uplift hypothesis, postglacial uplift, raised beach, ice sheet extent, ice sheet thickness, Innuitian Ice Sheet, postglacial adjustment, Canada; 11940. sea level, Holocene, global isostacy, 13163.
isostatic process
geoid height anomaly, SEASAT altimetry, Indian Ocean; 07943.
isostatic rebound
climate related variation, coastal engineering, historical variation, water level, stratigraphic evidence, USA, Lake Erie; Lake Michigan; USA, Lake Huron; USA, Great Lakes; Canada, Great Lakes; 05996. deforestation, stratigraphical scheme, hydrogeomorphological change, maritime catchment, tectonic change, UK, England, Severn Basin; 10675. eustatic sea level, rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, La Perade Clay, climatic optimum, lithostratigraphy, tectonically stable, allochtonous ice, glacioisostasy, glacial lake, climatic cycle, Canada, Quebec, St Lawrence Valley; 02657. lithosphere thickness, autochthonous block field, geometry thickness, isostatic loading, Weichselian(Late), Scandinavian ice sheet, ice sheet, ice thickness distribution, Norway; 09577. methane hydrate, methane venting, glacial plucking, bedrock fragmentation, Precambrian, crystalline bedrock, frost induced wedging, stress release, neotectonic activity, Finland; 08466. pollen, AMS date, marine formation, fossil, Presumpscot Formation, Wisconsinan(Late), palaeoenvironment, USA, Maine, Portland; 06175. sedimentation, Karoo sequence, Paleozoic, Mesozoic, Tertiary, graben, Tanzania, Rukwa-Tukuyu Region; 10616. tectonic uplift, tectonic denudation, erosion, geographic distribution, backstacking, apatite, fission track stratigraphy, erosional rebound, 07127. till ridge, lithostratigraphy, glacial flute, basal till, calving, molluscs, Younger Dryas, Weichselian(Late), ice recession, Barents Sea; 02644. TL dating, marine record, Eemian, Yoldia sea, Cardium edule, transgression, spit, Denmark, Jutland, Vendsyssel-Skagen; 13152.
isostatic response
deglacial downdraw, seismic-stratigraphic, geomorphic evidence, post-

glacial, sea-level, lowstand, glacioisostatic response, USA, Maine, Gulf of Maine; 11982.
isostatic sagging
hydrocarbon, Jurassic, carbonate source rock, mudstone, Hanifa Formation, carbonate platform, 07059.
isostatic shift
postglacial sea level, glacial deposit, Quaternary stratigraphy, deglaciation, sea level, UK, Isle of Man; 13131.
isostatic shoreline origin
Pleistocene(Late) sea level, Holocene sea level, present sea level, sea level variation, tectonic movement, melt water, ice sheet, Antarctic melting, tide gauge record, glacial rebound, warming, glaciostatic shoreline origin, hydrostatic shoreline origin, 07270.
isostatic subsidence
artificial lake, elastic deformation, modelled elastic deformation, reservoir, Norway, Blasjo Reservoir; 02533.
isostatic uplift
bottom sediment, clay, varved clay, moraine, laminated sediment, nutrient, Baltic Sea; 00074. lake tilting method, glacio isostatic uplift, eustasy, empirical uplift estimation, Sweden, Fegen Lake; Saven Lake:; 06014. rock weathering rate, raised beach, measurement, calibration, weathering process, wave washed moraine, bedrock, Schmidt Test hammer, Sweden, Norrland; 03928. rock weathering rate, Rhizocarpon geographicum, measurement, calibration, weathering process, lichenometric investigation, wave washed moraine, Schmidt Test hammer, boulder, Sweden, Bothnian coast, Badamalen; 07321. sea water, lake, core, saline lake, hypersaline lake, Antarctica, Vestfold Hills; 12852.
isothermal region
freezing soil, osmotic potential variation, freeze-thaw event, permafrost, zero curtain effect, heat, mass transfer, 02691.
isothermic zone
hyperthermic zone, hyperthermic isohyperthermic boundary, isohyet, soil temperature, soil moisture, mountain slope, USA, Hawaii; 04232.
isothetic polygon
code sequence, contour code, 07974.
isotope
caesium, lead, fjord, radioisotope, sedimentation rate, USA, Alaska, Smeaton Bay; Boca de Quadra; 06977. calcification, algae, cyanobacteria, travertine, photosynthesis, UK; 09357. carbohydrate, diagenesis, chitin, fractionation, organism, 07092. carbon, ecosystem, plant, successional sequence, calcium carbonate, floodplain, soil, USA, Alaska, Tanana River; 07070. carbonate, limestone, sea water, evaporite, Italy, Sicily; 03615. diagenesis, hydrocarbon, burial, basin, Puerto Rico, North Coast Basin, Toa Baja Well; 10643. dolomite, Triassic, carbonate, sea water, carbon isotope, oxygen isotope, saline formation, China, Sichuan Province, Huaying Mountain; 07056. estuary, climate, bryozoa, carbonate, climate change, Australia, South Australia, Coorong Lagoon; 01211. gas, migration, carbon dioxide, hydrocarbon, methane, Hungary, Pannonian Basin, Bakes Basin; 02462. illite, smectite, overpressuring, dehydration, shale, mudrock, USA, Texas, Gulf Coast; 11812. iodine, nuclear facility, radioiodine, radionuclide, resuspension, aerosol, particle size, 13730. Jurassic, Qaqarssuk Carbonatite Complex, geothermometry, carbonatite, magmatic water, Greenland; 10633. lake, acidification, palaeolimnology, sulphur, anthropogenic sulphur, lead, Paleoecological Investigation of Recent Lake Acidification project, North America, PIRLA Study Lakes; 04720. lake, rift, modern analogue, lacustrine sediment, source rock, 11826. metal flux, accretion, manganese, nodule, Indian Ocean, Central Indian Basin; 04763. Permian-Triassic, carbonate, oxidation, organic matter, decarboxylation, cement, sandstone, Spain, Iberian Range; 01325. reactor, atmospheric carbon dioxide, carbon 14, carbon 13, carbon, Poland, Krakow; USA, California, La Jolla; 06581. removal rate, cosmogenic 35S, sulphur dioxide, 13753. retention, microbial, sulphate, adsorption, fractionation, sorption, Canada, Ontario, Dorset; 05948. seasonal variation, glaciology, cosmogenic isotope, snow chemistry, mineral dust, 13731. sedimentation, bottom sediment, radionuclide, ooze, 01357. skeletal accretion, coral, El Nino, Southern Oscillation, warming episode, Pacific; Panama; Galapagos Islands; 07737. tracer, hotspring, boron, brine, Israel, Dead Sea; 12963.
isotope abundance
palaeoecology, food web, dinosaur, Judith River Formation, herbivore, Cretaceous(Late), fossil, amino acid, carnivore, Canada, Alberta; 07068.
isotope analyses
lithology, diffuse infiltration, preferential path, geophysical investigation, groundwater resource, drilling site, air photo interpretation, groundwater recharge, hydrogeological field study, Burkina Faso, Yatenga Province; 06368.
isotope analysis
soil water extraction, oxygen-18, deuterium, 02932. uranium isotope, groundwater formation, water circulation, hydrogeology, visual model, fractionation, water exchange, 07531.
isotope concentration
precipitation chemistry, isotope hydrology, environmental isotope, 01629.
isotope data
benthic foraminiferal, temperature salinity density field, ice age, thermohaline circulation, GEOSECS data, 10742. palaeotemperature, polar water, ooze, foraminifer, Cenozoic, Antarctica, Maud Rise, ODP Sites 689 and 690; Weddell Sea; 03689.
isotope diagenesis
aragonite, sea water, strontium isotope, carbonate, Carboniferous, 08276.
isotope dilution
gas chromatography, mass spectrometry, dimethyl sulphide, 09035.
isotope dilution mass spectrometry
lead, laser excited atomic fluorescence spectrometry, ice core, Antarctica, Vostok; 04429. sea salt, dust, aerosol, Pacific easterly, lead, barium, potassium, strontium, rubidium, cascade impactor, Pacific, American Samoa; 02044.
isotope effect
oxidation, methane, hydroxyl radical, carbon, kinetic isotope, 11327.
isotope enhancement
ozone, oxygen isotope, pressure, 00841.
isotope exchange
kinetic fractionation, nitrogen-15:nitrogen-14 variation, nitrate species, nitrogen isotope, nitric acid vapour, 07861.
isotope flux
deep water, beryllium-10 stratigraphy, thorium-230 stratigraphy, Quaternary(Late), sedimentation rate, Atlantic, Fram Strait; 02605.
isotope fractionation
denitrification, land use effect, groundwater quality, microbial denitrification, nitrate, Germany, Hannover; 01736. sulphate oxygen fractionation, groundwater quality, sulphate sulphur fractionation, bacterial desulphurication, sandy aquifer, Germany, Fuhrberger Feld; 11080.
isotope geochemistry
Marambio Group, cementation, Cretaceous, concretion, magmatic arc, Tertiary, Antarctica, James Ross Island, Larsen Basin; 11800.
isotope hydrology
environmental isotope, isotope concentration, precipitation chemistry, 01629.
isotope measurement
sulphur, haze, Arctic; Canada; 09077.
isotope ratio
bloom, sedimentation, organic matter, carbon budget, biogenic carbon, Canada, St Lawrence Estuary; 09341. compaction, deformation, limestone, burial depths, Becraft Formation, USA, New York, Hudson River Valley; 12928. deep sea sediment, temperature, glaciation, oxygen isotope ratio, ocean, Tertiary, Miocene, 02364. sea water, reservoir, pore water, strontium, carbonate, Weddell Sea, Maud Rise, ODP Site 689; 03657.
isotope record
climate, deuterium record, proxy record, Southern Hemisphere, circulation pattern, Antarctica, Antarctica Peninsula, James Ross Island; 07308. oxygen isotope profile, Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, USA, Atlantic Coastal Plain; 08475.
isotope stage
Cenozoic, glacier fluctuation, polar region, terrestrial record, sea level fluctuation, precipitation change, Antarctica; Atlantic; 02652. penultimate glaciation, deeply weathered drift, radiocarbon dated organic deposit, terminal moraine, neoglacial advance, Quaternary, glaciation, Ecuador, Andes; Venezuela, Andes; Colombia, Andes; 02623.
Isotope Stage 5e
Wisconsinan interstadial, Coleoptera, Pleistocene(Late), vertebrate remains, plant remains, insect remains, Innerkip site, Sangamon Interglaciation, Canada, Ontario, Thames River; 07259.
isotope stratigraphy
thermocline, upwelling, sedimentation rate, glacial interglacial cycle, monsoon, oxygen, carbon, Indian Ocean, ODP Site 723; Arabian Sea, ODP Site 725; 11924.
isotope study
groundwater dating, acclerator mass spectrometry, carbon-14 dating, Australia, Murray Basin; 04142. groundwater flow, unsaturated flow, seepage, hydrogeological zone, tritium analysis, groundwater origin, surface water origin, USSR, Verkhniaya Angara River; 06370. groundwater origin, groundwater recharge, Triassic aquifer, paleoinfiltration water, Poland, Crocow-Silesia Monocline; 05232. hydrogeological study, aquifer boundary, environmental isotope, aquifer management, Ecuador, Quito; Peru, Tacna; Bolivia, Oruro; Niger; 00595. natural water, lake water origin, lake recharge, natural water mixing, baricentric model, USSR, Caucasus Mountains, Blue Lake; 06307.
isotope substage
Tyrrhenian, shoreline, uplift, strombus bubonius, Th-230/U-234, dating, Italy, Calabria, Vibo Marina; 11986.
isotope temperature
late glacial, Holocene, vegetation, climate, fossil pollen, southern beech, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; 05016.
isotope tracer
geochemical analysis, groundwater chemistry, groundwater recharge, flow path, groundwater flow, desert terrain, USA, Texas, Big Bend National Park; 02910. snow chemistry, oxygen isotope, hydrogen isotope, strontium isotope, atmospheric deposition, Scandinavia; 07578.
isotope variation
temperatre glacier, melt water infiltration, isotopic profile, palaeoclimatic information, oxygen-18 change, USSR, Severnaya Zemlya; Svalbard, Spitsbergen; 05046.
isotope; carbonate
groundwater, bauxite, speleothem, rain forest, palaeokarst, limestone, Italy, Palermo, Monte Gallo; 03662.
isotopic abundance
ozone, cryogenic sampler, mass spectrometer, stratospheric measurement, 05552.
isotopic analysis
aquifer characteristic, spring, discharge, electrical conductivity, water temperature, Madagascar; 02904. carbon isotope, nitrogen isotope, bone chemistry, palaeodiet, bone collagen, diagenesis, tooth collagen, 03852. carbonate, lake sediment, palaeohydrology, palaeolimnology, rainfall, 05813. cement, calcite, foraminifera, laser probe, chalk, diagenesis, laser ablation technique, North Sea, Eldfisk Field; 07125. Holder Formation, Pennsylvanian, limestone, sea level change, diagenesis, carbonate rock, USA, New Mexico; 08226. mineralogy, carbonate, shelf sea, Archaean, dolostone, lacustrine playa, geochemical carbonate composition, 07049. precipitation chemistry, oxygen isotope, deuterium, Italy, Sicily; Mediterranean Sea; 04397. rain, fog, USA, California, Point Reyes Peninsula; 07826.
isotopic change
Glacial-Holocene trend, fine fraction, stable isotopic stratigraphy, pelagic carbonate, last glacial termination, monospecific foraminifera, 04954. oxygen, carbon, foraminifera, ocean history, Quaternary, South China Sea; 02372.

isotopic chemistry
sediment transportation, erosion, uplift, detrital mineral, soil, India, Himalayas; Bengal Fan; 04826.
isotopic component
gasteropod shell, travertine, landsnail, palaeotemperature, France, Seine Valley; 05922.
isotopic composition
altitudinal gradient, mountain hydrology, snow cover, Switzerland, Alps; 12261. burial, interstitial fluid, Jurassic, rare earth element, Smackover Formation, USA, Gulf Coast, Arkansas Shelf; 01278. calcrete, aeolianite, Pleistocene, limestone, coastal plain, Egypt, Alexandria; 00061. carbonate cave deposit, equilibrium, precipitation process, HENDYS kinetic equation, speleothem, palaeoclimatic significance, 02563. carbonate mineral, clay, roasting treatment, reduction furnace, Cherry Canyon Formation, acidification technique, USA, Delaware Basin; 02488. carbonate mineral, organic carbon, oxygen, lake, Ghana, Lake Bosumtwi; 11793. carbonate sediment, calcite, aragonite, dolomite, sulphate, organic matter, Red Sea, Shaban-Deep; 04819. carbonate, Gordon Group, dolomite, Ordovician, Australia, Tasmania, Florentine Valley; 02407. carbonate, organic carbon, Proterozoic(Upper), diagenesis, metamorphism, sea water, Namibia; 09463. chloride concentration, precipitation, meteorologic characteristics, USA, Texas, Southern High Plains; New Mexico, Southern High Plains; 11323. cold basal glacier ice, oxygen isotope, deuterium isotope, melt water percolation, climatic change, Switzerland, Alps; 03122. downdip, updip, aquifer, carbon dioxide, bacterial carbon dioxide, USA, South Carolina, Coastal Plain; 04856. fertiliser, nitrogen, soil, USSR; 00476. magnesium, strontium, Pleistocene, Pliocene, interstitial waters, Caribbean Sea, ODP Hole 671 B; Barbados Ridge, ODP Hole 671B; 02369. organic matter, manganese, Cretaceous, anoxic water, Cenomanian, Turonian, 12974. oxygen, carbon, carbonate sediment, Maastrichtian, Danian, USSR, Mangyshlak; 00131. Pliocene, Varswater Formation, diagenesis, phosphate, palaeoenvironmental, South Africa, Cape Province; 03638. precipitation, extratropical cyclone, oxygen isotope analysis, cloud top temperature, evaporation, convective precipitation, stratiform precipitation, 01959. residence time, evaporation, water exchange, sea river interaction, mixing zone, surface water quality, oxygen isotope, salt exchange, salinity change, Arctic Ocean; USSR, Caspian Sea; 07505. sea water, evaporite, Devonian, Mississippian, carbonate, aquifer, USA, Iowa; 10597. soil water, atmospheric water vapour, leaf water, transport mechanism, soil plant atmosphere continuum, evapotranspiration, semi arid region, hydrogen isotope, oxygen isotope, 05121. spalling, sand, crystal face, silt, overgrowth, detrital, 00010. strike slip movement, Galdenoch Formation, Ordovician, greywacke, sedimentary provenance, Kirkcolm Formation, UK, Scotland, Southern Uplands; 08244. strontium, sea water, Permian, Zechstein, sulphur, Germany; 12930. strontium, sedimentation, cement, pelagic carbonate, diagenesis, Indian Ocean, ODP Site 709; Mascarene Plateau, ODP Site 709; 03623. terrigenous matter, biozone, Quaternary, suspended material, organic matter, Africa, Congo River; 10520.
isotopic content
burial, lake, drying, lacustrine sediment, sulphur, 04875. tritium, groundwater resdience time, carbon-14 dating, groundwater chemistry, karst aquifer, tufa formation, dissolved inorganic carbon, Yugoslavia; Czechoslovakia; 04143.
isotopic cylicity
carbonate cylicity, cyclicity, Cretaceous, deep sea sediment, 10572.
isotopic data
geochemical survey, tectonostratigraphic unit, Precambrian, stream, rifting, Greenland; 07065. hydrogeological information, isotopic data, palaeohydroclimatological investigation, Camp Century, lithological section, Plestocene(Late), Chad, Lake Chad Basin, Kanem; 11939. palaeohydroclimatological investigation, Camp Century, lithological section, Plestocene(Late), isotopic data, hydrogeological information, Chad, Lake Chad Basin, Kanem; 11939. siliceous rock, chondritic pattern, rare earth element, 09439.
isotopic dating
sedimentary provenance, Jurassic(Upper), palynomorphs, heavy mineral, feldspar, diagenesis, North Sea, Central Graben, Argyll Embayment; 08302. tuff, Uinta Formation, zircon, biotite, fission track age, Cretaceous, Paleogene, USA, Utah, Uinta Basin; 02387.
isotopic dilution
fertiliser, phosphorus-32, phosphorus availability, fertiliser reactivity, Brazil; 10928.
isotopic disequilibrium
uranium, iron concentration, manganese concentration, nuclear disintegration, alpha activity ratio, groundwater quality, USA, Kansas; 11062.
isotopic equilibrium
diagenesis, brachiopod, cement, Helderberg Group, Oriskany Sandstone, shell, sea water, USA, New York State; 05925. production, stable isotopic composition, carbon dioxide, soil carbon dioxide, grass covered soil, diffusion equation, Switzerland, Bern; 11912.
isotopic evidence
Devonian, sea water, clay mineral, carbonate sediment, dolomite, Poland, Holy Cross Mountains; 09414. hydrogeochemical process, groundwater chemistry, carbonate chemistry, calcite saturation, strontium, sulphate reduction, methane fermentation, sodium calcium ion exchange, calcite dissolution, nitrate reduction, saline groundwater, organic carbon oxidation, magnesium, UK, England, Lincolnshire Limestone; 11081.
isotopic exchange
carbon dioxide, ozone, stratosphere, oxygen O(1D), 10217. Cretaceous, clay mineral, kaolinite, sandstone, hydrogen isotope composition, Canada, Alberta; 07114. phosphate fertiliser, adsorption property, Langmuir isotherm, phosphorus adsorption, 08582.
isotopic field
Ordovician, Gordon Group, carbonate, dolomitisation, diagenesis, mixing zone, Australia, Tasmania, Mole Creek; 08236.
isotopic fractionation
Rayleigh equation, fractionation, carbon, carbonate, pH, 01320. sputter ion source, radiocarbon dating, Gif-sur-Yvette Tandetron Accelerator, 02571.
isotopic gradient
surface water, glacial circulation, glacial, interglacial, change, Southern Ocean; 02621.
isotopic investigation
hydrometric investigation, preferential flow, groundwater recharge, hillslope, translatory flow, snow melt, deuterium, soil moisture, recharge, unsaturated flow, 07529.
isotopic method
ice shelf, annual layer, ice flow model, accumulation, Antarctica, Filchner/Ronne Ice Shelf; 02702.
isotopic profile
palaeoclimatic information, oxygen-18 change, isotope variation, temperatre glacier, melt water infiltration, USSR, Severnaya Zemlya; Svalbard, Spitsbergen; 05046. Sahelian climate, deuterium, oxygen-18, soil characteristic, water table level, evaporation, Niger, Niger Valley; 12158.
isotopic ratio
brine, salinity crisis, sea water, evaporite, gypsum, Messinian, Mediterranean Sea, Nile River; Tyrrhenian Sea; 00137. continental crust, zircon, Cenozoic, tectonic evolution, provenance, suspended load, heavy mineral, Taiwan; 04829. hydrologic model, drip water, pool water, water vapour, stable isotope, cave pool system, cave hydrology, USA, New Mexico, Carlsbad Cavern; 07446. mass spectrometry, plutonium, soil, UK, England, Sellafield; 00927. sediment leachate, brine, salt accumulation, lake water chemistry, hypogene process, epigene process, ionic ratio, chloride, surface evaporation, Kenya, Lake Magadi; Tanzania, Lake Natron; 09822. tracer, euphotic zone, nutrient, recycling, nitrogen, Bermuda; Sargasso Sea; 04857.
isotopic relationship
faunal relationship, mineralogical relationship, oxygen isotope stage, pelagic carbonate, carbonate distribution, Quaternary(Late), climatic change, Mediterranean Sea, Balearic Slope; 08448.
isotopic separation
Mediterranean watershed, chemical separation, precipitation chemistry, runoff water quality, throughfall, oxygen 18, hydrograph separation, forested watershed, France, Corsica, Solenzara, Cannone; 06285.
isotopic signal
micrite, reef, carbonate, Indian Ocean; Red Sea; 00066.
isotopic signature
deepwater temperature, deep water, tectonic forcing, orbital forcing, warm saline deep water, ice volume fluctuation, sea level history, Tertiary, ice sheet dynamic, snow gun hypothesis, 12008. Pleistocene Holocene transition, deglaciation effect, Quaternary(Late), regional deglaciation, fresh water influx, Sweden; 04961.
isotopic stage
fauna, tufa, uranium thorium dating, interglacial, Stage 9, aminoacid, France, Vernon; 07008. palynological study, Quaternary, pollen assemblage, palaeoclimate, Japan, Kyushu; 10796.
isotopic stage 15
Minturno Complex, isotopic stage 5, stratigraphic hiatus, radiometric dating, Pleistocene(Middle), transgressive complex, soil chronosequence, Latina Complex, intercalated volcanite, Complesso dei Tufi Inferiori, Italy, Agro Pontino; 08498.
isotopic stage 5
stratigraphic hiatus, radiometric dating, Pleistocene(Middle), transgressive complex, soil chronosequence, Latina Complex, intercalated volcanite, Complesso dei Tufi Inferiori, isotopic stage 15, Minturno Complex, Italy, Agro Pontino; 08498.
isotopic study
geochemical study, groundwater flow path, leaching, mineralization, precipitation chemistry, Atlantic, Canary Islands, Gran Canaria, Amurga; 00600. geothermal aquifer, groundwater quality, sulphate, sulphide, dissolved sulphur species, bacterial reduction, France, Paris Basin, Dogger; 00605. groundwater mixing, groundwater recharge, groundwater resource, piston flow, piezometric level, Mali, Koula Nossombougou; 00597. hydrogeological study, cretaceous aquifer, groundwater resource, groundwater recharge, recharge rate, groundwater circulation, hydrochemical study, confined aquifer, Benin; 00596. radionuclide migration, radioactive pollution, Chernobyl nuclear power plant, groundwater protection, 07557. water chemistry, surface water chemistry, recharge rate, seepage, groundwater recharge, China, Harbin; Songhuajiang River; 09937.
isotopic technique
groundwater recharge, hydrogeological study, groundwater circulation, groundwater resource assessment, Libya, Jabal Fezzan; Al Jufraha; Libya, Wadi Ash Shati; 00638. infiltration, hydrogeological study, evapotranspiration, residence time, environmental isotope, groundwater recharge, fissured aquifer, groundwater circulation, Burkina Faso, Sudan Shield; 00598. tectonics, island arc, palaeogeographic problem, climatic implication, sedimentary provenance, 08303.
isotopic temperature
aeolian dust, greenhouse gas, palaeoclimatic information, ice core, Cenozoic(Late), palaeoenvironment, Antarctica, Vostok; 09548.
isotopic tracer
aeolian process, loess, magnetostratigraphic study, climatic change, beryllium, China; 00016. overland flow, subsurface flow, chemical hydrograph, geochemical tracer, silica, magnesium, deuterium, hydrograph separation, Canada, Canadian Shield; 13325.
isotopic tracing
water table level monitoring, runoff generation mechanism, land use change, antecedent soil moisture condition, flow process, hydrograph, experimental basin, conceptual distributed model, physically based model, storm frequency, flow measurement, Switzerland, Haute Menthue Watershed; 06278.
isotopically heavy
Pleistocene water, aquifer, recharge, ground-water, dilution, confined ground water, vertical recharge, USA, Iowa; 11966.
isotorpic turbulence
turbulence, correlation tensor, Lagrangian statistical function, fluid particle pair, 09952.
IsoTrace

reliability, AMS date, contamination, high precision, intercomparison, 04946.
isotropic erosion
Huyghens wavefront construction, computational cellular method, wave method, Snells law, cellular automata, erosion, landform, surface erosion modelling, 10668.
isotropic soil
elasto plastic soil, plastic strain increment, yield function, flow rule, hardening function, boundary stress, shear, 11890.
isotropic workhardening
triaxial test, gravel, soil behaviour, elastoplastic model, 03816.
isovolumetric method
Ti constant method, Weichselian, Holocene, rind, weathering intensity, alkali basalt gravel, weathering, Quaternary, terrace, France, Limagne, Allier River; 03926.
isovolumetric process
P release rate, weathering index, atmospheric P input, rock, weathering, phosphorus budget, terrestrial watershed, saprolite, USA, South Carolina, Liberty Hill; Brazil, Rio Negro; Brazil, Amazon River; 06210.
Israeli literature
runoff generation, runoff erosion, extreme event, geomorphological study, Israel; 02498.
Issars method
comparable hydrogeological provinces method, regionalisation technique, remote sensing, groundwater recharge, arid region, semi arid region, water resource management, artificial recharge, infiltration capacity, 09928.
iswest test
priswest test, laboratory equipment, shear test, wedge shear testing, unsaturated material, clay, gravel, cylwest test, 09512.
Itacolomi Group
subterranean drainage prediction method, sinkhole, swallowhole, karrens, caves, speleothem, conduit direction, prediction method, opal, allophane, karst, quartzite karst, Brazil, Minas Gerais, Ouro Preto; 02555.
Italian map trade
map, paper chemistry, watermark, 08027.
ITCZ
forecasting tool, tropical plume, water vapour imagery, 08910. Landsat observation, fractal, cloud structure, 07771. low level flow intensity, anticyclone, rainfall pattern, Zimbabwe; Atlantic; Indian Ocean; 07673. marine atmosphere, formaldehyde, methane oxidation, photochemical depletion, alcene, oxidation, Atlantic; 06651. mass convergence, subgrid scale, vertical energy flux, thermodynamic, energy budget, enthalpy, convective signal, 13537. mixing ratio, nitrogen oxide, air mass, Atlantic; 06587. monsoon, seasonal change, wind field, tropics, outgoing longwave radiation, 12343. monsoon-trade interaction, interannual oscillation, low frequency oscillation, meridional wind, sea surface temperature, Indian Ocean; Pacific; 12373. prediction, deep convection migration, rainfall, annual variation, Southern Oscillation, Brazil; 12347. rainfall time scale, rainfall variability, area averaged rainfall, tropical rainfall, ocean rainfall, satellite, 10038. scaling property, fractal dimension analysis, cloud pattern, 07772. tropical rainbelt, rainbelt, rainfall, long term variability, Africa, Sahel; Kalahari; 11178.
ITCZ region
scale analysis, forecasting, tropical cyclone, cyclone track, 12474.
iterated function system
computer graphics, deterministic fractal geometry, tiling structure, 00992.
iteration
free network adjustment, 10270.
iterative algorithm
clustering, scale space, multi resolution method, 06742.
iterative deconvolution process
